

Bodyguard 2001

### **Chapter 2001: barely**

“Pfff ...” Lin Yi’s body landed heavily on the ground and he spat out a mouthful of blood.

It looked like Lin Yi was in a bad condition, taking a huge hit from the first exchange, but in fact, he wasn’t that badly injured. He just borrowed the force of the earth Class skill and flew out, not taking it head on.

As for the earth Class man, he didn’t seem to have taken a few steps back, but he wasn’t any better off than Lin Yi. His organs were all shaken! He hurriedly circulated his mental cultivation method and quickly calmed down.

By now, Lin Yi could see that although the wild fire Fist was powerful, every move was a level higher than other skills of the same level, if he used the second move to fight someone’s third move, he would still be at a disadvantage, especially when he was weaker than his opponent. His Qi wasn’t as thick as his opponent’s, and even if he used a skill of the same level, it would still be affected.

Lin Yi took advantage of the fact that the earth Class man didn’t move and quickly circulated the art of Dragon mastery to heal his injuries. He could tell that the man was also healing, but Lin Yi didn’t choose to continue attacking.

If the two were to fight head on, Lin Yi would be the one at a disadvantage. He wasn’t as strong as his opponent, so this kind of recovery after hitting gave him an advantage.

The art of Dragon mastery could heal injuries infinitely, and the other party was only healing his injuries for a while. It was impossible for him to recover in a short period of time.

Xu Shihan didn’t want to disturb Lin Yi this time, so she covered her mouth with her hand, but she was worried for Lin Yi ...

“Again!” Lin Yi didn’t give his opponent any time to rest after he was done with his injuries. He used the third move of the wild fire Fist and charged at the earth Class like lightning. His fist created a long fire Dragon where it passed, and the air resistance created a long hiss ...

“You’re looking for death!” The earth Class man didn’t expect Lin Yi to fight him head-on, and he couldn’t believe it! He’d already figured out Lin Yi’s strength from the fight just now-Lin Yi’s skills were strong, and he didn’t know how he’d managed to get to the third form, but his internal strength was still at the early Earth Class. He was a bit stronger than a normal early Earth Class, and he was about to break through, but he definitely wasn’t at the peak of the early Earth Class yet!

From the result of the collision, it was clear that Lin Yi was weaker than the earth Class man-the earth Class man only took a few steps back, but Lin Yi was sent flying. They were two completely different levels of strength!

Under such circumstances, wasn’t it the same as seeking death? He might not die the first time, but a few more times and he’d definitely die. The earth Class man was very confused-what was Lin Yi thinking?

In fact, it wasn't that Lin Yi was looking for death, but he didn't have any other way. The only advantage he had was his fast healing speed. If he could use his martial arts to fight the earth Class and have enough time to rest and heal, then he was confident that he could kill the earth Class!

But he wasn't sure if it would work.

"The fourth move? How was that possible? How could it be the fourth move?" The earth Class wanted to use the third form to fight Lin Yi, but he realized that Lin Yi was using the fourth form. After all, every higher form consumed a lot of Qi, and under normal circumstances, the strongest move would consume a lot of Qi!

For example, an Earth Class mid phase could only use the fourth form ten times before he was exhausted. Lin Yi, on the other hand, was an Earth Class early phase-it would be good enough if he could use the second form ten times, not to mention the third and fourth!

And so, the earth Class man was very surprised by Lin Yi's fourth move. He didn't know what Lin Yi was trying to do, but he was sure that Lin Yi wanted to fight it head-on!

The earth Class man was depressed for a while, but he also switched from the third move to the fourth move to fight Lin Yi.

He didn't want to waste time on Lin Yi-his target was Xu Shihan, and the threats he made were just to intimidate Lin Yi into leaving after a few soft words, but he didn't expect the opposite effect-this guy was fighting to the death!

"Bang!" Lin Yi looked at the ice mist on the man's left hand, and his heart skipped a beat. He gritted his teeth and went up against it. He didn't have any confidence in winning against an Earth Class, and if it was just one level higher, he could use the flaming Fist to take him down!

If it wasn't for the fact that the earth Class man had trained in the fourth form of the ice spike, Lin Yi could've used the third form of the flaming Fist to defeat him. The third form was already very close to the fourth form, but this Earth Class man was two levels higher than him, and had trained in the fourth form of the ice spike. Lin Yi could only barely fight him to a draw, and it was a very close fight!

He didn't feel the thrill of killing his opponent in seconds when he was in Mystic class anymore, and it pissed him off and made him depressed. He'd fallen from being the strongest under Earth Class to the weakest under Sky Class, and it made him want to vomit blood.

The fire from the wild fire Fist and the ice mist from the icicles clashed, creating a huge collision of energy. Lin Yi's body flew back again, but of course, the earth Class Man in Black didn't have it easy either.

After all, Lin Yi's third form was infinitely close to his fourth form, and he'd already suffered internal injuries from this head-on clash. How could he be fine?

When Lin Yi's second style went against his third style, the earth Class man was still fine-his organs only suffered a strong shock. This time, however, it wasn't as simple as that-he felt his organs change positions, and he spat out a mouthful of black blood. It was clear that he suffered the same serious internal injuries as Lin Yi!

The earth-class man wanted to curse-Lin Yi was clearly much weaker than him, but he was able to use the fourth move just like him! This was a lose-lose situation, and whoever had the stronger Qi would have the upper hand-he'd have to pay the price of getting injured in exchange for the death of the other.

Lin Yi, naturally, didn't have it easy either-this move dealt much more damage than the previous one. He spat out four or five mouthfuls of blood, his face pale. (To be continued.)

## **Chapter 2002: -huge gap**

However, Lin Yi didn't waste any time the moment he landed. He quickly entered the Jade space to heal and replenish his energy ...

The earth Class man, on the other hand, didn't dare to attack Lin Yi. He needed to rest as well-he was afraid that Lin Yi would attack him if he tried to attack him, so he used his practitioner's Arts while Lin Yi was resting ...

At this time, both sides had a tacit understanding not to attack each other, because the true Qi in each other's body was not flowing smoothly. They also knew that if they attacked now, they might all die, so neither side did anything stupid.

After a few breaths of rest, the earth Class man let out a long breath and smiled coldly at Lin Yi, "What's wrong? Kid, you just barely managed to activate the fourth move of the martial technique, are you unable to stand up? Did he become a soft-legged shrimp after losing too much true Qi? Haha, then I won't hold back, you can go die!"

Lin Yi didn't want to waste any time. Even if he could recover his Qi in the Jade space, it wouldn't be enough to make up for the loss of Qi, and the injuries in his body could only be healed by half. So Lin Yi waited for the earth Class to finish his sarcastic words before reluctantly coming out of the Jade space and back to reality. He stood up lazily and looked at the earth Class,"Oh, I've actually recovered a long time ago. I just sat on the ground for a while. I thought you wouldn't make it this time, but you're still alive? Then let's try again!"

With that, Lin Yi continued with the third style of the wild fire Fist. The earth Class had just finished adjusting his breath and was still thinking about what to do next when Lin Yi used the fourth style. He almost spat blood!

He thought to himself, do you F \* cking want to die? After suffering such serious internal injuries from the previous head-on confrontation, he still wanted to fight head-on? Couldn't you have exchanged a few moves before activating your martial technique? Even if you don't mind the lack of true Qi, I do!

