### Chapter 2201: pay for the meal

“Uh ... You can't say that. Didn't we talk about the terms of the exchange?” “It's a deal,” right-hand Panhu said. “It's between both parties. If you don't think it's possible, you can still make your request. I've only stated my bottom line. You can tell me your bottom line. We can combine the two of us. Won't that work?”

“Alright,” he said. Lin Yi nodded, “I'll tell you my bottom line since you're so interested in the exchange. Jing Jing, give me the list.”

“Okay, Lin Yi bro.” Han Jingjing had already listed out the medicinal pill ingredients she needed.

Lin Yi took the list and looked at it-it was the ingredients for three second class pills, one of which was the lesser Qi gathering pill! Lin Yi marked a number on the list and handed it to coiling Tiger. “Three types of second grade medicinal pill refining materials, five portions of each! In addition to that medicinal cauldron you mentioned just now, that's all I have!”

“Uh ... Five portions of each? That's fifteen portions of ingredients for a second ranked pill, which is equivalent to fifteen second ranked pills. ” You Panhu was shocked and asked.

“Are you an idiot or Do you not know how to settle accounts? Your family's fifteen portions of ingredients for second ranked pills are equivalent to fifteen second ranked pills?” “Fifteen portions of ingredients for a second class pill, can you make fifteen second class pills?” Lin Yi rolled his eyes.

“This ...” You Panhu thought about it. It made sense. Even if old master you were to do it, it was impossible to refine fifteen second-grade pills with fifteen sets of materials. A one-third success rate was already very high! After all, old man you was only a second-grade Alchemist, and his success rate was between 20 to 30%!

Thinking about it this way, Lin Yi's request wasn't raised at all-it was lowered quite a bit, and that made him a little troubled. “Are you sure this is your bottom line?”

“Yes!” “You'd better not play any tricks,” Lin Yi said. “I wouldn't even trade with you if I didn't need some ingredients for a second class pill. ”

“Alright, alright! I'll contact my family and have them send these materials and medicinal cauldrons over!” After figuring out the value of these second-grade medicinal pill materials, right Panhu immediately made a decision. This was something that he could make the decision on.

“Okay, send me the picture of the cauldron for me to study.” Lin Yi said.

“No problem,” he said. Yu Panhu agreed readily and sent a text to Lin Yi, “Since the deal has been made, can I take a look at the alchemist's personal notes?”

“Do you think I'll show you?” Lin Yi asked.

“Uh ... Then let’s wait until after the exchange.” Right-hand Tiger also thought that Lin Yi wouldn’t let him see it-what if he didn’t give him anything after?

“Then what are you still sitting here for? Boss Bai is here, do you want to be scolded?” Lin Yi asked.

“Ha, I’ll leave now!” Yu Pan Hu thought that Lin Yi was afraid, afraid that boss Bai would find out that he had exchanged the information. As far as Yu Pan Hu was concerned, if Lin Yi dared to play any tricks, he would report Lin Yi to boss Bai.

After youpan Hu left, Lin Yi turned on his phone and started studying the ancient high-quality cauldrons that youpan Hu was talking about.

The medicinal cauldron in the picture did look antique, but from the picture, it could be seen that the medicinal cauldron was very broken. Even though this angle was the best angle, the person who took the picture had tried his best to choose the most complete side of the medicinal cauldron to present.

However, even so, this medicinal cauldron was still full of holes and cracks. With one look, it was obvious that it was an ornamental item that could not be used for alchemy.

Of course, it would be an accessory in someone else’s hands, but not so in Lin Yi ‘s-he had an incomplete Repair Manual, and he might be able to find a way to repair this high-quality cauldron ...

So, Lin Yi might be able to get something out of it if he took it back and studied it. Even if it couldn’t be repaired, the fifteen sets of ingredients for the class 2 pill were worth it. Han Jingjing needed Class 2 pill ingredients for her experiment, and you Panhu was just in a hurry. He was so considerate.

However, this cauldron seemed familiar to Lin Yi, as if he’d seen it somewhere before, but he didn’t have much of an impression of it ... After thinking about it for a while, he didn’t have much of an impression of it, but boss Bai came.

Lin Yi spent the whole morning listening to class and cultivating, and nothing happened.

Lin Yi had promised Jingyi that he’d look for her at noon, and was stopped by coiling Tiger when he left the classroom.

“Lin Yi, wait ...” You Panhu had already told his uncle you zhentian about Lin Yi’s condition, and you zhentian agreed to it without thinking. In his eyes, fifteen portions of ingredients for the second class pills were about the same value as five second class pills, so Lin Yi’s request was nothing.

After you zhentian had prepared these things, he sent a core disciple of the you family, you Shi, to deliver these things to you Panhu.

“Oh, it seems like you’ve prepared everything I want?” Lin Yi asked faintly after seeing the bag in his hands.

“That’s right, I’ve already prepared the items. ” “It’s here, Lin Yi. Can we exchange information now?”youpan Hu said.

“Don’t worry, I haven’t checked the goods yet!” “Great, I haven’t had lunch yet. It’s your treat,” Lin Yi said unhurriedly.

“...” Right Panhu was speechless, but he was begging Lin Yi. “Where to eat? I’ll treat you, no problem. But let’s confirm the deal first.” He nodded.

“Go to the xueshang business hotel. I’ll trade with you there.” Lin Yi said.

“Okay ...” Right-hand Tiger had no choice but to follow Lin Yi to the parking lot and get into Lin Yi’s Grand Cherokee.

On the way, Yu Panhu wanted to say something but stopped himself a few times, but Lin Yi’s calm face told him that Lin Yi probably wouldn’t respond to him even if he did. He had no choice but to put his bag on the table after they reached the hotel room.

“Lin Yi, can we make the deal now?” His only purpose here was to trade with Lin Yi, and he didn’t have the time to eat with him.

“Wait, I haven’t ordered yet.” Lin Yi waved his hand and called the waiter over for the menu. He ordered something special.

“...” Youpan Hu was speechless, but he waited patiently for Lin Yi to finish his order, “”Now is fine, right?”

“Alright, you pay for my meal first.” Lin Yi said. (

## **Chapter 2202: I’ll be leaving first**

“...” Right-hand Tiger helplessly took out a credit card and handed it to the waiter, “”Pay first! I’ll pay with my card!”

“Yes, sir!” The waiter took the POS machine and swiped the card for you Panhu. Then, he left to prepare the dishes.

“Lin Yi, are you done? If you don’t want to trade, just say it. There’s no need to find so many excuses to avoid it!” Right Panhu was getting impatient. “”If you’re going back on your word, just say it!”

“Oh, you’re right. I’m indeed going back on my word.” Lin Yi said with a nod.

“I ... F \* ck ...” Right coiling Tiger almost jumped. “What do you want? Why are you going back on your word?”

“Actually, I went back on my word because of you.” Lin Yi said.

“Because of me? What do you mean by that?” You Panhu asked.

“Last time, when I exchanged information with you, you held a grudge against me and said that I tricked you. So, I was thinking, will you be the same after I exchange information with you this time?” “So, after a whole morning of serious consideration, I decided not to trade with you,” Lin Yi said seriously.

“F \* ck, you’re playing with me?” Youpan Hu was so depressed that he almost lost his temper, but he suddenly remembered that the person in front of him was Lin Yi. He couldn’t lose his temper, and if he did, he wouldn’t be able to find a reason to fight back. He could only swallow his anger, “As a man, you can’t go back on your words!”

