

Bodyguard 2071

## Chapter 2071: Analysis and planning

“Descendants?” Han xiaopo shook her head and sighed, “I can’t hold on much longer. What descendants?!” This hidden house Summit is just the beginning of how we’ll split up the Hidden House. After they’ve tasted the benefits, they’ll probably organize more events in the future, like trials, duels, bets, and so on. It’s going to get harder and harder for us, and we might not even survive this generation, let alone the next generation. ”

“Uh ...” Lin Yi didn’t think that han xiaopo would think so much, but if it was really like what he said, then the Hidden House han could really be swallowed up in the future.

“That’s why ... I’m offering this to you, boss. If you can help the hidden han family out of this predicament, then it’ll be worth it. Even if we don’t have this anymore, the hidden han family will still hold onto it. Even if we can’t make it, we won’t be at the bottom.” Han xiaopo’s analysis was very clear.

“Alright, since you’ve revealed the secret of your house han, I’ll make an exception and help you out this time!” “If the Hidden House han didn’t lose too much during the summit, they probably won’t do something like this again,” Lin Yi said.

“Of course. They won’t be keen on things without benefits. If they can’t get any benefits from us this time, then they won’t organize any other activities except for the normal Summit.” “Of course, even if they do suffer some losses, with the big boss standing up for them, the hidden houses will have to weigh their own weight!” After all, Earth Class late phase—that’s one of the top powers in the family! You can’t just lose them like that!”

“Hehe.” Lin Yi smiled faintly, “the Qi gathering pill ingredients, you should prepare them. Two days before the Hidden House Summit, I’ll visit your hidden house han. Just give them to me then!”

“Alright, no problem!” When han xiaopo said this, she hesitated for a moment. “”But my strength ... Why don’t I get the materials in the afternoon?”

“No need. You don’t need to worry about your strength.” “You don’t believe me?” Lin Yi said faintly.

“Of course I do! Since boss already has a plan in mind, then I won’t say anything more!” “Boss, let’s eat ...” Han xiaopo nodded and said.

After the meal, han xiaopo sent Lin Yi back to school and quickly rushed back to the Hidden House han to meet with the current head of the house, han Tianba.

Of course, although old master Han’s name was overbearing, it wasn’t overbearing among the hidden noble houses.

Han xiaopo told Grandpa han everything that had happened during lunch.

Han Tianba was shocked when he heard that. “Xiao po, you’re really bold. You’ve actually revealed the family’s big secret. Aren’t you afraid of getting into trouble? That Lin Yi can even kill an Earth Class late phase with ease—it’ll be a piece of cake for him to destroy the Hidden House han!”

"If boss is interested in our hidden han family, he would have been tempted when I told him we found the ancient ruin. However, even after I gave him the colored steel, he still wasn't interested in the other things of our hidden han family." "This is enough to show that boss is not a greedy person!" Han xiaopo said.

"That's true, but our hidden han family's Foundation is too shallow. We have to be on guard!" "Besides, isn't it a little too extravagant to offer the ingredients for the Qi-gathering pill?" han Tianba said.

"Not really. If boss is really on our side with all his heart and soul, at the very least, those who want to touch our hidden han family will have to consider the consequences!" Han xiaopo said.

"But, do they really think that Lin Yi will help us, the Hidden House han?" Han Tianba asked.

"Grandpa, under normal circumstances, I won't. But now that I'm boss's little brother, there's no problem!" "The boss is famous for protecting his own people," han xiaopo said. "Think about that Noble House meeting in the common world, the boss stood up for his little brother and even destroyed the common house Yu, what could the Hidden House Yu do?" Didn't he still suffer in silence? After that, when Lin Yi was sick, he wanted to cause trouble for him, but Yu Liu died too!"

"Hmm.....Little po, you're quite observant!" "But that Lin Yi might be protective, but if he sees through your intentions to use him, it'd be bad ..." Han Tianba nodded slowly.

"Grandpa, Xiao po has no intention of using boss at all!" "Boss has such great magical powers and power," han xiaopo said."I really want to be his underling. That way, I can learn more things and my strength can also improve!"

"Since that's the case, I won't say anything more!" "This is an opportunity for us, the hidden han family," han Tian said domineeringly."If we grasp it well, we can make a comeback. If we don't, we'll be doomed!" However, if we don't have the confidence, we'll be doomed too. So, we can only bet on Lin Yi."

"Yes, Grandpa!" "And I promised boss Lin Yi that if I become the head of the Hidden House han, I'll follow his lead!" Han xiaopo said.

Han Tianba's eyes narrowed as he looked at han xiaopo. He could see ambition in han xiaopo! Han xiaopo actually wanted to fight for the position of the hidden han family's young master. Furthermore, she had said it without hiding anything. This surprised han Tianba!

However, han Tianba did not reprimand him. Instead, he said,"If this hidden house Summit really does allow us to use Lin Yi to win a few matches and get out of our current situation, then it means that Lin Yi really has the ability. The responsibility of befriending him will fall on you!"

"Yes, Grandpa!" How could han xiaopo not understand the meaning behind han Tianba's words? He immediately said with some joy.

"You can leave now, I'll get ready and get your uncle han Jiu to check out the other events. If Lin Yi can win a few more matches, hehe, I'll let those noble houses who are plotting against us know what it means to go for wool and come home shorn!" Han Tianba thought of Lin Yi's infamous name and felt more confident.

After Lin Yi returned to school, he temporarily put the matter of the Hidden House Han's Summit to the back of his mind and started thinking about the Qi gathering pill.

The Qi gathering elixir was a golden class third level elixir, just like the ice heart Jadestone elixir that the Sky Class Candy Girl wanted to make! (To be continued.)

### **Chapter 2072: How to open your mouth**

But as far as han Jingjing was concerned, she could only make a golden class second level pill, and the success rate wasn't guaranteed. Golden class third level was almost impossible-she heard that only a Sky Class master, a golden class fourth level refiner, could make a golden class third level pill!

To have a hundred percent success rate, one had to be a Mystic first level refiner. Otherwise, even a golden fourth level refiner would only have a slightly higher success rate, not a hundred percent success rate.

So now, Lin Yi faced two problems. One was to raise his strength to Sky Class, and then raise han Jingjing's strength to Earth Class. Only then would han Jingjing be able to control the level 3 refinement fire as she pleased.

'But it's clearly more difficult for me to advance to the heaven rank, that should be the case for now!

But, with the help of the Qi gathering pill, Lin Yi felt that he should be able to reach Sky Class very quickly. By then, raising Han Jing Jing's strength would be a piece of cake.

However, the Qi gathering pill was also a golden class third level pill-if he couldn't reach Sky Class, then han Jingjing couldn't reach Earth Class, and han Jingjing couldn't reach Earth class, so she couldn't make the pill!

This was an endless cycle. If one of them succeeded, the others would naturally succeed. If one failed, then the others could forget about succeeding.

Lin Yi's head hurt at the thought of it-it was something within his reach, yet it was so far away!

The Qi gathering pill's ingredients were precious in Lin Yi's hands, but they were useless if they couldn't be used! But if he were to wait until he broke through into Sky Class, and then raise han Jingjing to Earth Class late phase peak, he would be able to make level three elixirs. Even if he made the Qi gathering elixir, it wouldn't be of much use to a Sky Class master!

