

BOOT CAMP 2141

Chapter 2141: The Big Resentment (7)

When Ye Ying heard that they needed to be bailed out if they called the police, she shouted at Sun Dongqing, "Mom, do you want to help me or harm me? If we go to the police station, who will bail us out? Shut up!"

Sun Dongqing didn't want to go to the police station. She was so angry that she turned around and glared at Ye Zhifan. "Ye Zhifan, don't even think about getting a divorce! I'll pester you to death!"

Ye Zhifan, who didn't answer, only raised the enlistment notice and videotape in his hand. Sun Dongqing left with Ye Ying angrily.

In the ward, the nurse pressed the call bell and invited the doctor on duty to come and check on the patient. Sun Dongqing walked out of the ward and said viciously, "You'd better die of illness." The security guard who was escorting her frowned.

Whoever got involved with such a vicious woman would be unlucky!

The mother and daughter who were kicked out of the hospital didn't leave immediately. Sun Dongqing wanted to leave, but Ye Ying held her back. "Mom, I have to get my enlistment notice back. This concerns my military post. I can't go without the notice.

"The videotape isn't a big problem yet. Dad won't dare to give the videotape to Madam Li! The most important thing now is to get back the enlistment notice! We have to get it!

"Get a divorce, Mom. Dad's already like this. What's the point of dragging it out? Didn't he say he doesn't have to have anything if you agree?"

"Mom, please divorce him for me!"

Sun Dongqing was determined not to accept the divorce. "Yingying, I can agree to anything else, but I definitely won't agree to this! After the divorce, where will I put my dignity? No couple in Shuikou Village has ever gotten a divorce. Do you want me to go back to the village and drown in the criticisms of those gossipy women?"

"Why do you want to return to the village after the divorce? What's so good about that lousy village?! You can live in the provincial city or Anyang! After the divorce, the house will all be yours!

"Also, as long as I marry into the Du family, you don't have to worry about anything! Look, I'm a military arts soldier now. I'll report tomorrow morning and perform with the veterans in the afternoon. I'll be greeting Madam Li's acquaintances in the regiment.

"If I didn't have to join the army tomorrow, Madam Li would've asked the regiment to arrange for me to perform with the rest. Look, Madam Li is so good to me. Are you afraid that you won't have a good life after the divorce?"

.....

As long as Ye Ying thought of the enlistment notice and the videotape, she would be anxious. She kept persuading Sun Dongqing, but Sun Dongqing would not agree.

Ye Ying, who had been talking for nearly an hour, knelt down with a thud. "Mom, you have to help me. Please, you have to help me. I don't want to have nothing. I don't want to be inferior to Ye Jian. I don't want to be suppressed by Ye Jian for the rest of my life.

"For your daughter's sake, please." She was just short of kowtowing.

Ye Zhifan didn't want anything to happen. After the nurses and doctors left, he took out his phone and called Sun Dongqing. "Have you considered it? If you don't reply to me, I'll tear the enlistment notice immediately. I'll call Staff Officer Du and ask the guards to come and take the videotape away!

"I'd like to see if your precious daughter can still join the army then! You'd better agree to the divorce before I try to bring everyone down."

Ye Ying was begging her, while Ye Zhifan was urging her. Sun Dongqing finally agreed to the divorce.

Chapter 2142: The Big News Spreads (8)

??

At the same time, she stated her request. "Return to the Southern Province and transfer all the assets to me first. Then, you can go ahead with the divorce procedures!"

Ye Zhifan nodded without hesitation. These assets weren't worth much!

"Once the divorce is settled, I'll immediately tell Ye Ying where the enlistment notice and videotape are. I'll make sure she can enlist before 12 tomorrow without affecting her afternoon performance."

Speaking of negotiation, Sun Dongqing and her daughter were no match for Ye Zhifan even if they joined forces. Soon, the two of them agreed verbally. Ye Zhifan handed the enlistment notice and videotape to a nurse in the hospital and gave the other party a few hundred yuan to help keep the items safe. He booked a plane ticket and flew back to the Southern Province with Sun Dongqing.

