

Bodyguard 2021

### Chapter 2021: group photo

Zhang duopan deliberately raised his voice, "haha, gan he, did you see that?" There's nothing between Wang Xinyan and Lin Yi, so you can go after her without worry! Lin Yi has girlfriends, two of them!"

"Chase your sister!" Yushu wasn't happy-she didn't like Xinyan getting too close to Lin Yi, but Xinyan might be someone Lin Yi liked, or he wouldn't be helping her all the time. Since Xiaoxiao wanted Lin Yi to find another girlfriend, Xinyan might be able to get a position, but Zhang duopan had to butt in at this time, and she wasn't happy at all. This was an internal conflict, what did it have to do with you?

"Chase his sister?" Fan ganhe was stunned."His sister is only ten years old. She's not suitable for me."

"Gan he, chasing your sister is an insult ..." Zhang duopan explained, blushing with shame.

"Little girl, you're scolding me?" Fan ganhe slammed the table and stood up, pointing at Chen Yushu,""It's our brother Zhang's treat today, so why are you always complaining? If you don't want to eat, then quickly leave!"

He'd been pissed off at Yushu for a long time-she'd been scamming people from the very beginning, and now she'd been talking all the time! She'd even mocked the goddess of his heart, Wang Xinyan, too, and he couldn't take it anymore.

"Ahem ... Gan he, sit down first ... We're refined ..." Zhang duopan suddenly saw he meiyue's disdainful look and jumped in shock. He quickly pulled fan ganhe back and said to Chen Yushu,""I'm sorry. Fan ganhe is a sports student and has a bad temper. Haha, please don't mind him!"

Fan ganhe was somewhat baffled. Usually, Zhang duopan would be very happy when he stood up for him. What was going on today? However, since fan ganhe asked him to sit down, he could only sit down.

"What's so great about being a sports student? If we meet a truly powerful expert, we'll beat him up until his teeth are all over the ground!" Bai Weitao said indifferently.

"Alright, let's stop fighting and eat. The food will get cold soon ..." He meiyue said helplessly,""The two big stars are here today, can you guys not be so childish?"

"You're right. Haha, fan ganhe, stop fighting with Bai Weitao. If you don't like the other, find a chance to fight. When the time comes, we'll just have to borrow the venue!" Zhang duopan was smart. He acted as if it had nothing to do with him. It was fan ganhe and Bai Weitao who were quarreling. His last sentence was extremely hateful. It was clearly directed at Bai Weitao. If they were to compete, Bai Weitao, who was not an sports student, would definitely be at a disadvantage!

Xu Shihan and Cheng Yiyi found the childish fight quite fun, and when they were done, Xu Shihan raised her cup." "Alright, I'll say a few words. Thank you for your hospitality, but Yiyi and I have to catch a flight tomorrow morning, so let's hurry and eat. We can go back to rest early after eating ..."

With Xu Shihan's words, fan ganhe fell silent for a while, and everyone enjoyed the meal ...

“Lin Yi, a toast to you!” Cheng Yiyi raised her glass all of a sudden, looking at Lin Yi with anticipation. This was the first glass of wine she poured in the entire dinner, and although it was red wine, it was obvious that it was different for Lin Yi-she and Xu Shihan had only poured it with soft drinks before.

“To me?” Lin Yi blinked.

“Yes, thank you so much for yesterday!” “I’ll finish this glass of wine,” Cheng Yiyi said solemnly. “You can do whatever you want!”

“Yiyi, I have to give Lin Yi a toast too, let’s drink together!” With that, Xu Shihan poured herself a glass of red wine.

Mengyao and Yushu immediately understood what happened last night, but the others were confused.

Lin Yi didn’t want to explain at all. He picked up the cup of tea and said faintly, “It’s nothing,”

And so, the atmosphere became a little weird. Zhang duopan was both envious and curious-Cheng Yiyi and Xu Shihan were toasting to Lin Yi, just what was this Lin Yi?

Xu Shihan and Cheng Yiyi finished their wine, while Lin Yi sipped his tea. Things were just that weird, but the two of them didn’t have any intention of explaining, so Lin Yi could only keep it in his heart.

“Haha, by the way, I’m going to invite everyone to the Tiger garden this weekend to relieve some of the fatigue from this period!” “But it’s really a pity that Yiyi and Shihan are leaving tomorrow. Otherwise, we could go and see the Tigers together!” Zhang duopan said.

“We’re too busy with work, we can’t help it!” Cheng Yiyi laughed.

“Let’s all go together, Bai Weitao, Lin Yi, you guys come too!” “Meiyue,” Zhang duopan laughed. “I’ll compete fairly with Bai Weitao. You’re not going to deny us a chance, are you?”

“We’re all good friends, so there’s no competition ...” He meiyue said helplessly.

Although the meal was full of open and hidden fights, Xu Shihan and Cheng Yiyi were there, so it wasn’t obvious. When the meal was about to end, a waiter knocked on the door and walked in.

“Hello, everyone. As you are the 888th Customer of the Month, we provide a photo-taking service. We can also make a Crystal Cup with the photo.” The waiter said respectfully.

“A group photo?” “Do you want money?”

Many restaurants used this kind of disguised marketing as an excuse, but in fact, they still let the guests pay, so Zhang duopan asked subconsciously.

“It’s free.” “Normally, there’s a fee, but the customer at table 888 is free,” the waiter said.

“Oh, it’s free? then I’ll take one!” Zhang duopan nodded and said.

“Alright, I’ll go get the photographer now!” The waiter didn’t see Xu Shihan and Cheng Yiyi, because their backs were facing the door.

Xu Shihan and Cheng Yiyi put on their sunglasses helplessly when they heard the word “take a photo.” After all, it might be a little troublesome if they let the photographer out here.

Soon, the photographer arrived. He wasn't surprised by the sunglasses on the couple since many customers liked to look cool in their photos.

After taking the photo, the photographer left. After a while, the waiter came with a beautiful Crystal Cup with a picture of the group.

"Just one?" Zhang duopan had thought that each person would get one, but there was only one. How were they going to split it among so many people?

"Sir, you can add more, but the first one is free. You'll have to pay for the rest." The waiter said. (To be continued.)

### **Chapter 2022: Still waiting**

"A fee is fine too, one for each person!" Zhang duopan waved his hand and said. How was he going to split this cup?

"Okay, Sir, please wait a moment ..." The waiter said and left to make the cup.

"Let me see, let me see!" Chen Yushu snatched the cup from Zhang duopan's hand.

"Wow, shield bro, you're so handsome in this photo! You're the most handsome one here!" Chen Yushu replied.

"Shu! Be careful of your image!" Mengyao said helplessly.

During the photoshoot, Shu had insisted on putting Lin Yi between them, giving Xinyan no chance at all. She had no choice but to stand beside her, and Yushu was very pleased with herself.

After a short while, the waiter brought the prepared crystal glasses over. This time, everyone had one, no more, no less.

Everyone was almost done eating, so Zhang duopan told the waiter, "Waiter, how much is the bill?"

"Sir, you've spent a total of 200900 Yuan. Minus the change, it's 200000 Yuan!" The waiter said.

"Oh, swipe your card ..." Zhang duopan handed over a card in a carefree manner, but suddenly realized that something was wrong, "That's not right, why is it two hundred thousand? It's obviously 130000 to 140000 Yuan, right?"

Zhang duopan had previously calculated the price in his heart. Those dishes were only a hundred and thirty thousand. Even if the wine was included, it would only be a hundred and forty thousand. How could it be more than two hundred thousand?

"That's right, Sir. This is the list of your expenses. Please take a look." The waiter did not show any disdain, but instead politely took out a bill and handed it to Zhang duopan.

