

BOOT CAMP 2191

Chapter 2191: She's Too Frightening

"I'll kill you, b*tch! B*tch! Let me go, let me go!" Her cheek was pressed against the leather seat. Even her voice broke. She couldn't say a word.

She twisted her shoulders and struggled with all her might. However, no matter how hard she tried, it was useless. She couldn't break free. She couldn't escape from Ye Jian's control.

'Ye Ying, remember not to provoke Ye Jian before your strength grows. Even I have to avoid her, let alone you. You must remember to stay as far away as possible from her. Remember this!

'How many times have I told you that Ye Jian is not someone you can provoke now? Do you have a death wish?

'Ye Ying, I don't know how strong she is. You can't be as rash as before, do you hear me?

'Ye Ying, open your eyes and see if Ye Jian is someone you can provoke now! Can you provoke her? Do you dare? Are you not afraid of death?

'Ye Ying, you used to say that Ye Jian is inferior to you in every aspect. Look at the person now. Look at her auras! Haven't you realized the difference between you and Ye Jian? Don't you realize that you can't compare to Ye Jian?

'People have to move forward, but you're still stuck at the same spot. You think you're better than Ye Jian, but in fact, Ye Jian has already far surpassed you.' These words of advice flashed across her mind, making Ye Ying twitch in pain.

'In fact, Ye Jian has already far surpassed you... Is that true? Is that really true?

'No, no!

'No way. How could she have surpassed me?'

If Ye Jian hadn't sent the videotapes to Madam Li and her father, how could she be worse than Ye Jian? No, she was better than Ye Jian!

She had always been stronger than her!

"Ahhh! Let go, let go! B*tch, let go. I'm going to tell Madam Li that you sent the videotape and framed me." Ye Ying, who had relied on her imagination to recover her mental state, struggled harder. She wanted to leave this place. She wanted to go home.

Ye Jian chuckled. "That's right. I sent the videotapes. You can indeed tell Madam Li that. But Madam Li is a prideful person. Who knew that she would be deceived by you? How angry must she be right now?"

“Go and look for her. Ye Ying, I can take you to her now. Tell her I sent the videotape to her. Then I’ll remind Madam Li that the contents are true.

“Ye Ying, I’ve tolerated you for too long. Why would I give you a chance to make a comeback? I’ll never give you a chance. Live well, Ye Ying. I wish you a miserable life.”

“Save me. I, please come and save me... Come and save me.”

Ye Ying was so scared of Ye Jian when she was acting like this. It was too scary. She was too scary.

If she couldn’t look for Madam Li, who could she look for?

Who else could she get to save her?

“No one can save you, Ye Ying. I’ve waited for your entire family to be unlucky for so long. There were a few times when I thought of killing all three of you, but I always endured it.

“I’ve waited so long for this day. Will I let you off? Ye Ying, open your eyes and see your ending clearly! If I kill you, it’ll be no different from strangling an ant!”

Ye Jian grabbed the back of her neck and shouted in a low voice, “There’s no sense of accomplishment in directly breaking your neck. I’ll keep you and watch you suffer. Only then can I eliminate the hatred in my heart!”

Chapter 2192: This Is Retribution!

??

Ye Ying was frightened by Ye Jian’s coldness that was no longer hidden.

“I don’t want to. I don’t want to. I want to go home... Uh... I want to go home... Dad, save me, save me...”
Ye Ying, who was trembling from fear, cried again. Tears flowed down her face. She had cried too much. Her eyelids were so swollen that she couldn’t open them.

She was inferior to Ye Jian. She... was inferior to Ye Jian. She was indignant. How could she accept this?!

Ahhhhh... She couldn’t accept this! She couldn’t!

How did she lose to a bastard and a b*tch?! How did she lose to her?!

This time, Ye Ying couldn’t even numb her emotions. Facing Ye Jian, who was filled with murderous intent, she was afraid.

“Little Fox, we can leave now.” The closed conference room door was pushed open, and Xia Jinyuan’s tall figure appeared at the door. He wasn’t surprised by the scene in front of him. He looked at Ye Jian gently as if he didn’t notice anything. “It’s been exactly 10 minutes.”

