

Chapter 681: Restored Confidence

Restored Confidence

“The money is yours!” Li Cihua didn’t have time to chat with Direwolf. He smashed his phone to the side and rushed to find helpers! He must inform Master Bing about this as soon as possible!

The news was spread amongst the media. However, it was still unknown to citizens since the media required time to write articles. They are still at the preparation stage and they hadn’t published the news yet.

Even television channels were working overtime to edit the news conference, and they would air it immediately once it was ready.

Li Cihua staggered as he dashed into Master Bing’s room, “Master Bing, it’s no good. Our plan has failed!”

Master Bing was reading the prequel to Fishman II’s novel, *So Pure, So Flirtatious*. It was a rather refreshing urban fiction. He was imagining that he was the protagonist and bullying one of the supporting roles when Li Cihua interrupted him. He gruffed, “What are you yelling for? Which plan failed?”

“Master Bing, Direwolf just gave me a call. Doctor Guan medical company already found out the reason behind First School’s unconscious students. They’ve been poisoned and they even distinguished the type of poison. It’s called Deadly Seven Herbs Poison and they created an antidote for it...” Li Cihua panicked.

“Impossible!” Yaowang opened his mouth before Master Bing could, “Deadly Seven Herbs Poison is a thousand-year poison, and there is no cure to it. I don’t even know what the antidote for it is. How could they have the compounds for it?”

“I don’t know. Direwolf just passed on the information to me...” Li Cihua merely communicated what Direwolf wanted to say.

“Turn on the television. If it’s real, it must be on the news!” Master Bing frowned. He had heard of Doctor Guan medical company before. It was a recently established company that was at the center of attention right now. They put themselves under the spotlight at House Yu’s auction. Perhaps they really have an antidote for it? Otherwise, how did they know that the poison was called Deadly Seven Herbs Poison?

Li Cihua immediately turned on the television, and it just happened to be airing Doctor Guan medical company’s news conference.

Everyone in the room was shocked when they saw Fatty Lai talking leisurely yet confidently. Master Bing clenched his teeth furiously. He was extremely delighted to hear that Mengyao was poisoned, but in a blink of an eye, an antidote to the Deadly Seven Herbs Poison was created by Miracle Doctor Guan medical company.

“Impossible, impossible!” Yaowang widened his eyes in shock. Disbelief filled his face, “This is a thousand-year poison with no cure. Even if they distinguished the poison, it is impossible to make the antidote in such a short period of time, not even that person!”

The person Yaowang mentioned was the only person who defeated him and his only nightmare. However, it was even impossible for that person to make an antidote within such a short period of time!

However, the reality was right before their eyes and Yaowang had no choice but to believe it. After all, news shouldn't be fake. If Miracle Doctor Guan medical company didn't create an antidote but said so, the company would suffer severely when it got exposed. It was rather deadly to a newly established company!

Master Bing was annoyed when Yaowang repeated mumbled “impossible” and frowned, “Enough. If it didn't work this time, we'll think of something else!”

Master Bing didn't think Yaowang was so fragile that he couldn't even withstand a single blow. He wasn't discouraged when his Qibing skyscraper collapsed. Instead, he was thinking about how to make Lin Yi pay for it!

Of course, Master Bing thought like this because he didn't know the deadliness of Deadly Seven Herbs Poison. Only Yaowang knew how horrifying the Deadly Seven Herbs Poison was. He was certain that the poison would do the job since he didn't even have the antidote for it. How would an ordinary hospital have it?

He never imagined Miracle Doctor Guan medical company to create an antidote for Deadly Seven Herbs Poison! He couldn't believe it but the reality forced him to. After all, they diagnosed the cause of the students' coma and pointed out the poison's name. In other words, they must have a degree of understanding about the poison, so the antidote was real. Whether an antidote could be made or not had nothing to do with Miracle Doctor Guan medical company. If they were incapable, why did they take on the job?

It seemed like they were rather skilled!

Miracle Doctor Guan, Guan Xuemin... Previously, Yaowang never thought much of Guan Xuemin in his eyes. Although Guan Xuemin was given the honorific of ‘Miracle Doctor’, those hidden noble houses have their own imperial doctor, and Yaowang was one of House Zhao's imperial doctors!

But now, Yaowang had to face Guan Xuemin squarely since he seemed that he like he had some skills?

Guan Xuemin, I'm watching you. I will compete against you!

...

When the news aired, Gao Xiaofu was also informed and he was allowed to go home from school!

After he went home, he was scared yet excited at the same time. He was excitement from the mischief! It was his first time doing something as bad as poisoning others! When he saw that the ambulance rushed twenty-eight students to the hospital and given critically ill notice, an inexpressible sense of pleasure filled his heart!

However, deep worry hit him. After all, it was twenty-eight lives. If they all died, then he would be a criminal!

When the hospital failed to diagnose the cause, Gao Xiaohu slightly relaxed. Although he indeed poisoned those students, but they didn't have any evidence. If the hospital couldn't give the public an answer, then the event would just end!

However, not long after the event, a company called Miracle Doctor Guan medical company hosted a news conference. They not only found out the cause of the coma, but they also gave the compounds of Deadly Seven Herbs Poison to the police. That meant that the police could quickly begin their investigations. When they investigate the food from their dining hall, he and Zhong Pingliang would easily catch the police's suspicions.

Gao Xiaofu panicked. He quickly picked up his phone and dialed Zhong Pingliang's number. He had to discuss a solution with Zhong Pingliang. They couldn't just wait for the police to knock on their door, could they?

Zhong Pingliang just finished his kidney transplant and he enjoyed the beautiful sunshine outside the window in bed. He felt like life was wonderful. With a new kidney, he felt like he restored confidence as a man.

Zhong Pingliang's phone rang and discovered it was from Gao Xiaofu.

Chapter 682: Poisoning Event Exposed

Poisoning Event Exposed

Zhong Pingliang picked up the call, "Xiaofu, good news, my kidney transplant was successful and I will restore my confidence as a man soon!"

"Uh... Liang bro, bad news, our poison was detected by a company called Miracle Doctor Guan medical company. They reported it to the police already. Do you think the police will come for us?" Gao Xiaofu wasn't in the mood to congratulate Zhong Pingliang since fear filled his heart!

"What? They detected it this soon? No way!" Zhong Pingliang was also shocked. He never imagined the opponent to make a move this quickly.

Wasn't this Deadly Seven Herbs Poison a thousand-year poison. Wasn't the cure unknown?! It seemed like Yaowang under Master Bing wasn't so reliable!

"Exactly, Liang bro, what are we going to do! I don't want to go to jail. I'm still young..." Gao Xiaofu was even more horrified when he heard the nervousness in Zhong Pingliang's voice.

"Don't worry, Xiaofu, I'll ask my Dad right now. Master Bing already found someone as our scapegoat. Even if something happens, I will take all the responsibility without connecting it to you!" Zhong Pingliang comforted Gao Xiaofu.

"Good, that's good!" Gao Xiaofu finally relaxed a little. "So there's nothing I need to do? If the police come and ask me, should I say I don't know anything about it?"

“Mhm, do not say anything. If they ask, tell them to come and ask me and pretend that you had nothing to do with it!” Zhong Pingliang replied.

“Okay, I understand!” Gao Xiaofu replied thankfully. As expected of Liang bro. He didn’t push away his responsibilities.

Zhong Pingliang ended the call and immediately called his father over. Zhong Fabai was outside the room and he just turned on the television to see that the news about the poisoning event which happened in the First School. As he watched, Zhong Pingliang summoned him inside.

“Dad, we’re exposed! Hurry up and call Master Bing. Don’t make me take responsibility for it!” It was impossible for Zhong Pingliang to stay calm since he was afraid of going to prison. He just received a healthy kidney and he was supposed to enjoy life. He couldn’t rot away in jail, “Xiaofu just called telling me how all Miracle Doctor Guan medical company found the reason for the coma, and they notified the police...”

“I was just watching the news too!” Zhong Fabai nodded seriously. “I will call Master Bing right now. Although he arranged everything, we have to double check!”

“Okay, Dad, please make sure it’s alright. I don’t want to go to jail!” Zhong Pingliang reminded.

“I won’t. How can I possibly let you go to jail?” Zhong Fabai waved his hands and dialed Li Cihua.

“Old Zhong?” Li Cihua picked up Zhong Fabai’s call and knew roughly why he called. Hence, he spoke before Zhong Fabai asked, “I will arrange someone to give in to the police right now. If the police investigate Pingliang, tell Pingliang to use this saying. As for other things, Master Bing will help you settle it!”

Li Cihua told Zhong Fabai what Zhong Pingliang needed to say and Zhong Fabai finally calmed down...

With the compounds of the Deadly Seven Herbs Poison provided by Miracle Doctor Guan’s medical company, the police quickly found doses of these Chinese herbs in the food. The poisoner was clever. They only put one herb in one dish. These herbs on its own were safe. Even a few of them mixed together could even repair and strengthen the kidney. However, the seven herbs mixed together were extremely poisonous, and that was why only a minority of students were poisoned!

After all, extremely few students ordered all seven dishes and ate them. For those students who only consumed two or three dishes, they would not be poisoned.

After finding the source of poison, the police quickly arranged a team to investigate the school’s dining hall. Without a doubt, the police quickly pinpointed the suspects to Zhong Pingliang and Gao Xiaofu, who went to the dining hall before everyone else.

According to the chef, only Zhong Pingliang and Gao Xiaofu touched the food in the kitchen alone, and other than that, no one else came in contact with it.

After confirming the chef did not have a motive, the police focused on Zhong Pingliang and Gao Xiaofu!

Zhong Pingliang didn’t expect the police to act so fast. They knocked on his door not long after Gao Xiaofu called him.

“Hello, I am Liu Wangli, Songshan’s First Team team leader. This is my ID” Liu Wangli came quickly and Zhong Pingliang’s father, Zhong Fabai greeted him.

“Hello, Officer Liu, you are finally here, that’s great!” Zhong Fabai quickly shook Liu Wangli’s hands passionately which surprised Liu Wangli. He was there to arrest his son. Why was he so passionate about it?”

“Mr. Zhong, why, did you look forward to my arrival?” Liu Wangli questioned in bewilderment.

“Yes, My son, Pingliang, became absent-minded and self-abased after he was harmed by a kidney trafficking company. One of his kidneys were taken away. I wanted to call the police, but he wouldn’t agree no matter what because he was afraid that the criminals would take revenge!” Zhong Fabai sighed pitifully, “I feel so sorry for my son. Since you are here, please persuade him. Tell him to cooperate with you to arrest the criminals!”

“Huh?” Liu Wangli was speechless. He never imagined that Zhong Pingliang was also a victim of the kidney trafficking company. It seemed like this wasn’t as simple as what he thought. Was there an ulterior motive?

He decided to talk with Zhong Pingliang, “Is that so? Where is Zhong Pingliang right now?”

“He’s inside the room. He said that students laughed and scorned him at school for only having one kidney. They said that he was no longer a man, but a eunuch!” Zhong Fabai sighed as he spoke, “They scoffed and said that he sold his kidney to purchase ID, but officer Liu, does he need to sell his kidney with our family’s financial condition? Although I’m not that rich, I’m at least the CEO of an entertainment center, aren’t I? Can I not afford an ID?”

“...” Liu Wangli never thought of this before. On the contrary, he felt sorry for Zhong Pingliang after listening to Zhong Fabai’s words. However, how did Zhong Pingliang go poison the food and then hospitalized? He found it strange and asked, “Did Zhong Pingliang go to school today? According to our investigation, Zhong Pingliang should be at school right now. Why is he hospitalized again?”

Chapter 683: Deception

Deception

“Well, I haven’t finished. He suffered in school because other kids were sneering at him, and I thought that if Pingliang continued to suffer, he might turn insane and do actions that he might regret. He is the only son I have!” Zhong Fabai continued, “So I contacted a black agency and bought another kidney for Pingliang. He just finished his kidney transplant and he’s resting inside!”

“You bought another kidney for him? And he just finished the transplant?” Liu Wangli was even more shocked. So Zhong Pingliang had surgery immediately after he poisoned students? What efficiency!

“I also know that it’s illegal to purchase organs through agencies, but you should be able to understand my feelings as a parent!” Zhong Fabai sighed, “If you are going to penalize someone, penalize me. I can’t let Pingliang return his kidney. He can’t afford to lose it! He just restored his confidence as a man and started to cheer up again. Please don’t ruin his life!”

Liu Wangli found it strange. What did it sound so weird? Did Zhong Pingliang poison the food or not?

“About the agency... I will pretend that I don’t know about it. However, there are other things I would like to ask Zhong Pingliang. May I talk to him alone?” Liu Wangli asked. Since Zhong Pingliang already had the kidney transplant, there was no point to look into the agency further since he was already a victim.

“Yes, of course, you can! Please persuade him and restore his confidence so he can go back to school again!” Zhong Fabai agreed.

Liu Wangli nodded. He walked into the room and saw Zhong Pingliang laying on the hospital bed.

Zhong Pingliang naturally saw Liu Wangli who was dressed in uniform. He hesitated slightly and greeted him gloomily, “Hello, officer. If you are here to ask me to help to collect evidence for the kidney trafficking company. I don’t want to go. I don’t want to lose face them again, and I’ve had enough. I don’t want them to seek revenge on me! But, if you are asking about the school’s coma event, I confess that I did it, but that was not my real intention... Really, I didn’t think the consequences would be this severe...”

Liu Wangli froze at Zhong Pingliang’s straightforward confession. He didn’t think that Zhong Pingliang would confess the moment he stepped into the room! It seemed like he accumulated too much stress and confessed everything.

The psychological tactics he prepared didn’t come into use. Instead, Liu Wangli believed that there were more to the story. Because of his sympathy for Zhong Pingliang as a victim, he didn’t want a high school boy to become a criminal.

Perhaps, there was more behind it? According to him, if it wasn’t his real intention, then what was it?

“Zhong Pingliang, I don’t know what your real intention is, but since you confessed that you were the one who poisoned the students, do you know what kind of consequence you will take? It’s murder. Do you know how heavy the charges will be?” Liu Wangli scolded seriously.

“I didn’t know it was poison... I really didn’t, and I didn’t want it to end like this... Sorry, I’m sorry...” Zhong Pingliang grabbed his hair in pain and vexed.

“You didn’t know it was poison? Then tell me what exactly happened.” Liu Wangli frowned and asked.

“But if I tell you, you will arrest my relative. I didn’t know what he gave me was poison...” Zhong Pingliang seemed to be in distress, but in fact, he revealed more important “clues”.

A light flashed across Liu Wangli’s eyes. As expected, there were more behind the story. If that was the case, it meant that Zhong Pingliang wasn’t the mastermind behind it. From what he said, he was also a victim? Hence, Liu Wangli spoke, “Zhong Pingliang, you must tell me the truth right now, or, you are taking responsibility for other people’s crime, do you understand? However, this really has nothing much to do with you, we can decrease your penalty. There might not even be a penalty considering that it is your first time and a patient!”

