

BOOT CAMP 2111

Chapter 2111: Complicated

Among her sister's descendants, only her second son satisfied her a little. He didn't care about anything and didn't care about the family. He became a famous painter at home and abroad. She had several paintings of him in her hands, and any one of them cost hundreds of thousands.

Li Jinnian was not interested in these things at all. Seeing that it was getting late, he got up and faced Old Master Li, who was sitting on the sofa. He had white hair and a beard. "I won't disturb you anymore. Rest early."

He nodded at Matriarch Li, put on his military cap, and left.

Looking at his back, Old Madam Li secretly clenched her fists. She didn't even care about maintaining her reputation anymore. She had just hoped that he would say something to make the old master give the painting to her granddaughter.

In the end... he was just like his father! He just wouldn't let her have her way.

It would be good if everyone from her sister's side died so that none of them would anger her.

"If you want to leave the treasures to the third child, I have no objections. The third child's surname is Li. Everything will be left to the descendants of the Li family anyway."

An old voice suddenly sounded, startling Old Madam Li so much that she quickly unclenched her fists and adjusted her expression. Every wrinkle on her face appeared benevolent now.

"Forget about Jiayi. Her surname is Du, and she's not a descendant of our Li family. I'll still give her some things, but they won't be great things. I won't leave her with much, but I won't mistreat her either.

"Li Jinnian is the eldest grandson of my Li family and the most promising one. Naturally, I have to leave everything in my hands to him. And you naturally have to leave what I give you to our third son and his family.

"It's just a small birthday. What kind of scheme are you setting up? Do you still need the eldest grandson of the Li family to congratulate you? Did they ever come to Li Jinnian's birthday? Did you, his grandmother, ever think of giving him anything good?"

The more he spoke, the more respectful Old Madam Li became. It seemed that her relationship with Old Master Li was not that of a husband and wife but a master and servant.

Old Madam Li, who had lived her entire life carefully, did not dare to show any disrespect to her husband who could control her life and death back then.

Hearing this, she smiled and nodded. "You're right. Your things naturally have to be left to the descendants of the Li family."

As long as the old man still had their third son in his mind, she would naturally compensate Jiayi.

The lights in the mansion went out one after another. Soon, only the street lamps outside the house and in the corridor shone. Li Jinnian walked out of the mansion and looked back at the carved mahogany door plaque. A faint mocking smile appeared in his cold eyes.

The Li family?’

He really had no kinship with the Li family. The only kinship he had left was with his maternal grandfather’s family.

When he walked out, he didn’t think about going back to his house. He took out his phone and dialed a number that had been turned off for the past two days. Surprisingly, he got through this time.

Xia Jinyuan was also surprised. He looked at the caller ID again before saying, “Demon King?”

He sat in the car he drove and didn’t start it. He asked Xia Jinyuan calmly, “Come out for a ride in the capital city. Forget about the team.”

Xia Jinyuan, who was still in the military headquarters, smiled and said, “I’m in the capital city, but I can’t come out yet. I’m still detained in the military headquarters. I won’t be out for at least two hours.

“But if you don’t mind waiting, why don’t you wait for me at General Hospital? I have to go there when I’m done here.”

Chapter 2112: Torturing Ye Ying (1)

Li Jinnian, who didn’t want to chat with his other friends, said, “I’ll wait for you outside the military headquarters.” He hung up and drove straight to the military headquarters.

V8, who was waiting in the car, was so surprised that his eyeballs almost popped out. When Xia Jinyuan came out, he saw two fools chatting in the cold wind.

At 12 o’clock in the morning, they would rather stand outside in the cold than get warm in the car. Were they doing cold resistance training?

A trained special forces soldier could naturally chat while braving the cold wind, but Sun Dongqing could not.

When she got off the plane, she was so cold that she almost froze. As she was just wearing a cotton coat, she was completely unable to withstand the invasion of the cold wind and had to return to the store in the airport lobby to buy a down jacket to wear.

She hurriedly turned on her phone again. Sun Dongqing took a look at her messages. No matter how late it was, she couldn’t wait to call Ye Zhifan.