"What? Director Ye and his wife have just completed the divorce procedures?"

When Xia Yiwei, who was recuperating at home, received the news, she was so shocked that she sat up from the sofa. Hou Zi, who was peeling an apple beside her, was shocked by her movement. He tossed the apple and knife. He quickly supported Xia Yiwei. "Why are you so shocked when others are getting a divorce? Hurry up and lie down."

As the risk of miscarriage in an older pregnant woman was too high, Hou Zi was so scared that he stayed at home day and night. He was worried that something would happen to the mother and child.

Only then did Xia Yiwei remember that she was pregnant with a child. She quickly lay back on the sofa and calmed herself down before asking, "What happened? Why did they get a divorce for no reason?"

"I don't know. I only found out when I saw the divorce certificate in the drawer. It was done this morning, and there's no news about it at all," the secretary on the phone whispered. He was also confused about this. "The day before yesterday, the director was in a good mood when he went to the capital city. Why did he suddenly have a falling out with his wife?"

"Last night, I returned to the Southern Province at around one in the morning. He asked me to go to the office and send the household register to his house. There were no other signs. Did something happen in the capital city that's behind the sudden divorce? The bureau doesn't know yet, so I'm probably the only one who knows. Everything was fine. How did the divorce happen? Secretary Xia, why don't I ask around?"

'What happened in the capital city?'

Xia Yiwei thought for a moment and smiled. "Forget it. Divorce isn't a big deal. There's no need to ask around. Just pretend not to know."

The sudden divorce was probably related to the videotape that Little Ye had sent out.

She had to tell Little Six.

From yesterday until today, Little Six's mood had been at a low point. He was locked in the hospital and guarded by two guards. At the same time, three of his comrades were guarding him. Including Li Jinnian, the six of them were guarding him!

They would guard him so that he could not escape!

After receiving Xia Yiwei's call, Xia Jinyuan, who was on the bed and whose heart had already flown to Ye Jian's side, didn't have much interest in listening to her. "It's not easy for Ye Zhifan to endure his marriage until now. It won't affect him much."

"It's true that the divorce won't affect him much, but he went to the capital city and suddenly rushed back overnight. He finished the divorce procedures this morning. Find out for yourself what happened to him in the capital city. I suspect it has something to do with the videotape Little Ye sent."

This sentence piqued Xia Jinyuan's interest. He smiled and said, "Okay, I understand. Take care of yourself. I'll keep an eye on you."

The four comrades who were playing in the ward did not hear clearly. They only heard the words 'keep an eye'.

Han Zheng asked, "Who would an injured person like you keep an eye on?"

Chapter 2143: The Big Haste (9)

Xia Jinyuan's mood had been low since yesterday. He was locked in the hospital and guarded by two guards.

At the same time, there were still three of his comrades guarding him. Including Li Jinnian, there were six people guarding him!

In order to prevent him from leaving the hospital and running to the Southern Province, the six of them guarded him so that he could not escape!

After receiving Xia Yiwei's call, Xia Jinyuan, who was on the bed and whose heart had already flown to Ye Jian's side, didn't have much interest in listening to her. "It's not easy for Ye Zhifan to endure his marriage until now. It won't affect him much." "Read more on newNovel.org"

This sentence piqued Xia Jinyuan's interest. He smiled and said, "Okay, I understand. Take care of yourself. I'll keep an eye on you."

The four comrades who were playing in the ward did not hear much else. They only heard the words 'keep an eye'. Han Zheng asked, "Who would an injured person like you keep an eye on?"

"It's not a person. It's a private matter. I have to keep an eye on Ye Jian to prevent her from being snatched away." Xia Jinyuan put down his phone and looked at his comrades who were blatantly playing cards in front of him. His thin lips curled up into an elegant smile. "Why don't you play for a little money? If you don't play big, you can still play for a few yuan a round."

Li Jinnian, who had played a card, coldly exposed his comrade's scheme. "You want us to go back to the military where we'll be splashed with cold water and be locked in a dark house, right?" No matter how big the bets were, the military forbade gambling!

