

Bodyguard 2161

### Chapter 2161: very panicked

“This ...” Zhishan was embarrassed, but he was in a hurry to save his brother, so he could only shamelessly say, “If boss can cure him, then Zhihai is also very powerful! I heard that house Wu’s Wu Chentian is the boss’s follower, I promise Zhihai’s fist is even stronger than Chentian’s Iron Fist!”

“Oh, so I still have to cure him?” “So, do you want to save her, or do you want to be my boss?” Lin Yi asked, amused. Choose one of the two. ”

“I ...” Zhishan’s mind was spinning as he pondered over Lin Yi’s question. He understood what Lin Yi meant very quickly-Lin Yi was testing him to see if he really wanted to be his boss, or if he wanted to use this chance to heal Zhihai!

To be honest, calling Lin Yi boss was just a spur of the moment thing for Zhishan, but he suddenly remembered the Hidden House Han’s power. Han xiaopo used to be so weak, but now she suddenly became an Earth Class early phase, and was even more powerful than him! He was moved!

Plus, Zhihai couldn’t stop himself from getting close to Lin Yi after he said that! Who was Lin Yi? This was a person who gave so many hidden house elders and sect leaders a headache-if the Hidden House Pi got close to him, they’d be at a great disadvantage!

Plus, the Hidden House Pi and hidden house han were different-the Hidden House Pi was an old Noble House, and according to the rules set by the Council, they couldn’t fight each other out in the open. That was why these people thought of using the Hidden House Summit to deal with the Hidden House han! Even the Hidden House han had to go through so much trouble, what more the Hidden House Pi?

The most important thing was that the Hidden House Pi also had a backer in the ancient level-this was an advantage they had over the Hidden House han. Even if the Hidden House you and house Yu wanted to destroy the Hidden House Pi, they had to consider the balance of benefits between their Masters! Divine fist Palace was not to be trifled with.

“Of course I’m going to recognize you as my boss!” Zhishan had thought things through-he was already his boss, so what was there to worry about?

“Oh, I’ll think about it. I’ll observe for a while.” Lin Yi said. Before he understood the Hidden House Pi’s true intentions, he wasn’t going to agree so easily! He wouldn’t accept just anyone who wanted to surrender. If they didn’t show any sincerity, what kind of surrender was that?

“Alright, thank you, boss Lin Yi!” Zhishan took advantage of the situation and called Lin Yi “boss,” “Boss Lin Yi, when you leave with the Hidden House han later, will we, the Hidden House Pi, go with you?”

“Oh ...” Lin Yi muttered, “No need for that-since that’s the case, don’t expose yourselves. I’m confident I can leave this time, and you hidden house Pi can help me get some information!”

“Alright, we’ll listen to boss Lin Yi then!” “This is my phone number,” Zhishan said. “If boss Lin Yi gets into any trouble when he’s out of the manor, just give me a call, and we’ll go help!”

“Alright,” he said. Lin Yi replied faintly.

After hanging up, Lin Yi saved Pi Zhishan’s number in his phone before turning to Han Tianba and Han Xiaopo. “Pi Zhishan told us that when we left, the Hidden House Zhao and the other houses were after us!”

“Boss, what should we do?” Han Xiaopo also heard the contents of the phone call from before intermittently. “This Pi Zhishan, is he sincere or not?”

“I’m not sure yet, but it doesn’t sound fake. He asked me for help regarding Pi Zhihai’s matter, and those houses’ benefits aren’t as important as Pi Zhihai’s life to the Hidden House Pi,” “I’m afraid it’s true, but it’s fine. We’ll leave as usual later. Just wait for my orders,” Lin Yi said.

“Yes, boss!” Han Xiaopo had blind trust in Lin Yi. If Lin Yi said he had a way, then he must have a way.

After dinner, Lin Yi, Han Tianba, and Han Xiaopo went to the meeting room. In the room, other than the Zhao elders, Elder Yu, Elder You, Elder Tang, Elder Pi, and the other leaders were there as well. However, Elder Zhuang and an Mingyue weren’t there, clearly not interested in this.

Elder Pi, on the other hand, would continue to be a spy.

“Old Master Zhao, we’re here to go through the procedures. We’ll be leaving tonight.” Han Tianba said.

“Hehe, old Master Han, you won’t be staying for a few more days?” Zhao Yu’s father asked politely.

“No, we live in Donghai city. We’ve seen all the famous places, so we won’t go.” Han Tianba sneered in his heart, but he did not show it on his face.

“Alright then, I won’t keep you!” Old Zhao quickly passed a pass to the Zhao family manor to Han Tianba and said, “There’re many heads of clans and sects here. Forgive me for not seeing you off. With this pass, Grandpa Han can go out without any obstacle!”

“Many thanks!” Han Tianba did not say much and took the pass.

“Right, Grandpa Yu, there’s something I need to remind you of.” Lin Yi suddenly stopped and turned to Grandpa Yu, “I’m friends with Yu Bing, I don’t want to see you being used by someone else without knowing it!”

“Oh? Why do you say so?” Elder Yu frowned as he looked at Lin Yi, his heart freezing.

“Lin Yi, what are you talking about? This is the Zhao family’s meeting hall, so don’t speak nonsense.” The old man thought that Lin Yi had seen through their alliance and was trying to drive a wedge between them.

“Hehe, old Master Zhao, I haven’t even said anything, and you’re already unwilling? Are you feeling guilty?” “Elder Yu, do you want to know where the Qi gathering pill is?” Lin Yi smiled faintly.

“What? Qi gathering pill?” Elder Yu’s face froze, “Lin Yi, what do you mean by that? Isn’t the pill in your hands?”

“I have a Qi gathering pill, but I’ve already eaten it.” Lin Yi shrugged, “it’s impossible for you to get my Qi gathering pill, but there were two in the tomb. One for me and one for boss Yu. As for the one for boss Yu ... Do you want to know where it went?”

“What? There are two?” “Where?” Grandpa Yu’s eyes widened.

“Lin Yi, what are you talking about? The Hidden House Summit is already over, you’ve already finished your leave procedures, you’re not welcome here!” Zhao Yu’s father said angrily.

He was panicking and subconsciously felt that something was wrong! Lin Yi said something like that at a time like this-he probably knew something, and it was obvious who he was targeting. How could Grandpa Zhao not be scared? (To be continued.)

### **Chapter 2162: dissuading in secret**

“Haha, elder Yu, you’re a smart person. When I said this, who was the most excited and abnormal, can’t you tell?” Lin Yi said faintly, “I heard that old Zhao recently broke through to Sky Class, that’s something to celebrate. But it doesn’t seem to be stable yet?” He needed spirit herbs to stabilize his cultivation? From what I know, only the Qi gathering pill’s needed to forcefully break through to Sky Class would require medicine to stabilize the level-it’s a natural breakthrough, and after some time, it’ll naturally stabilize-there’s no need for medicine!”

“Lin Yi, you’re lying!” Old Zhao didn’t think that Lin Yi would suddenly reveal the fact that he’d taken the Yu’s Qi gathering pill.

“Old master Zhao, no one here is a fool. Why are you so excited? I’m just saying a guess.” Lin Yi said faintly, “alright, elder Yu, that’s it. You don’t have to think about my Qi gathering pill anymore. I ate it to see if I can break through to Sky Class, but even without breaking through, I have the ability to fight Sky Class. This Qi gathering pill is really good stuff. Tsk tsk, elder Zhao, one day, you’ll be able to fight people above your level!”

“Hmph, Lin Yi, don’t try to trick me with your words. Master Yu, this is slander, pure slander ...” Elder Zhao was a little flustered.

