Chapter 881: You Win!

You Win!

“Nope, if you don’t leave, I’ll just have to pee in my pants...” Chen Yushu continued.

“You...” Zhen Yingjun secretly cursed ‘you win!’ If Chen Yushu and Chu Mengyao really peed in their pants, how gross was that? There was nowhere for him to shower in the cave, how could he do it when they were all smelly?

Zhen Yingjun had no choice but to head out of the cave, but Chen Yushu called out again, “Oi, how do I pee if you don’t untie my hands?”

“...” Zhen Yingjun cursed at Chen Yushu for being so problematic and lowered his head, untying the ropes on Chen Yushu’s feet and hands. The cave was extremely dim and the blush on Chen Yushu’s face seemed exceptionally tender and tender. Zhen Yingjun was touched and reached out for her chest...

A loli with big boobs was hard to find! Zhen Yingjun wanted to feel it but Chen Yushu spoke, “Don’t touch me, I’m going to pee my pants if you touch me!”

“Huh?” Zhen Yingjun jumped and his hands stopped abruptly in the air. He glared and Chen Yushu, “Why are you so problematic?”

“Hurry up and go! I’m going to pee my pants soon!” Chen Yushu ignored his question and continued to urge him.

Zhen Yingjun humphed and left the cave after standing up. He wanted to peek in from the outside but the bright sunshine outside juxtaposed against the darkness inside, making him unable to see anything at all. He gave up and went to check the traps and the firearms team.

After he made Lin Yi come here, he had to make sure that Lin Yi would die and his men remained hidden so Lin Yi wouldn’t be so alert!

There weren’t many trees in the mountain and it was hard to hide his men. They could only hide behind rocks for now, hoping that they will be able to finish Lin Yi with one attack!

In the cave, Chen Yushu wasn’t in a hurry to pee at all as she only her school bag. Although the men in black took their phones, they didn’t take their bags away and it was still on their back.

“Shu, what are you doing? Aren’t you going to pee?” Chu Mengyao asked.

“No! I didn’t even drink any water in the morning, why would I need to pee? I made him go out so we can get ready. We can’t let him harass us like that!” Chen Yushu spoke as she quickly dug through the things in her bag.

“...” Chu Mengyao frowned, “Do you have a way to avoid it?”

"Yup. I don't like him and Yaoyao sis, you are giving your first time to Shield bro, how can you give it to this idiot?" Chen Yushu nodded.

"Why are you pulling me into it? Isn't it because you want to give your first time to Lin Yi yourself?" Chu Mengyao didn't know whether to laugh or cry as she glared at Chen Yushu. How could she joke at a time like this?

"Oh, but I'm the concubine so you must agree to it first!" Chen Yushu suddenly yelled happily, "Found it!"

Chu Mengyao looked at the thing in Chen Yushu's hands, it was a packet of pads. She suddenly understood Chen Yushu's plan but she doubted, "Are you going to trick him like this? Will it work? Although that Zhen Yingjun looks dumb, he won't be tricked easily, right?"

"Of course we can't trick him like this, but what if we add something to it? Chen Yushu smiled cunningly and took out of the bottle of red ink they bought this morning. She opened up two pads and quickly poured some ink on it, threw it to a corner in the cave. She took out a bottle of water and poured it on top, faking that they went to the toilet...

"Umm..." Chu Mengyao was dumbfounded. This will work? But if they didn't look closely, it did look realistic...

"Oh, we are not done yet!" Chen Yushu took out another two pads, spilled some ink on it and shoved it in her pants...

"Shu... What on earth?!" Chu Mengyao widened her eyes, "There is so much ink on it, how dirty is that?"

"Yaoyao sis, this is yours. Come, I'll help you!" Chen Yushu picked up the other and said.

"I... I have to as well?" Chu Mengyao looked at the pad filled with red ink and felt disgusted.

"Yaoyao sis, if you don't want to lose your virginity, hang on for a while, we can wash it all off at home!" Chen Yushu didn't mind it at all.

"..." Chu Mengyao heard Chen Yushu's words and silently allowed her to do that... Although it felt strange, she couldn't deny that it was indeed a good idea...

After they did everything, Chen Yushu packed up her bag and hid the ink, "Done!"

Although Chen Yushu's idea saved their virginity, Chen Yushu was still sad when she thought of Uncle Fu, "Shu, we dragged Uncle Fu in this. If we didn't trick Zhen Yingjun, today's matter won't happen at all..."

"I think Shield bro will think of something!" Chen Yushu trusted Lin Yi.

"You sure trust him..." Chu Mengyao wanted Lin Yi to save Uncle Fu first. It was for the best if he didn't come for her and Shu. From Zhen Yingjun's tone of voice, he seemed to prepare something and Lin Yi will be in danger if he came?

"Hmm, so so..." Chen Yushu replied, "Yaoyao sis, don't you trust him? Look how many times he saved us already..."

"I don't know..." Chu Mengyao shook her head as she felt down about Uncle Fu...

As they spoke, Zhen Yingjun came back to the cave, "Oi, are you two done yet? So problematic!"

"Oh, we are done. What else do you need?" Chen Yushu asked.

"What else? Fuck you, of course!" Zhen Yingjun giggled as sexual desire rose in his eyes.

"Ah! I'm afraid you can't do that today..." Chen Yushu replied regretfully.

"No? You said no and I can't? If I say I can, then I will!" Zhen Yingjun was amused. They were in his hands but they were still so naive!

"No, I mean we are at that time of the month..." Chen Yushu shrugged.

"That? What's that?" Zhen Yingjun immediately realized what it was before looking at Chen Yushu in disbelief, "Really? Are you lying to me?"

"Nope, we aren't lying!" Chen Yushu shook her head, "If you don't believe it, look over there... We just changed those pads down!"

Zhen Yingjun frowned as he turned to the direction Chen Yushu pointed at suspiciously. As expected, there was a puddle of water in the corner of the cave, and there were two pads drenched in fresh blood...

Chapter 882: Tricked Him Successfully

Tricked Him Successfully

Zhen Yingjun had a problem since he was young which was he felt sick whenever he saw blood. He merely glanced at it and quickly stood up because he felt dizzy. However, he didn't quite believe them. How can both of them have their period at the same time? Was it a coincidence?

Zhen Yingjun didn't question the pads on the ground because it was too dark in the cave, he couldn't see if it was fresh blood or not. The only thing he questioned was both of them on period together.

"You guys got your period together?" Zhen Yingjun frowned as he looked at Chen Yushu and Chu Mengyao.

"Yup. We are both Lin Yi's wives and we always have threesomes together. In order to make sure that we can have sex for twenty-five days every month, we took medicine to shift our period together..." Chen Yushu explained seriously yet shyly.

"Huh?" Zhen Yingjun froze, "You aren't virgins anymore?"

"Of course not..." Chen Yushu looked at Zhen Yingjun in disdain, "We are already eighteen, how can we still be virgins?"

"But..." Zhen Yingjun was confused and he didn't know if Chen Yushu's words were real or not. However, Chu Mengyao indeed said that if he did anything to them, Lin Yi would kill him... Were they really his wives?

Wasn't Lin Yi their bodyguard? But Lin Yi was someone who specialized in medical practices. He was like Yaowang, whom even Zhao Qibing respected. Why would he willingly become the subordinate of two girls?

Zhen Yingjun didn't even believe it himself if Lin Yi had no relationship with the girls and it looked like Chen Yushu wasn't lying anymore.

"You aren't lying? Take off your pants and let me check!" Zhen Yingjun would believe it if Chu Mengyao said she was on her period, but Chen Yushu looked too cunning and he didn't believe her.

"Oh, ok! Turn around first and I'll take it out!" Chen Yushu said.

"Don't play any tricks, take off your pants and show me!" Zhen Yingjun didn't want to turn around as he was afraid that Chen Yushu had other tricks up her sleeve.

"Fine fine, I'll show you!" Chen Yushu turned around herself and quickly took out something from her pants and passed it to Zhen Yingjun, "Here you go..."

Zhen Yingjun watched as Chen Yushu passed something bloody over and jumped back subconsciously. He looked at it and it was a pad filled with blood! He quickly waved his hands, "Get it away from me!"

He felt sick when looking at blood and he became to feel dizzy. But now, he believed Chen Yushu's words, the two of them were really on their period!

Chen Yushu threw that bloody pad to one side and waved her hands, making Zhen Yingjun back off even more.

"Well, if we weren't on our periods, we wouldn't mind as long as you didn't tell Lin Yi!" Chen Yushu replied regretfully, "But today is a bad day! Why don't you wait for a few days? We are in your hands anyways, you aren't in a rush, are you?"

"Fuck! Such bad luck! They are on their period!" Zhen Yingjun saw that there was no way for him to do it and ignored Chen Yushu. He cursed as he tied Chen Yushu's hands and feet together before doing the same to Chu Mengyao.

He disliked blood and he was unwilling to stay in the cave knowing that there was blood there. He turned around and left the cave. As soon as he arrived at the exit, he suddenly laughed.

"Wahahahaha! It looks like even the heavens want me to make money!" Zhen Yingjun suddenly remembered that if he didn't touch Chu Mengyao and Chen Yushu, won't Chu Pengzhan give him an extra 50 million?

Now that he calmed down, it was a loss for him to spend 50 million on two girls who weren't even virgins! Money was much better; he would be able to have any type of girl with 50 million!

Zhen Yingjun dropped the idea to sexually harass Chu Mengyao and Chen Yushu and became more logical. He recalled how impulsive he was and thought that it wasn't worth it! Luckily that the girls were on their period, if he felt good for a while this time, he would've lost 50 million!

Zhen Yingjun picked up his phone and called Chu Pengzhan again.

Chu Pengzhan received the kidnapper's call and wanted to discuss it with Lin Yi, but Song Lingshan called before he could even speak up. After Lin Yi finished speaking to Song Lingshan, Chu Pengzhan informed, "Little Yi, the kidnapper is asking for 200 million..."

"Give it to him then. I'm afraid that he will have the chance to take it but he won't have the life to spend it," Lin Yi replied indifferently.

"That's what I thought. As long as Yaoyao and Shu are safe, I can give him however much he wants!" Chu Pengzhan sighed, "But the kidnapper sounded like he had other intentions towards Yaoyao and Shu..."

It was also the problem that Lin Yi worried about the most. He prayed that the girls could buy them as much as possible and wait for him to save them... Shu was a smart girl, she should be able to think of something to buy him time...

As they talked, Chu Pengzhan's phone rang again.

Chu Pengzhan looked at the caller ID seriously, it was still the number made up of zeros. He picked up and spoke seriously, "Hello?"

"Mr. Chu, I have considered your offer seriously and decided to take the offer. 250 million and I will leave your daughter and her best friend untouched. What do you think?" Zhen Yingjun was glad that his sexual desire didn't take over his brain. If so, he would've lost 50 million!

"Yes yes, I promise you 250 million!" Chu Pengzhan was extremely delighted after hearing Zhen Yingjun's words. He was already imagining the worst case scenario, but he didn't imagine that the kidnapper agreed! It looked like the kidnapper valued money more!

Of course, Chu Pengzhan didn't know Chen Yushu faked that they were on period to make Zhen Yingjun give up.

"Good! But I want 250 million together, not separately, do you have a problem with that?" Although Zhen Yingjun knew that Chu Pengzhan had a good reputation, but it was only with his business partners. He was a kidnapper. Would Chu Pengzhan stay reliable when talking to a kidnapper?

"This..." Chu Pengzhan hesitated for a while. He only had a little over 200 million, but he should be able to get 250 million if he borrowed from his business partners!

Chapter 883: Lin Yi Borrowing Money

Lin Yi Borrowing Money

Chu Pengzhan immediately agreed as he thought of the plan, "Yes, I can do that! But how will I give you the money? Will you let go of my daughter and Shu immediately after I give you money?"

"I will give you an account, and you can transfer it there! When I receive the notification of the transfer, I will give you an address. Then you will tell the person called Lin Yi to come and pick your daughter and her best friend. Remember, only he can come. If he brings people with him, we will kill our hostages!"

Zhen Yingjun said, "Of course, I believe Mr. Chu is smart enough to not call the police! I have a helper who can kill Uncle Fu, he can kill your entire family without a sound!"

Although Chu Pengzhan was suspicious about them appointing Lin Yi to pick the girls up, Lin Yi was the only helper he had at the moment. If Lin Yi couldn't go, who else could go for him?

"We won't call the police! And I hope you keep your promise!" Chu Pengzhan said.

"Don't worry, we have our rules as kidnapers. Look how professional we are, you should believe that we do it for a living!" Zhen Yingjun said, "The account is..."

Zhen Yingjun gave him a series of numbers and after Chu Pengzhan wrote it down, he doubled checked against before hanging up.

After he threatened Chu Pengzhan, he believed that Chu Pengzhan won't call the police. Ma Zhu demonstrated his ability and Chu Pengzhan was definitely be scared of him.

Chu Pengzhan was the big character in Pengzhan Industries, and no one dared to say anything when he moved all the fluids funds out. All the funds added together were only a little more than 210 million and he sacrificed a period of the company's operation in the future for it.

As soon as he took the 210 million out, Pengzhan Industries wouldn't have a single cent in their fluids funds which were vital to them. But, Chu Pengzhan didn't care. His daughter's safety was the most important thing. Even if he had to quit the CEO post and use his shares to compensate for this, he wouldn't mind.

Although Lin Yi didn't know how to operate a company, he knew that it was fatal for a company to lack fluids funds. When he saw that Chu Pengzhan was about to move out all the money, he spoke up, "Uncle Chu, I'll help you with money."

"You?" Chu Pengzhan was surprised. He didn't know that Lin Yi and Fatty Lai had a business together and Chu Mengyao didn't tell him either. He only thought that Lin Yi and Fatty Lai were close and he didn't know what was Lin Yi's role in the Miracle Doctor Guan Medical Company.

"Hm..." Lin Yi took out his phone and called Fatty Lai, "Fatty Lai, how much cash do you in your hands right now?"

"Boss? Cash? Why all of a sudden? What's wrong? Did anything happen?" Fatty Lai asked.

"It's urgent," Lin Yi replied.