But Lin Yi's fist was already coming, and the earth Class could only grit his teeth and receive it. Otherwise, he'd probably be crippled by Lin Yi! Even a Mystic mid phase peak wouldn't dare to stand there and let the opponent hit him with the fourth move-he'd definitely be crippled!

"Boom ..." There was another violent collision, and the two were blown away by the Qi again. Lin Yi was sent flying, but this time, the earth Class was in a worse state than the previous two times. His injuries hadn't recovered yet, so this time, he didn't just take a few steps back, he took quite a few steps back

until he reached the corner of the wall behind him. However, this time, he spat out two mouthfuls of black blood ...

Lin Yi, naturally, wasn't any better-his injuries were worse than before, and he was sent flying again. He landed on the ground and spat out a few mouthfuls of blood before quickly entering the Jade space to heal and replenish his energy ...

However, the stamina and injuries he used up every time he used a skill couldn't be replenished in a short time. Lin Yi could only replenish a small part of it every time, but he had to waste a large part of it every time. It reminded Lin Yi of his battle with the thirteenth on the right!

That time, Lin Yi used this kind of strong will to fight against right-hand thirteen, but his martial arts were obviously not on the same level as this Earth Class Man in Black. It could be said that the difference was like heaven and earth!

Lin Yi could guess that this guy was either from an ancient sect or an ancient noble House-there was no way he'd have such a powerful skill, and he wouldn't be able to learn the fourth form at Earth Class mid phase!

All the signs indicated that if this person wasn't a genius, he must be from a wealthy family. Even hidden houses couldn't match up to him.

"Kid, you can't do it this time, right?" This time, the earth Class man didn't get up so quickly to mock Lin Yi. He adjusted his breathing for a long time, and only spoke when he saw that Lin Yi was still sitting on the ground.

After a while, Lin Yi stretched his back and said faintly,"I was about to fall asleep when you finished regulating your breath. You're so slow. I thought you were dead!"

"Bullshit!" "You've vomited more blood than I have!" The earth-rank man said angrily."Stop acting tough! You want to scare me away by pretending to be calm? that's wishful thinking!" Do you think I don't know that you're talking nonsense? If you were fine, why didn't you attack me? You're still a dried bird on the ground?"

"Sneak attacks are so shameless." Lin Yi smiled faintly.

"Just now, you concealed your strength and killed one of my people. Is that not shameless?" The earth Class man was pissed off at Lin Yi-this kid only knew how to fight, what the hell was he fighting for! That's right, he must have done it on purpose. He pretended to be fine to scare me away. How can I let him succeed?

In fact, the earth Class man wasn't wrong-Lin Yi was indeed more injured than him, and that could be seen from the distance Lin Yi flew and the amount of blood he coughed up. But Lin Yi had the Jade, he didn't know.

"Hiding and ambushing are different." "Come on, let's continue. See, I'm so open and aboveboard, whoever sneaks up is an idiot!" Lin Yi said.

The earth Class man was so pissed he wanted to puke blood-he was a mid phase Earth Class, and Lin Yi was talking to him like that! But Lin Yi's words were effective-the mid phase Earth Class had a lot of pride, especially when it came to a weakling like Lin Yi. "What's there to be afraid of, let's just do it!"

And so, Lin Yi's wild fire Fist met the earth Class man's fourth move, and with another loud bang, the two were sent flying again ...

..... Five times, this was the fifth time the two of them had fought head on. Lin Yi felt that his stamina was running out, and his injuries were getting worse and worse. It was starting to affect his normal skills  
.....

Lin Yi looked at the earth Class man. He was also injured and his stamina was decreasing, but he was still an Earth Class mid phase. There was a huge difference in strength between them, so Lin Yi couldn't guarantee that he'd be able to kill him if he kept on wasting his energy!

And now, Lin Yi realized that this Earth Class mid phase was completely different from the earth Class mid phase right thirteen! Lin Yi was able to make the thirteenth on the right run away in fear, but this Earth Class man in front of him definitely wouldn't!

Not to mention that his martial skills were many times better than the thirteenth on the right, even the thirteenth on the right could only activate two martial skills at that time, which was not the same as the earth-grade Man in Black in front of him.

Lin Yi gritted his teeth. He couldn't go on like this, and he couldn't back down. Not to mention that Xu Shihan would be in danger if he backed down, but this Earth Class man was going to take revenge on the people around Lin Yi, and Lin Yi couldn't let him go so easily!

### **Chapter 2003: Very moved!**

Hence, Lin Yi needed to think of a countermeasure. Without a countermeasure, it would be very difficult for Lin Yi to defeat the earth Class Man in Black!

While healing and replenishing his energy, Lin Yi's mind was spinning, trying to think of a way, but in the current situation, Lin Yi didn't have any other way. His strength wasn't enough, his martial arts wasn't enough, his practitioner's Arts ... Right, practitioner's Arts!

Lin Yi had been using the first stage of the art of Dragon mastery to heal and replenish his strength, but he'd never used the second stage for this. It was because the first stage was more pure, and there was no need to use the second stage, so Lin Yi only used it for training and nothing else.

With that thought, Lin Yi quickly turned the first stage of the art of Dragon mastery to the second stage. In the next moment, Lin Yi's injuries recovered at two to three times the speed from before, and the lost pure Qi in his body also recovered at a much faster speed than before!

This situation made Lin Yi overjoyed! He was overjoyed, but at the same time, he couldn't help sighing at how stupid he was-he wouldn't be in such a terrible state if he used this method to recover his energy and heal himself! At least he wouldn't be at a disadvantage in a head-on fight like this!

Of course, today's situation was completely accidental-this Earth Class man came with a purpose. If it were someone else, they wouldn't fight Lin Yi with such a powerful skill!

But if he couldn't get past Lin Yi, then he wouldn't be able to kill Xu Shihan. Lin Yi, on the other hand, started off with a head-on fight, completely using a life-or-death method. The earth Class had no way to deal with him. If he didn't fight, he couldn't Dodge, could he? Even if he dodged, it would only be one time-he'd be in danger if Lin Yi made a feint and then a real move the next time!

Plus, he had the pride of an Earth Class mid phase-he didn't want to show weakness in front of an Earth Class early phase. He was two levels higher than him, why did he have to Dodge?

But the most important thing was that the earth Class thought that he was stronger than Lin Yi, and if this continued, the first one to die would be Lin Yi. In fact, after five consecutive collisions, if Lin Yi didn't realize that the second stage of the art of Dragon mastery could heal and replenish his energy faster, he would've died for sure after a few more times!

"Kid? This time, it won't work, right? I think you'll be dead if you fight two more times. If you obediently kowtow and admit defeat now and get out of my way, I'll let you and your family go. How about it?" The earth Class was a little stronger than Lin Yi, but not by much. At most, he was on the same level as Lin Yi after using the second stage of the art of Dragon mastery to heal and replenish his energy. If he continued like this, he'd die in a few moves, but he'd be exhausted eventually.

And so, the earth Class man said this to test Lin Yi, to see if his guess was right. If Lin Yi really was an Earth Class early phase, then no matter how strong he was, he'd be dead in one or two more hits.