“Hehe, goodbye!” Lin Yi didn’t say much and just nodded. He walked out of the meeting hall with han Tianba and han xiaopo, not paying attention to what was going on inside.

“Old Zhao, what’s going on?” It was impossible for elder Yu to completely trust Lin Yi, but Lin Yi’s words made him suspicious! Indeed, judging from the time, old Zhao was the most suspicious, and he matched a few of the characteristics Lin Yi mentioned!

He wouldn’t believe that he broke through naturally-after all, breaking through naturally didn’t require medicine to stabilize it, it would just take time-using medicine would be disadvantageous, but there was only one situation where medicine had to be used, and that was the Qi gathering pill!

This was because after breaking through to Sky Class with Qi gathering pills, one could no longer absorb the spiritual Qi of heaven and earth to cultivate. Only medicinal herbs could stabilize the realm, and only

by constantly taking natural treasures could one continue to level up. This was also one of the disadvantages of Qi gathering pills.

But even so, Xiaochen lost all hope of breaking through to Sky Class, and he was still furious-he had to get an explanation!

“Elder Yu, we’re in-laws, how can you trust an outsider?” Old master Zhao knew that the matter had been exposed and he could only try his best to turn things around! He hated this Lin Yi-why did he have to say it now!

She was just about to bring people to stop Lin Yi, and this happened!

“Hey, old master Zhao, a straightforward person doesn’t resort to insinuations. If it’s true, it’s true. If it’s not, it’s not. Don’t try to play dumb!” “Do you need me to get Yu Huoxing here right now?” elder Yu hmphed coldly.

“This ...” Old master Zhao was anxious.”Elder Yu, our priority now is to deal with that Lin Yi-don’t forget, we both have a huge grudge against him ...”

“What’s there to deal with? he didn’t take my Qi gathering pills, so why should I deal with him? Am I looking for trouble? Don’t try to change the topic!” Elder Yu was really angry-if the pill was really taken by elder Zhao, then he’d really be tricked!

Although, because of the common house Yu and Yu Ning, the Hidden House Yu was destined not to be Lin Yi’s friend, but they didn’t need to be in such a hurry to kill Lin Yi. In comparison, the Qi gathering pill’s location was more important!

“I ... Elder Yu, let’s talk this out, we’re in-laws after all ...” Old Zhao was sweating-he knew that now that the whole thing was exposed, he wouldn’t be able to keep it a secret anymore if he went to Yu shuixing. But if he admitted to it, wouldn’t that mean he’d break off all ties with house Yu?

So after some thought, she decided to change the topic back to Lin Yi,”Elder Yu, we’re not going after Lin Yi anymore?”

“Let’s make this clear first-Lin Yi’s matter isn’t urgent!” The biggest reason why elder Yu wanted to kill Lin Yi was because of the Qi gathering pill, but now, Yu Liu was dead, and he didn’t even know why he was dead. To be honest, he was used by house Zhao, how could he be happy?

“Old man you, old man Tang, Lin Yi’s gone. I can’t leave for a while, how about you guys go first?” Old Zhao didn’t have a choice-this was a fleeting opportunity, and he’d let Lin Yi go if he missed it.

“We’ll go first?” Elder Tang and elder you frowned-if elder Yu and elder Zhao weren’t going, there were only the two of them left, Sky Class. Now that their combat power was greatly reduced, what was the point of going to Lin Yi?

Lin Yi said that he could kill Sky Class Masters in seconds, and while it sounded like he was bragging, everything that Lin Yi said was now a reality. The two looked at each other, and saw the hesitation in each other’s eyes!

Elder Tang was a Sky Class early phase master, and his strength wasn’t bad, but elder you was a lot worse. He practiced the arts of alchemists, and even if he had the strength of a Sky Class, he didn’t have

the abilities and power of a Sky Class master. He was at most a helper in this operation, and he could only deal with Han Tianba and Han Xiaopo. Asking him to face Lin Yi was the same as asking him to die.

Master you wasn't stupid. Without the two main forces of Master Zhao and Master Yu, he didn't want to die in vain.

"Old Master you, there's something I want to say. Although it's not very pleasant to hear, I still have to say it!" Grandpa Pi opened his mouth, "That Lin Yi's strength is extraordinary, and he has the purple lightning beast with him. If you go ... I'm afraid you won't be able to return!"

Elder You's face changed-elder Pi's words made sense. If he went, he might not be able to come back.

Seeing the look on Elder You's face, Elder Pi continued, "Old man you, we, the Hidden House Pi, aren't supposed to get involved in this, but I'm asking because I don't want anything to happen to you. After the Hidden House Summit, I might need you to help contact the sky elixir sect. I'm afraid only the sky elixir sect can help with my grandson Zhihai's situation ..."

Elder Pi's reason was reasonable and didn't seem out of place, and Elder You made up his mind. He said to Elder Tang, "That Lin Yi kid isn't easy to deal with. Since both Grandpa Zhao and Grandpa Yu aren't going, what's the point of going?"

### **Chapter 2163: sending off the spirit beasts**

"That's true, then forget it." Elder Tang was also afraid of death. It was fine for him to send people to deal with Lin Yi, but he was afraid to do it himself. He was leaning towards the possibility that if Tang Ge and Lin Yi had a good relationship, it would be a hidden escape route for the Tang family. Since everyone wanted to retreat, he didn't need to be the bad guy.

"This ... Elder Tang, Elder You, if you guys aren't going, then we ..." Diamond was in a difficult position. He had the most hatred towards Lin Yi, and if he missed this opportunity, he might not have another one!

"That's right, Elder Yu, Elder Zhao, can you guys put your stuff aside for now? We'll deal with Lin Yi first, okay?" Gan Mountain Sect leader Wo was also anxious. He had the same thoughts. This was a once in a lifetime opportunity!

"I say, Gate Master Jin, Gate Master Wo, if you want to go, then go by yourself. Old Master you can't go!" Elder Pi didn't mention Elder Yu and Zhao on purpose, but changed the topic to Elder You so that no one could find any flaws. They would think that he really did care about Elder You and didn't want anything to happen to him!

"Let go? I can't let go of today's matter, so I have to make it clear. How about you give me a Qi gathering pill?" Master Yu sneered and looked at Gate Master Wo and Gate Master Jin, "To be fair, if something like this happened to your family, wouldn't you be worried? You still have the mood to study other things?"

"This ..." Gate Master Jin and Gate Master Wo looked at each other with a bitter smile. This Lin Yi really knew how to find an opportunity. He didn't say it earlier or later, but now was the time. Elder Yu's

attention was completely shifted to elder Zhao, and he didn't want to think about Lin Yi at all. This put them in a difficult position.

"Old master Zhao, are you going to admit to this or not?" Elder Yu connected the dots and felt that there was something wrong with elder Zhao. He couldn't blame Lin Yi for saying that, because it made a lot of sense!

"Master Yu, please calm down ... This ..." Elder Zhao didn't know how to explain this-he didn't know what to do, and he knew that master Yu wouldn't let this go if he didn't make it clear."Our top priority right now is Lin Yi-we'll talk about the rest later, okay?"

"We'll talk about Lin Yi later-the Qi gathering pill is our top priority right now!" Master Yu waved his hand and frowned,"This matter must be made clear!"

Both of them had no other choice-they'd already planned to attack Lin Yi together, but who would've thought that this would happen?

"Al, sect master Golden Gate, it looks like no one will be going. Do you plan on giving up as well?" Gate master wo had no choice but to look at diamond and ask.

"What can I do if I don't give up?" Golden Gate Lord shook his head helplessly.