"I can give you 30 to 40 millions of cash right now. We invested all the money from the auction on purchasing the production lines and building factories. Our new product isn't on sale yet so most funds are in the warehouse as medicine..." Fatty Lai explained.

"30 to 40 million is not enough..." Lin Yi sighed. Lin Yi didn't know that money was so spent so easily and so much money went into the medicine company. Fatty Lai wanted it to be the biggest and best medicine company, the production line he purchased was the most advanced internationally. Miracle Doctor Guan's Medicine Company was different from that of Miracle Doctor Kang's. Other than injury medicines, they will also release higher-level products such as "pain killers". If possible, they also

wanted to produce the Pill of Life Extension and Toxin Cleansing. They will definitely need advanced equipment are you so Fatty Lai bought it all together!

From their current calculations, 30 to 40 million of fluids funds were more than enough for them to release the first Miracle Doctor Guan's product, Miracle Doctor Guan's Injury Medicine! Or perhaps, they wouldn't even need that much. After the poison even of the First High School, the brand was already known to the public and they didn't need to promote it further!

As soon as the product is on sale and the sales went up, they will be able to make billions of profits.

Lin Yi knew that Fatty Lai was planning for the company's future and didn't expect his need for money so urgently hence, Lin Yi didn't flame Fatty Lai.

"Boss, I can borrow some money from my brother first if you need it?" Fatty Lai could tell that Lin Yi was in a hurry and suggested.

"It's fine," Lin Yi knew that Fatty Lai's relationship with his brother wasn't so harmonious and turned down the offer, "Do you have Liu Tianyi's number? Give it to me and I'll borrow some from him."

"I do, give me a second. His number is 139..." Fatty Lai gave Lin Yi a chain of numbers.

Lin Yi recorded it down and dialed it.

Liu Tianyi kept Lin Yi's number but Lin Yi didn't do the same. When Lin Yi called, Liu Tianyi was very surprised.

As House Liu's young master, he knew how important Lin Yi was to House Liu. He tried his best to become friends with Lin Yi, but he didn't have the chance! Something unpleasant happened between him and Lin Yi and they weren't exactly too friendly to each other. Later, his wife's nephew, Wu Chentian offended Lin Yi, making Lin Yi's relationship with House Liu to the coldest it has ever been.

Luckily he was modest enough afterward and improved it a little!

Liu Tianti regretted it very much. If it wasn't for his wife, how would his relationship with Lin Yi deteriorate? He watched Lin Yi's Pill of Life Extension and Toxin Cleansing became the most popular product at the auction, and he watched his father changing from a dying old man to a healthy person. Liu Tianyi thought that it was even more important for him to keep a good relationship with Lin Yi!

He envied Lai Changyi. Fatty Lai was only a small businessman and his business wasn't too big. Now, he became Lin Yi's subordinate and he was achieving the most he could ever achieve!

When Liu Tianyi talked to Fatty Lai before, he was the leading one despite the fact that they talked politely to each other. But now, their positions changed and he needed to speak to Fatty Lai carefully! What could he do? Fatty Lai's boss was too mighty!

However, Liu Tianyi didn't feel ashamed to do so. Although there weren't too many people who wished to climb relations with Fatty Lai, as Lin Yi's miracles became more known to others, all those people who weren't related to Lin Yi tried to have a good relationship with Fatty Lie!

Chapter 884: The Kidnapper Who Changed His Mind

The Kidnapper Who Changed His Mind

Liu Yitian thought through it thoroughly. If he wanted to keep in touch with Lin Yi, he couldn't stop his contact with Fatty Lai. Especially since Fatty Lai wasn't so powerful yet. In a few years, House Lai might climb up to be the biggest noble House!

However, Liu Tianyi didn't expect Lin Yi to call him!

Liu Tian took a deep breath and carefully picked up, "Hello? I'm Liu Tianyi!"

"Mr. Liu? It's Lin Yi. Can you lend me 100 million?" Lin Yi asked straightforwardly, "If I can't return it, I'll give you a Pill of Life Extension and Toxin cleansing or treat your family once for free."

"Don't worry, don't worry. It's just 100 million. Take it if Miracle Doctor Lin needs it. Don't worry about returning anything, let's not talk about that!" Liu Tianyi was just worrying about unable to keep contact with Lin Yi and Lin Yi called to borrow his money!

Liu Tianyi was so happy that he could die right now. Why would he turn down? It wasn't important whether Lin Yi return the money or not as keeping a friendly relationship comes first!

"Thank you. I'll text you an account and you can transfer it there," Lin Yi said.

"Okay, no problem!" Liu Tianyi quickly agreed. There weren't many who begged others to borrow money from them and Liu Tianyi was one of them. He didn't even want Lin Yi to pay him back!

Lin Yi hung up without speaking further but Chu Pengzhan widened his eyes in shock and looked at Lin Yi in disbelief. He heard the call with Fatty Lai and when Lin Yi asked for Liu Tianyi's number, he thought that he heard the wrong name!

Who was Liu Tian? Yanjing House Liu's young master. Lin Yi borrowed money from him? Did he hear it wrong?

Lin Yi immediately called Liu Tianyi and Chu Pengzhan realized that it was true! Lin Yi indeed borrowed 100 million from Liu Tianyi effortlessly, and Liu Tianyi even seemed happy about it!

"Uncle Chu, I borrowed 100 million from Liu Tianyi. You shouldn't take all the fluids funds from your company, it'll affect the company's operation," Lin Yi looked at the shocked Chu Pengzhan and laughed.

"Yanjing House Liu's Liu Tianyi?" Chu Pengzhan still thought that he was dreaming!

"Yes," Lin Yi nodded, "Give me your account, I'll ask him to transfer it to you."

Chu Pengzhan took a deep breath. How long had Lin Yi been in Songshan for? He already had such powerful connections. No wonder he didn't put House Yu in his eyes and even dared to kill...

When Lin Yi faced another owner of a noble house, he borrowed 100 million in an unquestionable attitude and the owner happily did so!

With Liu Tianyi's 100 million, Chu Pengzhan easily moved out 150 million and transferred it to the kidnapper's account.

In about ten minutes, the kidnapper called again. It was still the number made up of zeros.

Chu Pengzhan picked up, "Hello?"

"Mr. Chu surely is reliable! I received the transfer already!" Zhen Yingjun was excited. He didn't know that being a kidnapper had such a bright future! He got 250 million so easily and his father wouldn't have gotten this much working as a pirate for a year! If he kidnapped more people, wouldn't he have an infinite amount of money to use?

"When can I see Yaoyao and Shu?" Chu Pengzhan sighed in relief after sensing that the kidnapper didn't change his idea.

"Since Mr. Chu gave money so quickly, how can I disappoint you? I'll give you an address and Lin Yi can come and pick them up," Zhen Yingjun said, "But I hope Mr. Chu still remembers what I said. Don't call the police or you will pay for your actions!"

"No problem. I just hope that my daughter and Shu are safe," Chu Pengzhan replied solemnly.

"Mountain North Mirror. There are two cars parked at the foot of the mountain. One of them is a Benz 600, the other is a Toyota Previa. Tell your man to follow the path in front of the cars!" Zhen Yingjun informed.

"Okay, I got it!" Chu Pengzhan knew about the mountain and didn't expect the kidnapper to settle his daughter to a desolate place like that. Even the police force alone wouldn't be able to find the place so easily.

Zhen Yingjun hung up without further words. He was waiting for Lin Yi to come and give him the final blow, making him stay in Mountain North Mirror forever!

"Mountain North Mirror. Little Yi, they specially asked you to bring Yaoyao and Shu back..." Chu Pengzhan hesitated for a while and said, "I just feel like they are up to something. Why won't they send Yaoyao and Shu back but asked you to go?"

"Ah, perhaps their target is me," Lin Yi replied indifferently, "If my judgment is correct, I think I know who's behind it."

"Who is it?" Chu Pengzhan asked.

"Zhen Yingjun!" Lin Yi said, "It can't be from House Yu. From the current situation, it can only be House Zhen."

"House Zhen? Donghai House Zhen? Zhen Dazhou? Since when did you guys offend this person?" Chu Pengzhan was shocked. He barely had any interactions with Zhen Dazhou and there was nothing unpleasant between them.

Lin Yi recounted what happened in the arcade the other day and told him how Zhen Yingjun had his eyes on the girls and how he punished Zhen Yingjun outside.

Chu Pengzhan shook his head and laughed bitterly. He didn't blame Lin Yi as strictly speaking, Chen Yushu was the one who caused this and it had nothing to do with Lin Yi.

“Little Yi, are you saying that they also have you as their target in addition to the money?” Chu Pengzhan pondered for a while and his expression gradually grew serious.

“Should be. Although Shu told me to do it, he must hate me since I’m the one who did it. I’m afraid that the master is waiting for me in the mountain right now!” Lin Yi shrugged, “The mountain is far from the city. No one will notice if something happened there. It’s a good place to kill!”

“How can I let you go like this?” Chu Pengzhan learned the reason and shook his head violently. Although he was worried about his daughter’s safety, he couldn’t let Lin Yi die either!

Chapter 885: Act Separately

Act Separately

It was a trap. If they saw through it, how can they jump in?

“Hah, Uncle Chu, you’ve got the wrong idea. I mean that there isn’t anyone there so I can kill them all,” Lin Yi smiled and replied lightly.

“Oh? Are you sure you can do that?” Chu Pengzhan heard Lin Yi’s words and was surprised.

“Yes,” Lin Yi nodded confidently.

He wasn’t confident at all. But because he couldn’t leave Chu Mengyao and Chen Yushu there, he only said this to make Chu Pengzhan feel relieved. Lin Yi could only go along and see what happened. No one could help him in Songshan at the moment and Lin Yi had to fight head-on against the master the opponent had.

“That’s good!” Chu Pengzhan’s doubts disappeared after seeing Lin Yi’s confidence, “I was scared that you won’t be able to handle it. I feel more at ease now.”

“Haha. There is no time to lose, Uncle Chu, I’ll go now,” Lin Yi didn’t say anything more and walked towards the mansion.

“Woof woof!” General Weiwu appeared and barked behind Lin Yi.

Lin Yi stopped in his tracks. He suddenly laughed and waved at General Weiwu, “You, come with me!”

Wasn’t this a helper? Who could imagine that this is a golden division dog? He will be able to catch them off guard by surprising them with a dog!

Lin Yi didn’t violate the condition since the other was a dog, not a human!

General Weiwu wagged its tail excitedly and followed Lin Yi.

Chu Pengzhan didn’t know that General Weiwu was a dog of golden division and he thought that Lin Yi brought it along to help look for the girls.

Last time at Mountain Shuangyan, Lin Yi brought General Weiwu along to track Chu Mengyao’s scent.

Lin Yi got in Chen Yushu's yellow Beetle, set the destination to Mountain North Mirror and rushed there with the dog.

On Song Lingshan's side, she didn't act after Lin Yi turned the offer down. Their opponent was a high ranked master, and she didn't know if she would be helping or be a burden to him. Since Lin Yi said he didn't need her, Song Lingshan could only wait at the police station.

Luckily Chu Pengzhan didn't use his connections to pressure the police this time. He went back and there was no more news.

It was Lin Yi's first time to this place and he didn't even know that there was a mountain here.

It was a rather desolate place. No households were residing at the foot of the mountain and no buildings. Only a few warning signs of beware of fire, no entry, and warnings such as it is dangerous to go up. Not far from that, two cars parked there and they were the ones Zhen Yingjun mentioned.

Lin Yi got off the car and rubbed General Weiwu's head, "We'll act separately later. Act at the right opportunity, understood?"

After General Weiwu leveled up, it became more humane as it nodded. But, Lin Yi didn't know if it understood it or not. He thought that the dog wasn't ordinary before it leveled up, and now he felt like it became even smarter.

Steep mountain tracks were nothing to Lin Yi and not to mention General Weiwu. It didn't even stay on track as it jumped between the rocks and logs, disappearing quickly...

Lin Yi arrived at the top of the mountain and saw that a few people stood on the empty land far from him.

One of them was Zhen Yingjun! Another middle-aged man in a white robe stood next to him. He was tall and stood there as if he was a pillar.

Two bodyguards in black stood behind Zhen Yingjun. Chu Mengyao and Chen Yushu were on the ground to both sides of the bodyguard with their hands and feet tied up. Lin Yi sighed in relief. It looked like they weren't harmed.

"Lin Yi, you are finally here. Wahahahaha!" Zhen Yingjun wasn't an idiot and he hid people at the foot of the mountain to see if Lin Yi came by himself! If he brought the police here, it would be troublesome!

Although Zhen Yingjun acted arrogantly with the support of Ma Zhu, he couldn't possibly let his firearms team have a gunfight with the police, could he? If he did that, he would have to give up trying to kill Lin Yi and kill the girls to let out his anger instead!

Behind the mountain, he prepared a helicopter to leave. Even if the police surrounded the mountain, he could still run away safely. The police won't expect him to have a helicopter. By the time the police ask for reinforcement, he would be long gone!

Zhen Dazhou's firearms team were pirates, how could they not have helicopters? Zhen Yingjun's equipment was enough and hence he dared to wait for Lin Yi here.

Of course, he sighed in relief when his subordinates called him. It looked like he was being too careful. Lin Yi didn't bring anyone or the police here, he came alone!

As for Lin Yi's dog, it was ignored since what was so scary about a dog?

"Hah, so it is you, Zhen Yingjun." Lin Yi shrugged. It looked like his assumption wasn't wrong, it wasn't as simple as it was. Zhen Yingjun must've made the scheme to lure him here and Lin Yi became tense and on guard.

"Oh? Aren't you smart? You guessed that it was me?" Zhen Yingjun was slightly taken aback but immediately laughed, "Hahahaha, since you guessed that it was me, you dare to come alone? Are you stupid? Aren't you stupid? You are so dumb!"

He couldn't blame Zhen Yingjun for being so happy. From his perspective, Lin Yi was an idiot. Since he guessed that he was the one who kidnapped Chu Mengyao and Chen Yushu and asked him to come get the hostages, he still came alone. If Lin Yi wasn't an idiot, he would be too arrogant!

"Are you trying to say that I'm smart or stupid? Why are you contradicting yourself?" Lin Yi couldn't help but laugh, "Are you the stupid one or me?"

