Chapter 2221: The Great Fire Lion appears

However, after the spirit beast got up, it seemed to be getting more and more courageous, turning the pain from Lin Yi into strength to fight the green, black, and white Masters!

The little fire Lion didn't seem to be exhausted at all. On the contrary, other than Lin Yi, the green, black, and white-robed men were all covered in sweat. They were panting from exhaustion, and the little fire lion's attacks had caused some injuries to them.

The fifth guard was anxious, but there was nothing he could do. The encirclement this time had exceeded his expectations. It was completely different from the records! According to the records, the four golden class Masters had attacked the little fire lion's Cub non-stop, exhausting its energy. This could be completed in about twenty minutes, but it had been more than half an hour and the little fire Lion didn't show any signs of exhaustion. Instead, it was full of energy, and the people who had surrounded it seemed to be starting to run out of energy.

Especially the weakest master in green, he was already panting heavily. His heart was filled with hatred. The little fire Lion seemed to have realized that he was the weakest and had fought with him the most. On the other hand, he had very few chances to fight with Lin Yi, the strongest.

However, he couldn't back down. If he did, he would lose all his rewards. Not only would he lose the essence gathering pills, but he would also lose the five essence gathering pills.

"Everyone, let's work harder and continue to work hard. We must grit our teeth and persevere!" The eighth Guardian could also see that the green-clothed expert was showing signs of exhaustion, so he hurriedly spoke up to encourage him.

However, although everyone was gritting their teeth and persevering, the little fire Lion did not seem to have any signs of its physical strength decreasing. It continued to attack, attack, and attack!

The eighth and fifth guards even wanted to go up and heavily injure the little fire Lion with a palm! But they knew that if that happened, the entire plan would be ruined. If the little fire lion's meridians were damaged and the contract failed, it would ruin the big plan.

"Lazlo, that guy in green might not be able to hold on for much longer. When he can't hold on any longer, you'll go and take his place!" The eighth Guardian ordered Lazlo.

"Okay ..." Lazlo naturally knew the pros and cons of this. If he took over, it would be difficult for him to escape unscathed when the Great Fire Lion was lured over! However, he had no choice. Who asked him to be in charge of this mission? And who asked him to take the initiative to accompany him up the mountain in order to please young master ta ganlong?

In the beginning, who knew that lazits would be so troublesome? As far as he was concerned, four golden class Masters were more than enough to complete the mission! In theory, the records in the ancient books were not lies. Who knew that there would be a problem?

“Ohoho!” An earth-shattering roar came from the distance, shaking everyone present, including Lin Yi and the fifth guard! The sound was like a huge wave that seemed to tear the surrounding air apart and distort it, making people feel suffocated for a moment!

“Not good! The big fire Lion is here!” The fifth Guard’s expression instantly changed, and he shouted, “Everyone, don’t fight! Retreat!”

However, it was too late. A red figure jumped out from the forest nearby and landed in the middle of Lin Yi’s group.

It was a huge spirit beast that was more than two meters tall. The spirit beast’s entire body was covered in fiery red fur, and under the sunlight, it gave off a shiny luster!

If it was any other time, seeing such a beautiful spirit beast would definitely be a pleasing sight. However, at this moment, everyone present was trembling with fear! Even the fifth and eighth guards did not expect the big fire Lion to come so quickly!

According to their estimation, the big fire lion’s living habits would take at least an hour to discover the disappearance of the little fire Lion. However, it had only taken slightly more than 40 minutes!

At this time, it was impossible to escape. In front of the Great Fire Lion, whoever wanted to escape first would be the first to die! The Great Fire lion’s speed couldn’t be said to be particularly fast, but it was still faster than most human practitioners, especially these golden and earth Class practitioners. Their speed couldn’t be compared to Sky Class.

“Roar!” When the little fire Lion saw the big fire Lion, it immediately jumped up and let out a happy roar. It knew that it was safe now! However, it didn’t just express the excitement of its safety, it also told the Great Fire Lion what had happened earlier!

This included the green, black, and white-shirted man’s attacks, as well as Lin Yi’s help!

The fire lion’s angry eyes swept across everyone present, including Lin Yi! The big fire lion’s intelligence was higher than the little fire Lion’s, naturally, it knew that Lin Yi didn’t want to fall out with these people on the surface and could only help them in the dark. So it wouldn’t expose him and would help Lin Yi in the dark!

“Roar!” The Great Fire Lion roared and disappeared on the spot. The next moment, it appeared in front of the green-clothed expert. The green-clothed expert was caught off guard and was slapped away. He fell 100 feet away and his head fell on a rock. His brain burst out immediately. Obviously, he would not survive.

The green-clothed expert’s miserable appearance made everyone present shiver! However, in the face of this majestic Great Fire Lion, they seemed to be exceptionally powerless! They were no match for the Great Fire Lion!

Immediately after, the black-robed expert was caught off guard and was sent flying. This time, he was directly smacked onto a large tree not far away. The trunk directly pierced through his chest and hung him in the air! A stream of dark red blood gushed out of his body, dyeing the trunk and the ground below the tree red ...

“Ah ...” There was another scream, and the white-robed man was also sent flying. This time, it was also a coincidence that the white-robed man was sent flying to the foot of a Tiger that had just passed by! Just as he was confused and at a loss, the Tiger came out to look for food. When it saw the Great Fire Lion giving it food, it immediately bit off the neck of the strong man in white happily and took it as a delicious meal.

Finally, the lion looked at Lin Yi. It was Lin Yi’s turn!

Lin Yi reached out his hand to protect Jingyi, using his Qi to protect her, but when the fire lion’s slap came, Lin Yi felt that the slap didn’t have any strength at all, but it sent him and Jingyi flying away, landing in a Bush not far away! (To be continued.)

Chapter 2222: -unexpected joy

There weren’t any beasts in the grass, nor were there any rocks or dangerous trees. It seemed that the fire Lion knew that Lin Yi was helping the little fire Lion, but it was just acting!