Although it could help Lin Yi increase his strength faster, it wasn't fast at the current stage. Lin Yi's heart was still pressed by the two year promise, naturally, he didn't have much time to waste!

Two years-there was still a year left, and Lin Yi didn't have a 100% chance of breaking through to Sky Class! So, how to use the ingredients for the Qi gathering pill became a problem for Lin Yi!

Lin Yi needed this pill to increase his chances of breaking through to Sky Class, but making this pill required Sky Class strength as the foundation-a fourth level refiner without Sky Class strength would have a hard time making a third level pill!

Even a Sky Class level four refiner couldn't guarantee a level three elixir with a hundred percent success rate-only a Mystic class level one refiner like Zhang Liju could do it with a hundred percent success rate!

Otherwise, even a golden class level Seven Alchemist would have a chance of failure when making a golden class pill, unless they were one level higher.

Of course, nothing was absolute. Han Jingjing might be a genius, but even if she was, she had to be a Sky Class.

This made Lin Yi very frustrated-he had the ingredients but couldn't make it, and the effect wouldn't be as great if he could, and he didn't need it as urgently ...

How to increase his strength to the next level was what Lin Yi wanted to do right now.

Although, breaking through from Earth Class early phase to Earth Class mid phase was already considered fast for other practitioners-if it wasn't for any special medicine or inheritance, Lin Yi's speed would already be considered extremely fast. But he knew that the reason why he was able to break through so quickly from Earth Class early phase to Earth Class early phase peak was related to the second stage of the art of Dragon mastery, as well as his constant training day and night, but there were still two important things!

First, it was because of the military training. He had Xinyan in his arms when he slept, and it was a great opportunity for him. Those few nights were like a thousand miles in a day to Lin Yi, and it was many times faster than his usual training speed!

Lin Yi didn't understand why Xinyan's scent would have such a huge effect on him, but it didn't matter as long as there was a result ... He missed those few nights.

But after coming back, he couldn't get too close to Xinyan anymore, let alone hug her! It was late autumn, and the weather was cold. Xinyan was wearing a lot of clothes, so the scent didn't come out. Lin Yi sat with Xinyan every day, but he didn't get any benefits from the scent.

But Lin Yi couldn't just ask Xinyan to take off all her clothes and come to class in a set of home clothes, could he? Not only was she cold, but people would think that there was something wrong with Xinyan if they saw her!

The second reason was that when he fought the Man in Black, he had to cross his limits multiple times during the robbery of Xu Shihan and Cheng Yiyi. It was a common occurrence for Lin Yi on his path of leveling up.

However, this kind of opportunity was hard to come by. When fighting with low-level experts, there was naturally no limit, and when fighting with high-level experts, they couldn't be too high. That would be completely one-sided, so how could they possibly break through?

Lin Yi thought that the first method was more reliable, but how was he supposed to talk to Xinyan?

Lin Yi didn't know what to say as he looked at Xinyan, quietly reading her book ... He started getting lost in thought ...

Xinyan was reading a book, but there was no way she wouldn't notice the way Lin Yi was looking at her. At first, she thought that Lin Yi was just looking at her casually, and didn't pay much attention to it, but Lin Yi's eyes never left her after that, making her feel uncomfortable and embarrassed.

"Lin ... Lin Yi, you need something?" Xinyan was too embarrassed to ask him what he was looking at. So, he changed his way of asking.

"Ah ..." Lin Yi came back to his senses and felt embarrassed, "I was thinking about something, so I got distracted ... But I do have something to ask you ..."

"What ... What's the matter ..." Wang Xinyan heard Lin Yi's explanation and said that she was distracted, but she was still a little embarrassed. She couldn't just calm down after being stared at by a boy for so long. Especially the kind of guy she liked ...

"The scent on your body ..." Lin Yi felt that it was a little too much of a girl's privacy, but it was something important to his training. He had to ask.

"Ah ..." Xinyan blushed. Lin Yi never mentioned this during the training, and she was surprised that he did. "You ... You smelled it?" (To be continued.)

### **Chapter 2073: thank you!**

"I already smelled it ..." Lin Yi said, "We were so close during the military training, how could we not smell it?"

"I ... I ... Actually ..." Wang Xinyan was a little incoherent, but she still whispered in the end, "When I was young, my body was very weak and sickly. The doctor in the hospital said that I wouldn't live past five years old. At that time, my parents went everywhere to seek medical treatment for me, but there was no result. When I was two years old, my parents once took me to the mountains to buy medicinal herbs ... My father was in the medicinal business ... This time, we accidentally met an old man who was traveling around the world. This old man saw my situation and gave me something that was said to be a spiritual medicine of heaven and earth. He said that it was to make good karma and that if fate brought us together, we would meet again in the future ... From then on, my body became better. My body also emitted a sweet fragrance. According to my parents, it's the smell of those spirit herbs ... Of course, these were all told to me by my parents. I was too young at that time and didn't have any memories ..."

Xinyan didn't know why she was talking so much to Lin Yi-she wasn't the type of person who liked to talk, but she did tell him some things about herself, just like that time on the plane. It was as if she was supposed to do it.

"Good karma? Heaven and earth Spirit herbs?" Lin Yi frowned-he didn't know what Xinyan was talking about, but he was sure that the old man wasn't a normal person. A master like that couldn't be judged with common sense.

"Yeah, I heard that from now on, I've been carrying this scent ..." Wang Xinyan said.

"It smells good." "And it seems like this smell can speed up my training," Lin Yi said.

“Ah ... Is that so ...” Wang Xinyan’s face became even redder as she lowered her head, not knowing how to answer Lin Yi’s question.

Lin Yi was actually quite embarrassed-he wouldn’t have brought this up if he didn’t really need this smell to train. It was a girl’s privacy, after all, and it wouldn’t be appropriate to talk about it if they weren’t really close.

And so Lin Yi didn’t know what to say when Xinyan lowered her head-he was just feeling awkward when boss Bai walked into the classroom. The afternoon class was starting!

Boss Bai’s appearance helped Lin Yi and Xinyan out of their predicament, and the two opened their books in unison, preparing for class ...

But a while after class, Xinyan started moving. She gently undid the buttons on her coat, took off her coat, folded it, and placed it on the innermost seat. That wasn’t all, she undid the top button of her shirt ...

In fact, Xinyan had been struggling a lot in her heart-she heard Lin Yi say that her scent could help him with his training, and for some reason, she had a strong desire to help him, but she was too embarrassed to do it, so she’d been hesitating until now ...

Xinyan’s actions surprised Lin Yi-she was wearing quite a lot of clothes, but there was a faint scent!

Lin Yi looked at Xinyan, too excited to speak, but Xinyan blushed even more when she felt Lin Yi’s gaze, “I ... I’m a little hot ... The classroom is already heated, and I’m wearing too much ...”

“Ha ... Thank you!” Lin Yi knew that Xinyan was just making up an excuse-the room was heated, but it wouldn’t be too hot with a jacket on. Some people had taken off their jackets, but Xinyan hadn’t done so the past few days, so it went without saying why she was doing this.

“Why are you thanking me? This is ridiculous ... Hurry up and listen to the class!” Xinyan buried her head in her textbook, not looking at Lin Yi.