"This is ... Ah? Crystal frames, five thousand each?" Zhang duopan's eyes widened. There were more than ten people in his line of work, and the crystal frame alone cost 60000 Yuan. No wonder it cost more than 200000 Yuan!

“Yes, sir. This crystal photo frame is made of real crystal, not glass.” “Each one of them has a collection value. There are experts’ certificates here!” The waiter explained.

“Is that so ...” Zhang duopan looked at the large pile of crystal cups and wanted to cry but had no tears. There were photos printed on them, so he had no choice but to buy them. He could only say with a sad face, “Okay, card ...”

However, the money he had given Cheng Yiyi was not enough. There were only a few hundred thousand left in the card. Zhang duopan was thinking about what excuse he could use to ask his father for more money ...

After the meal, Lin Yi drove Xinyan, he meiyue, and Chai Xiaoling back to school. He was about to go back to the villa with sanhuang when he saw two people standing in the dark parking lot, looking pitiful!

Upon closer inspection, who else could it be but han Jingjing and han Xiaochao?

“Han Jingjing?” Lin Yi stopped the car and looked at Jingjing, surprised. “Why are you two standing in the parking lot?”

“Lin Yi bro, we’re waiting for you to send us back ...” Han Jingjing said pitifully, “I thought you had forgotten about us. It’s a good thing you finally remembered and came back ...”

“Uh, you mean, you’ve been waiting here for me to take you home?” Lin Yi’s eyes widened.

“Yup!” Han Jing Jing said as she nodded.

“Isn’t your X5M parked there? can’t you drive?” Lin Yi looked at the X5M not far from the parking lot, surprised.

“I didn’t bring my keys. I’ve been in your car for the past two days, and I thought the keys were heavy, so I didn’t bring them.” Han Jing Jing said.

“You didn’t bring the heavy key monster?” Lin Yi was completely defeated by han Jingjing, “Then why didn’t you call me?”

“I did, but her phone was off ...” Han Jingjing said, feeling wronged.

Lin Yi remembered that he’d turned off his phone when he was performing, afraid that someone would call for him.

“Alright, let’s get in the car ...” Lin Yi smiled bitterly, “If you can’t find me next time, just take a taxi back. It’s not far to walk back ...”

“I’m afraid you’ll come to pick me up again. You’ll be worried if you can’t find us.” Han Jing Jing said.

“So I won’t call you?” “Alright, alright, get in,” Lin Yi said with a bitter smile.

“Lin Yi, how could you forget about han Jingjing during dinner? look at how pitiful she is, she must have not eaten yet, right?” Chu Mengyao didn’t have any bad feelings towards han Jingjing. After a few days of contact, she felt that this girl was not a scheming person. She was silly and easy to get along with.

“It’s fine, Yao Yao. I’ll just go home and eat some instant noodles.” Han Jing Jing said.

“Shield bro, why don’t you make them something to eat when you get home? They’re so pitiful, they’ve been starving.” Chen Yushu pitied han Jingjing as well. She had to stand in the autumn wind for a whole night. It was really miserable.

“It’s fine, Shu. We always eat instant noodles, we’re used to it.” “It’s already so late. There’s no need to trouble yourself,” han Jingjing quickly said.

“It’s fine. There’s ready-made food at home. I’ll help you make some dishes. It’s no trouble at all.” Lin Yi, on the other hand, was extremely embarrassed-his mistake today had caused the two to stand in the parking lot for an entire night without food, and he felt a little guilty.

“Then thank you, Lin Yi bro!” Han Jing Jing said happily.

The car returned to the villa, and Lin Yi and Xu Shihan got out of the car. Feng sanhuang was planning to send Cheng Yiyi back to the hotel, but Cheng Yiyi didn’t want to go back anymore.

“Senior Sister, can you help me talk to Lin Yi? I’ll stay here tonight, okay?” Cheng Yiyi pitifully said, “last night, after that incident, I went back to the hotel. The moment I closed my eyes, I saw those robbers. I was so scared that I couldn’t sleep well the entire night. I only fell asleep in the early hours of the morning. It was too scary!” I don’t dare to live alone ...”

“It’s okay, sister Yiyi. If you’re afraid, you can stay here!” Mengyao said generously. Cheng Yiyi was a star she liked, and she was also Xu Shihan’s junior. How could she not agree?

Only after Mengyao finished her sentence did she realize that the owner of the villa wasn’t her anymore-it was Lin Yi! And so, Mengyao turned to Lin Yi, a little embarrassed.”Lin Yi, can you?”

Lin Yi understood what the Miss was thinking, but he still smiled, “You’ll have a part of this villa now, just like Songshan. You can make the decision.”

“En!” Mengyao was touched by Lin Yi’s words.”Thank you,” he said.

“Ah ... It’s nothing. You guys continue chatting. I’ll make some food for han Jingjing and han Xiaochao.” Lin Yi said.

Han Jingjing and han Xiaochao did not seem to be fans of celebrities. Han Xiaochao was shy and did not like to talk much, while han Jingjing seemed to be fascinated when she was researching something. She did not let go of her tablet and kept writing and drawing. (To be continued.)

### **Chapter 2023: rejoicing**

So the two went straight back to the villa after getting off the car, not talking to Xu Shihan or Cheng Yiyi. This surprised Lin Yi-were these two even from this world? they didn’t like to chase after celebrities at all.

Lin Yi went to the kitchen and made some food before sending it to Jingjing.

“Lin Yi bro, thank you!” Han Jing Jing put down her tablet when she saw Lin Yi. She ran out to help Lin Yi with the dishes.”Do you want to come in and sit for a while?”

“No, you guys should rest early after dinner. I’m going back.” Lin Yi looked at Jingjing’s Villa-there didn’t seem to be anything new, only the furniture and appliances that came with the villa.

Han Xiaochao was sitting on the sofa, reading a book quietly, while han Jingjing was probably playing with her tablet.

This pair of siblings were strange enough. They were both the bookworm type, but the older sister’s personality was more bizarre than the younger brother’s.

Lin Yi took a look at han Xiaochao’s book-it was a University economics textbook. It was normal for him to read at home, but han Jingjing was using a tablet to exchange for some alchemy formula. Lin Yi found it hard to believe.

“Oh ... Alright then.” Han Jingjing nodded in disappointment.””Right, Lin Yi bro, how’s your alchemy research coming along?”

“These two days? “I don’t have the time to study it yet ...” Lin Yi said honestly. He was busy with the freshmen’s Gala, and then he was attacked after receiving Xu Shihan, and then he broke through. He didn’t even have time to practice the fourth form of the fist, let alone make a pill.

“Oh ... I see, I was thinking of discussing it with you!” “Then let’s talk about it after Lin Yi bro’s done, okay?”

“Alright,” he said. Lin Yi nodded.

Han Jingjing was very happy to hear Lin Yi’s reply. She said goodbye happily and went to eat with han Xiaochao.

Lin Yi, on the other hand, went back to his villa. Mengyao, Yushu, Shihan, and Yiyi were having a heated conversation in the living room, talking about yesterday’s events.

Cheng Yiyi’s eyes were full of admiration, and Lin Yi happened to hear what she said as he entered the room.”Yaoyao, Shu, I’m so envious of the two of you-you have such a powerful bodyguard like Lin Yi living with you. If Shihan and I stopped singing, we’d move in with you guys!”

“Alright, then when you guys retire from the music industry, you can move over here!” Mengyao said with a smile.

“If we move here, I’m afraid that some people will be hostile to us!” With that, she turned to Yushu with a smile.”He was just mocking Wang Xinyan ...”

