## Chapter 701: Obedient Song Lingshan

Obedient Song Lingshan

Song Lingshan frowned, “Chu Mengyao, Chen Yushu, please watch your words. An Jianwen is a victim, his wounds and emotions aren’t stable yet. Please don’t upset him!”

“How did we upset him?” Chen Yushu did not have a good impression of Song Lingshan, “What I said is the truth. My brother also said so, even losing one kidney will affect his body!”

Chen Yutian laughed bitterly as he lowered his head. One was his own sister, one side was Song Lingshan, who should he help? Who could he help? How could he help?

Song Lingshan glared and Chen Yutian, “What are you standing there for? Go call the doctor!”

“I’ll go now...” Chen Yutian quickly nodded and left for a doctor.

Chen Yushu was about to explode from anger. What was wrong with her brother? He was like a mouse scared of a cat in front of Song Lingshan. How was he so careful, so soft? She was his sister! He didn’t only not help her after been scolded by that fox, but he went to call the doctor for Song Lingshan?

“Brother, you can’t go!”

“Shu...” Chen Yutian was stuck between them. Song Lingshan didn’t exactly bully Yushu, did she? She was just strict with her words.

“You are so unreliable...” Yushu was extremely disappointed when she saw Chen Yutian’s hesitance. She thought shield bro was better because he always helped her no matter what happened! Mhm, she will only devote to him alone!

Lin Yi was rather surprised at Chen Yutian’s actions, but he immediately guessed what was going on from Chen Yushu’s reactions. Was Chen Yutian pursuing Song Lingshan? She had a pursuer?

“Shu, I’ll get the doctor first...” Chen Yutian saw the disappointment in his sister’s eyes, yet there was nothing he could do. First, Song Lingshan told him to call the doctor and second, An Jianwen indeed fainted and nothing else should happen!

“No!” Chen Yushu refused. It wasn’t as simple as calling the doctor anymore, but it was between her and Song Lingshan! Chen Yushu couldn’t understand why her brother liked Song Lingshan so much!

Her brother was an outstanding person! Although he wasn’t as excellent as shield bro, he was the eldest grandson of House Chen. What kind of girls could he not get?

Yushu and Song Lingshan always looked harmonious on the outside yet disliked each other on the inside since childhood. This was also why Yushu targeted Song Lingshan.

Mengyao couldn't bear to watch it anymore, but she knew that although Shu seemed like she didn't care about anything, she was more stubborn than anyone if she wanted to. That was why Shu stayed by her side when she was in a coma!

Mengyao was touched. Although some of Yushu's comments and suggestions made her feel awkward, such as mistress or threesomes, Mengyao knew that Yushu didn't want to part with her. She knew that she wanted to be with her forever!

Lin Yi didn't think that Chen Yushu began to compete with Song Lingshan. However, Chen Yutian was indeed too soft and Lin Yi couldn't bear to watch it. He spoke indifferently, "There's no need to go. An Jianwen won't die so soon."

Chen Yutian opened his mouth but he could only nod, "Ok!"

Lin Yi was the person Chen Yutian respected the most this lifetime. If it wasn't for Lin Yi, he wouldn't have changed to how is now. He would have continued being a hedonistic young master, hanging out with An Jianwen every day.

Song Lingshan glanced at Chen Yutian in surprise. Why was Chen Yutian so obedient? Did he follow Lin Yi's words straight away?

Although Song Lingshan felt like she lost some respect. She wanted to scold and fight back against Chen Yutian because he should have been following her, but she knew that the person who ordered him was Lin Yi. Song Lingshan immediately lost all her temper.

It was her own misfortune to be bullied by Lin Yi. How could she complain? She didn't dare to do so for the time being...

However, Song Lingshan respected today's Chen Yutian. He toughened up for the first time! But. it was a pity that Song Lingshan didn't like him, and the change in his personality wouldn't change her feelings towards him.

Chen Yushu froze for a second and stared at her brother in disbelief. He didn't even listen to her but listened to shield bro?

Chen Yutian was also shocked. Song Lingshan didn't persist in calling the doctor?

Lin Yi didn't say anything else but walked next to An Jianwen, casually pressed twice on his head and he woke up. An Jianwen was horrified when he saw Lin Yi pressing on his head. *Was Lin Yi going to kill him?* However, he recalled that both Song Lingshan and Chen Yutian were there. Lin Yi wouldn't be so bold!

"Thank you, Lin bro, my body's weak and I fainted..." An Jianwen thanked Lin Yi.

"No need, we are equal now," Lin Yi replied indifferently.

An Jianwen froze and immediately understood what Lin Yi meant! Lin Yi meant An Jianwen made him unconscious before and woke him up. Of course, only An Jianwen would understand.

"Oh, Jianwen bro, you are awake!" Chen Yushu looked at him apologetically, "I'm sorry, I'll stop with the nonsense now!"

“Haha, it’s fine...” What else could he say? He didn’t want to and couldn’t bother with her. It would just shorten his lifespan.

“Hey, we should take a photo with Jianwen bro. All in all, losing a kidney is worth remembering! This is the only time he will experience it in his lifetime. You can’t lose another one in the future!” Chen Yushu suddenly clapped and suggested.

An Jianwen almost fainted again at her words! What’s so memorable about losing an organ? Once this lifetime? Of course! Wouldn’t he die if he lost another one?

But Chen Yushu’s words weren’t so sharp, and he couldn’t talk back. He pretended that he didn’t understand what she meant since he was willing to take a photo with Chu Mengyao.

Chen Yutian and Song Lingshan’s facial expressions were strange. Chen Yutian secretly thought that his sister wasn’t someone easy to deal with. She almost made An Jianwen faint again! On the other hand, Song Lingshan believed that she did it on purpose!

## **Chapter 702: I Will Remember it!**

I Will Remember it!

“Oh, great. Let’s take a photo! Yaoyao sis, come!” Yushu waved to Mengyao.

Mengyao didn’t want to take part in the photo but since Yushu was so excited, she didn’t reject. She stood up and walked next to Yushu. She did not stand next to An Jianwen, and he was disappointed.

“Bro, join us too!” Yushu waved and spoke to Lin Yi, “Shield bro, you should stand behind Yaoyao sis and I to protect us!”

“I’ll take the photo for you,” Lin Yi thought that there was no point to take a photo with An Jianwen.

“Nope, the only outsider here is Lingshan sis, let her take the photo. Quickly, come!” Yushu began to target Song Lingshan again.

Song Lingshan was just about to ask, why should I take the photo for you? I’m the police, it’s not my duty to take a family photo for you. What’s wrong with an outsider? Do I want to be in your family?

But before she could speak, Lin Yi replied, “Ha, alright.”

As he spoke, he walked over and stood behind Chen Yushu and Chu Mengyao!

Song Lingshan was stuck in a difficult situation. Lin Yi went. Should I take it or not?”

“I don’t have a camera!” Song Lingshan felt like she was bullied and she lost her dignity.

“Lingshan sis, you have a phone and it has high resolution! The photos you took for me at the sand castle was pretty!

...Song Lingshan fumed. If it wasn’t for Lin Yi, how could she be so bored to take photos of a sand castle? Was she an idiot? Oh... But Lin Yi thought that she was brainless anyways?

“Not my duty!” Song Lingshan replied coldly.

“Enough, Song Lingshan, hurry up and take one,” Lin Yi frowned. Everyone was in position yet she continued to find excuses. Even if there were disputes between Chen Yushu and her, he was standing there too!

Song Lingshan was startled at Lin Yi’s words. That’s right, Lin Yi was there. If she didn’t take a photo, would Lin Yi be angry? Song Lingshan’s spirit lifted a little as Lin Yi called her name, not ‘Miss Braindead’. Luckily Lin Yi gave her some respect in front of everyone, or she would lose her reputation!

“Ok!” Song Lingshan quickly took out her phone for a photo. Her head was unclear from anger and almost offended Lin Yi!

Chen Yushu was extremely pleased. It looked like Song Lingshan was afraid of shield bro! She listened to everything he said!

Chen Yutian was even more shocked! When Lin Yi stopped him from calling a doctor, Chen Yutian thought Song Lingshan didn’t say anything because they were unfamiliar with each other and she didn’t want to talk back. But now, it was completely different!

Song Lingshan seemed extremely obedient towards Lin Yi. As soon as Lin Yi opened his mouth, Song Lingshan followed his orders. What was their relationship? Boss and subordinate? If not, since when did Song Lingshan ever act so obediently with her strong personality?

Song Lingshan took the photo and passed the phone to Lin Yi with a bright smile, “Lin Yi, what do you think?”

“It’s alright,” Lin Yi glanced at it and nodded.

“Then little... I’ll send it to you when I go back. The same email address as last night?” Song Lingshan almost let the nickname slip. She suddenly remembered that she wasn’t calling Lin Yi in private and quickly changed it.

“Alright,” Lin Yi was used to Song Lingshan’s attitude towards him and didn’t think that it was inappropriate, but Chen Yutian was shocked!

Song Lingshan was fawning! Since when did she ever talk to a man in an amiable and softly manner? She’s using that tone to speak to Lin Yi?

Chen Yushu and Chu Mengyao thought it was normal too. They knew that Lin Yi was capable and Song Lingshan often sought help from Lin Yi.

On the other side, An Jianwen didn’t know that Lin Yi was so close to Song Lingshan in private! If he knew earlier, he wouldn’t have ended up in this state if he let Song Lingshan go!

There was no point to stay here anymore after the photo was taken. Chen Yushu came here to mock An Jianwen, and she would go after she achieved her purpose.

“Yaoyao sis, let’s go. We’ve taken a photo for remembrance, and we will remember Jianwen bro...” Chen Yushu paused intentionally before continue, “Jianwen bro’s kidney!”

An Jianwen cursed at her silently. He wasn't even dead yet, how was she remembering him? He waited for a long time, and he knew he was tricked again when she said kidney.

Song Lingshan controlled her emotions this time. She decided to be obedient when Lin Yi was present, or it wouldn't be fun while Lin Yi was infuriated.

Chen Yutian could only smile bitterly towards his younger sister. He could not control her since she had always been like this!

Although he wanted to ask Lin Yi numerous questions, he knew that Lin Yi won't necessarily answer them. Lin Yi said this a long time ago, he was just his sister's underling!

His sister's underling? His sister was too capable!

Chu Mengyao and Chen Yushu bid farewell to Chen Yutian and left the room. Lin Yi nodded at Chen Yutian and Song Lingshan before following the two out of the room. As for An Jianwen, Lin Yi ignored him.

Chen Yushu finally roared with laughter when they were far from the room, "Hahaha, I'm so happy! Shield bro pushed that sly fox down so much. Let's see if she dares to act arrogant again! Hahahaha!"

Chen Yushu was immensely delighted. She hated Song Lingshan since she was a kid since she felt like Song Lingshan took her brother away from her! But as she grew up, she finally realized that her brother was the one who pursued Song Lingshan, and she did not take a liking towards her brother!

In Chen Yushu's young heart, she thought her brother was the most outstanding boy in the world. Song Lingshan was as blind as an owl!

She thought, evilly, that when she got a boyfriend in the future, she would take Song Lingshan in as the servant who served her during the night, so she can order her around! Although she was the concubine, she still had enough power to do so! She's the wife anyway. Although her status was lower, she was still a master. Usually, the concubine earned the husband's love and favor, but a servant was different...

### **Chapter 703: Miss' Inner World**

#### Miss' Inner World

Chu Mengyao glanced at Lin Yi indifferently without speaking. She felt like there was an untouchable barrier between Lin Yi and her. Whenever she saw Lin Yi, there was an inexpressible feeling inside her heart.

"We must eat a big meal today to celebrate!" Both of them could see how happy Chen Yushu was, "There are three big events we will celebrate today. First, let's celebrate Yaoyao sis recent poisoning and coma..."

"Shu! What are you on about?" Chu Mengyao almost stumbled and fell. Celebrate her being poisoned? What was wrong with her? Was she that happy about someone else's misfortune?

“Oh, Yaoyao sis, don’t be angry. I’m not done yet!” Chen Yushu was interrupted and waved her hands, “I mean, we are celebrating her survival of this misfortune. You are bound for good fortune after surviving a great disaster...”

“...” Mengyao blushed. Although she misunderstood Shu, she still glared at her, “Don’t you know how to speak clearly?”

“I was going to but you interrupted me,” Yushu replied weakly.

“Stop it!” Mengyao pretended she was going to tear Yushu’s mouth apart.

“Oh... No! The concubine of the family is been bullied. No...” Yushu yelled.

“Then don’t be a concubine!” Mengyao was merely trying to scare her, but she began to talk nonsense again.

“I’ll still be one,” Yushu thought for a while and replied.

“Whatever,” Mengyao rolled her eyes, not knowing what to say.

“Then I’ll continue. This is the first event! Second, we are celebrating An Jianwen’s loss of a kidney. He can no longer bother Yaoyao sis!”

Mengyao had a decent relationship with An Jianwen, but they weren’t so close now. However, she pitied An Jianwen’s loss and she thought Yushu was going overboard with celebrating it. Hence, she did not support Yushu’s suggestion.

“Event number three. I’m very happy that the sly fox was humiliated!” Yushu yelled in excitement, “So we must celebrate!”

Mengyao nodded. Indeed she should celebrate her escape from death. She glanced at Lin Yi, “Are you free?”

Lin Yi was surprised. Why did Miss talk to him in this tone? That’s strange! She usually ordered him to take them to dinner without asking whether he was free or not.

Chu Mengyao’s attitude made Lin Yi unable to refuse. He originally planned to go back to Tang Yun after visiting An Jianwen, but it seemed like he had to accompany Miss now.

