

BOOT CAMP 1901

Chapter 1901: She Wants To Get Involved

She knew that she was a selfish person. Abandoning her husband and child was a disgraceful thing back then, but she had never regretted it. It was useless to regret it now. After all, she had chosen her own path.

The only regret in her life was that she did not expect that when she was old, she would want to talk to her son about life and hear him share with her about his life as well.

It was a pity that her son was just like her. He had given up on her and would not start over the things he had no intention of starting over. As his mother, she had already been forgotten by him. His world no longer needed his mother's concern. This was something she had not expected.

"Shuman, why are you alone? Where's Old Xia?" The closed door of the private room opened. Madam Li pushed the door open and saw Madam Xiao drinking tea alone. She looked calm and peaceful as if she had never cried.

She was lucky. No matter what, someone would stand up for her. This was something that Li Chenglan was lacking in.

However, things were different now. Madam Xiao had a son but it was the same as being childless. On the other hand, she, Li Chenglan, had two sons and two daughters. She had a thriving life. She had responsible sons to protect her family and delicate daughters to share her happiness with. In this aspect, she, Xiao Shuman, could never compare to Madam Li.

"Chenglan, come, let's sit together. Ah Yuan ordered black tea. It suits my taste." Madam Xiao smiled. She raised her hand elegantly and gestured for her friend to sit down with her.

Li Chenglan's gaze shifted slightly as she sat beside her. "Did Old Xia do anything to you just now? Did he agree to let you meet Ah Yuan from now on?"

"Even though Old Xia has a bad temper and seems to do whatever he wants, he still understands logic. If you communicate with him properly, he'll definitely agree. If he doesn't agree, you can tell Old Du. We'll go and look for him!"

"I'll look for Old Xia outside, while Old Du will look for him in the military headquarters. Let's see if he still dares to avoid you. You're soft-hearted and don't know how to fight for things. If both Old Du and I were here just now, Old Xia would have given him some face."

She lived an exciting life for more than half her life, but she couldn't even see her only son now that she was old. Sigh, what was the use of living an exciting life in the past?

As humans, one would never know who would have the last laugh.

“You’re so hot-tempered. You’re almost 60 years old now. Why haven’t you changed? Have some black tea.” Madam Xiao smiled faintly. She made tea for her old friend and brought it to her. “Old Xia didn’t stop me from seeing Ah Yuan. The problem is that Ah Yuan doesn’t like me. I can’t blame anyone but myself.

“Don’t worry about me. It’s my fault that I didn’t raise my child. I’m sorry, Chenglan. I even implicated you and Old Du and got you guys to worry about me. I’ll settle this matter myself from now on. I can’t trouble you guys anymore.”

However, Madam Li was not happy and even pulled a long face. “What are you saying? Why are you being so polite to me? Old Xia isn’t stopping you now, and Ah Yuan is already a grown adult. That old man can’t take on the role of the villain anymore.”

She meant that Commander Xia had stopped Xia Jinyuan from seeing Li Shuman in the past when Xia Jinyuan was still young. Now that Xia Jinyuan had grown up, he believed that his mother didn’t want him. Commander Xia had already achieved his goal. It didn’t matter if he didn’t stop the two from seeing each other anymore.

Li Chenglan was already a grandmother and would never lower herself to get involved in other people’s affairs. However, she had to get involved in the Xia family’s affairs.

When she was young, she was able to create trouble for the Xia family. Now that she was old, she still had the ability to make the descendants of the Xia family restless..

Chapter 1902: Women Schemed At Home, Men Schemed For Power Outside

She sighed again and said, “Your matters are my matters. We’ve known each other for more than 40 years, and you don’t have any siblings either. You’ve also lost contact with the people in your hometown. Seeing you alone makes my heart ache. Why don’t I help you?

“Old Xia is a stubborn donkey. Old Du and I have experienced it. We have to talk about this together. You can’t do it by yourself, Old Xia is no longer a small regimental commander. He’s the commander in chief now. If he has the will, you won’t be able to defeat him.”

It was one thing to hear too many of these things. If one was young, these words might have had a small effect. If one was older, it would be difficult to be swayed by such things.

Madam Xiao, who was listening quietly, did not interrupt Madam Li. She sat there gracefully with a gentle smile on her lips.

