

Bodyguard 2031

Chapter 2031: coveting

“What’s the problem?” Boss Bai asked.

“Can’t bai weikai and Bai Weitao become alchemists? Why don’t you teach them alchemy?” Lin Yi asked.

“Their aptitudes are too poor. They can’t even cultivate supplementary mental cultivation methods, let alone condense a pill fire.” Boss Bai shook his head, “do you think it’s that easy to become an Alchemist?” The prerequisite was that one had to be a cultivator in order to become an Alchemist! If you’re not even a cultivator, then pill refining is a whimsical dream!”

“I see ...” Boss Bai’s words made Lin Yi’s heart sink even more. Bai weikai and Bai Weitao couldn’t do it, and Lin Yi wasn’t a talented person either. Many people called him a genius, but Lin Yi knew his own strength. If it wasn’t for the fact that he could cultivate the art of Dragon mastery, he would just be a normal person.

Youpan Hu had been pacing around boss Bai’s office the whole time, not leaving. But after that “shock” from Lin Yi, he didn’t dare put his ear too close to the door anymore, afraid that Lin Yi would Pierce his eardrum again. It’d be a tragedy then.

So he didn’t hear the conversation between Lin Yi and boss Bai very clearly, only hearing that boss Bai wanted to take Lin Yi as a disciple and gave him something. He seemed to have mentioned house you after that, but he didn’t understand it ...

Looking at the silent iron door, right Panhu felt a little regretful. If he had known earlier, he would have put his ears on it. At least he would have heard something!

Thinking of this, right coiling Tiger unwillingly stuck his ear to the door again, attempting to hear some useful information.

In the end, just as his ear touched the door, the tragedy happened again. The door made a loud “Dong” sound. Right coiling Tiger was so frightened that he shivered and his hair stood on end. His ears buzzed and he felt his head hurt. He saw stars and was directly jolted to the ground!

Lin Yi didn’t think that Yu Panhu would still be eavesdropping, but he kicked the door open to see a dizzy Yu Panhu sitting on the ground.

“F * ck, Lin Yi, are you doing this on purpose?” Youpan Hu gritted his teeth in anger as he looked at Lin Yi.

“On purpose? What do you mean on purpose?” Lin Yi found it funny, but he didn’t show it.

“Why did you kick the door open for no reason?” The right coiled Tiger said angrily.

“I don’t think it’s any of your business that I kicked the door, right?” “Could you have been eavesdropping?” Lin Yi asked.

“Who ... Who eavesdropped on us? I just wanted to knock on the door, I have something to discuss with boss Bai!” The right Panhu naturally wouldn’t admit that he was trying to eavesdrop.

“Oh, I just accidentally tripped and kicked the door. I’m sorry.” Lin Yi said.

“You’re making it up! You clearly just kicked him!” The right coiled Tiger actually let it slip in his panic. “Your two kicks were obviously done on purpose!”

“Just now? How did you know just now? Could it be that you’ve been eavesdropping at the door?” Lin Yi said with a half-smile.

“I ...” Right Panhu finally realized that he had let the cat out of the bag. He was a little embarrassed, but fortunately, he was thick-skinned. “What eavesdropping? I came to find boss Bai before, but I saw you inside, so I left first. Now I’m back to see if you’ve left, so I can go find boss Bai. ”

“Oh, then you can go in. Boss Bai is going to take an afternoon nap. He might not have time to receive you.” Lin Yi said.

“Then ... I won’t go first. We’ll talk another day.” Youpan Hu guessed that boss Bai had just given Lin Yi some good stuff today and wouldn’t be in the mood to give him anything more. He might as well come back another time.

He also wanted to know what Lin Yi was holding.

“As you wish.” Lin Yi smiled coldly, too lazy to expose him.

“Right, Lin Yi, what’s that thing in your hand? Boss Bai gave it to you?” Yu Panhu pointed at the information in Lin Yi’s hand and asked curiously.

“What are you doing?” Lin Yi suddenly pulled his hand back and put the documents behind his back, looking at coiling Tiger warily.

“Ha, classmate Lin, what are you doing? Isn’t he too nervous? I’m just asking casually, do you have to do this?” Youpan Hu saw Lin Yi’s actions and was even more certain that Lin Yi had gotten some good information from boss Bai. “Could it be a good treasure?”

“It’s just some information boss Bai gave me. It’s not a good treasure. ” Lin Yi said faintly.

“Oh? Since it’s not a good treasure, why don’t you let me take a look?” You Panhu asked.

“No,” Lin Yi rejected right away, “Boss Bai said that you probably don’t care about this thing. Your family has a deep foundation, so you don’t care about this.”

“Haha, why would I? Boss Bai’s prestige is quite high, and his ability is also ... Tsk tsk, so, to be able to look at the information given by boss Bai, it’s a great honor!” You Panhu wasn’t trying to suck up to him, but he was speaking from the bottom of his heart.

If he didn’t really want to learn from boss Bai, why would he apply for the medicine major in the biology Department of East Ocean Engineering University and become an ordinary student? If only he had time to refine pills or to eat, drink, and play.

“Oh, that won’t do either.” “I said no, so no!” Lin Yi said firmly.

“Uh ... There’s no room for discussion at all?” You Panhu asked, unwilling to give up.

“Do you think I’m stupid? Why should I show you? I have a good relationship with you? Not only did you curse at Wang Xinyan, you even tried to kill me at the bowling alley. Do you think I’d show you?” Lin Yi looked at him as if he was looking at an idiot. “You don’t need to talk nonsense.”

“Hey, Lin Yi, now that you’ve shed all pretenses, do you think there’s no one left in house you? So what if you’re an Earth Class late phase peak and can kill three earth classes in a second? “You’re not a Sky Class master after all ...” Youpan Hu threatened after hearing Lin Yi’s words, and that he was too soft.

“Great, you even dare to Rob Boss Bai’s things? Your you family is really bad * SS!” Lin Yi’s lips twitched, “if that’s the case, then you can just get a Sky Class master to steal it from boss Bai ... Oh, right, boss Bai isn’t a practitioner now. You can just get your yellow or purple hair to take care of him. You don’t need a Sky Class master!”

“This ...” Right Panhu’s mouth twitched as he finally realized who gave Lin Yi that thing!

He, right coiling Tiger, didn’t dare to snatch boss Bai’s things! (To be continued.)

Chapter 2032: A good plan

Yu Panhu was just threatening Lin Yi and didn’t think much about it, but now that Lin Yi was talking about boss Bai, how was he supposed to take it?

The information was with Lin Yi right now, but snatching Lin Yi was the same as snatching boss Bai. You Panhu would never dare to do such a thing unless he wanted to quit! After all, the sky elixir sect people would sometimes spar with boss Bai about alchemy problems, and he, right coiling Tiger, didn’t have the guts to do that!

“What’s wrong? Wilted? You just told me this morning that alchemists and cultivators are nothing in front of boss Bai. You, you Panhu, are still using the you family’s Masters to show off?” Lin Yi said with a cold smile.

“F * ck, if you don’t want to give it to me, then don’t give it to me. I was just joking!” “Hmph!” Youpan Hu waved his hand and hmpheh, “you’re not a scared kid, Lin Yi. You’re scared of just a few words?” I don’t believe it!”

“If you don’t believe me, then please go ahead. I don’t have time to waste on you!” With that, Lin Yi strode away with the documents.

Right coiled Tiger clenched his teeth as he watched Lin Yi leave. “What’s the big deal? What the hell! Wasn’t it just a freak combination of factors that saved boss Bai once? You’re so awesome just because you got some good treasures!”

However, youpan Hu was obviously the type of person who would say that grapes were sour when he couldn’t eat them. He looked at boss Bai’s office and hesitated. He didn’t knock on the door, but turned around and followed Lin Yi out of the biology faculty building ...

