

Bodyguard 1991

Chapter 1991: suspicious origins

“Sigh, it looks like Xu Shihan really wanted to help them. Now I’m losing all my confidence. This is so frustrating!” Zhang duopan said.

“There’s nothing we can do about that. Sister han is a Big Shot, so it’s already good enough that we got the second prize. ” Cheng Yiyi didn’t care about this.

Lin Yi, on the other hand, didn’t care how fast Zhang duopan was driving-he didn’t even bother to chase after him, driving at a steady speed on the airport Highway. Lin Yi wouldn’t break the rules unless it was important.

“Thank you for coming to our class’s program in your busy schedule.” “Now I know that your appearance fee isn’t low,” Lin Yi said to Xu Shihan. “Cheng Yiyi has connections, and she even asked for two hundred thousand. I bet you’re going to ask for more than that, right?”

“That’s right. Usually, I wouldn’t go to such events even if they offered me a million or two!” “I’m only here because of you,” Shihan said.

“It seems that my face is quite big!” Lin Yi said.

“That’s right, do you think I would go to any other person? Don’t talk about not paying, he won’t go even if you pay. ” Xu Shihan said.

“Ha ...” Lin Yi smiled, but his face suddenly changed. His smile became extremely serious. “There’s danger! Don’t move!”

“Ah?” Xu Shihan froze, not knowing what Lin Yi was talking about. But at the same time, two black Audi A6s dashed through the iron fence in the middle of the road from the opposite Lane, slamming into the iron fence not far from Lin Yi’s car. The two A6s also stopped in front of Lin Yi’s car!

This sudden change made Xu Shihan scream, but Lin Yi seemed to be very calm as he slammed on the brakes and stopped the car. Behind Lin Yi, there were two Audi A6s driving over, sandwiching Lin Yi’s car in the middle. Lin Yi couldn’t move forward, nor could he fall back!

Lin Yi knew that there was danger because of the Jade’s warning signal. He could know in advance that danger was coming!

“Sit in the car and don’t move!” Lin Yi looked at one of the two Audi A6s behind him and frowned. He didn’t care about the other three cars, but the person in this car surprised him!

A Mystic late phase peak was nothing to Lin Yi-he was already an Earth Class, and a Mystic was like an ant to him. Killing them was easy, but this wasn’t so simple!

Who sent this Mystic late phase peak? Lin Yi didn’t think that it was sent by his enemies-they wouldn’t send a Mystic late phase peak unless their brains were pierced. There were three Earth Class Masters last time, and one of them was even an Earth Class late phase, yet Lin Yi burned him to ashes. It was not realistic at all.

But if they weren't the ones who sent them, then who were they?

Could it be a robbery? But he'd never heard of a robbery on the airport Highway, and Lin Yi's car was very low-key-it was a Grand Cherokee, and he didn't even bat an eye at it. He'd seen a Rolls-Royce drive past, but he didn't see them Rob.

Plus, if it was just a simple robbery, wouldn't it be a waste to send a Mystic late phase peak?

However, all these speculations were meaningless. After Lin Yi spoke to Xu Shihan, he got out of the car. The mystic late phase peak didn't move, but three Men in Black suits got out of the other three cars and pointed their guns at Lin Yi, "Kid, get the people in the car out, or don't blame us for shooting you."

"The person in the car?" Lin Yi was surprised-were these people planning to kidnap Xu Shihan? It didn't look like they were targeting him-no matter how stupid their enemy was, they wouldn't send three normal people with guns to aim at an Earth Class, unless they were crazy.

"Cut the crap and do as I say!" One of the men in Black shouted.

"You guys are here for Xu Shihan? Who sent you? tell me, and I won't kill you." Lin Yi said faintly as he looked at the man in Black.

"Ha? Kid, you want to kill us?" The Man in Black Thought he had heard wrong and immediately laughed loudly, "You mean you can kill us? Is that so?"

"Yes, since you've missed the opportunity, there's no need to say anything more." Lin Yi flicked his hand and a needle shot out, piercing the man's chest. The man didn't even make a sound before falling to the ground.

Lin Yi didn't even need to use his pure energy to kill the Man in Black. He was just a normal person, a practitioner who had just stepped into the martial arts world, not even a golden class master.

The remaining two people gasped! They didn't think that this guy would just do it like that without any hesitation. The scariest thing was that they didn't see it clearly, and they didn't know how Lin Yi killed the Man in Black.

"Hiss ... Who ... Who are you?" One of the two remaining Men in Black asked.

"It's your turn, who sent you?" Lin Yi asked.

"Who are you? Why are you here?" The Man in Black asked nervously.

"You've also lost your value." Lin Yi flicked his wrist, and the second man fell to the ground.

"You ... You, you, you, you ..." The third man in Black was stunned. He still didn't know how his two companions died, so he subconsciously stammered a little. After saying "you" a few times, he quickly looked at the Audi A6 beside him and said, "Brother sanlei, I'm in trouble, please save me ..."

In fact, the third man in Black didn't need to say anything. The Man in Black in the last Audi A6 couldn't sit still anymore. He opened the door and got out of the car!

It was a man wearing a black mask. The three before him didn't have their faces covered, and only his eyes were exposed. He looked at Lin Yi coldly and said, "It seems that he values miss Xu a lot. He also

sent a driver here to pick you up. However, your strength is not enough. Although you have the unique skill of Flying Needles, you have not cultivated true Qi and can not mobilize the spiritual Qi around you. It seems that you are not a cultivator yet.”

“Who sent you? My patience is limited!” Lin Yi asked faintly.

Lin Yi wasn't afraid of trouble, but it was obvious that there were a lot of cars on the highway. He didn't want to expose Xu Shihan's identity, and he wanted to end this as soon as possible.

Chapter 1992

: Who exactly is he?

“No need to talk nonsense, I have no intention of letting you go, you can stay here too!” The Man in Black didn't seem to care about Lin Yi's words at all as he sent a palm towards Lin Yi's chest ...

It was a very casual slap-he thought he could kill Lin Yi with one hit, but he didn't expect Lin Yi to push his palm back as well, as if he was going to take it head on. Lin Yi even had a smile on his face, as if he wasn't afraid of the attack at all.

Although the Man in Black was a little suspicious, he didn't think too much about it. He naturally knew that this was an important road. Although he, as a member of an ancient family, wasn't afraid of these ordinary people, there were some things that couldn't be done too excessively. After all, there was an agreement on the ancient level.

“Bang!” The two palms collided with a muffled sound, and this sound made the Man in Black relax because he couldn't feel Lin Yi's strength at all. It seemed that Lin Yi was just an ordinary person, and he was overthinking.

However, in the next moment, the Man in Black was stunned. Because, on Lin Yi's palm, a huge amount of pure Qi suddenly entered his meridians. In an instant, he felt a mountain-toppling and sea-toppling pure Qi rushing over, breaking all the meridians in the man's body ...

“You ... You're Earth Class early phase ...” The Man in Black's eyes widened in disbelief. He didn't think that Xu Shihan would have an Earth Class by her side. Did Feng Tianlin really value Xu Shihan that much?

Feng sanlei felt sad at that thought. He was Feng Tianlin's wife's subordinate, and his purpose here was to kill Xu Shihan. He got the news from the third son of the Feng family, Feng Tianhu. He thought that without Feng sanhuang, Feng sanlei could kill Xu Shihan easily, but ...