Ye Zhifan, who was in a daze, heard his phone vibrating on the bedside table. He didn’t turn on the lights. He reached out to pick up his phone and said hoarsely, “Hello.” Then, he was shocked by Sun Dongqing’s howl.

“Old Ye, Old Ye, something big has happened. Something big has happened to Yingying!”

Ye Zhifan’s eardrums hurt from her voice. He frowned and said in a low voice, “Yingying is in the capital city with me. What could’ve happened to her? Are you dreaming? You’re causing trouble all day long. Sun Dongqing, can you stop?”

“Someone sent a videotape to our house. It’s the package that I received yesterday. I thought it was some materials sent to you...” Sun Dongqing, who could finally speak to her husband, suddenly grew determined. She chose to avoid the main point and quickly told him the whole story. “...What should we do? What should we do?”

“I let her study abroad because she wanted to make a name for herself. In the end, this damned girl did something so shameless. Old Ye, I’m afraid we’re really going to be in trouble!”

Ye Zhifan got up from the bed with a livid expression. He said angrily, “Take a taxi to Wang Fu Hotel immediately. Call me when you’re downstairs. I’ll come downstairs to pick you up. Remember, don’t let the hotel staff see your face! Also, bring the videotape with you!”

Something big had happened. This time, something really big had happened!

After hanging up the phone, Ye Zhifan’s expression was dark. He got dressed and pulled open the door to the next room. He pressed the doorbell impatiently.

Ye Ying was dreaming that she had married into the Du family and become Li Yuan’s wife. Just as she was exchanging rings with Li Yuan, she suddenly saw Ye Jian walking over. She was about to smile at her provocatively when a piercing police siren sounded outside the church. Ye Ying opened her eyes.

It wasn’t the police siren. It was the doorbell that was ringing clearly and urgently.

Ye Ying, whose dream had been interrupted, got up from the bed with a gloomy expression. She was angry, but she didn’t dare to open the door immediately. She looked at the electronic screen and saw her father. She suppressed her anger and opened the door.

“Dad, why aren’t you asleep yet?” she said unhappily. “I was sleeping soundly. Why did you wake me up? I still have to go to Madam Li’s house early tomorrow morning. If I don’t sleep well, I won’t look good even with makeup.”

Ye Zhifan, who was so angry that his chest was heaving, didn’t speak immediately. Instead, he walked into the room.

Ye Ying, who was in a daze, did not notice his abnormality. She closed and locked the door. As soon as she turned around, a black shadow flashed past her eyes. Slap! She was slapped hard in the face.

Chapter 2113: Torturing Ye Ying (2)

Ye Ying was stunned. She covered her face and stared at Ye Zhifan in disbelief. After a few seconds, she questioned loudly, “Dad, what are you doing? Why aren’t you sleeping at night? Why did you come over and slap me?”

“What did I do wrong to upset you?”

“You still have the cheek to ask me what you did wrong?” Ye Zhifan slapped Ye Ying’s left cheek without stopping. The two slaps left ten red finger marks on Ye Ying’s left and right cheeks.

Ye Ying’s eyes widened as tears welled up in her almond-shaped eyes. She roared. “Am I your biological daughter? You slapped me twice without distinguishing between right and wrong. Dad, are you trying to kill me?”

“If you weren’t my biological daughter, I would’ve strangled you to death now!” Ye Zhifan was too angry. His face was as red as a pig’s liver. He had used all his strength to slap her twice. His vision turned black.

Feeling wronged, Ye Ying burst into tears. “I’m not your daughter! I’m not your daughter! I want to go back to the Southern Province. I want to find my mother!” She was as aggrieved as a five or six-year-old child. She clamored for Sun Dongqing.

“When have you ever treated me as your biological daughter? All you know is to compare me to Ye Jian. You say that I’m inferior to her and degrade me to nothing. Now, you’re even beating me up. Dad, when have you ever treated me as your daughter?!”

After being slapped twice for no reason, Ye Ying felt like she was a child who didn’t have parents to dote on her. She shouted until her eyes were about to pop out.

