Chapter 2121: too late for regrets

“Not bad! Even this old man doesn’t dare to resist!” Master Yu said, but he was sighing in his heart! This Lin Yi, if only he wasn’t the Hidden House Yu’s opponent. Too bad, not only did he steal their Qi gathering pill, he even destroyed the common house Yu’s power. This made Grandpa Yu have no choice but to be hostile to Lin Yi!

Otherwise, with Lin Yi’s friendship with Yu Bing and his relationship with Yu Ning, getting him to join the Hidden House Yu would be a key chip for the Hidden House Yu to reach a higher level! However, Xiaoning’s matters were not up to him to decide. Xiaoning would definitely rise to the top!

Even if she wasn’t the future head of the Hidden House Yu, she was still the Hidden House Yu’s future support, because Xiaoning had already been chosen by the people there ...

“You guys don’t dare, but if it were me, I’m afraid I’d already be dead!” Old man you didn’t hide it-he focused on alchemy and practiced auxiliary Arts. Although he had reached Sky Class, this Sky Class was a lot more fragile than normal Sky Class. He would die for sure under this attack!

“That’s right, this old master’s intention is the same!” Elder Tang’s thoughts were the same as elder Yu’s-regret and pity. If Lin Yi didn’t treat him and Tang Yun that way, things would’ve been different now that house Tang was hidden.

If Lin Yi didn’t die from this attack, how powerful would he be?! They didn’t even dare to take a hit from this Sky Class early phase, but Lin Yi did. What did this mean? It meant that even if Lin Yi wasn’t stronger than Sky Class early phase, he was at least Sky Class early phase!

“I’m sorry to disappoint you, but I’m not dead. I’m fine. I’ve just adjusted my breath and I’m fine!” Lin Yi opened his eyes and smiled. He stood up and walked steadily towards han Tianba as if he wasn’t injured at all. His staggering steps were different from the others!

“How ... How is this possible?” Old Zhao’s eyes were wide open as he looked at Lin Yi, who was unscathed after spitting out blood.

“You ... What’s your strength?” Elder Yu glared at Lin Yi as if he’d seen a ghost.

“This doesn’t make sense. Is there a problem with the prop?” Old master you looked at the prop in front of him in shock and doubt.

“Whether there’s a problem or not, you’ll know when you go up and try it!” “Cut the crap,” Lin Yi said faintly, “anyone want to continue?”

“This ...” Everyone looked at each other-Sky Class early phase, how was he supposed to challenge this?

However, diamond’s face was surprisingly ugly! He had a last disciple, the Ace of this competition, and was prepared to send him to the individual competition. This last disciple was also at the peak of Mystic late phase, but his Golden Shield was much stronger than the last one!

If the previous disciple's limit was Earth Class late phase peak, then this disciple's limit was Sky Class early phase! But the key problem was that he had just blocked his own path! He told Lin Yi that if he wanted to challenge someone, he had to challenge someone of a higher level!

In other words, if he wanted to beat Lin Yi, he had to challenge Sky Class early phase peak-that disciple of his wouldn't be able to take it at all! If it was his diamond, he would be able to take the attack, but the Hidden House Summit regulations had already stated that the participating disciples had to be under 25 years old, and he had already exceeded that!

Diamond was so hateful. How good would it be if they were tied in the rankings? If he'd let go just now, Lin Yi might've just given up on this Sky Class early phase and continued challenging Earth Class late phase peak-even a tie for first would've been better than this second place!

At the very least, after Lin Yi challenged Sky Class early phase, he could get his last disciple to challenge the same sky Class early phase-they'd be tied for first!

After all, even though his disciple had an advantage in the individual ring, even if he couldn't beat the other person, the other person couldn't hurt him either! However, the rule of the single elimination Open tournament was not only to defeat the opponent. As long as the opponent was knocked off the stage, it would be considered a victory!

Although his last disciple had the Golden Bell shield to protect his body, and his disciple would definitely be able to withstand a pure true energy attack, there was no guarantee that the opponent would use a powerful martial technique to knock his disciple out of the ring! After all, martial techniques were a much more powerful attack than pure Qi attacks!

So in the group arena, he had no confidence in winning. The best-case scenario would be for everyone to tie for first place, but that would also be a very uncertain situation. However, the good opportunity in front of him had been ruined for no reason ...

"The hidden han family is currently the record holder with the highest defense level! Early phase of Sky Class! Are there disciples from other families and sects who are not satisfied and want to challenge us?" Zhao Yu's father announced the results of the competition and asked.

However, no one answered after a long time.

"Sect Master Jin, do you still have any disciples who want to challenge us?" Old Zhao spoke again, placing his hopes on the Golden Bell sect.

"No... There is ..." Diamond said these two words with difficulty. He was somewhat helpless! However, he had no choice but to give up!

"Alright, since there's no one else, then the champion of this resistance competition will be the hidden han family, the second will be the Golden Bell sect, and the third will be the Firewolf gang!" Zhao Yu's father announced.

As soon as this result came out, the face of the hidden you family's disciple suddenly turned pale! He's in fourth place, he's actually in fourth place! And there was no benefit to fourth place!

Before, old master you promised him that he would only be rewarded if he entered the top three. That was why he would give him the meridian opening pill and the small recovery pill to heal his injuries. But now, he had nothing. He hated it and regretted it, but there was no way!

He'd lost, and he regretted it-he shouldn't have joined this competition with that hope. Lin Yi's name had already spread throughout the previous matches, so why was he still here? In this competition, the first place was previously determined to be the Golden Bell sect, and the fire Wolf Gang was also a popular candidate. What he wanted to protect was the third place!

However, he intentionally ignored Lin Yi. As far as he was concerned, Lin Yi was good at so many events, he couldn't possibly be an all-rounder, right? However, he had lost the bet ... There was no medicine for regret in this world, and his future was naturally bleak!

He couldn't accept it. Yes, he was extremely unwilling! He was already an Earth Class late phase-just how strong was he? And he was only twenty-four this year, he had a lot of hope to reach Sky Class, but all of this was ruined! (To be continued.)

Chapter 2122: endless sighs

Looking at old master you's cold eyes, which were looking at him like a dog, the disciple's heart turned cold ... As a guest, he was just a dog in old master you's eyes, right?

When it was useful, he would give himself some benefits, but when it was useless, he would probably have to kick it away!

He didn't know if he had the chance to continue staying in the hidden you family. Would the hidden you family raise a useless person? He would probably be chased out after he returned, right? At that time, he would be a cripple with injuries all over his body. He wouldn't even be able to do an ordinary job. He probably wouldn't have any other choice but to beg for food.

I regret it so much! He thought that if he joined the you family, his future would be bright and he could develop in the you family, break through the barrier as soon as possible, and break through to Sky Class! He was an itinerant cultivator. It was already very proud of him to have such a cultivation base. However, it had become a dream now!

Of course, he still had a secret, a huge secret that he had not told! This secret was how he was able to reach the mid phase of the earth Class at the age of 24, and he was prepared to tell the secret to the Hidden House of you after they broke into the sky Class!

But now, he had seen through the fickleness of human nature. The you family treated him so well, so how could he tell this big secret?

After taking a deep breath, the disciple of the you family finally looked at old man you with a trace of hope, hoping that he could give him a Meridian opening pill and a small returning pill. Otherwise, even if his injuries were healed, he would still be a disabled person, and his survival would be a problem in the future!

“Go back and rest. After you return to the you family, I will give you a sum of severance payment. If you spend it sparingly, it will be enough for you to live for the rest of your life!” Old master you was unhappy and said coldly.