Ye Jian had already said what she needed to say. After letting go, she even clapped her hands in disdain. Before she left, she even said something that made Ye Ying’s hair stand on end. “Your retribution has just begun. Ye Zhifan doesn’t even recognize you as his daughter anymore. Ye Ying, you’ll live a life far worse than a rat in a ditch!”

Worse than a rat in a ditch...

Her life would be worse than a gutter rat? Ye Jian might as well kill her!

No, Ye Ying couldn't let this happen. She had to get her father to save her. Only her father could save her now. She would ask her father to beg Staff Officer Du and Madam Li. She would beg them to save her.

'Dad, your daughter made a mistake. I really made a mistake this time...'

Ye Ying, who was sitting in a daze, thought of her father. She suddenly got up and rushed toward the conference room door.

Before she reached the door, two guards rushed in. One of them reacted quickly. He grabbed Ye Ying's shoulder with one hand and threw her to the ground.

She wanted to ask Ye Zhifan for help, but she didn't know that Ye Zhifan was calmly explaining things to Madam Li at this moment.

"I'm very sorry, Madam. My relationship with Sun Dongqing has actually broken down a long time ago. Because of some matters, we delayed it until now before finally getting a divorce.

"Ye Ying chose to not follow me. She decided to follow Sun Dongqing and told me that she wanted to take her mother's surname. I was disappointed and sad, but I agreed to let her take her mother's surname. I was busy with the procedures to change her surname this afternoon.

"I didn't mean to hide it. It's just that I just settled the divorce procedures this morning. There were too many things that needed to be settled. I thought of contacting you and Staff Officer Du after Ye Ying changed her name to Sun Ying."

Madam Li was angered by his casual tone. She suppressed her anger and shouted, "Director Ye, are you trying to tell me that Ye Ying has nothing to do with you now?"

"You can say that. I was too disappointed in her. I worked hard to raise her, but who knew... Sigh!" Ye Zhifan sighed heavily. He sounded sad.

Madam Li sneered. What a 'heartbroken' father! She did not expect him to be so heartless to his daughter!

"Very good. I'll remember what you said today. Ye Ying, no... She's called Sun Ying now, right? She embarrassed me, Li Chenglan, so I'll definitely settle this score with her. I hope you won't meddle when the time comes."

Ye Zhifan, who was tense, adjusted his breathing and replied, "I can promise you that I won't interfere in Sun Ying's matters."

Chapter 2193: Settle The Score

Ye Zhifan had divorced Sun Dongqing hurriedly and immediately cleared his name. He was afraid that Madam Li would vent her anger on him.

He was even more nervous when he received Madam Li's call. When Madam Li's cold and deep voice entered his ears, his heart seemed to be about to jump out of his throat at any moment. His breathing was shallow as he was afraid that Madam Li would sense his fear.

After saying that he would not interfere in Ye Ying's matters anymore, Ye Zhifan heard Madam Li sneer. He didn't know what she meant.

"It seems that you're going to put righteousness before family. That's right. No wonder you could rise so quickly. With this kind of resolve, I can tell that you can achieve great things in the future."

How could he not hear Madam Li's sarcasm? If Ye Ying had been obedient and listened to his arrangements, how could he bear to sever their father-daughter relationship?

After all, she was his own daughter and had half his blood.

He had already laid out the path for her. It would've been a bright path. With him escorting her, she would definitely achieve something. However, Ye Ying was a useless piece of trash. No matter how good of a path he laid out for her, she would only stray away from it.

He had spent so much effort nurturing her, but in the end, she did not acknowledge him as her father.

As expected of his daughter. She was ruthless enough.

So be it. Since she didn't acknowledge him, why should he acknowledge a stupid daughter?

He could not afford to offend the Li family. It had not been easy for him to climb to his current position. He did not want to go back to square one in just one night, let alone have everything stripped from him.

He had to give up Ye Ying, the daughter who didn't acknowledge him!

Ye Zhifan pretended not to hear Madam Li's sarcasm. His voice was so deep that it was trembling. "I've embarrassed myself. She... Sigh, she's too stubborn. I can't persuade her either. I respect her wishes.

"She's in his 20s, so she's no longer young. She has to take responsibility for everything she does."

He was telling Madam Li that Ye Ying was responsible for everything she did and it had nothing to do with anyone else.