“Ah...” Zhong Pingliang sighed and hesitated for quite a while before speaking, “If you don’t penalize me, will you penalize my relative? Will he be sentenced to death?”

“If this has nothing too much to do with you, your penalty may be decreased or you might have no penalties at all. However, if your relative is the mastermind, then he will take the charges. Whether he will be sentenced to death or not depends on his motive and attitude towards admitting his fault. Of course, it will also depend on the court’s final judgment!” Liu Wangli replied.

“Fine. You’ll find out from investigation even if I don’t tell you,” Zhong Pingliang nodded and recalled, “It all started from the time my kidney was taken away! My classmates all laughed at me after I lost my kidney and they looked at me strangely. Some of them even secretly said that I wasn’t a ‘whole’ man anymore but a eunuch! Some of them even mocked me that I sold my kidney for an ID. It made me lose all my dignity! I loathe them, and they are such bad people. They don’t understand how painful it was. They don’t understand how ashamed I felt. I hate them...”

“And then?” Liu Wangli nodded and began to feel sorry for Zhong Pingliang. He already lost a kidney and others mocked him for it.

“I paid for everyone to hang out by the ocean, but they treat me like that? They mocked me and I hate them, so I wanted revenge!” Zhong Pingliang’s eyes burned with fury.

“Continue. How did you plan to take revenge?” Liu Wangli pondered. Was it the motive behind his action?

“I didn’t know how to avenge for myself and at this time, but one of my relatives came to visit me. I told him my thoughts and he said that he would help me out. He said that he would take care of everything! He helped me construct a plan to tease them. He told me to put laxative in their food, so they will have to go to the toilet during class, and all the toilets in school will be full of people. If they poop their pants, they will lose all their dignity! They would know how painful it is to be mocked by others! I could laugh at them all I want...”

“Laxative?” Liu Wangli frowned. If Zhong Pingliang only put laxatives in their food, what he did couldn’t be considered an offense. If there were no severe effects, it was only mischief, a prank!

“Yes. But I didn’t know where to buy laxatives from, and I didn’t dare to buy them randomly. I was afraid that my classmates won’t be hurt if the dosage was too strong!” Zhong Pingliang nodded.

Chapter 684: Turn In To The Police

Turn In To The Police

“I just wanted to teach them a lesson and I didn’t want them to end up in the hospital. Well, the relative who came up with the idea was in the medical business, so I asked him to get some laxatives for me...”

“Is the laxative he bought for you the poison you put into the food?” Liu Wangli nodded and continued to question.

“Yes. But he didn’t tell me it was poison. He said it was a type of laxative...” Zhong Pingliang continued, “He said that the laxative was made from seven types of herbs with small side effects. However, the impact would be too heavy if I made all the students in the school suffer from diarrhea. So, he told me

they will only suffer from diarrhea if they ingest specific types of herbs. Ingesting different herbs will cause different kinds of diarrhea, so it won't be as suspicious..."

Liu Wangli nodded. If it was as what Zhong Pingliang said, then he was most likely used by his relative! After all, the idea and the laxatives used to execute the plan were all provided by his relative.

Zhong Pingliang was nothing but a victim who had been tricked!

From the poison Zhong Pingliang's relative gave him, it was impossible for his relative to mistake poison for laxatives. It was clearly done with careful consideration! Zhong Pingliang was an idiot too for following what he was told to do without thinking?

"What's your relative name?" Liu Wangli asked.

"His name is Jin Maoxing, my uncle, Jin Gubang's distant relative," Zhong Pingliang replied.

Liu Wangli nodded and when he was about to continue, his phone rang. Liu Wangli picked up and quickly picked up seeing that it was from the station, "It's Liu Wangli, speak!"

"Team leader Liu, there's a person called Jin Maoxing who came to turn himself in, saying that he's the mastermind behind the poisoning of the First School..." The call was from one of Liu Wangli's subordinates.

"Oh? Understood. I will return immediately!" Liu Wangli thought that it was too coincidental. As soon as he just made Zhong Pingliang confess the suspect's name, the suspect went to turn himself in. However, Liu Wangli no longer doubted Zhong Pingliang's words.

After he hung up, he turned back to Zhong Pingliang, "Zhong Pingliang, although you are also a victim, you are still responsible. Do not leave Songshan until the case is closed."

"Okay..." Zhong Pingliang nodded, "I will be hospitalized for a while and I won't go out..."

"You don't have to be afraid now. The police force has terminated the kidney trafficking company, so you don't have to feel pressured anymore!" Liu Wangli continued, "We hope that you can be our witness and accuse the kidney trafficking company!"

"What? They've been caught?" Zhong Pingliang was shocked. He just completed his kidney transplant at noon and they were caught within such a short time? What efficiency!

"Yes, the kidney trafficking company has been completely eliminated. Of course, if you are worried that they will take revenge against you, we can arrange a team to protect you when you are hospitalised!"

Zhong Pingliang wasn't actually afraid of revenge from the criminal organization. It was only a lie for the sake of confusing Liu Wangli. However, when he heard that the trafficking company was eliminated, Zhong Pingliang was touched. Did they catch An Jianwen?

In Zhong Pingliang's heart, he still loathed An Jianwen. After all, An Jianwen was the person who took his kidney. As for Lin Yi, Zhong Pingliang no longer hated him. Lin Yi's organ was transplanted to his body. Why would he still hate him? He should pity Lin Yi more than anything!

A grandmaster who lost a kidney, what a joke! He heard from Heibao bro that Lin Yi was a golden division master. If he had the kidney of a golden division master, would he possess the ability of the golden division too? He didn't need all of it, half was more than enough! Zhong Pingliang fantasized about his potential powers, planning to test his ability after he was fully recovered...

Hence, when Zhong Pingliang heard that the kidney trafficking company was completely eliminated, he felt great and then surprised. He couldn't do anything to An Jianwen, but the police could! Now that he had a new kidney, he no longer needed An Jianwen for anything. It didn't matter if the company was eliminated...

"Oh... If I become a witness, can I make up for my mistake of poisoning the students?" Zhong Pingliang pretended to hesitate.

"Of course you can. We have to put everything into consideration when deciding your final penalty," Liu Wangli said.

"Okay, I'll do it!" Zhong Pingliang nodded, "But you need to protect me. I don't want the remnants of the kidney trafficking company to take revenge against me..."

"Rest assured, we will definitely put our witness' safety into consideration!" Liu Wangli nodded.

Zhong Pingliang felt great. He didn't only avoid trouble for poisoning the students, the police even promised to protect him. He was too awesome! If Lin Yi knew about it, wouldn't he be furious? Hahahaha!

After Liu Wangli left, Zhong Fabai quickly walked into Zhong Pingliang's room, "Pingliang, how was it? Is there any problems?"

"No, my acting was great!" Zhong Pingliang was pleased with himself, "That Liu Wangli seemed to pity me and said that since I was tricked into doing the poisoning and that I could make up for it, there shouldn't be any problems!"

"That's good!" Zhong Fabai nodded, "Everything has been arranged for your uncle, Jin Gubang's relative. Master Bing gave his family three million yuan as the settling fee. His wife died early and he has two sons. He was worried that he didn't have any money to take care of his sons' weddings. Now that he has all the money, he's too happy about it. He said it's worth dying for!"

"Oh right, Dad, I heard from Liu Wangli that the kidney trafficking company was eliminated?" Zhong Pingliang lowered his voice, "I just had the transplant at noon, how did the police do it so quickly? Was it An Jianwen's headquarter they eliminated?"

"What? This quickly? An Jianwen is unlucky!" Zhong Fabai was pleased as he spoke. An Jianwen took his son's kidney, how could he forgive An Jianwen so simply by giving a kidney back? It was his punishment that his headquarter was destroyed, "But luck is on our family's side since the police caught them after your transplant. You are fortunate!"

"Of course! I think the fortune turned for our family! I didn't only win against Lin Yi once, you also successfully earned the support of Master Bing! It's hard for House Zhong not to flourish!" Zhong Pingliang rejoiced.

Chapter 685: Motive

Motive

“Haha, indeed!” said Zhong Fabai. It was indeed just like what Zhong Pingliang said. House Zhong would flourish!

The father and son laughed joyfully in the room. After a while, Zhong Pingliang felt like something was wrong and quickly warned, “Dad, stop laughing. Liu Wangli said that he would arrange for police to come and protect me. Don’t let them detect our plan!”

Zhong Fabai stopped laughing abruptly and almost couldn’t catch his breath for quite a while, “Why didn’t you tell me earlier?”

... ..

Jin Maoxing rehearsed many times, and he quickly confessed everything after arriving at the police station. As to why he turned himself in, it was because he could no longer cope with the pressure after watching the television!

His motive was simple; the decision was made on a spur of moment! After hearing Zhong Pingliang’s complaint, he thought of the plan on the spot. As to why he wanted revenge, it dated back to something which happened a year ago.

A year ago, Jin Maoxing’s family struggled with poverty. It was impossible to raise two children by himself by selling Chinese medicine alone. Although it was enough for daily necessities, he had to prepare something for his sons’ future wives, right? Who would marry your sons without a house or car?

Jin Maoxing began to think of ways to support his family, so he found his distant relative, Jin Gubang. He asked Jin Gubang to find him something to do. He contracted with First High School’s dining hall and it solved his desperate problem temporarily!

It was a money-earning job. He would have no problem earning tens of thousands every year. Jin Maoxing thought that it shouldn’t be difficult for Jin Gubang, who was the second biggest shareholder of Pengzhan Industries. In fact, Jin Gubang didn’t think it would be difficult either. Although they were distant relatives, they were relatives of the same surname and he could help Jin Maoxing.

However, when Jin Gubang made the request during the meeting with the board of directors, Chu Pengzhan rejected it! The reason was simple, The First School’s dining hall must be self-operated. This way, they could guarantee the freshness of ingredients, and it could bring the school a considerable amount of income?

Jin Gubang lost face and loathed Chu Pengzhan. However, he had been scheming to replace Chu Pengzhan’s place, but he hid it well.

Jin Maoxing failed to contract the dining hall and hated Chu Pengzhan to the bones. He didn’t plan to avoid paying fees, and self-operation wouldn’t earn much more than contracted operation. Why wouldn’t Chu Pengzhan sign a contract with him?

However, because Jin Gubang was still a shareholder of the company, Jin Maoxing didn't do anything even if he was unsatisfied.

In a blink of an eye, one year had passed. Zhong Pingliang's complaint made Jin Maoxing recall the event from a year ago. Now that Jin Gubang was no longer the shareholder of the company, Jin Maoxing could do whatever he wanted and it wouldn't affect Jin Gubang anymore!

Jin Maoxing thought it was funny. He lost his contract because the school wanted self-operation. *Aren't you guys self-operated? Then I'll make something go wrong and show them the consequences of self-operation!*

Of course, Jin Maoxing considered the consequences when he did it. He knew that he gained the poison from an old Chinese medicine when he was traveling around the country to collect medicines. It was an ancient recipe which was lost for years. The compounds were also complex since all seven herbs had to be ingested in order to be poisoned. This kind of unique medicine should not be detected by the hospital nor the police, and it will end without a result!

However, he didn't imagine that Miracle Doctor Guan's medical company detected the poison and gave the compounds to the police. Jin Maoxing couldn't stay still and turned himself into the police under pressure!

What Jin Maoxing said was reasonable and his motive was sufficient. The remaining seven types of herbs were found in his property, allowing the police to close the case quickly. As for Zhong Pingliang, Jin Maoxing made it clear that he simply used him and it had nothing much to do with Zhong Pingliang. He did it by himself and he would take responsibility by himself too since he asked not to penalize Zhong Pingliang.

Liu Wangli felt sympathetic towards Zhong Pingliang. After a meeting, considering that Zhong Pingliang was a victim of the kidney trafficking company and the police was attempting to minimize the impacts which the company brought to the public, it was best not to publicize what Zhong Pingliang did! Zhong Pingliang was tricked and cheated by Jin Maoxing, making him a victim too. As such, Zhong Pingliang was saved from a penalty, but he couldn't avoid criticism and education.

However, they didn't know whether all the remnants of the company were arrested. As the victim, the police provided necessary security for Zhong Pingliang with police guarding his room twenty-four seven. After all, they needed Zhong Pingliang to be the witness for the case.

After, Liu Wangli gave Ting Binggong a call and discussed Zhong Pingliang separately.

"Headmaster Ding, Zhong Pingliang is quite a poor child. Having one of his kidneys taken away was unfortunate enough, yet all the students laughed at him. It's quite unbeneficial for his psychological growth!" Liu Wangli continued, "I suggest the school organize an activity of showing love. They should visit Zhong Pingliang at the hospital together..."

Liu Wangli had taken all the responsibility he could for Zhong Pingliang. He suggested this to the school for the sake of his psychological growth.

Ding Binggong naturally agreed. After all, the students' psychological growth was just as important as their education!

Hence, the coma event at First High School temporarily ended. Their reputation was restored and they just had to wait for the police to host a news conference to announce the truth.

...

As for Tang Yin, she already called Lin Yi and asked him to save her rival. There was nothing Liu Xinwen and Kang Xiaobo could do. If Tang Yun was willing to do so, what else could they say?

They were free in the afternoon, so Kang Zhaoming decided to take Xiaofen for a check-up at the hospital. Xiaofen's schizophrenia was obviously better after a period of treatment. After she saw Kang Zhaoming last time, it made her lose confidence in Kang Zhaoming completely, removing him from her heart.

It was what Kang Xiaobo loved to see; otherwise, he always felt like he was Kang Zhaoming's replacement.

Xiaofen's schizophrenia hasn't relapsed for a while, and her parents were extremely happy, but also appreciated Kang Xiaobo. If it wasn't for him, their daughter wouldn't have regained hope for her future life! For the past few years, Xiaofen's parents worried the most about her illness and they had almost spent all their savings to treat her!

Chapter 686: Cold Bro

Cold Bro

The doctor at the hospital clearly stated that Fen's schizophrenia was caused by something that weighed heavily on her mind. Once she let go of it, she could be healed completely. The hospital could only control the time of her relapses, and the treatment won't have many effects.

Kang Xiaobo's appearance gave a ray of light to Fen's parents. However, they were also worried. Although Kang Xiaobo liked their daughter would Kang Xiaobo's parents accept their daughter? Of course, before the accident happened to her daughter, it wasn't so difficult. Although they weren't rich, their daughter was beautiful. Kang Xiaobo's family wasn't one of those wealthy noble houses, so they were rather an ideal couple!

But now, their daughter was a broken flower. She had problems with her legs and feet. Although she was better mentally, she was left with a medical history of mental disease. Although this kind of mental disease caused by emotional wounds and not heredity, Kang Xiaobo's family may not think so. What if they refuse her?

