

Bodyguard 401

Chapter 401 – Young Hipster Girl

Brother! There's hope for dad! I found an elixir for him, let's give it to him right away! Fatty Lai was burning with excitement, the fat on his body wobbling about as he held in his hand a cigar box.

Changyi, what're you talking about? What elixir? Chantian frowned. You didn't get scammed by some conman for a vigor pill or anything, did you?

Not a conman, and it's not some vigor pill, either! Fatty Lai shook his head. It really is good stuff! Bro, hurry, get some warm water! I'll feed this to da!

Absurd! What if you get dad killed?! What on earth is that, anyway? Changtian hmped and went for the cigar box right away.

The doctor decided not to get involved with this sibling quarrel- he was turning around to leave when Changtian called at him, no intention of letting him go whatsoever as he pointed his finger. The doctors here, you ask him if you can just feed some vigor pill to a patient!

I The doctor sweated, finding himself in a difficult position- this wasn't something he could just simply answer! A vigor pill with unknown origins, naturally, shouldn't be eaten, but what if this Fatty Lai had managed to get some miracle medicine from a renowned doctor??

And so he wasn't sure what to say- if he said no and it turned out that the pill was effective, then wouldn't he have to take responsibility! What if he said yes and the pill got the patient killed?!

And so, the doctor hesitated a while before speaking up. There's a risk with everything. Something like an elixir pill isn't always fake, it could prove effective sometimes.

The neutral statement pissed Changtian off- fuck, he'd wasted that red packet money on the bastard!

Alright, you can leave now- dismissed! Changtian sent the doctor away with a wave of his hand.

The doctor took that opportunity and slipped out the room. He'd be better off distancing himself from sibling quarrels like this when it happened.

What exactly are you planning with that pill? You want dad to eat it so he'd die right away?! Changtian's eyes were wide open, a cold smile on his face. Don't think I don't know what you're planning, alright, you want dad to die as soon as possible so you can fight me for the electronic industry's rights! I'll tell you right now that's impossible! I've shed too much blood for that, and I'm five years older than you! I've been working my life off in that industry since I was twenty, for twenty years! I won't just give it to you, so you'd better just stop thinking about it! Even if dad wakes up it's thirty percent shares max for you! The real estate and trade sales are yours, but you better stay away from the electronic industry!

I want dad to die? Hmph! Don't force me, there are some things I'd rather not put out in the open! I heard everything you were saying with the doctor, you just want dad to wake up and write you a will! Fatty Lai smiled coldly as well. Since you've decided on breaking with me don't blame me for what I'm gonna say! I'm giving dad this pill purely because I want him to get better, and I'm not interested in your

electronic industry at all! I dont care! Just like what you said, thirty percent shares, real estate and trade sales department, Ill take those and split from the company!

Oh? Changtian was taken aback by the statement, but a trace of joy could be seen in his eyes a while after. Alright, words are air- were putting this on paper! Ill write this out and youll sign it, and you can feed dad whatever you want after that, I dont care!

Deal! A cold look flashed in Fatty Lais eyes, as well. This brother of his was a cruel man- he didnt care if his father lived or died at all, completely preoccupied with getting the rights for the electronic industry!

Changtian had had a solid idea for a contract a long time ago, so it didnt take long before he formed one. For a veteran businessman like him, preparing a proper contract in a short amount of time wasnt a difficult task at all.

Fatty Lai, on the other hand, was no rookie himself- he made sure to go through the contract his brother wrote him and only sign it after deeming it fine.

Alright, do what you want then! Changtians face was full of joy as he put the signed contract away.

Fatty Lai didnt care how cold blooded his brother was at this point. He quickly ran into the hospital room and carefully poured the Pill of Life Extension and Toxin Cleansing into his fathers mouth before adding some hot water to complement it for his father to ingest.

Changtian stood at a side and silently recorded the scene with his phone, smiling coldly inside as he did so. If something bad were to happen to his dad, then this footage would be enough to prove that Fatty Lai was the murderer! Even if it wasnt on purpose, it was still a mistake of his responsibility! Fighting him for the inheritance? Fatty Lai would be lucky he wouldnt be jailed!

Truth be told, Lai Changtian was a cruel and dark man- he still wasnt reassured even after the contract, and made sure to get himself another playcard in case Fatty Lai went back on his word.

Fatty Lai waited quietly for the effects to take place after hed given Elder Lai the Pill of Life Extension and Toxin Cleansing, but the old man didnt seem to be reacting at all.

Changtian, on the other hand, continued watching Fatty Lais every movement, a cold smile on his face.

Some shitty pill that came from nowhere How was that supposed to wake someone up from a coma? What a joke! Changtian wouldnt believe that something so retarded would be true at all! After all, hed forgotten just how much money hed spent to fix his dad after hed fallen unconscious, constantly to no avail He wasnt expecting a miracle anymore.

You continue staying here if you want to- Im leaving! Changtian had gotten the things he wanted- whether or not the old man woke up wasnt his concern anymore. If his guess was right, then this pill would either be ineffective or itd be damaging. He wouldnt be surprised if he was told his father was dead tomorrow.

It was Monday, and there were men lined up at the gates of Songshans First School, with Zhong Pinliang and Zou Ruoming within the ranks! From the looks of it, they were welcoming some sort of big shot But what sort of character could it be, that Pinliang and Ruoming would be greeting all line up?

Upon closer look, one would see that there were other bigshots in the group other than Pinliang and Ruoming. They weren't on the level of a Songshan Big Four, but still characters with quite a name for themselves, like that twelfth grade fatty Yu Dafa who Xiaobo spilled a bucket of water on.

An Audi TT stopped at the school gates- the driver was a young girl, who wore a pair of sunglasses on her exquisite face, her hair swept to the side. A girl of hipster design.

Welcome back, Feng Sis. Except for Pinliang and Ruoming, every one of the students bowed respectfully upon seeing this girl in the Audi.

The hipster girl frowned at what the group was calling her. Feng Sis? Don't call me something so awkward- call me Super Invincible Galaxy Big Sis of Smiles!!

Chapter 402 – The Last of the Big Four

Yes Super Invincible Galaxy Big Sis of Smiles. The group sweated, but repeated the name anyway.

(So turns out the smiles part is her name Xiaoxiao, means laugh x2 or smile x2)

Lil sis Xiaoxiao, you're back. Ruoming and Pinliang weren't very keen on welcoming Feng Xiaoxiao back, but they had no choice, they didn't dare not to! Feng Xiaoxiao may have only been a middle schooler here for just more than a month, but her name had spread far and wide, to the point where even Ruoming and Pinliang didn't dare piss her off. After all, she'd managed to leap into the position of the fourth of the Big Four as a girl!

As for why she was ranked the lowest Big Four, it wasn't because she wasn't strong. She was actually a lot more merciless than Pinliang and Ruoming! Drinking, drifting since seventh grade, fighting with blades. A violent miss like her was ranked last because she was the youngest!

Fortunately for Ruoming and Pinliang, Feng Xiaoxiao had transferred away and became a legend in the school. The two of them would have to deal getting pressured by her if she'd stayed! How embarrassing for them would it be, for a girl to be dominant over them?

They had the time of their lives during the short years the little violent Miss Feng left, and out came a Lin Yi pressing everyone's heads down! Yet, it was precisely because of Lin Yi's existence that Ruoming and Pinliang didn't actually mind Xiaoxiao returning!

They wanted to see how the violent miss matched up against that master Lin- how would that battle turn out? Would the violent miss just stab Lin Yi right away? Ruoming and Pinliang were quite looking forward to the entertainment.

Why is it still you people? It's been a couple years, did not even one strong person show up in the school? Xiaoxiao tested.

There's one, a really violent man, but he doesn't care about us. To tell you the truth, lil sis Xiaoxiao, he messed Pinliang and me up- Songshan's First School now basically belongs to him, and none of us can do anything about it. Even his only follower is at the sky high top position in the school! For the sake of

pitting Xiaoxiao against Lin Yi, Ruoming decided to belittle himself and push Lin Yi up with praise. I told him to come greet lil sis Xiaoxiao, but the guys too busy with his girl and couldnt care less what we do!

Yu Dafa and the crowd despised Ruoming that instant- the guy didnt tell Lin Yi about it at all, he just wanted to heat things up for Lin Yi and Xiaoxiao to fight! Yet none of them dared stand up for Lin Yi here. While theyd get Lin Yis favor, theyd also piss Ruoming and Pinliang off at the same time for doing so!

Lin Yi? Xiaoxiao frowned and pulled out a small phone from her pocket. She opened an image and showed it to Ruoming. Is it this guy?

Hm? You know him, lil sis Xiaoxiao? Ruoming was quite taken aback at the image on the phone- it was Lin Yi!

So he *is* here! Xiaoxiao nodded, satisfied. Looks like I really did come to the right place

Shed been putting so much effort into locating Mengyao and Lin Yi and using her resources, only to have the answer come out where she wasnt expecting it, completely unrelated to that effort!

Shed inadvertently showed her phone to a friend, who recognized Mengyao right away, the daughter of Pengzhan Industries chairman, currently enrolled at Songshans First School!

Xiaoxiao found herself quite speechless at the news- shed transferred out of Songshans First when she was in middle school, and never paused to consider that shed find who she was looking for here

But it was only natural, since Mengyao and Yushu werent studying in Songshans First School when they were still middle-schoolers. Pengzhan had feared that Mengyao at a young age couldnt discern good from bad- he was worried that shed develop one of those young mistress personalities in his own school, so hed sent her to a public middle school before enrolling her in Songshans First High School.

As a result, Xiaoxiao never met Mengyao and Yushu, let alone the newest transfer student Lin Yi.

To Pinliang and Ruoming, Xiaoxiaos words were like a ray of hope, the type of hope an oppressed immigrant would see in their darkest moments So Xiaoxiao was here to exact revenge on Lin Yi? That was brilliant news- they might not be able to do anything against Lin Yi, but Feng Xiaoxiao could!

Thats right, lil sis Xiaoxiao- do you have beef with him? Pinliang tested.

Beef? Xiaoxiao blinked- was there really beef between Lin Yi and her? Thered been a conflict, but it couldnt count a beef, really She wanted to see Lin Yi purely to race him! Shed just been feeling a little annoyed after Lin Yi looked down on her, but she supposed that that counted as beef I guess so

Pinliang and Ruoming couldnt hide the joy on their faces- now that Xiaoxiao was looking to battle Lin Yi, theyd only have to spectate it when the two tigers collided!

Xiaoxiao locked the car and strolled into the school with Ruoming, Pinliang, and the other delinquents walking behind her.

Tell me about Lin Yi. Busy with his girl? What kind of girl? Xiaoxiao asked to the Ruoming and Pinliang walking beside her.

Xiaoxiao was a little confused- wasn't he supposed to be Mengyaos bodyguard? Who could he be hitting on? Could it be that he'd gotten together with Mengyao?

He's getting really close with our school's commoner beauty Tang Yin. She wasn't here for middle school, but transferred over for high school. Pinliang explained. She was Ming Bros recent target, but Lin Yi stole her first.

Oh? Xiaoxiao blinked, not expecting Lin Yi to actually be hitting on someone here at school, on Ruomings target, no less. She couldn't help but look at Ruoming, wondering what he'd say.

Don't look at me like that I can't handle him! Ruoming gritted. He was making himself look bad, but he didn't bother hiding it- only by doing so could he make Lin Yi's tyrant position in this school evident, leading to Xiaoxiao putting him in his place.

Does anyone else at school know about this? Xiaoxiao asked.

There's probably no one who doesn't at this point. He announced in front of the dean that Tang Yin's his woman Lil sis Xiaoxiao, this Lin Yi's guys a lot flashier than you were in the past! Pinliang said. The dean Mr. Wang didn't even say anything about it!

Oh? What's his background? Xiaoxiao was puzzled- even if Mengyaos father was an investor of the school, Lin Yi was still a bodyguard- where did he get off being so cocky? And, since he was Mengyaos bodyguard, why did she allow him to go hit on girls, and even announce it of all things? Could his relationship with Mengyao be kept a secret..?

I don't know about his background, but I heard that he'd transferred here from some faraway village school. But it doesn't seem like that's the case anymore. Pinliang shook his head. He'd be an idiot if he still believed Lin Yi to be some farmer village boy.

Is that so? I understand. Xiaoxiao nodded. It seemed like she needed to make some adjustments to her original plan. She'd wanted to get all flirty with Lin Yi in front of Mengyao to cause him some trouble, but it didn't look like that'd be effective anymore.

After all, now that Mengyao had agreed to him getting with some commoner beauty Tang Yin, it was only natural that she wouldn't care if Xiaoxiao herself got intimate with him. With how things stood, she needed something different to get Lin Yi to compromise with her...

Chapter 403 – I'm Here To See Lin Yi

At the end of the day, Xiaoxiao was out here looking for Lin Yi so she could get back at him! Who did the guy think he was, he was just a bodyguard! All she wanted was to race with him a little, but the guy just pushed her car aside without one shred of care for her. It was an absolute disgrace to the big sis name of Feng Xiaoxiao.

Wang Zhifeng had jumped in fright when Xiaoxiao went to the office to make the enrollment preparations- he'd been notified by the principal Ding Binggong, saying that someone had called for them to greet and arrange for an incoming student. Never would Zhifeng have expected it to be Feng

Xiaoxiao!

He was very much aware of the misdeeds of Xiaoxiao- the girl was just fresh into seventh grade when she crushed the balls of a rich kid who tried to tease her, and a while after that, stabbed a gangster who walked in the school, sending him to the hospital!

She wasn't the one who started the trouble, but while the two incidents weren't Xiaoxiao's fault, it was still big news. If Binggong hadn't told him about the higher-ups protecting her, Xiaoxiao would've been expelled right away.

Fortunately, the girl found it to be quite boring staying here in the school, since there weren't any who could call themselves her opponents. She may have transferred away after a few days, but the strength of her name stayed.

Neither Ruoming or Pinliang, who themselves were serious Big Four members, were on the same level as Xiaoxiao's mercilessness. A girl brave enough to be stabbing someone with a knife- that wasn't something logical

And the girl seemed to have some background, as well, not getting expelled even after the two incidents she was involved in. No one dared cross her after understanding that.

Zhifeng felt like he was getting a headache- this Feng Xiaoxiao wasn't someone he could handle at all. The dean's power had no influence when dealing with her whatsoever, and he had his hands full enough with Lin Yi as it was! Fortunately for him, Lin Yi wasn't much of a troublemaker, only maybe holding hands with his girlfriend in front of him. That made the addition of Xiaoxiao more tolerable at least, but Xiaoxiao herself was someone who dared to stab someone in front of him

What sort of dean was he, anyway? Might as well have Xiaoxiao be the dean, since the students were far more fearful of her than they were of him!

Welcome back, Feng Xiaoxiao Zhifeng said helplessly. Now that even the principal had spoken, what else could a dean like him do other than pretend he welcomed her back?

Mister Wang, from your face it feels like you don't really want me back? Xiaoxiao looked at Zhifeng, a smile on her face.

Ugh! Of course not! Zhifeng smiled bitterly at his failure as a dean.

Hehe, don't worry, Mister Wang- I'm here to look for someone, I won't be causing you trouble! Xiaoxiao explained reassuringly after seeing that bitter look on his face.

Oh Looking for someone. Alright, which class do you want to go to? Zhifeng breathed out in relief, thinking that it'd be easy if she was just looking for someone.

Class? I don't know Ah, do you know what class Lin Yi is in? Xiaoxiao asked suddenly.

Lin Lin Yi..? Zhifeng froze. That's the person you're looking for?

Yeah, is there a problem? Xiaoxiao nodded before she started nagging like a housewife. Im here for him. Hmph, now that Ive caught him Ill show him whos boss!

