

BOOT CAMP 1211

### **Chapter 1211: Ridiculous Scheme**

Ye Zhifan heard the unceasing chatter of the parents. He looked up at the sun. His Yingying had good psychological quality. He didn't have to worry about her passing out. He just didn't know if she would succeed.

Passing a slip of paper during the university entrance examination, sigh, the most inferior method was very likely to result in both sides suffering heavy losses, and neither of them would be able to take the following examination.

Ever since Ye Ying said that she wanted to frame Ye Jian by sending a note, Ye Zhifan didn't have much hope. Instead, he hoped that his daughter would be smart enough to hurt her.

He will always have a way to let his daughter study for another year and resume her university entrance examination.

Time ticked by, and the sun was no longer directly shining on the school building. The examination hall seemed much cooler.

Ye Jian was really excited about solving the problems. The more excited she was, the more focused she became.

Her brain was like a high-speed computer that answered all the questions on the test paper. As she wrote, her lips actually curled up, revealing a smile that none of the candidates had.

The invigilator standing at the side felt a little uneasy. It was the first time in three years that he had seen somebody smiling while doing their university entrance examination.

Finally, the invigilator stopped staring at Ye Jian from time to time. A student like her wouldn't cheat because there was no need for her to.

Ye Ying, who was paying attention, saw this and a vicious look flashed across her sinister eyes. Then, she smiled faintly. Next, she would definitely make Ye Jian be kicked out of the classroom by the invigilator so that she would not be able to take the university entrance examination again!

As for how to do it... Ye Ying, who had a sinister smile on her face, flipped her test paper from the section A and section B page to the section C and section D page. She skipped the first half of the test and started doing the equations on section C that required analysis.

The ceiling fan spun quickly and sent a hint of coolness to the examinees who were perspiring from solving the questions. There seemed to be something in the air that was beginning to ferment. It seemed to make the atmosphere in the entire examination hall become tenser and tenser. There was even a sense of gloominess.

After completing a calculation on section C, Ye Ying had a weird smile on her face as she wrote on the draft paper. Wretched girl, I want to see how you can turn the tables!

The 1999 university entrance examination hadn't reached the stage where she would use electronic wireless devices to cheat. Ye Ying's methods were also the most commonly used, most dangerous, and most unintelligent... She just threw a small note.

The paper was filled with answers to multiple-choice questions and true-false questions. There was also a calculation question from section C. The plan was to throw the paper slip under Ye Jian's desk when the invigilator was not around.

After she finished writing the answers, Ye Ying suddenly moved her seat. The wooden chair's leg rubbed against the ground. The invigilator standing diagonally behind Ye Jian glanced at her sharply.

In the process of creating the sound, Ye Ying completed a series of actions at lightning speed. Her chest moved slightly towards the desk. Her left hand, which was holding the note tightly, used her right hand as a cover. The note in her left hand drew an arc in the air and bounced towards Ye Jian's desk.

Ye Jian had been watching Ye Ying from the corner of her eyes. The moment the note left Ye Ying's hand, the smile in Ye Jian's eyes was as if it was laced with poison. It was chilling.

The sound made by tables and chairs was loud in the quiet examination room. When the invigilator looked over, Ye Ying's expression changed. Her eyes were filled with panic.

### **Chapter 1212: Ye Jian, You Cheated**

The note, which should have landed under Ye Jian's desk, bounced back to her seat. The invigilator heard the commotion and walked towards her.

"Lift your feet."

As the invigilator's voice came from above her head, Ye Ying's heart trembled. Her legs trembled slightly. Under the invigilator's sharp gaze, she slowly raised her feet. The paper that should have appeared under Ye Jian's seat was picked up by the invigilator.

"Who gave this to you?"

His voice was deep and serious. It was like a basin of ice water. Ye Ying was tense. She shivered. No, no. She cannot panic. She must not panic.

How can she panic now? She had to calm down!

Ye Ying bit her lower lip and didn't reply immediately. Instead, she was thinking about how to break the situation. Suddenly, Ye Ying narrowed her eyes slightly. An even more sinister look flashed across her eyes.

Since the note wasn't delivered... then she would fight it out!

If she doesn't have a good time, Ye Jian, you can forget about having a good time alone!

