

BOOT CAMP 2201

Chapter 2201: Scheming

She really did not understand the details of the matter. She only thought that Madam Li's words would make things more difficult for Staff Officer Du.

After peeling the apple, Xia Jinyuan didn't eat it. Instead, he placed it by Ye Jian's mouth. "Come, take a bite of the apple and I'll tell you."

...

Ye Jian took a bite and waited for him to answer her question. Unexpectedly, Xia Jinyuan took another bite at the same spot she had taken a bite. He smiled and said, "I finally found the right way to eat an apple. It's sweeter with a girlfriend."

"..." Ye Jian's beautiful face twitched. How could he say such things openly?

Captain Xia, who knew that his girlfriend was easily shy, didn't wait for Ye Jian's tender fist to land on him. After teasing her, he quickly became serious and explained to Ye Jian, "You can't just listen to what she says. You have to think about why she said that. Madam Li didn't say that to make things more difficult for Staff Officer Du. Instead, she made it more difficult for the capital city's political regiment."

One second, he was a ruffian, and the next second, he was full of righteousness. Ye Jian realized that she was becoming more and more familiar with Xia Jinyuan's transition between the two sides.

Of course, she could now keep up with his sudden transitions.

Xia Jinyuan hugged Ye Jian and leaned against the bed. When his smile disappeared, there was a hint of coldness on his handsome face. "Commander Zhong of the capital city's political regiment is Du Kaiwei's old classmate. Madam Li said that she used Staff Officer Du to interfere with military matters and allowed Ye Ying to join the army. She was telling everyone that Staff Officer Du had stopped her, but she secretly informed Commander Zhong not to let Staff Officer Du interfere and send Ye Ying to the capital city's political regiment.

"Staff Officer Du only recommended Ye Ying. The subsequent audits of Ye Ying were all handled by the recruitment office and the capital city's political regiment. Madam Li was the one who used her connections to get Ye Ying into the army. At most, Staff Officer Du was just negligent of his duties.

"It may seem like Madam Li interfered in Staff Officer Du's official affairs, but in fact, the capital city's political regiment and the recruitment office didn't review the paperwork strictly. The words Madam Li said earlier didn't make things difficult for Staff Officer Du. Instead, she quickly took Staff Officer Du out of the equation and took the blame for herself. She also pushed the blame on the capital city's political regiment and the recruitment office.

"Remember the resentment of the instructor of the capital city's political regiment? The instructor didn't agree with Ye Ying's recruitment at that time, but under Commander Zhong's persistence, the

instructor had to take a step back. Otherwise, he wouldn't have angrily pointed out in front of all the leaders that Ye Ying was recommended by Staff Officer Du.

"Madam Li is indeed a good chess player. No wonder back then..."

No wonder what? Xia Jinyuan didn't continue down. He turned to look at Ye Jian and saw that she was stunned. He couldn't help but laugh. "Are you surprised? You didn't understand why Madam Li dared to talk in the conference room earlier?"

"You may be clever and cunning, my little fox, but you're no match for a wily politician. The moment something turns up against them, they'll make the first decision in their favor to turn the tide.

"Staff Officer Du left a small city and happened to catch Madam Li's eye. From a small company commander to his position today, his career progress has a lot to do with Madam Li. It can be said that it's all thanks to Madam Li that Staff Officer Du's family can be where they are today.

"Don't make any large moves for the time being after this. Madam Li has already targeted Ye Zhifan. She won't let Ye Ying off easily. So you should just accompany me for a few days."

Chapter 2202: Almost There

Ye Jian was indeed stunned. Even though she had lived two lives, the combined age of her two lifetimes would only make her in her 30s. She was not as experienced as Madam Li, who had always lived in the center of the regime.

When she saw Madam Li stepping in and taking all the responsibility, she was quite surprised. Wasn't this related to power?

After Xia Jinyuan's explanation, she realized that it was not like what she had seen on the surface. It turned out that Madam Li's plan was to push the blame on the capital city's political regiment and the recruitment office.

No wonder Commander Zhong did not say a word from the beginning to the end. He definitely understood Madam Li's intentions. No matter how much he wanted to say, he had to suppress it.