Ye Zhifan looked at his daughter coldly. The anger in his heart didn’t disappear. Instead, it intensified.

He didn’t understand how his daughter became like this today. When she was young, she was clearly smart and loved by everyone.

At that time, he thought it was fine even if he didn’t have a son. If he had a smart daughter, as long as he nurtured her well, she would be better than any son.

He really thought so back then!

But now?

He regretted it!

‘I regret it!’

He regretted not finding a son to bring home. He regretted raising such a shameless thing!

She still had the cheek to shout at him!

She had no shame!

After the lights in the room were turned out, the bright and luxurious crystal chandelier lit up. Ye Ying, who was screaming, could see how ugly Ye Zhifan’s expression was.

But she didn't understand what she had done wrong during the day. There was no way she could accept being slapped twice in the middle of the night.

Tomorrow, she still had to go to the Du family to accompany Madam Li. Tomorrow, she had to get to know the young masters and young ladies of powerful families. How could she face them after being slapped twice?

"...You keep saying that I'm your daughter, but do you think of me as your daughter? You know how important tomorrow is to me, but you slapped me twice when you came in. Can I still go and meet anyone tomorrow? How will I show my face in public?"

"Is that b*tch Ye Jian your daughter? All you do is say that she's better than me. When did you say that I was good? Never!"

The more she accused him, the angrier Ye Zhifan became. He pointed at Ye Ying and shouted, "Tell me what you did in France!"

W-What?

F-F-France?

Chapter 2114: Torturing Ye Ying (3)

Before she could say anything, Ye Ying froze when she heard the word France. Her hissing stopped, and her almond-shaped eyes were filled with panic.

"You're aggrieved, right? Fine, tell me all the ridiculous things you did in France! You changed boyfriends every week? You ran to a bar and let yourself be hugged by two men? You didn't return to your dormitory at night and went to a hotel with men? Ye Ying, don't you feel ashamed?"

Ye Ying was completely stunned. How was this possible?!

How could her dad know about these things that happened so long ago?!

Her expression made Ye Zhifan even more sure that these things were true. They were all true!

The anger in Ye Zhifan's heart burned even more. He gritted his teeth, and the anger on his face surged. He looked at Ye Ying as if he wanted to kill her. Ye Ying was so afraid that she retreated.

She was afraid... She was afraid she wouldn't make it out of her hotel room.

Ye Ying's cowardice made Ye Zhifan's facial features twist in anger. He was furious. He raised his foot and stepped on the coffee table. He picked up the cups and plates on the coffee table and threw them at Ye Ying.

The first coffee cup hit Ye Ying's shoulder, causing her to regain her senses. Then, she saw several cups and plates flying at her. Ye Ying was so frightened that she covered her head and screamed.

'W-Who told Dad?!'

Who was it? Which god-damned person did this to her behind her back?!

No, no, she must never admit what she did. Indeed, she must not!

The things that happened in France were a thing of the past. She had even called her ex-boyfriends to clear things up. She had told them to be gentlemanly and not to go around talking about her. They had all agreed!

As long as they didn't say anything, no one would know!

Even if her dad went to verify it, he wouldn't be able to find any evidence!

She still didn't know that Sun Dongqing had the greatest evidence and was on her way to the hotel.

Facing the furious Ye Zhifan, Ye Ying, who was trembling in fear, hid in the corner behind a cabinet. Her long hair was scattered, and her cheeks were red and swollen. She looked pitiful.

This was the first time she saw Ye Zhifan so angry. She was very afraid. She held her shoulder that hurt from the impact. Her heart and mind were spinning. She needed to think of a way. She had to think of a way!

"Dad, I didn't do it! Who did you hear that from?! I went to study. How could I have gone to a bar? How could I have a boyfriend?! I didn't! Someone set me up. That's right, someone must have set me up!

"It's Ye Jian. It must be that b*tch, Ye Jian! She knew that I came to join the military, so she framed me! Dad, how can you listen to her? She clearly doesn't want me to join the military! You can't listen to her, you can't!"