Feng sanlei smiled bitterly in his heart. He wanted to spread the news that Xu Shihan had a master with her, but he knew that it was impossible. In front of an Earth Class, it was impossible to run away. If he was caught by Lin Yi and Lin Yi got some information out of him, then he would be responsible for the situation. Feng sanlei's last light suddenly flashed as he used all his strength to slap the only remaining Man in Black beside him, killing him easily. Then, he raised his hand and slapped his own face. With a loud 'bang', the masked man's head was smashed into pieces. His brain was beyond recognition. His head had exploded. It was disgusting ...

Lin Yi was on his guard, afraid that this guy would do something to Xu Shihan at the last moment, but he didn't expect this guy to kill his own people and then commit suicide. This kind of strange situation caught Lin Yi off guard!

Lin Yi didn't kill him at first, but injured him so he could bring him back for questioning and see who sent him, but this black masked man was very decisive. He killed the only one alive and then committed suicide, and in a very cruel way!

He looked at the man's mask, and the heads all over the place. Lin Yi could guess what the man was trying to do-he covered his face, which meant that he didn't want anyone to recognize him. He killed himself like this so that his head would be destroyed, and no one would be able to recognize him from his body. This man was loyal.

As for the rest of the lackeys who were not cultivators, they were probably not the core figures. They could not find anything from their appearance ...

Lin Yi couldn't help but sigh at the thought-it seemed like he'd been too careless. He'd only thought about Xu Shihan's safety and didn't think that the masked man would commit suicide.

But it was already like this, and there was nothing Lin Yi could do. It all happened very quickly, only two to three minutes, but Lin Yi saw the cars coming from the front and back. He didn't want to waste any more time, so he ran to the two Audi A6s in front of the car and slapped them to the side of the road. He jumped into the Grand Cherokee, stepped on the gas, and sped away ...

Shihan's face was pale-she'd been in the car the whole time, but she'd heard everything that was happening outside. She knew that these four people were here for her, but who sent them? What was his purpose?

Although she'd been through kidnapping before, it wasn't this shocking. The criminal's plans were all killed by the police before they could even get a chance, and the people they faced weren't this evil, choosing to commit suicide in such a cruel way ...

"You didn't get scared, did you?" Lin Yi, on the other hand, had been through too much danger. What happened just now wasn't anything dangerous to him at all. He'd been stopped by the people from yellow spring sect and chased by three Earth Class Masters, so what happened just now was too normal.

"I'm fine ..." Shihan patted her chest, her chest moving up and down, betraying her true thoughts-she was really nervous!

"Who have you offended recently?" "These people are obviously after you," Lin Yi said.

"I don't think I've offended anyone!" Shihan shook her head."If we're talking about offending people, it's miracle doctor Kang's medicine company. I attended your product launch last time ... I didn't really offend anyone else ..."

"House Kang, that's impossible," Lin Yi denied the possibility."If they want to find someone, they should be looking for me. Besides, they can't send such a weak person."

"Then I really can't think of who I've offended ..." Xu Shihan thought about it seriously but still couldn't think of anything.

“Forget it, don’t think about it for now. Give me Feng sanhuang’s number.” Lin Yi said.

“Feng sanhuang? Why do you want his number?” Xu Shihan was stunned.

“He’s your chauffeur. He usually follows you wherever you go. I’ll ask him to help me think.” Lin Yi didn’t say much to Xu Shihan. His instinct told him that Feng sanhuang was the one protecting Xu Shihan. The masked man also said that he didn’t expect there to be people protecting Xu Shihan here. This meant that Xu Shihan had people protecting her over there. The only possibility was Feng sanhuang.

So, Lin Yi decided to tell Feng sanhuang about this and let him investigate if Xu Shihan had offended anyone.

“Oh, okay ...” Xu Shihan didn’t think much about it and gave Lin Yi Feng sanhuang’s number.

Lin Yi jotted down the number, but didn’t call in front of Shihan. He called huaijun right away.

“Team Eagle, you were looking for me?” Huaijun said as he picked up. (To be continued.)

Chapter 1993: Thank you!

“En, Junzi, just now on the airport Highway, four Audi cars stopped me. I killed two of them, and two committed suicide. Bring some people to control these bodies first, I’m afraid the other party will destroy the bodies to destroy the evidence!” Lin Yi said quickly. Since the masked man chose to commit suicide with a disfigured face, Lin Yi was afraid that someone else would come to take the body away.

“What? Someone intercepted you?” “What’s going on?” huaijun asked. Which force was it? Noble families or ... If they’re involved, it’s best to let the supernatural Investigation Bureau take action ...”

“I don’t know yet, but he’s Mystic late phase peak ...” Lin Yi said.

“Then I’ll inform Captain Feng Tianlong. If there’s a cultivator, they should be the ones to handle it.” Huaijun said.

“That’s good.” Lin Yi nodded.

Shihan didn’t know what was going on-she didn’t know what Mystic late phase peak was or what a practitioner was. She’d heard Mengyao and Yushu talking about Xiaoxiao before, and Tang Yun too ... She sighed at the thought of that girl.

Lin Yi drove her to the hotel, and no one stopped them-it seemed like only the four cars were there this time. But Lin Yi didn’t let his guard down-he parked the car below the hotel, ready to send her up personally.

He was the one who hired Xu Shihan, so it was his responsibility to keep her safe. It didn’t matter if these people were here for Xu Shihan or not, Lin Yi had to protect her. If something went wrong, he wouldn’t be able to get past himself.

“By the way, why are you so good at fighting?” Xu Shihan was still in a state of lingering fear, but now that she calmed down, she finally recalled how Lin Yi was so strong back then. Not only did he kill two criminals without a sound, but one of the remaining two people was killed by his companions and the other committed suicide?

"It's alright," "It's best not to mention this when we get to our room," Lin Yi said faintly.

"En, don't worry. With your classmates around, I won't say anything." Xu Shihan nodded.

Lin Yi wanted to say that he shouldn't say anything to Cheng Yiyi, but decided against it after some thought. After all, she was Xu Shihan's little sister, and it was their own business.

The two of them walked into the hotel lobby, and Xu Shihan took out her phone to call Cheng Yiyi.

"Senior Sister? You've arrived?" Cheng Yiyi was surprised to hear Xu Shihan's voice, "The broadcast just said that there was a series of car accidents on the highway. Didn't you guys get stuck in a traffic jam ..."

"We ... Don't have any." Xu Shihan hesitated and didn't go into details. After all, Zhang duopan was Lin Yi's classmate.

"That's good. You scared me. I was still afraid. If only you were in our car!" Xu Shihan said.

"Hehe, it's fine." "Which room are you in?" Shihan smiled. "I'll go up now."

"I'm in Room 1108. You can take the elevator up." Cheng Yiyi said.

Lin Yi and Xu Shihan got on the elevator and went all the way to the eleventh floor. To Lin Yi's surprise, Zhang duopan wasn't in Room 1108, but Room 1105 opposite. It was obvious that Cheng Yiyi didn't like to let him in her room. If she wanted to talk, she would go to his Room 1105. However, Zhang duopan was rich and didn't need this much.

"You can go in. I won't go. I'll wait for you outside." Lin Yi didn't follow after seeing this.

"Okay ..." Xu Shihan knew Cheng Yiyi's temper. Other than her close friends and her manager, no one else would enter her room.