Yu Panhu didn't want to give up. He really wanted to know what information Lin Yi had in his hands, but Lin Yi wasn't stupid. He wouldn't let him see it for free. Yu Panhu was thinking if he could find something to exchange with Lin Yi.

After all, he came here to learn from boss Bai, and now that Lin Yi had it, it was worth it to pay the price.

However, what could he do to move Lin Yi's heart? he decided to discuss it with his family when he had the time. He wanted to see if they could use something to trade with Lin Yi. If they couldn't, they could just buy it with money.

But he just couldn't steal it-if boss Bai hadn't given it to Lin Yi, he might've really stolen it, but he couldn't do that now.

Lin Yi didn't pay him any attention as he walked around. He didn't show the information to him on purpose-it wasn't important, but he wanted to piss him off. The guy didn't seem to have been eavesdropping, so Lin Yi didn't mind using what he said this morning.

As long as he didn't cause trouble here, Lin Yi wasn't afraid of him. He didn't even want to show him ordinary Street goods, and he just wanted to piss the guy off.

What Lin Yi didn't expect was that Yu Panhu actually treated the thing in his hand as a treasure, and was prepared to trade it for something else ... If Lin Yi knew about this, he wouldn't know whether to laugh or cry at his luck ...

Lin Yi bought a lunchbox from the canteen on his way back to the dormitory-it was past lunchtime, but the lunchboxes were still on sale at night.

Back in the dormitory, Bai Weitao saw Lin Yi and said,"Big brother Lin, my grandfather is looking for you ..."

"Nothing, he gave me some information. Do you want to read it?" Lin Yi said, waving the thing in his hand.

"No, I can't play with those things." It seemed like Bai Weitao already knew what Lin Yi was holding in his hand. He didn't seem to have any desire for it at all, completely different from Yu Panhu.

"How's Zhang duopan? I hope he didn't cause you any trouble?" Lin Yi asked.

"No, but he was really scammed last night. It didn't cost much for a meal, but he bought a cup in the end. He was scammed to death!" Bai Weitao thought it was funny when he mentioned what happened last night."The funniest thing is, in front of he meiyue, this kid is acting like he's the big boss, swallowing his teeth ..."

"Ha ..." Lin Yi laughed as he opened the lunch box and quickly started eating ...

Zhang duopan was indeed not in the mood to find trouble with Bai Weitao, because he already had enough trouble on his side!

After half a day of trying to gather enough money for Cheng Yiyi's appearance fee, Zhang duopan had no choice but to call his father, Zhang Hengfeng.

“Hello? Son, how was it? was your performance a success? You’ve successfully captured your little girlfriend’s heart, right? Did he take her to a hotel room yesterday? If you’re pregnant, you must tell me. Your Grandpa is waiting for you to carry on our family line!” Zhang Hefeng Feng was a person who had a strong sense of succession. He believed that if one was unfilial, there would be no descendants. His father was looking forward to having a great-grandson, so when Zhang duopan went to university, Zhang Hefeng began to study this matter. Otherwise, he wouldn’t have helped his son cause trouble and invited a celebrity just to chase a girl!

“Don’t even mention it, dad. They invited Xu Shihan yesterday, and I lost!” “My son’s plan to pick up girls is going to be put on hold!” Zhang duopan smiled bitterly.

“What? Doesn’t that mean you have to give up on that meiyue? ‘Damn it, what are you doing, you little brat? Your grandfather is waiting for you to give birth to a great-grandson, and you don’t even have a girlfriend yet. How am I supposed to explain this to him when I get back?” “Why the F * ck did you bet for no reason?” Zhang Hengfeng said angrily. This is good, right?”

“No... Your son actually used his intelligence and wisdom to successfully turn the situation around. That bet was actually invalid ...” Zhang duopan heard his father say this, but in his heart, he thought that this was a good opportunity. If he used it well, then the money would come. So he quickly told Zhang Hengfeng how he had turned the situation around yesterday.

“Not bad, you’re good. Now we’re even. What’s your next step?” Zhang Hengfeng nodded with satisfaction.

“Dad, I’m treating, so I spent quite a bit of money. Besides, who knew that the hotel would be so scamming yesterday, directly selling a cup for 5000 Yuan. I swiped my card, and I didn’t even get to pay Cheng Yiyi any remuneration ...” Zhang duopan said carefully.

“Oh, I’ve settled Cheng Yiyi’s payment for you. You don’t have to worry about it. You’ve treated us well. Otherwise, you wouldn’t have had a chance to turn the situation around.” Zhang Hengfeng did not blame Zhang duopan, “”However, your opponent is very cunning. You have to be careful!”

“Don’t worry, dad. I’m planning to invite them to the Tiger garden this weekend. I’ll take the opportunity to build up my relationship with he meiyue. It’s the Tiger garden that Uncle Su opened in Donghai!” “Fan ganhe and I will think of a good way to embarrass Bai Weitao and make he meiyue look down on us!” Zhang duopan said.

Chapter 2033: Wang Xinyan’s thoughts

“Oh, okay. I’ll give your Uncle Su a call and ask him to get someone to cooperate with you. However, the ticket fee can’t be waived. You’d better spend the money yourself. Old su and another family invested in the Tiger Park. He can’t give it to you for free!” Zhang Hengfeng said.

“It doesn’t matter, as long as you cooperate with me. Thank you, dad!” Zhang duopan was overjoyed. Not only did this call solve all his problems, but it also gave him more confidence in his trip to Tiger garden ...

"That's not the point. Get me a girlfriend as soon as possible and carry on the family line. That's the most important thing, got it?" Zhang Hengfeng said.

"I remember. Don't worry, dad, I'll definitely complete the mission!" Zhang duopan said with a smile.

Now that the matter was settled, Zhang duopan's face was full of smiles, and he had walked out of the shadow of Yesterday's trap.

In the afternoon, Lin Yi and Weitao went to the biology Building for class. He walked in and saw youpan Hu looking at him expectantly.

Lin Yi smiled faintly as he waved the documents in his hand. He grinned at right Panhu and ignored him. He walked to Wang Xinyan and sat down.

"F * ck, what's the big deal? you think you're so great just because you got boss Bai's true inheritance?" You Pan Hu cursed unhappily, "When I get home and find a good treasure, I'm not afraid that you won't trade with me! Hmph!"

"Yeah, young master you, that Lin Yi kid hasn't seen much of the world yet. Any treasure from our hidden house you is enough to make him drool. We don't have to worry that he won't trade!" The yellow-haired man nodded and said.

"That's right, two or three days won't make a difference!" The purple-haired guy said.

Lin Yi took his seat, and Xinyan raised her head to look at him. "Lin Yi, I heard from meiyue that she wants to invite us to the Tiger garden this weekend ... Are you free? If you don 't, I'll decline. I won't go either ..."

"Why not? It's tiring to go to class every day. It's good to relax on the weekends!" "Or you don't want to come with me?" Lin Yi smiled.

"I ... I'm not ... I'm just afraid ... Chu Mengyao and Chen Yushu won't be happy that we went out together and caused you trouble ..." Wang Xinyan's face reddened.

"Hehe, then why don't they join us?" Lin Yi said.

"Let's go together ..." Xinyan didn't know why, but she was a little disappointed. "Alright, I'll talk to meiyue tonight and ask her to pass on the message to Zhang duopan ... But, you can talk to Bai Weitao. Meiyue said that she's afraid that Zhang duopan will have some bad intentions ..."

"Ha ... Why didn't she say anything? Why did he ask you to pass on the message?" Lin Yi asked with a smile.