"I said we won't stop until we die. Let's continue!" Lin Yi stood up and smiled at the earth Class.

Now that things had come to this, there was no way Lin Yi would let the earth Class man go. Putting aside the fact that he didn't have any credibility, and whether or not he would let his family go, he couldn't just leave Xu Shihan alone!

Plus, the earth Class had to die-he already knew his strength, and once he went back and spread it to his enemies, his true strength would be exposed. Would the family that he killed just let it go?

So no matter what, he could not compromise.

The earth Class man wanted to ask Lin Yi if he was a cockroach or something. Why did he come again? You're an Earth Class early phase, how are you still alive? Are you really an Earth Class early phase? Although the earth Class man was suspicious, he was sure that Lin Yi was at the early phase of the earth Class. Otherwise, Lin Yi would have to be crazy to hide his strength in a situation like this!

Xu Shihan covered her mouth, crystal tears silently flowing down her beautiful face. Lin Yi didn't need to care about her at all. If Lin Yi had the strength to kill her easily, he would've done it without a doubt.

But now, Lin Yi was clearly no match for his opponent. He was fighting with his life, getting hit again and again and spitting blood. He stood up again and again, smiling and saying,"let's do it again!"

Shihan was so touched that she wanted to cry-she'd lost the love of her parents since she was young, and this was the first time someone treated her so well! She wanted to tell him to leave, but she didn't dare to make a sound to distract him!

Xu Shihan wasn't a practitioner, but she could tell that this was a real clash of strength between the two. One mistake and he would die a horrible death ...

She'd always treated Lin Yi as a person who wanted to repay a debt of gratitude—he'd cured her headache, and she was grateful for that. But that was just gratitude—they could only be considered friends at best.

Of course, Xiaoxiao and Tang Yun's relationship with Mengyao and Yushu was also a factor. She was on good terms with Lin Yi too.

Lin Yi's performance was beyond that of a normal friend, so how could Xu Shihan not be touched?

In fact, Lin Yi only did this because he was the one who hired Xu Shihan, so he had the responsibility to protect her. Plus, this Earth Class threatened Lin Yi to kill the people around him, so how could he let him live?

Feng sanhuang's expression was very serious as well. He was very grateful to Lin Yi, but he knew that with his skills, he wouldn't be able to help! Feng sanhuang watched as Lin Yi fell over and over again, getting back up again and again. He even thought that if he could replace Lin Yi, he would die for him ...

It was Feng sanhuang's duty to protect Xu Shihan, but to Lin Yi, it wasn't his duty or obligation. He was just doing it for the sake of a friend ...

Cheng Yiyi's eyes were filled with fear as she looked at the scene in front of her, not knowing what to do ...

Six times, seven times, eight times ... Lin Yi wasn't having an easy time now, but the earth Class Man in Black wasn't having an easy time either!

He vomited blood as he wondered why Lin Yi was still alive. Why was he still able to stand up and fight with him? If Lin Yi was an Earth Class early phase, he should be dead by now. Even if he wasn't, he wouldn't have the energy to fight him. How did he do it?

#### **Chapter 2004: unwilling!**

When Lin Yi used the "fourth form" as an early Earth Class, the earth Class man already found it strange, and now he was even more confused ... Of course, the fourth form was only the third form.

"Kid, we're always using the fourth form to meet force with force, isn't that a bit too unremarkable? Why don't we change a few moves? This is too boring ..." The earth Class man was finally scared. He was afraid that if Lin Yi continued, he wouldn't be able to last much longer. Under normal circumstances, he could only use the fourth form around ten times, and even if he used "lucky break," it would only be fifteen times. It was already eight times now. If Lin Yi could still fight, what would he do?

Lin Yi, on the other hand, didn't want to keep going like this. The third style was powerful, but it wasn't as powerful as the first, second, and third style. Lin Yi couldn't hold on much longer, and even with the second stage of the art of Dragon mastery, he could only hold on for five or six more times. He didn't know what to do, and the other party made such a request. How could he refuse?

"Alright, then let's start from the second move. But don't you try to cheat!" Lin Yi said. His first move was equivalent to the second move of the earth Class man, so Lin Yi could only start from the second move.

“I’m afraid that you’re cheating!” The earth Class man nodded, but he was confused as to why Lin Yi would start from the second form. In that instant, he understood that even Earth Class Men in Black knew how to start from the first form, and the second and third forms would be more powerful than if they were used alone. The second form wouldn’t work, so Lin Yi probably suggested it because he didn’t want his skill to be stronger.

However, the earth-ranked Man in Black rarely practiced the first, second, and third moves in succession, so it didn’t affect him much.

“Alright, let’s start!” Lin Yi circulated his Qi and used the first form of the wild fire Fist, attacking the earth Class man ...

At the same time, the earth Class man activated the second form of his frost spike, heading towards Lin Yi ...

“Boom ...” A loud sound was heard as the two of them retreated ...

But Lin Yi didn’t want to stop using his skills, and so he didn’t stop after spitting out blood. He quickly and continuously used the second style of the fist to meet the earth Class man ...

The earth Class man didn’t think that Lin Yi would skip the rest of the time and only take the “third form” at him. He didn’t even dare to rest anymore and used his third form to counter it ...

“Boom ...” There was another loud noise, and the two men spat out blood again ... But this time, the earth-grade Man in Black retreated more than before, and spat out more blood ...

The earth Class man was a little confused-Lin Yi’s third move seemed pretty strong? Did he use the fourth move? However, he shook his head. This shouldn’t be the fourth move, because the power of the fourth move was even greater than this!

But why did Lin Yi’s third move seem to be stronger than his? In fact, Lin Yi was only at the second form. Even if it was infinitely close to the third form of the earth Class, it was still not as strong as the third form. The reason why the earth Class thought it was strong was because it was derived from the first form, so it was stronger than the normal second form.

However, before the earth Class man could think about it, Lin Yi’s “fourth form” was already here! The earth-ranked man was speechless. ‘Do you want to die if you don’t rest?’ But Lin Yi’s fist was already coming at him, and he couldn’t sit down to rest, but he didn’t want to meet it head on ...

He realized that Lin Yi’s fourth style was even stronger than before-it was at least twenty percent stronger! What was going on? Lin Yi didn’t calm down, but kept on attacking, and he became stronger?

Could it be that there was someone who could also produce stronger and stronger moves after practicing from the second move? I’ve never heard of it.

The earth Class man’s blood was boiling-as far as he was concerned, if he took this move head on, he’d be in a really, really bad state. This was different from before-he had time to adjust his breathing before, but not now. Lin Yi’s move was even stronger!

With that thought, the earth Class man's eyes turned, and he pretended to throw a punch at Lin Yi, but in reality, he stomped on the ground and used the force to send himself flying, landing at the foot of a wall not far away ...

It was embarrassing to Dodge like this, especially for an Earth Class mid phase-he didn't dare to take on an Earth Class early phase's attack, but the earth Class man didn't want to think about it anymore!

He even regretted fighting Lin Yi so many times in the first place-he should've dodged a few times and used up some of Lin Yi's energy! However, he didn't do that because of his confidence as an Earth Class mid phase. Now, he couldn't care so much ...