Instead of thinking about how to remedy the situation, she only thought about shirking responsibility. It was too disappointing, too disappointing!

"Even if you're framed, it's because she had something on you! If you didn't do those shameless things, who would frame you? And what would they use to frame you? You said that Ye Jian is framing you and doesn't want you to be a soldier? But she doesn't even know that you've joined the military!"

Ye Zhifan hadn't seen the videotape yet. After his anger subsided, he felt exhausted. "Ye Ying, you've disappointed me. I'm completely disappointed in you!"

Ye Ying, who was about to faint from crying, shrank her shoulders as much as possible and covered her face with her hands to prevent herself from being hurt again. Her voice was hoarse from crying. "She knows, Dad, she knows!"

Chapter 2115: Torturing Ye Ying (4)

She had to make her father believe that Ye Jian was framing her. Only then would she not be beaten again.

She cried loudly and blamed everything on Ye Jian. "She's framing me because she knows. Other than her, there's no one else! Dad, I really didn't do anything to embarrass you and Mom. I really didn't do anything like that!

"Dad, you have to believe me. You have to believe me. Ye Jian is framing me. She's framing me..."

She had to make her dad believe her. Otherwise, she would not have an easy night!

Ye Ying, who was covering her face with her hands, had a ruthless look in her eyes.

She would never admit to the ridiculous things she had done in France. She had to make her father believe that Ye Jian was framing her and she had never done anything to embarrass her parents!

Suddenly, Ye Ying was glad that she had told Ye Jian when she went to the hospital that she had enlisted. Otherwise, there was no way to put the blame on her today.

Besides Ye Jian, she couldn't think of anyone else who would frame her!

Ye Jian! Ye Jian!

'How dare you set me up?!

'Very well, then!

'If I can't have it easy, you won't have it easy either!'

If anything happened to Ye Ying, she would push Ye Jian out. When she was young, whenever she did something wrong, as long as she pushed Ye Jian out, she would be in the clear.

Ye Jian was always the one who was beaten and scolded. It had nothing to do with her.

This time would be no exception!

Ye Ying was afraid that Ye Zhifan would do something irrational to her in his anger. She tried her best to reduce her presence. She hugged her shoulders and curled into a ball in the corner. She looked pitiful.

She didn't dare to talk to Ye Zhifan directly. She only dared to glance at him from time to time. Every time she looked at him, she would be frightened by Ye Zhifan's ferocious expression. The more afraid she was, the more her body trembled. She wanted to gain Ye Zhifan's sympathy by looking pitiful and aggrieved.

She didn't dare to say that she wasn't Ye Zhifan's daughter anymore. She only hoped that she could gain some pity and escape this calamity.

Ye Zhifan was so angry that his vision turned black. How could his heart ache at this moment? He really wanted to strangle this disobedient bastard with his own hands!

"How does Ye Jian know that you enlisted? How does she know?" he asked coldly. After standing for a long time, he slowly sat on the sofa and stared at Ye Ying, who was stubborn. "How does she know?"

How did Ye Jian know? Ye Zhifan already had an answer.

Apart from the mother and daughter, who would go and blabber everything to Ye Jian? Who else knew that Ye Ying was about to join the military?

To be on the safe side, he didn't even mention it to his colleagues in the bureau!

Ye Ying cried until she was sobbing. Snot and tears flowed down her face. "Mom and I told her. The last time... The last time, I... Mom and I bumped into Ye Jian. We couldn't help but... say it."

They had been warned a thousand times not to tell anyone until she actually joined the troops.

In the end, the mother and daughter even told Ye Jian!

At this moment, Ye Zhifan aged a lot.

But even if Ye Jian knew, she wouldn't have had the ability to get the videotape unless someone behind her helped her.

But was there really such a person who was willing to help Ye Jian?

If the videotape had been sent directly to the house, had copies been sent elsewhere? To other people? Were they sent to his colleagues as well? What about the provincial office?

Chapter 2116: Torturing Ye Ying (5)

No, he couldn't suspect Ye Jian!

The most suspicious people were his political enemies. Only they had the ability to get such a videotape!

