

Bodyguard 201

Chapter 201 – Intermittent Psychosis

Kang Xiaobo, Tang Yin, and Liu Xinwen stared in shock.

This was how it was with Fens sickness- shed hallucinate and go crazy for a while before settling down, falling asleep and forgetting everything that had happened after waking. Her suicide attempt this time around was but one example.

Lin Yi sighed faintly, it was intermittent psychosis. Fen had had a very serious emotional trauma, and that had developed into a sickness- it had worsened to this point due to a lack of proper treatment.

Yet intermittent psychosis was different from a mental illness: it was just a symptom, something that could be cured completely with proper guidance and acupuncture.

Huiping looked at Xiaobo after hearing Kang Zhaomings name- a confused look on her face.

They did look alike Huiping frowned as she recalled the suicide scene- so that was why Fen jumped, it was because of this Xiaobo!

Although, it seemed pretty ridiculous to blame Xiaobo for being born with that face- the guy was her daughters savior, and she shouldnt be hating him at all.

You still love me, dont you? Zhaoming? Fen continued as she looked into Xiaobos eyes. She tried getting down from the bed, the tube connected to her arm almost falling off as she moved.

Xiaobo jumped at the movement- he rushed over to stop her when Fen trapped him in a hug, not letting go.

Zhaoming, you came back!! You wont leave anymore, right? Youll treat me good forever, right?? Fen asked softly as she embraced Xiaobo.

Uh It was an awkward situation for Xiaobo- it was a scene he looked forward to, being locked in an embrace with Fen It was something he could only fantasize about not too long earlier, and it had become a reality! Yet Xiaobo was nowhere near happy.

For Fen had another man in her heart- he was a mere replacement for Kang Zhaoming! Fen couldnt even see him as Kang Xiaobo!

Xiaobo wanted to let go of Fen- this wasnt the type of embraced he had wanted. He wanted a true, genuine one, one where Fen was conscious and willing.

Aunty Song Xiaobo raised his head to Huiping.

Im sorry I hope you dont mind Huiping said, helpless as well. Wait for me, Ill go get the doctor.

There wasnt much else Huiping could do, after all.

Wait!! Lin Yi said with a sigh. Hed been involved with the whole thing already, and he couldnt just ignore the situation when he could help it.

There were only that many options for the hospital to tranquilize Lan Fen- it was either via injection or shock, both of which would damage the body. Fens body was weak enough as it is, and stuff like that would only worsen her condition.

Lin Yi didnt wait for an answer as he made his way to Fens bedside. He pulled the needle out of the bit tube, sealed it, and used the needle on Fens hegu, jianshi, shenmen, baihui, and dalin acupuncture points. Lin Yi operated with speed and precision, and it wasnt long before Fen let go of Xiaobo and slipped back into bed quietly

Uhh Huiping wasnt very happy with Lin Yi poking at her daughter with a needle, but hed been too fast- hed finished by the time Huiping had made a sound.

Tang Yin, Xinwen, and Xiaobo were all equally stunned as well as they stared at Lin Yi, not sure what he had been doing.

Boss Xiaobo decided subconsciously that hed trust Lin Yi. He cared for Fen a great deal, but intuition told him that Lin Yi wouldnt harm the girl- there was a reason for what hed done.

Just simple acupuncture. Lin Yi shrugged. Shell calm down and fall asleep, and shell return to normal after waking up.

Ah? Acupuncture? Xiaobo started at Lin Yi in disbelief. Boss, you know acupuncture?

Tang Yin and Xinwen looked at Lin Yi in surprise. The guy knew acupuncture??

Huiping put her finger under Fens nose, relieved after making sure there was no problem. Lin Yi had solved the problem so quickly and cleanly, and shed been saved the trouble of calling the doctor, in addition to the extra medical fees. Her daughter had been sedated without any harm, too.

Tang Yin didnt know who this man in front of her was anymore Shed thought of him as a tyrannical young master, but that wasnt the case- he was much more tyrannical than the other tyrannical young masters! He never went easy on his victims.

Yet he knew about barbeque recipes, and it only took him one class to have one written out

There was also what happened when Lan Fend jumped off the building, too. Others mightve missed it, but Tang Yin saw- could Lin Yi have helped Xiaobo catch Fen?

That suspicion hadnt been resolved yet when Lin Yi smacked his acupuncture onto the table! She felt like she had to reevaluate him He really was different from the type of young master Fen had been with!

So what if hes different? Tang Yin had decided that her first priority would be the exams- it didnt matter what kind of person Lin Yi was, she couldnt afford to be distracted with romance at a time like this.

She almost remembered to remind herself that it was all part of Lin Yis plan! The guy was trying to lure her in!! *Hmph*

Yet what had happened attracted the attention of the doctors- one of the patients visitors mightve went to a doctor when all the commotion had taken place. What happened? Is the patient all right?

Its okay now, doctor, thank you- everythings okay now! Huiping said hurriedly upon seeing the doctor.

Okay now? The doctor paused. Wasnt the patient illness acting up?

This boy here helped put my daughter to sleep. With acupuncture. Huiping added, afraid that the doctor wouldnt believe her.

Lin Yi groaned internally. *Come on Im gonna get in trouble for that*

As expected, the doctors face changed instantly. Acupuncture? How? How could you mess around in the hospital like that, what would you have done if something irreversible had happened??

Messing around..? It was just the needle from the bit tube Huiping said carefully, startled by the doctors reaction.

What??! A vein popped in the doctors forehead- what kind of doctor did the guy think he was??! Using the bit tube needle for acupuncture? Just how insane did his teacher have to be, to have taught him something so absurd?

Chapter 202 – Disciple of Guan Xuemin

The doctor wasnt an Eastern doctor, but hed learned about Eastern medicine back in medical school. Using a needle head for acupuncture was ridiculous! The needle from the bit tube wasnt as thick as the one found in a syringe, but it still crossed the line! It was highly unlikely that a needle like that would cause no harm to the patients nerves and veins, and no doctor would do something like that.

There were emergency situations where other non-professional needles were used in place of proper ones, but only absolute masters of Eastern medicine would carry out such a feat!

It was something that required very solid experience and foundations, and a very stable and controlled hand. Stick the needle in too deeply or too shallowly, and itd cause unintended harm instead of curing anything.

This is ridiculous, who did this?! The doctor said angrily as he pointed at Lin Yi. Was it you? What would you have done if something had happened to the patient? Whose responsibility would it be if that happened, the hospital? Lil Wang, call the police! The doctor ordered, furious.

Okay The nurse nodded as she prepared to make a phone call.

While Lin Yi did know officers in the police force, hed rather not get into any trouble. From how things stood, Lin Yis medical skills might even be needed for Fens recovery Its not ridiculous- Im Guan Xuemins disciple!!

Guan Xuemin? Who- What? *The* Guan Xuemin?! The doctor paused as he stared at Lin Yi in disbelief- Guan Xuemin was known as the Dean of All Doctors, after all.