It was only natural that Xiaoxiao would be excited- shed looked all around Songshan, only to find that Lin Yi was in her old school all along

Uh Zhifeng almost fainted after hearing Lin Yis name. Youre here for Lin Yi?

Yeah, whats wrong? Xiaoxiao asked.

Nothing Zhifeng sighed weakly with a wave of his hand as he continued the enrollment procedure, all the while wondering why Xiaoxiao was looking for him. From her expression it seemed like shed gotten dumped by Lin Yi She wasnt here to get back with him, was she?

But what about Tang Yin? Could this be the legendary love triangle? Zhifeng felt his head throb as he understood the troubles that would soon come Lin Yi and Feng Xiaoxiao, together? It seemed like hed have to wait and see what fate had in store for him!

After finishing the procedure, Zhifeng brought Xiaoxiao to the twelfth grade fifth class, giving the homeroom teacher Ms. Liu a nod before personally walking in with Xiaoxiao. Allow me to introduce a new student, Feng Xiaoxiao! Everybody please welcome her with a round of applause!

Other than Pinliang and Gao Xiaofu, no one seemed to know about Feng Xiaoxiao. After all, the age of Feng Xiaoxiao was simply too long ago, and the current students, who were mostly only here after high school, didnt know who Xiaoxiao was.

But the boys in the class were heating up as they looked at this newcomer- truth be told, Xiaoxiaos sweet and exquisite appearance was quite misleading One would find her to be an extremely adorable girl if they didnt know about the terrors that came with her name

She was definitely a potential bearer of the title school beauty, walking on the same level as Chu Mengyao, Chen Yushu, and Tang Yin- this was the boys first impression of the girl!

Hello everyone! Ill be in your care! Xiaoxiao smiled sweetly.

Pinliang felt goosebumps all over his body- that smile and those words werent cute at all for him Xiaoxiao was a pretty girl, but Pinliang wasnt having any romantic thoughts for her at all! Getting your balls crushed wasnt a joke, and something hed definitely want to avoid.

Feng Xiaoxiao, you can sit at Ms. Liu was thinking of getting Xiaoxiao a front seat, since she wasnt very tall.

The students who transferred here around this time usually came to study, too, making the final burst of preparations for the final exams. This Xiaoxiao girl had been personally introduced by the dean, too- she had to have some sort of background.

Its fine, Ill look for my own seat! Xiaoxiao walked her way to the final row in the class before the teacher even finished speaking.

Lin Yi frowned- he kept thinking that this Xiaoxiao girl looked familiar Now that she was walking towards him he recalled something! This girl, wasnt she that hipster girl with the Audi TT he met at the food stall street the other day?

She wasnt all fully dressed up like she was that day, and looked a lot cuter now, but one close look and he could still recognize her!

Fuck! Lin Yi guessed that there was an eighty percent chance that this girl was coming straight at him for trouble- was this yet another troublemaker in his life??

All the boys in the class looked in envy as Xiaoxiao walked over to the last row and seated herself in the empty seat beside Lin Yi, except for Pinliang, his eyes full of cold malice as he looked at Lin Yi. *Youre gonna get whats coming to you soon, Lin Yi..! Shell fuck you up!*

Lin Yi, we meet again! The sweet, pretty girl bared her fangs instantly right after sitting down, a smile on her face as she glared at Lin Yi. You thought I wouldnt be able to find you, right?

Whatre you talking about, are you retarded? Do I know you? Lin Yi raised his eyes lazily to look at Xiaoxiao, not trying to be polite at all.

Chapter 404 – That’s What You Get

Lin Yis guts told him that there couldnt be anything good coming out of Xiaoxiao looking for him- the girl seemed sweet and pretty, but he dared not cross her path. The endless trouble thatd follow would simply be too much.

You Xiaoxiao was at a loss for words from her frustration- she was still, at the end of the day, a super invincible galaxy beauty! Why did she get turned into a retard all of a sudden by Lin Yi?

Xiaobo had heard Xiaoxiaos words from in front of Lin Yi, too- he was just envying Lin Yis bountiful luck when the mocking words coming from Lin Yis mouth hit him, almost making him fall over. This guy didnt know how to appreciate a beauty at all!

Me what? If youre here to study then do whatever you want, but if youre planning something else dont blame me from kicking you out the window! Lin Yi said faintly. Ive stomped down two Big Four members already, I wouldnt mind doing the same to another one!

Lin Yi had witnessed what took place at the school gates this morning!

The truth was, the fatty Yu Dafa from twelfth grade had already come and informed him of the fourth Big Four returning to Songshans First School. The thing was, Lin Yi didnt have any interest whatsoever in greeting that Big Four- anyone who wanted to kiss some ass could go entertain themselves, but Lin Yi wasnt planning on going at all.

What Lin Yi wasnt expecting, however, was the fact that the fourth would be a girl, and the young miss hed met at the food street that other day, no less! As a result, there was nothing about this beauty Lin Yi

would want to appreciate at all!

So you knew? Xiaoxiao wasn't expecting Lin Yi to be aware of her identity.

Looked outside the window. Lin Yi frowned as his phone vibrated. Stop talking so much, I'm checking a text.

Lin Yi ignoring her was simply too much for her to handle- it was the first time she'd received such frustrating treatment! She raised her high-heeled shoe and aimed it at Lin Yi's foot as he focused his eyes on the text, but just when she was about to land a hit on the foot it disappeared all of a sudden

A crisp snap sounded, loud and clear along with Xiaoxiao's cry of surprise- the heel had completely broken off from the force she'd put into the attack!

Her face was flushing red as she glared at Lin Yi, who acted as if it were none of his business as he continued reading the text, not even bothering to care about what had just happened.

Was it a coincidence? Did Lin Yi not evade that intentionally...? Xiaoxiao was quite puzzled here- she snapped and corrected her doubts an instant later. Even if the guy didn't see the attack coming there was no way he'd missed that crisp snapping sound! Wasn't he the least bit curious at all?

There was only one possibility at this point- he'd done it on purpose. He'd dodged the attack intentionally, and now he was willfully acting as if he hadn't heard anything! Pissed, she reached out to snatch Lin Yi's phone out of his hands.

But Lin Yi raised his hand slightly, as if he were sending a text, miraculously dodging Xiaoxiao's movement.

The text had come from Yushu. Yao Yao wanted me to ask you why you're messing with girls again. Is that another person who wants revenge?

Lin Yi smiled bitterly- it seemed like Mengyao and Yushu didn't recognize Xiaoxiao that they'd met at the food street. He sent a reply. She really is here for revenge, but that's because I went to the food street with you guys.

Food street? Mengyao looked at Yushu's phone with a frown. What food street? What's Lin Yi hitting on a girl got to do with us going to the food street?

Oh I think I remember! Yushu slapped her forehead abruptly. Yao Yao, do you remember that little miss who blocked our car back then? And then Shield Bro pushed their car away

You're talking about that Audi TT? Mengyao tried to recollect her memories- it seemed like that person really was today's Feng Xiaoxiao, but just with a different appearance.

Yeah, that's her! Yushu nodded. Looks like she's here to get back at Shield Bro! Yao Yao, what do we do?

What else can we do? We're just going to ignore her! Since it's not Lin Yi messing around with girls then we shouldn't involve ourselves so much! Mengyao said casually.

Oh, yeah yeah yeah! Well involve ourselves when Shield Bro starts messing with girls again! Yushu said knowingly.

Him messing with girls isnt related to us, too! Hes not your boyfriend, so whatre you so worked up over? Mengyao eyed Yushu.

Well, whether or not hes my boyfriend depends on what Yao Yao wants Yushu stuck her tongue out in response.

What is that nonsense! Mengyao raged. Open your mouth.

? Yushu blinked, but opened it anyway. Aaah

Mengyao sent her hand into Yushus mouth.

Gh-! Ah, Ah! It hurts! Yao Yao, whyre you pulling my tongue? It hurts, come on, let go Yushu almost started tearing up from the pain.

Hmph, I was trying to pull your tongue out for all the nonsense you keep saying! Mengyao, naturally, wouldnt actually pull Yushus tongue out. It was just a threat.

I wont do it again Ill stop the nonsense, alright Ah, it hurts You actually went for it, Yao Yao, it really hurt Yushu had a hand over her mouth, almost crying from the pain

Lin Yi put his phone back in before turning to Xiaoxiao. Whatre you up to, exactly? You have ADHD?

Hey, is Chu Mengyao getting jealous? Xiaoxiao may seem violent on the outside, but she was actually a really meticulous person who paid attention to detail- shed looked in Mengyaos direction and saw her lowering her head. She was looking at a text.

Nope, she doesnt like me. Lin Yi said faintly. You should also stop thinking about all the impure stuff, its useless.

Lin Yi could guess what Xiaoxiao was planning by looking at those eyes that kept darting around.

Impure stuff? Say what you want, but if you dont teach me how to drive Ill spill the beans about your relationship with Mengyao! Xiaoxiao didnt care much for Lin Yis threat- she sent him a threat of her own instead.

Do what you want. The things people know or not know only really affect Chu Mengyao- its got nothing to do with me in the slightest. Lin Yi shrugged. If youre willing to make a new enemy to fight against be my guest, but just dont think Chu Mengyaos an easy target She has this something called Chen Yushu beside her. Quite a girl, even more so than you. Dont regret what happens to you after walking down that path.

..... Xiaoxiao glared at Lin Yi violently. Now that her threat was ineffective, she could only give up. Regarding Chen Yushu, however Shed never met the girl in person, but it was a big name shed heard of long ago. Her brother was the leader of the Songshan Young Masters, with god knew how many levels ahead of a Big Four power tier. Unless she had some personal grudge against the girl, Xiaoxiao wasnt very keen on starting drama with someone like that.

It was only a threat to get Lin Yi to listen, anyway. But he didn't care.

You're not scared at all that Chu Mengyao might fire you? Xiaoxiao wasn't ending it there.

Chapter 405 – Here's An Idea

She wanted to kick me out since the first day she met me, do you see me leaving? Lin Yi eyed Xiaoxiao like she was an idiot. Her dad's the person paying my salary, not her, so can you stop asking your retarded questions?

Do you want to teach me drifting, yes or no? Xiaoxiao asked with a hmph.

I don't know how to drift. Lin Yi shook his head. I just got my driving licence a month ago, take a look yourself if you don't believe me.

With that, Lin Yi took out his driving licence and put it in front of Xiaoxiao.

Xiaoxiao didn't know what to say- one look at the issue date of that driver's licence told her that Lin Yi had only gotten it this month, but Xiaoxiao didn't believe Lin Yi. You didn't need a licence to be able to drive!

Fine, Lin Yi! You wait and see! Xiaoxiao gritted angrily.

Ha Lin Yi didn't care about what Xiaoxiao was saying at all.

After the end of the first class, Xiaoxiao called Pinliang out of the classroom.

How did it go, lil sis Xiaoxiao? Did you put that Lin Yi in his place? Pinliang was actually more concerned than Xiaoxiao was. He'd wanted to ask her about her progress, but didn't dare to unless it was Xiaoxiao who came to him. Now that she was doing that Pinliang made sure to ask the important question.

Of course it's not that easy, doesn't matter if I go soft or hard on him, he doesn't budge! Xiaoxiao said angrily. Do you know if he has any weaknesses?

Uh I'm not really sure Pinliang said, thinking that he'd have handled Lin Yi by himself long ago if he'd known about his weaknesses- he wouldn't be here waiting on Xiaoxiao at all!

Then what do you think we can use to blackmail Lin Yi? Xiaoxiao asked.

Blackmail? Pinliang blinked, not quite understanding why Xiaoxiao would want that rather than punish the guy. Lil sis Xiaoxiao, why do you need to blackmail him for?

Obviously for a purpose of mine, why are you asking so many questions? Do you know, or not? Xiaoxiao frowned impatiently, evidently not very interested in talking to Pinliang about this matter anymore.

If we're talking about blackmail I don't really have anything in mind right now. Maybe I can go back and think up something for you? Pinliang said after hesitating a while, failing to provide an answer.

Fine, go back then! Xiaoxiao was quite speechless- did this Pinliang know anything at all? Naturally, she wasn't planning on waiting on him to get her a strategy. It seemed like Pinliang wouldn't be much help here.

Boss, whats up with her? Xiaobo whispered to Lin Yi, confused.

Who knows, probably something wrong with her head. Met her once in a food street, she had a car blocking mine so I pushed it away And now she wants me to teach her how to drift Lin Yi explained, speechless.

I see. But boss, you sure are lucky all the time! Xiaobo said with envy. How come there arent any pretty girls looking for me??

You want me to ask Fen that question? Lin Yi asked with a smile.

No Dont tell her, Im just fantasizing a little! Xiaobo quickly shook his head. Ah, boss, why didnt you ask me what my parents said about Fen when I got home yesterday?

If you told them about the company first, then they probably wouldnt even ask about Fen, but if you didnt, it still wouldnt matter after that situation yesterday. You wouldnt be breaking up with Fen at all So whether or not they said anything is pointless Lin Yi analyzed, smiling.

Thats why youre my boss, you got everything right! After I told them about the company, they didnt ask about Fen at all! Xiaobo nodded, excited. But boss, I was reading management books the whole night yesterday, and Im still lost- theres a lot of professional terms I dont understand.

If you could understand everything after one night of studying then the whole world would be filled with entrepreneurs. Lin Yi shook his head. You need to take it step by step, dont eat so much that you cant swallow.

Youre right I was too rushed Xiaobo agreed.

The problem now is college. Itd be best if you let Fen go to the same school with you, but I dont know what shes like in terms of academics. Lin Yi suggested.

I never asked her about that. Here, Ill text her later and see what she thinks. Xiaobo said.

Xiaoxiao walked in as the two were talking, and Xiaobo gave Lin Yi a weird smile before turning his head away.

Xiaoxiao was thinking about how she should punish Lin Yi and get him to teach her drifting as she walked back into class, but since she had nothing yet she decided not to mess with him, putting a brief pause in their war.

Since she wasnt paying any attention to Lin Yi, Lin Yi, naturally, wouldnt be paying any attention to her. He was quite pleased with the silence.

Xiaoxiao was mentally plotting- just what should she do to blackmail Lin Yi? The plan of exposing his relationship with Mengyao actually turned out to be ineffective, and it seemed that Lin Yi really didnt care at all! She had to think about something else.

Just as she was brainstorming, her phone vibrated in her pocket. She pulled it out, surprised to see Pinliangs text.

Lil sis Xiaoxiao, I was discussing with Xiaofu- if you wanna blackmail Lin Yi you could go take a couple pictures of him in the washroom, thatd work, right?

Xiaoxiaos eyes lit up after reading the text- that was actually a pretty good idea. Alright, you go take those pics then!

Me? Pinliang didnt know how he should react as he looked at the text on his phone. Why would he tell her about this if he dared take those pictures in the first place? Lin Yi would pummel him if he did something like that to Lin Yi!

I cant, I dont wanna get beat up! But I can help be a lookout for you. Pinliang swiftly sent that text back, much to Xiaoxiaos frustration. It looked like shed have to go on the front lines herself!

If Lin Yi still wouldnt comply after that then shed threaten him with sending the pictures to Mengyao and Yushu, and that commoner beauty, too! Hed be absolutely shamed if she did that.

While men were rather thick-skinned under some situations, Xiaoxiao believed that Lin Yi would be embarrassed to have girls see him peeing

Xiaoxiao held a fist as she made the decision. *Alright, lets do this!*

Another period ended, but Lin Yi wasnt going to the washroom at all, troubling Xiaoxiao.

Another class ended, and Lin Yi still wasnt going to the bathroom, troubling Xiaoxiao even more. She couldnt hold it in anymore. Lin Yi, why dont you drink any water?

