

Bodyguard 1981

Chapter 1981: The antique market

"I don't know ..." Han Jingjing shook her head in confusion. "Do you know, Lin Yi bro?"

"I don't know," Lin Yi said faintly. He couldn't tell a student he'd only known for a few days that he had Zhang Liju's notes, so he asked, "If you don't know, why would you buy a medicinal cauldron?"

"I can study it!" Han Jingjing said, "also, I've found a lot of information about alchemists on the internet. I want to do some research first!" Besides, I often go to the antique market, so maybe I can find a book on the cultivation method of an Alchemist ..."

"If that's the case, then you can do your research ..." Lin Yi didn't say anything. It seemed that Han Jingjing had heard about alchemy from somewhere and was fascinated by it. She started researching alchemy, but she just didn't know how to do it.

Of course, if it was so easy for her to become an Alchemist, then it would really be strange.

At that thought, Lin Yi put his suspicions aside. Not many normal people knew about practitioners and refiners, but those rich people who had hired practitioners as bodyguards would know about them. As for refiners, they would definitely know.

Therefore, it was normal for a rich girl like Han Jingjing to have a cultivator as a bodyguard. It was not difficult to find out about the existence of alchemy Masters from the bodyguard's mouth. It was just that she seemed to be very obsessed with it, and she had even applied for a related major in University.

"En, en!" "Lin Yi bro, you don't like refining?" Han Jingjing nodded heavily.

"I don't know how to refine it even if I like it." Lin Yi said faintly.

"Then when Jingjing learns how to make pills, she can teach Lin Yi bro, and we can do dual practicing together!" Han Jingjing said.

"Pfft ... What? Dual cultivation?" Lin Yi coughed a couple of times-he'd been scared out of his wits.

"That's right, isn't cultivating and refining pills together a dual cultivation?" Han Jingjing looked at Lin Yi, confused.

"...Alright, then once you've learned it, I'll do dual cultivation with you." Lin Yi didn't want to waste time explaining to Jingjing-this girl must've been studying medicine and making elixirs from a young age, and she'd probably ask why if he explained too much to her.

"En, en, that's great! Then, Lin Yi bro, it's a deal!" Han Jingjing stretched out her little finger.

"Why?" Lin Yi frowned.

"Pinky swear!" "Only a pinky promise can guarantee that you're not lying ..." Han Jingjing said.

"Alright, alright, let's pull the hook, alright!" Lin Yi saw that Han Jingjing was going to go on and on, so he quickly interrupted her and beckoned her with his pinky. His mission was completed.

"You can't change your mind for a hundred years!" Han Jingjing said.

“No, can we go now?” Lin Yi said helplessly as he started the car.

“No, aren’t we going to the antique market now? I need to study how to make pills, so I need a cauldron. How am I supposed to teach you if I don’t study? Lin Yi bro, you’re going to support me, right?” Han Jingjing looked at Lin Yi pitifully, “We’ve already made a promise!”

Lin Yi looked at the time and saw that there was still some time before school ended. He nodded, “Alright, then let’s just walk around.”

Donghai’s antique market was located near the East Heaven Gate, and Lin Yi had never been there before. He could only rely on the GPS to lead him to one of the biggest antique markets in the entire province!

Because Donghai was a provincial city, the antique market in Donghai was much bigger than other cities. Lin Yi parked his car in the parking lot of the antique market and was asked for a parking fee of twenty Kuai. Lin Yi felt that he was being cheated!

This antique was really for the rich. Even the parking fee was more expensive than other places!

Fortunately, Lin Yi didn’t care about the money. After parking the car, he walked into the antique market with Han Jingjing.

The antique market was huge. There were all kinds of things sold in it. There were all kinds of imitations and real ones. It was hard to buy the real ones unless you were an expert.

It was just that Lin Yi wasn’t interested in buying antiques. There were so many treasures in the tomb, but he didn’t take a single one with him, let alone spending money on these things.

The item that Han Jingjing wanted to buy was a medicinal cauldron. There weren’t many of such items, and one usually had to rely on luck. However, there were many imitations. It was just that the materials used for these items were not much different from the real ones. They were either made of cast iron or made of pure copper. This was enough for a junior Alchemist.

The two came with a purpose. Lin Yi was just looking around, while Han Jingjing was looking for medicinal cauldrons. The two walked through half the market before they finally found a stall that sold medicinal cauldrons.

“How much are you selling this cauldron for?” Han Jingjing asked as she picked up a cast iron cauldron that looked similar.

“This was once used by the nation-protecting heavenly master of the Ming Dynasty, priest Zhang ...” The seller looked at Han Jingjing’s dress and knew that she was a rich girl. She probably didn’t know anything about antiques, so he started to bluff her.

“Lin Yi bro, is this guy stupid? I asked him how much he wanted to sell it for, why did he say so many strange things?” Han Jingjing said as she put down the cauldron.

“Eh? Little girl, how can you say that? Who are you calling an idiot?” When the stall owner heard Han Jingjing scold him, he was a little unhappy.

“Lin Yi bro, this guy’s not only stupid, he doesn’t know his place either. The things he’s selling are definitely not good, let’s go check out the other houses.” Han Jingjing turned around and prepared to leave.

“Wait, don’t go. I’m just introducing you to the origin of the medicinal cauldron. If you don’t want to hear it, let’s talk about the price ...” The stall owner saw that han Jingjing was about to leave and immediately became a little anxious. He quickly called out to her.

“Lin Yi bro, let’s go.” Han Jing Jing was determined to leave.

Helpless, Lin Yi turned around and followed ...

However, the two of them had not gone far when two burly men blocked their way.

“What are you guys doing?” Han Jing Jing looked at the two men in front of her warily.

“You want to leave after breaking the medicinal cauldron? It won’t be that easy!” One of the burly men said coldly.

They were the gangsters in this area. The merchants in the antique market paid them protection fees, so they naturally helped these people solve some problems. It was a win-win situation.

The stall owner was already pissed off after getting scolded by han Jingjing, and now that he lost his business, he was even more pissed off. He found two punks to teach Lin Yi and han Jingjing a lesson!

From the stall owner’s point of view, the two of them were dressed like students, and han Jingjing was dressed in branded goods. One look and he could tell that she was rich. It was naturally not difficult to squeeze some money out of them!

Chapter 1982: Express an apology

Moreover, the medicinal cauldron that han Jingjing had picked up just now happened to have a corner missing. In fact, this was also deliberately made like this to make it old. It was an antique work of art, but at this moment, it was just the right opportunity to extort.

“Damaged the medicinal cauldron? You mean the one just now? I can break it just by picking it up and looking at it?” Han Jingjing knew that the two were probably sent by the stall owner to make things difficult for her. A trace of panic flashed through her eyes, but she felt more at ease when she remembered that Lin Yi was right beside her.

“Whether it’s broken or not, we’ll know when we go back and take a look!” The other big man made a gesture and said, “Please, don’t make things difficult for us!”

“Then let’s go back and take a look.” Lin Yi didn’t care about the two at all—he had other plans for going back, after all. That cauldron stall was pretty complete, and if it weren’t for han Jingjing’s departure, he’d get one for practice.

The antique market was huge, and Lin Yi wasn’t in the mood to shop around anymore. He could tell that there weren’t any real treasures here, either. Looking at the customers coming and going, there were many experts among them. The good stuff had long been taken away by them!

Besides, Lin Yi didn't expect to get what he needed here.

Hearing Lin Yi's promise, Han Jing Jing naturally didn't reject it anymore. She turned around with Lin Yi and returned to the stall under the "escort" of the two big men.