Just as Captain Xia had said, compared to Madam Li, he was too weak.

However, she had never thought of going against Madam Li. Anyway, it was already impossible for Ye Ying to marry into the Du family in this lifetime.

But there was something else she had to tell Xia Jinyuan.

Ye Jian pursed her lips and sat up straight. She faced the man with a sharp gaze. "Captain Xia, you said that Madam Li is targeting Ye Zhifan now. Do you think the person behind him will show up this time?"

"Not necessarily." Xia Jinyuan, who was thinking about this, pursed his lips. A cold glint flashed across his deep eyes. "The Du family is like the sun in the sky now. The family has members in both the military and political departments. The person behind Ye Zhifan has been hiding for so long. It can be seen that he's a very cautious person. A very cautious person won't easily go against another powerful force.

“The person behind Ye Zhifan will either keep silent or help him... But I think the latter is more likely.”

If the latter was more likely... Ye Jian felt a little regretful. If that was the case, she still had no way of knowing who the mastermind was.

Xia Jinyuan, who could tell what she was thinking, had a smile in his eyes. He rubbed his curved index finger against her pretty nose bridge affectionately. “You’re thinking about it again. The military and the military commission have already started an investigation. Are you still afraid that the person behind Ye Zhifan won’t appear?”

“It’s just that the waters are rather deep. The investigation of the military commission and the military has to be carried out in secret and safely. Trust the investigation team. They’ll give you an answer. It might not be satisfactory, but there’ll be an answer.”

Ye Jian’s frown eased. She wanted an answer to who had caused her mother’s sacrifice.

The mystery of her previous life was finally slowly being unraveled in this life. She had already waited for two lifetimes. Was she afraid of waiting any longer?

Time would eventually give her an answer.

Xia Jinyuan had always known that Ye Jian had a huge knot in her heart that had to do with Ye Zhifan’s family. Every time Ye Zhifan’s family was mentioned in the past, her expression would inadvertently reveal coldness.

She had suffered when she was young and only learned to resist in junior high. The knot in her heart had long been planted and would take a while for it to be untied. He did not want to trigger her old wounds, so he could only secretly help her.

Fortunately, she could keep her composure. This time, she managed to push Ye Ying down and severely harm Ye Zhifan.

As smart as she was, she also made his heart ache.

Now when Ye Zhifan’s family was mentioned, there was no longer any gloominess in her eyes... Everything she did was worth it.

Ye Jian didn’t mention Ye Ying anymore. Now that Ye Ying had Madam Li targeting her, she didn’t have to care about her anymore. Falling from the clouds into the mud... It must be uncomfortable.

That night, Ye Jian slept exceptionally soundly. Even when Major Xia hugged her in the middle of the night and pressed most of his body against her, she didn’t wake up.

Chapter 2203: Sweet Torture

The hurt that Ye Ying brought her in the previous life, along with Ye Ying’s defeat in this life, allowed the hatred that occupied half of her heart to finally collapse. She didn’t have to think about Ye Zhifan anymore either. Madam Li would personally end his good days. The anger she felt would also end.

Ye Jian slept soundly, but Major Xia suffered. As a normal man, he had a hard time enduring it. His waist was injured, so he couldn't move too much. Hence, there was nothing he could do.

However, the touch of a woman's breasts could easily stir up the heat in a man's body. Major Xia, who had touched her several times and was breathing heavily, wanted to wake Ye Jian up and satisfy his desires. In the end, he couldn't bear to wake her up and suppressed the heat in his body.

Ye Jian was no longer disturbed by worldly matters or affected by future matters. She rested her head on his strong arm and breathed in the scent that made her feel at ease. Her entire body was nestled in his arms that were like a harbor to her. She felt very relaxed even after she closed her eyes. Just by resting and snuggling up against him like this, she felt like she could be protected by him forever.

Xia Jinyuan, who had calmed down again, looked down at the tent on his pants. In the end, he silently took a pillow and placed it between them so that he wouldn't accidentally 'poke' Ye Jian awake.

He couldn't fall asleep for a long time. On the other hand, Ye Jian's breathing had long ago turned steady. As she was sleeping too soundly, even her lips had curved into an innocent smile.