Chu Mengyao and Chen Yushu were here and he began to think of the plan. Even since he arrived at the top of the mountain, the jade pendant had been sending warnings constantly. It meant that it was extremely dangerous here yet he didn't know where the dangers were lurking...

But sometimes, he had to face the situation knowing how dangerous it was. As the proverb goes, take the bull by the horns!

Chapter 886: Sudden Change In Situation

Sudden Change In Situation

"Humph, you can talk for now!" Zhen Yingjun laughed coldly, "Lin Yi, with all the humiliation you made me suffer, I will return ten times of it back to you!"

After he finished speaking, he made a gesture and the warnings from the pendant resting on Lin Yi's chest became more urgent!

Where he was standing is dangerous. Lin Yi dashed aside subconsciously, and a bullet brushed past him! A pistol with a silencer!

Lin Yi was shocked by the bullet. He didn't think that Zhen Yingjun would use guns to kill him! He thought that Zhen Yingjun only order the master to kill him!

A few bullets couldn't harm Lin Yi! Since Lin Yi became more vigilant, he won't let bullets hit him.

The first bullet didn't hit the target and a few bangs followed like beans exploding. Numerous bullets shot towards Lin Yi!

There were this many people? Lin Yi never expected Zhen Yingjun to hide so many gunmen here for him! This was definitely a formidable opponent!

Although Zhen Yingjun looked arrogant, but he was different from Zhong Pingliang and Zhao Qibing. He knew how to engage in a gunfight! If Lin Yi didn't break through to the mystic division and he was still at the final stage of golden division, he wouldn't be able to dodge all the bullets!

But since Lin Yi broke through to the mystic division, and with his past experience as a killer, he dangerously avoided the first round of bullets!

"Keep shooting! Shoot! Kill him!" Zhen Yingjun was shocked that Lin Yi dodged all the shots from the first round and immediately raged, "You useless shits! Why can't you kill one person with so many guns?"

Zhen Yingjun was standing far from Lin Yi and he wasn't worried that Lin Yi will suddenly dash at him, so he became more unrestrained with his words. Even if Lin Yi did come at him, he still had Ma Zhu!

Bang! Bang! Bang!

Muffled sounds of the guns sounded again, but an accident happened this time...

"Ouch—" A blood-curdling screech sounded along with the muffled gunshots. A camouflaged gunman was sent flying from the rock he was hiding, slamming onto the ground. His body twitched for a few seconds before blood dripped down his chin and stopped moving...

The sudden change in situation made everyone freeze! Zhen Yingjun froze, so did Ma Zhu, and the two bodyguards also froze! All the hidden gunman froze!

They never imagined that their comrade who was hidden became a rocket, shooting into the air from behind the rock as if a rocket was attached to his butt! Now he was on the ground, not knowing whether he was alive or not?

But when they were stunned and confused about what was happening, it happened again!

"Ouch—" Another screech, another member of the firearms team made his superman dream become true as he shot into the sky and dropped down. This time, his body didn't even twitch and they didn't know it was dead or not...

"What happened? What just happened? Lin Yi, you brought helpers?" Zhen Yingjun's expression became alerted. No matter how stupid he was, he knew that there was an accident, and it must be linked to Lin Yi!

"I didn't," Lin Yi shook his head, "I really didn't. You told me to come alone, and I did."

"But..." Lin Yi spoke calmly and Zhen Yingjun was dumbfounded. It wasn't that he didn't believe Lin Yi's words as it didn't matter whether Lin Yi admit it or not. Both parties had made their moves and there was no need for Lin Yi to lie to him! But Lin Yi denied that he brought helpers made Zhen Yingjun even more confused!

When Zhen Yingjun was confused, another man became superman, shooting into the sky and dropped to the ground!

"He has a helper... But not a human..." Ma Zhu frowned and said.

He was a physical style specialist. Although his strengths were attack and defend, but his vision wasn't so good and gave Zhen Yingjun his judgement based on what he could see.

"Master Jun, shouldn't we move back a little? It's dangerous here!" A bodyguard advised carefully.

"Yes!" Zhen Yingjun was scared and didn't dare to stay here anymore. He retreated until he was behind Chu Mengyao and Chen Yushu, using the girls as his shield.

Chu Mengyao and Chen Yushu were excited to see that Lin Yi came to save them. Although Chu Mengyao thought it was too dangerous for him to come, but she suddenly felt a sense of security at the sight of Lin Yi.

It felt like she found someone she could depend on, chasing her nervousness and anxiety away. It felt nice, and warm.

But the girls didn't know that Zhen Yingjun had men with guns around here. They were escorted out of the cave just before Lin Yi came and they were terrified at the sound of the guns.

They forgot to scream, and they forgot that they were in danger too as they stared at Lin Yi nervously! They wanted Lin Yi to be careful, but they were also afraid to distract him. The pair of sisters decided to stay silent in mutual understanding.

When they saw Lin Yi successfully avoided all bullets, they finally sighed in relief. It looked that Lin Yi was almighty. This idiot thought he could kill Lin Yi with guns? That's impossible!

Later, when Chu Mengyao and Chen Yushu watched Zhen Yingjun's men shoot into the air one after another, dropping on the ground dead, they were equally surprised as Zhen Yingjun. But almost immediately, surprise flashed across Chu Mengyao's eyes.

"Shu, isn't that General Weiwu?" Chu Mengyao whispered uncertainly to Chen Yushu.

"Huh?" Chen Yushu heard Chu Mengyao's words and rubbed her eyes in disbelief, "Holy shit, those that spend enough time together surely become like each other! General Weiwu spent so much time with Shield bro and became so fierce! It's almost a Shield dog now!"

Of course, Zhen Yingjun didn't hear what they said. Zhen Yingjun was too scared to eavesdrop on the girls' conversation. It was too eerie! Lin Yi came by himself, and his man told him so! That man was still guarding the foot of the mountain and there was no one else other than Lin Yi! So how did his men die?

Chapter 887: Almighty General Weiwu

Almighty General Weiwu

Shuaa!

Another member of the firearm team flew out and died on the ground.

The situation was too terrifying without any warnings. One man died after another and finally made everyone horrified! They were a bunch of pirates who constantly shed blood. They also put their heads were also under blades for their businesses!

They weren't afraid to die, but they didn't want to die without a reason! What was happening? Lin Yi stood there without moving but a few of their members died already!

All the gunman began to shoot at Lin Yi crazily as they thought it was Lin Yi's trick. As long as they killed Lin Yi, everything would be solved!

Bang! Bang! Bang!

There were still more people shooting out of their hiding spots and die as they shot.

"Wahhhhhh! Shoot! Kill him!" Zhen Yingjun yelled exasperatedly, "What the hell are you? Lin Yi, what the fuck are you?"

Lin Yi's lips curled up coldly. Firearms? You can all wait for your death. Since you all hid here, you must be prepared to die!

Although he didn't put these men in his eyes, he didn't relax. These people became crazy and began to shoot randomly! Some of them were afraid that death will find them and shot at all directions...

As Lin Yi dodged the bullets and quickly shifted away Chu Mengyao and Chen Yushu as he was afraid that these horrible people will hurt them.

"I'm going to kill you!" Zhang Wushan was a small leader in the team, but he was on the verge of a breakdown. He watched his allies die one after another, yet he couldn't do anything! Especially his younger brother, Zhang Wuyu, just shot into the sky and died. It was the last straw to his breakdown!

He didn't bother to hide anymore. He jumped out of his hiding spot and shot desperately! He was losing sanity and couldn't distinguish between his enemy and his allies, and he even shot towards Zhen Yingjun's direction!

Zhen Yingjun was shocked and quickly hid behind Chu Mengyao and Chen Yushu.

As Zhang Wushan pulled the trigger, Lin Yi frowned. He couldn't care about anything else and quickly sprinted towards Chu Mengyao and Chen Yushu! This time, Zhang Wushan aimed at Chu Mengyao and from his shooting angle, he could shoot Miss!

Lin Yi didn't have time to warn Miss as her legs and hands were tied up, she couldn't escape. Lin Yi clenched his teeth and covered Miss with his body. Almost at the same time, a bullet pierced Lin Yi's thigh.

Fuck! Sweat immediately rolled down Lin Yi's forehead. Why is it this place again? Last time, the robber in the bank also shot the same spot. When he went to the hospital to take out the bullet, it was extremely embarrassing, and he didn't expect the same place to get hurt again...

"Argh!" Chu Mengyao screamed. She realized that Lin Yi was being shot! He, did he take a bullet for her?

Last time in the bank, Lin Yi was shot right next to her too. At that time, she didn't feel anything special but this time, why does it hurt so much? Chu Mengyao felt like the bullet pierced through her heart and gripped her heart...

“Lin Yi, how are you?” Chu Mengyao wanted to touch Lin Yi and check his wounds, but her limbs were tied up and she couldn’t move.

“How touching. Yaoyao sis, Shield bro took a bullet for you. You must marry him and devote yourself to him for your lifetime!” Chen Yushu sighed.

“What are you on about? Why are you talking nonsense at a time like this? Can’t you see that he got shot?” Chu Mengyao heard Chen Yushu’s words and she didn’t know whether to cry or laugh. She didn’t know if she intentionally avoided the question or she was just worried about his injury, she didn’t want to think about marrying Lin Yi at all...

However, Chu Mengyao secretly pondered. If Lin Yi told her to give herself to him, will she? Will she? Perhaps she will? But how is that possible?

“Oh, Shield bro is a doctor, this is fine,” Chen Yushu didn’t panic at all. She saw that Lin Yi was still standing without a groan, she knew that Lin Yi was fine.

Lin Yi was indeed fine as it was only one bullet. Chen Yushu was right; he was a doctor himself and the instant he took the bullet, he chose the place to get hit. He avoided the bones and arteries, so the bullet only hit his muscles. It didn’t matter that it wasn’t taken out immediately.

If that wasn’t the case, he wouldn’t be able to follow the robbers in the car and snatch their guns after getting shot last time.

But right now, Lin Yi didn’t have time to worry about his injuries. His right hand shook once and a silver needle appeared between his fingers. Zhang Wushan was crazy and he must take him down as soon as possible! Lin Yi didn’t expect Zhen Yingjun’s subordinates to be so weak. How could they be this horrified?

Honestly speaking, it wasn’t that they were too weak. They’ve been killing for money on the sea every day and their guts were bigger than a basketball. But today’s situation was too eerie. They weren’t afraid of getting axed to death, and they weren’t afraid of taking a bullet in the head, but it was their first time seeing the ‘superman’ death and it was too horrifying!

Lin Yi was just about to make a move but before he could pierce his needle on Zhang Wushan, General Weiwu jumped out of nowhere. He hopped flexibly behind Zhang Wushan and touched Zhang Wushan’s back with its paws. Just like all his allies, Zhang Wushan shot into the air and fell dead on the ground.

“Yaoyao sis, hail the almighty General Weiwu!” Although Chen Yushu knew that General Weiwu was the dog who killed all the men, she was amazed when she saw it with her own eyes!

Chu Mengyao also widened her eyes in shock. She looked at the dog she had for ten years and wondered, how did this happen? Why didn’t she notice that General Wu was so fierce? Hmm... Did it change after Lin Yi healed it last time?

Zhen Yingjun finally understood how his men died. A dog’s kick killed them? Wasn’t this world insane?

“A Golden division... Dog?” Astonishment appeared on Ma Zhu’s face.

Chapter 888: Your Opponent Is Me

Your Opponent Is Me

Ma Zhu had been famous for quite a long time now, but he never heard that dogs could cultivate before—it was even golden division! Was it still a dog?

The rest of the men from the firearms team finally realized what attacked them. They all turned the guns in their hands from Lin Yi to General Weiwu. However, General Weiwu was a rather small target and it jumped back and forth, approaching the back of another man.

That man didn't even realize what was happening and he was shot to death by his allies! Before he died, he still didn't understand why he wasn't kicked to death by a dog, but shot to death by his team! Did they treat him as the dog?

General Weiwu followed his pattern and skipped from the left to the right flexibly. Another few men from the firearms team died under the guns of their own people and the rest of them were kicked to death by General Weiwu.

"Master Ma, kill the dog! Hurry up and kill it!" Zhen Yingjun yelled in terror. He never imagined that a dog was powerful enough to kill people!

Ma Zhu nodded and took a step forward in an attempt to kill General Weiwu, but Lin Yi blocked his way.

"Your opponent is me," Lin Yi looked at Ma Zhu and spoke calmly. He couldn't tell which division Ma Zhu was at as the level of ability of a physical style specialist couldn't be seen by the amount of energy they had. They trained their body to advance, and Lin Yi didn't know how strong his body was.

"Move, you are no opponent to me," Ma Zhu glanced at Lin Yi and replied in disdain.

"Won't you know if you try?" Lin Yi smiled, "Perhaps you are right. I'm no opponent to you. But when you kill monsters with a difference in levels, you might be lucky enough to have a few critical strikes."

"What's a critical strike? What level difference?? Ma Zhu obviously didn't understand what Lin Yi was saying, "If you want to die, I'll make your wish come true!"

Ma Zhu was annoyed. He knew how important the men of the firearms teams were to his boss. Although these people worked for House Zhen, the majority of the fortune they made went to his own boss!

That was why Ma Zhu wanted to kill General Weiwu first because he didn't want it to kill more people, but Lin Yi didn't give him the chance! Rage filled his heart. He knew that it was impossible to save his men without dealing with Lin Yi first.

Ma Zhu glared at Lin Yi coldly. If he couldn't save those men, he would let his anger out on Lin Yi!

In an instant, Ma Zhu's aura exploded to the max. However, the aura of a physical master was much weaker than that of a spiritual master. Lin Yi's energy also exploded in an instant. The aura of the peak of the initial stage of the mystic division was even stronger than Ma Zhu, the peak of the middle stage of the mystic division!

The peak of the middle stage of the mystic division? Lin Yi knew that he couldn't pretend to be a tiger anymore. His opponent was one level higher than him, how could he boast about it? Although a spiritual style master would be slightly stronger than that of a physical master, it was only under the circumstance that they were at the same level!