Why should I drink water? Also, why do you care if I drink water or not? Arent you trying to manage me too much? Lin Yi said rather impolitely as he eyed Xiaoxiao.

Uh Its summer, and its hot, you know- I was just kindly reminding you, but if youre going to be like that, then fine! Hmph! Xiaoxiao turned her head away and paid no more attention to Lin Yi.

Chapter 406 – You’re The One With AIDS

I see. Lin Yi didnt think Xiaoxiao would be so kind as to remind him to hydrate himself on a hot day- he didnt find that likely at all. Also, hed know if he was thirsty from the heat, he didnt need anyone reminding him!

But Xiaoxiaos words actually got Lin Yi a little thirsty. He reached his hand into his desk and pulled out an empty bottle of mineral water, one he finished drinking yesterday.

Here! Xiaoxiao quickly handed her own drink to Lin Yi, her eyes watching intently as Lin Yi accepted it.

? Lin Yi felt that something was up with this Xiaoxiao all of a sudden- always suspect someone who gives you benefits for nothing.

Uh Xiaoxiao found her actions way too passionate as well- of course Lin Yi would think something was up. She had no chance but to explain herself. Were neighbors in class, teachers always say that we should help one another.

Lin Yi would be an idiot if he believed her crap, but he *was* feeling rather thirsty. He was about to open Xiaoxiaos bottle of water when he realized itd been opened before.

Frowning, Lin Yi wondered if Xiaoxiao had done something to this bottle of water. She wouldnt do something so tasteless, would she?

Xiaoxiao blushed after seeing Lin Yis hesitation. I took a sip earlier this morning

Lin Yi didnt know what to say to that. So that explained the pre-opened lid.

Although, it wasnt that easy to poison him After hed trained his *Art of Dragon Mastery*, the Lin Yi already well-versed in medicine found his sense of smell and taste highly improved- he was able to detect the poison in poisoned food and water.

You dont have any diseases or anything, right? Like hepatitis or AIDS? Lin Yi asked after taking the drink.

..... Xiaoxiaos organs were bursting with rage- did this person seriously ask her if she had hepatitis or AIDS? What in the world..? She was a pretty girl, a young, pretty girl! A bottle her lips touched? People would be lining up for that sort of thing, and here Lin Yi was, nitpicking and asking if she had AIDS!!

Naturally, that was assuming that the people werent aware of Xiaoxiaos personality. Anyone with that understanding would never dare take a drink from her bottle- theyd just be asking to get beat up.

Youre the one with AIDS!! Xiaoxiao exploded. You illiterate man, dont you watch the science channel?? Even if I had hepatitis and AIDS it wouldnt spread to you through this!

Ah Lin Yi smiled faintly, thinking that this girl knew quite a bit. He opened the lid and secretly tasted it with his tongue, only starting drinking after hed determined if it was safe or not. After chugging down half of it he put it into his desk. You dont want it anymore after I drank it, right? Ill take the rest.

Xiaoxiao wasnt planning on taking back something Lin Yi had drunk- how could she possible drink it now that a boy had drank from it? But Lin Yis words were really pissing her off- the guy was talking so big after drinking her drink, and just claiming it like that was the most natural thing he was supposed to do! Did he have no shame??

No! Im still thirsty! Xiaoxiao didnt want Lin Yi to have things his way- she pulled the drink from out of his desk, opened it, and chugged the other half down into her stomach before glaring at Lin Yi as she caught her breath She almost choked herself on that water!

Lin Yi, on the other hand, was feeling quite helpless and speechless at this rebellious girl, but decided to not bother. She could drink it if she didnt mind, so long as she didnt cry and puke the way the Miss did

Xiaoxiao didnt feel too many emotions after drinking the drink, but she did start regretting it a little now that shed finished. How could she have drunk something Lin Yi had? Her first kiss *Hmph!! You wait and see, Ill show you whos boss when you need to pee!*

Xiaoxiao's personality was different to that of the Miss- as annoyed as she was, she wouldn't dwell on something like that other than just feel a little frustrated over it. She tossed the empty bottle at the trash can in the corner, but coincidentally hit it on Pinliang's head by accident.

Ah! Pinliang cried out before standing up, cursing through gritted teeth. God fucking shit, who was that? You wanna die? Who threw that!

After Lin Yi forced him into changing his seat, Pinliang had to move to the right corner of the classroom, with the trash some distance behind him. It was a trash can some of the more lazy students would throw their trash in without walking over.

Now that Pinliang was there, no one did so anymore. It wouldn't be a joke if they accidentally hit the third of the Big Four on the head.

Lin Yi did! Xiaoxiao's eyes lit up, and she pointed at Lin Yi.

She wanted to cause some conflict between Lin Yi and Pinliang, annoy Lin Yi with some trouble. After all, Pinliang would probably swallow that frustration if she admitted to throwing the bottle.

Wha?! Pinliang froze as the rage on his face disappeared, putting him in an awkward position. Fight Lin Yi? That wasn't something he'd dare do, not after some crazy strong guy like Heibao Bro got his ass disabled and handed to him by Lin Yi. His only hope now was Zhang Naipao, and before his return Pinliang would definitely avoid all conflict with Lin Yi. And so, Pinliang swallowed his rage and spoke a little awkwardly. It's nothing.

He knew it'd be a little embarrassing to just back off like that, but it beat getting pummeled by Lin Yi again. Now that Lin Yi had beaten him up a couple times, Pinliang didn't mind getting humiliated this one more instance. He'd lost his pride in front of his classmates long ago, anyway.

It wasn't me- If it were me I would've used something else to split your head instead of an empty bottle. Lin Yi said faintly.

Hm?? Pinliang froze yet again- Lin Yi was being really cocky, but Pinliang didn't doubt the claim at all! After all, there was no reason for Lin Yi to lie!

Lin Yi had messed with him in many different situations, and he didn't need reasoning for those instances at all. Like the one where he kicked him into the air, chair and all, for example.

And so, if Lin Yi said that it wasn't him who threw the bottle then that had to be the case. What could Pinliang possibly be afraid of if it wasn't Lin Yi, then? Flaring up once more, he stood up. Who? Who was it then? Get your ass out, or you're dead when I find out who you are!!

Pinliang's classmates found his behavior to be quite disdainful- the guy had chickened out when he heard it was Lin Yi who threw the bottle, but now that Lin Yi said it wasn't him he'd sprung back up again, full of energy!

But even so, no one dared say anything about it. After all, just because Pinliang didn't dare do anything to Lin Yi it didn't mean he'd treat everyone else the same!

Yao Yao, who was the one who threw that bottle? Was it you? Yushu spoke up all of a sudden, but made sure her voice was loud enough for Pinliang to hear.

Wha?! Pinliang froze yet again- could it have been Mengyao? Why would Yushu ask that, then, if it werent her? Pinliang started sweating. He couldnt piss Lin Yi off, but that applied to Mengyao as well! He was still trying to make her his girlfriend, he couldnt just leave a bad impression on her!

I like how Pinliang always worries about leaving a bad impression.

Chapter 407 – Caught In A Difficult Position

Pinliang went silent awkwardly, his face mopey. It was Yao Yao? Its nothing then

Everyone else were looking down on Pinliang once more- so it was nothing if it was Mengyao, too? Why was this person so shameless, he was just yelling about making the bottle-thrower pay!

It wasnt me, I didnt even finish my drink yet! Mengyao frowned, obviously aware that Yushu was trying to mess with Pinliang- Even then, Mengyao didnt want to get misunderstood like that for nothing! Her, throwing a bottle at Pinliang? She would never bother hitting him, who did he think he was!

With that, Mengyao pulled her drink out from her desk and waved it in front of Yushu. Would it kill you so stop causing trouble?? Dont make me pull your tongue out again!

Ugh Ill stop, but you wont trick me into opening my mouth again..! Yushu closed her mouth shut with her hands.

Meanwhile, Pinliang flared with rage- Yushu was clearly messing with him, but there was nothing he could do about that at all- he couldnt cross Chen Yushu!

Putting her brother aside, there was still the fact that she was Mengyaos best friend, her soulmate He wouldnt really dare piss her off in the first place.

His insides were bursting with frustration- he had to channel this out on someone else! Im gonna count to three! The one who threw the bottle, you better show yourself or youll regret it!

Pinliang was really raging at this point- after multiple instances of suppressing that rage, it was now erupting in its entirety!

Fine, fine! I threw it! Xiaoxiao wasnt expecting Pinliang to be this worked up over something like that, and Lin Yi was looking at her vaguely, too. She decided to just admit to the bottle-throwing since Lin Yi would expose her even if she didnt.

That was incorrect, however, for Lin Yi didnt give two shits about something as trivial as this, especially when it was Pinliang who got hit on the head. He wouldnt care even if Pinliang died from it.

Ah?! Pinliang never thought that Xiaoxiao would be the one responsible! His face subtly twisted in agony as he considered his current position.

He didnt dare piss Lin Yi off, and he couldnt do anything to Mengyao or Yushu But it was even more so when it was Xiaoxiao!

Ah lil sis Xiaoxiao, its nothing Ha Pinliang pressed his frustration down as he seated himself, almost trembling at all the pent up rage- one touch would explode him.

Yet he had no other options- if he couldnt go against these people, then hed have to hide from them.

This little episode had cost him a lot of his honor and pride- all his classmates wanted to laugh, but tried their best to hold it in out of fear, much to Pinliangs frustration. He wouldnt have stood up in the first place if hed known this was gonna happen! All three times he backed off with his tail between his legs!

Fuck! Ever since Lin Yi came to our class nothing goes my way! Pinliang angrily slammed a fist against the wall, the only target for him to vent his frustrations on.

Hold it in, Liang Bro! The moment Pao comes back from the mountain itll be Lin Yis execution day! Xiaofu had learned of Zhang Naipaos whereabouts at this point- he was quite excited himself for Naipaos return from the training.

Yeah, but by the time he comes back itll only be harder for me to get with Mengyao. Look at how ruined my relationship with her is right now! Pinliang said angrily.

Uh But all those strategies didnt work Xiaofu might be a petty military strategist, but strategist he was- he specialized in shameless attacks. But Liang Bro, you need to hurry up! Were graduating soon, and itll be really hard by the time youre a college student Youd have trouble just meeting her if you end up in a different department!

Youre right, I need to hurry! Pinliang nodded. You have any ideas?

The ideas I have now dont work, and Ill need time before I can come up with a doable one! Xiaofu shook his head in response.

Then forget it, well keep thinking! Pinliang was at a loss himself.

The last morning class ended, and Lin Yi finally stood up from his desk to exit to classroom before lunch, much to Xiaoxiaos delight. She quickly gestured to Pinliang and called him. You go first and clear the bathroom of other boys! I dont wanna see anyone peeing in there when I go in!

Having received the instructions, Pinliang rushed to the washroom with Xiaofu- they had to clear the place of people before Lin Yi arrived! Xiaoxiao would definitely be displeased if she came in to see anyone else in there.

Get out, get out! Everybody get the hell out! Pinliang didnt dare do anything to Lin Yi, but these students were but fodder to him- he didnt need to say much to get everyone running out the bathroom

But life was full of exceptions. A boy with a cigarette in his mouth came walking out from one of the stalls, his eyes glaring at Pinliang. I say, Liangy, youre being pretty cocky arent you? Kicking me out when Im smoking here?

It was Zou Ruoming. Others may fear the name of Zhong Pinliang, but not him- he was but annoyed that Pinliang was interrupting his smoking session.

Under normal circumstances, Pinliang really wouldn't want to get into a head-on confrontation with Ruoming, but today was different. He curled his lips after Ruoming finished talking. Ming Bro, Xiaoxiao's got something to do here, don't say I didn't warn you- if you wanna stay here and interrupt her then carry on.

Ah? Xiaoxiao's coming here? Ruoming blinked, his cigarette dropping down onto the floor with a pop. He didn't care. Why didn't you say so earlier?

With that, he ran out the washroom without bothering with Pinliang.

Pinliang smiled proudly as Ruoming ran out the room, not remembering that he was running from someone else. Having completely cleared the bathroom up, Pinliang stood guard with Xiaofu outside, sentrying both sides of the bathroom door like guards, stopping anyone who tried to enter.

Lin Yi walked up to the washroom and saw the two standing at the sides of the entrance, confused. What're you two doing?

It's nothing, it's nothing, we're just waiting for somebody Pinliang explained flatteringly. Boss Lin, you wanted to use the washroom? Please, enter!

Lin Yi frowned. What the hell was up with these two idiots? He walked inside anyway to find that there wasn't anyone in there, prompting Lin Yi to heighten his awareness. Both Pinliang and Xiaofu were pieces of shit- something had to be up with them standing guard outside like that.

Yo, what happened? Is he inside? Xiaoxiao had been tracing Lin Yi step for step, but kept her distance in fear that Lin Yi would spot her- she didn't see if Lin Yi entered the washroom or not.

He's inside, lil sis Xiaoxiao, and the whole place is clear. You can go in rest assured that us two will stand guard for you! Pinliang promised with a pat on his chest.

Chapter 408 – Another Bathroom Rain

Xiaoxiao nodded, satisfied. Very good. I'll go in then, you guys keep watch!

Of course, lil sis Xiaoxiao! Pinliang nodded.

Xiaoxiao took her phone out and turned the camera on before tip-toeing into the men's washroom. To tell the truth, she was actually feeling pretty tense, this being her first time in the men's washroom and all. She'd been rebellious and feisty these couple years, even stabbing someone without blinking, but the thought of entering a place like this still put a blush onto her face.

Xiaoxiao closed her eyes and convinced herself that she only needed to walk over and take a quick shot- the quality didn't matter since it was something for threatening Lin Yi anyway.

Lin Yi may currently be peeing, but he was still on full alert- his heart tensed up upon hearing the footsteps come from behind him. There wasn't glass in front of him this time around, however, and he wasn't able to check what was behind him through the reflection.

But Lin Yi didn't even need to think about it to know that this was related to Pinliang- why else would he be standing outside with Xiaofu like that? What Lin Yi didn't understand, however, was why this Pinliang

was so retarded. Using the same move twice? Didn't he remember his artificial rain experience from last time?

There was a very slight warning coming from the jade- this meant that while this person wasn't here to murder him, there was still some hostile intent. Having confirmed that this person behind him was an enemy, Lin Yi decided to just swing his body around and do what he did last time

If he insisted on playing the same game, then Lin Yi would just entertain him with the same victory.

Ah!! Xiaoxiao had her eyes closed as she walked up to film Lin Yi when it started raining all of a sudden, much to Xiaoxiao's surprise. She opened her eyes after crying out to see what exactly was going on, only to completely pale in realization.

This wasn't rain It was It was Lin Yi's pee!!!

Aaah!!! Xiaoxiao shrieked once more before subconsciously covering her eyes with her now wet hands The wetness should be Lin Yi's urine!! Lin Yi, Ill kill you!!

With that utterance of rage and disgust, Xiaoxiao frantically ran out the bathroom, not staying with Lin Yi any longer

Pinliang and Xiaofu, on the other hand, had been observing everything Pinliang knew that things had gone completely south after Lin Yi used that same move.

As expected, Xiaoxiao was soaked with urine... she had to be absolutely furious.

Xiaoxiao stood by the water faucet outside the bathroom and washed her hair and face as if her life depended on it. Her body had pee-stains as well, but there wasn't much she could do about that She couldn't just wash her clothes, could she? People would be able to see through them if they were wet.

For the time being, she settled on cleaning her hair and face before going down the stairs and directly into her car. She was planning on buying herself a change of clothes and getting a shower at a hotel- she felt like going on a rampage from the pee on her body!