The Great Fire Lion was not stupid. He knew that these four people were only executors, and the mastermind was the young man in luxurious clothes who was trembling in fear not far away! The Great Fire Lion recognized this man. He was the young master of the Tagan family, Tagan long!

As one of the few spirit beasts with high spiritual intelligence in the Wulong hao te mountain range, the Great Fire Lion naturally knew the leaders of the major forces at the foot of the mountain. It had seen these people from a distance in the central mountain range.

However, even though he knew that taganlong was the mastermind, the Great Fire Lion could not kill him! After all, the Tagan family wasn’t to be trifled with. They had a Sky Class master, and if Tagan long died, the Tagan family definitely wouldn’t let the matter rest. They’d go all out to take revenge.

That was not what the Great Fire Lion wanted to see. It could not be by the little fire lion’s side all day long. Their Fire Lion Clan was not the only dominant clan in the oolong haotte mountain range. There was also a clan of spirit beasts that had always been hostile to them. Therefore, it did not want to attract human cultivators!

At that time, if the Tagan family decided to assassinate the little fire Lion without considering the consequences, it would not be worth it!

However, the Great Fire Lion had to teach them a lesson and let them know that it was not easy to plot against their own son. He had to make them give up and not come to make trouble in the future!

Therefore, the Great Fire Lion slowly walked towards taganlong ...

The fifth guard didn’t know what the Great Fire Lion was thinking. When he saw its ruthlessness, he was instantly frightened. He thought that the Great Fire Lion was going to harm taganlong and hurriedly stood in front of him to protect him.

“Roar!” The Great Fire Lion slapped him, and the fifth Guardian could only brace himself and step forward. At this time, if he did not protect Tagan long, he would not be able to escape death when he returned to the family. He might as well risk his life to make a contribution!

However, the Great Fire Lion did not seem to have any intention of killing him. It only sent him flying with a slap, then turned around and left with the little fire Lion ...

“Pfft pfft pfft.” The fifth guard spat out a mouthful of black blood. He had clearly suffered some internal injuries, but this kind of injury was nothing to him. He hurriedly threw a small recovery pill into his mouth and circulated his Qi to dissolve it, quickly healing his injuries.

Seeing that the fire lions had left, taganlong heaved a sigh of relief. He wasn’t pretending this time, he was truly frightened! Next time, he would never dare to make the little fire Lion his contractual spiritual beast again. It was too terrifying!

From his point of view, the fire Lion didn’t know that they were the masterminds. After punishing the four of them, it scared the onlookers and left. So he was secretly glad that they didn’t do anything and let those four unlucky guys deal with the little fire Lion.

“Ah!!!!” Lin Yi screamed. He had to pretend to be injured, but he was laughing coldly in his heart. He understood why the five guards, eight guards, and lazi didn’t do anything. They were afraid of the fire lion’s revenge!

Jingyi screamed as well, but this scream came from the bottom of her heart!

That was because she felt the ground under her feet sink as if she had stepped on thin air. When she turned around, she was shocked to find that the grass under her feet had caved in and a huge pit had appeared under her feet!

Jingyi’s abnormal behavior was noticed by Lin Yi as well, and he pulled her up again.

“Why did this place collapse?” Jingyi looked down at her feet, confused.

“I don’t know,” Lin Yi shook his head. It seemed that this Wulong haote mountain range was full of danger. Even the grass was in danger of collapsing.

The fact that Lin Yi and Jingyi were still alive surprised the three-Lin Yi had managed to escape with his life, after all!

But thinking about it, maybe the big fire lion’s temper had subsided after killing three people, so Lin Yi and the fifth guard were only slightly injured ... Or maybe the three people’s deaths were all accidents!

The green-clothed man was killed by a large rock, the black-clothed man was pierced by a tree trunk, and the last man in white was even more unlucky. He was killed by a Tiger’s bite.

However, the eighth Guard’s face changed when he saw the ground under Lin Yi and Jingyi’s feet. He quickly walked over! He thought of something important!

In the Wulong hao te mountain range, there was a kind of spirit beast called the little killing Groundhog. This kind of spirit beast lived underground and liked to build nests in large underground caves. It was not aggressive and did not have any other special attributes.

However, this kind of small killing of groundhogs had a hobby. They especially liked to collect the inner cores of dead spirit beasts! They kept the inner elixirs in their caves. Although they were useless, many spirit beasts had this kind of hobby.

Previously, when the Tagan family was picking herbs in the Wulong hao te mountain range, they had accidentally discovered a few caves where they killed groundhogs, and they had found a few spiritual beast's inner cores! And the cave under Lin Yi's feet could very well be a cave for killing the groundhogs!

That was why the eighth Guardian had walked over impatiently! Other people would not use the energy essence inner core of a spiritual beast, but The Alchemist of the Tagan family knew one of the uses of this energy essence inner core, and it was not a small one!

"You guys, move aside!" The eighth guard said to Lin Yi and Jingyi.

"What do you want to do?" Lin Yi saw the eighth guard walking over impatiently, and he was a little confused.

"If I tell you to move, then move. What's with all this nonsense?" In the eighth Guard's eyes, Lin Yi was only a mid phase golden class master. He might be able to defeat the Golden class mid phase peak, but in the eyes of an Earth Class mid phase, Lin Yi was like an ant.

Lin Yi didn't want to make an enemy out of the Tagan family yet, and so he moved to the side with Jingyi.

On the other hand, the eighth guard quickly used his hands to start digging at the collapsed area under Lin Yi and Jingyi's feet! At this moment, young master ta ganlong and Lazlo also walked over. When they saw the eighth Guardian's actions, their faces instantly lit up. They had guessed the eighth Guardian's intentions!

The fifth guard was currently meditating and was temporarily unable to come over.

"This is the cave where we killed the groundhogs?" "There's a spirit beast's essence inner core inside?" ta ganlong asked in surprise.

"It should be!" "But I don't know if there's an essence inner pill," the eighth Guardian nodded.