Fen's family was worried, yet there was nothing they could do as they hoped that Kang Xiaobo could deal with his family.

However, Fen's parents never thought that Kang Xiaobo would take Fen to attend Miracle Doctor Kang's birthday party. She did not only see Kang Zhaoming face to face but also saw Kang Xiaobo's parents!

This made Fen's parents nervous and worried. They were afraid that Kang Xiaobo's parents would come to their place, and they were scared that Kang Xiaobo's parents would separate these children. Although

they waited for a few days, Kang Xiaobo's parents didn't come, and Kang Xiaobo came to visit Fen just like before. This made Fen's parents sigh in relief.

After asking their daughter, they realized that it wasn't exactly what they thought it was! Kang Xiaobo's parents were initially opposed for the children to be together, but because Lin Yi had been persuading between them, Kang Xiaobo's parents had agreed!

There was no other reason than Lin Yi gave Kang Xiaobo a chance to shine, allowing him to gain confidence and sources in front of his parents. After all, Kang Xiaobo could say that he is a grown up and he was able to take care of things himself. As for a relationship, he could handle it appropriately.

When Fen's parents saw Kang Xiaobo, Tang Yun, and Liu Xinwen at the door together, they questioned, "Don't you lot have school today? Why are you here so early?"

"We are on vacation so I thought we will take Fen to the hospital for a check-up," Kang Xiaobo smiled as he greeted Fen's parents.

"Mhm, I wanted to visit Uncle Tang anyways. I wanted to go a long time ago, but it's inconvenient for me to move around, and my parents won't let me go alone," Fen was glad after hearing Kang Xiaobo's suggestion.

Fen and Tang Yun had been close friends ever since childhood. She always went to Tang Yun's place for food, and she was close with their parents. Now that Tang Jucheng was hospitalized, she naturally had to visit.

"Exactly, we also want to go and visit Old Tang, but we don't know when Qibing Real Estate will come and demolish the house. We are too scared to leave. What if they demolish the house with a bulldozer as soon as we leave?" Fen's parents sighed, "These people don't have any morals, I can't help it..."

"What? No way? How dare they?" Kang Xiaobo was shocked.

"That isn't even the worst part! Tang Yun's place had people inside, and they still bulldozed the house, not to mention those empty houses!" Fen's father fumed, "Old Niu's house at the front was demolished when he left. They have no one to complain to and they don't even know where they can live?"

"They really did that?" Kang Xiaobo clenched his fist, furious. However, he knew that he lacked power, and he couldn't change anything, "It'll be great if the boss is willing to intervene!"

He remembered that Lin Yi was bold enough to demolish Zhao Qibing's Qibing skyscrapers and beat him until he was disabled. It was unbelievable! The most incomprehensible thing was why didn't Zhao Qibing take revenge?

Zhao Qibing only prayed the weak! In fact, Kang Xiaobo didn't know that Zhao Qibing tried to take revenge. He tried to take revenge against Chu Pengzhan, but Lin Yi solved it again!

"Forget it. We are just citizens. Those people are worse than the criminal underworld. How dare we act against them?" Fen's father shook his head, "How does Lin Yi have time to take care of it? Don't give him more trouble!"

It wasn't that Fen's parents didn't want Lin Yi to talk to Zhao Qibing and compensate his family more. But why would Lin Yi help them with something like this? Lin Yi wouldn't care about the compensation. He didn't need money, but to let out his anger.

Kang Xiaobo didn't dare to agree immediately. He could only wait until he saw Lin Yi again to talk about it. Although he wouldn't ask Lin Yi to take care of all of it, he wanted to help Fen's family as much as he could. After all, Fen was his girlfriend.

Kang Xiaobo took Fen, Tang Yun, and Liu Xinwen out of the slums and caught a taxi as the four of them rushed to the hospital.

Kang Zhaoming was shivering in the ice hockey rink without caring about the others looking at him like an idiot. Eventually, he felt like he was at his limit. He was cold yet hot with a runny nose and teary eyes. He finally spoke to Zhu Xiaozhang who was on his side when he was on the verge of fainting, "Xiaozhang, feel my forehead. Do I have a fever yet?"

Zhu Xiaozhang quickly touched Kang Zhaoming's forehead and jumped, "Master Ming, your forehead is so hot that it's enough to boil water!"

"Really? That's great, let's go!" Kang Zhaoming clenched his teeth tightly as he laughed miserably.

"Yes, we finally succeeded!" Wang Shubin was also extremely happy. He was still shivering even if he was wearing a cotton jacket. He really didn't want to stay here anymore.

"Haha, I finally caught a cold!" Kang Zhaoming was suffering happily. He stood up and swayed towards the exit.

Everyone in the ice rink was shocked. Was that person an idiot? Finally caught a cold? Did he come here to catch a cold? Does he have a mental illness?

The girl who took a photo with his phone previously recorded this scene down. She prepared to upload it directly onto the Internet because he was the "cold bro"!

After Kang Zhaoming, Zhu Xiaozhang, and Wang Shubin left the ice rink, they drove the Porsche Cayenne back to the hospital since he was in a rush to receive retreatment from Guan Xin!

It was hot outside yet Kang Zhaoming couldn't help but shiver. But he was afraid that he couldn't catch his breath. He ordered Wang Shubin, the driver, to turn the air conditioner to the max. In the end, Wang Shubin and Zhu Xiaozhang suffered with him. Even if it was hot, how could he turn the air conditioner to the max? Wouldn't they freeze to death?

Chapter 687: Failed Again

Failed Again

Even Wang Shubin and Zhu Xiaozhang started sneezing after their long journey to the Songshan's First Hospital. Their conditions weren't as severe as Zhaoming, who couldn't stand on his own feet, and they assisted him into the hospital, rushing towards the floor where Guan Xin was working. They found her in the duty room.

“Achoo!” Zhaoming sneezed when he entered the room. The sneeze gave Guan Xin a good fright who was adjusting the dosage of the medicine. She turned her head to see two guys assisting Zhaoming in, she paused, “Why are you here again?”

“Guan Xin, I’m sick....” Zhaoming was ecstatic as he finally had a reason to get close with Guan Xin now. “I’ve caught a cold, can you give me an injection?”

“Have you taken a number? Visited the outpatient service counter? The medical order?” Guan Xin frowned. She couldn’t understand how Zhaoming got so sick. He only left for a moment, and he seemed to be in a serious condition too.

Whether he was faking it or not, Guan Xin couldn’t help him with the injection without the doctor’s permission. How could she just inject anything?

“Huh? Do I still have to visit the outpatient service? Look at me. I’m gonna die if you don’t give me injection now....” Zhaoming startled, and he suddenly remembered the procedure of visiting the hospital! The fever was to be blamed making him blurred and clouding his mind! However, both Zhu Xiaozhang and Wang Shubin didn’t remind him, either! They didn’t even have a high fever. Why were they this stupid then?

He glared daggers at Xiaozhang and Shubin furiously but couldn’t scold them in front of Guan Xin.

However, Zhaoming was actually wrong about Xiaozhang and Shubin. In the city, young masters like them never needed to take numbers! Especially when Zhaoming was connected with Miracle Doctor Kang. The people in the hospital were all familiar faces, and they could just visit their acquaintances and get the treatment done. In fact, they never knew that they have to take numbers to visit the doctors too.

“Erm... Miss Guan Xin, Master Ming’s condition is rather severe right now. We didn’t make it to the counter. Why don’t you give him the treatment first and then we’ll get the number later?” Wang Shubin quickly added.

“Then you have to visit the outpatient. Without a medical order, I can’t give you any medicine.” Guan Xin continued, “Since his illness is kind of serious, I think you guys should bring him to the outpatient service first?”

“Ugh.... actually it’s like this, I don’t know anyone in this hospital. I’m afraid that they will harm me....” A bright idea suddenly occurred in his mind: “Look at how grand this hospital is. They must have robbed many citizens’ money. I wouldn’t dare to take any treatments without knowing anyone here. What if they accidentally kill me with all those medications? I only know you in this hospital. Please help me out....”

Zhaoming was very pleased with his wits. This reason was legit! Even the newspaper mentioned things like that. What he said wasn’t bullshit, they were all facts with evidence!

Just when Zhaoming was self-absorbed by his own intelligence, Guan Xin’s face turned gloomy. “Our hospital’s system is pretty clean. There’s a clear standard for the prices of the commodities. We won’t do you wrong. Besides, all of the doctors are licensed. Things like killing you are impossible!”

"It's hard to say. Even if they state the prices, there's still transaction that isn't exposed!" Zhaoming's head was still a mess. He didn't seem to notice that Guan Xin was annoyed, and he still continued trashing the hospital. "Nowadays, all of the hospitals' bosses are all black-hearted, ruthless, and lacking in conscience. I really can't....."

"My dad's heart is not black." Guan Xin eyed Zhaoming, turned around, and left him alone.

"Eh?" Zhaoming pondered for a while and got back his senses! Guan Xin's father is Guan Xiaoxiang, who is none other than Guan Xuemin's child. Guan Xuemin's youngest son is also the father of Guan Xin who was also the shareholder of this hospital.

It's over. Everything was over now. Wasn't he indirectly scolding her father? Was he looking for Guan Xin to hate him? Previously, he even accused that her grandfather was a liar, and now he was saying that her father is a black-hearted person... F*ck. Was this really the end? Was there really no turning back?

Zhaoming almost fainted from the exchange, let alone the awkwardness. This cold was really making a scene. The cold made his mind unclear, and the words that came out were all stupid and disordered!

"Guan Xin, don't be angry, I didn't actually mean that. I didn't say that your dad was part of them. I just said that I was just tired of being scammed by these people again!" Zhaoming quickly explained. "I have a fever now. My mind is not clear and my speech is all a mess. You won't be bothered by a patient like this right?"

"If you are sick, please go and visit a doctor. I'm busy!" how could Guan Xin not get what Zhaoming meant just now? If Zhaoming wasn't trying to hit on her, why would he use all these tactics to get close with her? However, Guan Xin didn't like him and would never give him a chance.

Zhaoming was too embarrassed to continue bothering Guan Xin and eyed Shubing and Xiaozhang to bring him to the counter. After all, taking the medical order is what it took to meet Guan Xin again.

Kang Xiaobo and gang arrived the room not long after Zhaoming left.

Xiaobo didn't know anyone in the hospital. Having an acquaintance was much more convenient. He knew Guan Xin, through Lin Yi's connection, and that she was the granddaughter of Guan Xuemin. Their relationship wasn't that bad, either.

Guan Xin was glad to befriend with Xiaobo too. Why? Guan Xin herself wasn't clear, either. Was it because of Lin Yi?

However, Tang Yin was beside them. This put her in an awkward position.

"Guan Xin, I'm bringing Fen to consultation. Are you busy or are you free to bring us there?" Xiaobo asked with a smile after entering the duty room.

"Of course, just please wait for a moment." Guan Xin was making a wound medicine for a patient, so she had to make sure that it was done before doing other things.

"Sorry to bother you.." Xiaobo nodded gratefully. The doctors didn't usually stay in one place. They moved around the patient rooms, so if Xiaobo brought Fen to consultation, the doctors might not have been in the room sitting and waiting for them.

"It's fine. It's not a bother?" Guan Xin shook her head, "Please come in and sit. I might need some time to finish."

"Alright." Xiaobo brought Fen to the sofa. On the other side, uneasiness was filling Tang Yin up. Her sixth sense told her that Lin Yi's and Guan Xin's relationship wasn't that simple. There must be something in between them.

However, she didn't know what to do. When she looked at Guan Xin, she was all soft and delicate. She gave nothing away. She didn't look like she was trying to snatch Lin Yi away from her. This made Tang Yin's fighting spirit to die down. Besides, her father was currently staying in the hospital, and Guan Xin'd given plenty of help. So, it would be better for Tang Yin to not have any intentions against her.

Chapter 688: Ruining a Great Opportunity

Ruining a Great Opportunity

She didn't do anything overboard...I can just ignore her, right?

As far as Tang Yin was concerned, her only love rivals now were the Misses. Meanwhile, Guan Xin wasn't a threat yet.

Guan Xin handled the medicine finished what was in her hand, "I'm done with my work. I can bring Fen to consultation now." she returned and said to the group.

"Sure, shall we go now?" Xiaobo stood up.

"It's okay, I can bring Fen there myself. You don't have to tag along." Guan Xin didn't want Xiaobo to follow since Fen's mental issue was all because of a guy. If he tagged along, the consultation might not be that suitable. Who knew if the doctors would ask something sensitive. Things would become extremely awkward, so she refused to bring Xiaobo with her.

"Erm... that should do too, sorry for all the trouble!" Xiaobo was no idiot. After seeing Guan Xin's reaction, he somehow got the signal and didn't insist anymore.

Fen was grateful for Guan Xin's kindness. In fact, she didn't want Xiaobo to follow her because for doctors to have a better understanding, they had to understand the whole situation. The whole situation had some awkward problems and they were rather troublesome. For instance, the doctors even asked questions like how many times had Fen did it with Kang Zhaoming on the bed. this was one of the questions she didn't want Xiaobo to hear.

Tang Yin also felt the kindness radiating from Guan Xin. What a decent girl. It was impossible for a guy not to be attracted by a girl this decent, but what could she do? She couldn't just stop Lin Yi from meeting Guan Xin, could she? Tang Yin was rather troubled herself! How could her heart get shaken so easily? Why was her life filled with so many adversities!

Initially, she thought that with a face like hers, finding a man that loved her whole-heartedly was no big deal. This wish of hers was granted, but there were so many girls surrounding him. None of them were inferior to her, and some were even slightly better than her overall. This made Tang Yin lost. She was inexperienced and didn't know how to handle all this.

When Guanxin left, Tang Yin finally softly let out a breath of relief. Why was she so unlucky. Look how strong was her opponent, how could she be at ease?

Xinwen saw that Tang Yin was demotivated. She tapped on her shoulder and asked. "What's wrong. Are you complicating things again?"

"When?" There was no way Tang Yin would admit to it. How could she show her weakness in front of her best friend?

"Stop pretending. You started acting weirdly the moment you saw Guan Xin." Xinwen knew Tang Yin very well. "I say, Tang Yin, what's your progress with Lin Yi now? Be honest with me, okay?"

"What progress can we have? We are still high school students, 'kay? At most, we're just holding hands?" Tang Yin was a shy girl. Her lack of development made her push all the blame to still being a student.

"High school? Some people already did it in middle school, y'know? Tang Yin, are you alright? Have you used the internet before? Your performance in Fatty Lai's house was so good. I still thought that you were an expert already, and it turns out to be a big fat lie!" Xinwen was disappointed.

"Didn't they lie as well? I bet they don't even have the courage to do a 3P with Lin Yi!" Tang Yin was wronged. If it weren't for Mengyao and Yushu, could she even say something so shameless?