The Audi TT's engine roared, and Xiaoxiao vanished, leaving a trail of smoke behind along with Pinliang and Xiaofu's bitter and speechless faces.

Xiaoxiao should be raging right now- the two hoped that she wouldn't be directing that rage at them when the time came

You two, come here! Lin Yi was equally shocked by Xiaoxiao's presence himself- never would he have thought that it'd be Xiaoxiao who came into the washroom! He did, however, have an idea what was going on after seeing the phone in her hands.

So that was why she'd been so kind that morning, asking if he was thirsty or not, and even supplying him with her own water She wanted to film him in the washroom!

Lin Yi did feel rather awkward about the whole raining on Xiaoxiao incident- she wasn't Pinliang or Xiaofu, after all. She was a girl. As impure as her intentions may be, his move against her might've been too perverted.

He decided to let it go- it was a nice opportunity for her to learn a lesson and stop bothering him all the time.

But Lin Yi didnt plan on letting go the two sentries outside the washroom. Obviously, Xiaoxiao was the mastermind, and these two were accomplices! Why else would they be here, watching the washroom entrance?

Pinliang and Xiaofu looked at each other, very bitter smiles on both their faces. Theyd thought that Lin Yis attention would be completely occupied with Xiaoxiao after shed taken his picture, that they, the sentries, would be excluded from the conflict Now that Xiaoxiao wasnt here anymore they were left to deal with Lin Yi.

Pinliang wanted to make a run for it, but he understood quite clearly that as long as he was a class five student hed never escape the clutches of Lin Yi. Since hed have to get beaten up by the guy regardless then might as well get it over with right now

With lowered heads, Pinliang and Xiaofu walked into the washroom a little timidly. Boss Lin Yi Its not our fault, it was Feng Xiaoxiao who forced us to help

Is that so? Lin Yi said faintly.

Yes, it was her! Pinliang nodded quickly. Boss Lin Yi, you dont know how powerful Feng Xiaoxiao was back then! Shes the fourth and last ranking of us Big Four, but thats because shes a girl! Shes a lot stronger than us!

Pinliang wanted to divert Lin YIs attention back onto Xiaoxiao and get him to focus on her- theyd be safe that way.

Oh? Really? Lin Yi said, his eyes on Pinliang. He wanted to have an idea of who this Feng Xiaoxiao was anyway- he was starting to get tired of her antics.

Thats right. A guy tried to harass her once, and she burst his balls with a kick Also, a thug who came into the school, a mugger- she stabbed him and disabled him Pinliang said. Thats the situation, Boss Lin! Shes on a different level from us, we cant say no to her orders

I see! Lin Yi nodded. Lets put this behind us then!

Thank you, Boss Lin! Thank you! Pinliang and Xiaofu were overjoyed that Lin Yi was letting them go.

Dont get too happy so soon- were putting this behind us, but theres something else. Lin Yi said faintly. Even if she forced you into helping her, what do you think will happen if I told her about your experience of the pee rain, that you guys didnt warn her of the danger and just let her come walking in with that risk Would your balls get crushed too, you think?

Wha?! Pinliang couldnt believe his ears- he wasnt expecting Lin Yi to threaten him!

But it was definitely a terrifying thought- hed die a horrible death if Lin Yi told Xiaoxiao about that. The girl would probably hold a knife against his back and force him to eat shit in the toilet for an apology!

A deep chill went down Pinlaings spine at the thought. Why didnt he just give Xiaoxiao that reminder?!

Chapter 409 – I'll Go Visit

Pinliang blamed himself in silence- he hadn't brought that up to Xiaoxiao because it was just too humiliating! Pinliang, Naipao, and himself amounted to three people, and still they got wrecked by one man! He'd never let out embarrassing information like that if he had a choice!

But that was now a decision he regretted- if he had known this was how it'd end then he'd inform Xiaoxiao no matter how humiliating it'd be! He was screwed *now*, if Xiaoxiao were to learn the truth it'd be an absolutely horrid end for him.

Boss Lin You wouldn't mess with us like that right Pinliang's face was bitter as he begged. He'd rather get a beating by Lin Yi as an alternative!

Two choices for you. The first is that you kneel in the toilet and leave after ten minutes. That, or I tell Feng Xiaoxiao the truth. Lin Yi said.

Alright, I'll kneel! As disgusted at the pee-stained toilet floor Pinliang was, he'd prefer kneeling on it rather than have Lin Yi tell Xiaoxiao the truth. It'd be much more pleasant than getting dealt with by Xiaoxiao.

Alright, I'm going. Lin Yi wasn't in the mood to be paying these two idiots any more attention, but he had to give them punishment once in a while. Whether they actually kneeled or not would have to depend on how aware of their situation they were. You can try faking it, but remember I might be always with you, watching.

Don't worry, Boss Lin! Pinliang said as his hair stood up. He'd wanted to stroll off after Lin Yi left, but that reminder from him horrified Pinliang too much.

Thinking about it, Lin Yi did really seem like he was always with Pinliang- every time he had something pleasing happen to him Lin Yi had to be involved in messing that up Pinliang didn't know what to say to this fate. Was Lin Yi someone god just decided to throw at him and ruin everything? Can Xiaofu and I take turns kneeling? We need someone to keep watch

Sure, as long as you two kneel for ten minutes each. Lin Yi turned and left with that. Xiaobo had taken the time for lunch to go visit Fen, who had put her past behind her already. She was a lot more open now, and it seemed like Xiaobo had made his decision about steadily getting busy with his relationship with Fen.

Lin Yi figured that he'd went to Fen to talk about college plans, and decided not to interrupt him. He dialed Tang Yin instead, only to find out that she wasn't at school, unexpectedly. She was taking care of and having lunch with her father at the hospital.

Mrs. Tang, on the other hand, had continued the food stall business behind school, and the task of getting food to Mr. Tang fell onto Tang Yin's shoulders, food that had been prepared along with the food Mrs. Tang would use for selling after setting her stall up at school.

Why didn't you mention that? I could've just driven you over. Lin Yi frowned. Tang Yin going to the hospital on a public bus took quite a bit of time.

I was afraid you were busy, didnt want to disturb you Tang Yin was evidently happy at what Lin Yi said to her. I thought you were driving Xiaobo to go find Fen

Why would I do that if he visits Fen, hes not even my wife. Lin Yi was speechless.

Come on Tang Yin could hear the implication from that sentence- did that mean that Lin Yi would drive him if he were his wife? So what did it mean when he offered to drive her, was *she* his wife??

Haha, Ill go get you. Ill take a look at how Uncle Tangs doing, too. Lin Yi didnt have much to do at school-thered be trouble for him when Xiaoxiao returns, as well. Might as well get out of here first.

Yeah, Ill wait for you in the hospital room. Tang Yin wanted to reject Lin Yi, since it was a busy period at lunchtime, and itd waste Lin Yis time to be running around like that, but she decided to accept his offer when he mentioned taking a look at her fathers condition.

See you later then. Lin Yi hung up and walked to the food stall behind the school to get his car.

With a sweet smile on her face, Tang Yin put the phone away and turned around to see her father smiling at her, much to her embarrassment.

Mr. and Mrs. Tang had been accepting of Lin Yis forceful involvement with the Kangs long ago- after all, the only reason Tang Ju could undergo this operation in the first place was thanks to Lin Yi! Hed still be lying in bed at home if it werent for Lin Yis funding.

Was that Lin Yi? He asked.

Yeah He said hes coming to see how youre doing Tang Yin had always known about Lin Yis medical abilities, but shed assumed that it was just at the amateur level. Yet, that scene from yesterday, with Fatty Lais crying and puffing on the ground, Tianyi trying to get on Lin Yis good side, and Xuemins respect for him shockingly told Tang Yin that it wasnt the case.

Shed never been able to calm her excited emotions down even until she reached the hospital.

It seemed that shed still been underestimating Lin Yi He wasnt what she thought him to be, a guy who used his familys wealth to stomp around like a rich kid tyrant. Lin Yis cockiness was all due to his own abilities alone!

Why else would he have so many peoples respect and acknowledgement, if that werent the case? She didnt know about Fatty Lai, and he mightve even been acting on heated impulse for all she knew, but what about Liu Tianyi and Guan Xuemin? They obviously wouldn't be acting impulsively.

It seemed like Lin Yi wasnt just someone who was good at medicine as an amateur- he had to be shockingly extraordinary! Tang Yins newfound pride for Lin Yi found itself coupled with intimidation as her fragile, young girls heart contemplated.

Lin Yi was a model of excellence- was she good enough to be with him? What if he didnt want her anymore? Her family wasnt rich, and she couldnt help him in anything The only thing she really had going for her was just her above-average prettiness

But there were plenty of pretty girls, so why did Lin Yi choose her? Tang Yin didnt want to think about this sort of stuff, since the two were still young and very far off from actually getting married, but Tang Yin couldnt help but make these considerations in the face of Lin Yis brilliance

Lin Yi walked over to the food street behind the school- he had his car parked in a special parking spot that the street vendors left for him daily. After all, he was a young master they wouldnt dare piss off.

Mrs. Tangs business, on the other hand, was bursting with prosperity- no one dared get jealous of her anymore, since itd only get them killed. This included the instigator Zhang Biaoqian, who now treated Mrs. Tang with kindness. He didnt take Mrs. Tangs spot in the few days she was gone, too, welcoming her back with passion and greetings the moment she returned, also asking about what shed been up to the last couple days.

As Mrs. Tang was basked in this kindness and respect she found herself to be more and more thankful towards Lin Yi- House Tang was now getting back up on its feet, and she believed that itd only get better! Her business was prospering, her man had undergone the procedure It wouldnt take long before he got to stand up again! He wouldnt be able to walk normally, but just a bit of a limp was fine! He could come help her with the food stall, too

A smile formed on Mrs. Tangs face as she contemplated the prospects of hopeful happiness. She felt a couple years younger, and that was even reflected on the eyes of the other male vendors!

One could tell what sort of beauty Mrs. Tang used to have just by looking at her daughter- like mother like daughter, after all.

Yet no one dared to get flirty with Mrs. Tang Everyone knew about the tyrannical young master she had for a son-in-law.

Chapter 410 – I'd Love To See It

Lin Yi noticed that Mrs. Tang had put her stand out already on the food street, and decided to go over and greet her with a smile. Aunty, are you coming back to the business?

Yi! Its been a while! Your uncle Tangs alright now, so Im putting my stand out again! Mrs. Tang was about to start a short chat with Lin Yi when she saw him take out the keys for his car. Youre going out?

Im going to get Tang Yin and also see how Uncle Tangs doing. Lin Yi nodded.

Alright, you go ahead then! Remember to drive safely! Mrs. Tang was bursting with joy at that response- Lin Yi was going to see her daughter! Seeing him treat her daughter so well was the best feeling shed ever get. Right, have you eaten yet?

Not yet, Ill eat later. Lin Yi said honestly.

Just in time then, I have two skewers of barbequed chicken wings here, eat them first! Dont starve yourself. Mrs. Tang quickly seasoned the chicken wings before handing it to Lin Yi.

Lin Yi didnt reject the courtesy. He took the sticks of chicken skewers with a smile, nodded at Mrs. Tang, and got in the car

Song Lingshan rushed to Songshans First Hospital after receiving a report from an subordinate.

This was the sixth time. The sixth!

Lingshan rubbed at her forehead, the pressure getting to her.

In less than one week there'd been six cases of the homeless, beggars, and disabled losing a kidney and thrown near a hospital!

This wasn't just simple crime anymore- Lingshan conjectured that this was a criminal organization at work!

What's the situation? Getting out of the car, Lingshan noticed her subordinate Liu Wangli standing at a corner and preparing the police crime scene tape.

Captain Song. The victims been sent to the emergency room, and I've sent men to investigate the crime scene. This isn't the initial crime scene; the victims just been dumped here after having his left kidney cut out. The crime probably started around four in the morning, and the victims been placed here at around eleven in the morning. There'd been too many cars entering the hospital, and we haven't found a witness yet Wangli smiled bitterly as he reported what he'd found out through investigation, understanding how pressuring the stress was for Lingshan as well. It was the sixth case, and things were getting extremely serious. The upper-levels hadn't issued them a time limit yet, but it was coming sooner or later.

The victims may be the homeless, the beggars, and the disabled, but they were all equally important as the common man in Song Lingshan's eyes. It didn't matter what their position on the social ladder was, Lingshan would strive to break the case and bring the mastermind to justice regardless.

Lingshan nodded her head weakly at Wangli's report. How's Liu Bojia?

Liu Bojia was the victim of the psycho serial killer from before, the one who'd almost gotten killed. Bojia never revealed anything to the police, but Lingshan never loosened her focus and investigation on him!

A long time later, Lingshan managed to locate a suspicious clue- around six in the afternoon, on the day Bojia had been attacked, a phone call got through to the police station via a public phone in Bojia's living area.

According to the officer who'd received the phone call, the man who made the call sounded very frightened as he told him about a criminal kidney-selling organization, and that it was very likely that they were aware of his discovery. The man then requested protection from the police

He wasn't being very clear with his information at the time, and refused to give his contact information when asked. With no options left, the officer asked for a police team to head to the public phone's number, but no one picked up anymore. Nothing was out of the ordinary when they arrived at that public phone, and that was the end of it.

The incident passed by without anyone paying much attention to it, but Lingshan now connected the clue to the current case after investigating the call records for that night!

A criminal organization of kidney-sellers Were these six cases all linked with each other? Lingshan only felt that slightly even now that Bojia getting attacked was connected with the kidney cutting case.

Bojia hadn't woken up yet, and he's living on the mechanical support for his breathing The doctor said that he'd be done for instantly if that support ever got disconnected Wangli sighed and shook his head, a bitter smile on his face. He was telling Lingshan to give up on that lead.

Lingshan frowned, but there wasn't much she could do. She understood the type of situation Bojia was in, but still hoped for a miracle, even if that miracle only gave Bojia a moment's consciousness to give the police intel to work with! That miracle never came.

Before his current situation, Bojia would always stay silent when asked questions, as if he were terrified of something. Whenever he got tired of the questioning, he'd tell Lingshan and her colleagues that his family was already dead, that he was having it as tough as it got, that he didn't want to die and that he wanted Lingshan to let him go.

Bojia's injuries hadn't recovered at the time, and he was still hospitalized- as a result, Lingshan didn't rush things. She thought that Bojia would calm down and fortify himself mentally after getting out of the hospital, that she'd have a shot there in getting answers when the unexpected happened.

A car horn sounded- it was Lin Yi, who wondered what the hell this Miss Song was doing, blocking the hospital entrance. Let him pass!

Every other car avoided the entrance when spotting Lingshan and Wangli in their police uniform, along with other police officers milling about. They'd all chosen the back door to gain entry into the hospital, but only Lin Yi was daring enough to honk at the police.

What're you honking at, can't you take the back door? Lingshan frowned, quite frustrated- this honking was coming out of nowhere and interrupting her thought process! She was trying to solve a case here!

You think everybody's the same as you, entering the police team through the back door?? Lin Yi retorted, curling his lips.

(don't know if this works in English, but taking the backdoor is what Lin Yi says Lingshan did, using money and connections to get into the police force without getting in properly and honestly.)

She realized that it was Lin Yi honking at her- the words that followed made her face grow pale with anger. What did you say?! Where you calling a back-door walker!!

We both know who. Lin Yi said with a curl of his lips. Get out of the way, I have something more important to do than talk to you!

With that, Lin Yi stepped on the gas, intent on getting into the hospital.

Wait! Lingshan stood in front of Lin Yi's car all of a sudden, blocking him. The bigger the rush Lin Yi was in the more she wanted to obstruct him! I have something to ask of you!