"Meiyue, she ... Actually, she's not sure if she can be with Bai Weitao. She and Zhang duopan were high school classmates. If she were to tip Bai Weitao off like this and Zhang duopan finds out, wouldn't she be betraying her old classmate?" Wang Xinyan shook her head.

Lin Yi frowned. This he meiyue was quite indecisive, but this was Bai Weitao's business. He didn't want to say anything, "Alright, I'll tell him!"

"En!" Xinyan nodded, and started reading ...

Xinyan didn't know if this counted as playing with fire-she'd gotten a lot closer to Lin Yi after the military training ended, and she didn't know what others would think of her if this continued ... She knew that she was starting to rely on Lin Yi a little ...

She would only feel at ease when he was sitting next to her in class. They didn't talk much, but Xinyan thought it was a tacit understanding.

But ... Xinyan's heart would sink every time she thought about her engagement, and she felt uneasy!

Xinyan thought that Lin Yi was strong, but house Kang wasn't the same as before. She heard that house Kang had found a powerful backer now, or else they wouldn't be using marriage to win House Kang over, even with house Xiao having the support of the Hidden House Pi.

Sigh ... Wang Xinyan sighed, and her eyes returned to her textbook.

She'd put all these headaches aside for now-she'd just live as long as she could. At least she was happy and at ease now, enjoying sitting at the same table with Lin Yi and having classes with him.

Lin Yi stopped Bai Weitao after class and told him about Zhang duopan's plan, along with he meiyue's words.

"Did meiyue really ask sister-in-law to tell me this?" Bai Weitao was extremely excited after hearing Lin Yi's words.

"It's true." Lin Yi was speechless-he meiyue didn't tell him herself, but Bai Weitao was happy to hear it from her?

"Hehe, that's great. I still have a slight advantage in the competition with Zhang duopan ..." Bai Weitao laughed.

Lin Yi blinked, finally understanding why he was so happy.

He was thinking too much-he meiyue was different from his girlfriend. Xiaoxiao was the one who pursued him back then, and she had a strong purpose. Lin Yi didn't have any competition at all, and Xiaoxiao didn't have any feelings for other guys either. That was why he was so suspicious of he meiyue's behavior.

But thinking about it carefully, he meiyue and Zhang duopan were real old classmates, and Bai Weitao joined later. Just from this point alone, he meiyue was already good enough to Bai Weitao!

After school, Lin Yi didn't make han Jingjing wait for nothing. He called her to the parking lot, and she was very happy that Lin Yi missed her.

"Lin Yi bro, you finally remember Jingjing! That's great!" For the first time, han Jingjing stopped writing on her tablet and started talking to Lin Yi.

"About yesterday ... I'm really sorry." Lin Yi smiled bitterly. He wouldn't have taken it so seriously if it weren't for yesterday's incident.

"It's nothing, I just caught a cold ... Achoo!" Han Jingjing sneezed. It wasn't too obvious in the morning, but it got worse after school.

“You caught a cold?” Lin Yi frowned when he saw her condition, “Take some medicine when you go back later. Well, I’ll go over and treat you directly. I have something important to tell you tonight!”

“Alright!” “Lin Yi bro, what’s the important thing?” han Jingjing nodded.

“You’ll know when we get back!” Lin Yi said.

“Oh ...” Han Jingjing nodded.

The two arrived at the parking lot, and Lin Yi opened the car door and got in with Jingjing, waiting for Mengyao, Yushu, and the others.

Chapter 2034: Treating a cold

University was different from high school. There would not be a situation where the teacher dragged the class. Usually, the class would end when the time was up.

And so, Chu Mengyao, Chen Yushu, and han Jingjing quickly walked over.

After they got in the car, Lin Yi started the car and drove straight to xueshang District!

The few of them already had a tacit understanding, so they didn’t need to say much.

Back at home, granny sun was making dinner. Lin Yi turned to Mengyao. “Yaoyao, I’m going to han Jingjing’s place for a while. I have something to discuss with her. You guys can eat first when the meal is ready. Don’t wait for me.”

“You’re going to han Jingjing’s?” Mengyao blinked. Lin Yi didn’t seem to like Jingjing very much. Other than delivering some food for them last night, he came back immediately without even talking to her. Why did he want to go over today?

“En, Han Jing Jing wants to learn alchemy, so I’m going to discuss it with her.” Lin Yi said with a bitter smile. “You all know about the two-year agreement between me and Rock Candy. However, my alchemy skills have not improved at all. Han Jingjing likes alchemy. It would be a good thing if she could really do it!”

“So it’s like this!” The Miss finally understood why Lin Yi went to find han Jingjing! This han Jingjing didn’t make any sense at all, and Lin Yi didn’t really like her. He wouldn’t visit her without a reason!

Naturally, the Miss wouldn’t stop Xiaoxiao. She nodded, “You go, don’t worry about us-if it’s too late, Shu and I will go rest ...”

“Alright!” Lin Yi nodded and left the villa with the needles. He went to han Jingjing’s Villa next door and rang the doorbell.

It hadn’t even been a second since Lin Yi pressed the doorbell when the villa’s door opened. Han Jingjing was standing there as if she was waiting for Lin Yi, giving Lin Yi a big shock!

“You ... Why did you open the door so quickly?” Lin Yi asked, confused by her speed.

"I've been waiting for you at the door!" "You rang the doorbell, so I opened the door ..." Han Jingjing said.

"You've been waiting for me here since we got home?" Lin Yi's mouth twitched. He couldn't use common sense to understand her actions.

"Yup!" Han Jingjing nodded and said, "I'm afraid that I won't be able to hear the doorbell when I get busy. You'll be waiting for me at the door like an idiot!" It's not good to wait for someone, and Jingjing had a hard time yesterday, so she didn't want Lin Yi bro to wait too!"

"Uh ... Alright, thank you! Jingjing, you're the best!" Lin Yi sighed. Although han Jingjing's way of thinking was a little weird, Lin Yi was still very touched. He also felt sorry for leaving her in the parking lot yesterday.

"En, Jing Jing is the best!" Han Jingjing nodded in agreement. "Because Lin Yi bro is good to me, so I'll be good to him too!"

"Yesterday ..." Lin Yi was even more apologetic.

"I knew that Lin Yi bro didn't do it on purpose, so I didn't mind!" Han Jing Jing said.

"Alright, let's treat your cold first!" "I have something important to tell you, where's Han Xiaochao?" Lin Yi said.

"He's reading a book upstairs. Why are you looking for him?" Han Jing Jing asked.

"I'm fine. " "He doesn't have a cold?" Lin Yi shook his head.

"No, he seems to be fine." Han Jing Jing said.

"That's good. " "You sit on the sofa, I'll do the acupuncture ..." Lin Yi said.

"Acupuncture can cure a cold?" "Don't you need to take medicine?" han Jingjing was a little puzzled.

"No, acupuncture will do." "Others might not be able to, but I can," Lin Yi said.

"Oh ... Alright then." Han Jingjing nodded obediently and sat down on the sofa. However, she still asked worriedly, "Lin Yi bro, does acupuncture hurt?"

"It doesn't hurt!" With that, Lin Yi took out his silver needles and used his pure Qi to disinfect them. It looked like he was just casually inserting them into han Jingjing's body, but in reality, Lin Yi's accuracy was already as high as it could get.

"Alright, don't move. It'll be fine in a while!" Lin Yi pinched the ends of the needles and transferred some Qi into them ...

"It's so hot!" A thin layer of sweat appeared on han Jingjing's beautiful forehead, and her body also felt drenched. "I think I got some good water!"

"Pfff ..." Lin Yi's hand trembled. There was a lot of water? This han Jingjing's words were really ambiguous-if it weren't for the innocence in her eyes, Lin Yi would've thought that she was seducing him!