After her friend finished speaking, she smiled and said, “Old Xia has never been a bad person. You’re still biased against him. Alright, let’s not talk about the father and son. Has Jiayi arrived? I miss her too much.”

She calmly changed the topic. After Madam Li's gaze darkened, she smiled and said, "She's here. When she didn't see you, she started making a fuss. She pushed me out to look for you.

"Then, why are the two of us still sitting here? Let's go. We can't let her wait for too long." Madam Xiao stood up happily and sighed with emotion. "A daughter is still the best. A daughter is a mother's sweetheart. Chenglan, you're blessed."

There was no one who didn't like their children being praised. Madam Li's greatest sense of accomplishment was having two children by her side. As her smile crept up her face, the wrinkles at the corners of her eyes deepened. "I'm not like you. You're someone who chases after what you want and lets go

'once you want to."

The two of them walked out of the room while talking and laughing, Suddenly, Madam Xiao sighed. "I was even thinking of getting Du Jiayi and Ah Yuan together. What a pity."

However, what was there to pity? Madam Xiao didn't mention everything, and Li Chenglan smiled but didn't say anything either. Unfortunately, the Xia and Du families had different political views and were destined not to be in-laws.

After they returned home and Madam Li was done talking about the matter, Staff Officer Du had a grave expression on his face. After thinking for a long time, he said, "Xiao Shuman suddenly asked the two of us not to interfere. Does she know something?"

"What does she know? Old Du, Shuman is not stupid. She knows what she's doing the best." Madam Li, who was lying in the massage chair and relaxing her muscles, said calmly, "I've known her for 40 years. I know her, and she knows me. She has seen what I've done, and she never exposes me because

those things have nothing to do with her.

"Shuman would never worry about things that have nothing to do with her."

Staff Officer Du did not understand what his wife said. In his eyes, Xiao Shuman was a person who did not have a deep mind. People would do everything for her and she did not have any opinions.

"You said that she lives her life well, but I think she's just a fool. I don't understand what's going on between you two women, and I'm too lazy to figure it out either. As long as Xia Xinhui doesn't have a chance to rise again in the next two years, I'll feel at ease."

Women schemed at home while men schemed for power outside. What Staff Officer Du needed was power and influence.

"I do what I have to do, and you'll do what you have to do. We're already grandparents, so it's perfectly fine to be a little vague sometimes." Madam Li didn't say what she was going to do next. She closed her eyes as if she was sleeping.

It was tiring to worry over things when one was older. However, it was impossible not to worry..

Chapter 1904: The More Serious, The More Frivolous

Ye Jian was dumbfounded... She instantly thought that Xia Jinyuan would have a backer in the future!

'What Principal Chen said tonight was definitely a big gain for Xia Jinyuan. Hearing that, he raised his eyebrows at Ye Jian, looking very proud.

Seeing his smug look, Ye Jian secretly clenched her fist. 'Uncle Chen, you don't know how thick-skinned this guy is. He has a lot of tricks up his sleeves. You want me to sleep in a hotel with him? This is like a sheep entering a tiger's den!'

She was too embarrassed to say it out loud and could only shout silently in her heart.

The doctor asked them to leave as soon as possible. Principal Chen waved his hand and chased them away. Ye Jian couldn't protest anymore, so she took her luggage and went to the hotel.

Business was booming in the hotels near the General Military Hospital. The affordable rooms had long been booked. As Major Xia wished, he booked a luxurious suite that ordinary people were unwilling to spend money on.

One bedroom, one living room, one kitchen, and a balcony.

Although the front desk receptionist of the hotel had said that their room was good, Ye Jian didn't give up and asked again, "Are you sure there's no standard room? Are you sure there are no guests who want to check out?"

The management of a five-star hotel was not so chaotic that they did not know how many available rooms there were. The receptionist gave a standard smile and patiently explained, "There are really no more standard rooms. A guest had booked your current room but canceled the booking at the last minute. Otherwise, there wouldn't be any rooms at all."

Xia Jinyuan, who had paid the deposit and received the room card, saw that Ye Jian was still unwilling to give up. He secretly smiled for a moment. Then, he picked up her luggage and walked toward the elevator. "If we had come early, we could've booked two rooms. It's good enough that we're able to book a room when we came so late at night."

