

Chapter 911: She Will Become A Legend

Hou Zi only saw the tip of the iceberg but he was already full of respect for Ye Jian. However, he didn't know that the moment Ye Jian entered the warehouse, she scanned all the cabinets where the guns were placed and her mind started working furiously like a high-speed calculator. She stored all the models of the guns and their locations in her mind.

"You can take these. I just need two guns." After choosing the guns for Xia Jinyuan, Ye Jian took two HKP7m8 pistols. These pistols used 9 mm parabellum bullets. There was an 8-round magazine and a 13-round magazine for this gun. Its effective shooting range was 50 meters.

Ye Jian picked this gun because it had a small recoil. It was safe so she was able to carry it even when it was loaded. Normally, it was easy to misfire when you carry a loaded gun but this wouldn't happen for this pistol.

Hence, she could use her gun immediately when needed. She just needed to unlock the safety hatch and shoot.

Picking guns and picking magazines, Ye Jian had found all the weapons that they needed. There were a total of nine guns and their bullets. Xia Jinyuan held Ye Jian's hand and left this small-scale weapons armory with many gains.

Hou Zi walked at the back. Before he switched off the lights, he scanned this warehouse where he placed his first gun 15 years ago. A cold and vicious look flashed past his eyes. He flicked the switch and turned to leave.

He walked away quickly without an ounce of hesitation.

Since he had already decided to give up on this gun warehouse, he wouldn't hesitate again.

After leaving the basement, ten minutes later, the staff working at the scenic spot sent their lunch to the entrance of the villa.

Xia Jinyuan pushed the fridge to block the entrance of the basement. His gaze landed on a soft hose... This hose appeared beside the wooden gun cabinet too.

It was a natural gas pipeline. Hou Zi extended the pipeline to the basement. Once an accident occurs, it is best to blow up the warehouse using gas. The warehouse was situated under the kitchen so he could say that the explosion was caused by gas leakage.

"Let's eat. After we eat, we will go back to the city." Hou Zi called the two youngsters over to the dining table. He opened a bottle of red wine and poured a glass for Ye Jian first. "Ye Jian, you have my respect."

She was even more vicious than him when he was 17 years old. She was more capable too.

There was no way to not respect her! She fought ten gangsters alone and crippled three of them. She was able to talk about guns so smoothly too. A 17-year-old young lady made him understand what it meant by "There's always someone better. There's no limit to the universe."

Ye Jian pursed her lips and smiled. She looked like a flower blooming silently. She looked so harmless. "Brother Zi, you're being too kind. I'm just a student, a second-year high school student. I don't have any other identity."

"Everything I know, I learned from..." She glanced at Xia Jinyuan who had already started eating elegantly. Then, she smiled and continued, "I learned everything from him. That's all I know."

Hou Zi laughed. This young lady was still vigilant against him. He said to Xia Jinyuan who seemed indifferent, "You're really lucky to be able to find such a good young lady. Come, Brother Zi will offer you a toast. You have good taste. I want to thank you for your reminder too. Thank you."

"You're welcome." Xia Jinyuan lifted his wine glass and touched Hou Zi's glass lightly. "I hope that Brother Zi will get what you want too."

Hou Zi was elated. He liked what Old Sixth said. He wished that he would realize his goal... His dream will definitely come true.

He collaborated with this piece of land solely because he didn't want his woman to get snatched by someone else.

Hou Zi sat in front of the dining table and started chatting cheerfully. He wasn't ruthless like what other people said. Although he would show some arrogance of a person of high-status occasionally during his conversation, his words were humorous and interesting. People would be unconsciously attracted to his speech.

Chapter 912: Ye Jian, Let's Go On A Date

Xia Jinyuan's trust towards Hou Zi could be seen on the dining table too. After everything ended, he told him directly that he wanted to bring Ye Jian around to admire the scenery of Mount Dalang. Hence, he would leave later.

"Indeed, you can leave later. The maple leaves on the mountain had all turned red. Many tourists will come to admire the scenery at this time of the year. You can walk through the small path behind the villa. You don't have to squeeze with the tourists."

This was a scenic spot developed by Hou Zi and the government. During the development, he mentioned that he wanted to have a private mountain climbing path so he used his own money and kept a small road for himself during the design stage of this scenic spot.