Lin Yi's heart sank and his face changed when he saw the earth Class man suddenly move back! The third style was his Ace, and he'd been practicing the first and second style all this time without stopping to make the third one stronger. If the third style were to hit an Earth Class, Lin Yi was confident that he'd be able to heavily injure them!

Lin Yi had been holding on the whole time-he didn't stop healing even when he'd sustained serious internal injuries from the first and second forms, choosing to continue.

As long as the earth Class was heavily injured, Lin Yi would have the absolute advantage, but he didn't expect the earth Class to retreat at this critical moment, not taking the third move head-on ...

Lin Yi frowned, his heart full of regret. The third move had already been activated, and it was impossible to stop now ...

Helplessly, Lin Yi could only use the third form with regret. Although Lin Yi had tried his best to chase after the earth Class man, most of the power of the third form had dissipated. When Lin Yi arrived in front of the earth Class man, only a small amount of hot fire swept across his body. This little amount of fire might be fatal to ordinary people, but it was nothing to the earth Class man. He couldn't even cause a small injury.

Lin Yi didn't want to give up. Yes, there was a deep unwillingness in his heart! (To be continued.)

### **Chapter 2005: The fourth move of wild fire Fist!**

The three martial skills that he had so painstakingly planned to use in succession had actually been neutralized by the earth-grade Man in Black with a retreat! Previously, he had gritted his teeth and persevered despite his injuries, but in the end, he had failed at the last step!

Lin Yi's eyes were on fire at the thought, and for some reason, he activated the fourth style of the wild fire Fist ... This was the style that he'd failed to activate many times before, but for some reason, he gritted his teeth and activated it again in this situation ...

When he'd been training in the past, he'd always felt like he couldn't use the strength from his heart to the fourth after finishing the third form, and he'd be forced to disperse the Qi and aura he'd gathered together, ultimately failing ...

But this time, Lin Yi's face was extremely serious. He activated the fourth move again, facing the earth Class Man in Black, and stepped out!

After that, the Qi in Lin Yi's body rushed towards his right fist in an extremely crazy way. At this moment, the heaven and earth Qi around Lin Yi seemed to be moved as well, circling around his head and body ...

Lin Yi's hands quickly formed a seal, forming a very strange posture. Under the earth class's shocked expression, he threw out the fourth form of the fist of raging fire!

When the unbelievably strong Qi of heaven and earth was absorbed by the first three forms of Lin Yi's raging fire Fist, he finally took the last step, the fourth form! All of this seemed to be done in one go, without any obstacles.

In the past, when he was practicing the first three moves of the wild fire Fist and was about to use the fourth move, he would fail at the last moment.

It wasn't that Lin Yi wasn't working hard or anything, but his cultivation wasn't enough.

Although he could get infinitely close to the minimum requirement to perform the fourth move by stacking his momentum from the first move, infinitely close didn't mean that he could completely meet it, so he still couldn't.

However, it was different this time. When he used the third move of the wild fire Fist, the challenge to the limit became his greatest help.

His body seemed to have turned into a ball of fire at this moment. He pushed all his aura to the limit and successfully launched the fourth move of the wild fire Fist!

In that instant, the earth Class man's eyes were filled with fear. The moment Lin Yi's fist was about to land on him, he activated the fourth form of the frost spike to meet Lin Yi's attack!

At this moment, he wanted to Dodge again, but he was already at the foot of the wall. There was no way to hide. He had no choice but to take it head-on ... But the next moment, a deep look of horror flashed through his eyes."The fifth form ... How is this possible ..."

However, before the man could finish his sentence, he was sent flying by a huge force. However, the distance he could fly was very limited, and he was directly hit by Lin Yi on the cement wall behind him. His body smashed into the cement wall, and the cement wall collapsed. A super big hole appeared on his left hand and left chest, from Lin Yi's fourth move of the wild fire Fist ...

Those words were the last words of the earth-grade Man in Black ...

He died with his eyes wide open! He didn't even know how he died. Why did Lin Yi suddenly use the fifth move? what was the reason? And Lin Yi was only an Earth Class early phase ...

However, all of this was meaningless, because he was already dead ...

The earth Class man's death didn't bring much joy to Lin Yi. On the contrary, Lin Yi's expression was extremely serious. The heaven and earth ling qi around Lin Yi was getting more and more dense, because Lin Yi could feel that he was about to break through!

The moment he used the fourth form, Lin Yi felt that he was about to break through, but he forced himself not to absorb the spiritual Qi or enter the Jade space. He carefully controlled the rhythm of his body and used the fourth form of the fist ...

Under the pressure of the fourth move of the wild fire Fist, the fourth move of the earth-grade Man in Black's ice-cold snow spike was broken without any resistance. Such a victory was completely lucky and a narrow victory! If it wasn't for the fact that the earth Class man didn't dare to face Lin Yi's third style head on, Lin Yi's third style wouldn't be able to fully explode and release, and he wouldn't have been able to switch to the fourth style so smoothly.

But if the earth Class man knew that it was because of his escape that Lin Yi used the fourth move and broke through, he'd be so depressed that he would die again.

The reason why he was able to use the fifth style was because he was in a dangerous situation, and his potential was stimulated. He was also about to break through at the same time, so he was able to use the fourth style.

All of these conditions were indispensable.

After killing the earth Class, Lin Yi didn't even check if the earth Class was Dead or Alive. He sat down cross-legged on the ground, activated the second stage of the art of Dragon mastery, and entered the Jade space ...

At this moment, the Qi above Lin Yi's head was getting thicker and thicker. Of course, only practitioners could sense this, and Xu Shihan and Cheng Yiyi only felt that there was some strange air flow nearby, but nothing else.

"Could it be that he's about to break through?" Feng sanhuang didn't think that Lin Yi could kill an Earth Class mid phase as an early phase. Not only that, but it seemed like Lin Yi had broken through the limit of his body's potential during the battle and was about to level up!

With that thought, Feng sanhuang quickly turned to Xu Shihan and Cheng Yiyi, "Don't move, stand behind me. Brother Lin is about to break through, I'm going to protect him!"

"Ah ... Okay ..." Xu Shihan didn't understand what Feng sanhuang was talking about, but she could see the situation clearly. Lin Yi's enemy was defeated, and there was a big bloody hole in his body. He couldn't be more dead.

Now that Lin Yi was out of danger, she let out a breath of relief. At the same time, she admired Lin Yi even more, and even worshipped him! From the words of the earth Class man, it was clear that Lin Yi was at a disadvantage, but even so, he could still get up from falling again and again, turning the tables and creating a miracle!

Cheng Yiyi's eyes, on the other hand, were filled with fear as she looked at Lin Yi and the dead man in the corner, unable to speak ...

### **Chapter 2006: Earth Class early phase peak**

After Lin Yi entered the Jade space, he started to absorb the heaven and earth spiritual Qi in the Jade space like crazy. His body was like a huge sponge, and the energy endlessly poured into his body. This was completely different from the slow absorption speed before.

It was also Lin Yi's first time using the second stage of the art of Dragon mastery to break through. He felt that the speed at which he absorbed the Qi of heaven and earth was much faster than the first stage, and he could absorb more Qi in the same time.