“I ... Okay!” The you family’s disciple nodded helplessly and said,“”But don’t worry, master. Fortunately, I’ve collected a small reversion pill and a Meridian opening pill. My injuries have been suppressed. I’ll go get them now ...”

“Oh? You actually have such a pill in your hands? That’s good, you can go!” Old master you didn’t expect this guy to have such a good thing. It seemed that this guy didn’t participate in the competition because he had a “win or die” mentality, but because he had a trump card!

He didn’t know that the disciple was just saying it casually to save his face. The disciple already had the intention to commit suicide. Such a disabled person was a great shame for a martial artist. Although old man you said that he could give him a sum of severance payment, it was better to die than to live an ignoble life!

The disciple cupped his fists and turned to leave ...

Lin Yi, on the other hand, was deep in thought as he watched the disciple leave.

As an assassin, Lin Yi had a deep understanding of the human heart and human nature. The disciple’s eyes were full of despair, and it didn’t look like a life-saving pill at all. He was afraid that this disciple had gone to commit suicide!

Lin Yi couldn’t help but sigh. These people were working for the hidden houses, but they were kicked away like trash in the end. This guy was like this, and so was that Earth Class blue haired guy with you Panhu ...

Old master you didn’t care about this disciple at all. His mind was on something else ...

Lin Yi had won again, where was the Justice in this? It was equivalent to a Sky Class early phase’s full-powered attack, and he was able to take it-it was as if he was fine after a while, and the disciples from his own sect and the Golden Bell sect were all in a bad shape-they had serious internal injuries!

The disciple of the Firewolf gang was probably dead by now! Old man you knew what was going on with the Firewolf gang. They had just made some hypnotized puppets injected with biochemical drugs. These puppets relied on the drug to hang on without fear of death or pain. They were left alive, but once the drug wore off, they would probably die!

This kind of evil method was similar to the everyday and every day sect. So, even if their contestant died, no one would dare to mention it again. So, the fire Wolf Gang’s third place was already invulnerable!

However, just because these people didn’t question it didn’t mean that everyone else didn’t! A cold voice rang out,“”The firewolves are really original. They sent a puppet-like person to the competition. I’m afraid he’s already dead. That’s really laughable!”

“The winner is king, the loser is thief-Lin Yi, where do you get all this nonsense from? Even if he died, he died after the event. What does it have to do with you?” An Mingyue was furious, but she didn’t dare do anything to Lin Yi! His nephew was killed by Lin Yi, and his son’s leg was broken. Even the earth Class late

phase peak of the firewolves couldn't do anything to Lin Yi, what could an Mingyue do? He could only say indifferently, "the rules of the competition said that it's fine as long as you take it. It didn't say that you can't die after the event?"

Lin Yi only said that because he pitied the disciple, but he wasn't really interested in standing up for him. Even if he took the fire Wolf Gang down from third place and replaced it with the Hidden House you, he wouldn't get a single cent.

"Alright, since there's no problem, let's invite the three guilds to come up the stage to collect their wagers!" Old Zhao said.

Lin Yi took the item and looked at the bet between the firewolves and the golden clock sect. The golden clock sect still had the same bet, and Lin Yi wasn't interested at all. The firewolves, on the other hand, took out a bottle of medicine ...

"What's this potion?" Lin Yi asked. An Mingyue only registered it as medicine 01, and didn't explain what it was.

"Do you want a potion that can make you stronger in an instant?" Mingyue said calmly. Although the potion was precious, it was harmful. It could make people stronger instantly, but the side effects were obvious. Just like the disciples of the fire Wolf Gang before him, they were not afraid of pain or death during the competition. Their potential had been stimulated to the limit, but after the competition, they could not escape the fate of death!

An Mingyue hated Lin Yi to the core, naturally, she wouldn't explain too much.

"Oh, that sounds good. Give it to me." With that, Lin Yi took out a useless treasure from his bet and gave it to an Mingyue in exchange for the 01 drug.

"No problem!" An Mingyue completed the exchange with Lin Yi without any hesitation. This treasure was far more valuable to an Mingyu than the 01 medicine. Naturally, she was very happy.

Drug 01? Lin Yi laughed coldly in his heart-he had pretty much guessed what this thing was!

Chapter 2123: The seventh match

It was estimated that the few disciples who participated in the previous competition had used this kind of medicine and turned into those puppet bio-humans who were not afraid of pain, death, and no thoughts!

Lin Yi didn't want the medicine for his own use, he just wanted to study it.

"Alright, since there's nothing else, we'll go back and rest!" Lin Yi said faintly. He'd suffered internal injuries, and while it didn't look like much on the surface, he needed to go back and heal.

With that, Lin Yi left with han Tianba and han xiaopo. This was a scary fight, but not a dangerous one. Lin Yi didn't just test out the power of a Sky Class early phase, he also won the championship again. It was killing two birds with one stone.

After Lin Yi left, both diamond and old man you's faces turned ugly, but an Mingyue's expression was a little better. To an Mingyue, there wasn't much difference between second and third place. It was to take back their wagers or exchange wagers.

An Mingyue had already made a bet that she was satisfied with, and the top three had saved the Firewolf gang's face, so everything was still normal.

But diamond was supposed to be the champion, and now he lost because of Lin Yi's challenge. The most annoying thing was that he added another rule to the competition. How could he be happy if he lost the championship?

Old man you was the same. He was originally in third place, and it was already very stable, but Lin Yi went from fourth to first, pushing him to fourth!

"Forget it. If we get angry now, we will only be angering ourselves and it won't help the overall situation. Since the GaN mountain sect has a trump card in the last additional match, why should we worry too much?" "Everyone can see that Lin Yi took a Sky Class early phase full-powered attack and he's fine, and he's even walking away, laughing and talking. Even if we work together, we might not be able to take him down, not to mention that the rules don't allow us to play dirty ..." Old Zhao said.

"Yeah, even if I did something, I still wouldn't be Lin Yi's match. This Lin Yi, he's really beyond my expectations!" Old man you sighed and shook his head.

However, both elder Yu and elder Tang had the same thought in their hearts-if they knew this would happen, why did they do it? How good would it be if she didn't go against Lin Yi?

There was no way the Hidden House Tang could repair their relationship with Lin Yi anymore-they'd chosen the side of house you and the sky elixir that day, making Lin Yi, Tang Yun, and the Ice Palace their enemies. They wouldn't have the chance to back out unless they broke off all ties with the two sects, which would be a huge loss ...

As for the Hidden House Yu, the scales in Grandpa Yu's heart started to shift a little ... If only Lin Yi wasn't the one who stole Yu Huoxing's Qi gathering pill ... That way, the two houses would have no unresolvable grudges other than the common house Yu!

The Qi gathering pill, on the other hand, was a life-or-death problem-delaying Xiaochen from breaking through to Sky Class would make him a huge sinner of the Hidden House Yu. Even if Grandpa Yu wanted to get on good terms with Lin Yi, Xiaochen might not be willing-that was the chance to enter Sky Class, after all, and it was the most precious thing to a practitioner!

It was not a big deal if one or two people died. After all, they were just useless people. However, the key problem now was the Qi gathering pill ...

With that thought, the elder of house Yu let out a long sigh and left ...

After Lin Yi returned to his temporary residence, his ruddy face turned pale. Lin Yi had only temporarily replenished some energy and repaired the damage to his organs, but it wasn't a complete recovery. Now that he was back at his temporary residence, there was no need to hide it anymore ...

"Boss, what's wrong?" Han xiaopo was shocked to see Lin Yi like this.