However, they were not framing him. They were openly telling him that they had the videotape of his daughter doing ugly things!

If Ye Ying were innocent and upright, how could they frame her?

If one hadn't done anything they should feel guilty about, then one wouldn't need to be in fear.

"So, you suspect that Ye Jian is framing you? Are you trying to tell me that you didn't do anything that would embarrass us in France?" Ye Zhifan asked coldly. "Do you dare to say that you didn't do anything that'll make people laugh at us and make us lose our face?"

"Lift your head and look at me when you answer! Do you dare say you were set up? Do you dare?"

Ye Ying's fingers were trembling so much that she didn't dare to look up. She didn't dare to say it, but she had to look up. She had to say it. She moved her hands away from her face and dug her fingers into the flesh of her palms. "I didn't do it, I didn't! Ye Jian's framing me. Other than her, who else would go through so much trouble to frame me?"

Fine, fine, fine. At this point, she was still being stubborn!

Her eyes said everything, but she still put all the blame on Ye Jian. Ye Zhifan nodded coldly. "Okay, I hope you can continue to be stubborn later."

It was too disappointing. It was really disappointing. She dared to do it, but she didn't dare to admit it. She didn't know how to solve the problem when it happened. She was so stupid that she only knew how to frame others. She could frame others, but she needed to use some skills to mess with others!

However, she did not have any ability. Other than talking, she did not do anything else.

'You're just like your mother!'

Ye Zhifan panted heavily and stopped talking.

Ye Ying, who was crying in fear, didn't dare to get up. She hid in a corner and hoped that time would pass quickly.

It was almost four in the morning when Sun Dongqing arrived at the hotel. When she saw Ye Zhifan's dark expression, her anger surged. "Where's the embarrassing girl? Where is she? I have to teach her a lesson tonight!"

Her daughter had done everything she hated and despised!

Snuggling up to men and getting a room with them. How could she have such a cheap daughter?!

That videotape was a slap in the face. It burned her face. It hurt!

"That's the good daughter you raised!" Ye Zhifan glared at her. He gritted his teeth and said, "You've always said that your Yingying is the best. Yes, yes, your Yingying is the best! This is how good she is! This is the 'good daughter' you raised! I've really learned something new!"

Sun Dongqing didn't protect her like before. She rolled up her sleeves, and every step she took was filled with ruthlessness. "What a disgrace. I must beat her to death today!"

Her appearance made Ye Ying overjoyed. Her eyes were red from crying. She shouted miserably, "Mom, save me." Her hair was disheveled as she got up and pounced on Sun Dongqing.

Her savior was here. Her savior was here!

As long as her mom was around, her dad could forget about hitting her again!

However, what greeted her was not Sun Dongqing's protection but two slaps that were even louder than before. It didn't end just there. There were countless slaps, punches, kicks... Sun Dongqing, whose anger had burned to the point where she no longer had any rationality, punched and kicked her aggressively. "I'll beat you to death, you disgraceful, immoral girl!"

Chapter 2117: Torturing Ye Ying (6)

Ye Ying, who had never been slapped by Sun Dongqing, was shocked. Compared to Ye Zhifan, Sun Dongqing was much more violent.

"Mom, Mom... I didn't... I didn't... Ah... It hurts, it hurts. Mom, stop hitting me. I didn't do it. I really didn't." Ye Ying, who had been hit to the floor, arched her body and tried her best to protect her face and head. The shock in her heart was overwhelming.

How could this happen?

How could this happen?

Why wouldn't even her mother help her? Why, why?

Ye Ying screamed and begged for mercy, but Sun Dongqing beat her even more ruthlessly.

“I didn’t send you overseas to learn how to sleep with foreigners! I didn’t ask you to be a prostitute! I didn’t ask you to be with new men every week!

“I’ll beat you to death, you shameless thing! Why did you have to degrade yourself? If you wanted a boyfriend, I wouldn’t have stopped you. You could’ve found a boyfriend like Madam Li’s son!