“You still don’t understand? I’m thinking for you. I’m afraid that you’ll regret it and become a eunuch.” Lin Yi said.

“I’ll become a eunuch? How did I become a eunuch?” The right coiling Tiger was stunned.

“Didn’t you say that as a man, you can’t go back on your words? I’m afraid that if you go back on your word, you won’t be a man anymore.” Lin Yi explained.

“Alright, Lin Yi, don’t say useless things like that. You don’t have to think for me. I’m willing to exchange information with you, I won’t go back on my word, don’t worry!” “Is it fine now?” asked right coiling Tiger.

“Alright, since you’re so sincere, I’ll exchange with you.” “Okay,” Lin Yi nodded, “open the package, I’m going to check the goods!”

“I’m checking the goods for you, so you should at least check the goods for me, right?” You Panhu had an idea and said.

Lin Yi rolled his eyes, “are you testing your IQ?” I’ve already shown you my information, what value is there left? You won’t lose anything if I see your things.”

“Alright, go ahead and take a look.” Youpan Hu didn’t waste any more time-he opened the package and presented the item to Lin Yi. He just wanted to end this deal as soon as possible.

He opened the package and an ancient looking cauldron appeared in front of him. It was the same as in the picture, but after seeing the real thing, Lin Yi realized that this cauldron was even more broken than he had imagined!

The photo of the right Panhu was only the front of the medicinal cauldron. Even though the front was already covered with dense cracks, the back of the medicinal cauldron had a large crack from top to bottom. It was not an exaggeration to describe it as a terrible sight.

It was real, and Lin Yi could tell that it was an antique from his experience. He’d learned a bit about antiques when he went tomb raiding with Lingshan, but from the looks of it, this thing couldn’t be used for making elixirs-it was leaking air everywhere, and it couldn’t even be used for making medicine, let alone making pills.

“This thing is more broken than I thought!” Lin Yi said with a sigh.

“Lin Yi, don’t say that-would I trade something good with you? It’s this kind of chicken ribs that our hidden you family will take it out for an exchange!” “You’ve already agreed,” you Panhu said.”Don’t go back on your word.”

“I didn’t go back on my word. Look at you, you’re so scared.” Lin Yi put the cauldron down and started looking at the ingredients for the second class pills.

“Hmph!” Youpan Hu snorted and ignored Lin Yi, waiting for the results.

“It’s not bad, the items are not bad.” With that, Lin Yi tied up the bag and placed it beside him. He then handed some documents to you Panhu.”The things you need are here.”

“Hehe!” Yu Panhu saw that Lin Yi was finally willing to let go and was immediately overjoyed. He took the information and looked through it carefully.

You Panhu was an Alchemist. Although his rank was relatively low and he was only a first-grade Alchemist at the moment, he had heard and seen since he was a child and had a greater understanding of alchemy. Although he had not touched on those profound alchemy techniques, he could still tell the quality of the information at a glance.

He only flipped through one page, and his face turned serious. This information was indeed good stuff- Lin Yi didn't lie to him this time! Rejoicing, right coiling Tiger also heaved a sigh of relief. He continued to flip through the pages and nodded his head continuously.

Some of the points of view and techniques were mentioned by elder you when he was teaching the younger generation, so the information was real without a doubt. Lin Yi couldn't have made it up to fool him.

After reading a few more pages, the things inside were even more refreshing to right Panhu! Previously, old man you had only talked about some basic insights of alchemy, but what was recorded at the back were some insights and essentials of a first-grade Alchemist. You Panhu was amazed. Many things that he didn't understand and hadn't had the time to ask old man you questions could be explained and answered here!

Seeing this, the right coiling Tiger no longer doubted him. He nodded heavily and said, “Lin Yi, at least you're right this time-you didn't lie to me with something simple!”

“Oh, you've got the item. You can get lost now. Make a copy and return the original to han Jingjing.” Lin Yi, on the other hand, was surprised-didn't boss Bai say that this was the personal notes of the sky elixir sect? Logically speaking, the hidden right family should have one. Why did right Panhu look like he had obtained a treasure?

“Got lost? Aren't we eating?” The right plate Tiger's appetite had increased after getting the good stuff, and he was really a little hungry.

“I'm not even eating with you, I called you here to pay the bill. ” “Of course, you can stay here-I need to exercise after I'm done eating, and I'm lacking a sandbag. Are you willing to be my sandbag?” Lin Yi said.

“If there's nothing else, I'll take my leave.” Yu Panhu picked up the documents and walked out of the room gloomily. He couldn't beat Lin Yi, he wasn't Lin Yi's opponent. He was also boss Bai's student and his life wasn't in danger, but as long as he didn't die from a beating, boss Bai wouldn't interfere. In order to avoid getting beaten up, Yu Panhu decided to leave first. (

### **Chapter 2203: finding the location on the map**

Lin Yi only picked up his phone after youpan Hu left, calling Jingyi.

As for youpan Hu's reaction after getting the personal notes, Lin Yi was suspicious but not too worried. Boss Bai wouldn't lie to him, and he said he'd play along with him, proving that the information wasn't

the most important thing to boss Bai. Lin Yi was already satisfied that he could exchange the information for this.

Although he could get the ingredients from boss Bai, boss Bai would definitely get to the bottom of things if he asked for them. Lin Yi wouldn't be able to hide the fact that han Jingjing was an Alchemist then. He didn't want to hide it from boss Bai, but he didn't want to expose han Jingjing too early either, so he decided to start with right-hand man Tiger.

At the very least, he knew that Lin Yi wouldn't tell him anything even if he asked. He might as well not ask.

Jingyi didn't expect Lin Yi to book a table in the private room downstairs-she quickly dressed up and went downstairs, where the waiter was basically done serving the dishes.

"No way? Great thief, even if you are good to me, you don't have to order so many dishes. How can the two of us finish it?" Sun Jingyi looked at the dishes on the table, very happy.

"Someone's treating, so it's a waste not to eat." Lin Yi said.

"Someone's treating again this time?" "Where's the person treating us?"Jingyi asked, surprised.

"Get lost," Lin Yi said.

"Ha?" "Gone?" Jingyi blinked. What do you mean by that?"

"It means to get lost." "There's nothing for him to do after he pays,"Lin Yi said.

"I'm dizzy." "There's such a kind person out there?"Jingyi said, speechless.

"Yeah, this idiot always gives me good things." "Let's not talk about him, let's eat first,"Lin Yi smiled.

"En, en." Sun Jingyi nodded and picked up her chopsticks, putting a small piece of food into her mouth. Sun Jingyi recently lost the experience and maturity she had when she opened the company, but she had a bit more laziness and charm. Although she was at most a year older than Lin Yi, she was more mature than the Miss and Shu, probably because of her experience in the society,"You said that you would accompany me to explore the map my parents left me, right?"

"Of course." Lin Yi nodded without hesitation. His relationship with sun Jingyi had always been good, and putting aside the fact that they were half lovers, just the fact that sun Jingyi gave Lin Yi the Jade that her parents left for her as material was enough to move Lin Yi.

"Hehe, it seems like you still have some awareness of being a lover. You won't let me take the risk alone." Jingyi smiled happily at Lin Yi's confirmation.

"Realize what? I'm only a lover in name, there's no practical benefit to it." "Isn't it free labor?"Lin Yi smiled.

"I don't think so. Right now, it's just a probation period for you. When I'm happy, I might even let you be my mistress." "I'm not engaged to anyone right now,"Jingyi said." My family won't interfere with what I do ..."

Jingyi blinked at Lin Yi as she spoke.