"Captain, you're too bad! I almost fell for it!" Han Zheng said as he pressed down on K7's card with one hand. "Wait, wait, wait. I still have a pair of two spades against each other. Up, up! My two spades are the biggest!"

"Are you kidding me? We agreed to not keep cards!"

"Why would I need to keep cards? I'll remember the cards after a glance. It's necessary to keep cards."

"Isn't that considered as keeping cards?"

.....

Han Zheng and V8 laughed at each other. Although it was a little boring to watch over the disobedient patient, they could still play cards.

They had been playing since the day before and would take turns to rest at night. When they woke up, they played from the morning till now.

Xia Jinyuan looked at his comrades who he definitely couldn't defeat alone. He pressed his slender fingers against his forehead and asked Han Zheng, "Help me look into something. It's a little urgent."

He wanted Han Zheng to find out if there was any conflict between Ye Zhifan and the Du family.

“The Du family? What do you have to do with the Du family? The Du family held a small birthday party for Du Jiayi last night. Everyone who went was their family’s acquaintances and friends. A friend of mine went with his sister. Wait, I’ll call and ask.”

Han Zheng had many good-for-nothing friends. If there was anything, Xia Jinyuan could ask him.

After getting his phone, he stood up and planned to go outside to make a call. Upon dialing the number, he walked out and spoke to his friend. When he looked up, he saw a slender figure walking toward him.

She saw him ahead of time, and there was a faint smile on her lips. “Are you stepping out to busy yourself with some matters?”

‘Damn! I’m not busy!’

“Help me check if anything major happened at Du Jiayi’s birthday party last night. I won’t talk more about it with you for now, but it’s an emergency. Goodbye.” It took only three seconds for him to finish talking. Then, he smiled widely at Ye Jian. “I’m not busy. I didn’t know you were coming over. Am I considered to have come to pick you up?”

Chapter 2144: The Big Rush (10)

It was definitely a surprise. Since Ye Jian was here, they wouldn’t have to keep an eye on the troublesome Little Six. If he wasn’t injured, only Demon King Li could guard him.

Han Zheng, whose face was full of smiles, turned around and pushed open the door of the ward that had just been closed. “Come, come. Everyone is waiting for you.” He made a very gentlemanly gesture. “The humble ward is simple, and there’s even a disobedient fellow inside. Please bear with it.”

Everyone in the ward looked up at Han Zheng, who had returned. Because he spoke politely, they all thought that a leader had come to visit. The three people at the card table quickly hid their cards and stood up to wait for the leader to come in.

The ‘leader’ came in quickly. The person Xia Jinyuan had been thinking about day and night suddenly appeared in the ward. Xia Jinyuan, who was lying on the bed, chased them away. “You can leave now. Go far away and don’t come back.” “Read more on newn0vel } org”

Ye Jian came in in her student uniform and saluted her comrades who were all older than her in the ward. Then, she said, “I’ll have to trouble you to keep watch. I have something on with the leader at two in the afternoon. I can only stay for an hour.”

She could only stay for an hour during the day, but there would definitely be time at night!

At least, that was what Xia Jinyuan thought to himself. After chasing all his comrades out, he quickly locked the door of the ward. He turned around and hugged the girl tightly.

“I’ve missed you, Little Fox.”

He kissed her forehead eagerly. The kiss spread from her forehead. Without giving Ye Jian a chance to speak, he kissed her lips deeply.

Xia Jinyuan had missed her so much that his heart couldn't help but tremble at the thought of her name. He grabbed her waist tightly and pulled her into his arms.

It was a deep kiss born of pure longing. The heat that was filled with longing wrapped her tightly, leaving only him in her world.

Ye Jian, who had always been slow to react to intimacy, was stunned for a moment when he kissed her. As his tongue moved and his refreshing breath invaded her body, Ye Jian's passion was ignited.

She missed him as much as he missed her. She missed him so much!

.....

The kiss was gentle enough to sink her heart. The relentless entanglement made her go on tiptoes in response to his deep affection and longing.

'I've missed you, Captain Xia.

'I really missed you.'

She responded with affection, doing her best to tiptoe in response to his longing. She told him with her actions how much she missed him too.

