

Bodyguard 2171

Chapter 2171: Elder Bai's invitation

"Do you think that the rules I set up before have no effect on you? Or will you be able to pass my special test?" Boss Bai asked coldly.

"This ... Teacher Bai, I'm going to attend that ... You know ..." Right plate Tiger couldn't publicly reveal the Hidden House Summit, so he could only hint, "Plus, Lin Yi's there too ..."

"It's fine if he goes. He has already passed my special test and can take leave at any time. He also got full marks for his final exam!" Boss Bai waved his hand and said, "but you can't. Come to my office after school today for a special test. If you can't pass, you'll fail!"

"Yes ..." Right Panhu nodded helplessly with a bitter face, but he was a little unhappy inside. Why was Lin Yi fine? Lin Yi passed the test? If Lin Yi could pass the test, then he could too! Thinking of this, right Panhu regained his confidence.

"Alright, let's start the class." Boss Bai didn't care about right Panhu anymore. He opened his textbook and started to talk about the course ...

Youpan Hu sat down gloomily, his eyes looking at Lin Yi with more and more displeasure. They were supposed to kill Lin Yi at the Hidden House gathering, but he didn't, and instead, he got a lot of benefits for no reason.

"Young master you, boss Bai seems to see Lin Yi in a different light?" The yellow-haired man said.

"I can tell. No, I have to work hard. I heard that boss Bai has taken in a closed-door disciple. In this school, if he wants to take in a disciple, then Lin Yi has some skills. I have to fight for it!" You Panhu said.

"Why don't we give boss Bai some gifts?" The purple-haired man said after some hesitation.

"Gifts? What gift? What do you have that boss Bai likes?" It wasn't that you Panhu hadn't thought of this possibility, but after thinking about it, boss Bai's meridians were all crippled, and he wouldn't be able to use anything related to alchemy if he was given it. Even if you gave him money, he probably wouldn't accept it, so you Panhu was really in a difficult position.

On Lin Yi's side, since boss Bai had started his class, he pushed the notebook back to Xinyan. Xinyan took the notebook, not saying anything as if it was natural. She took off her coat and put it on the seat next to her, moving her body closer to Lin Yi and focusing on the class.

Lin Yi smiled-the two were in Sync Now, and Xinyan was going to continue practicing when she saw Lin Yi. She didn't wait for Lin Yi to say anything.

"Thank you," he said. Lin Yi said.

"What?" Xinyan looked at Lin Yi, confused. She didn't confirm or deny it, but only replied casually and went back to her class ...

Lin Yi knew that Xinyan was embarrassed, but he didn't find it strange. He entered the Jade space and started practicing, but his spirit sense was outside listening to boss Bai's lecture.

The morning class was over, and what Lin Yi didn't expect was that Xinyan's scent was really mysterious. He couldn't even stabilize his Earth Class mid phase last night, but he found out that he had done so in just a short while today. This mysterious situation made Lin Yi want Xinyan even more.

Of course, Lin Yi was just thinking about it. Although Feng Xiaoxiao allowed him to find a main wife, and he didn't have no feelings for Wang Xinyan, this wasn't Lin Yi's one-sided decision. It was better to let nature take its course. Besides, if he wanted Wang Xinyan for his own practicing, it would be a bit selfish.

"Lin Yi, come with me, to my office!" Lin Yi was about to say something to Xinyan after class when boss Bai stopped him.

"Alright," he said. Lin Yi nodded and stood up, walking out of the classroom with boss Bai.

As for Yu Panhu, he followed after a moment of hesitation. He had wanted to go find boss Bai as well, since it was boss Bai who asked him to take the test, so it was perfectly reasonable for him to go. He was also curious why Boss Bai was looking for Lin Yi, and wanted to eavesdrop.

Lin Yi noticed right Panhu following him as soon as he left the room, but he ignored him and followed boss Bai to the biology faculty office.

"Yi, I heard you went to the Hidden House Summit too?" Boss Bai asked.

"Yes, elder Bai. I'm sorry to have delayed so many days of classes!" Lin Yi had the privilege of skipping classes, but he couldn't be too arrogant in front of boss Bai. He still apologized respectfully.

"It's fine. You've passed the test, so you can skip class at any time. That's the rule of boss Bai's class!" Boss Bai waved his hand, "right, I heard that there's a pill competition at the Hidden House Summit every year. Did you participate?"

"F ** K, don't even mention this pill refining competition!" Lin Yi smiled, "the rule this time is to make a third-class pill. Whoever makes it wins. But everyone gave up. No one won."

"Oh? A third ranked pill?" Boss Bai was evidently taken aback by the words. "Why is it a third ranked pill? Didn't all the previous competitions use first-grade pills? Whoever could refine a first-grade pill would be the winner. If both of them refined the same pill, the grade of the pill would be compared. If the grade was the same, then the time spent would be compared. Even I, boss Bai, didn't dare to guarantee that I'd succeed in refining a third-grade pill. Who came up with this rule to use third-grade pills as a competition?"

"Oh? It can't be, right?" Lin Yi was taken aback. He'd had his suspicions during the competition-who could make a third class pill? But Lin Yi wasn't the one who made the rules back then, so he didn't think too much about it. Now that boss Bai mentioned it, a mocking smile appeared on his face. "Could it be that you Panhu, that idiot, thought that I'm a very powerful Alchemist and deliberately raised the rules of the competition to such a level? is he afraid that I'll win the championship?"

“Oh? There’s such a thing?” “So, you’re saying that your alchemy skills have improved a lot?” boss Bai was also taken aback.

“What improvement ... With your method, I can’t even form a pill fire!” Lin Yi smiled bitterly as he took out the refiner’s Arts and refinement Fire Arts that boss Bai gave him and gave them back to him. “I’ll return this pithy formula to you first ...”

“I didn’t manage to ...” Boss Bai was disappointed.

Chapter 2172: rookie genius?

“However, I can use other mental cultivation methods to form a pill fire!” This was Lin Yi’s second time talking to boss Bai in private, and he could tell that boss Bai valued him a lot. Lin Yi didn’t hide anything and told him that he knew other Arts!

Plus, Lin Yi didn’t care that he knew that Yu Panhu was eavesdropping outside. He’d pretty much fallen out with a lot of hidden houses already, and the fact that Lin Yi was a refiner wasn’t a protection for Lin Yi. He’d already done what he needed to do with Yu Panhu, and whether it was the competition or the cauldron, he’d made it worth it. Even if Yu Panhu found out that Lin Yi wasn’t a refiner, he’d regret it and wouldn’t be able to do anything to him.

“Oh? Using other mental cultivation methods and pithy formulas to condense the pill fire?” Boss Bai’s hope was reignited after hearing Lin Yi’s words. “Show me your alchemy fire!”

“Alright!” Lin Yi nodded and made a fire-type class one pill fire in his palm, showing it to boss Bai.

“Golden class first grade fire element pill fire, very good, very pure!” Boss Bai inspected the fire in Lin Yi’s hand carefully and exclaimed, “Not bad. Such a pure and stable grade one pill fire is almost comparable to my peak! Why don’t you try changing the intensity of the fire and the temperature?”

“That won’t do ...” Lin Yi smiled bitterly and started to increase the intensity of his refinement fire. However, the fire extinguished without any warning as soon as he increased it.

“Destroyed?” “You tried it?” boss Bai frowned.

“En, I’ve always tried. Whether it’s changing the intensity of the fire or the temperature, as long as there’s a slight change, the pill fire will be extinguished!” Lin Yi said with a bitter smile.

“Oh? “This is the first time I’ve come across something like this, let me think ...” Boss Bai looked at Lin Yi in surprise and closed his eyes, thinking about Lin Yi’s situation ...