Xia Jinyuan looked at her sleeping face almost greedily and stared deeply. His eyes were as gentle as water as they focused on her. He lowered his head and kissed her smooth forehead lightly. He chuckled and said, "Little Fox, you have to grow up quickly. This big bad wolf can't hold himself back anymore. If I want to pounce on you one day, it won't help even if you hold a gun to this big bad wolf's head."

Ye Jian didn't answer him. Perhaps his gaze was too focused. In her dream, she moved her body slightly and took the initiative to snuggle into Xia Jinyuan's arms. Her full and round breasts were right on the side of Xia Jinyuan's chest... It was really sweet torture.

Sweet and tormented, Xia Jinyuan knew that he wouldn't be able to sleep tonight. Even if he wanted to, he couldn't.

Of course, he couldn't bear to sleep. He could watch her all night.

Commander Xia, who had rushed over early in the morning and had not slept the entire night, looked at Ye Jian, who was in his son's arms. Then, he looked at the brat who was signaling him to leave with his eyes. Commander Xia raised his hand and gestured for the guards to stand outside. Then... he pushed the door open and entered.

Xia Jinyuan was speechless. Didn't he say that he would guard his future daughter-in-law well? Why was he disturbing her so early in the morning, then?

Ye Jian, who had never slept so deeply, only woke up when Commander Xia walked into the ward. When she opened her eyes, the first thing she saw was a lazy handsome face. As he said, "Good morning," Ye Jian looked over and saw... Commander Xia smiling kindly at her.

Commander Xia!

Ye Jian suddenly got up.

Chapter 2204: This Is Awkward

There was nothing more embarrassing than what was happening right now, and he believed that there would not be anything more embarrassing than what was happening right now!

Ye Jian, who was sitting upright, tried her best to adjust her facial expression. She tried to look very normal and not let Commander Xia see the embarrassment on her face.

How embarrassing!

The commander-in-chief came over early in the morning and had already walked into the ward, but she did not notice at all. She... She continued to snuggle in Captain Xia's arms. Did she do anything else just now?

'Did I put my hand on Captain Xia just now? What about my feet? Did I wrap my feet around his legs?

'What about my body? Did I lean over Captain Xia?'

Ye Jian, who had an extraordinary memory, suddenly couldn't remember. She couldn't remember anything from the moment she closed her eyes to the moment she woke up... She was quite obedient when she slept as she was worried about Captain Xia's waist injury. She probably didn't put her hands and feet on Captain Xia...

However, Ye Jian couldn't be sure.

"Go wash up first." Xia Jinyuan could tell that Ye Jian was embarrassed. At this moment, she probably felt uncomfortable all over. He had to take care of her and help her out.

Ye Jian wanted to wash up, but the commander-in-chief was smiling at her. She didn't dare to go.

"Little Ye, go wash up first. We'll talk about serious matters after breakfast." Commander Xia could naturally tell that Ye Jian was uncomfortable. He originally wanted to find trouble with his son and sit and stare at him to see how anxious his son would be. Unexpectedly, he woke Ye Jian up from her sleep. His son's calm expression had made her feel even more awkward.

With the commander-in-chief's instructions, Ye Jian stood up and rushed to the bathroom.

"Sit down first. I have to wash up too." Xia Jinyuan was not embarrassed. His expression was just a little cold. He had been hugging his girlfriend to sleep, but he was disturbed. Even if it was his biological father... he was still unhappy.

It was rare to see his son at a loss, so Commander Xia was in a good mood. However, he did not show it on his face and said coldly, "I didn't rush over early in the morning to see you giving me a hard time. Hurry up and wash up. Have breakfast with me.

"How many years has it been since you've had a decent breakfast with me? Go on."

...

The last sentence touched Xia Jinyuan. His handsome face softened as he walked over. He put his arm around the commander-in-chief's shoulder like they were brothers and negotiated with him, saying, "Dad, you know that I rarely see Ye Jian all year round. Every time I see her, I really want to stuff both of us into a sealed room where no one can disturb us.

"It's unfilial of me not to have had a proper breakfast with you for so many years. When Ye Jian returns to school, I'll accompany you every day for my remaining six days of vacation. How about that?"