Ye Ying, who had made up her mind to make sure that Ye Jian couldn't take the university entrance examination, thought of an idea that would hurt both sides. It was also the only idea that could involve Ye Jian.

This idea coincided with Ye Zhifan's plan. He knew his child well. Ye Zhifan knew that Ye Ying wouldn't give in easily. He knew that the worst-case scenario would be the both of them suffering.

This was the only way he could defeat Ye Jian.

Ye Ying didn't let her father down. She raised her head and stammered, "No, no, no one gave it to me."

"Seal your exam paper, come out for a moment." The invigilator didn't waste any more time, lest it affects the other exam candidates. He took the paper and said to another invigilator, "Seal this student's exam paper, I'll bring her out."

Even though Ye Ying was prepared for her math results to be invalid, she was still a little scared. She instinctively pressed the exam paper tightly with her hands. Her lips trembled and tears kept flowing. "I'm not going out. I didn't cheat."

"These are the answers to the multiple-choice questions, true-false questions, and the analysis process of the section C questions," the invigilator said as she picked up Ye Ying's exam admission ticket. "Ye Ying from Provincial No.2 Middle School. A note appearing in the exam hall. You are already cheating."

Ye Ying spread out her section C page and 'anxiously' explained, "I've already finished it. I, I, I, I... I didn't cheat. Also, you can look at the handwriting. I wrote it myself. I really didn't."

The note was in her own handwriting, and the note was not even thrown out. How could it be considered cheating? Only those who did not know how to solve the questions were considered cheating!

There were slight movements in the exam hall. Some students looked up at Ye Ying. Ye Jian didn't move and finished the last question. She smiled provocatively and looked at Ye Ying.

As soon as she looked over, Ye Ying looked as if she had grabbed onto a life-saving straw. She cried, "Ye Jian, come and explain. The teacher is going to seal my exam paper. Please explain."

Then, she said to the invigilator, "Teacher, I... I had no choice. Please forgive me this time. I won't pass the answer to Ye Jian again. Please forgive me this time. She didn't know how to do it and begged me to give her the answer."

"Teacher, Ye Jian and I are cousins. If my sister begs me... I can't reject her."

### **Chapter 1213: Who Can't Make a Comeback?**

Hearing this, Ye Jian almost laughed out loud. Could it be that this low IQ scheme was the result she came up with all afternoon?

It seemed that she overestimated Ye Ying. Was this even considered a scheme?

Ye Ying, you're courting death!

“Teacher, let’s talk outside. We don’t want to affect the performance of the candidates.” Ye Jian wanted to teach Ye Ying a lesson but she didn’t want to implicate the other examinees. If something happened, it would affect their performance.

Ye Jian took the initiative to seal her exam papers and didn’t even look at Ye Ying. She tidied up the stationery on the table and said calmly, “Cheating during the university entrance examination is serious. Since Ye Ying said that I asked her for the answers, Teacher, I hope you can report this to the leaders and investigate this matter thoroughly.”

She even finished her exam paper. Ye Ying, oh, Ye Ying, do you really think that you are smart and the teachers are fools?

“Both of you, come out.” The invigilator confiscated Ye Jian’s admission ticket and walked out of the examination hall.

The other invigilator stood on the podium and glanced at Ye Jian. Then, he warned the examinees in a cold voice, “Don’t bother about things that have nothing to do with you. Just continue what you are doing. Don’t look around. Don’t let the teachers misunderstand you and affect your performance.”

Some students who knew that they couldn’t get into a university were watching with interest. They ignored the invigilator’s words. As for those who wanted to get into a university, like Meng Wen who was in the same class as Ye Jian, she didn’t pay much attention to them. She only glanced at Ye Jian when she got up. There was a faint smile in her eyes.

An hour had passed. Ye Jian had even sealed her test paper. This meant that she already finished her test within an hour just like usual.

In the past, she thought that Ye Jian was responsible for Ye Ying’s departure. Now, it seemed that Ye Ying deserved it!

She didn’t even forget to frame Ye Jian for the university entrance examination. Hah! Meng Wen couldn’t stand it anymore!

There were a total of four students from Provincial No.1 Middle School’s Grade Twelve Class One who were in the same examination hall. They were like Meng Wen. After Ye Jian’s reminder, they immediately buried their heads in their papers.