"I have an idea that we can try." "But it's a little risky. I wonder if you're willing to give it a try?" gate leader wo said.

"What is it? tell me!" King Kong Zuan wanted to kill Lin Yi, so he wouldn't let go of any opportunity.

"Now, there's only the two of us left. We can't act rashly, we can only use wisdom!" "Later, you and I will leave the manor and stop Lin Yi. I'll pretend to say that I'm sending the purple lightning Beast off, and then I'll take the opportunity to convince the beast to help us. While I'm convincing the beast, you just need to be on guard and make sure Lin Yi doesn't attack me!"

As long as I can convince the purple lightning Beast, we don't have to do anything and just let it help us. With it against Lin Yi, we can just sit back and enjoy the fruits of his labor.

"Hmm ... You can try this method." After listening to gate master wo's plan, diamond felt that it was not dangerous and could be given a try, so he said,""Then let's go now, in case that Lin Yi gets away!"

"Not bad!" Gate master wo also nodded. The two of them quickly walked out of the meeting hall and flew out of the manor together!

Old man Pi watched the two leave with a cold smile on his face. As long as the Sky Class Masters didn't do anything, these two wouldn't be able to do much, so he wasn't worried.

Lin Yi, han xiaopo, and han Tianba walked out of the meeting hall and went back to their temporary residence. He brought the purple lightning Beast to the parking lot and got into the Mercedes-Benz S600 they used to come here. The purple lightning Beast was too big and couldn't get in the car, but it was as fast as the wind, so it wasn't a problem for him to follow the car!

Furthermore, it was night time, and the purple lightning Beast looked like a large horse from the outside. It wouldn't attract too much attention. They left the Zhao family's Manor and arrived at the

private road in front of the Zhao family's Manor. They didn't walk far before the road ahead was blocked by a roadblock!

Lin Yi frowned. They did make a move after all, but his move didn't achieve the desired effect? The two didn't fight?

However, Lin Yi asked han xiaopo to stop the car. He looked at the two people behind the roadblock and smiled. These two people were the least threatening. One was the leader of the GaN mountain sect, wo, and the other was the Golden Bell sect's Diamond.

"The two sect Masters are in a good mood. It's already so late at night, why don't you send us off here instead of going back to rest?" Lin Yi got out of the car and looked at the two in front of him.

"That's right, we're here to send him off!" Gate master wo had already found an excuse." "This purple lightning Beast is The Guardian spirit beast of our Qian Mountain sect. Although it's leaving with you now, our relationship is very deep. Can't I come to bid it farewell?"

"Send off the purple lightning Beast?" Lin Yi paused and frowned. He didn't know what this gate leader was thinking. If he said he was going to stop him and kill him, Lin Yi would believe him, but saying goodbye to the purple lightning Beast ... Why did it sound so weird?

"That's right, we've known each other for so many years, but I've already said that whatever happens to the purple lightning Beast is its own problem. Since it has chosen you and is going back with you, I should say goodbye to it, right?" Gate master wo nodded and said.

"Oh, then I'll take it that you're here to send me off. What about you, Golden Gate Lord? Could it be that you're also here to bid farewell?" Lin Yi asked as he looked at diamond.

#### **Chapter 2164: irredeemable**

"I ..." Sect leader Golden Gate hesitated, not expecting Lin Yi to ask him. They didn't plan to include his diamond in Bai Zhong's plan, but diamond reacted quickly and nodded, "I'm here with gate leader wo. This purple lightning Beast is with Lin Yi, its new master. If you want to use the purple lightning Beast against gate leader wo, I'll use my Golden Bell shield to block it for you!"

"..." Lin Yi was a little speechless, "you really have a sacrificial spirit. Fine, you guys go and say goodbye. I'm in a hurry!"

"Alright, alright!" Gate leader wo saw that Lin Yi agreed without any suspicion and was overjoyed. He quickly walked to the purple lightning beast's side and lowered his voice, "Purple lightning Beast, why are you leaving with Lin Yi? What did he promise you? How about this, you come back with me, and I'll give you the sect's pill. Think about it, one pill is equivalent to a whole year of cultivation. How about it, if you betray Lin Yi, I'll give it to you?"

After the purple lightning Beast heard gate leader wo's words, it lazily raised its head and gave him a disdainful look. It then roared at him, "Roar!"

Others might not understand, but gate leader wo could. This was because the purple lightning Beast did not agree. Hence, he gritted his teeth and increased the stakes, saying, "Two, how about Two Spirit pills?"

"Roar!" The purple lightning Beast was getting impatient. "If you want to say goodbye, then say goodbye. Why are you wasting time?" It could tell that gate master wo was here to say goodbye, but in fact, he was here to instigate a rebellion. Originally, the purple lightning Beast wanted to say goodbye to gate master wo out of respect for the fact that they had known each other for so long. However, it didn't expect that this guy had bad intentions. He didn't even have the intention to pay attention to it. He turned around and directly aimed his butt at gate master wo. With a loud "bang", he farted loudly, directly shaking gate master wo and causing him to fall three meters away!

"Haha ..." Han xiaopo could not help but laugh out loud. "Boss, this gate leader wo's way of saying goodbye is really unique. The purple lightning Beast actually farted?"

Lin Yi found it a little funny as well. He could already guess what gate leader wo was doing by looking at his sneaky face. He was probably trying to make the purple lightning Beast turn back, but the beast didn't even bother with gate leader wo and just farts him.

Gate leader wo's face turned red from the shock, but he didn't dare to yell at the beast. He could only endure it, but he knew that the purple lightning Beast was determined to leave with Lin Yi. He didn't know what Lin Yi had given it to make it not need the pills anymore!

Although gate leader wo was unwilling to give up, there was nothing he could do. He knew that the purple lightning beast's fart was a warning to him. If he didn't know what was good for him, what would be waiting for him would not be a fart, but a claw!

"Haha, old friend, your way of saying goodbye is really interesting!" Gate master wo could only try to smooth things over for himself. He waved his hand at the purple lightning Beast and said, "Goodbye, live well in the future ..."

When he said this, his heart was bleeding, but he had no choice.

"Alright, is everything alright? If there's nothing else, we'll be leaving!" Lin Yi looked at gate leader wo and asked.

"No more ..." Gate master wo was helpless. He didn't want Lin Yi to leave, but the purple lightning Beast was on Lin Yi's side. Even if Lin Yi didn't have the purple lightning Beast, he could still kill him and King Kong Zuan. So, how could gate master wo dare to be rash? She removed the obstacle and let Lin Yi's car pass.

Han xiaopo stepped on the gas, and the car sped away. The purple lightning Beast quickly followed behind. The unlucky gate leader wo had just eaten a fart, and now his face was covered in car exhaust. He angrily cursed, "What the hell, I don't know what's wrong with this purple lightning Beast, but it's following Lin Yi!"

"Forget it, as long as there's life, there's hope." Jin Gang Zuan shook his head. He wasn't happy nor sad. He was very open about it. If he couldn't take revenge, then it was best not to. He didn't want to become the second Jin Wudi!

The best way now was to go back and train hard, find an opportunity to break through, and raise his strength before going to Lin Yi for trouble. Otherwise, everything would be a dream!

Gate leader wo and diamond returned to the Hidden House Zhao's meeting room, and elder Pi looked at them and asked, "How is it? What's the result?"

"Don't mention it, that purple lightning Beast was determined to leave with Lin Yi, I couldn't do anything about it!" "It's a good thing you guys didn't go," gate leader wo said, "otherwise, Lin Yi would've sent the purple lightning Beast to deal with you guys, and you guys wouldn't have it easy either!"