After a long while, Xia Jinyuan ended the kiss that was so deep that they could smell each other's breaths. He pressed his handsome nose against hers and looked at her deeply, making their breaths intertwine.

"I've made you worry." After staring at her for a long time, Xia Jinyuan held the back of her head and let her bury her head in his chest. He was afraid to look at her, afraid that he would see tears that would make him sad.

'I'm sorry, my love.

'I'm sorry to have worried you.

'I'm sorry, my love.

'I'm sorry to have startled you.'

He couldn't just say he was sorry. That was the duty of a soldier. There was no way he could say he was sorry. It was something she, as another soldier, had to get used to and accept.

All the apologies and guilt could only be repeated over and over in his mind.

Chapter 2145: My Love

Ye Jian didn't dare to hug him due to his injured waist. She grabbed his hospital gown tightly with both hands. She took a deep breath and replied softly, "I was very afraid when I left, but everyone told me that I had no other choice but to believe that you would return safely.

"I was afraid, but I always believed you would return safely."

She understood him. She knew exactly how he felt under the tight embrace. She knew he felt guilty. She knew he wanted to tell her he was sorry, and she understood why he couldn't say it. She knew it all. She understood it all.

The gentle answer made Xia Jinyuan, who was unyielding and never cried even when he was injured, feel the urge to cry. Under the light, tears flickered in his deep and bright eyes.

How lucky he was to have met a lover who knew him and understood him. How lucky he was to have met her.

"You were waiting for me. How could I have let anything happen to myself? Of course, I'd be fine. For you, for myself, for my comrades, for the country I've served so faithfully... How can I let anything happen to me?"

His large hand touched the top of her head, caressing it. He comforted her, saying, "Everything's fine. Don't worry, Little Fox. You were looking forward to my return. How could I bear to ruin your hopes?"

"I said I would grow old with you. That's a promise. I made you a promise, so I can't break it."

How could he bear to break the heart of someone who loved him so deeply? How could he bear to let her live alone in the future? It was so difficult to get her to open her heart. If he was gone, how could her world accommodate another man?

He couldn't bear to see her sad or lonely. He couldn't bear to leave her alone. How could he let himself leave her when there was so much he couldn't bear to do?

Xia Jinyuan held the back of her head tightly and slowly closed his eyes. He lowered his head and kissed the top of her head. "I love you, Ye Jian. I love you with my life until the end of my life..."

He loved her so deeply. She was his lover who made his heart ache and made him pity her. He would go from his prime to his twilight years and go from having black hair to white hair by her side. He would only stop loving her when he stopped breathing.

Ye Jian bit her lower lip and forced back the tears that she wanted to cry.

.....

"Mark my words, Little Fox. I'll try to live so that I can always come back and see you. Please, you must insist on waiting for me to come back each time. When I leave you on a mission, just wait quietly for me to come back. You must not let yourself be affected because of me, especially when you're on your mission. You must not be affected because of me.

"You have to do the same. All of you have to work hard to come back alive for me. You can't let me down. You can't break my heart. You have to come back alive even if your uniform is stained with blood. Understand?"

Ye Jian, who had stopped crying, nodded. She knew everything.

"I know. You told me before. I remember what you said. I've always remembered it." Ye Jian closed her eyes and sniffed his familiar scent. It was so... reassuring.

It didn't matter if they were injured. At this moment, Ye Jian understood why the injuries on the special forces soldiers of the Xueyu unit represented new members.

It turned out that coming back alive with injuries represented a new life.

Chapter 2146: Take A Good Look At You

Xia Jinyuan always knew that Ye Jian listened to him. She would remember every word he said.

Every time he heard her say that she remembered his words, his heart could not help but soften.

"Good girl, my baby." Xia Jinyuan lowered his head and kissed her forehead with a smile. Suddenly, he bent down and picked her up when Ye Jian wasn't paying attention. He smiled and said, "Don't move. I can't use my strength casually now. If you move, you might slide out of my hands."