He himself was a graduate from Songshans School of Medicine, and it was only natural that he'd know a character like Guan Xuemin. After all, all students at that school, both Western and Eastern medicine students, took pride in getting the chance to attend one of Guan Xuemin's lectures.

If this person really were a disciple of Guan Xuemin, then him using the needle head for acupuncture wasn't absurd in the slightest- it had been a special situation, after all.

Lin Yi nodded. I can give him a call if you don't believe me.

Lin Yi spoke with such confidence that he didn't seem to be lying at all, and there wasn't anything wrong with Lan Fen, too- she'd just fallen asleep. The doctor wasn't too doubtful of Lin Yi's claim because of that.

You're really the disciple of Miracle Doctor Guan?

I'll make a phone call. Lin Yi said as he pulled his phone out and dialed in the number Xuemin had left him. It'd be easier for him to work on healing Fen without interruptions if he put Guan Xuemin's name on the table.

Xuemin had just finished an acupuncture session with Liu Zhenhu when his phone rang. He frowned- he'd told his friends about calling him between nine to eleven in the mornings, very strictly, too. All patients, friends, colleagues. All of them knew that this was the time when Xuemin worked.

He was pretty displeased, but he did just finish the session.

Hello? I'm Guan Xuemin. Xuemin said, his tone a little unfriendly as he spoke.

Grandpa Guan, I'm Lin Yi. Lin Yi said, a little taken aback by Xuemin's hostility.

Ah..! Mister Lin!! Xuemin got excited instantly upon hearing Lin Yi's voice at the other end of the phone- he'd learned so much from Lin Yi from his last visit! He'd been working on some of the cases and solutions Lin Yi had taught him, too- his teachings had really enlightened him.

Xuemin was pondering about an invitation to approach Lin Yi to visit his house, too- this unexpected call was an absolute joy.

Grandpa Guan, I'm at Songshans First Peoples Hospital, and I wanna help treat a patient with acupuncture. I told them I'm your disciple, but the doctor here doesn't believe me. Could you help prove my identity to him? Lin Yi said.

Disciple? Guan Xuemin paused. That can't be, Mister Lin- I'm the disciple here!

Xuemin wasn't one to put any emphasis on his status as an elder- Lin Yi was better than him, and that was that- age had no say in the matter. As a result, Xuemin would never dare claim mentorship over Lin Yi.

Alright, I'll hand the phone to the doctor.. Lin Yi handed the phone over, hoping Xuemin would make his position clear.

The doctor's heart was pumping hard as he took over the phone, his eyes widening upon seeing the number on the display- it was Guan Xuemin's home phone!! All medical students knew about the number, it could be found in the contact list for the school- it was no secret.

The doctor spoke carefully after making sure it was Guan Xuemin on the other side of the phone. Professor Guan, I'm Wang Ligu, third-generation graduate from Songshans First School of Medicine! I was your student!

Ligu didn't care if Xuemin remembered him- it was an absolute honor that he'd been to Guan Xuemin's lectures before. It was something people envied.

Oh, Lil Wang. Lin Yi's prowess in medicine isn't below what I'm capable of- just listen to anything he has to say. Xuemin was a practical man, and he didn't want to be known as Lin Yi's teacher out of nowhere. He decided to just give Ligu a vague hint.

Rest assured, Professor Guan! Ligu said with a gulp- it seemed that Lin Yi had graduated from Xuemin's mentorship already, to have earned praise like that from Guan Xuemin!!

Ligu's attitude changed completely after the phone call had ended. I apologize, Mister Lin- I didn't know who you were. Please forgive me!!

It's fine. Lin Yi said with a wave of his hand. It was an emergency. I didn't have any other choice. I'll leave the rest in your hands!

No problem, Mister Lin. I'll see to her recovery myself. It was only natural for Ligu to pay more attention to Lan Fen's condition, now that he knew who she was associated with.

Huiping, on the other hand, had been pretty troubled over her mess-up, and the trouble she had brought Lin Yi- she was trying to figure something out when Lin Yi changed the doctor's attitude completely with just a phone call- the guy was respecting him now!

Naturally, the most surprised of all, was Tang Yin, who stared at Lin Yi, keeping her questions to herself temporarily considering the situation they were in.

Well, Xiaobo and I will be going back first. We'll come back when Fen's condition stabilizes. Lin Yi said as he prepared to leave.

Xiaobo wasn't very willing to leave just like that, but one glare from Lin Yi, and he followed suit.

Tang Yin and Xinwen, on the other hand, stayed to look after Fen as the two boys walked out the hospital.

Boss, you know acupuncture? Xiaobo asked in disbelief, letting out the question he'd been holding in.

Chapter 203 – Whoever Loses Confesses

Just a bit. Lin Yi nodded.

Boss, is it like what they show on TV? Are you able to cure everything with just a needle? Xiaobo asked curiously.

Yes, but my abilities are limited. Lin Yi said with a laugh. Eastern medicine runs deep- that saying isn't false, but it's a real rarity for people to master the art.

Oh Xiaobo nodded. Then about Fen

Her illness is psychological. She'll be able to recover with the proper treatment. Lin Yi said.

Xiaobo only asked out of curiosity, and Lin Yi's answer satisfied it. He left it at that. But boss, why did you pull me out? I wanted to wait for Fen to wake up.

Didn't you see what happened just now? She's unstable, she thought you were Kang Zhaoming, even. Lin Yi said. You want her to go through that one more time when she wakes up?

Xiaobo paused- why hadn't he considered that? It was true that both incidents had occurred because Fen had seen him.

The first time had made her jump off a building, and the second one had taken place in the hospital room. Both were Xiaobo's fault.

We'll come see her when she's more stable. Lin Yi said.

Okay. Where are we going now? Do we go back for the barbecue? Xiaobo asked.

Barbecue?? Dude, Tang Yin is in the hospital, you think it'll be okay if the two of us just go back to Mrs. Tang for lunch? Lin Yi smiled bitterly. Maybe next time.

You're right. Well, the day isn't all bad. Xiaobo was still quite excited for having physical contact with Fen earlier.

Are you and Kang Zhaoming related? Lin Yi asked suddenly as they got in the car.

Lin Yi had noticed Xiaobo's expressions when Xinwen mentioned the name- the two looked alike, and had the same surnames, so it was a pretty easy guess.

Boss, Xiaobo made a fist with his hand. I'll tell you- he's the grandson of that grandpa I told you about. He's my second cousin.

I guessed so. Lin Yi nodded. What do you think?

Xiaobo lowered his head, going silent.

Lin Yi didn't push him- focusing on the road instead.

Xu Shihans concerts are so good!! It'd be so nice if we can go to one of her concerts! Yushu said as she turned the TV off. Yao Yao, big sis! Maybe you can tell Uncle Chu to sponsor her for a concert in Songshan?

