

BOOT CAMP 2171

Chapter 2171: Anger (3)

Madam Li understood his unspoken words. She was so angry that her breathing became rough and rapid. Good, good, good! She did not expect that she, Li Chenglan, would be tricked by a b*tch.

“Do a few things for me now. First, find out who sent it. Second...”

Madam Li, who cared about her reputation, would not let herself be in a passive position. The most important thing now was to settle things that might affect her reputation.

Madam Li was furious. Ye Jian retracted her gaze.

The company’s assistant appeared at the right time. Ye Jian saw that he was holding something wrapped in newspaper. She noticed that when he was talking to Madam Li, he had glanced at Ye Ying twice. Ye Jian vaguely guessed something and smiled.

It seemed that the assistant had rushed over to look for Madam Li because of the little thing wrapped in the newspaper.

Madam Li was so protective of Ye Ying just now. She would probably make things difficult for Ye Ying now.

Obedient and well-behaved?

It turned out that Ye Ying had caught Madam Li’s eye in her previous life and married into the Du family.

Well, she was going to be disappointed in this life.

“Ye Ying, let’s settle the dispute between us today!” A ruthless glint flashed across Ye Jian’s eyes. Her smile was cold.

She had to ask Commander-in-Chief Xia to leave first. Due to Commander-in-Chief Xia’s personal matters, it was not suitable for her to stay in case she implicated Staff Officer Du, who was already at odds with the Xia family.

Meanwhile, if Ye Ying lost her mind, she would have the guts to say anything.

.....

When she walked to Commander Xia just now, Ye Ying’s hateful gaze seemed to be accusing her of bullying others. She didn’t want to hear such words because of her private matters and implicate Commander Xia.

Ye Jian, who was used to being cautious in her previous life, was one step ahead in this life. If she wanted to take three steps, she would think of everything that might happen first and make plans in advance.

She did not want to implicate Commander Xia because of her personal matters. She planned to persuade Commander Xia to leave first. No matter how she would persuade him, there had to be a way.

As her gaze moved, she saw Madam Li stop a few meters away. Ye Jian said to the commander-in-chief with a serious expression, "Commander-in-Chief, Ye Ying specially came to target me. I have to make her miserable.

"You should go back to the car first. I want to take care of my personal business first. I'll deal with the rest later."

Commander Xia was waiting for Ye Jian to explain to him. He was surprised that Ye Jian suddenly mentioned Ye Zhifan and his wife's divorce. It wasn't appropriate.

Now that he heard her explanation and noticed how she had looked at Old Du's wife while telling him that she had to settle her 'personal matters' first and deal with 'other matters' later, he understood what Ye Jian meant.

She had to settle private matters first. She had to do it in front of Madam Li.

If she was dealing with personal matters, it was indeed inconvenient for him to stay. Moreover, this recruit was crying and making a fuss. If he stayed, he would only listen to nonsense.

However, if he left, he would definitely have to drag Old Du along.

Then, Commander Xia said to Staff Officer Du, "Old Du, let's go back to the car first. They have to deal with their personal matters, so it's not convenient for us to stand here. We'll bring the recruit and Ye Jian back to the military after the private matters are settled.

"Your wife is right. Since the two of them are here, they can come face-to-face and explain everything clearly! Whoever is wrong will be punished!"

Chapter 2172: Hate (4)

Staff Officer Du looked at his wife's back. He saw her assistant, He Lin, whispering to her and saw that she could not hide her anger. Without any hesitation, he immediately said, "Okay, the leaders of the military school are all here. Let's all go to the military headquarters.

"We'll pull out Ye Ying's and the cadet's files. We'll decide the extent of the punishment based on the severity of the mistake."

Then, he instructed Du Jiayi, "Stay here and accompany your mother. Don't get involved in personal matters, do you hear me?"

"You don't have to tell me that. Don't worry." With a grave expression, Du Jiayi nodded and replied, "I'll accompany Yingying first. When the time comes, I'll go home with Mom."

Even if she was asked to go back now, she wouldn't want to!

"Okay." Staff Officer Du nodded. Like Commander Xia, he left a guard behind and headed for the garage.