Since ancient times, it was difficult to be loyal and filial. It was the same for Xia Jinyuan.

Commander Xia seemed to sigh emotionally. He patted Xia Jinyuan's shoulder heavily and said in a low voice, "You're already an adult. You should live your own life. I won't disturb you. You don't have to come back to have breakfast with me. My appetite hasn't been very good recently. Once you come back to accompany me, I'm afraid my appetite will be even worse.

"I appreciate your filial piety. Stay in the hospital and have breakfast yourself. Don't come back and affect my appetite. If you're discharged from the hospital, I'll be hospitalized. Us father and son will consist of a patient and an injured person. Little Ye will worry."

"..." Xia Jinyuan took a deep breath and adjusted his expression. Then, he smiled at Commander Xia and said, "My grandmother doesn't dote on me and my uncle doesn't love me. My biological father even despises me. Alright, I'll live my life with my girlfriend. You don't have to wait for me to eat breakfast. Eat something yourself first. Just don't overeat."

Chapter 2205: Too Sweet

Thinking about how he hadn't had breakfast with the old man at home for several years, he felt guilty... In the end, reality was cruel. Once again, it proved that he was thinking too much.

Commander Xia patted his son's shoulder again and pointed out the mistake in his words. "You've never been doted on by your grandmother or uncle. You've lived for almost 30 years now. Why haven't you accepted reality?"

"That's why I'm reminding you that it's more important to stay by your girlfriend's side. Young couples come to accompany each other when they're old. Little Six, just look at the Old Master and Old Madam at home. They have many sons and daughters, right? But in the end, who will accompany them when they're old? Their children and relatives will only visit them occasionally. The one who'll really accompany you for the rest of your life is your partner."

The only person who could really accompany you for the rest of your life was the person beside you.

Commander Xia had no intention of restraining Xia Jinyuan. He only hoped that his only son could find true happiness. As for him, he could just watch from the side.

The commander-in-chief could not bring himself to say anything philosophical. He also believed that his son knew what it meant. It could be considered a tacit understanding between father and son.

He could not be too serious or too soft. It was the most effective and peaceful way for a father to communicate with his son.

It could be considered a valuable experience gained from a few years of arguing with Xia Jinyuan.

Xia Jinyuan did not say anything else. He only hugged his father's shoulders even tighter. He would find his own happiness. When the time came, he would bring 'happiness' to accompany Old Xia, who had divorced and would not marry anymore.

In the bathroom, Ye Jian moved quickly. It only took her two minutes to wash up and brush her teeth. She took another 30 seconds to tidy up her clothes. When she pulled the door open, she saw Xia Jinyuan, who was pushing the door open.

"Help me wipe my back." Without waiting for Ye Jian to come out, Xia Jinyuan squeezed in and pushed Ye Jian back into the bathroom. "Old Xia hasn't had a good appetite recently. He's worried that he'll lose his appetite if he watches me eat breakfast. I have to wash up first before going out to accompany him. Otherwise, he'll vomit while eating."

Ye Jian understood how the father and son interacted. Hearing this, she pursed her lips and smiled. "The commander-in-chief probably doesn't find you dirty. He probably just dislikes you."

"Little Fox..." Xia Jinyuan, who was about to take off his clothes, paused and said meaningfully, "You can't say what you know. You'll embarrass me if you say it out loud."

Ye Jian was arranging the toiletries with her back facing him. When she turned around... she saw that his upper body was bare. Moreover, he was still unbuckling the belt of his pants.

Amidst the sound of toiletries falling to the floor, Ye Jian, who instinctively reacted, grabbed Xia Jinyuan's pants at the most precise speed.

She was too precise and fast. In addition, she had overreacted. Although she had grabbed onto his pants, at the same time... she had also grabbed onto the part that had tortured Major Xia last night.

2

Ye Jian was dumbfounded. It was too late for her to retract her hand.

Her right hand was held down by Xia Jinyuan, who had a forbearing expression on his handsome face. He held her very tightly. He subconsciously made an action to pull away her right hand. Then, Ye Jian saw the man, who would not even blink even if a mountain collapsed in front of him, gasp.