Lin Yi glanced at Zhang duopan, who was on the phone in the opposite room. He didn't bother with him and turned to the emergency exit at the end of the corridor, dialing Feng sanhuang's number.

"Hello, may I know who you are looking for?" Feng sanhuang looked at the unfamiliar number on his phone and asked politely.

"Feng sanhuang?" Lin Yi asked.

"It's me, you are ..." Sanhuang was on his guard. The person knew his name, but he didn't know who he was. This person was definitely someone he wasn't familiar with, and it was impossible for Feng sanhuang not to save his phone number or not recognize his voice.

"Xu Shihan's bodyguard?" Lin Yi continued.

"Who are you?" Feng sanhuang was even more shocked. No one knew that he was Xu Shihan's bodyguard, not even Xu Shihan herself. So when Lin Yi exposed his identity, he panicked.

"It seems that my guess was right." "I'm Lin Yi. A Mystic late phase peak attacked us at the airport, and I crippled him. I wanted to bring him back for interrogation, but he committed suicide, and in a disgusting way ..."

With that, Lin Yi explained the situation to sanhuang.

Feng sanhuang let out a breath of relief when he heard that it was Lin Yi. Lin Yi had seen through his strength before, so it was no surprise that he knew that he was Xu Shihan's bodyguard. However, what shocked him was that there was someone who stopped Xu Shihan, and Lin Yi seemed to have gotten stronger in the time he hadn't seen him? He could even cripple a Mystic late phase peak with ease?

The last time she saw him, he wasn't even as strong as her, not even Mystic late phase peak, and now ...

"I really didn't expect this. Brother Lin, thank you so much!" Feng sanhuang said gratefully, "I'm flying to Eastern Sea city tonight. Please take care of miss Xu's safety."

Feng sanhuang had already booked a ticket when he heard that Xu Shihan wanted him to come to Donghai city, but he was still one flight late. She was taking the afternoon flight, so he was going to take the night flight. He didn't expect that something would go wrong in such a short time.

He was sent by Feng Tianlin to protect Xu Shihan-if anything happened to her, Feng sanhuang would have to die to atone for his crime, and so he called Lin Yi "brother Lin." Of course, this was also because Lin Yi's strength had increased-to be able to cripple a Mystic late phase peak, Lin Yi had to be at least Mystic late phase peak.

"You're coming too? That's great. You can go and investigate the background of these people." "As for Xu Shihan's safety, you don't have to worry about it. I'm here with her, she'll be fine," Lin Yi said.

"Alright, I'll have to trouble you!" Sanhuang said respectfully. (To be continued.)

Chapter 1994: -rehearsal

"Then I'll hang up first." Lin Yi heard Feng sanhuang's pleading and begging tone, and he had no doubt that he was the one protecting Xu Shihan in secret. But what power did he belong to? Why did he protect Xu Shihan? Just who was Xu Shihan?

Of course, this had nothing to do with Lin Yi, and he didn't want to know about it yet. He and Xu Shihan were just good friends, and it wasn't convenient for him to ask about these things.

Not long after Lin Yi hung up, Xu Shihan came out with Cheng Yiyi.

"Lin Yi, Let's Go to School to practice, let's not waste time. Yiyi's going too." Xu Shihan waved at Lin Yi.

"Alright," he said. Lin Yi walked over quickly.

Zhang duopan also came out of his room at this time. He didn't expect fan ganhe to be in his room, clearly just arriving. Lin Yi didn't see him before.

Zhang duopan wasn't happy to see Lin Yi, but fan ganhe was even more so. He liked Wang Xinyan, so naturally, he wouldn't be nice to Lin Yi. From fan ganhe's perspective, Lin Yi was the typical type of B * stard who always said that he had nothing to do with Wang Xinyan, but they were still very close when they went out. Was he taking resources for himself?

"Isn't this Lin Yi? Why didn't he bring Wang Xinyan with him? Could it be that you want to be alone with the big star and don't want to be with anyone else?" Fan ganhe wanted to mock Lin Yi when he saw him.

"Oh." Lin Yi replied without even looking at him.

“F * ck!” Fan ganhe was furious. This was naked disregard. When you scold someone, you are not afraid of being scolded back. You are afraid that they will ignore you and you will waste your effort.

He wanted to say something, but Lin Yi was already walking towards the elevator with Xu Shihan. Fan ganhe gritted his teeth in anger, but it was useless.

“Forget it, gan he. There will be plenty of opportunities to teach this kid a lesson. I plan to invite he meiyue’s dormitory to the Tiger garden this weekend. I’ll think of a way to embarrass them.” Zhang duopan said with a cold smile.

He had no chance of winning at the freshmen party, but he didn’t plan to give up on he meiyue. So, he had to carry out the next step of his plan after losing.

“Alright, we’ll listen to brother Zhang. When the time comes, we’ll think of a way to teach them a lesson!” Fan ganhe nodded.

In the biology department’s medicine classroom, the students were all practicing the moves in the music video. Lin Yi walked in with Xu Shihan, who was armed to the teeth.

Xu Shihan’s arrival didn’t attract much attention-no one noticed the situation at the entrance, they were all immersed in the rehearsal.

Shihan was surprised at how serious everyone was-she thought it’d be hard to bring a bunch of non-professionals to do the same scene as the original, but it seemed like a lot of them were doing it well!

“Eh?” Bai Weitao sensed someone coming but didn’t pay much attention to it. He raised his head and saw a fully armed girl beside Lin Yi. He paused for a second before he figured out what was going on.”X- Xu Shihan?”

“Hehe ... Hello, everyone!” Xu Shihan saw that someone had recognized her, and she waved at Bai Weitao with a smile.

Hearing this voice that was like the sound of nature, all the boys who were rehearsing stopped. When they saw the person at the door, they couldn’t help but widen their eyes! It was unknown who cheered first,””Xu Shihan, Xu Shihan’s here!”

“Ah, Xu Shihan’s here, it’s really Xu Shihan!”

“Xu Shihan, I love you so much ...”

Lin Yi sweated and quickly locked the door. If the other class found out, they wouldn’t be able to practice anymore-they’d all be here to see celebrities!

“Everyone, please be quiet. You’re so loud that the students from other classes might hear you. I’m afraid we won’t be able to rehearse then!” Xu Shihan smiled and made a gesture for everyone to keep quiet!

Needless to say, the power of a big star was indeed not for show. With just a hand gesture, the originally noisy classroom quieted down in an instant!

“Xu Shihan, how are you? I’m the class monitor of the pharmacy department, Bai Weitao. I’m also Lin bro’s follower!” Bai Weitao ran up to Xu Shihan and introduced himself.

“Hehe, nice to meet you! Since you’re the class monitor, then tell me, how’s your rehearsal going? In order to save time, I’ll take a look at your progress first and then decide on the next step, okay?” Xu Shihan heard that Bai Weitao was Lin Yi’s follower, so her attitude towards him was very gentle, which made Bai Weitao very flattered.

Xu Shihan didn’t put on the airs of a celebrity at all, and this surprised all the students. They didn’t think that Lin Yi would be this capable-not only did he invite Xu Shihan, but she was also very polite and kind.

Even right-hand Panhu was extremely jealous, thinking to himself, “what on earth is this Lin Yi capable of making Xu Shihan look at him in a different light?”

“Okay, I’ll tell you ...” Bai Weitao nodded quickly.