“I’m not, I’m just helping shield bro ...” Chen Yushu was a little embarrassed and quickly changed the topic,””Sister Shihan, you and sister Yiyi seem to be getting along well?”

“That’s right. We’re both from the same sect and we hit it off very well. We usually have similar hobbies, so we’re closer.” Xu Shihan nodded.

“It’s all thanks to Senior sister’s care. Otherwise, I wouldn’t have developed so well!” Cheng Yiyi nodded in agreement.

“Aren’t you guys going to sleep early? Those who go to school and those who catch the plane tomorrow, can you get up?” Lin Yi said as he looked at the four of them.

“I’m sleeping, I’m going to sleep soon ...” Chu Mengyao looked at her watch and realized that it was already very late. It was already past nine at the end of the freshmen gathering, and after dinner, it was past eleven. Now it was even past twelve. If she didn’t sleep now, she really wouldn’t be able to wake up tomorrow!

And so, the four of them packed up and went upstairs, while Lin Yi went back to his room and continued to consolidate the second stage of the art of Dragon mastery.

He’d been too busy these past few days, and he’d decided to find a chance to practice the fourth style. Plus, he was Earth Class early phase peak now, so other than the fourth style, could he use the fifth and sixth style?

Lin Yi was looking forward to it! However, he didn’t have the time to think about it and practice it.

Sitting cross-legged on the bed, Lin Yi started channeling the second stage of the art of Dragon mastery. His strength at Earth Class early phase peak was pretty much stable now, and this breakthrough wasn’t too surprising. After all, Lin Yi was about to break through before, but he just needed an opportunity to break through the limit, and this opportunity happened in the middle of a battle!

Fortunately for Lin Yi, this opportunity came at the end of the battle, the deciding moment. If it had appeared before that, Lin Yi would have been in danger!

How could he break through in Peace with the Earth-grade Man in Black watching him? Lin Yi was scared just thinking about how this group of people would be finished.

However, through this battle, Lin Yi had discovered an advantage. He could make up for his lack of strength with martial arts! It was like how he was only an Earth Class early phase, but with his special skills, he wasn’t weak even when facing an Earth Class mid phase.

The first move of his wild fire Fist was actually equivalent to the second move of the earth-grade Man in Black’s ice-cold snow spike! In other words, as long as Lin Yi’s stamina was full, he could still fight enemies above his level. This discovery made Lin Yi both surprised and happy!

He’d thought that the mystic class advantage he had was gone, but uncle Fu’s skills had brought him back to where he used to be. The fourth fist of raging fire was enough to take down an Earth Class mid phase-in other words, he could take down an opponent that was only one class away from him with ease.

As long as he used the fourth move, wild fire Fist, from the start, his opponent would not be able to deal with it! However, what would it be like to face an Earth Class mid phase peak now? He hoped that he could use the fifth and sixth forms of the fist of raging fire-that way, he’d have the strength to fight an Earth Class mid phase peak.

In fact, what Lin Yi didn’t know was that he was able to fight people above his level because of the wild fire Fist. It was a top-tier skill, but it depended on the practitioner. Lin Yi had the “martial skill” he took out from the cave, and he could use every move of the wild fire Fist to its fullest, just like the creator of the skill. He could understand the essence of every move!

But it was different for the others. No matter how strong the skill was, everyone's understanding would be different. No one could use it like it was created by themselves like Lin Yi.

The earth class's ice spike wasn't weak either, but he was too weak. His practitioner's Arts weren't that good to begin with, and he couldn't fully use his skills. He didn't understand it very well either, so he was one level weaker than Lin Yi in every move. (To be continued.)

## **Chapter 2024: Replacing him**

But this wasn't something that could be explained-Lin Yi's advantage was the same as naipao 's, and it all came from his practitioner's Arts. His talent wasn't that great, it was just a coincidence.

Upstairs, Chu Mengyao and Chen Yushu were taking a bath together.

"Yaoyao sis, do you think that Wang Xinyan can become shield bro's big wife?" Chen Yushu asked.

"How would I know?" Mengyao said, shaking her head.

"If she becomes the main wife, wouldn't she be bullying us? Yaoyao sis, we have to think of something!" Yushu said, panicking.

"Then what do you suggest we do?" Mengyao frowned,"the problem now is that Lin Yi doesn't have Tang Yun in his heart anymore. He got together with Feng Xiaoxiao because he pitied her before. As time passed, they grew closer, and Feng Xiaoxiao allowed him to find other women. Lin Yi doesn't feel any guilt at all. What can we do?" Even if she had to stop him from being with Xinyan, he would still be with someone else! Besides, could they really stop it? We didn't stop Yunyun back then, did we?"

"This ..." Chen Yushu thought,""That's true, but there are so many candidates. I think han Jingjing and sister Shihan are not bad either. Even sister Yiyi would do. She's a celebrity after all, and she's a little older than us, so she could be a sister ..."

"Han Jingjing? She's not a big-headed girl, and she's a bit of a dummy, but Xinyan's got a good personality, too-she's a quiet girl, and doesn't fight too much. " "As for the two big sister celebrities, I think we should just forget about it," Mengyao said. "Why would they share their love with others?" I was just joking before, it's impossible for me to really move in. "

"You're right ..." Chen Yushu nodded,""Are we overthinking it?"

"We're just overthinking it, and the decision still lies with Lin Yi. We can only help look at it, as long as we're not doing Yunyun's favor ..." Mengyao was conflicted when she said this ...

Sometimes, Mengyao would wonder if she wanted to replace Tang Yun. Tang Yun had said the same thing before they parted, but Mengyao thought that it would be a bit too much if she replaced her. It was as if she was taking advantage of someone's crisis. Therefore, a thin-skinned person like the eldest miss could not do such a thing ...

It was Lin Yi who was speechless.

The Miss, Shu, Xu Shihan, and Cheng Yiyi woke up with dark circles under their eyes. It was obvious that they didn't sleep well after talking the whole night.

However, Cheng Yiyi's relationship with the Miss and Shu had obviously improved.

"What time is your flight? If there's nothing else, I won't be seeing you off." "I still have school today," Lin Yi said.

"En, you don't have to send us off. Brother Feng will come and pick us up later." "Those robbers probably won't dare to come again after seeing how powerful you are," Cheng Yiyi said.

"That's right. There hasn't been any movement for the past two days. Clearly, those people have given up." Xu Shihan nodded.

"Oh right, what happened yesterday?" "I think your headache started acting up after you saw the woman in the black trench coat yesterday?" Lin Yi asked as he ate.

"Yeah, we were talking about something else last night, I would've forgotten if Lin Yi didn't remind me!" "Sister Shihan, what happened yesterday?" the Miss nodded.

"It's nothing, actually my headache ... Lin Yi's right, it's probably caused by some psychological trauma from my childhood ..." Xu Shihan smiled bitterly, "But I don't want to talk about these things, and I've never told anyone about it ... So yesterday's incident should be a coincidence ..."

Lin Yi nodded-he'd checked her headache before, and he knew that she wasn't sick, but that it was a psychological problem that caused some sort of neurological disorder. But even Lin Yi didn't know the exact cause, so how would anyone else know?

"Yes, I was also very confused about what happened yesterday. Even I, sister Han's best friend, only knew that sister Han had some psychological trauma in her childhood, which caused her migraines to act up. I didn't know it was because of a woman in Black ..." "It seems like yesterday's incident was really a coincidence ..."

Lin Yi didn't think that yesterday's incident was a coincidence-The Woman in Black was too sudden, after all, appearing right at the time of Xu Shihan's performance. Not only that, but she was also an actor, and Lin Yi didn't see anyone else wearing the same costume until the end of the gala. It was weird, as if she was planning to show up at that time.