Ye Jian didn't dare to move. She was afraid that if she struggled, his wound would open up. She grabbed his clothes tightly and looked at him unhappily. "Even if I don't move, you can't bend down and pick me up. Aren't you afraid that the wound will open up? No wonder the commander said that you're a bastard and sent so many people to guard you!"

"They've really protected me this time." Xia Jinyuan sneered. The person he had been thinking about had arrived. It didn't matter whether he was being guarded or not. He carried her to the bed and

couldn't help but lower his head to kiss her red lips. He said gently, "You only have an hour to accompany me in bed."

How could Ye Jian refuse? It was best for him to rest in bed since he was injured.

Ye Jian didn't dare to lie in his arms. She lay on her side and only dared to rest her head on his shoulder. She hugged his arm with both hands and listened to him talk about the danger he encountered this time.

"I was interrogated when I got back, but fortunately, I wasn't the one carrying the most responsibility. I was fine after a few lashes. They were all minor injuries. They didn't even break my skin."

The two of them lay on the narrow bed and whispered about the dangerous things that happened. No matter how dangerous it was, Xia Jinyuan's narration made everything seem fine.

"Then, my mission was completed. While they were exchanging fire, I decided to add another mission at the last minute. I triggered a hidden alarm and was penetrated by shrapnel. That's why I was injured.

"There's nothing too serious with the injury. I've already gotten it checked out. I'll be out of the hospital in three days after getting anti-inflammatory drips."

He said it in a faint and smiling tone. The bloody gunfight that happened sounded like a child's fight in his words. Ye Jian couldn't help but get up a little. She looked down at the man lying flat and caressed his handsome face.

She didn't say much because they understood each other.

.....

They were both dressed in the same uniform and went on the same high-risk missions. They really understood each other.

Sigh. She had planned to teach him a lesson, but now she could not bear to.

It was normal for him not to recognize her when he was on a mission. It would be too unreasonable for him to continue pursuing her even though he was injured.

Her gentle touch made Xia Jinyuan smile. He closed his eyes and felt her loving gaze. She used her fingers to draw his face bit by bit.

From his eyebrows to his eyes and to the tip of his nose and his lips, her fingers gently stroked his features. Then, she kissed him with her delicate lips.

She kissed his forehead, eyes, and the tip of his nose before finally stopping at his lips. She ran the soft tip of her tongue lightly over them, then nimbly slipped it inside to dance with his tongue.

"Little Fox..." he called softly. He reached out and pulled Ye Jian, who was kissing him, into his arms. "I'm not that fragile yet. I'll be fine if I avoid the wound."

Ye Jian kissed his thin lips and his handsome chin. "Lie down. I want to see your injury."

“What’s to look at? It’s been wrapped up with gauze. You won’t be able to see it even if you want to.” The re-stitched wound... To be honest, it was a little hideous. He was afraid to let her see it, in case she felt sorry for him.

Chapter 2147: Please Have Your Way With Me

Ye Jian sucked on his chin with her teeth. Her voice was as soft as water. “I didn’t even care that you didn’t recognize me. Now, I just want to see your injury. Won’t you even agree to that?”

He would, he would! He would 100 percent agree to it!

Thinking about how he was less than three meters away from her on the island and how he didn’t realize that it was her, Xia Jinyuan didn’t dare to go against Ye Jian’s words. He spread his long arms and legs. His tall body was sprawled like a starfish, “Come and check.”

He looked like he was asking her to have her way with him.

Ye Jian pinched his arm muscles lightly. He was being indecent again.

Ye Jian couldn’t help but chuckle and tease, “You look like you’re easy to bully.”

“Can you bear to bully me? Can you really?” Xia Jinyuan raised his eyebrows and smiled elegantly. “However, I don’t mind you bullying me.”

“How could I not have the heart to bully you? You’ve already taken the initiative to ask, so how can I reject you?” Compared to before, Ye Jian was getting better at talking to Xia Jinyuan. Her slender and fair fingers pinched his arm again. “Lie down and put your hands down. Do you want to tug on the sutures?” “Read more on newn0vel`o rg”

He had copper skin and iron bones. If she didn’t use some strength, she wouldn’t be able to pinch him!

