

Spoiled By My Bossy CEO Husband - Chapter 101 Lottie, I Like You

Luke turned pale all of a sudden.

Why did Alfred suddenly show up?

Luke stared at Alfred and said, "Alfred, I don't offend you. Why do you interfere the affairs between my ex and me?" Although Luke tried his best to lower his voice, he was heard by many reporters.

For an instance, more than a dozen cameras were aimed at Luke and Alfred.

Alfred smiled and looked at the reporters saying calmly, "Mr. Berry, you say Lottie is your ex-girlfriend."

"So, everyone can pursue her now."

After saying, Alfred smiled and walked toward Lottie. He reached out his hand gently, "Lottie, I like you."

"Would you mind giving me a chance to pursue you?"

Lottie looked at Alfred, and didn't know what to do.

She thought that Alfred was a big shot in the entertainment industry. If she rejected him, he would get into trouble.

Lottie knew that Alfred was here to help her. She should not be ungrateful.

Taking a deep breath, she looked at Alfred and smiled, "My honor."

Lottie did not put her hand on Alfred's, and replied him without a clear attitude.

On the one hand, it could avoid their embarrassment.

On the other hand, it could clearly show her attitude since she just refused Luke and answered Alfred vaguely.

There was an uproar in the dressing room.

"Ms. Green, may I take you home?"

As he spoke, Alfred glanced coldly at Luke, "I'm afraid that someone will follow you."

Lottie thought for a while, and then she nodded.

Alfred protected Lottie and Connie to walk out of the dressing room, like a knight.

The reporters thronged out to follow them, but everyone kept in a distance and occasionally asked Alfred some questions. No one dared pose more critical questions

After all, Alfred was eligible to do and dare do and say whatever he wanted.

As he said, in the entertainment industry in Rexwell, he could make his career tough.

If he got annoyed, these reporters would lose their jobs!

But a few reporters still didn't give up.

“Mr. Barton, there has never been any rumors about you for so many years. Now given you showed your good impression of Lottie in public, are you determined and sure you will be with her?”

Alfred continued to walk indifferently, “It’s none of your business.”

“I did like Ms. Green, but whether we can be together or not depends on her.” The reporter smiled, “Mr. Barton, who can resist your charm in Rexwell?”

“If you are determined, Ms. Green must be with you finally!”

Alfred stopped.

He turned around and looked at the reporter, “All women like me?”

“Why do you think so?”

The reporter smiled, “Everyone thinks so!”

The reporter turned to Connie who was in the front and asked, “Do you like Alfred?” Connie was still in a daze that she could stand beside Alfred.

She replied immediately, “Yes!”

“I like Alfred!”

The reporter glanced at Alfred smugly, “Mr. Barton, see. Everyone thinks so.” Lottie was amused by the reporter.

She stopped and waited for Connie.

But she didn’t expect that Alfred also stopped.

He kept following her, with the same pace.

The reporters hastened to capture the picture of Alfred’s gentle actions.

Holding Connie’s hand, Lottie accelerated her pace in order to get to the parking lot in a hurry. When she came out of the set, she saw Ralph’s Maserati parked on the roadside.

From the low rear window, she could vaguely see that Ralph was working with a lowering head. He came to pick her up again!

Lottie suddenly became excited and all the unpleasant feelings aroused by Luke were dispelled! Lottie turned to look at Alfred, “Alfred, I have to go.”

“My family come to pick me up!”

Alfred frowned coldly when he saw that black Maserati.

He nodded gently, “Ok.”

“Thank you, Alfred!”

Lottie ran away with her backpack.

Suddenly, she stopped.

Lottie looked up at Connie, who was standing not far from Alfred with a red face, "Alfred, please send my bestie home!" Alfred frowned slightly but nodded, "Ok."

"Thank you!"

And then Lottie got in the car.

The black Maserati drove away as everyone watched it.

When Alfred saw the car was out of sight, his eyes gradually dimmed.

She seemed to love her husband very much.

He could feel Lottie became excited when she saw Ralph's car.

The reporters knew that it's over and no more news so they left, but Connie was still waiting him. He remembered that Lottie asked him to send her bestie home.

Alfred frowned slightly and ordered his assistant, "Send this lady home."

In the back seat of the car, Ralph was working in concentration.

He wore a white shirt which was well-ironed and a tidy black trouser.

The sleeves were rolled up, revealing his strong arms.

He was typing on the keyboard.

After a while, Ralph stopped working and asked calmly, "Why are there so many people?" "Not...nothing happened."

Lottie took out her phone with a red face.

Fortunately, the news about her and Luke had not been released online yet. Few netizen would pay attention to Luke now.

Lottie checked through the news online and sighed inwardly.

A month ago, Luke was the best candidate for the Taurus Awards this year. But now... Everything was different.

While thinking about this, she continued to slide down.

"Ms. Green, I like you."

"Would you mind giving me a chance to pursue you?"

Alfred's elegant voice came from the phone.