Old master you and old master Tang looked at each other, thinking that it was a shame that they didn't go. Gate leader wo wasn't confident in subduing the purple lightning Beast, so if they went, it would be two against two with Lin Yi. Lin Yi could kill a Sky Class, and the purple lightning Beast could deal with a Sky Class. If they went, they wouldn't come back!

"Right, where's master Yu and master Zhao?" Gate leader wo suddenly realized that both master Yu and master Zhao weren't in the hall.

"They went to the secret room to have a private discussion. It's not good for us to comment on the interests of the two families. It's better for them to talk about it themselves." Old master you said.

"Yeah, they want us to be the judge, how can we be the judge?" "Let's wait for them to figure it out themselves," elder Tang said.

"Since gate master wo and gate Master Jin are back, I'll be going back. I'm worried about my grandson, so I won't be staying any longer!" Grandpa Pi stood up.

"Okay, then let's go back too-I think if master Yu and master Zhao can't come to a conclusion tonight, we'll be waiting for nothing!" Old master you nodded.

And so, the people in the meeting room dispersed and went back to rest. These people all had their own thoughts, some were happy, some were regretful. In the end, it was because Lin Yi's conflict with their houses was different, and they were afraid of Lin Yi's power and the purple lightning beast's reputation.

And so, this matter was left unsettled for now, and Lin Yi got a big bargain.

The car left the private property of the Hidden House Zhao and turned onto the highway. Lin Yi finally let out a breath of relief. It seemed that today's incident was over!

Lin Yi sent a text to Pi Zhishan, telling him that he was safe. He was very grateful for Pi Zhishan's reminder-if it weren't for Pi Zhishan, Lin Yi wouldn't have been able to predict the situation so accurately, and he might have to reveal the location of the Hidden House Yu Qi gathering pill when they made their move!

### **Chapter 2165: Shu's power**

But at that time, it would be dangerous. If Grandpa Yu didn't trust him and decided to attack him first, then it would be difficult!

Although Lin Yi had a trump card, it would still damage his vitality. Even with the purple lightning beast's help, it wouldn't be too smooth!

This was because when Lin Yi left the manor, he'd already compressed a pure energy bomb. He'd started compressing it before, and up until now, he still hadn't released it-this was Lin Yi's other trump card!

A Qi gathering pill, a Qi bomb, and a purple lightning Beast-if these three couldn't get him out of danger, then it meant that Lin Yi was too weak.

The true energy bomb should not be used if possible. This kind of thing would lose its mystery if used too much. Only when it really couldn't be used could it be used to win by surprise.

"Boss, what did gate master wo and gate Master Jin want to do?" Han xiaopo also heaved a sigh of relief. She was secretly glad that she had escaped danger this time. However, she did not understand what tricks gate Master Jin and gate master wo had played in the end.

"Gate master wo wanted to make the spirit beasts defect, and the diamond was his helper. However, he didn't succeed. It's that simple." Lin Yi explained.

"So that's how it is. I knew they didn't have good intentions!" "Right, boss, what's with the Qi gathering pill you were talking about with the Hidden House Yu's elder Yu?" You took their Qi gathering pills?"

"Haha, no, it's like this ..." Lin Yi didn't hide anything and told her about the Qi gathering pill he got in the tomb.

"Haha, so that's how it is-the Hidden House Yu and hidden house Zhao are fighting now, they won't have time to mess with us!" Han xiaopo suddenly understood,"but why didn't the hidden you family and the hidden tang family send anyone?" Only these two people with the least danger have come?"

"I'm not too sure, maybe Grandpa Pi did something. I'll ask him later. " Lin Yi didn't know why elder Tang and elder you didn't come to kill him. If they did, things would be a bit more troublesome, at least not so smooth.

"But let's not care about that anymore. After this, our hidden han family should be able to get a long time to recuperate!" "No matter what, boss, thank you so much for this!" Han xiaopo said.

"Hehe, there's no need to thank me. I've also obtained quite a few treasures this time." These things were much more than when they came. They filled up a small box and were placed in the trunk of the car. They were all kinds of natural treasures and elixirs.

The purple lightning Beast was smart-Lin Yi looked out the window and saw that the beast was picking places with no signs of human habitation, and was moving very quickly, so no one noticed it. It was indeed an ancient spirit beast with high intelligence.

"Mr. Lin, shall we go back to the Hidden House han first, or do you want to go home directly?" Han xiaopo asked as she drove.

"Let's go home. We've been away for so long. " To be honest, Lin Yi was still worried about his family. He texted the Miss every day, but he wanted to go back as soon as possible. He didn't think much of living together every day, but he did miss her and Shu this time.

As for Wang Xinyan and han Jingjing, Lin Yi had a trace of concern in his heart. He didn't tell Wang Xinyan that he was going to the Hidden House Summit, so he didn't know if she was worried.

As for han Jingjing, Lin Yi didn't mention it, but she lived close to Chu Mengyao and probably knew about it.

"Okay, Mr. Lin, where's your house?" Han xiaopo asked.

"It's in the xueshang District, not far from the East Ocean industry University." Lin Yi said.

"Alright," he said. Han xiaopo smiled and said, "it's a good time to go and recognize the door."

The whole way back to Lin Yi's Villa in the Xue Shang District without any surprises. The purple lightning Beast came out of nowhere and ran to Lin Yi's side, squatting down by his feet affectionately.

"Come in and have a seat?" Lin Yi invited.

"Hehe, it's okay, boss. We won't disturb you any longer. We'll go back first ..." Han xiaopo looked at Chu Mengyao and Chen Yushu coming out of the villa and smiled. He didn't disturb them, but he thought to himself, "boss is keeping a mistress in his Golden House. A moment of love is worth a thousand gold. Wouldn't it be rude to disturb them now?"

Chu Mengyao and Chen Yushu heard the sound of the car at the door and came out to welcome him. They had received Lin Yi's text that he would be back tonight, Chu Mengyao and Chen Yushu were not surprised.

Han xiaopo got in the car and left with han Tianba, leaving Lin Yi and the purple lightning Beast at the villa's entrance.

"Yaoyao, Shu." Lin Yi looked at Chu Mengyao and Chen Yushu who were standing at the door of the villa. He suddenly had a strange feeling. It was like a wife welcoming her husband who had returned from a long journey. However ... There were two wives now.

"Shield bro, you're back! Did you bring anything good for Shu?" Chen Yushu ran over and saw the purple lightning Beast beside Lin Yi. She was curious, "Wow, this dog looks so strange. It even has horns on its head. Is it a mixed breed?"

"Roar!" The purple lightning Beast was close to Lin Yi, but that didn't mean it was close to someone else. It could tell that this person had a deep relationship with Lin Yi, but how could it stand being slandered like this, calling it a big dog and a mixed breed?

And so, he roared out of the blue not only to show his dissatisfaction, but also to scare Yushu a little, to make her behave herself.

"F \* ck! You stupid dog, you're still pretending!" Chen Yushu was annoyed as well. Shield bro brought you back, so you must be his little spirit beast! How dare you show off in front of me? "General Weiwu, come out! Shield bro's small wife is being bullied by a dog!" Yushu yelled.

Woof! Woof! Woof! A black shadow suddenly appeared from behind the villa, and beside it was a cute little pig.

“Roar?” The purple lightning beast’s eyes went wide when it saw the two Mystic late phase peak spirit beasts standing on either side of Yushu, protecting its master. The beast was dumbfounded.

Woof! Woof! Woof!

“Ji Ji!”

General Weiwu and Skybolt pig glared at the purple lightning Beast, asking if it wanted a beating. He still dared to bully Yushu?