"I've no idea about Chu Mengyao, but the Chen Yushu is daring! Just look at her face. She seems to be interested in it!" Xinwen was able to tell. She was good at looking through people. "I'm just telling you, Tang Yin, you have to be on guard. If you don't, Lin Yi might get stolen from you!"

"If he wishes to, how can I stop him? Tang Yin shook her head. She was uncertain of her future.

"You, I really have nothing to say with this attitude of yours. You'll regret it one day when Lin Yi sleeps with others, and you wouldn't even know about it!" Xinwen was speechless. She knew Tang Yin could do better than this, but she refused to.

"If he wants to sleep with someone, what can I do?" Tang Yin asked Xinwen like she was asking herself. She shook her head after asking the question and refused to think about it because it was too messed up!

While the two of them were talking, Xiaobo didn't dare to interrupt. He sat at the corner and pretended not to hear a thing.

This was Tang the school beauty they were talking right now. Xiaobo had never imagined that the school beauty would get so down because of a man. His boss was just too cool to be true!

Zhu Xiaozhang rushed towards the outpatient service after getting the number for Kang Zhaoming. Wang Shubing and Zhaoming were waiting there.

There were a lot of people queueing for the numbers, but Zhu Xiaozhang was a tyrant. He cut the line and beat people up who commented on it. His actions quieted down the people waiting in the line! After all, Xiaozhang was tall and huge. Who'd have the balls to cross him anyway? If he wanted to cut the queue, then he could...

Instead of feeling ashamed of his actions, Xiaozhang was actually proud of it. It showed how overwhelming he was, and it was a befitting scene for his title, Arrogant Bro.

Zhaoming visited the doctor. His illness was very straightforward; he just caught a common cold. The doctor had given him medicine, but Zhaoming insisted on staying in the hospital.

In actuality, patients weren't allowed to stay in the hospital with just a cold, but since his cold was pretty severe and Zhaoming had insisted, the doctor allowed him to stay for three days. The doctor could tell that Zhaoming was filthy rich from the way he was dressed, so the doctor didn't try to save money for him, either.

Zhaoming was holding the medical order, looking forward to the injection from Guan Xin. This was a tiring job for him since he was sick. He could just enter any duty room and get an injection from any nurses, but the purpose of getting sick was to get close to Guan Xin. Naturally, the person he was looking now would be none other than Guan Xin herself.

"Master Ming, you have to tough it out. We're reaching her floor soon. Hold on for a bit longer..." Shubing quickly encouraged Zhaoming when he saw Zhaoming's shaky legs. He couldn't even walk in a straight line.

"Yeah, I will!" Zhaoming clenched his teeth and finally reached the floor. He saw Guan Xin walking out with a lady from the room. However, the person beside Guan Xin gave him a fright. He subconsciously stopped his movements!

"Master Ming, isn't that the Fen bitch? Why is she with Guan Xin?" Xiaozhang was curious why Guan Xin was walking along with Fen beside her.

"Yeah, how did she get to know Guan Xin?" Shubing wondered.

"F***, I remember now. Kang Xiaobo and Guan Xuemin knew each other. Of course, Fen would know Guan Xuemin's granddaughter! It's not even weird if we link things up." Zhaoming's head finally started spinning, but his guess was wrong again. Feng knowing Guan Xin had nothing to do with Guan Xuemin.

"You've got a point!" Xiaozhang nodded. "We have a problem here. Should we go there or nah?"

"This bitch is ruining my opportunity. Why didn't I f*cking kill her last time?" Zhaoming said, his voice full of hatred. "Obviously we can't go there right now! If Guan Xin learns about my story with Fen, how am I supposed to hit on her!"

Chapter 689: Time Bomb

Time Bomb

"Master Ming, I don't think it's a matter of going or not, but it's already troublesome!" Wang Shubin shook his head with a heavy expression, "Guan Xin knows Fen. It isn't easy!"

"What about it? Even if she knows Guan Xin, she won't be together with Guan Xin all day long. Why can't we just avoid her?" Kang Zhaoming questioned.

"It's not as simple as avoiding her. Master Ming, think about it. If Fen talks nonsense and exposed what you did before, how will Guan Xin keep a good impression on you? How will you have a chance?" As expected of a schemer, Wang Shubin considered things thoroughly.

Kang Zhaoming immediately frowned at Wang Shubin's words. He was right; Fen was like a time bomb by Guan Xin's side! He wouldn't know when it would blow up and make cuts and bruises all over his body!

"In this case, Fen is indeed big trouble!" Kang Zhaoming loathed Fen. How could she cause so much trouble? He had been unlucky ever since he met her again. Things didn't go too smoothly with House Kang. He was pursuing Guan Xin to revive the family, and he wouldn't let Fen ruin it! Kang Zhaoming's eyes flashed dangerously as he pondered, "Shall we use this chance to get rid of her?"

Although Kang Zhaoming looked like a dandy master who loved to play, he was extremely bad at heart. He killed and burnt numerous times without blinking! He dared to secretly plot to murder Fen back during middle school, and he was even worse now.

"I think that works. Last time, she didn't die because she was lucky. She's running around outside when she's supposed to stay home and be a mentally ill patient. I think she's looking for her own death!" Zhu Xiaozhang was also a fierce guy, and he immediately agreed to Kang Zhaoming's suggestion.

"I think we shouldn't!" Wang Shubin hesitated, "It's not a good idea to kill her."

"Wang Shubin, why are you being such a coward? When we first planned to kill her in a car crash, weren't you the one who found the car?" Zhu Xiaozhang cast a glance at Wang Shubin strangely, "Aren't you living backward?"

"Xiaozhang, listen to what Wang Shubin's going to say!" Kang Zhaoming cared about Wang Shubin's suggestion very much. After all, Wang Shubin was quite smart, and he must have his reason for saying this!

"Master Ming, Kang Xiaobo's friend called Lin Yi, and he is fucking insane. He's a complete violent maniac!" Wang Shubin seemed intimidated as he spoke, "Zhao Qibing hurt Tang Yin. We all know about it, right? During Zhao Qibing's project completion ceremony, Lin Yi demolished Qibing skyscrapers and broke Zhao Qibing's leg! Oh, I don't think we should provoke someone like him!"

"But Fen isn't Tang Yin. Will Lin Yi intervene?" Zhu Xiaozhang was now intimidated but still defended.

"But Fen is Kang Xiaobo's girlfriend now. If we kill her and we are exposed, Kang Xiaobo will ask Lin Yi to take revenge. We should think about it just in case. If Lin Yi comes, we are all dead!" Wang Shubin shook his head.

"That's reasonable!" Although Kang Zhaoming was brutal, he was also afraid of death. Hearing that Lin Yi might come and take revenge made him immediately give up killing Fen! They shouldn't provoke a violent maniac like Lin Yi!

They wondered how Lin Yi was still alive. Zhao Qibing seemed like he held great powers, so why didn't he look for Lin Yi's trouble?

“So, Master Ming, we should discuss how to solve this once and for all, in detail!” Wang Shubin suggested.

“What about my injection?” Kang Zhaoming suddenly realized that there was one severe problem. He just saw Fen and almost forgot that he was sick.

“We can only ask another nurse now. It’s impossible to ask Guan Xin...” Wang Shubin replied helplessly.

“What? I caught a cold for nothing?” Kang Zhaoming almost fainted. He bore such pain and almost lost his life to catch a cold, but now he couldn’t take the injection from Guan Xin!

“Master Ming, think of it this way. If we find Guan Xin for it and Fen comes, wouldn’t we be exposed on the spot?” Wang Shubin persuaded, “This way, it’s still something good!”

“That does sound right if you put it that way,” Kang Zhaoming thought about it carefully and he should be happy about it! If Guan Xin didn’t refuse and gave him an injection, wouldn’t he be exposed immediately?

Kang Zhaoming became excited again at this thought. It looked like even the heavens were supporting him to pursue Fen!

Under Wang Shubin and Zhu Xiaozhang’s accompany, Kang Zhaoming went to a general treatment room and gave the prescription to a seemingly young and beautiful nurse. Kang Zhaoming thought that even if Guan Xin wasn’t here to give him the injection, it was always good to find a pretty girl!

Big eyes, small face, and even her skin was shining. Kang Zhaoming swallowed hard; it was a uniform temptation! It was a waste for such a beautiful girl to work as a nurse here! Kang Zhaoming’s brain spun quickly. He had numerous girls but there were barely any of the best quality. Fen was close, but if she wasn’t so infatuated, tried too hard to control him, and wanted to marry him, Kang Zhaoming wouldn’t ditch her so soon!

However, the nurse in front of him was definitely of the best quality in Kang Zhaoming’s perspective. She was even much better than Fen! Her height was just right. The main point was that she had a great body. Her white coat couldn’t hide her exquisite body!

He would have tried to get her, but he remembered that his main mission was to get Guan Xin. Kang Zhaoming was discouraged and had no choice but to give up on this beautiful nurse! However, Guan Xin was also a high-quality girl so it wasn’t too regretful!

After Kang Zhaoming gave the doctor’s advice to the nurse, she frowned and turned around. She looked at a fearless-looking middle-aged woman and said, “Nurse Wang, we have a patient!”

“Oh, okay!” The woman called Nurse Wang took the doctor’s advice and glanced at Kang Zhaoming, “Cold? Do an allergy test first then take an intramuscular injection. If nothing went wrong, you can take the IV injection!”

“Huh? Are you giving me the injection?” Kang Zhaoming watched as the woman was ready to inject him and panicked. He wanted a beautiful nurse. Why did it turn into a middle-aged, fierce looking woman?

“What, you want to pick the nurse?” The fierce looking woman glared at him impatiently. She was the vice nurse matron here, and she was extremely experienced in injections. Numerous children looked especially for her for injections. Why was this young man so unwilling?

Chapter 690: Not Dead Yet

Not Dead Yet

“I... I want her to give me the injection...” Kang Zhaoming pointed at the beautiful nurse who came previously.

“Oh, then you can tell her to do that!” The fierce looking woman dropped the needle in his hands and left the treatment room. She was bothered by Kang Zhaoming’s strong desire in women. Did he come to the hospital to receive treatment, or did he come for the beauties?

What on earth! You dare to let her do it? Fine!

Kang Zhaoming was extremely delighted when the fierce-looking nurse agreed. He turned to the beautiful nurse, “Can you do it?”

“I... Today is my first day as a training nurse. I can’t...” The nurse quickly waved his hands, but when she saw Kang Zhaoming’s hopeful eyes, she changed her mind, “I can try if you want? If the needle doesn’t go in the first time, I can try a few times more...”

“Huh?” Kang Zhaoming wished that the nurse would give him the injection, but his heart turned cold after hearing her words. *First day on training? Try? What kind of joke is this? I’m not here to be her experiment object, what if he dies from this?*

“What’s wrong?” The nurse glanced at Kang Zhaoming strangely.

“No... Nothing, I’ll ask Nurse Wang!” Although Kang Zhaoming valued looks, he wouldn’t risk his life for the sake of it.

“But Nurse Wang went to the ward and she won’t be back for a while...” The nurse found it difficult to manage, “How about I try? My technique is good, I practiced on a corpse before!”

“No... No thanks...” Kang Zhaoming was shocked. *What the hell, practiced on a corpse? Perhaps after the needle, I’ll become a corpse too?*

The nurse was full of life and had big eyes and chest. However, she was reckless. She wasn’t aware of the consequences. How was this something she could try?

Kang Zhaoming didn’t want to lose his life as quickly stood up and forced a smile, “Ha, no need. May I ask if there are any other treatment rooms around this?”

“Oh, yes. If you go out the door, turn left and catch the lift, the basement second floor is one,” the nurse pondered, “But it’s quite far. You look like you are about to faint. I think I should do it, what do you think?”

“No, it’s fine. I’m very awake and I won’t faint!” Kang Zhaoming waved his hands and left with Wang Shubin and Zhu Xiaozhang to the other treatment room. They cursed as they ran towards the lift. *What kind of shitty hospital is this? How could training nurses have no morals? How dare they use the patient’s life as an experiment?*

“Master Ming, can you hold on for a while longer? Should we rest for a bit first?” Wang Shubin quickly suggested as he saw that Kang Zhaoming was light-headed and heavy-footed.

“I’m fine, hurry up and get the injection! If I knew I would’ve asked Nurse Wang to do it! I’m so unlucky!” Kang Zhaoming thought that unfortunate things would always happen to him after he ran into Fen. It looked like it was indeed true.

As the three of them walked into the lift, the aunt who was in charge of the lift glanced at them and asked, “Which floor are you going? This is for the basement!”

“We are going down to the second floor!” Wang Shubin replied and thought. What kind of floor plan does this hospital have? The treatment rooms weren’t built together but scattered all around. There was one even in the basement.

The aunt looked at them strangely but pressed the the button to the second floor in the basement.

After the lift reached level one, everyone in the lift left except for Kang Zhaoming and the other two.

Kang Zhaoming wondered, why is no one going to the basement?

When the lift arrived at the second floor in the basement, Wang Shubin and Zhu Xiaozhang helped Kang Zhaoming out of the lift after the door open. A gush of cold air hit them right in the face and they shivered.

Rotten smell and the scent of medicine flowed into their nose. The lights in the corridor were dimly lit.

“Shit, what kind of place is this? Why is no one here?” Kang Zhaoming couldn’t help but curse.

Wang Shubin found it strange too. However, he jumped back subconsciously in horror as he lifted his head up. He was still supporting Kang Zhaoming and as he jumped, Kang Zhaoming stumbled. Kang Zhaoming scolded, “What are you doing? Do you want to kill me?”

“Master Ming, here... Here...” Zhu Xiaozhang also realized something was strange when he looked up. Only Kang Zhaoming was too heavy headed to lift his head up.

“What? Spill it!” Kang Zhaoming was impatient, “Hurry up and see where I can get injection...”

“Master Ming, you can’t receive an injection here!” Zhu Xiaozhang said.

“I can’t?” Kang Zhaoming froze, “What do you mean?”

“This is where the dead gets their injection...” Zhu Xiaozhang pointed at a place not far from them and panicked, “Master Ming, this is the morgue!”

“What?” Kang Zhaoming jumped in horror as he heard Zhu Xiaozhang’s words. He was correct; ‘morgue’ was labeled clearly and seemed especially eerie under the dim lights in the corridor.

“Ka...”

As the three of them started to panic, the door to the morgue cracked.

“Run!” Kang Zhaoming forgot he was a patient, not knowing where he got the strength from, he turned around and dashed towards the lift like crazy. He pressed the lift’s button furiously but the lift was more than ten levels above them. They had to wait for a while before the lift would come down.

Wang Shubin and Zhu Xiaozhang were also extremely nervous. Although they constantly reminded themselves that there would be no ghosts in the middle of the day, the atmosphere was eerie and made their hearts skip faster for no reason.

The door to the morgue opened slowly and a mortuary trolley gradually slid out of it.