His noble and handsome face was no longer calm. It was a prelude to a storm. In particular, there was a look of struggle in his unfathomable black eyes as if it was trying to break through the shackles.

Chapter 2206: Intimacy

"I'm sorry. I... Well, you should let go first."

How could Xia Jinyuan let go? Such a good thing suddenly happened so early in the morning. It was really... a surprise!

Instead of letting go, he gave a low, deep laugh. "I'm not letting go. You're finally taking the initiative. I can't bear to let go."

That was right. The top dandy prince of the capital back then was starting to act like a hooligan again.

"I didn't mean to. You... Let go now!"

Xia Jinyuan, who was 'tortured' until he was panting heavily, did not stop her. He only gripped her hand and did not allow her to move away. His strong and muscular chest heaved up and down. His smooth and beautiful muscles were extremely tense. Occasionally, Ye Jian could see his lean and beautiful chest muscles twitching... From the honest reaction of his body, what he was feeling was not torture but enjoyment.

"You've already taken the initiative to molest me. It's too late to say that you didn't do it on purpose." One could see that he was holding himself back from his handsome face, and his voice was hoarse. The sight was as intoxicating as red wine. "Hold on tight, Little Fox, but don't pull too hard. It'll be troublesome if you break it."

Ye Jian was speechless. This hooligan!!!

"Don't stop. Control your strength a little and be gentler," the big gray wolf said gently. His dark eyes stared at Ye Jian deeply. There was a vortex in the depths of his pupils that seemed to be able to suck Ye Jian's soul in.

Ye Jian didn't dare to move. An unintentional move had made her take the initiative to molest him. Moreover, she had even grabbed that part out of all body parts...

'I can't move, I can't pull, and I can't shake... But if I just grab it, I'll be... I'll be... embarrassed.'

The two of them were already at their limits the last time at the hotel. In the end, they stopped at just the upper body. Although Xia Jinyuan was thinking about how to let Ye Jian study the physiological structure of his lower body, he didn't have the chance to.

Unexpectedly, this good opportunity came so quickly that he was caught off guard and almost missed it.

Fortunately, he reacted quickly. While she was focused on the top of his pants, he pressed her hand down and completed the process of letting her study the male body structure and physiological changes.

He had finally made up for his regrets the last time.

"Relax, Little Fox. Do you feel the change in me?" Without any impatience, Xia Jinyuan seduced Ye Jian patiently. "This was also the change that took place in me last night. Go back and forth... Do you feel it?"

He stepped closer to her and pressed Ye Jian's waist against the basin. Xia Jinyuan pressed her hand with one hand and lowered his head. "It's a real reaction, baby. Do you feel it?"

She felt it. The process of him going from soft to hard made her blush like she was on fire. She was so nervous that her throat was tense.

Ye Jian pressed her shoulder against his chest. Her voice was as shy as a mosquito. "Captain Xia... I'll go out first. Take your time." Although she had never had sex in both lives, she still knew what went on between men and women.

Now, with the alarm wailing, she wanted to escape.

Chapter 2207: Warning Up Ahead

"Be good. Touch it again. Touch it properly. It hurt all of last night, waiting for you to comfort it. Don't be afraid. It doesn't want you to be afraid because... it belongs to you. Understand?"

1

His low and sexy voice was saying the most seductive words of love. He wasn't being despicable. He was telling Ye Jian sincerely that no one else could comfort him.

"Nothing's going to happen. Feel the shape and we'll get out of here. Trust me, Little Fox. I'll do as I say."

Touch the shape...

Ye Jian was dumbfounded. How could he say such things?

She looked up and glared at him. "Captain Xia, don't say such things!" He said it so shamelessly, and she felt ashamed!

Although it was a harsh stare, it did not have any power in Xia Jinyuan's eyes. Her eyes were watery and seemed to be glazed over. There was no aggression. All that was left was temptation.

Even her voice was soft and delicate. When it sounded in his ears, it made his heart skip a beat. He wished he could rub her into his body.

Xia Jinyuan's voice was very serious. He said, "Every object has its own shape. I'm not wrong. Don't you have to touch the shape to determine which component you want to use? Mine has a shape too. Why are you embarrassed?"