But, Xu Shihan did say that it was a trauma from her childhood, and it was a secret. She didn't tell Cheng Yiyi about it, and Cheng Yiyi only knew the general idea. As a doctor, Lin Yi didn't know about it, so how did Zhang duopan know?

It was a mystery, however, and Lin Yi didn't want to get to the bottom of it.

After breakfast, Feng sanhuang arrived in his business car, driving Xu Shihan and Cheng Yiyi to the airport. The business here was also over.

Han Jingjing and Han Xiaochao were already waiting at the door early in the morning. They were probably worried that Lin Yi would forget about them again after last night's incident.

"You guys don't have to wait like this, I'll call you when I leave ..." Lin Yi looked at the pitiful siblings, a little embarrassed.

Who would have thought that they were actually rich people who lived in villas and drove BMW? People who didn't know might even think that the two couldn't afford the bus, and that was why they were waiting. Lin Yi was curious as well.

However, with han Jingjing's intelligence, Lin Yi didn't want to ask anymore. If he didn't get the answer, han Jingjing might question him back.

After Lin Yi parted ways with the Miss and the others, he walked towards the biology Department with han Jingjing.

As han Jingjing walked, she was still fiddling with her tablet computer as if she was addicted to it. She was fine walking on the main road, but when she reached a small path, she accidentally stepped on the edge of the manhole cover. As a result, her body leaned forward and she almost fell down ...

"Ah!" Jingjing let out a cry of surprise subconsciously. Lin Yi was a little speechless, but he couldn't just let her fall like that. Not only would the tablet be broken, but Jingjing herself would also be in a terrible state. (To be continued.)

### **Chapter 2025: There are notes too?**

So Lin Yi quickly caught her, and she fell into his arms. To outsiders, it looked like the two of them were hugging.

"Tsk, tsk. You didn't even get one, and now you're getting another one. You're not tired at all, desolate." A sour voice sounded from behind Lin Yi. He turned around and saw that it was coiling Tiger.

"Does it have anything to do with you? Second young master you, don't tell me you're itching for a beating again?" Lin Yi looked at him coldly.

Yu Panhu had his eyes on han Jingjing and wanted to play with her, but he didn't expect Lin Yi to beat him to it. Naturally, he wasn't happy about it, so he said this to Lin Yi.

"Lin Yi, you don't have to threaten me in boss Bai's class. I'm not scared of you. If you want to get expelled, beat me up!" Youpan Hu, on the other hand, was looking at Lin Yi with disdain, as if he wasn't afraid of anything.

"What's going on in boss Bai's class?" Lin Yi frowned-there might be something he didn't know.

"You don't know?" You Panhu was also stunned but he quickly explained,""No matter which family or sect you come from, if you study here, you'll have to lie down even if you're a Dragon or a Tiger. If you cause trouble here, you'll be expelled!"

Yu Panhu looked at Lin Yi with a smug expression, as if to say that Lin Yi wouldn't dare to do anything to him this time. Although I can't beat you, I'll disgust you to death!

"Oh, I see. That's why you're called right coiling Tiger!" Han Jing Jing said as she nodded.

“What does this have to do with my name?” You Panhu’s face darkened. “I’m just reminding you not to break the rules. Don’t think that you have any special privileges just because you’re an Alchemist. Who isn’t an Alchemist?” Everyone here has to listen to boss Bai!”

“Ah, Lin Yi bro, why did he say you’re an Alchemist? are you?” Han Jing Jing asked, surprised.

“Of course he’s an Alchemist, and he’s very good at it. If you want to learn alchemy, you can ask him and let him teach you!” Yu Panhu didn’t mind causing Lin Yi some trouble.

“Lin Yi bro, why did you say you don’t know how to make pills?” Han Jing Jing looked at Lin Yi curiously.

“Since right coiling Tiger is so enthusiastic, then you can teach her alchemy!” With that, Lin Yi pointed at coiling Tiger. “He’s an Alchemist, you can ask him. ”

“Ah, you Panhu, can you teach me alchemy?” Han Jing Jing turned to look at the right coiling Tiger.

Youpan Hu wanted to test Lin Yi’s background to see if he was a refiner and how good he was. That was why he asked Han Jing Jing to ask Lin Yi, but he didn’t expect to be shooting himself in the foot!

“Haha, our you family’s alchemy skills can only be passed on to the you family’s people, not to outsiders ...” You Panhu laughed and said, “Lin Yi, on the other hand, you’re a practitioner, aren’t you? you don’t talk that much, do you? Quickly teach her your alchemy skills, if you want to woo someone, you have to give something in return!”

Youpan Hu had been suspicious of Lin Yi’s skill ever since he saw Lin Yi buy that stupid cauldron. Which refiner would buy that kind of trash? At this moment, he also wanted to see if Lin Yi knew how to make elixirs.

“I don’t know how to concoct pills.” Lin Yi said faintly.

Youpan Hu didn’t expect Lin Yi to answer so directly, and this made him even more confused. Did Lin Yi know how to make elixirs?

“That’s right, Lin Yi bro doesn’t know how to make elixirs in the first place. We’re both studying it. Right, you Panhu, if you know how to make elixirs, then teach us. We’re all classmates, don’t keep it to yourself ...” Han Jingjing said.

“Ahem ... I’m busy, I’ll be leaving first.” You Panhu didn’t dare to speak carelessly. Although a lot of information about alchemists was public, the you family’s control and activation of the alchemy fire came from the sky elixir sect, which had been improved. You Panhu was afraid that he would make mistakes if he spoke too much, so he left first.

“Lin Yi bro, what’s wrong with him? he doesn’t share his good stuff with others, he’s so evil!” Han Jing Jing said unhappily as she looked at right coiling Tiger’s departing back.

“You really want to learn alchemy?” Lin Yi looked at han Jingjing, finding it more and more unbelievable. He thought that she was just curious, and that she lost interest after a few days.

However, it did not seem to be the case now. Han Jingjing could no longer be described as interested in alchemy. She had simply lost her mind. Her analysis and research of alchemy had become formulaic ...

“Ah? Lin Yi bro, why are you asking this?” “I’ve been studying alchemy all this time,” Han Jing said. “How can I be fake?”

Lin Yi nodded. He could tell that han Jingjing really did have a thing for making pills. “Then have you ever come into contact with alchemy before? Why do you want to learn alchemy?”

“Actually ... I obtained an Alchemist’s personal notes, so I started to study alchemy ...” Han Jingjing said, a little embarrassed, “I’m sorry, Lin Yi bro-I didn’t know you well before, so I didn’t tell you. I was afraid that you’d take my notes away, but now that I’ve realized that you’re a good person, I won’t hide it from you anymore!”

“Personal notes of an Alchemist?” “You have something like that?” Lin Yi asked, surprised. Where did you get it?”

“The antique market!” “But I’ve already scanned it into a picture and put it on my tablet. I’ll show you!” Han Jingjing said.

“Alright!” Lin Yi didn’t think that han Jingjing would actually be able to buy the personal notes. He found it a little unbelievable that something like this could be bought.

Han Jing Jing quickly found the scanned version of the notes on her tablet and passed it to Lin Yi, “Lin Yi bro, it’s here. Take a look, you can study it with me.”

Lin Yi took the tablet and looked at it carefully. This han Jingjing may look stupid, but she wasn’t that stupid. At least, she didn’t tell him about the personal notes before because they weren’t close. Now that their relationship was getting better, she finally took it out.

However, what made Lin Yi curious was that the notes only had some techniques to control the temperature of the fire and some records of the medicinal reactions between the various ingredients. In other words, there was no mention of how to condense the fire from the beginning to the end, only these techniques.