"It's nothing, the power of Sky Class early phase is indeed extraordinary, and it's a head-on fight ..." Lin Yi smiled bitterly, "I've suffered serious internal injuries. I need to circulate my internal energy to heal my injuries now. It's fine as long as you don't disturb me. I won't be eating lunch!"

"Ah ... Then the next competition ..." Han xiaopo heard that Lin Yi was injured and was shocked, "Then should we forfeit the next match?"

"Hehe, it's fine. I'll be fine in a while." Lin Yi said nonchalantly.

"Oh ..." Han xiaopo nodded. She didn't say anything else after Lin Yi said that.

At noon, the Zhao disciples brought food over. Lin Yi closed his eyes to heal, and han xiaopo didn't dare to disturb him. She set aside a portion for Lin Yi and finished lunch with han Tianba quietly, waiting for Lin Yi to recover.

If house Zhao's Messenger came to invite them to the competition before Lin Yi recovered, han xiaopo would reject it. After all, Lin Yi's health was more important than winning or losing the competition.

However, just as the afternoon match was about to start, Lin Yi suddenly opened his eyes and let out a long breath, "Hu~~Hu~Hu~"

"Boss, you've recovered?" Han xiaopo saw Lin Yi open his eyes and immediately asked in joy.

"En, I've recovered!" "Probably, house Zhao's people will be here soon," Lin Yi nodded.

As expected, Lin Yi's words had just ended when a Zhao disciple's voice rang out from outside the temporary residence, "Is the old patriarch han here? The second Match of the Day is about to begin. Old patriarch han, please bring your participating disciples and wagers to the meeting hall to register ..."

This time, han Tianba wasn't in a hurry to agree. He turned to Lin Yi. After all, Lin Yi was seriously injured this morning. It wouldn't be worth it if he interfered with his recovery!

Having won so many matches, losing one or two occasionally would not affect the hidden han family's face at all. Moreover, the hidden han family could afford to lose the bet.

"Let's go, Xiao po, elder han, let's see the sixth match!" "What's the competition about?" Lin Yi asked.

"I'm sorry, I forgot to tell you that this is an alchemy competition ..." The disciple of the Zhao family replied carefully. He didn't forget to tell them. He had come here to inform them, so how could he have forgotten?

There was only one reason why he didn't tell them the details-he'd received instructions from old Zhao to test Lin Yi. If Lin Yi was injured and didn't tell him the details, he'd probably give up because of it.

But, if he told them the details of the competition, that was Lin Yi's strength. Why would he reject it? That was why he had been so vague before! (To be continued.)

Chapter 2124: Changing the competition rules

Old master you had already lost several matches in a row. If he lost this alchemy competition again, it would be really embarrassing, so he thought of such a way to get old master Zhao to help.

“Oh, lead the way!” Lin Yi said indifferently, his face calm.

“Yes ...” The disciple nodded and led the way respectfully on the surface, but he secretly sent a message to old master Zhao with his mobile phone: Lin Yi asked about the details of the competition and was already making his way to the meeting hall.

In the meeting hall, after receiving the text message, old master Zhao handed the phone to old master you with a gloomy face and said, “Your plan didn’t work, but Lin Yi didn’t give up. He even asked about the competition, and when he heard that it was alchemy, he came!”

“That Sky Class early phase didn’t even kill him, that’s weird!” Old man you was furious. This competition was prepared for house you, but now it seemed to be made for Lin Yi!

Second class pills weren’t much in Lin Yi’s eyes—other than the Qi gathering pill, he didn’t even look at the foundation pills, small recovery pills, and Meridian opening pills. What did that mean? This meant that Lin Yi should be able to make it himself!

The reason why Lin Yi accepted the Qi gathering pill was probably because the ingredients were more expensive than the others. The other ingredients weren’t that expensive, though, and the only thing that was valuable was the quality of the pill. If Lin Yi could make it himself, he wouldn’t care.

“Grandpa, what should I do? I can only make a first class pill now, and it’s not a hundred percent guaranteed. If Lin Yi comes and makes a second class pill, I’ll lose for sure!” “But, it’s fine if he lost. According to the rules, whoever makes a higher grade pill wins. I could’ve gotten second place no matter what, but the point is, Lin Yi got first again!”

Old man you didn’t want Lin Yi to get first again. The you family was a family that focused on alchemy. If they let an outsider win the championship, it would be a slap in the face, a naked slap in the face. Not only would they lose face for the you family, but they would also lose face for their master, the heavenly elixir sect!

He couldn’t lose face—he couldn’t let Lin Yi win this match again!

“That’s right, we have to think of a way to stop Lin Yi from getting first!” “Coiling Tiger,” old man you said, “it doesn’t matter what rank our hidden house you gets in the other competitions because the sky elixir sect doesn’t care. But if we get a slap in the face in the alchemy competition, the sky elixir sect will definitely be unhappy!”

“Yes ...” Right coiling Tiger nodded, “That Lin Yi’s really despicable!”

“Old man you, I have a good idea!” Elder Tang finally spoke up.

“Oh? What good idea? Please speak, elder Tang!” Old master you asked quickly.

“Change the rules of the competition!” “If we change the rules of the competition,” elder Tang said, “we’ll change it to whoever can refine a third-grade pill in the shortest amount of time will be the winner. And so on ...”

“Third ranked pill? How was this possible? Even I can’t make it successfully!” Old master you was stunned and asked.

“The rule is that it can’t be successfully refined!” Elder Tang smiled, “elder you, do you want Lin Yi to win or not win at all?”

“Yeah!” Old man you was suddenly enlightened. “Although the rules have changed to refining third-class elixirs, and we can’t win this competition, Lin Yi can’t win either. If we all lose, there’s no face to worry about!”

“Grandpa, that’s a good idea, but it’s a bit of a pity!” You Panhu sighed. He’d wanted to show off in this competition, but after learning that Lin Yi was participating, he lost the mood.

“It’s not a pity, but that’s the only way. If Lin Yi wins again, I’ll be so pissed!” “Alright!” Grandpa you decided. “Let’s follow this rule!”

On the other side, old man you changed the rules at the last minute, and Lin Yi and the others came to the meeting hall!

Han Tianba registered Lin Yi’s name and the bet before sitting down and waiting for the rules to be announced.

However, both han Tianba and han xiaopo had unprecedented confidence in this competition. They knew that Lin Yi was an Alchemist, and alchemy was Lin Yi’s strong suit. The chances of winning this competition again were very high!

Although Lin Yi didn’t look surprised on the surface, he was smiling bitterly inside. Know my ass! It’s more like han Jingjing is participating! However, Lin Yi didn’t want to reveal his trump card to the public too early. Han Jingjing wasn’t Lin Yi. Lin Yi had some trump cards and self-preservation methods, but han Jingjing didn’t!

If the Hidden House you or the sky elixir sect realized the danger and sent people to kill han Jingjing, it would be too late for Lin Yi to cry. He didn’t need to let han Jingjing fight for such a small bet!

Even if han Jingjing were to appear, there had to be a heaven-defying reward before Lin Yi would even consider it. He didn’t even have the mood for this kind of small fight.

Lin Yi’s appearance here was just to give the Hidden House Zhao and house you’s elders a sense of pressure, telling them that even Sky Class early phase didn’t do anything to him, that he was still alive and kicking, and that they should stop their schemes against him!

As expected, these people were surprised to see Lin Yi participating in the competition with a normal expression. One had to know that the Golden Bell sect disciple from before was injured and couldn’t get out of bed, the fire Wolf Gang disciple was dead, and the you family disciple was nowhere to be seen.