Du Jiayi sighed as she watched her father leave. Sigh, what a pity. If Ye Ying had managed to get through to her mother just now, it would have been even more exciting. Unfortunately, she couldn't get through.

Although she wanted her father and Commander Xia to stay so that they could see Ye Ying and Ye Jian's true colors at the same time, she swallowed her words.

She was already too aggressive just now, so it was really inappropriate for her to interrupt.

Moreover, the two of them still had to return to the military later. At that time, they would definitely quarrel again. The more they quarreled, the worse their impression of each other would be. It was better for her not to join in the fun.

Although it was a pity that she could not go to the military to watch them argue, it would be interesting for the two cousins to argue in front of her later!

As soon as the two big shots left the scene, Du Jiayi started to sow discord. She tugged on the corner of Ye Ying's clothes and said worriedly, "If your parents really want to get a divorce, it'll be troublesome. My mother won't choose a girl from a divorced family to marry into our Du family."

"Yingying, are Uncle and Aunt really divorced? How does Ye Jian know about it? Did Ye Jian say it on purpose because she saw that my mother likes you?"

.....

Would Madam Li not choose a girl from a divorced family as her daughter-in-law?

After the two chiefs left, Ye Ying finally relaxed a little. When she heard that, she was stunned.

After a while, Ye Ying regained her senses and replied in horror, "...I really didn't know that my parents were getting a divorce. That's not right. How could my parents be divorcing?"

She murmured. Her expression adjusted quickly, making people think that she wasn't shocked by Du Jiayi's words but by Ye Jian's.

After muttering a few words, she suddenly turned to Ye Jian. Her eyes were wide open as she cried, "Ye Jian, what do you want? My parents are fine. Why did you curse them to get a divorce?"

'Oh God, I'm so glad I didn't call my mother's other number in the spur of the moment. Lady Luck is on my side again!'

"Yingying, don't cry. Let's talk nicely." Du Jiayi saw that the two people she didn't like finally met. She smiled and held Ye Ying's arm. She frowned and comforted her, saying, "How can Ye Jian know what you don't even know? She must be lying. Don't be fooled."

As she spoke, Du Jiayi secretly gave Ye Jian a disdainful look. Her cousin was the same. No one in the Ye family was presentable!

With an idea in her mind and seeing that Du Jiayi was on her side, Ye Ying became more confident. "Ye Jian, you're too much! How could my parents have divorced?! You can't stop me from entering the

army, so you started to play other tricks. Ye Jian, you're a soldier yourself. Don't do anything that'll make us look down on you!"

Chapter 2173: Silly (5)

"Don't think that you're so great just because you're in the capital. Don't even think about hitting me! I, Ye Ying, won't be defeated by you so easily!" Ye Ying said something that she thought would scare Ye Jian. However, Du Jiayi, who was waiting to watch a good show, was disappointed.

She had thought that she would say something ruthless, but in the end, she said something completely unskilled.

What did she mean by Ye Jian can't stop her from joining the army?

How could Ye Jian stop her from joining the army?!

Do something that would make others look down on Ye Jian?

Would saying 'your parents are divorced' make others look down on her?

Playing tricks?

'Oh my God, Ye Ying, no wonder you can't defeat Ye Jian. You can't even defeat a three-year-old child!'

Why didn't she think about why Ye Jian suddenly mentioned her parents' divorce?

Why did Ye Jian suddenly mention Ye Zhifan and his wife's divorce? Naturally, there was a reason.

She wanted to expose Ye Ying's stupidity in front of Madam Li so that Madam Li could see what kind of person her obedient future daughter-in-law was.

She had no choice. It was impossible for her and Madam Li to meet often. Now that they had met, Ye Jian would talk about private matters first and business later.

Fortunately, the commander-in-chief understood her intentions immediately. When he left, he took Staff Officer Du with him. Ye Ying wanted the two chiefs to leave first, and Ye Jian had the same intention.

.....

Commander Xia got into the car and called Xia Jinyuan, who had rushed over. "I'm going back to the military school now. Your woman is still on People's South Road. Take care of her personal matters first before bringing her back to the military to settle other matters."