In an instant, the icy air in the car chilled her spine.

Spoiled By My Bossy CEO Husband - Chapter 102 Lottie and Alfred Love Stella

Lottie's phone was snatched away by Ralph.

The phone was showing a picture that Lottie answered in front of many reporters "My honor".
Ralph felt jealous immediately.

Lottie mumbled, "Well, I can explain..."

Ralph glanced at her and stretched out to pull her into his arms, "Go ahead."

He gently kissed her neck, and his warm breath sprayed on her collarbone, making her feel dizzy.
Lottie blushed and flinched away to avoid his gaze, "I was..."

She tried to explain seriously, but what Ralph did made it impossible for her to calm down.
Her earlobe was captured, well, by his gentle, cold lips.

Lottie was shocked that she even forgot what she wanted to say.

After a long while, she found her voice back, "That was an expedient."

"I am not familiar with Alfred, but he bailed me out when I was in great trouble. I must show some respect to him in front of so many reporters."

After saying, she kissed Ralph like butterfly kisses, light as a flutter, "I didn't answer his question directly. I mean, my honor." "Neither a positive response."

Lottie looked at Ralph seriously, "Don't be angry."

Her gentle attitude made Ralph unable to blame her.

He looked at her for along time, then raised his hand and gently pinched her face, "When am I angry?"

Lottie turned to look at him, "Are... aren't you mad at me?"

Ralph smiled and kissed her face, "I felt a hint of crisis."

He stretched out to to fix her dropping hair by her ear side, "Hum, he's an interesting opponent."

Hearing that, Lottie felt relieved.

She smiled and said, "You don't need to treat Alfred as an opponent."

"I think he has no interest in me. He said that because he wanted to help."

"I will cooperate with him in filming in the future. So that's why he helped me."

Ralph said, "You don't understand males."

Just now, he saw Alfred's expression clearly in the video.

Alfred did not take Lottie as an ordinary friend.

Lottie didn't say anything else with pursed lips.

Soon, they arrived at the Chapmans' Villa.

When Lottie went upstairs, she passed by the children's room and looked inside.

She saw that Elijah was typing rapidly on the keyboard.

While Fabian was checking the information online with iPad.

Lottie stood outside and watched them for a long time, but she did not enter.

After a while, she went back to her room.

When she checked the information online again, most of the gossip about her and Alfred was deleted. At this time, Alfred called her.

Lottie frowned and answered the phone.

"Did your husband blame you?"

Alfred asked directly, "I'm afraid that he misunderstands us."

"He doesn't misunderstand us."

Just as Alfred finished his words, Lottie added immediately, "My husband is very considerate." "Well."

Alfred was startled.

After a while, he smiled, "I didn't expect that your husband deals with rumors so quickly."

"I think those rumors will be posted online for more than two or three hours. I don't expect that it would be solved in less than an hour."

"He's too sensitive. If you want to keep your work in this circle, this kind of hype can't be avoided."

Lottie took a deep breath, "My husband didn't handle these things. He respected my work very well."

"I'll, as far as I see, continue to work in this industry. But I will try to avoid these in the future."

"When it is necessary, I will announce that I am married."

"Alfred, you don't need to help me with such things again. I have my own plans."

Lottie rejected him straightforward. Alfred had always been invincible in the entertainment circle, but he didn't expect that he would be rejected by Lottie.

"You're very different."

On the other end of the line, Alfred smiled, and became more appreciated about her.

In this circle, countless women wanted to take advantage of his prestige to reach a higher position. Many people wanted the opportunity to hype up with him.

"Uncle Barton, am I right?"

Stella sat in the sofa in a white gauze skirt. She was eating a lollipop while saying proudly, "The woman I like must be different from others."

She smiled and reached out to Alfred, "Pay me money. You lost!" Alfred smiled helplessly. He walked over and gave her a few pieces of cash, "It is rare for you to win. You should thank her."

"If she becomes my mother, I will have plenty of time to thank her!"

Stella proudly raised her head, "Uncle Barton, do you like her?"

Alfred narrowed his eyes slightly and asked, "What do you say?"

"I think you like her!"

Stella smiled and grabbed Alfred's arm, "Uncle Barton, don't you say that you could overcome all difficulties?" "Do you have confidence in snatching another man's wife?"

Alfred Barton, "..."

He had lived for so long and claimed to be upright. He had never done anything disloyal to his values. But now he was forced to snatch another man's wife for Stella?

Alfred said, "We still have other suitable choice to be your mother..."

"I only like her!"

Stella pursed her lips, "I don't care. You lost, and you have to listen to me!"

In addition to money, the bet was also stipulated that Alfred needed to pursue Lottie if he lost.

Alfred was hapless. He just wanted to make fun of Stella, but Stella took it seriously.

"Why are you so reluctant? You like her, don't you?"

Stella curled her lips and went upstairs.

Sitting on a small chair, Stella turned on her computer, and logged in her Meta account Lottie And Alfred Love Stella. Then she posted the video about Alfred and Lottie.