“I originally planned to shop with Tang Yun, but I can push it back,” Lin Yi replied.

“Tell her to come along,” Chu Mengyao decided after hesitation.

“Huh?” Lin Yi froze on the spot and stared at Chu Mengyao in disbelief. Weren’t it discordant between Miss and Tang Yun? Taking Tang Yun along for dinner? What did she mean?

“What are you looking at me for?” Chu Mengyao frowned as she lacked confidence in front of Lin Yi. In fact, she didn’t like this feeling. Since Lin Yi saw her body and she peed all over him, she felt embarrassed in front of him, and she no longer acted prideful!

She was the Miss, his employer, how could she act like that in front of him? Hence, Chu Mengyao tried to mask her insecurities by speaking and acting cold towards him.

“You are treating her food?” Lin Yi asked.

“Woo! Yaoyao sis is finally going to negotiate with Tang Yun! Awesome!” Chen Yushu didn’t know what Chu Mengyao was thinking and cheered according to her own comprehension.

“Negotiate?” Lin Yi glanced at Chen Yushu. Is Miss finally going to make it clear? Lin Yi’s head ached at what happened during lunch. One was his employer and one was his girlfriend. His Miss was obviously a proud person, and she had to maintain her respect.

“Shu, what are you talking about? What negotiation” Chu Mengyao glared at her, “I just want to thank her!”

In fact, that was indeed what she thought. When she heard Tang Yun’s call to Lin Yi in the hospital, she thought that Tang Yun was indeed a good girl. She always appeared as “rival in love” in front of Tang Yun! When her life was in danger, Tang Yun wasn’t happy that she was dying but told Lin Yi to save her. Meng Chuyao was extremely touched.

The Miss never lacked money and even though Chu Pengzhan gave her enough kinship, he was too busy and had limited time to spend with her no matter how much he loved her.

For the longest time, Miss and Shu relied on each other, which caused her to have a cold personality. She wanted to treat others well because of her kind heart, but she would never say it aloud.

Miss excluded Lin Yi when he just arrived since she didn’t know Lin Yi as a person. She was at her limit to accept living in the same mansion as Lin Yi.

As time passed, Chu Mengyao gradually discovered that Lin Yi treated her very very well. He would take risks with her and became a hostage with her! She remembered this camaraderie deeply in her heart.

However, her personality forbade her to thank him.

At home, Lin Yi often cooked for Shu and her and took care of their lives like their older brother. Chu Mengyao felt comfortable and enjoyed it. No one treated her this well since she was born!

Chu Mengyao never experienced maternal love and cherished this relation very much. No matter how well Chu Pengzhan treated her, it was impossible for him to cook for her every day, not to mention take care of her! Even if Uncle Fu came to deliver food to her, they were from big hotels. How could it be compared with homemade food?

When she gradually accepted Lin Yi’s existence, she became dependant on him. Lin Yi seemed like he could do anything, and he could solve all the problems she had!

Whether they ran into bad people, if Shu was stuck in the fence, or perhaps they were treasure hunting in the garden. Even when Shu and she were kidnapped, he always found them at once! Lin Yi was like Doraemon who could be summoned at any time.

## **Chapter 704: Defend Happiness**

Defend Happiness

However, Tang Yun's appearance infuriated Miss! It was as if her beloved object was snapped away by someone else! Chu Mengyao felt like Tang Yun took Lin Yi away from her. How could she ignore it?

She just felt the warmth of family. There was no way that she would let someone else take away her happiness!

Lin Yi couldn't see the beauties at home, yet enjoyed the beauties outside were simply excuses she found to comfort herself. The real reason behind it was her fragile heart, which lacked warmth.

Chu Mengyao was like a safe. She hid her feelings inside since she didn't want to admit that Lin Yi gave her warmth. It was the softest spot in her heart, and she didn't want others to know!

Although she thought Lin Yi was annoying at times, it was great to live under the same roof as him! If possible, she hoped that these days could continue forever!

However, Tang Yun's appearance pulled her back to reality, shattering her dream! Lin Yi will leave her mansion sooner or later and start his own life! He will have a girlfriend and have his own family...

Chu Mengyao didn't think that this day would come so soon. She treated Tang Yun like her rival and wanted to chase her away from Lin Yi. She wouldn't allow Tang Yun to shatter her comforting home!

She wanted Lin Yi to prepare breakfast for Shu and her every morning! She wanted Lin Yi to appear at once when Shu and she were in trouble!

When she saw Lin Yi injured that night and saw Tang Yun, Chu Mengyao was furious. Why? Lin Yi was a member of the mansion. Why was he injured for Tang Yun? As so, the first clash between Miss and Tang Yun started.

The furious Miss declared war to Tang Yun without thinking through it!

The declare led to the second clash in the dining hall at noon.

Except Tang Yun's kindness woke her up. How was Tang Yun at fault? Didn't Lin Yi pursue her first? How could she blame Tang Yun? At the same time, she really didn't want Tang Yun to take Lin Yi away the mansion!

But after what happened today, after Lin Yi saw her body and she peed over him in embarrassment, could their relationship return to normal? Would he look down on her? Would he mock her?

Even if he didn't, how could she face Lin Yi?

Annoyed, she was extremely annoyed! Chu Mengyao felt like she could die from annoyance. She never felt so upset all these years!

At this moment, Miss decided that she will treat Tang Yun to express her appreciation! No matter what, they will be equal in the future. She didn't want to owe other people favors, especially Tang Yun!

As to how to manage her relationship with Lin Yi, it was her own concern. She didn't want to owe Tang Yun a favor and be held back by it. She was clever and could distinguish what was right and what was wrong.

Lin Yi was surprised at Miss' words. After the shock, he took out his phone and called Tang Yun. After all, Lin Yi also wanted the relationship between the girls to calm down a little. It would be troublesome if he was stuck in between them.

"Lin Yi? Are you done with things there?" Tang Yun was glad to receive his phone call. She was waiting inside the room and when she wanted to call to ask whether he could come back, she held back since she didn't want to interrupt his job.

"Mhm, it's done," Lin Yi replied, "We just left the impatient department."

"Uh... Can you come back?" Tang Yun asked after hesitating.

"Yaoyao said she'll treat you out, will you come?" Lin Yi asked.

"Chu Mengyao? Treat me?" Tang Yun exclaimed in disbelief. Why would Chu Mengyao treat her?

"To express her appreciation?" Lin Yi replied.

"Huh? Appreciation?" Tang Yun immediately realized that Chu Mengyao wanted to thank her for calling Lin Yi over to treat her illness. However, she still held animosity towards Miss, and she didn't really want to go, "I shouldn't go?"

"You don't want to? Don't worry about it then..." Lin Yi could guess what Tang Yun was thinking. There was definitely still a barrier between them.

Chu Mengyao wanted to take the phone and talk to her in person, but she didn't want to lower herself for it. She eyed at Chen Yushu and told her to do it.

"See, Yaoyao sis, Tang Yun's too scared to come!" Chen Yushu blinked her eyes and said it close to Lin Yi's phone.

Chu Mengyao trembled angrily. Chen Yushu is so annoying! Chu Mengyao asked her to invite Tang Yun for her yet she said that? Didn't she remain Tang Yun's rival this way?

Tang Yun heard Chen Yushu's words and suddenly panicked, "Who said so? I'll head over right now!"

Chen Yushu's probing was effective since Tang Yun made a decision.

"Let's meet in the car park in front of the hospital," Lin Yi suggested.

"Ok, I'll go now," Tang Yun didn't want Chen Yushu to look down on her.

Before Lin Yi could speak after hanging up, Chen Yushu cheered, "Yaoyao sis, aren't I awesome? I tricked her to come over with one sentence!"

"You! Yes, you made her come but how do thank her like this?" Chu Mengyao shook her head helplessly.

"You have to thank her when she arrives. I just made her come," Chen Yushu replied innocently.

Chu Mengyao didn't want to bother with Chen Yushu anymore. It'll only make her headache worse. She turned around to speak to Lin Yi, "Do you have a car?"

"Shu's Beatles, it'll fit four," Lin Yi replied.

“Oh, I’ll sit at the back with Shu,” Chu Mengyao nodded, “Next time drive mine.”

Lin Yi nodded. He didn’t dare to touch her car before, but it seemed like Miss didn’t care about it.

“I want to sit at the front to point the way for shield bro. I know a good western-style restaurant!” Chen Yushu refused to sit at the back, and Chu Mengyao didn’t know if Chen Yushu forced her to sit with Tang Yun at the back intentionally.

“You can point the way from behind,” Chu Mengyao said.

“I’m short-sighted. I can’t see from the back,” Chen Yushu shook her head.

“You are short-sighted? Then we won’t grab food. We are still at the hospital, I’ll take you to see a doctor,” Chu Mengyao pointed at the hospital behind them.

## **Chapter 705: Jealousy**

Jealousy

“Oh, it’s fine. I can see now,” Chen Yushu quickly waved her hands.

“...” Chu Mengyao glared at her. She felt like her vision was deteriorating from glaring at Chen Yushu all day long.

Lin Yi was used to their arguments. They were always like this since they were exceptionally close.

Chu Mengyao pulled Chen Yushu into the backseat together. The space at the back wasn’t so large, but it could definitely fit two small girls.

However, Chen Yushu felt slightly uncomfortable, “It’s so squishy, I want to sit at the front.”

“It’s squishy because your boobs are too big. Cut them off and it won’t be squishy anymore,” Chu Mengyao replied grumpily.

At this time, Lin Yi haven’t gotten in the car yet. He was leaning against the door, waiting for Tang Yun to arrive. That was why Chu Mengyao dared to say something like this. However, Lin Yi’s hearing was exceptionally well and heard it clearly from the outside.

“Yaoyao sis, you are jealous,” Chen Yushu protected her chest and looked at Chu Mengyao in alarm.

“No? There are so many people with big boobs nowadays. It’s not rare,” Chu Mengyao’s lips twitched.

“That’s true. The wife and concubine should have their own characteristics, or it won’t be attractive if they are the same,” Chen Yushu nodded in agreement.

Chu Mengyao didn’t know how to reply to that and she kept quiet.

Soon, Tang Yun exited the first impatient department and started jogging when she saw Lin Yi.

Through the window, Chu Mengyao could see that Tang Yun had a well-proportioned body. Her chest wasn’t too big but not too small either. Her legs were long and slim, and she wasn’t any shorter than Chu Mengyao. Under the sunset, her ponytail swayed from side to side, filling the parking lot with youth.

Chu Mengyao couldn't deny that Tang Yun was perfect. She was a classic beauty, and she was jealous.

"We have two, we won't lose to you!" Chen Yushu looked at Chu Mengyao and saw her unwillingness to lose on her face.

"..." Chu Mengyao was speechless. Human wave attack? Or threesome strategy? Wasn't it embarrassing even if they won? When was she going to marry Lin Yi? She only thought that he took good care of her...

Tang Yun was surprised at the Beetle behind Lin Yi. She drove with him before and it was obviously not Lin Yi's car. It should be Chu Mengyao or Chen Yushu's.

"Did I make you wait? Sorry..." Tang Yun fixed her fringe and apologized.

She couldn't lose her elegance in front of Chu Mengyao, or she wouldn't act like this usually.

"It's fine, get in," Lin Yi opened the door to the front passenger seat for Tang Yun.

Tang Yun saw Chu Mengyao and Chen Yushu sitting at the back and commented, "I shouldn't sit at the front, should I?"

"Oh, I want to sit at the front! Shall we swap?" Chen Yushu was delighted when she saw that Tang Yun was 'unwilling' to sit at the front.

"Shu, shut up!" Chu Mengyao immediately covered Chen Yushu's mouth and glared at her before speaking to Tang Yun, "You are the guest. You should sit at the front."

In fact, that was what Chu Mengyao thought. The car was small and she was too embarrassed to let Tang Yun sit in the back.

Tang Yun felt bad to sit in the front when Chen Yushu said she wanted to, but she didn't want to sit with Miss either, and she stood there not knowing what to do.

"Tang Yun, don't listen to her nonsense. That's just how she is. You'll know if you interact with her more," Seeing that Tang Yun was stuck between them. She was ashamed. She wanted to treat Tang Yun to thank her, not to declare war! No matter how their relationship developed in the future, she wanted to be more sincere today.

"Haha," Tang Yun laughed but secretly thought, how will she ever interact more with them? She was too distant from the luxurious life Chu Mengyao and Chen Yushu lived. She hasn't even figured out a solution for her own house!

Tang Yun got in the car and Lin Yi followed. He started it and asked, "What are we eating? Where are we going?"

"Listen to me, I know an awesome western-styled restaurant!" Chen Yushu said.

Lin Yi nodded in agreement seeing that Chu Mengyao didn't refuse, "Okay."

"Turn left at the front... then turn right... then go on the overpass, take the middle and go on the bridge... then exit the bridge from the right... then..." Chen Yushu began to lead the way and she was more efficient than the GPS.

Lin Yi followed her directions and parked the car in front of a restaurant called “Dazzling Couple Restaurant”, Lin Yi was speechless. The name of the restaurant was as shocking as the Floating Cloud. Are these two chain dining places?

Chu Mengyao looked at the big signboard and didn’t know what to say. It was indeed dazzling! But wasn’t it a couples restaurant? Only couples came, right? Why did they have four? It was a strange combination!

“Shu, isn’t this a couples restaurant? Shouldn’t we go somewhere else?” Chu Mengyao frowned since she saw all customers were couples entering and exiting the restaurant.

“We are already here. Let’s stick with it. I’m hungry!” Chen Yushu shook her head and urged.

Chu Mengyao didn’t have a choice but to tell Lin Yi park the car.

The man in front of the door who was in charge of parking the car thought a couple came, but four people got out of the car and he questioned strangely, “Are you all here for food?”