The sudden influx of pure Qi was a bit too much for Lin Yi to handle! Lin Yi took a deep breath and gritted his teeth. He didn't switch to the first stage of the art of Dragon mastery, but continued to the second stage quickly. He felt that the first stage couldn't break through the shackles, and the second stage was the right choice.

Lin Yi closed his eyes and carefully controlled the Qi that entered his body, guiding it to flow and circle in his meridians. After the Qi entered his meridians, it seemed to have a life of its own, and under the second stage of the art of Dragon mastery, it went back and forth in his meridians!

This feeling was very comfortable for Lin Yi-the Qi in his meridians seemed to have merged with the Qi in his body with every step they took, forming a unified flow. This was completely different from before when he broke through to Earth Class-the first stage of the art of Dragon mastery didn't allow him to drive the Qi back and forth in his body, it only required him to absorb it ...

The good thing was that the Qi He absorbed was now merging with his original Qi, and the Qi He had was now more vast and full of energy. It made it easier for Lin Yi to break through the bottleneck of Earth Class early peak!

However, breaking through to Earth Class was obviously more difficult. As more and more Qi entered his body, Lin Yi felt like he was being burned by fire and was about to explode. This feeling was extremely torturous, and there were a few times when he wanted to give up, but he gritted his teeth and persevered.

Lin Yi understood that training was like rowing a boat against the current-if he didn't advance, he'd fall back. If he gave up now, it'd be hard to try again. After all, breaking through in a battle like this was hard to come by-he didn't know when he'd be able to do it again if he gave up ...

So no matter what, Lin Yi had to hold on!

All of a sudden, Lin Yi felt the meridians in his chest shake as if they had broken through a blockage. His body shook violently, and with a "PU" sound, he spat out another mouthful of black blood. This situation shocked Feng sanhuang, Xu Shihan, and Cheng Yiyi who were not far away. They didn't know what was wrong with Lin Yi, but they didn't dare to disturb him ...

Lin Yi wasn't actually feeling any pain. On the contrary, the rapid flow of his Qi forced out the blood clots in his body, and his body's injuries were gradually recovering under the flow of Qi. The second stage of the art of Dragon mastery seemed to be able to heal his injuries during the breakthrough. It was a little painful, but it was indeed very magical!

After spitting out a mouthful of blood, Lin Yi's chest felt much better. The vast amount of pure Qi in his body had already started to break through the bottleneck. It was slowly moving forward in his meridians, gradually filling up!

Lin Yi carefully absorbed and controlled the Qi in his body, allowing it to flow into every Meridian in his body. Where the Qi flowed, it quickly merged with the previous Qi, healing the nearby injuries.

Some of his injuries were more serious, while others were lighter. It was as if he was walking on a tightrope—he had to be extremely careful, and he used the art of Dragon mastery to guide his Qi as he moved forward ...

At this moment, Lin Yi's body was soaked in sweat and blood, looking extremely miserable. Lin Yi was like a man made of blood, and if it weren't for his rhythmic breathing and heartbeat, Lin Yi's body was very healthy. Anyone who looked at him from afar would think that he wouldn't live for long ...

Lin Yi slowly, slowly circulated his Qi, and finally, he completed a full cycle of Qi, and all his injuries were healed!

However, the energy from the space in the Jade didn't stop pouring in, so Lin Yi didn't dare to relax at all. He continued to channel the second stage of the art of Dragon mastery.

Under Lin Yi's guidance, the Qi started the second cycle ... Slowly from the beginning to the end, Lin Yi suddenly realized that the Qi in his body had reached an unbelievable level. At the same time, Lin Yi felt like his entire body was exploding. After a loud "boom" in his ear, he felt an unprecedented sense of ease!

He had finally broken through!

At that moment, Lin Yi was already Earth Class early phase peak!

"Hu!" Lin Yi let out a long breath, feeling full of energy. He had never felt so relaxed before, and it was very comfortable.

As Lin Yi let out a breath, he slowly opened his eyes, and he was back to his usual self.

The moment Lin Yi broke through, Feng sanhuang let out a long breath of relief. He was also a practitioner, and although his level wasn't as high as Lin Yi's, he knew what it was like to break through. He immediately cupped his fists excitedly when he saw Lin Yi open his eyes, "Congratulations, brother Lin—you've taken another step forward on the path of practicing, now Earth Class early phase peak!"

"Ha, thank you for your hard work!" Lin Yi nodded at Feng sanhuang. Although Lin Yi was in the Jade space before, he knew that Feng sanhuang was always outside protecting him, so Lin Yi was very grateful to Feng sanhuang.

"Brother Lin, what do you mean? you've risked your life for us, and I've only done my part. What's the point of suffering?" Feng sanhuang immediately shook his head, "If it wasn't for you, miss Xu, miss Cheng, and I wouldn't have been able to escape from the black-clothed man's evil claws ..."

From Feng sanhuang's point of view, Lin Yi could have just left, but he didn't. He even risked his life to let the earth Class stay. He was very touched by this kindness.

"I'm the one who hired her. If anything happens to her, I'll feel bad. Unless I'm dead, I can't just sit by and do nothing." Lin Yi was a man of persistence, a persistence towards his friends and family.

### **Chapter 2007: someone came?**

Of course, Lin Yi wouldn't die, and if he really didn't have a choice, he'd try to escape with Shihan and the others.

“Lin Yi, thank you!” Xu Shihan looked at Lin Yi and said seriously, “I don’t know how to thank you, but I can only say this one word out of all the words I have to say!”

Xu Shihan was speaking from the bottom of her heart. A moment ago, she thought of Lin Yi as just a good friend, but now, he was a friend that she could give her heart and even her life to! There was no way to repay the favor of saving his life.

Money and favors were not as important as life! Xu Shihan believed that if Lin Yi asked her to give herself to him at this moment, she would agree without hesitation! The story of a hero saving a damsel in distress was a bit cliché, but since ancient times, the damsel in distress loved the hero. Xu Shihan couldn’t say that she fell in love with Lin Yi in that instant, but she had a good impression of him from the bottom of her heart.

So she wouldn’t mind giving herself to Lin Yi-of course, she was just joking. Lin Yi already had two girlfriends, and even Chu Mengyao and Chen Yushu had an ambiguous relationship with him. He didn’t need her.

“You’re welcome,” Lin Yi said as he stood up.

“Uh ...” Xu Shihan didn’t expect Lin Yi to say that so easily, “Although I don’t know how to repay you, I will do my best no matter what you say ...”

Feng sanhuang looked at Xu Shihan and hesitated, but he didn’t say anything.

If Lin Yi was a perverted guy, he would definitely make a huge request for a superstar like Xu Shihan to make a promise like this. Feng sanhuang wanted to remind Xu Shihan, but he felt that it was unnecessary. If Lin Yi was really that kind of person, then he was wrong!

“Haha, sure. Yaoyao and Shu are both your fans, so you can come whenever they miss you.” Lin Yi smiled faintly and said nonchalantly, as if he didn’t care about Xu Shihan’s promise.

“Of course, no problem. It’s a small matter. We’re good friends. This isn’t a request.” Xu Shihan naturally wouldn’t use this as a condition to repay Lin Yi.

“That’s right, why don’t you quickly take a look at the face of that black-clothed man and see who he is?” Lin Yi suddenly remembered the masked man in Black. Since he was masked, he must be afraid of being recognized. It was more likely that Xu Shihan and Feng sanhuang knew him.