Suddenly, her computer lost control.

She thought her computer was attacked! She cracked it right now.

"Wow!"

In the Chapmans' Villa, Fabian looked at Elijah's computer in shock. "Brother, this guy can unlock your control over her computer. It is a skillful Hacker!"

"You're too noisy." Elijah frowned and typed on the keyboard quickly. The second round of match began.

In the past an hour, Elijah already dealt with most of the gossip on the Internet about Lottie and Alfred, but he could not delete the comments from an account of Lottie And Alfred Love Stella .

So, he had to figure out who kept spreading rumors about his mommy!

Spoiled By My Bossy CEO Husband - Chapter 103 She Is not a Good Person

In the children room of the Chapmans' Villa, the atmosphere was particularly tense.

Fabian put a glass of water beside Elijah carefully, "Brother, don't be nervous. He may be an old man and had lots of experience.

It's normal for you not to defeat him."

"We are five years old. We have infinite potential!"

Fabian's words made Elijah angry, "Surely I can defeat him!"

He stared at the screen and smiled .

He was just testing his opponent's abilities.

He admitted that his opponent was capable, and better than all the opponents he had encountered before.

But that was all.

Compared to him, he is nothing!

Elijah snorted and wrote down the latest code.

Warning! Warning!

In Alfred's Skywu Villa Quarter, Stella's computer was out of control.

She looked at her computer in shock. How could it...

She, known as the little hacker princess, was defeated! ?

She quickly wrote down the code.

But it didn't work.

Her computer was still out of control.

The computer was controlled to open its recording equipment and cameras!

Stella felt worried, and knew her opponent wanted to see her!

She quickly took out the mask aside and wore it. At the same time, she wore a sound changing device. As a result, a "little boy" wearing a mask and speaking in a hoarse voice appeared on Elijah's computer. It was an ugly mask.

The mask was as ugly as that of Fabian used to scare Lottie.

"Who are you?"

The little boy asked in a hoarse voice.

Elijah thought he saw wrongly.

His opponent was.. He was a little boy wearing a mask and he was as the same age as he was. Although he used a sound changing device, his small hands and small body exposed him!

Elijah was too shocked to speak.

In addition to him, there was actually another person who could perform computer programming so well at such a young age? "Damn you!"

Fabian also used a voice changing device and said coldly, "I'm warning you! Stop spreading rumors!" "Don't think that you can do whatever you want with a little hacker skills!"

"Do you know there is someone better than you in the world? That is me!"

Stella couldn't see her opponent. She thought the voice should come from an old man.

She snorted, "You bully a child."

"I'm five years old, and you didn't win just now. What are you proud of?"

"It's none of your business that I support Lottie and Alfred to be with together. Although you can control my account, you can't change the fact that they'll fall in love with each other!"

"Old man, you'd better give up! Lottie must be Alfred's wife. Beyond doubt!"

After saying, Stella unplugged the computer angrily.

Inside the Chapmans' Villa, Fabians stared at Elijah, "Brother, he's so arrogant!"

"It doesn't matter."

Elijah narrowed his eyes and said, "I already get his IP address, and I'll soon find out his real address."

"I'm monitoring his account. If he continues to do immoral things, I have a lot of ways to deal with him."

Fabian patted his forehead, "Yes!"

"I can put on that clothes to scare him!"

Since Lottie married Ralph, he put away the clothes that were used to scare those women!

Elijah glanced at him indifferently, "Ugh!"

Fabian, "222"

"Brother!"

"You chose it for me!"

"You chose the mask and clothes for me!"

"You made up all the lines for me! We were obviously in cahoots. Why do you say that?" Elijah stared at Fabian.

"Are we in cahoots?"

Elijah put a thick dictionary in front of Fabian, "Finish it in a week."

Fabian asked, "Why?"

"Because you are not learned."

Fabian pursed his lips and defend himself confidently, "I'm only five years old!"

"It's normal for a five-year-old child!"

Elijah ignored him, and lay on his bed, staring at the ceiling.

He couldn't help thinking of that little boy.

Elijah did meet his opponent.

He smirked and felt much interested in that little hacker.

He would definitely teach that little hacker a lesson and make him convince his ability! "Sob sob-!!!"

In the Skywu Villa Quarter, Stella was crying sadly on the sofa.

Alfred rubbed her head gently, "My little princess, what's wrong?"

"I lost!"

"I'm disappointed!"

"Uncle Barton, the hacker teachers you found for me are not good at all!"

"They say I am a genius, but I was easily hacked by others today!"

"I am almost seen by him!"

Stella burst into tears, "I'm so sad!"

"I'm not a genius!"

Alfred sighed helplessly, "Do I need to find other hacker teachers for you?"

"But they are top-notch hackers you found for me last time!"

The more she said, the sadder she became, "I am so sad. I was restrained for a whole day!" "Why is Lottie's hacker so powerful?"

Alfred frowned, "The person who defeats you today is from Lottie's side?"