Lin Yi sighed to himself as he looked at Xinyan’s embarrassed face. He knew that their relationship was getting closer and closer, and while there wasn’t anything between them yet, it was only a matter of time before they developed feelings for each other.

Even now, Lin Yi’s impression of Xinyan was a lot better than when they first met, but all of this seemed to have changed without him knowing!

Lin Yi didn’t waste this once in a lifetime opportunity-he started channeling the second stage of the art of Dragon mastery while listening to boss Bai’s lecture. He was in the classroom, after all, and he didn’t have to worry about any enemies.

With the help of Xinyan’s body scent, Lin Yi’s practicing speed was skyrocketing. The aura wasn’t as strong as it was during the training, but it was still two times faster than if he trained on his own!

Lin Yi was very satisfied with this speed! After all, they were in a classroom, and he couldn’t just ask Xinyan to take off all her clothes, could he? Or rather, he couldn’t just hug Xinyan, could he?

Naturally, Lin Yi wouldn’t waste a chance like this-he’d use every second and minute to train!

Lin Yi didn't know why, but it was a good thing anyway. He didn't think about anything else and focused on his training ...

Xinyan herself didn't know why she took off her coat, and she didn't know why she unbuttoned the top button of her shirt. Was she doing this on purpose for Lin Yi to smell her? Did this count as seducing Lin Yi?

Xinyan felt like she was being a little too shameless, but peeking at Lin Yi's serious face made her wonder if she was overthinking things. Lin Yi had helped her so much, and she didn't have anything to return the favor. It was hard for her to get a body fragrance that could help Lin Yi with his cultivation, so she'd let him absorb it!

With that thought, Xinyan moved her body closer to Lin Yi, her collar closer to his body ...

However, Xinyan's heart was in a mess now-she wasn't listening to a single word that boss Bai was saying on the podium, and her mind was filled with shyness and nervousness! She kept consoling herself-I'm just helping Lin Yi with his training, to repay him, nothing else ...

The whole afternoon passed by in a daze, and Xinyan didn't hear anything at all-Lin Yi, on the other hand, had gained a lot!

However, Lin Yi didn't want to exit his training mode so easily. He sat there and trained even after everyone had left the classroom! (To be continued.)

#### **Chapter 2074: learn from your mistakes?**

Lin Yi didn't leave, and Xinyan didn't dare to leave either-she knew what Lin Yi was doing, and she was afraid that if she moved, Lin Yi would lose his scent, and he'd go into Qi deviation ... So she maintained her position, not daring to move an inch ...

Lin Yi didn't leave, and so did han Jingjing-the two had already made a deal that they'd go to and from school together if there wasn't anything else to do, and so she looked at Lin Yi and Xinyan in front of her with a strange look, not knowing what they were doing!

However, han Jingjing did not ask anything. Instead, she took out her tablet and continued to calculate something on it ...

Lin Yi was practicing, but he knew what was going on outside. His spirit sense was connected to the outside world, or he wouldn't be able to listen to class while practicing. He knew that everyone in the classroom had left, but he didn't want to miss the thrill of the practicing.

"Hu ..." Lin Yi exited his practicing and looked at Xinyan apologetically. He wanted to say something, but he didn't know what to say."Thank you!"

"You ... You're done with your cultivation?" Wang Xinyan didn't know about han Jingjing and Lin Yi's relationship, so she lowered her voice when she asked. The classroom was very quiet now, unlike the afternoon before, so she had to be extra careful when she spoke.

"En, thank you for your hard work!" Lin Yi said with a nod.

"It's nothing ..." Wang Xinyan shook her head and smiled, "Then ... I'll be leaving ..."

"En, let's go together." "But for now, you should put on your coat-it'll be cold outside!" Lin Yi said.

"En ..." Wang Xinyan was embarrassed when Lin Yi lifted her coat.

Han Jingjing, on the other hand, was looking at the two of them curiously, not knowing what they were talking about.

"Lin Yi bro, what are you and Xinyan talking about? What cultivation? Were you cultivating before?" Han Jing Jing asked curiously.

"That's right, I was cultivating just now!" Lin Yi didn't hide anything from her.

"Oh ... But why are you thanking her?" Han Jingjing nodded, but she found it strange that Lin Yi was thanking Wang Xinyan.

"This ... Actually, Xinyan is a little special. When she's by my side, she can help me with my cultivation!" It was Xinyan's privacy, so Lin Yi didn't go into the details.

Of course, Lin Yi wasn't on his guard against han Jingjing-she knew some of his secrets, after all. In comparison, it wasn't a big deal to train with Xinyan.

"Special? Help with cultivation?" Han Jing studied Xinyan from head to toe, curious to see what was so special about her.

Wang Xinyan was embarrassed and didn't know what to do when han Jingjing looked at her like that.

"Jing Jing, don't look at Xinyan like that. You have me to help you increase your strength. You don't need me." Lin Yi said.

"Oh ..." Han Jingjing was no longer curious after hearing Lin Yi's explanation. She nodded and didn't say anything.

Xinyan, on the other hand, was curious-Lin Yi didn't seem to be hiding these things from Jingjing. How close were the two of them?

Although Xinyan was confused, she wasn't the curious type, and they broke up after leaving the biology Building.

"Lin Yi bro, you and Wang Xinyan seem to be very close?" Han Jing Jing asked as she walked.

"Hehe, we've known each other for a long time, so our relationship is quite good." Lin Yi nodded.

"Oh ... Are you two a couple?" Han Jing Jing asked.

"No, it's just better," Lin Yi said.

"That's good. It seems that Jingjing still has a chance." Han Jingjing nodded happily.

"What do you mean by still have a chance?" Lin Yi blinked at Jingjing's sudden thought.

"It's nothing, it's nothing," Han Jing Jing shook her head, "Oh right, Lin Yi bro, Jing Jing can now form the five elements of fire, but the conversion between them isn't as smooth. It's probably because there are still some complications in the conversion, and Jing Jing is trying to simplify it!"

Han Jingjing said as she waved the tablet in her hand.

"It's been successfully condensed?" Lin Yi's eyes went wide. He didn't think that han Jingjing was this strong. She didn't even succeed this morning, did she? Otherwise, she would have told him in the morning. It seemed that she had only successfully condensed it in one day.

However, Lin Yi was already used to seeing han Jingjing's talent. He was almost numb to it now. He had to admit that han Jingjing was probably the first refiner to suggest scientific alchemy. Of course, scientific alchemy alone was not enough-one had to have a certain amount of talent!

As for han Jingjing, she was probably a genius with both talent and brains. Of course, in comparison, her talent might be a little worse. After all, han Jingjing had also said that her ability to control the pill fire was slightly worse. However, she could use formulas to make up for it. However, this was enough.

"Yes, but it can't be converted at will. There are still some obstacles, so Jingjing has to keep working hard and continue to simplify and optimize the conversion mental cultivation method!" Han Jing Jing nodded.

"Alright, work hard!" Lin Yi nodded dumbly. "You can try making some Earth Class elixirs with those two cauldrons. Right Panhu's stuff can't be trash. It should be good stuff."

"En, en!" Han Jing Jing nodded.

Mengyao, Yushu, and Xiaochao were already waiting for them in the parking lot. Lin Yi was a little late because he was delayed by his training.

"Shield bro, why are you so slow today? Did your teacher delay the class?" Yushu asked.