Who was Ye Jian? She was the undefeated evergreen tree of Provincial No.1 Middle School! Whoever dared to compete with her would end up badly!

All the teachers and students in the school admired her. Did she need to ask Ye Ying from Provincial No.2 Middle School for answers? None of the teachers and students in Provincial No.1 Middle School would believe her. They would even laugh!

Moreover, the university entrance examination was the strictest and most important exam in the country. How could Ye Ying scheme against her? If she wasn’t careful, she would burn herself.

With such a small interlude, none of the examinees in the third examination hall dared to move again. They were afraid that they would be targeted by the invigilator for the next examination. All of them straightened their backs and obediently buried their heads in answering the questions.

Soon, there was a new invigilator in the third examination hall. Then, Ye Jian and Ye Ying were brought to an examination hall office in a school building. Not only were the people from the Provincial Bureau of Education there, but the school leaders were also there.

Principal Cao was surprised when he saw Ye Jian. "Ye Jian, why are you here?" Other students could appear in this office but Ye Jian would never appear.

"I'm baffled too. This student from Provincial No.2 Middle School framed me and said that I asked her for answers. She couldn't resist my request so she wrote it. The paper with the answers is in the hands of the invigilator," Ye Jian said casually. Her expression was calm and there was no panic.

#### **Chapter 1214: An IQ That Made People Anxious**

The tearful Ye Ying expressed deep disappointment and unrelievable guilt. "I knew it. I knew that I shouldn't have promised you. You've never admitted to anything that happens. You only blame me every time."

"You're baffled but I'm even more baffled!"

A leader of Provincial No.2 Middle School was there too. When he saw Ye Ying, the surprise on his face was no less than Principal Cao's. Hearing that, he said in a deep voice, "Ye Ying, don't cry first. Let's talk! You're taking the university entrance examination now. It's not an ordinary exam!"

"Yes, Ye Jian. If you have anything to say, say it properly. Hurry up and say it! After you're done, hurry up and go back for the exam." Principal Cao would never be slower than others when it came to protecting his own people. He glanced at the principal of Provincial No.2 Middle School and smiled at Ye Jian. "Girl, why do you always make people jealous?"

Ye Ying, who was forced to leave back then, came back again... She created trouble. How much did her family hate Ye Jian? How much did they hate her for trying to ruin her university entrance examination?! They made trouble again and again!

Principal Cao might be smiling, but he was actually suppressing his anger.

How could Ye Zhifan, a provincial government official, do such despicable things over and over again?

Ye Ying, who was afraid that she would be disadvantaged, quickly changed the topic. She wiped her tears and repeated what happened with a determined look in her eyes. "I don't need to cheat for my results. All the teachers of Provincial No.2 Middle School know that."

"When Ye Jian came to me, I hesitated at first. But she begged me too much. My heart softened and I gritted my teeth and agreed. Who knew that... when I sent the note out, I was too nervous and didn't succeed. The teacher found out."

“Teacher, I’m responsible for my own actions. This is my fault. I admit my mistake! Ye Jian didn’t get my note. She failed to cheat. Please let her go and let her take the exam.”

She said it so beautifully but all the teachers present shook their heads when they heard it. She was too naive. Did she think that she would be fine just like that? Being caught for cheating during the university entrance examination was not an ordinary serious matter. She had to be reported to the Provincial Bureau of Education and it would be recorded on her personal record for the rest of her life!

The leader of Provincial No.2 Middle School was so angry that he slammed his palm on the table and scolded, “Foolish! Before the university entrance examination, all of you were repeatedly warned during the pep assembly to not help others cheat on account of your feelings. Once you are caught, no matter how you explain the cheating, if the situation is serious, you will be disqualified from the university entrance examination!”

“Ye Jian, did you hear that? You must remember that you can’t help others cheat because of your feelings,” Principal Cao said with a serious expression. He didn’t say anything about settling the situation. Instead, he reminded Ye Jian not to learn from Ye Ying and harm herself.

The leader of the Provincial Bureau of Education looked at Ye Ying’s admission ticket and then at Ye Jian’s admission ticket. His gaze landed on Ye Jian, who was not a stranger to the Provincial Bureau of Education. He asked in a low voice, “Ye Jian, what do you have to say?”