..... Lin Yi hit the brakes and stopped the car, speechless. I say, you dumb woman, as bad as your case-solving rate is you shouldn't be thinking about suicide, right? Even if you wanted me to kill you with the car we should do it someplace isolated, right? What do you think you're doing, doing this here in front of all your subordinates! I won't be able to get away if I killed you!

You Lingshan was furious at this point. She gritted her teeth and glared at Lin Yi. Call me a dumb woman or back-door walker again, and I'll give you hell!

You've been giving me hell since day one! Lin Yi was amused. So that's you being kind, apparently? Show me what hell is like then, I'd love to see it!

Wangli cleared his throat- he couldn't watch this any longer. Captain Song What was the captain thinking, bantering with Lin Yi in front of all her subordinates? What would they think of this behavior??

Chapter 411 – You Think I'm A Fortune Teller?

In actuality, the officers on duty had overheard the conversation, but misunderstood its context. They thought that Lin Yi was Lingshan's boyfriend- who else would dare talk to her like that without suffering her consequences?

Lin Yi, I've got something serious to talk to you about! Lingshan said through gritted teeth as she pulled open the passenger door, getting in the car with Lin Yi.

In the previous cases, regardless of whether Lin Yi just stumbled around with luck, or if he'd looked for clues meticulously, had been solved exclusively by Lin Yi. Upon bumping into Lin Yi again, Lingshan decided she'd use him one more time, see if he could help solve the case, especially with how cocky the bastard was being.

Oh, what's up? Lin Yi rolled his eyes- this woman was begging for his help right after scolding him, what the hell was up with her brain structure? If it's something serious then don't throw it at me, I'm short on time.

..... Lingshan's beautiful eyes were wide open as she stared at Lin Yi. What did that even mean? Was she only allowed to come to him with unimportant stuff?

I'll give you a minute, talk. Lin Yi parked the car in the hospital's parking lot. Someone came over to collect the parking fee when Lin Yi pointed at Lingshan. This is our Captain Song, we're here on a case

The collector was aware of what had happened near the hospital. She took one look at Lingshan and her police uniform, placed a free parking tag on Lin Yi's windshield, and left.

Lin Yi wasn't short on a couple kuais parking fee, but the thing was that this old lady collected an extra five kua from him last time, telling him that he'd parked for two hours when he only did for one! She even kept pointing at the tag in front of the car and showing Lin Yi the time, as if she couldn't be wrong.

Lin Yi knew that the bitch must've written down an earlier time when tagging his car for the parking fee, but he didn't bother arguing over that with her, and left after paying up.

(Bitch and bastard aren't used vulgarly or offensively, just a little bit derogatorily.)

But schools lunch break lasted only one hour- how was it possible that hed parked for two? Now that Lingshan was here Lin Yi decided to use her to scare off that old woman.

Lingshan didnt know the context here- she looked at Lin Yi a little disdainfully, assuming that hed used her to save up on that five kuais parking ticket. Theres been a lot of instances of beggars, the homeless, and the disabled getting their kidney cut out and abandoned in front of the hospital. Do you about that?

Think I heard it in the news Lin Yi seemed to remember the radio mention that in the car this morning, but didnt pay attention to it as always if the incident didnt concern him.

What do you think? Do you know who the culprit is? Lingshan asked.

Lin Yi looked at Lingshan oddly. I dont think you should be asking me this question

Oh? Lingshan paused.

You think Im a fortune teller? You think I can mess around with some crystals and know everything? You should go ask god that kinda stuff. Lin Yi shrugged. Alright, I dont wanna waste any more time talking to you, Im going.

Wait! Lingshan grabbed Lin Yis arm. Then howd you catch those bank robbers last time?

I explained to you how I did it that day, didnt I! Lin Yi was getting impatient, but understood that this Lingshan wouldnt just let him leave unless he provided an explanation. He decided to get it over with. You want me to help you locate the culprit, fine, but you need to give me something to work on, an area to search! Ill only be able to help when youve confirmed the search range! Im not a god, okay?

Lingshan thought about it, realizing that Lin Yi was right. If he knew about everything then hed be a godly fortune teller!

Ill come back to you after I get some clues! Lingshan let Lin Yi go unwillingly.

Alright. Lin Yi nodded and got out the car, heading into the hospital.

Lingshan walked inside with Lin Yi as well- she still needed to go check on Bojias condition, ask the doctor if there was any hope of him waking up.

The police officers standing guard in front of Bojias room stood up and greeted Lingshan respectfully as she walked over. Captain Song!

Lingshan waved a hand. Is the doctor here?

The doctors in the office, will you follow me, please? One of the officers said.

Lingshan nodded and followed the officer into the doctors office. He gave an introduction to Lingshan. This is the main doctor in charge of healing Liu Bojia, Doctor Yang.

Nice to meet you, Doctor Yang. Im Song Lingshan. Lingshan politely offered her hand and shook it with the doctor. Doctor Yang, whats Liu Bojias condition? Will he be able to wake up?

I've done the best I could, but it's still ineffective. Doctor Yang smiled apologetically. Captain Song, there's nothing else I could do for him other than maintain his life.

In other words, we can't get him out of the hospital? Lingshan looked at Doctor Yang, disappointed. Will there be hope if we transfer him to a different hospital?

Our Songshan's First Peoples Hospital is the best in Songshan already. If we transfer him, it'll have to be a non-local hospital, but I'm afraid the patient's body wouldn't be able to handle that journey. The doctor said with a shake of his head.

So there's no hope at all? Lingshan sighed. If that Bojia could've just told her the details earlier, they might've gotten their hands on the mastermind already, and that psycho killer wouldn't have attacked him in the first place.

It's not that there's no hope, Doctor Yang said after some hesitation. If you know Professor Guan Xuemin of the Songshan School of Medicine, he could give it a try using acupuncture. But Professor Guan doesn't offer his services easily.

Professor Guan! Lingshan, naturally, was aware of the name. This was an Eastern Doctor highly renowned in Songshan, known as Miracle Doctor Guan. Yang Huaijun had a pretty good personal relationship with him, and had been receiving treatment from him all the time!

Lingshan wouldn't be too sure if it were someone else, but if she had Huaijun's help, she was convinced that she'd be able to get Professor Guan to treat Bojia.

She relaxed at the thought. Thank you, Doctor Yang. I know what to do.

Haha, don't mention it. I'm just helping where I can. The doctor nodded with a smile.

Lingshan exited Doctor Yang's office and dialed Huaijun up.

In a pinch again, Song? Huaijun answered with a smile. He'd been in a good mood recently, getting promoted and, most importantly, healthier as the internal injuries stopped acting up as often. It used to happen every day, but it'd been half a month now and nothing had happened yet!

This was just the first stage of the cure, too- with results this prominent, Huaijun could only imagine what sort of miraculous effects there'd be after Lin Yi told him he'd change the medicine and give him acupuncture a month later.

Yang Bro Lingshan felt embarrassed as Huaijun hit the mark. It's true that I have something to ask of you. Tell me. What's wrong? Huaijun had always treated Lingshan as his sister- he'd always been looking after her.

You know about Liu Bojia's situation, right? Lingshan said. I asked the doctor about it today, and he said they couldn't do anything else to help him. But he did recommend someone and said it was worth a try.

Chapter 412 – Just Go To Lin Yi

Whos that? Huaijun asked.

Professor Guan Xuemin, the professor whos always been treating you, big bro Yang Lingshan would always refer to Huaijun as big bro Yang when they were alone- it sounded more intimate.

Oh? Elder Guan? Huaijun blinked. If youre looking for him youre going out of your way. Just go to Lin Yi for this.

Lin Yi? Lingshan blinked. What for?

If you want Elder Guans help, hell still recommend you to Lin Yi. Huaijun smiled.

Lingshan was very much confused after ending the phone call- why did Huaijun always direct her to Lin Yi? Was Lin Yi so good that he could do every single thing in every field? Shed asked him to help locate the culprit earlier, but he said he didnt know- how come hed be able to help when it involved Liu Bojia?

But if Huaijun was the one saying this then it had to be a logical route. Lingshan didnt really trust Lin Yi, but the trust she had towards Huaijun was utter.

At that thought, she made a phone call to Lin Yi

Lin Yi opened Tangjus door and stepped in to see the father and daughter discussing something- Tang Yin blushed and shut her lip instantly as Lin Yi walked in. Uh... Why didnt you knock?

Tangju, on the other hand, had a wide smile on his face. Yi, youve come! Here, have a seat. Yin, why dont you slice some apples for your friend here?

No need, thanks. Lin Yi said with a wave of his hand. Lunch break is short- Ill just take a look at your injuries and go back with Tang Yin.

Alright, how can I cooperate? Tangju said happily. He heard from his daughter about the miraculous scene shed seen yesterday, so even he himself was both satisfied with and terrified of Lin Yi, unsure if hed still want to be with his daughter anymore.

Its alright, just lie down on your side there, Uncle Tang. Lin Yi walked over with a smile and pulled a box of needles out of his pocket. It was the needles hed used for acupuncture on Zhenhu, needles that he now had on him all the time after that day.

Alright. Tangju complied and laid on his side.

Lin Yi stabbed a needle into Tanghus waist very casually, giving Tang Yin a fright- she calmed down and relaxed after seeing her father seemingly unaffected.

Do you feel anything? Lin Yi asked.

No Tangju shook his head slightly.

Lin Yi frowned. He started turning the needle in his hand and asked again. What about now?

No Tangju shook his head again.

Lin Yis expression stiffened. Tangju couldnt see it, but Tang Yin did- she couldnt help but feel anxious, keeping her mouth shut so she wouldnt ruin her fathers hopeful and happy mood.

What about here? Lin Yi chose a different location for the needle.

A little A little bit, feels numb Tangju started feeling something at that point. Its like my waist is itching

Ah Not bad, its still good. Lin Yi smiled.

Really? Thats great, thats wonderful news! Tangju exclaimed happily after hearing the words. Her daughter had told him a lot of amazing stories about Lin Yi before he came over- he was utterly impressed now that hed seen Lin Yis miraculous acupuncture firsthand.

Uncle Tang, Ill be honest- your left legs fine, but theres a bit of a problem with your right one. Lin Yi said candidly. This wasnt something hed need to hide, and Tangju would realize it himself when walking a couple days later.

Ah? One leg Does that mean hell limp? Tang Yin didnt manage to hold herself back from the shock, but realized afterward that it was an inappropriate thing to say. Saying that in front of her fathers face would definitely sadden him

Oh? I get one leg? Thats not bad, its so much better than just lying in bed like this! Id be able to do things and help my wife! Tangju was being quite optimistic, reclaiming his previous joy after a moments pause. As far as he was concerned, hed be grateful as long as he got stronger as he was now. Why would he ask for so much and aim so high, after all.

Im glad you think that way, Uncle Tang. Lin Yi had thought that hed have to give Uncle Tang consolation, but his unexpected optimism saved him that effort. But dont give up yet, Uncle Tang- Ill perform acupuncture on you after youve fully recovered, and Ill bring the medicine from my old home, too. Youll get to throw your crutches away in no time after that.

Really?? Tangjus eyes were wide open as he looked at Lin Yi. He had helplessly accepted his fate, but Lin Yi was telling him there was still hope! Theres still a way?

Your situation is similar with Fens, Uncle Tang- of course theres a way. Lin Yi smiled. So please, dont feel burdened or anything, its just a little problem with the nerves, thats all.

Great, great! Tangju was bursting with joy at the unexpected surprise- Lin Yi had given him hope for a cure just when he was feeling helpless.

Thanks Tang Yin curled her lips- she had so much gratitude she had wanted to put into words, but thanks was all that came out

Ah, Im just helping out. Lin Yi smiled as his phone rang. He apologized with a gesture and took his phone out- all of a sudden he didnt want to answer it anymore.

It was Song Lingshan! What did that miss want again, did she have another favor to ask?

Whos calling? Why arent you picking up? Tang Yin asked a little suspiciously.

A braindead miss. Lin Yi said before declining the call.

Braindead miss? Tang Yin blinked, not knowing who Lin Yi was talking about.

Song Lingshan. Youve met her- I helped her rescue a hostage last time. Lin Yi said.

Oh, officer Song. She should have something important if she's calling you, right? Why won't you pick up? Tang Yin said, remembering the girl. What if you need her help in the future?

Tang Yin had struggled for far too long at the bottom of the social pyramid- to her, having more friends was always beneficial, especially when said friend was a high-ranking cop. There'd be so many things she could get help with!

Her help? I'd be lucky if she would stop needing my help Lin Yi's phone interrupted him- it was Lingshan calling again. Helpless, he answered the call. Hello? Miss braindead? Will you give it a rest, what do you want?

Lin Yi was trying to have a conversation with Tang Yin but this person just kept on interrupting! It annoyed him, and Lin Yi wondered why she couldn't learn to call at more appropriate times.

Where you Lingshan wanted to say where you calling Miss braindead, but managed to hold it in. She needed Lin Yi's help, and had naturally prepared for a scolding. Fine, Miss braindead has a favor to ask!

Lingshan was itching with frustration at Lin Yi- she wanted to eat him up!

But she understood that Lin Yi was a person who didn't like things the hard way- if she'd insisted on being tough all the time Lin Yi might even hang up on her.

Chapter 413 – Change of Approach

Ha Tell me then, what's up? Lin Yi was quite pleased. He didn't want to be on this phone call, but Lingshan had admitted to being brain-dead- what else could he say to that?

Lingshan lit up in joy after hearing those words. This Lin Yi didn't take things the hard way, and it seemed like she needed to change her approach into one he couldn't reject whenever she needed his help from now on.

That person who the psycho murderer injured the other day- do you have any way of waking him up? Lingshan asked.

Who? The guy in the room where Guan Xin was held hostage? Lin Yi asked after some thought. A psycho murderer he knew would have to be the one from that day.

That's right. He's still unconscious and living on life support. You have any ideas? Lingshan asked, hopeful.

Hm Lin Yi had actually checked on Bojia that day- he was in a really dire condition.

Well, is there a way or not? Lingshan pressed after the silence.

Are there any benefits for me? Lin Yi asked after thinking about it.

Benefits Lingshan was about to say no when she remembered that Lin Yi wasn't in the police force- he had no obligation to be helping her all the time. I can apply for you to be a police officer in name, and you'd have a salary every month, except it's not a lot

Not interested. Lin Yi rejected immediately. What did that even count as? Lingshan would probably drag him around to help her all day, all for that measly pay.

Then what kind of benefits do you want? Lingshan asked.

Lets just keep that in mind first, I cant think of anything right now. Lin Yi mentioned that without really think about it, and he couldnt come up with any ideas at all. Him helping Lingshan was essentially helping Huaijun anyway. Lingshan coming to him had definitely been prompted by Huaijun as well, and hed pay Huaijun that respect even if he didnt want to help Lingshan. Wheres the patient? Ill go take a look.

The intensive care unit on the twelfth floor. Youll see it once you come up, Ive got some men at the door. Lingshan was still wondering what Lin Yi wanted, not expecting Lin Yi to just put the benefit talk aside like that.

Alright, wait for me then. Lin Yi hung up and turned to Tang Yin. You wanna come up with me?

Its important business, Ill just stay out Ill keep my dad company. Tang Yin hesitated. As pretty as Lingshan was, she gave off an aura that pressured her. From how things stood, Lin Yi clearly didnt like Lingshan at all, calling her brain-dead and retarded all the time. He wasnt going to play, too- it was something important.

Alright, Ill come see you later. Well go back to school together. Lin Yi nodded and pushed open the door, leaving the Tangs.

He took the elevator to the twelfth floor, and exited it to see two police officers sitting outside a hospital room. He made his way over with quick steps.

Mister Lin, is it? Captain Songs waiting for you inside. The officers guarding the room had gotten instructions from Lingshan already- they gave him a nod and let Lin Yi in.

