

BOOT CAMP 2247

### Chapter 2247: Don't Bully Me

That wouldn't do. He had to restrain himself. Now that Little Fox had a family, he had to respect his father-in-law's family.

After coming to his senses, Xia Jinyuan did not dare to be impudent anymore, especially since they were still in Li Jinnian's territory. He had to restrain himself.

"Put me down first. You're still not obedient even though you're already injured." Ye Jian was worried about him. She stopped struggling, but she couldn't stop him. "Put me down quickly, or I'll call my cousin out to teach you a lesson."

This was the benefit of having a cousin! As long as she shouted, someone would immediately rush out to protect her.

Xia Jinyuan's laughter became deeper and more joyful. "Hey, you're not honest anymore." Major Xia, who had come to his senses, let go of Ye Jian, who was feeling smug. He saw her bright eyes and white teeth under the sunlight. His heart turned numb, and he couldn't help but lower his head. He quickly kissed her face. "You've become bolder now that you have a backer."

In the future, his life would be a little difficult. He had a cousin-in-law who would be keeping a close eye on him and a father-in-law he had never met before... He did not know what his father-in-law's personality was like. The Fu family had always lived in seclusion and kept an extremely low profile. He did not even know what his father-in-law did.

According to his cousin-in-law, his father-in-law had not returned home for a few years. Like his third brother, he had been transferred to the Northwest for four years and had not returned home. He had not even called. Those who did not know would think that he had been missing for a few years.

His father-in-law's situation was a little similar to his third brother's. He would have to ask the Demon King later.

Ye Jian scanned her surroundings and said nervously, "Be careful of your reputation. The people living nearby are all old scientists. It won't be good if they see us."

As she spoke, her face turned scary again. "You never pay attention to the wound on your waist. I'll handcuff you to the bed later. Let's see if you still dare to mess around."

"I'll handcuff you too so that you can't go anywhere either." Xia Jinyuan smiled and stopped fooling around. He was also worried that his cousin-in-law would rush out of the house. Thinking of the Demon King's warning, Xia Jinyuan chuckled and said, "The Demon King said that I'm not allowed to hug you casually in the future. What should I do? I'm a little afraid of being in a relationship where I have to be supervised."

Would he be afraid? If he was afraid, he wouldn't have hugged and kissed her just now.

Ye Jian glared at him with a smile. "What are you afraid of? Are you trying to make me coax you again?" She raised her eyebrows slightly before smiling slyly and smugly. "Captain Xia, I have a cousin now."

Moreover, he told me just now that if you dare to bully me, he'll seek justice for me. So, Captain Xia, stop teasing me in the future. Otherwise, I'll tell my cousin!"

After she finished speaking, Xia Jinyuan did not say anything. Just then, the young woman laughed happily. She was probably so happy that tears welled up in the corners of her eyes. Gradually, tears flowed out of her eyes, and her bright eyes were watery.

"Captain Xia, I have a grandfather and a cousin. I haven't seen him yet, but I have a father too. Captain Xia, I'm so happy. What should I do? I'm so happy that I want to cry again."

She laughed and cried again. She grabbed the corner of Xia Jinyuan's shirt with one hand and kept wiping her tears with the other. "Why am I crying again? I don't want to cry. I want to laugh. I'm too happy..."

Xia Jinyuan knew that she was too happy. Although she was crying, the light in her dark eyes was especially bright. He raised his hand to wipe her tears that kept flowing out. Xia Jinyuan smiled softly and said, "I'm happy for you too. Sometimes, you cry not because you're sad but because you're too happy."