Ye Jian, who set her aspiration as the Chinese Academy of Sciences, asking a student from Provincial No.2 Middle School for answers. Principal Cao didn’t believe it, and neither did the Provincial Bureau of Education.

Ye Jian smiled and said calmly, “Just now, everyone heard that Ye Ying said that she was going to pass the answers to me. However, she was too nervous and didn’t succeed. I want to confirm it with her.” Then, she turned her gaze to Ye Ying, who was ‘full of righteousness’. “I’m sorry. Can you say it again? I’m afraid that the leaders here didn’t hear it clearly.”

### **Chapter 1215: Ye Jian Makes a Move**

“Ye Jian, I will take responsibility for my mistake. Is it so hard for you to tell the truth?” Ye Ying’s facial features were delicate. Her eyebrows were dark and deep. When she looked serious, there was a sense of righteousness in her eyes. “I didn’t give you the answers in time. Now, I’ve admitted that I was wrong. But what about you? Do you know that you are wrong?”

Ye Jian was unmoved by her accusation. “I only want to confirm one thing. You were planning to give me the answers, but were too nervous and didn’t succeed, right?”

The repeated question made Ye Ying vigilant. What did that wretched girl want? Why did she have to confirm it again?

No matter what she wants to do, she can forget about returning to the examination hall today!

“That’s right. If I wasn’t nervous, the paper would have been in your hands.” Ye Ying wiped her tears again and said chokingly, “I regret it. I shouldn’t have promised you. I shouldn’t have been soft-hearted. If you can’t get into university, you can only say that you didn’t work hard enough. But for me, I did

practice questions every day. I didn't even play on the weekends. I did all that just to get into the college that I like. In the end..."

The leader of Provincial No.2 Middle School glared at Ye Jian furiously. He was so angry!

Ye Ying was a top student from Provincial No.2 Middle School. The school had high hopes for her. However, Ye Jian from Provincial No.1 Middle School ruined her! ...Ye Jian? Ye Jian?

This name... The leader of Provincial No.2 Middle School narrowed his eyes. Ye Jian from Provincial No.1 Middle School?!!

Finally, the angry leader of Provincial No.2 Middle School understood why the name "Ye Jian" sounded so familiar. She... She... Isn't she the student that rejected the direct admission slots from the National Science University and National Arts University?!

Would she ask Ye Ying for answers? Would the Provincial No.1 Middle School's "living signboard" ask Ye Ying for answers?

Something was wrong, something was wrong!

Wasn't there something wrong?

After speaking, Ye Ying noticed that Ye Jian was slowly smiling. When she looked at her with a mocking gaze, she realized that something was wrong.

"Leaders and teachers, I'm Ye Jian from Provincial No.1 Middle School." Ye Jian took two steps forward and stood in the middle of the office. She raised her head and puffed out her chest. Her eyebrows were sharp and she had the toughness of a soldier. She said calmly, "Ye Ying's words are a joke to me."

"Firstly, I've never asked her for answers. Secondly, I've never needed to ask anyone for answers."

"Nonsense!" A sharp voice interrupted Ye Jian. Ye Ying took two steps forward and said sternly, "I'm not lying. She did ask me for answers!"

Ye Jian raised her eyebrows and continued calmly, "Thirdly, I've already finished my exam and sealed my exam paper. So, it's impossible for me to ask her for answers."

What?

She finished her exam!

She said she finished her exam!

"How is that possible? How is that possible?" Ye Ying clenched her fists tightly. She was so frightened that her body was trembling.

How could that wretched girl finish so quickly? How could she finish so quickly? It had only been an hour... She finished in an hour!

How could she be so fast?

The entire office fell into silence. She finished? Ye Jian from Provincial No.1 Middle School finished the Mathematics paper an hour earlier? How was that possible?

“Did you finish the exam? Or did you finish all the questions?” The leader of the Provincial Bureau of Education asked in a deep voice. “Ye Jian, think carefully before answering. This is very important.”

### **Chapter 1216: Let You Be Afraid**

Finish the exam versus finish all the questions. The former’s meaning was ambiguous, but the latter’s meaning was clear.