Even if a spiritual style master at the peak of the initial stage of the mystic division fought against a physical style master at the middle stage of the mystic division, it would be rather difficult. But if he was versing a master at the peak of middle stage of mystic division, he had even lower chances of winning.

Lin Yi was in the exact same situation right now. Lin Yi had never met a master who was stronger than him. His expressions were heavy and serious as he stared at Ma Zhu, ready to fight.

"Peak of the initial stage of mystic division?" Ma Zhu saw it and was surprised, "Although you are slightly more powerful than that old thing Li Fu, it's useless! You will be dead today!"

As he spoke, Ma Zhu made his move. He suddenly stomped the ground and aimed for Lin Yi's chest with his palms! He studied defense first before the attack and there was no order in his attacks. He fought with what he had and he didn't even know he revealed all the weaknesses on his body!

Lin Yi's expression sank. He didn't dare to take the blow from such a master! Ma Zhu's positioning also confused him; what kind of move is that? He fought like he didn't want his life anymore as he only cared about attacking without protecting the most important acupuncture points on his body? Wasn't he afraid of sneak attacks?

But before Lin Yi could figure out Ma Zhu's style of fighting, he didn't dare to make a move. When Ma Zhu initiated the attack, Lin Yi moved back rapidly and barely avoided the attack.

"Coward!" Ma Zhu saw that Lin Yi only ran away and laughed coldly. His giant body turned into a black shadow and dashed towards Lin Yi.

As expected of a physical style master who was at the peak of middle stage of mystic division! Ma Zhu's body wasn't near Lin Yi yet the strong wind from his movements already made Lin Yi's face hurt!

Lin Yi frowned. It wasn't ideal to only hide, but Lin Yi didn't want to fight Ma Zhu head on either! Ma Zhu's power was reflected through Uncle Fu. Lin Yi rapidly considered what he could do.

"Go die!" Ma Zhu saw that Lin Yi backed off more and more, he was encouraged as he yelled. His hands were clenched into fists and bashed them towards Lin Yi again!

Lin Yi knew that he could no longer hide. Hiding wasn't the way to solve the problem. This time, Lin Yi didn't hide but stood there, as if he was waiting to take the blow.

Ma Zhu laughed coldly as if he saw Lin Yi getting beaten to a pile of mushy flesh! I'm not scared that you won't attack, I'm scared that you'll keep hiding!

Ma Zhu wasn't afraid of a sneak attack and was worried that Lin Yi played hide and seek with him. He was a cultivator of the eighth level of the Golden Shield and his bones were as strong as copper. Ordinary methods couldn't harm him unless the opponent could find the weakness of his shield and break it!

But how could ordinary people find it? Even his boss didn't know where it was, not to mention Lin Yi!

Ma Zhu didn't dare to be so arrogant if he faced someone with higher division, but Lin Yi was a level lower than him and Ma Zhu wasn't afraid at all. It didn't matter whether Lin Yi practiced spiritual or physical. As long as the person wasn't extremely tactical, they couldn't even make a scratch on Ma Zhu!

Of course, Lin Yi didn't know that Ma Zhu practiced the Golden Shield. If he knew, he wouldn't take the risk.

The second just before the fists landed on him, Lin Yi moved! He abruptly jumped up like an arrow on a bow, skipped over Ma Zhu's head and appeared behind Ma Zhu!

Chapter 889: No Room For Attack Or Retreat

No Room For Attack Or Retreat

No matter how strong and forceful Ma Zhu was, he wasn't fast! Lin Yi made such a conclusion after observing the past two attacks. Qinggong was one of Lin Yi's strengths so he decided to use sneak attacks to win!

It was a lie that he wanted to fight Ma Zhu head-on. If he did that, he was only accelerating his death!

"Haha, die!" Ma Zhu was pleased as he thought his fists were about to land on Lin Yi, but abruptly discovered that Lin Yi disappeared in front of him! Ma Zhu froze, "Huh? Where are you?"

"Here!" Lin Yi's words were followed by an enormous bang as his fists landed on Ma Zhu's spine!

Lin Yi used all his strength and maximized what he had to harm Ma Zhu severely within one blow! If Ma Zhu was an earth division master, Lin Yi's blow would only give a scratch. But now there was only one level difference between them, although Lin Yi was unable to kill him, he could make Ma Zhu suffer from it!

It was Lin Yi's method; sneak up on Ma Zhu more and he will die! Although Ma Zhu was of a higher rank, wouldn't it be fine if he didn't fight Ma Zhu head-on?

His teacher once taught him, if the opponent is stronger than you, then you must avoid his strengths and attack them by surprise! There are no rules in killing. The ultimate goal of a killer is to kill your target.

Lin Yi's fists crashed heavily on Ma Zh's back but his expressions became extremely ugly! Lin Yi felt like his fists hit an iron panel—as if it wasn't a human body!

The aftershock of the attack also made Lin Yi tremble!

"Puu..." A mouthful of blood gushed out of Lin Yi's mouth. The power he used partially bounced back to him.

Despite Lin Yi's surprise, he did not stop. After the attack, he quickly backed off.

As expected, the second Lin Yi backed off, Ma Zhu turned around with his fists in the air but missed the target!

“Brat, aren’t you fast? Hahahahaha!” Ma Zhu laughed, “How do you feel? You must feel good! Tsk tsk, you are spitting blood. It looks like you did use a lot of strength just then! But you didn’t think that you’d get a taste of that too, did you? Hahahahaha!”

Lin Yi glanced at Ma Zhu in astonishment and frowned in disbelief! Ma Zhu didn’t even look like he was hurt anywhere and it seemed like he wasn’t even the one who took the attack!

“You... Aren’t injured?” Lin Yi took a deep breath and finally steadied himself. He laughed bitterly; he tried to take advantage yet he was in a worse situation. Most of the power he used bounced back to himself.

“It doesn’t hurt to tell you. My Golden Shield is on the eighth level already!” Ma Zhu scorned, “I’m not scared of your attacks, but you will die if I hit you once! How’s that, fun? Wahahahaha! What can you do?”

“Eighth level of Golden Shield! No wonder...” Lin Yi finally realized it. No wonder Ma Zhu looked as if nothing happened after receiving his blow and he was injured himself! He practiced the Golden Shield!

There weren’t many people who practiced this because the progress is extremely painful. They had to train their hearts, and their muscles and bones. Without a tough and durable mind, they wouldn’t be able to perfect it through numerous difficulties and sufferings.

Zhen Yingjun watched as Lin Yi backed off and even spat blood, he cheered happily, “Hail the almighty Master Ma! Kill this brat!”

Chu Mengyao and Chen Yushu almost stopped breathing at this moment! Lin Yi had always been invincible in their hearts but now Lin Yi was bleeding! And it wasn’t when he took a blow, but when he attacked!

It was surely odd! Although Chu Mengyao and Chen Yushu found it strange, but now they knew that Ma Zhu was stronger than Lin Yi! Ma Zhu didn’t even look like he was harmed at all!

“Lin Yi!” Chu Mengyao’s heart ached when she saw Lin Yi getting injured. His thigh still had a bullet in it! Chu Mengyao knew that if Lin Yi didn’t come to save her, he wouldn’t be hurt at all and he didn’t have to fight Ma Zhu! Why did he have to protect her? Was it for the 30,000 yuan salary? He didn’t have to do this!

“Hah!” Lin Yi smiled at Miss and wiped off the blood on his mouth, “I’ll kill them and take you two home.”

In an instant, Chu Mengyao’s eyes teared up and tears rushed out uncontrollably/ He was always so nice to her...

“Okay!” Chu Mengyao nodded furiously, “We’ll go home together...”

“Kill me? How funny,” Ma Zhu snorted disdainfully upon hearing Lin Yi’s words, “I’ll stand here and let you hit me, can you kill me that way?”

Lin Yi looked at Ma Zhu vigilantly and considered what the countermeasure could be. Lin Yi could say that Ma Zhu was the biggest rival he had to face after coming to Songshan. He wasn’t only one level

ahead of him, but he also practiced the Golden Shield! In other words, all physical attacks were useless unless he was of a higher rank than Ma Zhu. Otherwise, he was no opponent to Ma Zhu!

What should he do? There was no room for Lin Yi attack or retreat! When he was on a mission, he could run away if the enemy was too strong without feeling bad. His teacher said that there's no need to be afraid of running out of firewood with a mountain!

But now, Lin Yi couldn't run away! What would happen to Miss and Shu if he left? Could Lin Yi leave them here? No, he couldn't!

Lin Yi silently started chanting the Art of Dragon Master, trying to repair his internal injuries. But because he didn't enter the space in the jade pendant, the result was extremely weak.

"What? You aren't going to attack? If aren't, I'm going to kill you!" Ma Zhu laughed and dashed towards Lin Yi again!

Lin Yi moved away flexibly before Ma Zhu could approach him but he panicked. He couldn't continue to fight like this!

But other than avoiding Ma Zhu's attack with his agility, he didn't know what he could do!

Chapter 890: Poisoned!

Poisoned!

It was impossible for Ma Zhu to kill him, and it was even more impossible for him to kill Ma Zhu! Lin Yi didn't even dare to attack Ma Zhu. It would be in vain, and it might even injure him instead.

Ma Zhu saw that Lin Yi only avoided and he wasn't angry either. He sneered coldly, "Jumping up and down, are you any different to that dog? Jump until the end if you can!"

On the other side, General Weiwu successfully killed all members of the firearms team and wagged its tail over, wanting to help Lin Yi.

"Go and protect Yaoyao and Shu, you can't handle this," Lin Yi ordered General Weiwu. Even Lin Yi couldn't harm Ma Zhu, how could General Wu?

General Weiwu heard Lin Yi's words and quickly ran to Chu Mengyao and Chen Yushu, cut the rope with his teeth...

Lin Yi glanced at Chu Mengyao and Chen Yushu and sighed in relief when he saw that the ropes were cut. He yelled at them when he just dodged an attack, "Yaoyao, leave with Shu And General Weiwu!"

"But... Lin Yi, you..." Chu Mengyao was extremely worried. How could she leave without him?

"Go! I can run away anytime after you leave!" Lin Yi panicked. He dealt with Ma Zhu for so long but he didn't haven't thought of a countermeasure!

"Hehe, how dare they?" Ma Zhu declared confidently, "If they dare to leave, I'm going to kill them first! You can dodge my attack, but can they? Hahaahah!"

Lin Yi heard Ma Zhu's words and frowned, he could only stop that plan! It looked like Ma Zhu wasn't stupid. He knew that there was no point for him to continue to fight Ma Zhu after the girls were gone. He would stay if the girls were here!

However, Lin Yi had no other way around this. Ma Zhu was right; he could easily go and kill Chu Mengyao and Chen Yushu because he wasn't afraid of Lin Yi's sneak attacks, and Lin Yi could do nothing to him!

"We will wait for you to go home together!" Chu Mengyao heard Ma Zhu's words and sighed in relief. She didn't want to leave! If she didn't leave, she'd feel more secured here!

"Shield bro fighting! Kill this stupid giant!" Chen Yushu called out too.

"Humph!" Ma Zhu snorted coldly but he didn't want to take two little girls' words seriously. The only mission he had was to kill Lin Yi, "Brat, let's see if you can still survive this time!"

"Huu—" Lin Yi agilely avoided another attack but it was extremely close. Ma Zhu almost hit his entire body!

What happened? Did his speed decrease? Was he running out of energy? That's impossible! He wouldn't even run out of energy if he ran for thousands of kilometers, how could he be exhausted after dodging a few attacks?

"Ka!" Lin Yi's left shoulder was scraped by Ma Zhu's palm and unbearable pain immediately spread to his entire shoulder! Lin Yi immediately saw his shoulder swell. If he wasn't wrong, his bones were broken!

Lin Yi looked at Ma Zhu in astonishment! What happened? Why were his movements gradually becoming slower and slower? Did he get hit? What on earth happened?

"So? It hurts, doesn't it? But I didn't get your weakness. But it's fine, I have patience and you'll die slowly!" Ma Zhu looked at Lin Yi's swollen shoulder and smiled sinisterly, "Feels like heaven, doesn't it?"

Lin Yi frowned and thought that his steps were getting heavier and heavier!

Lin Yi had always being confident in his qinggong and stamina, but his qinggong deteriorated, and he was running out of stamina! If this continued, he would die...

Lin Yi quickly chanted the Art of Dragon Master to check his wounds... Wait! Suddenly, Lin Yi realized that something was wrong!

Poison! He was poisoned!

Lin Yi's expressions became dark and there was only one possibility he could think of, "The bullet was coated in poison?"

"Poison?" Ma Zhu was taken aback. He didn't know about it.

"Hahahahaha!" Zhen Yingjun heard Lin Yi's words and suddenly laughed joyfully, "I thought that you aren't afraid of poison? It didn't break out for so long and I thought it didn't work for cultivators like you! It looks like it's only delayed! And I thought why did you become so stupid, it was the poison! Wahahahaha!"

“That’s what I thought!” Lin Yi clenched his teeth and his breathe shortened. He didn’t imagine that Zhen Yingjun played such a dirty trick and coated the bullets with poison!

“Master Ma, that brat is poisoned, hurry up and kill him!” Zhen Yingjun didn’t think that anything was wrong. From his view, killing Lin Yi was the primary goal! At this moment, he thought he was extremely wise for doing that!

If Lin Yi wasn’t poisoned and he could jump up and down, there was nothing Ma Zhu could do to him! Although Ma Zhu was strong, Lin Yi’s qinggong was too good and he couldn’t lay his hands on Lin Yi! But now Lin Yi was poisoned and he slowed down, Lin Yi’s death was already certain.

Ma Zhu nodded. Although he despised Zhen Yingjun for poisoning Lin Yi, it was indeed frustrating that this brat jumped and dodged all his attacks. In the end, it would be easier to kill Lin Yi when he was poisoned.

Would he die here? Lin Yi clenched his teeth as he looked Miss, then turned to Chen Yushu.

If he ran away now, he believed that Ma Zhu couldn’t catch up for him. But what about Miss? Would Ma Zhu let Miss go after he ran away?

Maybe not? If Zhen Yingjun wanted to kill the girls, they would be dead bodies before he even came! But Zhen Yingjun didn’t do that, which means that Zhen Yingjun only wanted him dead, not the two girls!