"I only left a guard with me. Hurry over as soon as possible in case she's bullied when her boyfriend isn't around!"

Ye Jian handled things calmly and in a certain way. He just had to cooperate a little.

However, Old Du's wife was not to be trifled with. Ye Jian was a little worried about leaving her alone with Madam Li.

Xia Jinyuan didn't drive himself. The guard who was in charge of guarding him drove. He stared ahead with cold eyes and said calmly, "There's still about 10 minutes."

"Drive safely." It would take about 10 minutes for Xia Jinyuan to arrive, and things wouldn't have ended by then. Commander Xia, who had calmed down, instructed before hanging up.

As the car turned a corner, Commander-in-Chief Xia looked outside and saw Madam Li taking something black from her assistant. It was a little far away, but he could roughly tell that it was a small rectangular object.

Commander-in-Chief Xia could see what it was. He had the same little thing in his office.

Just as Little Ye said, she wanted to settle her personal matters first. The videotape had been brought to Madam Li. If not for the fact that the assistant was loyal to Madam Li, he would have thought that the assistant who suddenly appeared was arranged by Ye Jian in advance.

Staff Officer Du also saw his wife take something from his assistant. She took it in such a way that he could feel her anger.

Then, she walked angrily toward her daughter with considerable strides that lacked her usual elegance. She 'rushed' forward in a few steps.

"Stop the car." Staff Officer Du, who had never seen his wife lose her composure like this in public, realized something was wrong. The guard had just parked the car when he was eager to get out and stride over.

Commander Xia, who was in the car in front, glanced at the scene. He didn't order the guard to stop. He just left in the car.

Chapter 2174: Enraged (6)

Now, it was not only Little Ye's personal matter but also the Du family's matter.

He had seen Ye Zhifan before. This person was calm and composed. How did he raise such an inexperienced daughter?

Old Du was so angry that he was even afraid. How could a little girl who was full of lies face his wrath later?

Commander Xia, who was dozing off with his eyes closed, was not worried about Ye Ying. He had wanted to return her to her original identity. Who knew that in order to please Old Du's wife, she would step on others' shoulders to fulfill her wish?

Such people did not deserve sympathy.

She walked her own path, and she was the one who caused this outcome. Adults should be responsible for their actions.

The car quickly drove away from People's South Road. Night had fallen, and the streetlights instantly lit up, decorating the already dark sky.

However, Madam Li's face was not lit up by the light from the street lamps. Instead, her face looked dark in the slightly yellow light, and her eyes that reflected the light were as sharp as arrows.

Very well, then!

She, who prided herself on knowing people's true colors, was actually being played by a 20-year-old b*tch. She even introduced Ye Ying to the people she knew and praised her for being obedient!

In the end... she was deceived by that b*tch!

Madam Li walked straight toward Ye Ying with a furious expression. She stared at Ye Ying's sweet and beautiful face. She had been deceived by this gentle face!

Very well, then!

.....

She, Li Chenglan, had never been deceived after being alive for decades. Now that she was old, she was actually deceived by a b*tch. Very good! Seeing that she was usually gentle, Ye Ying treated her like a fool and deceived her! Today, she would make Ye Ying regret being alive!

"...Madam... Madam Li, what's wrong..."

Ye Ying, who was creeped out by her gaze, swallowed her saliva and stammered as she retreated.

Madam Li was too terrifying!

The look in her eyes was terrifying. It was as if... it was an arrow that could nail and hold her in place. Her gaze was filled with a sharpness that frightened her.

Even Du Jiayi was shocked. It was the first time she had seen her mother behave so impudently.

"Mom..." Madam Li walked past Du Jiayi and stopped in front of Ye Ying. She stared at Ye Ying and asked calmly, "Ye Ying, tell me about Ye Jian."

She wanted to see how she would coax her again!

At this moment, Du Jiayi, who knew very well who Madam Li was angry at, was delighted. In the blink of an eye, she adjusted her emotions and 'encouraged' Ye Ying. "Yingying, tell us quickly. My mother has agreed to help you."