At this moment, at the door of boss Bai’s office, right Panhu was gritting his teeth in anger. He slapped his legs and stomped his feet, cursing in his heart, “Lin Yi, this bastard, he didn’t know how to make elixirs, he screwed me over! If I knew he didn’t know how to make elixirs, why would I raise the rules to third-grade pills?

According to the original rules, he would’ve been the winner, but the Hidden House of you was afraid of Lin Yi, afraid that Lin Yi would win again and make things worse. This made him regret it!

Especially when Yu Panhu heard that Lin Yi couldn't even control a level one refinement fire, his expression became even more interesting. Only now did he realize that he'd fallen into a huge pit-he'd been completely played by Lin Yi!

Lin Yi wasn't an elixir master at all, he was just a normal practitioner who knew how to condense his elixir fire! He didn't have to be an Alchemist just because he knew how to create a refinement fire-it wasn't that easy to control it, after all. But Yu Panhu's first impression was that Lin Yi was an Alchemist after seeing Lin Yi control the refinement fire at elder Tang's birthday banquet and Lin Yi's disdain for the Tier 2 elixirs at the Hidden House Summit.

But who would've thought that Lin Yi was a scammer? He didn't know how to refine pills at all, he was just bluffing!

"I still can't figure it out ..." After a long while, boss Bai opened his eyes and shook his head."If you have to say there's a problem, then it can only be that the mental cultivation method you practice may conflict with alchemy, or you don't have fire or wood attributes in your body, and you don't have the talent for alchemy. Other than these, I really can't think of any other possibilities!"

"I see ..." Lin Yi smiled bitterly. He didn't have much hope in the first place. After all, he knew that his practitioner's Arts were special, and it was already good enough that he had a cheat in other areas. If he wanted to be an all-rounder in alchemy as well, wouldn't that be an all-rounder?

"My mental cultivation method should be of the Yang attribute, which should be more towards the fire attribute. After all, my martial skills are also of the fire attribute, and the attribute in my body should also complement the fire attribute. So, could it be that I'm missing the wood attribute?" Lin Yi asked after some thought.

"That's not it either!" Boss Bai shook his head in denial."A body with a pure fire attribute can also become an Alchemist. On the contrary, because of the single attribute of the body, the alchemy fire condensed is purer, and it can be controlled more easily!" You won't be able to extinguish the fire just by changing the fire and temperature! Cultivators with this attribute are very good at alchemy fire, but they can't become excellent alchemists!"

"Oh?" "A single attribute can make you a refiner?" Lin Yi blinked.

"That's right, but this kind of Alchemist has a fatal flaw. Without the wood attribute in their body, they can't sense the state of the pill in the medicinal cauldron at all times. They can't change the intensity and temperature of the pill fire according to their senses. Therefore, this kind of Alchemist can only rely on practice to refine some pills!" "But even so, the success rate of this kind of Alchemist is very low," boss Bai said."The quality and level of the pills they can make are also very low. So, many alchemists treat alchemy as their secondary profession and don't bother to study it ..."

"This ..." Lin Yi heard boss Bai's words and suddenly remembered han Jingjing! Her mastery of alchemy fire was extremely high, but her perception was very poor. Could it be that han Jingjing was such a person?

However, in boss Bai's words, this kind of weak Alchemist had become a heaven-defying genius in han Jingjing's hands! Only a genius girl like han Jingjing could come up with a scientific alchemy method and make up for her lack of perception through scientific calculations!

After the conversion, the scientific formula was actually more accurate than perception! No matter how powerful one's perception was, there would be times when one would make mistakes. Unless one was an especially powerful Alchemist with a particularly strong spiritual sense perception, no one would be han Jingjing's match!

Lin Yi now understood why Jingjing was so good at controlling the refinement fire-it was just that she'd managed to make up for her weakness. Her intelligence was shockingly high, and Lin Yi didn't expect her to be so smart at all, judging from her silly look.

Could it be that this was the idiotic side of a genius that people often talked about? As everyone knew, there were many geniuses who didn't behave like geniuses in other aspects, but they had shockingly high IQ. Lin Yi wondered if han Jingjing was one of them.

"So, you don't belong to this category. However, if you don't have any fire attribute in your body, it's really strange that you can condense a pill fire." Boss Bai said,"how about this? I have a personal note from an Alchemist ..."

Chapter 2173: The walls have ears

Before boss Bai could finish, Lin Yi interrupted him with a wave of his hand."Wait a minute, elder Bai. The walls have ears. I'll come back after I deal with it!"

With that, Lin Yi walked straight to the door of boss Bai's office and sent a flying kick at it. This time, it was different from before, because there was still some pure Qi on it ...

Yu Panhu heard Lin Yi say that the walls have ears and went to take care of it. Yu Panhu knew that Lin Yi was coming to kick the door and quickly removed the ear from the door, putting some distance between them. He laughed coldly inside. The same move is useless against me, the right coiling Tiger!

What he didn't expect was that Lin Yi's kick didn't seem to use much strength, but it was Qi. The iron door made a loud "bang" with some sound waves, making him fall to the ground with his eardrums shaking and his head spinning ...

"F * ck ..." After right coiling Tiger fell to the ground, not only was his eardrum in pain, but he was also depressed. He thought that he would be fine after moving a distance away, but who knew that there would be an unusual sound this time?

After kicking the door, Lin Yi went back to boss Bai's desk,"Alright, I'm done."

"My door, it'll probably break after a few more kicks!" Elder Bai laughed and said,"actually, I didn't organize these personal notes. It's a personal note passed down from the sky elixir sect. Although it's not a cheap product, it's not a top secret. At least to you Panhu, with the hidden relationship between the you family and the sky elixir sect, he should have some in his collection. So, there's no need to hide it from him!"

"Hehe, it's better to keep it a secret." Lin Yi blinked. He wondered if that idiot Yu Panhu would fall for his trick this time.

“You’ve scammed him of two medicinal cauldrons before, and you want to scam him again this time?” Boss Bai asked with a smile.

“Uh ... Elder Bai, you already know?” Lin Yi smiled bitterly—he didn’t think boss Bai would know all this.

“I know a little, but that’s good. This time, see if you can cheat him of some more things.” “I’ll cooperate with you when the time comes,” said boss Bai.

“Ah?” Lin Yi’s eyes went wide as he looked at boss Bai, surprised. He didn’t expect boss Bai to say something like that. Was he helping him take out right Panhu?

“I don’t have a good impression of the Hidden House of you, but I hit it off with you. If I don’t help you, who should I help?” “Don’t think I’m so old-fashioned!” Boss Bai chuckled.

“You’re not old-fashioned indeed ...” Lin Yi thought about how boss Bai had been doing things in class recently—he wasn’t an old-fashioned person, just a little overbearing.

“This is an Alchemist’s personal notes, you should study it carefully when you get back. This information is different from the elementary mental cultivation method from last time. This is a very precious thing, don’t let others see it!” Boss Bai suddenly raised his voice and said, “Try to comprehend it from here and see if you can find the reason behind it!”

Right Panhu had just gotten up from the ground and put his ear to the door. He heard boss Bai’s words and was shocked! No wonder Lin Yi was so on guard when he came to kick the door—she almost missed it!

Boss Bai’s words confirmed that Lin Yi wasn’t scamming him—he did give him a normal refiner’s basic technique, after all! He’d be surprised if Lin Yi didn’t lie to him after how much he’d asked for it!

Lin Yi, who was in the office, was a little surprised. He looked at boss Bai strangely. Lin Yi could feel the slight change in the office door and knew that right Panhu was eavesdropping, but how did boss Bai notice it?

One had to know that he was a cripple with all his meridians broken!