If he died, the dispute would be far less than Chu Mengyao and Chen Yushu! From Zhen Yingjun’s point of view, he was only Chu Mengyao and Chen Yushu’s follower and it didn’t matter if he died. But if Chu Pengzhan’s daughter died, it would become a massive dispute!

Lin Yi felt more relief at this thought.

“Brat, quit thinking about useless things! You are already poisoned, you won’t be able to win even if you aren’t poisoned!” Ma Zhu looked at Lin Yi and replied indifferently...

Chapter 891: Learn To Take Care Of Yourself

Learn To Take Care Of Yourself

“My Golden Shield doesn’t have a weakness unless you are of a higher level! You are surely a genius for reaching such a level at a young age! Perhaps you’ll surpass me in a few years, but I’m afraid that this day will never come! Next year’s today will be your death anniversary!”

Higher level... Higher... Suddenly, a possibility flashed across Lin Yi’s mind... Wait!

Lin Yi suddenly smiled. He looked at Ma Zhu and smiled eerily! If he couldn’t make it out alive today, he will drag someone to die with him!

“Yaoyao, Shu...” Lin Yi turned around and looked at Chu Mengyao and Chen Yushu.

“Yes?” Chu Mengyao and Chen Yushu also saw Lin Yi’s eerie smile and they didn’t know what Lin Yi was going to do.

“Learn how to take care of yourselves in the future...” Lin Yi smiled.

“What?” Chu Mengyao and Chen Yushu froze as they didn’t know why Lin Yi suddenly told them this.

Lin Yi didn’t explain. In the next moment, he lifted his head and looked at Ma Zhu! How funny! He had been trying to find Ma Zhu’s weakness from the very beginning but he didn’t imagine that Ma Zhu exposed his weakness in the last moment!

“What are you laughing at?” Ma Zhu was taken aback as Lin Yi’s odd smile made the hairs on his neck stand up.

“Wahahahaha! Master Ma, this brat was saying his last words!” Zhen Yingjun suddenly laughed as he was the first one to understand Lin Yi’s words.

Chu Mengyao and Chen Yushu immediately understood what he meant with Zhen Yingjun’s hints. Was Lin Yi saying his last words?

“Lin Yi, go! Don’t worry about us, hurry up and run!” Chu Mengyao yelled crazily.

However, Lin Yi blocked out her voice and the strange smile remained on his face. His hands were positioned in an extremely odd way.

Tears blurred Chu Mengyao’s eyes as she didn’t expect Lin Yi to die for her and Shu! Miss roared with a hoarse throat, “You fucking idiot! You are dying for 30,000 yuan! No wonder Zhen Yingjun said you are an idiot, you are!”

Chen Yushu grabbed Chu Mengyao’s hands tightly without speaking. Although she was often optimistic, she was extremely worried right now.

“Humph, it looks like you are aware of the situation now!” Ma Zhu laughed, “die in peace. We won’t touch the little girls. We will let them leave safely.”

Lin Yi didn’t speak as his hands were still in an eerie position, no one knew what he was going to do.

“What? What does this mean? You want to be heroic once more before you die?” Ma Zhu looked at Lin Yi in confusion but he sounded impatient. Lin Yi already used up all his patient and he wanted to kill Lin Yi right now!

“Ha, if I’m going to die, I will die fancily. I’m going to attack.” Lin Yi’s smile gradually disappeared as he gradually walked towards Ma Zhu.

“Attack? Haha, fine. If you want that, no problem!” Ma Zhu wasn’t scared at all. His Golden Shield was at the eighth level already and he didn’t put Lin Yi in his eyes.

“Heh...” Lin Yi’s movements suddenly sped up as he dashed towards Ma Zhu. However, his hands were still maintained in the exact odd position.

Ma Zhu mocked, “Played too much Street Fighter? I can’t deny that this does look fancy indeed...”

As he spoke, he swung his right fist, ready to take Lin Yi’s ‘strange’ attack.

“Fancy... Perhaps. The fanciest is coming!” Lin Yi bit his lips decisively and suddenly put his palms together and pushed them out like some fighters from the game.

“Haha...” Ma Zhu’s fist was about to hit Lin Yi’s palms. He was going to kill Lin Yi!

However, something different happened in this instant! With a loud boom, something exploded between Ma Zhu and Lin Yi as if a thunderstruck on them!

With this thunderous explosion, a powerful heatwave pushed Lin Yi away!

The sound of the explosion rang in the valleys. Zhen Yingjun was terrified and so were Chu Mengyao and Chen Yushu!

The remaining heat waves created by the explosion even made it hard for the girls to breathe from a distance, and Zhen Yingjun even stumbled back from the heat.

Although General Weiwu was slightly better, it also stared towards the direction of the explosion blankly.

The area where Lin Yi and Ma Zhu stood before was filled with dust and dirt. Stone and sand shattered in the air. They couldn’t even see what happened!

It seemed to be able to destroy the heaven and earth as the entire mountain shook. No one knew what happened and Zhen Yingjun stared at the place with his mouth wide open. He prayed it was the shock from perishing Lin Yi!

But Zhen Yingjun felt like something was wrong. He thought that there was a problem! Could Ma Zhu make such a big scene? If it wasn’t Ma Zhu, was it Lin Yi? Wasn’t that impossible?

“Yaoyao sis, where’s Shield bro? Is he fine?” Chen Yushu looked at the explosion scene blankly and sounded sorrowful.

Chu Mengyao didn’t speak and she didn’t know how she felt. Did it happen? Did it finally happen? Did Lin Yi die with the opponent? It was the only thing she could think of, and Lin Yi’s last words repeated in her ears, telling them to learn to take care of themselves in the future...

The next moment, he vanished like smoke in the air?

No! Chu Mengyao couldn’t accept the truth! Lin Yi couldn’t die! But in this moment, Chu Mengyao was lost for words. She didn’t know what to say, and she didn’t know what she could say.

It was way beyond her expectation, way way beyond it... She never experienced separation from death her life and her fragile heart shattered.

The sand and rocks finally faded and the dust began to fall back down. Amongst the smoke, a person stood with a straight back. Although he wasn’t too tall, he was filled with a sharp aura!

His top was all torn and his naked skin was filled with numerous bloody cuts! It seemed that even a gush of wind could take him away, but he stood tall as the breeze swept past him.

“Shield bro!” Chen Yushu yelled in surprise and cheered, “Yaoyao sis, Shield bro is alive!”

Chapter 892: Energy Bomb

Energy Bomb

“Ha...” Chu Mengyao saw the poor man and laughed, “Humph, I know that he will never die! He was just lying to us!”

“Yaoyao sis, that’s a lie, you were so worried about him!” Chen Yushu immediately exposed her.

“!” Chu Mengyao glared at Chen Yushu and ignored her.

Zhen Yingjun was dumbfounded. Where’s Ma Zhu? Where did Ma Zhu go? He was a master at the peak of the middle stage of the mystic division who practiced the Golden Shield, how did he die? Zhen Yingjun widened his eyes and tried to search for him, but there was no one else other than Lin Yi.

After a long time, another person climbed up from the ruins. The person was Ma Zhu. However, he seemed rather frightening.

One arm was gone and half of his ribs were sunken into his body. His entire right side of the body turned into a pile of rotten flesh and even his right face no longer resembled the face of a human! If there was someone else here, they may not even recognize Ma Zhu!

Blood gushed out from his wounds and they could faintly see his skeleton!

“Holy cow! He got blown up but he’s still not dead?” Chen Yushu exclaimed how tenacious he was.

Ma Zhu’s eyes were overwhelmed with terror and he was no longer egoistic. He couldn’t believe that he was injured so severely. How was it even possible?

He was an external style master who was at the peak of the middle stage of mystic level, and his Golden Shield was at the eighth level already, how could Lin Yi, an internal style master only at the peak of the initial stage of mystic decision harm him? He wouldn’t even be boasting if he said ordinary guns won’t be able to hurt him, but now he was severely injured!

His right half of the body was destroyed. He lost his right arm, even his right shoulder! Then flesh on the right side of his face was mashed and only bones remained in his right-left. He had to support himself with all his might to stand up!

“Impossible... Impossible... This isn’t real! You can’t hurt me!” Ma Zhu didn’t believe the reality and he didn’t want to!

“Idiot,” Lin Yi glanced at Ma Zhu indifferently, “I told you I was going to attack yet you didn’t try to avoid it. How much blood do you have?”

“Impossible... it’s impossible...” Ma Zhu was about to lose his sanity as he couldn’t accept the reality in front of him! Although Lin Yi looked like he had a rough time, and although he had a lot of wounds, at least he wasn’t losing an arm or leg. But for him...

Ma Zhu couldn’t accept that all the work he put into advancing to the eighth level of Golden Shield all went to waste in an instant! Years of cultivation and his dream from childhood were all perished...

The body of an external style master was as important as the meridians to an internal style master. Once his body was injured, he won't have his power even if he recovered! Especially since his body blew up and was missing body parts—his Golden Shield completely went to waste!

Even if his body recovered, new skin and new flesh grew out, he would be no different from a normal person! Even if he still had Golden Shield on a small part of his left body, was it useful? If he was going to fight others, wouldn't they aim for his right side?

Lin Yi ignored Ma Zhu. He had to scare Ma Zhu and Zhen Yingjun back. He used the last breath to support himself and he couldn't let them know.

The attack was the result of Lin Yi drawing out all the energy he had in his body, compacted it and let it explode in an instant.

Lin Yi already tested this type of energy bomb on Yu Kun and it was quite effective.

However, in order to make Yu Kun's meridians explode, it required much less energy than today! Lin Yi's decision today was crazy and extremely risky! He used it because he had no other choice!

Ma Zhu practiced Golden Shield and it was useless no matter how Lin Yi attacked him physically. If surprise attacks didn't work because Ma Zhu wasn't concerned at all!

When Lin Yi was panicking and almost decided to wait for his death after getting poisoned, Ma Zhu exposed his own weakness! Perhaps Ma Zhu didn't think it was a secret, but it inspired Lin Yi!

Ma Zhu said his Golden Shield had no weakness unless Lin Yi's level was higher than his!

From Ma Zhu's view, Lin Yi couldn't possibly be more powerful than him. If he was of a higher level, he would've won already. But Lin Yi didn't think so. Although his level wasn't as high as Ma Zhu, after energy was compacted, its power could increase by many times!

Ma Zhu had Golden Shield to protect his body and Lin Yi couldn't transfer energy into Yu Kun's body to blow up his internal organs and meridians, so he had to use more energy to make the bomb tear Ma Zhu's physical body apart!

Lin Yi didn't know if it was going to work and he wasn't sure how it will affect him. Even if he quickly retreat the moment the energy exploded, the aftershock of the bomb may still hurt him!

In order to injure Ma Zhu severely, he drew out the last bit of his energy and in a life or death situation, he released the most horrifying energy bomb in history!

Luckily, he succeeded! Ma Zhu became disabled from the explosion and his Golden Shield was also broken! Even so, the power of Golden Shield shocked Lin Yi!

He knew exactly how powerful the bomb was. A deep pit was created in front of them and the surface was extremely smooth as if it was cut by a sharp blade!

Even so, Ma Zhu was only injured and he didn't die!

Lin Yi didn't know if Ma Zhu could still fight or not but he knew that he didn't have any energy—If it wasn't for his stamina, he wouldn't be able to keep himself standing up! He had to stand up and pretend that he wasn't hurt at all!

He had to scare Ma Zhu and Zhen Yingjun away. Otherwise, he, Chu Mengyao and Chen Yushu would all be in danger!

Hence, Lin Yi ignored Ma Zhu and turned to Zhen Yingjun coldly, "Now, it's your turn!"

Zhen Yingjun saw Lin Yi's fierce face and completely froze. Ma Zhu was now injured. How would Lin Yi kill him? He was the one who planned this and Ma Zhu was the helper! If Ma Zhu was injured so severely, how could Lin Yi let him go?

Chapter 893: Is Juice Ok?

Is Juice Ok?

"You... Don't come!" Zhen Yingjun backed off subconsciously and in the corner of his eyes, he saw Chu Mengyao and Chen Yushu standing close to him. He immediately took out a gun from his belt and pointed it towards Chu Mengyao, "Don't come! Forfeit now or I'm going to kill them!!!"

Lin Yi didn't expect Zhen Yingjun to fight back so violently. He must be horrified! Lin Yi couldn't help but laugh bitterly. Did he make the wrong choice? He wanted to scare Zhen Yingjun and tell him to take Ma Zhu and leave so he could find a place to heal, but he was so scared that he threatened him with Chu Mengyao!

"Bang!"

A dull noise and a blood-curdling screech filled the air.

It wasn't the sound of a gun, but the sound of bodies crashing together.

In the next moment, Zhen Yingjun's gun fell onto the ground as he covered his crotch with both of his hands. His eyes were popping out of its sockets and he panted while yelping...

"Yes!" Chen Yushu gestured a 'V' for victory and clapped, "Wow, I made Zhen Yingjun a eunuch!"

Chen Yushu used all her strength on this kick and it was a tragedy for Zhen Yingjun. He never imagined that a weak little girl dared to attack him first! Wasn't she scared of being shot?

However, he was in too much pain to ask the question!

Chu Mengyao couldn't help but smile. At the same time feeling that Chen Yushu was being too impulsive, "Shu, aren't you scared that he'll shoot me? You sure have the guts! If I die, how could you be the concubine?"

"Oh, Yaoyao sis, you finally admitted that you decided to marry Shield bro?" Chen Yushu replied happily, "He won't be able to because his gun's safety lock is still on. I only moved after I saw..."

“How did you know that?” Chu Mengyao was surprised. She didn’t know that Shu made the move after she observed carefully.

“My brother took me to the military and played with guns before!” Chen Yushu spoke as she picked up the gun, “Look Yaoyao sis, the safety lock is here!”

“Be careful, don’t make it go off accidentally!” Chu Mengyao was worried, “Chuck it away!”

As Chu Mengyao finished her sentence, Chen Yushu pulled the trigger with a loud bang.

“Oh...” Chen Yushu stuck out her tongue and threw the gun on the ground, “It really did...”