"Yes!"

Stella nodded, "The one who deals with the online news for her this afternoon."

Alfred felt confused, and then he smiled, "Don't cry. I will find a better teacher for you." "Really?"

Stella wiped her tears and asked.

The next day, Lottie read the script at home and prepared for the filming of Azeroath.

In the evening, the chief director of As White as Snow called her and said that he would postpone the filming-ending banquet that should have been held yesterday for her to today.

Besides, Natalia's filming would end today, so he wanted to hold the banquet together.

Lottie couldn't refuse.

In the evening, after preparing dinner for Fabian and Elijah, she went out.

The banquet was held in Spring Hotel.

When Lottie arrived at Spring Hotel, she saw Claudia with a few women get out of the car and enter the hotel.

Among the women with Claudia, Lottie saw Alice.

How could they know each other?

When Lottie looked at Alice, Alice also noticed Lottie.

Alice smiled and raised her hand to greet Lottie warmly, "Long time no see."

When Alice spoke, Claudia heard and turned around.

When Claudia saw Lottie, she said coldly, "Alice, don't talk with her. She's not a good person!"

Spoiled By My Bossy CEO Husband - Chapter 104 Don't Live in Dreams

Alice smiled and didn't deny Claudia's words. She looked at Lottie again, "Do you have an appointment with someone?" Lottie nodded, "Yes. I will have dinner with filming team." "Well."

Alice glanced at Lottie and smiled meaningfully, "Take good care of yourself, and don't get drunk to avoid something bad happens."

Lottie understood the sarcasm and hostility in her words.

She smiled, "Don't worry, Miss White. I have a good relationship with my colleagues."

"And I've never heard anything bad happened for so many years during colleagues dinner. You think so probably because you watched too many movies."

"However, the movies are imagined by screenwriters and directors."

"We'd better not live in dreams. Don't you think so, Miss fiancée?"

After saying that, Lottie walked into the hotel.

Claudia glared at Lottie's leaving figure and then turned around to say, "Miss White, don't be angry." Alice looked at Lottie, and she narrowed her eyes.

"Miss fiancée?"

Don't live in dreams?

Today, Ralph asked someone to tell her not to live in dreams, and just now Lottie said the same words. Lottie must say it deliberately.

Did she declare a disagreement with her!

"Miss White?"

Seeing Alice stand still, Claudia said carefully, "It's time for us to enter."

"Claudia."

Alice narrowed her eyes and turned to look at Claudia, "Do you think what Lottie said is right?" Claudia felt confused.

Alice smiled, "Do you also think that nothing will happen in colleagues dinner?"

Claudia was stunned for a long time before she responded, "I see!"

"I'll arrange it right now!"

After saying, Claudia went to the corner to call.

She gathered her shawl and entered the hotel gracefully.

Sometimes, you didn't have to use your own knife to kill someone.

When Lottie entered the dining room, everyone was already there.

Natalia was sitting in the middle of the crowd and drinking.

"Come on, I'm in a good mood today. Let's drink!"

In the middle of the crowd, Natalia was holding a wine glass with a smile on her face, "I am the Movie queen. You can't take photos of me drinking. Do you hear me?"

"If my photos are on the 'What's trending' tomorrow, I will blame on you!"

After saying, Natalia laughed, "Come on, drink!"

When Lottie entered the door, she saw Natalia was drink intemperately.

Lottie frowned and walked over to grab Natalia's wine, "How much do you drink?" "Not much!"

Natalia smiled and reached out a finger to Lottie, "Three bottles!"

Three bottles...

Lottie looked at the empty bottles in front of Natalia, "Stop drinking."

The director came to say, "Lottie, don't disappoint us."

Natalia said that she would be on leave for a while after she finished the filming. She was happy and wanted to to drink more.

"Why don't you stop her?"

Lottie glanced at the director coldly, "Do you really think she's happy?"

She could tell that Natalia was forcing herself to smile.

Although she was smiling, Lottie knew her sadness and bitterness clearly.

But the chief director nodded and said, "Of course, she is."

After saying, he looked at the people around him, "What do you say, guys?"

“Of course she is!”

“Yes!”

Natalia pushed Lottie away, “Don’t stop me!”

“Let me drink!”

After saying, Natalia picked up the bottle and drank.

Looking at her, Lottie felt worried.

In fact, she was not very familiar with Natalia. She only knew that Kayden had asked Natalia to take care of her.

Actually, they are not close friends. Lottie had no idea what exactly had happened to Natalia.

However, Natalia was her favorite actress after all. She felt sad about her.

Thinking of this, she took the wine away from Natalia and sent a message to Kayden.

Natalia had a good relationship with Kayden. He would definitely know what had happened to her!

“Kayden, Natalia is drunk. What’s wrong with her?”

She received a reply from Kayden shortly after.

“I don’t know. None of my business.”

“Isn’t she your friend? I’m not familiar with her and can’t care too much about her, so I asked you.”