“... Roar Roar ...” The purple lightning Beast laughed awkwardly, meaning that it was just joking ... This guy finally knew why this little girl was so bad \* SS. She even dared to call him a broken dog. Compared to these two Spirit beasts, he was indeed the most trashy. If it didn’t break, who would?

One must know that the hierarchy between spirit beasts was the most strict! (To be continued.)

### **Chapter 2166: new name**

Even if the purple lightning Beast could fight against a Sky Class early phase human, it didn’t dare to show the slightest bit of disrespect to a spirit beast of a higher level! This was the law and rule of all things in nature.

Lin Yi found it a little funny-this purple lightning Beast was acting like it didn’t want to give in to this and that, and now it’d become a follower in front of general Weiwu and Skybolt pig. It really was like everything had its weakness!

“Broken dog, you still can’t randomly bark this time?” Chen Yushu put her hands on her waist and looked at the purple lightning Beast proudly.

“Roar Roar ...” The purple lightning Beast laughed, but it was not happy. ‘Stupid dog’ was such a bad name, could it change it to a better one ... But it couldn’t understand what they were saying, so it could only look at Skybolt pig and general Weiwu with a pleading look.

The pig could understand the beast’s words. It raised its claws and wrote a few words on the ground: The name was unpleasant to hear.

“That sounds awful ...” Chen Yushu also thought that the dog was unpleasant to hear. She was only barking like that because it was showing off its strength. Now that the purple lightning Beast had given in, Chen Yushu naturally wouldn’t stoop to its level.

“It’s called the purple lightning wind thunder beast, but the name is a bit long. How about little wind?” Lin Yi said.

“Little Feng? That’s a good name. ” Chen Yushu nodded and kicked the purple lightning Beast, “Can’t I call you little windy?”

“Roar!” The purple lightning Beast quickly nodded. This name was many times better than “broken dog,” so how could it not follow it? At this moment, it also understood that it had to be low-key and obedient

in the future. At the Qian Mountain Gate, it was the Overlord, the godly beast, but here, any spirit beast was higher than it. It was just a little brother!

However, this also strengthened the purple lightning beast's confidence in following Lin Yi. With its wisdom and vision, how could it not see that general Weiwu was a completely normal dog? it didn't have the bloodline of an ancient spirit beast at all, but it had forcefully turned into a "fake ancient spirit beast." If the purple lightning Beast still didn't know what Lin Yi was capable of, then it would have lived all these years in vain!

All of these signs pointed to one problem-Lin Yi had a god art that could turn a normal dog into an ancient spirit beast. Wouldn't it be easy to level it up? Furthermore, the purple lightning Beast had already experienced this in the cage of the trial arena!

"Shield bro, this Lil" Feng is so dumb and big, he's not fun at all! He's not as cute as general Weiwu and Skybolt pig!" Chen Yushu didn't like the purple lightning Beast.

"Roar Roar Roar ..." The purple lightning Beast quickly tried to defend itself.

Skybolt pig translated on the ground,"it said that when it reaches the early phase of Earth Class, it can change its size at will!"

Lin Yi looked at the words on the ground, surprised. The purple lightning Beast had this kind of ability? However, Lin Yi didn't have the intention to help it level up right now. After all, this was a spirit beast that Lin Yi had just taken in. Lin Yi had to test its character and see if it was really willing to submit!

Just like that Lion back then, it was submissive, but it always had disloyal thoughts. Lin Yi never helped it level up, but he also had to observe this purple lightning Beast. After all, this guy had betrayed the Qian Mountain sect once, could it betray him a second time?

The purple lightning Beast was different from general Weiwu and Skybolt pig. General Weiwu knew him very well, and he risked his life to protect Chu Mengyao, which showed his loyalty. On the other hand, Skybolt pig was Zhang Liju's spirit beast. After Zhang Liju's death, Lin Yi inherited Zhang Liju's legacy, so even if Skybolt pig followed him here, it wouldn't betray him and go elsewhere.

"I'll observe you for a period of time to see if you're truly loyal to me. Then, I'll consider whether or not I can improve your strength and how much it will be improved!" Lin Yi said as he looked at the purple lightning Beast.

"Roar!" The purple lightning Beast quickly nodded. It knew that Lin Yi couldn't help it level up now. There was a process to everything, and general Weiwu and Skybolt pig had been with Lin Yi for a long time. It was its first time here, so how could Lin Yi be nice to it if it didn't show off?

It wasn't in a hurry-with its intelligence, it could tell that Lin Yi didn't trust it yet, and it had to get on good terms with general Weiwu and Skybolt pig first to gain Lin Yi's trust. Only after learning about Lin Yi's personality could it get Lin Yi to level it up.

"General Weiwu, take it to your backyard and let it stay there." Lin Yi ordered general Weiwu. In the backyard of the villa, Lin Yi built a place for the spirit beasts to live. General Weiwu and Skybolt pig were living there now, and although the purple lightning Beast could live there, it would be a little crowded. Lin Yi planned to expand it when he had time, but for now, he would let them live there.

Woof! Woof! Woof! General Weiwu barked twice and brought the purple lightning Beast and Skybolt pig back to the backyard.

“Yaoyao, Shu, let’s go back too.” Lin Yi said.

“Yeah.” Mengyao had a thousand things she wanted to ask Lin Yi about, and if he’d been in any trouble, but she couldn’t bring herself to do so. She smiled faintly and walked back into the villa.

Yushu, on the other hand, was still pestering Lin Yi. “Shield bro, other than that little Feng, is there anything else you want to give Shu?”

“Shu, Yaoyao, I did bring back two things for you this time.” Lin Yi said as he opened the case and took out the anti-poison bead and antidotes. “This is an anti-poison bead. It can be used to test for poison. Most poisons can be detected. As long as it is placed in food that is suspected to be poisonous, its color will change. The greater the toxicity, the deeper the color!”

“Ah, this is fun! We don’t have to worry about people trying to poison me and Yaoyao sis anymore!” Chen Yushu took the bead and played with it with interest.

“The other one is the antidote pill. This antidote pill can cure most poisons, except those that are extremely heaven-defying!” Lin Yi said, “the anti-poison Pearl is useful, but it’s useless if you use the deadly seven herbs poison you saw in the cafeteria. The seven herbs are not poisonous on their own, only when they are mixed together will they be poisonous. Unless you mix them together and use the anti-poison Pearl to test, you won’t be able to find out that they are poisonous. In this case, the use of the detox pill will come into play. If you’re accidentally poisoned, you can use this to detoxify.”

#### **Chapter 2167: A question without a result**

“I see, shield bro, you’re so nice to me and Yaoyao sis!” “Oh yeah, where did you get all this stuff?” Yushu asked happily. Did that han xiaopo give it to you?”

“No, I won it from the Hidden House Summit.” Lin Yi said.

“Ah? So you won all the items in this box?” Mengyao was surprised, “didn’t you say you’d only help them race?” You actually won so much?”

“That was what I said at the beginning, but there were some changes to the plan later on.” “I won almost all of them ...” Lin Yi smiled bitterly.

“You won all of them?” “What’s going on?” Mengyao asked, surprised.

“Yeah, shield bro, tell us!” Yushu said, intrigued.

Lin Yi smiled faintly as he explained the situation to Mengyao and Yushu. He only gave a simple description and omitted some parts of the process. It wasn’t as vivid as Yushu’s description, but even so, Mengyao and Yushu were mesmerized by it!

“Shield bro, you’re so good! How did you do it? Why do I feel like these competitions were all set up for you?” Yushu said, surprised.

“No, it was just a coincidence.” “Alright, it’s getting late, you should rest,” Lin Yi said.