You think dad's company is for playing house?? He can't just do that. Mengyao said, tapping Yushu on the head. Big chest and no brain, huh Shu?

My boobs aren't big okay? It's just that yours are too small! You know whose boobs are too big? Song Lingshan's!! Yushu said, convinced that there was nothing wrong with her body- it was the perfect ratio and proportions!

Mine aren't too small!! I just hit puberty late, okay? Mengyao said angrily. Those boobs of yours are gonna become a burden sooner or later!

Hehe Dont be too sure! Yushu said, making a face at Mengyao and changing the subject. What should we play, Yao Yao?

How should I know? Mengyao said, still pissed.

Maybe we can go shopping? Yushu suggested.

We cant. Mengyao was still the more dominant one, the bigger sister. We almost got in trouble the last time we went to a bar, and my dads company is in trouble. We cant give him more problems to worry about.

Oh.. Yushu said, a little disappointed. Shield Bro went out so early, too.. Wed be completely safe if he were here!

You think hes invincible?? Mengyao curled her lips. Hes just good at teaching people like Zhong Pinliang a lesson- hes just one person! What can he do if he meets the real bad guys?

Shield Bros pretty strong from what I can see Yushu said, disagreeing. Didnt he come back safe and sound that day?

Probably a fast runner. Mengyao said. Shu, you like him, dont you?

Like him? Uncle Chu hired him as a partner candidate. A slight blush formed on Yushus cheeks. Okay okay, lets stop talking about him, Yao Yao.

Youre the one who brought him up. Mengyao said, exposing Yushu mercilessly.

Hehe Yushu blinked at Mengyao. Maybe we should play hide and seek?

Hide and seek? Mengyao stared at Yushu. Hide and seek how? In here? Theres nowhere to hide, its too small!

Isnt there the garage and yard? Yushu was a very active girl- she didnt like lounging around. Lets each hide once, and we both get a ten minute seek period. The one who doesnt find anyone loses.

Ooh, its more fun with a time limit. Mengyao said, recalling their hide and seek sessions from when they were kids- they were pretty nostalgic memories.

Hehe, right? Yushu said, happy that Mengyao liked the idea. Lets bet something too, itll be more exciting!

Bet something? What do you wanna bet? Mengyao asked. Forget it if its money, Im not interested.

After all, it was only natural for the two girls to have no interest in money- putting a hundred kuai or two on the table wasnt worth it.

Betting money? Come on, thats so boring. Yushu said, shaking his head. Lets bet something with more thrill!

Thrill how? Mengyao was starting to get interested- after all, twelfth graders didnt have that thrilling lives. The most interesting things were their trips during holidays, but even those stopped when they became seniors.

It was always school and home- tasteless and dull.

The one who loses confesses to Shield Bro tonight. How about it? Yushu suggested, her eyes playful as she looked at Mengyao.

WHA-? The words threw Mengyao off balance. She took a moment to catch up before turning to Yushu. Shu, whyre you so bad? Arent you scared at all that you might be the one losing??

Hehe, howd you know Ill lose? But Im not guaranteed to win either, so we both have a fifty-fifty chance! Thats what makes it exciting! Yushu said.

But isnt that a little too extreme..? Mengyao said, hesitating. The thrill and excitement were there, that was for sure, but wasnt it a bit too exciting and thrilling? What if she lost?

Confess to Lin Yi? Shed rather let someone kill her!

Yao Yao, think about it- youre at a big advantage here! Its your villa, you know it better than I do, right? Yushu said, trying to tempt the girl.

I Well Okay then Mengyao found herself agreeing- it was her home, after all. She had the advantage.

Chapter 204 – Witch

Mengyao was hiding first- Yushu was the seeker.

As agreed upon, Yushu hid herself in the bathroom and locked the door- she wasnt allowed to come out until Mengyao vibrated her phone with a call. That was the cue for her to start searching.

Hehe You should start preparing for your confession tonight, Yao Yao Heh Haha Yushu chuckled evilly in the bathroom. Shed found the ultimate hiding spot before even suggesting the game- it would definitely take Mengyao more than an hour to find a spot perfect as that.

It was why shed suggested a bet as crazy as that- she had absolute confidence that Mengyao would be the one losing.

Yushus phone vibrated after a while- it was Mengyaos number. She hung it up and walked out the bathroom.

Yushu didnt rush things as she closed the bathroom door behind her- she placed herself in the living room as she observed her surroundings. It was Mengyaos home, but shed been visiting the place so often since fourteen that she knew the place upside down.

Mengyaos hiding place wouldnt be a conventional one, nor would it be some corner in a room- after all, Yushu knew all the corners Mengyao did. It was obvious that Mengyao would avoid places where she knew Yushu would look.

According to that logic, Yushu decided to leave the corners for last- Mengyao wouldnt be waiting to lose in places like that.

She looked at Lin Yis room, a sneaky smile forming on her lips.

Lin Yis room had been half-open when they were watching the concert She hadnt been paying attention to the room or anything, but she did glance at it out of guilt when she suggested confessing to Shield Bro if they lost.

Yet the door was now completely shut- where else would Mengyao be hiding, if not in there?

Yushu tiptoed to Lin Yis room, and opened the door with a violent gesture, a big smile on her face as she announced her victory. Come out, Yao Yao! I see you!!

Yushu was holding a victory fist as she waited for Mengyao to come out She started panicking when she didnt.

Yao Yao, stop hiding! Come out! Yushu called as she walked in the room.

Yushu knew what Lin Yis room was like- shed been here before when the guy was in his underwear

Her eyes darted around the room. She spotted her laptop on the desk, and there wasnt anyone under it The bed wasnt tall enough for a person to fit under there, too

The closet was practically empty, with just two or three sets of clothing Lin Yi just bought The bathroom was empty, too, and there were even two pairs of underwear on the drying rack.

Ehh? Yushu was confused- where was Yao Yao? Did she know some invisibility technique?

Completely unsatisfied, Yushu searched the room once more, still not finding Mengyao anywhere. Disheartened, she wondered if Mengyao really wasnt in here

Yushu was deep in thought when her phone rang. She pulled her phone out and answered it helplessly after seeing Mengyaos number on the display. Yao Yao, where are you?

Shu, times up!! You didnt find me! Mengyao said, clearly quite pleased with herself.

Yao Yao, where are you hiding?? Yushu said as she looked around the room for the source of Mengyaos voice- nothing turned up. Mengyao wasnt in the room.

Im in our room- I was lying in the bed for a bit, waiting for you! Mengyao said, a little lazily so as to piss Yushu off.

Ugh Yushu almost dropped her phone. Our room? But Shield Bros door was shut!

Oh, that I closed it. Mengyao said casually. He might have something valuable in there, and I dont want the guy trying to blame us for anything we break!

Ugh. Yushu couldnt believe the excuse Mengyao was using. It was clearly a tactic!! An shameless tactic!! Yao Yao, youre such a witch!