A private mountain path in a scenic spot. It sounded special.

Xia Jinyuan knew how wealthy Hou Zi was so he wasn't surprised. He thanked Hou Zi and walked to Mount Dalang from the small road under the lead of Hou Zi's bodyguard.

The bodyguard was only in charge of sending them to the entrance. After watching them walk away, he turned and went back to report to Hou Zi.

“G3 will come to Mount Dalang. We will meet up with him later.” After walking away for some distance, Xia Jinyuan lowered his voice and said to Ye Jian, “You can slightly cover up later and leave directly in a car.”

Ye Jian nodded her head lightly. She knew that he didn’t want Hou Zi’s men to discover G3. A soldier is a soldier. A bandit is a bandit. No matter how well his relationship with Hou Zi was, his comrade’s safety was always the main priority.

After G3 arrives at Mount Dalang, they would start to reveal their whereabouts purposely in the Southern Province. They would attract all the dangers to them until all of it is eliminated!

After completing their mission in the Southern Province, they would leave directly and appear on the lands of a certain country as illegal mercenaries. They would look for their lost comrade.

Mount Dalang had thousands of maple trees. When the Southern Province was filming their tourism advertisements, they filmed the four seasons of Mount Dalang. The path that Hou Zi kept for himself was the best path to admire the mountain’s scenery.

There were mountains, rivers, and scenery. Ye Jian, who had never been to Mount Dalang, smiled as she said to Xia Jinyuan, “It looks like Brother Zi invested quite a sum of money here. If not, the government wouldn’t have allowed him to keep this private path.”

“That’s not true. Sometimes, the leaders of our province will use this path to welcome VIPs.” Xia Jinyuan was a few steps ahead of Ye Jian. Sometimes, he would pause for some time and wait for Ye Jian to walk closer. It was rare for them to have such a relaxing time. Xia Jinyuan hated that he couldn’t turn one minute into two minutes now.

They climbed for around 40 minutes. Ye Jian, who was wearing a dress, started perspiring from the heat. Under a huge and tall rock, she picked up a piece of maple leaf and started fanning herself. “Let’s rest awhile. I’m sweating.”

This was Yang Heng’s Aunt’s clothes. She was planning to wash it and return it to her... She wished that she wouldn’t leave any sweat stains on them. If that happened, she wouldn’t be able to return it.

Xia Jinyuan looked up at the huge rock. He walked around the small path and started climbing up the rock in his suit.

When he reached the top, he lowered his head and said to Ye Jian whose face was pink and was wiping her sweat while resting below the rock, “Come up and rest. There’s wind here.”

Ye Jian noticed that he had already climbed the rock so she walked over to his side. She heard him speaking again, “You will be able to admire the entire maple scenery from this rock. Quick, come up.”

There were no climbing holds on the rock. It was tall and steep. If you didn’t have the courage or the ability, you wouldn’t dare to climb up.

Ye Jian lowered her head and looked at the attire she was wearing. She looked like a fair maiden but the things she was doing had nothing to do with it.

Chapter 913: The Most Touching Sweet Nothings

She grabbed the slightly protruding parts of the rock wall with her hands. There was a small smile on her face as she climbed towards Xia Jinyuan who was already on top of the rock. He was above her. She would climb up and enjoy the scenery with him.

In the past, she said that he was her goal and she would move forward with his military unit as her target. No matter when it was, as long as he reached his hand out, she would walk over.

The surface of the rock wasn't rough. There was a leveled space just wide enough for two people to sit side by side. There was also a place to lean their backs. It was like a natural stone chair. They could watch clouds rising and churning. They could watch the sunrise and sunset.

"This is a good spot. If you don't climb up, you will not be able to discover this spot." Ye Jian pulled his hand and carefully stepped on the surface of the natural stone chair. Then, she bent her back and sat down. "The vision is wide and one can see the entire maple tree scenery of Mount Dalang. Xia Jinyuan, when the maples turn yellow, shall we come again?"

Ye Jian looked up as she voluntarily asked for their next date. The scenery was good but she was worried about him the most.

"Are you setting a time for our next date?" Xia Jinyuan laughed heartily and hugged her so that her head was nestled on his shoulder. He said softly, "When the leaves turn yellow, I will definitely wear my military uniform and accompany you to watch this yellow sea of maples."