“Instead, you found Western devils to sleep with. Shameless woman! Who did you learn these things from?! Who did you learn them from?!”

Just as Sun Dongqing was about to kick Ye Ying’s head, Ye Zhifan frowned and grabbed his wife. “Enough!”

If she continued, she might really kill Ye Ying.

Sun Dongqing was a barbaric woman. She was more ruthless than Ye Zhifan when she lost her rationality. This made Ye Zhifan’s attitude seem gentler.

There was a video player in the hotel. Ye Zhifan put the videotape in. After a while, Ye Ying appeared on the screen. She was seen with heavy makeup and dancing with a blonde man on a dance floor.

Ye Zhifan was so angry that the veins on his temples bulged. He closed his eyes.

It was not a setup. The other party was telling him how sl*tty his daughter was when she went overseas.

Ye Ying, whose entire body was bruised, was completely dumbfounded.

How was this possible?!

How could these things have been recorded on tape?!

Who was it? Who was messing with her?!

The image flashed. The next scene showed her cuddling and snuggling up to the blonde man who danced with her earlier as they kissed on the sofa. The man’s hand lifted her shirt and went straight to her chest. The image was extraordinarily clear as if someone had filmed it right in front of them.

“No, no! Don’t look, don’t look!”

Suddenly, Ye Ying rushed up crazily. She was so flustered that she was out of her wits. She pressed on the video player randomly, wanting to take out the tape to destroy it. The more anxious she was, the more chaotic it became. She couldn’t take out the tape. She was so anxious that she screamed and picked up the video player and smashed it against the wall.

No, no. She didn’t do those things. She didn’t. She didn’t!

The commotion woke up the guests in the other guest room. Soon, the hotel attendant and lobby manager arrived. It was because of the guests that Ye Ying was not beaten up by Sun Dongqing again.

After explaining to the lobby manager, Ye Zhifan sat on the sofa and said coldly, "You don't have to go to Miss Du's birthday party tomorrow. The enlistment is canceled. I'm going to book a plane ticket now. We'll go back to Shuikou Village overnight."

"No, I don't want to. I don't agree!" Ye Ying screamed. "Madam Li likes me so much and said she wants me to be her daughter-in-law. I must go tomorrow!"

She crawled to Sun Dongqing's side and hugged her feet. She cried until she was out of breath and begged, "Mom, persuade Dad. I must go to Madam Li's house tomorrow."

Chapter 2118: Torturing Ye Ying (7)

She was afraid. Ye Ying was afraid!

Even Sun Dongqing, who doted on her the most, had hit her. Ye Ying was afraid!

It was uncertain why she was so sure that she hadn't done something embarrassing in France. It was ridiculous to see her like this.

She could not accept her fate. She would not accept it so easily!

She had to convince his mother to stand by her! She had to.

Ye Ying could be considered impressive. She could always find all sorts of excuses to reassure and comfort herself. She could also always shamelessly think that she had done nothing wrong. The ones who were wrong were those who wanted to harm her.

'The videotape doesn't matter!

'Who hasn't been young and frivolous?! Who hasn't lost their way for a little while?!'

Li Yuan had also studied abroad. She didn't believe that he didn't have a few girlfriends during his time abroad!

Holding Sun Dongqing's legs, Ye Ying hugged the driftwood that was her only hope of not drowning. With her swollen face, she kept saying, "Didn't you say that I have to find a boyfriend like Madam Li's son? I have a chance. I really have a chance.

"Mom, Madam Li really said during dinner that she wants me to be her son's girlfriend. Really, I'm not lying to you. I'm not lying to you.

"I have to go. I have to go! If I don't go, I won't have a chance. Mom, please, help me. I'm your daughter. You usually dote on me the most. Please help me."

She begged. She couldn't go back. If she did, it would really be over.

Her dad would definitely abandon her. He would definitely have another child and nurture them instead! She would only be able to stay in the mountains for the rest of her life and become a joke!

"I admit that I wasn't very discreet in France, but it's not a big deal. There's nothing I can do about it now. When I went over, I really wanted to study hard, but everyone was playing around. They isolated me if I didn't get involved. They said I was pretending to be noble and even went against me.