Ye Ying was no match for Madam Li. After being urged by her, she started crying again. "Madam, you don't know how bad Ye Jian is. She often framed me in junior high and wanted me to be hated by my classmates.

“Ye Jian didn’t get into a good school during the high school entrance examination. She was so ashamed that she couldn’t go to high school. However, for some reason, she suddenly appeared in my school.

“Madam, you don’t know how despicable Ye Jian is. In order to chase me out of Provincial No.1 Middle School, she would cause me trouble no matter what I did. In the end, she pretended to be pitiful and wronged me!

“My father was a government official. He pitied her for being fatherless and made me swallow my anger to help her. Madam, I endured it... I endured it all. But in the end, she still didn’t let me off. Madam, I can’t take it anymore. I really can’t take it anymore.”

Chapter 2175: Fight (7)

She said many, many lies. Without Commander Xia around, she thought that Ye Jian’s backer had left. Ye Ying could even speak more fluently now.

A cold glint flashed across Madam Li’s eyes. Instead of being angry, she laughed. “Do you think that she’s inferior to you in every way, so she framed you, made you embarrass yourself in military training, and caused you to fail the college entrance examination?”

“Yes, Madam. Just because my grades have always been better than hers and the teachers always took care of me, she kept framing me out of jealousy!” Ye Ying replied without hesitation.

At this moment, Madam Li was so furious that the volcano in her heart was about to break through the surface calm. Very good, she could still pretend to be pitiful and clever to deceive her!

However, Ye Ying, who was eager for quick success, felt that Madam Li was angry because of her words. She was angry. She must want to teach Ye Jian a lesson on her behalf.

She glanced at Ye Jian, who was silent, provocatively. A victorious smile appeared in her eyes.

Ye Jian felt that Ye Ying was unbelievably stupid without Ye Zhifan by her side. She actually thought that the current situation was in her favor?

‘Ye Ying, where did your arrogant confidence come from?’

How could she think that her words could fool the wife of a major general?! Where on earth did she get her ridiculous confidence from?!

‘Will you be able to face Madam Li’s anger today? Can you get through today in one piece?’

Madam Li was so angry that her lungs were about to explode. She was on the verge of exploding. Her usually dignified demeanor was filled with ruthlessness. “Then is she the reason why you had to study in France?”

...

“If she hadn’t kept pushing me around, I wouldn’t have been forced to give up my chance to join the military and go to a foreign country to study back then.”

Look, look, she was still being stubborn! Madam Li, who could no longer suppress her anger, gritted her teeth and asked, "Is she also the reason for your life in France?"

Before Ye Ying could answer, Madam Li shouted, "Did she cause you to live like a sl*t?"

Madam Li deliberately made Ye Ying habitually say yes to her questions. At this moment, she heard Du Jiayi's disdainful giggle and Ye Jian's laughter. Her eyes widened.

What did Madam Li just say? And what had she replied in a hurry?

She had replied with a resounding yes!

'Live like a sl*t?'

How did she... Ye Ying was shocked. She hurriedly tried to salvage the situation. "No, no, Madam, no..."

There was no chance for her to speak again. Madam Li's anger completely erupted.

Smack! Smack! Smack! Smack!

It wasn't just one slap. Madam Li, who was furious, slapped Ye Ying left and right continuously. The sound was crisp and loud. When the sound reached the surroundings, it was instantly quiet. Only the crisp slaps sounded continuously.

"You harmed others and ended up harming yourself. In the end, you wronged others and blamed others for your mistakes!" Madam Li slapped her in quick successions.

"You were only in France for three months, yet you were ridden by a thousand men like a wh*re and bedridden by 10,000 more. How dare you pretend in front of me? Fine, I'll let you pretend!"

Smack! Smack! Smack!

Even though Ye Ying covered her face with her hands and screamed, she couldn't stop Madam Li's slaps. Countless slaps landed on her face, making her scream and cry. She staggered back.

Ye Jian was speechless. Madam Li was indeed impressive!

Chapter 2176: Twitch (8)

?