“Don’t worry about her if you don’t know her well. Leave her alone!”

The message made Lottie frown.

She felt faintly that Natalia being depressed might had something to do with Kayden.

Before she could send another message to Kayden, Natalia had already opened another bottle of wine.

It was no time for Lottie to care about Kayden. She could only rush over and snatch Natalia’s wine. “Stop drinking!” “Give it to me!”

Natalia curled her lips. “Who are you? It’s none of your business!”

After that, she looked at the chief director. “She is so annoying!”

“Get her out of here!”

The director was in a dilemma. After all, Lottie got backed up.

However, he couldn’t offend Natalia as well.

“Get her out of here!”

Natalia leaned against the chair and began to make a scene. “If she doesn’t leave, I’ll leave!”

“If I leave, I will never cooperate with him in the future!”

The chief director pursed his lips and had no choice.

He couldn't lose the chance to cooperate with Natalia who was the real super star for a newcomer.
"Lottie."

The director took a deep breath and said, "I don't know what happened to Natalia... It was she who proposed to have the party with you in the afternoon, but..."

"Why don't you go back first?"

Lottie frowned and looked up at Natalia.

She caught Natalia's gaze just right.

Natalia sneered. "I don't want to see anyone related to the Chapman family. Get away!"

The director looked embarrassed. "Lottie, well..."

"I will go."

Lottie took a deep breath and looked up at the chief director seriously. "Take good care of her." "Liquor is harmful to the body."

The chief director quickly nodded. "Sure!"

She sighed and got up to leave.

When she walked out, she saw Claudia standing in the corner at the end of the corridor, talking to some men.

It was too far away for her to hear clearly, and she was not interested.

She took a deep breath and took the elevator down.

"Remember, the crew's private room."

At the end of the corridor, Claudia stuffed the money into the hands of the two men. "The woman is the lead actress, the most beautiful one in the room. Don't mix up."

The two men nodded. "Leave it to me!"

After that, they turned around and headed to the private room.

Claudia stood there and coldly looking at their backs.

There were too many people in the crew, so it was really easy for them to sneak into the party.

"Lottie, you don't believe accidents might happened, huh? I'll show you today!"

Spoiled By My Bossy CEO Husband - Chapter 105 Today's My Birthday

When she came out of the hotel and was about to take a taxi home, a black BMW stopped in front of her.

The car window was winded down. The driver was Alfred's agent, whom Lottie had seen before.

“Ms. Green.”

He smiled at her. “Please follow me.”

Lottie frowned. “Alfred Barton?”

“No.”

“Then who is it?”

“You’ll see when you get there.”

Lottie didn’t know what was going on, but she still got into the car.

The agent started the engine, and after a few turns, they arrived at the gate of one villa in the Skywu Villa Quarter.

“Please get in.”

He opened the door with gentlemanly behavior. “The host is waiting for you inside.”

Lottie pursed her lips and looked up at the villa in front of her. “Is there... the Skywu Villa Quarter?”

The Skywu Villa Quarter was a famous villa village in Rexwell where was star-studded.

Celebrities and super stars loved to settle down there, and the security was perfect. They could do whatever they wanted in the village without being secretly photographed by paparazzi.

So...

Lottie pursed her lips. “Is this Alfred’s home?”

“Yes.”

The agent smiled faintly. “But Mr. Barton is not here today. Someone else wants to meet you.”

Someone else?

‘Is it Alfred’s girlfriend?’

‘Does she want to get even with her because she takes offense at their scandal?’

Lottie knocked on the door of the villa in confusion.

“Coming!”

A crisp child’s voice came from the villa.

Lottie paused for a moment, and suddenly remembered the little girl who liked to wear a white gauze dress.

“Is it her?”

“Lottie!”

The door opened, and Stella, who was wearing a pink nightgown, rushed out and hugged her leg. “I miss you so much!” It was exactly her!

Lottie squatted down excitedly and held the little girl in her arms. "Are you looking for me?"

"Yes!"

Stella smiled at her as she held Lottie's hand. "Today is my birthday!" Lottie paused and turned to look inside the villa.

Sure enough, there was a big cake in the restaurant.

"Happy birthday!"

Lottie quickly pinched her little face. "I didn't know it's your birthday when I came, so... Come on, tell me what you want, and I'll satisfy you!"

Stella hesitated, her puppy-like eyes fixed firmly on Lottie's face.

After a while, the little girl blurt out, "I want you to be my mother for one night, okay?" Lottie was stunned.

She looked at the little girl in front of her and asked, "That's it?"

"Yes!"

Stella smiled with embarrassment. "In fact, it won't take you a whole night. You may eat cake, play games, and then tell me a story at the bed time, that's enough."

"I live a very regular life! When it's the time, I will naturally fall asleep."

As she spoke, she looked at the clock seriously. "It's already past seven o'clock. I always fell asleep at nine." "It won't take you too long!"

Lottie felt so pity for the sensible girl.

She pursed her lips, carried her into the villa, and helped her sit down at the dining table.

