

Bodyguard 541

Chapter 541 – The Secrets in the Phone

Liang Bro, dont worry. I thought we sorted this out? Xiaofu sensed that Pinliang was nervous so he reminded him, If Pengzhan accepts you, then everything will be fine! If not, well just release her according to plan and say that we were deceived by the owner of the cave. They have no evidence and might even be grateful to us, heroes saving damsels in distress! Mengyao might even fall for you too!

Pinliang nodded. This was one of the reasons he chose to use incense. If he was rejected by Pengzhan, he could still push responsibilities onto the cave owner and say that all of them were deceived, but the cave owner trapped only the girls in the cave while throwing the boys off the mountain!

Although this would lead to suspicion, but suspicion remained suspicion when they didnt have any evidence. They couldnt do anything against them without proof, now could they?

This was also one the reasons Pinliang had the balls to kidnap her. If Pengzhan found out that his daughter was safe and sound after the release, he believed that Pengzhan wasnt a stubborn man and would eventually let him go.

After heading down the mountain, Pinliang made Xiaofu hail a taxi as they returned to the school hastily. As for Mengyao and Yushu, Uncle Fu would be picking the girls up after school and soon report them missing to Pengzhan.

During the self-study session, Pinliang and Xiaofu acted like they didnt know a thing about the missing young women.

In fact, no students questioned where they went. Even the teachers turned a blind eye to it.

Pinliang was feeling bored and thought of checking Mengyaos phone out for fun. He wanted to see a shirtless selfie to fulfill his fantasies.

But he was disappointed. Mengyao didnt like taking selfies and her photos mainly consisted of a few normal photos of Yushu, nothing worth fantasizing.

Pinliang turned off the phone and decided to slip Mengyaos phone back into her backpack. It would be weird for him to be holding the girls phone.

But for Yushus phone, Pinliang didnt have the balls to peek. If Yushu found out that he used her phone, she would not let him escape.

Who knew if Cihua and Master Bing were capable of handling Yushu.

However, Pinliangs curiosity was starting to grow stronger. He assumed that since Mengyao had photos of Yushu, Yushu must have photos of Mengyao as well! They might be taking photos of each other!

At this point, Pinliang could no longer contain his curiosity. He turned Yushus phone on and looked at her photos.

Eh?! Pinliang's eyes went wide because Lin Yi appeared in Yushu's gallery! This surprised Pinliang. Why was Lin Yi in Yushu's phone?

After a few swipes, there was Lin Yi at school, Lin Yi roasting the shark, and there were still a lot of older pictures!

Pinliang was stunned. Was she in love with Lin Yi?

But everything was possible with Yushu! It was most likely a crush. He had never seen Lin Yi and Yushu act like they were in a relationship!

Pinliang let out a sigh of relief. If Lin Yi and Yushu were in a relationship, he'd be in dire straits!

He was getting more and more restless as he swiped through the gallery until he decided to turn off Yushu's phone. He wondered if Mengyao knew that Yushu was secretly in love with Lin Yi.

But this was none of his business and he wasn't willing to step into the mess either, especially when the mess involved Lin Yi. What if he was dragged into it on accident again?

Finally, school was out. Pinliang slipped the phones back into the young women's bags and walked out of the school alone. He found it unnecessary to bring Xiaofu with him. In fact, bringing Xiaofu along might raise suspicion.

Uncle Fu's Bentley was parked in the same old spot it had been for three whole years, so Pinliang knew where it was. He took a deep breath, trying his best to regain his composure as he walked over to the Bentley and knocked on the window.

Is there anything wrong? Uncle Fu recognized Pinliang and knew that he was the nephew of Gubang as well as Mengyao's admirer.

Uncle Fu, get me to Uncle Chu, ordered Pinliang with no room for questions and got into the front passenger seat.

Oh? You want to meet Uncle Chu? Uncle Fu frowned. He didn't expect Pinliang to be this rude, getting in the car without permission! Even though Gubang was one of the shareholders, he wasn't even qualified to do that, was he? Besides, Gubang was no longer one of the shareholders, so Uncle Fu's intuition told him that Pinliang must be crazy or something must have happened!

So Uncle Fu did not oppose him. Instead, he tried to get information out of him.

You're right. It was a sudden encounter, and I have to talk to Uncle Chu face to face! Pinliang said without fear.

Oh, let's wait for Mengyao then. We shall go together. Uncle Fu saw that Pinliang was rather confident, so he felt that there was no need to say any more. Besides, he had no right to ask or go beyond Uncle Fu's affairs.

We don't have to wait, Mengyao is at my house! Pinliang said cockily. She's my girlfriend now, so all you have to do is bring me to Uncle Chu. I need to discuss our future with him!

Uncle Fu was shaken and looked at Pinliang in disbelief. But he was suspicious. Did Mengyao really become his girlfriend? That was impossible!

He took out his phone and called Mengyao, but her phone was off. He called Yushu and the same thing happened.

Uncle Fu put down his phone and said solemnly, Since you want to meet Mr. Chu, lets go!

I told you to move, didnt I? Pinliang said cockily again. It seemed like Uncle Fu had fallen for his lie. He wasnt sure if Pengzhan would do the same, though.

Chapter 542 – Son-in-Law

Uncle Fu didn't believe his lie in the slightest. He knew that Pinliang was lying, but he couldnt contact the young misses. Pinliang was his only clue, so he had to pretend he believed him.

So, Uncle Fu started the car and said to Pinliang, "Uncle Chu might still be at the company but let me make sure.

Sure, call him! Pinliang thought that Uncle Fu was in the palm of his hand, so he didn't care about the call. Calling now or later didn't matter. He was going to meet him anyway.

Uncle Fu nodded and called Pengzhan.

Pengzhan had a lot of free time recently. Gubang and Guangbo were kicked out of the company, and Lin Yi being the second largest shareholder made Pengzhan the only decision maker in all the meetings, from the board of directors to the shareholders meeting. Pengzhan was the only one deciding the fate of the company!

There was no small shareholders to object to Pengzhan! They knew what would happen if they objected to Pengzhan. They would be kicked out of the company like Gubang and Guangbo. None of them wanted to become the next target.

Pengzhan was in a shareholders meeting. No one was brave enough to turn on their phones or voice their disagreement during the meeting.

Glancing at the caller ID, he answered the call. Li Fu, what is it? I'm in a meeting.

Mr. Chu, Pinliang wants to meet you. Uncle Fu cut to the chase. I think that the young miss is in his hands.

What? Yaoyao is in Pinliangs hands? Pengzhan was alarmed. How dare Pinliang kidnap his precious daughter! Everything went his way recently, but out of the blue, his daughter was kidnapped. He became furious.

Uncle Fu wanted to explain, but his phone was snatched away by Pinliang. Just give me the phone, Ill talk to Uncle Chu!

Uncle Fu did not resist and allowed him to take the phone away from him because he didn't know where was Yaoyao kidnapped to.

Uncle Chu, it's Zhong Pinliang! Pinliang spoke politely after taking the phone, because he thought that Uncle Chu was going to be his father-in-law soon.

Pinliang, where is Yaoyao? Pengzhan asked coldly, skipping any small talk.

Uncle Chu, Yaoyao has just agreed to become my girlfriend, and she's at my house! Pinliang said. I'm coming over to discuss our engagement!

Yaoyao has just agreed? Pengzhan was startled and frowned. Come to my company now.

Pengzhan did not express his doubt because there was something he couldn't decide on the phone. It had to be face to face. He still wasn't sure what trick was this boy playing.

OK, I'm coming now! Pinliang heard Pengzhan did not suspect him and even invited him to his company. He thought that Pengzhan trusted his words. He got very excited and ordered Li Fu, Did you hear that? Uncle Chu said to bring me to the company.

Ok. Uncle Fu chose not to talk and took back his phone and put it away. He started driving to Pengzhan Industries.

Pinliang felt better than ever when he saw the Pengzhan Towers towering over him. He thought that he had become Pengzhan's official son-in-law, and since Uncle Chu didn't have a son, all his properties would be his soon. By this point, he determined that no matter what happened, he'd do anything to make Pengzhan accept him as his son-in-law!

Pengzhan was in the middle of his meeting, but he learned the news that his daughter was in trouble, so he lost all interest in the meeting and quickly ended it and returned to his office.

In truth, Pengzhan did not believe Pinliang in the slightest. If his daughter agreed now, she would have done so three years ago, so Pengzhan knew that the agreed to become his girlfriend thing was total bullshit.

Pengzhan wondered why Li Fu wasn't resisting. The only reason was that his daughter was gone! Uncle Fu must have waited, but his daughter wasn't at school and Pinliang came to him.

Pengzhan called both his daughters and Yushu's phones, but he went straight to voicemail, so he concluded that his assumption was correct.

After much chaos and many obstacles, Pengzhan had become a steady man. Although he was frustrated, he didn't show it on his face, sitting down quietly and waiting for the arrival of Pinliang.

After approximately thirty minutes, Li Fu brought Pinliang into his office.

Uncle Chu, how are you! Pinliang said politely and bowed like he was his son-in-law.

Zhong Pinliang, sit, Pengzhan said evenly, gesturing to the chair, and said to Li Fu, Pour us some tea.

How can I disturb Uncle Fu, I can do it myself! Pinliang rejoiced. Could it be that Uncle Chu had accepted him? What was Uncle Fu to Uncle Chu? How could he allow Uncle Fu to pour him tea? He knew Uncle Fu

through his uncle, Gubang, and learned that Uncle Fu was a powerful man in the company, even though he was just a chauffeur. He was Pengzhans right hand man. Nobody would dare ask Uncle Fu to serve them tea, since he was the man who served Chu Pengzhan and Mengyao!

Now that Pengzhan was asking Uncle Fu to serve him tea, could it be that Pengzhan had accepted him as his son-in-law? Pinliang was getting excited. He didnt even say a word and Uncle Chu trusted him.

While he was still fantasizing, Pengzhan asked him coldly, Did you kidnap my daughter?

Eh? Pinliang was about to take the teacup from Li Fu but dropped it in shock. The cup crashed to the ground and shattered. Uncle Chu dont accuse people randomly, h-how could I commit such a crime?

That so? Then wheres my daughter? Pengzhan stared daggers at Pinliang. Pinliang was petrified as the death glare bored into his soul. He lowered his head, too afraid to look into Pengzhans eyes.

Chapter 543 – Two Possibilities

Sh-Shes at my house! I told you, Yaoyao and I are in a relationship, Pinliang clamped down and said calmly. He knew that he should stop lowering his head, or else itd all be over.

Relationship? What relationship? Pengzhan asked.

Boyfriend and girlfriend! Pinliang made himself appear comfortable. What do you think a guy-girl relationship can be?

Why is she at your house? Why didnt she come with you? Pengzhan still didnt believe Pinliang.

She she was tired and fell asleep! You know, girls cant move all that well after their first time! Pinliang said shyly. First, shes shy, and second, I was afraid that she couldnt move very well, so I let her sleep over at my house.

Oh, really? Pengzhans frown grew deeper. He didnt believe that his daughter would sleep with any random guy! Although she was an adult, she wouldnt just do it. Even if her daughter did it with Lin Yi, Pengzhan would still suspect things, not to mention that this was Pinliang! Unless his daughter was drugged! Wait a minute drugs? Did Pinliang use this dirty trick? Pengzhan was furious and swore to use all his assets to kill this kid if he really did that!

Pinliang felt guilty after seeing Pengzhans angry face and said, Uncle Chu, dont worry. Shes fine, just a little tired and went to sleep

Then tell me, when did you guys get together? How did my daughter agree? Pengzhan found it ridiculous! He was a veteran businessman and an expert at reading facial expressions.

Pengzhan could notice if something was wrong when facing an old fox in the industry, much les Pinliang, who was just a pretty boy high school student. He could easily tell that Pinliang was lying from the start!

Of course, this lie had only two possibilities, and Pengzhan wasnt sure which one! The better one was that his daughter was totally fine and Pinliang was bluffing. The worse one was that Pinliang was telling a half-truth. He really did it with Yaoyao, but with disreputable methods.

Uncle Chu, you know that Ive been chasing Yaoyao for some time! And were about to graduate soon. So I thought it was a good opportunity to confess before it was too late! Pinliang knew that Pengzhan might ask this question, so he had prepared ahead of time and said, Just a few days back, on Arbor Day, I threw a night festival to confess my love! I used fireworks to form Yaoyao, I love you. Everyone there that night can be my witnesses to prove it! Yaoyao was touched by my confession, accepted my love, and became my girlfriend that day!

Is that so? Pengzhan saw that Pinliang was fluidily explaining and couldnt help but believe him a little. He believed that Pinliang really made a confession, but he was sure that his daughter didnt accept.

Of course, Yaoyao was sobbing when she accepted me! Pinliang said cockily, Ive been chasing her for three years, after all! Any girl would fall for me with a confession like that!

Oh, and you guys went to a hotel today? Pengzhan nodded and asked.

Hehe not a hotel, but my house. Pinliang nodded shyly. Uncle Chu, I believe you were the same as me, right? Since Yaoyao and I are officially a couple, lets just go with the flow. Don't worry, I wont run away from this responsibility!

Oh. Chu PengZhan nodded.

Just when Pinliang thought that he had Pengzhans complete trust, Pengzhan asked, Yaoyao and you went to have xxx and Shu went with you?

Ah? Uh... Shu Pinliang began sweating! If Mengyao and him went to a hotel, where would Shu go? Pengzhan was starting to link Yushu into questioning as well.

Pinliang didnt include Yushu in his plan. He only wanted to bring Mengyao into the cave and lock her up! To his surprise, Mengyao did not ask Yushu to give them some privacy and let the curious Yushu follow them. Pinliang had no choice but to lock her up as well!

If not, Yushu might have reported this to Pengzhan already.