Seeing Lin Yi’s confusion, boss Bai turned the computer’s LED screen to face Lin Yi, pointing at the screen and smiling without saying anything!

Lin Yi looked at the screen and realized what was going on. It was the surveillance footage of the hallway outside the office, and you Panhu was clearly eavesdropping.

“Alright, I won’t show it to anyone this time!” Lin Yi said with a nod.

However, Lin Yi planned to give this information to han Jingjing first. As an ancient sect that specialized in alchemy, the sky elixir sect naturally had its own uniqueness. Han Jingjing might be able to learn something from it, but Lin Yi’s desire to learn alchemy had faded quite a bit.

If it was before, Lin Yi would be in a hurry and try to figure out why he couldn’t make elixirs, but now that he had a genius like han Jingjing by his side, he didn’t have to worry too much. As long as Lin Yi increased his strength, he could help han Jingjing increase her strength as well. Then, it shouldn’t be a problem for her to make third level elixirs!

“Okay, it’s nothing. You can go back for dinner. I have an appointment with right plate Tiger. He should be here by now. You kicked the door earlier because of him, right?” Boss Bai began to say something grand, “I don’t care if you have a personal conflict with him, but in school, in my class, you’d better stop. Don’t let me catch you, or I’ll expel you!”

“Yes!” Lin Yi was amused by the serious tone of the smiling boss, but he still put on a serious face. “Don’t worry, elder Bai. I won’t do anything to the right Panhu. ”

“That’s good. ” Big Boss Bai nodded. He was warning the right plate Tiger not to look for trouble after suffering a loss, not Lin Yi.

“By the way, elder Bai, I still have a question.” Lin Yi was about to turn around and leave when he remembered what happened this morning. “Have you ever heard of a situation where several sets of medicinal materials are put together to refine pills?”

“Oh? Why are you suddenly asking about this?” Boss Bai was taken aback by the question.

“I’ve read about this in a strange book. It seems to be true?” Lin Yi didn’t mention anything about han Jingjing.

“That’s right. In ancient times, this was possible. In a furnace, you could concoct multiple ingredients at the same time. Not only could you succeed at the same time, but if you’re lucky, you could even produce one or two more pills. ” “But,” boss Bai said, “this can only happen when one has reached a terrifying level of attainment in the fire and wood attributes!”

“After all, the time, temperature, and intensity required to refine a single pill are completely different from the time required to refine multiple pills!” (To be continued.)

Chapter 2174: You want to lie to me?

“So, in order to refine multiple pills at the same time, you have to constantly use your divine sense to sense the changes in the cauldron. Only then can you succeed ...”

“So there really is one!” Lin Yi was very shocked by boss Bai’s words-han Jingjing didn’t seem to have any wood element perception at all, but she didn’t need it. Everything was calculated using scientific formulas, and it was even more accurate than perception!

“There are, but the recipe for making multiple pills has not been passed down. After all, the time, temperature, and fire required to make two, three, four pills are all different. If it was recorded as a recipe, it would be ever-changing.” “Plus, only Grandmaster level refiners can make multiple pills,” boss Bai explained. “At that time, refiners above Mystic class were everywhere, not as rare as they are now.” Even the miracle doctor Zhang Liju, who was also my ancestor, couldn’t reach this level!”

“Thank you for your explanation, elder Bai.” “I’ll take my leave then ...” Lin Yi said.

“Go back and take a good look. After you’re done, return the information to me.” Boss Bai said.

“Alright, elder Bai.” With that, Lin Yi left the office with respect. He opened the door and saw you Panhu, who had dodged to the side in a hurry. He smiled coldly. “Sure enough, someone was eavesdropping. But how did young master you feel about that kick just now? Does it feel good?”

“Lin Yi, what are you talking about? What’s great? I’ve just arrived, so I don’t know what you’re trying to do.” You Panhu feigned ignorance and said, “eh?” Lin Yi, what’s that in your hand? Good information?”

“Oh, it’s not good information. Didn’t I show it to you last time?” “You said you were tricked, didn’t you?” Lin Yi said, acting calm.

“So it’s the information from last time ...” Right Panhu was disdainful in his heart, but he didn’t show it on his face. “I didn’t see it clearly last time. Can you let me see it again?”

“What are you looking at? boss Bai is waiting for you in the office. You should go. Don’t blame me for not reminding you that boss Bai’s exam is very difficult.” Lin Yi said.

“Don’t change the subject. Boss Bai asked me to go back after school. I can come back at night, but it’s more important to read the files first.” The more Yu Panhu heard Lin Yi’s calm tone, the more certain he was that Lin Yi had gotten good information this time!

Lin Yi didn’t try to force things, nor did he try to act pretentious. He didn’t even try to exchange anything with him, lying that it was the information from last time. You Panhu’s interest was piqued.

“In your dreams!” Lin Yi’s face turned cold as he put the documents behind him. “I showed you last time, but you didn’t look. It’s impossible to look again! You went to a book rental store to rent a book, and you want to borrow it for free after returning it? Do you think that’s possible?”

“This ...” Right Panhu wanted to say, “how is this the same?” But thinking about it, it was almost the same, and he couldn’t refute it.

“Alright, I’m leaving. I still have to eat. Goodbye.” Lin Yi turned around and walked away.

“Hmph, you want to trick me, right coiling Tiger? It’s not that easy, I heard it all, it’s clearly a personal notes of an Alchemist, do you think I’m deaf?” Yu Panhu frowned and thought to himself, how could he cheat Lin Yi for the information?

He’d heard from boss Bai before that this information was extremely precious, and it was best not to let anyone else see it. This made him even more certain that what boss Bai was giving Lin Yi was his life’s essence, the refinement master’s personal notes.

“Right coiling Tiger, what are you doing standing at the door? Still not coming in?” Boss Bai’s authoritative voice rang out, and youpan Hu turned around, only to find that the office door wasn’t closed. He was a bit annoyed-this Lin Yi had to be doing this on purpose, making him look bad in front of boss Bai.

“Mr. Bai, I ... I’m a little scared to come in ... Yes, I’m a little scared!” “Lin Yi threatened me just now, saying that your exam would be hard, so I’m a bit of a coward ...” Yu Panhu said after some thought.

“Just quit school if you want to. I’ll go and settle the procedures for you.” Boss Bai said indifferently.

“Uh ... This, I don’t think so. I’m taking the exam now!” You Pan Hu quickly said.

“Alright, since it’s a test, two questions, one question. Distinguish all the medicinal herbs here and write down the names of these medicinal herbs according to their categories!” Boss Bai took out a small box from the cabinet in his office and placed it on the table.

You Panhu took a look at the box and his forehead suddenly broke out in a cold sweat. There were at least 20 to 30 kinds of herbs in the box. If he were to separate these herbs from the same kind, he was sure that he could do it. However, he couldn’t recognize all of them. With just one look, he couldn’t recognize at least three or four herbs.

“This ... There’s still one more question?” You Pan Hu asked with a bitter smile.

“Analyze the ingredients in this medicine.” Boss Bai took out a box of miracle doctor Kang’s pain killer from his office drawer and threw it to coiling Tiger.

You Panhu’s eyes brightened as he looked at the words “all pain vanishes.” He was familiar with this. This recipe was given to house Kang by the Hidden House you. You Panhu even went through it before and knew the ingredients ...

“Mr. Bai, what if I only complete one of the questions?” You Panhu asked carefully.

“If you only complete one, you won’t be able to take leave and skip classes at any time. You’ll also have to take the final exam. But I’ll forget about this matter.” In fact, boss Bai just wanted to give you Panhu a warning. He didn’t really want to fire him. After all, you Panhu got in because of his reputation. Although boss Bai didn’t buy anyone’s face, this was the principal’s personal request, so boss Bai couldn’t refuse.