When they got closer, they found that the cake was pretty delicate, on which a doll in white dress with many small flowers around it was placed.

A line of words was written in front of the little girl. "Happy Birthday to Stella Barton."

Lottie sighed faintly as she saw the number of candles.

Elijah and Fabian were five years old.

Stella was also five years old.

If it wasn't for the fact that the three of them didn't know each other, she would have really thought that they were triplets.

After all, they were of the same age and were all sensible.

She sat next to Stella and sang a birthday song for her, and then they blew the candles and cut the cake. "Thank you, mom!"

Taking over the cake handed by Lottie, Stella called her sweetly.

Her word stunned Lottie for a moment.

She was once a mother.

However, the feeling of Elijah and Fabian calling her mommy was completely different from that of Stella.

At this moment, she even felt that giving Ralph a daughter... In fact, it seemed to be very happy.

"Mom, I'm going to eat!" Stella smiled and began to eat the cake.

Lottie sat next to her, accompanied her watching cartoons and eating cake while took out her phone and sent a message to Fabian.

"Something happened at the party. I'm not there now."

"I'm in a little girl's birthday party, the one your dad and I had met before. I'll be back at 9:30 at the latest!" "Tell your daddy that I can't find his contact details!"

Fabian frowned and sent the message to Ralph. "Daddy, why doesn't Mommy have your contact details?" On the other end of the line, Ralph was silent for a long time.

After a long while, he took out his phone and sent a message to Lottie. "Where are you?"

A message from "Dear" appeared on Lottie's phone.

She frowned slightly. "Is Connie acting again now?"

She took a deep breath and replied briskly, "I'm occupied, darling. Don't worry about me. Good night." Ralph was speechless.

She exactly knew that it was him. Why did she say that she didn't know his contact details?

"Are you in the Skywu Villa Quarter?"

The man was silent for a long time and sent her a message.

The little girl they met last time was probably the adopted daughter of Alfred.

Because he was afraid that something would happen as last time again at the party, Ralph had already asked someone to check Alfred's schedule. He was recording variety shows all night tonight.

So now, Lottie should be accompanying that little girl in the Skywu Villa Quarter.

On the other end of the line, Lottie was stunned. How did Connie know that she was in the Skywu Villa Quarter? After a while, she understood.

Connie had told her brother that her boyfriend was a big star.

"Isn't it naturally that a superstar lives in the Skywu Villa Quarter?"

So she took a deep breath and replied, "Yes, I'm in the Skywu Villa Quarter."

"I'll pick you up."

"Pick her up?"

Lottie pursed her lips. "Connie must have gone too far, right?"

Connie and her brother couldn't enter the Skywu Villa Quarter. Even if they came in, they couldn't find her!

If they found her, she would be exposed!

She hesitated for a long time. "Well... That's not appropriate."

"That's appropriate."

On the other side, Ralph had already gotten up and walked out of the door. "I'll be right there."

Lottie, "..."

She looked at the phone with a complicated mood and really wanted to call Connie and ask her what was going on.

But she didn't dare.

Because Connie had said that as long as she used this number to contact her, it must be because her brother was by her side.

"Mom, focus."

Stella pursed her lips unhappily and reminded her in a low voice.

Lottie quickly came to her senses and smiled awkwardly. "I'm sorry, my friend is looking for me."

Just as she was about to put down her phone and watch cartoons with Stella, her phone rang.

The caller ID on the screen was Connie.

"Why did she call me at this time?"

Lottie frowned. "Didn't you tell me not to call this number but only send message, because your brother must be by your side?" "Why do you call me?"

Connie paused on the other end of the phone. "My brother has never been here."

"I did say before that I wanted you to pretend to be my boyfriend and lie to my brother, but my brother had changed his schedule, so he didn't come to Rexwell."

"What about the message from that number?"

"I didn't use that number to send you any message."

Lottie was speechless

"How is it possible!?"

"It's true. Why would I lie to you?"

Connie pursed her lips. "But Lottie, now it is not the time to talk about this!"

"Just now, I went to the party to congratulate you, but I didn't find you. Guess what I saw?" "I saw Natalia was drunk and left with three jerks!"

Lottie was instantly stunned.

She had no time to think about who the number was. "Natalia left with three men?" "Yes, in fact, she was carried away by them."

On the other end of the phone, Connie sighed. "Natalia is the movie queen. She is really open, huh? Isn't she afraid of being photographed by paparazzi?"

Spoiled By My Bossy CEO Husband - Chapter 106 What's Wrong with Natalia

Lottie's hand, which was holding the phone, shivered.

She raised her tone in shock. "You said that Natalia was carried away by three men?" "Yeah."

Connie was confused. "Why are you so surprised?"

"I heard that those who have been in this circle for a long time are very open. After all, Natalia is the movie queen and has been famous for so many years. In fact, I am not surprised at all..."

Connie walked out of the hotel while gossiping. "But Lottie, where are you?"