"No, I was cultivating before and it took up some time." "Get in, it's pretty cold. We'll go back now," Lin Yi said.

After returning home, Lin Yi didn't say anything the entire night, but you Panhu quickly drove to the Hidden House of you after school!

The Hidden House you wasn't in Donghai city, but in a small town between Donghai and Songshan. This was why you Panhu had taken the college entrance exam in Songshan. He had been studying in a high school in Songshan.

"Coiling Tiger, it's not the weekend Today. Why are you back? Didn't you just leave the clan this morning?" You zhentian was a little confused about right Panhu's return. "Did you get something good from Lin Yi?" (To be continued.)

**Chapter 2075: Zhong pinliang on the mountain**

“Good stuff ...” Right plate Tiger gritted his teeth at the mention of Lin Yi’s name, “Uncle, I was tricked by that Lin Yi! F\*cking hell, this Lin Yi guy’s playing dirty with me, setting me up with a street stall!”

“Trick you? What’s going on?” You zhentian’s face darkened slightly. He frowned and said, “Coiling Tiger, you’re not young anymore. Even if you’ve suffered a loss, you have to keep your cool. Don’t curse every time you open your mouth. Tell me the details!”

“Yes, uncle ...” You Panhu nodded and told his uncle what had happened today.

Right-hand Panhu didn’t dare to hide or exaggerate because he knew that although the yellow-haired and purple-haired men were both his subordinates, they wouldn’t hide anything in front of his uncle. If he were to speak nonsense, his uncle would probably be even angrier when he found out the truth.

“So you’re saying that you were careless? That Lin Yi reminded you so many times that our hidden house you has his things too, and it’s a scam to trade with you. Did you really want to trade?” You zhentian asked.

“Uncle, that’s true, but you also know that Lin Yi’s a cunning kid. In that situation, anyone would think that he said that because he didn’t want to trade. He probably said that to increase the value of the information he had ... Who knew that it was true ...” You Panhu said bitterly, “You can’t completely blame me for this ...”

“I can’t blame you for this!” You zhentian waved his hand and said, “but, as the saying goes, a fall into a pit, a gain in your wit—we have to be more careful of that Lin Yi in the future!” First-grade and second-grade medicinal cauldrons are expensive, but my hidden you family can afford to lose them. Let’s forget about this!”

“Yes ...” Right Panhu said this, but he didn’t think so in his heart.

Just let it go? With you zhentian’s strong character, how could he let it go if it was another thing that had cheated their hidden you family? But in front of Lin Yi, she couldn’t just let it go, could she? Not only was the thirteen of the right dead, but even the earth Class late phase master of the Hidden House Zhao was killed by Lin Yi. They’d have to send out a Sky Class master to fight Lin Yi!

But angering the sky elixir sect for Lin Yi wasn’t worth it—they didn’t even dare to send a Sky Class master to the common world for balance, so what right did the Hidden House you have to do that?

“Right, the Hidden House Summit is coming up, and you’ve broken through to Mystic early phase—you should be 100% confident in making first class pills, right?” You zhentian changed the topic and asked you Panhu.

“It should be fine!” “Yes!” You Panhu nodded and said, “however, after I take two Spirit gathering pills and improve my strength, I should be more confident!”

“En, at that time, at the Hidden House Summit, there will be an alchemy competition. At that time, house you may send you as a representative since you’re the only one suitable!” You zhentian said, “when the time comes, as long as you can refine a first-grade pill, it will be your victory. After all, the other hidden houses don’t have alchemists participating. Those alchemists are all over the age of 25. They have exceeded the rules of the competition!”

“Ah, okay!” “Yes!” Youpan Hu nodded quickly. “Don’t worry, uncle. If that’s the case, victory will definitely be mine!”

“Alright, since that’s the case, you can go back!” “I’ve suffered a loss this time,” you zhentian said. “Next time, watch carefully before you make a move, so that you don’t make the same mistake!”

“Yes, Uncle!” The right Panhu heaved a sigh of relief and turned to leave.

You zhentian really didn’t have the mood to reprimand right Panhu at this moment. His mind was completely focused on the hidden Noble House Summit! This hidden house Summit, to put it bluntly, was a joint effort by a few hidden houses to trick the Hidden House han!

All the events were set for each hidden house, and each hidden house had a race they were good at, such as house Zhao’s racing and house you’s pill refining. This way, each hidden house would get a treasure from the Hidden House han.

This was also the reason why you zhentian didn’t have the heart to reprimand you Panhu. Another reason was that even if he did reprimand you Panhu, what was the use? You zhentian couldn’t do anything to Lin Yi either. They’d have to send a Sky Class to get rid of a thorn like Lin Yi, but who’d dare send a Sky Class without the ancient sect’s permission?

It had been a few months since the college entrance exam, but pinliang still hadn’t reported to school! It wasn’t that he didn’t want to go, but he hadn’t thought of a way to face Lin Yi and Mengyao yet!

Pinliang hated Lin Yi to the bone, but what was the point? Lin Yi was getting stronger and stronger, to the point where even naipao wasn’t a match for him anymore—pinliang didn’t have the guts or strength to do anything to Lin Yi, even if he wanted to!

Pinliang wouldn’t even be able to get into a third-rate University with his grades, and Xiaofu wouldn’t be able to either.

However, fabai was rich. He paid high sponsorship fees to both pinliang and Xiaofu, and the two became self-funded students of the joint School of East Ocean industry University!

The so-called joint college was a private university jointly run by enterprises and universities. Although the teaching location was the same as a regular University, the graduation certificate after graduation was different. The graduation certificate issued was in the name of the joint college.

Of course, for someone like pinliang who didn’t care about the graduation certificate, the things written on it didn’t matter.

The school’s requirements for self-funded students of Joint Colleges were relatively low. It didn’t matter if these people participated in military training or went to class. After all, most of the students only had a diploma. After graduation, they would go to the family business to take over.

Pinliang and Xiaofu didn’t report to school, not because they were lazy, but because they didn’t want to! He didn’t want to just bow his head like this, and so before reporting in, he brought Xiaofu with him to naipao’s place, the everyday and every day sect!

This time, the two met up with naipao without a hitch.

At this moment, naipao's entire presence had changed-he wasn't as frivolous and arrogant as before, replaced by a sense of self-confidence and calmness. However, the pride in his bones was still there.

"Liang bro!" But no matter what, naipao's loyalty to pinliang didn't change. Pinliang was just a normal person, but naipao didn't put on any airs in front of him at all-he was like a Lackey.

"Pao, no need to be so polite-you're already a practitioner, and you still call me your boss. That's not easy, but you don't have to be so polite!" Pinliang had come here to ask naipao for help, and so he didn't dare be too arrogant. (To be continued.)

## **Chapter 2076: seeking treasure**

Plus, he'd become smarter and more reserved after losing so many times-he knew that his strength wasn't on the same level as naipao's, so he didn't want to put on any airs and make naipao feel bad. He wouldn't be able to maintain his boss-follower relationship anymore.

"Liang bro, you know what kind of person I am!" "You're talking to me like this-you're obviously afraid of me, and you don't see me as your little brother anymore!" Liang bro, you're our family's Savior, and the only reason I could come here was because of Heibao bro's recommendation-it was all because of you! I, Zhang naipao, used to be your follower, and I'm still your follower now! I only have one enemy in my life-Lin Yi! You're the boss, Zhong pinliang, and you have a sect, the everyday and every day sect!"