Although Madam Li was harsh to others, she had always been magnanimous to her children. Even if her children made a huge mistake, it was still the Du family's business. It was not up to outsiders to criticize them.

Hearing Ye Zhifan's words, Madam Li's expression turned even colder.

With a father like this, how good could his daughter be?!

She, Li Chenglan, had always been the one to scheme against others. Today, she was actually schemed against by a mere regiment chief and a young lady. Heh, did Ye Zhifan think that he could escape after getting a divorce and cutting ties with Ye Ying?

Madam Li, who had a dark expression on her face, quickly made another call. Then, she said in surprise, "The Discipline Office has already gone to the Southern Province? Are they going to clear the bureaucracy in the Southern Province?"

"The situation is unclear? Old classmate, is there something you can't tell me?... I'm not making things difficult for you. If you don't tell me, can I force you to tell me?"

"I'm calling you today for no other reason than to tell you to investigate a director with the surname Ye in the construction bureau in the Southern Province. I'm just mentioning it to you. Since the Discipline Office has already gone to the Southern Province, you have to investigate everything."

Madam Li had a lot of connections and would more or less know some important officials. When she learned that the Discipline Office had gone to the Southern Province, she called her old classmate and chatted with him for a while. She agreed to have a meal with him before hanging up.

Chapter 2194: Ye Ying, You Really Deserve To Die

??

After making two calls, Madam Li sat in the car and waited for Staff Officer Du and Du Jiayi to come out.

After waiting for about 10 minutes for them, her patience was wearing thin. She dialed Old Du's number.

Staff Officer Du didn't have time to answer. He handed his phone to the guard and started sweating slightly as he took the call from the chief of staff.

"I've failed in my duty. I accept all the punishments given to me and will reflect deeply on the mistakes I made in my work. ...Understood. I've realized that I made a serious mistake in my thinking. ... Okay, I'll return immediately."

The call from the chief of staff made Staff Officer Du's expression turn even colder. He didn't expect the news of the new recruit, Ye Ying, to reach the chief of staff so quickly!

He didn't dare to shirk his responsibility. He was wrong! He had seen personal Ye Zhifan's resume and roughly looked at the information he submitted. He didn't investigate further and directly opened the back door for Ye Ying. He relayed the news to the capital's political regiment to specially recruit Ye Ying.

Unexpectedly, the information he saw was all fake. Even his wife didn't investigate it clearly!

He had almost made a huge mistake!

Fortunately, Ye Ying was only in the army for half a day. Her details and enlistment information had not been officially recorded in the army management system. They only needed to destroy all the paper materials. Fortunately, the bad influence of the situation was reduced to the minimum in time. Otherwise, he would be criticized in public at the next military assembly.

Thinking about how the chief of staff had brought up his wife on the phone, asking if she also wanted to have a position in the General Staff Department... Staff Officer Du, who had hung up the phone, did not

even notice that Jiayi was standing outside waiting for him. His face darkened as he quickened his pace and left the military headquarters.

This was not a good thing. The chief was clearly telling him that his wife had interfered too much!

For Ye Ying, the entire family was going to be dragged into a mess.

Du Jiayi could already tell that her father did not look good. She jogged after him and said softly, "Dad, Mom is waiting for us outside."

"Tell your mother that I have to rush to the General Staff Department immediately. Just now, the General Staff Department called. Ye Ying's matter has already spread to the General Staff Department." Staff Officer Du, who was walking in big strides, was walking like the wind. As he walked, the air around him was very oppressive. "Tell your mother that the General Staff Department asked me if I want to find a position in the department for your mother."

Du Jiayi, whose face had turned pale, immediately understood the implications... This matter had really blown up!

Seeing that Staff Officer Du had already walked away, she didn't have time to think too deeply about it and hurriedly ran over. She had to go out and tell her mother immediately. Dad was in trouble.

"I don't want to go back. I don't want to go back. I want to see Madam Li. I want to see Staff Officer Du. They were the ones who let me into the capital city's political regiment. It has nothing to do with me. I don't want to be brought elsewhere..."

Du Jiayi, who was running, suddenly heard Ye Ying's heart-wrenching screams from behind. What made her even angrier was that she actually pushed all the blame on the Du family!

'Nothing to do with her?

'Ye Ying, you really deserve to die!'