A witch? Really? Mengyao laughed. Well, Im coming down now Shu- you better hide yourself good, cause it looks like youre gonna be confessing tonight!

Yushu hung the phone up, troubled as she sat on a sofa waiting for Mengyao. She came down a while later, and Yushu couldnt help but be pissed off.

Yao Yao, its my turn! You go wait in the bathroom. Yushu said.

Sure- call me when youre ready. Mengyao said, not a care in the world- shed still be safe even if she lost the second round, after all, and there was no reason for her to panic at all.

She walked in the bathroom and closed the door.

Shu had wanted to pick a random place, but shed lost the first round! It had to be the ultimate spot, now or never.

She made sure Mengyao had shut herself in the bathroom before walking out the villa. She made her way to the villas backyard- there was a storage room there that was usually locked up and barred with fences.

Mengyao lived in the villa alone, and she didnt really need the space. Yushu remembered that they got a cockshuttle inside the fence when they were playing badminton- it was a long time ago, when she had to crawl past the fence to retrieve it.

It was a fail-safe hiding spot, a place Mengyao would never even think of! Yushu was confident of that. After all, the metal fence was locked, and Mengyao probably didnt even remember where the keys were.

Yushu chuckled to herself before quickly squeezing herself past the opening in the fence...

Chapter 205 – Shus Tragedy

Yushu was trying hard to force herself past when she realized how hard it was- had she grown fatter? Why was it so much harder this time around?

Oh. Yushu had grown up- it had been four years since shed tried the same thing. Shed just moved into her villa then.

Fuu! Yushu exhaled as she got half her body through. Shed have looked for the key in advance if shed known how hard itd be.

Yushu wiped the sweat off her brow as she continued squeezing herself in, and her chest started to hurt. Her two bunnies were stuck between the fence.

Yushu had no intention of giving up- she exerted more force as she tried to get herself through.

Aah, I cant, I cant!! Yushu couldnt take it anymore- her breasts were gonna die at this rate!

What rotten luck she had- her boobs really did become a burden! Yushu couldnt believe it, this was the first time her chest had a negative effect- Mengyao was spot on with what she had said. What a tragedy.

Fine, Ill confess! Yushu decided that shed rather do that than squeeze herself to death. She sighed as she started to move herself out of the fence.

It was then when she realized the true tragedy of the situation- she couldnt get the other half of her body out!!

Yushu couldnt believe her luck- this was getting pretty serious! Shed be a laughingstock if this spread around!!

Terrified, she pulled her phone out to call Mengyao.

Mengyao declined the call without even picking up, evidently thinking that Yushu was signalling for her to start searching.

Yushu started panicking at that point- she rang Mengyao up again. What, Shu? Im looking for you already, okay? Too much credit in your phone?

Yao Yao, help Im stuck... Yushu whimpered- she could neither get out nor get in!

Ah? Mengyao blinked. Shu, whatre you saying? Stuck?

Im at the storage room in the backyard, Yao Yao, Im stuck! Hurry, I cant hold on much longer!! Yushu said urgently.

Oh, Im coming right now! Hang on. Mengyao hung the phone up as she quickly made her way to the backyard- Yushu didnt seem to be joking.

She hadnt even reached the place when she spotted Yushu stuck in a fence. Shu, whats with you?

Yao Yao, help me, quick!! Yushu said as she waved her hand worriedly. She was genuinely scared at this point- shed be screwed if Mengyao couldnt get her out.

It took a couple steps until Mengyao understood what was going on- the right side of Shus body had gotten through when shed tried squeezing her way in, but the other left couldnt the fence was right in between her boobs

Pfft- hahahaha Mengyao couldnt take it anymore- how did that even happen?

Yao Yao whyre you laughing It hurts, okay Yushu was almost on the verge of tearing up already.

What a tragedy, Shu!! Mengyao said, unable to hold herself back. See, what did I tell you? Your boobs did become a burden! Something like this wouldnt happen to me, right?

Alright, Yao Yao, alright, I was wrong I wont laugh at you again, okay? Just help me out first Yushu admitted.

Let me see Mengyao still couldnt help but find the scene funny. Maybe we can cut your other boob off?

Yao Yao!!! Yushu was starting to get really pissed off. Ill ignore you if you keep laughing at me!

Okay okay, I was just joking! Ill see what I can do, hold on.. Mengyao said, stopping herself- it really was a pretty tragic thing, and she shouldnt be laughing at her at all.

Okay. Yushu nodded, pinning her last hopes on Mengyao.

Maybe I can help squeeze one boob down, and you try to pull out? Mengyao suggested- there werent a lot of options here.

Uh Will that work? Isnt that gonna hurt? Yushu said, not too keen on the idea.

Theres no other way

Lets try that then Yushu nodded in agreement.

And with that, the two girls started getting to work

Ahh I cant, its too much! I.. Im gonna die! Stop, stop Yushu cried out loudly.

Shut, just hold on a bit longer! How else are we gonna get you out? Youre not gonna sleep and eat here, are you? What if you wanted to go to the toilet?? Mengyao encouraged. Just a little longer!

But Yao Yao, youre really killing me here Yushus voice wasnt sounding too good.

Just a little more, come on! Mengyao continued.

But I cant It hurts Yushu said tragically.

Then what do we do? Mengyao said, out of options. Maybe I should call Lin Yi? He could pull you from the other side, and Ill press on your boob from this side- one violent jerk and youll be out.

Uh Yushu shuddered at the thought- itd be hell! Yet it was something she had to go through if she wanted to get out She nodded. Okay, Yao Yao Call Shield Bro then

Lin Yi was giving Xiaobo some space as he focused on the road.

Boss, Ive made up my mind!! Xiaobos head jerked up suddenly as he turned to face Lin Yi. Boss, I really do have feelings for Fen. I admit that theres some recklessness in this, but I really do, ever since I saw her in the picture! I still feel the same even after knowing her tragic past- if anything, I like her even more! Can you let me try it out with her, boss??

Ah Lin Yi wasnt too surprised by the statement- it was within his expectations, after all. Her psychological illness can be cured, no problem there, but her leg

Im fine with that, boss!! Xiaobo nodded with certainty. I think, if I really am in love with her, I wouldnt care about stuff like that!!

Chapter 206 – Couldn't You Have Said That From The Start?

Well, I never said anything about stopping you, have I? Ill support your decision. Lin Yi said with a pat on Xiaobos shoulder. But remember that its not gonna be an easy relationship.

Ill walk down that road if I love her!! I need to confirm my feelings!! Xiaobo said with a fist. Boss, Im filled with confidence already. Thanks for supporting me!

Ah Lin Yi was about to give more words of encouragement when his phone rang- it was the Miss.

Whats up? Lin Yi made sure not to say Mengyaos name out loud in front of Xiaobo.

Lin Yi, where are you? Come home, quick! Shus in trouble! Mengyao said, her tone urgent.