In terms of shamelessness, Xia Jinyuan was definitely invincible.

He actually said such embarrassing words in a serious tone!

Ye Jian, who was so embarrassed that her face and ears had turned red, sighed and snorted. "You're being unreasonable!"

"I'm indeed unreasonable," Xia Jinyuan admitted boldly. He pressed down on her hand and rubbed the top of her head with his chin. He had been holding himself back for a long time. "I didn't sleep all night. I was thinking about whether I could gain the favor of my girlfriend. I've been feeling uncomfortable all night. At least take pity on me, just for a while, okay?"

'All night?'

Ye Jian looked up in disbelief. He truly might not have slept the entire night. He had dark eye circles.

When she looked up, Xia Jinyuan, who had been holding himself back, quickly kissed her lips. His dark eyes were filled with the emotions of a man. "Promise me just this once, okay?"

It was too hard to endure. He was clearly approaching the edge, yet he continued to endure. Ye Jian was so nervous that she couldn't bear it anymore.

Seeing that his thin lips were pursed tightly and he was looking at her like a child waiting for candy, Ye Jian couldn't help but tighten her right hand. Seeing that his handsome facial features revealed an expression of pain and pleasure because of her strength, Ye Jian gave out a soft groan.

She was really a seductive vixen. When her dark and bright eyes looked over, they were so seductive that he was about to go crazy. As his Adam's apple moved, even the kiss became more intense.

"Good girl, my little fox, my little baby." His voice was husky as he kissed her lips. The softness of his kiss filled her chest.

Ye Jian obediently leaned into his arms and rested her head on his chest. Her slender fingers were wrapped in his long and strong hands. His pants completely fell off. Her fingers and palm were burning even more than before.

Xia Jinyuan did as he said. After she felt the shape of it with her hand, he kissed Ye Jian's cheek. Her face was as hot as his lips. "Good girl, Little Fox. You can let go now. Help me wipe my back."

He had already let go. Ye Jian only let go half a beat later. She buried her face in his chest, so embarrassed that she couldn't raise her head.

Chapter 2208: Enjoy It A Little More

She heard his deep, delighted laugh from above. "You're so shy. What's going to happen to you in the future? It's the first time for you, but it's also my first time. Actually, I'm even more nervous than you are. It would really hurt my pride to think about being rejected by you."

No matter how strong his heart was, he could not accept rejection.

"I didn't reject you. I just panicked a little, okay?" Ye Jian lowered her head and replied softly. At this moment, her legs were a little weak. This was the first time she felt so embarrassed that she didn't even want to raise her head.

Recalling the incident just now, Xia Jinyuan lowered his head and looked at the part that was still standing proudly. His eyes flickered slightly as his warm fingers caressed her eyebrows. His voice was deep and sexy, "I hope to experience such an accident a few more times. The feeling was so wonderful that I ended up saying a few words that went against my conscience."

It meant that he actually didn't want it to end at all just now.

"There's no next time. Dream on!" If such an accident happened a few more times, it wouldn't be an accident anymore. It would be intentional! The shy Ye Jian didn't want that to happen.

Moreover, the changes in his body were really terrifying. At first, it was so soft, but it only took a few seconds for it to expand several times. She could even feel the throbbing blood vessels through his pants.

Stop, stop!

'I must stop thinking about it!'

Ye Jian's ears turned red. She said sternly, "Turn around. I'll wipe your back."

Although he didn't know what she was thinking, he knew from her expression that she must be thinking about what had happened just now. Xia Jinyuan handed her the towel and turned around reluctantly.

Beautiful, charming, and with an innocent shyness. He wanted to devour her.

Ye Jian didn't know that the man who had his back facing her now wanted to 'devour' her at this moment. The effects of touching his body earlier had yet to dissipate, and there was still a burning sensation in her palm. When she wrung the warm water out of the towel, the temperature of her palm was far higher than the temperature of the water.

The sound of water flowing could be heard. Ye Jian patted some water on her face before wiping his back.