However, Lin Yi couldn't help but react a little after hearing this. He coughed awkwardly and quickly sat down on the sofa, "Alright, we'll be done in a while."

"Oh ... Okay!" Han Jingjing didn't seem to notice the changes in Lin Yi's body and nodded, trusting Him.

After a while, Lin Yi calmed his heart down and put away the needles. He didn't think that girls like Han Jingjing could be so destructive when they were seduced. Was it very popular to be cute now?

"Alright, go take a shower. You'll be fine after you wash off the sweat on your body." "I'll wait for you here!" Lin Yi said.

"Ah? Are you going to take a shower now?" Han Jingjing was slightly taken aback. "Then ... Wait for me here. I'm really sorry. Why don't you watch some television?"

"Yeah, what are you guys having for dinner?" Lin Yi asked.

"Instant noodles or take-out." "What's the matter?" Han Jingjing asked.

"It's nothing. Why don't you take a shower first? I'll go back and take a look. I'll get some food from home. Let's eat." Lin Yi said.

"That's fine, sorry to trouble you, Lin Yi bro!" Han Jingjing said.

Lin Yi nodded and walked out of Han Jingjing's Villa, returning to his own.

The Miss and Shu had finished eating and were watching TV in the living room. Mengyao asked when she saw Lin Yi, "Lin Yi, are you done with the negotiations? I've left some food for you in the kitchen, it shouldn't be cold yet, you can eat it after heating it up!"

"We haven't discussed it yet. Han Jingjing has caught a cold. I just treated her." "Han Jingjing's taking a shower now, I'll go get some food!" Lin Yi said.

"Oh? Shield bro, you didn't touch Han Jingjing, did you? Just like that day with Wang Xinyan?" Chen Yushu suddenly asked.

"Sweat!" Lin Yi waved the needles in his hand, "There are silver needles this time. You don't need to take off your clothes or touch them."

"Oh, so you touched Wang Xinyan's on purpose last time?" Chen Yushu asked.

"I didn't bring my silver needles last time." Lin Yi said.

Chapter 2035: does it count?

"But you can go back to the dormitory to get it!" Chen Yushu replied.

"The silver needles were contaminated by that last time, so they can't be used anymore." Lin Yi said.

"Then we can buy a new one!" Chen Yushu replied.

"Alright, Shu, if you want Lin Yi to touch you, just say it, stop making up excuses!" Mengyao interrupted.

“Argh! Elder sister Yaoyao, you’re the Emperor of truth. ” “He’s even better than zhishu!”Yushu said, surprised.

“I’ve lived with you for so long, how could I not know what you’re thinking?” “But you’re only good at talking,” Mengyao pouted. “Why don’t you go and reverse the situation?”

“Uh ... Shield bro doesn’t like tough Shu’s ...” Yushu said.

Lin Yi didn’t think that the Miss would say something like that. He sweated-it seemed like Yaoyao was really close to him and Shu. The Miss was treating him more and more like a part of the family, and she didn’t hide anything from him.

“You guys talk first, I’ll bring the food over ...” Lin Yi shook his head. He was a little impressed by Chu Mengyao for being able to see through Shu’s nature with one look.

Even Lin Yi couldn’t see through Yushu! Yushu said that she liked him, but Lin Yi felt that there was something hidden under her straightforward personality-it was different from Xiaoxiao’s straightforward personality.

Perhaps, if he stayed with Xiaoxiao for a long time, something beyond friendship would happen naturally. But with Shu, Lin Yi didn’t think that would happen.

Lin Yi didn’t even know why-maybe it was because they’d lived together for so long, and there really wasn’t anything between them.

It could also be that although the two of them were always in small skirmishes, they’d never had any serious skirmishes.

But one thing was for sure-Chen Yushu seemed to have feelings for him, but it was a strange feeling. It seemed to be right in front of him, but it was also far away.

Lin Yi couldn’t figure out Shu’s thoughts at all-the girl was sometimes smart and sometimes stupid, but she wasn’t that stupid.

In short, some things were very strange.

Lin Yi brought the food to han Jingjing’s Villa. The food in his hands was enough for three people to eat. He didn’t lock the door when he left, so he didn’t need to ring the doorbell this time.

He placed the food on the table and waited for Jingjing to come down after her shower.

Han Jingjing probably just took a shower and didn’t take much time. She didn’t want Lin Yi to wait too long, and she didn’t take too long. Lin Yi knew how long girls took to shower, and the Miss and Shu took quite a long time ...

“Lin Yi bro, sorry to keep you waiting!” Han Jingjing had changed into a set of pajamas, and her beautiful body was faintly visible under the loose robe. Lin Yi didn’t dare to look at her any longer ... This han Jingjing’s figure seemed pretty good?

If Lin Yi didn’t know han Jingjing’s personality, he would have thought that she was luring him on purpose. She had been doing that since the water started!

But Lin Yi knew that Han Jingjing was the kind of person who was stupid. She probably didn't have those thoughts at all, so Lin Yi could only take it that she was familiar with him and didn't guard against him.

"No, I just came back." "Ask Han Xiaochao to come down for dinner," Lin Yi said.

"Wow, there's so much good food? Lin Yi bro, you're amazing! You made so much food in one trip!" Han Jingjing was overjoyed when she saw the food on the table. "Yesterday's food was so delicious. Little Chao and I didn't have enough. I didn't expect to have it again today. It's so much better than the takeaway from those restaurants!"

"Ha ..." Lin Yi didn't explain that he didn't make the food, but grandma sun's cooking was pretty good.

Han Jingjing picked up the phone by the stairs and dialed the internal phone in Han Xiaochao's room, asking him to come over for dinner. She then ran to Lin Yi's side and sat down, bringing with her the fragrance of shower gel, which made Lin Yi feel relaxed and happy.

Han Xiaochao was obviously the bookworm type, even more so than Han Jingjing. When he went downstairs, he was still holding a textbook. He walked to the dining table and put the textbook down. Looking at the food on the table, he was a little surprised. "Sister, it's so sumptuous? I haven't had such a sumptuous meal in a long time!"

"It's Lin Yi bro!" Han Jingjing said.

"Thank you, Lin Yi bro!" Han Xiaochao said shyly.

"Alright, hurry up and eat." Lin Yi said.

Han Jingjing and Han Xiaochao buried their heads and started eating. However, Han Jingjing only took two bites and asked, "I don't think Lin Yi bro made the food today? It's a little different from yesterday's, but it's still delicious!"

"You can tell from the taste?" Lin Yi was a little surprised—he didn't think that Han Jingjing would be this good, able to tell that he wasn't the one who made the food.

"Yeah." Han Jingjing nodded. "It feels like the heat is different."

"Today's meal was made by my housekeeper, granny sun. However, granny sun's cooking skills are pretty good!" Lin Yi said.

Han Jingjing did not say anything else. She lowered her head and started eating.

Han Jingjing's appetite was not big, so she was full very quickly. Han Xiaochao, on the other hand, had a big appetite and had three bowls of rice.

But after the meal, Han Xiaochao went upstairs with his textbooks, not paying attention to Lin Yi and Han Jingjing.

Han Jingjing was about to clean up the table when Lin Yi stopped her. "Han Jingjing, wait a minute. Don't pack up yet. Wait until I'm done talking to you!"

"Okay, Lin Yi bro!" Han Jingjing nodded and stopped in her tracks.

Lin Yi sat down on the sofa, and Han Jingjing followed.

“Han Jingjing, haven’t you always wanted to learn alchemy? I have a set of information here, but I hope you won’t tell anyone after I give it to you, especially you Panhu.” Lin Yi said. Boss Bai said that it was from a street stall, but Lin Yi didn’t want to show it to anyone.