Staff Officer Du heard it too. He deliberately slowed down and waited for Xia Jinyuan and Ye Jian, who were preparing to leave the military headquarters.

Without much interaction, Xia Jinyuan and Ye Jian simply stopped and saluted him. Then, they left calmly under his gaze, leaving behind the calm sight that was full of military might for the Du family to see.

Chapter 2195: Are You Pig-Headed?

"I didn't expect it. I really didn't expect it." He didn't expect Xia Xinhui's son to become more and more promising. He didn't have the frivolousness of his youth at all. Staff Officer Du whispered softly, and the darkness in his eyes deepened.

Du Jiayi didn't say anything. When she saw Xia Jinyuan, she subconsciously turned sideways and hid behind Staff Officer Du. She only straightened her back after Xia Jinyuan left with Ye Jian.

For some reason, she couldn't move freely in front of Xia Jinyuan. It had been like this in the past and it still was like this.

Du Jiayi, who was secretly resentful, gritted her teeth and only dared to glance at the tall, slender figure from the corners of her eyes. Her face revealed a half-annoyed and half-angry expression.

Soon, two guards holding Ye Ying appeared. Ye Ying couldn't suppress her excitement when she saw Staff Officer Du. She was still a distance away, yet her voice was hoarse and pleading.

"Staff Officer Du, please save me. I won't do it again. I won't do it again. I was wrong. I know I was wrong. Please give me another chance. I'll definitely turn over a new leaf and make no more mistakes. Please, please save me.

"It was you and Madam Li who arranged for me to enter the capital city's political regiment. You can't leave me be. Staff Officer Du, please save me. You can't leave me be."

Ye Ying would seek help from anyone she could find. She didn't even know how to control herself. What she said was the most taboo thing for Staff Officer Du.

"It's inappropriate to make a scene in the military. Just shut her up and take her away from the military as soon as possible!"

Staff Officer Du suppressed the anger in his heart and ordered in a deep voice, "Transfer her to the Southern Province overnight! No one is allowed to meet her halfway!"

Ye Ying wanted to beg him to let her talk to her family. Hearing his instructions, it was like a bolt of lightning that exploded in front of Ye Ying's eyes.

"Duh-uh-uh-uh..." she began, but her mouth was gagged again.

Du Jiayi was still the one who gagged her mouth. She had previously used one side of the pair of white gloves that were used for the performance. Now, she gagged her using the other side of the pair of white gloves.

.....

"Ye Ying, you're really bold. There are countless military guards with guns here. Aren't you afraid that the guards will shoot you if you continue arguing? Be quiet, Ye Ying. Your matter has just begun!"

Du Jiayi emphasized the last sentence with a hint of killing intent.

Ye Ying, who was already scared out of her wits, saw the coldness in Du Jiayi's eyes. She trembled and almost vomited.

"You two should bring her over as soon as possible." Du Jiayi held her breath and said. Before she left, she glanced at Ye Ying, who was paralyzed with fear. A cold smile flashed across her eyes as she left the military headquarters.

How dare she beg her parents? 'Ye Ying, are you pig-headed?'

Staff Officer Du left in a car from the military headquarters. Madam Li, who was waiting outside, saw the familiar license plate number flash past and knew that her husband would not go home with her. When Du Jiayi came out to pass on Staff Officer Du's words, Madam Li frowned.

She was really too angry today. She failed to control her temper for a moment and let others see her as a joke!

The words of getting her a position in the military were an accusation that she had meddled too much and even dared to interfere in the affairs of the army.

Madam Li, who was exhausted, raised her hand and pinched her eyebrows. She closed her eyes to hide her killing intent and to rest.

Ye Zhifan had saved her son. This was a huge favor.

Chapter 2196: You Bastard

After learning that Ye Zhifan wanted his daughter to join the army, she, Li Chenglan, had always been a person who would repay the kindness shown to her, so she agreed without hesitation. It was not a big deal. She was just making way for his daughter to become a small military arts soldier as a form of repayment.

Unexpectedly, the daughter of a chief was such a rotten piece of trash. It was rare for her to use her husband's influence to help, but in the end, even the General Staff Department knew about it.