“Alright, alright!” You Panhu was already very happy with the results. He quickly picked up the miracle doctor Kang’s pain-relieving medicine and pretended to study it for a long time before saying, “There’s Sanqi, incisivectomy, white peony root, and viagra ... But the most important ones are aminoblin and caffeine ...”

“Not bad, you’re all right.” Boss Bai nodded and said, “but I don’t know who came up with this prescription. It’s so immoral. It clearly states that it’s a herbal preparation, but it adds chemical components. It says that there are no side effects, but the side effects of aminyluminbin and caffeine do exist ...”

Boss Bai was talking about house Kang, but he didn’t mean it. You Panhu blushed, but he knew that boss Bai wouldn’t be able to guess the hidden relationship between house you and house Kang.

Chapter 2175: Something happened in the dormitory

Boss Bai really didn’t know that the question he’d asked was just to give free marks to him. Lin Yi had already told him the recipe for miracle doctor Kang’s painkiller at miracle doctor Guan’s company’s new product launch, and as long as he paid a bit of attention, he’d be able to get it right.

“Yes, it’s indeed a little immoral. These herbs do have the effect of promoting blood circulation, removing blood stasis, promoting Qi circulation, and relieving pain, but after adding aminoblin coffee, the effect will be significantly improved. So, this medicine can’t be said to be lying. It’s just hiding some facts.” You Panhu said.

“En, it seems that your Foundation is quite solid. I’ll let this matter go. Next time, you’re not allowed to skip class!” “If you want to take leave, you have to give me a reasonable reason and let me know in advance!” Boss Bai said.

“Yes, teacher Bai, I understand.” You Pan Hu said respectfully.

“Alright, you can go and eat.” Boss Bai waved his hand.

“Right, Mr. Bai, you were looking for Lin Yi to take him as your disciple, right?” You Panhu asked carefully.

“What does this have to do with you?” Boss Bai asked indifferently.

“It’s like this, that Lin Yi ... Doesn’t seem to know how to make elixirs?” You Panhu asked after hesitating for a moment.

“What’s wrong?” Boss Bai didn’t comment.

“It’s nothing, Mr. Bai. If you’re taking in a disciple, character is very important ...” You Panhu lowered his voice and said, “Mr. Bai, that Lin Yi, he’s got some character issues!”

“What’s wrong with his character?” Boss Bai was slightly stunned, and he looked at right coiling Tiger with interest.

“That Lin Yi is actually an Alchemist, but he lied to you that he didn’t know how to control the fire ...” “Back then, he said on many occasions that he’s a refiner, and at this hidden house Summit, if the bet was pills, Lin Yi wouldn’t want them, or use them to exchange for other treasures. If he’s not a refiner, why wouldn’t he want those pills? Elixirs are so precious, but he didn’t want them. This only means that he doesn’t lack elixirs. He’s an Alchemist ...”

“Oh? How do you know that he lied to me that he doesn’t know how to control the pill fire?” Boss Bai looked at right coiling Tiger with some doubt.

“This ... Actually, I was eavesdropping at the door just now ...” Right Panhu was stunned, but he still admitted it. He might as well go all out and say, “Actually, Lin Yi’s goal was to get your personal notes. You don’t usually show your good materials to others, but he’s using your lack of skill to gain sympathy ...”

“Oh, that Alchemist’s notes I was going to show him, do you have anything else?” Boss Bai asked.

“That’s ... It’s gone ...” Right Panhu looked at boss Bai’s indifferent look. Although he was very unwilling, there was nothing he could do. Boss Bai didn’t seem to care at all. What else could he say? “I’ll take my leave then ...” He said awkwardly.

“Let’s go. Don’t forget to close the door. There’s no one at the door this time.” Boss Bai said indifferently, but it made right Panhu’s face turn red.

He didn’t want Lin Yi to eavesdrop on him, so he didn’t close the door when he entered. This was also why he dared to slander Lin Yi behind his back-after all, he’d already known that Lin Yi was a powerful figure at the Hidden House Summit, and it was best not to mess with him!

Even his elder you didn't dare face Lin Yi alone, let alone alone alone facing him alone. He didn't even dare to face Lin Yi with elder Tang, so what could he say?

After leaving boss Bai's office, you Panhu was a little depressed, but he understood one thing-the materials in Lin Yi's hands were indeed the personal notes of a refiner. This made you Panhu even more determined to get the materials for him.

He did get scammed by Lin Yi last time, but it wasn't the same this time. Boss Bai admitted that it was the personal notes of an Alchemist, how could he be wrong? Besides, Lin Yi's unnatural reaction just now meant that it was probably something good, so he decided to think about what price he could pay for the personal notes.

Lin Yi didn't even want to eavesdrop on them-he took boss Bai's documents, went to the canteen, bought a lunchbox, and went back to his room.

Bai Weitao was chatting on his computer when he saw Lin Yi. He said excitedly,"Brother Lin, long time no see. I have good news for you!"

"Good news? what good news?" Lin Yi sat in his seat and opened his lunch box. It was fine if practitioners didn't need to eat, but not eating was like losing something in life, and Lin Yi wasn't used to it.

"Hehe, in the few days that you weren't around, I finally got he meiyue's QQ number through my relentless efforts. We're having a good chat Now, and he meiyue finally agreed to my invitation to go to the movies with me tonight!" Bai Weitao said with great excitement.

"Oh, then congratulations." Lin Yi didn't have a good impression of he meiyue, but since Bai Weitao liked her, he didn't want to dispel his enthusiasm.

"Wait, brother Lin, I'm not done yet. Although he meiyue agreed, she doesn't want to go alone with me. She wants me to bring you and sister-in-law Xinyan, or Zhao Shengji and Chai Xiaoling!" Bai Weitao said.

"Then let Shengji go." Lin Yi suddenly realized that Zhao Shengyi wasn't in the room."Where did that fatty go?"

"Don't mention it. The morning before yesterday, when we were going to class, the dormitory building had just finished mopping the floor. Zhao Shengyi accidentally slipped down the marble stairs when he was going down. He was too fat and broke his sternum. He is now lying in the school Hospital ..." Bai Weitao said gloomily."Chai Xiao Ling is recuperating there!"

"..." Lin Yi was speechless. It wasn't a big deal for a normal person to fall, but this one broke his bones from the weight of his body! However, Lin Yi immediately frowned. The place where Zhao Shengji's bone was broken was a little too strange.

It was possible to break an arm or leg, but a broken sternum? Why did it feel so awkward? Just how difficult was this throw? Especially when he was going downstairs, according to the center of gravity, the whole person should fall backward, and it was impossible to press on the sternum!

"Wei Tuo, what happened? I'm afraid that Zhao Shengji's bones are not as simple as being broken, right?" Lin Yi asked with a frown.

“Ah?” Bai Weitao froze, not expecting Lin Yi to pick up on that! Zhao Shengyi and Bai Weitao had discussed this matter before, and they wanted to reduce the big issue to a small one! (To be continued.)

Chapter 2176: can't let it go

Chai Xiaoling had the same thought. They said that they wouldn't tell Lin Yi because he was a loyal person. He couldn't just leave things like this, but they were also afraid that Lin Yi would get into trouble again if he did, so they made up this reason. They didn't expect Lin Yi to find the loophole in it!

Bai Weitao thought about it carefully and also found the flaw! Although he was born into a family of doctors, he was not a detective. He had little contact with the wounded and the sick, so he made such a low-level mistake.

“He fell down on his stomach ...” Bai Weitao said.