“Obviously. Why did we park the car here if we didn’t come here for food? It’s not even fun here!” Chen Yushu thought that the man was an idiot to ask such a stupid question.

“Oh... Please come in...” The man shook his head and thought. Are they two couples? One couple is lesbian? He thought to himself evilly as he welcomed the four of them into the restaurant. A waiter came to serve them.

“Good evening!” The great hall manager walked over and greeted them politely.

“Get us a room please!” Chen Yushu studied the decoration of the restaurant. She saw the information about this restaurant, and it was said to be couples’ heaven. Chen Yushu wanted to experience it, but she had no lover! She gave up as they only serve couples, but she found a chance today.

“One room?” The manager froze for a second, “You have four, one room?”

“Yes!” Chen Yushu nodded.

“I’m sorry madam, we are a couples restaurant with only couples rooms and couples seats available, and they are only open for couples...” The manager explained as he thought they were customers who came here by accident.

## **Chapter 706: We Are A Couple**

### We Are A Couple

“Yes, a room for lovers!” Chen Yushu replied.

“Sorry, because you have four, you have to open two rooms. You are not allowed to only open one room!” The manager replied impatiently. Did these people come to make trouble? Both the rooms and seats were charged hourly. Wouldn’t it be a loss for the restaurant if the four of them shared one room?”

“Who said we aren’t a couple?” Chen Yushu was unwilling to give up, “We are a couple!”

“What?! Four people? All couples?” The manager didn’t believe Chen Yushu’s words. He was certain that they were here for trouble! However, they were blind enough to make a fuss at Lei bro’s territory. Were they sick of being alive?

“Yes. I’m shield bro’s concubine, Yaoyao sis is shield bro’s wife, and she’s shield bro’s girlfriend! Why can’t we go to the same room?” Chen Yushu replied impatiently, “Oi, baldy, why are you so indecisive? We are here as consumers. Why do you have so many questions?”

The manager scoffed at Chen Yushu’s words. What’s this nonsense! Wife, concubine, and girlfriend? Did she think he was an idiot? How dare she call him baldy!

He wasn’t partially bald, but entirely bald! It was trendy in the gang!

“Consumer? I think you are here to look for trouble!” The manager’s attitude became cold and stern, “Let me give you a bit of advice. Leave now if you are smart. I don’t care who told you to come here. Tell him that no one shall be so arrogant in Lei bro’s territory!”

“What’s wrong with you? What thunder bro, rain bro, or lightening bro<sup>1</sup> are you on about. We are here for dinner!” Chen Yushu thought that there was something wrong with this baldy’s head. What on earth was he on about?

The manager laughed coldly, “Our room will only take two people! I welcome you if you are here for dinner, but must be in two rooms!”

“Shu!” Chu Mengyao frowned. She was a Miss of high status. When did anyone ever look down on her? The purpose today was to treat Tang Yun. How would she have any dignity if they left with their tails between their legs?

If the restaurant’s rule was really like that, she wouldn’t have made a fuss, but she saw three people going into one room with her own eyes. She stopped Shu and spoke, “I just saw three people going into one room, was that my imagination? They are in that room!”

As she spoke, she pointed towards room 101 which wasn’t far from the manager.

However, the manager was amused at her words, “Of course you are here to look for trouble! Lei bro, there are four people who demand to be in the same room!”

The person inside room 101 was the “Lei bro” mentioned by the manager and he was the owner of the restaurant. He indeed brought two girls inside since he was ready for a threesome! He was the owner here and obviously, he could do anything he wished to!

Lei bro was about to start when he heard the manager’s yelling. He immediately frowned and walked out, “What’s wrong? Who the hell is looking for trouble at a time like this? Do you want to die?”

Lin Yi understood the situation from the side. The Lei bro in room 101 is the owner of the restaurant! Chu Mengyao’s example was useless since it didn’t matter how many people the owner brought, but the restaurant’s rule was only two people per room. It was a method to earn money. They won’t earn much if a group of people crowded into one room!

The restaurant's furnishing wasn't of high quality as he probably hoped to refurnish it with its earnings! Usually, couples will eat and drink. It was inevitable that they may do something after the meal in a romantic setting.

Unless the man was fast with his business, usually they will take a long time which would increase their earnings!

On the other hand, what could a group of people do in the room? How could they earn money if they just left after eating? The menu here wasn't enough to earn enough as they relied on the furnishings and the mood.

Lin Yi analyzed from the menu alone at the door, so Lin Yi didn't bother with it. He could understand why the manager was unwilling to agree to their deal. Although the restaurant's operation wasn't genuine, if the department of industry and commerce didn't remark on anything, then Lin Yi naturally won't intervene with their business.

"Yaoyao, Shu, if they don't want to serve us, let's go to another one," Lin Yi didn't want to waste time here. He asked to leave first so that Chu Mengyao wouldn't be worried about losing face.

Chu Mengyao didn't persist after Lin Yi spoke. Since he suggested to leave then she won't lose her dignity. Hence she nodded, "That might be better. Let's go."

"What's wrong with them? They are rejecting business!" Chen Yushu wanted to experience the room since she heard that they sold adult toys inside. She was extremely curious about it, but she wouldn't have the chance today.

Lei bro was unhappy that he was interrupted at a time like this, but his eyes almost fell out of its sockets after he saw Chu Mengyao, Chen Yushu and Tang Yun! No Way! Three beauties came at the same time?

Lei bro had played numerous women. He operated a restaurant like this himself and had money going into his pockets every day. He also had a cousin who was doing quite well. Hence, he was rich and imposing, getting women through threatening and bribing!

However, he hasn't played with any girls like this before. Although he had seen beauties like them, they were familiar with this kind of things and he was unhappy with their impurity!

The girls right in front of his eyes seemed pure. Perhaps they were still virgins. How could he let them slip away so easily?

"What background?" Lei bro whispered to Ma Bilin.

"Four of them driving a Beatle. The man drove," Man Bilin replied in a low voice.

Lei bro nodded and had an idea in mind. Four people in a Beatles? The most ideal number of passengers onboard was two since four would be squishy. It also wasn't too expensive. A man driving a Beatle with three ladies onboard? He shouldn't have any background!

## **Chapter 707: Unable to Settle Peacefully**

## Unable to Settle Peacefully

It was cool to have a lady onboard in a Beetle, but he seemed poor to drive with three girls in it. He could've driven a hatchback! These girls obviously haven't seen much to be willing to squeeze into a small like this.

"It's my pleasure to have three beautiful ladies here for dinner. Bilin, how can you shut them outside the door?" Lei bro pretended to be angry and scolded the manager.

Ma Bilin froze for a second before he understood what Lei bro meant. He probably had his eyes on these ladies! Indeed, they were rather beautiful, but they were unfortunate to make a fuss in Lei bro's territory. They were lambs in a tiger's den!

"I'm sorry, Lei bro!" Ma Bilin quickly apologized. He acted petty and low to reflect Lei bro's status.

"Ladies, please come in! Bilin, hurry up and prepare a room!" Lei bro eyed Ma Bilin.

"No need, we won't eat here." Chu Mengyao felt uncomfortable under Lei bro's perverted eyes. She held Chen Yushu's eyes and wanted to leave.

Tang Yun didn't speak since she knew that Lin Yi won't allow others to harm her.

"Haha, since you came, dine here. I'm sorry for neglecting you earlier. How about I give you all a toast as an apology?" Lei bro grinned at Chu Mengyao, "If you are still angry, everything you have today will be free!"

Lei bro wanted to keep Chu Mengyao, Chen Yushu, and Tang Yun here. As for Lin Yi, Lei bro didn't care. please read only at [wuxiaworld.site](http://wuxiaworld.site)

He didn't think that Lin Yi was close with the girls. These three girls were obviously virgins and so Lei bro assumed that they were just ordinary friends, or he was a pervert like him.

"Oh, if that's the case, Yaoyao sis, can we stay?" Chen Yushu was moved as she wanted to check out the rooms! Did they have sex toys as she heard?

Chu Mengyao hesitated. Seeing that Chen Yushu was eager to stay, she didn't insist to leave. "Alright, but there's no need for the free order. We'll pay accordingly! I don't care if you want to double the price too."

Chu Mengyao didn't want to owe Lei bro a favor and so she was willing to pay double. Don't you think it's a loss to have four people in one room? I will pay you double the cost!

"Great!" Chen Yushu saw that Chu Mengyao agreed and immediately dragged her towards the room eagerly.

Lin Yi and Tang Yun followed behind the two, but he was too embarrassed to hold Tang Yun's hands.

"Wait, you can't go in!" Under Lei bro's command, Ma Bilin stretched out an arm to block Lin Yi's way.

Lin Yi frowned. It looked like Lei bro and Ma Bilin wanted to make it a big deal. Lin Yi stopped in his tracks and so did the girls. If Lin Yi couldn't go, why would they?

“Why can’t he come?” Chu Mengyao frowned, “Why aren’t you keeping your words?”

“I only said I’ll let the ladies in, not this man!” Lei bro glanced at Lin Yi in despite and turned to the girls, “Don’t worry about him, please go in!”

“We won’t eat here anymore!” Chu Mengyao was furious. This person didn’t let Lin Yi in? Why what was the point of eating here? Chu Mengyao held back her anger as she didn’t want Tang Yun to see the unruly and spoiled side of her, “Xiaoshu, let’s go!”

“Ok...” Chen Yushu nodded obediently this time. What’s the fun if shield bro wasn’t allowed in? Even if there were sex toys in the room, who could she play with? Hence, she lost the interest to go.

Naturally, Tang Yun followed Lin Yi. What was the point of coming if Lin Yi couldn’t go? She also turned around and she was ready to leave.

“Why, won’t you give me the honor?” Lei bro failed to calculate that! He didn’t think that these girls valued Lin Yi so much. Lei bro thought he was just an insignificant rich boy to them, but it didn’t seem so now! If he knew it, he would’ve let Lin Yi in and then find an excuse to make him leave.

But he already made himself clear. If he let Lin Yi in now, wouldn’t he seem weak? He wanted to hit on the girls. How could he lower his head first?

Lei bro’s method didn’t work. He became tougher!

He already had his eyes on these girls, and he wouldn’t let them go!

“Move! We aren’t going to eat here!” Chu Mengyao wasn’t scared of these people since Lin Yi was there.

“Do you think you can come and go to this restaurant so casually?” Ma Bilin immediately understood his boss’ intention. If they didn’t conform to their kindness, then they have to force them to stay! Ma Bilin blocked the four’s way arrogantly.

“Yaoyao sis, leave it to me!” Chen Yushu saw that the situation suddenly deteriorated. She was eager to give it go. She let go of Chu Mengyao’s hands dashed towards Ma Bilin.

Ma Bilin froze since he didn’t know what Chen Yushu was going to do. In the end, he didn’t know how it occurred before a tragedy happened!

Chen Yushu kicked Ma Bilin’s crotch, and he rolled his eyes in pain. He covered his bottom half as he crouched on the ground with sweat tumbling down his forehead!

“Oh yeah!” Chen Yushu yelled happily as she gestured a ‘V’ with her fingers, “Yaoyao sis, I did it in one attack! His resistance is worse than a shark!”

Chen Yushu was unafraid of anything. She dared to fight sharks and zombies, not to mention a manager! However, she didn’t think that Ma Bilin was so fragile that one kick would make him drop to the ground!

In fact, Ma Bilin wasn’t fragile, but he wasn’t ready for it since he didn’t think Chen Yushu could harm him! Imagine a young-looking little girl running towards you. What would your first thought be? How could he expect her to be so cruel?

Lin Yi shrugged. It looked like this won't end peacefully. Lin Yi didn't like to bully others randomly, but he won't pretend nothing happened if someone bullied him first.

Previously, it was a misunderstanding. Chen Yushu wanted a room for the four of yet and although she made it sound reasonable, it was all nonsense. He wasn't in the position to blame Ma Bilin for rejecting them, and he naturally couldn't do anything to him!

## **Chapter 708: I'm Not Leaving**

### **I'm Not Leaving**

Lei bro's appearance made the situation more complicated. Lin Yi was well aware of his intentions. He saw it when he saw Lei look at the girls' beauty. Lin Yi wouldn't let him have it his way, but he never imagined that Chen Yushu made a move first!

Lei bro was obviously shocked at the sight in front of him. He didn't imagine that a small girl could be so cruel! She attacked once and made Ma Bilin curl into a prawn!

Ma Bilin most likely suffered from it, and it was hard to say whether he could do his business in the future anymore. Lei bro's face immediately dropped.

"Good. Very good. Spicy, but I like it!" Lei bro's eyes were filled with sexual desire and desire to conquer her.

"Leave it like this. I'm in a good mood today and I don't want to do anything. We won't come here again, what do you say?" Lin Yi glanced at Lei bro and spoke lightly. He looked down on Lei bro as if he was giving alms. In fact, Lei bro was indeed nothing in Lin Yi's eyes!

Since Chen Yushu already taught them a lesson, Lin Yi didn't plan to nag them more. They were here to celebrate and he didn't want two small characters to ruin their mood.

"Ha?" Lei bro froze for a second before laughing out loudly, looking at Lin Yi as if he was an idiot! Ma Bilin, who crouched on the ground couldn't hold back his laughter too as if he no longer felt pain.

"Shield bro, have they lost their mind?" Chen Yushu looked at Lei bro and Ma Bilin strangely. How could they laugh so happily all of a sudden? What triggered them?

"Shu!" Chu Mengyao stopped Chu Mengyao from talking. Her kick already made the situation worse, and she didn't know if things could be settled. Chu Mengyao didn't want to waste any more time on these people as she sincerely wanted to treat Tang Yun dinner.