"I didn't expect Uncle Chen to be so persistent." Ye Jian chased after him. It was not that they hadn't slept in the same room before. She just remembered that the man beside her always liked to say mushy things when there was no one around... Thinking about it, Ye Jian felt that her face was already red.

Xia Jinyuan could tell that she was acting weird from the mirror. Tsk, tsk, tsk, tsk. She was still so shy. The shyer she was, the more he wanted to be like this... It was hard for him to change the bad habits he had since he was young.

It had been a long time since they had shared a bed together. Should they talk until dawn tonight? Maybe... they could do something adults did?

As this thought flashed through his mind, the young major's sexy Adam's apple couldn't help but move slightly. To do something adults did... Needless to say, he really wanted to do it!

Xia Jinyuan started thinking about it. When he looked at Ye Jian again, there was a hint of flirtatiousness in his eyes. He also saw Ye Jian taking small steps back.

'An inexplicable sense of danger crept up on her. Ye Jian looked at him warily and then glared at him fiercely.

'Behave yourself!'

"We're here."

Receiving her warning, Xia Jinyuan was very calm. The elevator opened with a 'ding'. He pressed the button to open the door and asked Ye Jian to go out first. "It's getting late. Take a shower first. I'll make the bed."

"We booked a suite. There's one bedroom and one living room. There'll be a couch in the living room. I'll sleep on the couch while you sleep on the bed."

Ye Jian, who was the first to step out, stopped in her tracks. She turned her head in disbelief and looked at the man who came out with his luggage. She suddenly felt that it was unreal.

Her reaction made the major laugh in his heart. He started teasing Ye Jian. "Huh? You don't want to? You can't bear for me to sleep on the sofa and you want me to sleep with you?"

He was too serious. Ye Jian was sure that he wouldn't be so honest.

"Captain Xia, I won't believe you even if you become serious all of a sudden." Ye Jian took the room card from his hand and glanced at him lightly. Then, she strode away with the room card..

Chapter 1905: Captain Xia, You're Very Bad

She did not notice that the man behind her had a dark look in his smiling eyes. His slightly raised smile was neither good nor evil. Such a smile could captivate a woman even more.

The room was worth the price. Just like what the receptionist had said, the living room was very big. There was also a long corner sofa. The sofa faced the large balcony that allowed one to admire the night view of the capital. It was a panoramic view, and it really made one feel relaxed.

Looking at the sofa that was enough for a person to sleep on, Ye Jian was planning to take out an extra blanket from the wardrobe when Xia Jinyuan was showering. She wouldn't let him enter the bedroom.

Although they had slept together before and she did not feel as pressured, the naughty smile he showed in the elevator just now... made her heart beat a little wildly.

He was a dangerous and elegant man. She had to be more vigilant.

“Go take a shower first. I’ll make the bed.” Xia Jinyuan put down his luggage and took the initiative to find the wardrobe. He took out two spare blankets from the wardrobe and laid them out on the sofa.

Ye Jian watched as he came out with the blankets. She stretched out her long arms to take one and spread out the blanket. She didn’t need his help.

“Hurry up and go take a shower. I can do this myself.” The major who was spreading out his blanket frowned slightly. He didn’t seem to understand why she was still standing there. He simply threw the blanket in his hand onto the sofa and walked to her. He asked her softly, “Do you have anything else to tell me?”

Ye Jian pursed her lips and pointed at the sofa. “I’m not used to you being so proactive.”

Then, she looked at him, trying to find something from his handsome facial features. However, the man standing in front of her was calm and composed. His gaze was gentle and deep... There seemed to be a flash of darkness in them, but at the same time, it did not seem like it.

Xia Jinyuan gave a low laugh. His sexy lips curled up slightly. The evil smile he showed back in the elevator appeared on his handsome face again. “Little Fox, you’re making things difficult for me. I don’t know what to do to satisfy you.

“If you don’t let me sleep on the bed, I won’t sleep on the bed. Now that I’ve chosen the sofa, you’re saying that there’s a problem? Then tell me, what am I doing wrong?”

If she could say it out loud, she wouldn’t be standing here!

Seeing his face getting closer and closer, Ye Jian immediately bent down to pick up her luggage, avoiding his kiss. “Make the bed. I’ll shower first.”

