

BOOT CAMP 2015

Chapter 2015: A Room Full Of Military Ranks Translations

Xia Yiwei came in and was welcomed by everyone. They all invited her to sit down. "Come, come. Yiwei, sit beside Big Brother."

"How can Yiwei sit still? She's afraid that the old master will make things difficult for her boyfriend." Xia Junbai, the cousin of the Xia family, started to make fun of her. He was here to give his new year greetings and was the vice-captain of a certain warship. He was the only navy member in the Xia family.

Xia Yiwei was the only daughter of the Xia family, and she was not young anymore. However, she only brought back a boyfriend this year. Old Master Xia was very worried and had to test him.

"I'm not afraid that the old master will make things difficult for him. I'm just worried that he'll make the old master worried. It's the new year. I don't want him to make things difficult for our family."

Xia Yiwei saw that the old madam was not around, and neither was her aunt, Xia Sujun. She sat down and asked, "Where's the old madam and Aunt?"

"Aunt Xiu said that the red flowers had bloomed in the greenhouse, so the old madam happily dragged my mother along. I have to thank the camellias for blooming in time so that I can be free for a while."

A woman who was around 23 or 24 years old said with a smile as she winked at Xia Yiwei.

Sitting beside her was a handsome young man who raised his hand and gave her a chestnut. He smiled and said, "Behave yourself. If Mom doesn't see you when she comes back, your days will be numbered."

The man's words filled the room with laughter.

Old Master Xia had four sons and one daughter. He had 15 grandchildren.

Xia Jinyuan was the youngest, and Zhou Yichen was not included.

There were only two granddaughters, Xia Yiwei and Zhou Yijin.

This year, other than Xia Jinyuan who didn't come back, the rest of the grandchildren had gathered together happily.

Zhou Yijin, who was knocked on the head by her brother, glared at him in dissatisfaction. She let out a 'hmp' and ate the melon seeds.

"Don't go out and cause trouble for Mom. That Du Jiayi only said a few words to others. What's there to be angry about? You've been angry over it from New Year's Eve to the second day of the new year. How petty."

Zhou Yichen unreservedly exposed his sister's shortcomings in front of his cousins.

He was a teacher and had an elegant aura. When he spoke, he was neither too fast nor too slow. He was very rhythmic. "Don't you already know what kind of person she is? So what if you let her say a few words? It's none of your business."

"How is it not my problem? She said those things about my good friend, Wei Jiayue. How can I not be angry? That treacherous, hypocritical, pretentious, and hateful woman! I feel disgusted just by looking at her!"

After saying that, she even made a puking gesture. Xia Yiwei and the rest didn't know whether to laugh or cry at her childish behavior.

Among the siblings, Zhou Yijin was treated as the youngest. No matter how unreasonable Xia Jinyuan was back then, he never bullied her.

When she graduated from university at the age of 22, she signed up for the military behind her aunt's back. She didn't rely on her family's connections and was assigned to the Nanguang Military District with her good friend, Wei Jiayue. She joined the liaison company, while Wei Jiayue joined the cultural troupe.

They knew about the relationship between the Xia and Du families. Now that Du Jiayi was mentioned, they naturally helped Zhou Yijin.

Xia Yiting smiled. "Do you want to get Yuzheng to transfer you out of the Nanguang Military District?"

Chapter 2016: An Excellent Woman

The reason why the Xia family was able to become the largest family in the capital and have many talents was mainly that everyone in the family was very united. They did not do anything to harm the family.

For example, the Du family, who did not dare to compete with the Xia family openly, had to resort to underhanded means to make things difficult for the Xia family from time to time. No wonder the Xia family looked down on them.

Although Zhou Yijin's surname was Zhou, she had half of the Xia family's blood flowing in her. She was like all the Xia family members, born to be rebellious. Hearing that, she scrunched up her nose and snorted. "Why should I leave? She should be the one leaving, okay? I don't want to trouble Brother Yuzheng."

"Let's not talk about her. Let's talk about Sister Yiwei's boyfriend and Brother Jinyuan's girlfriend. Yesterday, I heard Third Uncle say that he went to see Brother Jinyuan's girlfriend. The old madam was still complaining that Third Uncle didn't bring her granddaughter-in-law back."

This 24-year-old woman had grown up in a good family environment. Even though she was mature, she maintained a pure and kind heart. When she faced her family, her words were filled with the innocence of a little girl.

Xia Yiwei picked up the orange from the fruit tray on the coffee table and smiled as she threw it into her arms. "What do you want to know? Are you tempted as well? Do you want to bring a boyfriend home for us to meet?"

“Sister Yiwei, you’re my target!” Zhou Yijin, who caught the orange swiftly, raised her eyebrows playfully. She raised the yellow fruit in his hand and smiled brightly. “I’ll have to ask Sister Yiwei how she managed to remain single for so many years!”

“You’re quite bold, teasing Sister Yiwei! You really need a beating.”

“Jinjin, provoking your mother isn’t that scary. But provoking the queen is.”

Zhou Yijin replied with a look that seemed to say that she was not afraid. Then, she immediately picked up the cut orange and handed it to Xia Yiwei. She hugged her arm and smiled. “Sister Yiwei, just tell me about Brother Jinyuan’s girlfriend. Third Uncle must be very satisfied with her. Otherwise, how could he tell the old madam that she should wait until Little Six comes back and not to scare her away?”

Everyone was really interested in Xia Jinyuan’s girlfriend. As the only one who knew about the situation, Xia Yiwei became the focus of attention.

Xia Yiwei, who was tidying her hair elegantly, met their burning gazes. She curved her lips slightly and revealed an intellectual and dignified smile. “She’s a good woman. Yijin, if I hand you over to Little Six’s girlfriend, you’ll become the pride of your parents in just three months.”

“She’s that good?” Xia Lingxiao was interested. He just wanted to know if their relationship was good. Now that he heard Xia Yiwei’s praise, Xia Lingxiao was interested in Ye Jian. “What kind of woman is she? Tell me.”

Xia Yiwei didn’t mind putting in a few good words for Ye Jian in front of her family. It didn’t matter if she said it or not. As long as they saw Ye Jian, especially the soldiers among the siblings, they would definitely admire her.

“A woman who can catch my eye. Big Brother, that should say enough. She’s a very good woman. She’s skilled, capable, and looks good. She has talent, looks, and skills. Little Six has good taste and will be marrying a treasure.”

The men in the Xia family sat up straight.

The eldest brother, Xia Lingxiao smiled and said, “Our Xia family’s queen has never praised another woman before. It seems that Little Six’s girlfriend is really not bad.”