Naipao's words were full of passion, without any pretense or hypocrisy-pinliang was very touched."Good, good, Pao, you're my good brother!"

"Liang bro, I'm here to train for only one reason, and that's to fight Lin Yi! Because he's not only Liang bro's enemy, he's my enemy as well, so you don't have to do this, Liang bro!" "It's just that I haven't completed the second stage yet, and I can't leave the mountain yet. But when the time comes, I'll definitely make my move and cripple that Lin Yi, bringing him to Liang bro for you to kill him!"

"Alright!" "So, what's your strength level now, Pao?" pinliang said excitedly.

"I'm Earth Class mid phase now ..." Naipao's eyes were filled with unwillingness,""According to the news I've received, Lin Yi can even kill an Earth Class late phase with ease. It seems that if I haven't reached the peak of the second stage, I won't be his match!"

"What? Lin Yi was that strong? He can even kill an Earth Class late phase?" Pinliang was shocked,"didn't they say that Lin Yi was only a Mystic late phase peak?" When did he break through to Earth Class?"

"I'm not sure about that. " Naipao shook his head,"my sources are limited-after all, our everyday and every day sect can't just keep their eyes on Lin Yi all the time ..."

"This guy is really lucky. How did he improve so quickly?" Pinliang said, discouraged at the thought of Lin Yi's progress."It seems like we've been left behind by him all along!"

"It's fine-once I'm done with the second level, even if Lin Yi's an Earth Class late phase peak-as long as he's not a Sky Class, I'll be able to beat him!" Naipao said, full of confidence. "What's the saying? Getting fat first isn't considered fat, I'll catch up later!"

“Oh? Pao, do you have any hidden cards?” Pinliang said, delighted.

“A trump card? of course I have one!” Naipao grinned, “but Liang bro, please forgive me for keeping you in suspense. I’m restricted by the sect, and I can’t say anything before I’ve mastered the skill!”

“Haha, it’s fine. Even if you tell me, I wouldn’t really understand. As long as I can beat that Lin Yi, it’s fine!” “I don’t care about anything else,” pinliang said.

“It’s great that Liang bro can understand!” Naipao nodded, “Liang bro, just put up with that Lin Yi for now. I’ll take care of him in the future. Let him be happy for a while!”

“Hey, Pao, you don’t know this, but Liang bro’s here to ask you for a favor!” Pinliang sighed, “although I’ve been patient enough, we didn’t get to go to the same university again. I heard that he’s in the same university, and I didn’t dare to bring Xiaofu there in case Lin Yi bullies us!”

“Oh? You guys are in the same university as Lin Yi?” “If that’s the case ... Then there’s going to be a conflict ...” Naipao said, surprised.

“Yeah, that’s why I’m here-I want to talk to you, Pao, see if you have any ideas on how to save me from that Lin Yi’s bullying!” “I’m your boss, after all, and you’re already a core disciple of the everyday and every day sect. If I get bullied, you’d lose face too, wouldn’t you?” pinliang said.

“That’s true!” Naipao nodded, “how about this, I’ll talk to master later and see if he can take you in as an outer disciple, and give you a treasure. We don’t need to bully others, but we need to have the ability to protect ourselves!”

“Pao, you’re so good to the boss!” Pinliang didn’t think that naipao would be this easy to talk to, asking for a treasure from his master!

He’d wanted to use his relationship with naipao to get him an outer disciple position or the contact person for the everyday and every day sect-it wouldn’t be enough to suppress Lin Yi, but it’d be enough for him to show off in school when Lin Yi wasn’t around!

As long as he didn’t get into any direct conflict with Lin Yi, his university life was very enjoyable. If he had to suppress his emotions for four years, it would be worse than killing him! He’d had enough of a hard time in the last years of his third year-he’d wanted to get into university with a Big Boss or a big bully, but he’d had to go up against Lin Yi again!

However, among all the schools in Eastern Sea city, only Eastern Sea city industry University had a Joint School that accepted self-funded students. The other schools didn’t have this system, so pinliang had no choice! Besides, he had already paid the money, so it would be very difficult for him to go to another school!

Even if fabai had some power in Songshan, it didn’t matter in Donghai-he could only get into this school by paying out of his own pocket. He wouldn’t be able to transfer to another school.

“Liang bro, I’ve been with you for so long, how could I not know what you’re thinking?” Naipao laughed, “this treasure was something my master promised me, but I won’t need it anymore if I master the second stage, so he’ll give it to you!” This treasure was a Golden Cicada inner wear, and it could resist any attack below the heaven rank! In other words, no one under the sky Class can hurt you!”

“Ah? Really? It’s that awesome?” Pinliang’s eyes were wide open as he looked at naipao in disbelief.

“Hehe, naturally!” “Even if it’s Lin Yi, you can’t do anything to him, but he can’t do anything to you either!” Naipao nodded. (To be continued.)

### **Chapter 2077: in-name disciple**

Naipao had made it very clear-he knew what pinliang was like! Pinliang’s purpose here was to make use of naipao’s strength, to make his life in the University a bit more successful!

Since pinliang wanted to be the big boss of the school, naipao had no reason not to fulfill his wish.

From this, it was clear that naipao treated pinliang with sincerity, but he wasn’t the kind of person who would forget his roots! One had to know that the Golden Cicada undergarments were one of the treasures of the everyday and every day sect!

The master had promised to give it to naipao, but that was only because he was a core disciple of the everyday and every day sect. Otherwise, why would he give something like this out so easily? However, it wasn’t easy for naipao to give this to pinliang!

Of course, naipao only made this promise because his position in the everyday and every day sect was getting higher and higher-he was now the next sect leader of the sect, a role model for all the young disciples!

However, even so, it would be difficult to persuade his master to give the treasure to an outsider!

“Then I’ll have to thank you, Pao!” Pinliang said.

“Yes, Liang bro, wait here for me, I’ll go ask Sifu for help!” Naipao said as he left the room.

After about the time it took to make a cup of tea, naipao returned-but this time, it wasn’t him, but a dignified middle-aged man!

This middle-aged man was naipao’s master, the leader of the everyday and every day sect!

He didn’t know what Zhang naipao did, but he managed to convince the sect leader of the everyday and every day sect to give the Golden Cicada underwear to pinliang!

“Brother Liang, this is my master, the sect master of the everyday and every day sect, celestial venerable pure yang. He’s also the patriarch’s last disciple!” Naipao introduced the man.

“Disciple Zhong pinliang greets the sect master!” Pinliang wasn’t stupid-he quickly knelt down and greeted the man.

“Get up, since you’re the boss of naipao’s world, there’s no need to be so polite!” The master said faintly as he waved his hand.

“Yes! Thank you, master!” Pinliang quickly stood up and moved to the side respectfully.

“This Golden Cicada underwear is the treasure of my everyday and every day sect, but I’ve already promised to give it to naipao, and he’s giving it to you. It’s clear how important you are to naipao!”

“That’s why,” the master said. “For naipao’s sake, I’ll take you in as an in-name disciple. How about this, you’ll be known as celestial master pure sun’s disciple outside, and the normal factions won’t dare to do anything to you! You have to know that a man’s possession of a jade ring will cause him to be guilty!”