The so-called bullying was nothing more than all bark and no bite. After pinching the same spot twice, Ye Jian stopped when she saw his cynical handsome face contorting in pain.

When Xia Jinyuan saw this, a sexy and deep laugh escaped from his mouth.

His little fox could not even bear to bully him.

Ye Jian carefully lifted the hem of his hospital gown and saw a corner of the white gauze. She held her breath. She had not seen the wound. She only saw the gauze and it was enough to make her heart ache.

.....

His fingers very gently stroked the edge of the gauze. His voice was tense as he muttered to himself, “Fortunately, the wound was caused by shrapnel. It’s easier to disinfect and treat. There’s no deep purple appearance in the lumbar muscle. Fortunately, the muscle wasn’t cut. Captain Xia, there are countless injuries of all sizes on your body. Did you treat them yourself first?”

“You must’ve handled it yourself. With your temper, you wouldn’t have gone to the hospital if you could have avoided it. You wouldn’t have settled down in the hospital. You would’ve tried everything to get discharged.

“Move a little to the side. I’ll look behind you. The shrapnel came in from the front and went out from the back. You’re lucky the shrapnel wasn’t left in your body. When you hugged me just now, you used some force on your waist. I don’t think you pulled the wound open, though. Otherwise, blood would’ve seeped out of the gauze by now.”

Ye Jian didn’t expect Xia Jinyuan to answer, so she responded to all her own questions.

The front and back were wrapped in sterile gauze. Even if he was lying flat, he needed to turn his body slightly to avoid pressing on the wound.

Ye Jian could smell the anti-inflammatory medicine and the faint smell of blood from the wound through the gauze. She looked at the gauze that pressed against the corner of her mouth and sighed softly. She lowered her head slowly and closed her eyes. Ye Jian kissed the gauze gently.

The kiss was too light. Logically speaking, he wouldn’t feel anything through the gauze.

However, Xia Jinyuan felt it. Under the trembling kiss, the muscles at the edge of the wound twitched and trembled. The trembling suddenly surged and entered his heart, causing his heart to tremble.

Chapter 2148: The Feeling Of Liking You

She was talking to herself, but she didn’t want him to know just how much she ached for him and was worried about him.

Xia Jinyuan seemed to have something stuck in his throat. He looked at his lover deeply and said in a hoarse voice, “I’ll let you see it after the gauze is removed. Don’t look at it now.

“Alright. Put my gown down and sleep beside me. I want to look at you.”

Ye Jian gently lowered his hospital gown and slept back beside him.

They both turned sideways and stared at each other. They were both in each other’s eyes, and they couldn’t get enough of the other.

“Neither of us can guarantee that we won’t be injured in the future. We can only try our best to minimize the extent of our injuries. Therefore, Little Fox, you must train with your heart and not stagnate. You must improve every year and every month.

“Don’t be sad. It’s a very normal thing, just like the last time you were injured. Although my heart was aching, I chose to face it. There’s no way to guarantee anything. I have to face it.”

He could always educate her, remind her, and teach her that the road of a soldier was a thorny one. However, with him around, there would be beautiful scenery along the way.

Ye Jian couldn't help but gently touch his handsome and elegant facial features. Ye Jian brushed the tip of his nose with her nose. Her affectionate and smiling eyes stared at the man who was like a tall pine tree on the cliff. She kissed his thin lips lightly and said something sweet that surprised Xia Jinyuan.

"I like kissing you."

With this sentence, Ye Jian felt as though her lips were nearly ripped off from Xia Jinyuan's kiss. Fortunately, Han Zheng knocked on the door in time and interrupted their deep kiss.

"I'm sorry, I'm sorry. I really have to disturb the two of you for a while. I've been standing outside for more than ten minutes. The two of you have been kissing and I didn't know when you'd stop. I was a little anxious, so I could only disturb you."

Han Zheng knew about their relationship and was very sorry for interrupting their intimacy. However, he had no choice. He really had something serious to say.

.....

Under Xia Jinyuan's sharp gaze, Han Zheng, who felt that his body had been shot a million times, endured the huge psychological pressure and quickly told him what he had heard.