At first, Pinliang thought that locking Yushu up wasnt a big deal and wouldnt affect his plan much. But now that Pengzhan was asking, he knew that he was wrong. It wasnt that simple! Pengzhan would have looked for Yushu the moment Mengyao went missing!

Now that Yushu was also missing, his lie was starting to fall apart. He didnt need to bring Yushu along to have xxx with Mengyao. It was impossible to bring a third party along when doing such a thing! Could it be threesome? But after giving it some thoughts, he realized it was impossible.

Besides, he had no feelings for Yushu, how could he have a threesome with her. Was he trying to dig his own grave?

Whats wrong? Speechless? You didnt plan properly, did you? Nothing to say now? Pengzhan snorted. Were you seriously presenting me your childs play? This was too easy!

OK, since Im exposed, thats great, I can stop lying now! Pinliang showed his true colors without a care and went for broke. Ive kidnapped both of them! But rest easy, I wont hurt Shu and I love Mengyao.

What did you do to Mengyao? Pengzhan leapt to his feet. He didnt expect Pinliang to be this audacious, kidnapping both of them. He wasnt sure what Pinliang had done to his daughter.

What? What can I do? Pinliang said cockily since he had revealed his intentions. There was no point in playing nice now. When a guy and a girl are together, what do you think they do? Uncle Chu?

Pengzhans face darkened. He really didnt see this coming from Pinliang and shouted, You dare?

Chapter 544 – Pinliangs Support

I did it, theres nothing to be afraid of, Pinliang lied. Uncle Chu, since you know, Ill tell you everything, just accept me as your son-in-law, as you have no choice! I did it without a condom, so even if you as the grandfather dont accept the baby, my dad would love to have a grandchild!

If you had the balls to do it and come to my office, arent you afraid that Ill send you to the police station? Pengzhan couldnt tell if Pinliang was telling the truth or lying, but he was deeply offended. He wasnt even this offended when Gubang tried to take over his company! He was rather regretful and sorrowful at the time, but right now he wanted to choke Pinliang to death!

Hehe, I knew that you wouldnt do that! Pinliang shook his head. Uncle Chu, youre famous throughout Songshan, and Pengzhan Industries is one of the Fortune 500 companies, so many people have their eyes set on you. I believe that you, Uncle Chu, wont embarrass yourself! Besides, feeding a girl aphrodisiac or the so-called love drug, my crime will only make me sit in the jail for few years at most. But the point is that you cant find any evidence. Oh, by the way, I forgot to tell you that my dad is working with Cihua and Master Bing now. I think Master Bing wont ignore my imprisonment, right?

Uncle Chu had, of course, heard of Master Bing before. The deal made by Gubang and Cihua was all because of this Master Bing! Master Bing was the bastard son of the head of one of the noble houses. The noble house had enormous influence in society. Master Bing alone was very strong, which was why Pengzhan did not take action against him after knowing that he was the ringleader of the whole scheme!

Even fighting against Cihua, Pengzhan would lose very badly, let alone when the person was Master Bing. Pengzhan was in legitimate business. He held no power or authority over the underworld people like Cihua and did not intend to join them.

Pengzhan started to wonder. When did Pinliangs father get connections with Master Bing? Which part of Fabai did Master Bing value?

Pinliang noticed the change in expression on Pengzhans face. He felt full of himself and continued mocking, Uncle Chu, consider well before answering me! Let me tell you, if you sue me, Ill be going to the jail, which is full of Cihuas people, and Ill enjoy my life there! But for you, you will have offended Cihua and delayed Master Bings plan. Not much needs to be said. You know the consequences!

I dont care who you are! If you hurt my daughter, Ill gladly sacrifice everything to make you pay! Pengzhan glared at Pinliang. He wasnt keen to do things this way, but for his daughter, he was ready to surrender everything.

Whats the point? Im not even an embarrassment as your son-in-law. Since the deeds been done, why dont you just accept me and agree to our engagement! Pinliang calmly advised, My dad is no longer the

normal showbiz CEO he was before. My family has a strong patron backing us up and its not even inferior to House Chu! What do you think? Arent I speaking reasonably?

Not at all! Chu PengZhan said coldly, If you really did it with Yaoyao, even with your patron, Ill make you pay. I dont joke!

I-Is that necessary? Pinliang was afraid to look into Uncle Chus eyes and gave our a hollow laugh. You should know that your daughter is no longer a virgin. If you still insist, youll only ruin your reputation as well as Yaoyaos! Shes taken a liking to me, and if youd open your eyes and look at your situation, Id still respect you as my father-in-law! Otherwise, we can continue this fight!

Sure, I would like to see whos coming to cover for you! Is it Cihua or Master Bing? Pengzhan said slowly.

Pinliang started to panic. Why was Pengzhan so stubborn? He thought that businessmen would prioritize their profits and not make enemies! It was best for him to follow Pinliang in order to achieve a win-win scenario, so why was he trying to sabotage things and sink both ships?

But he acted normal and asked, Uncle Chu, youve decided to sue me?

Let me think about it, you can go home. Pengzhan stopped threatening him and dismissed him with a wave of his hand.

Pengzhans attitude confused Pinliang. What did he mean? Did he accept or reject me? Why was he suddenly asking me to leave?

Um Pinliang knew that with Pengzhan ordering him to leave, he insisted on staying, it would only raise Pengzhans suspicion. He guessed that Pengzhan was indecisive with the problem and win-win scenario that was suddenly brought up to him. He was probably balancing the losses and profits of sinking both ships or accepting him as the son-in-law!

Pinliang let out a sigh of relief thinking that he still had a chance and said, OK, think carefully, Uncle Chu. If you must send me to the jail, then think of your consequences!

Pengzhan remained silent, so Pinliang had no choice but to get out of his seat. He couldnt proceed with his plan with Pengzhans attitude. He had thought that if Chu PengZhan accepted him, he would immediately go to the cave and have sex with Mengyao. But if Pengzhan refused, he would release Mengyao straight away and trust Pengzhan. He wouldnt do anything against him if Yaoyao returned to him safe and sound!

If Mengyao was returned safe and sound and Pengzhan still held a grudge, his actions would be intolerable and unacceptable. Master Bing and Cihua wouldnt be happy about it! This was one of the reasons he was brave enough to kidnap Yaoyao. After meeting Cihua and Master Bing, he had gotten bolder.

Chapter 545 – Uncle Fus True Strength

Mr. Zhong, this way. Uncle Fu gestured.

Pinliang nodded, remaining silent as he walked out of the office. He doubted Uncle Fu would send him back, and he didnt want to make a fool of himself by asking.

Follow him! Find out about Yaoyao, Pengzhan ordered as soon as Pinliang left.

Yes, Mr. Chu! Uncle Fu nodded and left. He called out to the nearby Pinliang, Mr. Zhong Pinliang, let me send you back.

Pinliang was overjoyed. What did this mean? Did this mean that Pengzhan was reconciling? Pinliang was delighted. He thought that the possibility of Pengzhan agreeing was greater now and was full of confidence!

Then Ill be troubling Uncle Fu. Pinliang was acting like Pengzhans son-in-law already.

Uncle Fu wouldnt comment on it and went downstairs with him and got into the car. Mr. Zhong, where are we heading?

Home! Pinliang thought, *I cant let him see that somethings wrong*. Yaoyaos still waiting me at home, so I have to return soon. If shes hungry, I need to cook some instant noodles for her!

Oh, since Ms. Chu is at your house and hasnt eaten, follow me to the hotel for takeout, Uncle Fu said. Ive been getting it every day for her.

Sure then, Ill take it. Pinliang nodded and was happy that his dinner was ready.

After obtaining the dinner from the Pengzhan Hotel, Uncle Fu sent Pinliang to his villa. As Uncle Fu was about to follow Pinliang into the villa, he was blocked by Pinliang.

Mr. Zhong, I have to see Ms. Chu and ask her if she has any needs. Its dark now, and Im afraid that going back home is impossible. I need to buy her some toiletries, Uncle Fu explained.

Oh, thats not needed! Pinliang wouldnt let Uncle Fu in. What if he went up and couldnt find Mengyao? Then the cat would be out of the bag. He waved his hand and said, Uncle Fu, Yaoyao must be naked now, its not very appropriate for you to go up!

Oh, Ill let you go first. Ask her to get dressed? Uncle Fu suggested.

This Her body wasnt ready. You know how a girls first time goes, its inconvenient for them! Pinliang explained, Besides, Ive got soap and shampoo for her, she can use mine!

Is that so. Never mind then, you may go up. Uncle Fu handed the takeout to Pinliang and got back in the car.

Pinliang took the food, dashed to his room, and went to his window. He was relieved after seeing that Uncle Fus car was not there anymore and thought, *Finally, hes gone. I was so close to failing, luckily Im smart! Otherwise, all my efforts wouldve been wasted!*

All he had to do was stall for two days, wait for Pengzhans final decision, and then everything would be over. Pinliang opened the takeout box and found out that the food was rather sumptuous and started gulping it down.

In actuality, Uncle Fu leaving was ruse. He did not actually leave, but drove and parked around the corner. He got out of the car and hid behind a transformer box.

He looked at the second floor windows and saw that Pinliang was still there. He gave a sigh of relief. He was afraid that Pinliang would have already left, but Pinliang didn't seem to want to leave immediately.

He wasn't sure if this was because of caution or some other reason.

He reported the current situation to Pengzhan and stayed hidden behind the transformer box, waiting for Pinliang's next move. The point of him being sent here by Pengzhan was so that he could discover what happened to Mengyao and Yushu.

Pengzhan didn't believe that Pinliang was stupid enough to leave Mengyao and Yushu at his own house. He would be digging his own grave doing so. It was all a lie created by Pinliang.

Pengzhan and Uncle Fu were just unsure if Pinliang had done anything to Mengyao! So he sent Uncle Fu to tail Pinliang and find out where they were being held so that they could be rescued.

On the other hand, Pinliang wasn't stupid enough to alert his enemy. Although, he saw that Uncle Fu's Bentley was no longer there, he wouldn't just go to the cave. It was useless to go to the cave before Pengzhan made up his mind. Besides, there was enough water and food in the cave for the girls to survive, so Pinliang wasn't going to risk it.

After finishing dinner, Pinliang watched some horror movies and went to sleep. Fabai was busy discussing their coming project with Master Bing and Cihua, so he didn't have the chance to return home. A golden opportunity to establish a relationship with them was hard to obtain, so how would he let it slip by?

Uncle Fu noticed that the lights in Pinliang's villa went dark, but he didn't take rash action. Instead, he waited for an hour, making sure that he had really fallen asleep before sneaking into his villa. He climbed up to Pinliang's window and spied inside. He only saw Pinliang sleeping alone on a single bed. There was no one else inside the house.

Uncle Fu concluded that his assumption was correct. Mengyao wasn't confined in his house, but he wasn't a 100 percent sure either, so he was prepared to sneak into the villa and search, just in case he was wrong.

Uncle Fu being a golden class external master was not known by others except Pengzhan. In fact, even Pengzhan himself didn't know how much strength Uncle Fu had recovered. He wasn't told about the concept of class division!

Uncle Fu held the power of a late phase golden class master, but if an external master wanted to break through to the mystic class, it required a suitable moment. So a mystic class martial arts master like Gonggao was few and far between.

Since Uncle Fu only focused on his body, the energy inside his body was no different from normal people, so even Lin Yi didn't notice his true strength! Only when Uncle Fu used his strength could Lin Yi sense his true strength.

However, Uncle Fu had never showed his strength in front of Lin Yi, which was why Lin Yi was still ignorant of Uncle Fu's true strength.

It wasn't a hard task for a late phase golden class master to search for movement in the villa. Uncle Fu completed his search and discovered that there was a hidden chamber behind the closet in Baifas room.

Chapter 546 – Yaoyao's Tracks

However, there were only gold, jewelry, cash, and estate deeds in the hidden chamber. Uncle Fu wasn't interested in these.

After confirming that Mengyao wasn't being held in the villa, Uncle Fu slipped out with haste. Uncle Fu concluded that it was impossible to imprison two people here. Not even one could be kept hidden here.

Because Pinliang's villa had a large floorspace and the furniture was positioned with wide gaps between them, so it was impossible to hide someone in there with that type of design.

After getting out of the villa, Uncle Fu called Pengzhan.

Pengzhan was sleepless the whole night, waiting for the good news from Uncle Fu. The moment his phone rang, he was relieved because it meant that the result of investigation was out. Whether his daughter was in Pinliang's house or not was good news.

Hello, Li Fu. Howd it go? Pengzhan asked in a whisper.

Ms. Chu is not in the villa. Pinliang did not take any action. He went to sleep after eating dinner. Uncle Fu gave a short summary of the whole investigation.

Oh? Does that mean that Yaoyao is being held somewhere else? Pengzhan gave a sigh of relief. There was a possibility that Pinliang hadn't laid a hand on his daughter yet! Teenagers were always horny, so Chu Pengzhan didn't believe that Pinliang could restrain from going for a second time after his first time! He was still sleeping soundly in the house!

Despite a guy's attitude, if he had done it before, he'd undeniably want to do it again! Even if Pengzhan decided to send him to the prison, he would surely f*ck her over and over until he was satisfied! If Pengzhan had accepted him as his son-in-law, it would be normal for him to have sex with her. How could he resist?

It has to be that! Uncle Fu said, Mr. Chu, I think that Ms. Chu is still safe from Pinliang.

I think so too. Pengzhan smiled. Li Fu, you did well. Follow Pinliang closely now, always be aware of his movements!

I understand, Mr. Chu. Rest easy. Uncle Fu understood the importance of this responsibility. All he had to do was stick fast to Pinliang and he would surely discover Mengyao's location! Uncle Fu wasn't worried that Pinliang would send others to Mengyao, because this was a kidnapping. He had to handle this himself. He couldn't just rely on others, could he?