“That’s right, this is the main thing!” Feng sanhuang nodded and quickly walked towards the Man in Black. He wanted to pull off the mask, but his hand stopped halfway and he said in shock, “Corpse powder!”

“Corpse powder?” Lin Yi blinked, not understanding what Feng sanhuang meant. He followed him, but when he saw the man’s face, he frowned, “As expected ... It’s corpse powder!”

Lin Yi wasn’t unfamiliar with corpse powder from his previous job-it was a type of powder that quickly rotted the skin and bones, instantly corroding that part of the body. Of course, this wasn’t the most powerful type of powder-even more powerful ones could corrode an entire body with just a little bit.

At this moment, the black-clothed man's face was in such a state. It had been completely corroded, even more than half of the bones had been corroded. Under the black mask, there was a yellow liquid that emitted a rancid smell. It was disgusting.

Xu Shihan and Cheng Yiyi, on the other hand, only took one look at it, and they felt nauseated.

"What's going on? Did someone come here when I was healing and breaking through?" Lin Yi frowned, but he was pretty sure that there was no one else in the alley other than the four of them.

Lin Yi would've been able to sense an unfamiliar presence, but he didn't.

"I don't think so ..." Feng sanhuang frowned, then shook his head in denial. "When you were sitting cross-legged on the ground, the four of us should have been in the alley ..."

"The four of us? "I don't think anyone would do that-this Earth Class probably bit open a capsule in his mouth or some mechanism on his mask before he died ..." Lin Yi thought back to the mystic late phase peak on the highway-he was able to blow up his own head, so it wasn't surprising that the earth Class could destroy his own face.

"It should be like this!" Feng sanhuang nodded. Although Xu Shihan and Cheng Yiyi were walking around in a hurry, there shouldn't be anyone else in the alley.

"Look at the other one!" Lin Yi pointed at another Man in Black not far away, but Lin Yi's eyes were better. He shook his head in disappointment, "It should be done for, there's no need to look ..."

Feng sanhuang didn't want to give up. He walked over and looked again. As expected, he found that the other Mystic was also unrecognizable. He couldn't recognize him.

"I can't take it anymore, these people are really incomparably cunning!" "We don't even know who they are now, how despicable!" Feng sanhuang said hatefully.

"Forget it. I'll get someone to deal with the bodies. Then, we'll go and identify the previous bodies." Lin Yi said.

"Oh? You have connections?" Feng sanhuang was delighted after hearing Lin Yi's words.

"Yang huaijun from the police station is my good friend." Lin Yi said.

"But ... As far as I know, the bodies have already been transported to the supernatural Investigation Bureau ..." Feng sanhuang said with a bitter smile, "We need to find someone from the supernatural Investigation Bureau ..."

"Ah, my father-in-law is ..." Lin Yi shrugged and smiled.

"Father-in-law?" Feng sanhuang was stunned.

"Feng Xiaoxiao's father, Feng Tianlong," Shihan explained, understanding the situation.

"Feng Tianlong ... Hiss ..." Feng sanhuang gasped in shock.

"What's wrong?" Lin Yi and Xu Shihan were curious about Feng sanhuang's expression.

“Nothing ... I’m just surprised that brother Lin’s father-in-law is actually from the supernatural Investigation Bureau.” Sanhuang said with a bitter smile.

“Oh, I’ll give him a call now.” With that, Lin Yi called Feng Tianlong and told him what happened here. As expected, the bodies had been transported to the supernatural Investigation Bureau, but up until now, no force had claimed or admitted that these people were related to them.

### **Chapter 2008: No need to find an excuse**

Feng Tianlong also said that he would immediately send people to take the two bodies away and continue to investigate the family or sect behind the scenes.

Lin Yi told Tianlong to send him the photos of the Men in Black who weren’t disfigured. When Lin Yi received the message, he showed the phone to Feng sanhuang.

“I don’t ...” Feng sanhuang looked at it for a long time before shaking his head. “I don’t know these people, they’re all unfamiliar faces.”

Lin Yi wasn’t surprised by sanhuang’s answer at all. After all, these people didn’t even bother to cover their faces, so they obviously weren’t afraid of being recognized or investigated. They were all small characters, so it was normal.

“Forget it, let’s wait for uncle Feng and the others.” Lin Yi said.

Not long after, a car with a special license plate drove onto the pedestrian street in a low-key manner. However, even though it was very low-key, it was still very abrupt for a car to appear on the pedestrian street. However, this could not be helped. To transport the bodies, they could not just send someone over to carry them away, right?

The car was stuck at the alley, and Tianlong got out of the car with a few Men in Black. He had been dealing with the drug dealers in Donghai city these days, so he came here quickly.

“Uncle Feng!” Lin Yi greeted.

“Yi, I’ve been busy these few days. I’ll have dinner with you another day. I’ll take these two bodies away first, and I’ll let you know if there’s any news ...” Although Feng Tianlong said this, he knew in his heart that he wouldn’t be able to find anything.

It had been so long, and no family or sect had come forward to claim the bodies. It was obvious that they didn’t want to claim them. From the way their heads were damaged, it could be seen that these people didn’t want others to know their identities.

“Alright, uncle Feng!” Lin Yi nodded.

Feng Tianlong quickly ordered two fully armed men to carry the two bodies, which were covered in body dissolving powder, into the car, and then drove away from the scene.

Xu Shihan and Cheng Yiyi, on the other hand, didn’t have any desire to continue shopping anymore. After such a huge incident, both of them wanted to go back to their rooms and rest.

However, he didn't allow her to go back to the hotel. He invited her to stay at his villa instead. After all, he was afraid that something might happen at night. Who knew if the other party would send another master to cause trouble?

Xu Shihan didn't want to trouble Lin Yi anymore but Feng sanhuang said, "In that case, I'll have to trouble brother Lin. I can't thank you enough for your great kindness!"

Xu Shihan didn't know whether to laugh or cry at Feng sanhuang's words-she didn't even agree, but Feng sanhuang was even more anxious than her and agreed first. Xu Shihan couldn't reject him anymore, so she nodded, "Okay, I miss Yaoyao and Shu too, let's go see them."

Lin Yi's body was covered in blood, and so the four of them returned to the parking lot under a lot of surprised gazes. No one dared to approach them and question them, and with Xu Shihan and Cheng Yiyi wearing large sunglasses and Feng sanhuang's cool look, many people thought that these four weren't good people-they were people from the underworld, and no one dared to mess with them.

Feng sanhuang sent Lin Yi and Xu Shihan back to their villa in xueshang District, while he drove Cheng Yiyi back to xueshang hotel.

Mengyao and Yushu opened the door and saw Shihan-they were both surprised and happy.

"Sister Shihan, Shu and I missed you!" Chu Mengyao welcomed Xu Shihan into the house passionately but when her eyes fell on Lin Yi, her whole body suddenly trembled, "Lin Yi, what's wrong?"

"It's nothing. I just got into a fight with a criminal and got some blood on me." Lin Yi didn't want Mengyao and Yushu to worry, so he made it sound like it was a simple thing.