The general assembly was about to be held, but her family had gotten themselves into such a terrible mess. Madam Li, who could foresee that the Du family would not have a good time during this period, suddenly opened her eyes. She grabbed the black handbag on her lap and said in a low, ruthless voice, "You came to challenge my bottom line. Ye Ying, if I don't torture you, my surname won't be Li."

Ye Ying, who was being dragged into a car, shivered violently. She leaned against the seat of the cold car. She no longer had the strength to cry.

Being discharged and being sent back to the Southern Province meant that she would be terribly tortured.

When Sun Dongqing heard the news, she was checking her assets at home. Although she was divorced, she still had a lot of assets.

She had two properties in Anyang and the Southern Province. Her savings were seven figures. In addition, Ye Zhixiang sent over a car and several large pieces of gold, silver and jewelry in order to keep the company left by Sun Yaozu.

After checking all the assets, Ye Zhifan called.

“...What?! Ye Zhifan, make yourself clear!” Sun Dongqing only heard the words, ‘Your precious daughter has been sent back to the Southern Province.’ She was like a volcano that had erupted. She held the phone tightly and roared.

The expressionless Ye Zhifan leaned against his office chair and said coldly, “On account that we were once husband and wife, I decided to inform you in advance so that you could be mentally prepared. Your precious daughter’s mistake was exposed. Madam Li had also received the videotape and was furious when she saw the contents.

“She specially called me to question me just now. Her tone was very unfriendly. She told me that your precious daughter caused her to lose her reputation and made her a joke in the upper class circle of the capital. She plans to teach your precious daughter a lesson.

“As for how she’s going to teach your precious daughter a lesson, that’s not for me to know. However, I can tell you now that Sun Ying will definitely not have it easy.”

Fortunately, he had changed Ye Ying’s name to Sun Ying in the afternoon. Otherwise, he wouldn’t have been able to answer Madam Li.

Sun Dongqing did not believe him and questioned loudly, “How is that possible?! Madam Li likes Yingying so much and even wants Yingying to be her daughter-in-law. How can she bear to let Yingying suffer?!”

“Ye Zhifan, you bastard! Do you regret giving all your assets to us, so you’re thinking of ways to make me feel uncomfortable?!”

This was Ye Zhifan’s ex-wife. She was shallow and stupid!

In the past, because Old Madam Ye had done some inhumane things to her, he endured the guilt in his heart. He always thought that his first wife had gone through thick and thin with him, and the stupidest things she did was all for the sake of their family. Hence, he would spend more effort watching over her and not let her cause any big trouble.

Unexpectedly, not only was she stupid, but her daughter was also stupid. Ye Ying’s stupidity was different from that of her mother. She refused to tolerate even the smallest things. She looked smart, but she was actually even more stupid than her mother. She had caused even more trouble this time!

Ye Zhifan snorted coldly. “Sun Dongqing, wait for Madam Li’s call, then. She’ll contact you soon.”

Chapter 2197: Dad, Come And Save Me

“Which madam would like a promiscuous woman? Do you think Madam Li is you? Is Sun Ying her flesh and blood? Do you think that no matter what Sun Ying does, she’ll forgive her? Sun Dongqing, think about it from another perspective. If you had a son, would you be willing to let him marry such a girl?”

“Of course not!”

Sun Dongqing blurted out. Then, she was stunned.

How could Madam Li be willing to do something that even she was unwilling to do?! When she saw the videotape, she was so angry that she wanted to beat her daughter to death, let alone Madam Li!

This was bad!

This was really bad!

Sun Dongqing finally woke up from her dream of her precious daughter getting a general to be her son-in-law to anger Ye Zhifan. How could Madam Li be willing to do something that even she was unwilling to do?

No, no. If Yingying's affairs in the countryside would already be a great humiliation to her in-laws. How could they forgive Yingying so easily just because she was obedient?

'This is bad!' she thought.

It was impossible for anyone to like Ye Ying. No woman even in the countryside would like an indecent and promiscuous girl like Ye Ying to be her daughter-in-law!

Madam Li was also a major general's wife. She was famous in the capital. How could she forgive Yingying when her chosen daughter-in-law candidate suddenly caused a scandal?