“I don’t care anymore! I’ll deal with whatever comes my way!”

“Alright. Do you want some water? I’ll go get some water.”

“Sure.” Ye Jian entered the bedroom and closed the door.

The closed door couldn’t stop Xia Jinyuan from looking at the spot where she disappeared. He would let her escape for now. After this... he wouldn’t let her escape again.

When Ye Jian came out of the shower, she saw Xia Jinyuan holding the kettle while bending down to pick up the blanket that fell on the carpet. Water flowed out of the kettle. Just as Ye Jian shouted at him to be careful, he sucked in a breath of cold air. The electric kettle in his hand fell onto the blanket, and steam rose from it.¹

“Did you scald yourself? Quick, go run cold water over your burn!” Ye Jian rushed over and grabbed the wrist of the man who was scalded. “Why are you still waving your hand like that? Go wash your hand with cold water!”

Xia Jinyuan looked at his red hand. Although it hurt a little, it was worth it.

“If you put your hand under water for a longer time, you won’t get blisters. Couldn’t you put down the kettle first before you picked up the blanket?” Ye Jian turned on the faucet and placed his hand under the running water. She frowned and stared at the scalded spot. “I’ll ask the receptionist if they have any cream for burns..”

Chapter 1906: Protect Yourself

The front desk receptionist quickly sent a staff member to get an ointment for burns. Hearing the doorbell, Ye Jian signaled Xia Jinyuan to continue running cold water over the burned spot on his hand while she went to open the door.

After adjusting the water, Xia Jinyuan saw the back of his lover who was thanking the staff member.

He looked at the burn on his hand, which was about the size of a coin, and his thin lips could not help but curl up again. This burn... was not a part of his plan. His plan was to accidentally spill the water when he bent down to pick up the blanket and wet it.

Once the blanket was wet, he would have an excuse to squeeze onto the same bed as her. He wasn’t worried that she would instruct the staff to send another blanket over. He would always have a solution.

In the end, no matter how good his plan was, he still made a mistake. He did not expect to burn himself. Although it was quite painful, it was worth it!

“It’s just a small burn. He doesn’t have to go to the hospital. Thank you for your hard work.” Outside, Ye Jian rejected the staff member’s good intentions. She closed the door and hurried back to the kitchen with the ointment.

Scalding was the most common injury in life. Even the most cautious person couldn’t avoid it. Ye Jian didn’t suspect that Xia Jinyuan did it on purpose. She hurriedly returned to the kitchen and saw Xia Jinyuan wiping his hands with a dry towel.

Before they left the hospital, both of them wore dark-colored coats that covered up their winter uniforms. When they entered the room, they habitually took off their coats and hung them in the small closet at the entrance. Hence, he was still wearing his plain winter uniform.

The tall and straight man was dressed in a well-fitting dark green military uniform, looking exceedingly masculine as he stood in the light. His short hair was unruly, and his side profile was exquisite and handsome. Every movement of his naturally exuded elegance, inadvertently making those who saw him think he was a god.

His hands were rather long and slender. They were not tanned even after being exposed to the sun and wind. After being washed by the water, they were so fair that they seemed to glow slightly. No one would think that it was a pair of hands that often held a gun. They would only think that it was a pair of slender hands that belonged on a set of black and white piano keys.

Although his hands were beautiful, it was hard not to notice the burn on the back of his hand. Ye Jian frowned again. "You need to wash it for ten minutes. It's only been five minutes."

"It's not serious. Five minutes is enough." Xia Jinyuan placed the towel properly and turned around to look at his frowning lover. He laughed. "Don't make that expression. It's not a big deal. It's just a small burn."

Ye Jian retracted her gaze from his handsome face. She took a deep breath and calmed herself down before approaching him. "This is the cooling ointment. Apply it now. After you shower, apply it before you sleep again. Remember to avoid hot water when you're taking a shower later."

Ye Jian held the hand that countless women wanted to hold. She squeezed out the light green ointment that had the fragrance of mint and carefully applied a thin layer of it. She lowered her eyes and reminded Xia Jinyuan softly, "Remember this next time. Put down the hot water in your hand first before

you do anything else. Fortunately, it's only a little burn today, and it's on the back of your hand. Even if there's a scar, it won't affect anything.