Ye Ying thought about it too. Her pale face lit up. Her sharp voice turned into a cold smile. “You finished it in an hour? Ye Jian, I didn’t know you could do that.”

The leader of Provincial No.2 Middle School was not as confident as before. He could hear the resentment in the tone of the student whom his school thought highly of. He instantly felt that this “cheating” matter was not simple.

It sounded like a personal feud.

Ye Jian smiled and answered the question of the leader of the Provincial Education Bureau. “I have a habit that all my classmates know about. I like to finish all the questions within an hour. No matter which tests it is, I have the habit of finishing it within an hour.”

The confidence in her smile combined with her calm expression made all the leaders present see that she was as steady as Mount Tai. From this, they could see the difference between the two girls.

The student from Provincial No.2 Middle School who was the first to speak had a spiteful tongue. She was so shallow as if she did not know the immensity of heaven and earth[1].

The student from Provincial No.1 Middle School spoke in an orderly manner. She handled the “cheating” calmly and did not refute the other student’s aggressiveness. Instead, she explained her situation intelligibly before leaving the right and wrong judgment to the leaders. Just this matter alone made it clear that the two students had different personalities.

“Just now, I was doing the questions more and more smoothly, so I didn’t precisely control my speed to complete them in an hour. I was about ten minutes faster than usual. This student from Provincial No. 2 Middle School said that I asked her for answers. I truly do not know which ‘I’ had asked her before.”

I truly do not know which ‘I’ had asked her before. Her words were quite of standard. It could make Ye Ying speechless. It could also let the leaders know that she didn’t want to confront Ye Ying directly. This was to prevent a conflict from happening and affecting her.

Ye Ying’s lips were pale and cold sweat was dripping down her back.

That wretched girl said that she had finished her exams! No, that was impossible. She does not believe it!

Principal Cao smiled and confirmed, "I can testify to this habit of hers. I even talked to her about it before, telling her not to finish it so early. And told her that she still needs to check her work after she's done and not be careless."

"In the end, she said that she submitted her papers after already checking it once. She also said that a habit is hard to change once it's formed. So, when the student from Provincial No.2 Middle School said that she cheated, I was really shocked."

"Student from Provincial No.2 Middle School, I want to ask you too. I wonder which 'Ye Jian' asked you for answers?"

The leader of the Provincial Education Bureau at the invigilator in charge of the third examination hall and asked in a deep voice, "What exactly happened at that time? Repeat it again." Why would a student accuse another student of cheating during the examination?

Does she see the university entrance examination as a joke?!

The invigilator said seriously, "I heard the sound of a chair moving from Ye Ying's side. I was patrolling on Ye Jian's lower right side. When I heard the sound, I walked to Ye Ying's desk and noticed that one of her draft papers was missing. When I saw that she was panicking and that her legs were placed unnaturally, I asked her to lift her leg and saw the answers on the paper."

"What about Ye Jian? How did she react?"

The invigilator replied calmly, "Ye Jian sealed her exam paper and said to me, 'Teacher, let's talk outside. We don't want to affect the performance of the candidates.' I immediately brought them here after another invigilator came."

### **Chapter 1217: It Is Hard to Guard Against Petty People**

"In other words, you sealed your paper the moment it happened, right?"

"Yes. I had just finished checking my student number and name. I was about to pack up my stationery when she suddenly mentioned my name. I was very surprised." Ye Jian answered the question from the leader of the Provincial Education Bureau. The calmness in her eyes made Principal Cao nod and smile secretly.

The university entrance examination was different from ordinary exams. This was the turning point of a student's life and also the turning point of their whole family. As the most important examination in the country, not only was there a strict system, but there were also very clear penalties.

Once it was proven that Ye Ying maligned her classmate on purpose, what awaits her will not be only a few simple criticisms and discipline.

Ye Jian was smart enough to explain herself and not question Ye Ying. She won Ye Ying in terms of attitude.

If she got into a conflict with Ye Ying, even if it was found out that she was wronged, their impression of her would be bad. She might even get reproached a bit.

Once a candidate's exam paper was sealed, they shouldn't be able to take it out on their own. However, this was a special situation. If they wanted to know if Ye Jian had finished all the exam questions, they had to open the exam paper and check.