"Young lady, when you placed this medicinal cauldron just now, you used too much force and broke a corner. Isn't it a bit inappropriate to leave just like that?" The stall owner naturally couldn't extort them openly. After all, he was a local resident here, and he didn't dare to be too harsh. If these two students didn't know what was good for them and called the police or went to the market management Office, he would be in trouble.

"It's broken?" Han Jingjing frowned.

"It's here, take a look!" The stall owner picked up the medicinal cauldron and pointed to an ear on the side of the medicinal cauldron. As expected, there was a damage on the ear!

"I did this?" Han Jing Jing looked at the gap on the medicinal cauldron in shock.

"This is an antique, so it's natural to hold it with care. You threw it on the table with a 'bang' just now, so it's normal for a corner to be broken." The stall owner explained.

"Ah? Lin Yi bro, I'm that good? It can actually break a medicinal cauldron?" Han Jingjing looked at her hand and asked in surprise.

"Oh, what do you want to do?" Lin Yi didn't respond to her, but looked at the owner indifferently.

"This medicinal cauldron is the nation-protecting heavenly master of the Ming Dynasty ..." The stall owner began to narrate non-stop ...

"I'm not wrong to say that you're stupid. I asked you what you wanted to do, but you didn't answer my question?" Lin Yi interrupted the stall owner impatiently and asked coldly.

"Ah, Lin Yi bro, you can tell that the stall owner's stupid too? You see, I was right!" Han Jingjing was very happy to hear Lin Yi agree with her.

"Hmph!" The stall owner snorted coldly, but he didn't have the mood to care about this. His main purpose was to extort, not to quarrel, so he said directly, "This cauldron is fifty thousand. Pay up. You've already damaged it, so I can only sell it to you!"

"Oh." Lin Yi picked up the cauldron, a mocking smile on his lips. "This medicinal cauldron is from the Ming Dynasty? Only fifty thousand? That's really cheap. Boss, are you crazy?"

"You ..." The stall owner's bid of 50000 was already considered a sky-high price for an imitation. This item's normal price was only a few hundred Yuan. It was already a lot for him to ask for 50000 Yuan, but he didn't expect that the other party would think it was too little.

"The boss was wrong. It's 500000 Yuan!" The big guy behind Lin Yi suddenly spoke up, "Five hundred thousand, not a single portion less. Hurry up and give us the money, so we don't have to be put in a difficult position!"

When the boss heard the big man's words, he was overjoyed. Although he knew that half of the 500000 Yuan would have to be given to the two of them, he could get 250000 Yuan, which was much more than the previous 50000 Yuan, so he immediately said, "Yes, it's 500000 Yuan. I was wrong."

"Five hundred thousand? hehe, you mean that if I give you five hundred thousand, this medicinal cauldron will be mine?" Lin Yi asked, weighing the cauldron in his hand.

"Naturally!" The stall owner nodded and replied.

"Oh, then since it's mine, I can do whatever I want with this medicinal cauldron." With that, Lin Yi squeezed the sturdy iron cauldron into a ball of iron, making it less solid than mud. He threw it on the table with a loud thud. "The quality of your medicinal cauldron is so bad, and you still say we broke it? You can even squeeze it with your hands, and you dare to ask for five hundred thousand?"

"Ah!" The stall owner was dumbfounded when he saw Lin Yi turn the cauldron into a piece of metal.

The two men behind Lin Yi, on the other hand, changed their expressions. They were gangsters from a nearby gang, but there was a golden class early phase master in the gang. Crushing a cauldron was something that the master could do, but he was the most powerful person in the gang-even the gang leader respected him!

However, the young man in front of them actually had such strength. How could the two punks not be surprised? They weren't stupid-Lin Yi's move just now was obviously intentional. If they didn't know what's good for them, they'd probably get beaten up!

How could they dare to offend such a ruthless person who even the gang leader respected?

"I failed to recognize you. You two must be from an aristocratic family. I'm sorry for offending you just now!" One of the men quickly cupped his fists to Lin Yi and pulled the other away.

The other big man gave the stall owner a look and said in a low voice, "Old Wang, are you mistaken? How could these two young masters and young mistresses intentionally damage your broken medicinal cauldron? It's only a piece of junk worth 50 yuan, I'm giving you face by breaking it ..."

After that, the two of them left quickly. Anyway, they had already hinted to the stall owner that if he didn't act wisely and offended someone, it wouldn't be something that the two of them could deal with.

In fact, the moment Lin Yi crushed the cauldron, the stall owner knew that he'd kicked an iron plate. He looked at the two punks "reactions and was even more scared. These two were ruthless! If he knew this would happen, he wouldn't have extorted so much!

"Haha, I was just joking just now. This medicinal cauldron is only fifty Yuan, not worth mentioning ..." In the blink of an eye, the five hundred thousand Yuan medicinal cauldron became fifty Yuan. However, the stall owner's expression was very natural, as if he had never mentioned five hundred thousand Yuan at all. "I called the two of you here to apologize. These medicinal cauldrons are all imitations. I would be bullshitting if I said they were from the Ming Dynasty. In order to express my apology, please take a few cauldrons!" (To be continued.)

Chapter 1983: spread throughout the school

"Really?" When han Jingjing heard that it was free, she was overjoyed. "You're not that stupid!"

“Hehe, that’s true. We can’t always be stupid, right? Just now, when young lady said this, this one was suddenly enlightened, as if suddenly enlightened, and was not stupid. So young lady is this one’s great benefactor, you can choose whatever you want!” In order to avoid disaster, the stall owner tried his best to please Lin Yi and han Jingjing.

The two gangsters had made it clear that these two were probably from noble houses. There were many noble houses in Donghai, but no matter which Noble House it was, even house Kang, who wasn’t a Noble House yet, could easily deal with an antique seller like him. Naturally, he didn’t dare to offend them.

Han Jingjing picked a nice looking cauldron, and Lin Yi took one randomly, preparing to study it. However, he still gave the stall owner two hundred Kuai before he left because he didn’t want to take advantage of him. Two hundred Kuai was the cost price for these two cauldrons and the broken one.

After sending the two off, the stall owner wiped his sweat and thought to himself, I can’t cheat people again in the future. I almost got into trouble today. Fortunately, I was smart and those two didn’t have any intention of teaching me a lesson. Otherwise, I’m afraid I would be in danger!

Lin Yi didn’t want to walk around anymore after buying the cauldrons, and since han Jingjing’s goal was the cauldrons, the two of them left the antique market and went straight to school. It was almost time for school to end.

.....

East Ocean industry University.

The news spread fast in the school, especially the big news that Xu Shihan was coming to the new student party. Naturally, the whole school knew about it at once.

Although everyone was suspicious of the news, the students from the medicine major all patted their chests with confidence, saying that they’d already video-called Xu Shihan, and that she’d personally selected the show for them to perform!

Not only that, Xu Shihan was coming tomorrow to rehearse with them and attend the freshmen party together!

Moreover, the class monitor of the pharmacy department, Bai Weitao, also claimed on the campus BBS that this was actually a challenge and that he performed this show for a girl, a girl he liked!

Bai Weitao had simply written down his bet with Zhang duopan on the BBS, the purpose of doing so was also to prevent Zhang duopan from going back on his words and not admitting to it.

Of course, it was more to win he meiyue’s favor!

Bai Weitao’s writing was very emotional, saying that his true feelings for he meiyue moved Xu Shihan, so Xu Shihan only helped him after knowing that he meiyue was her fan!

Although this statement was very farfetched, let’s not talk about how Bai Weitao knew Xu Shihan, even if he did contact her, she wouldn’t attend the freshmen party for someone she didn’t know, right?

If Xu Shihan was so kind, then she would be busy every day and wouldn’t have time to do anything else.

But even so, there were still people who were touched by Bai Weitao's true feelings, and he meiyue was one of them.