"Old Ye, Old Ye, you have to help Yingying. She's your daughter. I know I was wrong. Hurry up and think of a way to help Yingying." Sun Dongqing, who was so frightened that her limbs were cold, forgot that she and Ye Zhifan were already divorced. She had even urged Ye Ying to change her surname to 'Sun' this afternoon.

Knowing that her daughter was in danger, she trembled in fear. She was out of her wits and could only think of Ye Zhifan. "Old Ye, quickly call Staff Officer Du. Tell him that Yingying is young and ignorant, and she made a mistake. Ask him to be magnanimous and let our Yingying off. We'll definitely teach Yingying a lesson later."

Ye Zhifan waited for her to finish before saying expressionlessly, "It's too late, Sun Dongqing. Sun Ying is no longer my daughter. She personally said that she doesn't acknowledge me as her father anymore. And you're just my ex-wife. Sun Ying has already followed you. I have no obligation to clean up this mess for you.

"Sun Ying will be sent back to the Southern Province in a few days. Someone will inform you to visit her. Oh right, Sun Ying will also be fined 100,000 yuan. Prepare this sum of money. Also, I'm warning you, don't go out and cause trouble using my name in the future. You're my ex-wife. I'm not obliged to clean up your mess again!

"If you dare to make things difficult for me again, Sun Dongqing, don't blame me for disregarding our old relationship!"

Ex-wife, divorce, mess, fine... Sun Dongqing's mind was a mess. She couldn't say a word.

Before she could say anything, the dial tone of the phone being hung up came through.

"Ye Zhifan!" Sun Dongqing shouted into the phone. Her voice was trembling. She was no longer as arrogant as before.

When she called again, the line was busy. She couldn't get through no matter what.

Sun Dongqing, who was in a complete panic, kept calling. She didn't know how long she had been dialing. Knowing that there was no hope, she hung up the call and sat down on the cold tiled floor while wailing.

Then, the sound of the phone ringing came. Sun Dongqing, who was crying at the top of her lungs, thought that it was a call from Ye Zhifan. She stood up and picked up the call. "Old Ye, you—"

"Mom, have Dad save me. Mom, it's me, Yingying. I'm so scared. Get Dad to save me."

Chapter 2198: Wake Up

When Sun Dongqing heard her daughter's heart-wrenching scream, she was so frightened that she cried out involuntarily, "What's wrong, Yingying? Don't be afraid. I'm here, I'm here. My baby, don't be afraid. Take your time. I'm here."

Sun Dongqing was indeed very good to her daughter. No matter what mistakes her daughter made, as a mother, she would forgive her in the end.

"Mom, go and look for Dad. I was harmed by Ye Jian. She sent the videotapes. Mom, she sent the videotapes to Dad and Madam Li. She's the one who harmed me.

"Mom, go find Dad quickly. Doesn't he know the director of the Ministry of Public Security? Get Dad to make a call. I don't want to go to jail. I don't.

"Mom, I was really hurt by Ye Jian this time. It's terrible. I hate her so much! Mom, it's all her fault. It's all her fault! Mom, I'm so scared. I don't want to be discharged. I don't want to be sent back to the Southern Province."

Save her? Who would save her? Who?

Even her father had changed her surname to 'Sun'. Who would save her daughter? Who?

"Don't be a soldier anymore, Yingying. Just give up on the idea of being a soldier. Let's go back to the Southern Province. We won't go anywhere and just remain in the Southern Province. Ye Jian can't harm you there. How can she?

"My dear daughter, don't be afraid. You come back first."

Sun Dongqing didn't dare to say that Ye Zhifan didn't acknowledge her daughter anymore, let alone that she would be called 'Sun Ying' from today onward. She was afraid that she would hurt her daughter even more if she said it.

"I'm not coming back, Mom. I can't come back! Ye Jian will look down on me if I come back! I won't bow down to her for the rest of my life! Mom, quickly get Dad to answer the phone. I want to talk to him. I want to tell him how hateful Ye Jian is."

Sun Ying didn't know what had happened in the Southern Province. She treated Ye Zhifan as her last hope. Other than her father, no one else would be willing to save her.

"My poor daughter..." Sun Dongqing, who couldn't contact her ex-husband either, wailed. "Yingying, your father isn't at home... Come back to the Southern Province first. We'll make plans when you return."

It would be good for Sun Ying to be back in the Southern Province. At least she could be with her daughter.