Mount Dalang had thousands of maple trees. When they were red, they looked like the evening glow. When they were yellow, they looked like gold. If the weather was good, the people from the Southern Province would come and admire the rare scenery of the four seasons of Mount Dalang.

Ye Jian closed her eyes gently and nodded. "I always trust you, Xia Jinyuan. I always trust you."

"I have never disappointed you before, right? In the past, I didn't. In the future, I won't either." The suit jacket was placed on their knees. Xia Jinyuan allowed Ye Jian to rest her head on his shoulder. This moment was the quietest and most beautiful moment in their relationship. Even his little fox, who was indifferent about love, advanced voluntarily. Xia Jinyuan thought to himself: Once is not enough. I need to come a few more times!

He glanced slightly towards the bottom of the rock. He saw a small, squarish, and brightly-colored aluminum packet. He had good eyesight so even though he just glanced at it casually, he could see the English words on it.

At a place like this, he found a contraceptive from a foreign brand. At first, Xia Jinyuan wanted to bring Ye Jian here again but now, he just wanted to leave immediately.

However, Little Fox really liked this place... Xia Jinyuan sighed softly and said in a low voice, "I want to tell you something. It's about Xia Yiwei and Hou Zi."

"Why are you suddenly talking about them?" Ye Jian raised her head immediately and looked at him curiously with her black eyes. She furrowed her brows slightly. "Did you notice something? His gun warehouse?"

"When Hou Zi brought us over to look at his collection, I feel that he's starting to clean up his background. He kept hundreds of guns in his villa. This is direct evidence of his crime. He's starting to destroy these things so that he can marry Xia Yiwei."

Since she mentioned the gun warehouse, he would start from there. "Xia Yiwei loves maple trees. They met for the second time on Mount Xiang. She was only 17 years old then but she forced herself onto the path of death to film the most beautiful maple tree scenery. Hou Zi was the one who risked his life to save her."

"This should be where they watched the maple trees together. Normal people won't discover this place. I think that we should find a new place next time." There was a small smile on Xia Jinyuan's face as he pointed to the spot below the rock. "This is also the place where they do something private. Why don't we change our spot now?"

Chapter 914: A Physiology Lesson

Ye Jian still wanted to ask him how he knew that this was where Xia Yiwei and Hou Zi dated. When she saw him pointing below, she looked over. Then, she raised her head and said seriously, "We should leave immediately! This is their bed! We are sitting on their bed."

...

They were so... open-minded! They did intimate business on a rock! Weren't they afraid of falling? ...Having an intimate interaction while admiring the scenery on the rock. Weren't they afraid of getting seen by other people?

Ye Jian didn't dare to think further. She grabbed the rock wall with her hands and stood up. Then, without Xia Jinyuan's help, she quickly climbed down the rock as if she was in training.

In this situation, Xia Jinyuan couldn't say anything either. He had never used a condom before!

Ye Jian had never used this thing in her two lifetimes either. She didn't even look up about it before!

"Let's go to the main mountain route. The coordinates I gave are very detailed. G3 will be able to find us easily." Xia Jinyuan noticed that she was looking a little awkward. He smiled secretly in his heart but maintained a calm expression on his face. He opened his mouth and said, "He should be here soon. Let's wait for him at the peak."

If they met at a crowded place, no one would suspect them when they leave later.

Metal gates were blocking the private path to prevent tourists from entering. Approximately 400 meters away from the rock wall, they saw someone guarding the metal gate. When the person saw the two of

them, he immediately opened the gate. "Hello, Brother Xia, Brother Zi said that the car you wanted is parked in the parking lot of the villa. You can go down directly and look for the security officer for the car keys."

The people guarding this place were Hou Zi's men too. You could tell that Hou Zi was a cautious person.

Xia Jinyuan nodded and thanked the guard. Then, he held Ye Jian's hand and they walked towards the direction of the main climbing route. "Hou Zi is able to remain invincible in the Southern Province because of his capabilities. From a simple small event, you can tell where his ability is at. I was planning to let you cover-up but he had already guessed that my comrade would come and look for me at this scenic spot."

"Luckily, this person is your friend. If he is your enemy, he will be a frightening one."