"Mom, I was scared. You and Dad threw me out of the country thinking I'd have a good life. You were wrong. I was scared. I was really, really scared.

"But what choice did I have?! If I didn't go with them, they'd gang up on me. Mom, you have no idea how scared I was back then. They'd lock me in the toilet or outside of my bedroom, they'd replace my shampoo with dish soap, and they'd even throw my clothes in the toilet.

"What choice did I have? I didn't want to be bullied. I had to be like the rest of them. I was forced to."

She treated herself as the target of bullying. As she spoke, Ye Ying came to believe that she was really forced.

Sun Dongqing had never heard of this before. When she heard this, her anger boiled again. She turned around and said, "Why didn't you tell us? My daughter, they were forcing you to death!"

Sun Dongqing's heart softened when she saw the bruises on her daughter's face. After all, this was the daughter she had doted on for 20 years.

She had thought that her daughter had degraded herself, but she was only forced to.

Being forced into a corner was completely different from degrading herself. It just showed that she did not protect her daughter well. No matter how embarrassing her daughter was, it was their fault as her parents!

"Old Ye, you—"

Sun Dongqing, whose attitude had softened, was about to speak when Ye Zhifan interrupted her coldly, "You were forced? Ye Ying, it's fine if you lie to your mother, but can you lie to me?"

Chapter 2119: Torturing Ye Ying (8)

Ye Ying panicked when Ye Zhifan spoke.

"I sent you to a French elite university, not some university commoners went to. You were forced? Ye Ying, keep on lying to yourself and your mother. No one could've forced you. You're the one who degraded yourself!"

Every sentence made Ye Ying feel like she was falling into an abyss. Her heart sank.

Sun Dongqing, who was holding Ye Ying's shoulders tightly, knew that her husband wouldn't be lying to her. It seemed that her daughter was actually lying to her.

"Mom, Mom... Mom..." Ye Ying didn't dare to say that her shoulder hurt. She knew that only by shouting in pain could she soften Sun Dongqing's heart. Her mind was racing as she thought about how to escape.

Ye Zhifan, who had decided to give up on Ye Ying, pressed on. "Sun Dongqing, do you think the other party only has one copy of the videotape? Can you guarantee that the other party didn't send more copies to my bureau or my colleagues? Do you really think there's just this one videotape?"

"Sun Dongqing, can you grow a brain?! Someone doesn't want your daughter to enter the military! Do you know that?!" He pointed at the video player that Ye Ying had broken and growled. "Can you guarantee that if Ye Ying enters the military, the other party won't send the videotape to the military?"

How could she know all this? She only knew that her daughter had done something embarrassing. She had to teach her a lesson so that she wouldn't do something embarrassing again in the future.

As for the rest, she hadn't thought about it.

After being reminded, Sun Dongqing panicked and stammered, "We... This... This... Is there really no other way? Can we only return to the village?"

"What do you think?" Ye Zhifan, whose head was about to explode, rubbed his temples quickly. Thoughts popped up in his mind.

If he couldn't find the person who sent the videotape, Ye Ying wouldn't be able to leave the mountain village, let alone enter the military.

As for marrying into the Du family?

Hah!

She shouldn't even think about it!

Once the videotape landed in Madam Li's hands, their entire family would be finished!

Ye Ying, who was crying miserably, saw that her mother's attitude had finally softened. She immediately continued begging, "There's a way! As long as Madam Li treats me well, no one will dare to offend our family again.

"Mom, I'll marry into the Du family. Believe me, I'll definitely marry into the Du family! Li Yuan has a very good impression of me. He even asked me to look for him when I had time in the future. He said he'd take me out to play.

"Staff Officer Du agreed. Madam Li even asked Li Yuan to take care of me more. Mom, don't you just want me to marry Li Yuan?"

Sun Dongqing felt that her daughter made sense. However, when she saw Ye Zhifan's ferocious expression, she swallowed her words.

If it were about anything else, she would have dared to talk back to her husband. However, she was so angry that she wished she could beat this disobedient daughter to death, let alone her husband.