“Ouch...” Zhen Yingjun rolled his eyes and he was on the verge of crying! He thought that if Chen Yushu made him have erectile problems, he might still be able to recover if he received treatment from Yaowang. But Chen Yushu shot him in the crotch and made him lose hope...

It was a misfire, but it was pretty on point?

Although Ma Zhu was in great pain, he couldn’t watch Chen Yushu kill Zhen Yingjun. His boss ordered him to protect him and he couldn’t run away without Zhen Yingjun!

Ma Zhu clenched his teeth and sprinted towards Zhen Yingjun. He lifted Zhen Yingjun up and quickly left after one last fierce glance at Lin Yi...

Ma Zhu didn’t know why Lin Yi didn’t kill Zhen Yingjun.

“Huh? Where’s Shield bro?” Chen Yushu was just about to cheer for Lin Yi but he disappeared in a blink of an eye.

“Lin Yi!” Chu Mengyao saw Lin Yi lying on the ground and immediately rushed over, “Lin Yi, how are you?”

Lin Yi’s face was white and closed his eyes. He was still conscious and spoke in a tiny and weak voice, “Help me to somewhere quiet, I need to heal myself!”

“Okay!” Chu Mengyao was delighted to see that Lin Yi was still alive and quickly reach out to him.

But Lin Yi was too weak as he had no energy left. He tried to stand up with Chu Mengyao’s help but he couldn’t.

Chu Mengyao was hurt to see Lin Yi’s state and wanted to lift him up. However, she hesitated. She wasn’t his girlfriend, isn’t it inappropriate for her to hug and touch him? If others knew about it, how will she marry in the future?

Chu Mengyao valued chastity very much and that was why she reacted so violently after an indirect kiss with Lin Yi. She thought that a girl must stay loyal to one person only. The only one who could have skinship with her was her boyfriend, her future husband!

However, Lin Yi ended up like this to defeat Ma Zhu and to save her. He almost lost his life and she still cared about this? She wouldn’t marry then! Or she could marry Lin Yi! Lin Yi had seen her body when she was in the hospital and why would she care more? As soon as this idea popped out of her head, Chu Mengyao made herself jump!

Were these her real thoughts? Or... Chu Mengyao didn't know what she would do in the future...

She looked at Chen Yushu and clenched her teeth. She reached out for Lin Yi but realized that Lin Yi was too heavy. If she was going to lift him up herself, Lin Yi will probably fall back down and said, "Shu, come help! What are you standing there for?"

"Oh, I thought that Yaoyao sis wanted Shield bro for yourself!" Chen Yushu quickly rushed over to help.

"..." Chu Mengyao was speechless. Chen Yushu and her carried Lin Yi to the cave they were in before and placed him on the ground carefully and asked, "What do I do now?"

"Use a knife to cut open the wound on my leg. Take the bullet out, let the poisonous blood out, then clean it..." Before Lin Yi could enter the space in the jade pendant, he had to take out the bullet first. Although he didn't think the poison was too strong or he would be long dead, but he didn't want to overlook it. What if it deteriorated over a period of time?

"Shu, go get water!" Chu Mengyao urged.

"Huh? But Yaoyao sis, we wasted all the water... Look, there's still water there..." Chen Yushu pulled down her face and pointed at her excellent work, "Is juice ok?"

"..." Chu Mengyao was speechless but still looked at Lin Yi to seek permission.

"Of course not," Lin Yi was amused. Chen Yushu was the funny one and she could always find joy in the dark times, "I saw a creek when I was coming up the mountain. The water's clean..."

Chapter 894: At Loss

At Loss

"Oh, I'll go and get some now!" Chen Yushu was worried about Lin Yi's injuries and picked up the bottle, ready to go and grab some water.

"Go with General Weiwu, it can find it and it can keep you safe," Lin Yi suggested.

"Okay!" Chen Yushu ran out of the cave quickly and went to fill the bottle with General Weiwu.

"I... What do I do now?" Chu Mengyao never did anything like this and she didn't know what to do. After Chen Yushu left, she felt more helpless.

"There's a knife on the side of my boot. Take it out, slice the cut open, and get the bullet out..." Lin Yi had no energy left, and it was a miracle that he was still talking consciously.

"Okay!" Chu Mengyao didn't dare to delay a second. She lowered her body, feeling the sides of Lin Yi's boots. As expected, she found a knife on one side. She looked at the wound on Lin Yi's thigh and hesitated, "You... Can you take off your pants?"

"Aren't you going to help me?" Lin Yi smiled bitterly. How did he have the energy to do that? If it wasn't so urgent, he wouldn't make Chu mengyao do it! She was a newbie and had no idea how to take the bullet out. Lin Yi saw how careful she was and didn't know if she could accomplish her mission.

But Lin Yi had no other choice! He didn't have time to wait for reinforcements. He had to expel all the poison out of his body before he fainted!

"Oh..." Chu Mengyao blushed and knew that Lin Yi wasn't well enough to take off his pants. But taking his pants off for him was too embarrassing!

The miss clenched her teeth and reached out to Lin Yi's belt with trembling hands. However, she was so nervous that she could not unbutton the belt and sweat filled her forehead! She didn't want to waste time and the more she panicked, the more problematic she became! She always used her teeth to bite it open!

"There's a buckle on the side, just open that..." Lin Yi saw Miss' little red face and wanted to bite it. Hmm, cute.

"Oh..." Chu Mengyao followed Lin Yi's instructions embarrassingly and unbuckled the belt. But she paused again...

Miss never thought that she would take off a man's pants for him... But this didn't happen on her wedding night, but in a cave. And, they weren't going to do that either...

Chu Mengyao clenched her teeth and pulled Lin Yi's pants down fiercely. Lin Yi watched and he was amused. Why did she look like a pervert?

Lin Yi only wore underwear under his pants and Miss' heart jumped again! She didn't dare to look at it but she had to because every second was precious!

"You... Part your legs..." Miss bit her lips and seemed like an entirely different person. In this moment, she was looking at Lin Yi like a shy wife.

Lin Yi moved his legs with difficulty and Chu Mengyao finally snapped back to reality. Lin Yi was injured, how could he move? She quickly reached out to help.

But Lin Yi was just trying to part his legs and Chu Mengyao helped, they moved at the same time and she touched somewhere she shouldn't have touched... Lin Yi had a reaction, pervertedly... And then she blushed even more like a cooked prawn.

Lin Yi smiled bitterly. How could he have a reaction in this situation? He was such a pervert...

Chu Mengyao was helpless. She experienced too much shock today!

"You touched me in the hospital, I'm doing it, so that I'm not at loss!" Chu Mengyao stuttered as she tried to argue for herself.

Lin Yi was amused as he watched Miss argue weakly. So she had a cute side too. Underneath her cold appearance, she had a warm and cute heart...

"Ok... But I can't hang on any longer. You can touch me however you want after you take out the bullet for me..." Lin Yi joked back.

Although Lin Yi's joke wasn't so elegant, but it helped lighten up the atmosphere. Chu Mengyao heard his words and glared at him, but giggled and raised the knife in her hands, "If you say that I'm going to cut you!"

Chu Mengyao wouldn't be able to say something like this if she was in another location or time, but she blurted it out following Lin Yi's joke. However, she regretted saying that and closed her mouth again.

The jokes made her less shy and began to look at Lin Yi's wound.

"How do I do it?" Chu Mengyao asked.

"Cut it open and take out the bullet," Lin Yi said.

"How do I cut it?" Chu Mengyao didn't know where to start.

"However you like, or what's more convenient for you," Lin Yi said.

"Won't I hurt you" Chu Mengyao couldn't bear to cut him.

"Yes, but if you don't, I'm going to die from the poison," Lin Yi frowned, "I don't know what poison Zhen Yingjun used. It suppresses the nerve system. There will be a problem if you don't take it out."

Lin Yi was scared that he would become unconscious instead of entering the space after the poison deteriorates. Fainting from lack of stamina was different from fainting from poison, and he didn't dare to take the risk.

"Oh!" Chu Mengyao heard that Lin Yi would die if she didn't take it out. She had no time to worry about anything else. She clenched her teeth and began to cut Lin Yi's wound with a trembling hand.

"Miss, you need to use more strength... Are you trying to give me the death of a thousand cuts..." Lin Yi watched as Chu Mengyao cut his wounds, little by little, "Is this one of the ten cruel penalties of Manchurian Qing?"

"Ahh!" Chu Mengyao immediately blushed and nodded. She finally used more strength but she was still making an attempt.

Luckily Lin Yi's knife was sharp and he had an exceptionally strong mind. If he didn't, he would've had a meltdown already.

Chu Mengyao finally cut open the wounds and she could faintly see the bullet in it. But now, she didn't know what to do again. She didn't have any tweezers, she couldn't possibly use her hands, could she?

"I can see it now. But how do I take it?" Chu Mengyao hesitated.

"Whatever's convenient for you..." Lin Yi's eyelids were closing, even the pain on his thigh wasn't enough to keep him conscious.

Chapter 895: Yaoyao Sis Is Amazing

Yaoyao Sis Is Amazing

“Hmm...” Chu Mengyao hesitated and suddenly lowered her head, using her mouth to suck Lin Yi’s wounds. Other than this, she couldn’t think of anything else.

Chu Mengyao didn’t dare to cut open too much and thought that she could only take it out by sucking it. She could also suck out the poisonous blood around it.

In this moment, she didn’t care whether it was inappropriate or not. She could feel Lin Yi’s breath becoming weaker and weaker, she panicked.

She quickly suck out the bullet and sighed in relief. After spitting out the bullet, she continued to suck out the poisonous blood from the wound...

Chen Yushu and General Weiwu filled the bottle with water at the creek and ran back. As soon as she entered the cave, she saw a shocking scene!

“Holy moly, Yaoyao Sis, you are amazing! You are helping Shield bro...” Chen Yushu yelled in surprise, “Are you giving yourself to him now? But Shield bro is injured and he’s weak. Stop, wait for him to get better first!”

Chen Yushu’s vivid imagination wasn’t to blame. Chu Mengyao had her back against the cave and her head between Lin Yi’s legs, and Lin Yi wasn’t wearing his pants, it was difficult for others not to mistake this scene!

Chu Mengyao didn’t understand Chen Yushu at first, but immediately realised what she was saying... She almost choked on Lin Yi’s poisonous blood and died. She quickly stood up and spat out the blood and glared at Chen Yushu, “Shu, what are you on about? I’m sucking out the poisonous blood for Lin Yi!”

“Huh?” Chen Yushu was blank. She saw that Shield bro was still wearing underwear and immediately knew that she misread the situation, “Oh... Haha... Yaoyao sis, here’s water, I got it...”

Chu Mengyao glared at Chen Yushu but thought that the position was too close. She smiled bitterly and shook her head. Luckily only Shu saw it. If someone else saw it, they would’ve left in silence...

Chu Mengyao helped Lin Yi wash his wounds and stood up. She wasn’t in the mood to fight about what Shu said but asked, “Do we have gauze to wrap up his wounds?”

“Nope... Does pad work?” CHen Yushu dug through her bag and asked weakly.

“...” Chu Mengyao didn’t know what to say, “Isn’t that for absorbing blood? I don’t think so?”

“Then I have nothing. But look, isn’t Shield bro’s wound barely bleeding now?” Chen Yushu exclaimed.

Chu Mengyao turned around and saw that Lin Yi’s wounds weren’t bleeding anymore. She sighed in relief, “We’ll use a pad for now. Let’s carry him down the mountain!”

Lin Yi soaked his body in all kinds of medicine before and his repairing ability was rather strong. Stop the bleeding was easy to him.

When Chu Mengyao and Chen Yushu talked, Lin Yi finally fainted. He was too tired as he ran out of stamina!

In the next moment, he entered the space in the jade pendant and he was glad. Lin Yi was worried that he was too poisoned to enter the space!

“Ha...” Lin Yi secretly yelled lucky and saw Old Jiao in it. He couldn’t help but grin, “I didn’t think that I could see you again!”

“Unexpected, indeed. I thought you were going to die for sure!” Old Jiao nodded, “But I also didn’t expect you make such a crazy attack! Too crazy! Do you know that if you backed off one second later, your entire body will be shattered into pieces? You think you are more durable than Ma Zhu’s Golden Shield?”

“Well...” Lin Yi laughed bitterly and replied awkwardly, “I didn’t have time to care about that. I wasn’t even thinking of the consequences. It would have been good enough if I dragged him down with me! Oh right, why didn’t warn me?”

“Would it have helped? You had nothing in mind, would you listen to my warning?” Old Jiao shook his head, “But you invented a new way to use energy. Energy bomb. That instant was as power as the bomb you used to blow up Qibing Skyscrapers!”

“Hehe... My physics teacher said that I should always think about energy if I didn’t know what to write, so I did...” Lin Yi meant the way to solve the questions in his workbook.

Lin Yi listened in class recently and when they were doing physics. His physics teachers always told them to use energy if he didn’t know what to do. Lin Yi wrote it down but didn’t expect it to become the significant method that saved his life!

“...” Jiao Yazhi was speechless, “You are just lucky. But I can’t deny that you’ve created your ace card. You can defeat an opponent with a higher level, but it’s not effective.”

“Oh?” Lin Yi questioned, but immediately nodded and understood what he meant. Although the energy bomb was exceptionally powerful, but it was also harmful to himself. If he killed the opponent in the explosion, it was fine, but he would be dead if the opponent didn’t die and had the power to fight back.

The energy bomb would drain all his energy and he would be betting everything he had on a single attack. It was an extremely dangerous technique! Hence, he should only use it when he had no other way out.

Just like today, although Ma Zhu was injured severely, but he could still fight. If he wasn’t shocked by his power, Lin Yi would be dead if Ma Zhu decided to keep fighting!

Luckily Lin Yi could still stand up. Although he looked ragged, but he showed no signs of heavy injury. It scared Ma Zhu that Lin Yi may still have something up his sleeve, he would be gone like smoke!

“That’s true, I can’t use this often. It’s too dangerous!” Lin Yi nodded.

“Alright, go and check your injuries,” Jiao Yazhi said.

Lin Yi sat down with his feet crossed and silently chanted the Art of Dragon master. His body was in a great need for energy!