"Oh! I know!" Chen Yushu suddenly shouted, "They are happy that shield bro said he'll let them go!"

Chu Mengyao, Lin Yi, and Tang Yun couldn't hold back their smiles after hearing her words. Lin Yi and Chu Mengyao were used to it, but Tang Yun finally understood what Chu Mengyao meant by 'she will understand once she spent more time with her'!

She was a cheerful girl. She never felt down and nervous!

"Little girl, your joke isn't funny!" Lei bro clapped his hands and said, "Today, none of you shall leave!"

As Lei bro clapped his hands, and a group of muscular men dressed in black suits ran over and surround the four of them in the middle. The leader who had scars on his face politely sought Lei bro's order, "Lei bro, what do we do now?"

"Beat the man until he's disabled and throw him out. Keep the girls unconscious and leave them here." Lei Bro laughed fiercely. There was no need for him to keep operating the restaurant if others knew that four people made a big fuss in his territory!

"Damn, you brought some helpers! Usually, the antagonist does this too after getting defeated in all anime, but do you know the consequence?" Chen Yushu suddenly asked.

The restaurant was filled with tension but as soon as Chen Yushu spoke, everyone's expressions changed, and the atmosphere wasn't so tense anymore!

Wasn't this little girl afraid? How could she comment so randomly when she was surrounded by so many men?

"Little girl, you have big boobs and I like it," Lei bro glanced at her and licked his lips, "I can tell you the consequence. You will become my toy!"

Lei bro wasn't an idiot. He knew that he couldn't pick up on all girls, but he heard from Ma Bilin that the four of them came in a Beatles. What background could they possibly have? He may have to consider it if there were only two, but since there were four of them, no one else must own a car other than the man! Which wealthy child didn't have a car? Lei bro also knew the four famous masters of Songshan, and he never saw Lin Yi before, making him fearless!

"Bang!"

As Lei bro spoke, Chen Yushu took the chance and kicked abruptly, successfully kicking the scar face who stood in front of her! The scar face had his head turned around to talk to Lei bro and Chen Yushu succeeded in her attack when he wasn't paying attention to her. His eyes almost popped out its sockets as he yelped and crouched down.

"Oh-oh-oh! I got another one! These people are worse than sharks, so weak!" Chen Yushu cheered, "Yaoyao sis, come and play with me, it's really fun!"

Lei bro's expressions darkened. It was a provocation. She dared to touch his men in front of so many people. She didn't put him in her eyes! He laughed coldly, "Don't bother talking to them anymore, go! If the girls fight back, put them down too!"

Chu Mengyao glanced at Chu Yushu helplessly since she made things even worse. Luckily Lin Yi was here, and they didn't have to worry about unable to leave here.

"Are you really not letting us go?" Lin Yi glanced at Lei bro.

"Ha? Don't you know who I am? I am Li Dilei! No one ever left my territory standing!" Lei bro laughed arrogantly, "All of you must stay here, especially that girl! There's no harm in telling you that my cousin is Li Cihua! You should consider your situation again, and if you are smart, leave the girls here to serve me. I may also excuse you to fuck off if you kneel on the ground and beg me!"

“Your cousin is Li Cihua?” Lin Yi was surprised. No wonder their names were so strange. One was Cihua and one was Dilei! One bar was called the Floating Cloud and the other restaurant was called the Dazzling Couple. It was the perfect match.

“Now you know that you should be afraid of me!” Lei bro enjoyed this feeling. Whenever he mentioned his cousin’s name, all of them were extremely scared of him! They would also send women over for him to play! That was what he thought this time too. He wanted the three girls to serve him willingly since it wasn’t fun to force them.

“Oh, I’m not leaving then.” Lin Yi didn’t plan to leave after he heard that this person’s cousin was Li Cihua! Li Cihua and Master Bing had been jumping up and down, but Lin Yi didn’t have a chance to teach them a lesson yet. Poisoning Chu Mengyao was probably connected to Li Cihua!

### **Chapter 709: Haven’t Played Enough**

#### Haven’t Played Enough

Since Li Dilei was Li Cihua’s cousin, Lin Yi decided to use him to test the “doctor” who worked with Li Cihua, who was also the person who poisoned them.

“Lin Yi, be careful!” Tang Yun quickly urged Lin Yi as he walked towards the men in black.

“Tang Yun, you don’t know shield bro well. Those bad people should be careful of him!”

Lin Yun’s lips twitched and thought, how could she not know him? She knew him well! How were those his elements? She just wanted to be caring.

“I mean he should be careful not to beat them up too badly!” Tang Yun said.

“Oh, that’s fine. We are just defending ourselves. That fox Song Lingshan is scared of shield bro anyway!” Chen Yushu replied carelessly.

Li Dilei’s expressions changed. He didn’t think that these people would still be fearless in this situation and there were only two possibilities. First, they didn’t understand the circumstances, and they were idiots! The second possibility was that they were certain that they could leave this place!

Previously, Li Dilei thought the first possibility applied to them, and he thought it was funny! But now, he thought they leaned towards his second assumption! Lin Yi wasn’t scared when he heard Li Cihua’s name, but he even walked forward and declared that he was leaving!

Of course, it wasn’t the main reason. The main point was that the little girl mentioned Song Lingshan’s name, and she called her a fox. Li Dilei was familiar with Song Lingshan’s name. She was the leader of the criminal investigation team! How could they not know her name when they all joined the gang?

Perhaps these people had connections with Song Lingshan? Li Dilei became nervous. After a moment of hesitation, he decided to learn their backgrounds first, “Since you dare to come here, I assume that you have someone behind your back? Let’s talk about it. Let’s not fight against our own people!”

Lin Yi knew that Li Dilei wanted to make a compromise when he heard Song Lingshan's name. Whether someone like Li Dilei had a strong background or not, Song Lingshan could take care of him either way! Of course, it was difficult for him in jail, but it wasn't hard for her to come every few days and give him some trouble.

It wasn't possible Li Dilei to be completely crime free. Impossible!

However, Lin Yi didn't reply. From the moment he knew the relationship between Li Dilei and Li Cihua, his fate was decided! He was destined to become the experiment object for testing the poisoner under Li Cihua or Master Bing!

"Since you are unwilling to tell me, then there's nothing I can do. I don't care if you have any background or not, but you need to give me an explanation in my restaurant!" Li Dilei spoke indifferently. He wasn't afraid. So what if they knew Song Lingshan? He won't touch the girls, but he would beat the man up to let out his anger and to gain some reputation back. Even if Song Lingshan was informed, he would settle it by compensating them!

The men in black looked at Lin Yi, alerted, but they weren't too afraid! They had an advantage in numbers and only Lin Yi could fight out of the four!

As for Chen Yushu, they didn't think she could actually fight. She was only able to attack one of them because their guard was down.

They shifted all their attention onto Lin Yi, and they moved the instant Lin Yi walked closer! These men pushed forward as a group and wanted to hold Lin Yi down at once. They've lost all their dignity previously and they wanted it back!

However, they were too naïve. As they made their move, Lin Yi did too. However, Lin Yi was far quicker than them. Before they could see what happened, they felt pain in their necks and fell unconscious.

"Shield bro, you are awesome! But you didn't leave one for me. I haven't played enough!" Chen Yushu yelled in excitement.

"Too late..." Lin Yi just knocked the last man unconscious, and the man was falling onto the floor... However, Lin Yi pulled him back up, pushed his body randomly then sent him towards Yushu, "But it's fine, I woke him up again."

"Yes!!" Chen Yushu looked at Lin Yi in admiration. He could make a man wake up the man after knocking him unconscious? Chen Yushu swayed back and forth eagerly as she watched the man swaggered towards her, ready to kick.

The man's eyes were filled with horror, but he had no strength to fight back. When Lin Yi pushed him, he swaggered towards Chen Yushu, unable to control his body. He didn't know what was wrong with him. Why couldn't he control his body?

In fact, Lin Yi did some preparation. He wouldn't allow a dangerous man to approach Chen Yushu and the others. The man in black was like a puppet without the ability to fight back right now.

It wasn't only the man in black who was scared, but even Li Dilei's eyes were also filled with terror and shock.

He was afraid of Lin Yi who knocked all of his men down in an instant, and that he could make those unconscious men wake up!

The following scene was even more horrifying. Li Dilei watched as his last standing man was kicked in the crotch by Chen Yushu. The man in black rolled his eyes and fainted with foam gushing out of his mouth...

All the customers at the restaurant heard sounds outside, but no one dared to come out at a time like this. They were worried that they could get involved. They all locked their doors. Those couples who walked past the restaurant all turned away after judging the situation in the hall.

Li Dilei was terrified as he watched Lin Yi walk towards him. Lin Yi knew that he wouldn't lose! He miscalculated!

"Shield bro, can I kick this one too?" Chen Yushu was addicted to kicking people. She felt extremely satisfied.

Li Dilei's face twitched. *Let you kick me? Do you want me to die without children?*

"Brother, let's talk it out. Friendliness is conducive to business success!" Li Dilei was worried that Lin Yi will push him to Chen Yushu too. *He would die!* He knew that he wasn't Lin Yi's match since all his men were defeated, and he wasn't much stronger than them.

Lin Yi ignored him and took out his silver needles. He shook his hand casually and more than ten needles flew out, piercing Li Dilei's body.

### **Chapter 710: Let Him Perish on His Own**

Let Him Perish on His Own

"Ah!" Li Dilei cried. He thought he was going to die. However, he didn't feel anything! He was surprised, "Oh? It didn't get me?"

But when Li Dilei looked down, he suddenly realized that his body was filled with needles! They seemed eerie and terrifying under the reflections of the lights in the hall!

These needles were pierced into his body? Li Dilei's face turned pale in fright. Why would Lin Yi go easy on him compared to his men? Obviously, he wouldn't! However, he didn't know what Lin Yi wanted to do to him!"

"You... What did you do to me? Where these silver needles for?" Li Dilei lifted his hand in dismay as he asked because a row of needles was pierced in his hand.

"You'll know if you pull it out," Lin Yi replied indifferently, "But I suggest you don't. Hurry up and call your cousin."

"But..." Li Dilei was going to pull them out if Lin Yi didn't speak, but he was too scared now! Lin Yi made it sound horrifying. Who knew what would happen if he pulled them out?

Lin Yi didn't care whether Li Dilei pulled them out or not and turned around to speak to the girls, "Let's go somewhere else. I don't want to eat here anymore."

Li Dilei could only smile bitterly. He never thought that this could have ended up in this way. He could only watch as the four of them left his restaurant. However, Chen Yushu seemed like she didn't want to leave. She turned around, looked at the needles on Li Dilei's body, and said, "Shield bro, what that does that do? Can I try pulling out one?"

"Don't, if you do, he's going to die soon," Lin Yi replied.

"Oh, is that so? Nevermind then, I don't want to kill anymore," Chen Yushu shook her head, "Let him perish on his own then."

Li Dilei sweated furiously as he heard their conversation. Was he really going to die if he pulled them out? He didn't know, but he was about to die angrily from Chen Yushu's words!

The four of them left the Dazzling Couple restaurant. When Chu Mengyao saw that Chen Yushu was about to say something with exaggerated and excited gestures, she quickly pushed her to the side, "Shu, get in first!"

"Oh..." She nodded and got in the car first.

Chu Mengyao then turned to Tang Yun, "I'm sorry, Tang Yun. I wanted to treat you dinner but I didn't know that it would turn out like this... That's how Shu is, she always makes trouble. Please don't mind her."

Tang Yun didn't think that Chu Mengyao would explain to her, and she was surprised. Was this Chu Mengyao's arrogant and spoiled personality? No? Perhaps she was an easy going person?

Tang Yun shook her head, "It's fine. No one wants it to turn out like this. After all, they went overboard."

Chu Mengyao sighed in relief as Tang Yun didn't seem unhappy about it. She truly wanted to thank Tang Yun today. No matter how competitive they were or how many conflicts they've had, at least Chu Mengyao was sincere today! She was worried that Tang Yun would think Chen Yushu brought them here and messed it up intentionally.

"It's a good thing that we bumped into this Li Dilei. I wanted to probe Li Cihua anyway," Lin Yi waved his hands, "Let's get in the car."

Chu Mengyao and Tang Yun didn't exactly understand Lin Yi's words. Why was it a good thing to meet Li Dilei? But they didn't ask as Lin Yi didn't explain. Chu Mengyao didn't want Tang Yun to look down on her as if she was using her identity as Lin Yi's employer to pry into his privacy!

Tang Yun had a similar thought. She didn't want Chu Mengyao to think that she wanted to control everything without giving Lin Yi any privacy.

As they got into the car, Chu Mengyao asked Cheng Yushu, "Shu, let's go somewhere else. No more places like this! Where did you hear about this place from?"

“I saw it on the internet saying that it’s romantic here, and... Uh, nothing, I just wanted to come and check it out...” Chen Yushu almost exposed herself being curious about the sex toys. She quickly covered her mouth.

“There’s nothing to see here. Don’t believe in the ads in the future,” Chu Mengyao’s impression towards this restaurant was horrible and decided to never come again.

“Oh, I know another one...” Chen Yushu was about to suggest, but Chu Mengyao stopped her.

“Alright, let’s go to my family’s hotel...” Chu Mengyao didn’t want any more incidents, and it was safer to go to her own business.

Tang Yun’s heart skipped a beat when she heard Chu Mengyao’s words... The gap between them was enormous! Her family operated hotels yet she didn’t even have a home... It was the only reason why she felt inferior in front of Lin Yi. In terms of looks, she didn’t lose to Chu Mengyao or Chen Yushu, but if she was to pick the best partner for Lin Yi, it would be one of those two... And that Chen Yushu was determined to “buy one get one for free”, which gave Tang Yun headache.