Kang Zhaoming heard the noise and immediately fainted after he turned to see. His body was also exhausted and after he was frightened. He could no longer stay conscious.

Although Wang Shubin and Zhu Xiaozhang were afraid, they sighed in relief as they saw what was behind the trolley. A short, old man pushed the trolley towards the lift. Because the lights were too dim and the old man was short, they mistook him for the trolley sliding out on its own.

The old man also saw Wang Shubin and Zhu Xiaozhang. When he saw Kang Zhaoming, who was lying unconscious on the floor and immediately asked, “Another dead one? Why did you send him over yourselves? Where’s the doctor?”

“No... He’s not dead, not yet. We just came to the wrong place...” Wang Shubin was scared that the man will send Kang Zhaoming into cold storage place and quickly explained.

Chapter 691: Name Change

Name Change

“Wrong place? How is that even possible?” The old man shook his head and paid no attention to them as he continued to wait for the lift.

Kang Zhaoming was free from horror because he fainted. However, Zhu Xiaozhang and Wang Shubin suffered since standing next to a skeleton was absolutely horrifying...

The nurse waited until Kang Zhaoming and the other two left before taking out three big wallets from her white coat. She opened them and her eyes immediately curved into crescents, “I didn’t think that these perverts were so rich! Humph, this is what you get for being so perverted. I’ll give you a tour of the morgue!”

The nurse quickly took out the money from all the wallets into her own pocket and threw the wallets down the window.

Not long after, Nurse Wang returned with an infant in her arms. Seeing that Kang Zhaoming and the others weren’t there, she asked, “Where are those three?”

Nurse Wang wanted to teach them a small lesson seeing that they weren't reliable people. Someone with a cold wouldn't die right away, so she intentionally went out to take care of other things first before coming back to give them injections. However, she realised that they were gone after she returned.

"Perhaps they are in a rush so they went something else for it?" The nurse pretended she didn't know and skipped over, taking the infant into her own arms, "Woah, a cute little princess!"

"Indeed. These parents are too cruel to leave her behind in the hospital. Her parents used fake names, and the police can't do anything about it!" Nurse Wang sighed, "Luckily, your orphanage takes them in. Otherwise, we don't even know what to do with these orphans!"

"They all value boys and little girls!" The infant in the beautiful nurse's arms seemed to understand that her parents didn't want her and began to cry. The nurse quickly comforted, "Don't cry, don't cry, Xiaoke sis will take you to a new home with many sisters and brothers. Honey... Xiaoke sis will buy you milk soon!"

The nurse had a gentle voice as if she was born with it to comfort babies. After the infant heard her words, she stopped crying. The nurse rocked the infant in her arms and the infant fell asleep.

"Xiaoke, maternity department's Chief Nurse Sun is on break today, there's no need to go her. Will you take her back? The formalities have been done for you," Nurse Wang passed a folder to the beautiful nurse.

"Thank you! I'll leave first?" The nurse took the infant's file and grinned as she thanked Nurse Wang.

"What are you thanking me for? Our hospital has to thank you. Otherwise, we don't even know what to do with these babies!" Nurse Wang waved her hands.

"Mhm, then I'll leave first," The nurse took off the white coat and returned it to Nurse Wang, "Here. It's quite cold with the air conditioner on here. I'm used to houses without an air conditioner."

Nurse Wang shook her head as she took the white coat and watched the nurse leave.

...

Lin Yi left the hospital and caught a taxi, returning to the mansion first. There was nothing to do at the hospital, and he was afraid that his Miss didn't want to see him. After all, the previous situation was too awkward!

Lin Yi regretted it. Why didn't he find a male student to extract the poison? However, he wasn't sure that he could create the antidote to the poison, and he couldn't take the risk himself either. If he could choose again, he would still choose to save his Miss first!

As for whether the others could be saved or not, it had nothing much to do with Lin Yi!

Deadly Seven Herbs Poison was a poison which was lost. Although Lin Yi didn't say anything at the hospital, he must report this news to the Old Man! Was there someone who knew about the poison? Which party sent him here?

This was obviously not random but planned in advance. Was it aimed at Chu Pengzhan or Chu Mengyao? Lin Yi couldn't be sure until he asked Song Lingshan.

He could call Song Lingshan in the car, but he had to call the Old Man in secret after he arrived at home.

"Miss Braindead, have you found anything about the poisoning event?" Lin Yi dialed Song Lingshan's numbers.

Song Lingshan clenched her teeth furiously. Why did he call her Miss Braindead again? She thought he stopped calling her that! This nickname doesn't even sound nice! Although Song Lingshan tried hard to treat it as a nickname or pet name, she just couldn't!

"Lin Yi, good Lin Yi, we are already so close. Can you stop calling me Miss Braindead?" Song Lingshan protested, but she needed a countermeasure. It was obviously useless to protest directly, but Song Lingshan knew that Lin Yi's weakness was his soft heart. Perhaps if she asked nicely, he would stop!

"Fine. Then what do I call you? Little tigress?" Lin Yi asked back.

"Uh... You can call me little Song girl or cute girl, Little tigress sounds too bad..." Song Lingshan discovered that Lin Yi liked the combination of 'girl' with something else. She didn't dare to change it too much and suggested two "nicknames" she could accept.

"Oh, then little dumbass it is," Lin Yi ignored Song Lingshan's suggestions.

"Fine..." Song Lingshan clenched his teeth. Little dumbass, at least it sounded better than Miss Braindead, right? Although their meanings were similar, it didn't sound as insulting! She had to take things step by step! Rome wasn't built in a day, and Song Lingshan thought that through her hard work, her nickname could become 'cute girl' or something similar.

Song Lingshan was disgusted by her own thoughts. Why was she so satisfied easily? She even looked forward to Lin Yi calling her cute girl? How would she have the dignity to live if the nickname was spread to others?

However, although she was a little angry, she didn't despise him at all.

"Little dumbass, did you find out anything about the poisoning event?" Lin Yi asked.

"Yes. The suspect turned himself in. According to his saying, he was the one who prompted Zhong Pingliang to poison the food. He separated the poison into seven dishes, which caused a minority of students who ingested all seven dishes to be poisoned, and other students were fine." Song Lingshan made it as detailed as possible. Usually, this kind of details of the case couldn't be revealed, but Song Lingshan knew that Lin Yi held a good relation with Guan Xuemin, and Miracle Doctor Guan medical company discovered the poison. Hence, even if she hid it from Lin Yi, he would find anyway.

Chapter 692: Hidden House

Hidden House

What Song Lingshan didn't know was that Lin Yi was the real discoverer of the poison. Miracle Doctor Guan medical company was merely the representative.

"Zhong Pingliang?" Lin Yi found it to be unexpected. Why did this have anything to do with Zhong Pingliang? This guy lost a kidney and he came out to poison others?

"Yes, but Zhong Pingliang is also a victim. In the end, we decided not to penalize him. Of course, I personally don't agree, but I can't make the final decision," Song Lingshan replied indifferently as she obviously didn't have a favorable impression towards Zhong Fabai and his son, "But I heard that someone from above saved Zhong Pingliang. I think he has been hanging out with Zhao Qibing recently?"

"I understand," Lin Yi finally knew who was the mastermind behind it. It wasn't a surprise. It should be Zhao Qibing. Other than having Uncle Zhu behind him, there's another expert behind him.

"Anything else? I helped you, won't you treat Miss Brain... I mean, little dumbass for a meal?" Song Lingshan was used to address herself Miss Braindead in front of Lin Yi and she almost did it again! Why was she so cheap? Why did she want to be Miss braindead?

"You got it the wrong way, didn't you?" Lin Yi realized that Song Lingshan and Miss were two kinds of people. He had seen both of their bodies, and it was awkward, but Song Lingshan became much more familiar with him, and his Miss was much colder.

"I can treat you too," Song Lingshan said, "Will you come to my place next Saturday?"

"I don't have time," Lin Yi replied indifferently and immediately rejected.

Lin Yi thought that little dumbass was pretty and attractive. It would be nice if something happened between them? However, the consequences couldn't be ignored! *He was already annoyed now. Would he have time to do anything else if she bothered him with everything?*

"Oh, next time then," Song Lingshan seemed to lose some enthusiasm since Lin Yi didn't seem to be interested in her. She had failed to lure him. Lin Yi guessed it correct; Song Lingshan treated Lin Yi as someone who took advantage of her. He had already seen her, so she should ask him for more help. Song Lingshan wanted Lin Yi to help her with all the unsolved cases which have accumulated. These were things such as stealing group, those criminals on motorbikes, etc...

Although these groups had been there for quite a while, it's difficult to arrest all of them at the same time. However, Song Lingshan still dreamt of doing so! Now that she was under the spotlight, it wasn't a daydream for her to become the bureau chief. How long has she been on the post? Look at how many big cases she had solved!

Song Lingshan had a clear conscience. She thought that since Lin Yi had seen her body, she was more or less his now. Why would she feel burdened to ask him to help her solve cases?

Lin Yi hung up the call, and his head hurt. Something bad came out from saving Song Lingshan. Now she learned how to pester him endlessly. She was much smarter than before.

As soon as Lin Yi returned to the mansion, he called Old Man.

There wasn't anyone in the mansion, and Lin Yi didn't have to avoid anymore anyone, "Old Man, there's someone using Deadly Seven Herbs Poison here."

"Oh?" Old Lin froze and didn't ask until quite a while later, "Are you sure?"

"Yes, I tried it." Lin Yi replied.

"Perhaps those people are out again?" Old Lin asked uncertainty.

"What people?" Lin Yi questioned.

"People of the hidden house," Old Lin replied.

"Hidden house? I've heard of the four big and five small noble houses, but I've never heard of the hidden house. What do they do?"

"Haha, the four big and five small noble houses are profane houses formed later and they are nothing compared to the hidden house!" Old Lin said, "But I don't know much about the hidden house either. Your master knows more about them than me because he's was involved before! According to the promise made more than a decade ago, a lot of martial arts houses had to live in seclusion, or their appearance would break numerous orders which exist now..."

"Oh? My master?" Lin Yi was surprised. He didn't think that his master was related to the hidden house!

"Amongst those hidden houses, there's a family focused on medicine: House Yu in Yunnan. Although they are skilled in medical practices, they are especially skilled in using their medical expertise in harming others. They also have done thorough research on the art of Gu(1)! Old Lin continued, "But according to the promise, House Yu didn't allow their students to wander in the profane world. They can only serve for those noble and hidden houses!"

"Do you mean that this House Yu knows the compounds to the Deadly Seven Herbs Poison?" Lin Yi frowned and asked.

"Perhaps, but I'm unsure," Old Lin said, "Keep an eye on this but don't do anything. With your current ability, you can't touch that level yet! They can't disobey the promise openly without fear. Otherwise, your master will take care of it."

"I understand," Since Old Lin explained, Lin Yi didn't keep asking. Although he was capable enough of walking in the profane world, he could not move those enormous hidden houses!

"Anything else? Also, I already give Er Goudan the medicine you wanted. But this kid is busy with plowing the field in spring. You will have to wait for some time," Old Lin said.

"No rush..." Lin Yi continued, "Oh, right, do you know about Wannianchun box?"

Lin Yi suddenly recalled the Wannianchun box he bought at the auction without knowing its use. He had been busy with other things after the auction and completely threw it to the back of his mind until now.

"Wannianchun box? I've heard of it. It was introduced in one of the antiquarian books at home," Old Lin pondered before asking, "Why do you ask?"

"I think I have on in my possession..." Lin Yi said.

“What?!” Old Lin was shocked, “You do? How did you get it? How did you get something that only appeared in the antiquarian book?”

“I bought it at the auction by chance...” Lin Yi didn’t think that Old Lin would respond so strongly. Was this Wannianchun box unusual? Hence he asked, “Old Man, is this is good?”

“How can it not be good if it’s mentioned in an antiquarian book?” Old Lin asked back.

Lin Yi’s was curiosity and he quickly asked, “Oh, so what’s the use of this Wannianchun box?”

“I don’t know its use,” Old Lin’s said.

“Huh?!” Lin Yi froze. He didn’t think Old Lin’s would answer like that! He couldn’t help but doubt, “You don’t know?”

“I don’t,” Old Lin replied straightforwardly.

Chapter 693: Cat Burglar, Yu Xiaoke

Cat Burglar, Yu Xiaoke

“...” Lin Yi was speechless, “Then why are you so surprised? I thought it was something good!”

“Of course I’m surprised. How can I not be when you got something from the antiquarian book?” Old Lin rolled his eyes and retorted, “And how can it be bad if it’s recorded in the book? Even if it’s good, the detailed use of it is not written down. It only said it’s something close to a preserving container, allowing the things put inside to stay the same for thousands of years. However, that can’t be the only use of it. They are just not recorded down.”

“Well...” Lin Yi also rolled his eyes, “You basically said nothing. I’ll research it myself!”

Lin Yi hung up the call and didn’t know what to say. The Old Man’s words had no value and Lin Yi was distressed! It was like obtaining a high-level treasure without knowing how to use it. It was nothing but empty happiness.

Luckily reality wasn’t an online game, and he didn’t have to worry about having no space in his backpack to store some “ragged objects”!

Lin Yi put Wannianchun box and two pieces of ___ in the drawer. Since they were useless right now, Lin Yi could only see them as “ragged objects”.

After giving Old Man a call, Lin Yi gave Tang Yin a call as well.

“Hello?” Tang Yin was in the nurse’s office waiting for Xiaofen to come back. Her phone suddenly rang and Tang Yin was delighted at the caller’s ID, “Lin Yi, where are you? Is Mengyao fine now?”

Without knowing why, the first thing Tang Yin asked was Chu Mengyao. Did she genuinely care about Chu Mengyao, or was she concerned whether Lin Yi was together with Chu Mengyao or not? Tang Yin couldn’t even tell herself.

“Ha, she’s fine...” Lin Yi felt weird towards Mengyao, and he didn’t know what to say to Tang Yin. Although it was to save her, it was still awkward, “I’m at home, and she’s still in the hospital.”

“Oh...” Tang Yin sighed in relief. She was worried that Chu Mengyao would use usual competition methods, such as asking Lin Yi to stay by her side when she’s ill. She could said that she needs protection during this period, and there was no way Tang Yin could be angry.

“Where are you?” Lin Yi asked.

“I’m at the hospital right now for Xiaofen’s checkup. Guan Xin’s with her,” Tang Yin replied.

“I’ll go and find you guys?” Lin Yi didn’t know if Tang Yin mentioned Guan Xin intentionally or not. He didn’t know how to answer.

“Okay,” Tang Yin nodded, “My Mom was just thinking about you. She wants to discuss about purchasing a new house. We can’t keep living in the hospital, can we? My Dad’s leg is almost recovered, and the doctor said he can go home and rest.”

“Alright, I’ll head over now,” Lin Yi was available and walked out of mansion as soon as he hung up the call. However, he remembered that he left his car on the food street behind the school when he reached the front gate. He left with An Jianwen’s car at noon and he caught a taxi back.