So they weren't that worried, knowing Pinliang hadn't touched Mengyao yet. Even if he had touched her, worrying would be pointless.

By the way, Mr. Chu, should we tell Mr. Lin? Uncle Fu asked.

Not now. Lin Yi has his own issues to handle. Im looking forward to his business and not staying beside Yaoyao all the time, being a follower. Although Pengzhan didnt know what Lin Yi was doing, he knew that Lin Yi wouldnt do something useless. Besides, men had to be independent. They couldnt just rely on girls, could they?

Noted. Uncle Fu was just reminding Pengzhan, but since Pengzhan had decided not to tell Lin Yi, he chose remain silent.

The next day, Pinliang woke up and went to school like usual. Fabai was busy with Master Bings company, so he didnt have time to send Pinliang to school. Pinliang hailed a taxi to get to school.

Uncle Fu followed him to school from a distance away as questions popped into his mind. Why was Pinliang going to school? Wasnt he worried about Mengyao?

In fact, Pinliang was worried sick about Mengyao, but it was pointless until Pengzhan made up his mind. He couldnt proceed to the next part of his plan. All he could do was postpone it.

It wasnt appropriate for Uncle Fu to spy on Pinliang at school, but Pengzhan was the biggest shareholder of the school. Uncle Fu found a few people to work for him, spying on Pinliang. These people fought to do this job.

Of course, there was this director, Wang Zhifeng. He had been waiting for this golden opportunity to knock on his door. He puffed out his chest and accepted the responsibility, promising Uncle Fu to spy on Pinliangs movements.

Zhifeng didnt care who say him. He shamelessly went into the twelfth grades class five and listened to the lecture.

It was not uncommon for a principal to check on the classes, but for a principal to check for a whole day was really something, the first time in history. However, Zhifeng didnt care about what people thought. He sat in the last row and didnt leave that seat!

Coincidentally, he was sitting next to Pinliang. This made Pinliang wonder what was happening. He had planned to discuss things with Xiaofu, but it was ruined! He hoped that this unlucky star would leave as soon as possible, but after checking, he wasnt planning to leave anytime soon.

At noon, Pinliang was about to leave with Xiaofu to discuss their next step but was shouted at by Zhifeng. Pinliang, where are you two going? Are you two going to smoke in the bathroom?

I Pinliang pulled a long face and answered, Im going to lunch.

Oh, then this student Xiaofu, right? You go and buy it, and eat it in the classroom! Go to the cafeteria then. Im hungry too, get me one as well. This meal is on me! Zhifeng handed a fifty-yuan bill to Xiaofu.

Since the principal had spoken, Xiaofu had no choice but to run the errand. But he was puzzled. Why was the principal treating the two of them? Although it was just lunch, a free meal was rare!

Pinliang despaired, but he didnt suspect anything since Zhifeng had always held him in contempt, especially after Gubang was no longer a shareholder in Pengzhan Industries. Zhifeng looked for trouble from him once in a while.

Who knew what was wrong with Zhifeng today, but Pinliang didnt have the balls to piss him off.

Uncle Fu didnt expect such an excellent job from Zhifeng. It was like he had become his bodyguard. Since Zhifeng had saved some time for Uncle Fu this morning, Uncle Fu decided to sneak into Pinliangs house again. He didnt get to search Pinliangs room yesterday and had the chance to do it now.

But there werent any clues in his room either. Right now, Uncle Fu had a 100 percent confirmed that Yaoyao wasnt in Pinliangs villa. Where could she be? More importantly, even Yushu was gone. Where could Pinliang have imprisoned two human beings?

Uncle Fu had removed all of his traces from the house. Although they were just normal human beings, it was impossible for them to notice that Uncle Fu had visited. However, from Uncle Fus point of view, it was better to be safe than sorry, and his actions were habit.

After he finished up his precautions, he quietly walked out of the villa, leaving behind a covert listening device in Pinliangs room.

Chapter 547 – A Little Awkward

The third auction, the last of House Yus auction this year, was starting.

During the auction, there wasnt anything that captivated Lin Yi. He didnt want to attend the auction, but the special edition injury medicine from his company was going to be sold today, so he did.

Supposedly, the third auction was filled with the best items and the most important families, but Lin Yi didnt want to be part of the culture, so he was not interested in the jewelry and antiques.

Boss, do you have anything in mind? Lin Yi did not give Fatty Lai orders, so he handed the catalog to Lin Yi.

Theres nothing good. Lin Yi shook his head. You can buy something if you have it in mind. Ill be sleeping for a while.

Fatty Lai smiled wryly. Lin Yi was probably the only person who could fall asleep during the third auction.

Meanwhile, Xiaoxiao was sitting beside Lin Yi. He wanted her to leave, but he knew Xiaoxiao wouldnt listen to him, so he had decided to just leave her be.

Hey, Lin Yi. Am I the only girl who knows so many of your secrets? Xiaoxiao was trying to stop Lin Yi from sleeping.

What do you mean? Lin Yi pretended he didnt understand.

Tang Yin doesnt know that youre running a company, right? And she didnt know that you can cure diseases, right? Even your family's two girls dont know you this much, do they? Xiaoxiao was pleased. She was the person who knew Lin Yi the best!

Oh, maybe. Lin Yi said like it was none of his business.

Xiaoxiao was angry at Lin Yis insensitivity. If this were said that to a different guy, they would surely be very excited and jumping with joy. Was her voice not sweet enough?

Xiaoxiao had never chased a guy before and never had a boyfriend. All her knowledge about men was from the Internet and books. She didnt know what to do and sulked.

If theres nothing else, Ill be sleeping now. Lin Yi looked into Xiaoxiaos eyes and said, Im a little sleepy.

Then Im sleepy too! I want to sleep as well. Xiaoxiao grit her teeth and lay on Lin Yis shoulder. Good night!

Lin Yi frowned and shifted, but Xiaoxiaos head was like a magnet attracted to his shoulder and moved as Lin Yi adjusted. Lin Yi couldnt just lay on Xuemins body, could he?

Cut it out! Lin Yi shouted.

Zzz zzz Xiaoxiao ignored Lin Yi and pretended to sleep.

After seeing Xiaoxiaos shamelessness, Lin Yi manned up. You want to mess around? Lets go then. See wholl lose! Lin Yi wrapped his arm around Xiaoxiaos shoulder, hugging her, and brushed his hands across one of her breasts.

Ahhhh, Xiaoxiao moaned. She flushed with anger! She didnt know Lin Yi was this daring, attacking her breasts! Xiaoxiao leaped up and wanted to kick his crotch!

However, Xiaoxiao realized that she was the one seducing Lin Yi, and her aim was to make Lin Yi fall for her. How could she kick his crotch? Now that he was touching her breasts, shouldnt she be happy and accept it?

Xiaoxiao was put in a difficult position. She was being taken advantage from the touching, but in order to get Lin Yis love, it was normal for her to sacrifice something. If it were the Lin Yi she knew from the first day, she would definitely stop him from touching her, but now her body and mind were reacting differently.

Ever since Lin Yi saved her from the sea and from the hotel, Xiaoxiaos hate for Lin Yi was disappearing, and she didnt know what was the feeling anymore. She couldnt explain it, but she determined that her desire for Lin Yi to fall for her had gotten stronger.

It was the first time Xiaoxiao experienced this feeling. She felt that she might feel sorry for herself in the future. But after being touched more and more, she might actually like the sensation and might not be able to stop.

Lin Yi was feeling rather weird himself. Xiaoxiao did not move away or stop him from touching her breasts! Was Xiaoxiao really that determined to make her plan a success that even sacrificing her body was OK with her?

Since Xiaoxiao was offering herself, why should Lin Yi hold back? Lin Yi was never a good guy. He was hiding from Xiaoxiao because he didnt want to be involved in Xiaoxiaos problems, but now that Xiaoxiao came to him herself, literally spoon feeding him, Lin Yi had no reason to reject her.

Besides, this was Lin Yis first time touching a girls boobs. The previous time was just a short and temporary misunderstanding with Yushu. It was a totally different story this time. Lin Yi got even braver after seeing no reaction from Xiaoxiao. He even grabbed a handful of Xiaoxiaos breast.

Yes, this feeling wasn't bad at all. Lin Yi thought that it would be perfect if Tang Yin allowed him to touch her as well. But Lin Yi was being rather shameless. He was enjoying Xiaoxiao's breasts and thinking of Tang Yin's. Although, Xiaoxiao was offering herself for her evil plans, she was still a girl. It didn't seem morally right to be touching a different girl.

However, Lin Yi wasn't ready to let it go, so he acted like he was sleeping while his hand was finding a way to continue the assault.

Xiaoxiao also acted like she was sleeping, but her face was blood red, and her breathing was getting faster and faster. Finally, she couldn't help herself and hugged Lin Yi tightly, resting her forehead on Lin Yi's chest, and moaned.

Lin Yi felt a little awkward. He knew that he had gone overboard! Although it was a good sensation, he couldn't just touch a girl's breasts, could he? He regretted his impulsive action and released his grip, but he didn't know what to do with Xiaoxiao. Should he push her away or allow her to keep hugging him?

After a while, Xiaoxiao stopped hugging him, looked up, and asked shyly, Did it feel nice?

Um Lin Yi was aware that he was a lecher, taking advantage of others. But Lin Yi wasn't an indecisive man, so he didn't want to lie Xiaoxiao either and nodded.

Xiaoxiao was delighted to get the answer she wanted from Lin Yi and asked, Have you touched Tang Yin yet?

Lin Yi shook his head no.

Then I'm the first one? Xiaoxiao didn't know why she was asking this, but she felt proud.

Chapter 548 – Same Special Edition

Lin Yi wanted to say that he had touched Yushu's boobs before remembered that it was just a misunderstanding, so he nodded.

It's also my first time being touched. Xiaoxiao's smiled shyly.

Lin Yi sighed. It wasn't the time for the responsibility thing right? Lin Yi was starting to feel awkward.

It's OK. I volunteered myself. Xiaoxiao gathered her bravery and tried to threaten Lin Yi, but the words failed to come out of her mouth. They became gentle and stupid instead.

Ah? Lin Yi didn't see this coming and looked at Xiaoxiao in disbelief.

I'm really sleepy, I'll be sleeping for a bit. Xiaoxiao closed her eyes and lay against the back of the seat instead of Lin Yi this time.

Lin Yi was confused by Xiaoxiao's attitude. Was this the same Xiaoxiao he knew? What was she trying to achieve? Lin Yi was lost. He couldn't recognize this Xiaoxiao!

All of a sudden, her body had lost all life and her attitude towards him inexplicably changed. What was wrong with her?

Since Xiaoxiao didn't want to talk to Lin Yi at this moment, Lin Yi closed his eyes too! Lin Yi felt very weird and impressed by Xiaoxiao at the same time. How could air it out so easily? And had the peace of mind to sleep?

The auction was going smoothly and according to schedule, and many items were sold with very high prices. Although Miracle Doctor Kang did not buy anything this time, they were very happy just to be sitting there! Because Miracle Doctor Kang thought that he was going to be the head of one of the noble houses very soon and was going to be at the same level as the other heads of the noble houses, having strong influence and power in society!

After obtaining the nobility title, their future would surely be brighten. From buying ingredients to selling medicine, they would undeniably reach new heights, and a brand-new House Kang would be born!

Today, many people from the noble houses had obviously shown their friendliness towards Miracle Doctor Kang, which was one of the reasons Miracle Doctor Kang was so confident in himself. On the other hand, Haitian just nodded to him like usual, not even saying a single word.

Miracle Doctor Kang still thought that House Yu was just trying to act neutral in public! If the organizer of the annual noble house festival was to stand by the Kangs, what would the public think?

The third auction is really full of high quality items! Guifeng envied the bidders.

Hehe, we, House Kang, will return loaded next year! This year we develop and spend our money in the right places! said Miracle Doctor Kang confidently. He was a little envious too, but he held it back for his desire for the future.

The last auction item was brought down by the heir of one of the noble houses. Miracle Doctor Kang closed the catalog in his hand and was about to leave but was stopped by the auctioneer. We are adding another item to the end of the auction like yesterday! This auction item is coming from the Miracle Doctor Guan Medicine Company, the Special Edition Injury Medicine!

Special Edition Injury Medicine?

The Miracle Doctor Guan Medicine Company has the same limited edition Golden Creation?

Its not Golden Creation, its Injury Medicine!

Then is the effect the same? Could it be different?

The crowd started to voice their questions. They were all very interested in the Miracle Doctor Guan Medicine Company since the first auction. The Pill Of Life Extension and Toxic Cleansing from the Miracle Doctor Guan Medicine Company was sold at a very high price, so suddenly adding an item in the last auction would attract the attention of the whole auction!

But most of them thought that the items were probably the same as the one the Miracle Doctor Kang Medicine Company provided yesterday after hearing the name.

Dad, when did Xuemin make something similar to our Golden Creation? Does he perhaps have the recipe as well? Guifeng frowned after hearing the name of the medicine.

Theirs is Injury Medicine and ours is Golden Creation, its different. Besides, it might be ineffective too! Miracle Doctor Kang wasnt panicking, because he knew that his recipe was confidential and impossible to be analyzed. The ingredients were also rare. Mass production was impossible! They had even purchased most of the ingredients from the supplier in China!

They must be imitating us! Guifeng scolded, displeased. Shameless! Hes still calling himself Miracle Doctor Guan? He is indeed very good at imitating one!

Imitation is just imitation, they wont succeed this way! Miracle Doctor Kang shook his head and smiled uncaringly. Still, making a Special Edition Injury Medicine at this moment is a wrong move!