“You Panhu, Hello. This time, will your you family change the bet to a second-grade medicinal cauldron? I think that thing is pretty good. Why don’t you lose another one to me?” Lin Yi greeted him with a smile.

“F * ck, do you think a grade two medicinal cauldron is a cheap item? It’s already not easy to take out a first grade medicinal cauldron as a bet in this competition. Second grade? do you think my family

produces medicinal cauldrons?" Yu Panhu heard Lin Yi's words, as if he could win for sure. He was very displeased.

"You're so petty." Lin Yi said with a shrug.

"You're calling me stingy?" The right coiled Tiger was so angry that his blood vessels were about to burst. Am I stingy or are you stingy? You got me two medicinal cauldrons with some lousy information, and you still call me stingy? (To be continued.)

Chapter 2125: Forfeiting the competition

"Coiling Tiger!" Old master you shouted at you Panhu, "don't argue with him!" So what if it was a grade two medicinal cauldron? He also has the ability to win first!"

"That's right. The rules of the competition haven't been announced yet. Do you think you're an all-rounder?" The right coiled Tiger curled his lips.

Old master you nodded, indicating that old master Zhao could announce the new rules.

"Alright, everyone knows that this competition is a pill production competition. Next, I will announce the rules of the competition!" Old master Zhao said, "the rules of this pill refining competition are that whoever can refine a third-grade pill in the shortest time will be the winner. Second, third, and so on ... There are no restrictions on the type of pill. As long as it is a third-grade pill, it is in accordance with the rules of the competition! Now, contestants from all the families and sects, please take your positions and prepare to refine the pills ..."

"Third-grade?" Lin Yi blinked. Who made this rule? Could it be that he was retarded? There's someone here who can refine a third-grade pill? If third-grade medicinal pills were so easy to refine, Bing Tang wouldn't be frowning so much!

"That's right, it's third-grade!" Looking at Lin Yi's confused eyes, old master Zhao nodded proudly. As expected, Lin Yi wouldn't be able to make it!

"There's someone here who can refine a third ranked pill?" Lin Yi asked.

"Don't bother about others. If you can refine it, then refine it!" The right Panhu sneered.

"Oh, I can 't." Lin Yi said faintly, "I can't even make a first-grade pill, let alone a third-grade one. So I'm giving up. I said before that I'm going to give up one match. I'm keeping my promise now!"

"Gah?" Youpan Hu was taken aback. He wasn't surprised that Lin Yi gave up-he knew that Lin Yi couldn't make a third level pill, after all. What surprised him was what Lin Yi said. He couldn't make a first level pill?

Was that even possible? Wasn't Lin Yi an Alchemist? Why couldn't he even concoct a grade one pill? Thinking of this, you Panhu looked at old master you suspiciously.

"Lin Yi, cut the crap-who doesn't know that you're a refiner? You can't even refine a first-grade pill? who are you trying to fool? Do you think I'll believe you?" Old man you snorted coldly and said, "I know, you

saw that the rules were so high that you couldn't complete it, so you deliberately wanted to anger me. It doesn't matter, I'm not angry, and I don't believe it! If you said that you were injured this morning and didn't have enough true Qi to refine pills, I would believe it, but you used such a poor excuse to indicate that you gave up, it's really ... Tsk tsk ..."

"..." Lin Yi looked at old man you speechlessly and shook his head,""Nowadays, no one believes the truth. I feel sorry for your low IQ!"

"Tsk, do you think I'll believe you?" "Lin Yi, it's fine if you give up, don't come up with so many excuses," Grandpa you said with a smile.

"I'm not looking for an excuse!" Lin Yi said as he looked at elder Pi."I say, old man Pi, I told you before that if you give up on the competition, you'll give me a bottle of body refining liquid, right? I give up now. Give me the body tempering liquid!"

"I ..." Elder Pi had forgotten about this, and only remembered it after Lin Yi reminded him. His face darkened, blaming elder you for changing the rules. So be it if Lin Yi won, but now that the rules were changed, Lin Yi forfeited, and he lost a bottle of body tempering liquid.

"You can't blame me for this. If you want to blame someone, blame this pill refining competition. If it wasn't for this pill refining competition, I might not have forfeited!" Lin Yi said.

"Hmph, so what if I give it to you?" Old master Pi didn't dare to blame Lin Yi-he was only a physical early phase Sky Class, and he knew that he wasn't strong enough to go against Lin Yi. If a physical early phase Sky Class didn't have any special skills, they'd only be on par with a spiritual practitioner, Earth Class late phase peak. Even if his house focused on the fist, they'd only be on par with sky early phase spiritual practitioners. But Lin Yi was able to take on a Sky Class early phase full-powered attack without any problems-grandpa Pi wasn't sure if he could take Lin Yi down. He had to take a step back and accept his loss.

"That's good. There's still a reward for forfeiting. It's not a loss!" Lin Yi nodded, pleased with himself. He then nodded to you Panhu,"You guys can continue with the alchemy competition, there's nothing else for me to do ..."

"I ... I forfeit too ..." Right-hand Tiger felt that something wasn't right. This Lin Yi didn't seem to be angry at all after reading the rules. He seemed to think that it was natural and even gloated over his misfortune!

However, right Panhu couldn't figure out what the problem was! Old master you also felt that something seemed to have gone wrong, but he couldn't figure out what the problem was for the time being.

Since Yu Panhu had given up, the others naturally couldn't make a third rank pill. Even an ancient sect wouldn't be able to make a third rank pill, let alone the hidden houses. This competition was an impossible task.

"Since everyone has forfeited, the competition is over. Since there are no winners, please take back your wagers!" The old man said. Old master you announced.

Lin Yi happily took the body strengthening medicine that old man you had someone bring over, as well as the bet he had taken back, and left with han Tianba and han xiaopo, leaving the group of people staring at each other.

“Grandpa, Lin Yi doesn’t look depressed at all. It seems that this result is very happy for him?” Right Panhu felt that something was not quite right.

“I feel the same way, but that Lin Yi’s a very cunning guy-he won’t show it even if he’s pissed. His goal is to piss us off, so don’t fall for it!” Old man you thought for a moment and said.

“That’s right. This kid is the best at acting. Otherwise, he wouldn’t have been able to trick me into taking my two medicinal cauldrons!” You Pan Hu nodded and said.

“Old man you, because of your change in rules, our hidden house Pi lost a bottle of body-strengthening medicine. You can’t blame us for that, can you?” Elder Pi said, a little pissed. He didn’t want to arm wrestle Lin Yi, but he wanted to get something from elder you.

“Isn’t it just a bottle of body refining drug? It’s fine, I’ll just give you some ingredients when the time comes. I guarantee that it’ll be more valuable than the potion!” The Hidden House you didn’t have much, but they did have a lot of elixirs. They were very generous, and it was true that Lin Yi gave up the competition because of them.

Chapter 2126: chance encounter in the jungle

“Thank you very much!” With elder you’s promise, elder Pi didn’t say anything else.

Lin Yi, han Tianba, and han xiaopo were walking towards their temporary residence when han xiaopo said angrily, “Boss, these rules are really a bit infuriating. It’s as if they’re deliberately targeting you. It’s a rank 3 pill, who can refine it? The information we received before was that the rules of the alchemy competition were that the higher the grade of the alchemy pill, the shorter the time taken to refine it. So why did it suddenly become a third grade alchemy pill?”

“Oh? Were the rules really as you said?” Lin Yi blinked.

“Yes, and the rules of the alchemy competition in the previous hidden summit have always been like this. It hasn’t been changed for a long time. This sudden change will make it hard for people not to think that it’s deliberately targeting you, boss!” Han xiaopo nodded and said.