“You fell down while lying on your stomach? Why don't you fall down and show me? Head down? No concussion, only a broken sternum?” “What happened?” Lin Yi asked.

“Sigh, I knew I couldn't hide it from big brother Lin!” “When we new students enter the dormitory, there are seniors who come to the dormitory every year to sell some things,” Bai Weitao said helplessly. “It's the so-called senior helping the junior, but in fact, it's just forcing the purchase! “This has been an unspoken rule in our school for many years. There are actually some small gangs in the school, and these seniors who are promoting things are members of this small gang. They came to the freshmen dormitory to promote things, and everyone was forced to buy them. If I was in the dormitory at that time, I definitely wouldn't have let Zhao Shengji be so impulsive. However, at that time, there were only Zhao Shengji and Song Xidao. The two of them didn't buy it, but the students who came to promote things forced them to buy it. Under the pressure, they said, “I had no choice but to buy them. However, Zhao Shengji reported them to the school's Student Affairs Department after that. As a result, the school dealt with them and gave them a demerit ...”

“The school didn't know about this before?” Lin Yi frowned.

“I know, but it's just that the public doesn't raise the official's opinion. After all, it's a small business in the University. It's just that the school leaders didn't know that they were so excessive. This time, they caught a classic example ...” Bai Weitao said.

“What does that have to do with Zhao Shengji's injury? Did they come for revenge after that?” Lin Yi asked.

“They didn't come. After all, no one would dare to commit a crime against the wind. However, their group came. They are from the school's Boxing Club. When Song Xidao was not in the dormitory, they beat up Zhao Shengji and broke his ribs ...” Bai Weitao smiled bitterly. “The boss of the boxing club is Li Biaohan, a very famous person in the school. It is said that he is also very powerful outside the school. The boxing club is basically a small gang, and the people in it are all punks and the like. It is just a cover for the appearance ...”

“Li Biaohan? I see. I'll go and see Zhao Shengji first. Then, I'll let Zhao Shengji decide how to deal with this guy.” Lin Yi said.

“Big brother Lin, we can look at Zhao Shengji, but we can’t look for trouble with li biaoan ...” Bai Weito smiled bitterly. “I’ve been in this school for so many years. I still have some understanding of this li biaoan. He’s very good at fighting, and most people aren’t his match ...”

“Oh, it’s fine. I’m not an ordinary person.” Lin Yi said nonchalantly.

“Man, big brother Lin, I know you’re a little stronger, not even afraid of lions and tigers, but that li biaoan ... Eh, how should I put this?” “My grandfather used to be an Alchemist, so he’s in contact with many things. Have you heard of cultivators?”

“I’ve heard of it.” Lin Yi nodded.

Bai Weitao was surprised. He didn’t expect Lin Yi to have heard of practitioners before. It was easy to explain, “That li biaoan is a cultivator. It’s better if we don’t provoke him. Otherwise, there’s no benefit. Anyway, Zhao Shengyi profited from this misfortune. He’s confirmed his relationship with Chai Xiaoling ...”

“That’s a separate matter, we can’t just let it go like this.” “Let’s go see Zhao Shengyi first. I know a little about medicine, I can help him recover faster,” Lin Yi said.

“Alright,” he said. Bai Weitao had no choice but to accompany Lin Yi to the school Hospital.

Sure enough, Bai Weitao was right. Although Zhao Shengji was lying on the hospital bed, Chai Xiaoling was by his side, and he looked very happy.

“Shengji, big brother Lin is here to see you!” Bai Weitao pushed open the door and shouted.

“Boss, you’re here!” Zhao Shengyi smiled when he saw Lin Yi, immersed in the happiness of love. He didn’t even care about being hit.

“Shengji, how is it? Have your bones been set back?” Lin Yi asked with a smile.

“Yes, they’re all connected. They’re young and have almost recovered. They can go back in a few days.” Zhao Shengji chuckled.

“I’ll help you take a look.” Lin Yi said.

“Boss, you know how to treat illnesses ... Oh, right, Wei Tuo said before that his grandfather was cured by you. You’re good at medicine, so you can take a look at me!” Zhao Shengyi didn’t doubt Lin Yi and said directly.

Lin Yi’s medical skills weren’t a secret to begin with, so he didn’t need to hide it from Zhao Shengyi and the others. Besides, these people were his own people, so Lin Yi wouldn’t hide it.

However, Lin Yi still used the method of inserting pure energy into the needles to heal Zhao Shengyi’s injuries. He didn’t directly transfer any pure energy into him. At the end, Lin Yi applied some medicine to Zhao Shengji’s wounds. This was the usual healing method he used before he entered the Jade space to cultivate and discovered that the art of Dragon mastery could heal injuries.

Lin Yi didn't use his pure energy to heal Zhao Shengyi completely, only leaving a small cut. However, with this herb on him, he would be able to recover tomorrow. At that time, people wouldn't think too much about it and would only think that Lin Yi's herbs were amazing.

"Eh? "Boss, this herbal medicine is really different when applied to your body. It's very comfortable. It's as if your injuries are half healed in an instant ..." Zhao Shengji said.

"Hehe, it's good that it's effective." Lin Yi nodded, "alright, you should be able to get up and walk around now. Let's go find that li biaohan guy."

"Ah? You're looking for li biaohan?" Zhao Shengji was stunned.

"He injured you, who else can we find if not him? Don't tell me you're thinking of just letting it go like this?" Lin Yi had always been like this—he'd protect his friends and family, and he'd get them back if they were hurt or harmed.

"Uh ... Boss, why don't we forget about it ... I'm fine now ..." Zhao Shengyi was very angry at first, but after hearing Bai Weitao talk about li biaohan's power, he backed out!

He came to college to learn about dating and didn't want to get into trouble. If he provoked li biaohan, he was afraid that he wouldn't have a good life in the future.

"Zhao Shengji, tell me the truth. Are you willing to accept this?" Lin Yi squinted his eyes and asked.

Chapter 2177: going to the door

Zhao Shengji was stunned. He originally wanted to say that he was unwilling, but so what? However, he suddenly thought of Chai Xiaoling beside him. If he was too weak, would Chai Xiaoling look down on him? Thinking of this, Zhao Shengji said, "I'm not willing, boss. It's just that two fists can't fight four hands. That li biaohan is not only powerful, but he also has many underlings. If we go, we will only be beaten. I think we should plan before we take action!"

"There's no need to plan. Just find that li biaohan. I'll help you break his ribs, and then ask him for a sum of money." "If you're not going, I'll go myself!" Lin Yi said.

"I ... Okay, then let's go!" Zhao Shengyi saw that Lin Yi had stood up for him, and if he didn't go, he would be a coward ... He gritted his teeth and jumped up from the bed. He realized that his bones were much better now, and there was only a slight pain, nothing else ...

"Sigh, then I'll go too!" Bai Weitao sighed. If he didn't go now, he would be a coward.

Chai Xiaoling was calm, "Lin Yi, are you sure about this?" "If you don't have the confidence, why don't you let the school solve it?"

"Hehe, do you think I would harm them?" Lin Yi asked.

"This ... I won't." Chai Xiaoling thought about it. All this while, Lin Yi had been helping his roommates. He wouldn't harm anyone. Besides, Lin Yi always had a plan in mind, like the drinking contest with Bai Weitao and the lion-tiger garden incident where he helped Bai Weitao and caused Zhang duopan and

fan ganhe to get bitten by a Lion. She didn't know how Lin Yi did it, but it showed that he wasn't a reckless person.

"In that case, let's go." Lin Yi said as he walked out of the room.

At this time in the afternoon, the nurses and doctors had already gone to have lunch. There was no one else around. Otherwise, they would have asked about Zhao Shengji when they saw that he had been discharged from the hospital. The only nurse on duty did not know Zhao Shengji.