"Hou Zi isn't someone who can't differentiate the good from the evil. If you don't offend or block his path, I think he won't act." Although she only met Hou Zi twice, Ye Jian's instinct told her that this was a person with principles.

That was the truth. If not, Xia Yiwei wouldn't have followed him for 17 years and willingly gave up the chance to return to the Capital City to stay in the Southern Province.

They walked to the main climbing route. It was a Saturday afternoon so many tourists were admiring the maple trees. Tourists could be seen everywhere. There were couples holding hands and climbing up the mountain while chatting and smiling at each other.

"Let's hold hands too." Xia Jinyuan stretched his hand out when he saw the fourth couple walking past them. He smiled and said to Ye Jian, "Shall we climb up the mountain together?"

He just stretched his hand out. He didn't hold Ye Jian's hand directly.

The tips of her fingers trembled slightly. Then, she lifted her left hand and placed it on his slender and strong palm. She didn't look at Xia Jinyuan's face. Instead, she hurriedly shifted her gaze to the peak of the mountain. "It takes at least an hour to climb up. Do you have time?"

"Time, we have a lot of time. One hour is our time too." Xia Jinyuan immediately held her hand when she placed it on his palm. He held it tightly. "Our time is still aplenty."

This was the first time they held hands openly in public. This was the first time she stood under the sunlight and held a man's hand.

What did this feel like?

Chapter 915: We Will Get Together. What do you think?

It felt like the warm sun in Winter. It was able to disperse all the chilliness in her body. It was also like the morning breeze of Spring. It blew away the humidity of the rainy season. It was a good feeling.

"I'm Ye Jian's boyfriend. Ye Jian, who are you to Xia Jinyuan?" They interlocked their fingers and he smiled as he asked her in a deep but happy voice, "Who are you to Xia Jinyuan?"

Finally, he held her hand in public just like an ordinary couple. They were able to walk together intimately while holding hands. If other people saw them, they would immediately know that they were a couple.

Xia Jinyuan felt that he had completed half of his long journey. He finally saw rays of light waiting for him at the front.

In front of this insatiable man, Ye Jian glanced at him and replied indifferently, "What can I be to you? Captain Xia, don't think too much. I just don't want people to keep looking at me." She raised her chin slightly and looked up for a moment. Then, she laughed softly and continued, "I don't want the people above to keep sizing me up."

"I'm thinking too much? That's alright. Since I've already held your hand, why will I be afraid of not getting your heart?" Xia Jinyuan smiled until his eyes turned bright. He raised his head calmly and looked at the faces of the single men in front of him. The instant his gaze landed on them, his calm gaze turned ruthless. He used his gaze to 'kill' the men that kept looking at Ye Jian.

His little fox was dressed beautifully today. When she wasn't wearing her school uniform, her gaze turned more mature. Her face was still young-looking but her aura didn't seem like a senior high student. She looked like a university student.

Maybe this was why she dared to hold his hand.

Ye Jian looked at Xia Jinyuan as he used his gaze to scare away the men that kept staring at her. She lowered her head and pursed her lips as she smiled. She could always see different sides of Xia Jinyuan. The real Xia Jinyuan... It still felt good.

His palm was dry. His slender fingers were long enough to cover her entire hand. This was a pair of hands that protected their country. Yet, at this moment, he was holding her tightly as if he was afraid she would pull her hand away the next second.

Ye Jian glanced sideways and looked at the perfect face of Xia Jinyuan. She said softly, "When I finish my university entrance examination, we will get together. What do you think?"

Happiness came suddenly but Xia Jinyuan's reaction was even faster. He stopped walking and stared intently at Ye Jian. "It's a deal!"

"Can I regret now?" When she saw his happy face, Ye Jian suddenly felt that she... seemed to have agreed a little too quickly. Fine, let it be. He was always thinking about her. If love was the first person that you thought of, she believed him.

She believed love, she believed a love that she had never thought of before and never experienced before.

Xia Jinyuan raised his eyebrows. "You dare?"

“Why not? I’m not a gentleman!” The people behind them urged them to move faster as Ye Jian started laughing. Happiness seemed to be seeping out of her eyes. “If I want to regret now, what can you do to me?”

What could he do to her? That’s hard to say. There were many things he could do to her... Moving together sweetly during a mission. This kind of love was too hard to get. He had thought of what he could do to her many times in his heart!