"You seduced me?" Lin Yi looked at the Jingyi right now-it was hard to put her together with the white-collar woman from back then. She was much cuter now.

"I guess so. How is it? do you accept the seduction?" Jingyi asked.

"Just accept it." Lin Yi said with a nod.

With that, both of them started laughing-only the two of them could understand the way Lin Yi and Jingyi were talking, and they knew that it was just a joke.

"That's right, I've found the exact location of the Wulong hao te mountain range. It's located outside the southern border. The environment there is very complicated, and I heard that it's very dangerous!" Jingyi said seriously after the joke."There were a few exploration teams that went to the Wulong haote mountain range on the internet. Most of them were completely annihilated, and only a few survived. However, according to the survivors, it is very dangerous there. Not only are there natural chasms, but there are also some monsters ... Moreover, the local people are also very tough. In short, the survivors were all quite scared and said that they would never go there again in their lives ..."

"Oh? According to what you said, that place seems to be filled with danger?" Lin Yi was surprised at Jingyi's explanation."If that's the case, why did your parents leave this map to you?"

"I don't know. Maybe the more dangerous the place, the safer it is? If you hide something there, it won't be easy to find?" "That's the only reason I can think of,"Jingyi said."It's the truth, after all, and no one else went to that mountain after what happened to those teams. As time passed, it became a forbidden area for explorers."

"Perhaps, this is the only explanation." Lin Yi nodded.

"How is it, are you scared?" Jingyi asked.

"I'm not afraid, but you're the key," Lin Yi was speechless-even if it was a natural chasm with dangerous monsters, it was nothing compared to the Tomb Raider or the Ice Palace test! No matter how dangerous the natural chasm was, could it be more frightening than the secret tunnel mechanism in the ancient tomb?

No matter how powerful the beast was, could it be as powerful as the purple lightning Beast? Didn't Lin Yi take care of all of this?

"I'm indeed a little scared. " "If you didn't promise to keep me company, it's hard to imagine that I wouldn't have made up my mind to find out." After all, I'm not a practitioner like you. The thing I'm cultivating is a little special. "

"If it's just the chasms and monsters, then don't worry, there's no problem. I can handle them." Lin Yi said.

"That's good. I thought so too-you're an Earth Class now, and the members of the exploration team are all normal people. They can't be compared. " "I hope we'll find our destination without a hitch this time," Jingyi said.

"When do we leave?" Lin Yi asked.

"I can do it anytime!" "I don't have company stuff to do now," Jingyi said. "All I do every day is go to the hotel and look for information. I don't have anything else to do. Now that I've got the information, I can leave immediately."

"Alright, I'll go back and make some arrangements." "You know, I have to make arrangements for Chu Mengyao and Chen Yushu's safety," Lin Yi said.

But Jingyi's timing was good-Lin Yi leaving now didn't have anything to worry about, after all, he'd just made a name for himself at the Hidden House Summit, making the hidden houses and sects a little scared of him. (To be continued.)

#### **Chapter 2204: The value of the information**

They didn't dare to mess with him, but they weren't afraid of Mengyao and Yushu either.

Han Xiaopo had said that the Sky Class Masters of the hidden houses were restricted by the ancient world, and they couldn't enter the common world easily. So Lin Yi wasn't worried-with the purple lightning Beast protecting Chu Mengyao and Chen Yushu, there shouldn't be any problems.

Even if a Sky Class master came, the purple lightning Beast would be able to deal with it for a bit, not to mention that Sky Class Masters wouldn't come.

Those Sky Class Masters weren't stupid-they'd take a huge risk coming into the common world and go after Chu Mengyao and Chen Yushu instead of Lin Yi. Even if he killed Chu Mengyao and Chen Yushu, his hatred towards them didn't decrease at all.

"Oh right, Wu Chentian contacted me last night. He wanted to call you, but he couldn't get through, so he called me instead." "He said he can come to Donghai city anytime he wants," Jingyi said. "Do you need his help?"

"Last night?" Lin Yi thought about it-his phone signal wasn't too good last night, and Chentian probably couldn't get through.

It was a coincidence-Lin Yi was looking for him, and he had a Qi gathering pill for Wu Chengtian. Among the people around Lin Yi, Wu Chengtian was the only one who had the time to protect Chu Mengyao and Chen Yushu, not to mention that he had been a bodyguard before, so it was a walk in the park for him.

Plus, using this pill on Chentian was worth it! Wu Chengtian was a dual practitioner, stronger than normal physical and spiritual practitioners. Helping him increase his strength was the most beneficial to him right now.

"Yeah, why? you don't think he's still interested in me, do you?" Sun Jingyi saw Lin Yi's expression and misunderstood.

"Naturally, I won't," "He's going to be an Earth Class soon," Lin Yi smiled, "I don't think you're good enough for him anymore."

"Lin Yi, are you looking to die? So you're saying that you have very low standards?" Jingyi said, pissed.

"I was just joking. I was just wondering why I couldn't get through to you yesterday." "I went to the cinema yesterday," Lin Yi said. "The signal was pretty bad there."

"Movie theater? On a date?" Jingyi asked.

"It's not really a date." Lin Yi didn't want to talk about this topic, "I'll give Wu Chentian a call."

"Alright," he said. Jingyi was smart-she didn't ask again if Lin Yi didn't want to talk about it.

Chentian was just as Jingyi said-he was ready and waiting for Lin Yi's call.

And so, Lin Yi and Wu Chengtian made an appointment-he'd come over now and go to the villa area to find him.

After settling things with Jingyi, Lin Yi took the cauldron and the ingredients back to school.

What Lin Yi was thinking about now was whether he should level up the purple lightning Beast or not!

The current situation was very clear. The purple lightning Beast had followed him because he could bring it benefits. To put it bluntly, this was a deal! Its situation was different from general Weiwu and Skybolt pig.

General Weiwu was the Miss "life and death companion, and it was willing to sacrifice its life to save the Miss. This was enough to prove its loyalty, so Lin Yi didn't hesitate to help it level up. Skybolt pig, on the other hand, was Liju's spirit beast. Lin Yi had inherited Liju's legacy, and Skybolt pig had no choice but to follow Lin Yi. He could either stay in the tomb or follow Lin Yi, the heir of Liju.

But the purple lightning Beast was The Guardian spirit beast of the Qian Mountain sect, and it had switched to Lin Yi's side halfway through. It was hard for Lin Yi to guarantee its loyalty-what if it just walked away after he leveled it up? Lin Yi wouldn't be able to beat it, and he wouldn't be able to do anything.

It seemed that he had to think about this matter carefully. When he returned tonight, he would have to have a good chat with the purple lightning Beast.

He returned to the classroom to see the Tiger sitting there, talking to the two blondies. He smiled at Lin Yi for the first time in his life! He had already asked ten right to send the copied information back to the Hidden House of the right, and he kept an extra copy for himself!

After this information was sent back, he probably wouldn't be able to see it. An Alchemist of his level couldn't casually read the hidden you family's hidden Pavilion, so you Panhu kept a copy for himself to read. This was also in preparation for him to smoothly enter the hidden you family's Elder Council in the future.

Lin Yi looked at Yu Panhu's expression and was even more confused. Could it be that the Hidden House you really didn't have this information? Otherwise, why would the right Panhu be so happy?

But even if that was the case, Lin Yi didn't regret it. It was worth it for youpan Hu to give up something in exchange for the information.