Yeah. Guifeng nodded. Youre absolutely right. We sold the limited edition Golden Creation yesterday, basically fulfilling the needs of the crowd. Whos going to buy their medicine now? Theyre definitely going to embarrass themselves if no one buys it!

Lets enjoy the show. Miracle Doctor Kang smiled. I guess not leaving early is a right choice after all. We can catch a free show!

Grandpa, I think that Fatty Lai isnt that stupid, is he? Zhaolong was a little uncertain. If theyre bringing out the same item, arent they afraid of losing face in public?

Hmph, he isnt that stupid? If hes not stupid, would he have bought the stupid box for twenty million yesterday? Miracle Doctor Kang added, This proves that he has no intelligence and is shortsighted!

It was a different situation yesterday. He was fighting to get it at all costs and was forced to buy it. I personally still think that hes not a stupid person. Zhaolong shook his head and stayed silent after that.

The auctioneer was quite happy with the reaction from the crowd. He wanted to introduce the effects of the Special Edition Injury Medicine but thought that itd be better to leave it to Changyi. After the crowd settled down, the auctioneer said, I believe that everyone is interested in the effects of the Special Edition Injury Medicine, right? Lets welcome the CEO of the Miracle Doctor Guan Medicine Company to the stage as he introduces us their new product as well as the special edition effects.

Although the crowd had an idea of the effects of the Special Edition Injury Medicine, they stayed silent since it was from the Miracle Doctor Guan Medicine Company, the Miracle Doctor they respected, so they waited in silence for Fatty Lai to go onstage.

Chapter 549 – Where Did You Get the Recipe?

Fatty Lai had been waiting for this opportunity for a long time. He was finally able to promote his company with this opportunity. He stood up and walked onto the stage.

It was the second time Fatty Lai was onstage. This treatment wasnt even given to the heads of the noble houses, but House Yu had granted them this, giving them honor! Of course, this honor was given to Xuemin, and only Xuemin had this special treatment!

Greetings to all the VIPs. I believe that everyone is surprised by our new product, the Injury Medicine and Special Edition Injury Medicine. What could they actually be? Fatty Lai said enthusiastically, Allow me to solve the mystery for you all!

Naturally, all of the guests but Miracle Doctor Kang were very excited and interested in the product! Even though it might be the same as Golden Creation, they were still paying full attention to it! After all, Miracle Doctor Guan was a second choice. They no longer had to bow down to House Kang.

Luckily, we made the Skin Beautifying Golden Creation! Or else, our promotion would definitely be nixed! Miracle Doctor Kang was irritated and said in hatred, How did they get the recipe?

Theyre probably faking it? Guifeng said. These scams wont survive in the market for long.

I dont think theyd bring out an ineffective product! Zhaolong was looking at the bigger picture and said, Grandpa, youre right. Luckily, we created the Skin Beautifying Golden Creation first. Were one step ahead of them!

Fatty Lai naturally didnt know what House Kang was talking about, but he would probably burst into laughter if he found out. This Injury Medicine can help stop bleeding and instantly heal a wound without leaving any scars

The crowd started to roar! Wasnt this the same as Miracle Doctor Kangs Golden Creation? Meanwhile, Miracle Doctor Kangs face changed, turning green with anger. Now that their assumption was correct, he obviously wouldnt be happy!

Everyone knows how to bullshit, the effectiveness of the medicine is the main point! Guifeng snorted.

Grandpa, does another side of House Kang have the same recipe? Zhaolong suddenly recalled that event. He thought their recipe had been divulged!

I dont think so. Do you suspect that they have the same recipe? Miracle Doctor Kang immediately understood what Zhaolong was getting at.

Mhm, Xiaobo is on very good terms with them, Im afraid that it was him who told them the recipe! Zhaolong furrowed his brows and said, Otherwise, why didnt they start a company earlier? Why did they have to stand by until they met Xiaobo and made the same medicine?

I dont think my brother has seen the recipe. Miracle Doctor Kang shook his head. The cause of their fighting stemmed from the recipe. His brother insisted that neither of them look at the recipe nor use it to start a business, but Miracle Doctor Kang stole it and started a business. If his brother had seen the recipe, theyd be the business together instead of fighting over it.

Never seen it before, but theres no such coincidence in this world, is there? Zhaolong doubted.

Hm Ill ask him as soon as I get back. Miracle Doctor Kang frowned. If this recipe was given out by his own brother, then he had nothing to say! However, if this recipe wasnt given by his brother, then they had to investigate this matter thoroughly.

Zhaolong stopped talking and looked up at Fatty Lai, unsure as to what was he bringing out.

Our normal Injury Medicine will be in the market next month, and we will never run out of stock for it! Besides, we are selling it at 199, retail price. Fatty Lai promoted his company steadily. He believed the auction goers would spread the news by word of mouth. Word would spread from person to person, one to dozens to hundreds, and in no time at all, the Miracle Doctor Guan Medicine Company would rise to fame!

Besides, their Injury Medicine was superior to Golden Creation because of the price and the unlimited supply! The moment Golden Creation was out of stock, people would think of the Injury Medicine from the Miracle Doctor Guan Medicine Company. After applying the Injury Medicine, theyd realize the effects were the same as Golden Creation. Needless to say, theyd start buying the Injury Medicine instead of the Golden Creation.

Never go out of stock? What is this joke? Guifeng laughed: We bought all the raw ingredients throughout China, where are they purchasing theirs? Even if he is Xuemin, I doubt he can get any!

I know, right? In normal circumstances when there are enough ingredients, we never go out of stock, whod wish to earn less anyway? Only when the materials are too expensive and the profit is low but if theyre buying the ingredients at a high price and selling the medicine at 199, aren't they making a loss? Miracle Doctor Kang shook his head. He couldnt understand them at all! Even though they were House Kang, they couldn't always guarantee that there was stock. How Xuemin do that?

Probably not. Zhaolong shook his head and said, First, theyve spread the news. If they can't keep their promise, their reputation will be affected. It can be very deadly for a new company like theirs! If they can lie, then they will surely continue to lie, and their reputation will be damaged when the media exposes their lie to the public! Second, if they really can't have product in stock all the time, they wouldnt be promoting this product right now. No stock means no profit, and with the price so low, covering the cost might be impossible. Besides, they were given the opportunity to promote themselves, so why are they choosing this product instead of the others?

Guifeng nodded. He found his sons explanation reasonable, but things were even weirder in this case.

Miracle Doctor Kang looking at Zhaolong, relieved. Luckily, weve got Zhaolong with us! So does that mean that they have the stock?

I guess so! Zhaolong said, Either they have already bought the ingredients at a very high price, with enough time to promote their company, or they found another channel for the ingredients that we didnt know existed.

Mmm, not bad! Miracle Doctor Kang nodded. I guess our opponent is strong, we underestimated them.

Hehe, dont worry. Zhaolong shook his head in disagreement.

Oh? Why? Guifeng looked at his son curiously.

Chapter 550 – Xuemin Goes Overboard

Either way, buying it at high price or from an alternate source, they will fail to cover their costs! Zhaolong smiled. Since House Kang has already secured all the channels and they are still able to get the ingredients, what does this mean? It means they are buying high to obtain the materials. They were forced to squeeze resources out from other places! So their profit will never cover their cost. Our Golden Creations cost is around 150, and they're selling it at 199. After excluding the cost, channel fee, and the retailers profit, whats left for them? Nothing, they can just barely cover the cost! And this was calculated with our expenses. If it's according to their high cost calculation, they will never earn from this!

Yeah! Their price is way too low! Guifeng also figured out the problem.

So all of us should just sit down and enjoy the show! Zhaolong smirked. I think our opponent is from a very rich organization and has gotten Xuemins support, so he wanted to become popular, but since we have already occupied the market, their only choice to beat us in the market is by selling their medicine at a lower price. On the other hand, for us to get back control, we just need to lower our price, which will cause them lower their price and force us to follow. So the cycle will be repeated! Their involvement will only make the ingredients more expensive and our cost will increase unavoidably. Once House Kang is out of money to continue this cycle, we will be done for! This is one of the tactics used by the businessman, I wouldn't say that this tactic is ineffective in fact, many have fallen for this tactic!

Well said, Zhaolong. We shouldn't impulsively try to beat them and reduce the price of our medicine. Our opponents are just luring us into their trap so they can kill us! Since our opponents have decided to beat us by losing money, let's see how long can they last if we stay away from their trap! Miracle Doctor Kang said.

Son, your analysis is on point. I can't say that I'm not impressed! They're destined to be unlucky for eight years for choosing you as their opponent! Guifeng was astounded by his own son.

Dad, you're complimenting me too much! Although Zhaolong said this, he was feeling very cocky. He was able to see through his opponent's cunning scheme like he was the guy behind the scenes. He was able to see things that others couldn't.

Of course, under normal circumstances, Zhaolong's analysis wasn't wrong. It was absolutely right instead but this case wasn't normal.

This time, the Special Edition Injury Medicine we are selling are obviously different from the ones you found in the market. Fatty Lai said, This special edition has the effect of the Injury Medicine and as well as a skin beautifying effect! Our Injury Medicine is good at healing injuries without leaving any scars while our Special Edition Injury Medicine can heal old scars with new skin and remove the scars completely! Of course, this is just one of the main effects, there's still a lot of supporting effects like improving the texture of your skin, improving your skin color, removing black spots, shrinking pores and more

The auction hall became awkward. The crowd fell silent for a while before springing back to life!

This Special Edition Injury Medicine had the same effect as the Skin Beautifying Golden Creation from yesterday! What on earth was happening? Such a coincidence happening in the auction two days in a row? Two days, two houses, two different medicine companies were bringing out the same item as the finale for the auction. The similarity was impressively shocking!

The faces of House Kang's people turned angry! Miracle Doctor Kang's expression turned unsightly. He was sure his brother must have seen the recipe and told Xuemin! Otherwise, there was no way this would be happening. It was just that they didn't know the name of the medicine and called it Special Edition Injury Medicine instead!

They are obviously fighting with House Kang now! Guifeng turned scary. No wonder they were also fighting for the Millennium Snow Lotus yesterday. So they actually knew the effect of the herb as well! But why didn't they continue to fight? And they still have the balls to auction their medicine? Aren't they afraid of not having any stock?

If I'm not mistaken, they might have gotten a Millennium Snow Lotus before! Miracle Doctor Kang said. This herb is rather rare, but it was not hard to get! Didn't we just obtain one yesterday? And with Xuemin's reputation, getting this herb wouldn't have even been hard!

Grandpa, what about our promotion? Zhaolong started to panic. He cared about the promotion the most.

Things have changed! Miracle Doctor Kang was a little worried, but he didn't have a choice. No one asked for this tragedy and he didn't expect that it'd happen to them.

No wonder House Yu was looking at us weirdly yesterday. They were already informed about this event beforehand! And, they didn't reveal it to us. They are obviously shaming us in public! Zhaolong's eyes filled with hatred. If House Kang was unable to upgrade, then their future would not be guaranteed.

Xuemin has gone overboard this time! Guifeng sneered. Let's see whose the ultimate champion in the near future!

After the introduction, Fatty Lai left the stage for the auctioneer! In fact, the auction wasn't needed anymore because Fatty Lai had suggested Lin Yi increase the quantity of the medicine after the yesterday's incident. Fatty Lai even offered his ten bottles to be added to the auction. He even recommended Lin Yi to add another fifty preorders like House Kang. This action was mainly just to attack House Kang! Since they were enemies!

Fatty Lai had thought that he would have to waste a lot of time to persuade Lin Yi with reasons, but the moment Lin Yi heard the word revenge, he accepted the recommendation! Helping his bro Xiaobo get revenge was something that Lin Yi wouldn't reject! Lin Yi was very pleased with Fatty Lai, who offered his ten bottles voluntarily! Lin Yi slowly started to accept Fatty Lai and include him as part of his group.

Fatty Lai was able to look at the bigger picture-. There was nothing he couldn't get if the person he was following was Lin Yi. So he generously offered his belongings and started to make connections with House Yu. House Yu couldn't contain their joy when they heard that Fatty Lai was adding more Special Edition Injury Medicine to the auction. Other than earning more profit from the auction, they could even get away from House Kang's threat!

Chapter 551 – You Have To Compensate Me

House Yu was very unhappy with House Kang's actions. They were basically threatening House Yu to accept them as a noble house with their few achievements, but now they were no longer a threat! The last resort that House Kang was so proud of was nothing to the Miracle Doctor Guan Medicine Company. What made them think that they were qualified to be upgraded?

On the other hand, if Xuemin wanted to join the nobility, House Yu would no doubt take the initiative in helping him, and he might even make it as the fifth major noble house! Clearly, the importance of the Miracle Doctor was very crucial in society.

We have thirty ready products and fifty presale items. The price of the ready products is 2,999,000 yuan; as for the presale items, it's 2 million each! And it's on a first come, first serve basis! The auctioneer introduced the rules of the bidding.

Everyone was very familiar with this type of auction. All of them had a table in front of them with a red button on it. When the auctioneer declared the start of bidding, they could press the button to bid for the item. Those who were fast with their hands got their item first.

Of course, under these conditions, no one would offend others by pressing the button many times in a row! Normally theyd follow societal standards giving priority to the rich businessmen and people with high status in the social standing, then the remaining ones would bid fairly following the rules.

This unbelievably shocking price made the two rich businessmen look like idiots for buying the presale items for over 10 million yesterday! They had wasted so much money for the presale items, and here people were, selling it at only 2,999,000 for ready products! Of course, the price was also increased by Fatty Lai at the last minute.

The ones who failed to get the items yesterday felt relieved and fortunate at the same time. They were glad that they didnt act impulsively and fight until the end, or else theyd be the ones crying!

House Kang was so stunned their jaws dropped! None of them expected the Miracle Doctor Guan Medicine Company to bring out thirty ready products with fifty presale items. They were very ashamed of themselves after hearing the news!