"I really didn't expect this. I thought that we had failed to capture the fire Lion this time and were a little unlucky. But it's really a ray of light at the end of the tunnel. There's an unexpected surprise!" Lazlo said excitedly. (To be continued.)

Chapter 2223: want to keep everything for himself

"Ha! It's really a cave for killing little marmots!" The eight guards laughed loudly and increased the speed of their digging. They also ordered Lazlo, "Lazlo, come over and help me dig!"

"Yes!" Lazlo nodded and reached out to help.

Taganlong wasn't too pleased to see Lin Yi alive-he'd be able to bring Jingyi back if he'd died, but Lin Yi was still alive!

And so, taganlong looked at Lin Yi unhappily, frowning."What are you looking at? Help? Do you still want those five spirit gathering pills?"

The mission failed, and according to the agreement, Lin Yi could get five pills, but the three dead men's were gone. Who asked them to die?

"Oh." Lin Yi replied faintly and walked over to help. He started digging with the eighth guard and Lazlo.

Soon, the cave was dug open, and Lin Yi touched two hard beads. He reached in and took them out-they were the inner cores of Two Spirit beasts!

"Haha, two, there's actually two. What a great profit!" Taganlong laughed out loud when he saw the cores in Lin Yi's hands. "That's great, that's great!"

"That's right. I really didn't expect that a normal cave used to kill groundhogs would have one vital essence inner core. Some newly built caves don't even have one, but there are two here. What a pleasant surprise!" The eighth Guardian nodded.

Lin Yi, on the other hand, was studying the two cores in his hands. What was the use of these things for the Tagan family to be so excited? Lin Yi had Two Spirit beast cores now-one from the lion and one from the Qian Mountain sect.

However, even the GaN mountain sect, which specialized in raising spirit beasts, didn't know the use of this spirit beast's inner core. How did the Tagan family know? It seemed that this small Tagan family really could not be underestimated!

However, Lin Yi understood that if he asked them what the beast's inner core was for, they wouldn't tell him. However, since this thing was a good thing, he would keep it and slowly research it. One day, he would know its use.

"Kid, What are you looking at? Hurry up and give it to me!" Taganlong saw Lin Yi looking at the beast's inner core and was a little displeased. He'd gotten used to acting like a rich kid all these years, so his tone was arrogant as well.

"My wife and I found the cave, but we all contributed. Whoever sees it will get a share. I'll give you one, and I'll keep one." Lin Yi didn't want to argue with the Tagan family. Logically speaking, with Lin Yi's personality, he was the one who found this thing, so why should he give it to the Tagan family?

But now wasn't the time to fall out with the Tagan family, and so he suggested that they split it evenly.

"Those who see it get a share? Are you stupid?" Taganlong looked at Lin Yi like he was an idiot. "You're just a mid phase golden class master, and you're telling me that anyone who sees you will get a share? You're hired by the Tagan family to work for us, and you want to get a spiritual beast's vital essence inner core? are you dreaming?"

"Yes, Mr. Zhang, don't be silly. This spirit beast's elixir is precious, but you have no use for it ..." Lazlo quickly said, afraid that Lin Yi would do something stupid.

Lin Yi laughed instead of getting angry at the two's words. Yes, he laughed. He never thought that there would be such a shameless person in this world!

He and Jingyi found this cave by accident, and he was the one who dug out the beast's core! Lin Yi was already giving them a lot of respect by giving them one.

They didn't expect that they would want to take it all for themselves, and they did it so confidently as if the pill had to belong to them and Lin Yi was just a hired helper.

"So you're saying that you want to take it by force?" Lin Yi's anger was finally ignited-he'd been suppressing it before, but this was too much.

"You want to snatch it from me? You're not worthy!" Taganlong looked at Lin Yi with disdain."In my eyes, you're just a little ant. Do you think you're so powerful? Let me tell you, this is the blackhot mountains of the town of releida, not an ordinary place! Do you think this is a place where even normal golden class Masters are rare? I'm telling you, all my dogs are golden class!"

Lin Yi was amused by taganlong's words. All his dogs were golden class? Lin Yi's dog was a Mystic class dog, and a Mystic late phase peak at that!

However, Jingyi's tugging calmed Lin Yi down.

These two cores seemed precious, but the problem was that Lin Yi didn't know how to use them at all. It didn't matter if he gave them to the Tagan family-he'd trade them for some of the other noble houses when he got back, and probably not many people would know how precious they were.

"Alright, these two essence Qi inner cores are for you. We admit that we are no match for you, and we don't want the five small spirit gathering pills!" Lin Yi said as he pulled on Jingyi's hand. "Let's go!"

"Leave? It's too late!" Taganlong saw that Lin Yi had backed down, so he pointed at Lin Yi arrogantly and said,"Kill that man and leave the woman behind. I still have use for her!"

"What's the meaning of this?" Lin Yi's face changed, not expecting taganlong to be this unreasonable.

"Nothing. I've wanted to kill you for a long time. Since you're so insensible, then go to hell!" "I'll tell you the truth," taganlong said."I have my eyes on your woman, so you must die!"

"Good, very good. So this is how the Tagan family treats the adventurers who risk their lives for you." Lin Yi smiled coldly at the two.

"No one else will know. The other three adventurers have already died, and the rest are all members of the Tagan family. So, if you die, we can push the blame on the Great Fire Lion and say that you were killed by the fire Lion because you were not strong enough." Tagan long said arrogantly.

"Is that so ..." Lin Yi's face was dark.

"I'm too lazy to talk nonsense with a nobody like you! Eighth Guardian, kill him!" Taganlong announced Lin Yi's death sentence arrogantly.

Lin Yi's eyes turned sharp as he looked at the eighth guard walking towards him! (To be continued.

Chapter 2224: Come and get it yourself

Ha ... Kill me ... Alright, I can only kill you first!

The moment the eighth Guardian made his move, Lin Yi moved as well. His left hand held a Qi bomb, and his right hand used the fourth style of the wild fire Fist!

“The fourth move of wild fire Fist! Vacuum Wave fist! You can go to hell!” Lin Yi exploded in that instant!