Lin Yi returned to his seat, and Jingjing was still writing and drawing on her tablet. She was very happy to see Lin Yi, "Lin Yi bro, I've gained a lot of inspiration from this information. I'm even more confident in making second class pills now!"

"Is that so? That's great." Lin Yi was already numb to han Jingjing's talent. He gave all the materials that Yu Panhu gave him to han Jingjing. "The materials are here. There are fifteen sets in total. Take a look."

"En, en. That's great. This time, Jing Jing can try to refine a second ranked pill." Han Jing Jing took the materials from Lin Yi's hands and said, "Lin Yi bro, you're so nice to Jingjing, always giving her what she wants."

"When you become an Alchemist and help me refine pills, I'll have to thank you." Lin Yi said.

"Sure, sure! When Jingjing learns it, she'll make pills for Lin Yi bro alone!" Han Jing Jing nodded.

Lin Yi looked at han Jingjing's innocent face. He was confused sometimes. Was this genius girl really sent by God? Just when he was unable to solve his pill refining problem, han Jingjing appeared!

From the perspective of traditional alchemy, han Jingjing could not be considered a genius. She had a single fire attribute physique and could be said to be a waste among alchemists. However, when it came to han Jingjing, this single element fire attribute had become her advantage!

Although she did not have the wood attribute to sense the changes in the medicinal herbs in the cauldron, han Jingjing could use a more scientific and accurate curve function to replace it! This was like the difference between a handmade workshop and an assembly line!

For example, no matter how good a shoemaker's craftsmanship was, the shoes he made couldn't be exactly the same, and there would be times when he made mistakes.

### **Chapter 2205: a little strange**

However, the assembly line workers' skills might be much worse than the shoemakers, but as long as they could control the assembly line's machines and make shoes according to the prescribed steps, the shoes produced would be exactly the same in terms of quality and specifications. This was the advantage of assembly line work.

Han Jingjing's current method of refining pills was completely the same as a factory's flow process. The pills produced were the same in terms of quality and specifications! And because of the mass production, it was more time and material saving than the Hand Workshop!

"Right, right Panhu returned the information to me." Han Jing Jing said as she passed the information that Yu Panhu had returned to Lin Yi.

"En, I'll find time to return it to boss Bai later." Lin Yi nodded, "Oh right, I'm going to leave for a while in a few days. You can stay at home and focus on your alchemy. You can go to and leave school with Chu Mengyao and Chen Yushu every day."

"En, en, Lin Yi bro, go do your work. Jingjing will take care of herself." Han Jing Jing didn't ask much about Lin Yi's whereabouts.

“Also, don’t ever tell anyone about your alchemy skills, especially the fact that you can make multiple pills in one furnace, including boss Bai.” “Especially you Panhu,” Lin Yi said. “You can’t tell him!”

One had to be cautious. Although Lin Yi trusted boss Bai, who could guarantee that han Jingjing wouldn’t be overheard? If word of this got out, it would not be a good thing for han Jingjing!

“Yeah, I won’t say anything. I’ll listen to Lin Yi bro.” Han Jing Jing agreed without thinking.

“Jingjing ...” Lin Yi wanted to ask Han Jingjing if she was born into alchemy. Why was she so close to him, too? the question circled in Lin Yi’s mind for a while before he shook his head and decided not to ask.

No matter what, han Jingjing didn’t have any ill intentions towards him. Otherwise, she wouldn’t have told him all her secrets. One had to know that with han Jingjing’s current state of pill concoction, even the sky elixir sect would probably snatch her away and treat her as a guest of honor. However, han Jingjing didn’t hide anything from him.

“Hmm?” Han Jingjing raised her head and looked at Lin Yi with her big, watery eyes.

“I’m fine now. ” Lin Yi shook his head and returned to his senses.

Wang Xinyan had gone for her lunch break and hadn’t returned yet. Bai Weitao and Zhao Shengyi weren’t there either. They probably went to have lunch with he meiyue.

As expected, Bai Weitao, Zhao Shengyi, and Wang Xinyan walked into the classroom together. Wang Xinyan was usually alone, but she was affected by what happened last night, so she couldn’t refuse Bai Weitao’s invitation.

“At noon, Bai Weitao insisted on having lunch with me. I really had no choice.” Xinyan said helplessly, shaking her head.

“Ha ... They’re treating you as my girlfriend.” Lin Yi said.

“Oh ...” Wang Xinyan replied and didn’t say anything else. She just sat back in her seat.

“By the way, I’ll be going out for a few days. It’ll be a few days at least, and half a month at most.” Lin Yi needed to tell Xinyan about this trip-they were getting closer now, after all, and Xinyan seemed to care about him the last time he left.

“Going out again?” Xinyan’s heart tightened, and she felt a little reluctant to part with him, but she couldn’t put her finger on what it was.

“Yeah, I’m going to help a friend. Let’s go somewhere together,” Lin Yi said.

“Then be careful, I’ll help you take notes.” Xinyan didn’t want Lin Yi to stay, but she didn’t ask him to-she knew that Lin Yi wouldn’t be able to.

“Thank you,” he said. Lin Yi said with a smile.

Wang Xinyan nodded and started reading.

Sometimes, Lin Yi felt that his relationship with Xinyan was special, and sometimes it felt like they were very, very close, but most of the time, it was a superficial relationship.

It was very plain, but it was very warm.

It was as if the two of them were supposed to be like this, sitting together for lessons every day.

The afternoon passed by quickly, and class ended. Xinyan looked at Lin Yi and asked faintly, "Today... Do a little more night self-study?"

Lin Yi understood what Xinyan meant-she wanted to create a training environment for him.

"I'll pass today. I might have to leave tomorrow. I have something to arrange tonight." Lin Yi said.

"Oh ..." Xinyan didn't know why, but she was a little disappointed. "Alright," he said.

"And most importantly, there are too many people in the classroom. I can't hug you." Lin Yi teased.

"You're annoying." Xinyan's face reddened as she pouted. "That ... I'll be leaving first. Have a safe journey."

"Hehe, sure." Lin Yi said.

Xinyan grabbed her books and ran out of the classroom, not daring to look back. Her heart was beating fast as she thought back to what Lin Yi had said, her mind in a mess. Was Lin Yi teasing her? This scoundrel, it was already good enough for him to cultivate, yet he still wanted more?

But Lin Yi was leaving soon, and Xinyan couldn't be bothered to argue with him-the thought of their relationship gave her a headache!

She had even confiscated one of his cars yesterday. If her family knew about this, who knew what they would think.

"Lin Yi bro, you like Xinyan sis?" Jingjing asked curiously as she put her tablet away and walked out of the classroom with Lin Yi.

"A little bit." Lin Yi didn't deny it.

"Oh ... Then do you want to pursue sister Xinyan?" Han Jing Jing nodded and asked.

Lin Yi looked into Jingjing's eyes-there wasn't a single trace of impurity or dissatisfaction in them. They were still very clear, and this made Lin Yi feel that Jingjing didn't seem to have any bad feelings towards Xinyan.

"Why are you suddenly asking this?" Lin Yi asked, confused.

"I'm afraid that Lin Yi bro won't like me anymore after having Xinyan sis, and won't have time to be with me anymore." Han Jing Jing said, worried.

"Of course not, I still need you to help me refine pills!" Lin Yi said.

"Just pill refining ..." Han Jingjing suddenly felt a little disappointed. "Then one day, when Lin Yi bro's pill making is better than Jingjing, will we still need Jingjing?"