The following scene was extraordinarily grand. The university entrance examination papers, which were supposed to only appear after the examination ended, were escorted by armed police to the campus in advance. Their appearance shocked the parents waiting outside.

Why were the armed police here? Were the Mathematics examination papers going to be transported in advance?

When Ye Zhifan saw the armed police, his eyelid started twitching uncontrollably. He felt uneasy.

Why would there be armed police escorting the examination papers? Why would armed police appear at this time?

"Didn't you say that they would be out in an hour? Some students have already finished their exams. Your family's little fox... cough cough cough... my family's came out!" T6, who was eating an ice popsicle, saw An Jiaxin's figure and quickly threw the popsicle into the trash can five meters away. He immediately smoothed his T-shirt and put on a scholarly look, quietly waiting for the girl who had "electrocuted" him two hours ago to come over.

The calm Xia Jinyuan only saw An Jiaxin walking over hurriedly. After closing the distance, he saw her serious expression... Something happened in the exam hall.

Just as this thought flashed through his mind, T6 said in a deep voice, "There's something wrong with her expression. Ye Jian didn't come out. Q King, something might have happened in the exam hall."

"Yes, it's possible," Xia Jinyuan responded calmly. Little Fox hasn't come out yet. Something must have happened.

An Jiaxin's expression was extremely serious. There was even some viciousness between her eyebrows. As she ran out, she suddenly saw Xia Jinyuan and her eyes lit up. She sped up and ran out of the school gate. "Something happened to Ye Jian. Ye Ying, that wretched b\*tch, actually accused Ye Jian of asking her for answers!"

"Pfft! Does Jian still need to ask her for answers? Why doesn't she look at herself in the mirror?"

"How's the situation? How did the school handle it?" After understanding the situation, Xia Jinyuan did not even frown. He asked calmly, "Is the relevant department investigating?"

An Jiaxin was so anxious for her friend that she didn't notice T6. She answered quickly but clearly, "Ye Jian's test papers will be unsealed and checked by the armed police after all the candidates in the third examination hall are done."

"I'm fuming! I knew that it was hard to guard against petty people! She came out to stir up trouble again at a moment's slip!"

### **Chapter 1218: Settle It Cleanly**

T6 looked at Q King, who was not moving at all. He saw that Q King's face was calm. He was ignored so he stepped out to find some presence. "Don't be anxious, Ye Jian will be fine. Are you thirsty? I'll treat you to some water."

It was destined to be an unhappy start. An Jiaxin raised her eyebrows and said angrily, "Who are you? What does my thirst have to do with you? Why do you look like a human trafficker who abducts girls from school?"

...

T6's heart almost broke into pieces when he heard that. A human trafficker. He looked so innocent and kind. One look and you could tell that he was a righteous person. How did he become a human trafficker in her eyes?

However, the little girl had quite a fiery temper. When she was angry, her almond-shaped eyes were dark and bright, just like the moon at night. There was a cold glow in them.

Her expression was very tense. She was especially concerned about Ye Jian's matter. How loyal.

"I'm good friends with him. I saw that you were sweating profusely and your voice was even hoarse when you spoke. I wanted to treat you to some water to wet your throat."

T6 was gentle and polite. His patient explanation made An Jiaxin embarrassed. "I'm sorry. My temper is a little hot sometimes. Please don't take it to heart."

One more advantage: honesty!

"It's okay. I know you're anxious." T6 smiled and said to Xia Jinyuan, "I'll go buy some water. Find out more. It's not an ordinary thing to cheat during the university entrance examination. You have to settle it cleanly."

Settle it 'cleanly'? Shouldn't it be settle it 'properly'?

An Jiaxin felt that his words were a little weird. He seemed to have a fierceness in him. Thinking about how Major Xia was as fierce as him, An Jiaxin couldn't help but shrink.

It seemed like... she was too fierce just now. An Jiaxin hoped that he would not take issue with her.

She quickly glanced at the man who spoke. He looked cultured. Although he was a little tan, he was very elegant... He probably wouldn't argue with her.

"I don't know how to handle this matter. Major Xia, what should we do? Ye Ying's father is a high-ranking official. Do you think he will use his power to suppress others?" An Jiaxin was so anxious that tears welled up in her eyes. T6 couldn't help but smile.