“En, en!” Han Jingjing hurriedly nodded, her face filled with joy. “Don’t worry, Lin Yi bro-Jing Jing won’t let anyone see her, not even if they beat her to death! It’s like protecting your body from being seen by other men!”

“Ugh ... That’s a little too much ...” Lin Yi blinked. Protecting his body from other men? Then was he considered someone else? Lin Yi shook his head. What was up with this Han Jingjing? Seducing me one after another?

If one were to say that she was stupid, she wasn’t really that stupid. It was just that her logic was different from normal people. But if one were to say that she wasn’t stupid, then why was she no different from a child in this industry? (To be continued.)

Chapter 2036: As expected, it’s complicated

Han Jingjing’s stupidity was completely different from Chen Yushu’s.

“It’s not serious. Jingjing will cherish it!” Han Jing Jing nodded.

“Alright, whatever you want. This is an auxiliary mental cultivation method for alchemists, and this is the incantation for alchemists to condense their alchemy fire. Try to cultivate these two. First, cultivate the auxiliary mental cultivation method, and then try to condense the alchemy fire.” Lin Yi passed the information Boss Bai gave him to Han Jingjing, “Scan a copy and put it in your tablet. It’s too eye-catching. I got it from someone else.”

Lin Yi didn’t want people to know too much before Han Jingjing achieved anything.

“Alright, I’ll scan it after a moment of silence!” Han Jing Jing nodded.

“Alright then. Han Jingjing, you can study it on your own. I’ll go back first.” Lin Yi said.

“Lin Yi bro, you can call me Jing Jing from now on—it’s my nickname, everyone in the family calls me that!” “Calling me Han Jingjing sounds too distant!” Han Jingjing said.

“Alright then, I’ll call you Jing Jing.” Lin Yi didn’t reject and nodded.

The Miss and Shu weren’t asleep yet when he got home, and Lin Yi didn’t really waste much time. He only gave the things Boss Bai gave him to Han Jingjing after having dinner with her and Han Xiaochao, and gave her a few instructions.

“Lin Yi, how was it? Does Han Jingjing know how to refine pills?” Mengyao asked as she saw Lin Yi.

She was even more worried than Lin Yi—Tang Yin was gone, and she didn’t want Xiaoxiao to be gone.

“How can it be so fast?” Lin Yi smiled bitterly, “refining isn’t that simple, we’ll have to wait a while to see!”

“So it’s like this, I was too impatient!” Mengyao smiled, a little embarrassed. She turned to Shu.

“Yaoyao sis, why are you looking at me like that?” Chen Yushu was confused, “Are there flowers on my face?”

“Pfff ...” Mengyao couldn’t take it anymore, “Don’t you have something to say to your shield bro?”

“Me? Do you have something to say?” “I didn’t?” Yushu blinked.

“Why not? Have you forgotten? Cough cough!” Mengyao’s eyes were wide open.

“I didn’t? Yaoyao sis, what are you talking about?” Yushu looked at Mengyao, confused.

“This is it!” Mengyao reached her hand into Yushu’s clothes and started pulling ...

“Ah, Yaoyao sis is a pervert ...” Chen Yushu screamed and suddenly reacted, “Yaoyao sis is talking about undergarments! Right, shield bro, where’s my and Yaoyao sis “underwear?”

Mengyao was speechless. I’m too embarrassed to ask, why don’t I do it myself? what the hell is this?!

“Undergarments, I would’ve forgotten if you didn’t mention it!” Only then did Lin Yi remember that he’d put the undergarments in the trunk of the car after taking them out, but han Jingjing and han Xiaochao were always in the car, and then Xu Shihan came. Lin Yi was even more embarrassed to take them out in front of Xu Shihan, and he forgot about it after a long time!

Therefore, he patted his head and said apologetically, “I’ll get it for you now.”

With that, Lin Yi turned around and walked out of the villa. He went to the car to get the box of undergarments and put it on the coffee table in the living room.

“Um Shield bro, did you see anything weird when you were helping us pack our undergarments?” Chen Yushu asked.

“Ha?” Chu Mengyao almost wanted to strangle Chen Yushu. Lin Yi put the underwear box on the coffee table and didn’t say anything. He was about to turn around and go back to his room, but Chen Yushu reminded him!

“Something?” Lin Yi blinked and came back to his senses. He opened the bra box in front of Mengyao and Yushu and took out the bra, “You mean this?”

“Uh ... Yeah ...” Chen Yushu immediately realized that she had done something stupid. Chu Mengyao’s eyes were murderous and she could only admit it, “Actually, I bought it. It has nothing to do with Yaoyao sis ...”

Mengyao rolled her eyes at Yushu’s words. Were you trying to cover up your tracks? And not related to Yaoyao sis? It has nothing to do with me, alright? But now that you’ve said it, it’s like you’re taking the blame for me?

“You’re the one who bought it!” Mengyao raged.

"I ... I didn't say that Yaoyao sis bought it. I said that I bought it myself ..." Chen Yushu said innocently.

"You ... Y-y-y-you ..." Mengyao's eyes were wide open as her chest heaved up and down in anger. She snatched the club from Lin Yi's hands. "I really should have thrown it away for you back then!"

"But ... Yaoyao sis, you said that it's not good to just throw it around ..." Yushu said weakly, "And if I have a boyfriend in the future, I can prepare in advance ..."

"Prepare your head!" Chu Mengyao blushed and wanted to find a hole to hide in. She threw the electric baton in her hand on the coffee table and said to Lin Yi, "I'll give it to you!"

"For me?" Lin Yi pointed at himself, stunned. What was the point of having this? But seeing the Miss "extremely shy face, Lin Yi smiled bitterly and picked up the thing, "Alright, I'll take it then ... I heard that Zhang naipao's practicing some chrysanthemum Arts, I'll give it to him when the time comes!"

Lin Yi had a rough idea of what was going on-Yushu must've bought it, and Mengyao was innocent. It was just that Mengyao didn't want to be misunderstood, and that was why she was so angry. Lin Yi picked up the stick and successfully shifted the blame onto naipao ...

"Pfft ... For Zhang naipao?" Chen Yushu froze and burst out laughing, "That's not what his chrysanthemum Arts meant, right ... I think it's an ancient heart technique. In ancient times, chrysanthemums didn't mean that ..."

"Shu, can you stop? What do you mean by this and that? Why are your thoughts so evil and complicated?" Mengyao was already embarrassed enough, and she didn't think that Shu would continue.

"How do you know that I'm complicated, Yao Yao Then you're complicated too, Yao Yao." Chen Yushu replied.

"What's so complicated about that? Lin Yi gave it to naipao to say that he's laughing at naipao for not being good enough, so he gave this to naipao for his girlfriend ... That's disdain, you know? Your thoughts are too evil!" Mengyao explained.

"Holy crap, Yaoyao sis, you're so complicated. I can't even understand the deeper meaning ..." Yushu was surprised.

Chapter 2037: very, very bad

"You ..." Mengyao blinked, realizing that she'd only made things more complicated ...

"Isn't this just a Hot Rod?" Lin Yi looked at the two innocently. "I actually wanted Zhang naipao to get his hair permed at home ... But it's right to give his girlfriend a permed head ... Alright, I'm going back to practice, you two should rest early."

"Ah?" Chu Mengyao and Chen Yushu looked at Lin Yi's back and were speechless. Lin Yi really didn't know? However, it seemed like he didn't want the atmosphere to continue to be awkward ...

In fact, Lin Yi didn't think that the Miss and Shu would use something so overbearing. He guessed that Yushu bought it out of curiosity, or to frame someone.

But no matter what, Mengyao finally let out a breath of relief. She turned back to look at Yushu, "What a good thing you've done!"

"I did well?" Chen Yushu blinked.

"Alright, you're going to die of good health. Hmph, Hmph, see how I'll deal with you tonight!" Mengyao glared at her.