"But what if your face had gotten scalded? Captain Xia, even if you quit the army one day, you can definitely rely on your face to make a living after you retire. You should protect such good resources."

Her boyfriend was handsome, and as a woman, she was naturally happy. Everyone loved beauty, and she was no exception in her second life.

Major Xia was speechless. "Little Fox, I didn't expect you to care about appearances too. I've heard you ask me to protect this face of mine many times now.."

Chapter 1907: Do You Like Me That Much?

"Of course, I care. Since I found a handsome boyfriend, I'd like to look at his handsome face every day," Ye Jian said righteously. She raised her hand and touched his face. "Your face can cause women to commit crimes. I'm taking the risk of having my face scratched by other women by being with you. If you don't protect it, you'll be letting me down."

It felt good to be taken advantage of by his girlfriend. Major Xia still felt that his face was part of his charm. Besides, he was naturally charming.

"Seems like I have to protect it well. I'm afraid that my little fox will abandon me if I lose my looks one day."

Ye Jian nodded her head seriously and said in a responsible manner, "That's right. In the future, if you're disfigured and I'm still as beautiful as a flower, won't you feel inferior?"

Good heavens, she was getting bolder and bolder. She was now very adept at making fun of him!

She was smiling like a flower. Her eyes wandered for a moment before she glanced sideways at him. In the hazy white light of the lamp, the girl whose entire body was covered in a refreshing fragrance really looked like a foxy demon at this moment. Her unadulterated charm was alluring.

Xia Jinyuan gradually retracted his smile. His dark eyes turned darker, and he suddenly took a step closer.

Ye Jian was startled by his actions. She turned her body instinctively and avoided him. She pressed her hips against the counter and warily looked at the man who was approaching her. "What are you doing? I'm telling the truth. Are you... angry?"

'There were too many dark emotions in his eyes that she could not make sense of. There were even faint stars flashing across them. The young major who was still elegant and dignified just a moment ago was now filled with a dangerous aura from head to toe. It was not pure darkness that signaled real danger but a danger filled with temptation.

The dangerous yet elegant major made her panic.

Xia Jinyuan looked calmly at Ye Jian, who had nowhere to run, He smiled and took a step forward, pulling her into his arms.

His chest was broad, firm and full of a sense of security. Ye Jian felt pain when he suddenly pulled her.

She looked up and stared at the handsome and domineering face in front of her. Ye Jian swallowed her saliva with difficulty.

Xia Jinyuan was dangerous but she was still attracted to him.

She had no choice but to admit that when she agreed to his confession on a spur of the moment in her third year of high school, the face in front of her had a lot to do with it. Even though they had known each other for five to six years now, her heart would beat faster every time she looked at his facial features.

It was a good thing that she could control herself. Otherwise, she suspected that she would have pounced on him much earlier!

Ye Jian stared at the major's handsome face in a daze.

"Do you like my face so much? Isn't it more convenient for you to admire me if I stand closer?" He lowered his head and bent down as his deep voice sounded. One could hear his deep love for her in his voice as well as his indulgence in her. "Isn't it more convenient to look at my face like this?"

"Or, you can touch my face and look at it at the same time?" He grabbed Ye Jian's hand and placed it on his cheek. He asked her softly, "Do you feel more?"

He placed her palm on his cheek. The warm touch made Ye Jian shudder violently. Before she could come back to her senses, she felt her heart soften again..

Chapter 1908: Don't You Want To Have Me For Yourself?

Ye Jian, who thought that she could be calm in front of him, couldn't resist his gentle attacks anymore. She wanted to resist but he only became more indulgent. "My face is beautiful, and I'll only show it to you alone, okay?"

"I won't show it to others. Apart from you, I won't show it to any other woman. Alright? Hmm? Answer me, okay?"

'Captain Xia, where did you learn to say such sweet nothings?!' In the past, the things he said were all mushy. Now, they had gotten even mushier. Even hearing him say those things made her ears burn.

Ye Jian knew that she couldn't hold on anymore. His handsome face got closer and closer. His aura had completely surrounded her. She couldn't escape.

"Don't..."

"What's wrong? Don't you want to have me for yourself?" He interrupted her by pressing her hand down and letting her palm caress his handsome face.