"Chenglan!" Staff Officer Du rushed over and grabbed her hand. "The performance has just ended," he growled. "She's still in uniform. Watch the impact."

Madam Li, who had not vented her anger, shook off her husband's hand on her. She stood in front of Ye Ying, whose face was red and swollen. She shouted angrily, "Ye Ying, do you know why I hit you?"

She didn't know... She didn't know at all...

"Madam Li, I don't know anything. I really..." Live like a sl*t? No, she didn't. She didn't know about that. "Someone wants to harm me, Madam Li. Someone really wants to harm me. Believe me, you must believe me."

She had to make Madam Li believe her. She could do it. She could coax Madam Li like how she usually coaxed her mother. Yes, yes, yes, she could definitely do it. Madam Li liked her so much and even wanted her to be Li Yuan's girlfriend. As long as she explained it properly, she would definitely forgive her.

"It's Ye Jian. That's right. That b*tch, Ye Jian, wants to harm me. Madam Li, I'm Ye Ying, your future daughter-in-law. You have to believe me."

It would have been fine if she had not mentioned the words 'future daughter-in-law', but at the mention of that, Madam Li became even angrier.

She raised her right hand and slapped Ye Ying again. "How dare you mention these things to me? A b*tch wants to enter my Du family and be my daughter-in-law?! Tell me, do you know why I'm hitting you? Do you know?"

She wanted Ye Ying to admit it herself!

Ye Ying knew that she couldn't admit it.

Before Ye Ying could finish her sentence, Madam Li slapped her again. "Do you know why I'm hitting you?"

...

Ye Ying, who had been slapped countless times, didn't dare to speak. She didn't even dare to cry out loud. Large tears flowed out of her eyes that were filled with fear.

She didn't know. She didn't know...

Shaking her head vigorously, she retreated again and again. When she reached the steps, she fell to the ground. Ye Ying was in a sorry state, but she still refused to admit it.

"You're so stubborn. Looks like I'll have to personally send this videotape to the capital city's political regiment! Alright, if you don't admit it, I'll make you admit it in front of the entire capital city's political regiment!"

Madam Li was not ruthless just for a moment. Instead, she was ruthless enough to force someone into a corner and make them lose all desire to live.

Moreover, she wasn't just scaring Ye Ying. She meant what she said!

She turned to Staff Officer Du and shouted, "Old Du, let's go to the capital city's political regiment!"

Du Jiayi immediately supported Madam Li, who was trembling with anger. "Mom, I'll go with you! How despicable! I can't believe she made you so angry!"

“You’re Ye Jian, right? She wronged a military school student like you. Come with me to the capital city!” Madam Li didn’t forget to bring Ye Jian along. She didn’t give Ye Jian a chance to refuse and asked the guard to invite Ye Jian into the car.

As for Ye Ying, she didn’t invite her. She just asked the guard to carry her to the car.

“No, I don’t want to go. Ahhh, I don’t want to go... I don’t know anything. I’m being framed!” Ye Ying screamed like a maniac. Staff Officer Du saw the commotion and gestured for the guard to gag her first.

‘How shameful! I’m going to lose my reputation!’

A tall figure blocked Staff Officer Du’s path. As he saluted, the person said in a deep voice, “Staff Officer Du, I’ll bring Ye Jian to the capital city. There’s no need to trouble you.”

Xia Jinyuan, who quickly walked over, had heard Madam Li’s words from a distance just now.

Chapter 2177: Quick (9)

??

Xia Jinyuan’s sudden appearance made Ye Jian frown. Why did he come over when he was still injured?

Then, he saw him block Staff Officer Du’s path. The other party was a major general, after all. If he directly blocked Madam Li’s way and the two met, she was afraid that he would run his tongue off.

Worried about his wound and that he would cause trouble, Ye Jian didn’t have time to think about dodging the guard. The guard quickly reached out to stop her, but Ye Jian, who was faster, had already walked over.

She did not stand between the two of them. Instead, she stood a little to the left of Xia Jinyuan and used her body to protect him. This way, she could protect him without appearing too abrupt.