He’d been talking to ta ganlong earlier because he was preparing a Qi bomb-this Guardian eight was an Earth Class mid phase, the same level as him. It wouldn’t be easy for Lin Yi to kill him in an instant!

But Lin Yi had to be killed instantly-he couldn’t fight him, it’d be bad for both him and Jingyi if they did!

Because there was still a fifth guard at the peak of the late stage of the earth Class. Even if this young master taganlong was a piece of trash, he was still at the early stage of the earth Class.

So, Lin Yi had to get rid of a hidden danger first! The fourth form of the wild fire Fist wasn’t enough to take out a master of the same level in one move, but Lin Yi wanted to use the Qi bomb as a combination. Although the Qi bomb didn’t compress for a long time and wasn’t very effective, Lin Yi used the wild fire Fist as the main and the Qi bomb as a support against the eighth Guardian.

Lin Yi’s right fist emitted a wave of fire Qi, forming a huge wave of heat that instantly pressed towards the eighth Guardian’s chest!

“BOOM!”

With a loud bang, the eighth guard was completely caught off guard and sent flying by Lin Yi’s fourth move! His eyes were filled with disbelief. How could a golden class mid phase master know how to use a martial arts technique? And it was the fourth move?

No... This was not the fourth move, this was the fifth move!

“You ... You ...” The eighth Guardian’s mouth was wide open, as if he wanted to say something.

“You can die now!” Lin Yi didn’t give him a chance to speak, and before the eighth guard could react, the energy bomb in Lin Yi’s left hand followed!

If Lin Yi didn’t kill the eighth Guardian, he’d be a huge threat to him. He had to get rid of him first!

“Bang!”

Another heaven-shaking explosion resounded. The eighth Guardian watched helplessly as a large hole was blown through his chest. He died with his eyes wide open! In death, he finally understood that Lin Yi wasn’t a mid phase golden class, but he couldn’t speak anymore.

Lin Yi returned to sun Jingyi’s side after killing the eighth Guardian. He was afraid that taganlong would harm sun Jingyi while he was dealing with the eighth Guardian!

Taganlong, however, didn’t do that. Lin Yi guessed that taganlong was probably still fantasizing about killing him and bringing Jingyi back, not hurting her yet.

He’d thought of two plans before! One was to capture the leader and use taganlong as! Hostage, but that was way too risky! With taganlong under Lin Yi’s control, he wouldn’t be able to keep sun Jingyi safe-even the eighth and fifth guards could use sun Jingyi as a hostage, and then turn around to trap Lin Yi!

And so, in the end, Lin Yi decided to get rid of the eighth and think of a way to fight the fifth. As for sun Jingyi, if taganlong was interested in her, he wouldn't let her die right now. At most, he'd control her and capture her, but he wouldn't do anything bad to her now.

Lin Yi's guess was right.

He flashed back to Jingyi's side and looked at taganlong coldly. "Don't be too greedy! We could've lived together in peace, but you just had to cause trouble!"

"You ... You're an Earth Class?" Taganlong wasn't stupid-if he didn't know that Lin Yi was an Earth Class, then he could just go and die. "You've been in disguise?"

"This has nothing to do with you." "But, aren't you mid Earth Class too?" Lin Yi said faintly. "You've been releasing your mid phase golden class Qi all this time?"

Taganlong's face changed after hearing Lin Yi's words! This was his biggest secret, how did Lin Yi know? He didn't fight at all along the way, and he didn't even release his mid Earth Class Qi-he didn't know that Lin Yi had a cheat that could tell his strength.

This person must not be allowed to live! Only a few guards and core members of the Tagan family knew that taganlong was a mid-Earth Class. If this news were to spread, it would be bad for the Tagan family. That place would never allow him to reveal his strength so early. The tallest tree in the forest would be destroyed by the wind. Taganlong knew this very well!

"Fifth Guardian, exterminate him!" Tagan long looked at the fifth Guardian and said in a deep voice.

"Brat, you're not wrong. Don't be greedy!" At this time, the fifth guard had finished healing and was slowly walking towards Lin Yi! He was very angry. He didn't expect that he would actually fail in such an easy task!

Lin Yi had been suppressing his strength the whole time, taking out the eighth Guardian while he was healing and almost threatening taganlong's safety!

In fact, Lin Yi was a bit depressed. After killing the eighth Guardian, he wanted to kill the fifth Guardian, who was healing, but he saw that the fifth Guardian had already stopped and stood up, so he gave up on the idea.

To an expert like the fifth Guardian, a sneak attack was useless. He had already recovered from his injuries, and now it was time for a real fight.

"Give me the inner cores of the two Spirit beasts, and I'll leave your corpse intact. Kid, you killed the eighth Guardian with a sneak attack, so don't think you're that great." Guard five could tell that Lin Yi was an Earth Class, but he thought that guard eight died because he was too careless. He didn't expect Lin Yi to be at the same level as him, so he was killed by Lin Yi's sneak attack!

Of course, this was one of the reasons, but it wasn't the root of the problem. The fifth guard was looking at things from his own perspective, and he thought that he could also ambush and kill the eighth guard, but he forgot that Lin Yi was only earth Class mid phase, not Earth Class late phase peak!

"You're going to kill me. Do you think I'll just stand here and let you kill me?" Lin Yi laughed coldly at the guard.

“So what? You’re weaker than me, so killing you is as easy as flipping my hand. ” “Too many things have happened today. I don’t want to torture you. Hand over the things and I’ll give you a quick death!” Your woman, young master taganlong will help you take care of her in the future!”

“Hehe, that’s true. You should be able to see my feelings for you, right? Following me is much better than following this useless man. In the future, you will be able to live a good life, cultivate and even have pills to eat!” Tagan long said with a smile.

With the fifth guard by his side, he wasn’t afraid of Lin Yi at all.

“If you want it, come and get it yourself. It’s impossible for me to give it to you!” Lin Yi said faintly. (To be continued.)