“What are the things you wrote on the tablet?” Lin Yi asked.

Lin Yi had always been curious-he didn’t quite understand what Jingjing meant when she said it was about making elixirs through scientific methods. (To be continued.)

### **Chapter 2026: being followed**

“On this is the temperature and control of the fire for refining various pills, as well as the changes of various herbs in the cauldron at every moment. However, what it says about perception, mental power, and sixth sense are too fantastical. I don’t think I can control them well, so I summarized these alchemy methods and techniques into precise mathematical, physical, and chemical formulas. This way, when I can condense the pill fire, I can refine pills according to the formulas. I don’t need to use my hands to feel the temperature or the changes in the medicinal ingredients. ” Han Jing Jing said.

“You ... This way of thinking is really heaven-defying!” He’d heard han Jingjing say that she wanted to combine ancient and modern methods, but after her explanation, he realized how shocking and heaven-defying her idea was!

Using scientific methods to make elixirs like this-even the ancient sects probably wouldn't even think about it, let alone Lin Yi. He did not expect han Jingjing to be so original and start to study this. Not to mention whether she would succeed, just this idea alone was much more impressive than others.

"Are you complimenting me, Lin Yi bro?" Han Jingjing was a little surprised, but then she felt a little depressed." "Jing Jing is actually very stupid. After researching for so long, she still can't figure out how to condense the pill fire. It's not available on the internet, and I can't even buy a book ..."

"Condense the pill fire ... I'll help you think of a way." Lin Yi said after some hesitation. He didn't tell her that he had the arts of refining the refinement fire-that would be too fake. It'd be like he traded the arts for the refinement fire when han Jingjing showed him her notes. It'd make him feel like he was snobbish.

So Lin Yi decided to tell han Jingjing later, it wouldn't be too sudden.

"Okay, thank you, Lin Yi bro ..." Han Jingjing didn't seem to have any suspicions at all as she walked into the classroom with Lin Yi.

After entering the classroom, Lin Yi sat beside Wang Xinyan, while han Jingjing sat in the back seat obediently, not fighting to sit next to Lin Yi.

"Big brother Lin, you're here? The results of the freshmen Gala are out. Our class got first place, and the singing program got first place!" Bai Weitao said excitedly as he saw Lin Yi.

"The results are out so quickly?" Lin Yi asked, surprised.

"Actually, it was released last night, but it was only announced this morning." "Number one! This is the first time in history that our pharmacy has won an award, and it's amazing!" Bai Weitao said.

"Ha, but if Zhang duopan wants to go back on his word, there's no way around it." Lin Yi said.

"Yeah, that kid is too wicked. He was the one who invited the celebrity first, but he still said those words. He's really bad!" "But it's good," Bai Weitao said helplessly." "I'll let he meiyue see his true colors and cut off all contact with him in the future!"

"Cough, cough. Quiet down. Class is starting!" Boss Bai knocked on the teacher's door frame and strode into the classroom. The noisy classroom immediately became quiet.

Bai Weitao was so scared that he quickly returned to his seat.

Boss Bai was very satisfied with everyone's performance. He nodded and walked up to the podium." "At the freshmen gathering yesterday, everyone's performance was not bad, so I would like to give you some praise! "Our Biology department's medicine major hasn't won an award in the freshmen party for many years. Even in the art Festival and sports meeting, our class didn't have much to do in the past, but a miracle happened here. I hope this is a good start. Everyone will continue to work hard in the future and strive to get a place in other activities to fight for my honor, boss Bai!"

"Al, how is that possible? This time, it's because there's a big star ..."

"Yeah, without the help of a big star, our class definitely can't do it ..."

“Quiet down, I don’t think everyone’s enthusiasm is too high? But there’s something I forgot to tell you, and that’s that you’ve obtained first place in the freshmen singing category of the gala. I’m going to reward each of you with two credits! In the future, if you get a good ranking in an event, you will also be awarded credits according to your ranking! If you’re not willing to continue asking for the reward, then pretend I didn’t say anything.” Boss Bai narrowed his eyes and said indifferently.

“Argh! Of course, why wouldn’t I!”

“We’ll definitely win an award next time!”

“That’s right! Under the class monitor’s lead, we must win the award!”

“Two credits. Once I accumulate enough credits, I can graduate early ...”

Even you Panhu, who had been expressionless all this while, was overjoyed when he heard that he would be awarded two academic credits. If he could graduate from boss Bai’s hands in advance, it would be an honor. In the future, he would be able to leave a heavy mark on his experience in the family’s Elder Council.

He was a little glad that he had participated in the freshmen party this time. If he hadn’t gone on stage, he was afraid that boss Bai would have left him behind when he awarded the credits.

“Alright, that’s all. Let’s continue. We’ll talk about some common herbs ...” Boss Bai flipped open his textbook and started the class.

Han Jingjing, who had been writing and drawing, put down her tablet and listened to boss Bai’s lecture with full attention ...

The morning passed by quickly, and boss Bai gave Lin Yi a signal after class. “Lin Yi, come with me for a second!”

“Alright,” he said. Lin Yi nodded, not surprised at all. Boss Bai did say that he’d go find him after the party—he wanted to teach him some unexpected knowledge.

Yu Panhu looked at Lin Yi with envy and jealousy. He didn’t know why Boss Bai was looking for Lin Yi, but something like this that was obviously trying to get closer to him made Yu Panhu want to switch places with Lin Yi.

He’d been looking for an opportunity to please boss Bai, but there hadn’t been a suitable one. With that thought, he got up and followed Lin Yi and boss out of the classroom. Sometimes, opportunities were created by oneself, so he decided to try his luck first.

Lin Yi followed boss Bai out of the classroom, walking towards the biology faculty building. As soon as they left the building, Lin Yi felt someone following him. It was an instinct, and it had nothing to do with the Jade. The person following him didn’t have any bad intentions, and the Jade didn’t give him any warning.

Right coiling Tiger? Lin Yi frowned as he realized that the person following him was Yu Panhu.

“Boss Bai, someone’s following us. It’s right coiling Tiger.” Lin Yi said.

“Oh? Right coiling Tiger?” Boss Bai looked back and said, “Don’t mind him.”

“Oh ...” Since boss Bai said to ignore him, Lin Yi naturally didn’t do anything. He followed boss Bai into the biology faculty building ...

### **Chapter 2027: deaf**

The right coiling Tiger also sneakily followed.

Lin Yi found it funny that Yu Panhu thought no one had seen him, so he left half the door open on purpose when he entered boss Bai’s office. He dawdled at the door for a while before Yu Panhu walked over ...

Just as he was overjoyed that the door wasn’t closed and was about to enter, Lin Yi slammed the door shut with a “bang.” The metal door slammed into his nose, causing blood to gush out as he let out a blood-curdling scream. “Ah, Yingluo.”

“Yi, what was that sound?” Boss Bai had also heard right coiling Tiger’s scream, but he didn’t see him outside the door.

“I don’t know. Maybe I caught a rat when I closed the door.” Lin Yi said.

“There’s a mouse here? Looks like I’ll have to buy some rat poison tomorrow. Don’t eat my medicinal herbs.” Boss Bai nodded and said.

“Boss Bai, you were looking for me ...” Lin Yi asked hesitantly.

“Hehe, take a seat first!” Boss Bai, on the other hand, asked Lin Yi to sit down calmly before pouring out some tea from a small metal can. “These are tea leaves that I grew myself. Have a taste!”

“Uh ... Boss Bai, you didn’t invite me here just to drink tea, did you?” Lin Yi smiled bitterly. “To be honest, I’m not good at tea. I don’t know how to drink it. My old man does grow some, but we usually use it to make tea eggs ...”