Lin Yi didn’t listen to the introduction and went back to his seat. The rehearsal had nothing to do with him anymore.

“You don’t seem to be a fan of celebrities?” Lin Yi looked at Xinyan in surprise-she was always so quiet, like a pool of clear water, without any signs of emotion.

Xinyan had been flipping through her textbook from the moment Lin Yi walked in, and she only raised her head to smile at Lin Yi when he sat down.

“I like her songs a lot, most of my MP3 players are her songs, but chasing stars ...” Xinyan shook her head, a little regretful. “Although I want to pursue her, I don’t have that much time to waste. I still want to enjoy my university life in the limited time ...”

“Limited time?” Lin Yi blinked, remembering her engagement with Zhaolong. He opened his mouth to say something, but closed it again. What right did he have to make Xinyan reject the engagement with house Kang?

“There are some things that we can’t fight back against, so we can only accept our fate.” Xinyan’s expression seemed calm, but Lin Yi knew that not many people would be calm about things like this.

But Lin Yi didn’t know how to explain it-he could only take it one step at a time. If he could destroy house Kang as soon as possible, then Xinyan would be able to relax a lot.

To Lin Yi’s surprise, han Jingjing was also sprawled on the table, studying something. She was writing and drawing, and the book in front of her was filled with data and formulas, making Lin Yi a little dizzy.

Chapter 1995: another person

Lin Yi asked himself if he understood anything. He was already very knowledgeable in mathematics, physics, and chemistry, and he’d learned a lot of high school and university knowledge when he was with his old man, but he couldn’t understand a single thing that han Jingjing wrote.

Could this girl really be an alien? Why are their thoughts so strange?

Lin Yi shook his head and didn't bother with her. He was afraid that he'd get more questions if he just asked casually.

Zhang duopan was from the economics Department. At this moment, his class was also rehearsing for the program in full swing.

However, Zhang duopan's mood wasn't very good. In contrast, his classmates were quite happy. Even though they couldn't perform on the same stage as a top star like Xu Shihan, Cheng Yiyi was still a rising star. Even if she couldn't get first place, second place was still a great honor. How many classes couldn't even get into the top ten?

As they did not have Zhang duopan's bet with them, they were more relaxed. On the other hand, Zhang duopan was extremely depressed. He had originally wanted to play a main supporting role or something, but now he no longer had the mood to do so. If he were to go up, it would be equivalent to embarrassing himself, so he might as well just be an unremarkable cameo at the side.

Fan ganhe did not participate in his own class's program at all. He was Zhang duopan's underling, so he naturally followed Zhang duopan.

"Brother Zhang, why don't I find a sack tonight and give Bai Weitao a good beating? we can beat him up so badly that he can't take care of himself and can't participate in the show anymore. That way, he won't be able to go on stage anymore and the show won't be his. Doesn't that mean we've won?" Fan ganhe suggested.

"What do you mean you can't take care of yourself? Are you retarded? Now that he's been beaten up, the first suspects will be you and me. When the school really investigates, he won't be able to escape punishment. You have to think before you do things!" Zhang duopan was not stupid and directly rejected fan ganhe's suggestion,""Bai Weitao is a freshman. He just came to school. If there's a conflict, it's with us. Do you think everyone else is stupid?"

"This ..." Fan ganhe really couldn't think of any other way to win the game.

"Don't think about the competition. If you lose, then you lose." Zhang duopan had already admitted to it and did not want to think about these things anymore ...

The afternoon of practice passed just like that. At night, Cheng Yiyi asked Xu Shihan out to go shopping. It was their first time in Donghai city, and they hadn't shopped in the city before. Xu Shihan didn't want to go at first, after all, she just had a terrible incident, but she didn't want to tell Cheng Yiyi. After some hesitation, she decided to ask Lin Yi.

Lin Yi had just sent han Jingjing and han Xiaochao back when he received Xu Shihan's call. He had just entered the villa with the Miss and Shu.

"Miss Xu, what's the matter?" Lin Yi saw that it was Xu Shihan's call and picked it up.

"How many times do I have to tell you, just call me han or Shihan, isn't miss Xu a little too distant?" Xu Shihan didn't like the way Lin Yi called her.

"Ah, okay, han." Lin Yi said.

“Cheng Yiyi wanted to go shopping with me, but I’m a little worried after what happened on the airport Highway ...” Xu Shihan said. “I don’t really want to go, but I don’t want her to be a wet blanket ...”

“Oh, I’ll follow you guys then. Feng sanhuang will be here in ten minutes. He’ll rent a car and we’ll leave together.” Lin Yi said.

“Ah? Brother Feng is coming too?” Xu Shihan was stunned. She didn’t know why Lin Yi called Feng sanhuang over, but he had his phone before, so he must be the one who called him.

“En, we’ll set off together later.” Lin Yi couldn’t really say no to Shihan’s request-after all, he was the host, and he didn’t even have to pay a single cent for her appearance. It’d be weird if he didn’t go and be her bodyguard.

“Okay, we’ll wait for you at the hotel.” Xu Shihan said.

“Go shopping, go shopping? I also want to go!” Chen Yushu eavesdropped on Lin Yi’s call.

“Are you with sister han? Can we go?” The young miss was also a little tempted.

“I’ll let it go this time. We’ll talk about it next time. I’ll go with you alone.” This was the first time Lin Yi had rejected the Miss and Shu’s request. He briefly told them what happened on the airport Highway that afternoon.

“Argh! It’s that scary?” Mengyao and Yushu’s faces changed.

“That’s why I’m afraid it’ll be dangerous at night. If you go, I’m afraid I won’t be able to take care of you.” “These people are obviously here for Xu Shihan,” Lin Yi said.

“En, we won’t go then. Lin Yi, be careful.” Mengyao didn’t want to argue with him anymore, “Sister han is your guest, don’t let her get hurt.”

The ancient Feng clan.

A middle-aged woman sat in front of Feng Tianhu with a dark expression. Although this woman was old, she still had her charm. She had an indescribable noble air around her. Her status was obviously not ordinary, but her expression was very ugly at the moment!

“Tianhu, sanlei is dead. You know, he is the most powerful expert in my hands. The strength I have is limited, and your second brother is on guard against me. I have no way to control the other experts, but the only expert is dead!” The middle-aged woman said with hatred.

“This ... Second sister-in-law, I didn’t expect that little B * tch to have a master in Eastern Sea city to help her!” Feng Tianhu said with a bitter smile.

“Hmph, what now? If your second brother pursues this matter, what should I do?” The middle-aged woman obviously did not have many ideas. She was a reckless person who acted on impulse, which did not match her noble appearance at all. “And Feng sanhuang is already in Eastern Sea city ...”

In fact, she did not have any ulterior motives. She was a young lady from a rich family, and marrying into the Feng family was just a marriage alliance.

“Haha, actually, you don’t have to worry, sis-in-law-once Xu Shihan’s dead, I’m sure second brother won’t pursue this anymore.” Feng Tianhu said faintly.

“Oh? So, you already have a backup plan?” The middle-aged woman asked.

“Not bad! I’ve already sent Feng erbing, even if Feng sanhuang goes, it’ll be a waste. It’s only a matter of minutes before he’s killed.” Feng Tianhu said without a care.

“Feng dabing? Earth Class mid phase? You can actually order the Feng family’s second generation disciples around?” The middle-aged woman’s eyes widened in disbelief. Her eyes were filled with shock.