Chapter 2225: unexpected

“Fine, I admit that you’ve killed the eighth Guardian, and your confidence is a little inflated. But the consequence of this inflated confidence is that you must stay here today!” As he spoke, the fifth protector’s eyes turned cold and filled with killing intent.

“It’s not certain who will stay here. ” Lin Yi was actually trying to buy time. He was compressing the energy bomb, but the fifth guard probably wouldn’t give him that much time.

“Hmph, you’re so stubborn!” The fifth guard sneered.

“Fifth Guardian, don’t waste your breath on this brat. Do it, kill this brat for me, but don’t hurt the woman beside him. I still have to go back tonight to let her warm my bed!” Taganlong had to kill Lin Yi, but he couldn’t kill sun Jingyi, so he had to continue acting like a rich kid.

The fifth guard nodded and did not say anything more. He moved his legs slightly and steadied his horse stance. He clenched his fists and the true Qi in his body instantly reached its peak! Earth Class late phase peak, fully displayed!

“The fourth move of wild fire Fist!” Lin Yi saw that he couldn’t delay any longer and chose to attack first. The powerful fire Qi burst out with his fist again, aiming for the fifth Guard’s face!

The fifth Guard’s pupils contracted as he looked at Lin Yi’s fist, a cold smile on his face.”An earth-tier martial skill? I’ll let you see what a real Earth-tier martial skill is!”

With that, the fifth guard moved. In an instant, he dodged Lin Yi’s attack. His body turned in a circle and appeared behind Lin Yi. With a cold smile, both his fists suddenly smashed towards Lin Yi’s back!

“The tenth form of the mountain splitting fist! Go to hell, kid!”

With a loud shout, the fifth Guard’s fists also smashed over!

Lin Yi’s heart skipped a beat-the strong Qi was so strong that he couldn’t help but lean over! And this was before the fist even landed on Lin Yi!

I can't welcome him! Lin Yi didn't think that this guard eight was this strong, actually reaching the tenth form. But thinking about it, it was normal for an Earth Class late phase peak to be able to use the tenth form!

If Lin Yi was hit, he'd be seriously injured!

"Vacuum Wave fist!" Lin Yi didn't even look behind him as he threw out the compressed energy bomb. In the next moment, Lin Yi ran to the side, quickly moving to a place where the fifth Guard's fist couldn't reach.

"Cheating?" The fifth guard heard Lin Yi shout something like Vacuum Wave fist and thought that Lin Yi was going to fight him head on. He paused for a moment, but Lin Yi didn't even turn around and just ran away. The fifth guard subconsciously raised his fist and continued to punch!

However, in the next moment, the fifth guard felt that something wasn't right. Although Lin Yi had left, he felt an explosive pure energy fluctuation. He didn't have time to react before he felt his fist hit an energy ball!

"Bang!"

The fifth guard let out a blood-curdling screech as blood and flesh splattered from his fists. The flesh on his fists had been blown away, revealing his white bones!

"Wayayayayaya!" The fifth guard looked at his fists, the veins on his forehead bulging. He looked at Lin Yi with a dark gaze, not expecting Lin Yi to be able to hurt him. "Brat, you've successfully angered me. However, don't think that just because my fist is injured, I can't do anything to you! I'm not a physical practitioner, but I've also trained in leg techniques!"

Lin Yi frowned at the words. He wanted to blow up the fifth Guard's hands so that he wouldn't be able to activate the skill, but he didn't expect that he'd also train his legs!

"Is that so? Then I'll cripple your legs. " Lin Yi said faintly and quickly moved towards the fifth Guardian. He extended his fists and shouted, "Vacuum Wave fist!"

Hearing these words, the fifth guard subconsciously froze again. Lin Yi's Vacuum Wave fist was too mysterious! The fifth guard had never heard of this kind of martial skill. Without turning around, without punching or kicking, a person could use this martial skill!

Moreover, the destructive power of this martial technique was too great. Just by looking at his hand and the chest of the eighth Guardian, one could tell that this martial technique was too fierce!

And so, the fifth guard was on full alert as he looked at Lin Yi. He didn't dare to take the fists that were coming for his chest, but concentrated all his Qi on his chest to protect it from Lin Yi's strange skill again!

He'd already felt the destructive power of Lin Yi's Vacuum Wave fist, and as far as he was concerned, as long as he used all his Qi to protect his body, he could take this move from Lin Yi without getting hurt!

Plus, the fifth guard was planning to use his chest to block Lin Yi's attack, and then use the tenth form of mountain leg to kick Lin Yi to death when he got close!

“Vacuum Wave fist!” Lin Yi was shouting vacuum Hadouken, but he was shouting “Xuanji wood forest thousand transformation” in his heart!

He’d gotten some inspiration from the wild fire Fist and Vacuum Wave fist-if both hands could do different things, could he use skills at the same time? Lin Yi decided to give it a try!

The thousand changes of wood and forest was originally one punch to four, but now that Lin Yi had two fists, it was eight! Other than the two punches on the fifth Guard’s chest, Lin Yi could theoretically throw six more punches, or at least two more!

So Lin Yi used a confusing move. He could tell that the fifth guard wanted to use his Qi to protect his chest, and this kind of close-range attack gave him the hope of counterattacking. This was the effect Lin Yi wanted!

Taking advantage of the fifth Guard’s unguarded state, he would give him another fatal blow.

“Bang!” “Bang!”

The two fists landed on the fifth Guardian’s chest without a doubt. The fifth Guardian’s lips curled into a smile. This Vacuum Wave fist is nothing much!

Because of the true energy in his chest, he didn’t notice any difference between this time’s Vacuum Wave fist and the previous one. He was excitedly preparing to use the tenth form of mountain splitting kick, but suddenly, he felt a violent pain in his genitals!

“Bang!” “Bang!” “Bang!” “Bang!” “Bang!” “Bang!”

With six explosive sounds, Lin Yi’s remaining six punches all landed on the fifth Guardian’s crotch! It was a dirty move, but Lin Yi didn’t have time for that when he was fighting a master who was several levels higher than him. (To be continued.)