Lin Yi didn’t know that Tang Yun would overthink and drove to Pengzhan Hotel. Previously when Chu Pengzhan held a family banquet here, Lin Yi participated in it. Chu Pengzhan originally planned to hold a gathering like this every week, but the plan was delayed after the falling chandelier last time.

It was the second time Lin Yi came to Pengzhan Towers. It was quite busy and the cars stopping at the front weren’t any less than the Starlight Hotel! However, the cars here were more towards business. Sports cars were rare here although it was just as luxurious. This hotel was focused on business discussions and meetings, and Starlight Hotel was more for entertainment, with the majority of visitors being wealthy children.

Lin Yi drove the car into the car park and the guard commanded Lin Yi to park in an appropriate place.

Chu Mengyao and Chu Yushu rarely came here, and even when she came with Chu Pengzhan, she came with Uncle Fu’s car. They usually went straight into the internal car parking and used the staff only entries. As a result, the guards who parked the cars at the front didn’t recognize Chu Mengyao.

She didn’t act like a Miss either since she kept a low profile. The four of them entered the hall, successfully opened a private room, and went upstairs.

Tang Yun thought it was strange; *why didn’t the employees here recognize Chu Mengyao? They didn’t look like they knew her at all.*

## **Chapter 711: Common Ground**

### Common Ground

From Tang Yun’s perspective, all the children of wealthy families were accompanied and flattered by the manager when they went to their families’ hotels and restaurants, just like soap operas show...

That was why Tang Yun felt like there was a huge gap between Miss and her. But now, she thought that Miss always kept a low profile since people here didn’t recognize her, and she didn’t act superior either.

Although Chu Mengyao lived in a billionaire's house, she did not have a bossy and domineering personality. This was because Chu Pengzhan educated her strictly and since Chu Mengyao had a lonely heart and couldn't make friends easily. Chen Yushu was her best friend since she was young, and she had no other good friends. Hence, she was influenced by those with unhealthy lifestyles!

Both Chu Mengyao and Feng Xiaoxiao's extreme personality was created due to the absence of maternal love, but they had something in common: they didn't have many friends! Chu Mengyao only had one but Feng Xiaoxiao had none!

However, Chu Mengyao was more fortunate than Feng Xiaoxiao since her mother was still alive. There was still hope for her. With Shu's friendship, she wasn't too lonely. However, Feng Xiaoxiao had nothing, and she was diagnosed with an incurable disease. She wasted her life away.

After settling down in the room, Chu Mengyao passed the menu and the order machine to Tang Yun, letting her order. But how could Tang Yun afford to eat at an expensive restaurant like this? She was horrified at the price of the dishes. How could they be so expensive! The price of one dish was enough for a week's worth of food for her family!

They also had to order the food themselves. After deciding what they wanted, they simply had to enter the code into the machine and it would display whether the chef could cook the dish or not. However, Tang Yun didn't know how to use it.

"I don't know how to use it... You should do it," Tang Yun was honest. She was poor and there was no need to mask it in front of Chu Mengyao. She passed the menu and order machine back to Chu Mengyao.

Chu Mengyao knew what Tang Yun was thinking and took them without speaking. She decided on a few dishes quickly. She didn't like eating things like bird's nest and shark fin soup since she didn't like the way they tasted, but she ordered bird's nest congee for Tang Yun. Then she passed the menu to Chen Yushu.

Chen Yushu flipped through the menu, and discovered that there was only shark fin, no shark meat; she was immensely disappointed, "Yaoyao sis, I think that Uncle Chu should add a shark meat dish!"

"..." Chu Mengyao was speechless. *How could her dad have time to think about this stuff? Ordering the restaurant's raw ingredients himself?* She pondered for a while and asked, "You want to eat shark meat?"

"Kind of, but I don't know if it'll taste better than shield bro's cooking," Chen Yushu swallowed and replied.

Tang Yun felt uncomfortable. Did Lin Yi make food for them every day?

"We'll ask the waiter if they can make it or not. Anything else you want to eat?" Chu Mengyao asked.

"Nope," Chen Yushu shook her head.

"Alright. Lin Yi, what about you?" Although Chu Mengyao no longer acted as calm as before. It was in her heart. On the surface, her attitude towards Lin Yi was as cold as ice, just like when Lin Yi just moved in with her.

But was it really the same? Chu Mengyao could only explain it clearly to herself, or perhaps she didn't even understand why herself.

"These are enough, I'm not picky," These were honest words. Since childhood, the food picked him. He didn't get to pick food since he had to adapt to the local food. When he was deep in the mountains, there was nothing to eat. Lin Yi ate whatever he could get his hands on since he had no other choices.

Chu Mengyao nodded and called a waiter in. She passed the order machine to him and asked, "Do you have shark meat here?"

"Shark meat?" The waiter paused for a second before confirming, "Please wait for a moment, I'll ask the kitchen for you."

The waiter picked up his comm. and replied after receiving a certain answer, "Yes, Miss, we do. How would you like it?"

"Can you grill it? I want to eat grilled shark meat!" Chen Yushu said.

"Of course," The waiter asked the kitchen before replying, "Yes, but because it's a custom dish, it will be slightly more expensive. Are you fine with that? It'll be about 600 yuan..."

"Yes," Chu Mengyao nodded calmly. Money was nothing to her. She didn't have a concept about money, and although she wouldn't fill her room with luxurious goods, she wouldn't care about prices either.

The waiter ordered grilled shark meat through the comm., and he served drinks. Chu Mengyao ordered juice since they were girls, and Lin Yi couldn't drink as he's the driver. There was no need for alcohol here.

"Tang Yun, thank you for today," Chu Mengyao raised her glass and thanked her. After a moment of hesitation, she scorned herself, "Although it doesn't look like we can become friends..."

Chu Mengyao was extremely touched when Tang Yun called Lin Yi. However, no matter how touched she was, she won't compromise the happiness that belonged to her! She won't allow Tang Yun to take Lin Yi away from the mansion!

If Lin Yi left her, where could she find someone as caring as him? Of course, she never admitted that she liked Lin Yi. He was such a flirty person. How could she possibly like him?

"I understand," Tang Yun wasn't surprised. She didn't think that their conflicts could be solved after one meal together, "I called Lin Yi because I didn't want to defeat my rival in this way!"

"Haha..." Chu Mengyao smiled but she did not explain further. Tang Yun was unable to understand how dependent she was to Lin Yi.

"Yaoyao sis, let's not talk about this. It's too heavy!" Chen Yushu couldn't help but butt into their conversation. She wanted to change the topic.

"Haha, we'll stop," Chu Mengyao finished the juice in her glass and gestured towards Tang Yun.

Tang Yun lifted her glass and drank it, accepting Chu Mengyao's gratitude. To be honest, Tang Yun never expected Chu Mengyao to thank her so formally. She felt uncomfortable since their relationship was too strange.

Tang Yun didn't know Chu Mengyao well. Not many people truly cared about her other than Chu Pengzhan, Uncle Fu, Chen Yushu, and few family members. Lin Yi was the only one other than that. When Tang Yun showed her concern for her, she was also extremely touched!

## **Chapter 712: Only Against Bad Guys**

### Only Against Bad Guys

"Tang Yun, how did you get into a relationship with Shield bro?" Chen Yushu was eager to hear about it as Lin Yi only came to Songshan for a month.

"Why do you call him Shield bro?" Tang Yun asked back without replying. She never understood what his nickname meant.

"That's because..." Before Chen Yushu could finish her sentence, Chu Mengyao cut him off.

"Ahem, we call him that because Shu feels like Lin Yi is like a Shield, protecting us from all the troubles..." Chu Mengyao didn't want Chen Yushu to tell her the original meaning as it was extremely embarrassing!

If she accidentally exposed that she first hired Lin Yi as her boyfriend but looked down on him, Tang Yun would definitely laugh at her! Chu Mengyao regretted it. If she didn't stop Lin Yi from acting as her boyfriend, then Tang Yun would have never had a chance.

"Oh, is that so..." Tang Yun nodded without questions. It was what a bodyguard should do! In fact, she never imagined that Lin Yi was hired at first to act as Chu Mengyao's boyfriend and that the nature of the job gradually changed after that.

Lin Yi sat on the side without knowing what to say.

All this time, Lin Yi never really understood what the Miss' attitude towards him was.

When he watched her competing against Tang Yun, he even assumed that she liked him. But when they were home, it didn't seem like that anymore! She hid well and no one knew what she was thinking. Even Chen Yushu only saw the surface of Chu Mengyao!

Correspondingly, Chen Yushu was the same! What Chu Mengyao knew about her was also what Chen Yushu showed. Lin Yi didn't believe that she was a naïve and brainless person. He thought she was smarter than everyone else, but she liked to live in a happy and carefree way.

Although they both hid well, the friendship between them was real, and they genuinely cared for each other. Lin Yi admired their relationship, especially after he saw Chu Mengyao faint. Only a minority of people could never leave their friends behind in a life or death situation!

"It's your turn, how did you get together with Shield bro?" Chen Yushu asked again.

“Lin Yi and I...” Tang Yun glanced at Lin Yi as she spoke. Seeing that Lin Yi didn’t stop her, she continued.

It was a funny story. At first, Lin Yi probably didn’t have feelings towards her, but after the Zou Ruoming event, she had her guard up. She categorized Lin Yi into those wealthy masters who wanted to hit on her!

But after a series of accidents, Lin Yi helped her quite a few times and they became closer. The first breakthrough for them was the first time Lin Yi went to her place and saw Xiaofen trying to commit suicide...

Was that the time when she began to like him? Tang Yun shook her head since she didn’t remember the details. She didn’t know when she fell in love with him and became his girlfriend.

Tang Yun seemed like she was talking to herself, recounting the story to Chen Yushu and Chu Mengyao.

Here, Chu Mengyao finally understood how helpless Tang Yun felt when she was harassed by Zou Ruoming! She never imagined that a boy could be so bad, so wicked, and so shameless when pursuing a girl!

At school, Chu Mengyao wasn’t harassed by anyone else other than Zhong Pingliang. Everyone knew who she was, and no one dared to do anything to her. Even Zhong Pingliang got bothered by Chen Yushu every day, so she never experienced the helplessness.

However, considering that Zhong Pingliang tried to kidnap her even though she was the Miss of House Chu, wouldn’t Zou Ruoming be more unrestrained to harass Tang Yun, who didn’t have any background?

Chu Mengyao felt like sexual harassment, rape, and bullying were far from her. She even thought they were only rumors. After hearing Tang Yun’s words, she realized that things as such happened frequently around her, but she never tried to understand it.

The story between Lin Yi and Tang Yun was beautiful and romantic. A knight in shining armor saving the princess! It was vulgar but also passed down for thousands of years! Wasn’t the Legend of White Snake similar?

After Tang Yun’s recount, Chu Mengyao no longer hated her, but even pitied her! However, although she pitied Tang Yun, who would pity her? She finally felt the warmth of a family, and she wouldn’t let anyone take it away from her!

“Oh, if anyone else comes after you, leave him to me! I’ll make him leave defeated! Look at Yaoyao sis’ pursuers. Two of them had their kidneys cut off!” Chen Yushu said, “I only fight the bad guys!”

Although it sounded like a joke, Chu Mengyao understood what meant and she believed Tang Yun understood too. There was no need for Lin Yi since Chen Yushu could block her pursuers for her.

“There’s none now...” Tang Yun felt like Chen Yushu wasn’t brainless at all. In fact, she was horrifyingly smart. Since you couldn’t tell which sentence is real or fake, her joke hid many meanings behind it.

“Oh, that’s boring...” Chen Yushu was disappointed, “Zhong Pingliang lost a kidney. Zou Ruoming became a coward. I don’t know who to play with at school”

“Shu, your job is to study, not to play with people,” Chu Mengyao said.

“Okay, I’ll listen to Yaoyao sis. I’ll stop playing with people,” Chen Yushu nodded and turned to Lin Yi, “Shield bro, you have to study too, or you won’t get into the same university as us!”

Tang Yun was speechless. *Same university? Did they plan to keep Lin Yi even in university? Are you going to make him your bodyguard forever?*

“Why would we want him to apply for the same university? To watch him flirt with other girls?” Chu Mengyao frowned and commented subconsciously. After she finished speaking, she realized that it was inappropriate since Tang Yun was sitting right across from her. What she said was just about Lin Yi and Tang Yun, right?

Luckily, Chen Yushu talked before Tang Yun could, “Exactly. Miss Tang Yun, do you really like Shield bro? Do you want to be with him forever?”

### **Chapter 713: Can’t Stay With You Forever**

#### Can’t Stay With You Forever

“I... Of course!” Tang Yun nodded. She already made her decision. Since she took this step forward, she would keep walking forward. If Lin Yi wanted to break up with her, then she would die in front of him!

“Oh, then can you accept him flirting with other girls?” Chen Yushu continued to question her, “Or, in other words, can you accept him having other wives?”

“Huh?” Tang Yun froze at her question. What was that? What do you mean by other wives? How could she possibly accept it? Wouldn’t other girls refuse... What? No!

Tang Yun was about to blurt out that she couldn’t, but she immediately swallowed her words. Was it Chen Yushu’s trap? Indeed, there were girls who could accept Lin Yi having other wives, and they were Chu Mengyao and Chen Yushu!

Didn’t they declare that they would be Lin Yi’s wife and concubine? And something about a threesome?

Tang Yun didn’t know what to say. Of course, Chen Yushu wasn’t stupid. Talking to her was like walking on ice! If she didn’t watch out, she would’ve fallen into Chen Yushu’s trap! All of her questions were sharp and difficult to answer.