“Chief, you can go first. I’ll go with your guard.” Madam Li was in the middle of a rage. Who knew if she would take it out on the injured Captain Xia? Naturally, she had to protect her boyfriend. “This major doesn’t know—”

Although it felt good to be protected by his girlfriend, Xia Jinyuan didn’t like what he heard next. He interrupted, “Staff Officer Du, I’m not sure what happened yet, but since you’re going back to the military, I’ll go with you.”

It was one thing not to inform him in time, but now that he was here, she wanted him to leave?

‘Little Fox, it seems you’ve forgotten everything I said before!’

Major Xia, who had rushed over, was a little angry.

Staff Officer Du glanced at Xia Jinyuan, who was protected by the military school student, then at the military school student who was guarding Xia Jinyuan. The two of them stood side by side. Although they were not side by side, they were a pleasant sight to look at that gave him a feeling that they were quite familiar with each other.

After a pause, he asked, "Do you two... know each other?"

...

With Xia Jinyuan around, Ye Jian didn't have the chance to speak. He replied calmly, "Yes."

As for how they knew each other and what their relationship was, there was no explanation.

Staff Officer Du couldn't ask in detail if Xia Jinyuan didn't explain. Hence, he nodded and said in a dignified manner, "Alright, you can come too. Go straight back to the military."

The videotape was already in Madam Li's hands. With Madam Li's appearance, Ye Ying's confrontation with her turned into Madam Li's confrontation with Ye Ying. It was no longer purely her personal matter. Ye Jian narrowed her eyes... They could indeed return to the military.

Ye Ying didn't want to go back to the military school or the capital city. She screamed as the two guards forcefully dragged her away. "I'm not going. I'm not going anywhere! Let go of me! Let go of me!"

Unable to struggle due to her hands being held back, Ye Ying tried to jump while continuing to put up a fight. At this moment, she looked like Sun Dongqing.

She did not have the slightest dignified and refined temperament. She was just like a shrew.

Madam Li was so angry. "Shut her mouth! Hurry!"

"No, Madam Li, let me explain. I'm not lying to you. I really... Uh... Uh..." Ye Ying, who had her mouth wide open, could not speak. Du Jiayi had stuffed one side of a pair of white gloves into her mouth.

Du Jiayi frowned in disdain when she stuffed the gloves into Ye Ying's mouth. "Don't make a fool of yourself. Bring her to the car."

Ye Ying hated her. She glared at her fiercely and kept groaning.

'Du Jiayi! Du Jiayi! You'll die a horrible death!'

The moment Du Jiayi stuffed her mouth, Ye Ying understood how vicious Du Jiayi was!

Chapter 2178: Walk (10)

?

She hadn't been helping her from the very beginning. She had been colluding with Ye Jian to harm her! She clearly knew Ye Jian, but she deliberately pretended not to know her. They were so ruthless! They all wanted to harm her!

'Who sent the videotape?'

'Did she send it? Is she the one?!'

It was her. It had to be!

Only she had the ability. France was so far away. It was impossible for Ye Jian to have eyes there. Only a b*tch like Du Jiayi had the ability to do so.

“Mmmmmmm...”

With her mouth gagged and her tongue restricted, Ye Ying couldn't get out the words that could vent her anger. She could only produce strings of muffled sounds.

Du Jiayi, who was being glared at, curled her lips into a disdainful sneer. In an instant, she adjusted her smile and took out a small square handkerchief from her pocket. She gently wiped the tears on Ye Ying's face and said worriedly, “Yingying, stop fooling around now. If you continue, it'll only make my mother angrier.

“You said you were set up. Let's talk about it later. What's there to be angry about? Being angry will only make things worse, do you understand? My dad said we'll go back to the military school first, not the capital city's political regiment. You should calm down before you get there and think about how to face everything. Think about who's setting you up.

“Sigh, I'm worried about you. How did you suddenly become so bad? Save your energy. It's better to go and sit in the car than to be out in the cold wind. Otherwise, everyone who comes and goes will see you in this state.”

At this moment, Ye Ying couldn't listen to anything. She was only staring at Du Jiayi's hypocritical face. She was even more detestable and hateful than Ye Jian!