After returning to the country, Xia Jinyuan had only been able to wash up simply. In order to avoid irritating the wound on his waist, he would just wipe his upper body with a towel and wash his lower body normally. As for his back, he really didn't care. The wound on his waist was too big. Simply raising his hand would affect the wound. How could he wipe his back?

Ye Jian, whose face was red, carefully wiped his back while avoiding the wound. When the towel brushed past his skin, it felt like she was touching him with her bare hands. She couldn't calm down.

Captain Xia's figure was indeed very good. His muscles were clearly not overly defined, and his smooth lines were similar to his temperament. He was a beauty that was extremely visually enticing and elegant.

His frame was even more outstanding. He had broad shoulders, a narrow waist, and long legs. His body was as straight as a spear, and every part of him exuded the towering masculinity of a man. His facial

features were exceptionally handsome to begin with. Coupled with his perfect figure, no matter where he went, he would attract a large wave of attention. He had a gaze that could kill both men and women.

When she saw the white gauze, Ye Jian pursed her lips tightly. Her vacation was only for a few days. She had to return to the Southern Province on Sunday. If possible, she really wanted to stay and accompany him until his wound healed.

After wiping his back three times, Ye Jian was finally done. "Alright, turn around. I'll wipe your chest."

"Are you sure you still want to wipe my chest?" Xia Jinyuan, who had nothing to hide, smiled and turned to face Ye Jian. He had the most intimate contact with her and generously let Ye Jian admire his figure and magnificence as a man.

Chapter 2209: Can't Bear For Him To Endure

Ye Jian was already prepared. When he turned around, she immediately took hold of the big towel. The towel covered his lower body, and she couldn't see anything below his waist.

Xia Jinyuan, who turned around generously, wanted to strike while the iron was hot. He felt that he couldn't continue being so passive. He had to adapt.

Otherwise, he was really worried that when it was time for them to be intimate on the bed, Ye Jian would kick him off the bed because she was shy.

However, Ye Jian was already prepared.

Major Xia, who did not show it on his face, cooperatively took the towel and wrapped it around his waist. He said gently, "I can wash the front myself. Wash your face before going out."

Her face was still red, especially her lips. They were as red as roses. She had to cool down.

There was no hurry. He would take his time and guide her step by step. He had to be quite patient and wait for this vigilant little fox to slowly fall into his 'net'.

Although he didn't continue to explore her body, Xia Jinyuan still attacked without batting an eyelid. With a calm expression, he lowered his head and kissed Ye Jian's burning cheek. He smiled and said, "I'll take a cold shower first. Go out and chat with my father."

Commander-in-Chief Xia!

Ye Jian suddenly remembered that Commander Xia was still waiting outside!

In the mirror, her face was as red as a tomato, and the shy look in her eyes had yet to fade... It was obvious that she had just done something bad. How could she face others like this?!

"Xia Jinyuan, look at what you've done! How can I go out now?" Ye Jian turned her head and glared at the guy who didn't feel embarrassed at all. "Look at me! How can I go out?"

Xia Jinyuan, who was holding a towel, looked at her. His thin lips curled up slightly as he took the towel from her hand and turned on the cold water. "I'm more experienced. You just have to splash some cold water on your face. I guarantee that your face won't look any different than normal."

If it weren't for the fact that Old Xia was still outside, he would have been happy to let her maintain her current shy appearance for the rest of the day. She looked too sweet and delicious, and he was deeply addicted to this appearance of hers.

"I've spent a few nights with you, so I've already come up with a way to cope. As long as I take a cold shower immediately, I won't have any thoughts. My blood will freeze and my brain will be extremely clear." Xia Jinyuan wrung the towel dry and pressed it coldly on Ye Jian's face. He said calmly, "Go out openly. Old Xia didn't see it with his own eyes. He won't think too much."

1

Commander Xia indeed didn't think too much about it. When he heard the sound of water, he thought that Ye Jian might be helping Xia Jinyuan wash up. He knew his son very well. Needless to say, he was thick-skinned enough to let Ye Jian serve him in the washroom.

Commander Xia handed one of the steamed buns to Ye Jian and said earnestly, "Little Ye, do you remember what I said? Don't let him be too smug. He's the best at going with the flow. Now that he's injured, he'll definitely pretend to be in pain in front of you.