"Don't what? Do you still need to think about it?" His thin lips curved into a casual smile. "I still have my purity. Little Fox, don't you want to own me?"

"Only belong to you, and I'm only willing to show you. Are you unwilling?"

Yes, yes... Ten million yeses. Ye Jian nodded frantically. Something was wrong. Captain Xia was acting weird tonight. His words... had a deeper meaning!

He was handsome and a sweet talker. He even looked at her with such deep affection. This was great. Her legs started to feel weak.

She touched his face with her right hand and pressed her left hand against his body. She tried to calm herself down. She pursed her lips and said softly, "Whatever you're saying is nice, but you're too close. I can't see clearly. Why don't you... take a step back? You don't have to go too far. Just take two or three steps back."

Her face was red and her heart was beating wildly. Even her legs were shaking. The major's skills were improving day by day. Even if she ran away... what would happen in the end? She still wouldn't be able to outrun him!

Xia Jinyuan didn't believe it.

The first reaction of this crafty fox in front of him when she realized that there was danger was 'escape'.

Trying to escape? Sorry, he didn't want to see her escape at all. The more she tried to escape, the more he wanted to keep her and see where else she could escape to.

“The kitchen is only this big. I won’t be able to retreat too far. The distance is just right.” The major, who was starting to reveal his hunter nature, slowly circled around his beloved prey. He bent his waist a little more, forcing Ye Jian to go on her tiptoes. Her flexible waist was leaning toward the back of the kitchen counter.

“You said this position makes it hard for you to see clearly, right? Why don’t we go somewhere else?” He was 26 or 27 years old. No one would believe him even if he said that he was a virgin!

Young people were hot-blooded. It was too abnormal for a couple in love to not be doing anything when they were sharing a room alone!

Ye Jian was filled with regret now. She knew that the man in front of her was dangerous. She didn’t know much back then, so she didn’t fear death and flirted with him first... She had committed a sin and she couldn’t live!

Go somewhere else?!

Although she was a little dizzy now, it was not to the extent of her losing her rationality and mind!

He could come up with all sorts of tricks in the kitchen earlier. If they went somewhere else... The sofa in the living room? The big bed in the bedroom? If they changed places, he would have even more tricks up his sleeve.. How could she fall for it?!

Chapter 1909: Don’t Restrain Yourself

Feeling the danger, Ye Jian tried her best to look calm. She smiled slightly and blinked her eyes gently. She said elegantly, “I haven’t been sleeping well recently. My eyes are a little tired. Everything I see is a little blurry. It’s the same even if I go somewhere else.”

She found a good excuse, but when she met someone as thick-skinned as Major Xia, her excuse was flimsy.

He frowned slightly, his heart aching for her. His slightly calloused but slender fingers caressed her eyebrows. “I’ll help you relax. Just close your eyes.”

“Relax, close your eyes. Captain Xia, do you think I’m a three-year-old?”

Closing her eyes to relax? She would only be more nervous!

Ye Jian laughed dryly. “It’s fine. You should go and take a shower now. I’ll just apply a hot compress to my eyes. It’s almost midnight. Captain Xia, you really should go take a shower.”

Ye Jian, who was pushed to the counter, moved her feet to her right. The door was on her right. She had to get out of here.

However, the two of them were too close to each other. She tiptoed and shifted her body to the side, intentionally leaving Xia Jinyuan behind. However, the one-centimeter distance between them was soon closed.

Although there was still some distance between their upper bodies, their lower bodies... were pressed together tightly.

Xia Jinyuan was a little stiff. From the way he held her hand, she could tell that he didn't expect her to make such a move. At this moment, she was feeling the reaction of a normal man!

He was indeed addicted to saying sweet nothings but he still controlled the distance between their lower bodies so as not to scare his little fox.

He didn't have much self-control left in her. He used his last bit of self-control to control his lower body. Now, the last bit of distance was broken... Xia Jinyuan looked at Ye Jian, who was frozen. His handsome face, which supposedly had skin as thick as city walls, showed slight awkwardness at this moment. "... Don't be too surprised by a normal man's reaction."

It didn't seem appropriate to call him a hooligan. Calling him indecent... It wasn't as if she had just realized that he was indecent. She had already told herself in the past that she had to wipe away the word 'shame' from his dictionary.