Tang Yun pondered; what if she said no and Chen Yushu used this to attack her? Chen Yushu may say that if you can’t accept it, we can! Wouldn’t she look stingy in front of them?

But if she said she could accept... She really couldn’t! Why? Why did she have to accept Lin Yi having other wives? Wasn’t she making trouble for herself?

Seeing that Chen Yushu was looking at her, Tang Yun knew that she had to reply. Thinking back to Feng Xiaoxiao, she was ready to be the mistress. What was wrong with accepting another wife? She clenched her teeth and replied, “It depends what kind of wife she is...”

Tang Yun was ambiguous with her reply. But everything was her call. She didn’t give any criteria for acceptance.

But even so, her response was beyond Lin Yi's expectation. Tang Yun could accept him having other girls?

"Oh, then what do you think of me as his third wife? Yaoyao sis can be the first wife and you can be the second or something? You two can talk it out. I'm satisfied being the third wife," Chen Yushu said.

"Huh?" Tang Yun didn't think that she would immediately follow up her previous question. Was Chen Yushu trying to make a joke out of her? Should she accept or not? If she accepted, she was rather unwilling. If she didn't accept them, was she saying that Chen Yushu wasn't good enough? Wouldn't she offend them by saying that?

"Shu! What are you on about?" Chu Mengyao frowned. Chen Yushu was going overboard. She quickly stopped her from speaking further, "Where's the food? We will see if there is enough to fill your mouth later!"

"Oh... I'll stop. It's nothing." Chen Yushu waved her hands, indicating that she would keep quiet.

"Tang Yun, this is what Shu's like. She rambles every day, and I want to send her to a mental illness hospital," Chu Mengyao blushed and explained. She felt uncomfortable since Chen Yushu included her into the deal.

"Yaoyao sis, don't send me there..." Chen Yushu exclaimed, "There's nothing fun there!"

"..." Chu Mengyao was speechless and so was Tang Yun. Chen Yushu didn't want to go only because there's nothing fun there?

"It's fine... I'm about to get used to it..." Tang Yun touched her forehead and laughed bitterly.

Lin Yi never spoke. How could he? The conversation... seemed beneficial for him?

Quickly, the dishes were served and so was Chen Yushu's grilled shark meat. After a while, all the dishes were ready. Pengzhan Hotel's efficiency was high.

"Alright, the dishes are ready. I wanted to thank you, but I'm bad with words. Lin Yi knows that I don't talk much..." Chu Mengyao wanted to say something before eating, but she rarely spoke in a situation like this, and she didn't know what to say. Before she could finish her sentence, she saw Chen Yushu picking up a piece of shark meat in secret. Chu Mengyao smacked her hands with chopsticks, making Chen Yushu drop the meat into her bowl, "Shu! What are you doing!"

"Taste testing..." Chen Yushu replied gloomily, "Oh my... You almost fractured my wrist..."

"How can you eat before the guest?" Chu Mengyao scolded.

"How should I know? I usually eat first at home..." Chen Yushu replied weakly,

"It's fine, let her eat..." Tang Yun stopped Chu Mengyao from fuming since Chen Yushu looked pitiful. She didn't mind who ate first anyways.

"I'm sorry... Shu..." Chu Mengyao rubbed her temples, "You need to have a strong heart to live with her..."

Tang Yun shook her head. Although Chen Yushu's personality was strange, it should be fun living with her. Everything was double-sided. However, she immediately threw this thought to the back of her head. Living with Chen Yushu? Will she really let her become Lin Yi's third wife?

Chen Yushu continued to eat her shark meat but shook her head after one bite, "It's not as good as shield bro's cooking!"

"Lin Yi can't stay with you forever! Learn how to adapt to life!" Chu Mengyao glared at Chen Yushu and scolded.

Chen Yushu shut her mouth and continued to eat. In an instant, the mood became heavy.

Tang Yun didn't know what to say. She couldn't comfort poor Chen Yushu since she couldn't possibly let Lin Yi be her nanny for a lifetime. What about her then?

Although Chu Mengyao tried her best to maintain the mood of dinner, the harder she tried, the eerier it became. Tang Yun felt slightly uncomfortable since she thought these two rivals were hard to compete against.

When they finished eating, Chu Mengyao took out her VIP card, which shocked the waitress. She didn't expect Chu Mengyao to have the diamond card! The diamond card was the VIP card here, but less than one hundred cards were given out!

Diamond cardholders could enjoy VIP services, VIP rooms, special chefs, and enjoy a fifty percent discount. This card could be used for all Zhanpeng industries, and there was no need to worry that it's could possibly be fake. Every card had identification registered and the card holder's information and identity will be displayed once they swiped the card.

## **Chapter 714: Pig Brain**

### **Pig Brain**

The waitress' attitude towards her became even more polite. She carefully held the diamond card in her hands and exited the room.

A while later, the door was opened again. The person who entered wasn't the waitress from before, but a middle-aged man. He quickly approached Chu Mengyao and spoke politely, "Miss, you came! Why didn't you give me a call? I could've arranged a VIP room for you upstairs!"

The middle-aged man was Pengzhan Hotel's general manager, Liu. He was 35 or 36 years old and looked capable and experienced.

Now, Chu Pengzhan's words mattered the most in the company. The majority of the decisions were made by him alone. All the persons in charge under these industries felt insecure. Especially those who were closer to other shareholders. They wanted to work under Chu Pengzhan now!

It couldn't be helped since Chu Pengzhan wasn't only the first shareholder, but also the second biggest shareholder. Lin Yi also helped. They had two most impotent votes in decision making, and no one dared oppose them!

Manager Liu didn't know that the second biggest shareholder was sitting right in front of him. If he did, he would be scared to death.

"I didn't want to bother you," Chu Mengyao frowned. She didn't expect Manager Liu to visit. She shouldn't have had taken out the VIP card. Chu Mengyao was unwilling to use the VIP room since she would be surrounded like the moon amongst stars, and she hated that feeling. Hence she kept a low profile and asked for a private room. Now that Manager Liu was here, Chu Mengyao was worried that Tang Yun would think she looked down on her since she didn't want to take to the VIP room!

Miss hesitated for a while and thought of a way to make up for it, "Manager Liu, you should have more VIP cards right? Register one for my friend. I'll inform Uncle Fu."

The persons in charge of the industries also had authority to register new cards. However, the top tier diamond cards could only be registered after a report. As a result, Manager Liu didn't register diamond cards unless the guest was extremely important.

When Chu Mengyao said that she would inform Uncle Fu, she obviously wanted a diamond card. Manager Liu quickly nodded in agreement. How could the company disagree when Miss opened her mouth? Not to mention she would notify Uncle Fu.

After they went downstairs to the bar, Tang Yun realized that Chu Mengyao wanted to register it for her. She quickly shook her head, "I can't afford it even if you give it to me... It's too expensive here."

Tang Yun decided to be honest since it wasn't embarrassing. The Miss definitely knew about her background.

"You can use it at Pengzhan's shopping center. It'll give you discounts," Chu Mengyao explained.

"I... I usually go to night markets..." Tang Yun refused because it was useless to her. The card must be valuable, and she didn't want to owe Chu Mengyao a favor.

"Then give it to Lin Yi," Since she already told the manager, she couldn't go back to her word, and it was the same giving it to Lin Yi,.

Manager Liu thought Lin Yi's name sounded familiar. However, he couldn't ask in front of Miss and quickly registered a diamond card for Lin Yi. After Chu Mengyao left, Manager Liu then called Uncle Fu to report this.

When he mentioned Lin Yi, Uncle Fu's response shocked Manager Liu. Lin Yi was the second biggest shareholder of the company who only showed his face once? Apparently he was Chu Pengzhan's son-in-law? Did he even need a VIP card?

But he knew that the Miss was modest, so Lin Yi may be a modest person too. Manager Liu felt extremely honored to register a diamond card for the second biggest shareholder in the company!

...

Li Dilei watched helplessly as Lin Yi, Chu Mengyao, Chen Yushu, and Tang Yun left the restaurant. He regretted his perverted thoughts. His fear lingered at the sight of his guard because he couldn't tell if they were dead or alive.

However, he hadn't forgotten about Lin Yi's words as he quickly dialed his cousin's number. With so many silver needles pierced into his body and hands, he was afraid to pull them out. After all, Lin Yi did say that he would die after he pulled them out. Although he didn't want to believe it, he had to after learning what Lin Yi was capable of.

The reason was simple; Lin Yi defeated all his guards. How could he let go of these people's leader?

"Hello? Leizi? What's wrong?" Li Cihua was frustrated as his poisoning plan failed and he didn't know how to target Lin Yi again. Now he received a call from his cousin, and he didn't know what to expect.

"Cousin, help me! Someone fought in my territory and pierced silver needles all over my body, but I'm too scared to pull them out!" Li Dilei complained gloomily. Li Cihua was his only hope for revenge!

"Fought in your territory? Needles all over your body? What do you mean? What happened? Tell me in details!" Li Cihua was shocked. The more frustrated he was, the more problems he had. Usually, his brother didn't run into any troubles since everyone in the gangs knew that Li Dilei was his cousin, so they gave him some respect. But what happened today?

"Well..." Li Dilei didn't dare to conceal anything as he recounted what happened in detail. He couldn't hide it even if he wanted to. There were Li Cihua's people in the restaurant. The Scarface worked directly under him, but he was ordered to come here to guard Li Dilei's place.

"Fuck! Do you have a pig brain? Don't you have anything else to do? Can't you get women somewhere else? Aren't you afraid of losing business picking up on your customers? Do you know that you have to give the owner money every month?" Li Cihua was furious! His cousin was too arrogant! But since his cousin ran into trouble, he had to help, "They pierced needles into your body? Don't you know how to go to the hospital? What's the point of calling me?"

That's right, why was he so obedient? He should be going to the hospital, not calling his cousin! His cousin wasn't a doctor, and he couldn't help him!

Wouldn't he find out what was wrong with these needles if he went to the hospital?

### **Chapter 715: Nothing's Wrong?**

Nothing's Wrong?

Li Dilei ended the call, found a guard who hadn't fainted yet, and rushed towards People's First Hospital.

Li Dilei felt ashamed and embarrassed because of others' shocked glances. Everyone in the hospital looked at him as if he was a monster. After all, his body was filled with silver needles like an echidna. Those who didn't know what had happened wondered what this person was doing!

Li Dilei didn't dare to stop and sprinted towards the consulting rooms. He was part of the gang, and his underlings often fought with others, so he was familiar with all the doctors here.

"Wang bro, help me! Please check the needles on me!" Li Dilei saw a familiar, Doctor Wang.

Doctor Wang had nothing to do and was shocked when Dilei came in. He asked strangely, "Boss Li, what happened to you? Did you have acupuncture?"

"Acupuncture my ass! Someone did this to me!" Li Dilei was speechless. He clenched his teeth angrily at the thought of Lin Yi, "That person said I can't pull it out. He said that if I did, I would die. That's why I rushed here. Doctor Wang, you are experienced. Can you help me?"

"You will die if you pull it out?" It was Doctor Wang's first time hearing something like this. He was fine when he had them pierced into his body, but he would die if he pulled it out? Wasn't that just a threat? Doctor Wang didn't believe it but he didn't dare to neglect it as Li Dilei made it sound realistic, "I haven't seen anything like this before. Should I ask the head of our department to have a look?"

"Uh... Okay, sorry to trouble Wang bro," Li Dilei thought it was embarrassing and didn't want more people to know. However, now it was life-threatening. He didn't care anymore.

After a while, Doctor brought an elder over for Li Dilei. The elder didn't think there was anything wrong with it and there was nothing peculiar with the needles. If the needles were poisoned, he would've been dead a long time ago, and it didn't matter whether he pulled them out or not.

If it wasn't poisoned, he wouldn't possibly die from it. The needles were only pierced shallowly underneath the skin, and they didn't harm any organs. How could he die from it?

But the elder wasn't brainless. After learning Li Dilei's situation, he didn't speak confidently, "I personally think it's fine, and I can pull it out for you. But if something really happens after I pull it out, the hospital can't take responsibility for it."

"Uh..." Li Dilei was uncertain. He thought that the hospital could pull out a few silver needles, but even a specialist said he wasn't certain about it. How could he do it?

Li Dilei dialed Li Cihua's number again because he had no other choice.

"Brother, I'm at the hospital! But the doctor said if something happens to me, they won't take responsibility for it!" Li Dilei panicked, "Brother, can you think of something to help me?"

Li Cihua didn't expect his cousin to be so useless. However, it did sound severe, and he couldn't leave his cousin alone.

"Wait, I'll head over now!" Li Cihua asked which hospital and which room he was in and rushed over.

Li Cihua was also shocked at Li Dilei's state. *Was that an echidna? Why was his body filled with spikes?*

"The hospital won't do it?" Li Cihua looked at the needles and didn't think that it was too severe.

"Yes. Wang bro and the specialist said that they aren't fully certain that it's alright. If a problem arises, they won't take responsibility." Li Dilei nodded.

"Wait a minute, let me ask," Li Cihua walked into the room and saw Doctor Wang.

Doctor Wang knew about Li Cihua since he was a big figure in the city. The doctor didn't dare to neglect him and quickly welcome him, "Cihua bro!"

"Doctor Wang, how's my cousin?" Li Cihua nodded and asked straightforwardly.

“Well... According to my judgment, it’s nothing,” Doctor Wang replied honestly, “The spots where the needles are shallow and it’s impossible to harm his organs. So saying that he’ll die after pulling it out is a joke! If the needles are poisoned, then it wouldn’t matter whether we pull them out or not. CEO Li’s hands also have needles on it, but there aren’t any severe spots there.”

“Oh? What’s your suggestion?” Li Cihua thought what the doctor said was reasonable. How did the hand have any fatal spots?