He suddenly felt happy. It seemed like he had made the right decision to come to Provincial No.1 Middle School!

Xia Jinyuan smiled and said, "Nothing will happen. If the armed police are activated, it means that the Provincial Education Bureau and the school are very concerned about this matter. They will investigate this matter thoroughly. They will definitely not malign Ye Jian."

"I hope so, I hope so." An Jiaxin was still worried, but she had no choice but to wait.

T6 came back with three bottles of mineral water. Xia Jinyuan, who had one hand in his pocket, nodded slightly at him. His slender fingers touched the buttons of his phone. He signaled T6 to talk to An Jiaxin. He wanted to make a call.

When it was time to hand in the exam papers in the afternoon, all the students sealed their papers and left the examination hall. The quiet campus became lively, and the teaching building became extremely quiet.

Ye Ying, who was walking between the two teachers, saw the armed police officers and bit down on her lower lip. She was unwilling to admit defeat. Afraid that Ye Jian would look down on her, she pretended to be calm and walked to the third examination hall with an arrogant expression.

She would never believe that the wretched girl had finished all the math questions! Never, never!

Even if the wretched girl really did it, she would not answer correctly!

Only her answers were correct. Her mouth was hers. If she insists on Ye Jian cheating, there will be nothing Ye Jian can do!

Ye Ying, who was cheering herself on, walked to the entrance of the third examination hall. When she saw one of the armed police officers standing beside her expressionlessly, her knees couldn't help but tremble.

She must not lower her head, she must not lower her head! She must not lose to that wretched girl in demeanor.

### **Chapter 1219: Ye Jian, You're Jealous Of Me**

Ye Ying turned her head and glared at Ye Jian before entering the examination hall.

Ye Jian, who was walking with Principal Cao, smiled lightly. So what if she didn't want to admit defeat? Her ending would only be worse!

An armed police officer stood guard at the entrance of the third examination hall. Another armed police officer led the way into the empty hall, followed by a respected examiner from the Provincial Education Bureau.

All the exam papers, except for Ye Jian's and Ye Ying's, were placed in a cardboard box.

There were four representatives in total. All witnesses were present. One of the examiners walked to Ye Jian's desk and picked up the exam paper carefully. He looked from section A to section B and then to section C and section D on the other page.

He looked very carefully. His solemn expression made Ye Ying's heart jump. She didn't finish it. She definitely didn't finish it! Even she herself didn't finish the exam paper. How could the wretched girl finish it?

The Heavens didn't hear Ye Ying's thoughts. The examiner nodded and said to the representatives from Provincial No.1 Middle School and Provincial No.2 Middle School, the notary staff, and the leader of the Provincial Education Bureau, "She has indeed answered all the questions."

As soon as he said that, the leader of Provincial No.2 Middle School broke out in cold sweat. As for Ye Ying... Her vision turned black and she looked like she was about to faint.

She answered all of them. She really answered... all of them!

Impossible, impossible!

How was that possible? How could she have answered all of them?

Unable to accept it, Ye Ying murmured subconsciously, "Impossible, impossible. I only finished the first two sections... How could she have finished everything?"

The examiner looked at her and said firmly, "You can proceed to seal this paper as per usual. As for the so-called answers, I believe the answers on this paper more."

Since it was a mathematics test, they naturally invited scholars from the mathematics world. They scanned through the paper and cross-checked the answers on the paper slip. How could they not know which were correct and which were wrong?

Principal Cao was completely relieved. He smiled at Ye Jian and said, "It seems like you did well. I knew it. How can you ask a student whose results are not as good as yours for answers?" He glanced at Ye Ying, who refused to accept reality, and said coldly, "If this matter is not investigated properly, the fairness of the university entrance examination will be compromised."

"If the student from Provincial No.2 Middle School is not punished severely, there will be no end to the trouble! We need to deal with this from the roots to prevent such an occurrence from happening again!"

This was no different from outrightly saying that Ye Ying lied!

"Ye Ying, what else do you have to say?" The leader of the Provincial Education Bureau had a stern and cold expression on his face. His gaze was so cold that it made Ye Ying's heart tremble. "You have a personal grudge with Ye Jian. But, how dare you frame her during the university entrance examination to achieve your unscrupulous aim? What else do you have to say?"