The energy inside the space all rushed inside Lin Yi's body. It felt great to be filled up by energy! Lin Yi couldn't help but to moan at the pleasure of energy pouring into his body!

But in the next moment, his face was filled with shock and terror!

Chapter 896: Discontented!

Discontented!

Although the energy was quickly absorbed by Lin Yi's body, it was unable to remain within the body itself. It entered through the pores on one side and went straight out the other, simply circling around Lin Yi's body then returned back to the jade pendant.

"What's going on?!" Lin Yi cried out shocked, immediately stopping the operation of the Art of Dragon Mastery. As he checked his body, he realised something was not right. Although this time the injury was extremely severe, that other time when he was wounded by Zhubo wasn't really lighter than this either.

"What's wrong?" asked Jiao Yazhi quickly, also noticing something was off.

"Old Jiao, the energy...I don't think my body can absorb it. I can't transform the energy from the pendant into my own!" Lin Yi's eyes widened, "My body, it's like a sieve, the energy enters through here and goes straight out from there..."

"Oh?" Jiao Yazhi was alarmed and frowned, "try operating the Art of Dragon Mastery, I'll see what's going on."

Although Lin Yi was panicking internally, he nodded quickly and proceeded to operate the Art of Dragon Mastery once more. The energy within the pendant was activated instantly and surged violently into Lin Yi's body...

However, strange things occurred once again. After the energy entered Lin Yi's body, it circled around and slipped out again! It was just like how Lin Yi described it, his body was just like a sieve. The energy simply passed right through it!

"Strange! Strange indeed!" Jiao Yazhi also widened his eyes at this and stared at Lin Yi in disbelief, "the energy can't remain within you... this is so strange!"

Ten minutes later, Lin Yi suddenly stopped practicing the Art of Dragon Mastery and the colour drained from his face, "Old Jiao, I still can't transform the energy into my own... I can actually feel the energy draining out from me..."

"Oh..." Jiao Yazhi fell into deep thought, "let me think... let me think about it..."

As he spoke, Jiao Yazhi walked over to check on Lin Yi's situation.

"How is it?" Lin Yi asked anxiously after Jiao Yazhi remained silent for quite some time.

After a while, Jiao Yazhi shook his head in dismay, "Lin Yi, I discovered some problems, and according to my judgement, it's probably the reason why you can't absorb and convert the energy..."

“What reason?” Lin Yi asked urgently.

“The reason... I’ll say it, but don’t be upset. I hope you can bear with me on this...” said Old Jiao with a sigh.

“What do you mean?” Lin Yi paused for a bit before quickly realising what Jiao Yazi meant. What he meant was although he knew the reason Lin Yi couldn’t absorb the energy, he hadn’t found the solution to it.

Lin Yi’s heart sank but he smiled bitterly. At least there was a reason. As long as they have a reason, they could slowly figure out a solution to it. Thus, he said “Just say it Old Jiao, I’m not that vulnerable. I’ve even thought about perishing together, but right now it’s just not being able to absorb the energy...”

“I’ll say it then,” Jiao Yazi’s expression became serious, “your meridians have already been destroyed by the explosion of your own energy which backfired. You’re completely useless now. If a master’s meridians are broken, they’re no different from ordinary people. It’s impossible for them to use pure energy...”

Lin Yi was immediately shocked at this and quickly checked his internal injuries. Earlier on when he rushed into the jade’s void to practice, he didn’t really pay attention to his injuries. That was because at that time he was set on the thought that no matter how serious his injuries were, they could be healed within the jade’s void.

It was just like General Weiwu, his internal organs were almost completely destroyed by Yukun. Lin Yi could still rely on the energy within himself to be revived. Therefore Lin Yi’s thoughts were as long as he can live he’s fine, but he didn’t get the chance to check the abnormalities of his body.

Now after listening to Old Jiao, Lin Yi only just realised his meridians were actually destroyed by the explosion of his own energy.

“Wait that’s not right!” said Lin Yi as he looked up suddenly in confusion, “before I fought Zhubo I was already severely injured and already broke several meridians. Even though not all of them were damaged, I could still heal them using my energy.”

“See, you said it as well. Not all of them were damaged. But your situation now is that all of them are broken!” Jiao Yazi shook his head, “how can partially and completely broken be the same? As long as there are unbroken ones, you can still use the Art of Dragon Mastery to rely on the energy of the unbroken ones and heal the damaged meridians. But now all of your meridians are broken, how are you going to heal them?”

“I...” Lin Yi found himself unable to continue. Jiao Yazi was right in what he said. His current situation was like a set of dominoes, knocking down one piece would lead to a chain of reactions. However if no pieces were knocked down, then all pieces will remain upstanding. In other words, if one of his meridians healed, then he could slowly use the Art of Dragon Mastery to heal the rest. But then, he couldn’t even heal a single one, then it was impossible to treat the other meridians.

“The part you went wrong was when you used up all of your energy for the energy bomb technique. If you had some left, even saving a third within your body, you could have healed one meridian...” said Jiao Yazi shaking his head, “but you didn’t save a single ounce of energy, even I can’t help you anymore...”

“What?” Lin Yi didn’t know what to do anymore. Even Jiao Yazhi ran out of ideas, saying he wouldn’t be able to help anymore, which meant he actually couldn’t help him anymore! He was able to retain his life but lost his power, he didn’t know if it was a blessing or a curse?

Lin Yi couldn’t accept this. From his peak in power in the early stages of Mystic class to suddenly dropping down to no power at all. This gap made Lin Yi extremely depressed.

Lin Yi gritted his teeth and once again silently began to operate the Art of Dragon Mastery. However this time, once it began, he didn’t stop for a few hours. Lin Yi simply allowed the energy to surge through his body, yet still continued to practice regardless of it.

Jiao Yazhi watched the determined Lin Yi. He shook his head but made no move to dissuade him. He knew deep down no matter who it was, they wouldn’t simply just give up so he simply allowed Lin Yi to experiment. Under this type of circumstances, unless Lin Yi gave up himself, there was no way he would just leave it at that.

One hour, two hours, three hours... time slowly ticked by. Lin Yi was still training tirelessly. He couldn’t accept nor believe his power would just disappear like this!

Chapter 897: Life is full of adventures

“It’s what I think will be the easiest way for you to restore your powers,” nodded Jiao Yazhi.

Lin remaining didn’t respond. He remained silent for a while before finally nodding his head and said, “Maybe you’re right, this is the only way...”

“It’s good that you’ve thought it through. There’s always a solution to everything, maybe there’ll be unexpected surprises when you activate the stone door on the second level of the cave. You never know!”

“You’re right... why didn’t I think of this?” Lin Yi’s eyes lit up. His cultivation was different to a physical master’s, but was still not the same as spiritual masters. What he was practicing was the Art of the Dragon Mystery, an extremely rare art. There’s a chance that he might find a solution in restoring his meridians behind that stone door on the second level.

“Life is always full of adventures. You’ll always find a solution to everything,” said Jiao Yazhi, “when you’re feeling desperate, maybe there’s a way out just waiting for you to discover it?”

Lin Yi nodded, “In other words, I’ll still need to heal my body first before I worry about other things...”

....

If you’re gonna continue carrying him like this, your human shield’s gonna die from all that swaying,” said Chu MengYao as she and Chen Yushu carried Lin Yi down the mountain.

The two girls treated Lin Yi’s wounds but didn’t dare to remain on the mountain for too long as they feared that Zhen Yingjun would return with his men. In that case, not only Lin Yi, but they themselves will be in danger as well .

Their mobile phone was taken by Zhen Yingjun's men and when Chu Mengyao dug out Lin Yi's phone from his pocket, she found that it was already blown to bits. It was completely unusable, even half of the flip screen was nowhere to be found.

They couldn't call for help and was worried about Lin Yi's injuries so they ended up deciding to carry him down the mountain. At first, Chu Mengyao had wanted to carry him on her back. However, after realising that the path was too steep and almost sending him flying, she gave up on that idea and let Xiao Shu help her carry him down.

Thus, Chu Meng Yao walked in front while carrying his legs and Chen Yushu walked behind, and supported his armpits by carrying his arms.

One behind the other, the two girls cautiously made their way down the mountain. The mountain range was extremely steep, and extremely dangerous. Even someone who wasn't holding onto anything could easily fall, let alone two girls carrying an injured person.

"Okay!" This was also the first time Chen Yushu had carried someone so she could only guess the method, there was no way she was an expert at it on the first go. As she spoke, her hands tightened and lowered Lin Yi's head to her stomach to prevent further swaying.

"You want to kill him or what? Your chest is so big, it's suffocating him!" Chu Mengyao chided and frowned at Chen Yushu.

"Ah... what can I do? They're already this big, I can't cut them off either, it would hurt so much!" Chen Yushu said helplessly as she moved Lin Yi's head from under her chest, afraid to drop him as well, "Yaoyao, how about you go behind? Your chest is small so it wouldn't suffocate him!"

"!!!" Chu Mengyao almost exploded in anger, "What do you mean my chest is small? My chest is just the right size alright? Unlike yours, they're like cow udders," humphed Chu Mengyao in retaliation, "You continue to carry him like that, you're too short to walk in front."

Chen Yushu wasn't even mad, she knew that she wasn't as tall as Chu Mengyao and giggled in response, "Okay."

"Ah..." Chu Mengyao took a few steps forward and her foot slipped. Staggering, her whole body shifted forward. Despite this, because she was afraid to drop Lin Yi so she didn't dare let go of him to grab onto the branches beside her. Instead, she lifted both arms higher and with a thump, she knelt down on the ground.

Chapter 898: The Difficult Journey

"How are you going Yaoyao?" asked Chen Yushu worriedly, after seeing her fall. Although Chen Yushu mucked around with Chu Mengyao, she really cared about her from the inside.

"Ow..." Chu Mengyao was in so much pain, she almost started crying. She had never suffered these sort of injuries before. Now that the weather was getting warmer, she had been wearing less clothing. So just directly kneeling on the hard stone path immediately made her knees turn bluish-purple. But how could she care about that at the moment? She gritted her teeth and stood up slowly with her hands still

steadily holding onto Lin Yi's legs, afraid to drop him. After she stood up, Chu Mengyao then shook her head tearfully, "I'm fine, lets go."

"Oh..." nodded Chen Yushu. She knew Yaoyao must have been in great pain, but she was holding it in. However, at this time, she didn't know what to say either. She couldn't possibly tell Yaoyao to place Lin Yi down and take a rest. That wasn't possible.

The two girls stumbled their way down the mountain. Chu Mengyao didn't know how many times she had knelt down while Chen Yushu lost count of how many times she had fell on her bottom. She felt as if her bottom had split open into quarters... the girls' hands were covered in scratches from branches and rocks, but almost like zombies, they finally made their way to the bottom of the mountain. Only then did they breathe a sigh of relief and smiled to each other as if they had completed a huge mission.

They were both worried about the same man, but never felt jealousy towards each other. It was as if their hearts had become even closer...

Fortunately, Lin Yi didn't pull out his car key before climbing up the mountain. He had intended to leave a backup plan for himself, to make his escape easier. It wasn't like anyone was going to steal his car at the foot of this mountain.

Now it was convenient for Chu Mengyao and Chen Yushu, otherwise if Lin Yi had carried the key on him, it would've been blown to bits.

The girls carefully placed Lin Yi on the back seats of the Beetle and quickly drove in the direction of home.

They didn't go to the hospital, but went straight home. They knew Lin Yi never went to the hospital for his injuries, but always healed them himself. This time, Lin Yi didn't ask them to send him to the hospital before passing out either.

Chu Pengzhan at this time, was anxiously pacing around the mansion. He called Lin Yi only to hear that his phone had been switched off, and he called his daughter and Xiao Shu to hear the same thing. On the other hand, he couldn't reach the kidnapers either so he didn't know what was going on with Lin Yi, his daughter or Xiao Shu.

Had Lin Yi reached his daughter and Xiao Shu yet? Did the kidnapers keep their promise and let them all go? Why was Lin Yi's phone switched off as well?

Fubo was injured so there was no one for Chu Pengzhan to discuss with. He couldn't contact the police either so he could remain in the mansion, anxiously waiting for Lin Yi to return.

"Beep beep..."

Suddenly, the sound of a car came from outside the mansion. Chu Pengzhan jumped up and quickly ran out of the mansion, only to see Chen Yushu's yellow Beetle car come back.

"Xiao Yi!" Chu Pengzhan called out subconsciously, but after that, he realised that the driver wasn't Lin Yi but his daughter Chu Mengyao.

“Daddy...” Chu Mengyao had gritted her teeth the whole way. Her knees were so sore she could barely step down on the accelerator, however, she forced herself to keep going. Lin Yi had fallen, and she needed to take on the responsibility as an older sister.

On the other hand, Xiao Shu was in a worse state than her. Chu Mengyao fell on her knees, but Chen Yushu had fallen on her bottom. She couldn't even sit properly on the seat but leaned uncomfortably on her side for the whole way.

However, now that she had seen Chu Pengzhan, Chu Mengyao could no longer hold it in anymore. Rolling down her cheeks were tears filled with grief, pain, but mostly in concern for Lin Yi. Fortunately, they arrived home safely, and Lin Yi hadn't died either.

Chu Mengyao got off the car and could barely stand. She didn't even know how she persisted the whole way and didn't get into any accidents. She threw herself into Chu Pengzhan's arms, “Daddy... I'm so scared...”

“There there, it's good that you're back now,” Chu Pengzhan was also very relieved to see his daughter, but he couldn't see Lin Yi and found it quite weird, “Yaoyao, where's Xiao Yi?”

“He's in the back of the car. He's injured. Because of Xiao Shu and I. He's injured!” Chu Mengyao cried mournfully, “Daddy, Lin Yi almost died earlier, did you know? He almost died to save us...”

Chu Pengzhan was shocked, “Then why did you girls come home? Hurry up and take him to the hospital!”

“Everytime Mr Shield got injured he always healed himself, he didn't tell us to take him to the hospital...” explained Chen Yushu as she climbed off the car while covering her bottom.