"Besides Natalia, you supposed to be there tonight."

Lottie took a deep breath. "Connie, listen. Right now, call the police."

"Tell the police everything you just saw."

Lottie's voice trembled, and so did her heart. "Natalia wouldn't do such a thing."

"She seems to be in a bad mood tonight and drank a lot."

"I'm not here because she drove me away. There's something wrong with her. Those three are definitely not her friends!" Connie was silent.

After a while, she bit her lip. "Lottie, we can't call the police."

"Natalia is the movie queen and a public figure. If we call the police, her career will be effected in the future." Connie took a deep breath and said, "How about this? Ask Mr. Chapman to help us find out where Natalia is now." "Okay."

Lottie held her phone. "You're right."

She had been too flustered just now.

Once the police took the case, the media would definitely know it. At that time, even if Natalia was innocent, they would distort the truth to catch eyes.

"Connie, check Natalia's company's number now. Find her agent or assistant and ask them to deal with it as soon as possible!"

"I'll call Ralph now!"

After that, she hung up the phone.

Although she knew the best way to find Ralph now is to call him.

However, she still couldn't find his contact details after searching through her mobile address book.

She felt extremely anxious.

"Didn't Ralph save a number in her phone last time?"

"Where are they?"

In a hurry, she had to call Kayden.

On the other end of the line, Kayden seemed to be drinking.

"Lottie, what's up?"

It seemed that he was drunk, and someone was laughing by his side.

Lottie took a deep breath. "Kayden, I don't care what happened between you and Natalia, but what I want to tell you is..." "Natalia drank a lot of wine in the Spring Hotel. I don't know how much she drank, but at least three bottles of liquor before I left." On the other end of the line, Kayden's voice suddenly turned cold. "It has nothing to do with me."

"But it has something to do with me!"

Lottie gritted her teeth and said angrily. "Natalia is my friend!"

"If she is in danger, I will be worried and want to help. You are my nephew. Why don't you help me?"

"What's wrong with Natalia?"

"Someone saw that she was drunk and carried away by three jerks."

Seeing that Kayden had finally softened his attitude, Lottie said. "You should know better than me that Natalia would never mess around with others after drinking."

"I see."

Kayden said coldly, "Is it the Spring Hotel? I'll take someone to look for her now."

After that, he hung up the phone.

Lottie heaved a long sigh of relief after heard that.

She knew that although Kayden had always been tough, he was Natalia's friend after all. He would not watch her get into danger.

"What's wrong?"

When she finally hung up, Stella looked at her with widened eyes.

The little girl was sensible, and she clearly know what's the most important for now.

Judging from Lottie's expression and words, she knew that something bad must have happened.

Lottie took a deep breath and said, "Stella, I... Mom's friend is in danger now. I have to deal with it." She had not forgotten that she had promised to be Stella's mother tonight.

“Mom’s friend is my friend.”

Stella took a deep breath, took out her mobile phone from the side, and dialed a number.

“All of you, come here.”

After that, the little girl looked at Lottie with a calm face. “I has a guard team which was given by Alfred. They are good. Maybe they can help you.”

Lottie looked at her in shock. Just as she was about to say something, the door of the villa was opened.

A dozen tall and strong men came in at the same time. “Little princess, tell us what to do!”

Stella raised her little hand and pointed at Lottie. “This is Lottie Green. She has a friend who is in danger. Please help her.”

The man in the lead nodded and turned to look at Lottie. “Ms.Green, may I ask who your friend is? What’s wrong with her now? What do you need us to do?”

Lottie was shocked by this scene.

She looked at those people in shock. “You guys...” “Please rest assured.”

Probably having seen through her doubts, the leader said. “Before we became the little princess’ bodyguards, we were all from the special forces and mercenary groups in Europe.”

“We are all winners who survived in battle fields and information warfare. Please don’t doubt our abilities.” Lottie was slack-jawed.

Alfred... Was he really just a movie king?

If these people in front of her were really as powerful as they said, and they were all hired by Alfred to be the bodyguards of Stella... That means, Alfred’s status was definitely not simple!

Thinking of this, she pursed her lips and turned to Stella. “They are marvelous! What do you usually... ask them to do?” “Play with me.”

Stella shrugged. “Move something for me and help me carry my bag. Be my audience if I’m in a good mood and, maybe sing or dance.”

Lottie, “...” Should she say that they were overqualified?

However, she coughed softly and looked up at the leader. “Actually, I have already found someone to look for my friend. There is no much need for you to help me.”

“But if you are really helpful, maybe I need one or two.”

“And keep the secret.”

The leader nodded. “Don’t worry.”

After that, he found two men in the crowd to stay and dismissed the rest.

After Lottie assigned them a mission, the leader said with a smile. “Ms. Green, may I ask if you’ve left the country?” Lottie frowned and shook her head. “What’s wrong?”

“Nothing.”

“I just feel that you look a bit like a madam I know before.”