"Meiyue, this Bai Weitao is really thoughtful. He knows you're a fan of Xu Shihan, and he invited her here, and even posted that it was for you!" Chai Xiaoling said excitedly as she looked at the university's BBS.

"Al, isn't it all Zhang duopan's fault? I don't know how much Bai Weitao has to pay to invite Xu Shihan!" He meiyue wasn't stupid-she knew that Bai Weitao couldn't have invited Xu Shihan just because he was touched or something. Xu Shihan's appearance fee was sky-high, and not everyone could get her.

And this time, if it wasn't for Zhang duopan inviting Xu Shihan's little Junior Sister Cheng Yiyi to the freshmen gathering, Bai Weitao would never have invited her. Now, in order to suppress Zhang duopan, they could only grit their teeth and hire celebrities.

He meiyue didn't know how much Bai Weitao had spent, but Zhang duopan had used his family's connections to find Cheng Yiyi and had spent 200000 Yuan as an appearance fee, and this was still the price of a favor. One had to know that Cheng Yiyi was just a newly famous star, and she couldn't be compared to Xu Shihan. If it wasn't for the Halo of Xu Shihan's junior Sister, not many people would have recognized her.

Moreover, he only needed to go on stage and sing a song to pay 200000. This price was really not low!

It could be seen that Zhang duopan had invested a lot of money. From he meiyue's point of view, Bai Weitao had to spend at least a million to invite Xu Shihan, and even a million was barely enough!

Although he meiyue knew that Bai Weitao's dormitory's Lin Yi seemed to be very rich, she didn't want Bai Weitao to owe Lin Yi too much.

Among the many suitors, he meiyue still thought highly of Bai Weitao, so if she really chose him, she naturally didn't want him to owe so many favors, because he meiyue was not someone who liked to owe others.

"Meiyue, you don't look very happy. If someone were to perform for me, I'd be so happy. But that Zhao Shengyi, he doesn't know how to do anything other than treating me to a meal!" Chai Xiaoling said enviously.

"Sigh, I hope I'm like you. Do you think it's a good thing to have men fighting for you?" He meiyue shook her head.

Wang Xinyan pushed the door open and entered the room. Chai Xiaoling saw Wang Xinyan and said excitedly, "Xinyan, how is it? Did your class really invite Xu Shihan?"

Chai Xiaoling could've called Zhao Shengyi, but she didn't want to be so proactive before they confirmed their relationship. Since Wang Xinyan was back, she decided to ask her.

"Ah? You guys know about it too?" Xinyan had just heard the news as well-she went to Lin Yi's dormitory after receiving a call from Bai Weitao, but Lin Yi wasn't there yet, so she followed Lin Yi's arrangement and learned how to perform as an extra. She heard her classmates "discussions as soon as she came back-these people sure got the news fast!

Of course, Wang Xinyan didn't know that Bai Weitao had already posted a declaration of war post.

"It's all over the campus forum. It looks like it's true?" Chai Xiaoling said excitedly, "I really regret not going to her concert in Songshan last time. It was during the college entrance exam, or I would've been there. Now that she's here for the new student party, it's a great opportunity to see her in person!"

"Yeah, I regretted not watching it at that time. But the college entrance examination is coming up. Who can take leave?" He meiyue said regretfully, "it's been hard on Bai Weitao this time ... Oh right, Xinyan, you're close to Lin Yi, did he help Xu Shihan with her attendance?" How much did he spend?"

Chapter 1984: A strange theory

"I don't know how much it cost, but it shouldn't have cost much, right? "He knows Xu Shihan ..." Xinyan smiled. She knew that Xu Shihan was supporting miracle doctor Guan's medical company, and she also knew that the company had a connection with Lin Yi. House Kang was furious over this!

"Ah? He knew Xu Shihan? Even if you know him, you can't just come and go as you please, right?" "How good must he be to be able to invite him without spending any money?" he meiyue asked in surprise.

"I don't know about that, because I didn't ask for details." "But since he's invited, there's no need to feel burdened. Lin Yi won't be putting on an act, anyway." Xinyan shook her head.

Xinyan knew Lin Yi very well-he was someone who wouldn't let others take advantage of him when they first met on the train. He'd take their money when they lied to him, so Xu Shihan's case shouldn't be too difficult.

But what Xinyan didn't know was that Lin Yi treated his friend very well-he'd do anything to help even if it was hard, but he wouldn't do something like that.

"That's good ..." He meiyue nodded ...

Just as the school was in an uproar, Zhang duopan was sitting in the rehearsal room smoking with a dark face.

"Motherf*cker, Bai Weitao actually got Xu Shihan here? If we invite Cheng Yiyi, even if she can get a good ranking, she's no match for Bai Weitao!" Zhang duopan was so angry that he kept cursing. This time, he was originally 100% confident of winning. With Cheng Yiyi on stage, at least the first place of the singing competition would definitely be his!

Most of the members of the student council would definitely vote for them, after all, they had to give face to celebrities. But now, the first place was probably Xu Shihan, and the second place was Cheng Yiyi!

Although second place was already a very impressive result, but in Zhang duopan's eyes, it was as ugly as it could get. This was simply a slap in the face!

"Brother Zhang, they can't be blindly hyping this up, right?" Fan ganhe also frowned. He browsed the posts on the school's BBS on his mobile phone and said hesitantly, "And then they'll use this matter to strike a blow to our morale and make us give up on the game?"

"I don't think so. As long as Bai Weitao isn't crazy, he wouldn't use such a despicable method. Otherwise, even if he got what he wanted, our morale would be affected and we'd give up on the performance. He would have an unfair advantage and he meiyue would look down on us." "This matter is most likely true ..." Zhang duopan shook his head and said.

"But how did they invite them? We already spent two hundred thousand to invite Cheng Yiyi, and that's the price your dad's company gave her because they asked her to endorse their products. Xu Shihan's appearance, why can't it be a million?" Fan ganhe asked with a dubious look.

"I don't know, but that Lin Yi seems to be a rich guy. Maybe he's the one who paid for it," Zhang duopan said.

"This bastard, I'll beat him to death sooner or later!" Fan ganhe was furious when he heard Lin Yi's name. He wanted to beat Lin Yi up last time in the cafeteria, but the instructor came before they could fight. He didn't have the chance to do anything, which made him very frustrated.

"Cheng Yiyi's coming tonight-I'll ask her then to see if this is true or not. Xu Shihan's her Senior Sister, so she should know!" Zhang duopan said.

"Then, do we still continue to practice?" Fan ganhe asked.

"Of course, how can I not? When Cheng Yiyi comes, we'll continue to lead our class to practice. Even if we lose, we have to have a backbone. If we give up, then he meiyue will look down on us even more!" Zhang duopan snorted.

"Then if you lose, brother Zhang, won't you have to give up?" Fan ganhe asked out of concern.

"That's fine. When the time comes, we'll just say that the bet was something I said when I had too much to drink last time and that I was drunk. I don't think he meiyue can say anything." "But if I give up right away, he meiyue will think that I'm afraid, and that's a different matter!" Zhang duopan said.

"Brother Zhang, you're so smart!" Fan ganhe said with great admiration.

"Of course. I'm going to take over the family's company in the future. I can't be without some intelligence!" Zhang duopan said proudly.

Lin Yi didn't know that the whole school was in an uproar because of Xu Shihan. He parked his car in the school's parking lot, and han Jingjing didn't seem to be too interested in Xu Shihan either, not even mentioning her on the way.

After parking the car, Lin Yi sent the Miss a text while han Jingjing contacted her brother.

Not long after, Chu Mengyao and Chen Yushu arrived. She didn't expect han Xiaochao to be following behind them like a little follower.