“It’s just that your cousin is making it sound severe. He said he would die after pulling it out. No one can afford to take the responsibility. We can’t neglect the chance, can we?” Doctor Wang laughed bitterly.

Li Cihua nodded as he understood the difficulty. Li Dilei was his cousin. He was worried that he will run into troubles if something happened.

“How about pulling out the ones on his hand first? I think it should be fine. Even if something does happen, I will take responsibility for it,” Li Cihua pondered for a while and suggested. He had to solve it somehow!

Li Cihua had to go back to Master Bing to discuss another plan after this was solved! They must take down Lin Yi. It wasn’t as simple as breaking Master Bing’s legs and getting rid of Zhang Long and Li Yao, but an entire skyscraper! Lin Yi bought a few bulldozers and buried a few bombs, making them lose over a billion.

Master Bing merely demolished his girlfriend’s house, but he demolished a whole skyscraper!

“He can pull out the needles on his hand himself, or Cihua bro, you can help him with it?” Doctor Wang obviously didn’t want to perform the job himself. Who wanted to do something so risky?

“Alright, help on the side, will you? If something happens, you can handle it immediately!” Li Cihua nodded and agreed.

Li Dilei quickly asked as he saw his cousin and Doctor Wang exiting the room together, “Brother, how is it?”

“I’ll help you pull out the ones on your hand first. There shouldn’t be any fatal spots on your hand so it’s fine. Aren’t there many people who live with broken hands and legs?” Li Cihua replied.

Li Dilei thought that it was reasonable and nodded in agreement, “Alright, we’ll pull out those ones first.”

It wasn’t difficult as Li Cihua quickly pulled out all the needles on Li Dilei’s left hand, and his hand barely bled!

“Isn’t it fine?” Li Dilei was delighted but also scorned, “Fuck, I thought there was a trick to it. He lied to me! It doesn’t even hurt and it’s not even bleeding!”

## **Chapter 716: Incurable**

Incurable

“Only pigs like you would believe it!” Li Cihua snorted coldly, “Have you watched ‘Flirting Scholar’? Isn’t there a poison called ‘with a smile and half a step’ that’s like this?”

Li Dilei immediately blushed. He was being too careful and got tricked by this. So embarrassing! Will he have any reputation remaining if this was exposed?

“I’m sorry to bother you, brother...” Li Dilei apologized to Li Cihua and turned to Doctor Wang, “Doctor Wang, please keep it a secret for me...”

“Rest assured, it’s a must for doctors to keep their patients’ condition secret, not to mention you, CEO Li?” He naturally had to pretend he didn’t know about it since it had nothing to do with him.

“Alright, stop losing your dignity here. Hurry up and pull the rest out yourself!” Li Cihua glared at Li Dilei.

“I will!” Li Dilei quickly nodded and wanted to use his left hand to pull out the rest. But as soon as he lifted his arm up, he was shocked that he could no longer control his hand. He wanted to pinch the needles with his fingers, but he felt nothing! He couldn’t feel his entire hand!

“What are you doing?” Li Cihua didn’t know what’s wrong seeing that Li Dilei froze again.

“Brother, my hand... I can’t move my hand!” Li Dilei stared at his left hand in horror. His left hand couldn’t feel anything! He could move his arm but he couldn’t control the parts from the wrist!

“Can’t move it? What do you mean?” Li Cihua froze and asked.

“Brother, I can’t move it! It’s like it’s not mine. I feel nothing!” Li Dilei swung his arms around as he spoke but still felt nothing!

“How is that possible?” Li Cihua frowned and studied Li Dilei’s left hand carefully. However, he didn’t discover anything wrong and asked Doctor Wang, “Doctor, what’s wrong?”

Doctor Wang was surprised too. Before the needles were pulled out, Li Dilei’s left hand was in perfect condition. How did he lose his feelings after they pulled the needles out?

“Is it numb? Try again later!” Doctor Wang had never seen anything like this before.

“No, it’s not! I should be able to feel something even if it’s numb, but I can’t feel anything now. It’s as if it’s not my hand!” Li Dilei shook his head furiously.

“Is it because of the needles?” Li Cihua looked at Li Dilei’s hand suspiciously.

“Uh... It’s hard to say...” Doctor Wang didn’t know if it was related to the needles or not as he had never seen it before.

“So now...” Li Cihua hoped that the doctor knew what to do.

“You can only take an x-ray now. If there’s nothing wrong with it, do an overall check and wait for the results to come out,” Doctor Wang suggested.

“Okay!” Li Cihua nodded and let Doctor Wang lead Li Dilei to do a checkup. As for the other needles on his body, they didn’t dare to pull it out anymore!

Although it was an ugly sight and attention attracting, no one could make sure that his body would stop functioning like his hand. Furthermore, no one was certain that it had something to do with the silver needles or not.

Quickly, Li Dilei's check-up results came out, but it made Li Dilei and Li Cihua's face turn pale!

Hand tissue necrosis?

The Li brothers widened their eyes in shock.

"What should we do now? Can you cure it?" Li Cihua asked.

"You can try, but you should amputate your left hand right now to prevent the necrosis from extending to the arm..." Doctor Wang said.

Li Cihua frowned as he was terrified. Who on the earth did Li Dilei offend to harm him like this? He couldn't help but roar at Li Dilei, "What's their background? Who the hell did you offend?"

"They... Oh, I remember. I think one of the girls was called Tang Yun!" Li Dilei was more sensitive to beauty's name and hence remembered Tang Yun.

"Tang Yun?!" Li Cihua froze. Isn't that Lin Yi's girlfriend?

"Yes, that's the name. The guy who did this to me. I can't exactly remember, but I think his surname is Lin..." Li Dilei didn't see his cousin's expressions as he was recalling with eyes closed.

"Lin? Is he called Lin Yi?" Li Cihua's expressions froze as he tried his best to maintain his temper.

"Yes, Lin Yi. Brother, do you know him? Can you ask him to save me?" Li Dilei thought that his cousin knew who Lin Yi was and he was overjoyed.

"I do..." Li Cihua's eyes were filled with complexity, "But he won't come to save you..."

"He won't?" Li Dilei fell into despair, "Why! Brother, can you please beg him. I can give him as much money as he wants! I'll do it if he wants me to organize a banquet to apologies to him. I don't want to lose a hand!"

"We loathe each other! No wonder he wasn't scared after hearing my name. Instead, he did this to you..." Li Cihua sighed, "You shouldn't have mentioned my name. You asked for this yourself!"

"Huh? You loathe each other?" Li Dilei was dumbfounded. How would he know that Lin Yi held grudges against Li Cihua? Usually, others gave him respect when mentioning Li Cihua's name. He never imagined that he would meet Li Cihua's rival!

"We can only beg Master Bing now," After hearing that Lin Yi was the culprit, Li Cihua didn't know what to do and gave up the thought of hospitalizing Li Dilei. Lin Yi was a master, how could an ordinary hospital cure it? There was no point in wasting any more time here. It will only deteriorate his condition. He would be better off better begging Master Bing and seeing if he could ask Yaowang to help!

**Chapter 717: Seek Help From Yaowang**

## Seek Help From Yaowang

Li Cihua immediately gave Master Bing a call and after he heard about Li Dilei's situation. Master Bing didn't just give him some time, but also agreed to let Yaowang have a look! After all, half of Li Dilei's income from the restaurant was tributed to House Zhao. As House Zhao's illegitimate child, there was no way he'd neglect workers under them!

Li Cihua also wanted to refer his cousin to Master Bing. He would earn a bright future that way.

Li Dilei sighed in relief after hearing that Master Bing would help. He heard that Master Bing was surrounded by skilled people. There was no need to worry!

In a room at the back of Floating Cloud, Yaowang studied the needles on Li Dilei for a long time and frowned.

"Yaowang, how is it? My cousin..." Li Cihua knew that the problem was severe when Yaowang kept quiet.

Yaowang was born in a family with expertise in medical fields. He wasn't only skilled in poisons and curing illnesses, but he was also an expert in harming others! When he heard that someone pierced some needles on Li Dilei's body and his left hand lost control, Yaowang didn't overthink it.

He originally thought that it was some kind of strange poison or did it using acupoints. His family harmed others for generations. How could he not have a way to solve the problem? These were merely easy tricks!

However, he realized he underestimated it after seeing Li Dilei. There was no poison on the needle as Yaowang tested the needles which were pulled out before on rats.

It also seemed unlikely to be acupoints. Li Dilei's hand lost feeling, but it wasn't from pressuring acupoints. The necrosis spread. His whole hand was purple-ish black, as if all the tissues died.

"Don't be too optimistic. That person is skilled! Who did it? Do you know his background?" Yaowang didn't dare to speak fully as it was his first time seeing something like this. It was way beyond the skills they learned in the sect and it was unbelievable!

"Lin Yi" Li Cihua clenched his teeth angrily as he mentioned the name.

"What?! Lin Yi?" Yaowang was familiar with the name. Uncle Liang was still in bed half dead. Lin Yi was also the one who broke Song Qibing's legs and he could only rest in an armchair.

"Lin Yi? Him again?" Zhao Qibing heard the name and he was worried, "Isn't he injured, why is he still out there hurting people?"

"I don't know..." Yaowang shook his head, "Judging from these needles, perhaps Lin Yi specialized in the medical field himself..."

"Are you saying that Lin Yi's skills returned?" Zhao Qibing widened his eyes in shock and Uncle Liang, who was lying on the bed next to them, also spat blood.

Uncle Liang felt wronged. He also went to see the king of hell but Lin Yi was perfectly fine. How was he well enough to harm others? How is that fair?

"I don't know if he recovered, but it won't affect his movements even if he's not recovered fully," Yaowang checked the needles on Li Dilei's body carefully with a stern face.

Of course, the saddest person here was Li Dilei. Even Yaowang couldn't help him. Did he have to wait for death without doing anything? His left hand was also black from necrosis, he definitely had to amputate it!

"Master Bing, Yaowang! Save me!" Tears and snort filled Li Dilei's face. He was scared to death.

"Huh?" Suddenly, Yaowang discovered something and his face became even more serious.

### **Chapter 718: Not Even God Can Save Him**

#### Not Even God Can Save Him

"Lin Yi is extremely skilled in the medical field and he should be at my level. Although I can see through his tricks, I don't have a way to cure it. At least not yet..." Yaowang smiled bitterly. *Not to mention, perhaps his master wouldn't be able to do this! Lin Yi was too sneaky; pull out the needles and Li Dilei will die!*

Uncle Liang was also surprised. It was at this moment he knew that he didn't lose to someone unworthy. Lin Yi was as skilled as Yaowang, and he was alive as well.

"What can we do now?" Li Cihua asked.

"There's no way to treat him at the moment," Yaowang shook his head, "Unless someone can push out pure energy from his body the moment I pull out the needles, I can't do anything. If it spreads, it'll damage his body and veins."

"That..." Li Cihua's expression was gloomy. If Yaowang didn't know what to do, how would Li Dilei survive? He couldn't keep the needles on his body forever, could he? Judging from the locations of the needles, Li Dilei would die if they pulled them out.

"Lin Yi did it, and we need him to treat Li Dilei. We don't belong to the same sect, and we use different methods to harm others. I don't know about it, and there's nothing I can do about it," Yaowang pushed all responsibilities to different sects. He wasn't incapable, but every sect had their own unique methods.

"Yaowang, are you telling me that I have to contact Lin Yi?" Li Cihua's expression was strange. Would that work? They couldn't stand each other. Was there a way to resolve their grudges?

"Or I can ask those in my sect and see if they have a way to treat him," Yaowang suggested.

"Thank you for your help," Li Cihua quickly thanked him. He was unwilling to beg Lin Yi, and he tried to avoid it. Begging Lin Yi was like asking to be humiliated.

"I can only ask. Since each sect is different, their area of research are all different," Yaowang found an excuse for his sect as well.

"I understand!" Li Cihua nodded.

Yaowang gave his sect a call, but there was nothing they could do either. They didn't see Li Dilei in person and second, they had never heard of this either.

"How is it?" Li Cihua quickly asked after Yaowang hung up. Li Dilei was also hopeful.

"There is a way, but it's impossible to do it..." Yaowang didn't say 'no' straightforwardly since his sect would seem incapable.

"No way to operate it? No matter how difficult it is, you just have to keep Li Dilei alive..." Li Cihua quickly said, "Please tell me what you need!"

"I need a master above the earth class to resolve the pure energy in Li Dilei's body the instant I pull the needles on his body!" Yaowang replied, "But that person will lose a large amount of energy, and no one would risk decreasing their abilities to do this."

This method was a general method but no one was willing to take the risk. After all, who didn't go through difficulties to reach their current level? Why would they waste their pure energy for a stranger? Were they stupid?

Yaowang's words were like a bucket of cold water, shattering all of Li Cihua's hopes. Earth class master. Where could he find one? It was already rare to find a mystic class master, not to mention the earth class! Even if he found one, why would the person risk lowering his level to save Li Dilei, a stranger?

Li Cihua didn't want to go to Lin Yi, but how could he watch his cousin die in front of his eyes?

"Brother, can you contact Lin Yi? Whether he will or not, it's worth a try! If he refuses and I die, it's my destiny..." Li Dilei didn't think of revenge at all. Even Master Bing was defeated, what could he do? Seeking revenge against Lin Yi was bullshit! If he could take revenge easily, then Master Bing wouldn't be sitting in a wheelchair right now.

Li Cihua also thought through it and turned to Master Bing. After all, they held grudges against each other and if he went to Lin Yi, wasn't him showing his weakness in front of Lin Yi?

"Dilei helped House Zhao quit a lot. I can't watch him die," Master Bing waved his hands, "Just pretend that I don't know about it and see what's his reaction!"