“Pfff ...” Boss Bai made a cup of tea for himself and Lin Yi, and just as he picked up his cup and savored the strong aroma of the tea, he spat out the tea in his mouth. “Yi ... This tea’s on the market, tens of thousands for a tael, and I added some other elements when I planted it, so it’s worth more than tens of thousands, and you ... You’re using it to make tea eggs?”

“So ... Don’t waste It On Me.” “Boss Bai, let’s get back to business, shall we?” Lin Yi shrugged.

“Alright!” Boss Bai put down his teacup and said, “Yi, everyone in your class may be my students, but there’s a difference in students. I was planning to find a talented student to teach me some special medical knowledge, but you and I were fated, and you saved my life, so ...”

Boss Bai stopped here and squinted his eyes at Lin Yi, waiting for his answer.

“Boss Bai, if you have something to say, just say it. I won’t be able to guess it if you’re so secretive!” Lin Yi said with a bitter smile.

“You don’t look like you’re willing to learn? You must know that the right coiling Tiger and the like are people who have racked their brains to learn, but there’s no chance!” Boss Bai said.

At the door, youpan Hu was listening to Lin Yi and boss Bai's conversation, and he was envious when he heard that boss Bai was going to teach Lin Yi some special medical knowledge. He cursed at Lin Yi's luck-why did boss Bai favor him so much?

And from Lin Yi's tone, he didn't seem to be interested in studying.

You Pan Hu almost pushed the door open and went in. He shouted,"if you don't want to learn, then give me the opportunity. You won't agree even if you whine. What's wrong with begging you to learn?"

But, from what boss Bai was saying, it seemed like he wanted to beg Lin Yi to learn from him-why else would he use him as an example? And it seemed like boss Bai said that Lin Yi was his Savior? When did Lin Yi save his life?

This series of questions caused right coiling Tiger to stick even closer to his ear ...

However, there was no sound in the room after that, which made right Panhu a little suspicious. Could it be that the two of them were secretly whispering?

Therefore, right Panhu pressed his ear closer. As a result, just when he wanted to listen more carefully, a loud bang suddenly came into his ear. It shook right Panhu's eardrum so much that it almost burst. He let out a miserable cry,"ah, ah, ah!"!

Lin Yi knew that boss Bai was going to talk about some confidential stuff, so he smiled bitterly to buy some time. He then quickly kicked the iron door, and that was what happened to you Panhu.

Right Panhu was so shocked that he fell on his butt. He covered his ears and his eyes were full of stars, which were flashing ... He was so dizzy that he didn't know where he was.

"Yi, why did you kick my door?" "Although the door is made of iron, it'll break easily if you kick it like that!" Boss Bai smacked his lips.

"You know ..." Lin Yi walked back after kicking the door,""There's a big rat outside the door, always trying to eavesdrop. "

"Ha! It's fine, if he heard it, then so be it. It doesn't matter. " Boss Bai waved his hand-he knew what he was going to teach Lin Yi, and there was no need to hide anything. It didn't matter even if he heard it, but the important stuff was in a book boss Bai had compiled-he wouldn't be able to see it even if he wanted to.

"Doesn't matter?" Lin Yi blinked, a little troubled. Why didn't he hide it from youpan Hu? could it be that youpan Hu and boss Bai were very close?

"Hehe, alright, I won't beat around the bush with you. Have you heard of pill refining?" Boss Bai suddenly asked, his eyes focused.

"Ah? Pill refining?" Lin Yi's eyes were wide open as he looked at boss Bai in disbelief. Why was he only hearing about pill refining these few days? Han Jing Jing, right coiling Tiger, and boss Bai all made pills. Was it popular for the whole nation to make pills now?

“What do you think? you don’t understand the true meaning of alchemy, do you?” “I’m not talking about elixir making here,” boss Bai said. “I’m not just mixing a few herbs and then condensing them into a pill ...”

“I know, you’re talking about The Alchemist who uses alchemy fire to refine medicinal herbs and condense them into pills.” Lin Yi said.

“You know?” Boss Bai was surprised at Lin Yi’s words. “You’ve also heard of alchemists?”

“Isn’t that right Panhu an Alchemist ... So when you said you wouldn’t hide it from him, it was about alchemists,” Lin Yi said.

“That’s right, you Pan Hu is a golden class first level refiner, but he’s close to the second level. He’s a good seed, but I don’t like his personality. ” Boss Bai nodded and said.

“This kid still has some tricks up his sleeve?” Lin Yi frowned, a little shocked. He didn’t think that boss Bai would think so highly of Yu Panhu, but to be honest, if Yu Panhu was really a golden class first level refiner close to second level, then even if he wasn’t the head of the house, he would have a very important position in the house. No wonder there were so many masters around him.

“But I didn’t expect you to know about alchemists. So, did you apply for the pharmacy department because of its fame?” Boss Bai looked at Lin Yi, confused

### **Chapter 2028: True identity!**

However, he shook his head and said, “I’m afraid not. You don’t even know me. Besides, I wanted to teach you alchemy, but you didn’t want to learn it ... I don’t think you came here because of my reputation ...”

“Teach me alchemy? I want to learn!” Lin Yi quickly nodded.

“Ahem ... Can’t you change your face faster?” “You didn’t look interested before, did you?” boss Bai was a little speechless.

“Uh ... I didn’t know you were going to teach me alchemy. If you had told me earlier, I wouldn’t have to wait until the freshmen gathering was over. I would have come to learn long ago!” Lin Yi couldn’t help but be excited-when boss Bai said he was going to teach him how to make elixirs, he almost jumped up in excitement!

Refining elixirs had always been one of Lin Yi’s biggest worries. Although it seemed like Lin Yi didn’t study it anymore, it wasn’t that he didn’t study it, it was that he couldn’t figure it out. The refinement fire could be formed, but once the fire’s intensity and temperature were changed, the fire would be extinguished!

It wasn’t that Lin Yi didn’t want to study it, but he didn’t have any other way. He could only wait for an opportunity, an opportunity to learn how to make elixirs. There was no hope from right Panhu, so Lin Yi had to find a new way. He didn’t expect that sometimes, things that he couldn’t find would come back so easily!

This boss Bai in front of him was actually an Alchemist?

Lin Yi really wanted to cry-he was just too lucky! Just a random guy he saved was a refiner, and he almost missed a great opportunity like this! If he didn't get into East Ocean industry University by accident and become boss Bai's student, it'd be even harder to meet boss Bai again!

"I thought you were not interested in anything. You were so arrogant before, but now you're begging me?" Boss Bai's mood was lifted at Lin Yi's words."Haha, I told you that you would become my disciple sooner or later. What do you think now?"

"Yes ... I'm your student ..." Lin Yi smiled bitterly. He had to lower his head now that he was under your roof!

"Haha, you're begging me? I'll teach you if you beg me!" Boss Bai crossed his legs and picked up the cup in front of him, taking in the tea's fragrance before taking a sip leisurely, a smile on his face as he looked at Lin Yi.

"Um ... Boss Bai, please ..." Lin Yi felt disgusted. This boss Bai had a lot of bad interests ... But, for Xiaoxiao, he could even make Lin Yi kowtow to her, let alone beg her!

Besides, a teacher was like a father, and it wasn't inappropriate for Lin Yi to pay respects to his master.

"You're speaking so softly, didn't you hear me? if you don't want to learn, then fine, you can go back. Come back again when you've thought it through!" Boss Bai said.

Lin Yi didn't know what to say, but he still said loudly,""I want to learn, boss Bai, please take me as your disciple!"

"Haha, See, I told you so!" "Haha!" Boss Bai laughed."If that's the case, then I'll reluctantly teach you some knowledge outside of the class!"