“Hehe ... This old man you and you Panhu!” A smile appeared on Lin Yi’s lips-he’d been planning on giving up on this competition from the start, otherwise he wouldn’t have made a bet with the Hidden House Pi!

But it seemed that the Hidden House you was too careful. They didn’t want him to win anymore after winning so many matches, so they changed this stupid rule on purpose. They didn’t get Lin Yi, but him!

Lin Yi’s original plan was to take out a useless treasure to exchange for a bottle of body-strengthening medicine. It would be an Equal Exchange, and he wouldn’t lose anything. But what he didn’t expect was that he didn’t lose anything, and he earned a bottle of body-strengthening medicine for nothing.

“Yeah, they’re really despicable!” “But fortunately, they didn’t win either,” han xiaopo said. “We didn’t lose out in this game!”

“Hehe, not only did I not suffer any losses, but I also made a big profit!” Lin Yi smiled, “although my injuries have recovered, I’ve used up a lot of pure energy. If you ask me to make elixirs now, I can’t even make a first class elixir. I didn’t lie to old man you.”

“Ah? It can’t be, right?” Han xiaopo was overjoyed after hearing Lin Yi’s words, “Hahahaha, so this old man you shot himself in the foot? If they knew the truth, they would probably regret it to death. ”

“Sometimes, they might not believe me even if I tell them the truth. Just like before, I told them that I can’t refine the pill, but they didn’t believe me.” Lin Yi said.

“That’s true. However, it’s good that we know about this matter of making a fortune in silence. Who cares what they think!” Han xiaopo’s mood was lifted all of a sudden. Although they didn’t win the championship, Lin Yi was still the biggest winner!

“Eh? Isn’t that the disciple of the hidden you family?” Han Tianba suddenly frowned and looked at the jungle not far from his temporary residence. There was a man who was kneeling next to uncle yang with a dazed look on his face. He was muttering to himself, but han Tianba didn’t know what he was saying. This man was actually the disciple of the Hidden House of the right who had participated in the resistance competition!

Lin Yi frowned and followed han Tianba’s gaze. It was the injured you disciple from before!

“You guys go back first, I’ll go over and take a look!” Lin Yi sighed. He didn’t know when it started, but his heart wasn’t as cold as it was when he first came back to the city ...

Was it because of Feng Xiaoxiao? Xiaoxiao’s help to Chen Xi touched Lin Yi’s heart.

Was it because of Yu Xiaoke? Yu Xiaoke’s dedication and sacrifice for the children in the orphanage touched Lin Yi even more.

Or was it because of the young miss’s cold exterior but warm interior personality, and over time, he was also moved by her?

In short, Lin Yi saw the you disciple’s desperate and helpless expression. Lin Yi sighed in his heart for no reason. This man was pitiful. He thought he would have a bright future after joining the Hidden House you, but he didn’t expect such a miserable ending.

If Lin Yi didn’t see it, then it was fine, but now that he saw it, it made him feel like they were in the same boat!

The Lin Yi of the past had also experienced similar despair and helplessness! Lin Yi was seriously injured in the fight with Ma Zhu from the Golden Bell sect. He thought that he could never cultivate again and never have strength again, but Lin Yi’s boss ‘attitude towards him was completely different from the Hidden House you!

The young miss didn’t leave him and even wanted to take refuge with him in his hometown. This disciple of the hidden you family was a bit miserable compared to her. He had such a cold master. He was pitiful.

Lin Yi silently stood behind the Hidden House you disciple ...

The hidden you family's disciple's meridians were broken and he lost all his strength. His body was seriously injured, so he naturally didn't notice the person behind him and muttered to himself ...

"Sister, I'm useless. I can't avenge you in this life ... I thought I had a fortuitous encounter and reached the earth Class at a young age. I thought I could have a good future by relying on the Hidden House of you ... But I didn't expect ..." The disciple of the house of you talked to himself about his sadness, "Little sister, perhaps you've been gone for a long time. Big brother will be going to accompany you soon ..."

Lin Yi's heart was heavy as he listened to the Hidden House you's disciple. This person joined the Hidden House you for revenge? It seemed to be for his sister?

"You joined the Hidden House of you as a Lackey. The day you joined, you should have been mentally prepared for today!" Lin Yi said faintly.

"Ah!" The you disciple jumped, not expecting someone to be standing behind him. He turned his head subconsciously and saw Lin Yi, a self-deprecating smile on his face. "Did you come here to laugh at me, a defeated opponent?"

"A defeated opponent?" Lin Yi looked at the disciple, interested. "I pushed you from the third place to the fourth place. Don't you hate me?"

"Hate? Why should I hate when I'm inferior?" The you family's disciple shook his head. "I hate it. I just hate that I didn't follow the right master. You're right. I thought the hidden you family would help me become their core disciple and train me. I didn't expect it to be a dog!" However, I didn't help the evildoers, and I don't care to be their family's underlings "fighters and suck up to them!"

"Oh? It's precisely because you don't care to do it that they're using you to participate in the competition. " Lin Yi said with a smile.

The you family's disciple was stunned for a moment before he nodded. "That's right, they're using me as a gun ... Those thugs, as long as they suck up to me and become a bodyguard for those young masters, they'll be able to obtain some spiritual herbs for cultivation, but I have to risk my life ..."

"Do you regret it?" Lin Yi looked at him and asked faintly.

Chapter 2127: shocked Lin Yi

At first, Lin Yi only pitied him a little and didn't want him to die, that was all. But now, this disciple of the you family had piqued Lin Yi's interest!

"Regret? Hehe ..." The you family's disciple shook his head. "What's the use of regretting?"

"If I can help you return to normal, are you willing to be my chess piece in the hidden you family?" Lin Yi looked at the you disciple and asked.

“Chess piece ... You want me, a cripple, to be your chess piece ... What? You said you can help me return to normal?” “You have Meridian opening pills and small reversion pills?” the disciple of the you family was stunned.

“Naturally!” Lin Yi nodded. He didn’t want the nerve opening pill and the small reversion pill, but he’d gotten a few after so many competitions. “Haven’t you heard how many rounds I’ve won?”

“This ... Why are you willing to save me?” The you family’s disciple was a little puzzled, besides, why did you make me the you family’s chess piece? Do you have any grudges with the Hidden House of you?”

“Not at the moment, but I can’t say for sure in the future.” Lin Yi said faintly. He could use his pure energy to heal this disciple, but he wasn’t his confidant yet. Lin Yi couldn’t treat him the same way he treated his confidant.

Plus, being house you’s chess piece was just an idea Lin Yi came up with at the last minute. It was good that this person agreed, but he didn’t lose anything if he didn’t.

“Not considered? “Then save me ...” The you disciple was even more confused-if Lin Yi had some sort of grudge with the Hidden House you, and if they asked him to sneak into the house after saving him, he could’ve killed Earth Class Masters, if not Sky Class Masters, with his strength-but Lin Yi just said that he didn’t have one yet!

“It’s nothing. Maybe we’re in the same boat. I’ve also had a moment of despair like you.” Lin Yi sighed. “Actually, I don’t need you to do anything for me. What will happen to me and the Hidden House you is still up to old man you.”

“I’m sorry, I can’t promise you for the time being!” The you disciple hesitated for a moment before rejecting Lin Yi’s suggestion!

This surprised Lin Yi-didn’t the disciple want to return to normal? He actually rejected my proposal. What does that mean?

“You don’t want to return to normal?” Lin Yi asked.