"Ye Ying attended Du Jiayi's birthday party last night. Madam Li introduced her to her friends and even jokingly told her friends in the capital city to take care of Ye Ying. Madam Li's son, Li Yuan, even accompanied her.

"Ye Zhifan, who should've accompanied her, didn't go over. At 10 pm, he even took a plane back to the Southern Province. Then, Sun Dongqing and Ye Zhifan got a divorce this morning.

"That's what I heard. In short, Madam Li is very satisfied with Ye Ying. The people at the banquet, including Madam Li's friends, all think that Madam Li probably wants Li Yuan to marry Ye Ying.

"I've told you everything. Pardon me. Goodbye!"

After telling Xia Jinyuan what he had heard, Han Zheng didn't delay for a second. He didn't give Xia Jinyuan a chance to glare at him again and quickly got up to leave.

He was already stabbed by his glare for five minutes for interrupting their deep kiss. If he didn't make a move, he was afraid that Little Six's fist would smash toward his face.

Ye Jian narrowed her eyes after listening to the rather complicated and bizarre story.

It sounded bizarre and incredible, but on second thought, it made sense.

She looked helplessly at the fleeing Han Zheng. She pursed her lips and said to Xia Jinyuan with a smile, "You were the one who asked him to ask around. Now, you're blaming him. Captain Xia, aren't you afraid that Han Zheng will cut ties with you?"

Chapter 2149: Rare In This World

"From childhood till our adulthood, we've cut ties countless times, but we never succeeded."

Xia Jinyuan, who was calculating the time, half-hugged Ye Jian, who was sitting by the bed. He rested his chin on her shoulder and secretly kissed her earlobe before getting down to business. "Sun Dongqing rushed to the capital overnight the night before. It must be because of the videotape."

Ye Jian smiled coldly and said calmly, "I'm 100% sure that she brought the videotape into the capital. Sun Dongqing is very feudal. She'll probably beat Ye Ying up when she sees the videotape."

"Ye Ying wore a military uniform to Du Jiayi's party. It seems that Ye Ying was injured and had to use the military uniform to hide the marks." Otherwise, with how narcissistic she is, she would definitely want to wear a dress and look beautiful.

Ye Jian, who knew Sun Dongqing well, could actually guess a little of the process without being at the scene. This was what it meant by 'know yourself and know your enemy'.

Xia Jinyuan liked Ye Jian like this. She was very smart and intelligent. She could find the right direction by catching the clues. Ye Jian made him fall in love with her.

Ye Jian patted her waist and felt the man's wandering hand. She continued her analysis, "Ye Zhifan didn't accompany Ye Ying to the Du family during the day. I'm afraid even Ye Ying didn't want to go over.

"In the end, Ye Ying still went. Ye Zhifan, who was afraid that Madam Li would find out about the videotape, didn't want to implicate himself. For the sake of his career, he asked for a divorce at night.

"The outcome won't be good. Sun Dongqing won't accept the divorce, but Ye Ying has already gotten Madam Li's favor. She even interacted with Madam Li's son and thinks that she can marry into the Du family smoothly."

Li Yuan. In her previous life, she only knew that Ye Ying's husband's surname was Du and her mother-in-law's surname was Li. She didn't know that Ye Ying's husband took Madam Li's surname.

Xia Jinyuan kissed Ye Jian's earlobe again. He smiled and said, "Continue."

"I'm not Detective Holmes. It's just that I know Ye Zhifan." Ye Jian, who had been kissed by him several times, smiled slyly. She tilted her head and bit his ear in revenge. When she heard him gasp, she smiled deeply. "I sent the videotape to Madam Li because I wanted to cut off Ye Ying's escape route. Secondly, I wanted Ye Zhifan to be afraid.

"However, I didn't expect him to be so afraid that he would divorce Sun Dongqing. As expected, people who don't care about their relatives are very heartless. For his career, he's even willing to give up his wife and daughter. However, he's indeed the Ye Zhifan I know."

.....

He didn't want a wife or a daughter. He only wanted a position as a high-ranking official. If he had that, he could have another wife and daughter. Especially since Ye Ying and her mother often dragged him down. For the sake of his position, Ye Zhifan would definitely ruthlessly abandon them without haste!