“Disciple understands. Master, please accept this disciple’s bow!” Pinliang was overjoyed.

How could he not know that if he didn’t have any background backing him up, and suddenly took out a treasure, not to mention the hidden houses, even the normal cultivation houses would covet it!

Now that he had the title of heavenly venerate pure Yang’s in-name disciple, anyone who dared to snatch his treasure would be going against the everyday and every day sect. That would be a grave crime! Normal houses wouldn’t dare, hidden houses wouldn’t dare, and even if the ancient sect knew about this treasure, they wouldn’t do anything to him for the sake of their reputation!

Unless he met an enemy of the everyday and every day sect, but other than Lin Yi, there really wasn’t anyone who was an enemy of the sect! On the ancient level, if one wanted to make an enemy of the everyday and every day sect, one would have to weigh their own capabilities first.

“Alright, I’ll give you the Golden Cicada undergarments. I’ll also give you a token later. It’s a token of my everyday and every day sect’s disciples. If anyone tries to cause you trouble, you can show them the token!” The master said.

“Yes, this disciple understands!” Pinliang said.

“Since you’re here, you can stay here for a few days. Naipao, cultivation requires a balance between work and rest-you should keep pinliang company for the next few days!” The master said with a wave of his hand. Since he’d taken pinliang as his disciple, he’d naturally call him pinliang. “Bring him around our everyday and every day sect!”

“Yes, sect leader, master!” Naipao said.

In the past few days, han Jingjing had been studying alchemy in addition to alchemy. In the day, she would write and draw on the tablet computer. At night, she would often try to refine pills until midnight before going to bed. Therefore, when she woke up in the morning, she would often have rabbit eyes or panda eyes ...

Han Jingjing’s hard work also made Lin Yi very emotional. It seemed that her obsession with alchemy was not ordinary!

Xinyan, on the other hand, had been taking off her coat as soon as she saw Lin Yi in class these past few days, unbuttoning the top of her shirt collar, or just putting on a wide-collar shirt. To Lin Yi’s surprise, Xinyan didn’t even seem to be wearing a bra anymore, making him feel a little guilty!

He wanted to remind Xinyan that not wearing a bra would affect the beauty of her breasts, but he couldn’t bring himself to bring it up. At the end of the day, Xinyan was doing it so that she could let out more of her body’s fragrance for Lin Yi’s cultivation.

Lin Yi felt both grateful and helpless-he didn’t want Xinyan to be affected because of him.

“Actually ... You can put on a bra ...” Lin Yi couldn’t help but remind her. “It was already very good before, there’s no need to be deliberate anymore ...”

"I ... I didn't ..." Xinyan blushed. "It's just that the size of the previous bra is a little small. I ... I haven't bought a new one yet."

Xinyan, naturally, wouldn't admit what she was doing.

"Haha, I know ..." Lin Yi said, but he didn't know what he knew.

The next day, however, Xinyan was wearing her bra again, but the top of her trench coat was a loose T-shirt instead. Perhaps it would help her smell better ...

Zhang duopan and fan ganhe had temporarily disappeared. Bai Weitao went to inquire about it. It was not that the two had stopped, but they had been bitten by a Lion and were directly admitted to the hospital! After all, they had been bitten off a piece of meat, and the two of them were not very willing to go to class. With an excuse to skip school and rest for a few days, what was there not to like?

As for Yu Panhu, he didn't talk about the two cauldrons in front of Lin Yi anymore, as if it had nothing to do with him anymore! (To be continued.)

### **Chapter 2078: invitation**

Every day after class, you Panhu would leave the classroom with two of his men. In fact, it wasn't that he wanted to let Lin Yi go-he just didn't have any good ideas to deal with Lin Yi. He wanted to annoy Lin Yi, but he didn't have any good ideas or opportunities to do so. Plus, he was busy making elixirs after school every day, fighting for victory at the Hidden House Summit-he didn't have time for Lin Yi.

During this time, Lin Yi was worried about Xu Shihan. He gave her a call and asked her if she met with any gangsters on her way back. Xu Shihan said that she was very safe and no suspicious people attacked her, which made Lin Yi relax.

In the blink of an eye, it was the 13th of the month, two days before the Hidden House Summit. The rules of the competition had been given out to all the hidden houses, and Lin Yi met up with han xiaopo as promised.

This time, it was after school when han xiaopo called. Lin Yi had already told Chu Mengyao, Chen Yushu, and han Jingjing about the Hidden House Summit, and he might be away for a few days. For safety reasons, Lin Yi let them live in the dormitory, not letting them go to and from school alone.

From the looks of things, Lin Yi's enemies were pretty much all laid low-at least they didn't have any plans to deal with him in the near future. The Miss and the others shouldn't be in danger, but it was safer to live in school.

"Boss!" Han xiaopo saw Lin Yi and couldn't wait to wave at him. He had been waiting in the parking lot for a long time.

"You're here?" "Where are we going now?" Lin Yi nodded.

"Boss, if you don't have anything else to do, you can stay at my place tonight. Tomorrow is the day to report to the Hidden House Summit, and the competition will start the day after tomorrow. We need to go through the rules of the competition!" Han xiaopo said.

“Are you worried about your strength?” Lin Yi smiled faintly and looked at Han Xiaopo.

“This ... Actually, it would be a lie to say that I’m not worried. After all, there are less than two days left. I’m so weak. If I really participate in the competition between the two of them, I will definitely be a burden ...” Han Xiaopo was not hypocritical and said the truth.

“Two days, that’s enough!” Lin Yi said casually.

“Well ...” Han Xiaopo was a little surprised. He didn’t understand how Lin Yi could help him increase his strength in two days, but since he already recognized Lin Yi as his boss, he should trust him, “I’ll listen to you, boss!”

“Let’s go. We’ll go to your hidden Han clan first.” Lin Yi said.

“Alright, boss, please get in!” Han Xiaopo was still driving the same Mercedes-Benz S600. He opened the door respectfully and let Lin Yi in before starting the car in the driver’s seat. “Boss, the materials for the Qi gathering pill have been prepared by my ancestor. Once you arrive at the hidden Han family, he will give it to you with both hands!”

“There’s no hurry.” Lin Yi didn’t want to hide the Han family’s treasure at first, but this Han Xiaopo was too impatient and wanted to prove his intentions, so he took out such a good thing. But since it was useful to Lin Yi, he had no reason to refuse.

The Hidden House of Han was not located in the downtown area of Eastern Sea city, but near the suburbs Eastern Sea city! At the edge of a small town in the suburbs of Eastern Sea city, there was a huge Manor. There were no signs or house numbers, but it had a very high wall. If someone was here for the first time, they would even think that this was the location of a prison!

In fact, this was also Lin Yi’s first impression of this place. The exterior of the manor wasn’t very eye-catching, and it was very low-key, not attracting too much attention. However, this was the location of the Hidden House Han!

This was Lin Yi’s first time in a hidden house, so he was quite curious about the architecture. So this was what a hidden house looked like! As expected, they were an aristocratic family hidden in the city! But Lin Yi remembered that he’d been to a hidden house before, but he didn’t have any memory of where it was. Was he dreaming?