...

The guard didn't let Ye Ying stay any longer. He quickly helped her into the car.

Behind her, Du Jiayi looked at Ye Ying, who was being carried away. The smile on her face never changed. Her cold and indifferent voice could be heard in the cold wind. “You brought this upon yourself. Who can you blame? Ye Ying, open your eyes wide and see if you, the daughter of a small chief, can squirm your way into our Du family.”

After she finished speaking, her gaze landed on the two figures facing Staff Officer Du.

She knew Ye Jian, but not the man standing with her.

Du Jiayi wanted to go closer to see who it was, but Staff Officer Du had already asked the two of them to leave with Commander Xia's guards. As she did not have the chance to get a closer look, she could only help the angry Madam Li into the car.

“It wasn't easy for me to get the commander-in-chief to leave first. So why are you here?” Ye Jian sat in the back of the car and said coldly, “I already said that you have to rest well. Why didn't you listen to me? The guards guarding you are letting you do whatever you want, huh?”

Compared to the current situation, Ye Jian was more worried about Xia Jinyuan's health.

On the other hand, Xia Jinyuan was more worried that Ye Jian would suffer. His handsome face darkened as he held Ye Jian's right hand and looked straight ahead. He said calmly, "It's nothing. You're worried about my injuries, but what about you, Little Fox? Didn't you think of saying anything to me?"

"If Dad hadn't called me, I'd still be lying in bed waiting for you like a fool. I wouldn't have known anything about what was happening outside.

"I'm a little angry right now. Are you sure you want me to go on?"

...

Ye Jian was stunned.

When she saw him angry during training, she could still face him calmly. But in their personal life... After knowing him for five or six years, this was the first time she had encountered an angry Captain Xia. How was she going to deal with this?

Chapter 2179: My Heart

??

He was a little angry, and so was she.

"Yeah, you still have to continue. You're angry, but I'm angry too." Although she said that, Ye Jian's confidence dissipated a little. Especially when she thought of what Principal Chen had once told her, Ye Jian felt even guiltier.

Principal Chen said that she shouldn't think that she could always settle her matters by herself. She shouldn't bear the burden of not telling Captain Xia. Even if she didn't want to cause trouble, but their relationship, wouldn't her actions be a form of estrangement?

Realizing the source of the problem, Ye Jian explained softly, "It's not that I didn't want to tell you, but I didn't have the time. The commander-in-chief and I planned to go to the hospital after the performance. Who knew that we would meet Ye Ying and Madam Li?"

"The situation was a little chaotic at that time. Seeing that Madam Li was present, I wanted to cut off Ye Ying's relationship with the Du family, so I asked the commander-in-chief to return to the military school first. I just wanted to settle my private matters with Ye Ying... I really didn't mean anything else, let alone deliberately hide it from you."

It was just that she was used to handling matters alone.

Ye Jian didn't say this out loud.

"Do you only think about yourself every time you deal with something?" Xia Jinyuan, whose handsome face was dark, turned to look at her. When he saw the caution in Ye Jian's eyes, his heart ached. At the same time, a wave of unknown anger rose in his heart. He almost couldn't suppress it.

Did she have to be so careful around him?

He held her hand a little too tightly. He stared at Ye Jian and asked her, "Little Fox, what kind of existence am I in your heart?"

"I'm just a little emotional right now. Do you need to be so careful around me? I'm even angrier now than before!"

...

Ye Jian's chest tightened as her heart ached. She blinked gently. "I'm indeed afraid that you'll get angry. I'm afraid that I might have done something wrong... Don't be angry, okay?"

"..." Xia Jinyuan knew that he couldn't maintain the expression on his face anymore. Her words made his heart ache at first, then she suddenly acted coquettishly with him. Faced with her behavior... he was helpless.

"Let's put our matters aside for now. I'll deal with you later!"

Major Xia, who could not hold it in anymore, turned his head expressionlessly. If she tried coaxing him again, he would definitely raise the white flag with both hands and surrender!