"You're not getting out of the car?" Lin Yi turned to Han Jing Jing.

"Why should I get off the car? aren't you guys going home?" Han Jing Jing asked.

"Go home, but don't you want to drive your own car?" Lin Yi pointed at the X5M not far away.

"I'm not driving. It'll cost too much gas. My brother and I can just take your car back." Han Jingjing said matter-of-factly.

"Alright," he said. Lin Yi was already used to this, and he didn't want to say anything more.

Chu Mengyao and Chen Yushu walked over. Chen Yushu was supposed to sit in the passenger seat, but she saw that Han Jingjing had taken the seat. She frowned, a little unhappy.

Han Jingjing seemed to have noticed Chen Yushu's displeasure and got out of the car, "I'll sit in the back."

Mengyao and Yushu didn't say anything further after hearing what Jingjing said. They were only here to hitch a ride, but they were still neighbors.

After they got home, Jingjing brought Xiaochao back to their own villa while Lin Yi, Mengyao, and Yushu went back as well.

"Lin Yi, I heard that you've invited Xu Shihan?" Mengyao asked.

"En ..." Lin Yi said and told Chu Mengyao and Chen Yushu about helping Bai Weitao to pursue her meiyue.

"You sure have the time to help others pick up girls!" Mengyao wasn't angry when she heard that Lin Yi was trying to help someone.

"Oh, I thought shield bro was trying to please that Fox Yan!" Chen Yushu replied.

"Man, why would I please her ... Besides, her name isn't Fox Yan." Lin Yi said.

"She seduced shield bro, that's Fox Yan." Chen Yushu replied.

"Alright, Shu, I told you not to give people nicknames. You'll offend people easily." Mengyao didn't know why, but she didn't really want to piss Xinyan off. Perhaps Xinyan could really become Lin Yi's first wife?

Chapter 1985: similar

If that was the case, the three of them would have to spend more time together. If they really offended him, there would be no room for negotiation.

"Oh." Chen Yushu nodded unwillingly.

"Right, uncle Fu left already?" Mengyao didn't see uncle Fu when she walked into the villa, but she saw grandma Sun cooking in the kitchen.

"He left in the afternoon. Report the results to uncle Chu. If it's possible, we can set up a company branch here." Lin Yi said.

Mengyao nodded and didn't say anything else. She turned to the cauldron in Lin Yi's hands and asked, "What is this? I think I saw Han Jingjing holding something similar in her hand just now."

"Medicinal cauldron, I want to study pill refining. Han Jingjing seems to be interested in this thing." Lin Yi said.

Mengyao didn't ask any further after hearing that it was for making pills.

Granny sun quickly placed the delicious looking dishes on the table. Chu Mengyao and Lin Yi finally understood why a scavenger like granny sun's cooking skills were so good. She was once uncle Fu's wife, the Miss of house sun, the daughter of a big family!

Marrying into uncle Fu's sect was the same as marrying into a rich family-she should've received professional training on household chores.

After dinner, Lin Yi went back to his room to practice, and so did granny sun after cleaning up. Mengyao and Yushu, on the other hand, were watching TV in the living room.

"Why is shield bro always training? he doesn't even play with us!" Yushu hugged her legs as she sat on the sofa. She suddenly felt bored. The cartoon was supposed to make her laugh, but it didn't look as funny anymore. Was this what it felt like to grow up?

In the blink of an eye, he was already a college student, and his high school days were still vivid in his mind.

"Hasn't he always been like this?" "When he was in Songshan, didn't he go practicing after dinner?" Mengyao said, shaking her head. It's just that at that time, we lived a tense life every day. After dinner, we would go to study and read books. We rarely had the chance to watch TV. "

"You're right, that's because we're too free now. " "Yaoyao sis, we haven't been to Donghai city before. Why don't we go out for a walk?" Yushu said, bored.

"Today? It's too late. How about the weekend, after the freshmen's party?" Mengyao was tired and didn't want to go out again. Lin Yi was obviously cultivating, so she didn't want to disturb him.

"Alright ..." Chen Yushu could only nod in disappointment.

After Lin Yi went back to his room, he Read House sun's practitioner's Arts to elder Jiao and started studying the new cauldron.

A cauldron like this was more than enough for a golden class first level refiner-they could only make a limited number of elixirs, so they didn't need a good one. But the problem was that Lin Yi wasn't even a golden class first level refiner yet-he could only make the fire, but he couldn't change the temperature and intensity of the fire. A slight change would put it out, and Lin Yi tried a few more times, but the result was the same. So Lin Yi could only put the cauldron to the side, disappointed.

He was a genius in other people's eyes, but he wasn't a genius at all. The only things he relied on were the art of Dragon mastery and the space in the Jade. If it weren't for the arts, Lin Yi would only be a normal practitioner. He was already a golden class master at eighteen, and he was an idiot compared to the hidden houses and ancient sects.

So Lin Yi didn't force himself and put the cauldron aside. He was just worried about Feng Xiaoxiao. The two year agreement seemed long, but in fact, it was almost half a year already. There was still more than a year and a half left, and if Feng Xiaoxiao couldn't learn how to make pills in this time, then she would really become an inheritor.

After entering the Jade space, Lin Yi prepared to continue practicing. There was a saying that hard work made up for it, and since Lin Yi was already too far behind the rock Candy Girl, he could only rely on hard work every day and the unique environment in the Jade space to catch up.

“Elder Jiao, how is it? Did you see anything from this heart technique?” Lin Yi asked.

“I can tell ...” Elder Jiao’s answer surprised Lin Yi. He didn’t think that elder Jiao would be able to tell in such a short time, but he really did?

“What?” Lin Yi blinked.

“This is just an incomplete, simplified, and improved version of the art of Dragon mastery!” Elder Jiao said.

“Gah?” Lin Yi’s eyes went wide after hearing the words. “What? The sun family’s cultivation method is the art of Dragon mastery?”

“Maybe it’s from the same source, or maybe it’s just a coincidence. This mantra should have the same effect as the first stage of the art of Dragon mastery. However, there are many parts that are incomplete or simplified. However, they have been improved.” “The first stage of the art of Dragon mastery allows you to transfer Qi to others, repair meridians, and heal injuries. House sun’s practitioner’s Arts have all of these, but the art of Dragon mastery can only be practiced by men. This improved version is suitable for both men and women ...”

“Ah? It was the improved version of the art of Dragon mastery? How could the sun family have such a thing? Isn’t the art of Dragon mastery one of a kind?” Lin Yi was extremely surprised by the words.

“Who said it’s unique? “The art of Dragon mastery was something all the tribes of the Yellow Emperor practiced in the ancient times, but it evolved into a sect later on. As time passed, this sect fell into decline and was lost, just like the chrysanthemum Arts that Chi You created ...” Elder Jiao said. “The ancestor of the sun family might have been a disciple of this sect, but he was talented and only obtained the incomplete first stage of the art of Dragon mastery. After his own improvements, it became the current Sun family’s cultivation method ...”

“So you’re saying that my art of Dragon mastery isn’t unique?” Lin Yi said as realization dawned on him.

“Of course not, but it should have been lost. Otherwise, the sun family’s mental cultivation method wouldn’t be incomplete and only the first level of the improved version.” Elder Jiao said.

“I see ...” Elder Jiao’s words surprised Lin Yi. House sun had this kind of fortune, and the ancestor of house sun must be an amazing person. He could modify the practitioner’s Arts of house sun with only the first stage, he could only be described as a genius

Chapter 1986: A waste of time

“There are many people with extraordinary abilities in this world. You should be able to feel that your talent is actually very average, but you are luckier than them. You have the Jade space as a cultivation place, and the art of Dragon mastery as a Supreme cultivation technique.” “Of course, someone like rock Candy who’s Sky Class late phase peak in his teens isn’t a genius, either-you’d probably be Sky Class A long time ago if you entered the Jade space ten years earlier. Therefore, many things are just

coincidences. This art of Dragon mastery was something that I obtained by accident back then, and that's how you got your chance ..."