It was rare for a man to be so heartless!

However, Ye Ying was so arrogant that she really thought that she could marry into the Du family. She was arrogant and... stupid.

Had Ye Ying been so stupid in her previous life?

However, given that she could coax Madam Li to bring her around to meet her friends in this life, it was obvious that she was not that stupid. If that was the case, was she stupid or not stupid?

After leaving the hospital, Ye Jian couldn't help but think.

Knowing that Ye Jian wouldn't leave until Sunday, Xia Jinyuan stopped thinking about running back to the Southern Province. He asked Ye Jian about the package number that she sent to Madam Li and started to hope that the matter could develop and escalate quicker.

He did not do anything. After checking where the package currently was, he asked the delivery man to deliver the package to Madam Li today.

Chapter 2150: The Scared Ye Ying

At this moment, Xia Jinyuan just wanted to add some firewood to make the fire burn brighter. Who knew that the situation would become so lively that it exceeded his imagination?

At two o'clock sharp, Ye Jian walked into the magnificent performance hall with the military school leaders and military leaders while the soldiers applauded.

Beside her was none other than Commander Xia, who was speaking with her.

"You'll leave later after the performance. Follow me to the hospital to visit Little Six." In order to let Ye Jian hear what he said amidst the applause, Commander Xia lowered his head slightly. In the eyes of the soldiers, he was showing kindness and concern to them.

However, Ye Ying, who was clapping at the back, saw... a bolt from the blue.

Her eyes widened in horror, and even her applause was half a beat too slow. Fortunately, her applause was small. Her abrupt movements did not cause any commotion.

Even so, the squad leader, who was in charge of guiding her, broke out in a cold sweat.

"Ye Ying, what are you doing?!" The squad leader scolded softly. "You have to follow the rhythm when you clap. Didn't I teach you this before?!"

A new recruit who had been in the army for less than two hours had come out with them to watch the performance. They wondered why the leaders would make such an arrangement.

This was not how one dealt with a new recruit, was it?

Ye Ying tried her best to control the fear in her heart. When she placed her hands on her knees, she clenched her knees and asked her squad leader softly with a trembling voice, "Squad Leader, who's the chief in front just now? He looks like he has a high position."

She had seen him. She had seen him at Uncle Gen's funeral!

The squad leader was afraid that she would speak again, so he immediately said in a low voice, "Commander Xia, chief of the army. Remember this!"

.....

Chief of the army...

Ye Ying felt her vision turn black.

That wretched girl Ye Jian actually knew the chief of the army, Commander Xia, since a long time ago! How did she know him? How?!

Why was she even able to walk by Commander Xia's side?!

What right did she have?!

"Don't say anything. If the platoon commander sees me going back with you, we'll be punished!" The squad leader could tell that something was wrong with her expression. He thought that because it was the first time she saw the chief, she was feeling apprehensive. He couldn't help but comfort her. "The chief isn't someone you can meet just because you want to. You're very lucky to be able to see the chief when you've just enlisted."

"But, but... But there's a... military cadet beside the chief." Ye Ying, who was so afraid that her heart was trembling, stammered. She swallowed hard and asked, "Why can a military cadet accompany the chief out?"

The squad leader did not really want to answer anymore. Fortunately, everything was still going on. He seized the right time and said quickly, "She must be very outstanding in school for the chief to pay attention to her. Alright, if you have any questions, hold them back and ask me later!"

She performed splendidly in school. Was that why the chief asked to see her?

No!

Definitely not!

Ye Ying knew just how capable Ye Jian was.

She did have the ability to fool ordinary people, but in the elite troops, her ability to fool ordinary people was not enough! How could she get an audience with the army chief?!

Something was wrong. Something was very wrong!

Ye Ying, who couldn't accept it, made crazy guesses. Her guesses were all slander against Ye Jian in an attempt to calm herself down. She couldn't believe it. She couldn't accept the fact that Ye Jian could accompany the army chief to watch the performance.

That was right!

She could ask Du Jiayi to deal with Ye Jian!