Many times... He thought about it so many times his heart started pounding faster.

Xia Jinyuan restrained his smile and looked at his little fox who was smiling with satisfaction... Later, he will find a secluded spot and have a good kissing session with her.

Chapter 916: Doing What A Couple Should Do On The Couple’s Path

At the hotel, she just pecked his lips lightly. That wasn’t enough.

He couldn’t do other things but he was still able to kiss her. A 17-year-old’s kiss was fresh and naive. Possessing her 17-year-old was the greatest fortune of the 23-year-old Xia Jinyuan.

Xia Jinyuan kept holding Ye Jian’s hand tightly as he thought about all these things. When he passed by a stone tablet with a simple map of the mountain route carved on it, he glanced at it quickly and saw a ‘Couple’s Path’ that was green in color. Couple’s path... they had to take a walk on it.

They were still walking on the stone staircase main mountain route. The long staircase was enough to tire people. Some elderlies went to the stone pavilions to take a break.

Hou Zi did put in some effort to develop this area. No wonder so many elderlies came to climb the mountain on a Saturday. There were many middle-aged people too.

“It’s too crowded in front. Let’s walk this way.” After walking for approximately a hundred meters, Xia Jinyuan held Ye Jian’s hand and entered a small path. He moved so quickly that Ye Jian, who was focused on walking, didn’t see the wooden plaque which said ‘Couple’s Path’ at the side.

The Couple’s Path was a path for young people. There were no stone pavements. It was a mountain road created by people walking through it. The trees at the side were trimmed slightly. It was a quiet and winding path that was suitable for couples.

“This path is too steep. Let’s get out. It’s too hard to climb. My legs hurt.”

A lady’s whining came from ahead of them. The man coaxed the lady in a soft tone, “It’s not steep. It will get better after we cross this point. Why don’t I carry you?”

After this sweet conversation, the lady’s soft sobbing could be heard. Ye Jian stopped in her tracks and whispered to Xia Jinyuan, “Let’s wait awhile before we move. Don’t interrupt other people.”

“This is the Couple’s Path. It’s a path for couples. We can do what other couples can do. We won’t interrupt them.” Xia Jinyuan was a man who knew how to grab opportunities. When she stopped, he hugged her and said, “Let’s do something... couples do.”

He didn’t give Ye Jian a chance to escape. His voice was deep as he spoke seductively beside her ear. “The peck you gave me at the hotel wasn’t enough. You perked up my interest and left after that. Little Fox, things aren’t so simple.”

“This path is faster. It’s steep but it’s a straight path. It isn’t like the main route that keeps winding around the mountain. We have walked this path in the past. It’s very fast.” Someone was moving towards them. It wasn’t just one person. From the footsteps, there were at least four people.

Ye Jian’s body tensed up. She placed her hands on his chest and pushed him away. “Xia Jinyuan, let go of me. Someone is coming. Hurry up and let me go.”

“No.” Xia Jinyuan didn’t release Ye Jian. Instead, he hugged her even tighter. However, he knew that she was easily embarrassed when it came to these matters so he hid behind a maple tree. He let her lean against the maple tree with her back so that she would be back-facing the four youngsters.

“What are you afraid of? They are all young people and couples who are holding hands. This is the Couple’s Path. Kissing and hugging are the most common things.” His voice was deep, so deep that he seemed to be suppressing something. “Listen, someone is kissing in front of us.”

Ye Jian felt so queasy that she wanted to slap herself. How muddle-headed was she to agree to hold hands with him? Then, she was stupid enough to agree to be his girlfriend after her university entrance examination. One wrong step and she had fallen into the hands of this wolf!

Chapter 917: The Aggressive Young Master Xia

“What do other people have to do with us? You’re pushing it. You... mmm...”

All her words were forced back by Xia Jinyuan. When he saw her red lips moving lightly, his heart was itching as if a cat was scratching it with its claws. If she still wanted to speak, she could speak after he kissed her.

He might be a beast and she might be underaged but the 17-year-old Ye Jian was the apple in the Garden of Eden, he wanted to eat her... Wait, no, he wanted to kiss her. He couldn’t eat her yet. If he did, he would really be a beast.