Trouble? What happened? Calm down, Ill go there right now! Mengyao wasnt being very clear in the call, but Lin Yi made sure to get there as fast as he could- Yushu being in trouble was a pretty big deal.

You have something to do, boss? Xiaobo didnt hear Mengyaos voice, but it looked like something had come up for Lin Yi.

Yeah, something back home. I gotta hurry- Ill drop you at Time Street, youll have to walk home yourself. Lin Yi said.

Dont worry about it, boss. I can get off now? Theres a bus stop there. Xiaobo suggested- Lin Yi had other matters to attend to, and he didnt want to be troubling him.

Im passing by Time Street, its fine. Lin Yi said as he stepped on the pedal.

Songshans speed limit was sixty km/h, but it wasnt a big deal if he went a little above that in places with less traffic. Hed be pretty unlucky if the cameras caught him, however.

Yet Lin Yi had more pressing matters to deal with at that moment- the car was Yushus, too, and he was rushing back for Yushu. He was sure Miss Chen wouldnt mind if he got fined for speeding.

He dropped Xiaobo off at Time Street before going straight to the villa without pause. He charged into the villa. Yao Yao? Shu?

Silence.

Lin Yi frowned- what sort of situation were they in right now? Had Cihua sent somebody to the villa? It didnt seem likely, there was a twenty four hour surveillance system and even guards on duty.

General Wei Wu, wheres Yao Yao? Lin Yi asked as he noticed the general at the stairs, not caring if it understood or not.

Wei Wu raised his head at Lin Yi only to lower it back down again, not paying him any heed.

Fuck, you damn mutt! Im talking to you! Lin Yi said, worried for the girls. He walked over and gave the general a kick.

Wei Wu whimpered at the attack before quickly running out the villa, leading Lin Yi to the backyard.

Lin Yi was pretty doubtful as he followed the dog, wondering if it knew where Mengyao and Yushu were.

He spotted the girls after entering the backyard- the two were right there! Did something really happen? These two girls werent so bored that theyd prank call him or anything, were they?

You girls Lin Yi was just about to ask for the situation when he realized what the problem was.

Yushu had half her body stuck on the other side of the fence- what kind of posture was that?

Lin Yi, hurry- Shus stuck, and she cant get out or go in! What should we do? Mengyao said urgently as she waved a hand to Lin Yi.

Ugh Lin Yi was quite troubled. Shu, whyd you squeeze yourself in there?

I was playing hide and seek with Yao Yao, and I wanted to hide in there, and I got stuck Shield Bro save me Yushu had calmed down a great deal now that Lin Yi was here, but shed still rather get out as soon as possible.

Hide and seek? Pfft hahaha A laugh shot past Lin Yis lips before Lin Yi closed his mouth shut- Yushu looked like she was about to kill him with that glare. He scratched his head as he focused on a solution. Well, calm down, youre just stuck- youre not gonna die or anything.

But I cant just stay like this Yushu was panicking once more. Yao Yao, tell Shield Bro your plan! See if it works!

Oh, okay! Mengyao nodded before turning to Lin Yi. You go to the other side of the fence, and pull on Shus arm. Ill press on her on that part of her body from this side!

Mengyao was pretty embarrassed to be using words like boob or rack in front of Lin Yi.

Lin Yi vaulted over the fence with no effort at all. Do I pull her now?

Yeah, on three! Mengyao nodded.

Kay. Lin Yi said as he lifted Yushus arm.

Ready One, two, three! Mengyao pressed on Yushu with all her might as Lin Yi pulled

Yushu couldnt take it anymore. I cant, I cant!! Let go... I cant, Im staying here

Mengyao pulled her hands back, and Lin Yi stopped pulling as well.

You two youre plotting to kill me sniff.. Sniff Yushu was on the verge of tearing up as she held her boobs from the pain.

Lin Yi, think of something! What do we do? Mengyao didnt know what to do anymore. Maybe we should call the police?

Dont Yao Yao! That Song Lingshans gonna laugh at me so much if she sees me like this!! Yushu said, shaking her head instantly.

But you cant just stay like that! Mengyao said.

I can get her out. Lin Yi interrupted.

You? Really? Mengyao blinked. Why couldnt you have said that from the start? Whatre you still waiting for?

But you didnt let me say anything I was just following your orders I thought you had a good plan or something Lin Yi said as he put on a bitter face on purpose.

You!! Lin Yi was pissing her off! Lin Yi, you think of something this instant!

Lin Yi, in actuality, just wanted to mess with Yushu by going along with Mengyaos plan ltd teach her a lesson for throwing the codeword tissues around all the time.

Lin Yi smiled faintly as he reached a hand out at Yushu, inches away from making contact with her breast.

Hey.. Shield Bro! Whatre you doing! Yushu was startled- Lin Yi wasnt trying to cop a feel when she was stuck, was he?

Getting you out. Lin Yi said, focusing on the task at hand. He gripped on the upper and lower fences with Yushus body between them.

One hand connected with her back, but the lower fence was right under Yushus breast Lin Yi couldnt really avoid making contact with her left boob as he put his hand on the lower fence

Ah. It was the first time a man had touched her chest, and her face flushed a bright red, only calming down after seeing that serious look on Lin Yis face. At least the guy wasnt trying to molest her.

Chapter 207 – Heibao’s Escape

It wasnt that Lin Yi wasnt interested in feeling her up, but couldnt. The Miss was right there looking at him- he couldnt just do stuff like that to her soulmate, now could he? He wasnt that reckless.

Yet it was quite a pleasant sensation his wrist was feeling right now

He chuckled dryly as he noticed Yushus killer glare. He tightened his grip, and bent the two fences- there was plenty of space for Yushu to move around now.

Done. Lin Yi let go of his hands and stood to the side.

Ah? Yushu slipped out the fence smoothly. That easy?

That easy! Lin Yi nodded.

Whyd you pull me just now, then, if its that easy?! Yushu asked panickedly. My boobs, they hurt!!

Mengyao cleared her throat, glaring at Yushu. Shu!! Watch what youre saying.

Yushu blushed a little, but didnt really care about that. Shield Bro, you did it on purpose, didnt you?

Yao Yao was the one who told me to. Lin Yi said innocently. I assumed it was a good plan.

You stop that, Lin Yi! Mengyao was starting to get a little pissed off. Assumed it was a good plan? I didnt know you could pry the fences open, okay?!

Haha Lin Yi responded with a chuckle. Well, Ill push the fences back then. Dont squeeze yourself in there anymore But I guess it should be fine if you do it, Yao Yao!

With that, Lin Yi bent the fences back in place.

Lin Yi?!! What did you say?! Are you saying I have small breasts??!! Mengyao said, exploding from Lin Yis taunt.

I didnt say that.. Lin Yi sweated, not expecting that big a reaction from Mengyao. Okay Ill be going then

You get back here!! Mengyao called, very pissed off at this point- the guy had run away!