Lin Yi entered the room to see a huge breathing machine with a person laying under it- that person was Liu Bojia, very pale and skinny compared to the last time hed seen him. Lingshan stood beside the breathing machine, turning to Lin Yi as he walked in. Lin Yi, you have a plan?

Lin Yi didnt say anything- he went over and closely inspected Bojia to determine his condition. It wasnt until awhile after that he slowly shook his head, uttering three words. Its very hard.

Hard, but Lin Yi didnt say impossible! That meant that there was a way, and Lingshans tense emotions relaxed. You have a way?

Yes, but I feel like its not worth it. Its too much effort. Lin Yi shook his head.

Lingshan bit her lip- she didnt think Lin Yi was trying to put on airs, since Doctor Yang had briefed her on what the situation was. As things were, the hospital wasnt capable of doing anything; if Lin Yi had a way, it would most definitely be a difficult one.

Miss Miss Braindeads begging you, okay..? Lingshan gritted her teeth and managed to get the whole thing out. After all, shed determined that the soft approach appealed to Lin Yi, and while the nickname Miss Braindead gave her an urge to just drop dead in a way that involved pulling Lin Yi down with her, she decided to endure it for Lin Yis help. She swore to herself that if Lin Yi were to fall into her hands one day shed let him taste it!

Ha Ill give it a try then. Lin Yi found himself quite helpless to what Lingshan was saying- he couldnt really reject her after that, could he? But Im not good enough yet. Ill only be able to wake him up, but Im not sure how long hell live, theres no guarantee. Theres too many things wrong with his body.

Youre saying that theres hope of curing him instead of just waking him up for a short period? Lingshan could hear the implications in Lin Yis words.

I cant do it, but my old man at home probably could. Lin Yi said. But, my old man wont be coming here, so if you want him to die Ill wake him up for you right now. If you want to save his life, then leave him alone for now, let him lay there.

Um Lingshan was in a difficult position. She wanted to get new clues as soon as possible, but if Lin Yi had a way of healing Bojias injuries shed rather not have those clues just yet.

It was different when they didnt have a way- shed thought that just having Bojia speak out a couple sentences was ideal enough, but now that Lin Yi could cure him she didnt want to sacrifice an innocent.

Call me after you make up your mind. Im going back. Lin Yi smiled, aware of what Lingshan was considering. Im on limited lunch break time.

No need to think about it. Heal him when youre able to. Lingshan shook her head.

Oh? Lin Yi was a bit surprised- he wasnt expecting such decisiveness from Lingshan. It seemed that hed underestimated her, she actually had quite strong principles of justice and responsibility. Alright, Ill try my best. Ill give you an answer as soon as I can.

It was Lingshans turn to be surprised- she never thought that those words would be coming out of Lin Yis mouth! After all, the guy kept using excuses every time she went to him for help, but he was saying things like try my best and as soon as I can!!

Lingshan couldnt adapt to that in time- wasnt this too drastic a change? Could it be because of her change in attitude, was this the result? It had to be, the guy only responded well to a soft approach!

Alright Miss Braindead will be waiting for your phone call then Lingshan felt uncomfortable and awkward to be doing this, but her subordinates werent here, it was only the two of them. Since no one would learn of this shed treat it as a secret between Lin Yi and her, and if this guy really was willing to help then it was fine for her to be a little retarded, that's what she got for being weaker than him.

Lin Yi didnt know if he knew this girl anymore- shed been calling herself Miss Braindead, and this was the third time! Was she willing to even insult herself just for help?

But killing some of her pride was fine- Lin Yi decided not to go out of his way to correct her. Alright, Im going.

Chapter 414 – Eerie Analysis Report

Lingshan watched as Lin Yi left, and finally couldnt take it anymore. Gritting her teeth, she exploded and started ramming her fist against the wall. Lin Yi!!!! Ill break your face, you bastard! How dare you nickname me Miss Braindead, Miss Braindead!! Miss Braindead is you!!!

What followed was a series of punches at the wall.

Lingshan sent out five punches before her fist started hurting- she stopped and walked out the room very pissed off. Her two subordinates were sitting quite properly by the door, having heard the commotion from inside the room. Lingshan was angry, and no one wanted to get on her bad side.

Fatty Lai couldnt quite believe his eyes- his father was awake! Not only was he awake, he was speaking and even eating!

Dad? Youre fine? Youre alright now? Fatty Lai was so excited he almost fainted. Ill go get the doctor, wait for me

Fatty Lai charged out the room in three steps, shouting at the hallway. Doctor!! Wheres the doctor!! Hurry!!

Whats wrong? What happened? The doctor had rushed over thinking that there was something wrong when he walked in to Fatty Lais father, who was conscious!!

Doctor, please look at my father, is he fine?? What Fatty Lai wanted to do most now was to run over to Lin Yi, kneel, and ram his head against the floor- what a savior the miracle doctor was!!

The doctor started frantically giving the old man a checkup after calling the nurse over- the analysis report was nothing less than shocking! The patients body had prominently turned a lot healthier, and while the uremia wasnt cured yet it was turning for the better!!

How is this possible? Just how is this possible?! The doctor stared at the analysis report in his hand, his mouth gaping and eyes wide open. He told Changtian yesterday that there was nothing he could do, so why was Elder Lai awake right now?? This made no sense at all

The doctors eyes lit up as he remembered something from yesterday- this Changyi had gotten his hands on some Pill of Life Extension and Toxin Cleansing yesterday, a pill he wanted to feed his old man. Had that pill proven effective?

He couldnt think of any other possibility other than that! At the thought, the doctor quickly turned to Fatty Lai. Mister Lai, did you feed your father that Pill of Life Extension and Toxin Cleansing?

I did! How is it, is it effective? Heh heh, I knew itd work! Fatty Lai exclaimed happily as he looked at the analysis report in his hands. If just less than half the pill was enough for such miraculous results, wouldnt his fathers sickness be completely controlled if hed gotten his hands on a whole pill??

Fatty Lai wasnt too wild with his hopes- he didnt expect his father to be cured, and would be satisfied with just the sickness being within control. His old man was old, and he wanted him to live a couple years more if he could. That was Fatty Lais only wish.

It *is* effective The doctor wiped off the sweat on his brow. Ive never seen something as miraculous as this before Fatty Lai, Ill be honest- you should bring your old man to that master, theres nothing I can do for him!

The doctor had taken a lot of red packets from these two brothers, and he wanted to be honest and point Fatty Lai to the route with hope.

Fatty Lai sighed, a bitter expression appearing on his face at the words. Hes a master, he wouldnt pay me any attention

The doctor shook his head, agreeing internally. If the person was a master, he wouldnt really want to bother with a crybaby like Fatty Lai, crying and sobbing at the slightest of things. How old did the man think he was, had he no shame?

Then leave him here in the hospital for recovery- Ill try my best! The doctor said.

Ah, right- you need to keep this a secret, dont tell anyone at all costs! Fatty Lai instructed after something crossed his mind.

Dont worry, I wont tell anyone! The doctor nodded, wondering why hed ever do something so idiotic. Not only would he piss this man off, he wouldnt even get any benefits! If he just kept silent the world would assume that he was the one who cured Elder Lai, raising his name in the medical world!

Changtians face was pale and looking very ugly as he rushed to the hospital- he opened the door to see his father conscious, and seemingly very healthy, too! He never expected for his brother to just stumble on something that would actually wake the old man up!

But this also meant that the contract theyd signed earlier was no longer effective- as long as the old man was still alive and living Changyi had no right to give over his electronic industry rights to him.

Changtian could only express his blessings and congratulations to his father, but prioritized his strategies of what he should do with him in order to turn that contract with Changyi into a reality.

Donghai, House Kangs villa.

Miracle Doctor Kang looked at the analysis report in his hands, dumbfounded. He wouldve thought that he was being pranked if this report hadnt been brought over to the research facility by Zhaolong himself, concluded after several experiments!

Dog shit? The primary component of the Pill of Life Extension and Toxin Cleansing is dog shit? Are you sure this is correct? Miracle Doctor Kang was full of disbelief as he stared at the report.

Yes! Zhaolong nodded. Grandpa, Ive had people analyze it many times, and the result is that the components are most similar to those of dog shit!

Dog shit? Is dog shit really related to life extension and toxin cleansing? Miracle Doctor Kang couldnt wrap his head around on how dog feces provided that sort of effect.

But grandpa, I really am feeling really well! Having gotten what he wanted, Zhaoming was no longer putting on an act- he was looking fresh and revived as he sat in the living room of the Kang household. Grandpa, I feel like Im a lot better To tell you guys the truth, I used to have some problems down there, but now Heh heh

Zhaoming stopped there, but everyone understood what he meant! He was the most useless playboy of the Kang house, always mixing with girls No one doubted his words.

You're really feeling good, Zhaoming? Miracle Doctor Kang found the whole thing quite odd. Did dog shit really cure diseases?

That's right, grandpa! I really am! Zhaoming nodded before giving his own input. Actually, grandpa, I think, the fact that the primary component is dog shit isn't weird at all!

Oh? What do you mean? Miracle Doctor Kang got interested all of a sudden. If this was in the past, he wouldn't have valued this grandson's opinion at all- he was just a playboy, a money-waster who used his family's name to go around.

But after he'd offered his body to test the medicine, Miracle Doctor Kang started placing value in him, interested in what insight he now had.

Grandpa, were dead convinced that dog shit is something so normal and disgusting that it just has to be something for throwing away, that it couldn't possibly be medicine at all! Zhaoming said. But in some medical books don't they talk about baby urine and tiger urine, stuff like that being medicine in their own right as well? If even urine can be medicine, then why can't dog poop be as well?

Chapter 415 – Kang Marriage

A smack sounded as Miracle Doctor Kang slapped his thigh, standing up excitedly. Brilliant! What a brilliant set of words!!! Zhaoming, what you're saying is indeed logical- if even urine can be medicine, why not poop?

That's right, grandpa! Don't people always say stinky dog shit? That proves that dog shit is stinky, and that means nobody tried eating it before, because of the stench! Zhaoming said. But, it's possible that some people accidentally discovered the secret within dog poop, and made this Pill of Life Extension and Toxin Cleansing medicine. It's actually really possible that dog shit is a component!

Zhaoming's making valid points, grandpa! Zhaolong wouldn't let Zhaoming hog all of the spotlight- he used to be the excellent Kang, the one with most potential and the brightest future! He had to interject here. I think the same way, grandpa! It's the same as the stone that forms inside a dog's gallbladder- it's valuable to us, but that stone in some other animals gallbladder is nothing more than trash! In a dog it becomes a treasure all of a sudden, so I think that just because it's dog shit doesn't mean it has to be trash- it makes sense that it's the main component of the Pill of Life Extension and Toxin Cleansing!

You're right, Zhaolong, that makes sense too! Miracle Doctor Kang nodded. The two of you really make me proud- I'm so glad that the Kangs have you two brothers to bring it to further glory! If we manage to produce this Pill of Life Extension and Toxin Cleansing, you two would be the primary contributors, and I'll give you two huge shares!

Thank you, grandpa! Zhaolong and Zhaoming were quite pleased- it took only a couple sentences and they'd soon have the shares for the new medicine product! It was too easy.

Alright, Zhaolong- you arrange for some men to gather dog shit, we'll do an experiment! Miracle Doctor Kang instructed. We'll start manufacturing Pills of Life Extension and Toxin Cleansing as soon as possible, strengthening the Kang name! Golden Creation would look much smaller compared to this project!

No problem, grandpa, I'll arrange that right away! We need to finalize this as soon as we can! Zhaolong nodded in response.

Perfect! Miracle Doctor Kang said. Also, something really important I have to talk to you about, regarding your marriage, Zhaolong!

Marriage? What do you mean? Zhaolong blinked. I dont even have a girlfriend, whyre we talking about marriage?

Zhaolong was quite different from Zhaoming- Zhaoming was a playboy who changed his women as frequently as he ate rice, but Zhaolong wasnt like that. As the third generation Kang elite, he had too many hopes pinned on him. As much as hed like to get a girlfriend and fall in love, he himself was a man with burning ambition as well. For that, he sacrificed love decisively and gave up on even girls he was interested in.

He invested all of his efforts into studying medicine, and because of those efforts, was now studying for a PhD. He wouldnt have progressed so smoothly if it werent for that hard work, and everything he had was due to it- he never used House Kangs influence at all!

This was also why Miracle Doctor Kang valued him so much, but this talk about him getting married took him by surprise. Where did this even come from?

Haha, its fine if you dont have a girlfriend, Ive made a decision for you- the girls really beautiful, too, from a powerful family. What do you say, Zhaolong? Miracle Doctor Kang asked.

I Isnt this a little too soon? Grandpa, I still havent gotten my PhD yet Zhaolong wasnt sure what to say- it just felt too rushed.

Its not at all! Youre studying for a PhD already- a lot of people bring their children when they study for a PhD! When I was your age I already had your second uncle! Miracle Doctor Kang waved his hand. Zhaolong, you need to understand that its a marriage between two large houses- this is vital to our place in the high society! We Kangs may have become famous using Golden Creation these couple years, but were still just a business family with a miracle recipe. People may have given me the miracle doctor title, but thats just out of respect- Grandpa isnt a miracle doctor at all. So, for the Kang family to go higher as one of the powerful houses, well have to work hard and also make marriages with other houses!

Of course, the more powerful families wouldnt be interested in us, and they wouldnt bother making a marriage between our houses, but there are some families whove fallen that are plenty willing to do so! As fallen as they are, they were still once powerful houses with a certain extent of influence and name. As long as we join together, the Kangs would only go higher!

Ill leave everything to grandpa then! Zhaolong nodded after some hesitation. If this was the case, then his marriage with that house would help further his career, and itd make him a hero of the Kangs as well. It was surely something thatd benefit him when his position in the Kang family rose along with House Kangs place in high society- Zhaolong didnt hesitate for long. What house is it, grandpa?

House Xiao, of Yanjing! Miracle Doctor said. Their Elder Xiao wasnt the smartest when he got older, and signed a couple of very damaging contracts, losing the majority of the Xiaos assets. The Xiao brothers are hard pressed, and for the sake of maintaining the Xiaos familys name, decided to bond with another house using marriage.

Miracle Doctor Kang left one part out, and that was the fact that House Kang wanted to rise to the list of absolutes, the strongest houses- this was a perfect match.

Alright, Im fine with it. Zhaolong nodded, giving his consent.

Alright, if you agree then heres a picture of the girl Ive brought for you. Take a look, if shes alright Ill start with the betrothal gift! Miracle Doctor Kang said. Then well find a day and host the wedding, settle everything down and at the same time, heighten our familys fame! House Xiao may not have any money anymore, but their connections in the business world are still intact. Our medicine business will be able to utilize those connections and expand to a larger scale.

Alright! Grandpa, Ill let you arrange everything! Zhaolong nodded. Whether the girl was pretty or not didnt matter anymore, the most important thing here was that this marriage would cement his place in the Kang family. If she werent pretty then hed make do, but if she was, then itd be a nice bonus.

Heres her picture. If youre satisfied then go contact and interact with her yourself first- you young people should have some things in common to start off with! Miracle Doctor handed Zhaolong the picture as he spoke. She uses an outside surname, but the girls father isnt a nobody either. He owns a chain medicine company in Songshan, coincidentally in our field!

Zhaolong was overjoyed at the information- even the girls family was strong as well, and this only meant a bonus boost for him, his place in the Kang house would soar! He took over the picture, initially planning to take a quick look only to find his eyes stuck on it.

The picture had been taken casually, but the girls looks stood out from the crowd- she had a fresh and refined face, and it attracted Zhaolong instantly! He never expected such a beautiful fiance!

