

BOOT CAMP 2005

### Chapter 2005: Bold

"...The clothes were taken by this lady." The attendant didn't dare to take the receipt from Ye Jian. However, the tears that she had been holding back instantly flowed out when she spoke to Ye Jian.

Ye Jian would never make things difficult for others. She comforted the attendant who had been wronged. "It's okay. Let's wait for your manager to handle it. I'm not in a hurry." She was still a little anxious, though. She would be making Uncle Chen wait for a long time.

She needed to inform Uncle Chen about this first. As for the clothes, Ye Jian glanced at the bag in Ye Ying's hand and walked over to Ye Ying who was still staring at her. She said calmly, "I've already paid for the clothes in your hand. You have to give them to me when the manager comes."

Ye Jian didn't want to waste her breath on her. After speaking, she didn't take the clothes from Ye Ying's hand. She walked past the person whose face was pale and left to look for Principal Chen.

"Stop right there!"

Thinking that the person she hated the most might see her humiliating herself, Ye Ying couldn't hold herself back anymore. She didn't know where the anger in her heart came from.

She didn't make things difficult for the attendant anymore. She grabbed the bag and rushed out to stop Ye Jian from leaving.

The senior attendant would not let such a barbaric and unreasonable customer leave. She stopped her again. "Miss, you have to wait for our manager to come."

"Get out of my way! Do you hear me?!" Ye Ying, who would lose her rationality every time she saw Ye Jian, wanted to throw the shopping bag in her hand. Before she could do that, the older attendant shouted, "Someone is hitting us! Someone is hitting us! Call the security guards!"

The yells made Ye Ying shudder. She regained her rationality. She watched as Ye Jian left. She was so angry that she clenched the shopping bag tightly. She laughed angrily and said coldly, "Okay, okay! I'll wait for your manager to come! So, this is what your service is like? I've learned something today!"

If she were to raise the shopping bag in her hand again, everyone would think that she wanted to hit someone. As the daughter of a provincial official, she could not leave behind any evidence that could be used against her.

Ye Jian, who always liked to laugh at her, was here too. She couldn't let her laugh at her!

Ye Ying had always cared about her reputation. She could only suppress the anger in her heart. She bit her lower lip and looked at the back view of the departing figure. She was frustrated.

She was too careless just now. She didn't control herself and accidentally hit the attendant's face. She didn't know how much Ye Jian had heard. Damn it, she had made a fool of herself again!

Updates by . com

Just as Ye Zhifan parked the car, Sun Dongqing received a call from her daughter. She said that she had been called to the manager's office because she bought a garment of clothing and paid for it, but the service staff wouldn't let her leave.

Sun Dongqing was furious when she heard her daughter's voice. "Don't be afraid, Yingying. I'm coming up now! How dare they bully you?!"

Ye Zhifan understood that things were not that simple.

However, he was afraid that his daughter would suffer. With his daughter's temper, she would definitely not cooperate with them. The security guards in the shopping mall wouldn't take things lightly. Ye Zhifan was anxious, so he warned Sun Dongqing. "Find out what happened first. Don't mess around!"

"The incident with Sun Yaozu hasn't passed. The police already know about the relationship between our two families. You'd better keep a low profile, do you understand?!"

Ye Zhifan was a little worried. The person who hadn't contacted him for a long time had suddenly called him. He asked if he was the one who was responsible for Sun Yaozu's matter. Ye Zhifan, who was driving to the airport to pick up his daughter then, was so shocked that he immediately stopped the car.

Chapter 2006: The Big Shot Is Here

Fortunately, there was no car behind him, and it didn't cause an accident. He didn't dare to stop for long and immediately replied, "I have no motive to kill him."

He only said one sentence before the other party hung up. After that, he calmed his mind and checked his phone. Just like before, it displayed an empty number.

After that person's call, Ye Zhifan had been on tenterhooks. He was afraid that someone would make a move on him and he would become a suspect in Sun Yaozu's murder case. If that happened, that person would misunderstand.

When Sun Dongqing heard this, she became serious. She really did not dare to joke about her husband's future.

She only nagged, "I don't know what kind of person you're going to receive. Why must Yingying come over to buy clothes on New Year's? Doesn't she have enough clothes? They're all branded goods too. They're pretty and fashionable. What's wrong with them?"

"This child is impatient as well. She insisted on coming over to give you a surprise. In the end, I wasn't surprised but I did receive a shock."

Ye Zhifan didn't like listening to her useless nagging the most. When he heard her, he said coldly, "What kind of person is he? He's a big shot that the Sun family will never be able to reach!"

"A big shot?" Sun Dongqing laughed in disdain. What big shot had she not seen before? She had even seen the number one person in the Southern Province, and she had even held hands with him!

“It’s Staff Officer Du and his wife. So, don’t you think Yingying needs a more dignified outfit?” Ye Zhifan had a cold expression on his face the entire time. He didn’t look at Sun Dongqing and treated her like air.

Ye Zhifan didn’t know how his daughter had spent her time in France alone. The clothes in her luggage didn’t look presentable. Her arms and legs were exposed. When Ye Zhifan thought about her clothes, his expression turned ugly.

Sun Dongqing didn’t care about her husband’s attitude toward her. When she heard that, her eyes lit up and she was frightened. “I see! We have to take it seriously, then. We have to take it seriously.”

Yingying’s wish was to enter the military so that she could teach Ye Jian a lesson. Now that they were getting a chance to meet such a big shot, they must take this occasion seriously!

“If it weren’t for Staff Officer Du’s wife, do you think I would’ve brought you out?” Ye Zhifan glanced at his wife, who couldn’t do anything right. He quickly entered the elevator.

When the couple went upstairs, Ye Jian was also found by the attendant who was beaten up. She sobbed softly, hoping that Ye Jian could go to the office.

Principal Chen, who was buying snacks at the supermarket with a few soldiers, patted Ye Jian’s head lightly. “I shouldn’t have brought you out. You met with trouble the moment you came out.”

“You can bear to buy clothes that cost more than a thousand yuan, but I can’t bear to wear them. Forget it, it’s better to avoid trouble. Just give the clothes to that customer. Don’t make things difficult for the attendant.”

If it were any other customer, Ye Jian would definitely give in. However, it was Ye Ying. She didn’t want to give in.

She smiled and said, “You can walk around with them. I’ll be back soon.”

Principal Chen didn’t know who Ye Jian had met. Ye Jian could handle such small matters herself, so he didn’t ask further. He waved his hand and asked her to leave with the attendant.

The attendant who was hit thanked Ye Jian all the way there. She was very grateful that Ye Jian could testify for her.

In the manager’s office, Ye Zhifan smiled magnanimously. “It’s not a big deal, but I’m troubling the mall. My daughter accidentally hit an attendant just now, so she should apologize.”

“The attendants don’t need to apologize. They’re all young and hot-tempered. It’s normal for them to have a little argument.”