Chapter 2226: huge gap

Besides, the Tagan family was the shameless one first, and Lin Yi was just shamelessly retaliating.

”

Lin Yi’s six punches had basically destroyed his life! This was one of the weakest parts of the human body, and this pain was unbearable even for an Earth Class late phase peak!

The fifth guard didn’t think that Lin Yi would be this evil. What he didn’t understand was that Lin Yi’s fists were clearly on his chest, so how did his crotch get punched six times at the same time? Where did these six punches come from?

The fifth guard couldn’t be blamed for being careless. No one would have thought that the two fists that had hit his chest at the same time could hit his crotch six more times. This was simply illogical!

Therefore, the fifth protector’s true energy was all gathered to protect his chest, and there was no excess energy to be used anywhere else! Of course, this was also because Lin Yi’s Vacuum Wave fist had

caused too much damage to the five guards. Otherwise, they wouldn't be so careful to use all their pure energy to protect their chest!

And if Lin Yi were to pull back after these two punches, the fifth guard would probably use his Qi to protect his body again before activating his skill. From what he could sense, Lin Yi didn't need to use all his Qi to protect his chest at all-he just needed to use his Qi to protect his body.

However, it was too late to regret it now. He was going to die from the pain!

It was Lin Yi's style to take your life when you're down. In Lin Yi's mind, there was no such thing as a fair fight. Lin Yi wasn't a Knight, but in essence, he was an assassin, because his master was an assassin!

The education Lin Yi had received since he was young was that the process of killing wasn't important-the result was! Moreover, if he couldn't win, he would run if he could. If he couldn't run, he would think of ways to trick his opponent.

And so, when the fifth guard kneeled on the ground and panted, Lin Yi moved again!

"Wild fire Fist, the fourth move of the Pixiu!"

Lin Yi roared in his heart, but he didn't say anything on the surface. The hot Qi turned into a ball of fire and wrapped his right fist, quickly punching towards the head of the fifth guard!

The fifth guard was currently circulating his Qi to heal his d * ck. Although his d * ck seemed to have been shattered by Lin Yi, he still had a glimmer of hope and wanted to try to heal it!

After all, if he was really crippled, the fun in life would be halved!

As a guard of the Tagan family, and one of the higher-ranked guards at that, he had several concubines and had fun every night. If he were to be crippled now, he would not be able to enjoy men's pleasures in the future. That would be really terrible.

However, just as the fifth guard was about to heal, Lin Yi's fist came again!

However, with the previous experience of being at a disadvantage, the fifth Guardian had learned his lesson. He did not use all his strength to protect his head, but mainly protected his lower body! The two punches that Lin Yi threw at his chest were nothing special to him.

As for the six punches to his lower body, because they were continuous hits, and they were at the weakest part of the human body, they caused him more serious damage!

So this time, he only left a small part of his Qi in his head, most of it protecting his lower body. The fifth guard guessed that someone as sinister as Lin Yi would probably attack his lower body again. This kind of martial arts might be shameless, but it was also very effective.

"BOOM!"

Lin Yi's fourth style of the wild fire Fist landed on the head of the fifth Guardian, sending him flying!

Although the fifth guard had some Qi protecting his head, it wasn't too much. And so, a tragedy happened-Lin Yi didn't use the thousand changes of forest, but the wild fire Fist!

Although the thousand changes of wood and forest was strange, the power was dispersed into several punches. If those six punches had not hit the fifth Guardian's lifeblood, he would not have been injured like this.

The wild fire Fist was different. The fourth move was comparable to the fifth move of other skills. Lin Yi's punch almost gave the fifth Guardian a concussion!

"Brat, I'm going to kill you!" The fifth guard was sent flying, and he staggered up from the ground. His face was covered in blood, and his expression was ferocious. He didn't expect to be at a disadvantage this time. Lin Yi was too cunning. Not only did he have many skills, but they were also strange and different each time. He didn't know how to deal with them.

Of course, although Lin Yi's punch was strong, the difference between his level and the fifth Guard's was too big. Even if the fifth guard wasn't prepared for it, it still wouldn't cause any fatal damage!

The pain in his head and lower body triggered his ferocity. He took a deep breath and forced himself to calm down. The Qi in his body rose in an instant, and his blood red eyes flashed with killing intent. With a violent roar, he charged at Lin Yi with a monstrous force!

"Mountain leg, Kasaya, tenth form!"

Lin Yi's heart sank as he looked at the fifth Guardian, who was like a raging leopard. The opponent's strength was far beyond his imagination. The fifth Guardian still had such strong combat power after being beaten up by him!

"Wild fire Fist, the fourth move of the Pixiu!"

With no other choice, Lin Yi could only use his strongest skill, wild fire Fist, to fight it head on. He couldn't use the Qi bomb again in a short time, and the thousand changes of wood and forest wasn't suitable for head-on attacks. It was only suitable for surprise attacks.

"BOOM!"

Lin Yi's fist and the fifth Guardian's leg collided with each other, creating a thunderous sound!

Lin Yi's body was sent flying. He was no match for her in a head-on clash!

The fourth form and the tenth form weren't on the same level at all. No matter how trashy the fifth house's skills were, they were still stronger than Lin Yi's because the difference in level was just too big.

A cruel smile appeared on the corner of the fifth Guard's mouth as he watched Lin Yi fly back, his heart filled with killing intent!

He had to kill Lin Yi today, or else he wouldn't be able to vent his anger!

Putting aside the fact that the eighth Guardian had died in Lin Yi's hands, even the fifth Guardian's life was in danger. Lin Yi had to die!

"It's only the fourth form of the martial arts technique. A Mantis trying to stop a chariot overestimates its own strength!" The fifth guard laughed coldly and didn't give Lin Yi any chance. He flew over again, "The tenth move of mountain leg breaker! Brat, go to hell!" (To be continued.)