"Thank you, boss Bai!" Lin Yi said quickly.

"There's no need to thank me, but the foundation of an Alchemist must be a cultivator. Do you know what a cultivator is?" Boss Bai waved his hand and asked seriously as his face returned to normal.

"I know!" Lin Yi nodded, but he was a little confused. When he was treating boss Bai, he didn't feel like he was a practitioner. His meridians were broken and blocked, and he couldn't cultivate at all. Could he be a physical practitioner?

But Lin Yi had never heard of an additional practitioner being able to make elixirs, so boss Bai ... At that thought, Lin Yi looked at boss Bai strangely,""Boss Bai, you're a cultivator?"

"No." Boss Bai shook his head.

"Uh ... Then you know how to refine pills?" Lin Yi didn't understand why Boss Bai would answer so directly.

"I won 't," Boss Bai still shook his head.

"Ah? Then ... Aren't you going to teach me alchemy?" Lin Yi looked at boss Bai, a little suspicious.

"It's pill refining." Boss Bai, however, said, "I'm not done yet. I'm not a cultivator now, nor am I an Alchemist, but I used to be! How was there a song that was sung? I haven't been an Alchemist for many years ..."

"..." Lin Yi was speechless. This old man looked funny? However, he was an apothecary in the past, but he wasn't anymore. In terms of teaching, there was no problem! Just like uncle Fu, he couldn't use the wild fire Fist anymore, but he could still guide Lin Yi on how to use it.

"What? you don't believe me?" Boss Bai saw the disappointment in Lin Yi's eyes and glared, "Did you see that? Those like you Panhu are also from an alchemy family. How difficult is it for them to learn something from me?"

"Of course not. It's just strange. You were an Alchemist back then, and you looked like you were very powerful, so how could you have been beaten up until your meridians were broken or blocked, looking very miserable?" Lin Yi said with a bitter smile.

"Who said I was beaten up? I suffered Qi deviation when I was refining pills, and my medicinal cauldron exploded!" Boss Bai's eyes widened. "If I hadn't been injured by the explosion, I wouldn't be an ordinary lecturer here with my alchemy skills. Back then, those ancient sects and families begged me to make pills, but I didn't care!"

Lin Yi took in a cold breath at the words- so this guy was once a top-tier refiner? No wonder right-hand Tiger didn't dare to act rashly in front of him, and he even said some strange things to him in the morning. It turned out that boss Bai was really an amazing person!

"How is it? Are you scared? If you know about practitioners, then you must know about the hidden houses, ancient houses, and ancient sects!" Boss Bai said, pleased with himself.

"I know ..." Lin Yi took a deep breath, "Boss Bai, I didn't expect you to be such a legendary figure ..."

"Legend? that was in the past. Hehe, I'm now a cripple. I can still teach disciples, but it's impossible for me to refine pills." Boss Bai shook his head in self-mockery and said, "I, Zhang Liju, can't let my generation destroy my family ... So, I've chosen two disciples, and one of them is you!"

"What? Zhang Liju? "Ahem ..." Lin Yi almost choked. "Miracle doctor Zhang Liju?"

"You've also heard of his name? Hmm ... You're from a family of doctors, so it's not surprising that you know this person ..."

## **Chapter 2029: Dream of**

Boss Bai nodded, "that's right, I'm the heir of Zhang Liju's sect. It's just that my master only left behind an incomplete Alchemist's notes, and he didn't even teach me the alchemist's alchemy fire formula before he died ... I only became a Grandmaster Alchemist because of my talent. It has nothing to do with Zhang Liju's heir, it's just that my name is a little scary!"

"Ugh ..." Lin Yi didn't know what was going on, "Your master just passed you an Alchemist's notes and he died?"

“Yes, he also had a Qi deviation when he was refining pills and was killed by the explosion of the medicine cauldron. However, I was more lucky than him and my medical skills were better than his, so I survived. When he met me, his medical skills were not good enough, so he died.” Boss Bai said.

“...” Lin Yi didn’t know what to say, but he could tell that there wasn’t much left of Zhang Liju’s legacy. These refiners were passed down from generation to generation, and it was probably quite common for people to be like boss Bai. The previous generation was dead, and the next generation was still young. As a result, there was less and less of Zhang Liju’s legacy, and he had to rely on his own research.

However, boss Bai’s title as Zhang Liju’s heir was enough to shock Lin Yi! He had been Zhang Liju’s student for so many generations, and he was his student-didn’t that make him boss Bai’s Grandmaster?

Of course, Lin Yi was just thinking about it. After all, he only had some of Zhang Liju’s belongings, and he wasn’t really Zhang Liju’s disciple, so it wasn’t a big deal for him to become boss Bai’s disciple. It was more like he wanted to acknowledge his family.

“Don’t worry, as long as you don’t cross levels to refine those heaven-defying medicinal pills, you won’t die.” Boss Bai saw Lin Yi’s shocked expression and thought that Lin Yi was scared. He quickly explained, “We reached a bottleneck in our alchemy and kept trying to make a breakthrough. We tried to make higher grade pills, but we couldn’t control the pill fire well, which was why the furnace exploded. If you only made ordinary pills, there wouldn’t be any danger at all. At most, you’d just fail. You wouldn’t be injured.”

Lin Yi shook his head-boss Bai misunderstood him!

Plus, why would Lin Yi be afraid of getting hurt? Even if the cauldron exploded and Lin Yi was hurt, he had the Jade space. What was there to be afraid of? As long as he didn’t die from the explosion, he could recover as long as he still had one breath left. From what boss Bai said, they were passed down from generation to generation, and it had been passed down for so many years. This meant that even if the furnace exploded in the process of refining, he wouldn’t die immediately. At least he would have some time to make his last words, and so Lin Yi would’ve recovered by then.

“No, I’m not worried about that. I’m just shocked.” “If I’m not wrong, the information you’ve got is pretty good, and you’ve managed to become a Grandmaster through your own efforts. This is amazing!” Lin Yi said.

“That’s true!” Boss Bai nodded. “Before my master died, he passed on his knowledge to two people. One was me, and the other person probably didn’t have enough talent, so he disappeared after getting the manual ... But my master was also desperate. He was about to die, so he couldn’t choose a successor ...”

Lin Yi nodded-if it weren’t for boss Bai’s talent, it really would’ve been lost.

“That’s why I’m preparing for a rainy day. I’m looking for a successor before I die. When I die, it’ll be too late to find a successor.” Boss Bai said, “also, my master is full of knowledge, but he didn’t summarize it into a book. The alchemist’s personal notes were organized by his master. Although it’s not bad, he didn’t preserve many of his own theories. His master’s alchemy skills are actually not as good as his.”

“Oh ...” Lin Yi smiled bitterly. It was the same for many sects these days. Many arts and techniques were kept secret, and this caused a chain reaction if something happened to the person who kept them ...

“But I’m smarter, and I’ve already compiled a book based on his Foundation. As long as you learn everything I’ve taught you, you’ll have no problem becoming a top-tier Alchemist!” Boss Bai said.

“Really?” Lin Yi’s eyes were wide open, extremely excited. Wasn’t this what he’d been dreaming of?

“Of course it’s true. Why Would I Lie to You about this?” Boss Bai said, ‘do you not believe in my teaching skills or your own abilities? Hmm ... Speaking of ability, if you’re not cut out to be an Alchemist, then I can’t do anything about it ...”

Lin Yi was taken aback by what boss Bai said-not that material? He ... Even with Zhang Liju’s personal notes, he still couldn’t learn anything from it, could it be that he really wasn’t cut out for it?