Yao Yao Small breasts have their pros too You wont get stuck, right Yushu said as she tried to calm the raging Mengyao down.

Shu!!! Mengyao glared angrily- what was the girl even saying to calm her down? Wont get stuck? There were plenty of big boobs out there, she didnt see those getting stuck anywhere? Only an idiot like her could get her boobs stuck in a fence!

Come on, Yao Yao, dont be so mad It doesnt matter how big your chest is, Zhong Pinliang will still love you. Yushu said seriously.

Are you doing this on purpose, Shu? What does it have to do with me whether he likes me or not?? Mengyao couldnt take it anymore.

Ah, right- it needs to be Shield Bro! Yushu nodded.

..... Mengyao was utterly speechless- shed die from frustration if she allowed herself to be pissed off at a soulmate like Yushu. A thought crossed her mind. Shu, you lost at hide and seek, didnt you?

Ah? I Yushu remembered the bet as well, her face darkening- what was wrong with her, setting a bet like that?!!

Yao Yao, I got stuck, you know? You wouldnt have been able to find me otherwise. Yushu explained, trying to weasel herself out of the loss.

Come on, Id still be able to find you. Mengyao said. Shu, dont try to talk your way out of this!! Ill never play with you again if you do!

Okay Yushu replied, disheartened from Mengyaos threat. Fine, Ill do it

When will you do it? Mengyao asked, making sure to make things clear from the start- this was Chen Yushu she was dealing with here, after all- shed probably just drag things on.

Dinner Dinner, okay? Yushu answered, looking to make some sort of preparation. Yao Yao, you gotta let me have time to prepare.

Okay then, dinner! Mengyao nodded. Remember the deal!

Okay Yushu said bitterly. But what if Shield Bro takes it seriously?

Wouldnt that be nice? You can marry him directly then! He seems to like you a lot, right? Mengyao said, curling her lips, a little uncomfortable from the thought for some reason.

Woah, wouldnt you have to marry him too if I did? Yushu said, acting as if she didnt know what Mengyao was talking about. Jeez, Yao Yao, youre so sneaky using me as a vanguard when you like Shield Bro yourself hoh hoh

Shu!! What the- what are you even saying? Why would I ever like him?!! Mengyao put her hand to Yushus lips as fast as she could- Lin Yi didnt hear her, did he? Itd be so embarrassing! What was this girl even thinking, treating a promise they made jokingly as kids so seriously?! Was she looking forward to being a second wife that much?

Hehehe Yushu giggled. Ill shut up, okay?

Hmph. Youd better not tell him beforehand! Ill be watching you. Mengyao said, not intending to leave any room for Yushu to manoeuvre.

Ah? It was actually what Yushu had in mind! Shed planned to have him put on a performance for Mengyao with her during dinner, but Mengyao sealed that whole idea up! Why did she have to piss Mengyao off?? Everything came back around to haunt her! Was this what karma was?!

Yushus eyes darted around as she tried to find a way out of this, to no avail. She sighed. Jeez, fine Ill confess

Thats good. Good girls keep their promises! Mengyao said with a nod before going back to the villa with Yushu.

Lin Yi, on the other hand, was giving Li Fu a call. He needed him to take care of the dents for him, but the guy was driving Chu Pengzhan to a business event.

He hung up as a result when Song Lingshan called, much to his surprise. Whats up? Dont tell me you need to look for suspects again?

Lin Yi, Heibaos escaped!! Lingshans urgent voice sounded from the other end of the phone.

Heibao? Escaped? Lin Yi blinked at the information.

Yes, just this afternoon! He exploded when they were transporting him to the prison, and he beat up the five officers escorting him!! One of them in the hospital, really badly injured Lingshan said.

What? He beat up five officers? Five people? You sure? Lin Yi wasnt expecting this- Heibao wasnt even that strong! Was this some sort of joke?

He took care of him like he wouldve a toy that day! He wasnt serious in the slightest! The guy wasnt even halfway past the early phase of the golden class, he was just violent, that was pretty much it! Could he perhaps have concealed his abilities..?

Chapter 208 – The Miss Brought A Man Home?

No, Im not joking. Song Lingshan said solemnly. Look, Lin Yi- I know its hard to believe, I myself couldnt believe it, but its a fact!

Was Heibao the only criminal in the car? Lin Yi frowned- Heibao shouldnt be this strong He wouldnt have got beaten up that badly the other day if he were.

Just him! I know what you wanna say, Lin Yi, but Im sure that Heibao did all this alone. Lingshan said. I dont know if youre familiar with the division classes, but Old Zhang is a retired special ops master, and he always escorted criminals- he was there this time too. The two of them fought, and turns out Heibaos on a higher level than he is!! I trust Old Zhangs words.

Division classes? Ive heard about them from Jun Bro. Lin Yi was doubtful, but Lingshan was quite insistent- things mightve actually been simpler than he thought. Sky, Earth, Mystic, Golden, right- just a golden class master is strong enough to trample over cities.

Not bad. Old Zhangs golden class, at the early phase- he isnt as strong as me, but his skills were plenty for dealing with normal people! Lingshan said. According to him, Heibaos at the peak late phase of the golden class- Old Zhang wouldnt have lost without even putting up a fight otherwise.

Golden class peak late phase?? Lin Yi couldnt believe what he was hearing- what the hell? How did someone so weak turn out to be a golden class peak master all of a sudden? What kind of international joke was that??

So, either he hid his abilities since the start, or he'd managed to raise his level to the peak late phase of the golden class, with some sort of unknown method! Lingshan explained.

The latter seems more plausible. Lin Yi said after some thought. There was no reason for him to get caught on purpose and *then* revealing his skills- he could've offered me when I beat him that day, and get away before you guys arrive.

Lin Yi may have been exaggerating a little, however- it wouldn't be that easy for a peak golden class to kill him off that easily. The division system was a common skill measurement, but practitioners practiced different types of martial arts. Fighters on the same division class phase might very well have a huge difference between them.

That's right, we think so too. Lingshan said. This information isn't out yet, but I'm just calling to warn you- you're the one who brought him in, so he might actually come for you. Where do you live? I can assign some officers around your location?

No need. I'll send him back to you guys if he does come for me. Lin Yi said faintly. *Golden class peak late phase, huh* It'd actually save Lin Yi a lot of trouble and time if Heibao did decide to go to him by himself.

This isn't a joke, Lin Yi- I don't know if you understand the strength a golden class peak late phase fighter has? Lingshan wasn't too pleased with Lin Yi's attitude- she'd warned him out of kindness, but the guy didn't seem to care one bit! How could a man be like this? How was he even a friend of Captain Yang?

I know, a bit stronger than you right? Don't worry, I'm a bit stronger than you too. I'll be fine. Lin Yi said seriously.

..... Lingshan was speechless. Fine, do whatever you want! Don't say I didn't warn you!