“En ...” Chu Mengyao looked at the time. It was indeed very late, and they still had school tomorrow. Naturally, they couldn’t chat too late. She pulled Chen Yushu up and was about to go upstairs when she turned back and said, “Right, Wang Xinyan called and asked where you were, but I didn’t explain in detail. I wasn’t sure if I could tell her ... Oh, and Han Jingjing asked as well. I only said that you went out, so you can explain it to them later.”

“Oh? “Okay ...” Lin Yi nodded, a little surprised. Mengyao seemed to be talking about it very calmly, without a hint of dissatisfaction. The Miss didn’t seem to like him messing around before, did she? It was especially so for Wang Xinyan-but ever since that visit to the liontiger garden, her attitude seemed to have changed ...

Mengyao didn’t say anything else as she went up, but when they reached the second floor, Yushu lowered her voice, “Yaoyao sis, that Han Jingjing seems to be interested in Shield Bro as well. Between the two of them, who do you prefer to be Shield Bro’s main wife?”

“It’s whoever he chooses, why do I have to worry so much? It’s fine as long as he has a good character.” Mengyao said faintly.

“I think that Wang Xinyan is a nice person, but she’s a little smart. Han Jingjing, on the other hand, is a little dumb, but she’s not that dumb either. It’s not easy to choose between the two!” Chen Yushu replied.

“Do you really have nothing better to do? Why are you so worried?” Mengyao slapped Yushu on the head. “Why don’t you just go up and replace her? Aren’t you a little wife? I’ll become the main wife after leveling up.”

“Me ...” Chen Yushu seemed to be tempted, but she shook her head, “I think I’ll pass. There are too many things to do as the main wife. It’s too troublesome and not popular. The second wife is better! Why don’t you take it, Yao Yao?”

“I’m not going to discuss anything with you. I’m going to sleep.” Mengyao yawned and walked to the bedroom.

Yushu sighed, a bitter look on her face as she caught up with the man. “Yaoyao sis, wait for me!”

Lin Yi looked at the time-it wasn’t realistic to contact Xinyan and Jingjing now. He’d better meet them tomorrow.

He went back to his room and took a shower before arranging his loot. He then turned on his computer and started studying the scientific Arts of refinement that Han Jing had compiled.

He’d been busy with his practicing, so he didn’t have time to study these things. Now that he’d broken through to Earth Class mid phase, he wouldn’t be able to break through again in a short time, so he wanted to calm down and study alchemy.

Lin Yi was just lucky in the competition this time. If the Hidden House you wasn’t so suspicious and didn’t raise the requirement to third level, they might’ve won already. But not knowing how to make

elixirs was always a weakness. Remembering his promise with the rock Candy Girl, Lin Yi calmed down and started to condense the fire according to Han Jing Jing's method ...

He had to admit that Han Jingjing was a genius. She used modern medicine and some of the physics formulas on the art of refining elixir fire, and changed Zhang Liju's art of refining elixir fire to a short and powerful one.

Lin Yi followed Han Jing Jing's chant and easily formed a level one pill fire, even faster than before. But when he tried to change the fire and temperature, something that made him want to cry happened-the pill fire went out again!

Lin Yi frowned, not willing to give up. He started the second refinement. This time, he changed it a little. It was still a level one fire, but this time, he used a stronger and higher temperature fire!

But what surprised Lin Yi was that the same thing happened this time, and the intensity of the fire was very stable. The temperature also met Lin Yi's requirements! And so, Lin Yi tried to lower the temperature of the refinement fire, but this time, it was a tragedy as well. The refinement fire was extinguished the moment Lin Yi lowered the temperature!

These two times, the fire went out without any warning, as if Lin Yi's Qi was a little weak after using it. If he kept circulating it slowly, it wouldn't be a problem, but the moment he changed the way and speed, the fire would go out! No matter if it sped up or slowed down, strengthened or weakened, it would not work!

In other words, if he maintained a constant speed, a certain temperature, and a certain amount of fire to condense the pill fire, there would be no problem. Once he changed it, it would not work.

Lin Yi found this strange situation extremely unbelievable, but he couldn't do anything! There was indeed no problem with him condensing the elixir fire, but he could not maintain it! Furthermore, it was impossible to concoct pills without changing the intensity and temperature of the fire. Even if it was to concoct a grade one pill, one would need to change the intensity and temperature of the pill fire several times in the middle.

Similarly, Lin Yi tried to create a level two and level three refinement fire, and the results were the same. He could create it steadily, and as long as he didn't change the fire and temperature, the fire was very uniform. However, if he changed it, it would be extinguished for sure.

Al, could it be that he really wasn't a pill ingredient? Lin Yi shook his head, a little disappointed. He took out the bracelet and put it on.

### **Chapter 2168: still a failure**

This bracelet was a very good auxiliary treasure for alchemists. It had the effect of calming one's mind, preventing the alchemy fire from being affected by the alchemist's emotional fluctuations, and allowing the alchemy fire to burn more purely.

After putting on the bracelet, Lin Yi tried again, but every time, his hope was met with disappointment. The refinement fire he made before was already very stable and pure, and the bracelet wasn't very

useful. When changing from fire to water, wood, metal, or earth, as long as the temperature and intensity of the fire didn't change, it could be changed slowly. As long as the temperature and intensity of the fire changed, the refinement fire would go out.

In other words, there wasn't much of a difference between Lin Yi wearing it and not wearing it.

Lin Yi shook his head. He was planning on giving this to Han Jing Jing as well, but it seemed that he wasn't good at everything. With the art of Dragon mastery, Lin Yi already had an advantage over others in many aspects. It would be too greedy to learn how to make elixirs.

Just as he was about to continue practicing, his phone rang. It was Pi Zhishan! It seemed that he had saved the number after she had sent him a text message.

"Boss Lin Yi, you've arrived safely, right?" Pi Zhishan's voice sounded.

"We're here, but it seems like there's been a change in their plans?" Lin Yi asked.

"En, boss, I didn't expect you to come up with such a big move either, making the Hidden House Yu and hidden house Zhao fight each other. Since they're fighting, they naturally wouldn't have the time to stop you!" "Then the Hidden House you and hidden house Tang were a bit interested, so my Grandpa said ..." Zhishan said.

Zhishan told Lin Yi everything that happened after he left-he wanted to take credit for it. After all, the Hidden House Tang and hidden house you backed out because of old man Pi.

"Thank you then-I was wondering why those two weren't here, so it was all thanks to old man Pi!" Lin Yi said.

"Hehe, now that you're the boss of Pi Zhihai and me, you're being too polite!" Zhishan laughed,"alright, boss, I won't disturb you any longer. I'll hang up now. I'll contact you if I have any news!"

"Alright," he said. Lin Yi said faintly. He knew what Pi Zhishan was thinking, but he wasn't in a rush to agree to Pi Zhihai's request. After all, the Hidden House Pi was different from the Hidden House han-Lin Yi had some history with them, and even if he wanted to heal Zhihai, he'd have to think about it-he couldn't just agree to it right away.

Zhishan was a little disappointed, but it was within his expectations. He decided to keep in touch with Lin Yi-as long as he accepted him, then he wouldn't be far from curing Zhihai.

After hanging up the phone, Lin Yi started training. The night was quiet, and the next morning, Lin Yi walked out of his bedroom feeling refreshed. He was about to go to the kitchen to make breakfast when he saw granny sun. He remembered that he didn't need to make breakfast anymore.

He came back too late last night-granny sun was probably already asleep, and Lin Yi forgot about her existence.

"Granny sun, do you need any help?" Lin Yi asked.

"No need, I'll be done soon!" "Mr. Lin, you're back!" Granny sun said with a smile.