Of course, Lin Yi didn’t mention a word about Zhang Liju’s notes-this was a big deal, after all, and he understood that he was only at Earth Class early phase peak right now, and a hidden house you could wipe him out with a single move. Even if you Panhu hadn’t been eavesdropping, Lin Yi wouldn’t have said anything right now!

Even if Lin Yi were to show these things to boss Bai, he’d have to be strong enough first. Otherwise, he’d end up like the pill of life extension and toxin cleansing, with so many people coveting it. He’d even get Guan Xin kidnapped!

If a normal recipe was like this, then Liju’s personal notes were even worse. There were many lost recipes in there, too, and Lin Yi couldn’t just show them to anyone.

As for boss Bai’s injuries, his broken meridians and damage, Lin Yi might have a way to heal him, but he didn’t do it!

Boss Bai was simply too famous, so famous that even the ancient sects knew of his existence. If his meridians were to suddenly recover, wouldn’t these people be suspicious?

Plus, boss Bai’s meridians were damaged in a strange way-if Lin Yi’s guess was right, not only were his meridians broken, but there was also a lot of poison from the fire blocking inside. Lin Yi didn’t have any confidence in clearing this kind of thing!

The pill fire poison was different from normal Qi poison-it was a different form of existence transformed from Qi, and Lin Yi couldn’t even control it himself, so how could he get rid of the Qi deviation?

At that time, if he was not careful and suffered a backlash from the pill fire’s poison, he would really be “angered”!

### **Chapter 2030: There’s another problem**

So, even if Lin Yi were to help boss Bai heal, he had to completely master the refinement technique and have a certain level of strength himself. Otherwise, he’d just be looking for death!

After all, Wu Chengtian and the others around Lin Yi had their meridians destroyed, and they could be cured with the nerve opening pill or the small recovery pill. Even if people suspected it, it could still be explained. Lin Yi’s own strange phenomenon could be explained by his Special Arts, but if boss Bai suddenly recovered, then it was a big problem!

Boss Bai was a refiner to begin with, and he would definitely be able to get something like the meridian opening pill or the small recovery pill. If Lin Yi could heal an injury that he couldn't even heal himself, it wouldn't be a good thing for Lin Yi right now!

No one would covet the arts, since most of the time, they couldn't be used even if they were stolen. Many ancient sects and houses had top quality arts, but only a few people could practice them, like the chrysanthemum Arts and the heaven defying Arts. These Arts were top class, but not everyone could practice them.

This was also the reason why no one had any ideas about Lin Yi's practitioner's Arts-many people had good things, but they couldn't practice them! It was the same as the sun family's heart technique. Other than the sun family's bloodline, no one else could cultivate it.

Lin Yi wasn't afraid of people stealing his Arts, but he was afraid that he wouldn't be strong enough and would be forced to help others heal. If that happened, he wouldn't be able to do anything else.

"How can I tell if I'm an Alchemist's material?" Lin Yi asked.

"Oh, let me ask you something. Are you a cultivator? You need to answer truthfully!" Boss Bai asked.

"Yes." Lin Yi nodded without hesitation. It wasn't a secret that he was a practitioner-many people knew about it.

"What's his strength?" Boss Bai continued to ask.

"Earth-rank." Lin Yi only gave a vague description of the range of his strength, but he didn't specify every level. After all, right coiling Tiger was at the door, and Lin Yi didn't want him to know his strength.

"Earth-rank?" Boss Bai wasn't suspicious at all when he heard that Lin Yi was a practitioner, but he was shocked when he heard that Lin Yi was an Earth Class. "You're an Earth Class?"

"Yeah ..." Lin Yi nodded, "What's wrong with that?"

"Are you sure you're not from a hidden house, ancient house, or sect?" Boss Bai looked at Lin Yi, confused.

"No." "I'm a practitioner," Lin Yi said.

"A rogue cultivator can actually reach the earth Class?" "You're special!" Boss Bai shook his head.

"Since you're a cultivator, then you don't need to practice the supplementary mental cultivation method of an Alchemist. You can directly try to condense the alchemy fire!" "This is a secret manual on refining elixir fire," boss Bai said."As for the supplementary mental cultivation methods at the beginning, you can just skip them. You don't need to look at them ..."

"You're giving it to me just like that?" Lin Yi's hands were shaking-he didn't expect boss Bai to be this generous, giving him something so important.

"Yeah, you can give it back to me if you don't want it." Boss Bai said.

"It's not that I don't want it, but ... Aren't you afraid that I'll leak it out?" Lin Yi said, still feeling a bit surreal.

“You mean these things?” Boss Bai pointed at the documents in Lin Yi’s hands. “If you want to leak it out, then do as you please. But even if you show it to right Panhu, he probably won’t look at it. This is the common mental cultivation method for alchemists and the refinement fire method. It’s a rare item in the common world, but any hidden house with a bit of background would have it. Even the normal libraries of ancient sects and houses have it ...”

“This thing ... Is it from a street stall? Didn’t you come up with this conclusion yourself?” Lin Yi didn’t know what to say to boss Bai.

“I didn’t summarize it. I told you, before my master died, he didn’t teach me the mental cultivation method of refining elixir fire. What he gave me was just some alchemy experience, and it wasn’t complete.” “Yours,” boss Bai said, “actually, you can also say that it’s from a street stall ... Even if it’s not, it won’t be a secret.”

“No way ...” Lin Yi looked at the refiner’s sub-master Arts and refinement Fire Arts in his hands. He was excited for half a day-so these things were this normal?

“In fact, the you family’s mental cultivation method is also improved on this Foundation, so it should be much better than this. The auxiliary mental cultivation method and the alchemy fire mental cultivation method that you Panhu practices are unique to the you family.” Boss Bai said.

“Then what is the right coiling Tiger doing here?” Lin Yi asked.

“He didn’t come here to learn these things. Instead, he came here to learn the methods of refining various medicinal pills, some alchemy fire control techniques, and some knowledge of medicinal properties that I had summarized.” Boss Bai said.

“Doesn’t that mean that right coiling Tiger doesn’t even care to learn it ... And you want me to learn it?” Lin Yi smiled bitterly as he looked at the information in his hands, “Don’t you have any better secret manuals?”

“No...” Boss Bai sighed. “In fact, these mental cultivation methods are all the same once you master them. It’s just a matter of personal habit. The ultimate goal is to transform one’s true Qi into alchemy fire through a mental cultivation chant. The goal is the same, so I’m already very familiar with this alchemy fire mental cultivation method. I don’t care to learn other mental cultivation methods ...”

“Have you ever thought about your disciple?” Lin Yi asked, speechless.

“I was young and impetuous back then, why did I think so much? At that time, if I wanted to, I could have used high level pills to exchange for some support arts and refinement Fire Arts from the sky elixir sect, but I didn’t think it would be meaningful or useful.” Boss Bai shook his head and sighed, “Now ... I’m afraid they won’t give it to me even if I want it, unless I exchange it with my life’s experience, but I’m not willing to!”

“I see ...” Lin Yi nodded as he looked at the information in his hands. His heart turned cold, and he wanted to cry but no tears came out! If the support arts and the fire refinement chant were the most basic stuff, then it wouldn’t even be as good as the one he got from Zhang Liju’s tomb!

The one in Zhang Liju’s tomb had already made Lin Yi back off, so this one probably wasn’t any better.

Lin Yi felt discouraged at the thought ...

“Alright, go back and try the mental cultivation method of refining the alchemic fire according to this. If you encounter any problems, come to me at any time!” “I haven’t had lunch yet,” boss Bai said. “You should go and eat. I’m going to sleep too!”

“Uh ... I have a question ...” Lin Yi hesitated.