Lin Yi went back to his room and put the bar on the shelf, starting to practice the refinement Fire Arts boss Bai gave him.

When Lin Yi gave this to han Jingjing before, he had already memorized the arts of refining the refinement fire, so she could just follow the arts now.

But half an hour later, Lin Yi decided to give up!

Earlier, with the arts Liju had given him, he could still make a refinement fire, but with boss Bai's Arts, he couldn't even make a flame, let alone a refinement fire!

There wasn't even any sign of it, and that made Lin Yi speechless!

Was his aptitude that bad? This was so bad that it made one's hair stand on end! Or was it that this mental cultivation method was not suitable for him?

That's right, it must be unsuitable! Lin Yi comforted himself ...

Putting the refinement fire aside, Lin Yi could only pin his hopes on han Jingjing. He hoped that this girl would bring him some unexpected surprises!

Lin Yi could only focus on the second stage of the art of Dragon mastery and get his strength up as fast as possible. Sometimes, having absolute strength was also a trump card.

Time always passed by unconsciously. In the blink of an eye, a few days had passed, and it was another weekend.

These past few days, other than going to and from school with the Miss, Shu, han Jingjing, and han Xiaochao, nothing special happened. A peaceful and leisurely college life seemed to be like that.

Han Jingjing was still studying her tablet every day, but it wasn't drawing anymore. She would look at it for a while and then close her eyes for a while, deep in thought. Lin Yi knew that she wasn't deep in thought, she was practicing her support arts!

What surprised Lin Yi was that there was a faint spiritual Qi fluctuation around han Jingjing-it was the sign of her starting a practitioner's path!

Many people could not even get close to the entry level, but han Jingjing had actually made some achievements in just a few days.

Although, being able to practice the support arts didn't mean that she'd be able to successfully form the refinement fire. Even if she did, she might not be able to control the fire and temperature like Lin Yi, so han Jingjing was only at the beginner level!

Moreover, the alchemist's auxiliary practice of mental cultivation methods was the simplest mental cultivation chant, simpler than any other mental cultivation methods, only used to assist in condensing the elixir fire. But even so, han Jingjing was a genius among geniuses to be able to master the auxiliary mental cultivation method in such a short time!

However, the Qi was extremely weak, and Lin Yi could only feel it when he was very close to it. Boss Bai couldn't feel it from the podium.

This was the real beginning of cultivation! This situation surprised and delighted Lin Yi-was han Jingjing really a genius?

Lin Yi drove the Grand Cherokee to school early in the morning, bringing Mengyao and Yushu along.

It was the weekend, so he didn't have to go to school. The main event today was the Tiger garden.

Lin Yi parked the car in the parking lot and waited for the others quietly.

Not long after, Bai Weitao, Zhao Shengji, song xiaodao, Zhang duopan, and fan ganhe walked over from the direction of the male dormitory.

"Big brother Lin, you're so early? I've made you wait!" Bai Weitao greeted Lin Yi.

"We've just arrived. " "Where are he meiyue and the others?" Lin Yi asked.

"They're in the dormitory, they'll be out soon. " Bai Weitao said as he looked at Lin Yi's car carefully. He saw Chu Mengyao and Chen Yushu, but he didn't mention Wang Xinyan again.

"You guys get in Lin Yi's car, meiyue and the others get in my car!" "It's a bit crowded for three grown men to squeeze in the back of my car, but Lin Yi's a seven-seater, it's not a problem!"Zhang duopan said.

"There's some water in the back seat of Lin Yi's car, it can't fit three people. Meiyue and I will get a taxi later, and we'll let Wang Xinyan and Chai Xiaoling sit in Lin Yi's car, while Zhao Shengyi and song xiaodao can take your car. " Bai Weitao said.

"What? You and miyue are taking a taxi? We have a car here, so why would we need to take a taxi?" Zhang duopan immediately objected after hearing Bai Weitao's words,""Besides, you guys should be the ones taking the taxi, how can you let a girl take it?"

"Haha, there's no need to take a taxi, Xinyan has her own car-you three can just take Zhang duopan's car, and Xinyan and the others can drive." Lin Yi said to Zhang duopan as he looked at the red sports car.

"You're driving?" Zhang duopan froze and looked at Lin Yi, confused."What car are they driving? Where do they have a car?"

Xinyan, Chai Xiaoling, and he meiyue had arrived at that moment, and heard the conversation between Lin Yi and Zhang duopan. Xinyan didn't want to drive herself-she wasn't someone who liked to show off, but Lin Yi's words made her take out her car keys helplessly and press the remote.

Not far away, the red Porsche's headlights flashed twice.

Zhang duopan's eyes widened as if he had seen a demon. Fan ganhe felt even more incredulous!

Xinyan had a car, and it was a Porsche? How rich must this family be to be able to afford a sports car? Although Zhang duopan could afford it, Zhang Hengfeng did not spoil him that much when he was in high school. It was only because he had an excuse to pick up girls in University that he had some money. (To be continued.)

Chapter 2038: Do you dare to walk?

So Zhang duopan was still thinking earlier, should he change the car? He changed it to a more impressive BMW X5M or X6, or a Porsche Cayenne. Only then could he show his class as a rich young master.

Yet today, he saw Wang Xinyan driving a Porsche!

Thus, he was struck!

"Xinyan, this is your car?" Even he meiyue and Chai Xiaoling were in shock as they looked at Wang Xinyan in disbelief.

"It's mine now ... It's just not that open ..." Wang Xinyan smiled bitterly.

"Not bad, Xinyan-it seems like only Lin Yi knows the truth, and we're all in the dark!" "It's obvious who's closer and who's more distant!" He meiyue teased.

"I ... I just didn't want to show off, and ... Lin Yi already knew that I had a car ..." Xinyan explained with a red face.

"Alright, alright, you guys are old acquaintances, alright? I'll be sitting in your car with Ling later, a Porsche. I've never sat in a sports car before!" He meiyue said excitedly.

Seeing that Wang Xinyan really had a car, Zhang duopan didn't say anything more. There was no other way, he meiyue had already said that she wanted to drive a sports car, he couldn't just make a sports car out of thin air, could he?

"Ha, since Xinyan has a car, then let's go! Go there earlier, or else it'll be hard to walk when there are too many cars!" Zhang duopan laughed and said.

A group of three cars, led by Zhang duopan's Land Rover Aurora, headed in the direction of the Tiger garden.

The full name of the Tiger Park was the African lion Tiger Park. It was one of the most famous tourist attractions near Donghai, also known as the natural forest Zoo. It covered a large area of about 200000 square meters. With the primeval forest near Donghai as the foundation, many man-made landscapes and buildings were built, forming a unique natural attraction that combined modern and primitive atmosphere. Naturally, it attracted many tourists from all over the country to visit.

At present, there were many kinds of wild beasts in the lion Tiger Park, such as African Tigers, African lions, and northeastern Tigers. Tourists could take special sightseeing vehicles, cable cars, and helicopters to watch these wild beasts up close. They could also feed them themselves and experience the communication between humans and wild beasts.

After parking the car at the entrance of Tiger Park, Zhang duopan took out the tickets he had bought in advance. The ticket price here was naturally not cheap, 200 yuan per ticket, but to Zhang duopan, it was naturally a piece of cake.

“This place is so good and imposing!” Mengyao couldn’t help but be mesmerized by the majestic liontiger Park.” An Jianwen said he wanted to open a similar Animal Park in Songshan, I wonder if there’s any news?”

“Yeah, he still owes me money for a Lion. I haven’t seen this guy in a long time. He’s not paying up!” Yushu said unhappily.