They were still acting mysterious yesterday, taking out only two presale items to auction. But now they were mass producing the product? Was this the difference in tiers between the two houses? It was no doubt a total disgrace!

F*cker, why are these people still selling presale items when they didnt get the Millennium Snow Lotus yesterday? Where are they getting it from? Guifeng couldnt contain himself anymore as he cursed. He wanted to throw colourful profinities at them. Wasnt this too much of a humiliation? He felt like his face was on fire!

Miracle Doctor Kang remained silent but his face said all they needed to know: he was in a very bad mood, almost reaching to the pits of despair.

But Zhaolong only frowned for a while before suddenly smiling and saying, Grandpa, Dad, did you guys forget what I said just now? If theyre so eager to lose their money, let them. Well just watch quietly! All we have to do is continue doing a good job and let them do whatever they want. If they can hold on until the next year, then lets make them hemorrhage money until the next auction!

After listening to Zhaolong, Miracle Doctor Kang and Guifeng slapped their thighs at the same time! Realization dawned upon them! Zhaolong was right. If they were so eager to lose their money, let them be. They couldnt do anything to interfere anyway. They could only wait for the end and be the one with the last laugh!

After giving it some thought, the Kangs settled down and looked around with heavy hearts. The people around them were fighting for the item in a frenzy. They thought to themselves, *Go ahead, buy more. It will no longer be that price next year!*

The auction ended. The Kangs felt miserable and uncomfortable, because the nobility had lost their passion for them. They were greeting them passionately yesterday, but after todays auction ended, no one cared to even greet them anymore. This made them gloomy.

Although they had predicted this, they were still sad at their reactions. This was a normal feeling for anyone to have when they were being treated in this manner.

So you guys actually have something akin to Skin Beautifying Golden Creation, huh?! This was the first thing Xiaoxiao said after waking up and blinking her big, bright eyes. She was very hyper and exhilarated with the last part of the auction and seemed to have forgotten about the feeling up from earlier.

Lin Yi was relieved naturally when Xiaoxiao wasn't mentioning it, but he wasn't sure how to answer her, so he replied ambiguously, It's nothing like that.

Oh, I know. It's Special Edition Injury Medicine. Xiaoxiao nodded.

Do you want one? Lin Yi asked after hesitated.

I don't want it. Being pretty is useless; it can't even extend my life. Xiaoxiao was uninterested with what normal girls were interested in. Don't you think of getting on my good side by giving me a box of stupid Injury Medicine. That can't cancel out what you did to me!

Ahem Lin Yi was shocked. It sounded like Xiaoxiao hadn't forgotten about that!

What? I'm talking about you peeing all over me! Xiaoxiao looked at Lin Yi and asked curiously, What did you think I was talking about? Was it when you peeked on while I was showering, or perhaps when you groped my breasts?

Eh? Lin Yi's eyes went wide like his tail was stepped on, almost jumping to his feet! Xiaoxiao's word choice was always so bad! What if Tang Yin heard her? he wouldn't be convinced that easily even if Lin Yi tried to explain!

Huh? You touched my boobs and won't even admit? Xiaoxiao glared at Lin Yi.

Not at all. I was just trying to save you when I entered the bathroom. Lin Yi said calmly, If you want to threaten me with this, you can.

How about just now? You touched me accidentally, huh? Xiaoxiao asked.

That was on purpose. Lin Yi nodded, not trying to hide the truth.

Now you admit? Hmph! Xiaoxiao felt cocky. She finally had something to threaten Lin Yi.

So what? Lin Yi shrugged, but he knew that what he did wasn't morally right.

Nothing, I'll just go back and tell Tang Yin that you touched me! Xiaoxiao threatened.

She isn't going to believe you, you have no evidence, Lin Yi said.

I do, I took a picture of it. Xiaoxiao took her phone out cockily.

Lin Yi was getting a headache but still stared at Xiaoxiao coldly. I don't like when people threaten me.

Serious mode, how boring! Xiaoxiao saw that Lin Yi was getting serious, so she put away her phone. Fine then, I won't threaten you. You have to at least compensate me, right? I was a virgin, you know. I'm no longer pure now that you've touched me!

You are still a virgin! Lin Yi was annoyed. How was this counted as impure?

I dont care, Im impure now, you have to compensate me! Xiaoxiao threw a tantrum and made herself sound as soft and as sweet as possible.

Compensate Lin Yi couldnt refuse this time and said, What do you want for compensation?

Let me think! Xiaoxiao was acting nothing was wrong, but she felt exuberant on the inside. Xiaobo was right; Lin Yi was weak to the soft approach. She failed to threaten him, but acting pitiable for a little was all she needed to make Lin Yi fall for it.

Then Lin Yis phone rang and he gestured to Xiaoxiao, signaling her to wait as he answered the call. Uncle Chu?

Chapter 522 – Probably Fine

Lin Yi, have you finished with your business affairs? Pengzhan asked in an anxious tone.

I just finished up. What is it, Uncle Chu, is there something wrong? Lin Yi asked.

I think Pinliang has kidnapped Yaoyao; can you hurry back? After experiencing his companys incident, Pengzhan was used to relying on Lin Yi.. Whenever he couldnt solve a problem, hed look for Lin Yis help. He had asked Uncle Fu to investigate and followed him, but no clues were found. Pinliang didnt interact with Mengyao at all. Uncle Fu didnt know where Pinliang was holding Mengyao.

Pengzhan did not report this to the police because of his daughters reputation. He wanted to protect it, and there wasnt enough evidence to press charges against Pinliang. Besides, Pinliang had Cihua behind him,, which made Pengzhan refrain from acting.

This battle was supposed to be determined in the shadows. Reporting to the police was futile. It wouldnt solve the problem. Pengzhan had no confidence and couldnt guarantee that hed beat Cihua, because he was representing an overpowered family! Even if the battle only involved Cihua and Gubang like last time, Pengzhan couldnt do anything to Cihua.

Kidnapped? Lin Yi was startled. He was shocked that Pinliang was this bold! He didnt know that the kid was so daring, even resorting to kidnapping. Did you file a police report? Lin Yi asked.

No, Fabai joined Cihua recently and got to know a more powerful person whos backing him. As I am now, being their opponent is impossible. Pengzhan did not try to hide anything and honestly revealed everything to him.

Cihua again? Lin Yi frowned. This guy was troubling him again. After losing two golden class masters, he still didnt learn his lesson. Lin Yi would have killed him in a second if he hadnt been looking for a couple of peaceful days.

Are you sending me out? Lin Yi asked.

Yes, you know Pinliang and Yaoyao better. Itd be best if you can find Yaoyao without alerting them! Pengzhan said, Things are complicated. Ill brief you when you get here.

OK, Ill be back tonight, Lin Yi replied.

After Lin Yi hung up, Xiaoxiao asked, Are you going back already? I heard you said kidnap, who was kidnapped?

Lets return home first. I dont know the details either. Lin Yi waved his hand.: Ill be leaving now.

Arent you waiting for my dad to return? He really wanted to meet his son-in-law. Xiaoxiao didnt want Lin Yi to leave so soon. This was her only opportunity, even though they were closer now. But things would surely change when they get back to school.

Not now. Lin Yi didnt have time to worry about Xiaoxiao.

Although Lin Yi had no reason to protect Mengyao, he couldnt just ignore her, could he? However, he wasnt sure why was he sent to guard Mengyao! He had no clue what he was supposed to be doing.

He had asked Pengzhan a few times, but Pengzhan only gave him ambiguous answers with no real meaning. And Mengyaos answer would surely be that he was her shield! Of course, Lin Yi didnt believe that his mission was that easy but he had no choice.

So, Lin Yi was like a butler to them, helping Pengzhan with his company, assisting the young misss daily life, to taking care of the young misss best friend, Yushu. He stretched his helping hand out to all of them! He was even taking on the role of the young womens nanny, sometimes their bodyguard, and even a fighter at school!

But as time passed, Lin Yi got used to it. This mission sure was complicated. He felt that he had done nothing at all but was busy all the time! If his old man didnt say that this mission would earn him enough that he would never have to work again in his lifetime, he would have quit this job long ago.

The girl really needed to be taken care of. Lin Yi couldnt just leave her while something bad was happening to her! Because this was no longer about who was his employer anymore now that he was friends with the girls and had feelings for them. They were all living under the same roof, and if they were in danger, Lin Yi would lend a helping hand toward them.

The auction had ended, but business still needed to be settled, especially the buyers and the sellers. Both had to stay behind.

After Lin Yi bade farewell to Xuemin and Fatty Lai, he flew back to Songshan. The plane tickets for economy class were fully booked. Only business class was left, but the ticket was booked by Uncle Fu himself.

After touching down, Lin Yi saw Uncle Fu waiting him at the entrance of the airport.

Uncle Fu! Lin Yi walked faster.

Mr. Lin, it must have been a long journey! Uncle Fu said apologetically. Sorry you had to hurry back.

No worries, Yaoyao is in trouble. I have to come back. Lin Yi didnt think that Uncle Fu would react this way. In fact, Lin Yi was feeling guilty for leaving Yaoyao. If he didnt leave, Yaoyao wouldnt be in a trouble. It was all his fault! Although Pengzhan didnt say that he had to be Yaoyaos bodyguard, being a follower was enough, and being a follower was the reason his job was so complicated.

Mr. Chu has been waiting for you. This way, please. Uncle Fu didnt say much. He knew it wasnt his place.

Uncle Fus Bentley was parked in the airports parking lot. To Lin Yi's surprise, Pengzhan was waiting him in the car. It seemed like he was rather anxious and impatient to meet Lin Yi.

Lin Yi, listen to this recording. Pengzhan opened the door and handed him an audio recording pen.

Lin Yi nodded, pressed the button, and heard Pinliang instantly. Hello, Uncle Chu.

This was recorded when Pinliang paid a visit to his office. This was the only evidence Pengzhan had. He didn't need to explain the whole situation as the recording pen was doing a good job of it.

After listening to the recording, he furrowed his brows! Pinliang had the balls to touch Mengyao?

Uncle Chu, what are you saying? Lin Yi had to learn of Pengzhan's plan first.

Uncle Fu investigated into this. Yaoyao wasn't in Pinliang's house, and his movements are totally normal, going to school and back home, Pengzhan said. I thought that he'd at least meet Yaoyao, but he didn't.

Ha then Yaoyao is probably fine. Lin Yi remained silent for a while before a smile blossomed across his face.

Oh? Why do you say that? Pengzhan was taken aback. He didn't expect Lin Yi to be so certain.

Chapter 553 – Solving It Calmly

From the way he spoke in the recording, I don't think that Pinliang has done anything to Yaoyao yet. Lin Yi knew Pinliang's personality better than Pengzhan. He was probably just testing your reaction! Besides, the moment he was about to take his leave, he even reminded you to think thoroughly a few times.

Indeed! Pengzhan wasn't dumb. He realized the key point of this whole conversation after Lin Yi pointed it out. You're right, Pinliang is rather cunning. He was just testing my reaction! Yaoyao is probably fine, but if I had recognized him as my son-in-law, he'd have taken action already. On the other hand, if I disagreed and wanted everyone to lose, he would surely abandon his plan. But he did say that he'll be OK in jail, why?

He was just taking a big risk. Lin Yi snarled, Even though if he knows that stupid Li Cihua and Master Bing, I highly doubt that Li Cihua would stand up for him.

Ever since Lin Yi finished off Cihua's two golden class masters, Cihua had clearly quieted down by a huge margin. Lin Yi could imagine Cihua's feelings for him. They'd be a mixture of hatred and fear, yet he couldn't do anything to Lin Yi.

So when Lin Yi was around, Cihua wouldn't be stupid enough to find trouble for himself. Pinliang was just using Cihua's name to act tough.

Pengzhan nodded. The spectator sees the chess game better! I see, so Zhong Pinliang is actually waiting for my answer because there's no point for him to meet Yaoyao when I was still hesitating!

Probably. Lin Yi nodded.

Does that mean that whatever decision I take, he'll still go for Yaoyao? In that case, we can just tail him to find out where Yaoyao is, Pengzhan said.

Yeah, but this kid is still a nuisance when hes around, why not take this opportunity to Lin Yi stopped.

If he hasnt done anything to Yaoyao yet, we cant prosecute him. Pengzhan shook his head while smiling wryly.

How about an accident? Lin Yi asked lightly.

An accident Pengzhan understood what Lin Yi meant. There was only three people in the car, and they were his trusted allies, so Pengzhan said truthfully, It might be an accident, but Fabai will surely consider me the cause of that accident. The present Pengzhan Industries isnt ready to make enemies yet.

Pengzhan was afraid of Cihua. If Pinliang died, Fabai would go insane and ask for help from Cihua. They were business partners so it was hard to say if Cihua would just ignore them after getting enough benefits from Fabai. Although Pengzhans status wasnt low, Li Cihua was Songshans head underworld boss. If they faced off, the result wouldnt be pretty.

OK. Lin Yi smiled coldly and thought of a plan. Ill make this accident unrelated to us.

If this were a typical assassination, Lin Yi wouldnt care about that much, but now that Lin Yi had decided to retire to this place, he couldnt just act impulsively, could he? Killing Pinliang was easy. He wasnt scared of it in the slightest, but if he brought about unnecessary problems for Pengzhan, then he would have failed.

Great. Pengzhan had confidence in Lin Yi, knowing that hed do his best to accomplish his mission. Lets talk about Yaoyao and Shu then. Shall we contact Pinliang now so that we can follow him to where hes holding them?

No need, I think I have a rough idea of where the misses are. Lin Yi smiled.

Oh? Where are they? Pengzhan was startled. He didnt know that Lin Yi could determine the location of Mengyao and Yushu.