It was to extra to drive the car back from school. Now that Tang Yin knew about his relationship with Miss, he decided to drive Yushu’s yellow Beetle.

As soon as Lin Yi parked the car in the First Hospital’s parking lot and got out if it, a middle-aged beggar with a walking stick welcomed him.

“Young man, please do some good and give me some money!” The beggar began to speak continuously, “My leg was hurt whilst working at a construction site. That black-hearted chief labor man didn’t give me a single cent, and I can only save money for treatment through begging! Please, I don’t think a hundred or two is too much to ask...”

A hundred or two wasn’t too much? Lin Yi laughed angrily. *Don’t you have a large appetite? Asking in hundreds? You aren’t afraid to lose your tongue!*

If he only asked for ten or eight yuan, Lin Yi may give him some change. However, the beggar was asking for too much and naturally, Lin Yi was annoyed. He glanced at the beggar and only said one word, “Leave.”

The beggar didn’t only stay but shameless leaned against Lin Yi’s car and refused to leave, “If you don’t give me money, I’m going to stay seated here and I won’t let you go today! I’m disabled and I’m not afraid of anything!”

“Heh...” Lin Yi was amused at the beggar’s tough attitude. He took out a box of silver needles from his pockets, opened it and look at him indifferently, “Your leg is broken? I’ll heal it for you.”

As Lin Yi spoke, he took out a needle and stretched out for the beggar. The beggar was shocked as he didn’t expect Lin Yi to carry silver needles with him. He immediately became intimidated and quickly left with his walking stick after glaring at Lin Yi.

Lin Yi laughed coldly as he put the needle box away. Naturally, he had to be tougher when dealing with these kinds of people.

When Lin Yi was about to enter the hospital, a girl blocked his way. Lin Yi frowned lightly. The girl was pretty; she had a small face, big eyes, curved eyes, and resembled one of those girls on romance novel's cover. Except her expression weren't kind. She looked as if she was going to eat Lin Yi. Her eyebrows scrunched together angrily as if Lin Yi owed her money.

"Oi, why are you like that? Don't you have any empathy? He's disabled, alright? You didn't only shoo him without giving him money, you scared him away with a weapon?" Yu Xiaoke was angry. What she hated most was wealthy and inhumane people like Lin Yi! He drove such a high-quality car but had no sympathy! It would be fine if he was unwilling to give money, but he threatened the beggar with weapons?

"Weapons?" Lin Yi thought for a second and recalled that he held silver needles in his hands. It looked like this little girl who acted courageously misunderstood him. But Lin Yi couldn't be bothered to explain himself. He left and shook his head.

"Oi, I'm talking to you!" Yu Xiaoke fumed and grabbed Lin Yi's clothes, unwilling to let him go. The person in front of her didn't repent but ignored her words as if he disapproved her! If she didn't teach him a lesson today, she would have failed for today! If she didn't put her hand on such a fat sheep, then heaven would blame her for it!

"Say what? The beggar?" Lin Yi frowned, "If you pity him, you can go and give him some money."

Lin Yi slapped off Yu Xiaoke's hand off his clothes and sneered unnoticeably.

Chapter 694: I'm Going To Challenge You!

I'm Going To Challenge You!

"Of course I will. I'm going to give him money now!" Yu Xiaoke turned around and ran to the beggar without looking at Lin Yi again. She took out a wallet with her back against Lin Yi, took out a one hundred yuan note, and passed it to the beggar.

The beggar's eyes shone and quickly thanked her, but Yu Xiaoke walked away swiftly.

"I earned money! I don't know how to spend it all! I'll have a Nokia in my left hand, a Motorola in my right hand..." Yu Xiaoke happily hummed as she counted the cash in the wallet! He drove a Beetle, but he only had three thousand cash in his wallet. he wasn't even as wealthy as those perverts she met in the afternoon! Nevertheless, Yu Xiaoke was still happy as she earned three thousand yuan in a blink of an eye, especially she also taught a wealthy master a lesson!

"Bang!" Yu Xiaoke suddenly bumped into a person and she jumped! It was her fault for being too consumed in counting money while walking and didn't watch the road. Yu Xiaoke apologized subconsciously, "I'm sorry, I wasn't watching..."

"If you don't know how to spend it, I will spend it for you," The person who blocked Yu Xiaoke's way was Lin Yi.

Yu Xiaoke froze, then lifted her head up. She didn't expect the person to be the wealthy master from before and jumped, "You... Why are you here?"

"Aren't you rich?" Lin Yi took out a lady styled wallet and casually counted the notes inside before speaking indifferently, "More than ten thousand yuan? Didn't you earn a lot today?"

Yu Xiaoke subconsciously reached out to feel her pocket when she saw the wallet in Lin Yi's hands. However, her expressions changed drastically when she felt that it wasn't there, "My... My wallet? Why do you have it?"

"Oh, I thought you wanted to exchange your big wallet for my small one," Lin Yi replied indifferently, "No wonder you gave the scammer a hundred yuan, it's because you have too much money to burn!"

"You... Nonsense! When did I give a scammer money?" Yu Xiaoke glared at Lin Yi.

"The beggar was a scammer," Lin Yi ridiculed, "His leg wasn't broken. His leg is even in a better condition than yours."

Lin Yi was an expert in medical skills and he could distinguish whether the beggar really had a broken leg or not! When Lin Yi wanted to treat the beggar's leg, he didn't stay but ran away. This was more than enough to tell him that there was something wrong.

"What proof do you have?" Yu Xiaoke frowned slightly after listening to Lin Yi's words. She wasn't stupid; she used to commit to crimes around this area too and she had seen this beggar quite a few times. However, she never thought about it clearly until now. That beggar has been begging there for more than half a year, and the money he got was more than enough to treat his leg. Why did he keep begging?

However, Yu Xiaoke didn't want to admit her mistake. especially in front of Lin Yi! The bastard who stole her wallet!

"I'm can't be bothered to argue with you," Lin Yi grabbed his wallet from Yu Xiaoke, "How dare you come out and steal with this level of skill? Go home and practice a few more years before losing your dignity out here."

She was a girl and Lin Yi didn't want to waste more of his time. As for her wallet, he decided to confiscate it to teach her a lesson.

"You... Don't go!" Yu Xiaoke panicked. Lin Yi didn't only take all of her earnings today, he also insulted her skill! She could not let that happen since Yu Xiaoke always saw herself as the best burglar. Lin Yi did not only stole her wallet but also told her to practice a few more years at home. It was an insult!

Naturally, Lin Yi ignored her. How could he waste time with this female burglar when he had to go to the hospital?

"I'm going to challenge you!" As Feiyan sect's 46th disciple, how could Yu Xiaoke let Lin Yi go? There was no way that Yu Xiaoke could tolerate this guy insulting the disciples of Feiyan sec! She was eighteen and full of youthful vigor. She did not want to admit defeat.

“Challenge? Challenge what?” Lin Yi glanced at Yu Xiaoke and thought that this girl was insane. As a burglar, she did not think about running away but challenged him after she was exposed. If she ran into the police, she would already be in jail.

“The art of stealing, of course!” Yu Xiaoke stuck out her chest and stared at her wallet in Lin Yi’s hands intensely.

“If you want to compare chest size, I can consider that. But stealing? Sorry, not interested,” Lin Yi looked at Yu Xiaoke’s chest lustfully. They were big and stuck out. It seemed like her muscles were rather developed due to sports.

“You-” Yu Xiaoke was going crazy. She debuted for so long and she never had been robbed by the person she targeted to rob. Today was the first time! At the same time, she was furious and felt like she had been humiliated greatly. She was a disciple of Feiyan sect! The Feiyan sect was renowned sect for the art of stealing. How could she lose to someone else?

Plus, Yu Xiaoke didn’t think that she wasn’t as skillful, but she was too excited and consumed in counting money when she bumped into Lin Yi, allowing him to take the advantage to steal her wallet. In fact, when she stole Lin Yi’s wallet, he already took her wallet without her noticing.

Lin Yi ignored her and turned around to leave. Lin Yi thought that there was something wrong with this girl’s head. How did she become a burglar with this level of psychological tolerance, challenging others so easily...

Yu Xiaoke clenched her teeth angrily, yet she could not do a thing! It was the first time Yu Xiaoke encountered something like this and didn’t know what to do. As she watched Lin Yi leave, she followed without knowing the way.

Even if Lin Yi didn’t want to accept her challenge, she had to take her wallet back. It was the most she earned this month, how could she let it go easily?

Lin Yi didn’t think that Yu Xiaoke would follow him. It amused him. At the same time, he didn’t think that Yu Xiaoke was suited to be a robber. She was too senseless to be a robber. If he went to the police station, would she follow then too?

Yu Xiaoke followed Lin Yi as she was confident in qinggong. The Feiyan sect was renowned for qinggong and although she wasn’t too skilled in combat, she was a fast runner. In her perspective, she could easily tail Lin Yi!

She wanted to find an appropriate chance to rob both wallets on Lin Yi.

However, Yu Xiaoke froze at the corner of the street. Lin Yi disappeared!

“Where did he go?” Yu Xiaoke looked at the empty street strangely. It was the backstreet of the hospital and people rarely walk pass here, so it was impossible for Lin Yi to be lost in the crowd! The street was empty. Yu Xiaoke grasped a complete view of the street.

Chapter 695: I’m So Angry!

I'm So Angry!

"Are you looking for me?" Lin Yi's voice came from behind Yu Xiaoke.

Yu Xiaoke jumped and trembled. The hairs on her back stood up. How did this person appear behind her without a sound?

"You- How did you get there?" Yu Xiaoke turned around and stared at Lin Yi cautiously. Was this person a ghost?

"You are asking if I'm human or not?" Lin Yi asked her.

"I... You..." Yu Xiaoke glared at Lin Yi without knowing what to say.

"You want to tail someone with this level of skill? Go home and rest. This world is dangerous, and it's unbelievable that someone like you lived until now," Lin Yi looked at Yu Xiaoke pitifully. He was a rather upright person.

"You are unbelievable!" Yu Xiaoke looked at Lin Yi angrily, "Oi, are you a person of the same profession?"

Yu Xiaoke thought that perhaps Lin Yi was one like her. Otherwise, how was he so skilled in the art of stealing. How was he able to appear and disappear so unpredictably?

"Heh... If you practice a few more years, perhaps you can be the same kind as me," Lin Yi laughed.

"If you are as great as what you think, then accept my challenge!" Yu Xiaoke attempted to goad him, "Oi, are you scared that you will lose and that's why you won't accept my challenge?"

"If you say so," Lin Yi shrugged, "Stop following me. You won't be able to keep up."

"I..." There was nothing Yu Xiaoke could do. What could she do against someone who's unmoved by force or persuasion? She clenched her teeth and she was unwilling to give up, "Then can you give me back my wallet?"

"Oh, sure. It's useless to me," Lin Yi agreed without hesitation.

Yu Xiaoke was extremely delighted, and as she was about to thank him, she saw her big wallet flying towards her and she quickly caught it. However, she was shocked at the sight in front of her. Her wallet was empty. The ten thousand yuan were all gone without a single cent behind.

"Oi, where's my money?" Yu Xiaoke felt as if she had been tricked.

"You said you wanted your wallet back, not your money?" Lin Yi laughed and walked away quickly, "Remember what I said. Go back and practice a few more years before coming out, or you'll be caught sooner or later. It's hard for me to comprehend if you are so compassionate, why did you steal my wallet when you scolded me? I don't like the way you commit crimes."

“Argh! I’m so angry!” Yu Xiaoke stomped her feet furiously. She wanted to kick Lin Yi into pieces as she watched Lin Yi leave, “Die! Aren’t you great? Who told you that you could humiliate me! I’m going to make you... Ahhhhh! My foot...”

Yu Xiaoke stepped on a small stone and almost fractured the sole of her foot.

Lin Yi turned at the corner and returned to the hospital. The beggar was still begging there and avoided Lin Yi’s eyes when he saw him. However, Lin Yi didn’t want to do anything to the beggar either since he had nothing much to do with him.

Lin Yi saw Tang Yin at the nurse’s office upstairs. Xiaofen and Guan Xin just came back from her check up. When Guan Xin saw Lin Yi entering, she blushed lightly. She wished to say something, but held back since Tang Yin was present.

On the contrary, Lin Yi took the initiative to greet Guan Xin, “Xinxin, is Xiaofen alright now?”

Lin Yi could see that Xiaofen was more lively. Her illness was caused by secrets in her heart. Now that her heart was lightened, the problem wasn’t so severe anymore.

“It’s alright now. The doctor said there’s no need to come back if she doesn’t fall ill again,” Guan Xin shook her head.

“Sorry to bother you,” Lin Yi nodded, “I saw Grandpa Guan today, but I was in a rush. I’ll visit another day.”

“Okay!” Guan Xin nodded. She was about to say she will cook for Lin Yi, but as Tang Yin was there. She didn’t want her to misunderstand. Guan Xin hesitated for a while before suggesting, “Tang Yin, do you want to come along? I’ll cook for you guys?”

“I won’t go... I’m quite busy. My house is gone, and I don’t know what to do yet,” Tang Yin was too embarrassed to go. It seemed like she didn’t believe in Lin Yi. Did she seem too small-minded? Tang Yin spoke, “But I troubled you quite a lot with Xiaofen and my father, I should be treating you. When I figure something out about my new house, shall I make barbeque for you?”

“Okay!” Guan Xin agreed with a smile.

As they spoke, someone called for Guan Xin at the door and she went to work first. Lin Yi and Tang Yin went to Tang Jucheng’s wardroom. Kang Xiaobo and Xiaofen left a step early with Liu Xinwen. They knew that Tang Yin’s family wanted to talk to Lin Yi about their house, and it was inappropriate for them to participate.

“Uncle Tang, how are you feeling?” Lin Yi saw that Tang Jucheng could already walk with the help of a walking stick. He recovered rather quickly.

“Not bad! It’s much better than the recovery period after the last surgery. The Chinese medicine you gave me is quite useful. Even the doctors here are shocked!” Tang Jucheng smiled, “But they asked me for the recipe. I didn’t give it to them. I told them I bought it with all the herbs ready, and I don’t have the recipe.”

Lin Yi nodded. It looked like Tang Jucheng wasn’t an inflexible person but rather clever. He knew that the compounds of the medicine were valuable and it shouldn’t be given away so easily. This kind of

medicine which helps in bone growth could be mass produced and could bring them a considerable amount of profit.

“Don’t give them the compounds of the medicine. If someone else asks again, tell them that it was from Guan Xueming, Professor Guan, and they won’t ask further.” Lin Yi found a shield for Tang Jucheng. In the medical system, Guan Xueming’s prestige was irreplaceable. “Oh, right, Uncle Tang, Aunt Wang, I heard from Tang Yin that you two were looking for me?”