It wasn't easy for Sun Ying to contact her family. How could she give up so easily? Her hoarse voice was even tighter. Her voice was sharp and ear-piercing. "No, I'm not going back to the Southern Province. I want Ye Jian to die a horrible death. I want her to die a horrible death!"

"Admit defeat, Yingying. Let's admit defeat. We can't beat her." Without a Ye Zhifan to rely on, how could they make things difficult for Ye Jian? How could they make things difficult for Ye Jian, who was already high and mighty?!

Sun Dongqing, who had lost her ex-husband's protection, suddenly came to a realization. In order to know news about her daughter, she had dialed countless numbers, but no one had picked up. Even when her fingers were about to swell, no one answered.

Only then did she know that without Ye Zhifan's protection, she was nothing!

Sun Ying, who did not know that her surname was already 'Sun', screamed crazily, "Why can't we beat her?! Why? With Dad around, how can we not win against an orphan?!"

Orphan? Yes, Ye Jian had no parents, but she had too many people who helped her. There were too many.

"Sun Ying, wake up. I beg you, wake up. There's nothing left. We have nothing. Even your surname has changed to 'Sun' from today onward. Sun Ying, accept your fate. Let's accept our fate."

'What?! How did she become Sun Ying?'

No!!!

She was Ye Ying. How could she become Sun Ying?!

Chapter 2199: Retribution

"I divorced your father this morning. Yingying, have you forgotten? You were the one who wanted me to divorce your father. He won't care about us anymore. It's useless to look for him. We can only accept our fate, Sun Ying. We can only accept our fate."

Sun Dongqing, who was crying loudly, told the truth. She didn't know what her daughter's expression would be when she heard it, but she had to say it. If she didn't, Sun Ying would continue to dream of taking down Ye Jian.

Impossible. It would never be possible.

"No, impossible! Mom, what did you say? Impossible! I'm Ye Ying. How could I become Sun Ying?" Sun Ying even failed to hold on to her last straw of hope.

Ye Zhifan was her last confidence and her last hope.

"My poor daughter, it's true. You're Sun Ying now... I listened to your arrangements and asked your father to change your surname. He told me personally that he wouldn't care about us anymore. Yingying, he won't care anymore. Ye Zhifan means what he says... He means what he says.

"That night, you said so yourself that you wouldn't acknowledge him as your father anymore, and you wouldn't beg him either. Yingying, there's no way out for us. It's all my fault for not stopping you. It's all my fault.

"No matter how much Madam Li likes you, her feelings for you are limited. How could she tolerate you and forgive you just because she likes you? Even I got angry at the shameful things you did overseas, let alone Madam Li.

"Yingying, you made a mistake. You were wrong from the beginning. We can't climb up the social ladder. You'll no longer enjoy Madam Li's favor now that she knows about everything you did. Ye Zhifan even told me that she won't let us off after we embarrassed her.

"Come back. Let's not fight anymore. When we return to the Southern Province, let's start afresh." As Sun Dongqing's sobbing gradually subsided, Sun Ying stopped arguing. She completely quietened down and sat motionless like a clay figurine.

Was she the one who cut off her own path of retreat? She forced her mother to divorce her father, thought that Madam Li would always like her, and even said that she wanted her surname to be 'Sun'. She was the one who cut off her own final path of retreat!

Now, there was nothing. Everything was gone.

She had become Sun Ying and was no longer Ye Ying.

The father who had protected her and treated her like the apple of his eye no longer wanted her. She had stopped being his daughter since he had changed his surname to 'Sun'.

There would be no one left to save her or protect her...

How could this happen?

How could this happen?

Why?

Why?

She couldn't understand it. She really couldn't understand it. She was supposed to be the best, but in the end, she ended up being abandoned by everyone.

She couldn't understand how she ended up like this when everything was so wonderful.

Her mother said they were in the wrong. Were they really in the wrong?

How were they in the wrong?

She didn't want a bastard to walk all over her. Was that so wrong?

Was she wrong to want to get rid of an opponent who was blocking her future?

She wanted to be the best of the best, the person whom everyone envied. Was that wrong?

Her parents had taught her all this. They'd taught her from a young age how to get everything she wanted and how to destroy what she wanted but couldn't have.