Ye Jian was still waiting for him to tell her the reason for his anger. She was mentally prepared. Now, he said that he would settle the score with her later. That was fine. He wouldn't have to settle the score with her later as she would take the initiative to mention it herself.

Sometimes, 'habits' were indeed scary. Principal Chen had reminded her that she had to talk to Captain Xia more about her matters and not think that she could solve everything herself.

She would remember that. But if something did come up, she would have to deal with it herself again.

Not wanting these things to affect their relationship, Ye Jian rubbed the back of his hand with her fingers. Just as she was about to say something, she heard Xia Jinyuan sigh angrily. "I'm sorry, I lost my composure just now."

"You've met Staff Officer Du's wife. She's quite a formidable character. She has the means, a strong character, and her own way of doing things. Once she takes her anger out on you, even if she only says one thing about you, my heart will ache."

How could he accept an outsider scolding the person he doted on?!

Chapter 2180: Your Heart

"I'm indeed angry, and I'm not lying. When I wasn't in the country when you were doing these things, it was fine. But I'm in the country now. Why would you face these things and deal with these problems alone?"

"I can't blame you for letting my father leave first. After all, it's not convenient for him to handle private matters for you with his status. But I'm different. Even if our relationship can't be made public now, I can help you as a comrade and a senior."

“Don’t forget, I was in Fujun Town for half a year. Even if Madam Li and Staff Officer Du investigate it, they won’t find out that my relationship with you is of a romantic nature.

“I understand your concerns. But can you understand my concerns?”

The guard driving the car and the guard sitting in the passenger seat were both sent by Commander Xia. The couple did not have to worry about the contents of their conversation being leaked out.

Ye Jian opened herself up at ease and replied seriously, “I understand. It’s because I understand that I know what I did wrong. Uncle Chen once told me that in life, I can’t make such a clear distinction between your matters and mine. You also told me that if there’s any issue, I should think of you first and not subconsciously think that I can solve everything myself.”

His girlfriend’s act of admitting her mistake was so good that Major Xia, who had already prepared a long speech in his mind and was prepared to settle the score with her, did not have the chance to say it at all.

Their eyes met. In the end, it was Major Xia who lost. He sighed helplessly and pinched her cheek affectionately. “It’s understandable that you couldn’t inform me immediately. But when I came over, you actually wanted to push me away. Little Fox, I was already angry at that time.

“Now, seeing that you have a good attitude and realized what you did wrong, I’ll forgive you for now. Don’t let there be a next time.”

Warmth returned to his handsome eyes. Ye Jian heaved a sigh of relief and immediately said, “There won’t be a next time. In the future, as long as I can contact you, I’ll tell you everything. I won’t let you worry.”

The two of them were often too far apart, and he was often out of the country, so she couldn’t contact him all the time. In fact, he really wanted to know how his loved one was doing, and he really wanted his loved one to tell him about her problems on her own initiative instead of him finding things out through different means.

If he wanted to know how the person he loved was doing, he would have to find out through other methods. Xia Jinyuan held her hands in his and looked at her affectionately. He said seriously, “We can still have a certain amount of personal privacy between us. After all, we can’t leak secrets related to our work. However, we have to tell each other the difficulties that we’re facing in our lives. We definitely can’t make such a clear distinction between my problems and your problems or we’ll become unfamiliar with each other. This will make me feel insecure and uneasy.”

He would also worry about his lover, and he would be uneasy about what she was doing.

.....

After explaining the reason for their anger, the two of them communicated properly. When they arrived at the military headquarters, they were both smiling with a faint sweetness.

When they pushed open the car door and got out, the eyes of the two people who were still flirting just now instantly turned cold and sharp. Their military might shocked Du Jiayi, who was walking over with Madam Li.

So he was Xia Jinyuan, Aunt Xiao's son!

In the past, Xia Jinyuan was a typical well-to-do guy in the capital. He was so arrogant that no one dared to provoke him. He was a prince who could do whatever he wanted.

She had not seen him for more than 10 years. She did not expect him to change so much that she could not even recognize him at first. He was no longer as arrogant as before. Even his temperament had changed greatly. He was as cold as a sword, making one's heart turn cold.