“Yes. I thought that we should discuss about purchasing a new house? We can’t always live in the hospital like this. The hospitalisation fee per day is even more expensive than hotels. It’s not a good deal!” Although Tang Yin’s mother didn’t have to pay for it, she pitied the loss of money. How nice would it be if Lin Yi gave her those money!

“That’s true. The hospital isn’t as comfortable as home,” Lin Yi nodded. He neglected this point earlier since he didn’t have a fixed residence, and he was used to wandering around. Tang Yin’s family was different. They were just ordinary citizens, and it was uncomfortable to live without a home!

“Yes. Now that I can walk, I want to find something to do. I’m sick of lying in bed all the time!” Tang Jucheng agreed, “But I need a place to settle down before finding a job. I can’t live in the hospital while job hunting!”

Chapter 696: Special Price Property

Special Price Property

“What’s going on with the demolishments at the slums? Had anything happened?” Lin Yi has kept an eye on Master Bing’s movements, but he only heard that Master Bing began the reconstruction of his Qibing skyscrapers. He found a highly efficient construction company and apparently the framework has been completed already. Of course, although Lin Yi demolished his house and broke his leg, he had to keep operating his business by continuing to demolish the slums. However, Lin Yi didn’t know if Master Bing learned his lesson or not.

“They said that they’ll summon everyone for compensation matters. After what happened, they will most likely raise the price after what happened last time, but it won’t be too high!” Tang Yin’s mother sighed, “Our home is lost, and we’ll get compensated as much as possible. I don’t want to think back to it. But now, should we rent a house first or buy a new one?”

Lin Yi was unable to intervene with their compensation agreements. He couldn’t find Zhao Qibing and threaten him to compensate Tang Yin’s mother, could he? He demolished Master Bing’s skyscrapers. It was even between them.

If Zhao Qibing knew what Lin Yi was thinking. He would spit blood from fury! A skyscraper for a broken house was even? That’s nonsense!

“You should buy one. You can’t rent a house forever,” Lin Yi thought that purchasing a house would spare them some worries.

“Buy a house...” Tang Yin’s mother’s heart ached at the thought. Tang Jucheng and Tang Yin’s thought that they should buy one. With five hundred thousand yuan Lin Yi gave them and some savings from before, they had more than enough to buy a big house. However, Tang Yin’s mother didn’t want to spend it all at once without savings. She finally felt like she was wealthy, and the illusion would disappear if she spent the money.

Lin Yi could tell what Tang Yin’s mother was thinking from her expression? He laughed lightly, “Aunty Wang, I know a friend who used to work with property developments, so he should know many developers. I’ll give him a call and check if there are any special price properties?”

“Great, that’s great! Can you ask me as soon as possible?” The cheapness in her personality which was embedded deeply into her bones didn’t change at all. She immediately cheered up when Lin Yi said he could find a special price property for her. In fact, she would’ve agreed with Tang Jucheng and Tang Yin to purchase a new house either way, but if she could save some money through Lin Yi’s connections, why not?

Tang Yin’s mother was glad that she discussed this with Lin Yi without purchasing a house right away like an idiot. She would’ve lost a great deal!

Lin Yi gave Fatty Lai a call. Fatty Lai was at an extremely excited due to the success of the news conference. He thought that he didn’t need to promote their product anymore. With the media’s reports, it was impossible for Miracle Doctor Guan medical company to not be famous!

Direwolf hyped the coma event at First High School too much. Billions of people online had had their eyes on it!

Miracle Doctor Guan medical company unraveled the truth at the most crucial point and quickly created an antidote. Their efficiency was extremely high! At that time, the name of Miracle Doctor Guan medical company was known all across the internet.

“Boss!” Fatty Lai picked up.

“I heard that your news conference was quite successful?” Although Lin Yi didn’t see it with his own eyes, he heard the taxi driver compliment how great Miracle Doctor Guan medical company was, and how they treated an illness which the hospital could not!

“Ha, if it wasn’t for your recipe, it wouldn’t have been worth anything!” Fatty Lai was clear-headed and he wasn’t immensely satisfied at himself. He understood that everything came from Lin Yi’s poison and antidote recipe. Without these, no one would believe the story he made up.

“Hahaha, you’ve done well!” Lin Yi complimented generously, “Oh right, how’s the preparation going for the antidote?”

“They’ve bought all the ingredients and have started production. With Old Guan watching out for everything, there shouldn’t be any problems,” Fatty Lai replied.

“Mhm. I wanted to ask you something. Do you know anyone who sells properties?” Lin Yi asked.

“Selling properties? What? Boss, do you want to buy a house?” Fatty Lai paused for a second and asked.

“Not me, Tang Yin’s family wants to. Wasn’t their house demolished by Zhao Qibing? They want to buy a new house. Do you know any developers who are selling low price properties have promotions?” Lin Yi asked subtly, but he believed that Fatty Lai was clever enough to understand what he meant!

Indeed, Fatty Lai understood what Lin Yi meant as soon as he heard that Tang Yin’s family wanted a new house! Fatty Lai was a developer himself and has a few buildings under construction at Songshan. There are some houses which weren’t sold or kept for self-use.

Lin Yi couldn’t tell him to give Tang Yin’s family a house bluntly. Tang Yin would definitely refuse, and her mother would definitely agree. At that time, they will argue over it! It was the same with the fifty thousand yuan. Tang Yin wanted to return it to Lin Yi, but her mother grasped it tightly in her hands.

So, Lin Yi thought of a plan. He asked Fatty Lai to sell a property to Tang Yin’s mother at a low price. This way, her mother would be happy and Tang Yin wouldn’t suspect anything.

“Oh, I do!” Fatty Lai pondered for a while, “Tell aunty to contact me, I’ll take care of it!”

Lin Yi smiled and complimented Fatty Lai’s comprehension ability silently, “You do? Cool, I’ll tell Aunty Wang to contact you!”

Tang Yin’s mother watched Lin Yi anxiously and her eyes lit up when Lin Yi said yes. She almost laughed out loud since she wanted to save as much as possible, “He does?”

“Aunty Wang, my friend said that there’s one that’s on promotions. You can contact him in person!” Lin Yi smiled.

“Oh? Great! I’ll go and have a look tomorrow!” Tang Yin’s mother was in a rush to move, but she couldn’t find a suitable and cheap house. Houses nowadays weren’t cheap, and it was a great deal to purchase a special price property!

Lin Yi gave Fatty Lai’s contact details to Tang Yin’s mother, but Tang Yin frowned on the side. She wondered if it was actually a coincidence. Her family wanted a new house, and Lin Yi could use his connections to find a special price property?

However, she couldn’t ask Lin Yi in front of her mother. She held her doubts in...

There were police outside the room for protection, and some were happy while others were not.

Zhong Pingliang was happy. He felt as if he was a great figure because he had police outside to protect him. If people he knew saw it, he would have a lot of respect.

Chapter 697: Visiting An Jianwen

Visiting An Jianwen

An Jianwen, however, wasn’t in the same situation as Zhong Pingliang. He was so worried that his hair could turn white! With police guarding his room in the hospital, it was impossible to call the tattooed

man or Zhong Pingliang. He didn't have a phone on him, and he was worried that the police would notice if he used a phone in the room.

The kidney trafficking company he operated was taken down so easily? An Jianwen suffered greatly, but it wasn't the most painful thing. One of his kidneys was cut and that kidney should be inside Zhong Pingliang's body by now!

An Jianwen didn't want to lose an internal organ. He wanted to find Zhong Pingliang and take his kidney back, yet he was too scared! Although his kidney was important, it was nothing compared to his life. He was the mastermind behind the company. As soon as the information was collected, it wasn't as simple as jail waiting for him. He could get a death sentence!

An Jianwen was troubled, and he could only stay in the room gloomily. When the police visited him, he had to pretend that he was a victim suffering greatly... In fact, he was indeed suffering and didn't expose his thoughts!

But his identity was already exposed which prevented him from making up a new name.

An Jianwen didn't think that two familiar people visited him at the hospital!

Chen Yutian never imagined that Song Lingshan would call him. He was excited yet bewildered at the same time. Why did she call him?

Song Lingshan didn't think that An Jianwen was on the list of the victims reported by Liu Wangli. He was one of the four renowned Songshan masters!

Although Chen Yutian changed a lot these few years, Song Lingshan still had no feelings towards him. However, their relationship was better before and they were now more or less ordinary friends. Since they were friends and something happened to An Jianwen, Song Lingshan thought it was necessary to notify Chen Yutian.

It didn't matter how much she hated An Jianwen, she thought she had to visit him herself as An Jianwen was one of the important figures in the city.

Song Lingshan called Chen Yutian to visit An Jianwen at the hospital, and Chen Yutian was glad that Song Lingshan asked him out alone! Chen Yutian was surprised that An Jianwen's kidney was taken by a kidney trafficking company. Especially since he was still well when they were drinking together. However, he was hospitalized today which made Yutian Pity him.

Song Lingshan remained cold towards Chen Yutian on the way. She was cool and had no expression on her face. Even if Chen Yutian wanted to talk, he didn't know where to start. He tried to start a conversation but Lingshan ignored him, and he could only smile bitterly.

It looked like he didn't have any chances! Chen Yutian's heart died, and he felt like he had no chance after what Song Lingshan said.

"I already broke through the mid-stage of the golden class, and I am now in the late stage. What about you?" At this moment, Song Lingshan thanked Lin Yi. If it wasn't for him, she wouldn't have known how to break through it!

"I..." What else could Chen Yutian do other than laugh bitterly? He just entered the initial stage of the golden class. Not to mention the mid-stage, he wasn't even at the peak of the initial stage. Compared to Song Lingshan's final stage in the golden class, it was as different as the sky and the earth!

"Chen Yutian, I hope you can face yourself squarely. The differences between us are too big. We aren't suitable," Song Lingshan knew what Chen Yutian was thinking, but she didn't think that Chen Yutian still lingered onto his feelings for so many years.

"Not suitable..." Yutian sighed. Lingshan didn't give him a chance at all!

"Why, do you think that you can win against me?" Lingshan lifted her head up and stared at Yutian without blinking, "I told you before, I don't like men who're weaker than me. When did you ever show your tough side in front of me? Never! You are always so soft and asked if I have time. I'm giving you a chance, but what did you ever do for me? If you are indeed capable, how about you toughen up once and show me?"

Toughen up... Chen Yutian sighed again, how could I? You are at the final stage of the golden class, but I'm merely at the initial stage. How could I possibly be stronger? You'll send me flying with a kick!

Song Lingshan shook her head seeing that Chen Yutian remained silent. Although Chen Yutian was indeed weaker than her, he didn't have the thoughts to become stronger. He was even too scared to think about it! Song Lingshan couldn't accept this kind of personality like. Even if she did, those House Song would die from embarrassment! For those who didn't know, they would think that he married her and live with her family!

If it was Lin Yi, he would've exploded a long ago! However... If it was Lin Yi, would she dare to ask something like "can you win against me?" Not really... Lin Yi will most likely give her back her Miss Braindead nickname.

Song Lingshan felt wronged. As the idiom goes, a comparison is odious. *She was rather a tough person. How did she lose all her toughness in front of Lin Yi? Forget it. She needed him to help her solve those cases...* Song Lingshan comforted herself silently.

An Jianwen was extremely distressed when he saw Lingshan and Yutian appear in his room. It looked like the police outside his room didn't lie to him. His kidney trafficking company really came to an end! Otherwise, it was impossible for Song Lingshan to stand here without a scratch!

But luckily, Song Lingshan didn't know that he was the mastermind behind the company. Otherwise, he wouldn't be lying in the hospital bed right now.

"Jianwen, what happened to you? How were you dragged into something like this?" Chen Yutian thought it was rather unimaginable. How did the kidney trafficking company pick a master who drove a sports car like An Jianwen? Weren't they afraid of the consequences?

"I don't know... Last night after dinner, I wasn't in a good mood! You know that I've always liked Chu Mengyao, but yesterday's confession plan failed, so I wanted to have a walk by myself. But as I walked, I fell asleep by the street, and I don't know what happened after I woke up..." What An Jianwen said was half real and half fake. He wasn't worried that Song Lingshan will question it as Chen Yutian could prove that the party last night indeed ended on bad terms...

Chapter 698: Urge to Die

Urge to Die

“Oh...” Chen Yutian sympathized An Jianwen. His relationship failed, and his kidney was taken away from him. He could imagine how painful it must be. Chen Yutian turned around and asked Song Lingshan, “Have you caught the suspect?”

“The mastermind’s code name is the ‘tattooed man’, but the surgeon committed suicide to escape punishments,” Song Lingshan replied indifferently, “I don’t know what’s the profit chain hidden behind this crime syndicate. The police are investigating further into it...”

What Song Lingshan said could be found through official channels, but An Jianwen didn’t receive any information in the hospital room and didn’t know what was happening outside the room. Hearing that the tattooed man was arrested and the surgeon killed himself made his vision blurry. His kidney trafficking company! What will he do if the surgeon died! He hoped that the surgeon could transplant his kidney back!

Now he was completely done for. Even if he found Zhong Pingliang, he couldn’t find anyone to change kidney for him. Which regular hospital would do that? He couldn’t speak to the police or they would ask, how do you know that Zhong Pingliang’s kidney is yours?

Chen Yutian saw An Jianwen’s unnatural expressions and thought that he recalled the pain and quickly comforted, “Jianwen bro, please accept the reality. Luckily you are only missing a kidney without threatening your life. We’ll think of something and give you a transplant!”

An Jianwen could only smile bitterly back. He wasn’t only suffering from losing a kidney. He knew where it was, but he was unable to get it back! Not to mention his kidney trafficking company. It was everything he devoted to!

After An Jianwen came back to Songshan from overseas, other than pursuing Mengyao, he also wanted to develop his own business. Indeed, his business became more prosperous with each passing day, and he outgrew his brother’s performance. He was also complimented by House An and Fire Wolf sect. An Jianwen became ambitious, yet a bucket of cold water was poured over his head, shattering his great dream...

“An Jianwen, rest assured, the police will do you justice. The suspect has been punished according to law, and we hope that you will present as the witness at court!” Song Lingshan came on behalf of the police. Although she disliked An Jianwen, she must go through the procedures since An Jianwen was the victim.

“Okay...” An Jianwen’s heart was bleeding. Asking him to be the witness for accusing his own kidney trafficking company? Has this ever happened in this world? But An Jianwen could only nod painfully since he was afraid Song Lingshan would suspect him, “I will go...”

“Jianwen bro, I’ll give Yushu a call and see if she’s still with Yaoyao. I’ll ask them to come and visit you too!” Chen Yutian pitied An Jianwen and thought that perhaps he’ll feel better if Mengyao visited him...

An Jianwen became delighted immediately and thought, as expected of Chen Yutian! As one of the Songshan four masters, he treats me right! Mengyao will definitely pity my current state, right? If the girl’s mother nature was awakened, perhaps I still have a chance!