"Elder Jiao, why have you been speaking so mysteriously recently? it's like you're speaking some kind of Zen language." Lin Yi looked at elder Jiao strangely.

"It's nothing. I'm just reminding you not to be too proud. You have to be down-to-earth. " "But you can practice house sun's Arts as well, it's not too difficult," elder Jiao said faintly.

"I can also practice? Wouldn't that waste a lot of time? and what's the point of me practicing it?" Lin Yi asked.

"It's no use. You can do whatever it can with the first stage of the art of Dragon mastery. It's just that this woman can cultivate as well. " Elder Jiao said.

"What? then why am I still wasting that time?" Lin Yi was a little speechless. He closed his eyes and continued to cultivate, ignoring elder Jiao. He knew that he'd been tricked.

.....

A flight slowly landed at the Donghai City Airport. A girl with wheat-colored skin and oversized sunglasses walked out of the domestic arrival exit in a low-key manner. Zhang duopan and fan ganhe, who were standing not far away to welcome her, immediately went up to her.

"Miss ... Miss Cheng ..." Zhang duopan had wanted to call Cheng Yiyi over, but he was afraid that if he did, others would hear him and there would be a crowd! After all, Cheng Yiyi was a celebrity with a little bit of fame. If she attracted the attention of the media, it would be difficult for her to escape!

The girl with wheat-colored skin was Cheng Yiyi. Her skin looked healthy and beautiful, probably the effect of some kind of light. It gave people a wild beauty, and was more eye-catching than Xu Shihan's pure white.

That's why she instantly gathered a lot of popularity after she made her debut. This was also related to her skin color, which was why she was called the coffee girl.

"Young master Pan, Hello!" Cheng Yiyi also saw Zhang duopan and quickly walked over.

She was the spokesperson for Zhang duopan's father's company, so she had naturally seen Zhang duopan a few times at the company's dinner parties and had some impression of him.

"Haha, miss Cheng, coming here to help out of your busy schedule, this Zhang is really grateful!" As Zhang duopan spoke, he stretched out his hand.

Cheng Yiyi, however, had no intention of shaking hands with him. It was obvious that she wasn't the kind of person who would do things casually, so when she saw Zhang duopan reach out his hand, she very naturally handed her luggage to him and smiled,""Then I'll have to trouble young master Pan!"

Zhang duopan was slightly taken aback. He had originally wanted to shake hands with Cheng Yiyi and get intimate with her, but Cheng Yiyi seemed to have misunderstood his intentions and handed him her luggage instead, as if she was the one who had volunteered to help carry the luggage!

However, Zhang duopan naturally couldn't reject her. He was only slightly taken aback before he reached out to take Cheng Yiyi's luggage and said, "This is what I should do ..."

However, his heart was filled with regret. He knew that it was impossible for him and Cheng Yiyi to be together. This kind of thing like hitting on a celebrity wasn't something a rich young master like him could do. Plus, Cheng Yiyi wasn't the kind of celebrity who relied on this kind of method to make money and become famous. With Xu Shihan's Halo, she didn't need to do these things at all. She could just slowly become famous.

However, Zhang duopan still wanted to improve his relationship with Cheng Yiyi. After all, he was also very lecherous. However, Cheng Yiyi did not let him have his way, so he did not continue.

He didn't forget that the main purpose of inviting Cheng Yiyi was to please he meiyue and compete with Bai Weitao. If he wanted to court Cheng Yiyi, he would be putting the cart before the horse. In the end, it was likely that Cheng Yiyi would not succeed, and he meiyue would not be able to catch up either!

Thus, he wasn't so hot-headed as to drag Cheng Yiyi's luggage out of the airport with her. They got into the land Rover Aurora in the parking lot.

Zhang duopan got into the driver's seat and said to Cheng Yiyi, who was sitting in the back of the car, "Yiyi, thank you so much for helping me out this time ..."

"It's okay. You're President Zhang's son, and I'm the spokesperson of President Zhang's company. This small favor is nothing." "But, as you said before, it's a little difficult to get first place in the singing competition. Even if I'm a Star, your East Ocean industry University is one of the best universities in the province. There's always someone better than you ..." Cheng Yiyi said generously.

"Oh, right, Yiyi, now that you've mentioned this, I've remembered something very important!" Zhang duopan's expression changed slightly, becoming extremely serious, "It's like this. Originally, it wasn't a problem for us to get first place, but that opponent of mine ... The boy I told you about, the one I wanted to defeat, he actually used his connections to invite your Senior Sister!"

"My Senior Sister?" Cheng Yiyi was taken aback, unable to react in time.

"Xu Shihan," Fan ganhe added.

"Ah? They've invited Xu Shihan too?" Cheng Yiyi was taken aback. "How can my Senior Sister participate in such a small event?" she asked. As far as I know, she doesn't usually attend any events, right?"

"Uh ... Miss Yiyi, you didn't know about this?" Zhang duopan was taken aback as well, "I'm also very confused. I'm only asking you for confirmation because I don't know if it's true or not, but from how confident they look, it's like it's 80% true. Because their classmates all said that they've already video-called Xu Shihan, and she's already arranged a program for them in the video ..."

"I see. I'll ask then." Cheng Yiyi nodded, took out her phone, and dialed Xu Shihan's number.

Because of Lin Yi, Xu Shihan always had her phone with her and didn't leave it with her manager, Wang sis. Her phone rang and she picked it up immediately.

"Eh? It's Yiyi? Why are you suddenly calling me?" Xu Shihan was a little confused-why was Cheng Yiyi calling so late at night?

“Senior Sister, I just arrived in Eastern Sea city. I heard you’re coming too?” Cheng Yiyi asked.

“What? Yiyi, you’re also in Eastern Sea city?” Xu Shihan was even more confused. “I’m indeed going to Eastern Sea city tomorrow, but why are you there too? and how did you know I’m going?”

Chapter 1987: going alone

“It’s such a coincidence. I was invited by a friend to attend the freshmen party of East Ocean industry University, but he said that you were also invited to help another class with the program. So it’s true!”

“Senior Sister,” Cheng Yiyi exclaimed in surprise. “I thought you never participated in such activities?”

“Hehe, a good friend invited me this time, so I had no choice but to go ...” Xu Shihan smiled, “Besides, I’ve been a little too busy with work recently. It’s good to go out and get some fresh air!”

“Then aren’t you afraid ... Aren’t you afraid ... That you’re sick?” Cheng Yiyi was about to say that she had a headache, but she remembered that there were other people in the car. Only the people in the company knew about Xu Shihan’s headache, and she knew about it as her junior, but she had to be more subtle when asking.

“Yeah, I have medicine, it’s miracle doctor Guan’s painkiller, you know that.” Xu Shihan said.

“No wonder you’re so supportive of them,” Cheng Yiyi nodded. “That’s right. It’s been a long time since the two of us have gone out to play together. Let’s take this opportunity to go out and have some fun!”

“That’s good too. I’ll be taking a flight at noon tomorrow. Which hotel are you staying at? I’ll go over and look for you.” Xu Shihan agreed without hesitation. She had a good relationship with this little sister. They were both clean and honest girls, so Xu Shihan liked to hang out with her.

As for the other stars in the company, some of them were jealous of Xu Shihan’s results, so they were fake when dating her. Some were promiscuous girls, and Xu Shihan didn’t want to be too close to them.

“I’m not at the hotel yet. I’m on my way. How about I book a double room for us? we can stay together!” Cheng Yiyi said.