She teased him in the hotel so he wasn’t able to control himself now. He placed one hand behind her head and started kissing her violently.

Ye Jian was stunned by his violent kiss. She started making muffled sounds as she resisted. A sense of danger crept up in her heart. Ye Jian couldn’t remain obedient.

She started struggling with her body instinctively. But, the result of her moving her body was the arm around her waist getting tighter. The kiss became deeper too.

“Mmm... Xia, Xia... Xia Jinyuan.” A deep, muffled, and hurried sound came from her throat. Ye Jian felt that her tongue was turning numb from his kiss. It was oppressive like the dominance of a man. It made her anxious.

When they kissed again, the studious Xia Jinyuan started to have some techniques. He slowly sucked the tip of her tongue before slowly playing around in her mouth. She was unable to reject him. Ye Jian couldn't handle this level of kissing. Unconsciously, she gave off a soft moan... After she made the sound, her brain woke up and she felt all her blood rushing to her face. Her face turned red and hot.

Xia Jinyuan smiled lightly. It seemed like he had improved again. Skill comes from practice. If he had more chances, he would definitely raise his level of professionalism!

“Look, no one noticed us. No one will specially come and look at us just like how we will be kind and walk faster when we see other people kissing. We will try our best not to disturb them too.”

His voice became mellower. It was enchantingly hoarse. The seduction in his tone was more obvious too. “What do you think? Did I improve?”

Ye Jian had already closed her eyes. The sound she made just now made her too embarrassed to open her mouth. That sound... she was very unfamiliar with it. It didn't sound like something she would make. It was sweet and gentle as though water could seep out of it.

Yet, she made that sound!

She kept her eyes closed. Her eyelashes were fluttering slightly because of embarrassment. Xia Jinyuan couldn't help but lower his head again and landed a light peck on her red lips. “How can you be so embarrassed? We're a couple. We will have intimate interactions. What we do are normal things a couple do in their dating process.”

“Little Fox, are you embarrassed, or are you resisting? Want to try again?”

His head moved lower and lower as he spoke. His warm breath blew onto her face. Ye Jian was so shocked that she opened her eyes furiously. She wasn't looking at him. Instead, she glanced at their surroundings guiltily. After some time, she bit her teeth and said, “Xia Jinyuan, do you want to see how old those women who are kissing are? I... I... I'm still young!”

“How can you dare to kiss me in public? Aren't you afraid that other people will see us? Also, identity. Your identity!”

Oh, so she wasn't resisting. She just didn't want to be kissed in public.

Xia Jinyuan understood her and smiled knowingly. “Okay. Next time, we will find a place where there's no one. We will not let anyone see us and no one will be able to find that place. For instance, a room. What do you think?”

Chapter 918: Acceleration Of Breath And Heartbeat

“You’re an unqualified soldier! How did you manage to pass the beauty test?” Ye Jian opened her eyes wide and glared harmlessly at Xia Jinyuan. Xia Jinyuan’s teasing caused her to change from blushing to gritting her teeth. “It’s obvious that you can’t pass the beauty test!”

All soldiers had this form of special training. The mental and physical training for male soldiers were ruthless when it came to this aspect. This was to ensure that if they were taken hostage, they wouldn’t get affected by the beauty’s trap.

The danger was over so Ye Jian’s sharp-tongue came back. “Look at you. You keep thinking about all these random things. All your training has gone down the drain! If a slightly more beautiful lady stood in front of you, you... you will probably surrender.”

This was an interesting topic. It was a question that he felt baffled about too.

They did have special training so that they wouldn’t get seduced by other ladies. Their will was so strong that they wouldn’t get interested in this kind of thing. Using G3’s words, the soldiers from the Xueyu unit were all monks!

But, when it comes to Ye Jian, his willpower became as weak as a piece of paper. It was broken the moment someone poked it.

For this mission, they appeared in the black market as illegal mercenaries. Those women that relied on their bodies to trade in the black market walked past them naked... He wanted to drink and pushed the beauty to a Black mercenary. He wasn’t interested in the woman at all.

There was nothing wrong with his willpower. Women had no effect on him, besides Ye Jian. Besides this little fox who was blushing and feeling shy in his arms.

He knew that if she was in his arms, his breathing, heartbeat, reaction, and thinking would all be affected, especially when they were alone. He kept thinking of doing some bad things.