"Uh ..." Lin Yi paused. So han Jingjing had known that he didn't know how to make elixirs all along, and only told him the truth today. She was just complimenting him, and this made Lin Yi feel a little

embarrassed. "Let's not talk about whether I know how to refine pills or not. Even if I do, I'm not as smart as Jing Jing to be able to invent a scientific method of refining pills."

"Then ... What happens after Lin Yi bro learns Jingjing's scientific alchemy techniques?" Han Jingjing's mood today seemed a little strange. (To be continued.)

### **Chapter 2206: Lin Yi's worry**

"This ... The refining curve of each pill formula is different. How can I learn them all?" "Plus, even if you learn how to make elixirs, we'll still need to study forging-you can continue with scientific forging!" Lin Yi said with a smile. To me, Jing Jing is a treasure. I won't give it to anyone else. Why are you so worried? Are you jealous?"

"I ..." Han Jing Jing's tone was slightly sluggish."What do you mean by jealous?"

"Hehe ..." Lin Yi didn't explain. He thought that Han Jingjing must know, but she pretended not to know. Perhaps Chen Yushu was right. Han Jingjing was a smart person, how could she not know some common sense?

"It's a deal then. Lin Yi bro, you have to treat Jingjing like your baby from now on, you can't throw her away." Han Jing Jing said.

"Alright, it's a deal." Lin Yi said.

Perhaps Lin Yi and Xinyan's conversation triggered Han Jingjing, but her attitude today was a little abnormal. However, when the two arrived at the parking lot, she returned to her usual self, looking silly and cute. She started playing with her tablet the moment she got in the car, not saying anything else.

Back home, Lin Yi told Mengyao and Yushu about his plan to go to Wulong haote mountain with Jingyi, and also told them that he'd get Chentian to protect them.

"Actually, in theory, you guys shouldn't be in any danger during this period of time. We only asked Wu Chengtian to come to guard against some stupid people." Lin Yi said. The hidden houses couldn't make a move yet.

"Shield bro, you're leaving again ..." Chen Yushu didn't want to leave,""How about we bring Shu and Yaoyao sis?"

"The Wulong hao te mountain range is more dangerous. If all of you go, I'm afraid I won't be able to take care of you." "It's a bit difficult to protect Sun Jingyi alone ..." Lin Yi replied honestly.

"I see ... Sigh!" Shu sighed,"I won't be able to see shield bro for a while ... In the future ..."

At this point, Shu didn't continue-this half-sentence was a little confusing.

"I'll be back soon anyway. I'll bring you something good." Lin Yi said.

"Alright, Shu, Lin Yi's going to do something important, it's not like he's not coming back." Chu Mengyao also felt that Chen Yushu's mood was a little low today, as if they would never see each other again after Lin Yi left, "Didn't Lin Yi say that he'll be living with us in the future?"

“Yeah ... But ...” Yushu shook her head, “Nothing, it’s time for the cartoon. Let’s watch TV ...”

“What’s wrong, Shu?” Lin Yi felt that something was wrong with Shu as well.

“It’s nothing, shield bro. ” “I just don’t want you to have anything to do with sun Jingyi. You see, you already have Wang Xinyan and han Jingjing as your candidates, and now you’re with sun Jingyi? it’ll be a mess!”

“...” Lin Yi saw that Chen Yushu didn’t want to talk about it, so he didn’t ask anymore. He stood up and said, “I’m going to the backyard to check on general Weiwu, Skybolt pig, and the purple lightning Beast!”

In the backyard of the villa, the purple lightning Beast was the lowest level spirit beast here, so it naturally lived at the outermost part of the spirit beast shed. Fortunately, its skin was rough and its flesh was thick. It was December, and the temperature in Eastern Sea city was already quite cold, but the purple lightning Beast was not a problem.

“Purple lightning wind Lightning Beast!” Lin Yi called out to the shed where the spirit beasts lived.

The purple lightning Beast heard Lin Yi’s call and immediately ran out happily! It couldn’t wait for Lin Yi to help it level up these past two days.

Although the purple lightning Beast knew that it was impossible to count on Lin Yi to level it up in two days, and it had learned about Lin Yi’s situation from general Weiwu and Skybolt pig!

Lin Yi could indeed help spirit beasts level up, and as Lin Yi’s own level increased, he could gradually level up the spirit beasts! For example, when Lin Yi was a Mystic, he could turn general Weiwu, who was a normal dog, into a golden class late phase peak spirit beast, and he could turn Skybolt pig into a golden class late phase peak spirit beast.

After Lin Yi became an Earth Class, they naturally became Mystic late phase peak.

This situation made the purple lightning Beast both surprised and happy. If this continued, it wouldn’t be a dream for it to become Mystic, earth, or even Sky Class! But for it to go from golden class to Sky Class on its own, that would be extremely difficult.

Not to mention Sky Class, it was impossible for him to even go a little bit further from golden class late phase peak to golden class late phase peak!

At first, the purple lightning Beast and Lin Yi came here with the intention of taking advantage of the situation, but now they had a completely different thought. Hearing Lin Yi’s call, they naturally ran out in high spirits.

“Roar!” The purple lightning Beast ran to Lin Yi’s feet, trying to please him. It was hard to imagine that a big spirit beast like it would please Lin Yi like a pet.

“Purple lightning Beast, although I really want to upgrade you, I can’t guarantee your loyalty to me!” Lin Yi knew that the purple lightning Beast could understand him, so he didn’t beat around the bush. He said directly, “You’re different from general Weiwu and Skybolt pig. They’re close to me, and we’ve been through a lot together, so I helped them level up. But you ... We haven’t been together for long. ”

“Roar?” The purple lightning Beast looked at Lin Yi with a sad face. How could it not know that Lin Yi didn’t trust it? But how was he supposed to prove its loyalty to Lin Yi in this situation?

“You should know that I had a Lion with me, but I didn’t level it up because it didn’t want to be under anyone. If I level it up, it might just leave.” Lin Yi said.

The purple lightning Beast nodded, knowing that Lin Yi was telling the truth. It had heard about the lion, so it looked at Skybolt pig and general Weiwu pitifully, hoping that they could help it.

“You don’t need to look at them-if you can prove your loyalty, I’ll turn you into a Mystic late phase peak spirit beast!” “You’ll be like them soon, but I can’t believe you if you can’t prove it!” Lin Yi said.

“Ji Ji ...” Skybolt pig barked at the purple lightning Beast. Lin Yi didn’t understand what it was saying, but the purple lightning Beast definitely did! (To be continued.)

### **Chapter 2207: Contracted spiritual beast**

Because the purple lightning beast’s body trembled-Lin Yi couldn’t read its expression, but it was definitely one of hesitance and distress, unable to make a decision.

“Woof woof woof ...” General Weiwu barked as if it was telling the beast something.

The purple lightning Beast didn’t say anything after that, falling into silence as it lay by Lin Yi’s feet, deep in thought.

General Weiwu and Skybolt pig didn’t say anything, they just waited for the purple lightning beast’s answer.

Lin Yi was confused, but he could guess that the pig and general Weiwu had already thought of a way to suppress the beast, but it was hard for the beast to accept it, so it was hesitating.

Finally, the purple lightning Beast raised its proud head and let out a long roar. It then turned to look at Skybolt pig and general Weiwu and nodded slowly. However, after nodding, it seemed to have added something and let out a few roars in succession ...

General Weiwu and Skybolt pig looked at each other, and Skybolt pig squeaked a few times, as if explaining something to the purple lightning Beast. After a while, the purple lightning Beast nodded again, and Skybolt pig ran in front of Lin Yi, pointing at a soft sand field not far away with his paw.