“Okay, but I’ll go with my bodyguard and driver, Feng sanhuang, tomorrow. You should book a room for him too.” Xu Shihan said.

“Ah? It’s so inconvenient for you to bring your bodyguard and chauffeur. There are only two of us girls. How are we going to live if you bring a man along? it’s also very troublesome to go shopping!” “Besides, we don’t have a car,” Cheng Yiyi complained. “We don’t have to bring him along. My friend here has a car!” Furthermore, what kind of danger would there be here? We’re all attending private events. ”

“That’s ... Fine. ” Xu Shihan thought about it. Lin Yi had a car, but she didn’t bring a car with her, so it wouldn’t be useful for Feng sanhuang to come along. She nodded, “Then I’ll go by myself ...”

“Okay, I’ll wait for you then ...” Cheng Yiyi said.

After hanging up the phone, Cheng Yiyi shrugged her shoulders and said to Zhang duopan, “Young master Pan, this time, Senior Sister really came. Therefore, I’m afraid that it’s impossible for me to help you get the first place. Are we still going to continue participating in the performance?”

“Of course!” Zhang duopan had already expected this outcome—he believed that Xu Shihan would return tomorrow, and he was just confirming it with Cheng Yiyi, so he wasn’t too disappointed,” “I must participate! We can’t get first place because we’re not as popular as your Senior Sister. It’s not that we don’t work hard, but if we don’t participate, then it’s a problem with our attitude!”

“You’re quite open-minded, then I’ll help you!” Cheng Yiyi nodded.

The best hotel near the school was the Xue Shang hotel. Zhang duopan had booked a Presidential Suite for two for Chen Yiyi. Although it wasn’t as luxurious as a five-star hotel, it was already the most high-end hotel in the area. Fortunately, Cheng Yiyi didn’t seem to mind these things and checked in directly.

Zhang duopan didn’t pester Cheng Yiyi anymore. He only promised to pick her up the next day and go to school to rehearse the program before leaving the business hotel.

Xu Shihan was planning to go to Donghai city with Wang sis and Feng sanhuang, but Cheng Yiyi was there too. She thought that Cheng Yiyi was right—there was no point in bringing a chauffeur and manager to a private event, so she decided to book her own plane ticket online ...

Back in the ancient house, Tianhu was sitting quietly by his bed—nitian’s injuries were severe, all his meridians broken and in a vegetative state. He’d been unconscious ever since the Ice Palace test.

House Feng also stopped supplying nitian with the best herbs and treasures they had—after all, profit was the most important thing in an ancient family, and nitian wouldn’t be able to recover no matter how many treasures he ate. With his condition, even if he used both the recover pill and the meridian opening pill, he’d only be able to return to a healthy person, but his damaged meridians wouldn’t be able to recover completely, and it would be impossible for him to continue cultivating!

Even the sky elixir sect’s alchemists couldn’t do anything about it ... And so, Feng Tianhu was very angry. Feng nitian was his only hope, and although he had a younger son, his son’s talent was far worse than Feng nitian’s, and his younger son was always eating, drinking, and enjoying himself. He wasn’t a good material for cultivation ...

Of course, house Feng had given up on nitian, but Tianhu never gave up!

He’d sent people to find out who hurt nitian, as well as a miracle doctor or medicine that could cure nitian.

Of course, he knew that he didn’t have enough resources. If he wanted to find a large number of spiritual herbs and heal Feng nitian at all costs, he had to climb to the top of the Feng family. He had to become the young master. Only by becoming the young master could he use more resources and heal Feng nitian!

“Feng Tianlin, the one who got injured isn’t your son, but you’re actually making sarcastic remarks at a family meeting. If I don’t give you some trouble, I’ll let you off too easily!” Feng Tianhu shook his head and said indifferently ...

However, as soon as he finished speaking, his phone rang. Feng Tianhu picked up the phone and saw a man’s deep voice on the other end. This man was Feng Sanku, one of Feng Tianhu’s men. He was also one of the eyes and ears he sent to the secular world to gather information. He was one of the more outstanding figures among the third generation of the Feng family, and was a Mystic late phase peak.

The hidden houses had an agreement that Earth Class Masters couldn't come out into the world. It was a rule set by the Hidden House level, but it was also a condition set by the Council of hidden houses. The big elder of the Hidden House was someone who could compete with the ancient sects, and the founder was even scarier-even the ancient sects and ancient houses had to treat him with respect. Although he'd left, the ancient sects still didn't send an Earth Class master to the common world because of his reputation.

But it was different now-the hidden houses had already broken the rules and sent an Earth Class without any punishment or restrictions, and the Council didn't do anything about it! (To be continued.)

Chapter 1988: The breakfast storm

And so, Feng Tianhu's thoughts started to get active-he wanted to send an Earth Class too ...

Sometimes, Feng Tianhu even wondered if the founder of the Hidden House Committee was already dead. Otherwise, why had there been no news of him for so many years? Not only that, but even the great elder had disappeared ...

Shaking his head, Feng Tianhu decided not to think about these things for the time being. He picked up the phone and said, "San ku, what's the matter?"

"Boss, I just got news that Xu Shihan is going to Donghai city alone for a private event. Feng sanhuang won't be following her, she'll be alone!" Feng Sanku said.

"Alright, I got it! Your news is very timely and good!" Feng Tianhu laughed coldly and hung up the phone. He thought to himself, second brother, I'll let you have a taste of losing your own child this time. Hehe, if I tell second sister-in-law this news, do you think she will send people to kill that girl?

Feng sanhuang, who was with Xu Shihan, was also an outstanding third generation disciple of the ancient house Feng, just like Feng Sanku. He was also a Mystic late phase peak, but he was on the side of the current heir, Feng Tianlin, and Xu Shihan was Feng Tianlin's illegitimate daughter!

With Feng Tianlin's help as the heir to the ancient noble House, it was understandable that Xu Shihan's path to stardom would be smooth. Ancient noble houses were existences that even the hidden noble houses didn't dare to offend!

However, Feng Tianlin had always thought that he was being very secretive, and no one knew that Xu Shihan was his illegitimate daughter. What he didn't know was that Feng Tianhu had already investigated this matter thoroughly, and not only Feng Tianhu, but Feng Tianlin's wife also knew!

The reason why Feng Tianlin's wife didn't make a move was because Xu Shihan was a girl, and it wouldn't affect her son's ability to inherit the position of the third head of the house. The other reason was because Feng sanhuang was always by Xu Shihan's side!

It wasn't impossible for an ancient noble House to send an Earth Class to the common world, but the hidden houses had an agreement, and she didn't want to break it just because she killed Xu Shihan. Plus, Feng sanhuang was a Feng disciple, and who didn't know them?

If they sent someone to kill Xu Shihan but didn't kill Feng sanhuang, Feng sanhuang would definitely report back to Feng Tianlin. Even Feng Tianlin's wife wouldn't dare to go too far.

But this time, it was a pretty good opportunity! Feng Tianhu didn't mind creating some trouble for Feng Tianlin, and at the same time, it would also be a blow to Feng Tianlin, making him sad for a while and not have time to fight for the position of head of the family with him!

With that thought, Feng Tianhu got up and walked towards the second branch ...

The next morning, Lin Yi came out of the Jade space, feeling refreshed. He stretched his back-it was another beautiful day.

The second stage of the art of Dragon mastery was different from increasing one's strength. The second stage of the art of Dragon mastery was a simple process of accumulating Qi. Only by accumulating Qi could one reach the higher stages. However, there was no barrier like the cultivation stages. Perhaps it was because the first two stages were relatively easy. It was unknown if the later stages were as easy.