After he finished doing the bad things, he felt extremely comfortable as if he had slept for three days and three nights. He was so energetic he could crawl for two kilometers while carrying 20kg of weight.

“I will never surrender. I have already experienced what you mentioned ten days ago. I didn’t act impulsively so don’t worry. There’s nothing wrong with me. When I go out, I will not embarrass our little fox.” He used his handsome and sharp nose to touch Ye Jian’s nose lightly. She was scrunching her nose slightly. Xia Jinyuan gave a small smile and his gaze turned gentle as he looked at her.

The tip of his nose was filled with the faint refreshing and fragrant smell from her body. This allowed him to enjoy a short moment of peacefulness with a relaxed heart.

Ten days ago, he already touched... hmph, met a beauty?

Ye Jian turned her head and scoffed, “How can you let people feel at ease? I’m really worried. Do you still want to go to the peak of the mountain? If G3 doesn’t see you when he reaches, you might be

charged with delaying the military mission in your report. You will have to suffer the consequences then.”

“There’s nothing for you to worry about. I have no interest in other women, only you. However, we do need to walk faster. He should have entered this scenic spot already.”

He seemed to know that she would be angered by his words so after saying the first half of his speech, he immediately started talking about the important matter. He successfully stopped Ye Jian from wanting to punch him.

However, the tips of his lips still curved up slightly. He was a little satisfied and a little proud.

She believed what he said... that he wasn’t interested in other ladies.

They had kissed and exchanged their hearts. One of them promised to return personally and wear his military uniform while the other promised to get together after her university entrance examination. This was just a short few hours of interaction but they gained many things.

Chapter 919: Young Master Xia’s Happiness After His Sufferings

Along the way, they kept holding hands. Both their stamina was good so they didn’t need to stop during their journey. Other people needed more than two hours to climb to the peak but the two of them only required one and a half hours.

The moment they reached the peak, Xia Jinyuan whispered, “G3 is here. Directly in front of you in the 8 o’clock direction. Let’s walk over.”

G3 was wearing a brand new sportswear. He was holding a pair of binoculars that he rented from the scenic spot. Through his binoculars, he would see Q King and Ye Jian walking over together.

“I have lost contact with K7. The message he sent in the early morning was fake.” When they walked over, G3’s hoarse voice floated over deeply. Ye Jian kept a close watch of their surroundings while Xia Jinyuan and he conversed quickly. “T6 skipped K7 and contacted me. V8 and he had already started moving.”

They only conversed for a few sentences when Ye Jian suddenly pulled Xia Jinyuan’s arm and pointed to the cable car. “Xia Jinyuan, let’s take the cable car. I’m a little cold. I want to go down the mountain.”

She moved her finger on his arm and wrote a word on it. It was ‘Zi’.

Hou Zi left some of his men on the peak of the mountain. He didn’t seem to be watching over them. It was more like.. he wanted to take a look. That’s right, he wanted to see who Xia Jinyuan was meeting today.

Hou Zi wanted to see who Xia Jinyuan was meeting today because he wanted to know what Xia Jinyuan’s position in the military unit was. This was the sixth child of the Xia family. Whenever Xia Yiwei mentioned him, she would have a proud expression on her face.

He just wanted to take a look. He had no bad intention.

However, he didn't know that Xia Jinyuan was a special forces soldier. The person he was meeting was a special forces soldier too and Ye Jian was helping them to guard their surroundings. Thus, there was no chance other people would see them.

The moment they realized something was amiss, they left.

"You didn't see anything?" Hou Zi received a call from the peak of the mountain when he was accompanying his friend to play golf. He heard what the other party said and smiled. He gave his order. "Forget it. You don't have to look for them anymore."

They didn't even see any sight of them. The people he sent weren't Old Sixth's match at all. There wasn't even a need to talk about Old Sixth. The young lady beside him was very powerful too.

He thought of asking his men to walk around the mountain on the spur of the moment. Since they didn't notice anything, there was no need to look further.

The cable car didn't take much time to come down the peak of the mountain. G3 got down the cable car first and mingled with the crowd. In a blink of an eye, he disappeared from Ye Jian's vision. She couldn't help but ask, "Has he left?"