He stared at the girl with a blank look on his face.

Chapter 416 – About Lin Yi

Cousin, let me help you take a look! Zhaoming edged over curiously, interested to see what his future sis-in-law looked like- he took one look and it was obvious to him that his brother had hit the jackpot! It sure was unfortunate that he wasnt the one doing the marriage! Bro, youre really lucky! Ive been with countless women in my life, and this here is a top tier girl! Among the girls I know only that Tang Yins on her level, except that Xiaobos friend got to her before I did, damn!

The whole family knew what sort of person Zhaoming was- they only smiled at his comments. Zhaolong, on the other hand, was extremely happy! If even this playboy cousin of his was saying that then this was a goddess he was looking at!

Dont worry, well find you someone good too one day! Zhaolong said to Zhaoming. But you have it better than I do- Im sticking with just this one for the rest of my life, but youve had so many already!

Haha, thats true Zhaomings smile was full of pride instead of shame.

But Zhaomings playboy behavior wasnt anything much anymore compared to his contributions to the family- neither Miracle Doctor Kang nor the rest of the family felt that this was a problem anymore!

After all, Zhaoming was young, and full of energy this was only natural!

Zhaolong was a model student, and Zhaoming was a charismatic playboy- an interesting addition to the family indeed.

Feng Xiaoxiao charged into the clothing store soaked- people looked at her oddly as she bought herself an entire set of clothes before driving to the nearest hotel for a hot shower. She changed into the new clothes and went back to school, very pissed off.

Everything had went south on her first day, and that upsetted her. She didnt want to spare Lin Yi, but it was a fact that she had no idea of what his capabilities were. He seemed to be quite fit, and his reaction time was extremely fast as well- hed also noticed her when she was sneaking up on him!

This explained why both Ruoming and Pinliang couldnt handle him.

It was evident from his status as Mengyaos bodyguard, too- he had to be good for Pengzhan to hire him as bodyguard.

As things stood, she need to understand Lin Yi completely before making the next move, or shed just get her ass handed to her again! At that thought she decided to go ask Ruoming and Pinliang about Lin Yi.

Both Pinliang and Xiaofu had just changed into new clothes after Xiaoxiao returned- theyd been kneeling in the bathroom all day, and their pants were terribly dirty.

Lil sis Xiaoxiao As unwilling as Pinliang was, hed bumped into Xiaoxiao at the school gate- he couldnt just pretend he didnt see her, as things would just get worse.

The two of you come over here! Xiaoxiao pointed at Pinliang, her tone cold.

Pinliang and Xiaofus hearts tensed up- did Lin Yi break the promise and tell Xiaoxiao everything? The possibility horrified the duo as they carefully walked up to Xiaoxiao, trying their best to smile. Lil sis Xiaoxiao, how can we help? What happened earlier, its not our fault We wouldnt know that Lin Yi would turn around all of a sudden

Im not here to talk about that! Xiaoxiao frowned, displeased. She was trying not to bring this up, but this Pinliang wasnt doing that! What was he trying to do, was he trying to shame her?

Uh Then what are you here to talk about, lil sis Xiaoxiao Pinliang let out a breath of relief after Xiaoxiaos words, but was still terrified nonetheless. Hed messed up and mentioned Xiaoxiaos embarrassing moment, something he shouldnt handle so irresponsibly. Of course shed get pissed off if he brought that up!

Go call Ruoming over, I have something to talk to you about! Xiaoxiao ordered.

Uh Alright, Ill go get him now! Xiaofu volunteered bravely. He was Pinliangs lackey, his runner- this wasnt an errand Pinliang should be doing himself!

Ruoming was actually quite easy to locate- he was almost always playing basketball in the field, and Xiaofu spotted him immediately.

Ming Bro! Ming Bro, over here! Xiaofu called out to Ruoming.

What is it? Ruoming was about to make a slam dunk when Xiaofu surprised him, making him lose grip of the ball. He wasn't too pleased. What's so important, can't it wait until I finish this game?

Lil sis Xiaoxiao's looking for you Xiaofu said.

Fuck, why didn't you say so! Ruoming ran over right away, his face tense. You two idiots, after pissing lil sis Xiaoxiao off you're dragging me along with you into that mess! What kind of brothers are you?

Ruoming was aware of Xiaoxiao's little misfortune that morning- Pinliang didn't give too many details, but it was quite evident that Xiaoxiao had been the one to suffer. Ruoming wasn't too keen on meeting Xiaoxiao with that information in mind.

It's fine, lil sis Xiaoxiao isn't talking about that. Don't bring it up, too! I think she just wants to ask us about Lin Yi, you'll understand if you come. Xiaofu said. Let's go, don't keep lil sis Xiaoxiao waiting!

Alright, let's go! Ruoming nodded and headed to the school gate with Xiaofu.

Xiaoxiao brought the group to a cafe near the school. She spared the bullshit and got right into the main topic. Why don't you guys tell me about Lin Yi? You should be aware of my loss to him this morning- he doesn't seem like an ordinary guy, does he?

Uh Ruoming looked at Pinliang and Xiaofu. Naturally, the varying degrees of humiliation and nightmares Lin Yi had unleashed upon them weren't things they were very keen on sharing.

What, you don't wanna share? Xiaoxiao frowned.

N-No! That's not it Pinliang and Xiaoxiao were in the same class, and they'd always see each other- he had to tread lightly here. I'll talk, I'll speak first. Lin Yi's first day at school he kicked me into the ground, and I got pissed so I wanted revenge But

And so, Pinliang started telling Xiaoxiao about his story with Lin Yi, about how Heibao came to school and got stepped on by Lin Yi

So you're saying even a real gangster isn't a match for him? Xiaoxiao was surprised- she'd guessed that Lin Yi was strong just from him pushing a car with one arm, but she wasn't expecting a level of strength that'd even wreck an armed gangster like that.

Naturally, Pinliang didn't mention Heibao's golden class experience- she'd be even more shocked if he told her how Heibao still couldn't stand up to Lin Yi after that power up.

That's right, that's why I'm in such a pinch! When you said it was him who threw the bottle I shut up right away, and I had to! I'd be lucky if Lin Yi didn't come mess with me, let alone me pissing him off! Often he'd just come and give me a kick when he feels like it; it's so frustrating! Pinliang said helplessly.

Chapter 417 – Seeing A Car Accident

..... Xiaoxiao didnt know what to say. Shed wanted to cause some beef between Pinliang and Lin Yi, but it turned out that the guy didnt dare do anything to Lin Yi in the first place!

Its embarrassing to say it, but thats just what this is. In this school- no, even including the gangsters outside of school, I daresay that no one would be able to do anything to that Lin Yi! Hes not even afraid of guns! Pinliang explained himself concisely.

Alright, if Pinliangs admitting all that Ill tell you about what happened to me, too! Ruoming sighed and started complaining about his grievances. In front of so many students, and even in front of the dean Lin Yi slapped me, and I couldnt do anything about it! I couldnt beat him if I fought him, there was nothing I could do about his tyranny at all

Xiaoxiao was getting dizzy- she hadnt done enough research at all! Lin Yi was an absolute beast! What was she thinking, going head on with him? That was obviously not an option anymore, as beastly as she was herself. She was a merciless miss, but Lin Yi was much more savage than she was.

Xiaoxiao had no guarantee that shed be able to do anything to Lin Yi at all at this point, after what Pinliang and Ruoming had told her.

Does Lin Yi have no weaknesses at all? Xiaoxiao frowned. Do you guys know of anything we can use for leverage?

Leverage Ruoming thought about it, troubled. I guess Tang Yin? If you were to make a move on Tang Yin Heh heh, lil sis Xiaoxiao, why dont you do something there and help get me Tang Yin? Ill do the rest for you!

Ruoming still wasnt giving up on Tang Yin- his wishes didnt manage to come true last time, since Lin Yi ruined everything, but the fire to claim Tang Yin as his was still burning. He didnt believe that Lin Yi would kill him, so by the time hed laid his hands on her thered be no turning back, and Lin Yi wouldnt be able to do anything as Tang Yin had no choice but get together with him!

And for the sake of Tang Yin, Lin Yi might even stop giving him so much trouble!

No! Xiaoxiao rejected instantly. She wanted to cause Lin Yi trouble, but she wanted a scenario where Lin Yi had to teach her driving and fighting! If they did anything to Tang Yin then he wouldnt teach her at all- the two would become mortal enemies!

Uh. Im out of ideas then Ruoming shook his head.

No good ideas here either Pinliang had no idea what they could use as leverage at all- hed have done it himself if hed known instead of waiting this long.

Xiaoxiao cursed at the two for being trash quietly- asking them out was a complete waste of time! They were utterly useless!

Lin Yi was driving Tang Yin back to school- they were short on time, so he used the faster lane to the left, only to see a car coming in his direction at the viaduct bridge!

Lin Yi frowned. He had cars to both left and right sides, so it was impossible to change lanes now, especially with how dangerous it'd be at the speed he was driving at. Even if he didn't care about his own safety he needed to think about Tang Yin's!

He turned on the high beam to ask the car coming to him to go back to the other lane, but it surprised him by not slowing down- it did what Lin Yi did instead, flashing its high beam at him! Those were modded hernia lamps, too- Lin Yi would've been blinded for a while if it weren't for his good eyesight.

There wasn't any choice left- if this went on the two would collide with each other. Tang Yin was starting to scream in terror, too, and Lin Yi swerved his wheel hard to the right, pulling the handbrake up as he stepped on the brake. The entire van screeched in a fine, circular angle before the back of the van hit the car's side.

Lin Yi had very minutely controlled the angle and power, but a loud bump sounded all the same Tang Yin seemed fine, though.

Zou Tiandi had just gotten the new BMW these couple of days- his son got him a custom licence plate too, boldly reading sbsbsb.

(shabi shabi shabi, meaning idiot idiot idiot. There's other meanings, you could google shabi if you're interested.)

Tiandi had originally opted for a licence plate with full eights, finding Ruoguang's licence plate covered in English letters a little awkward. It didn't have any eights or sixes, but Ruoguang told him that that wasn't in anymore! Nobody wanted the 888 or 00544 plates nowadays.

(Some number combinations, when read out in Chinese, form sentences or sounds that Chinese people consider prosperous.)

Licence plates now was all about personality, and only a plate with personality stood out when on the streets. The 888 and 666 plates weren't as in demand as they used to be- what people wanted now was the sbsbsb plate!

Tiandi didn't think too much about it, but if his son called the licence plate cool and full of personality then it'd make sense to use it.

What he wasn't expecting, however, was how he really stood out when driving the car! Almost every single head turned around to look at that plate, and some were even taking pictures with their phones, full of envy! This charged Tiandi full of satisfaction and glory!

There'd been two drivers who even got so excited at seeing his licence plate they even collided with him! This gave Tiandi a sense of indescribable pride!

Even when he drove in the opposite direction of the one he was supposed to be driving in, all the cars would still let him pass! None dared to tough it out with him, but here today he'd met the first blind driver who'd hit his new car. Pissed, he jumped off the car and pulled Lin Yi's door open. Get the fuck out! Are you blind? Don't you know how to drive?! How dare you hit a licence plate this cool!!

Lin Yi blinked- where did the guy driving in the wrong direction come off talking so pridefully? He couldn't help but take a look at just what sort of plate was on his car, almost bursting out in laughter upon seeing it. What a plate!

What're you smiling at? It's too late now, you little bastard, you wrecked my new car! Pay up, one hundred thousand or don't even think about leaving!! Tiandi was having the greatest time cruising around for fun when this guy just straight up hit him! It'd be so long before he got to show his plate off again!

You were on the wrong lane and you hit my car, why're you asking me for money? Lin Yi looked at the man, speechless. The person looked familiar. Where had he seen him before?

Lin Yi had good memory, but unimportant small fish weren't worth remembering, so the minor character couldn't come to mind right now.

How much can that shitty van be worth? You think I don't know what you were planning? You hit me on purpose! Drifting? Who do you think you are? Whatever, as long as you don't pay up don't think you're leaving! Tiandi didn't need the money, but he was quite pissed off, and messing with Lin Yi would help ease his rage. The guy deserved it for ruining his beautiful licence plate.

Alright, stop with that- I won't ask you to pay for hitting my car, we'll just go our separate ways! I'm in a rush here! Lin Yi got out the car and looked at his van. It seemed fine, but there was a dent at the back. He hit it with his hand a couple of times, popping the metal back out again.

What are you trying to do? Trying to scare me with your strength? Tiandi paused after seeing Lin Yi's actions- he decided to point at Lin Yi and continue barking.

Chapter 418 – Afraid To Do Anything

Ha Lin Yi shrugged. I'm just fixing the dent in my van's metal, how's that supposed to scare you?

Just you wait! Stay where you are if you have the balls! Tiandi hmped and pulled his phone out. Ruoguang, where are you? I'm in the northern district on Golden South Road! Someone hit my car and the kid won't pay up, even using his fist to scare me! Alright, I'll wait for you, hurry!

Lin Yi frowned. If the bastard insisted on taking things so far then he might as well settle the issue. He took his phone out and called Lingshan.

Lingshan found Lin Yi's phone call to be a pleasant surprise- she didn't think that Lin Yi would've been able to come up with a solution that fast! Delighted, she picked it up. Lin Yi? Have you thought of something?

No. Someone was going the wrong direction on my lane and hit me, come over for a second Lin Yi said faintly.

Hit you? Are you okay? Lingshan paused- she had something to ask of Lin Yi, so if something happened to him now she wouldnt be able to save that person!

Im fine, but the guys trying to con me. Hes even calling someone to come threaten me. Lin Yi said.

Why do you even need me for this? Wouldnt you be able take care of it yourself? Lingshan was both a little annoyed and amused- why would Lin Yi need her for something so trivial? Wasnt he hot stuff?

Alright then. Ill just crush his car a bit and beat him up. Lin Yi said.

Ah? Lingshan smiled bitterly at the comment. Fine, wait for me, Ill head over now

Lin Yi would only be getting himself sent to the police station if he did those things- itd cause her trouble, so in the end she might as well help him and avoid it.

Golden South Road. Lin Yi smiled. If the other guys backup arrives before you do Ill have to fight it out.

Fine, fine, I get it!! Lingshan hmphed. Worried that Lin Yi would get into trouble for the sake of messing with her, Lingshan helplessly added something more pleasing for his ears. Calm down first, Miss Braindeads coming

(I guess Miss Braindead sounds a little sweeter in Chinese Its not that serious a nickname. Then again I guess the english version is kinda fun too.)

Ah, okay. Lin Yi finally discovered the cute side of Song Lingshan, the girl who was all brawn and no brain, a violent little savage. So she wasnt completely void of redeemable characteristics.

It doesnt matter who you bring, let me tell you that youre fucked today! Without that one hundred thousand youre not leaving! Tiandi pointed his finger, threatening rather confidently.

This was his new BMW, less than half a month new! Lin Yi hitting it and breaking the lights hurt him too much, and he needed to get back at him by making him suffer!

A roaring engine filled the sky, followed by low DJ music playing as a motorbike zoomed over, screeching to a stop between the BMW and the van.

Tiandi was joyed- his son was here, and the guy whod hit his car was nothing but fucked. Absolutely fucked!!!

Dad, whats wrong? Who hit you? Ruoguang jumped off his motorcycle, his voice raised. Crashing into someone and not paying up? Ill fuck him up!

Its that little bastard! Beat him up first before crushing his car! Make him pay up, one hundred thousand! Tiandi smiled coldly as he gave the command, his finger still pointed at Lin Yi.

Tiandi was furious!! This was his new BMW, a BMW with a stunning licence plate! If hed just let this shitty van go after itd ruined everything he wouldnt be able to contain his anger for days!