Lin Yi could feel his improvement every morning when he came out of the Jade space anyway. He didn't know it, but he was about one-fifth of the second stage of the art of Dragon mastery already, which was twenty percent.

Lin Yi was quite satisfied with this progress-he'd only been training for a short while, and he'd already finished one-fifth of it. The speed wouldn't be constant, and it'd get slower and slower, but it was still much easier than the first level.

Lin Yi went to the kitchen after washing his face. He made breakfast himself most of the time, and although granny sun was there, he was already used to making breakfast for the Miss and Shu. It was a habit he'd picked up from Songshan, and he couldn't change it even if he wanted to.

Granny sun didn't want to disturb Lin Yi when he was preparing breakfast.

The Miss and Shu woke up after breakfast, and Yushu was overjoyed to see that Lin Yi made breakfast. "Wow, I haven't had shield bro's for a long time. It's great to have something to eat today!"

"Ahem ... Shu!" Chu Mengyao kicked Chen Yushu. Why was this girl so ambiguous? I haven't eaten shield bro's for a long time, what do you want to eat? This reminded Mengyao of Jianwen's Condor barbecue.

"What's wrong? Yaoyao sis, don't you like shield bro's breakfast?" "Why did you kick me? I'm telling the truth," Yushu said, confused.

"I ... Love to eat too. Hurry up and eat!" Chu Mengyao was too lazy to explain. She sat down and picked up her chopsticks and started eating.

"That's weird, Yao Yao's acting up so early in the morning, is she on her period? "Wait, we're on the same date ... We're together ... I'm not here yet ..." Yushu said to herself.

"Shu, if you don't want to eat then go play!" Mengyao almost exploded at Yushu's words.

"Uh, I'll eat." Yushu thought-her period was coming, but why earlier? Could it be that Yaoyao sis had sex with shield bro and took birth control pills? Yushu thought evilly ...

After breakfast, Lin Yi and the other two were ready to go to school. He didn't want to call han Jingjing and han Xiaochao, but he saw that their X5M wasn't back yet, so he knocked on the fence and believed that han Jingjing would hear him.

As expected, Jingjing brought Xiaochao out of the villa very quickly, but her eyes were red, as if she hadn't slept well the whole night. Lin Yi was surprised.

"Jing Jing, what's wrong? Didn't you sleep well?" Mengyao asked curiously after seeing the state Jingjing was in.

"Oh ... Last night, I was studying alchemy and lost track of time. In the end, it was already dawn." Han Jingjing said, a little embarrassed.

"Ah? You've been studying it all night? So what did you find out?" Mengyao asked, surprised. She didn't think that a girl like Han Jingjing would be so interested in alchemy.

"I didn't find anything." Han Jingjing felt even more embarrassed when she said this.

"Uh ..." Chu Mengyao didn't know what to say.

Lin Yi, on the other hand, shook his head with a bitter smile. It seemed that this Han Jingjing was also half-baked, thinking the same thing on a whim.

They split up in the parking lot after driving to school, and Lin Yi headed to the biology Building.

Chapter 1989: inviting Lin Yi

"Lin Yi bro, do you know how to get a refinement fire?" Han Jing Jing asked excitedly as she walked.

"I don't know," Lin Yi said.

"Looks like I'll have to go buy a cultivation manual." Han Jing Jing said.

"Buy a book ..." Lin Yi was speechless.

"Oh right, I'll ask teacher Bai later if he knows where I can buy it." Han Jingjing clenched her fists and said excitedly, as if she had suddenly thought of a good idea.

When he came to the classroom, the students in the class were all excitedly discussing the freshmen's evening party program. Bai Weitao was in high spirits and rehearsing with a few extras according to the music video on the mobile phone. It was a hot-blooded scene.

Xinyan, on the other hand, was sitting in her seat, quietly reading a book, as if all of this had nothing to do with her. She was the same as Lin Yi, playing the most common cameo role in a show, and so she didn't have to rehearse at all-she just had to sit in her seat and sing a few harmony notes.

Lin Yi walked over and sat beside Wang Xinyan, while Han Jingjing sat behind them. The only two girls in the class didn't want to be the main characters, and this made Bai Weitao a little helpless. However, there was nothing he could do about it. One of the girls had an ambiguous relationship with Lin Yi, and the other didn't seem to be interested in Xu Shihan at all.

He walked over to Lin Yi and begged, "Big brother Lin, can you give me one ..."

"What should I give you?" Lin Yi blinked.

"A beauty!" Bai Weitao said.

“A beauty?” Lin Yi turned to look at Wang Xinyan, and then back at han Jingjing, “You’re letting them act in the show?”

“Big brother Lin is wise, that’s right!” Bai Weitao quickly nodded and said.

“Which one of you is willing to take the role?” Lin Yi asked.

“I’ll play the same as you.” Xinyan said faintly as she flipped through the textbook.

“What about you ...” Lin Yi turned to look at han Jingjing.

However, han Jingjing did not answer directly. Instead, she turned to Bai Weitao and said, “Do you know alchemy?”

“Gah?” Bai Weitao was taken aback. He did not expect han Jingjing to bring up this topic. He hesitated for a moment, but still shook his head and said, “I can’t ...”

“Oh, then forget it. I have to study alchemy and don’t have time.” Han Jingjing shook her head and rejected Bai Weitao’s suggestion.

“Sigh ...” He sighed, wanting to say something, but decided not to. He smiled bitterly at Lin Yi and went back to rehearsal with his classmates.

But luckily, even if there weren’t two girls as the main characters, there was still the female lead, Xu Shihan. So, these guys surrounding her made her look like the moon surrounded by stars, and it was quite a unique style.

When it was almost eight o’ clock, boss Bai walked into the classroom, and Bai Weitao stopped his rehearsal. When he saw boss Bai, he quickly said, “Professor Bai!”

In the school, Bai Weitao called boss Bai professor Bai or Mr. Bai.

“Oh ... You guys are rehearsing?” Boss Bai asked when he saw the bustling scene in the classroom.

“Yes, professor Bai!” Bai Weitao nodded and said.

“In that case, we’ll cancel the morning class. You guys can continue to rehearse. There will be no classes for today and tomorrow. You guys should try to get a good ranking for our medicine major at the freshmen party tomorrow night. It’ll make us proud!” Boss Bai immediately canceled the class. “We haven’t won any awards in years, and it’s all because of that little bastard Bai weikai. He’s not good enough, but you’re not bad!”

“Uh ... Actually, it’s all thanks to big brother Lin.” Bai Weitao didn’t dare to take all the credit, so he quickly said.

“Oh?” Boss Bai looked at Lin Yi with a deeper meaning in his eyes, “Lin Yi, come find me after the party- have you thought about what I told you before?”

“Before?” Lin Yi blinked, remembering that boss Bai said he was going to teach him some special medical skills-but what was it?

At this moment, Lin Yi's view of boss Bai was completely different. Before, he thought that no matter how strong boss Bai was, he was just a similar character to old Lin. But after seeing right-hand Tiger's respect for boss Bai, and his serious attitude in class, Lin Yi felt that boss Bai was no ordinary person!

The Hidden House you was a big hidden family in alchemy and medicine. Their children were so humble to study here, so how could boss Bai be an ordinary person?

After listening to boss Bai's class, Lin Yi felt like he was a breath of fresh air-boss Bai's theories were different from old Lin 's, and while they were both right, the direction was different. It broadened Lin Yi's train of thought and broadened his knowledge.

If the basic knowledge was already so good, then what was the special medical skill that boss Bai was talking about?

Lin Yi couldn't help but look forward to it!

Lin Yi didn't think much of it at first, but it seemed like he'd underestimated boss Bai.

"Alright, I'll find a time to look for you after the freshmen Gala is over!" Lin Yi said with a nod.