“Ugh ... Lin Yi already extorted so much money from him, he shouldn’t be short of this lion’s money, right?” Mengyao sweated a little-Shu still remembered the lion’s money.

“That’s true.” Chen Yushu nodded.

Chu Mengyao and Chen Yushu were shocked by the aura of the lion Tiger garden, and the others were naturally the same.

Everyone was used to living in the city, and they were suddenly in a Tiger’s yard Built from a forest with an intense natural aura. Naturally, they were excited, but Lin Yi didn’t show any special expression.

Lin Yi had gotten used to this kind of environment many years ago, and he was only here to find some familiar feeling ...

That period of time was really nostalgic and fascinating!

He thought about how he had returned to the city for so long, and the city life he had originally yearned for was not as comfortable and peaceful as he had imagined.

It was as if Lin Yi had gone from one journey to another, and only now that he’d come into contact with people and things did he realize that there was always someone better!

These hidden houses, ancient houses, and ancient sects were all existences that were out of reach for normal people. They wouldn’t even have any interactions with each other, but now, all of them were connected to Lin Yi for no reason.

When he recalled those days that he had thought were very dangerous, they were not that dangerous in comparison!

After entering the liontiger Park, Zhang duopan wasn’t in a hurry to bring everyone to line up for the tour bus or the cable car like the other tourists. Instead, he took out his phone and dialed a number.

“Hello? Uncle Su? “I’m Zhang duopan, that’s right...Zhang Hengfeng’s son...En, I’ve already arrived at the Tiger garden with my classmates, just at the entrance ...”“Okay, okay, okay. I’ll wait for your people to come ...”

When Zhang duopan was talking on the phone, the others looked at him in bewilderment, not knowing who he was looking for.

But Lin Yi had a rough idea-this place was probably opened by Zhang duopan's father's friend, and he was making this call to get some care, as well as to show off his connections in front of he meiyue.

Lin Yi didn't care about such a small trick, and the person this guy was facing wasn't him, but he meiyue, so Lin Yi just stood aside and didn't say anything.

On the other hand, fan ganhe was very cooperative and waited for Zhang duopan to hang up the phone before he came up and asked, "Brother Zhang, who are you calling?"

"One of the sponsors of the lion Tiger garden is my father's friend!" Zhang duopan pretended to not care and laughed, "These tour buses are not very good. They are all modified from ordinary vans and are not very comfortable to sit in, so I asked my dad to find a friend to arrange a better car!"

"Brother Zhang, you're so awesome!" "It seems that your family has a wide network," fan ganhe said with admiration. "You even have friends in Donghai city!"

"That's right. We have meiyue and a VIP, so we have to at least have a good car. It's not like we don't have that condition!" Zhang duopan nodded and smiled.

"Actually, it's more awesome to not drive into the lion Tiger Park!" Bai Weitao was so angry at the two of them that he couldn't help but say sarcastically.

In fact, with boss Bai's connections, it was easy to arrange such a thing, and even if boss Bai couldn't make pills now, he could just sell a recipe and guide some alchemists in their alchemy, and he would be rolling in money.

However, after boss Bai was injured, he never did that. He kept a low profile and hid in the University as a lecturer. This was also what Bai Weitao felt the most aggrieved about. He had the ability, but he didn't earn more money. He and his brother were despised by others for picking up girls!

"That's right. I wonder if young master Zhang has the courage to do so?" Chai Xiaoling immediately agreed. (To be continued.)

Chapter 2039: Chu Mengyao and Wang Xinyan (1)

She and Zhao Shengyi had basically settled down, so she naturally supported Bai Weitao and he meiyue together. At this time, she didn't mind giving Zhang duopan a blow.

"Ha, it's not that they don't dare to. These Tigers may look fierce, but many of them haven't eaten for days. Fan ganhe and I once kicked a Tiger unconscious in the Tiger garden of my family!" Zhang duopan's bragging was not illegal."But this is my father's friend's liontiger Park. You can't be so presumptuous!"

Naturally, no one present believed Zhang duopan's words. This boast was a little too outrageous. A few kicks to knock out a Tiger? Did he think he was Wu Song?

Lin Yi, Mengyao, and Yushu, on the other hand, didn't say anything. As far as they were concerned, knocking a Tiger out with a few kicks wasn't enough-Lin Yi could kill one with one kick.

Zhang duopan was still boasting when an extended Hummer drove over and stopped beside them. The driver quickly got out of the car and ran to Zhang duopan's side, saying, "You must be young master Zhang, right? I was arranged by President su to be at your service! President su said that we'll follow your arrangements!"

As he said this, he intentionally emphasized his tone, as if he had received some kind of instruction. And for him to be able to recognize Zhang duopan at a glance, it was obvious that he had seen Zhang duopan's picture beforehand.

"I'm Zhang duopan!" Zhang duopan nodded. "Alright, thank you. How should I address you?"

"Just call me old Yan, I'm the driver and Beast Tamer here!" The driver said.

"Then I'll call you uncle Yan!" "I'll have to trouble uncle Yan with this!" Zhang duopan smiled.

"Well said, well said. Everyone, quickly get in the car. I'll bring everyone to the Tiger garden!" Uncle Yan said.

Everyone got on the car, but it wasn't easy to choose their seats. It didn't matter to others, but it was Lin Yi who didn't know who to sit with!

He meiyue chose to sit with Chai Xiaoling, not giving Zhang duopan and Bai Weitao a chance. It was obvious that she hadn't made her choice yet, but Wang Xinyan was the only one left!

Naturally, Lin Yi didn't want fan ganhe to sit beside her, but he was afraid that Chu Mengyao and Chen Yushu would be unhappy if he sat beside her. He was in a dilemma.

"Shield bro, you stay with Shu-she's going to be scared when she sees a big tiger!" Yushu called out.

Lin Yi was speechless. Was she afraid of a Tiger? You're not even afraid of huli's Lion But, it's not a bad idea to let Xinyan and Mengyao sit together.

And so, Lin Yi nodded and sat down beside Yushu, while Mengyao went with the flow and sat beside Xinyan.

This actually made Zhang duopan and fan ganhe quite unwilling. They wanted he meiyue and Wang Xinyan to sit with them. This way, when they saw a Tiger pouncing on the window, the girls would naturally be afraid. It was possible to shake hands or hug it in their arms.

However, the reality was too different from their imagination. Zhang duopan and fan ganhe could only sit together.

The car started slowly and drove into the Tiger forest area. However, this luxurious extended Hummer attracted the attention of other tourists. This was obviously a VIP car, and it was much better than an ordinary sightseeing car.

"Shu, you're scared?" Lin Yi asked, amused.

“Can’t Shu be scared? “There’s actually a lot of things Shu’s afraid of ...” Yushu’s face revealed a sad look ...

“Oh? Like what?” Lin Yi asked.

“There’s no such as, let’s look at the Tiger first!” Chen Yushu obviously didn’t want to say more.

Mengyao sat down next to Xinyan, surprising her.

Xinyan didn’t think of sitting with Lin Yi today—Mengyao and Yushu were both there, after all, so she sat in the last row to avoid the spotlight. At least she could avoid fan ganhe and stay away.

But what Xinyan didn’t expect was for Mengyao to sit down beside her!

This situation surprised her and made her nervous. She didn’t know what Mengyao’s purpose was.

Xinyan was a quiet person, and didn’t like to talk to others, so she only nodded at Mengyao without saying anything.

Mengyao, on the other hand, didn’t say anything after she sat down. She just observed the girl beside her quietly.

Without a doubt, Wang Xinyan was a very beautiful girl. Even when she sat next to Chu Mengyao, she didn’t lose out at all. One could only say that they were equal in beauty!

“You like Lin Yi?” Mengyao asked as the car drove off, sizing up Xinyan.