Tiandi hadn't been in a good mood these last two days, too- he had his eyes set on a young girl in his company, and was inches away from claiming her when her boyfriend jumped out to mess everything up!

Who? Which fuc- Wha?! Ruoguang was about to teach this bastard a serious lesson when he saw Lin Yi, completely taken aback.

Ruoguang had better eyes than his old man Zou Tiandi- Tiandi couldn't tell that this was Lin Yi, but Ruoguang could see who he was dealing with right upon laying eyes on him! How? How come it's you..?

Without waiting for a reply, Ruoguang pulled his father's arm and went to a side, whispering to him. Dad, why'd you piss him off? I'm trying to hide from him and you pissed him off again! We're just looking for trouble like this!

Who? You know the kid? Tiandi paused, along with the lackeys who had come with Ruoguang. They weren't sure why he was saying something like that.

He's the guy who tossed you out from the hospital room! Ruoguang smiled bitterly. Dad, just apologize to the guy, it's not worth it! He's too much trouble, and strong!

Apologize? That can't do! He only has two hands, how's he supposed to fend off this many people? Look at the manpower we have with us, why're we scared of him?? Tiandi frowned. He was a celebrity, at the very least! Getting his new car ruined by someone on the streets and apologizing to some kid for it?! If word got out he'd have to hide in a hole! It'd be absolutely humiliating!

Then you'll need to get someone else, dad- I don't wanna die yet! Ruoguang shook his head- Lin Yi had left him with a trauma after last time, and even mustering the thought of crossing Lin Yi couldn't come up.

You fucking dirt! Trash! Tiandi hmped. Your brother's got more balls than you! I'll ask your little brother to bring men over and take care of this next time!

..... Ruoguang only kept quiet, his head lowered. He really didn't dare do anything to Lin Yi- it wasn't a joke, he simply was just too afraid to mess with Lin Yi. As a result, he ignored everything Tiandi was saying to him right now.

Trash!! Tiandi was furious! He was about to say something else when a police siren sounded some distance away, followed by a police car that stopped with a creak beside the BMW, sirens flashing.

Lingshan let out a breath of relief- everyone involved were still unharmed. She'd barged past all red lights on her way here, worried that Lin Yi would go and cause trouble for her! Fortunately, it didn't seem like Lin Yi had done anything yet.

Everyone to the police station! Lingshan had been anxious the whole trip, so all this was starting to turn into fiery frustration. She pointed at everyone to get that frustration out a little.

Tiandi frowned at the sudden appearance of a cop- he hadn't called the police, so why was this cop here? Passing by? She sure was butting into other people's business!

I say, young comrade, I have friends in the traffic police- you can move on now, we'll settle this on our own! Tiandi pointed a straight finger right at Lingshan's face, waving her away. From what he could see, Lingshan was really young, and a female cop, too- she had to be a new recruit without influence, and that meant he didn't need to treat her seriously.

She was rather pretty, though, and that figure. But Tiandi wasn't so stupid that he'd hit on a policewoman- he didn't want to have his meals in prison.

You going, or not? Lingshan asked, not interested in what Tiandi was saying.

Chapter 419 – Give You A Mission

Fine, I'll make a phone call, you wait here! Tiandi started putting on airs again as he took his phone out. He dialed a number. Hello? Wang Bro? I'm Zou Tiandi! I've gotten into a car accident on Golden South Road, we were just about to settle it personally when a cop came over. Yes, can you speak to her? Alright, I'll hand her the phone!

With that, Tiandi handed the phone to Lingshan, his voice emotionless. Take the phone?

Lingshan was a little amused as she looked at Tiandi. She took the phone. Hello? I'm Song Lingshan, who are you?

C-Captain Song?? The person was just about to talk to her when the big name of Song Lingshan hit him, sending him jumping with a fright. Song Lingshan of the criminal police, a name everyone in the police world knew of! Nobody wanted to be pissing her off!

He was just a traffic police officer, he couldn't just give the captain of the criminal police a command, could he? This Zou Tiandi was being targeted by Lingshan, too- it could even be a big case he was involved in, perhaps something like illegal trafficking! He had to cut his connection with this Tiandi as soon as possible.

With that, Wang Bro of the traffic police spoke up. It's nothing, Captain Song. I'll stop interrupting your case.

Lingshan handed the phone back to Tiandi, who didn't hear what Wang Bro was saying on his side. All he'd heard was Lingshan's announcement of her name, so he thought everything had been settled. He was about to thank Wang Bro when he got hung up on.

Tiandi didn't think much of it- he assumed that he was busy, and had left after taking care of the problem. Wang Bro talked to you, right? You can leave now, young comrade- don't butt into other people's business next time!

Dad Ruoguang was panicking as he pulled up to Tiandi. Tiandi may not know who Lingshan was, but it was only natural that Ruoguang did! He'd be a really shitty gangster leader in the Northern district if he didn't

even know the captain of the criminal police- he was absolutely paling at his fathers outrageous lecture he was throwing at Lingshan.

What are you doing? Tiandi glared at his son, dissatisfied. What is it, just get it out.

Dad, shes Captain Song, captain of the criminal police Ruogang spoke carefully.

Wha?! Tiandi froze that instant. She Shes the criminal police captain?

You going or not? You dont need me to help you, right? Lingshan took out her handcuffs and glared at Tiandi.

Ill Ill go Tiandi wasnt looking very well- he didnt think that hed actually piss off the captain of the criminal police If he still insisted on staying shed probably start pulling a gun out!

Im not involved, right I was just passing by Ruoguang didnt want to visit the police station.

You need to come along! Youre driving a plateless, modified motorcycle illegally, and Im suspecting you of coordinated criminal activity. Lingshan didnt give Ruoguang a chance to explain. I know who you are- you cant get out of this one. You could try to run, though

I wont run, haha Ill help with the investigation Ruoguang smiled bitterly, his face tragic.

Thanks, Miss Braindead. Lin Yi was actually quite grateful towards Lingshan getting him out of this trouble. Ruoguang showing up told him who exactly this Zou Tiandi was, and as easy as itd be to take care of them, Lingshan took care of things faster, so Lin Yi found himself taking a liking to her.

No!! Youre coming as well! Lingshan exploded. If the guy wanted to call her Miss Braindead couldnt he just settle with doing that in private? Calling her that in front of so many people, how could she just walk away from that? The frustration got to her and she decided to share some of that with Lin Yi.

Me too..? Lin Yi pointed at his nose, speechless. He was about to say something when Tang Yin spoke up.

Lets go for a bit. We need to cooperate with the investigation, its our civilian duty too Tang Yin was a good girl, and wouldnt turn down going to the police station for something like this. And its not our fault too, its theirs, so itll be fine if we clear things up with the police

Ah Alright. Lin Yi nodded, smiling bitterly. Tang Yin sure was a good girl. Hed actually planning on just ignoring Lingshan and driving off- he didnt think shed come capture him to bring back to the station.

Fuu Lingshan let out a breath of relief- shed said that because she was letting it get to her head, and she hadnt considered the consequences at all. Shed regretted it right after the words left her mouth- since when had Lin Yi bothered paying her respect? Her giving him an order like that would only bring humiliation to herself! If Lin Yi just turned and left then shed be in an even worse position in front of the Tiandi and Ruoguang, much worse than being publicly called Miss Braindead.

Now that Tang Yin had spoken up and offered to go to the police station, Lingshan couldnt help but find gratitude for her within her relief, but also troubled at the importance Lin Yi placed in Tang Yins words, along with how he pampered her. She wasnt worse than Tang Yin, was he? She had the looks, the same

as Tang Yin did, and a body many times hotter and curvier than Tang Yins! What was wrong with this Lin Yi, was he blind? Why was he so rough with her?

Lingshan was getting more annoyed by the second. How come Lin Yi treated Tang Yin so gently and always gave her so much shit? Was she just that irritating to him? She even needed to call herself Miss Braindead just for him to give her a favor!

You people follow me in your own cars! Lingshan got in her police car and flashed her sirens, going straight to the police station with everyone behind her.

Tiandi wasn't sure what Lin Yi's relationship with Lingshan was, but Lin Yi calling her Miss Braindead only brought him joy. He'd soon be entertained quite well by what would happen- Lin Yi would probably get put in his place later.

But Tiandi wasn't about to just let Lin Yi off the hook that easily- he called his younger son Zou Ruomings phone on the way to the station.

Hi, Ruoming? Still at school? Tiandi always wanted Ruoming to be properly studying at school, keeping him from participating in things like fighting, but this was a different case. He was simply too pissed off! His eldest son had no balls, and couldn't even teach someone a lesson!

But the younger son was different- he was someone with bravery, a savage character. He wanted him to be studying, but that didn't mean he wasn't aware of the type of person Ruoming was.

Dad, I'm still at school, studying Ruoming had just finished his meeting with Xiaoxiao when his father's call scared him. He wasn't checking if he was studying, was he? He tried to cover up with an explanation.

Alright, cut the crap! Tiandi scolded. You think I don't know what you're like? Here's a mission, go to your Uncle Yan's villa in the Northern District, and tell him to block someone at the police station doors. I'll send you the person's details later!

Ah? Me?? Ruoming blinked, not expecting a mission coming from his father. Wasn't his brother the one who were usually given these missions? His father was giving him such a big mission, too, telling him to go to Uncle Yan for his first time!

He didn't even give his brother this sort of treatment! Uncle Yan was a golden class master! Just thinking about bringing a golden class master out gave him shivers!

Chapter 420 – Ambush and Interception

Yes, you're going! Tiandi was furious- he wouldn't have asked Ruoming to carry out that task if he weren't at his boiling point. He was especially pissed off after learning that Lin Yi was the very guy who threw him out the hospital room that day- he needed to show him just what he was made of today.

Alright, I'll go right away Ruoming quickly nodded, thinking that it'd be nice if he could bring Uncle Yan to take care of Lin Yi. Lin Yi would be reduced from a tyrant to a plaything once Uncle Yan dealt with him!

Naturally, Ruoming wasn't aware that the disabled and imprisoned Heibao Bro was a golden class master as well- he'd have a different mentality if he'd known.

Ruomings excited tone prompted a sigh from Tiandi as he hung the phone up. His younger son was merciless, so had he carried out an incorrect strategy? Should he have had his elder son study and his younger one on the gangster streets? Thatd be a good route indeed, but now that hed made the mistake he needed to try and make the most out of it

Uncle Yan didnt usually use his cellphone, nor did he use a telephone inside the house. Yan Ran was a master isolated from the world- Tiandi wouldnt have needed Ruoming to go to him personally if that werent the case.

But Tiandi was fine with that. Masters, after all, had to be different to normal people in certain areas. It was only natural for a golden class master like Uncle Yan to be different from everybody else.

And Uncle Yans considerations were well thought out, too- he was a fugitive, so being a hermit was a good choice, lest someone interested in him managed to locate him.

Ruoming quickly ran out of school and stopped a taxi before heading to the villa in the Northern District.

Uncle Yan knew who Ruoming was- he didnt ask many questions after hearing that it was an instruction from Zou Tiandi. He put on a low cap and rushed out with Ruoming.

Uncle Yan was a golden class master walking the lines of both society and sects. Hed always performed robbery for his sect, receiving compensation for it when he got caught one day, turning him into a fugitive. Fortunately for him, Tiandi saved him that day- he promised to do Tiandi three favors, staying in Songshan as a result.

Hed done two favors for Tiandi already, and today was the final one. Hed be able to leave afterwards and continue his life of robbery.

A beep sounded from Ruomings phone- it was a text from Tiandi, detailing him a licence plate and the model of a van.

Ruoming passed the information onto Uncle Yan, and the two stood by on a road cars needed to take in order to reach the police station.

After reaching the police station, Lingshan didnt do anything to trouble Lin Yi. Perhaps she knew that Lin Yi couldve just left, that hed come here in the first place because of Tang Yin.

So she had him write down an evidence-by-deposition, and let Lin Yi and Tang Yin leave.

Lingshan Sis is actually pretty nice, why do you always call her a that Tang Yin didnt quite understand why Lin Yi kept calling Lingshan Miss Braindead- wasnt he being too brave? Calling Lingshan Miss Braindead The weird part was how Lingshan didnt retort against that, despite being angry about it.

Ah. Shes too much trouble and asks me for help all the time. LinYi shrugged, not wanting to spend too much time on the topic. The jade jumped twice, and Lin Ys expression changed as he slowed the car down. Were in danger!!

Danger? Tang Yin froze- she was about to ask questions when a figure appeared in front of them, standing some distance away from Lin Yis car.

Golden Class early phase. Lin Yi's heart reacted and told him what level the opponent was at, but he didn't know what this golden class master was doing here.

From what he could see, the man had come for him, but who was the one who sent him? Li Cihua? Evidently impossible- he'd lost two early phase golden class masters to Lin Yi, so why would he send another one to his death? Lin Yi didn't think he'd be that stupid.

Zhong Fabai? Unlikely as well, after he'd sent Heibao into prison.

Jin Gubang? That was the only possibility Lin Yi found plausible, but the next moment Lin Yi found, much to his surprise, that his guess was off.

For the person jumping out after this golden class master wasn't Jin Gubang- it was Zou Ruoming!

Ruoming froze upon seeing Tang Yin and Lin Yi in the car- he exploded in joy the next instant.

He knew what Lin Yi's van looked like, but he didn't remember the licence plate, but Uncle Yan's sharp eyes caught Lin Yi's approaching van- he jumped out right away, and now Ruoming understood that the person his father had asked him to stop was none other than Lin Yi!

Ruoming's world burst as his body shivered with excitement and emotion- in that instant all his worries and troubles of how he should handle Lin Yi evaporated, his impossible dream of having Uncle Yan help him fulfilled!!

Hahaha, Lin Yi? It's you?? Ruoming started laughing. You didn't think it'd be like this, yeah? You didn't think this would happen to you one day, did you, Lin Yi!!! I've been taking shit from you all day, and now I'll have you killed! Fucking shit, take my Tang Yin, will you? Who the hell do you think you are? Tang Yin's staying today, but you're not!!

Lin Yi stared at Ruoming, stunned. How naive could the guy get? Did he think he was invincible bringing a golden class early phase master? Lin Yi could battle late phase ones, let alone an early phase master!

After completing the first stage of his *Art of Dragon Mastery*, Lin Yi's strength now rivaled that of a golden class late phase- he could even go as far as battle it out with an early phase mystic class!

You've had too many retard pills, haven't you? Lin Yi looked at Ruoming as if he were retarded. Retards aren't this retarded, are they? You're no normal retard, you're ridiculous! You're ten thousand times more retarded than Miss Braindead.

(Direct translation of that nickname is Retard Lass. Sounds like a superhero.)

Haha Tang Yin, naturally, knew which Miss Braindead Lin Yi was referring to. Him bringing that up at a moment like this made her start laughing, a sight godly and too beautiful for Ruoming's eyes. It intensified his desire to claim her as his own- something like this was completely wasted on Lin Yi!!

Miss Braindead? Ruoming didn't know who this Miss Braindead was, but what Lin Yi was saying couldn't be good. He gritted his teeth in response. It's useless, Lin Yi, no matter what you say now. Since you still

dont understand your situation dont blame me for what Im about to do! Uncle Yan, finish him! Leave the girl for me!

Ruoming was making an unauthorized change to the command thatd been given- Tiandi only wanted Uncle Yan to teach Lin Yi a lesson, but he now had to finish him all of a sudden.

A smack sounded as Lin Yi slapped Ruoming across the face. I told you, didnt I? Stop thinking about Tang Yin! Do you have amnesia or are you deaf?

Ruoming didnt expect this level of cockiness from Lin Yi- slapping him right in front of Uncle Yan? He started whining from the pain. Uncle Yan, hurry! Finish him!!