Han Xiaopo’s car was parked at an inconspicuous entrance of the manor. Although the entrance was inconspicuous, generally, when a car came here, it would definitely not open the door at will! The manor’s door had probably opened automatically because they had seen Han Xiaopo’s car through the camera.

“The security here is quite strict. The design of the gate is not simple!” Lin Yi said as he looked at the gate.

With Lin Yi’s experience and vision, he could tell that the design of the door was special. It was probably designed to prevent theft and intrusion.

“Oh? Boss, you know about these things too?” Han Xiaopo was a little surprised. The hidden door of the Han family was indeed designed and customized by a professional security designer. It had anti-theft

and intrusion-proof functions. It could send an early warning signal when someone broke in or pried open the door. It could also instantly release a high voltage. Even an ordinary cultivator would not be able to resist this high voltage!

Only those who had mastered the Golden Bell shield and iron Shirt, which made their bodies impervious to swords, Spears, water, and fire, could avoid such physical injuries! Therefore, this kind of defense could not be said to be not strict!

"I know a little." Lin Yi said faintly. The door looked safe, but Lin Yi had a way to deal with it. He just didn't say it out loud.

"Hehe, boss is really knowledgeable!" Han xiaopo said with sincere admiration,"for an ordinary cultivator, it's already very impressive if they can focus on cultivating and have some achievements on the road of cultivation. But boss not only knows how to refine pills, but he also knows how to race cars. He also knows these security measures. It's really admirable, especially with his extraordinary strength!"

After the car entered the gate, it didn't go far before they came to a sentry post. This was where the hidden han family guards were located. Although the license plate of the Mercedes-Benz belonged to the hidden han family, it could only pass the first pass. When it came to the second pass, it still needed to be checked manually.

"Young master Po!" However, when these guards came over and saw that the driver was han xiaopo, they immediately stopped blocking him. After greeting him respectfully, they opened the railing and allowed the car to enter the hidden han family manor smoothly.

"It seems like you have quite a high position in the hidden han family?" Lin Yi asked after seeing the reactions of the guards.

"Fortunately, I'm one of the more outstanding disciples in my generation. I have the chance to become the successor of the third generation's young master." Han xiaopo wasn't too humble in front of Lin Yi! (To be continued.)

### **Chapter 2079: The situation in the family**

Now that he'd acknowledged Lin Yi as his boss, he had to show his abilities sometimes and let Lin Yi know how much he could do!

"Only the best of the best ... Are golden class mid phase Masters." Lin Yi sighed. This hidden house han wasn't good enough! This meant that they didn't have any Foundation. They had only become a hidden house by excavating an ancient ruin. No wonder so many hidden houses were after them. It was because they were too weak!

The other hidden houses "disciples were all Mystic or even Earth Class, and their golden class was already exceptional-they really couldn't be compared.

"There's no other way!" Han xiaopo smiled bitterly and said,"our family doesn't have any famous teachers to guide us. Almost everyone in the family has increased their strength by taking medicinal pills and natural treasures. They didn't cultivate by themselves!" My father's generation was like this too,

and it's even more so in our generation! Even though I cultivate, I always take detours because I'm always exploring by myself ..."

Lin Yi looked at Han Xiaopo beside him and felt that they were in the same boat. The Hidden House had good pills and treasures, but they didn't have a master to teach them. They were already in this state, not to mention that Lin Yi didn't have any pills or treasures, nor did he have a master to teach him. This was the difference!

Luckily, he had a good heart technique and was determined to work hard, which was why he was able to keep up with the disciples of the hidden houses and ancient sects. Otherwise, he would have been left behind by a hundred thousand miles.

"Since there are pills, why didn't your father's generation and yours take the pill and advance to Earth Class, just like your grandfather?" Lin Yi asked.

"Grandfather is the head of the family, and he personally discovered the ancient ruins. Naturally, he has the priority to consume the medicinal pills!" Han Xiaopo explained, "the family's elixirs are given to Grandpa first. It's just that these elixirs are not very useful for those above the earth Class. Other than the Qi gathering elixir, they are only materials and can not be made."

"What about the others? Did your grandfather eat them all?" Lin Yi nodded.

"The others naturally have them too. In fact, in the ancient ruins we discovered, there were a lot of spirit gathering pills, but even if there were a lot, they couldn't afford such consumption!" "It depends on the quality. If an ordinary person wants to reach the peak late phase of the Golden class, they need to take about ten spiritual gathering pills. If they want to break through from the peak late phase of the Golden class to the mystic class, they need to take twenty or one spiritual gathering pill!"

"So, it's not enough to share?" Lin Yi understood a little after listening to Han Xiaopo's words. The essence gathering pill was a golden class first level pill, and a golden class first level refiner could make it. But the essence gathering pill was a golden class second level pill, and only a golden class second level refiner could make it. The success rate was also much lower than the essence gathering pill, and the ingredients were more precious!

Therefore, the total value of 20 spirit gathering pills was not even as much as one Spirit gathering pill! Many hidden families with first-class alchemists could not even exchange twenty or more spirit gathering pills for one!

"Yeah, even if there's a lot, it can't afford to eat so much! My current strength is the result of eating three pills-that's already considered good enough. For those who aren't, three pills would only turn them from a normal person to an early phase golden class master!" Han Xiaopo said, "there are so many people in the family, and my father's generation also spent a lot of spiritual gathering pills to become Mystic class Masters, so there's not much left for the third generation. Although it's enough for us juniors to enter the Mystic class, it's too wasteful. We don't need to talk about the distant ones, but we have to think about the near future for the fourth generation!"

"Mystic class to Earth Class can also be done by taking pills?" Lin Yi asked.

“Yes, a Mystic late phase peak, with 20 Qi gathering pills or one small Qi gathering pill, can enter the Earth Class and become an Earth Class!” “Back then, Grandpa took a small Qi gathering pill to become an Earth Class, but his strength hasn’t improved much in the past few years!” Han xiaopo said.

“Does your clan still have more of these Qi gathering pills?” Lin Yi heard han xiaopo’s explanation and wanted to cry but no tears came out. Just taking a pill and he could become an Earth Class? The ancient sects and hidden houses “disciples had too much of an advantage!

Of course, things like these weren’t that common anymore-unless it was the sky elixir sect, who could get their hands on them as they pleased, or the factions that were on good terms with the sky elixir sect, only they could get a few. Other hidden houses, even ancient sects and Noble houses, had to pay a certain price to get their hands on them, and that was enough to show how precious these pills were!

“There are two more ...” Han xiaopo only hesitated for a moment and then told the truth without hesitation,”“Boss, you want it? I can help you ask Grandpa ...”

“I don’t want to.” Lin Yi heard han xiaopo’s words and smiled, “It’s for you to use. ”

At this moment, Lin Yi completely acknowledged han xiaopo. This kid was pretty good to him and didn’t have any ulterior motives. If he were to hide it, Lin Yi would have to reconsider his attitude towards han xiaopo!

However, since han xiaopo was able to reveal all his family’s secrets without holding anything back, it was enough to show his loyalty. Otherwise, if he didn’t really want to be Lin Yi’s follower, these things would be enough to make their hidden house han be destroyed by others even faster.

“Me?” Han xiaopo was slightly stunned.”With my current strength, even if I take a small Qi gathering pill, I can only reach the peak late phase of the Golden class at most. It’s a waste!”