Mengyao’s sudden question startled Xinyan. Was she here to condemn her?

Xinyan’s heart almost jumped out of her chest, but she managed to keep it in. “Lin Yi and I are just good friends ...”

“Oh ...” Chu Mengyao smiled with a deeper meaning, “It’s nothing. If you like Lin Yi, just tell me in advance. I’ll help Lin Yi’s girlfriend check, she gave me this right. ”

“Ah?” Xinyan blinked as she looked at Mengyao in disbelief. “She’s Lin Yi’s girlfriend, and she wants you to help her?”

“Yup,” Mengyao nodded with a smile.

“His girlfriend asked him to find another girlfriend?” Xinyan thought it was unbelievable, but that was probably what Mengyao meant.

“Yup,” Mengyao nodded again.

“I ... Did I hear you wrong?” Wang Xinyan looked at Chu Mengyao in shock.

“No, so if you like Lin Yi, you have to tell me, in case someone else gets to him first ...” Mengyao said, “There’s only one slot. ”

“Oh ...” Xinyan’s heart skipped a beat when Mengyao said she was going to tell her, but she remembered her own condition and shook her head with a bitter smile. “I’m engaged, and Lin Yi and I are really just friends ...”

“Is that so? That’s fine.” Mengyao shrugged and didn’t want to continue the topic. “I don’t have any hostility towards you, but you know, since Lin Yi’s girlfriend has given me this important task, I have to fulfill this promise.”

“I understand,” Wang Xinyan nodded. She didn’t really understand, she thought it was unbelievable.

“Ah, but I can tell that Lin Yi likes you a little.” Mengyao said.

“Ah?” Wang Xinyan’s face reddened.

Chapter 2040: Chu Mengyao and Wang Xinyan (2)

“He’s not a person who likes to meddle in other people’s business, especially in the past!” “He stood up for you in Songshan’s business district,” Mengyao said. “That’s enough to tell that he has feelings for you. After that, I helped you many times, and it made me seem special ...”

“Then ... Then isn’t he on good terms with you guys?” Xinyan’s breathing was getting heavy, and she didn’t want to talk about it anymore-it made her feel like she was falling deeper and deeper. She quickly changed the topic to Mengyao and Yushu. “Does that mean he likes you guys too?”

“Our situations are different. We’ve always been good friends, ever since the beginning.” Mengyao couldn’t help but feel a little bitter as she said that. Had they always been good friends? Or was there a chance that he did not fight for?

“But I feel that you and Shu have a lot of weight in Lin Yi’s heart, a lot of special things.” “Really, he really cares about you guys,” Xinyan said.

“Is ... Is that so?” This time, it was Chu Mengyao’s turn to blush.

Xinyan couldn’t help but smile at Mengyao’s blushing face-it seemed like Mengyao wasn’t as calm as she looked before! She was shy too! At this moment, it seemed that the relationship between the two of them had become much closer, and they had a much better understanding of each other ...

“Then ... We can be considered good friends from now on.” “But that’s only limited to good friends. If you want to pursue Lin Yi, you’ll have to give him a heads up first!” Mengyao said.

“En ...” Wang Xinyan smiled. In that instant, she felt much more relaxed. She didn’t have to be so careful anymore.

“Shu ... She’s actually the playful type, so don’t mind her if she’s targeting you.” “She even tricked me,” Mengyao shrugged with a bitter smile.

“Ah? No way ...” Xinyan blinked.

“Nothing ...” Chu Mengyao thought of the electric baton that night. This Shu was such a scammer. She changed the topic, “When you become Lin Yi’s girlfriend, you’ll realize that Shu’s not a bad person after spending some time with her ...”

“I ... I’m not only engaged ... I ...” Xinyan still couldn’t believe it, “Xiaoxiao, are you guys really going to help Lin Yi find a girlfriend?”

“Xiaoxiao ... You know her?” Mengyao was surprised-she didn’t think that Xinyan would know Xiaoxiao.

“Yeah, we had dinner together in Yanjing ...” Xinyan laughed at herself, but she was too embarrassed to say that it was with her “fiancé” Zhaolong.” Actually, it can be considered a chance encounter!”

“That’s good ...” Chu Mengyao nodded, “” Actually, Feng Xiaoxiao is Lin Yi’s small wife. There are some things I need to tell you in private. Since you’re so close to Lin Yi, I won’t hide it from you, but don’t let it slip!”

“En, I won’t say anything ...” Xinyan suddenly felt excited. Was she going to know Lin Yi’s Secret?

Xinyan didn’t think that anything would happen between her and Lin Yi, but knowing more about him made her feel happy and satisfied.

“Actually, Feng Xiaoxiao is Lin Yi’s small wife, and he has a big wife, but he’s already forgotten about her ...” Chu Mengyao lowered her voice and slowly told Wang Xinyan the story of Lin Yi, Tang Yun, and Feng Xiaoxiao.

The two sat at the back of the car, so they didn’t have to worry about Lin Yi hearing them. Mengyao’s voice was soft, too, and Xinyan had to get close to hear her.

Xinyan was a little disappointed when she heard that Lin Yi had two girlfriends, thinking that he was a Playboy.

However, when she heard that Tang Yun allowed Feng Xiaoxiao to join them, and that it was out of pity, she realized that Tang Yun was so kind, and Feng Xiaoxiao was so pitiful.

The trip to the Ice Palace and the snowy valley had moved Xinyan even more-she didn’t think that love could be so great! What a beautiful story!

In order to save Feng Xiaoxiao, Lin Yi was willing to risk his life to fight against Sky Class Masters, and in order to save Lin Yi, Tang Yun was willing to leave herself in the valley and become an inheritor ...

And in order to make Lin Yi not be sad, she gave him the herb liquid, what kind of sacrifice was that?

Xinyan finally understood why Xiaoxiao wanted to help Lin Yi find another girlfriend-the so-called main wife! It was to cover up this lie!

Xinyan felt that it wasn’t fair to Lin Yi, but this was Tang Yin’s wish. If she told Lin Yi the truth, no one would be happy! So the best way was to continue hiding it.

However, asking Lin Yi to find another girlfriend was a little too easy for him.

“That’s why there’s a limited number of spots. If you really want to, you can consider it. After all, it’s better to be familiar than new. I think you have a good personality and won’t bully Xiaoxiao. ” “But, it’s up to Lin Yi to decide what he wants,” Mengyao said.

“I ... I’m definitely not going to make it ...” Wang Xinyan shook her head.

“I’m just saying. I just don’t want you to let some things slip.” Mengyao said.

“En, I won’t.” Wang Xinyan nodded.

The car drove to the northeastern Tiger area, where all the Siberian tigers were located in Northeast Asia. They were the largest feline animals in existence. The male could be up to three meters long, with a tail about one meter long, and weighed up to 350 kilograms. There were many horizontal black narrow stripes on the back and side of the body, usually in the shape of willow leaves.

His head was big and round, and there were several black horizontal stripes on his forehead. They were often intertwined in the middle, like the word "King", so he was also known as the "king of the jungle."

Since it was the king of the jungle, it was naturally ferocious. Therefore, the windows of each sightseeing bus were protected by iron fences to prevent tourists from being hurt by the Tigers when they opened the windows.

The extended Hummer was no exception. Other than the small opening on the iron fence near the window, which allowed a special throwing device to throw food out to feed the tiger, the entire body of the Hummer was tightly secured.

"Uncle Yan, there are too many people here. There's no point in us feeding the Tigers here. Is there any other place with fewer people?" Zhang duopan deliberately asked.

"Yes, there are fewer people in the beast taming area. Let's go there. The Tigers there have been trained and can jump high. If you throw the beef into the sky, the Tigers will jump up and snatch it. It's very interesting!" Uncle Yan said. (To be continued.)