“Hehe, who doesn’t have a trump card? Not just me, I’m afraid that second brother also has some.” Feng Tianhu sighed. “If I didn’t want to help you this time, second sister-in-law, I wouldn’t have revealed my trump card so early. You have to help me keep it a secret!”

Chapter 1996: You like her?

“No problem!” The middle-aged woman agreed without a second thought. In her eyes, family struggles were nothing. The only important thing was to get rid of Feng Tianlin’s mistress and that little B * stard!

Feng Tianlin’s failure was to marry such a brainless and unruly woman. Although he had the support of this woman’s maiden family, not only did she not help him wholeheartedly, but she also caused him trouble!

Feng Tianlin was the successor to the position of young master of an ancient aristocratic family. Which one of them didn’t have many wives? However, even though he was the legitimate child of his first love, he still had to be in secret and couldn’t see her. This made Feng Tianlin very aggrieved!

He was a little envious of his elder brother’s choice back then. He had run away from the marriage without a care and married a woman from the secular world, cutting off all ties with the ancient Feng family! As for him, in order not to disappoint his father and for the safety of his big brother’s life, he married this woman who was supposed to be engaged to his big brother.

What Feng Tianlin didn’t expect was that this woman was really unruly, willful, and jealous. He didn’t know where she got the news that he had a woman and a daughter outside, but she actually brought men to kill his way in. His wife went missing, and his daughter was only found after many years ...

Feng Tianlin’s heart was filled with hatred for his wife. Although she was his wife, he had no feelings for her at all. He still loved his first love, Xu Shihan’s mother.

Feng Tianlin didn’t flare up when he found out that his wife had gone to his house. Instead, he chose to bear with it because he knew that it was most likely his third brother, Feng Tianhu, who had been coveting the position of the young master. Otherwise, such detailed information would only be known by a few Close Brothers.

However, as Feng Tianhu’s son, Feng nitian’s talent in cultivation was gradually revealed, the old man started to value Feng Tianhu more and more. Feng Tianhu’s power in house Feng was also getting bigger and bigger, and this made Feng Tianlin even more afraid to act rashly. He could only continue to endure silently, until the day he truly controlled House Feng!

When that time came, he wouldn't be afraid of anyone anymore. For the sake of their many years of relationship as husband and wife and for the sake of their son, Feng Tianlin wouldn't do anything to his wife, but he definitely wouldn't force a smile on his face and serve her like he did now.

The first thing Feng Tianlin had to do after taking over the position of the head of the family was to bring his daughter back and announce to the world that she was his daughter! Furthermore, he would find his elder brother and bring him back to the Feng family. Although his elder brother had been kicked out of the family by his father back then, every Emperor had his own officials. His father had been the head of the family back then, and now, he, Feng Tianlin, was the head of the family!

Feng Tianlin had the best relationship with his older brother. Although they didn't come from the same mother, they were closer than real brothers. This was also one of the important reasons why Feng Tianlin had replaced his older brother to marry his current wife.

If he didn't marry her, his father would blame his big brother even more and might even kill him.

Feng Tianhu hoped that this marriage would be broken. His father wanted to kill his big brother, and his second brother would plead for mercy. This way, both of them would lose trust, and they would both be finished. His third brother would naturally take the position.

And so, for the sake of his big brother and third brother's plan, Feng Tianlin clenched his teeth and persevered through all these years. But Feng Tianhu, because of his son Feng Nitian, seemed to be able to stand up to him, and this made Feng Tianlin's life even more difficult!

But not long after that, Feng Tianlin received a piece of great news-Feng Tianhu's son, Feng Tianhu, had been acting all high and mighty during the Ice Palace test, and had been crippled by someone even more powerful, just because he was the "number one under Earth Class"!

Feng Tianlin knew that his chance had come again! Although Nitian's death wasn't a good thing for house Feng, it was a good thing for Feng Tianlin ...

However, Feng Tianlin didn't know that his wife and Feng Tianhu were working together to deal with Xu Shihan!

So, when Feng Tianlin received Feng Sanhuang's call, he was shocked!

"What did you just say? Someone's on the airport Highway, trying to deal with Han?" Feng Tianlin panicked.

"Yes, master, but it was taken care of by Miss Xu's friend, a Mystic late phase Peak Master ..." Feng Sanhuang told Feng Tianlin what had happened.

"What? Mystic late phase peak?" Feng Tianlin's heart was filled with shock. This was the first time Xu Shihan was attacked by a practitioner with such strength. Although there were kidnapping and robbery cases before, they were all done by small gangs and gangsters. This time, it was obviously not normal!

Moreover, these Men in Black had chosen such a cruel way to commit suicide after their failure. It was obvious that they did not want to expose their identities. Who had sent them?

Could she be ... His wife? Or his own third brother?

At that thought, Feng Tianlin's heart skipped a beat. Xu Shihan's identity was a secret. Although he found her, he never acknowledged her. How did his wife and brother find out?

"Do you know who did it?" Feng Tianlin asked.

"I'm not sure yet. I just arrived in Eastern Sea city. I heard that the bodies have been taken away by the supernatural Investigation Bureau. I need to find someone I know, but I don't know if I can see them." Feng sanhuang said.

Although the ancient aristocratic families had absolute authority, the supernatural Investigation Bureau might not give them face. It was a rather complicated organization.

"If you really can't ... Forget it ..." Feng Tianlin wanted to say something, but he shook his head. Under these circumstances, he couldn't contact that person before he had a firm foothold. If he did, it would be against the family rules, and Feng Tianhu would have a lot of trouble looking for him.

"Yes, master, I'll try my best!" Feng sanhuang said.

Feng sanhuang arrived at the hotel as well, driving a Buick GL8. He jumped out of the car as soon as he saw Lin Yi.

"Brother Lin, thank you for helping me today!" This time, Feng sanhuang actually bowed to Lin Yi ...

"?" Lin Yi was taken aback—he felt that sanhuang's words were way beyond a normal bodyguard's. Even if he was Xu Shihan's bodyguard, he didn't need to be so formal, "Mr. Feng, since Xu Shihan is here with me, I should be the one to protect her. You don't have to thank me, but it seems like you care a lot about her? You like her?"

Chapter 1997: Being followed

"Pfff ... Cough cough ..." Feng sanhuang heard the first half of Lin Yi's sentence and was a little shocked, but the second half of Lin Yi's sentence made him choke, "I ... I was actually entrusted with the task of protecting miss Xu. It's just that I'm secretly protecting her, so miss Xu doesn't know about it. In her eyes, I'm just an ordinary driver and bodyguard, not a cultivator, so I hope brother Lin can keep it a secret ..."

"Oh ... I get it, you're the superstar's personal expert!" Lin Yi wasn't surprised by Feng sanhuang's words at all. He was the school Beauty's bodyguard in the first place, but the nature of his job was slightly different from Feng sanhuang's. Lin Yi did it on the surface, while Feng sanhuang did it secretly.

"You can say that." Feng sanhuang wasn't surprised at all when he saw Lin Yi. He felt that Lin Yi wasn't a normal person, "Brother Lin, if you don't mind me asking, your current strength ..."

"Earth-rank." Lin Yi didn't hide anything, but he didn't tell him if he was Earth Class early, mid, or late. After all, he wasn't that close to sanhuang, and he didn't want to reveal too much.