Since the decision was made, Bai Weitao didn't say anything else and brought Lin Yi to the headquarters of the boxing club. However, this wasn't the time for the club activities. There was no one else in the club other than two guys who were practicing.

"Who are you looking for? Are you here to register?" These two underlings were the lowest level underlings and were also freshmen this year. They had just joined the boxing club, so they were in charge of the ranking and recruitment of new members.

"Where's Li biaohan?" Lin Yi didn't have time to waste on them.

"President li isn't here. What's the matter?" One of the lackeys stopped his practice and walked over with a frown when he heard Lin Yi's unfriendly tone.

"Give him a call and tell him that someone is looking for trouble with him!" Lin Yi wasn't in the mood to chat with a follower.

"So you're here to kick the field!" The Lackey finally understood why Lin Yi was here.

"Sweeping the field? Li biaohan doesn't have such a big face. This place isn't worth my time. I don't have time to waste with you. Hurry up and make a call!" Lin Yi said impatiently.

The Lackey looked at Lin Yi, Zhao Shengji, and Bai Weitao. Chai Xiaoling was a girl, so he automatically ignored her. He and the other guy were new to the boxing club and weren't very strong. They didn't have any advantage in a two-on-three fight, so he hesitated for a moment before a cold light flashed through his eyes,"Then wait!"

He didn't have li biaohan's phone number yet, nor was he qualified to have it. He was just a newcomer in the boxing club, but he had the phone number of the Vice President of the boxing club.

"Hello? Is it brother Gao? I'm Xiao liuzi from the boxing club. There are people sweeping the field ... Yes, three people!" This underling ran to a corner and called the Vice President of the boxing club, Gao Lutong. Li biaohan actually rarely came to the boxing club. The affairs here were all decided by the Vice President, Gao Lutong.

Although the follower was quite far away from Lin Yi, Lin Yi still heard what the follower said. He heard that the follower called some Vice President Gao, and a mocking smile appeared on his face, but he didn't expose him.

Lin Yi had a rough idea of the situation-it'd be good enough for a small fry like him to even have a vice president's phone number. He probably wouldn't be able to contact the President, but that was fine-he could just get Vice President Gao to call li biaohan.

“Boss ... We ...” Bai Weitao was a little guilty, “Do you need to tell my grandfather? Get the school to step in? My grandfather still has some influence in the school ...”

“No need,” “If you go to the school, they’ll think that you’re scared of them. They’ll take revenge on you guys later. The most direct way is to break their boss” ribs and ask him to pay. They won’t dare to do it again. ”

“...” Bai Weitao smiled bitterly. If li biaoan was so easy to deal with, he wouldn’t have been so rampant in school for so many years!

Not long after, Gao Lutong appeared at the entrance of the boxing club with four burly men. Before they even walked in, he shouted, “Who’s so bold to make a scene in the boxing club? do you want to die?”

“No one is clamoring here. You’re the one who’s clamoring. Do you want to die?” Lin Yi looked at the person as if he was looking at an idiot.

“What do you mean?” Gao Lutong blinked, not understanding what Lin Yi was trying to say.

However, Bai Weitao and Zhao Shengji understood and laughed to themselves. Chai Xiaoling could not help but laugh as well.

However, when Zhao Shengji saw Gao Lutong’s face clearly, his expression froze! The person who had taken the lead to beat him up was this Vice President Gao, Gao Lutong!

“Brother Gao, what he means is that you were the only one who was clamoring just now, so you said that you don’t want to live anymore ...” One of Gao Lutong’s smarter underlings quickly explained.

“Damn it, are you playing word games with me?” Gao Lutong pointed at Lin Yi, enraged. “Boy, it’s been so many years, and no one has ever dared to come to the boxing club. I think you’re a weirdo!”

“Word games? That’s because your IQ is too low. I don’t have time to talk nonsense with you. Get that President li biaoan of yours here. ” Lin Yi said impatiently.

“Looking for brother biaoan? Are you even worthy of that?” Gao Lutong looked at Lin Yi’s group of four mockingly. His eyes suddenly fell on Zhao Shengji, and he was surprised, “It’s you? Kid, so you’ve brought people here to seek revenge?”

Although Zhao Shengji was a little afraid, he couldn’t hide since he had been recognized. He could only brace himself and say, “That’s right, my boss has brought me here to seek revenge!”

“Sure enough, but damn fatty, it seems that I didn’t beat you hard enough last time. You still dare to come and find trouble? I don’t think you want to be discharged this semester!” Instead of getting angry, Gao Lutong laughed and threw a punch at Zhao Shengji. This time, it was even more vicious than the previous one. It was aimed directly at Zhao Shengji’s face!

Chapter 2178: inconceivable

Last time, he had brought his men to beat up Zhao Shengji. However, they had used some underhanded methods to break Zhao Shengji's sternum. It was not because of the old saying, "don't hit someone's face." It was because they did not want to go too far in the dormitory.

But this time, Zhao Shengyi had come to the boxing club to challenge them, so he naturally didn't care! In these martial arts clubs, there were actually some recognized unspoken rules, which were to challenge and kick the field. For example, if you were from the Taekwondo club, if you were not satisfied with the boxing club, you could come to challenge or bring people to kick the field. If two parties fought in the field of such clubs, even if they injured the other party, the school would not pursue it. As long as no one died, they would not interfere.

After all, this was an unspoken rule of martial arts clubs. Of course, there were also some stronger students who thought they were very strong. They could also come to challenge these martial arts clubs. If they won, they would become famous with one battle. Their popularity and status in the school would also increase. There would also be beautiful girls who would take the initiative to throw themselves into the arms of others. If they lost and were injured, it was because they were not capable. They could not go to the school to seek justice.

Therefore, this was also the reason why Gao Lutong had no fear in his own territory. Even if he beat up these people in front of him, it was because these people were not strong enough. After all, they were the ones who had taken the initiative to cause trouble.

Gao Lutong already had an opinion of Zhao Shengji, so he didn't show any mercy when he punched this time. He was extremely ruthless!

Gao Lutong was the Vice President of the boxing club. His boxing skills were even better. Usually, he could punch a fist mark on a steel plate. If this punch had landed on Zhao Shengji's head, Zhao Shengji would have been knocked unconscious on the spot, or at least have a concussion!

Zhao Shengji was dumbfounded when he saw a huge fist coming at him. In addition, the injury on his sternum had not recovered, and his mobility was severely affected. When he tried to Dodge, Gao Lutong's fist was less than five centimeters away from him. It was too late for him to Dodge.

Zhao Shengji subconsciously closed his eyes in fear. He was done for. He had just been discharged from the hospital, but he had to go back in again. The only comfort he had was that Chai Xiaoling would still be with him when he was in the hospital!

However, after a few seconds, Zhao Shengyi was surprised to find that he did not get punched in the head. He was in disbelief! When he closed his eyes earlier, the fist was already right in front of him. A few seconds had passed, but it still hadn't come?

Subconsciously, Zhao Shengji opened his eyes in a strange manner. To his great surprise, Gao Lutong's fist was still in front of him, but it had stopped and was hanging in the air unnaturally.

However, Zhao Shengyi took a closer look and realized that Gao Lutong's fist didn't stop on his own. His arm had been grabbed by someone, and the person who grabbed Gao Lutong was Lin Yi.

Zhao Shengyi was surprised and happy that he wasn't hit. He dodged to the side subconsciously, but he saw that Lin Yi seemed to be very relaxed. In stark contrast, Gao Lutong's face was red as if he had used all his strength, and there were beads of sweat on his forehead.