Chapter 2227: Skybolt pig seeking help

Seeing that the fifth protector had gained the upper hand, taganlong heaved a sigh of relief! Lin Yi's bravery surprised taganlong-this Lin Yi really wasn't that simple, was he? Earth Class mid phase?

If even the five guards weren't a match for him, he'd have to expose his strength and fight Lin Yi to the death. But it seemed like there was no need for him to do that anymore.

Jingyi, on the other hand, was getting really nervous!

Jingyi was very happy that Lin Yi had the upper hand, but it didn't last long-Lin Yi's situation turned dangerous.

Jingyi wasn't a practitioner, but she was no stranger to fights between practitioners. She knew that Lin Yi had the upper hand not because he was stronger than the five guards, but because of his surprise attacks.

But now, Lin Yi's moves had been seen through by the five guards, so they began to take revenge and fight back.

But as nervous as Jingyi was, there was nothing she could do to help Lin Yi ...

"Bang!"

There was another loud sound, and before Lin Yi could get up from the ground, the fifth guard kicked him in the waist again!

"Pfft, pfft, pfft."

Lin Yi spat out a mouthful of blood in the air, his face turning pale. His body flipped a few times in the air and landed heavily on the ground. Blood came out from the corner of his mouth again. It was obvious that he had suffered a serious internal injury!

Lin Yi didn't stand up before, he was healing her! Even the second time he was hit, Lin Yi didn't leave the Jade space. He continued to heal in the Jade space! Lin Yi hoped that he could find a way to buy time, but to his dismay, he realized that he couldn't!

The injuries that the fifth house of guards had caused him were extremely serious, and each time he recovered, it wasn't even a third of the damage that the fifth house of guards had caused! In other words, Lin Yi's healing speed couldn't catch up to the fifth Guard's attack speed.

"Still not dead? Very well, kid, don't die too quickly, I haven't tortured you enough!" The fifth guard thought of the eighth guard who was dead, and his injured penis. A sinister smile appeared on his face. He was going to torture Lin Yi to death!

With that in mind, he wasn't in a hurry to kill Lin Yi. He came to Lin Yi's side and kicked again,""Mountain leg, Pixiu, fifth move!"

This time, the fifth guard didn't use the tenth form, but the fifth. The goal was simple-Lin Yi was already on his last legs, and if he used the tenth form a few more times, he'd probably die soon.

But the fifth style meant that he could tease and humiliate Lin Yi a few more times. Lin Yi couldn't get up now anyway, so he wasn't afraid of the fifth style turning the situation around.

"Bang! Bang! Bang!"

Another thud, and Lin Yi was sent flying again. He felt the force of the kick lighten, and let out a sigh of relief. At least he could recover faster. If only the fifth guard could reduce the force a little ...

Lin Yi struggled for a while before lying on the ground like a dead dog.

He was pretending. In reality, he still had the strength to get up and fight back, but he did not. He wanted to show weakness so that the fifth guard would reduce his strength.

Therefore, he pretended to be on the verge of death.

"I didn't expect you to be so weak!" The fifth guard laughed coldly, but he did not reduce his strength. "Mountain leg breaker, fifth move!"

It was the fifth form of mountain leg again. The fifth guard wanted to play with Lin Yi, but he couldn't just keep doing it.

Lin Yi's body flew up again, fell down, struggled, and spat out blood.

Jingyi saw this, and started panicking ... All of a sudden, she felt something in her bag tickling her back!

Skybolt pig! It was the Skybolt pig!

Jingyi suddenly remembered that Skybolt pig was still in her bag-did he have a plan?

She didn't know what the pig meant, but it must have had its reasons for calling her.

Jingyi, on the other hand, had no choice but to try it as a last resort. While taganlong and Lazlo's attention were on Lin Yi, she secretly opened her bag, and the Skybolt pig jumped out, disappearing into the bushes behind her ...

Jingyi paused as she watched the pig disappear-she didn't know what he was doing, but he should be able to help Lin Yi, right? she couldn't help but look forward to it ...

Taganlong and Lazlo's attention were all on Lin Yi, so they naturally didn't notice what Jingyi was doing.

Whether it was taganlong or Lazlo, they wouldn't be on guard against her-she was just a weak girl who wasn't even a golden class, what could she do? It was also impossible for her to be hiding her strength like Lin Yi.

Lin Yi was already beaten up like this, and yet she still didn't help. She didn't know martial arts at all.

Jingyi was panicking, but there was nothing she could do to stop the fifth guard from kicking Lin Yi away again and again.

The fifth guard could only vent his anger by kicking Lin Yi like this over and over again, sending him flying like a ball!

He didn't just kick him to death, but he killed him like this! This showed how much the fifth Guardian hated Lin Yi!

Lin Yi crippled him and made him unable to be a man, so he'd make Lin Yi suffer even before he died! He wanted to break every bone in Lin Yi's body, every organ, and make him die of pain!

However, just as the fifth guard was having a good time kicking, a loud roar suddenly came from not far behind him!

It was the Great Fire Lion! It couldn't come back, it went and came back!

Behind the Great Fire Lion was the little fire Lion and the smug Skybolt pig!

It was true that Skybolt pig had the ability to hunt for treasures, but he also had another amazing ability, which was to find spirit beasts within a certain range! In fact, this was just the instinct of spirit beasts. Other spirit beasts could also find their own kind through smell, but the Skybolt pig's sense of smell and perception was stronger. Not only could it find its own kind, but it could also find other spirit beasts from a longer distance!

Searching for people and treasures was Skybolt pig's innate ability.

He was in his bag before, and although he couldn't see what was going on outside, he could feel that Lin Yi was no match for him, so he asked sun Jingyi to let him out and went to find the fire Lion for help!

Lin Yi had helped the fire Lion in secret before, and the pig could be felt in Jingyi's bag!

Chapter 2228: The Great Fire Lion takes action

The pig also knew the fire Lion very well. He knew that he would repay whatever he owed!