“Oh...” Chu Pengzhan thought about how Fubo had injured himself before, the doctors [super doctors recommend reading a book] couldn't do anything either. It looked like Lin Yi had his own method so Chu Pengzhan didn't say anything else. Instead, he opened the car door and carried Lin Yi into the mansion himself.

Lin Yi was placed on the bed in his own room. Chu Mengyao and Chen Yushu in the meantime changed into their pajamas and came down. Of the two girls, one had their bottom bruised and one had their knees bruised, one dared not to stand while the other didn't dare to sit. Yet both girls simultaneously placed themselves in front of Lin Yi's bed...

Chu Pengzhan sighed at the two children. They had never really experienced any hardships while growing up, but now they only rubbed some safflower oil on their wounds, refused to rest and gritted their teeth while accompanying Lin Yi!

This made Chu Pengzhan feel very relieved as they were finally, without him even realizing, growing up. They were no longer the carefree little girls he knew anymore.

“Are you sure we don't need to take Xiao Yi to the hospital?” asked Chu Peng Zhan worriedly, even though he could already see the color of Lin Yi's face improving.

“No... his injuries, even the hospital could not do anything about it...” Chu Mengyao shook her head. She was confident that Lin Yi had a method to cure himself, even though he looked like he was just asleep.

Chu Pengzhan nodded, "I'm going to go to the police station to deal with the situation. You girls stay at home with Lin Yi, don't leave the house randomly."

The mansion was under constant surveillance so the kidnappers couldn't attack them openly. Moreover, they didn't know the condition of Lin Yi's injuries and they could barely protect themselves, so there was no need to worry about the safety of Chu Mengyao and Chen Yushu.

As for Fubo's injuries, at the moment he could only wait for Lin Yi to wake up before saving Fubo. Otherwise, there wasn't anything he could do.

It wasn't until after Chu Pengzhan left that Chu Mengyao hesitated before asking Chen Yushu, "Xiao Shu, shouldn't we tell Tang Yun about Lin Yi's injuries?"

"Why should we tell her? So she can come and make an even bigger mess? If she knew that Mr Shield got injured because of us, she would definitely blow up!" said Chen Yushu shaking her head.

"But wouldn't it be bad if we don't tell her? She's Lin Yi's girlfriend, she should have the right to know about this," Chu Mengyao was somewhat hesitant.

Chapter 899: Who's right, Who's wrong

"Then... Yaoyao sis, you better decide," Chen Yushu couldn't make up her mind. She didn't want Tang Yun to come, but Chu Mengyao was right when she said that Tang Yun will find out eventually!

"Shu, I don't think Tang Yun is a bad person. When we were in danger, Tang Yun encouraged Lin Yi to come help us. Now that Lin Yi is in trouble, how could we remain silent?" Chu Mengyao said it out loud for Chen Yushu to hear, but it was also a confirmation for herself. "Lin Yi is hired by my dad as my shield, not a bodyguard. For thirty thousand yuan, why would he risk his life?"

"Yeah you're right..." Chen Yushu nodded. "Could it be that Shield Bro likes you?"

"Eh?" Chu Mengyao was surprised by the followup; she blushed with embarrassment. "How could that be? Even if he did like me, why did he start a relationship with Tang Yun?"

"That is because Tang Yun is more courageous than you!" Chen Yushu speculated. "If Yao Yao sis had confessed earlier, Shield bro would've been your boyfriend!"

"..." Chu Mengyao pondered, was it really that simple? "Let's not talk about this for now, let's call Tang Yun,"

Meanwhile at school, Tang Yun was restless the whole morning. After she had split with Lin Yi, she had been worried sick. She didn't want to call him as it would be a distraction. So whatever lesson she had listened in class, went in one ear and out the other. She was only thinking about Lin Yi.

She barely made it to the afternoon session, without any news of Lin Yi, she couldn't resist not knowing. Then, as she called the dial tone rang, a sudden thought, that the worst case scenario, appeared in her head!

Lin Yi, why is your phone turned off? First it was Chu Mengyao's and Chen Yushu's phones were off, now it was Lin Yi's phone. Could something bad had happened?

Thinking more about this, Tang Yun tried to call Chu Mengyao and Chen Yushu at their phone numbers. It as the same situation. Tang Yun felt the pressure! She wanted to know the current update on Lin Yi's situation, but she had no idea who to ask. She didn't even know where to start looking. Because of her emotional turmoil, she didn't eat anything for lunch. She just at her desk dumbfoundedly.

A little while after, Tang Yun's phone rang loudly. It shocked her out of her lifeless-state and she picked up the phone. She didn't recognize the caller's number, but still answered with "hello?"

"Tang Yun? It's Chu Mengyao," Chu Mengyao had to call from her house phone since her cell phone was lost. Chu Mengyao had remembered Tang Yun's cell phone number so that was how she as able to contact Tang Yun.

"Oh? Chu Mengyao? You are okay now?" Tang Yun sighed a breath of relief. If she was okay, then Lin Yi should be fine too. But, how come Lin Yi didn't call back to confirm his safety? Why was it Chu Mengyao calling instead? It didn't make sense to Tang Yun, so she asked to clarify "where's Lin Yi? Is he with you?"

"Lin Yi..." Chu Mengyao decided that she was going to tell Tang Yun the truth, but it was harder to do so than she had originally thought. She hesitated, unable to face Tang Yun if they met face to face.

"What about Lin Yi?" Tang Yun continued. She knew that it was a bad sign that something had happened "how is he?"

"He... he got hurt..." Chu Mengyao clenched his teeth as she apologized "sorry..."

"Is the injury severe?" Tang Yun quickly asked.

"He's unconscious, but it shouldn't be too severe. He has recovered like this several times before..." Chu Mengyao carefully choose her words. Most of the time, Chu Mengyao spoke with pride, but this was one is the few situations where she can't be proud that Lin Yi got injured because of her.

"Shouldn't be?" Tang Yun was slightly aggravated. What does it even mean 'shouldn't be'! What kind of faulty thinking is this? So Tang Yun quickly asked "what did the doctor say? Where are you right now? I will come over to you!"

"We didn't go to the hospital. We are at my villa..." Chu Mengyao whispered.

"What! What do you mean you didn't go to the hospital? You people... really!" Tang Yun was angry. "He is injured, why didn't you send him to the hospital? Are you trying to get him killed?"

"Tang Yun, please listen to me first!" Chu Mengyao could relate to Tang Yun's feelings. "Lin Yi is injured, but every time this happens to him, he would come home to recover himself. He told me to bring him to a quiet place to recover, that is why I didn't take him to the hospital..."

"Oh..." Tang Yun suddenly remembered that the last time Lin Yi got hurt, he also didn't go to the hospital to recover. He went to Fatty Lai's house to heal! Even without the aid of any doctors, Lin Yi was able to recover! Thinking up to this point, Tang Yun felt that she had jumped to the conclusion, so she apologized "I am sorry for blurting out without thinking. I will come to you right away."

With Tang Yun's apology, Chu Mengyao felt uncomfortable. In the end, she felt guilty that Lin Yi had got injured because of her. Chu Mengyao added "you don't need to apologize to me, you are worried about Lin Yi and that is understandable. Lin Yi got injured on my behalf, so I should be the one apologizing to you!"

"Okay, who's right or who's wrong, that doesn't matter now. Let's not talk about that, I am getting ready to come over!" Tang Yun didn't want to dwell on the topic. She was more worried about Lin Yi than arguing with Chu Mengyao about this!

Even though Tang Yun feels uncomfortable that Lin Yi got injured for other women, it was something that Lin Yi had chosen to do himself. Lin Yi wanted to save them so as his girlfriend, she will unconditionally support him. So she won't go putting blame on Chu Meng Yu and Chen Yushu.

"Come to my house, villa district A, house number 0033" Chu Mengyao spoke. "I will let the security guards know..."

"Okay..." Tang Yun wrote down Chu Mengyao's house number and hung up. She ran out of the classroom, and nearly collided with someone in the hallway. Due to Tang Yun's agile nature, she was able to stop herself.

"Dean Wang..." Tang Yun was surprised. She didn't think it was the Wang Zhifeng.

"Tang Yun?" Wang Zhifeng was about to scold the student, but he saw that it was Tang Yun. He remembered that she was Lin Yi's girlfriend so it was someone he couldn't get on the bad side of! Instead, he smiled "When you are in the hallway, remember to be careful of where you run into!"

Chapter 900: Miss is Taking Advantage?

"I know, Dean Wang..." Tang Yun couldn't find the effort to put up a front... The only thing in her mind was Lin Yi's safety. Tang Yun left with a forced smile and quick footsteps.

Wang Zhifeng shook his head. He was thinking to himself why would Tang Yun act so cold towards him? Could it be that Lin Yi said something to her, so she knew the truth about his secret? Thinking up to this point, Wang Zhifeng was slightly worried...

According to Tang Yun's mindset, even if her living conditions have improved, she wouldn't lavishly spend money on something like taxis, but she was going to the villa districts so she had to call for one.

It was magnificent! That was the sensation Tang Yun felt when she arrived to the villas for her very first time! Every building was spacious and beautiful. It was even better than Fatty Lai's villa! Tang Yun thought that her new apartment was beautiful, but now that she was here, she learned the true meaning of luxury!

It seemed that Chu Mengyao was more wealthy than Tang Yun had thought! Tang Yun's heart tightened. If Miss wanted to compete against her, how could she compete?

This thought didn't linger too long in her head, Tang Yun was very focused on Lin Yi's wellbeing. She paid for her trip as she got off in front of the villa labeled A0033. She rang the doorbell.

“Yaoyao sis, someone is ringing the doorbell,” said Chen Yushu.

“Okay...” Chu Mengyao mindlessly replied as she stared at Lin Yi. She heard Chen Yushu speak, but she subconsciously replied anyway.

“Yaoyao sis?” Chen Yushu tried again.

“Okay...” Chu Mengyao gave the same reply, but didn’t give any reaction.

Chen Yushu gave up as she ran to open the door.

“Lin Yi...” Chu Mengyao couldn’t comprehend the sound that Chen Yushu was making. She was reminiscing about the time when she first met Lin Yi. He came in rags that gave off the feeling that he was a country bumpkin. The original Chu Mengyao wasn’t so friendly. She wanted to remove the dirty hobo from her house!

That thought didn’t stay long after Lin Yi had showered and changed his clothes. Chu Mengyao couldn’t deny that Lin Yi had a handsome look and a charming appeal. To top it off, he was very lucky with females. But, Chu Mengyao didn’t take the bait. He was a stranger walking in and out of her house, how could she adjust to that?

Then there was that memory when she had argued with her dad, Chu Mengyao had to accept Lin Yi’s existence. But, she couldn’t get rid of the uneasy feeling that she had for strangers.

With Lin Yi joining in her daily life, there were a lot of unforeseen inconveniences like how Chu Mengyao had drank from the same cup as Lin Yi. That made Chu Mengyao agitated for awhile! It was an indirect kiss. She nearly kicked Lin Yi out of the villa for that reason alone!

However right now? She felt pain from being heartbroken. She wept on his behalf. She would throw away her pride and shyness. When did she change to become like this? Was it from the time when he had first saved her? Or was it from them interacting daily?

Chu Mengyao didn’t know the answers to the questions in her heart. She just knew that she didn’t mind him as much and relied on him. She had accepted him as a member of her house. With his presence, it set her mind at ease...

Because of her fear of losing Lin Yi, Chu Mengyao got jealous of another girl. She had even blurted out embarrassing words!

That moment when Lin Yi said to her that she needs to learn to take care of herself, Chu Mengyao felt as if her heart was torn into pieces. It was the same feeling as if she had lost someone close and dear to her. It was similar to the time when she had to watch General Weiwu getting beaten up by Yukun...

Chu Mengyao didn’t know her true feelings either. Where did she place Lin Yi in her heart? Who does she regard Lin Yi as? A family member? A relative? A friend? Or could it be a follower? Or... she doesn’t even know herself?

Chu Mengyao definitely doesn’t know, she only knew that if she lost Lin Yi, she would be heartbroken...

“Sorry... I always bring you trouble...” the Miss touched Lin Yi’s face as she mumbled it close to his ear.

Chen Yushu ran to the door, she saw that it was Tang Yun through the peephole, so she opened up to let her in. She didn't know what to say to Tang Yun.

"Lin Yi, how is he?" Tang Yun asked first.

"He's still the same..." Chen Yushu allowed Tang Yun inside and said "You can take a look for yourself. I think Shield bro will be fine, he is amazing!"

Tang Yun frowned and thought to herself. What use is it for your speculation about it? You aren't a seer.

"This way is Shield Bro's room," Chen Yushu pointed to Lin Yi's room.

Tang Yun looked around the first floor of the villa, then she casually asked "You live here?"

"Upstairs..." Chen Yushu subconsciously said.

"Ah, haha," Tang Yun was able to ease up.

"Ah, my mistake. Downstairs is guest room, Shield bro lives upstairs with Yaoyao sis," Chen Yushu realized she had slipped up.

"Oh, that's good," Tang Yun nodded.

"That's good?" Chen Yushu was surprised. That was when she realized that Tang Yun didn't take her words seriously.

Chen Yushu shrugged, she always answered without thinking about it. It took her awhile to trick Tang Yun. She had lied to her by saying that Yaoyao sis and Shield bro were showering together, but now her slip up revealed the truth.

Tang Yun entered into Lin Yi's room on the first floor. Tang Yun frowned when she noticed that Chu Mengyao was sitting right by the bed with her hand on Lin Yi's face. While, Chu Mengyao didn't notice anyone entering the room. Tang Yun was very uncomfortable with Chu Mengyao's actions!

Tang Yun didn't come here for a fight, she entered the house with peaceful intentions. She just wanted to check up on Lin Yi. Who would've thought that Chu Mengyao can be so shameless! Lin Yi was unconscious, how could she take advantage of him?

"Achem!" Tang Yun coughed twice. "Please mind yourself, there should be some respect between ladies and gentleman..."

Chu Mengyao jumped up when she heard an unfamiliar voice pierced through the silence. She blushed as she removed her hands from Lin Yi's face. It was as if she was caught cheating with someone's husband. "I... I was just checking to see if Lin Yi's face had dirt on it so I can clean it... Please don't misunderstand..."

The Miss sounded delusional.