"Hiss!" Feng sanhuang took in a cold breath. The last time he saw Lin Yi, he was still Mystic mid phase peak, and now he was Earth Class?

He thought about what Lin Yi said to him-don't think that just because you're a Mystic late phase peak, you can talk to me like that! Could it be that Lin Yi was an Earth Class back then, but he suppressed his strength to Mystic mid phase peak, and not Earth Class?

If that was the case, then why did he have to threaten Lin Yi? Feng sanhuang blushed just thinking about it. No wonder Lin Yi wasn't afraid at all and threatened him back then. So he was suppressing his strength ...

Of course, Feng sanhuang didn't think that Lin Yi could jump from Mystic mid phase peak to Earth Class in just a few months. This leveling speed was like a rocket, and it would be amazing if he could break through a small class in a few months!

"Brother Lin, I'm sorry for offending you earlier. I'll have to trouble you to ensure miss Xu's safety!" Feng sanhuang's attitude towards Lin Yi was even more respectful now.

Lin Yi waved his hand and didn't say anything else. He pointed in the direction of the hotel, "They're out, don't talk about this topic anymore."

"Alright!" Lin Yi's words were exactly what Feng sanhuang wanted-he didn't want to discuss this in front of Xu Shihan.

"Han!" Lin Yi greeted Xu Shihan. As for Cheng Yiyi, Lin Yi only nodded at her.

However, Cheng Yiyi didn't seem to mind and didn't seem to like talking to Lin Yi. She got into the car with Xu Shihan. Lin Yi sat in the front passenger seat, and Feng sanhuang was the driver.

Although Feng sanhuang wasn't familiar with the city's geography, as Xu Shihan's personal driver, he was very good at finding the way. He only needed to look at the GPS and he knew where to go.

He started the car and drove to the most prosperous Commercial Street in Eastern Sea city.

Along the way, Xu Shihan and Cheng Yiyi were discussing something, but Lin Yi wasn't interested in listening. It was mostly about beauty treatments, makeup, and body shape.

After a few turns, Feng sanhuang arrived at the commercial Street and parked his car in the nearby parking lot.

"I didn't expect the commercial pedestrian street of Donghai city to be so busy at this time of night!" Xu Shihan looked at the street outside the window and said in surprise.

"Eastern Sea city is a provincial city, so it's natural that there are many shops that are open 24 hours." Lin Yi said.

"Thank you, Lin Yi. It's so late already, sorry to disturb your rest." Xu Shihan said gratefully.

Cheng Yiyi, on the other hand, frowned. It was a great honor for anyone to come out with a big star-she rejected Zhang duopan's offer to come along, so why did Xu Shihan seem to be begging Lin Yi?

"It's fine." Lin Yi and Feng sanhuang walked behind Xu Shihan and Cheng Yiyi, as if they were their bodyguards.

Xu Shihan didn't usually have the chance to go shopping, and everything she saw was new and interesting. Lin Yi couldn't help but sigh. A big star might look beautiful, but she didn't have much time. She was busy with work and work.

Cheng Yiyi, on the other hand, had a lot of knowledge about brands and shops, probably because she'd just started her career. It was mainly because she brought Xu Shihan around.

Feng sanhuang, on the other hand, was extremely nervous. He was constantly on guard, his eyes darting back and forth in the vicinity, as if he was afraid of missing something.

Lin Yi didn't know if he should laugh or cry at the man's seriousness. "I say, arid triad, there's no need to do this, right? Relax a little, or else I'm afraid that if we continue walking, while Xiaohan is fine, you'll be nervous to death."

"Brother Lin, I have to kill the danger before it's too late!" "I'm different from you. I have to ensure miss Xu's safety, especially after what happened this morning ..." Sanhuang said with a bitter smile.

"Don't worry, I'll keep an eye on him for you. I'll let you know in advance if there's any danger." Lin Yi said.

Although Lin Yi said that, Feng sanhuang saw that Lin Yi didn't seem to be on his guard at all. He didn't relax at all.

As far as he was concerned, Lin Yi was an outsider, after all-he couldn't possibly put too much thought into it, but he was different.

Lin Yi looked at Feng sanhuang's face and shrugged with a smile, not saying anything.

The four of them walked along the street and visited most of the shops. Xu Shihan seemed to have an addiction to shopping, including the shops that sold phone case cases and small accessories. She even bought one or two small things before leaving reluctantly.

Lin Yi couldn't help but sigh.

"Miss Xu's work is actually very busy. She's a very independent and hardworking person. She hasn't gone through any unspoken rules, and her current results are all achieved by herself. Although I've helped her along the way, it also has to do with her self-discipline. If she wants to give up, I can't do anything about it." Feng sanhuang saw Lin Yi's sigh and knew what he was thinking. He explained, "In addition, she used to have migraines that could act up at any time, so she had even less chance to go out shopping. Fortunately, you helped her ..."

Lin Yi nodded but didn't answer. He felt that something was wrong too!

He was still laughing at Feng sanhuang earlier, telling him that he didn't need to be so careful, but at this moment, Lin Yi felt like he was being followed and spied on. This feeling came completely from The Sixth Sense he had when he was carrying out missions in the primitive forest!

Chapter 1998: as expected

That was because the Jade didn't give him any warning. In other words, either he had sensed it wrong, or the enemy was too far away and had exceeded the Jade's sensing range!

But Lin Yi was more inclined to the first possibility, because this feeling shouldn't be wrong.

Lin Yi took a deep breath, his guard up.

But the rest of the way, he felt this vague feeling, and the Jade didn't give him any warning. This feeling made him very suspicious-was there someone following him or trying to harm him?

After that, Lin Yi still couldn't find the person following him. Either this person was an absolute master and could follow him from a long distance, or he was too alert during the day.

"Eh? There's also beef flat noodles here?" Cheng Yiyi pointed at a sign at the entrance of a small alley beside the pedestrian street and said in surprise.

"What's wrong, Yiyi? do you like to eat this?" Xu Shihan asked, confused.

"Yes, I've loved to eat it since I was young. I haven't had it for a long time." "No, no," Cheng Yiyi said. "We have to go and eat today!"

"Oh right, I almost forgot. Your hometown seems to have this kind of flat noodles." Shihan nodded, "since you're here, let's go have a bowl?"

"Good, good!" Cheng Yiyi nodded excitedly.

"But the alley looks dirty and there aren't many people. Are these snacks edible?" Xu Shihan took two steps and looked at the dark alley filled with trash. She hesitated.

"It's okay, I used to eat it when I was young!" Cheng Yiyi said.

"Alright, let's go and try!" Xu Shihan hesitated and decided to risk her life.

Lin Yi's instinct told him that something was wrong when he saw the two of them entering the alley, but he didn't know how to stop them. While he was hesitating, Xu Shihan and Cheng Yiyi had already entered the alley.

Lin Yi had no choice but to follow with Feng sanhuang.

Feng sanhuang's expression became even more cautious and alert. He wanted to stop her from coming to a place like this. There were so many snacks there, but why did she have to eat instant noodles? however, this was Cheng Yiyi's idea, and Feng sanhuang wasn't her driver or bodyguard, so he couldn't say anything.

The alley was very dark, there was no light or people, and it felt very eerie. Shihan was a little nervous-after all, this dark and eerie scene reminded her of some bad memories ...

Xu Shihan subconsciously furrowed her brows and pressed her hands to her temples ...