Master Bing knew how to win people's hearts and that was exactly why House Zhong's father and son worked so loyally under him. He didn't need to spend a cent to make Li Cihua and Li Dilei owe him a favour.

As expected, both of them shed tears of gratitude and Li Cihua said, "Thank you so much! We are lucky to work under you!"

"Alright, quickly go find Lin Yi. Earning for money for House Zhao and me in the future is better than anything else!" Master Bing waved his hands, but loathed Lin Yi even more and contemplated how he

could get rid of Lin Yi once and for all! It was the best to kill him right away so Lin Yi wouldn't have the chance to fight back!

With Lin Yi living in Songshan, he had to be cautious with his actions. If he accidentally bumped into Lin Yi, he wouldn't even know how would die!

Li Cihua didn't dare to delay it further and called Lin Yi. Lin Yi's number wasn't a secret, and it was easy to get his hands on. Hence, Li Cihua got it from An Jianwen.

Lin Yi just got into the car with Chu Mengyao, Chen Yushu, and Tang Yun when his phone rang. He picked up and it was a stranger's number.

"Hello?" Lin Yi picked up.

"Lin Yi? I am Li Cihua," Although Li Cihua was furious, he seemed calm on the outside.

"Oh, Cihua bro, what's wrong?" Lin Yi heard Li Cihua's calm tone and replied in the same calmness as if he didn't know why Li Cihua called.

However, 'Cihua bro' sounded so ironic to Li Cihua's ears. *Did Lin Yi have to call him bro? There was no need to!*

It was the second time Li Cihua talked to Lin Yi directly. The first time they talked was at Floating Clouds. He threatened and tempted Lin Yi, but Lin Yi ignored him. Lin Yi also got rid of two golden class guards, putting Li Cihua at a great disadvantage.

"Let's be straightforward. You are the one who attacked my cousin, Li Dilei, aren't you?" Li Cihua gave up the mask since there was no way to resolve the grudges between them.

"Is he hurt? He was jumping around when I left," Lin Yi smiled, "Oh right, don't tell me you were stupid enough to pull out the needles? That's unfortunate. Not even God can save him now."

## **Chapter 719: Living Death**

### Living Death

"..." Li Cihua was furious. He was the idiot who pulled it out! However, he knew that he couldn't rage right now, "Lin Yi, I hope that you can let my cousin go. I don't want our grudges to involve others..."

"Are you an idiot?" Lin Yi lost his patience at Li Cihua's words, "If was trying to hurt him because of what happened between us, he'd be dead already. I did it because he offended me."

Li Cihua was speechless. He couldn't deny that Lin Yi's words agitated him.

"Well... Can you let him go?" Li Cihua coughed and asked awkwardly.

"Why do I need to if he's alive? There's no need to call me if he's dead," Lin Yi said, "Don't you have a skilled person under you? He could make Deadly Seven Herbs Poison but can't solve a small problem like this? That's enough, I'm busy. I need to drive for my ladies, bye bye."

Lin Yi hung up without waiting for Li Cihua to reply.

Li Cihua looked at his phone gloomily.\* You are busy? He didn't dare to dare to say it as he had to keep calling Lin Yi.\*

"Shield bro, is that Dilei dead?" Chen Yushu asked.

"Not yet, but I think he'll die soon?" Lin Yi didn't know how many needles Li Cihua pulled out.

"It's not fun if he's dead," Chen Yushu shook her head, "Shield bro, can you make his life become more unbearable than death?"

"Probably," Lin Yi replied, "But we won't see him anymore because I can't be bothered to save him."

"Oh, but I think that Li Cihua will call you again. Can you do that when he calls again?" Chen Yushu suggested.

As soon as Chen Yushu finished speaking, Lin Yi's phone rang again.

"Didn't I tell you I'm busy? Don't you understand human language?" Lin Yi wasn't polite to Li Cihua at all.

"Lin Yi, I called you because there's nothing we can do on our side. You should understand that!" Li Cihua was scared that Lin Yi would hang up again and quickly breathed, "Save my cousins' life. Give me whatever condition you have."

Lin Yi found it strange. It seemed like the expert working under him was just so so. At least, he wasn't as skilled as Lin Yi.

"Uncle Tang's leg broke, you should cover some fees," Lin Yi decided to take Chen Yushu's suggestion and make Li Dilei living death. However, suffering alive was better than dying, right? Lin Yi didn't want to waste his efforts and he wanted to make Li Cihua pay.

"No problem, I'll give them three..." Li Cihua was going to say 300,000 yuan, but Lin Yi cut him off.

"Three million. I'll give you an account if I don't see it before dark, don't bother. Use that money to buy your cousin a nice coffin and a good spot in the cemetery." Lin Yi thought that Tang Yun's family needed at least two or three million for a new house. Asking for three million was a lot.

They came out and ran into an unlucky bastard, but they got money for a new house.

"Fine!" Li Cihua did big things and his heart ached when Lin Yi asked for three million. Three million was a lot in exchange for his cousin's life!

Lin Yi didn't have much cash in his hands right now. The one billion he got from Liu Tianyi and what he earned from the auction were all spent on the medical company. They had to invest more if they wanted to have a large production. Although Lin Yi had a large business, he didn't have much money on him.

Lin Yi texted Li Cihua the account Mrs. Tang registered before and he just had to sit around and wait for the money to be transferred.

Tang Yun wanted to say something, but she let Lin Yi do what he did as Chu Mengyao and Chen Yushu were still there. However, she comforted herself it was compensation for her father and she shouldn't feel pressured. If Lin Yi took it, she would owe him more and more...

"Shield bro, aren't you going to make him the living dead? Why are you saving him?" Chen Yushu asked.

"Isn't living dead person alive?" Lin Yi laughed. '

"Hahahaha..." Chen Yushu immediately roared with laughter, "Shield bro, you are evil! As evil as me!"

"Not as evil as you," Lin Yi shrugged. Chen Yushu was much more creative in how to trick others.

Tang Yun and Chu Mengyao also laughed. Miss didn't have a concept about money, but she was surprised when Lin Yi asked for three million as soon as he opened his mouth. How could Lin Yi earn so much money so easily?

From his expressions, he didn't seem to put this money in his eyes. Chu Mengyao became nervous. Didn't she always threaten to deduct his salary? Was that funny to him?

However, Chu Mengyao became more confused about why Lin Yi worked under her. With Lin Yi's ability, there was no need for him to work for 30,000 yuan... Why did Daddy find her such an expert?

"Yaoyao, Shu, where are you going now?" Lin Yi turned around and asked, "Tang Yun and I are going to the night markets to buy something."

"We are going too, right? Yaoyao sis?" Chen Yushu blinked at Chu Mengyao.

"We..." Chu Mengyao wanted to go.

"I want to eat fried mushroom. Yaoyao sis, will you please come with me?" Chen Yushu held Chu Mengyao's hands.

"Fine, fine, we'll go together," Chu Mengyao nodded.

Tang Yun's lips twitched unhappily. Why did they have to follow her on her date? But Tang Yun couldn't comment as Miss just treated her to dinner. There was no way she could shoo them away.

Lin Yi didn't say much. He started the engine and drove towards the night market.

On the way there, Mrs. Tang called Tang Yun.

"Mum? What's wrong?" Tang Yun didn't know why her mother called at this time. Doesn't she know she went out with Lin Yi? Usually, her mother wouldn't interrupt her when she was on a date.

"Yun, I just got a message saying that there's a three million transaction? What's happening? Is it a scam?" Mrs. Tang didn't know much about the mobile bank. Lin Yi's card was buried under the house, so Mrs. Tang and Lin Yi went to register a new one with Mrs. Tang's name. If she activated the mobile bank, they would receive a bucket of bean oil as a present. Mrs. Tang liked to take small advantages and activated it immediately.

## **Chapter 720: Able To Keep Him Alive**

## Able To Keep Him Alive

Although Mrs. Tang didn't know much about the mobile bank, she always read in the newspaper that there were scam messages. She jumped at the sight of three million and didn't know what to do with it.

"The transaction is done?" Tang Yun froze for a second but immediately replied, "It's not scam, it's compensation for the medical fees Lin Yi asked from Qibing Real Estate."

"Huh? Lin Yi asked for it? So it's real?" Mrs Tang was extremely delighted, "I'm going to the bank to check it out now. I have never seen so much money in my whole life!"

Mrs Tang was worried about purchasing a house tomorrow. Now that she had three million, she had enough to buy any house she wanted! Lin Yi was capable enough to break Zhao Qibing's leg and asked for three million before Zhao Qibing asked for compensation from him!

"Ok..." Tang Yun didn't say anything else and hung up.

Tang Yun wasn't afraid to let Chu Mengyao know that her family's poor, but she was afraid of let them know that her mother was such a greedy person. They will definitely laugh at her.

Not long after Tang Yun received the call, Li Cihua called Lin Yi.

"Lin Yi, I transferred the money you asked for to your account. When will you save my brother?" Li Cihua asked straightforwardly. They were in a beneficial relationship, and there was no need to be polite.

"Oh, I'll tell you how to save him and you can do it yourself," Lin Yi replied carelessly, "Find any surgeon and ask them to cut a two centimeter radius around the needles. Cut the needles off along with the meat, and he will be saved."

"What?! Cut off his flesh?!" Li Cihua's eyes widened in shock at Lin Yi's words, "Are you kidding me?"

"There's no point in tricking you for the sake of three million," Lin Yi replied indifferently, "Repeat my words to that medical expert you have, he'll know if I'm right or not. I don't have time to ramble on with you. It's the only way to keep your brother alive!"

"Fine, I'll believe you!" Li Cihua breathed deeply and suppressed his anger.

Lin Yi ignored him and hung up. Li Cihua felt gloomy since he hadn't been ignored for a long time. Even House Zhao's people didn't look down on him.

However, Li Cihua didn't bother with Lin Yi since he wanted to kill Lin Yi for a long time now, and he had to keep holding his anger as long as Lin Yi was alive!

Li Cihua didn't dare to delay it further and repeated Lin Yi's words to Yaowang. However, he didn't expect Yaowang to smack his own forehead abruptly and exclaim, "How did I not think of that! If we can't get rid of the energy inside him, we can just get rid of it, isn't it better? It's so easy yet..."

Li Cihua saw Yaowang's reaction and froze, "Are you saying that Lin Yi's method will work?"

"Yes, and it's the only way to save Li Dilei. However, he'll have to suffer to live," Yaowang replied.

“Is it possible that Lin Yi’s hiding other methods away from us and intentionally gave us the most cruel method?” Li Cihua questioned. From his point of view, he believed that Lin Yi won’t do any good to them. Even if he did something, he would only tell them the hardest ways.

“Probably not. If one used all the pure energy on one person, it’s a lot of efforts to get them back. Even if Lin Yi can do it, he won’t lower his ability for the sake of three million,” Yaowang shook his head, “I’m afraid that Lin Yi haven’t fully recovered. He’s only slightly below Mr. Liang. He wouldn’t risk his life to save Li Dilei! Not to mention three million, he won’t do it for three billion!”

Li Cihua felt much better after hearing Yaowang’s explanation. Since there’s a way to solve it now, they should do it fast...

Chen Yushu roared with laughter after hearing the method. She felt like it must be destiny. Shield bro and her are both bad, killing someone without even blinking! If they follow it, Li Dilei will be full of wounds.

Chu Mengyao and Tang Yun also felt like it was an outlet for their anger. As long as they didn’t kill him, it was reasonable to punish Li Dilei!

Lin Yi parked the car in front of the night market and saw a few modified Hyundai Coupe and Geely BL. They should be the people he met last time. At that time, Feng Xiaoxiao was part of them but now she was gone.

He didn’t know why Feng Xiaoxiao went to Yanjing city and didn’t return. Lin Yi thought she was annoying when she was there, but Lin Yi now missed her since he suddenly lost his desk partner. He remembered that he agreed to treat her food.

Those people saw Lin Yi’s Beetle and didn’t pay much attention to it. They didn’t want to race with him since he didn’t drive a sports car. Obviously, they forgot about Lin Yi already.

Lin Yi and Tang Yun followed behind Miss and Chen Yushu. The four of them entered the night market.

Chu Mengyao and Chen Yushu never bought anything from a flea market. When they came here before, they headed straight to the food street without stopping here. Now that they stopped, they found it bustling with noise.

“The clothes are pretty! They are close to the new styles from Hongkong and Taiwan. They aren’t available in the malls!” Chen Yushu looked at the clothes curiously.

“It’s fake. The quality is far from the real ones. The price is only one tenth or one hundredth of the real thing,” Tang Yun explained as she was afraid Chen Yushu would get scammed since she seemed overly excited.

“Is that so? Yaoyao sis, shall we buy some? People will think it’s real anyways!” Chen Yushu suggested.

Tang Yun sighed secretly. She was right, even if Chu Mengyao and Chen Yushu wore fake branded clothing bought with their yuan, no one would believe that it was fake. But even she wore real branded clothes herself, people will most likely think it’s fake.

“Let’s have a look then...” Chy Mengyao was also curious as numerous styles were new.

The four of them arrived at a roadside shop which seemed to have decent quality clothes. Tang Yun chose a pair of shorts for herself. Chu Mengyao and Chen Yushu both chose a pair of shorts and a shirt each. They asked for the price and it was 300 yuan together.

“Can you give us a discount?” Lin Yi asked the owner.

“280 yuan is the lowest,” The owner could see that Chu Mengyao and Chen Yushu were wealthy people, so he didn’t lower it a lot.

“How much? 200 yuan?” Lin Yi repeated the owner’s words and changed his pronunciation before continuing, “200 yuan is too expensive, make it 150 yuan.”