“Hehe, you’ll know when the time comes.” Lin Yi didn’t explain, but he sighed in his heart. If he’d known this han xiaopo earlier, he wouldn’t have taken the Qi gathering pill. What a waste of God’s gift! One small Qi gathering pill was enough-after he reached Earth Class, wouldn’t he be able to increase his strength even more by eating the pill?

But now, the tables had turned. Eating Qi gathering Pills first, then small Qi gathering pills, was completely useless.

But come to think of it, if Lin Yi wasn’t an Earth Class now and was still a Mystic, the Hidden House han wouldn’t have come looking for him. He would’ve died in the first few clashes with the enemy already, so Lin Yi only sighed a little, not feeling too much regret.

Since Lin Yi didn’t want to talk about it, han xiaopo didn’t ask. He knew that Lin Yi would tell him when he needed to.

The car slowly entered the core of the hidden han family, the Han family meeting hall! It was also the residence of old master han, han Tianba! (To be continued.)

**Chapter 2080: warm hospitality**

As for Han Tianba, he had already received the news from the guards at the entrance. He had already led a group of Han clan's descendants to wait at the entrance of the meeting hall.

Han Tianba didn't dare to be arrogant when it came to Lin Yi. Lin Yi was someone who could kill even Earth Class late phase Masters with ease. It would be a piece of cake for him to destroy the entire Hidden House Han. Han Tianba was only Earth Class early phase peak at the moment.

Han Xiaopo saw her grandfather and the others welcoming Lin Yi at the entrance of the meeting hall from a distance. She was stunned for a moment, but it was only for a moment before she understood her grandfather's intentions! The Hidden House Han had to make a bigger bet this time—since they'd already given out the ingredients for the Qi gathering pill, then they'd tie their interests to Lin Yi's!

Although Lin Yi had a lot of enemies, no matter what, with a strong existence like Lin Yi, the Hidden House Han's situation would be much better than before! It was true that Lin Yi had a lot of enemies, but how many would actually dare to touch him?

Now that the Hidden House Han was on Lin Yi's side, they'd have to ask for Lin Yi's permission if they wanted to touch them!

Lin Yi was a little surprised to see the Hidden House Han's forces. He got out of the car with Han Xiaopo, and Han Tianba walked over.

"Mr. Lin's presence brings light to my humble home!" Han Tianba cupped his fist at Lin Yi, chuckling.

"You're welcome, Mr. Han. Since Xiaopo is my little brother, then I'm of the same generation as him. It's not too much to call you Grandpa Han." Lin Yi said.

"Haha, in the path of martial arts, it's all about the one who has reached the top. We're not blood-related, so this seniority is based on strength and not age!" Han Tianba waved his hand and said, "Mister Lin can even kill an Earth Class late phase with ease, I'm only an Earth Class early phase peak. Calling you senior or senior is nothing wrong, Mister Lin is already being too polite ..."

"Alright, whatever you want. I'll still call you elder Han." Lin Yi didn't force him—this was the rule of practitioners. Lin Yi and Han Tianba weren't related, so it wasn't too much to use strength to determine seniority.

"Mr. Lin, I've already set up a banquet in the meeting hall, and I'm just waiting for you to take your seat!" Han Tianba smiled and made a gesture of invitation. He said, "Xiaopo, quickly take Mr. Lin to his seat!"

"Yes, Grandpa!" Han Xiaopo was very happy in her heart. Her grandfather's attitude was clear, and she was Lin Yi's little brother. Her status in the Han family was self-evident. Looking at Han Xiaochun's envious and jealous eyes, Han Xiaopo knew that he must have regretted missing a good opportunity to get close to Lin Yi.

Lin Yi followed Han Xiaopo into the meeting room and saw that the banquet was already set up. The cold dishes were already prepared, but the hot dishes weren't served yet. It was obvious that they would only serve the dishes after Lin Yi and the others were seated.

Only after Lin Yi sat down did han Tianba bring the rest of the family to their seats. On Lin Yi's left sat han xiaopo, and han Tianba sat on Lin Yi's right. It was enough to see han xiaopo's current status!

"Welcome, Mr. Lin. Before the banquet, would you like to give my hidden han family's disciple a few words of advice?" Han Tianba asked respectfully after taking a seat.

"Lecture?" Lin Yi shook his head with a bitter smile, "I'm not their master or elder. There's no need to lecture me. I'm not that hard to talk to. Since we're all PO's family, do whatever you want!"

"Alright, since Mr. Lin said that it's up to you, then it's up to you. Let's start!" Han Tianba beckoned to the disciples who were waiting at the side, indicating that they could start serving the dishes.

The ingredients were all prepared, and with han Tianba's order, many chefs started working together. Soon, the delicious dishes were on the table, but no one dared to touch their chopsticks before Lin Yi. They only dared to eat after Lin Yi had finished every dish.

Lin Yi, on the other hand, was famished, so he didn't hold back. He had to eat at the villa at this time of the day, too, so he started feasting.

But, every time he ate, he would think of Xiaoxiao-Xiaoxiao shouldn't be lacking in food in the Ice Palace anymore, right?

"Mister Lin, on behalf of the hidden han family, I offer you a toast!" Han Tianba only raised his glass after Lin Yi was almost done.

As for Lin Yi's clean sweep of the food, no one dared to say anything. This was the difference between the strong-people would only think that Lin Yi was forthright if they saw him like this! However, if it was someone weaker, they would be considered as not knowing the rules.

"Alright," he said. Lin Yi replied faintly as he raised his glass.

As for han xiaopo, she naturally poured herself a glass of wine and stood up in agreement.

"Mister Lin, the Hidden House Han's fate is in your hands at this hidden house Summit!" "Xiao po has already promised you that you'll represent the hidden han family in the competition. No matter how much you win, you'll be able to use it for yourself, including the Han family's wagers. Moreover, after you win, you'll be able to choose some things you need from the hidden han family's treasure vault!" Han Tianba said.

Han Tianba understood that he'd rather give all of these things to Lin Yi, even if he had to give a little more, than to give them to the other hidden houses! If they gave it to Lin Yi, Lin Yi could protect them, but if they gave it to other hidden houses, they would only make them greedier!

With the benefit of this, it was likely that all kinds of competitions, trials, and Summit gatherings would be held in the future. There was only one purpose, and that was to squeeze dry all the good treasures that the hidden han family had obtained from the ancient ruins.

That way, not only would the Hidden House han have to deal with all these hidden noble houses, their position among the hidden noble houses would also get weaker and weaker, and they'd be bullied by everyone. By then, not only would they lose their position as a hidden Noble House, but all the good things would be taken away too. It'd be extremely difficult for them to make a comeback!

But it was a different story if they gave it to Lin Yi-with Lin Yi's name around, the hidden houses wouldn't dare to force him. Even if Lin Yi only won the car race, it didn't matter, because the Hidden House han would be announcing to the world that they were Lin Yi's underlings. They'd have to see if Lin Yi would agree to it if they wanted more after this!

If Lin Yi were to win a few more matches by chance, the hidden houses wouldn't be able to gain any advantage, and a few of them would end up losing instead. They wouldn't be interested in taking part in the Hidden House Han's schemes anymore, and they'd have a lot of breathing room ...