"Sister han, what's wrong?" Cheng Yiyi saw that Xu Shihan's face was a bit nervous, so she quickly asked, "Is your headache acting up again?"

"En ..." Shihan nodded and quickly took out a bottle of miracle doctor Guan's painkiller, pouring it into her mouth ...

Cheng Yiyi was also massaging Xu Shihan's temples, speaking in a concerned tone, "Sister han, why don't we stop eating and go back ..."

"Since you're here, let's go eat. Don't be a killjoy!" "I'm fine, don't worry about me" Shihan forced a smile.

"But ..." Cheng Yiyi looked at Xu Shihan's frowning face and was still worried ...

However, just as the two were arguing, Lin Yi smiled coldly, "Since you're here, then come out. What's the point of hiding? Is this the path of an Earth Class mid phase?"

"What? Is there an enemy?" Feng sanhuang, Xu Shihan, and Cheng Yiyi were all shocked by Lin Yi's words.

Two Men in Black came out from the dark end of the alley. However, they still had black masks on, so no one could see their faces clearly.

"You're not simple, you can actually detect my existence and you can even tell my strength. Friend, which path are you from? I advise you not to get involved in this, you have nothing to do with this!" One of the men in Black was obviously afraid of Lin Yi, and that was why he said those things.

Of course, he was planning to ambush Lin Yi, but Lin Yi exposed him. He was quite angry with Lin Yi, but he had other important things to do today. He didn't know Lin Yi's strength, so he didn't want to cause more trouble.

Plus, he didn't think that Lin Yi was trying to trick him out. After all, Lin Yi had already discovered his strength.

In fact, Lin Yi really didn't find this Earth Class mid phase-he only found the movement of another black-clothed man through the Jade's signal. That man was a Mystic late phase peak, and through this man, Lin Yi caught a faint aura around him, and found his traces.

"Why am I standing here if it's not my business?" Lin Yi looked at the man in Black like he was an idiot."If I'm not involved, how can I see your tracks and tell you your strength? Do you think I have nothing better to do?"

"You go deal with Xu Shihan, I'll take care of this!" The earth-class man ordered the mystic-class man with a cold face.

"Yes!" The mystic nodded and flew towards Xu Shihan, throwing a punch at her-he wanted to kill her with one punch!

Lin Yi had been watching the two's reactions the whole time, and when he saw the mystic's movements, he laughed coldly and began to move as well! He put some strength into his legs and flew towards the mystic beside Xu Shihan.

In order to confuse the mystic, Lin Yi had been suppressing his strength, making it look like he was only at the peak of the middle stage of the mystic class. He wanted to kill the mystic late stage peak in one hit so that he could focus on the earth Class mid stage.

Lin Yi didn't have the slightest confidence in winning against a master two levels higher than him. He was a little nervous, too, and so he had to kill all the unstable factors in the cradle.

Lin Yi wasn't afraid of this Mystic late phase peak, but with him here, if Feng sanhuang couldn't stop him and let him attack Xu Shihan, Lin Yi would have to split his body to save her. He didn't have the confidence to win in the first place, and if that happened, it would be even more impossible.

Lin Yi had fought many Earth Class Masters before-boss Yu had just advanced into Earth Class and hadn't learned any martial arts yet, so Lin Yi was able to intimidate him even when he was Mystic. As for that follower of youpan Hu, Lin Yi was having trouble dealing with him-if it weren't for the energy bomb, he wouldn't have been able to take him out so easily.

Chapter 1999: Whose hands will the deer die?

As for the last three Earth Class fighters, Lin Yi used his fire poison Qi to burn them to ashes, but this was a one-time thing. It was impossible to use it a second time.

The only thing he could rely on now was the first three moves of the wild fire Fist. He didn't know if he could take on this Earth Class mid phase man.

"Hmph!" The mystic late phase peak man looked at Lin Yi coldly, and when he saw that Lin Yi was only a Mystic mid phase peak, a trace of disdain appeared on his face,"Since you're so eager to die, I'll fulfill your wish first!"

With that, the mystic's target changed from Xu Shihan to Lin Yi. He raised his palms slightly, as if waiting for Lin Yi to attack!

It wasn't that he was arrogant, but in his eyes, Lin Yi was only a Mystic mid phase peak, and he was a Mystic late phase peak. The two of them were two whole levels apart, and if he still couldn't kill Lin Yi with this, then it'd be a miracle!

And so, the mystic's eyes were filled with pity when he saw Lin Yi charging at him. In his eyes, Lin Yi was already a dead man!

However, Lin Yi didn't seem to sense the danger at all and continued charging at the mystic!

Not good! The earth-class man's heart skipped a beat as he turned to the mystic-class man,""Be careful! Don't fight him head on!"

The earth Class man could feel Lin Yi's Mystic mid phase peak strength, so he didn't think much of him at first, but he suddenly realized something was wrong. If Lin Yi could tell that he was earth mid phase, how could he not tell that the mystic was Mystic late phase peak?

If that was the case, then Lin Yi was a Mystic mid phase peak fighting a Mystic late phase peak-wasn't he insane? Or they wanted to die!

And the most important question was, how did Feng sanlei die? Feng sanhuang hadn't reached Eastern Sea city at that time. Even if he did, he wouldn't have been able to kill Feng sanlei so easily!

They were all from house Feng, and sanlei from sanhuang's Guild was also one of them. In this situation, it was the most difficult to determine the winner. Even if they couldn't win, they could at least keep their lives. Since sanlei was killed here, Xu Shihan must have a master with her!

However, since the master wasn't Feng sanhuang, the only one left was Lin Yi!

Xu Shihan and Cheng Yiyi couldn't possibly have any real ability.

So when he realized that something was wrong, he went to warn the mystic in time, but he was too slow-it took some time for the mystic to react to his words, and Lin Yi's palm had already made contact with the mystic's palm ...

"It's too late!" Lin Yi shouted coldly, and with a loud "bang," the mystic's body was sent flying like an arrow. After flying for some distance, he crashed into the wall of an alley not far away!

"You're not Mystic mid phase peak ... You're Earth Class early phase ..." These were the last words the mystic said after sliding down the wall. He spat out a mouthful of blood and died.

"Despicable! You actually cheated!" The earth Class man's eyes were filled with rage-he wanted to Burn Lin Yi to death! He didn't expect Lin Yi to hide his strength and kill one of his men!

"Is this a scam?" Lin Yi patted the dust off his hands, curling his lips. "He's just too arrogant. Can't you tell?"

"You ..." The earth Class man was speechless. He couldn't argue with Lin Yi. Indeed, if Lin Yi was cheating, it was because the mystic was too arrogant. If he had been careful, he wouldn't have ended up like this! With that thought, the earth Class man took a deep breath and looked at Lin Yi with hatred. He pointed at Lin Yi and said,"I don't care who you are. Since you want to get involved in this mess, then don't leave. You and your family will pay the price in blood for your meddling!"

"What did you just say?" Lin Yi frowned, a flash of ruthlessness in his eyes! This man was using his family to threaten him, and this made Lin Yi's heart burn with rage. No matter what, he had to make this man stay here!

Not for anything else, but for Chu Mengyao, Chen Yushu, and all his friends ...

"Hehe, after you die, I'll investigate your identity. I'll visit your friends and family one by one." "This is the consequence of killing my people," the earth-rank Man in Black said with a sinister smile.