“Yes, you’re back. You can cook first. I’ll go next door and ask Han Jingjing and the others to come over and eat together.” Lin Yi remembered that the Han siblings ate instant noodles every day, and since he’d come back today, it wouldn’t hurt to call them over for breakfast.

“It’s fine. Han Jingjing has been coming here for breakfast every day for the past two days ...” The doorbell rang just as granny sun finished her sentence.

Lin Yi wanted to ask her why she was here for breakfast, but he went to open the door first. As expected, Han Jingjing yawned as she walked over, half-conscious, and bumped into Lin Yi with a “Dong”-her chest was on top of Lin Yi’s ...

“Ah? Lin Yi bro?” Han Jingjing woke up from her dream instantly, her eyes wide open as she looked at Lin Yi in surprise, “You’re back?”

“Yes ... She’s back ...” Lin Yi gulped. Han Jingjing was only wearing her pajamas, she didn’t wear a bra. It was already good enough for her to bump into Lin Yi, but from Lin Yi’s angle, he could see the distorted view of her body under her collar!

Lin Yi subconsciously took two steps back awkwardly, but he regretted it after that.

Han Jingjing was still in a daze, as if she didn’t even realize that Lin Yi had taken advantage of her. She was still looking at Lin Yi with joy, “Lin Yi bro, I can make spirit gathering pills now, I’ve made quite a few, take a look ... Oh, I forgot to bring it, I’ll go get it when I get back!”

Han Jingjing touched the clothes on her body and realized that she was still wearing her pajamas. She was about to go home to get them.

“No, let’s eat first. We’ll talk later.” Lin Yi was very happy to hear that Han Jingjing had successfully made a first class pill, the essence gathering pill. Although the essence gathering pill wasn’t very useful to Lin Yi, it could be used as a gift. If Lin Yi didn’t want to help increase his strength personally, he could give it to her, and he could also use it to exchange for some treasures.

“Oh ... Okay.” Han Jingjing nodded.

“By the way, Jing Jing, why are you having breakfast here?” Lin Yi only remembered now.

“I didn’t see you when I went to school in the morning, so I came to look for you the next day. Yaoyao sis asked me to have breakfast with them.” Han Jingjing nodded.

Chu Mengyao? Lin Yi was surprised and was about to say something when Mengyao and Yushu came down and saw Han Jingjing at the door, “Jing Jing, you’re here!”

“En, Yao Yao sis, Shu!” Han Jingjing greeted them politely.

Han Xiaochao, who was following behind Jingjing, put down his textbook and greeted Mengyao, Yushu, and Lin Yi, “Yaoyao sis, Shu sis, Lin Yi bro!”

At this time, granny sun also served the food, and everyone sat down to have breakfast.

“Lin Yi bro, why did you leave for so many days? you didn’t even tell Jingjing-luckily, Yaoyao sis told me that you’ve gone on a long trip, or Jingjing would’ve been worried to death!” Han Jingjing said.

“Yeah, I went out to help someone.” “But I did get some good stuff,” Lin Yi said, “this is for you.”

With that, Lin Yi took out the bangle for her.

“Ah, is this from Lin Yi bro? It’s so beautiful!” Han Jingjing was just about to take it when she stopped and looked at Mengyao and Yushu, embarrassed. “Lin Yi bro, did you bring anything good for Yao Yao and Shu?”

### **Chapter 2169: spirit gathering pill**

“I’ve already given it to them. This is for you. They don’t need it.” Lin Yi blinked. He didn’t think that a girl like Han Jingjing would be able to think about other people’s feelings.

“Oh, then I’ll take it!” Han Jingjing took the Jade bangle and put it on her hand. She suddenly felt a very comfortable warmth! This is a warm Jade? Han Jingjing’s eyes flashed with surprise. This was indeed a good treasure!

“This jade bracelet is called the mind concentration jade bracelet. It has a very good auxiliary effect for alchemists. It’s just right for you.” Lin Yi explained.

Although Lin Yi gave Chu Mengyao and Chen Yushu an anti-poison Pearl and an detox pill, they were all life-saving treasures and not jewelry. Chu Mengyao was a little uncomfortable when she saw Lin Yi giving Han Jingjing jewelry, but hearing that it was for supplementary purposes in alchemy, she suddenly understood.

“Is that so? It looks pretty good!” “Lin Yi bro, I’ll study hard! You’re so nice to me, I can tell that this bracelet is good stuff!”

“En, work hard.” Lin Yi also had a small Qi gathering pill for Han Jingjing—her strength now meant that her skill in making pills had improved. Once she could make third-class pills, he could trade with Rock Candy Girl and get Feng Xiaoxiao back.

After breakfast, the group drove to school. Mengyao had been the one driving before, and now Lin Yi was the one driving.

After they parted at the parking lot, Lin Yi and Han Jingjing walked towards the biology Building. Han Jingjing didn’t ask much about Lin Yi’s absence, but started talking about her elixir refinement!

“Lin Yi bro, this is the essence gathering pill Jingjing made, take a look!” With that, she took out a small box from her bag and handed it to Lin Yi.

Lin Yi took the box, surprised. “Although the ingredients for this spirit gathering pill are relatively common, they are also very expensive. They can’t be found in ordinary pharmacies. You actually got them?”

“Yes, Jingjing’s family also has some medicine-related business. They can buy some rare medicinal herbs.” “Jingjing asked for these from her family,” Han Jingjing said.

“Ten?” Lin Yi looked at the pills in the box, surprised. Each one was round and full, and each one of them was over 90% pure. According to Liju’s personal notes, they were all top-class first class pills!

The same spirit gathering pill, but the level and strength of The Alchemist was different, and the quality of the pill refined was not the same. The higher the quality, the greater the effect! Eating one of these superior-grade spirit gathering pills was equivalent to eating two middle-grade spirit gathering pills and four inferior-grade spirit gathering pills!

However, even a golden class level three Alchemist might not be able to make a high-grade spirit gathering pill. The spirit gathering pills he had obtained from the hidden han family’s ancient ruins were only medium-grade spirit gathering pills. The pills that you Panhu made were basically low-grade spirit gathering pills!

And so, han Jingjing actually made a high quality pill, which made Lin Yi very surprised. “Jing Jing, how many materials did you waste to make these ten spirit gathering pills?”

“Waste materials?” Han Jingjing blinked, her big, watery eyes looking at Lin Yi in embarrassment. “These ingredients are so expensive. Although Jing Jing’s family is rich, she can’t afford to waste them ... But Jing Jing was already very careful and still wasted two sets of ingredients ...”

“You’re saying that you only used twelve sets of ingredients to make ten spirit gathering pills?” Lin Yi’s mouth twitched. This news hit his confidence again.

“No, I only used a little more than eight portions of ingredients ...” Han Jingjing said.

“A little more than eight?” Lin Yi stumbled-this was the first time he’d heard that ten pills could be made from eight portions of ingredients. Even Liju’s personal notes didn’t mention this possibility, and yet Jingjing made it? How did she make it?

“Yup!” Han Jingjing nodded and said, “Jingjing, are you stupid?” Can you actually make more?”

“How did you make it?” Lin Yi was already used to han Jingjing’s talent, but the shock she brought him today was still huge.

“Jing Jing studied the pill formula of the spirit gathering pill, then made a functional curve with the time, temperature, and fire intensity in the pill formula. Jing Jing then made a mark on the speed and method of using the Qi cultivation method for each temperature and fire intensity.” “Then, I followed the instructions on the function and started to form the fire according to the time ... You know, Lin Yi bro, I’m pretty stupid, and my sixth sense is pretty bad. I can’t feel the changes in the furnace, so I could only use this method to follow the recipe strictly ... Luckily, my formula was very useful, and I successfully made a spirit gathering pill ...”