So, when it found the big fire Lion and the small fire Lion who were returning to their nest, it told them about Lin Yi's situation with some exaggeration. The big fire Lion was instantly enraged! Because, Skybolt pig told him that it was someone else who found out that Lin Yi was helping the little fire Lion, and that was why they came for revenge!

How could this be? When the Great Fire Lion heard that his benefactor was being retaliated against because of his child, he quickly came to help! It didn't matter if they were from the Tagan family or not- he'd rather offend them than not save Lin Yi!

Hence, the big fire Lion, the anxious little fire Lion, and the smug Skybolt pig rushed to the scene of the incident together!

Just as everyone was wondering why the Great Fire Lion had returned, the fifth Guardian suddenly felt a strong gust of wind behind him. Immediately after, he felt a tearing pain. He saw with his own eyes that the area below his waist had been torn apart by the Great Fire lion's claws ...

This was the last scene he saw in the world. He didn't even know how he died. He didn't understand why the Great Fire Lion came back and suddenly killed him.

This dramatic scene stunned everyone present, especially taganlong. He was still immersed in the pleasure of the fifth guard abusing Lin Yi, but he was now in deep fear!

Although he had hidden his strength, he was no match for the Great Fire Lion no matter how hard he tried. Seeing the Great Fire lion's ruthlessness, taganlong knew that he would only be courting death if he went up.

However, he could not figure out why the Great Fire Lion had returned. Didn't it leave?

Could it be that after it returned, it became angrier the more it thought about it, so it came back for revenge?

Thinking of this, taganlong's face turned ashen."Lion hero, I ... I'm just here to watch the show. It has nothing to do with me. I'll leave now. I didn't do anything to your son just now!"

The big fire Lion ignored taganlong and quickly came to Lin Yi's side with the little fire Lion and the Skybolt pig. The little fire Lion looked at Lin Yi who was motionless on the ground sadly, sticking out its tongue and licking his forehead, tears of sadness flowing down ...

The little fire Lion thought that Lin Yi had died and was naturally very sad! To it, Lin Yi had died to save it, which meant that it had killed Lin Yi.

The fire Lion clearly distinguished between kindness and hatred. How could it be happy to see its benefactor die because of it?

However, the pig understood Lin Yi better. He checked Lin Yi's condition carefully and found that Lin Yi was still alive. He explained happily to the fire Lion and the fire Lion,"Ji Ji~~~"

The pig was telling the lion that Lin Yi had the ability to heal himself, and as long as he was still breathing, it was fine.

Both the big fire Lion and the small fire Lion were surprised by the pig's explanation, but remembering what the small fire Lion said about Lin Yi's ability to heal it quickly, the big fire Lion didn't doubt the pig anymore and let out a breath of relief.

Lin Yi was fine now, and the most important thing was to let him heal in peace. Since taganlong didn't do anything, he'd let him go for now. It was just a fifth guard, and the Tagan family probably wouldn't care too much.

So the fire Lion gave up on the idea of making taganlong pay with his life. It was smart, and if it killed taganlong now, the Tagan family would go crazy. Not only would it be in trouble, but Lin Yi would be in trouble as well.

Taganlong found the attitude of the two fire lions strange-why did they seem so friendly? Could it be that they came back this time to help Lin Yi? The more taganlong thought about it, the more he felt that something was wrong. Why would the little fire Lion help Lin Yi when he was surrounded by him?

Taganlong may look like an idiot, but he wasn't stupid. He understood the fire lion's personality-it knew how to repay kindness and gratitude. If that was the case, it meant that Lin Yi had helped the fire Lion before, and they would return the favor ...

Help ... That's it! Thinking back to the past, every time the little fire Lion looked like it was about to die, it would run up to Lin Yi and fight with him, and then it would be back to life. Lin Yi must have done something!

This Lin Yi was suppressing his strength to come up the mountain for a mission-something was obviously wrong. He was an Earth Class mid phase, why would he risk his life for a gathering spirit pill? He wouldn't even care about the five spirit gathering pills! Then, he thought about how the big fire Lion pretended to teach Lin Yi a lesson. Everyone else died but Lin Yi-wasn't there a problem?

It seemed that this Lin Yi was a spy, helping the little fire Lion in secret!

Taganlong glared at Lin Yi with a venomous look as he thought of this. He was ready to run away while the big fire Lion, small fire Lion, and Skybolt pig were all focused on Lin Yi, and he'd run with Jingyi!

However, just as taganlong was about to catch sun Jingyi, Skybolt pig let out a "Ji Ji" sound.

"Roar!" The fire Lion roared at taganlong and pounced on him, scaring the hell out of taganlong and lazi. They couldn't care less about Lin Yi and Jingyi anymore as they ran down the mountain!

Jingyi had just come back to her senses-she didn't think that the pig would be this strong, calling the fire Lion and the big one, and ending up in such a tragedy for the fifth guard.

"Skybolt pig, big and small fire lions, thank you so much!" Jingyi let out a breath of relief. She could tell that Lin Yi was injured, but he wasn't dead. As long as he wasn't dead, then there was no problem. Jingyi was very clear about Lin Yi's healing ability.

"Ji Ji!" Skybolt pig nodded proudly, but it was his duty to do so.

The fire lions, on the other hand, smiled apologetically. They didn't think that they helped Lin Yi in any way. In their eyes, it was the little fire Lion who hurt Lin Yi and got taganlong's revenge.

"Let's leave this place first and find a safe place to recuperate. "

Skybolt pig wrote on the ground with his claws, but when Jingyi finished, he wiped it clean, leaving no evidence.

The big fire Lion lifted Lin Yi up with its claws and carried him on its back. The little fire Lion led the way, with Lin Yi in the middle and Jingyi and Skybolt pig at the back ...

The middle of the mountain range was the territory of the fire Lion family. The little fire Lion led the way directly to their home ...

In fact, although it was called the fire Lion family, there were only a few fire lions in the entire family. Other than the big fire Lion and the small fire Lion, there was a female Fire Lion. To put it bluntly, they were a family of three, but the strength and cultivation of the female Fire Lion was not too high, and she did not have much combat power. (