Mt. Shuangyan. Lin Yi said, Shu sent me a message yesterday, saying that they were heading to Mt. Shuangyan. At the time, I thought they were fine but now that you mention it, I think theyre being held there.

Shall we go there now? Afte learning where his daughter was, he jumped to his feet and crashed his head against the ceiling before he realized they were still in the car. He said to Uncle Fu, Go to Mt. Shuangyan immediately!

Mengyao and Yushu woke up one after the other. Yaoyaos piercing scream jolted Yushu awake.

Yushu was still confused when she woke up and rubbed her eyes and said foggily, Yaoyao sis, why are you screaming? Did you have a nightmare? Its still the middle of the night, its dark out; let me sleep for a little more!

Shu, wake up, we arent at home! Mengyao shook Yushu, worried and trying to get her to come to her senses.

Huh? Yushu finally broke out of the haze after being shaken and said in shock, What is this place? Why is it so dark? Why cant I see you?

I dont know either. The moment I woke up, we were already here. Mengyao wasnt that scared with Yushu right next to her. Initially, I had also thought that we were at home, but then I touched the rocky ground! And our phones disappeared; were totally cut off from the outside world.

Yushu touched the floor and patted her pockets. It was exactly as Mengyao said. The ground was rocky and her phone was gone. But she was a little braver than Mengyao in the dark and said, Yaoyao sis, didnt we come to this cave with Pinliang? Could it be that were still in the cave?

Realization dawned on Mengyao as she remembered the events leading up to this point. Right, they came to this cave with Pinliang, but she couldnt remember what happened next. Could it be that they had encountered something in the cave?

Are Pinliang and his friend here? Mengyao asked.

I dont know, I dont see them around. Why dont we get to our feet and look around? Yushu was born bold and wasnt scared.

Umm. Mengyao wanted to agree to Yushus suggestion, but she was a little afraid. Mengyao most feared the unknown in the dark. Although she knew there was nothing there, the unknown still frightened her.

Then, Yaoyao sis, wait me here, Ill get up and look around. Yushu spoke with a laidback attitude, but she was still a girl. She wasnt completely fearless, just a little braver.

Lets go together then. Mengyao was even more scared of Yushu leaving her alone.

Mengyao clutched Yushus hand as the two of them explored the cave in the dark. Soon they found that they were trapped in a tiny space! There was only rock walls and a door, a metal security door, but it was shut tight. Yushu tried to push the door and turn the knob, but the door didnt budge. It was locked.

Chapter 554 – No More Secrets

In a corner of the confined space, there was only one backpack, which was filled with irregularly sized plastic boxes. Since light couldnt get in, Yushu couldnt see very clearly, but she was certain that there was no one else other than two of them in the cave.

At this point, they realized they were probably tricked by Pinliang! Otherwise, four of them should be trapped in this cave. Where were Pinliang and Xiaofu?

Yaoyao sis, it must be Zhong Pinliang who trapped us here! Yushu said angrily. Thats why he brought us here, so he could lock us up!

Shu, it was my mistake. I believed his words too easily. Mengyao bit her lower lip, realizing that she was set up by Pinliang. He purposely brought both of them to the mountain, knocked them out, and trapped them in this confined space. The lookalike to Mengyao was just a big fat lie created by Pinliang.

Yaoyao sis, this isnt your fault. I knew that youve been missing your mother a lot. When it comes to this kind of situation, your feelings will interfere with your rationality. Yushu did not blame Mengyao. She comforted her with a smile instead.

Shu, you knew? Yushu was full of surprises. However, Mengyao couldnt see Yushus expression in the dark.

Of course, were besties! Weve been together since childhood. I know you better than Zhong Pinliang does, right? Yushu let out a sigh. I shouldnt have joined you guys out of curiosity. I could have saved you if I was still on the outside! Now nobody knows that we went out with Pinliang.

Mengyao shook her head. Shu, Im glad that you are not angry at me. I thought that you werent aware of anything. By the way, what do you think Zhong Pinliang is up to holding us hostage?

Mengyao wasnt that afraid after having Yushus understanding. She felt even calmer after knowing that only the two of them were in the cave.

I have no idea. Usually, Zhong Pinliang wouldnt have the balls. Hes always listening to you. Yushu couldnt think of any reasons for Pinliang to suddenly man up.

Hes not planning to kill me just because Ive been rejecting him all the time, right? Mengyao was surprised. This case was unusual, but it wasn't impossible! News like this was always on the Net, right? When the woman rejected the mans confession, the man was triggered and killed his lover in a fit of rage. When Mengyao saw that news, she didnt feel anything. But right now, she felt shivers running up her spine to her brain. She was absolutely terrified.

Ah? No way then Ill be dragged into your misfortune, Yushu said weakly. Yaoyao sis, I still want to live, you know?

Yushus expression wasnt one bit of nervous. She even sounded funny to Mengyao. Who would think that theyve lived enough? Mengyao said with a laugh.

Ai, Yaoyao sis, do you think that were going to die here? I didnt get to have a boyfriend yet, and were graduating soon, how unlucky! Yushu said with a long face.

Even in this situation, youre still talking about this? Are you horny? Mengyao said angrily: Why dont you think of a way to escape instead of these thoughts!

Escape? Theres a security door! If it could be easily unlocked, then it wouldnt be called a security door. Besides, we dont have any keys or tools to unlock it; how are we supposed to escape? Yushu said happily, Since were going to die, Yaoyao sis, shall we talk?

Mengyao was looking for ways to escape, but after hearing Yushus reason, she found it acceptable. If a security door could be easily opened, would it still be called a security door? She found it pointless to think about right now and looked at the absentminded Yushu. You can still smile in these circumstances?

If I dont smile what should I do? Cry? Even if Im about to die, I wont allow myself to be bored! Yushu said nonchalantly, Yaoyao sis, lets talk.

Mengyao was taken aback. She found Yushus words reasonable, even if they were about to die, they couldnt just die depressed, right? Why not die happy! Besides, they might not die.

OK, what do you want to talk about? Mengyao asked.

Lets speak our minds and share secrets? Yushu grabbed Mengyaos hand. Yaoyao sis, its been a long time since we talked like this. We didnt have secrets at all in the good old days!

What secrets? You tricked all of them out of me. Mengyao got angry. Her bestie was always acting stupid and ignorant, but she was shrewd. All her secrets were extracted by her bestie.

Hehe, since were going to die soon, just spill the beans! Yushu laughed hollowly. Yaoyao sis, what do you think of Shield Bro?

Lin Yi? What, do you like him? Mengyao asked back.

Aiya, Yaoyao sis, were going to die. Why are you still acting? I know that youre also in love with Shield Bro, arent you? Yushu blinked and realized that Mengyao couldnt see her in the dark. Her expression was wasted.

Also? Youre also in love? Mengyao caught Yushus wording.

If you love him, I have no choice but to love him as well. Im destined to be the concubine anyway! Yushu said with a straight face.

Im not sure if Im in love with him or not. Mengyao sighed. This was the first time Mengyao answered Yushu seriously about Lin Yi. Because I dont know what love is.

Oh, I havent a clue either; I just think that Shield Bro is cool unlike other guys who are boring! Yushu kept making leading statements.

Yeah, sometimes I find him annoying, but sometimes Im worried for him. Mengyao was confused if she was talking to herself or Yushu. This jerk has us two beauties in the house, yet still goes for Tang Yin!

Hehe, Yaoyao sis, are you jealous? Yushu asked.

I dont know, I just dont feel right when he walks with Tang Yin. Mengyao shook her head.

Oh, then do you like him? Yushu asked.

It doesnt matter whether I like him or not. Were going to die; Im just saying things. Mengyao laughed at herself. Shu, am I really that hard to get close to?

Chapter 555 – Are We Going to Die

Nope, I think Yaoyao sis is the best! Yushu clenched her fist. Rest assured, Yaoyao sis. Ill get Shield Bros heart back to you in no time!

Were about to die, what are you getting back? Mengyao laughed. Shu, are you regretful? Just because you and Lin Yi hadnt started anything? Were dying, isnt it too late?

Nah, theres still chance uh Yushu realized her slip of the tongue and clammed up.

Shu, what did you say? Mengyao was smart enough to sense something was wrong with Yushu. Are you hiding something from me?

Hehe, actually, before we came here, I sent a text to Shield Bro. I told him that were at Mt. Shuangyan. If he finds out that were gone, hell definitely come looking for us! Yushu couldnt hide it anymore after she was exposed by Mengyao, she spilt the beans out just so Mengyao wouldnt torture her later.

Ahhhh! You bastard, why dont you tell me earlier? I was worried! You scared the hell out of me! Mengyao was furious and tried to strangle Yushu. Ill choke you to death! You knew that we would be saved all this time and still acted like we were about to die! What do you want?

If I had revealed it at the beginning, Im sure, Yaoyao sis, that youd never have told me you love Shield Bro as well! Yushu smiled wickedly.

More like demons love him! Mengyao was enraged. I was just lying to you, OK, just so you would admit that you love him! I knew he was coming to save us anyway!

Oh, Yaoyao sis is angry now! Yushu started running around, using the darkness to hide from Mengyao. Come on, catch me. You cant catch me, you cant catch me!

Ill tear your lips off! Although Mengyao couldnt see, she followed the sounds and tracked Yushu. The two of them were playing tag in the dark.

After a while, both of them got tired and Yushu surrendered. Yaoyao sis, stop playing. I give up, I love Shield Bro, let me go.

Hmph, admitting it now? Mengyao said cockily. Ill tell Lin Yi everything you said after we get out.

So what, since Ive already confessed. Lalalala, Yushu said, not caring in the least.

Mengyao was really out of ideas. She couldnt do anything since Yushu had actually confessed to Lin Yi.

The two of them hadnt eaten anything since last night. Almost five hours had passed, and Yushus stomach started to growl. Yaoyao sis, Im hungry and thirsty. I want to eat.

Hold on a little longer. Didnt you text Lin Yi? Hell be here to rescue us soon, Mengyao said.

Uh-huh. Yushu nodded, feeling hurt. But Im hungry and thirsty!

Who asked you to act so crazily! Mengyao was also hungry and thirsty, but she had to bear with it and couldnt demotivate Yushu. Otherwise, the two of them would starve to death!

By the way, Yaoyao sis, what do you think is inside the backpack we found? Do you think its food? Yushu asked.

Maybe, but it might be poison left behind by Pinliang. If we consume it, its the same as committing suicide! Mengyao was aware of the backpack, but she couldnt understand why would Pinliang leave them food if he was planning to trap both of them here!

If Pinliang wanted Mengyao and Yushu to survive, he should have prepared both water and food, not just food! Water is more essential than food! So Mengyao thought that the food might be poisonous. Pinliang purposely left poison behind so they would consume it and die.

This was actually due to Pinliangs carelessness. His thought process was way too simple. He never thought of water as a problem. He thought the girls could survive as long as they had food.

Oh, I dont want to eat it anymore. Yushu got scared and struck the thought from her mind. But Im still hungry and thirsty.

OK, Shu, lets sleep for a while. We should feel less hungry and thirsty while asleep. Mengyao was also desperate, but she had to act like a big sister and console Yushu. Like you said, Lin Yi will definitely come and rescue us.

Oh OK then. Yushu closed her eyes.

Mengyao sighed softly. It must be nighttime because no light was shining through the keyhole. Mengyao remembered that the security door was facing the outside, so if it were morning, she should have seen the view outside.

As time passed, while the girls were clinging to each other, Mengyao heard Yushus breathing steady. She knew that Yushu had finally fallen asleep. Mengyao was exhausted at this point and dozed off as well.

When the two of them woke up, they saw a ray of light piercing through the keyhole. They were certain it was morning. However, the two of them werent roused by the dim light but by thirst!

They hadnt had a drop of water for over ten hours. Both of them were parched. Yushu didnt feel hungry anymore. All she wanted was water.

Yaoyao sis, Im thirsty. I want a drink so badly, Yushu said hoarsely. She could barely finish her sentence.

Shu, be a good girl. Bear it a little longer. Mengyao patted Yushu on the back and said firmly, Lin Yi will definitely come and save us.

Oh you sure? Yushu wasnt so confident this time. She had thought that Lin Yi would come immediately, but it was obvious that he might not even come since they had been trapped in this cave for a night. She wasnt sure about the actual time, but she was certain that this was their second day in the cave.

Yeah, Ill fire him if he doesnt come! Mengyao comforted.

Yushu wanted to say that if he wasnt coming, how are you supposed to fire him? But she stopped herself from doing so since Lin Yi was their last hope. She didnt want to extinguish her only hope.

Yaoyao sis, are we going to die? I feel like I have no energy; I feel very sleepy even though I just woke up. Yushu struggled to even grasp Mengyaos hand.

No, were not. Youre just too hungry to have any energy. Mengyao shook her head.

Oh, Ill sleep for a while then. Yushu closed her eyes. She couldnt fall asleep despite her tiredness and sleepiness levels being at their peaks. Her stomach was growling and her throat was burning.

Mengyao was in pain, but she knew that Shu had lost all her confidence, while she herself shouldnt lose all her hope. She should be optimistic. If both of them completely lost all hope, they would truly be done for.

Chapter 556 – The Fearless Chen Yushu

Yaoyao sis, what are you going to do the moment you escape this place? Yushu couldnt fall asleep and started talking again.

I dont know, but I know that youre talking and this will make you even thirstier! Mengyao reminded. You better seal your lips.

Oh Yaoyao sis, my lips are cracking. Do you have lip balm? Yushu spoke again.

No! Mengyao said, I told you to stop talking, cant you just listen?

Yushu finally listened to Mengyao and shut her mouth. Both of them fell asleep again. When they woke up, there was no longer light shining from the keyhole. They knew it was dark out.

