

Bodyguard 2200

### Chapter 2200: raising conditions

She didn't know how much value her mobile pill furnace had. If those ancient sects found out, they would treat it as a treasure!

"En, en. Then Jing Jing will definitely work hard and strive not to waste any materials this time!" Han Jing Jing nodded.

Xinyan was already in the classroom, blushing as she saw Lin Yi walking over. What happened last night was way too intimate, and she didn't have a chance to talk to Lin Yi after they left the cinema. She was also interrogated by the meiyue and the girls when they returned to the dormitory, and she didn't know what to say. In the end, she had no choice but to agree to their relationship.

The point was that she had to agree, and the meiyue wouldn't believe it either, and kept asking questions, so Wang Xinyan had to agree in the end.

"Morning." Lin Yi greeted with a smile.

"Yeah ..." Wang Xinyan nodded.

"I've caused you trouble yesterday." Lin Yi said quietly as he sat down.

"There's no trouble at all, they've already thought so. Just like Bai Weitao, no matter if I explain or not, they still call me Xinyan sis-in-law, so what's the point of me explaining?" Wang Xinyan smiled bitterly.

"You're right. Then let's ignore them. I'm just worried that you'll feel burdened." Lin Yi sighed in relief when he saw that Xinyan didn't react. He was more worried that Xinyan would feel uncomfortable.

"What burden can I have? It's fine as long as we both know what's going on." Xinyan shrugged. "I don't care what others think. It's too tiring to live for others."

"Actually, I didn't mean to take advantage of you yesterday. I just wanted to cultivate faster while hugging you." Lin Yi explained.

"Yeah ... I know." Xinyan said. She didn't know either, but she trusted Lin Yi.

Lin Yi wanted to say something, but right coiled Tiger, yellow-haired, and purple-haired walked into the classroom, heading straight for Lin Yi.

"Lin Yi, let's talk?" Yu Panhu walked over and pulled out a chair, sitting down beside Lin Yi.

"What's there to talk about?" "Didn't you just want to see the information in my hands?" Lin Yi asked back.

"Heh, not bad. Since you know what I'm here for, I'll cut to the chase. Lin Yi, what do I have to do for you to trade with me?" Yu Panhu wasn't afraid of Lin Yi exposing his true intentions, but he was afraid that Lin Yi would beat around the bush.

"I don't want to change." Lin Yi said.

“You don’t want to change?” Youpan Hu was taken aback. There was a way indeed. Not wanting to trade and not trading were two completely different things. Not wanting to trade meant that Lin Yi didn’t want to trade, but it wasn’t impossible to change his mind,” Lin Yi, do you think that my offer doesn’t meet your bottom line? Let’s not play Tai Chi, just tell me the truth, what’s your condition?”

“Me? What conditions do I have? You’re the one who wants to trade with me, I don’t want to.” Lin Yi looked at him mockingly. “Since you don’t want to play Tai Chi with me, then tell me what conditions you have. If I’m tempted, then I’ll change. If I’m not, then forget it.”

“Alright!” You Panhu nodded—he’d gotten to this point already, and he’d gotten a clear answer from Lin Yi. There was no point in hiding anymore, and he spoke his bottom line, “I’ll keep the previous five second-grade pills and add a Supreme-grade medicinal cauldron from the ancient era!”

“A top-grade medicinal cauldron from ancient times?” Lin Yi was a little taken aback by what he’d just said—he’d trade a top-tier ancient cauldron for some personal notes? Was he crazy? If there was such a good thing, it would be like a family heirloom. How could it be exchanged with others at will?

“Yes, but I know you might not believe me, but I have photos here. I can show them to you first. If you agree, I’ll have someone send them over immediately!” You Pan Hu nodded and said.

“Right plate Tiger, it’s not that I don’t believe you, but you should at least have a reason for me to believe you, right? A top grade medicinal cauldron from ancient times, if you weren’t stupid, would you be able to exchange such a good thing for my personal notes?” Lin Yi looked at him as if he was looking at an idiot. “How credible do you think your words are? If you say it, will you believe it? I can’t deny that this Alchemist’s personal notes has some value, but compared to a top grade cauldron from ancient times, it’s a world of difference. You won’t bring a fake to fool me, right?”

“This ... How could that be ...” Right Panhu was a little embarrassed. He wanted to brag about the cauldron a little more to show off how good it was, but he forgot that the value of the item he was using to trade wasn’t equal to the value of the personal notes. That was why Lin Yi was suspicious.

“It can’t really be a fake, right?” Lin Yi looked at the embarrassed expression on his face and hmped coldly. “If you’re making fun of me, then you can get lost.”

“Ahem!” You Panhu coughed and laughed drily, “Actually, you’re not wrong. If it was a top-grade medicinal cauldron from the ancient times without any problems, I probably wouldn’t even have the right to touch it, let alone exchange it with you!”

“Then what do you mean?” Lin Yi asked.

“To tell you the truth, this cauldron is indeed a top-grade cauldron from the ancient times. However, there is a crack, which means it is broken.” “However, if you have the means, you can try to repair it,” you Panhu said. “If you can repair it, it will be priceless.”

“If it can be repaired, do you think it’s my turn?” Lin Yi fell into deep thought after hearing what youpan Hu said. He’d gotten the incomplete manual of the path of artifact repair back at the Hidden House han, but he’d been busy these past two days and hadn’t studied it in detail yet. If he could study it thoroughly, would he be able to repair this broken cauldron?

“This ... Hehe, it’s impossible to fix under normal circumstances, but Lin Yi, you’re so strong, who knows if you’ll be able to fix it if you’re lucky?” “This is a good thing, but if anyone can repair it, do you think I can still exchange it with you?” you Panhu said directly.

“Your words sound like a human ‘s.” Lin Yi said.

“...” Right Panhu was a little speechless. So what I said before was not human?

“So you’re saying that you’re taking a piece of trash in exchange for my personal Alchemist’s notes?”

“You really think I’m an idiot!” Lin Yi said with a smile.