She hung up the phone with that, furious at Lin Yi for stepping on her kindness.

Heh, Heibao leveling up all of a sudden. Pretty interesting. Lin Yi mumbled to himself as he put aside his phone, thinking that Heibao could level up all he wanted, as long as he left him alone.

Yushu, on the other hand, was trying to get past Mengyao before dinner when she'd caught her. Chen Yushu. Where you headed?

Ugh Yao Yao, I'm going to the toilet. Yushu said weakly.

There's one in the room- why're you going out? Mengyao said, pointing at the bedroom washroom.

Oh I forgot- I thought we were at school! Yushu said as she made her way to the bathroom helplessly.

Take your phone out. Mengyao said, not planning on letting Yushu go.

Ah Okay Yushu mumbled as she handed her last hope to Mengyao- there was no escaping the confession tonight, it seemed.

Dinner tonight had been brought in by the secretary from Pengzhan Industries instead of Li Fu- he'd told Mengyao that he was attending an event with her father.

Mengyao didn't mind- this sort of thing happened quite often, and she knew the secretary herself.

The villa doorbell rang at six pm, and Lin Yi went to open the door for Li Fu, only to see a stranger. He was a man.

Scuse me, where you looking for? Lin Yi asked without opening the metal gate for him.

Eh? The man was taken aback as well- he raised his head to look at the house number He did come to the right place, this was the Miss home, so why was there a man here?

Only Chu Pengzhan and Li Fu knew about Lin Yi staying at the villa- no one else at the company did, and it was only natural that the secretary would be confused.

Im sorry, is this Miss Chu Mengyaos home? Im looking for her The man asked carefully after making sure he was at the right place.

Oh, youre looking for Yao Yao? Whats the matter? Lin Yi asked cautiously before spotting the food containers he had with him- Li Fu was at a business event with Pengzhan, and this man here was probably filling in for Li Fu.

Delivery, right? Lin Yi continued without waiting for a response.

Ah, yes! The man nodded as he started suspecting who Lin Yi was- he was even calling her Yao Yao, and seemed to be quite close with her This man wasnt the Miss boyfriend, was he? Did she bring him back home when the chairman wasnt there? She probably wasnt expecting him to just catch them like this, either

The man was a bit saddened at the thought. After all, hed seen this as a chance to make a good impression on Mengyao! Delivering food straight to the Miss home wasnt a job just anyone could do, too- one had to be quite trusted.

Yet he had to bump into the Miss boyfriend, how unlucky was he? She probably wouldnt like him catching her secret like this, too, and she might even talk shit about him in front of her father because of that

The bright, pleasant future hed envisioned with this opportunity faded into darkness that instant, and the man couldnt help but curse at his misfortune.

Chapter 209 – Yushu’s Cunning

You have verification? Lin Yi knew why the man was here, but this was a delicate time, and it was no joke. The man might very well have brought them poisoned food if he wasnt genuine.

Ah yeah. The man hadnt expected Lin Yi to be this cautious, but handed him his company ID.

Mengyao and Yushu had heard the doorbell as well, and made their way down- Mengyao remembered that it wasnt Li Fu delivering their food for them today, and Lin Yi might not know the guy.

She did remember to pull Yushu along- she couldnt risk her making contact with Lin Yi secretly, after all. She had to bring her along everywhere she went.

Secretary Zhang, you came! Mengyao said, a little touched as she spotted Lin Yi inspecting the secretarys ID. The bastard was pretty considerate.

Miss Chu. Mister Li is at the neighboring city- Im here to deliver the food. Secretary Zhang tensed up as Mengyao walked out- he was in a dangerous situation, after all. As troubled as he was with this secret Mengyao had, he made sure to put up a casual front and feign ignorance.

Yeah, I know. Uncle Fus called me. Mengyao said before looking at Lin Yi. Lin Yi, this is Secretary Zhang. Just take his delivery the next time he comes.

Okay. Lin Yi nodded as he took the food from him.

Mengyao, naturally, wouldnt consider what the secretary was thinking- it never occurred to her, after all, since there wasnt anything to hide.

The secretary, on the other hand, left the scene hastily after handing the food to Lin Yi. It wasnt an atmosphere he wanted to be staying too long in.

Lin Yi only shook his head at the disappearing secretary- what was the rush?

He then made his way inside with the food, where Yushus eyes were darting around as she thought of a way to communicate with Lin Yi in secret. Her gaze stopped at her Beetle outside. Shield Bro, hows the car? Not bad?

Its good. Lin Yis heart tightened up at the question- could this girl have realized what hed done to her car?

Oh Yushu looked at Mengyao glaring at her as she tried to work a plan out. Eh? Wheres my picture? That one I decorated the car with? Shield Bro, open the door, Ill take a look

Shu, wheres all this coming from? Mengyao said, noticing something was up.

That pictures a really good one, okay? I was really pretty in it, I was fifteen! Im never gonna look like that again, so I wanna go see where it went! Yushu explained.

Fifteen? Mengyao didnt know what to say- of course youd never get smaller, what was she even saying

Ah, I took the picture down and put it in the drawer. Itd be bad if Kang Xiaobo sees that in what he thinks is my car, right. Lin Yi said, wondering what was up with Yushu today.

Oh. Then let me see if its still there, I dont believe you! Youd better not have lost it or ruined it. Yushu said relentlessly.

Shu!! Mengyao, naturally, understood what the girl was trying to do. She was just trying to tell Lin Yi of the bet! Lin Yi, open the car door and show her!

Mengyao thought that itd be fine if Lin Yi opened the door for Yushu to take a quick look- thatd stop her from dragging this on. She was there to watch her, anyway What could she possibly pull off?

.....Okay. Lin Yi didnt want to do it, but the Miss had spoken. He could only hope that Yushu wouldnt look up at the backseat.

Oh.. Its here! Yushu said after finding her decoration, still finding a way to give Lin Yi a heads-up. Itd be way too awkward if she just confessed to him out of nowhere.

You happy now, Shu? Lets go have dinner, we still have something important to do! Mengyao said as she emphasized the word important, essentially telling Yushu to give in and just do the confession.

Kay Well, just put it up in the back if the front is off-limits- no ones gonna look in the back right? Yushu said, not willing to give up that easily. Her eyes froze as she spotted the car ceiling in the back. Ah?! Shield Bro, what happened to my car??

Lin Yi was quite troubled indeed- why did this Chen Yushu have to choose today, of all days, to care about her car all of a sudden? Hadnt she left her car in the garage for months without even looking at it? What was up with her today, inspecting the car like that?

Mengyao, on the other hand, assumed that Yushu was trying to pull something again. She grabbed her arm and prepared to leave with her. Shu, calm down, its nothing okay? Lets go eat.

Nonono. Yushu said with a wave of her hand. You didnt see it, Yao Yao! Look there and there! Its all messed up!

Mengyao frowned as she peeked in for a look impatiently, her eyes widening at the damage. Lin Yi, what the hell? What did you do?