Yaoyao sis, Im really going to die soon. Do you think that Shield Bro actually got my text?! Yushu said hopelessly.

He did. Mengyao was panicking but she had to be strong and calm Yushu.

I cant, Im going to die soon. Yaoyao sis, I cant bear with this anymore. Yushu closed her eyes.

Shu, Lin Yi will surely come and save us. Mengyao comforted Yushu guiltily.

Tell him to bring my corpse back when he arrives, I dont want my corpse to stay in the wild. Yushu said weakly.

Mengyao sweated. Shu, stop saying nonsense!

If he doesnt mind, he can use my dead body to get off. Let me have a taste of being a woman after I die. Yushu was blurting out nonsense. She had totally lost herself in confusion and her speech was irrational.

Lin Yi did not ask Uncle Fu to send him to Mt. ShuangYan immediately, but instead went back to the villa and took General Wei Wu with him.

Pengzhan and Uncle Fu stared at Lin Yi in admiration and amazement! They didnt think of using the dog to search for the girls. Lin Yi was way more cautious in handling problems.

Uncle Fu parked his car at the foot of Mt. Shuangyan and followed Lin Yi, who was climbing up the mountain. Even Pengzhan stepped out of the car and joined them.

Lin Yi knew that Pinliang didnt imprison the girls in the resort. Only idiots would make such a stupid decision. The girls would have screamed for help if they were trapped in the resort. Even if their mouths were stuffed with cotton and they were unable to scream for help, the janitors might enter to clean the building, so the risk was too high. He believed that Pinliang wasnt that stupid and wouldnt act so thoughtlessly.

So Lin Yi switched his attention to other areas and left Uncle Fu and Pengzhan to ensure that the girls werent being held in the resort as he made his way up the mountain.

He stopped when he reached a fork in the road. Although there were a lot of tourists here, few explored this fork in the road! It was dangerous to explore in this direction as there was a higher probability of encountering snakes in the fork. Besides, nobody could guarantee ones safety in the summer. Anything could go wrong and it might be deadly when they really encountered something dangerous here.

Lin Yi found footprints in the long grass of the fork of the road after making observations. He saw that there were more than one persons footprints in this direction.

Lin Yi let General Wei Wu out of his arms and onto the ground. General Wei Wu was terrified the whole journey. He didnt know why Lin Yi was holding him. He thought that Lin Yi wanted to butcher him. He

had the urge to escape, but knowing that Lin Yi could catch up to him with ease, he gave up on that idea and accepted his destiny without a whimper.

But the moment Lin Yi put him down, he sniffed the scent of Mengyao, his owner. General Wei Wu knew that Lin Yi was still very obedient and afraid of Mengyao, so as long as he could find Mengyao, he could be protected from Lin Yi's harassment!

So without Lin Yi signaling, General Wei Wu started tracking Mengyao until they reached the entrance of the cave. He stopped at the security door but couldn't see Mengyao anywhere, saddening him.

Although General Wei Wu couldn't recognize the security door, Lin Yi did. He knew that Mengyao and Yushu were trapped inside the cave! Since Lin Yi had exceptional hearing, he heard Yushu the moment he entered the cave. He almost fell over when he overheard their chat!

Lin Yi got embarrassed. Yushu's train of thought was really one of a kind. He wasn't into necrophilia nor did he have any weird fetishes.

Lin Yi coughed dryly and knocked on the door. Yaoyao, Shu!

Oh, Yaoyao sis, I think I'm about to die for real this time. I'm hallucinating I think I heard Shield Bro's voice. Yushu said semi-consciously.

Lin Yi, is that you? Mengyao was hungry and thirsty, but she still had her wits about her. She heard Lin Yi's voice and cried out! She felt like she had lived in the dark all her life, and this was her first time witnessing light. She said excitedly to Yushu, Shu, your Shield Bro is here to rescue you.

Hah, Yaoyao sis, don't lie, I think I'm hallucinating. Yushu said, then shot to her feet. Really? I'm not hallucinating?

Lin Yi looked at the security door and the surroundings. He didn't have to hold back his strength since he was alone. He raised his leg and kicked the door. The security door bent in after a single kick. This was a kick that Lin Yi held back since he didn't want to send the door flying and injure the misses.

After hearing the cracking of the security door, Yushu finally understood. Shield Bro?

Yes, it's me. Lin Yi gave the door a few good kicks and knocked it off its hinges before walking into the cave. Are you guys OK?

Sob! Mengyao burst into tears. She had been suffering all this while. She was scared but she knew that she had to be a role model to Yushu, or else Yushu would lose all hope in surviving, so she endured it and waited for Lin Yi to arrive. Now that Lin Yi had arrived, all her feelings and sufferings were flushed out instantaneously.

Sorry I'm late. Lin Yi took Mengyao's hand and gently patted her back. Don't cry, let's go home.

Meanwhile, Yushu pulled Lin Yi's arm to her and bit him.

Ow! What are you doing? Lin Yi was in pain and glared at Yushu.

Oh, I'm not dreaming, I thought I was dreaming, you know! Shield Bro really came to save us! Yushu's face was a lot brighter and livelier than before.

Yes, I'm here to rescue and I'm not into having *** with a corpse! Lin Yi was annoyed at getting bit by Yushu. *Why is this girl biting me? Why is she using me as a test subject?* With all the pain and frustration built up, he decided to expose Yushu.

Yushu was taken aback and her eyes went wide. You heard that?

Unless I'm deaf. Lin Yi was speechless.

Mengyao burst into laughter. Shu was such an embarrassment. She even let Lin Yi hear the most embarrassing part. How humiliating!

OK, it's fine, let's go down. Uncle Chu and Uncle Fu are waiting us down there, Lin Yi said as he stood up.

Chapter 557 – I'll Get Revenge for You

Mengyao and Yushu realized that they were gone for a whole day, and Pengzhan and Uncle Fu must be very concerned of their safety. Although Yushu had been very excited, she was dizzy on her feet when she stood due to her exhaustion.

Lin Yi jumped as he quickly gave a helping hand to Yushu.

"Carry her; her body isn't as tough as mine," Mengyao said.

"Are you sure?" Lin Yi asked when Mengyao couldn't very much stand up straight herself.

"Yeah" Mengyao nodded. She was trembling, but she was a little tougher than Yushu.

"Heh, I'll carry both of you," Lin Yi said after lifting Yushu up.

"Huh?" Mengyao stared wide-eyed at Lin Yi.

Lin Yi bent down, put Yushu on his back, and stretched out his arms. "Come on."

"Uh, you sure?" Mengyao looked at Lin Yi with doubtful eyes. In normal circumstances, it was plausible that a person could carry another down the mountain, but Lin Yi was offering to carry both of them down. Wasn't he a little strong?

"I was able to break the security door, what do you think?" Lin Yi wanted to argue. Doubting a man's capability was a great humiliation, but Lin Yi let it go because he knew that Mengyao was just worrying about him, not insulting him.

Mengyao hesitated due to the fatigue wearing her mind down, but she let him carry her anyway after recalling the deformed security door.

Lin Yi walked out of the cave carrying the misses. The thought of calling Pengzhan came to his mind, but both of his arms were occupied at this moment.

However, on the way to the bottom of the hill, at the entrance to the resort, he saw Pengzhan and Uncle Fu. Both of them flounced out of the resort, their search fruitless. They looked up and saw Lin Yi carrying the misses. They were overjoyed and surprised simultaneously.

"Yaoyao, Shu!" Pengzhan strode towards Lin Yi. He had lost all the maturity and calmness of a CEO. He was just a worried father now.

“They’re alright, just tired and asleep.” Lin Yi smiled wryly. He didn’t expect the two of them to fall asleep so soon. The anxiety and stress lifted when Lin Yi came to their rescue. They felt safe and protected, so both of them soundly fell asleep.

Uncle Fu wanted to offer his help, but he was afraid that he might accidentally wake the misses up, so he only gave an apologetic smile to Lin Yi.

Pengzhan, though, was rubbing his hands together excitedly. His daughter was safe and sound, and he had been very worried for the girls’ safety.

At the foot of the mountain, Lin Yi had no choice but to put the girls down. This woke the girls up and sleepily rubbed both their eyes.

Mengyao couldn’t resist the urge to run into her father’s embrace when she saw him. “Dad! Pinliang is a bastard; he locked both of us up. You have to avenge us.”

“Don’t worry, Yaoyao. It’s alright, it’s alright.” Pengzhan was very emotional as well. His daughter had never suffered so much in her entire life.

Mengyao was able to pour out her bitterness to Pengzhan, but Yushu couldn’t do that to Pengzhan, so she faced Lin Yi and jumped into his embrace.

“Shield Bro, you have to avenge us!” Yushu only wanted people to console her. A genuine hug was what she needed the most.

Lin Yi patted her shoulder as he tried to console her. Lin Yi was determined to get revenge for them even without Yushu’s request. But his way of handling things would be different this time, since Pengzhan couldn’t take risks at this moment. Lin Yi planned to push all the blame onto a third party.

When they returned to the villa, Lin Yi comforted the girls and went back to his own room. He had to prepare for the revenge.

He extracted the recording from the pen recorder using a computer and called An Jianwen.

Soon, the call was picked up. “Lin Yi bro?”

Jianwen never expected to receive a phone call from Lin Yi. He did give Lin Yi some money for the exchange, but he didn’t know if Lin Yi would voluntarily give him the information.

“An bro, it’s me.” Lin Yi said, “Are you free right now?”

“Now?” What’s wrong?” Jianwen was drinking with Su Tai and was confused by why Lin Yi was calling.

“An bro, I never disappoint you. After a bunch of hardship, I’ve finally gotten news for you. It’s about Mengyao’s admirer at school!” Lin Yi said.

“Oh? It’s about Mengyao? Where are you? Let’s meet up and talk!” Jianwen was delighted to hear news about Mengyao! Whether it was a bust or not, he’d arrive for Mengyao.

“I’m at Mengyao’s villa; I’ll be waiting you here,” Lin Yi said.

“OK, I’ll be there in ten minutes!” Jianwen said quickly.

When Lin Yi walked out of his room, he saw that the girls had fully recovered. Both of them were wolfing down food and drinking.

“I’m going out for a while; I’ll get revenge for you.” Lin Yi smiled. The way the girls were acting was very cute.

“OK!” Yushu’s mouth was stuffed with food, but she still punched the air when she heard Lin Yi.

Mengyao didn’t say anything much as she eyed Lin Yi and said, “Be careful.”

Mengyao’s tenderness startled Lin Yi for a second before he nodded.

Although Pengzhan didn’t know Lin Yi’s plan, he didn’t worry in the slightest since Lin Yi promised not to drag Pengzhan Industries in.

“Where are you going? Do you need Uncle Fu with you?” Pengzhan asked.

“Nope, someone is coming.” Lin Yi smiled.

They were dumbfounded to find out that someone was coming to pick Lin Yi up.

Lin Yi smiled as he left the villa. Jianwen’s car was already there, and he got out of the car when he saw Lin Yi and greeted him warmly. “Lin Yi bro, let’s go!”

“Haha.” Lin Yi nodded like he wasn’t plotting and said, “Being a private detective is a risky job, y’know!”

Chapter 558 – Revenge

“It must be hard for you, Lin Yi bro. But rest assured, I’ll pay you generously. Let’s talk about the admirer you mentioned earlier.” Jianwen couldn’t resist the topic anymore.

“An bro, listen to this recording first.” Lin Yi handed Jianwen the pen recorder.

Jianwen quickly took the pen and pressed the play button. Jianwen’s face turned ugly after listening to a few seconds of it and let loose a torrent of abuse in the presence of Lin Yi. “Motherf*cker, who is this mongrel?! How dare he gave me a green hat to wear! 1 1 I’ll kill him!”

“Hehe, An bro, don’t worry. I’ve rescued Mengyao, and she’s still a virgin. That bastard was just trying to threaten Uncle Chu,” Lin Yi explained.

Jianwen might give up on Mengyao if he thought that Mengyao was no longer a virgin, so Lin Yi had to reveal the truth in order to manipulate Jianwen to attack his love rival, Pinliang.

“Lin Yi bro, luckily you were there to rescue her in time! Your kindness goes without saying; I won’t forget the things that you’ve done, I promise!” Jianwen said emotionally as he slapped Lin Yi’s shoulder. He believed that Lin Yi was sincerely helping him after accepting the bribe! Honestly, Jianwen couldn’t be blamed for believing Lin Yi, because Lin Yi was just a bodyguard of Mengyao. He had a girlfriend already, and Jianwen even paid him a large sum of money so they wouldn’t have any conflicts of interests. Jianwen didn’t see why a mere bodyguard would refuse this job.

“Ah, by the way, An bro, this love rival of yours has to be punished this time! I can’t guarantee the safety of Mengyao next time, y’know,” Lin Yi reminded.

“You’re absolutely right; I’ll punish him for sure. How dare he have the nerve to touch my Mengyao!” Jianwen sneered. “What’s his name again? Tell me, I’ll kill him tomorrow!”

“Zhong Pinliang. I’ll send you his photo from my phone.” Lin Yi then sent the photo to Jianwen via Bluetooth.

“Lin Yi bro, I’d wanted to treat you a meal, but now that Mengyao has just returned, you should stay in the villa and protect her!” Jianwen said, “I have to head back home and get ready for the revenge. I’ll make sure to treat you next time!”

“The meal is not a problem; let’s talk about the fee.” Lin Yi smiled and looked at Jianwen.

“Not a problem!” Jianwen was even more generous this time since Lin Yi had accomplished something that he requested. “I’ll deposit 10 million to your account tomorrow!”

“Heh, thanks, An bro.” Lin Yi smiled and didn’t reject the money. 10 million was nothing to Lin Yi, but who would reject money? He chose to rob as much as possible from Jianwen.