"Since that's the case, either you die or I die today. We won't rest until we die." Lin Yi looked at the man in Black coldly, but his heart was full of vigilance! This man was too evil-if Lin Yi didn't make him stay here, he'd have an unbearable revenge waiting for him!

"Do you think you're worthy to fight to the death?" As the earth-class man spoke, his true Qi surged out of his body, revealing his strength as an earth-class mid-phase ...

"We don't know who'll win yet, you're too early to say that ..." Lin Yi took a deep breath and activated his practitioner's Arts, revealing his strength as an Earth Class early phase peak.

However, the initial stage was still the initial stage. No matter what, he was not at the peak stage. So, his strength was still two small levels lower than the earth-class Man in Black.

The earth Class man looked at Lin Yi and Feng sanhuang with a dark gaze, deep in thought.

“Arid triad, take Xiaohan and the others and hide in the back!” Lin Yi could guess what the earth Class was thinking-he shifted his steps and stood in front of the earth Class where he could attack.

Lin Yi had just killed a Mystic, and that must have infuriated the earth Class. He might be thinking of killing Feng sanhuang first, and then Xu Shihan would have no one to protect her. He could take advantage of the chaos to kill Xu Shihan, and then his mission would be completed.

But since Lin Yi had seen through his thoughts, he wouldn't let him realize it.

“This ... Good!” Feng sanhuang didn't want to be a deserter, but he knew that the difference in strength between him and his opponent was too great. He would only be a burden to Lin Yi, and Lin Yi had to take care of him and Xu Shihan. He had no chance of winning.

So Feng sanhuang only hesitated for a second before quickly pulling Xu Shihan and Cheng Yiyi to a place further away from Lin Yi.

“Hmph!” The earth Class man wasn't happy that Lin Yi saw through him! (To be continued.)

Chapter 2000: superior

But it didn't matter to him-he could take care of Lin Yi first, then Feng sanhuang and Xu Shihan would be in his hands.

The earth-rank Man in Black took a step forward and waved his left hand in the air. A layer of green mist formed around his left arm, and the mist emitted a cold chill. It seemed that he was cultivating some kind of Water-type mental cultivation method and a snow-type martial skill!

Water element ... Snow mist element ... Lin Yi was lost as he looked at the earth Class Man in Black. He seemed to remember someone he knew, and they had the same water element as well, but he couldn't remember who it was ...

Just as Lin Yi was lost, the earth Class Man in Black activated his martial skill!

Lin Yi's eyes blurred for a second, and he saw the earth Class man charging at him. The green mist on his left fist was even clearer, and there were even some stars on it-it was probably the result of water vapor crystallization!

“Frost icicle!” As the earth Class man roared, the green mist on his left fist burst out of his body and turned into a light green blade, stabbing towards Lin Yi's chest with extreme speed!

Lin Yi jumped and quickly came back to reality. If it wasn't for the Jade's signal getting stronger and making Lin Yi Dodge subconsciously, the light green ice blade would've hit Lin Yi's chest. Even if it didn't pierce through his heart, it would've injured him severely!

It was Lin Yi's subconscious reaction that allowed him to Dodge the ice blade, but it still touched Lin Yi's arm and cut his clothes, leaving a long bloody wound on his arm ...

“Ah!” Xu Shihan screamed-she didn’t think that this person would be this strong, to be able to use his bare hands to shoot out ice blades. This was unbelievable to her, it was like a special skill from a TV show ...

“Miss Xu, please don’t disturb brother Lin. At this moment, it’s the worst thing to be distracted.” Feng sanhuang frowned and reminded him softly. Although he didn’t think Lin Yi would win-the opponent was too strong, and his martial arts was so fierce. Feng sanhuang thought that even if they were at the same level, the chances of winning weren’t high, let alone Lin Yi who was two levels lower.

“Ah ... Okay.” Xu Shihan nodded seriously,“What should we do? How can we help him?”

“We can only wait ...” Feng sanhuang wanted to say,“if the situation doesn’t look good, we’ll run.” But he couldn’t say it.

“Yeah, han sis, I think that Lin Yi risked his life for us, we shouldn’t run away on our own, that’d be disloyal!” Cheng Yiyi was a very loyal person. Otherwise, she wouldn’t have agreed to attend the freshmen party at President Zhang’s request.

“En!” Shihan nodded-she didn’t think it was a good time to run, either.

After dodging the attack, Lin Yi let out a breath of relief, a serious look on his face. His opponent was able to control his skills at will, and although Lin Yi could do it as well, he was a fire element practitioner. Water and fire countered each other, and it was hard to tell who would win ...

If the opponent was a practitioner of another element, Lin Yi’s chances of winning would be higher, but it just so happened to be the element that countered his. This made Lin Yi a little depressed. It was the first time he was facing a high-level opponent, and an opponent that countered him.

“Do you have two moves? However, this is only the first move!” The earth-tier Man in Black sneered and his left fist once again condensed into an ice mist, but it looked more powerful and majestic than before. Obviously, as he said, he had just activated the first move of his martial skill, and there should be more!

Now that he was an Earth Class mid phase, he should be able to use at least three moves, maybe even the fourth!

Lin Yi took a deep breath, not daring to be careless. He could tell that this was the second move of the earth Class, because the bone-chilling cold was already hitting him. Lin Yi was still fine, but Xu Shihan and the others behind him felt as if they had fallen into an ice cellar-they couldn’t help but shiver!

So Lin Yi didn’t even think about it and activated the second form of the wild fire Fist ...

In an instant, Lin Yi’s fist was also wrapped in a red flame, the heat filling the cold autumn with warmth. Shihan and the others behind Lin Yi felt as if they were standing next to a fire!

“Fire attribute martial arts? If I’m not wrong, this shouldn’t be the first move ... Could it be the third move?” The earth Class man looked at Lin Yi in surprise. He didn’t expect Lin Yi to be a fire element practitioner, and to be able to use the third form of a fire element skill at Earth Class early phase!

Normally, one would only be able to use the third move when they were about to break through into mid Earth Class. He only had four moves, and that was because he was already in mid Earth Class, and he was already famous. Even so, he was already a genius among his peers ...

But Lin Yi ... Could it be that this guy had been playing the pig to eat the Tiger all this time, and his current strength at Earth Class early phase wasn't his true strength? was he still hiding his strength?

With that thought, the earth Class man's eyes turned cold. He decided to exchange blows with Lin Yi and test out his strength!

Of course, a fight between Earth Class Masters didn't have as many concerns as a Mystic class-in a fight between Earth Class Masters, martial arts took up a lot of weight. He estimated that Lin Yi's wild fire Fist should be at the third form, so he instantly changed his ice spike to the third form as well, planning to fight it head on!

The freezing snow sting was actually a relatively high grade martial skill, and it could be ranked among the martial skills collected by the ancient Feng clan, so he was confident that if he encountered a martial skill of the same level and level, he would have the upper hand.

And so, the Man in Black's left fist went straight for Lin Yi's right fist!

Lin Yi couldn't be bothered to explain-this Earth Class man thought that his second move was the third move. It seemed that uncle Fu's fist was extraordinary, and could fight against the third move of other martial arts skills at the second move!

However, what Lin Yi didn't expect was that the earth Class man actually changed his second form to the third form at the last moment, and it was too late for Lin Yi to change it. The two fists collided with a loud sound ...

The earth Class man quickly took a few steps back, but Lin Yi's body was sent flying! (To be continued.)