Got attacked Lin Yi sweated.

Attacked? Someone went to the back seat to attack you? Howd he get in, did you let him in? Mengyao said, evidently doubting Lin Yis words. The car didnt have doors to get into the back through, after all- it had to be from the front.

Shield Bro, you gotta take responsibility you know! Yushu didnt care about the car- she only wanted to talk with Lin Yi a bit longer. Yao Yao, you go back first- Ill discuss the compensation with Shield Bro.

No, you can do that after dinner! The foods getting cold! Mengyao said definitively.

I like cold food! Lower chance of getting esophageal cancer! Yushu wasnt going to let a one in a million chance like this just slip past her.

Then you talk with him, Ill watch! Mengyao said, not risking leaving the two alone.

Oh, sure. Yushu replied, pretending as if she werent planning anything in the first place. So Shield Bro, whatre you gonna do about the car?

Lin Yi was starting notice that something was off, as well- Yushu was being pretty naggy today, it was completely out of character! Yushu wasnt one to put any value on materialistic things, after all, and shed even lent him her laptop and car The key to her *villa* was still in his hands! This meant that she was a really generous girl- why would she be so fixated on this little detail today?

Chapter 210 – Making A Deal

What surprised Lin Yi the most, however, was the look on Yushus face when she saw the damage- it wasnt anger, nor was it pain it was excitement! Her eyes were flaring up with excitement, as if it were something worth celebrating!

She made it sound like it was a big deal now, but Lin Yi could tell otherwise from her eyes. She wasn't angry about the car at all.

Could it be that she had some sort of objective to accomplish here? Mengyao kept trying to drag her into the villa, too, and Lin Yi felt that the two girls were hiding something from him.

What do you want me to do? You're not gonna ask for my body, are you.. Lin Yi said innocently as he looked at Yushu.

Uhh. Yushu's voice trailed off at what Lin Yi said- she was worried enough over the whole confession thing, and now the guy was talking about offering his body she couldn't help but blush at that.

It was then when Mengyao's phone rang- she pulled it out and saw her father's number on it. She didn't want to be distracted at a critical moment like this, but it was a phone call she had to take.

Hello? Daddy?

Yao Yao, I'm in a meeting right now- did you get the food from Zhang? Pengzhan asked.

We did- he just left. Mengyao said, hoping to end the phone call as soon as possible so she could get back to Yushu.

Yushu, on the other hand, used that instance to whisper to Lin Yi. Shield Bro, you put on a show with me after dinner and I'll forget about this whole thing! Got it?!

Wha- Lin Yi was about to ask for details when Yushu interrupted him with a loud voice.

Shield Bro!! You messed my car up, so you have to promise me one thing!! I don't know what yet, but I'll tell you when I think of one!! Yushu yelled, worried that Lin Yi's questioning might attract Mengyao's attention.

Yushu covering her whisper up by yelling gave him a pretty good idea of what was going on- she was probably hiding something from Mengyao. Lin Yi could very well reject what she was asking, since Chu Mengyao was his first priority Yushu was using the damaged car as leverage, however, and he could only nod in agreement.

Shu, don't be so loud! Mengyao said, a slight frown on her forehead as she tried to hear her father's voice.

Yao Yao, you're talking with Shu aren't you? Alright then, it's nothing. I'm coming back tomorrow, see you then. Pengzhan said, hanging the phone up.

Oh, okay Bye daddy. Mengyao put her phone away, her eyes still locked on Yushu. Shu, what on earth are you planning?

Nothing Yushu stuck a tongue out at Mengyao. I'm just getting Lin Yi to make up for the car, but I don't know what yet, so I made him promise to do one thing I say! Shield Bro, you didn't say if you agree yet.

Alright. Lin Yi said, aware that what Yushu was saying now was an act.

Then its a deal! Yushu nodded, a smile on her face as she looked Lin Yi in the eyes before turning back to Mengyao. Yao Yao, Ive come to an agreement with Shield Bro about the car! Lets go eat. Ooh, braised swordfish, my favourite! La la la

With that Yushu snatched the food from Lin Yi and ran into the villa.

Mengyao looked at Yushu curiously- what was up with her? Could she have told Lin Yi about the bet? It didnt seem like it She had made sure to keep an eye on her all the while, and she didnt have much of a chance to say anything She turned to Lin Yi. Whats up with Shu?

How would I know? Lin Yi shrugged. Id have thought she got hurt in the head if I didnt see her boobs getting hurt earlier.

Dont say that!! Mengyao said, glaring at Lin Yi. Dont talk about Shu like that.

..... Lin Yi only smiled faintly- the girl was still standing up for Yushu after getting tricked.

The two of them made their way back to the dining table only to see everything laid out on the table already. Yushu had even prepared three bowls filled with rice for them, humming and in a good mood after shed sorted everything out

Yushus hard work didnt go unnoticed by Mengyao, but she didnt say anything. She sat down in her usual seat before looking at Lin Yi, who was just standing there. She pointed to the other side of the table. You come eat too. Just eat with us from now on, itd save us the trouble of taking your portion out

Ah Okay. Lin Yis place in the family had risen- he remembered eating only leftovers at the start, then his own portion was taken out beforehand It seemed like Mengyao was gradually accepting him as a member of the family already.

Yushu, on the other hand, didnt seem to think much of it. She wasnt a bossy Miss or anything, and was quite easy-going, despite her tendencies for trouble

The braised swordfish is really good, Yao Yao- you wanna try some? Yushu gave Mengyao a piece after trying one herself.

Whyre you so active today, Shu? You arent usually like this? Mengyao couldnt hold it in anymore.

Well, Yao Yao You know Soon Ill be taking that big step in life Im just excited Yushu said.

..... Mengyao wasnt sure what to say to that. Big step? Did she think it was a real confession?? Mengyao couldnt help but feel unhappy with how serious Yushu was treating the whole thing it was just a joke

Lin Yi only focused on his food- he wasnt a talkative person in the first place, after all, and the girls were talking about a topic he couldnt just butt into.

Both Mengyao and Yushu were acting weird today, and there was that show Yushu asked him to put on with her Everything was just weird.

Mengyao, on the other hand, cheered up as she pictured the face Yushu would make as she confessed. Lin Yis stunned face would be quite priceless, too

It was time for Yushu to embarrass herself! This girl had caused her so much trouble these couple years, and shed never gotten her back for all those times- she simply couldnt do it to Yushu. She was the big sister, after all.

There was that one time, for instance, when Yushu told Zhong Pinliang that Mengyao wanted to eat fried squid when she herself wanted it! The guy just ran out and brought back a couple fried squid skewers, much to Yushus delight

There was that time where she wanted to listen to fireworks, too, telling Pinliang that it was Mengyao who wanted it The guy fell for it again.

She couldnt help but get annoyed at Pinliangs IQ- couldnt the guy learn a lesson?