“This works too?” Lin Yi took a deep breath. Han Jingjing’s way of making elixirs was unique in the entire world of elixir making. No elixir master would use this kind of curve function formula to make elixirs. Only han Jingjing would use this kind of method!

No wonder the quality of the pills she refined was so good. She was strictly following the pill formula! When an ordinary Alchemist refined pills, there were more man-made factors. However, han Jingjing’s method was simply an assembly line production. Just like those fast food chains, she had mastered the heat control and time of cooking. The quality of the mass-produced items would always be the same.

“En, en. I see that this pill is only 90% pure. It should be that Jing Jing’s formula isn’t too rigorous. If Jing Jing has enough time, she can still continue to perfect it!” “If it was Lin Yi bro, it’d definitely be 100% pure!” Han Jingjing said with regret.

“Man ...” Lin Yi smiled bitterly. “Then how did you make the nine spirit gathering pills with the remaining materials?”

“Jingjing copied what he did and refined one. But after Jingjing finished refining it, she felt that it consumed too much physical strength and true Qi. It wasn’t worth it to only refine one pill at a time!” Han Jingjing said, “the inside of the cauldron is so big. I can refine many, many medicinal pills at once. Jingjing, think about it. If I can refine many medicinal pills in one furnace, won’t I be able to save a lot of energy?” Hence, Jingjing began to study it ...”

“...” Lin Yi didn’t know what to say. This han Jingjing’s thinking jumped, and it jumped super fast!

### **Chapter 2170: take it for yourself**

Lin Yi had never heard of anyone saying that one could make several elixirs in one pot. Whether it was Zhang Liju’s personal notes or Lin Yi’s knowledge, he had never heard of this before!

However, han Jingjing had actually come up with such an ingenious method, and from the looks of it, it seemed to have succeeded?

“And then you used the remaining herbs to make eight spirit gathering pills?” Lin Yi asked, suppressing his shock.

“No, Jing Jing first simulated the pill refining process and measured the air pressure and temperature inside the medicinal cauldron. According to the heating situation of each pill, Jing Jing also calculated a new temperature, fire intensity, and time curve formula according to the size of the medicinal cauldron!” Han Jingjing said, “it’s just that Jingjing ignored a parameter the first time. I used two sets of materials for an experiment. In the end, they were wasted. Jingjing’s heart ached so much. However, I also found the shortcomings and perfected the pattern! So, for the sake of experimenting, Jing Jing put the remaining four sets of materials into the medicinal cauldron together. Then, she refined the pill according to the newly perfected curve formula. When the refining was successful, Jing Jing found that there were actually eight spirit gathering pills in the medicinal cauldron ...”

“Four sets of ingredients can make eight spirit gathering pills?” “Jingjing, you’re a little genius!” Lin Yi was stunned once more.

“Lin Yi bro, don’t praise Jingjing, you’re making her feel like she’s floating in the sky ...” Han Jingjing said shyly.

Lin Yi looked at han Jingjing’s expression and listened to her words. He sweated again. Was he thinking too much, or was this han Jingjing trying to seduce him? However, it didn’t look like it. Han Jingjing was serious and usually discussed alchemy with him the most. She had never talked about anything else. It seemed like he was thinking too much.

“How much more time and energy is needed to make these eight spirit gathering pills?” Lin Yi asked.

"It's probably two to three times more. The specifics are all different." "I have a formula here, can you take a look, Lin Yi bro?"

"I won't look at it ..." Han Jing Jing's formula was exquisite, but it was useless to Lin Yi. He didn't know how to make pills! "Four sets of ingredients to make eight Qi gathering pills, what's the theory behind that?" Lin Yi sighed.

"I'm not too sure. However, when refining a Qi gathering pill, there will be some waste left under the cauldron. I guess some of the waste was used or for some other reason when four portions were refined together. Jingjing can't figure it out ..." Han Jingjing said.

"Alright, just keep this to yourself. Don't tell anyone about this yet!" Lin Yi knew what would happen if people knew about this. He couldn't let anyone find out about this before he had the power to protect her. She could be captured for research.

"Yeah, I'll tell Lin Yi bro!" "Jingjing didn't say anything to big sister Yaoyao, Shu, or my little brother," Han Jingjing replied.

"That's good. You must always be on your guard. " Lin Yi said.

The two walked into the classroom as they talked, and to Lin Yi's surprise, Yu Panhu was even earlier than him. He was talking to his two lackeys about something, and a flash of hatred crossed Yu Panhu's eyes when he saw Lin Yi walk in, but he didn't dare cause trouble for Lin Yi in public.

Since the guy wasn't looking for trouble, Lin Yi didn't bother with him and walked back to his seat.

"Young master you, that Lin Yi is here, do you think boss Bai will be angry?" The yellow-haired man laughed and gloated.

"It's hard to say, but boss Bai hates skipping classes for no reason the most! I'm here for the Hidden House Summit, and I have a legitimate reason for doing so. Lin Yi, on the other hand, is here to help the Hidden House han-he's probably going to get a scolding for sure. " You Panhu said.

"It's good to let him be unlucky. It's better to lose boss Bai's favor. At that time, I won't teach him alchemy, but I'll teach young master you alchemy!" The yellow-haired man said.

"That's great!" The right Panhu nodded and said ...

Xinyan was there as well-she came to class early almost every day, sitting quietly in her seat and reading. It was only when Lin Yi walked up to her that she realized there was someone beside her. She raised her head and blinked when she saw Lin Yi, a flash of joy in her eyes, but she hid it well.

"Lin Yi, you're back. Jing Jing said you went on a long trip." Xinyan's tone was calm, but her heart was beating like a deer in the headlights.

"Yeah, I helped a friend." "I didn't think about it that long before," Lin Yi said,"I didn't greet you. I'm sorry for making you worry."

"Not really ..." Wang Xinyan blushed."I ... I'm just ... Showing concern from a normal friend ..."

“Haha ...” Lin Yi smiled but didn’t reply. He didn’t know how to respond to that. His relationship with Xinyan was weird-they had a good impression of each other, but they were distant at the same time. It was only after Lin Yi found out that Xinyan’s scent was beneficial to his cultivation that he wanted to keep her for himself.

It was just that this thought was a little too selfish and impure, so Lin Yi would try his best to control it sometimes.

“These are the notes for the past few days, you didn’t come ...” Wang Xinyan pushed her notes to Lin Yi and said faintly.

“Oh? Thank you,” Lin Yi took the notebook from Xinyan’s hands, surprised.

Boss Bai’s medical knowledge was a breath of fresh air for Lin Yi, and so he paid special attention to boss Bai’s classes. Since Wang Xinyan had taken notes, Lin Yi looked at it carefully, but when he flipped through it, he realized that Wang Xinyan’s notes were clearly more detailed than usual during the days he wasn’t around. Perhaps it was for his sake, and Lin Yi was a little touched.

Soon, it was time for class, and boss Bai walked in. He glanced at Lin Yi, but didn’t say anything. He turned to you Panhu,”Right Panhu, you’ve been absent from class for so many days without any reason. Don’t you want to say something?”

“Teacher Bai, I ...” Yu Panhu was obviously taken aback. He thought that boss Bai would know about the Hidden House Summit, and he was even gloating with his two underlings. He was from the Hidden House you, and it was understandable for him to attend the summit, but Lin Yi was different. He went to help the Hidden House han, and so Yu Panhu thought that Lin Yi was the one who got scolded. Who would’ve thought that he was the one getting scolded? (To be continued.)