“I’m a grateful person. Although the you family is unjust to me, after all, over the years, the you family has given me a place to live and some spirit herbs to assist me in cultivation. Although they abandoned me this time, it was my own suggestion to participate in this competition. For the rich reward after winning, the you family didn’t force me!” “So, if the you family doesn’t do anything excessive to me, I can’t do anything to them and help you deal with him!” The you family disciple said.

“I didn’t expect you to be so foolishly loyal!” Lin Yi said, shaking his head.

“This isn’t blind loyalty. If you can save me today and let me return to normal, I will definitely repay you in the future!” “I was going to give this reward to the you family, but I changed my mind,” the you family’s disciple said.

“Generous reward?” “What do you mean?” Lin Yi narrowed his eyes.

“A treasure map!” The you family’s disciple said, “I’ll tell you what it is after you save me. After this competition, I’ll go back to the you family and get the treasure map. I’ll definitely give it to you at the right time!”

“The treasure map ... Let’s not talk about whether it’s real or not. Even if it’s real, it’s hard to say if there’s still any treasure on it.” Lin Yi didn’t get too excited, but replied calmly, “Besides, even if there’s a treasure, why don’t you go and find it yourself?”

“I’ve been there once, but it’s deserted, so I couldn’t find the exact place.” “Yes!” The you disciple didn’t hide it. “After that, I wanted to say it as a contribution to the you family, and ask the Hidden House of you to help me get a Qi gathering pill to advance to Sky Class to avenge my family!”

“Are you sure you won’t help me deal with the you family?” Lin Yi asked.

“If I feel that there’s no need for me to stay in the you family, I’ll definitely seek shelter with you to repay you for saving my life today!” The you disciple said firmly. He didn’t answer Lin Yi’s question directly, but he made his intentions clear.

“Forget it, come with me.” Lin Yi waved his hand. This disciple was a bit foolishly loyal, but if he went back and gradually found out the true face of the old man, he’d probably change his mind slowly. Lin Yi was making a good relationship. Even if he couldn’t use him to deal with the Hidden House you, at least he could send some information.

“Thank you, sir, for saving my life!” The you family’s disciple stood up with joy and said with cupped fists, “After we return to the hidden you family, I, Yu Dake, will keep my promise and give you the treasure map with both hands!”

“Pfff ... Cough cough cough ...” Lin Yi was shocked by the disciple’s name. “What’s your name?”

“Yu Dake, what’s wrong?” Yu Dake looked at Lin Yi, confused. He didn’t know what was wrong with his name to make Lin Yi so shocked.

“Then ... What’s your sister’s name?” Lin Yi asked.

“My sister ... Why are you asking this?” Yu Dake heard Lin Yi’s question and his expression turned into one of alarm. He looked at Lin Yi, “Who are you?”

“Who is Yu Xiaoke to you?” Lin Yi didn’t care about Yu Dake’s expression and asked directly.

“Yu Xiaoke ...” Yu Dake’s face turned even uglier, as if he regretted telling Lin Yi his real name. He saw Lin Yi helping him out and wanted to give him the small return pill and Meridian opening pill, so he used his real name!

He was a person who would repay kindness. He didn’t want to hide in front of his benefactor, so he said his real name directly. He didn’t use this name in the you family. In the you family, he used the name ninth right, which was the code name of a disciple of the you family, just like thirteenth right.

This person’s expression had changed after hearing his name. Not only that, but he also knew his sister’s name. Could it be that this person was his enemy?

Thinking of this, Yu Dake’s hopes were dashed! He knew Lin Yi’s strength very well—even a Sky Class “full-strength attack wouldn’t affect him much, and the fact that he was standing here and joking with him was the best proof!

He wouldn't be able to defeat Lin Yi even if he was at his peak before he was injured, let alone now. He wouldn't be able to escape his fate either. He could only look at Lin Yi helplessly and regretfully. He had trusted Lin Yi too much.

"So, she's your sister?" Lin Yi looked at Yu Dake in shock.

Chapter 2128: I don't know him

When he heard Yu Dake's name, he only asked casually, but he didn't know that Yu Dake and Yu Xiaoke were really related!

"No, I don't know him!" Yu Dake gritted his teeth and shook his head, "what Yu Xiaoke?" I don't have a younger brother!"

"Ha ..." Lin Yi laughed, "you're a stupid person, and your brain isn't that good either. No wonder you took the initiative to join this competition when others didn't want to!"

"So what?" Yu Dake didn't care about his own injuries or life and death, but news about Yu Xiaoke! All these years, he'd been secretly investigating Yu Xiaoke's background, but to no avail. He was sure that he'd never mentioned this name to anyone, nor hinted to anyone that he had anything to do with this name ... But today, this person said his sister's name the moment he heard his name!

"For Yu Xiaoke's sake, I'll save your life. It's fine if you don't want to admit it." Lin Yi waved his hand nonchalantly. Yu Xiaoke's life was already stressful enough, and suddenly a brother appeared out of nowhere, bringing along family grudges and hatred. Wouldn't that tire Yu Xiaoke to death?

So it didn't matter if this person's sister was the Yu Xiaoke that Lin Yi knew or not. Lin Yi saved him once and whatever happened to him after that had nothing to do with Lin Yi.

"Ah?" Yu Dake was stunned. Why did this person save him? Wasn't he his enemy? "Aren't you my enemy?"

"When did I say that I'm your enemy? I saw you for the first time today." Lin Yi said.

"Then the Yu Xiaoke you mentioned ..." Yu Dake hesitated and asked cautiously, "You know Yu Xiaoke?"

"I do, but I can't tell you where she is." "I don't want her to get involved in this weird family Feud!" Lin Yi said firmly.

"Just what I wanted!" Yu Dake slapped his thigh and said, "I was just about to tell you not to tell her about me. I can take revenge on my own. I don't want to drag her down with me. I want to find her. I just want to know if she's living well ..."

"It's pretty good." Lin Yi said.

"That's good ..." Yu Dake heard Lin Yi's words and let out a breath of relief, "This Yu Xiaoke you're talking about, what does she look like?"

"It's different from you." Lin Yi said.

“Uh ...” Yu Dake was stunned and shook his head, “Of course, I take after my father. I’m not very good-looking, but I’m rough and valiant. I take after my mother, so I’m pretty ...”

“Oh.” Lin Yi replied faintly.

“By the way, what’s your relationship with her?” Suddenly, Yu Dake’s face tensed up as he looked at Lin Yi.

“It’s fine.” Lin Yi said.

“You really don’t?” Yu Dake felt that something wasn’t right, so he didn’t want to give up.

“Do you want the small reversion pill and the channel opening pill? If you don’t want it, then get lost!” Lin Yi said.

“Yes ... Yes ...” Yu Dake quickly nodded. “Then ... Do you have a picture of her? can I take a look?”

“No, I didn’t!” Lin Yi said.

“You really don’t ...” Yu Dake was a little disappointed.

“She’s not my wife, why would I bring her photo out for no reason?” Lin Yi said, a little annoyed.

“Then ... Wait ...” Yu Dake took out a pocket watch and opened it. There was a photo on the cover of the watch, and in the photo, there was a boy and a girl. The boy was four or five years old, and the girl was only one or two years old. He handed the watch to Lin Yi and asked, “Then help me take a look and see if it’s her ...”

Yu Dake was sure that Lin Yi didn’t have any hostility and wasn’t his enemy. He couldn’t wait to confirm if the Yu Xiaoke Lin Yi was talking about was his sister!

“Are you showing me a yellow photo? Your sister isn’t wearing any clothes ... That’s not very good!” Lin Yi sweated, “how am I supposed to recognize a child this big?” Do you think I have special powers? Besides, I’ve never seen your sister naked before!”