Ye Zhifan sneered as Ye Ying tried to escape.

Before the appearance of this videotape, he actually had the intention of letting his daughter marry into the Du family. After all, Madam Li's words were too tempting.

But now?

No, he had no thoughts about it at all!

Now, he only hoped to bring Ye Ying back to his hometown quickly and let the person who sent the videotape see his sincerity!

Sun Yaozu's sudden death, the Southern Province police kidnapping his employer, and the murder case where he failed to get the money... The investigation for all these had yet to come to a conclusion.

Now, it was his family's turn to be unlucky again. Someone might really be targeting him and not want him to continue moving up. They wanted to completely destroy him!

Chapter 2120: Torturing Ye Ying (9)

??

He could find a replacement for his useless daughter, but he could not lose his official position. The person behind the jade pendant would definitely not want to see him have a falling out with the Du family.

Giving up Ye Ying was the best choice!

Just as Ye Jian had said, Ye Zhifan would definitely not make sacrifices for anyone for the sake of his career. He would be ruthless to anyone who stopped him. It was the same even if it were his biological daughter.

Ye Zhifan, who had made up his mind, said coldly, "Madam Li has a good impression of you? Ye Ying, you think too highly of yourself! If you send the videotape to Madam Li's house, what do you think will happen to you?"

"That's right. Madam Li did say that she wants her son to marry you, but have you put in the effort to get there? No! You left such a big mess for us to handle! This is a bomb, a bomb that'll blow our entire family up!"

"If you didn't have any dealings with the Du family, this videotape would just embarrass our entire family at most. But if Madam Li watches the video, she won't let you or me off!"

"Sun Dongqing, I'm doomed. Our entire family is doomed!"

The power of the last sentence was no less than a bomb thrown into Sun Dongqing's heart, blasting away the stupidity in her heart. She suddenly understood the dilemma in front of her.

She, who understood completely, let out a dry howl and punched Ye Ying's shoulder. "What sin have I committed to give birth to such an embarrassing girl like you?"

“It wasn’t easy for a general’s wife to like you, but you actually... You actually...” Sun Dongqing, who was filled with sorrow, pounded her chest after beating Ye Ying. Her heart hurt too much!

That great opportunity was gone again! It was gone again!

Seeing that her father was no longer helping her, Ye Ying, who was in despair, cried and got up. “Mom, don’t be angry. I’m wrong. I’m in the wrong here.” She hugged Sun Dongqing and suddenly said in a low voice, “Mom, if you don’t help me, Dad won’t want you or me!”

Sun Dongqing’s body suddenly stiffened as she heard her daughter say, “Dad is only in his early 40s. It’s the golden age for men. As long as he wants to have children, with Dad’s official position, there’ll be many young and beautiful women who want to give birth to his children. Mom, you have to help me go to the Du family! I can’t be abandoned by Dad! He doesn’t want me to go because he’s afraid of offending Staff Officer Du!

“Madam Li likes me. Mom, I’m confident that I can win over Madam Li. I’m also confident that Li Yuan won’t be able to escape from my clutches! Tomorrow is my last chance. If I miss it, Mom, you and I will be abandoned by Dad!

“Don’t think that Dad won’t dare. He does dare to do it! We can’t put up a fight against Dad, Mom. So, I’m going to gamble! If we win, everything will be ours!”

Every word hit Sun Dongqing’s heart.

That was right. Her daughter was right. Once the mother and daughter returned to Shuikou Village, everything would be over. They would become the laughing stock of the entire village!

But how should they do this?

She had no choice but to let her daughter figure it out.

The mother and daughter hugged each other. Ye Zhifan, who had a splitting headache, didn’t say anything else. He glanced at Ye Ying coldly and stood up. He said to Sun Dongqing, “Look after her. I’ll go back to my room and book a flight home for you two.”

He didn’t know that when he returned to his room to book the tickets, Sun Dongqing had left Wang Fu Hotel in a hurry with Ye Ying.

He also did not know that the mother and daughter were about to cause a huge disaster.