Zhao Shengji wasn't wrong-Gao Lutong had indeed used all his strength, because he realized that his arm couldn't move an inch after Lin Yi grabbed it. What was even more depressing was that he couldn't pull it back ...

Of course, that wasn't the end of it-it wasn't enough to make Gao Lutong's face turn red and sweat. The real reason was that Lin Yi's fingers were like pincers embedded in his arm. It was as if his arm would be crushed if Lin Yi used just a little bit of force.

"Kid, where are you from? I admit that I've looked down on you before. You do have the right to come and cause trouble! Let me go and we'll have a fair fight. I want to challenge you!" Although Gao Lutong had a hard time, he didn't think that Lin Yi was that strong. To him, Lin Yi's grip strength was just amazing, and it wasn't a big deal. The impact of his fist was stronger!

However, Lin Yi didn't answer his question. He turned to Zhao Shengyi and asked, "Is this the guy who broke your ribs?"

"Y-yes!" Zhao Shengji nodded as he looked at Gao Lutong's pained expression. He suddenly had confidence in Lin Yi.

"Oh, since it's him, then we don't need to look for that li biaoan." Lin Yi tightened his grip slightly, and Gao Lutong screamed like a doctor. The excruciating pain spread from his arm to the rest of his body-Lin Yi had crushed the bones in his forearm.

"Ah ..." Gao Lutong cried out in pain after his arm was broken by Lin Yi. He took two steps back and looked at his arm in disbelief. "You ... You broke my hand?"

"It's just a broken hand, yet you're screaming so miserably. Even Zhao Shengji's sternum is broken. He's not as cowardly as you." Lin Yi said faintly.

"Good, you've got guts! Let's take this kid down first. Don't hold back, there won't be a problem as long as we don't kill him!" Gao Lutong ordered his subordinates while enduring the severe pain.

Seeing that Gao Lutong was at a disadvantage, his underlings had been eager to give it a try. He really didn't know how to spell the word 'death'! If it weren't for the fact that Gao Lutong didn't say anything and they didn't want to bully Lin Yi with their numbers, they would've torn him apart already.

"Did these few people participate?" Lin Yi wasn't afraid of the four big, burly men at all. He turned to Zhao Shengji as if he didn't care at all.

"I think so ... But I can't remember clearly. Last time, it was Gao Lutong who took the lead. He knocked me down with one punch. The others were just cheering, so I didn't see clearly ..." Zhao Shengji thought for a moment. He didn't have a good impression of the others!

This was because Gao Lutong was relatively easy to recognize. He had a cool image with his hair swept back, like the God of Gamblers in TV shows. The others were all big and round, so it was not so easy to recognize him.

“Oh, then that’s it.” With that, the four fell to the ground, unconscious.

At this moment, Gao Lutong’s eyes widened in shock. He didn’t even see how his four men fell to the ground, but they just fell on the ground as if Lin Yi didn’t even do anything!

“You ... Y-y-y-you ...” Gao Lutong looked at Lin Yi in shock, unable to form a complete sentence. To Gao Lutong, the scariest thing wasn’t Lin Yi breaking his wrist. It was that Lin Yi didn’t even do anything and his four men fell to the ground! This matter was too strange, to the extent that it was simply unimaginable. So, he looked as if he had seen a ghost. “You, you ... How did you do that?” (To be continued.)

Chapter 2179: What do you mean by that?

“What did I do?” Lin Yi looked at Gao Lutong curiously.

“The four of them ...” Gao Lutong pointed at his four underlings on the ground in horror.

“He’s dead,” Lin Yi said.

“Gah?” Gao Lutong’s hand was hurting, and he was crouching on the side with his arms crossed. He jumped up like a rabbit when he heard Lin Yi’s words, retreating four to five meters as he looked at Lin Yi in horror.

“What are you doing?” Lin Yi asked.

“You ... You killed them?” Gao Lutong asked with a guilty conscience.

“No, I left out a word. They’re dead asleep.” Lin Yi said.

“...” Gao Lutong was speechless for a while. He thought, “you’ve scared me to death. I thought you were a murderer!” But he knew that he wasn’t a match for this man. Lin Yi didn’t admit it, but he knew that Lin Yi was the one who did this to his four sleeping men.

“You ... What do you want?” Gao Lutong couldn’t beat Lin Yi, so he had to ask.

“It’s not what I want to do, it’s what you want to do,” “You broke his ribs,” Lin Yi said, pointing at Zhao Shengji.

“Brother ... His sternum is broken, but so is my arm. My four men have also learned their lesson. This matter ... Should we just let it go?” Gao Lutong asked.

“Forget it? I broke your arm, and your four men fell asleep because they didn’t wake up in the morning. What does it have to do with Zhao Shengyi? Are you retarded? don’t you know how to settle accounts?” Lin Yi asked.

Hearing Lin Yi’s words, Gao Lutong almost vomited blood. However, he was the weak one now and didn’t dare to offend Lin Yi. He could only say, “Didn’t you come to find some face for him? Wouldn’t that be helping him vent his anger ...”

“I’m just here to be a bystander.” Lin Yi said.

“Uh ...” Gao Lutong almost fainted. “Then ... What do you think we should do?”

“I said, then you choose. Do you want to settle this matter privately or publicly?” Lin Yi asked.

“Public and private? What did that mean? What if it’s a male? So what if it’s settled privately?” Asked Gao Lutong, stunned.

“I’ll do it. I’ll beat you up and break your ribs. Then, I’ll send you to the school leaders and you’ll admit that you injured Zhao Shengyi. How you’ll be dealt with after that will be the school’s business.” Lin Yi said.

“This ... How is this a male? aren’t you going to beat me up?” Gao Lutong was annoyed, but he had no other choice. “The school leader asked me where my injury came from. What should I say?”

“Oh, you can say that I hit you, but I’ll take revenge on you after this.” Lin Yi said faintly.

A threat! This was a naked threat, the same as how he dealt with Zhao Shengji, but he was really afraid of Lin Yi’s revenge!

“Then what if we settle it privately?” Gao Lutong wasn’t afraid of Lin Yi’s revenge. As far as he was concerned, Lin Yi wouldn’t be a match for Li Biaohan if he came back. It was just that Gao Lutong didn’t want to embarrass himself in front of the school leaders! If people knew that he, Gao Lutong, had been bullied so miserably, he would have no way of staying in school.

“Let’s settle this privately. I’ll beat you up and you’ll pay me a million.” Lin Yi said.

“What? A million?” Gao Lutong thought that there was something wrong with his ears.

“Yeah, look at his broken ribs. It’ll be hard for him to walk around in the future. He should at least buy a car. Besides, he needs someone to take care of him!” “Look, he just got himself a girlfriend,” Lin Yi said, “but he’s already injured. What if his girlfriend’s family objects?” So, you have to take more betrothal money. That way, you can buy a car for 100000 Yuan and give me 900000 Yuan as a betrothal gift. It’s already a bargain for you.”

“...I might as well be a public official then ...” Gao Lutong was speechless. This Lin Yi was too good at bullshitting, wasn’t he?

“Oh, right, I forgot to tell you. If you choose to settle it privately, I’ll have to make you pay for it. I can’t beat you too badly, but if I send you to school, it’ll have nothing to do with me. So, you’ll basically have to say goodbye to me from now on!” Lin Yi said.

“Say goodbye to me? What do you mean by that?” Gao Lutong didn’t quite understand what was going on. What did this have to do with the vertical bamboo flute?

“It means that you don’t need your four limbs or your fifth leg, because your hands and your d * ck are all useless.” Lin Yi said.

“Pfft ... Hahaha ...” Bai Weitao and Zhao Shengji could not help but laugh. Chai Xiaoling’s face was red, but she could not help but laugh.