"No, he's waiting for us in front. You can go and drive the car." Xia Jinyuan squeezed her hand. He held her hand like an ordinary couple and walked down the mountain openly. "Before we get rid of all the 'snakes', G3 will always be with us. He's in the dark while we're in the light."

Ye Jian nodded slightly. Among the sparse crowd, she tried her best to get closer to Xia Jinyuan so that other people wouldn't hear what she said. "The three of us can work together to finish the Southern Province mission faster so that you can leave earlier."

"Yes, no later than tomorrow night. Little Fox, from now on until tomorrow morning, you have to follow me for 48 hours. Within these 48 hours, I will see if you have fallen behind. After we came back from Pakistan, you haven't trained for more than ten days." From the day she injured her arm with a bullet till the day she recovered entirely, she hadn't been training for more than ten days. It was easy to get rusty.

That wasn't true. She didn't train with the soldiers but she had always been training under Principal Chen!

Ye Jian raised her eyebrows and lifted her beautiful chin slightly. "I just didn't increase my training. As for my daily foundation training, it will never stop whether rain or shine, 365 days a year."

Chapter 920: You're My Lover And My Comrade

"Not even during your special days?" Looking at her blooming smile and the light in her eyes, Major Xia felt like teasing her. This feeling was like the bamboo shoot that just sprouted in Spring. You couldn't cut it and it would continue growing steadily.

Ye Jian furiously knocked her elbow towards his chest without mercy. Major Xia clutched his chest and his expression became a little distorted. "I'm wrong. I'm wrong. I'm in the wrong."

Even though he was hurting, he still grabbed her hand quickly and held it tightly. He pleaded softly, "I've made a mistake. I deserve a beating. However, I don't mean anything by it. I'm really concerned about you. Don't ladies all have special days? You're still growing. You can be strict to yourself normally but you don't have to do it during your special period."

"Xia Jinyuan, I want to seal your mouth with tape!" Ye Jian violently shook his hand. Her fair skin had turned slightly red. She seemed angry but in the eyes of passers-by, her actions and smile looked as if she was whining to her boyfriend.

Xia Jinyuan said the wrong things but he was concerned for Ye Jian. His voice turned gentler and warmer as he said, "You can seal my mouth after we return to our room. You can't do it now. G3 is right in front. If he sees it, he will laugh at me."

"Why will he laugh at you?" Ye Jian snorted and glared at him sideways. She looked winsome. "Does he dare to laugh at you?"

This was a good sign. She was siding with him even before they got together. His smile got deeper. His deep gaze was filled with unconditional love towards her. He didn't even notice this. "Yes, he doesn't dare to laugh at me. If he dares to laugh, your fist will not forgive him."

"I don't mean it that way! I said that he doesn't dare to laugh at you because of your identities!" Ye Jian felt frustrated at his logic. She would wait. He would have his time of suffering. "Don't say things that make me embarrassed. Every time you say it, I will write it down. One day, I will make you pay them back."

This threat was huge enough. He who understands the times is a wise man. Xia Jinyuan immediately shut up and changed the topic naturally.

"No matter what our identities are, he won't laugh. He will only congratulate us." His chest was still hurting but his heart was feeling sweet. It was as if he was concocting honey in his heart. The fragrance of flowers and sweetness could be felt.

He held her hand and strode forward. He said in a low and deep voice as though he was making an oath, "We will let them bless us forever. We will never let go of each other's hands. You are my lover and my comrade."

That's right. You're my lover and my comrade. I have to thank you for holding my hand all this time despite all the hardships. For teaching me every time I take a step. Xia Jinyuan, I'm really thankful to you.

Ye Jian held his slender and wide hand. She raised her head and straightened her back as she walked beside this young major. Her aura was as stern as his. She hoped that they would continue walking like this together through rain or shine and that they would never give up on each other.

At this moment, that was what she hoped for.

Slowly, they caught up with G3. The three of them walked at a steady pace. When no one was noticing them, they would converse secretly. After reaching the bottom of the mountain, Ye Jian said to Xia Jinyuan, "I will go and drive the car. Wait for me."

G3 knew that she could drive. After Ye Jian left, G3, who was standing under a tree, asked Xia Jinyuan who was standing in front of him casually with his hands in his pocket, "Ye Jian seems to know something. You told her?"