Lin Yi knew that Skybolt pig was going to communicate with him through writing, so he went to the soft sand with Skybolt pig. Skybolt pig also started writing, “Since ancient times, there have been three ways for humans and spirit beasts to get along. The first way is to have a mutual understanding and to share joys and sorrows. It’s a natural friendship, just like general Weiwu and I.”

“The second method is to establish a contract and make the spirit beast a slave of human beings. Human beings can control the spirit beast to do anything, but after the contract is established, the spirit beast can’t resist and can only do whatever it is ordered to do. To put it bluntly, it is equivalent to a puppet with thoughts.”

“As for the third method, it is to establish an equal contract. This method is similar to the first method, which is to respect each other. Spirit beasts are good friends of humans and not simple slaves. As long as the spirit beast does not betray its master and also has its own consciousness, it will be able to survive.”

“The GaN mountain sect’s contract is like this and this is the best way to establish it. The purple lightning Beast said that it can accept becoming your contract spirit beast, but it has to be this type, because it’ll be too miserable after becoming a slave.”

“Oh, this one is fine.” Lin Yi nodded, “actually, you and general Weiwu are similar to this type of contract spirit beast. It’s just that we’ve been through thick and thin together. The purple lightning beast’s time is too short. This is the only way to prove its loyalty.”

The purple lightning Beast didn’t think that Lin Yi would agree so easily. It was a little surprised-it thought that Lin Yi would use this chance to force it to become one of those slave contract spirit beasts, but it wasn’t willing!

Although he wanted to level up, he would lose himself after that. What was the point?

It had chosen the last option because it was prepared to leave if Lin Yi didn’t agree. It didn’t expect Lin Yi to be so easy to talk to. If it had known this would happen, it would’ve signed a contract with Lin Yi already!

This kind of contract had no effect on it. When Lin Yi was here, it would be by Lin Yi’s side, but if Lin Yi died, it would regain its freedom and would be unaffected! It had lived for a few thousand years and met many people, but this was the first time it met someone like Lin Yi. Following Lin Yi wasn’t a loss at all!

As long as Lin Yi kept leveling up, its strength would increase as well. Where else could it find such a good contract master?

Hearing Lin Yi’s promise, the purple lightning Beast nodded happily, “Roar ...”

It was even a little impatient.

“How do I establish a contract?” Lin Yi asked.

“You don’t have to do anything,” the pig wrote again, “the purple lightning Beast will swear an oath to heaven and earth, and then you just need to drop a drop of blood on its forehead.”

“Alright!” Lin Yi nodded. He didn’t know what a heaven and earth oath was, and he didn’t know if it had any binding power, but judging from Skybolt pig’s reaction, this thing was probably very effective. So, he followed what Skybolt pig said and bit his finger.

At the same time, the purple lightning Beast was also mumbling something Lin Yi didn’t understand. It seemed that this kind of contract was indeed established on the basis of equality, and could only be used when the spirit beast was willing. Otherwise, they couldn’t force the spirit beast to make a heaven and earth oath, right?

As for the slave contract, Lin Yi didn’t know how to use it, but it was probably the kind that forced him to do it. He’d ask Skybolt pig about it when he had the chance-it wasn’t like Lin Yi could use such gentle methods to deal with every spirit beast he encountered.

After a while, the purple lightning Beast stopped roaring, but the Skybolt pig started squeaking, signaling Lin Yi to drip his blood.

And so, Lin Yi quickly dropped the blood on the beast's forehead. To Lin Yi's surprise, the blood on his finger seemed to turn into a beam of light and entered the beast's body. There was no trace of blood on its forehead.

This situation made Lin Yi click his tongue in wonder. It seemed that there were still many magical things in the world that he didn't know and understand.

"This is it?" Lin Yi didn't think there was anything special about the contract.

"Ji Ji." The pig nodded.

"Alright, little Feng, I'll help you raise your strength to Mystic late phase peak later. You stay in the villa and protect Chu Mengyao and Chen Yushu with general Weiwu, understand? While I'm gone, I won't allow them to be harmed in any way!" "And the Han siblings next door, you have to protect them too," Lin Yi said.

"Roar Roar." The purple lightning Beast nodded in understanding.

Since Skybolt pig said that it was fine, Lin Yi didn't suspect anything. He sat down cross-legged and placed his hand on the purple lightning beast's body. He started the second stage of the art of Dragon mastery, and pure energy from the Jade space flowed through Lin Yi's body into the purple lightning beast's body!

"Ohoho!" The purple lightning Beast moaned in pleasure and started to absorb the energy Lin Yi was giving it!

This energy was truly pure and majestic! It was many times purer than the spiritual energy of heaven and earth in the outside world. In just a short moment, it was equivalent to hundreds of years of cultivation. (To be continued.)

### **Chapter 2208: The pill was wasted**

At this moment, the purple lightning Beast was also quite pleased. It was a wise choice to follow Lin Yi. Lin Yi didn't lie to it-it could level up in a short while! It had never heard of such a situation!

He had never heard of a person who could continuously transfer true Qi to a spirit beast for a short period of time. This was simply unbelievable.

However, the truth was right in front of his eyes-golden class late phase peak ... He was very close to the full circle!

The purple lightning Beast let out a happy roar. It had leveled up! The level barrier that had suppressed it for 1000 years had actually been broken!

Mystic early phase, it was already a Mystic spiritual beast.

And this was just the beginning! Lin Yi didn't stop and continued to send Qi into it like crazy. Early phase peak, middle phase, middle phase peak, all the way to late phase!

The purple lightning Beast couldn't believe what was happening in front of it. It even felt like it was dreaming. There's such an upgrade in this world? He'd never heard of someone who could go from golden class late phase peak all the way to Mystic late phase peak in such a short amount of time ... No, it was Mystic late phase peak now!

Mystic late phase peak completed-Lin Yi's energy transfer stopped as well. He let go, but he didn't feel tired at all-he was still energetic, as if the energy transfer didn't affect him at all.

The purple lightning beast's eyes were wide open as it looked at Lin Yi, who was completely fine.

This ... Is this true? Was he a Mystic late phase peak now?

"From now on, you're number four. Little three is that Lion, and he's already run away." "Your boss is general Weiwu, and Skybolt pig is your second Shixiong. You don't have to worry about the lion, you're the smallest now."

"Roar Roar." The purple lightning Beast nodded happily. Although it was an attack-type spirit beast and was the strongest compared to general Weiwu and Skybolt pig, it knew that it was the last one to arrive, so it didn't object to the title "fourth."

"Here's a small Qi gathering pill. Eat it, and you'll be able to advance to Earth Class, and then you'll be able to fight higher level enemies." Lin Yi said as he took out a small Qi gathering pill from his pocket and gave it to the beast.

The purple lightning Beast had never eaten a human pill before, but Lin Yi gave it to it, so it naturally swallowed it.

However, the purple lightning Beast did not show any signs of a breakthrough like Han Jing Jing after taking the small Qi gathering pill. Instead, it was just like any other time.

Lin Yi waited for a long time and didn't see anything wrong with the purple lightning Beast. He couldn't help but ask, "Do you have any special feelings?"

The purple lightning Beast was quite confused as well-Lin Yi wouldn't lie to it, and he'd already helped it level up a couple of times already, Mystic late phase peak-it trusted Lin Yi and knew that he could continue leveling it up, but the reality was that after it took the Qi gathering pill, it only felt a bit of energy being replenished, and nothing else.