“I’ll settle this privately ...” Gao Lutong took a deep breath, and a gloomy look flashed through his eyes. “I have to call my boss about the compensation. I don’t have that much money ...”

“Oh, then hurry up and call.” Lin Yi said impatiently, waving his hand.

“Yes ...” Although Gao Lutong agreed readily, he was sneering in his heart! He knew li biaoan’s methods, and when he came back, he’d have to crawl out no matter how strong he was, so he wasn’t in a hurry ... He was just thinking, how could he make it sound more miserable?

.....

On the outskirts of Donghai city, there was a heavily guarded Manor. It wasn’t the territory of the hidden Noble House, but a branch of the famous Firewolf gang in Donghai city. The person in charge of this branch was an Jianwen.

Even an Mingyue, who was in charge of contacting the fire Wolf Gang in Donghai city, had become an Jianwen’s subordinate.

“Jianwen, I’m just like a father to his son!” An Mingyue laughed, her expression happy, “I’ve gained a lot of knowledge from the Hidden House Summit. I used to think that our an family, as a member of the common house, the leader of the five small houses, was already a very impressive existence, but now, we’re just frogs in a well!”

“Yeah, but it’s all for Lin Yi, he won so many matches!” An Jianwen had already heard about the Hidden House Summit from his father, and he said with regret, “These hidden houses are too weak, even Lin Yi can’t handle them!”

“Don’t talk about them, we have to avoid Lin Yi as well, don’t we?” An Mingyue shook her head helplessly. “That bunch of trash. They held a random Summit and lost everything. They gave all their treasures to Lin Yi.”

“Lin Yi ...” Jianwen’s eyes turned cold at the mention of the name. If he had the chance, if he had the ability, he would kill Lin Yi for sure, but he wasn’t too confident right now. “Wait until the professor and his junior finishes refining medicine 01, then we’ll make a few more test subjects and kill Lin Yi!”

“Oh? Potion 01 is being refined?” An Mingyue was overjoyed.

Chapter 2180: an Jianwen’s new plan

“Of course, it’s probably almost done!” Jianwen nodded. “It’s all thanks to the Hidden House Summit. We lost some things, but we still found some flaws and weaknesses of our medicine. The professor found a breakthrough point from the test subjects.”

“Haha, that’s great!” An Mingyue smiled.

At the Hidden House Summit, the Firewolf gang members had all been injected with the 01 drug as test subjects, just like the test subjects in the arena and bank robberies. However, this test subject was slowly being perfected, which was why an Mingyue was not sad or happy when she saw the injured members!

The injured and dying disciples were all sent to the professor's lab to find the flaws and weaknesses of the medicine.

"What's so good about it? my original plan was to train a group of 01 test subjects to Rob the worldly families. Now, the abilities of these test subjects are enough to wipe out the worldly families." "But I didn't expect that most of them would side with Lin Yi and the practitioner Alliance. I'm afraid of taking action. Lin Yi's too strong. I don't want to fight him head-on until I'm confident ..." Jianwen said regretfully.

Jianwen wasn't happy about it, but he had to accept the reality-even the protector of the Firewolf gang, an Earth Class late phase peak, wasn't confident in taking him on. Plus, Lin Yi was in the spotlight during the Hidden House Summit, too-Jianwen had to keep his distance.

And so, he had no choice but to change his plans. He'd have to deal with the hidden houses and normal sects instead of the common houses. He'd have to perfect the 01 drug, and the test subjects would have to be at least Earth Class late phase peak to Rob the hidden houses!

Using a few 01 "s to hold off the sky Class Masters while the others went to Rob them was the only way to have a chance. If they were too weak, they would be completely wiped out.

"Good news, Wen bro, uncle an ..." It was an Jianwen's right-hand man, Scorpion.

"Oh? Scorpion, any good news?" An Jianwen's heart moved as he guessed something.

"The No. 01 drug is complete-it's even more durable than before. It can take at least two hits from a Sky Class early phase, and kill those below Earth Class early phase with ease. It can barely kill those from Earth Class early phase to mid phase, and it can kill those from Earth Class mid phase to late phase. It can kill them with it, and earth Class late phase peak and above can't be killed for the time being, but it can fight for a while ..."

"Alright!" "This test subject is amazing!" Jianwen was overjoyed.

"Yeah, it's all thanks to the professor's junior for finding the black box from the base's destruction. There's a copy of the professor's professor's notes inside." Scorpion said.

"Not bad, let's get an experimental product to test out the standard." Jianwen said.

"Okay, I'll go and inform the professor." "Oh right, li biaohan asked to see you, he said he wanted to treat master Wen to a meal ..." Scorpion said.

"Oh, let him in." Jianwen said.

"Yes!" Scorpion nodded and left.

After a while, li biaohan walked in respectfully. Seeing that both Jianwen and Mingyue were there, he quickly greeted,"Greetings, brother Wen and uncle an!"

"Alright, no need to be so polite, we're all on the same side." Jianwen waved his hand, signaling for biaohan to sit down and talk.

“Yes!” Li biaoan sat opposite of an Jianwen respectfully and took out an account book. He handed it to an Jianwen,”Brother Wen, this is the income of the Firewolf gang in the University City this month. Please take a look!”

“Oh, okay.” An Mingyue took the account book and flipped through it. After reading it, she was satisfied.”Not bad, you’re earning more than three million a month. It seems like you’re quite hardworking!”

“Hehe, compared to brother Wen, I’m really far behind. Brother Wen’s speed of making money is really fast. I’m just a small wizard in front of a big wizard!” Li biaoan said humbly. In fact, li biaoan’s income and contribution were relatively large!

He relied on forcing people to buy and sell in the school, collecting some protection fees, and so on. He could make more than three million a month, which was not a small number. Of course, this was not from one university. In the University City, there were dozens of universities. The boxing clubs of each University were already controlled by li biaoan, and what they did was basically the same business.

Otherwise, it would be impossible to earn such an income by just relying on a University.

“Good, keep up the good work. I’ll tell the chapter leader about your contribution.” “But, you’re still a little too timid, you should be a little braver!” Jianwen nodded.

“Bigger? What do you mean by that?” Li biaoan was slightly stunned.

“Hehe, there are rich kids in every school, right? After you’ve investigated thoroughly, I’ll send a few people to help you. After you’ve investigated thoroughly, my people will help you kidnap the child. This way, the income will be enough to cover your income for a few months!” Jianwen said.

“Brother Wen is wise!” Li biaoan was stunned. He had never thought of doing this before! First, it was because of his men. It was okay to ask them to do things like extortion, but they didn’t dare to kidnap people. Moreover, there were too many people, and it would be bad if they were exposed.

But things were different now. With Jianwen’s support, he could get people from the firewolves to help him with this. It was basically a done deal with no risk, and the benefits were high. All he needed to do was investigate who was rich and provide some clues about this student!

“Good, I like your personality. You don’t drag things out and are overcautious. You’re a person who will do great things!” Jianwen was very satisfied with biaoan’s reaction. He was most afraid of cowards who were afraid of wolves in front and tigers behind. How could they achieve great things like that?

The Firewolf gang had always been a gang that took advantage of unorthodox ways and was even darker than those underworld organizations. If they didn’t do these things, how could they make money?

“But, Wen bro, we can’t expose this, right? “If it’s exposed, it’s fine to do one or two, but it won’t be easy after a long time ...” Li biaoan hesitated and said.

“No, even if the people I sent were caught, they wouldn’t say anything. You can rest assured.” Jianwen smiled, not caring at all.

“En, I believe in Wen bro!” Li biaoan said,”by the way, brother Wen, uncle an, if you’re free tonight, I’ll make arrangements ...”