Yu Dake was speechless, “You’re just a little kid, but you have such complicated thoughts ...”

“It’s a little similar.” “But I’m not too sure,” Lin Yi said, “the only thing I’m sure of is that the Yu Xiaoke I know is an orphan too.”

“That should be right ...” Yu Dake carefully put away the pocket watch and said, “Then I’m relieved. No matter what, just treat it as a memory. But don’t tell her about me ...”

“I don’t have the time for that.” Lin Yi said as he walked into the temporary residence with Yu Dake. He asked for a nerve opening pill and a small recovery pill from Han Xiaopo and gave them to Yu Dake.

“Thank you very much. I’ll take my leave first. I’ll definitely repay you in the future!” Yu Dake saluted with his fists and left Lin Yi’s temporary residence.

Lin Yi sighed. Was this the so-called cause and effect? Lin Yi was touched by Yu Xiaoke, but he saved Yu Dake by accident? He wasn’t sure if Yu Dake was Yu Xiaoke’s brother, but it seemed like he was.

“Boss, how are you going to save him? Isn’t he a disciple of the hidden you family?” Han xiaopo had some doubts before, but she asked after Yu Dake left.

“Oh, I want to leave an informer in the hidden you family. Don’t talk about this.” Lin Yi didn’t explain further.

“So that’s how it is.” Han xiaopo didn’t ask much about Lin Yi’s plan and said, “Boss, I think the individual round will start at night. You’ve just recovered from your injury. Why don’t we forfeit the competition?”

“Not bad. The Hidden House of Han is already very eye-catching. I’m very satisfied. The competition after this will be a little more complicated. There will be many battles to determine the winner. If you don’t want to participate, then you don’t have to.” Han Tianba nodded and said.

“Let’s see.” Lin Yi said.

It was impossible for Lin Yi not to attend now-if he did, it’d look like he was really hurt, or he was scared! Now was the time to show his power. Killing three Earth Class Masters in one move wouldn’t give Lin Yi too much time. These old men couldn’t wait to kill Lin Yi, and if he didn’t show his weakness, it would be troublesome when he returned to the common world.

“Alright!” Han xiaopo nodded.

After dinner, the disciples of the Zhao family arrived as promised and said, “Is the old patriarch of the hidden han family here? Today’s third match, Youyou’s single arena challenge, is about to begin. Old patriarch han, please bring your participating disciples and wagers to the meeting hall to register and place your bets!” (To be continued.)

Chapter 2129: Taking the initiative to admit defeat

“Let’s go!” Lin Yi said.

Han Tianba and han xiaopo didn’t say anything after Lin Yi’s insistence. They followed Lin Yi to the meeting hall.

Just like before, after arranging the list of contestants and the stakes, old master Zhao said, “Next up is one of the most important segments of the Hidden House Summit-the 1v1 challenge! Due to the special nature of the competition, only one person could go on stage. The GaN mountain sect specialized in one person and one beast fighting together. However, they had no advantage in one-on-one combat, so they forfeited!

Next, there were only eight families and sects left. The top four would be decided by drawing lots. Then, the top two and third place would be decided by drawing lots. The final winner would be chosen from the top two!

Of course, if they didn’t want to participate in the competition, they could bring it up now. Otherwise, in the competition ring, life and death were up to fate. Unless one side surrendered, they could completely put the opponent to death!

No Dharma Treasures or weapons were allowed in the arena. As for the other rules, there were no rules!

Of course, after the top three were determined, for the sake of fairness, the participants after the top four could be given a chance to challenge each other. However, the one being challenged could not be their previous opponent! For example, if you had already lost to your opponent in the elimination round, you could not choose to challenge him again! I wonder if anyone has any objections?"

This rule was fair, so no one raised any objections.

"Alright, since there are no objections, the competition will begin. Contestants, please come up and draw your lots!" Old Zhao said.

Lin Yi followed the other competitors and drew his lot-in the first round, his opponent was the Hidden House Pi's Pi Zhihai! The lot startled Lin Yi, but it was more than enough to deal with Zhihai!

Zhihai was only an Earth Class early phase peak physical practitioner now, and Lin Yi was the same level as him, but a spiritual one! Spiritual masters were stronger than physical Masters, this was a publicly acknowledged fact, unless there was a heaven-defying existence like the Golden Bell sect.

So with Lin Yi's strength right now, there was no doubt that he'd be able to take on Zhihai! Perhaps Lin Yi wasn't an Earth Class early phase's opponent at the Ice Palace test-he was only a Mystic mid phase peak!

Yet, things changed with the passage of time-Zhihai only broke through one class to Earth Class early phase peak, but Lin Yi had jumped several levels! This was the advantage of a spiritual practitioner over a physical one! Physical practitioners level up quickly in the early stages, but not in the later stages.

Lin Yi didn't care about the other opponents. All four matches were going on at the same time, and he walked straight to the stage!

Looking at the ranking, elder Pi sighed in his heart-why was he so unlucky? Before this, house Pi had treated Pi Zhihai as one of the seeded fighters in the arena challenge. After all, his skills were strong, and his fist could split mountains and seas!

Even an Earth Class late phase peak would have to back off if he were to use this skill-as long as he didn't meet the Jinzhong sect, he had a good chance of winning! But Grandpa Pi hadn't expected Lin Yi to come out of nowhere!

Lin Yi, in terms of skills, was even stronger than Zhihai. Just from the competition the other day, he knew that Lin Yi's skills were much stronger than house Pi 's! So, it was impossible to compete with Lin Yi in martial arts!

But if Lin Yi could take a full-powered attack from a Sky Class master, what could Zhihai do?

Elder Pi's face was extremely dark-he was like a deflated balloon, but there was nothing he could do!

"Grandpa, why don't I go all out?" How could Zhihai not know what his grandfather was thinking? He gritted his teeth and said.

“Impulsiveness!” Grandpa Pi waved his hand immediately, “that Lin Yi’s unstoppable right now-you have no chance of winning if you fight him head on!” You’re not that strong to begin with, and you’re just relying on your skills, but Lin Yi’s skills are all yours. So, when you get on stage, try to drag it out as long as you can, just go through the motions, save your strength and challenge the top three!”

“Yes ...” Zhihai wasn’t willing, but he knew how powerful Lin Yi was. The funny thing was that Zhihai and Zhishan wanted to take revenge on Ling Yi, but now Ling Yi was right in front of them, and they had to admit defeat in a life or death battle!

Thinking back to how unwise it was for house Pi to mess with Lin Yi for house Xiao’s sake. Lin Yi’s follower was already so strong, so Lin Yi had to be even stronger. He still had the hope that Lin Yi would be the main character in every competition!

Old master Pi thought that maybe it was time for him to avoid Lin Yi’s attacks? This kid was not to be trifled with. He was like a Porcupine, and if he was not careful, he would be pricked!

Zhihai’s momentum was waning before the fight even started-there was still hatred in his heart, but he couldn’t vent it. He walked up to the stage with Lin Yi, looking at him with hatred, but he didn’t make a move! Zhihai was a martial arts fanatic, but he wasn’t an idiot-he’d just be going through the motions, and so he’d admit defeat as soon as Lin Yi made his move.

“Pi Zhihai, I’ve killed a lot of your people, but in the end, my enmity with your house is with the common house Xiao, not with your hidden house Pi. So I don’t want to take your life in this battle!” Lin Yi said faintly, “taking your life is as easy as turning my hand over. Your strength level is clear for all to see, I don’t want to bully you!” How about this, if you attack me and I can’t Dodge it, then you lose. ”

“No need. Since that’s the case, there’s no need to compete. My skills aren’t as good as his, so there’s nothing to be ashamed of if I admit defeat!” Zhihai said, cupping his fists.