Pengzhan decided to stay the night in the villa for the first time, surprisingly. Mengyao and Yushu had planned to rest properly and skip the school the next day. In fact, Lin Yi wanted them to stay in the villa until Jianwen finished the job.

Pinliang went to school by taxi as usual. Pinliang’s face didn’t give anything away, but he was losing his patience. What was Pengzhan doing? It had already been two days since he had contacted him. Yes or no, he should at least reply, right?

After getting out of the taxi, he strode to the school entrance but was stopped by four muscled men. One of them asked, “Are you Zhong Pinliang?”

“Erm... what do you guys want?” Pinliang was frightened. He was puzzled but he knew that things weren’t looking too good here, so he felt like escaping.

However, the muscle surrounded him in every direction. He couldn’t run. The man who asked him even compared him to the picture in his hand and nodded to the other muscle. The men grabbed him and dragged him to a nearby bread truck.

Jianwen was sitting in the passenger seat. He looked at the captured Pinliang and went into frenzy.

“Holy f*ck, how dare he have the balls to touch my Mengyao?! Cut his kidney out, make him suffer, and send him to the Seven Hells!”

On the west side of Songshan, at the back of a landfill, Pinliang was pushed into a basement by the four muscled men. The smell of disinfectant filled the whole basement. The saturated, pungent smell made Pinliang sneeze.

“Who are you guys? Why did you capture me? Do you know who my father is? It’s Zhong Fabai! If you know him, then leave me alone, or else I’ll make you guys pay!” Pinliang roared, putting on a tough act.

“Motherf*cker, why are you shouting? Do you wish to die right now?” A tattooed man walked up to him and slapped his cheek. “Are you tired of living?!”

“You... you...” Pinliang was enraged, but he was afraid to anger the tattooed guy. He looked like a triad member. Although his dad was also part of the underworld, he was in the hand of others. He couldn’t just do whatever he wanted, could he? These people might even kill him on the spot.

“Bring him in, I have to check his body,” the tattooed guy ordered as he waved the others over. The four muscle brought Pinliang into a room.

The tattooed guy turned around and went into another room. Jianwen was sitting in the room and staring at a razor-sharp scalpel with cold eyes.

“Wen bro, do you want to do it yourself?” the tattooed guy asked with respect.

“Yeah, I’ll make the first cut. Inject some paralyzing solution into his body; I want him to remember all the pain. This is his punishment for touching my woman!” Jianwen said coldly.

“Wen bro, he just said that his father is Zhong Fabai,” the tattooed guy said carefully.

“Zhong Fabai? What does he do?” Jianwen asked.

The tattooed guy started explaining Fabai’s work. “He’s a big shot in this city who owns a club and a hotel—”

“What is this bullshit? His background isn’t worth mentioning.” Jianwen lost interest in listening further and waved his hand impatiently. “Let’s do it.”

“Yes!” Tattooed guy saw that Jianwen had lost interest in Fabai’s background, so he kept his mouth shut and left to set things up.

An unknown drug was injected into Pinliang’s body. He felt numb and feeble, falling straight onto the bed....

Chapter 559 – Bear In Mind

Despite the fact that he was paralyzed on the bed, he was still conscious. He still looking straight into the eyes of the people in front of him. He could hear them, but he couldn’t move nor speak a single word. Shouting for help was futile because no sound came from his throat.

After a while, he was carried to the operating table, and he got terrified. However much he wanted to scream and resist, he couldn’t do so. He had full consciousness, but his brain and body were not connected. His body wasn’t listening to him at all.

Wen bro, I’m done prepping! You may start anytime! the tattooed guy told Jianwen respectfully.

Jianwen walked into the operation room, staring at Pinliang who was laying on the operating table with full of hatred eyes! This was SongShan city, touch my woman?! I shall make you pay for being so cocky! Know your own place, peasant!

How should I start? Jianwen strode up to Pinliang with the scalpel in hand.

Pinliang was petrified. He didnt know what was going on. *Was he trying to kill me?* He had no idea how he caused this mess, making an enemy of such a powerful person. He wanted to shout for help, but he couldnt. Pinliang tried to close his eyes, but his eyelids werent listening to him either.

Wen bro, just make a cut at this point. Approximately this length the masked surgeon advised.

Alright! Jianwen nodded. From his perspective, he thought that the length of the cut didnt really matter. The longer the cut, the greater the pain inflicted on Pinliang.

That surgeon was a killer himself, so he wasnt the slightest bit anxious. He didnt really care if Jianwen killed him. In fact, eighty percent of the people who had surgery on this operating table died, so the surgeon didnt really care all that much.

Motherf*cker! Bear this in mind! Theres things that you peasant cant touch. If you dare touch Mengyao again, Ill kill you! Jianwen stared at Pinliang in disdain. Ill be removing one of your kidney as a punishment this time. If theres a next time, say goodbye to your brain!!

Pinliang finally understood. The guy was avenging Mengyao. But how and when did Mengyao meet this monster? Could it be one of Pengzhans lackey?

Pinliang wanted to stop him by shouting If you have the balls! but this was just his imagination. He couldnt even speak a single word.

Woosh. Jianwen ignored Pinliang and didnt want to listen to his explanation as started dissecting Pinliang.

Pinliang was in great pain. His face twitched, but he couldnt do anything about it.

Bear this in mind! Things will not go be that simple next time if you dare touch my Mengyao again! Jianwen left the operating room after he finished with Pinliang.

Jianwen wished to torture Pinliang more by cutting him a few more times, but he was afraid that he might accidentally ruin the kidney, so he stopped. A kidney could be sold at least a few hundred thousand! It was easy money!

The surgeon quickly injected anesthetic into Pinliang when Jianwen left the room, Pinliang could really die from pain if anesthetic wasnt given while removing the kidney. He felt nothing when the drug diffused into his blood and the drug started to take effect.

The surgeon was pretty skilled at his job. He cut the kidney out swiftly. The tattooed guy then abandoned Pinliang at the entrance of Songshans First Hospital and fled.

Jianwen didnt want to make things complicated, so he chose not to kill Pinliang and gave him a second chance.

The hospital called Fabai and informed him about his sons condition. Fabai exploded after hearing the news and rushed to the hospital to see his son laying on the hospital bed, wide awake. He was infuriated on sight. *Who dared to touch my son in Songshan?! Were they tired of living already?*

Pinliang burst into tears when he saw his father. His kidney was cut out for no reason at all. Why did God unleash his fury on him? How could he be a normal person after losing one of his kidneys? Most importantly, he still didn't know who his attacker was!

Dad, you have to avenge me. I lost a kidney for no reason, this is so awful. Pinliang wept.

Who did this? I'll kill his whole motherf*cking family! Fabai raged. He only had a single child. How could he not be angry?

I don't know; they didn't listen to me and straight up pushed me onto the operating table, injected some anesthetic, and removed my kidney. Pinliang sobbed, But the guy warned me not to touch Mengyao, saying that I should stay as far away from her as possible.

Oh? Chu Mengyao? Fabai was surprised. Could it be Pengzhan? It can't be. You're just hitting on his daughter. He has no reason to remove your kidney, right?

It has to be him or somehow connected to him! I Pinliang didn't want to tell his father the truth as he hesitated, but he revealed it to him anyway.

Blood drained from Fabai's face. His son was a little too bold, wasn't he? He dared to kidnap Mengyao? He even went to threaten Pengzhan? Fabai had wanted to storm into Pengzhan's office and get his revenge, but after listening to Pinliang's explanation, he went silent.

Frankly, it was his son's fault for kidnapping Mengyao, but wasn't removing a kidney going a little overboard? He could've just beaten him up or broken one of his legs. Removing a kidney was too much!

Although he was working for Master Bing, he still couldn't face Pengzhan alone! He could only seek help from Cihua, as Fabai was working directly under him. Cihua could at least avenge his son for him, couldn't he?

Fabai told his son that he could still survive losing a kidney and ordered his son to stay in the hospital until he was fully recovered as he took his leave.

Of course, Pinliang knew that he wouldn't just die from losing a liver, but he couldn't just lose it without taking revenge, could he? He understood that he wouldn't perform well in bed and would fail to impress girls in the future, but it was useless to be depressed about it now. He had to take the initiative in taking his revenge!

The relationship between Fabai and Cihua was in the middle of honeymoon period, so when Fabai wanted to meet him, he wouldn't reject him.

Zhong bro, what's going on so early in the morning? Cihua welcoming Fabai in his bar paid Fabai huge respect and gave him enough face.

Fabai was stunned. How was this early in the morning? It was afternoon. But after remembering that Cihua worked a bar, his working hours were different from others, so he chose not to comment.

Chapter 560 – Kang Xiaobos House Troubles

Cihua bro, is Master Bing around? Cihua's enthusiasm made Fabai optimistic about the revenge.

Master Bing was having *** with three chicks yesterday. Hes still probably sleeping, Cihua said casually. He didnt mind telling him the truth since he had considered him his partner.

Hehe, such strength! His stamina is impressive! Fabai gave a big thumbs up as he complimented Master Bing.

Of course, hes Master Bing. Cihua smiled. Zhong bro, do you have any business with Master Bing?

I dont need to bother him. Cihua bro, you alone are more than enough to handle my case! Fabai flattered.

Tell me about it. Cihua wasnt carried away by the flattery, rather asking about the problem.

Cihua bro, Pengzhan has gone overboard this time. You have to help me! Fabai sat in front of Cihua and thundered, I may be Master Bings dog now, but he didnt even hold back with his assault. His actions carried too far!

Oh? Chu Pengzhan? Li Cihua asked calmly.

My son, Zhong Pinliang, was just hitting on his daughter, Chu Mengyao, but just because of that, one of his kidney was removed! Dont you think hes being ridiculous? He made light of both Master Bing and you, Cihua bro! Fabai said angrily.

Wait, what did you say? His kidney was removed? Cihua was in shock. He believed that Pengzhan would do anything for his daughter but removing a kidney? That was impossible, wasnt it? Besides, at the mention of kidneys, Cihua thought of another guy. Are you sure its Pengzhan?

Erm I have no evidence but Im pretty sure of it! Fabai complained, My son said that he was warned not to get close to Chu Mengyao, or else his life would be in great danger! So it must be Pengzhan; theres no one other than him!

Is that so Cihua nodded. Alright, you may leave now. Ill discuss this matter with Master Bing later.

Cihua was cunning. He wouldnt promise Fabai anything, even though Fabai was his underling now.

Cihua bro, you have to help me. Pengzhan went overboard this time! Fabai started to panic after seeing no reaction from Cihua. He wasnt a match for Pengzhan, so it would be futile to fight him alone.

OK, if this is really Pengzhans doing, Master Bing will surely avenge you, Cihua said solemnly. Master Bing had wanted to dominate Pengzhan Industries, so he didnt mind helping Fabai fight Pengzhan in the slightest. He could even make Fabai owe him a favor for helping him.

Sure, Ill head back home and wait for your good news! Fabai couldnt keep negotiating since Master Bing was still sleeping.

Something big happened to Xiaobos house. Someone came to his teahouse to disturb the peace.

Xiaobo had planned to meet Lin Yi, but because Lin Yi left for Yanjing and he didnt know if he had returned to Songshan, Xiaobo had no choice but to face the incoming problem alone.

Mr. Kang was an honest businessman. His business was still profitable, so his family was living a modest life until the peace was destroyed.

There was a newly opened teahouse right in front of their teahouse which was where the silence was vanished one month ago.

House Kang had been operating the teahouse for years. It was a well-known teahouse. They didn't get a lot of customers, but the newly opened teahouse obviously had a lot less customers than them. The head of the newly opened teahouse, Zhang Baji, wasn't happy with the success of his rival, so he planned to sabotage House Kang's business by sending gangsters there daily.

Although House Kang's teahouse was a well-known location, the Kangs couldn't afford to have gangsters strolling around every day. A teahouse was meant to be a quiet and peaceful place. The customers were mostly businessmen and couples. So they couldn't handle all the shouting and noise made by the gangsters, could they?

The Kangs wanted to report this to the police, but they couldn't do anything about it because the gangsters didn't do anything illegal; they were just being loud! The gangsters were still customers. They had the right to drink tea there, but the problem was that they drank a pot of tea for the whole day!

In addition, the teahouse offered free cards for them to play games with, but they enjoyed themselves a little too much. They were constantly shouting! In truth, they were still customers; they paid for the service. They could do anything they wished as long as they were customers.

Mr. Kang knew that he had offended his rival, so he wasn't angry about the downfall of his business. Although the gangsters' money wasn't enough to pay for their daily expenses, his father had no better choice.

After a month, the Kangs were almost at their limit, and their rival came to their teahouse. But Zhang Baji didn't come alone. He came with someone powerful and popular in Songshan!

Mr. Kang knew that guy very well. He was aware of his current situation.

Chairman Kang, were in the same business. It's my pleasure to meet you! Baji greeted him warmly. Come, let me introduce you my friend. This is Chairman Zou from Tiandi Entertainment, and this is his eldest son, Zou Ruoguang. Just look for them when you encounter any trouble!

Mr. Kang knitted his eyebrows together when Baji gave him a thumbs up to end his sentence. Wasn't this a threat? But Mr. Kang handled this situation calmly. He wasn't a kid. He knew that in this dog eat dog world, the strong survived and the weak died.

Chairman Zou, Chairman Zhang, may I know the purpose of this visit? Did you guys come for the tea or shall we talk shop? Mr. Kang wasn't pleased with them, but he endured the unpleasantry and asked nicely.

What the f*ck, did you just ignore me? I'm standing right here, did you not see me? Or perhaps you didn't think me human? Zou Tiandi and Baji were silent but Zou Ruoguang exploded, pounding the table while pointing at Mr. Kang. He flipped the table around, sending sets of crockery flying and hitting the ground. The crockery shattered into pieces.