"Are you really fine?" Mengyao blinked and looked at Lin Yi suspiciously. After all, Lin Yi's condition was a bit too bad. His clothes were torn in several places, and he was covered in black blood. Even his face and the corner of his mouth were covered in blood. Mengyao couldn't help but wonder if Lin Yi had some serious internal injuries.

"I'm really fine." Lin Yi nodded.

"Let detective Shu examine it." Chen Yushu ran over and started touching Lin Yi's body left and right.

"Ahem ... Shu, if you want to take advantage of Lin Yi, just say it. There's no need to use the excuse of a checkup, that's a weird uncle's trick." Mengyao was speechless at Yushu's actions.

"Wow, shield bro's muscles seem to have gotten a lot stronger. After Shu 007's inspection, shield bro's unscathed ... Oh, it should be his upper body, his lower body hasn't been checked yet." Chen Yushu looked at Lin Yi's lower body curiously.

"Alright, Shu, stop! Sister Shihan is here, can't you be a little more normal?" Mengyao was speechless, but Lin Yi seemed fine, and she relaxed.

"I'm very normal, aren't I?" Yushu asked, confused.

"Haha ..." Shihan started laughing too. Yushu had always been like this, always doing things that were unexpected.

“You guys have fun, I’m going to take a shower.” With that, Lin Yi got up and walked back to his room. He was covered in blood and sweat after breaking through, and Lin Yi didn’t feel very comfortable,”Then I went straight to bed. You guys should rest early too. Han still has to help me with the rehearsal tomorrow.”

“Alright,” he said. Xu Shihan smiled and nodded at Lin Yi, her eyes full of gentleness and admiration.

Chen Yushu looked at Lin Yi’s back and looked at Xu Shihan with a weird expression,”“Wait, something’s not right. Shihan sis, there’s something going on between you and shield bro!”

“What ... What’s wrong?” Shihan was thinking back to how Lin Yi stood up and attacked her again and again, and her face reddened and she started stammering.

Mengyao was just about to yell at Shu-Xu Shihan was a superstar, how could she have anything going on with Lin Yi? But seeing Shihan’s stammering face, he was a little confused-did something really happen between them?

So, he didn’t continue the words that were on the tip of his tongue, and looked at Xu Shihan suspiciously.

“Oh, so there’s an affair going on. Shihan sis, where did you and shield bro go? Did you push shield bro down already?” Yushu looked at Shihan with a sneaky look in her eyes.

“Ah? How is that possible?” Xu Shihan said subconsciously.

“Then what’s wrong with you guys? Why do I feel like something’s wrong?” Yushu continued.

### **Chapter 2009: an Jianwen is here**

“Alright, alright, I’ll tell you guys, but don’t tell Lin Yi that I told you guys. He doesn’t seem to want you guys to know ...” Xu Shihan was helpless. In order to clear her relationship with Lin Yi, she had to be honest with Chu Mengyao and Chen Yushu.

“You don’t want us to know?” Mengyao furrowed her brows. She didn’t know why, but she wasn’t very happy. Was there something between Lin Yi and Xu Shihan that they were hiding from her? Even if Xu Shihan was a star that she liked, Chu Mengyao still felt a little uncomfortable when Lin Yi was involved.

“It’s like this ...” Xu Shihan sat on the sofa, lowered her voice, and told him everything that happened. Xu Shihan was a big star, so her eloquence was naturally first-class. Even if it wasn’t as vivid as Chen Yushu’s story, she didn’t leave out any details ...

When she said that Lin Yi fell and got back up again, Xu Shihan couldn’t help but shed tears,”“I’m so touched, I didn’t think that Lin Yi would risk his life to protect me. We’re just a couple of normal friends, he ...”

Chu Mengyao and Chen Yushu were silent as well. The two of them were also shocked by the news. Fortunately, Lin Yi had returned with a complete victory. Not only did he recover from his injuries, but he also used this opportunity to break through. This was a great thing.

The two of them knew that Lin Yi had the terrifying ability to heal himself, and they also knew that Lin Yi was a very protective person. Whether it was Xu Shihan, Guan Xin, Tang Yun, the Miss or Shu, Lin Yi would always come forward and save them.

Mengyao and Yushu could understand.

“Lin Yi’s just like that, he’s really, really nice to his friends ...” Chu Mengyao sighed, “But fortunately, the danger has turned into safety ...”

“Yeah, Lin Yi’s a good man, you two ... Treasure him ...” Xu Shihan also let out a long breath and said seriously.

“Ah? “We ...” Mengyao blushed, speechless.” Lin Yi has a girlfriend, you know that, Shihan sis ...”

“Hehe, of course I know, but I can more or less tell what you’re thinking. If you two weren’t lining up here, I might have joined in the fun!” Xu Shihan was half-joking, so Chu Mengyao and Chen Yushu didn’t take it seriously.

The two, on the other hand, focused on the first half of her sentence.

“Oh, you’re so good, Shihan-Jie, you can tell that I like shield bro right away!” “But Yaoyao sis, you’re being so reserved. You’re not a simple person!” Yushu said.

“Shu, are you still sleeping? What nonsense are you spouting?” Mengyao glared at her.

“Ah ... I mean ... I mean, Shihan sis, you like shield bro too, don’t you?” Chen Yushu was afraid that Chu Mengyao would hit her so she quickly changed the topic.

“Gah?!” Shihan was already feeling a little guilty, and her face reddened after Yushu’s words. She stuttered, “I ... How could I? I just think Lin Yi’s really good, and I admire him a little ...”

“Oh?”

“Ha?”

Yushu and Mengyao didn’t think that Shihan would admit it! Anyone could tell that Yushu was just joking, but Shihan took it for real and even said that she admired Lin Yi. What did that mean?

A man who could make a superstar worship him, he really wasn’t simple. Could it be that Xu Shihan’s heart was moved by the hero saving the beauty this time?

“You’ve misunderstood, I just think he’s amazing, I’m not in love with him ...” Xu Shihan quickly explained when she saw the expressions on their faces, “And I’m a big star, how can I fall for someone so easily?”

“That’s true.” Mengyao nodded after hearing that.

Lin Yi was so strong, and it was possible that she just admired him. After all, she did admire Lin Yi’s strength and persistence, but she didn’t say it out loud.

Xu Shihan was someone who had seen the world after all. After a brief moment of panic, she easily changed the topic, and the three of them started talking about other things.

Xu Shihan had been to big news conferences before, and she was able to deal with all the tough questions from the media, let alone Chu Mengyao and Chen Yushu.

Lin Yi went back to his room, took a shower, and went back to practicing-he needed to stabilize his strength and level first ...

Mengyao, Yushu, and Shihan, on the other hand, were tired from talking too much. They went upstairs to take a shower and rest.

The Miss and Shu showered together, and although Xu Shihan was already very familiar with them, she was too embarrassed to shower together. She could only wait for them to finish before going to shower alone.

After Mengyao finished her shower, she wiped her body with a towel and asked, "Right, Shu, didn't you ask Lin Yi to get the undergarments? Why didn't this guy give it to us? Don't tell me he's keeping it?"

"Oh, no way. Shield bro isn't that perverted, is he?" "If shield bro likes it, I can give it to you for free." Yushu blinked.