"Don't spoil him. In the past, he took care of himself whenever he got injured. Why would he be so coquettish now? Men must not be spoiled. The more lessons a guy is taught, the more he can endure hardships. He can't be spoiled or taken lightly."

The commander-in-chief had stayed in a certain unit in Xiang Province for four years. Sometimes, he would even speak in a few dialects of Xiang Province. In Xiang Province, it was a common saying that one couldn't be spoiled too much.

Xiang Province was adjacent to the Southern Province. There were soldiers from Xiang Province in Fujun Town's troops, so Ye Jian more or less knew a few dialects of Xiang Province.

Hearing this, Ye Jian pursed her lips and replied with a smile, "In the past, no one was there to help him, so he could only endure it himself. Now that I'm here, I can't bear to see him endure it alone."

Chapter 2210: Heartache

How could she bear to let him suffer on his own when he was such a wonderful lover to her?

How could a wound that big not hurt?

She wasn't there for him when it hurt the most. Now that he was back and in the recovery period, he must still be in pain... She was aching inside. No matter how spoiled he was to her, she was happy to oblige.

He spoiled her, so she naturally had to spoil him.

Commander Xia, who was picking up pickles with his chopsticks, paused. He was moved by Ye Jian's heartfelt words.

While taking his time to pick up a pickle and place it on the steamed bun, Commander-in-Chief Xia said with a smile, "Both of you must be well. That way, there won't be any pain. As long as one of you is injured, the other will be heartbroken. Therefore, the only way is for both of you to be safe and sound. Don't let each other worry too much."

There was no father who didn't feel sorry for his son when he saw him injured. He felt the same way. He was even a little afraid to look at the wound on his son's waist. When Major General Yang of the army told him that Little Six was injured again, he could clearly feel himself swaying.

His heart ached when his son was injured, but he had to hide this heartache carefully because he was the commander-in-chief. Both father and son were soldiers, so they had to be aware of injuries and sacrifices. How could they show their heartache on their faces all the time?

His heart ached, but he could not accompany him, so he would let Little Ye accompany him. With Little Ye accompanying Little Six, he could be at ease as a father.

When he heard her words earlier, his eyes started to sting.

'You've got good fortune and good taste, you rascal! You've found yourself a woman who dotes on you and spoils you!'

"Don't worry, we won't let ourselves get injured easily. Captain Xia and I have agreed not to worry each other or you." Ye Jian added the last part at the last minute. In fact, during the agreement at that time... Ahem, she didn't think of the commander-in-chief.

How could Commander Xia not know? He just felt pleased enough hearing the words.

Initially, he didn't have a good appetite. But with Ye Jian accompanying him, he ate two steamed buns, a flower roll, and a bowl of millet porridge.

When Xia Jinyuan saw this, he raised his eyebrows and smiled. "It's not that your appetite is bad but it's too good. You ate two steamed buns the size of a bowl. You even had a flower roll and a bowl of millet porridge. Aren't you afraid of bursting your stomach?"

He was worried, so he asked the guard to get a doctor. The commander was 60 years old this year. He had to pay attention to his health.

'I'm in a good mood and my stomach is doing just fine. The doctor says everything is fine. You're all worrying too much.'

"My appetite is good, but you're worried that I'm eating too much? Unfilial son!" Commander Xia, who was happy and still had to say a few words, glanced at Xia Jinyuan and said in a rather dignified voice, "If you're really worried about me, go back and get your military rank first. Don't push it year after year. Other than you, who would do such things? You don't have any manners."

After breakfast, Xia Jinyuan lay on the bed and was about to receive a drip. He glanced at Ye Jian, who was clearing the table, before saying in a low voice, "Didn't I tell you? There's no hurry."

"We're all majors in the unit. What difference does it make whether I confer the title or not? Since the promotion has already been stated in the file, then that's it. Why bother with the ceremony?"

Xia Jinyuan didn't mention this to Ye Jian, nor did he think of telling her. However, Commander Xia didn't get the hint at all. Xia Jinyuan almost couldn't salvage the situation.

Ye Jian, who didn't know what was going on, believed it.