It would be too pretentious of her to scold him considering their relationship!

Ye Jian, whose brain was spinning, used her hand that could still move to press it against his chest. The lower half of his body was really... too tight. He could clearly feel all changes in his body.

It was very sturdy and filled with the strength of a man.

It was also very terrifying, She could feel the heat even through their clothes. Previously, when they finished their mission in the Southern Province, they had washed their hands by the stream before rolling on the grass. Although she had felt it before, it was in the grass then... Now that they were in a room, the mood was different. The changes she could feel were also different.

Her gaze seemed to drift away as she reminded him softly. "I'm not shocked. Go take a shower first... Don't restrain yourself... Cough..."

Don't restrain yourself.

At the critical moment, Ye Jian stopped herself and forced out her last words. She quickly stopped herself and even ended up biting her tongue. There was the rusty taste of blood in her mouth.

It was a pity that even though she had merely sounded out a syllable, the man opposite her instantly understood what she wanted to say.

As soon as she blushed, Xia Jinyuan rose up. He was thick-skinned and shameless. However, because his girlfriend caught him off guard and discovered his bodily reaction, he felt a little awkward..

Chapter 1910: Captain Xia Is Hard To Defend Against

Now that she was blushing, he let go of her.

Blushing meant that she knew and understood what was going on. She knew that a man would have urges and that a man's body would change substantially when he had urges. Did he still need to hide his urges?

It was completely unnecessary!

However, Major Xia didn't continue to stick close to her. Both of them were newbies. He would explore the kitchen with her when they became more experienced.

He took the initiative to put some distance between them. At the same time, he let go of her hand and placed both his hands on the countertop, locking her in his embrace. "Are you trying to say that you don't want me to restrain myself till I end up hurting my body?"

As he spoke, he gave a low and deep laugh. His rich laughter could not help but make one's heart feel numb. "If it were that easy to hurt my body, I'm afraid I would have damaged my body several times in front of you."

Ye Jian had the urge to knock herself out. How could he... say such things to her! He knew that she was an innocent girl!

"No, I'm telling you not to mess around with me anymore. You should go wash up and sleep now." The commander in chief had reminded her again and again that she mustn't let him have his way with her. Otherwise, she would be the one at a disadvantage. Ye Jian calmed herself down and pretended to be scared. "Go and take a shower! There's the smell of disinfectant on your body. I don't like it."

His gaze was really scary as if he wanted to eat her up!

Xia Jinyuan raised his eyebrows slightly and smiled at his red-faced lover. He smiled meaningfully. "Okay. Go back to the room and wait for me."

Wait for him in the room? Dream on.

Ye Jian smiled and nodded. "Okay, go quickly."

She saw that he was about to get up, but he spoke again, "You bit your tongue just now, didn't you? Are you going to let me check it? Or should I reach my tongue in and check?"

He would always suddenly scare her. Ye Jian had to take a few deep breaths. The heat on her face was suppressed a little. "No need. I can deal with it. I don't need to trouble you."

'Whether she stuck her tongue out for him to check or anything else, the result would be the same. Rejection was the best choice.

Xia Jinyuan, who knew how to be flexible, didn't press on. He couldn't force his little fox too hard. If he did, she might run to the hospital to watch over Uncle Chen.

"Okay. Be sure to check if you bit yourself too hard. I'll go take a shower now." Finally, Major Xia Jinyuan retracted his hands and stood up straight.

Ye Jian, who was looking down slightly, moved her gaze and accidentally saw his magnificent bulge. Her heart skipped a few beats. She cleared her throat guiltily and turned to face the door. "I understand. Go on, then. I know how to handle it."

Usually, she really couldn't tell if there was anything different about it. But now that she looked at it... even her vision was hit hard.

Xia Jinyuan had always been satisfied with his figure and was confident in his physique. He took a deep breath when he saw Ye Jian's neck turning red.

Although her gaze was not tangible, he could feel a gentle touch earlier that made him tremble slightly.

Ye Jian didn't know that she was tormenting him. She immediately locked the door of the room after he entered the bathroom.

Ye Jian, whose back was against the door, was breathing heavily. There would be danger tonight... She had to be careful!