"Ahem ... Maybe it's because han Jingjing came back with us yesterday, so he didn't have the nerve to take it out. And today, he came back with Xu Shihan, so he didn't have the chance to take it out. I'll ask him tomorrow." Mengyao guessed.

"That's possible ..." Yushu said.

In a private room in the restaurant of the learning business hotel.

Today, a small leader of the Firewolf gang in Donghai was holding a banquet for the head of the Firewolf gang in Donghai.

The leader was naturally li biaohan from the eastern sea city industry University, and the new person in charge of the firewolves was an Jianwen! An Jianwen would take over all of the Firewolf gang's businesses and Affairs in the province. He would also stay in Donghai city and continue to find ways to make money.

Li biaohan had brought two friends with him today. One was hidden house Zhuang's Zhuang ni dao, and the other was hidden house you's you Panhu.

These two were people with status, and Li biaohan had them accompany him. It was enough to show how important an Jianwen was to him!

Li biaohan had also heard of an Jianwen's achievements. It was said that an Jianwen was someone who was good at finding ways to make money, and was highly regarded by the Firewolf gang's branch leader. So if li biaohan served an Jianwen well, then his position in the Firewolf gang would definitely rise.

"Brother Wen, welcome, welcome!" Li biaohan waited for an Jianwen to come in and quickly stood up to greet him passionately. Zhuang naodao and you Panhu stood up as well-they both knew the power of the firewolves! (To be continued.)

**Chapter 2010: It's actually them?**

They'd heard li biaoan talk about an Jianwen before. He was the leader of the Firewolf gang in the province, and he was someone the Firewolf gang thought highly of. It was natural for them to want to be on good terms with him.

Of course, they'd heard that an Jianwen was once a member of the an family, but compared to the Firewolf gang, the an family was nothing.

"You're li biaoan, right? not bad, you do look tough!" Jianwen looked at biaoan, satisfied with his respect and enthusiasm. It seemed like he was a smart guy, and was worth training.

"Thank you for the compliment, brother Wen!" After li biaoan finished speaking, he pointed to the two beside him and said, "Let me introduce you to Wen bro. This is the young master of the Hidden House Zhuang, Zhuang naodao, and the future heir of the Hidden House Zhuang! And this is the Hidden House of you's second young master of the right. He has studied alchemy quite a bit. If nothing goes wrong, he will definitely be one of the elders of the Hidden House of the right in the future."

An Jianwen was surprised by their identities. These two were from the hidden houses! If it wasn't for the fact that he was valued by the Firewolf gang and his status rose up, he wouldn't have had the chance to interact with the young masters of these hidden houses. He was just an outer contact of the Firewolf gang and one of the five small houses, an an.

But Jianwen wasn't the same as before-he didn't feel overwhelmed at all. He only replied faintly, "So it's master Zhuang and master you, I've heard a lot about you! This is my follower, Scorpion. We'll be family from now on, so let's get to know each other better. Maybe I'll need your help with something ..."

"No problem, no problem. I heard that brother Wen is good at making money. Master you and I both want to. If master Wen has any good ideas to make money in the future, if you can bring us along, we'll naturally be grateful ..." Zhuang naodao was the future heir of the hidden Zhuang family, and his purpose in coming to school was to learn about family management, so it was naturally best to find some profitable business for the family.

On the other hand, right plate Tiger was purely for fun. He could refine pills. Although he could only refine some low-level pills, he could still sell them for a lot of money. He had never been short of pocket money.

"Hmm ... The business I do, hehe, is illegal. I wonder if the two of you are still interested?" An Jianwen's brain started spinning-it wasn't impossible to get the two young masters of the hidden houses to do some business. With their power, he'd be able to get twice the result with half the effort.

"Ha, we're all cultivators, what are we afraid of!" Zhuang naodao waved his hand and said, "It's fine. When Wen bro has business, just help us out!"

"Since that's the case, good talk, good talk!" An Jianwen nodded.

Li biaoan, on the other hand, said, "Alright, let's sit down and talk. Brother Wen, please take a seat. You'll be the head!"

"Haha, then I'll be impolite to refuse!" Jianwen laughed as he sat on the seat.

After an Jianwen sat down, the dishes were served and the group started to chat. However, since Zhuang niaodao and Yu Panhu were beside li biaoan, an Jianwen didn't say too much about the firewolves. After all, there were some things that he couldn't let them know.

After three rounds of drinks, li biaoan suddenly received a call. He looked at the caller ID and made an embarrassed hand gesture to an Jianwen, ""Our Firewolf gang's little brother ..."

"Hello, I'm Li biaoan!"

"Big brother biaoan, lazi and I were at the antique market yesterday and met two people who seemed to be from aristocratic families. They should be cultivators, but we don't know which family they are from. They're unfamiliar faces, so lazi and I asked around and couldn't find out, so I came to tell you." It was one of li biaoan's lackeys, Aozi, one of the two punks that stopped Lin Yi and Liu Jinghan at the antique market.

"Oh? Did you offend them?" As soon as li biaoan heard it, he knew that ao Zi and La zi had offended the two cultivators who were suspected to be from aristocratic families. After their investigation was fruitless, they came to him for help.

"You can't really say that I offended you, it's like this ..." And so, ao Zi told li biaoan the situation in detail.

"I see. In that case, send me their photos. But according to what you said, I don't think they'll find trouble with you anymore. You don't have to be afraid!" After li biaoan heard this, he comforted her.

The antique market was under the protection of li biaoan's men, and it was also one of li biaoan's usual income. Since it was the stall owner's request, then ao Zi and La zi couldn't be said to have done anything wrong.

It was just that they were a little scared after not being able to find out the background of the two people, so they called him for help.

"Okay, big brother brawny, I'll send it to you now!" Aozi said hurriedly.

After hanging up, li biaoan explained to an Jianwen, "It's an antique market under the Firewolf gang's protection. Two of my men seemed to have offended two people from aristocratic families yesterday. They should be cultivators. They didn't know their background and were afraid that they would take revenge, so they came to me for help ..."

With that, li biaoan explained the situation to an Jianwen.

"Your two little brothers are really careful. However, the matter has been resolved. The stall owner has given them two medicinal cauldrons. They should be fine." Jianwen said.

"A medicinal cauldron?" You Panhu was slightly stunned. There weren't many alchemists to begin with. These two people were cultivators, and they went to buy medicinal cauldrons. Could they also be alchemists? However, which family's Alchemist didn't have their own medicinal cauldron and would go to a stall to buy a broken imitation medicinal cauldron?

Shaking his head, you Panhu said: "it's probably two disciples from aristocratic families who want to study alchemy for fun. Generally, even the lowest-level Alchemist would not go to that kind of place to buy medicinal cauldrons."

"Haha, yeah, I forgot that younger brother you is an expert in this area!" Li biaohan laughed and nodded. As he spoke, his phone beeped twice. He had received a message.

Li biaohan opened the messages on his phone. With just one look, he could tell who one of the people was!

"Shit, isn't that Lin Yi?" Li biaohan pointed at the phone screen and said.

"Lin Yi?" Zhuang naodao didn't think much of it, but when you Panhu heard the name, he immediately leaned over and looked at li biaohan's phone screen. He immediately recognized the two people on the screen. "They're our classmates. One's Lin Yi, and the other's Han Jingjing. They seem to be on good terms ..."