"Roar Roar ..." The purple lightning Beast explained its situation to the Skybolt pig.

Skybolt pig explained the purple lightning beast's situation to Lin Yi.

"Strange. He didn't break through?" Lin Yi frowned, but then he thought of something important. Could it be that spirit beasts were different from humans? Cultivators could break through with the help of the small Qi gathering pill, but spirit beasts could not?

The small Qi gathering pill that clearly contained a lot of energy didn't seem to be of much use to the purple lightning Beast. Was it because it required more energy than cultivators, or was it because its

physique was different? All the energy Lin Yi gave it before came from the Jade space, and Lin Yi didn't calculate how much it was.

However, from the looks of it, the latter was more likely. Spirit beasts should not be able to increase their strength by consuming medicinal pills!

Thinking about it, if spirit beasts could take pills, then the spirit beasts of the Yi mountain sect would probably have a qualitative leap. They just needed to get some pills for spirit beasts to eat, and even wo jindao's Spirit Wolf could be upgraded to Earth Class. Why would they only have the strength of the Golden class before?

And the purple lightning Beast wouldn't be stuck at golden class late phase peak forever.

Lin Yi shook his head. It seemed like he was too naive. Spirit beasts couldn't take human practitioner's pills. It was a waste of a small Qi gathering pill.

Although Lin Yi got this for free, his heart still ached for it. He could only give the last one to Wu Chengtian, and if he had one more, he could give it to song Lingshan or uncle Fu.

"It seems that taking the pill doesn't have much of an effect on you." "If you want to level up again, you'll have to wait until I break through to Sky Class," Lin Yi said.

"Roar Roar." The purple lightning Beast wasn't too disappointed-it was satisfied with its current strength, and Lin Yi becoming a Sky Class wasn't an impossible dream.

After taking care of the purple lightning Beast, Lin Yi turned around and went back to the villa, only to find that the eastern sky was already starting to turn white. He'd unknowingly wasted an entire night here, and it seemed like the purple lightning Beast had absorbed quite a bit of pure Qi.

Lin Yi found Chentian sitting on the sofa with his eyes closed when he returned to the living room. He opened his eyes when he heard footsteps, surprised to see Lin Yi."Boss, you're back!"

Chentian had been here a while ago, but Mengyao told him that Lin Yi was in the backyard researching how to increase the strength of spirit beasts. He didn't disturb him and just sat there, waiting.

"En, you're fast." Lin Yi gave the last one to Chentian,"Take this small Qi gathering pill, it'll help you reach Earth Class early Phase-I'm going to go with Jingyi, and I'll need you to be her bodyguard for a while."

"No problem being a bodyguard. I'm very familiar with the job." Chentian didn't mind-he was focused on the pill."Boss, is this the legendary small Qi gathering pill? The common house Yu treated this as a treasure!"

"En, it's a treasure in the common world, but in the hidden world, it's rare, but not really a treasure." "Take it, I'll protect you," Lin Yi said.

"Alright!" Chentian swallowed the pill without thinking, closing his eyes and channeling his practitioner's Arts to dissolve the pill's effects.

A few minutes later, a thin layer of sweat started to form on Chentian's forehead! (To be continued.)

## Chapter 2209: -Wu Chengtian's surprise

Chentian, on the other hand, had a pained expression on his face. If even han Jingjing could take it, a physical practitioner like Chentian would be able to.

But from Lin Yi's point of view, Wu Chengtian's pain seemed to be more than han Jingjing's, similar to han xiaopo's condition when she took the pill! It was possible that both of them were real cultivators, and han Jingjing's internal strength was only a supplementary mental cultivation method for alchemists, so it was not that difficult to upgrade.

Half an hour later, Chentian let out a long breath of relief. His face was relaxed, but his heart was filled with joy. He would've laughed out loud if he wasn't afraid of waking up Mengyao and Yushu.

"This is really amazing!" Wu Chengtian sighed, "boss, to be honest, I've never thought that I'd become an Earth Class one day. Really, in the common world, a Mystic is already a very strong existence, but I'm an Earth Class now!"

"What, you're satisfied with just earth rank?" Lin Yi asked with a smile.

"If it was before, I'd definitely be satisfied. Not to mention Earth Class, even Mystic class would be enough." "But now that I've been with boss, I know that there's always someone better out there, and my goals and goals have become much greater-my ultimate goal is Sky Class! I want to become a Sky Class!"

"Not bad, you have some ambition now." "Don't worry, Sky Class isn't just a dream," Lin Yi said.

If han Jingjing became a level 3 refiner, she would be able to make Qi gathering pills. If she became a Sky Class master, she could help Wu Chengtian reach Earth Class late phase peak, and with a Qi gathering pill, he could step into Sky Class.

And so, it really wasn't a dream for Wu Chengtian to become a Sky Class.

"Boss, I heard from Jingyi that you guys are going to a very dangerous place?" Chentian asked.

"En, the Wulong hao te mountain range is said to be more dangerous." "But it's about Jingyi's background, and I've already promised her, so I'll go with her." Lin Yi didn't hide anything.

"Ah, that's where we're different, boss. I'm not afraid of death, but if it were me, I'd definitely advise sun Jingyi not to take the risk. But boss is different, no wonder Jingyi chose you, boss!" Chentian said.

"Are you complimenting me, or are you calling me reckless?" Lin Yi said with a smile.

"Of course it's a compliment. Wealth comes from danger, and dangerous places also mean opportunities. This has been a principle that has never changed since ancient times, but I lack this adventurous spirit." "So, I'll just stay as a follower, boss will lead me," Chentian said.

"I have a few bottles of body strengthening medicine here from the Hidden House Pi. They train with their fists, and you train with Iron Hands. They should have something in common, and this medicine should be good for your physical arts." Lin Yi said.

“Ah? No way? There’s a hidden house Pi’s medicine?” Wu Chengtian’s eyes were wide open as he looked at Lin Yi in disbelief!

It wasn’t that he hadn’t heard of this potion before, but that he had heard of it so many times that his ears were about to turn into calluses! The Hidden House Pi’s potions were famous, and were said to be related to the ancient sect, the godly fist Palace.

Old man Wu, Wu gonggao, once tried to get a bottle of this medicine from the Hidden House Pi for Wu Chengtian to practice the iron hand Arts, but the Hidden House Pi didn’t even care about them. They wouldn’t sell it no matter how much money they offered, so there was nothing gonggao could do!

They might be considered powerful in the common world, but when it came to the level of hidden houses, they were nothing.

And so, gonggao had told his disciples many times that if they found out about house Pi’s body strengthening drug, they had to get it back no matter what it took. It would be a huge leap for house Wu’s iron hand Arts, and it would increase their speed, strength, and the strength of their hands.

It’d been a long time since anyone mentioned it, and he’d almost forgotten about the existence of this medicine, but Lin Yi bringing it up suddenly made him remember all those things.

“Yes, and not just one bottle, there are several bottles.” “I’ll get it for you later,” Lin Yi said.

“A few more bottles?” Chentian was even more surprised. “Boss, house Pi doesn’t usually sell this kind of medicine. One bottle is hard to get, and you have a few?”

“What’s so strange about that? the Hidden House you’s Qi gathering pill is already here, so they don’t need the Hidden House Pi’s body refinement medicine.” “This thing’s useful to you?” Lin Yi asked.

“It’s not useful, it’s extremely useful!” Chentian nodded solemnly. “With this body refining liquid, the speed of my physical arts training will not only double, but my strength and the strength of my Iron Palm will also increase.”