Zhihai’s actions surprised Lin Yi a little, but he could guess from the smile on elder Pi’s face. He probably knew that he couldn’t win, so he told Zhihai to save his strength for the top three, instead of wasting his energy and life on him.

Lin Yi’s victory was certain, and although old Zhao wasn’t too happy about it, he still announced it.

While the other three stages were still fighting, Lin Yi’s side surrendered without a fight!

“Boss is so awesome! The opponent admitted defeat before the fight even started!” Han xiaopo rubbed her eyes in disbelief, but it was the truth. Zhihai surrendered without a fight, and Lin Yi won.

Lin Yi shrugged and turned to look at the battle. The winner was almost decided!

On the three stages, the ones who had the upper hand were Yu BA from the Hidden House Yu, Tang GEI from the Hidden House Tang, and MA Dashen from the Golden Bell sect!

Chapter 2130: You’re not admitting defeat?

The surname MA was the surname of the Golden Bell sect’s disciples, but the master’s surname was Jin. This situation was relatively rare in the sect.

On the other hand, the disciples of the Firewolf gang, who were highly regarded, did not gain any advantage in this level of competition! Although the disciples of the Firewolf gang were not afraid of being beaten, they were also beaten by Tang Qi to the point where they could not fight back. This kind of puppet with no thoughts only knew how to attack randomly without any rules. So, Tang Qi easily found an opportunity and kicked him off the ring!

Tang gezhi had won!

On the other side, Yu BA from the Hidden House Yu was fighting a disciple from the Hidden House you, winning by a small margin.

On the other side, the Golden Bell sect disciple MA Dashen was locked in a fierce battle with the Hidden House Zhuang disciple! MA Dashen wasn't afraid of being hit. The Zhuang family's attacks were no different from tickles to him, but he chose the opportunity to launch sneak attacks!

This was the difference between having thought and not. Although MA Dashen and the Firewolf gang disciple were similar in nature, the situation was completely different. In the end, he took advantage of the Zhuang family disciple's inattentiveness and knocked him out of the ring with his strong body, winning!

After a short break, they drew lots again. This time, Lin Yi's opponent was Tang Qiqi!

"Grandpa, I have no chance of winning!" Tang GEI used to be Mystic mid phase peak, and after house Tang turned to house you and sky elixir, they got a lot of elixirs, and Tang GEI's strength kept increasing, now he was Earth Class mid phase peak!

However, even with this strength, Tang Qiqi didn't want to fight with Lin Yi. First, he felt that he wasn't Lin Yi's opponent. Second, if he kept pestering Lin Yi, it would inevitably hurt their relationship. If Lin Yi let him go for Tang Yun or aunt Xiao Ming's face, it would be an unfair victory!

Tang geqi was an upright person. He didn't need such a victory!

Of course, old master Tang didn't know what Tang GE was thinking. He only knew a part of it and didn't know the rest. He nodded and said, "Then the Hidden House Pi, Pi Zhihai's choice is very wise-we, the Hidden House Tang, can't be the first to stick out!"

"Yeah, that's why I want to admit defeat too." Tang Gechi said.

"Save your strength-we'll fight for two and three, don't even think about first place-I think only the golden clock sect can compete with Lin Yi!" "I don't think they're Lin Yi's match!" Elder Tang said.

"Alright, I understand!" Tang yingshi nodded.

So, for this match, Tang GE didn't even go up the stage. He cupped his fists at Lin Yi and said, "Lil bro Lin, I admit that I'm no match for you. My sister is so lucky!"

"?" Lin Yi was a little confused after hearing Tang geqi's words. He was already very puzzled about how Tang geqi called him brother. Was he very familiar with him? Later on, he became more and more outrageous. Even his younger sister had come out, so who was this Tang gezhi's younger sister?

Today, Yu Dake and Yu Xiaoke came out. Would Tang gezhi also have a sister that he was familiar with?

But before Lin Yi could think about it, old Zhao announced the result helplessly, ""The hidden tang family has admitted defeat. The hidden han family has won. They have successfully entered the top two and are now fighting for the championship!"

Tang Zhiqi didn't say anything more. Although the hidden tang family had a falling out with Tang Yun and Auntie Xiaoming, he, Tang Zhiqi, had always recognized her as his sister and Auntie! He was afraid that his grandfather would be unhappy if he spoke too much, so he turned around and returned to elder Tang's side.

How smart was elder Tang? He was a Sky Class master, how could he not hear what Tang gezhi was saying? But he didn't stop him-he had his own thoughts as well. Lin Yi was getting stronger and stronger, and now the Hidden House you, hidden house Yu, hidden house Zhao, golden clock sect, and hidden house Pi had all lost to Lin Yi before. In comparison, the Hidden House Tang had the least conflict with Lin Yi!

Although the Hidden House Tang was now on the side of the Hidden House you and the sky elixir sect, and there was no way they could repair their relationship with Lin Yi, what if the Hidden House you and the sky elixir sect were finished? He had to leave a way out for the hidden tang family, right?

This backup plan was Tang Qiqi! He wanted Tang GEI to form a good relationship with Lin Yi and Tang Yun. Once the backing of the you family or the sky elixir sect couldn't do it, then old man Tang would strongly support Tang GEI to take over the position and learn from the hidden han family, so that she could recognize Lin Yi and Tang Yun back ...

Of course, he didn't know that Lin Yi had already forgotten about him and Tang Yin ... As long as Tang Yin was there, Lin Yi had no memory of it at all ...

"No way? Another surrender without a fight?" Han xiaopo looked at Lin Yi in surprise. He just walked around the arena and came back. He was speechless. The others were all fighting for their lives there, but Lin Yi didn't even move his hand and won two rounds. If he won the third round as well, he would be the most powerful fighter in the Hidden House Summit history!

He won the championship without fighting in the arena and his opponent surrendering!

Old man Zhao was helpless and didn't want to see this result, but he knew what the other houses were thinking. Who would want to touch a terrifying existence like Lin Yi? If they ran into him, they would either be injured or dead. There was no third possibility. Instead of that, it was better to save their strength and fight for the second and third place!

At this moment, Lin Yi was in the top three without a doubt. Even if he lost the last fight for the championship, he would still be in the top two. At worst, he would be second place.

On the other side, MA Dashen from the Golden Bell sect won by a small margin, while house Yu's eighth Yu lost!

This result was not too surprising. After all, MA Dashen had his own specialty. His entire body was extremely strong. He adopted the principle of defense instead of attack and taking the opportunity to launch a sneak attack. It had always been that if you hit me, I would use my luck to defend. When you were gasping for breath, I would hit you.

Although Yu BA was strong, he still fell for it and was forced to the edge of the stage by MA Dashen!

Yu BA wasn't convinced, but there was nothing he could do. He didn't have any confidence in winning if he continued to fight MA Dashen, so he decided to save his strength and challenge the other top three!

The last fight was the championship-hidden house Han's Lin Yi versus golden clock sect's MA Dashen!

This match was going to be interesting. One was Lin Yi, who had no opponents the entire way and all of his opponents gave up without a fight. The other was the weakest, but always able to force his opponents out of the ring with his strong body, MA Dashen!

"You're not admitting defeat?" Lin Yi looked at MA Dashen and asked indifferently.

"Why should I admit defeat? Other people might be afraid of you, but I might not be!" MA Dashen said coldly.

"In the past, there was a man called Ma Zhu. How is he now?" Lin Yi asked. (To be continued.)