What else could she say?

Ye Ying, who was stuttering, suddenly raised her head and glared at Ye Jian. She didn't give up and said, "I don't have anything to say. I only know that she really asked me for answers! It's her. She wanted to frame me. That's right, that's right, she wanted to frame me. I'm the victim. I'm the victim!"

"You're in Provincial No.2 Middle School and I'm in Provincial No.1 Middle School. Why do I need to frame you? Can you tell me the reason?" Ye Jian asked calmly. Her calm expression made the examiners raise their eyebrows.

The reason? Of course, there is one!

Ye Ying gritted her teeth and said angrily, "You're jealous that I will get into a good school! You hate me and you want revenge!"

### **Chapter 1220: Invalid Results**

"How will it affect me if you get into a good school? You have your own path to walk and I have mine. We have nothing to do with each other. Ye Ying, are you sure you're not talking about yourself?"

If she wants to court death, then she shouldn't blame others for retaliating!

Coldness flashed across Ye Jian's eyes. She looked calmly at Ye Ying, whose expression was gradually distorting. "You have been framing me since junior high school. The school leaders couldn't tolerate your behavior anymore when you were in grade eleven. That's why they forced you to drop out of school. Ye Ying, who is holding a grudge against whom?"

"I, Ye Jian, do things in an upright manner. I will never wrong others. I will never be jealous of someone whose results are not as good as mine. What do you mean by holding a grudge? And what school can you get into that I will be jealous of?"

"The National Science University? The National Arts University? I once gave up on the two schools' direct admission slots. Why would I be jealous of you?"

Before Ye Ying could rebut, she heard the leader of the Provincial Education Bureau bellowing, "Leader of Provincial No.2 Middle School, where is the parent of this student? Invite him to the school immediately! Ye Jian's math papers will be sealed like normal and her scores will not be affected. Provincial No.2 Middle School's Ye Ying's situation is serious and brought a bad influence to the university entrance examination. Her math paper will be marked zero!"

"Why are you only targeting me? It's not fair! Ye Jian is in the wrong! She's in the wrong too!"

Seeing that she was the only one being punished, how could Ye Ying, whose plan had failed and whose results became zero, be at peace? She screamed crazily and suddenly rushed towards the scholar who examined the papers. "I want to tear her paper. I want to tear her paper. Why are you only targeting me? I won't accept this! I won't accept this!"

Why was the wretched girl fine? Why was she the only one punished?! Let's see what else she can do after her exam paper is torn!

The one who reacted the fastest was not Ye Jian, but the armed police who was there to prevent any accidents. The armed police blocked her and shouted, "Don't move. Go back to your original position!"

Ye Ying screamed even louder.

Ye Zhifan didn't wait for his daughter to come out. He knew that something must have happened inside. When his phone rang, he saw the caller ID. He closed his eyes. What shall come will come.

Ye Jian made a call too. She didn't want to alarm Principal Chen so she called Xia Jinyuan.

"Since the leaders of the Provincial Education Bureau have already come up with a solution, we don't have to worry anymore." Xia Jinyuan, who had been standing at the entrance of the school and never left, smiled slightly and said gently, "When will you come out?"

His voice was gentle and comforting. Ye Jian pursed her lips and smiled. "It should be soon. However, I want to stay for a while and see what Ye Zhifan will do."

He wanted to harm her but harmed himself in the end. Ye Zhifan must be furious.

"Don't laugh after seeing it." No matter how broad-hearted his little fox was, she would always have hatred in her heart when facing the family that had done evil to her for a long time. Now that she could let out the hatred in her heart, he would let her stay for a while. Standing under the golden sunlight, his thin lips curled up into a smile. "Enjoy it. Don't miss the opportunity."

It did not feel bad for someone to harbor bad intentions together with him.

When Ye Zhifan walked into the office, he saw his daughter crying. As for Ye Jian, she had a calm expression on her face. She exuded an elegant aura that his daughter couldn't learn. She sat quietly at the side. Even if she didn't speak, she would become the center of attention.

"Dad, Dad, I've been framed. I've been framed. The way they handled it is unfair! It's not fair at all." Ye Ying cried pitifully when she saw her father. "Why are my results invalid but Ye Jian is fine? Why, why?"