“Oh, then you can use it. I’ll get more for you if it’s not enough.” Lin Yi said.

“Gah?!” Chentian’s mouth dropped open at the words! Wu Chengtian felt that it was already a great fortune to be able to get these few bottles. If it wasn’t enough, why would he want more? The Hidden House Pi had quite a lot of it, but they wouldn’t just give it away for no reason, right?

“Oh, I forgot to tell you-Pi Zhishan and Pi Zihai from the Hidden House Pi are also my lackeys, but they’re still in the testing phase. Once they pass, he’ll be your Lackey too.” Lin Yi said.

“Pfft ... Cough cough!” Chentian almost choked on his own food. “What? Pi Zhishan and Pi Zihai are my underlings?”

“They’ll call him their boss, so of course he’ll be ranked lower than you. You’re like a little brother to er goudan, Kang Xiaobo, and fatty Lai.” Lin Yi said.

“Oh my God, the Hidden House Pi’s two heirs, they’re my, Wu Chentian ‘s, lackeys?” Chentian never thought that he’d be this strong one day! Pi Zhishan and Pi Zihai had become Lin Yi’s lackeys? They

were still in the probation period, after all, and whether or not Lin Yi would acknowledge them would depend on their performance.

Chentian would never even think of doing something like this before-if it was before, he'd be the one sucking up to Zhihai and Zhishan, but now he had to!

It was simple-he was now Lin Yi's official follower, and in front of Pi Zhishan and Pi Zhihai, he was a veteran. He couldn't lose Lin Yi's face!

What would his grandfather think when he heard the news? Chentian couldn't help but get excited ...

### **Chapter 2210: preparing to set off**

Chentian decided that he'd call his Grandpa when he had the time,"By the way, can I give my grandfather a bottle of this body tempering liquid? Although he's a little powerful, he's still very good to me."

"Sure, you can make the decision for what I give you." Lin Yi said.

"Many Thanks, boss!" Chentian breathed in relief when he saw that Lin Yi wasn't holding a grudge against his Grandpa.

"Actually, I don't blame your Grandpa. He was right to protect himself. He was just a small common house, it's normal that he couldn't fight against the hidden houses." Lin Yi waved his hand,"you don't have to worry too much about this. You're my follower. I'll take care of your family."

"Boss, you're the best ..." Chentian was so touched he didn't know what to say.

"Oh right, I'll give you Pi Zhishan's phone number. If you run into any trouble you can't solve, you can call him for help." Lin Yi said as he sent Zhishan's number to Chentian.

"Alright," he said. Chentian said with a nod.

"Let's rest for a while. I've already arranged everything on my side. I'll be ready to leave tomorrow morning." With that, Lin Yi stood up to pack his things.

Lin Yi called Bai Weitao in the morning and asked him to ask for leave on his behalf.

Chentian became the Miss 'driver and bodyguard again, but he was using han Jingjing's BMW X5M. After sending the Miss, Shu, han Jingjing, and han Xiaochao off, Lin Yi drove the Grand Cherokee and Skybolt pig to xueshang hotel.

He brought Skybolt pig with him because it was highly intelligent, had the ability to search for treasures, and was very sensitive to maps. It was the best choice to bring it with him when he was out.

As for leaving it at home, there was no use. The purple lightning Beast and general Weiwu could protect the Miss and Shu.

For safety's sake, Lin Yi would always bring a spirit beast with him, just in case his meridians couldn't be repaired after they were damaged-just like the Ice Palace test.

Lin Yi gave Jingyi a call downstairs, and she came out of the hotel with a bag not long after.

“You only have this little luggage?” Lin Yi was a little surprised at how light Jingyi was-he’d already opened the trunk for her to put her luggage in, only to realize that she didn’t need to put her bag in there at all.

“Then how many are left?” “It’s not like we’re going on a vacation, why would we bring so many things? just a few sets of underwear and some daily necessities, nothing else. ”

Lin Yi nodded-he had even less stuff than Jingyi, and that was how an adventurer should act. He and Jingyi were going to the Wulong hao te mountains for an adventure, not for fun-it’d only be a burden if they brought more things.

“Have you had breakfast? If you’re done, we’ll leave now. ” Lin Yi said.

“I’ve eaten, let’s go!” Jingyi couldn’t wait any longer-the map her parents had left behind must have some sort of important secret, and she wanted to see it as soon as possible.

Lin Yi started the car and drove towards the Wulong hao te mountain range according to the GPS ...

Lin Yi’s goal was clear this time, and his driving skills were outstanding as well-he maintained a speed of over two hundred miles per hour, making Jingyi feel like she was in a plane.

“Why are you driving so fast?” Jingyi realized that Lin Yi was driving with his eyes closed-she was shocked.”You ... You’re not looking where you’re going?”

“I’m watching. ” Lin Yi was actually just training, but his spirit sense was much more sensitive to the outside world in the Jade space than Lin Yi could use his eyes to look at the road. Even a practitioner could only see a few hundred meters away with his naked eye, but in the Jade space, his spirit sense could sense further, clearer, and more detailed.

“Then why are you closing your eyes?” Jingyi was even more surprised to see Lin Yi overtaking four cars with his eyes closed.

“I’m training. ” “Alright, if you’re tired, you can sleep for a while,” Lin Yi said.

“Okay ... I hope you don’t get into a car accident, Grand thief,” Jingyi was speechless at Lin Yi’s driving skills-wasn’t that a little too much?

“A pirate? how can you fall in love with him if he doesn’t have any ability?” Lin Yi said with a smile.

Jingyi really did close her eyes and fell asleep! Lin Yi’s speed was way too steady-he didn’t even use cruise, but it was steadier than that, and Jingyi felt like she was about to fall asleep.

Plus, it was too dangerous to watch Lin Yi drive. It was fine if you didn’t watch him, but it did look dangerous.

When she woke up, it was already dark-she didn’t think she’d be able to sleep this much, sleeping for an entire day! However, she had been cramming up on the knowledge of the Wulong hao te mountain range in the hotel last night and had barely slept the entire night, so it was not too surprising that she had slept the entire day.

“Where are we now?” Jingyi opened her eyes and looked out into the darkness.

“I don’t know,” “But it’s about two thousand kilometers away,” Lin Yi said.

Lin Yi was taking the shortest route-there were National Highways and highways, some of which were between small mountain villages. Now, however, Lin Yi was only two thousand kilometers away from the Wulong hao te mountain range.

“So fast?” Jingyi was surprised-she’d thought that the two of them would need at least three to four days to drive, but Lin Yi was driving so fast, day and night at that!

“It’s alright,” “When we passed by a few villages, the road wasn’t easy, so we slowed down. We could’ve been faster otherwise,” Lin Yi said.

“Are you sleepy? Do you want me to drive for a while?” Sun Jingyi had rested well, and was full of energy.

“I’m not tired. Actually, I’ve been resting and replenishing my energy during cultivation.” Lin Yi said.

“Oh my, no way? You’re driving in the dark with your eyes closed?” Jingyi jumped.

“Haha ...” Lin Yi closed his eyes, the dark night was as bright as day, clearer than when he opened his eyes,” “Are you hungry?”

“I’m alright, how about you? I have biscuits, milk, and chocolate in my bag. They’re all high-calorie food. Do you want some?” Jingyi asked.

“It’s fine if I don’t eat it. You can eat it.” “We’re on the highway right now, there’s no service area, and there’s no village with a restaurant open at this hour, so you’ll have to take care of yourself if you’re hungry,” Lin Yi said. (To be continued.)