Although Mengyao seemed cold, she was kind at heart and An Jianwen knew it clearly. When they were at the amusement park, she told Lin Yi to save him! Hence, An Jianwen agreed to have Mengyao visiting him, but he was afraid of Yushu since she only knew how to stir up troubles! She will probably clap her hands happily at him.

But what Yushu thought had nothing to do with An Jianwen. He didn’t like her anyways. He wouldn’t have liked her even if she pushed herself on him. How could he live with a woman like this at home? She might castrate him in the middle of the night!

An Jianwen had always kept his distance with Yushu, unwilling to provoke her yet unable to offend her since she was Mengyao’s best friend.

“Sorry for the trouble! Yutian bro, a friend in need is a friend indeed!” An Jianwen was touched. He was delighted to receive such care from Chen Yutian when he’s injured.

Chen Yutian dialed his sister, Yushu’s number.

Yushu just came back to Mengyao’s hospital room. As she held Mengyao’s hands, she giggled at Mengyao’s stern expressions, “Yaoyao sis, what’s wrong? Why do you look unhappy? You should be happy that you just escaped from death! Look at me, when I played Super Mario II with you, I will always cheer when I don’t die!”

“...” Mengyao glared at Yushu, “How can you act like this is a game? Would you be happy if Lin Yi saw your body?”

“Oh, but I wasn’t unhappy! What if he did? I will marry him in the future anyway. Won’t he get to look at my body anyway? When we have a threesome together, we’ll see everything!” Yushu played with her fingers and continued, “He just saw it earlier, what’s wrong with that?”

“...” Mengyao rolled her eyes and realized that her way of thinking wasn’t the same as Yushu. This girl had no chastity in mind. She acted if nothing happened after her body was seen by Lin Yi. She’s just as happy every day. She’s even happier than everyone else!

Fortune favors fools. She didn’t have to worry about personal gains and losses.

“Since when did I say I will marry him?” Mengyao humphed, “No, you and Lin Yi must keep it a secret, or I won’t be able to marry in the future!”

“Oh, rest assured, only the three of us will know. We won’t tell our secrets to outsiders!” Yushu nodded.

Mengyao was speechless. She discovered Yushu didn’t understand her words, or perhaps she pretended that she didn’t understand? Mengyao suddenly realized that her best friend had a strange brain. When she wanted to understand something, she will react faster than anything, but if she didn’t want to understand it, she wouldn’t understand it no matter what you said...

“Don’t ever talk about it again in the future!” Mengyao could only take a step back and warned Yushu.

“Okay, I won’t!” Yushu nodded, “Yaoyao sis, where are we going now? It’s so boring here, I don’t want to stay here anymore. The smell of disinfectant is making my head dizzy!”

Mengyao didn’t want to stay in the hospital either. Although she just woke up from a coma, she was full of energy. She didn’t know what Lin Yi did to her, and although Mengyao was thankful, she wanted to die because Lin Yi had seen her body.

Chapter 699: Super Good News

Super Good News

“Where do you want to go?” Mengyao asked.

“Shall we go home and play hide and seek?” Yushu suggested.

“Hide and seek? Are you horny? Do you want to get stuck between the fences and let Lin Yi touch your boobs?” Mengyao rejected her suggestion. Her place was only that big. Hide and seek was fun if they played it occasionally, but it becomes boring after a while.

“Fine, fine, what do you want to play?” Yushu changed the topic without blushing as if Mengyao wasn’t talking about her.

“How would I know? Let’s go home and play some video games,” Mengyao wanted to play games after Yushu mentioned it.

“Ok, ok!” Yushu nodded since she loved anything she could play with.

As they were talking, Yushu’s phone rang. She glanced at the caller ID and quickly picked up realizing it was from her brother, “Bro!”

“Xiaoshu, where are you?” Chen Yutian’s voice sounded from the other side of the phone.

“Yaoyao sis and I are still at the hospital. Are you free?” Yushu continued, “If you are, come and play games with us!”

Chen Yutian thought that they were sick after hearing that they were in the hospital, but when she mentioned games, it was obvious that they were well. He didn’t question further and asked, “Jianwen drank last night and fell asleep on the street. A kidney trafficking company cut off one of his kidneys. If you and Yaoyao are free, do you want to come and visit him? We are at People’s First Hospital right now, the third impatient depart, room 218.”

“Holy moly!” Yushu widened her eyes in shock and immediately cheered, “Oh, Yaoyao sis, I have super good news for you! One of An Jianwen’s kidney was cut off. He’s in the same situation as Zhong Pingliang now! Your pursuers are so pitiful. All of them lost their kidney!”

Yutian sweated. Even if his sister didn’t like An Jianwen, there was no need to cheer like that, was there? If Jianwen heard it, wouldn’t he die from rage? Lucky he kept some distance between him and Jianwen so he couldn’t hear it!

“An Jianwen? His kidney was cut off?” Mengyao froze for a second. Although she wasn’t as happy as Yushu, she wasn’t sad either. Her relationship with Jianwen gradually drifted apart over the years, and she no longer felt like he was the older brother from next door.

Mengyao shook her head. Now they were grown-ups, they couldn’t go back to before!

“Yushu, you and Yaoyao should come and visit him? After all, you were all decent friends.”

“Oh, ok. Yaoyao sis and I are free anyway. We’ll go visit him, it’s fun!” Yushu pondered for a while and agreed.

Yutian didn’t know what to say. Fun? Is it really fun having one kidney cut off?

However, there was nothing he could do with his weird little sister. His father spoiled her and treated her as the treasure of the family. Looking at his sister from a certain angle, she was indeed cute!

“Yaoyao sis, we have somewhere to go. We are going to the hospital to visit An Jianwen. His kidney was cut off. It’s fun!” Yushu hung up and spoke to Mengyao, “Do you think Shield bro did that?”

“Lin Yi?” Mengyao froze for a second. Would it be Lin Yi? Why did Lin Yi cut off his kidney? Perhaps because An Jianwen confessed to her during dinner last night? That seemed impossible. Lin Yi didn’t like her, so why would he do that? It would make more sense if she ordered him to do that, but she didn’t...

Mengyao told Chu Pengzhan that she was going to visit An Jianwen at the hospital with Yushu. He couldn’t let them go alone as after the coma event. He became easily frightened for her safety and told Uncle Fu to drive them there.

In the car, Yushu gave Lin Yi a call, “Shield bro, where are you?”

“I’m at People’s First Hospital,” Lin Yi picked up Yushu’s call in front of Tang Yin. Since Tang Yin already knew the relationship between him and the other two, there was no need to hide it from her.

“Oh, great timing! Yaoyao and sis and are going to visit An Jianwen, you should come with us!” Yushu was delighted upon hearing that Lin Yi was there too.

“Visiting An Jianwen?” Lin Yi didn’t react for a second, but he remembered that the guy’s kidney was cut off! Wasn’t his kidney given to Zhong Pingliang then? How could it even match?

“Yes, his kidney was cut off,” Yushu spoke happily, “Come and be our bodyguard. What if An Jianwen becomes mad and beats Yaoyao sis and I?”

Lin Yi was speechless. One of An Jianwen’s kidney was cut off. How would he be strong enough to beat them? But Lin Yi knew Yushu’s personality well, “Okay. Give me a call when you guys arrive.”

“Okay, we are almost there. Wait for us in front of the third impatient department!” Yushu replied.

After Chen Yushu hung up, Lin Yi smiled as he saw Tang Yun looking at him, “Chu Mengyao and Chen Yushu are coming and told me to visit a patient with them.”

“Oh, you can go first then. Everything should be fine here!” Tang Yun originally thought that she could go shopping with Lin Yi. The weather’s getting hot, and she wanted to buy a pair of jeans shorts. She also wanted to go the night markets today, but obviously Lin Yi wasn’t available now.

“Ha, if there’s something else, I’ll come a bit later?” Lin Yi saw that Tang Yun was hesitant to speak. It looked like she wanted to tell him something.

“Okay, we’ll see if there’s time...” Tang Yun was delighted.

Lin Yi briefed Tang Yun’s parents and left for the third impatient department. As soon as he arrived, he saw Uncle Fu’s Bentley parked at the front.

Mengyao and Yushu got off the car holding hands. Yushu waved at Lin Yi but Miss only cast a glance at Lin Yi.

Lin Yi understood why his Miss acted this way and didn’t bother about it. He smiled, “Why didn’t you guys bring any gifts if you’re revisiting a patient?”

“Oh, we should definitely celebrate it! Should I go and get some firecrackers?” Yushu pondered and replied with a straight face.

Yushu’s words amused Mengyao, “That’s too much. Even if you are happy. You should not do that. At least give your brother some respect!”

Chapter 700: Fainted From Rage

Fainted From Rage

“That’s true. Then shall we eat something good later for celebration?” YChen ushu nodded and gave up on the idea of buying firecrackers.

The three of them entered the building, went up to the second floor, and arrived outside room 218. However, there were police patrolling around the room. When they saw that the three of them were about to enter the room, someone immediately stopped them, “May I ask who you are looking for?”

Chen Yutian came with Song Lingshan and the patrolling police naturally let them through without asking. Although Lin Yi, Mengyao, and Yushu looked rather harmless, they shouldn’t lower their guard.

“We are here to visit An Jianwen,” Lin Yi replied. He didn’t expect An Jianwen would be protected by the police.

“An Jianwen is one of the victims under our protection. May I have your names? I must notify and ask our leader...” The police guarding the door asked.

“Who’s your leader? Song Lingshan? Or Liu Wangli?” Lin Yi didn’t think that it was so troublesome to visit An Jianwen.

“You... You know Team Leader Song and Team Leader Liu?” The police froze for a second, “Team Leader Song is inside. Please wait a moment, I’ll notify her.”

When the police heard that Lin Yi didn’t only know their middle team leader, Liu Wangli, but also their team leader, Song Lingshan, they didn’t dare to neglect them and immediately went inside.

“Leader Song, there’s someone at the door who wishes to visit An Jianwen, and he knows you...” The police reported.

“Knows me?” Song Lingshan froze for a second, “I’ll go and have a look.”

After Song Lingshan came out, she saw Lin Yi, Mengyao, and Yushu standing there. However, she found it strange that Lin Yi came to visit An Jianwen. Does Lin Yi know him?

“Lin Yi?” Lingshan glanced at Lin Yi with unnatural expressions, probably because Mengyao and Yushu were next to him. However, Lingshan quickly returned to normal. What was she afraid of? They weren’t Lin Yi’s girlfriends and how was it any of their concerns what her relationship with Lin Yi was?

“Why is An Jianwen under protection?” Lin Yi asked.

“He’s a victim of the kidney trafficking company. We need him to be our witness,” Song Lingshan said, “Do you know him?”

“I do, but I’m not familiar.” Lin Yi shrugged and thought it was funny. Asking An Jianwen to accuse his own kidney trafficking company? Although An Jianwen was the mastermind behind the case, he probably wiped out all evidence, so Lin Yi didn’t bother to tell Song Lingshan about it.

Song Lingshan nodded. She followed Lin Yi into the room like a child who had been bullied. She didn’t dare to walk faster than Lin Yi.

No one else noticed this detail. Mengyao and Yushu didn’t notice and Yutian didn’t overthink it since he didn’t believe that Song Lingshan would be bullied.

“Yushu, Yaoyao... Lin Yi, you are here.” Yutian sounded unnatural when he said Lin Yi’s name. He respected Lin Yi deeply and called him leader. He felt like he disrespected Lin Yi by using his name.

Yushu saw her brother and then saw Song Lingshan who stood behind him, and her face immediately dropped. She didn’t understand why her brother was so simple-minded. It was obvious that Song Lingshan didn’t like him, yet he pursued her persistently. So embarrassing!

Song Lingshan was a sly fox and harmed her brother. She should teach her a lesson... Mhm? Yushu’s eyes suddenly brightened up as she thought of something.

An Jianwen was delighted at Mengyao’s arrival and he automatically ignored Yushu, who was standing next to her. However, he froze when he saw Lin Yi, who was standing behind Chen Yushu.

Lin Yi knew that he was the mastermind of the kidney trafficking company! He was going to cut off Lin Yi’s kidney in the morning, but it became him instead... Lin Yi definitely loathes him. Perhaps Lin Yi was the one who saved Song Lingshan?

The more An Jianwen thought about it, the more he loathed Lin Yi. He was afraid that Lin Yi would expose his secret to Lingshan, and he was irritated that Lin Yi destroyed his hard work! However, if he didn’t catch Lin Yi and Song Lingshan, his company wouldn’t have been destroyed so soon.

Jianwen thought about it carefully and sighed in relief. So what if Lin Yi told Song Lingshan about it? He didn’t have any evidence! The tattooed man will definitely hold on and wouldn’t sell him out. The only

person who knew his real identity was Doctor Wang, and he killed himself. Who else could prove that he was the mastermind behind it?

If he refused to admit anything, Song Lingshan wouldn't be able to do anything to him! People from House An wouldn't be bullied so easily. Lingshan won't do anything to him without any proof. Jianwen felt much more relieved at the thought and acted more hypocritically, "Lin Yi bro, you are here too? It's kind of you to remember me at a time like this. When I'm recovered, I'll treat you!"

Jianwen could only act like this in order to maintain his image in Mengyao's heart. Otherwise, she would think that he was a narrow-minded person.

"Oh, Jianwen bro, will you ever recover from losing a kidney? Will you die?" Chen Yushu spoke before Lin Yi could.

"What?" Jianwen froze and his face flushed red. He cursed silently. *Damn it. Would you die if you lost a kidney? Stop it!* However, An Jianwen didn't dare to curse at Yushu since he didn't want to offend House Chen, not to mention that Yutian was also in the room! Yushu was also Mengyao's best friend, if he cursed at her, would Mengyao let him go easily?

"Yushu, shush. Losing a kidney will only affect his body slightly. He won't die," Chen Yutian could only explain to his younger sister.

"Oh, really? That's what I thought!" Chen Yushu nodded, "I heard that if a man loses a kidney, he's not a complete man anymore. Jianwen bro, your dream with Yaoyao sis is broken! And you definitely won't be able to have a threesome!"

"Huh?" Jianwen's face turned red and purple. He didn't think that Yushu was bad enough to mention what hurt him the most. She shouldn't have come. Did she come to make him lose reputation in front of Chu Mengyao?

"Yushu, stop the nonsense. Even if he was a man, I won't... with him." Chu Mengyao frowned as she thought Yushu went overboard, making it sound as if she could be together with Jianwen!

However, Mengyao sounded discriminating. Jianwen's heart was as cold as ice. What did she mean by 'even if' he was still a man? Was he not a man now?

The more An Jianwen thought about it, the more he grieved. Why was he so unfortunate? Was there anyone who was more unfortunate than him? Jianwen suffered from excessive internal heat and fainted.