Hearing Lin Yi's promise, boss Bai chuckled, feeling very happy! He thought to himself, kid, weren't you not interested in it back then? Now that you've listened to a few of my classes, you feel that you're different, right?

He didn't know why Boss Bai was looking for Lin Yi, but envy and jealousy flashed through his eyes when he heard that ... He'd wanted to visit boss Bai alone for a long time, but he never had the chance.

He didn't expect boss Bai to invite Lin Yi to meet him, and this made him wonder if he should pay him a visit after the freshmen gathering. Boss Bai didn't invite him, but since he was there, he couldn't possibly kick him out, right?

With that, boss Bai turned around and left, while Bai Weitao continued to rehearse with his classmates. Right Panhu and his two colorful-haired underlings didn't want to mess up or perform, and just sat there as normal extras like Lin Yi. Bai Weitao knew that these three guys didn't get along well with the others, so he didn't ask them to do anything.

In fact, if it weren't for boss Bai, right Panhu wouldn't even be bothered to participate. However, in boss Bai's territory, he wanted to learn more, so he naturally couldn't go too far. If he didn't participate, wouldn't he be disrespecting boss Bai?

Moreover, it wasn't difficult to act as an extra. He just had to sit down and hum along. It was simple.

The morning passed by quickly, and it was time for lunch break. (To be continued.)

Chapter 1990: Who made a wasted trip?

Xu Shihan's flight was at one in the afternoon, and Lin Yi was going to pick her up at the airport. After informing Wang Xinyan, he texted the Miss and Shu and drove to the airport.

It was eleven, and Lin Yi would be at the airport by the time he arrived ...

Of course, other than Lin Yi's car, there was also a Land Rover polar light, driven by Zhang duopan to the airport with Cheng Yiyi.

At the arrival gate of the airport, Lin Yi "accidentally" saw Zhang duopan and a girl in sunglasses.

Zhang duopan, on the other hand, saw Lin Yi as well, and was even more certain that Lin Yi was the one who invited Xu Shihan! In room 444, only Lin Yi had a car-it was a low-key car, but he was the only one who had the ability to drive.

Since they had seen each other, and they had the same goal, Zhang duopan naturally walked over with a fake smile,""Isn't this Lin Yi? What, you're here to pick someone up?"

Lin Yi was actually quite confused when he saw Zhang duopan, and he looked at the strange girl beside him. Lin Yi immediately guessed something-was this the coffee girl, Cheng Yiyi? But Lin Yi wasn't a fan of celebrities, and he didn't even know Xu Shihan, so how could he know a small star like this?

But since she was Xu Shihan's junior Sister, it was normal for her to pick her up.

"Aren't you just asking the obvious?" Lin Yi said faintly.

"Hmph, what's the point of inviting Xu Shihan here? Even if he wins, it won't be Bai Weitao's strength, and he meiyue might not admit it, so the bet won't count. " Zhang duopan's expression changed and he said in an extremely displeased manner.

This year's freshmen gathering definitely wouldn't be able to surpass Xu Shihan, so Zhang duopan started to shirk his responsibility.

"Is that so? I don't know who broke the rules and invited celebrities here. If you didn't invite them, we naturally wouldn't invite them either. " Lin Yi looked at Zhang duopan with a smile that wasn't a smile-the kid really didn't keep his word, going back on his word.

"Well ..." Zhang duopan was at a loss for words, but Lin Yi was right-he was the one who invited the star first, and he couldn't really say anything about that. He only hmphed,""Since it doesn't count if it's someone else 's, then let's not count!"

"Ha, it's no use telling me all this. You can tell he meiyue." Lin Yi said nonchalantly.

Whether Zhang duopan went back on his word or not had nothing to do with Lin Yi-if he wanted to shamelessly go back on his word, there was nothing Lin Yi could do about it. At most, he'd just let Bai Weitao talk to he meiyue.

"Don't think that you've invited Xu Shihan here. Let me tell you, she'll be leaving with Cheng Yiyi in a bit. I think you've come here for nothing!" Zhang duopan snorted.

"Oh." Lin Yi replied.

Zhang duopan was even more furious when he saw Lin Yi's attitude. He felt like he was playing the piano to a cow. He snorted and walked towards Cheng Yiyi, ignoring Lin Yi.

After a while, the broadcast announced Xu Shihan's flight information. The flight had already landed, and there would probably be guests coming out in a while.

Sure enough, after a while, a group of people walked out of the exit. Among them, there was a man wearing a black trench coat, a black cap, oversized sunglasses, and an extra-large scarf. If one didn't look at his figure, one wouldn't be able to tell if he was male or female.

This person was obviously Xu Shihan. She was much more disguised than Cheng Yiyi, but she was obviously more famous than Cheng Yiyi, so she was more well-known.

Cheng Yiyi was more familiar with Xu Shihan, so she recognized her immediately. She waved at her, "Sister han!"

"Hehe, Yiyi!" Xu Shihan also saw Cheng Yiyi, smiling and nodding at her.

Cheng Yiyi didn't call Xu Shihan by her full name, only calling her sister han, so no one in the airport thought too much about it, and no one looked at her.

Xu Shihan also saw Lin Yi not far away, and she was a little surprised that Lin Yi came to pick her up. She didn't think that Lin Yi would come because the guy had never picked her up before. Whether she came to endorse a product or to support Lin Yi's product, she always came by herself, so she didn't think that Lin Yi would come to pick her up.

"Lin Yi? You actually came?" Xu Shihan was very surprised.

"Yes, you didn't bring your chauffeur or manager this time, so I naturally had to come and pick you up." Lin Yi nodded.

"That's rare. Let's go then. I'm staying at the xueshang hotel. Yiyi has already booked a room for me." Xu Shihan said.

Xu Shihan's words clearly meant that she wanted to leave with Lin Yi, and this made Zhang duopan feel a little embarrassed. He just swore to Lin Yi that he'd come here for nothing, but it seemed like Xu Shihan was very friendly to Lin Yi?

What was the relationship between the two? It didn't seem to be a simple hire!

"Senior Sister, how about taking our car later? We'll go directly to the hotel, so we won't trouble your friend, right?" Cheng Yiyi could see Zhang duopan's displeasure, but she didn't mind doing him a small favor. To her, it was as easy as lifting a finger.

"It's fine, I'll just take Lin Yi's car," "See you at the hotel later," Shihan said with a smile.

"That's fine ..." Cheng Yiyi was also taken aback. Xu Shihan actually rejected him? What was her relationship with Lin Yi? Normally, when attending events in the company, Xu Shihan would sit in the same car as her, even if they weren't in the same car. If she invited her, Xu Shihan would gladly accept, but today, Xu Shihan rejected ...

Seeing that Cheng Yiyi had been rejected, Zhang duopan's expression turned even gloomier ... It seemed like picking her up at the airport this time was a little unnecessary!

After exiting the airport, the two cars went on the highway One after the other. Zhang duopan wasn't happy at all, and he didn't wait for Lin Yi anymore. He stepped on the gas and the car flew out, speeding back to the hotel.

“What’s the relationship between that Lin Yi and Xu Shihan? Why does it seem like she’s not too bad? she doesn’t even give face to you, her Junior Sister?” Zhang duopan grumbled unhappily.

“Hehe, maybe they’re good friends?” Cheng Yiyi, on the other hand, wasn’t angry. Instead, she sent a text message. “The signal here doesn’t seem to be very good?”

“There might be a shield near the airport, right?” “You want to use the phone?” Zhang duopan asked. Use mine, I have a signal ...”

“Thank you, but it’s fine. I’ll just send a text message to the company to let them know that I’ve picked up Senior Sister.” Cheng Yiyi said, waving her hand. (To be continued.)