How could she have been so wrong?

How could she have been so wrong?

Ahhhhh!! How was she wrong?

Unable to figure it out, Sun Ying, who had suddenly gone crazy and started screaming, smashed her phone and banged her head against the toilet door of the train.

She couldn't figure it out. She couldn't!

Why did Ye Jian win in the end? Why did she win?

A filthy, cowardly, ugly, parentless bastard had won? She couldn't understand why she'd let a b*tch she'd always despised win!

When the guards outside who were escorting her back to the Southern Province heard the commotion, they no longer hesitated. They kicked open the toilet door and subdued Sun Ying who was self-harming herself. Then, they immediately informed their colleagues to come and pick up the mobile phone that had fallen.

Where did the phone come from? Why did she still have a phone on her?

Chapter 2200: No More Fighting

Sun Ying didn't say who had given her the phone. It wasn't that she didn't want to, but she didn't even know.

Before getting on the train, someone had squeezed past her. After getting on the train, she accidentally felt a phone in her pocket and found an excuse to make a call.

This call might as well not have been made... It might as well not have been made.

Sun Ying, who had lost all her last hope and confidence, was like a deflated ball. She stopped struggling and making noise. She kept glaring like a wooden doll and took the train back to the Southern Province from the capital without eating or drinking.

She didn't know what waited for her. When the army's death warrant came down on her, her world collapsed.

The investigation results had already been presented to the military. What else was there to investigate?

'Everyone knows. Everyone knows what I've done.'

What would she do in the future? Where would she go? She had no idea. There was no hope for her left in this gray world no matter where she went.

There was no chance. There was no chance at all. She still wanted to defeat Ye Jian? What could she use to fight?

She had utterly lost.

It was over too, all of it.

Sun Ying curled up her feet and hugged them tightly. What would be waiting for her when she returned? What would Madam Li do to her next?

Sun Ying, who was sitting in a daze, had lost her liveliness. She was like a flower that had withered overnight. She was no longer bright. She just looked like a dull old woman now.

Sun Dongqing called again but the phone was switched off. After losing contact with her daughter, she was so flustered that her hands kept trembling. Who was she going to look for next? Where was she going to find her daughter?

Sun Ying would be sent back to the Southern Province and transferred to the Ministry of Public Security. Yes, yes, Sun Ying would go to the Ministry of Public Security first!

No, no, she had forgotten something else. It was something very important!

What was it?

What was it that she had forgotten?!

Sun Dongqing, who was so flustered that she was at her wit's end, walked back and forth in the living room while crying. She had forgotten something very important, but she just couldn't remember it!

Money, money, money!

Yes, money!

Ye Zhifan said that Yingying would be fined 100,000 yuan. She had to withdraw the money. She had to go to the bank to withdraw the money. Once she withdrew the money, she could save her daughter!

No more fighting. No more fighting from now on...

Sun Dongqing, who did not notice that it was already nine o'clock at night, took the bankbook and ran out crazily in her slippers.

Outside, the lights were waning. The cold wind of early spring blew through the treetops, bringing with it a chill. Spring had arrived in the south, but the cold wind still blew in the north.

"She was sent back to the Southern Province overnight?" Ye Jian, who was peeling an apple, asked Xia Jinyuan, who had just ended a call. "Why are things moving so quickly? Is the capital city's political regiment not investigating anymore?"

The two of them had already returned to the hospital. Major Xia, who was accompanied by Ye Jian, cooperated very obediently. He stopped thinking about how to leave. He placed his phone by the bed and hugged her waist with one hand from behind. He said lightly, "Yes, Staff Officer Du was the one who personally gave the instructions, so this case is in the middle of a tribunal. They don't have time to care about her.

"Ye Ying was specially recruited into the army. This also means that there are many problems with our army. Getting power and running wild are all fixed illnesses. This time, Staff Officer Du happened to bump into the muzzle of the gun. It's going to be nerve-racking for him."

Ye Jian handed the peeled apple to the man who suddenly wanted to eat fruit. She frowned and asked in confusion, "Madam Li said in the conference room that she was the one who did it in front of the chiefs. She said that it had nothing to do with Staff Officer Du. I've always been puzzled. I don't understand why she said that. Wouldn't this cause Staff Officer Du more trouble?"