Spoiled By My Bossy CEO Husband - Chapter 107 Kayden Won't Let Her Get into Trouble

“Maybe we look like each other.”

Lottie didn't take his words to heart. She was worried about Natalia.

“We're going to find her.”

Seeing that Lottie didn't want to talk with him about it, he sensibly turned around and left with the other two.

“Frank, who do you think the young lady looks like?”

When the three of them went out of the Skywu Villa Quarter, someone asked curiously.

The man called Frank narrowed his eyes slightly. “I used to be a bodyguard of a big family in Europe for a period of time.” “That one just now looks very much like the madam of that family.”

“It's a pity...”

“What?”

“Nothing. Go and find the woman.”

After the bodyguards left, Stella let out a faint sigh. She knew that Lottie was no longer in the mood to watch cartoons and tell stories with her.

She yawned and stretched herself, pretending to be tired. “Mom, it's about time for me to sleep.” “I think you're anxious. Forget the story, go and find your friend first.”

As she spoke, she jumped off the sofa and held Lottie's hand smiling. “Frank is very powerful. He'll tell you Natalia's location within ten minutes. Be easy.”

“I'm so happy tonight. Go and find her.”

Lottie pursed her lips. She could tell that Stella was trying to hide her disappointment.

But at this very moment... To tell the truth, she could not pretend that nothing had happened and read a story to help her sleep.

“I'm sorry...”

She raised her hand and pinched Stella's chubby little face. “I owe you once. Next time when I am free, I will be here again, as your mother, okay?”

“Okay!”

The little girl nodded with a smile. "That's a deal! And I didn't mean to ask for another birthday gift." Looking at the sensible girl, Lottie felt pity for her again.

Elijah and Fabian came to her mind.

They were very sensible too.

These kids were so sensible that she felt really sorry about them.

Lottie squatted down and gently kissed on Stella's forehead. "I'm leaving." "Is it okay for you to stay at home alone?"

"No problem!"

Stella waved her hand indifferently. "Alfred is very busy with his work. It's quite common for his absence for a few days. I'm used to it!"

"Good night, mom!"

After that, the little girl turned around and run upstairs.

But when she run to a corner that Lottie could no longer see her, her tears rolled down by her cheek. Sure enough, she will never have such a good mother.

Even if she lied to her that she was celebrating her birthday, something unexpected would happen. Standing where she was, Lottie looked at Stella's back as a trace of sadness inexplicably welled up in her heart.

"Stella."

She called her name.

The little girl stopped. "What else, Lottie?"

"Alfred is right."

"Your parents must still be waiting for you somewhere in the world."

"You will find them."

Stella closed her eyes and cried silently. "I believe so."

"It's late. Be careful, Lottie!"

After that, she trotted into the bedroom.

Watching the little girl's back disappear from sight, Lottie sighed and turned to leave the villa.

At night, the the Skywu Villa Quarter was quiet, and there was no one on the road.

Lottie felt a little despair.

The Skywu Villa Quarter was a high-end villa area, so taxi drivers couldn't get in.

If she wanted to go out, she could only walk to the gate and take a taxi.

However, Alfred's villa was too far away from the gate. She had walked for almost ten minutes and had not arrived yet.

And then she received a call from Frank.

"Ms. Green, we've found your friend's cell phone signal."

"We're in a car heading east of the city, chasing them urgently."

"But it's quite strange. They seem to be driving around Rexwell. I suspect that they deliberately used her cell phone signal as bait. She may not be in the car anymore."

"There are no surveillance on several roads on their way. I don't know if they had get off the car on those roads. Is there any other information through which we can track your friend down except by her mobile phone?"

His words instantly made Lottie's body stiffen.

Not with her phone.

No surveillance on the road.

These two pieces of information were enough for her to break down!

She bit her lip. "Catch up with the car, pulled out everyone, and asked them where Natalia is!" "We've caught up it. My men had already done so."

"I'm going to check the surroundings of the roads where were no surveillance there, but the scope is too big. We can't check it all, but we'll try our best."

"But it seemed that someone ahead were trying to save your friend too. We can cooperate with them." Lottie bit her lip tightly. "Thanks a lot."

"You are a friend of our little princess, so you're my friend."

After that, Frank hung up.

A moment later, Lottie received a photo from Frank.

In the photo, Kayden was holding a man's collar, pressed him on the ground and beat him like he was crazy.

She closed her eyes.

Tonight was doomed to be a sleepless night.

"Get in the car."

Just as she was at a loss, a black Maserati stopped beside her.

The door opened, it was Ralph.

Lottie was stunned. "Why are you here..."

"I said I would pick you up."

Ralph smiled faintly at her. "Come up."

Lottie got in the car with pursed lips.

The moment the door closed, the man pulled her into his arms. "Kayden just called me. I've heard what happened."

"Mario has sent someone to help."

After that, he raised his hand and pinched Lottie's face. "Don't worry."

Lottie raised her head and stared at his face.

"I shouldn't have left."

If she hadn't listened to Natalia and the chief director, she would have asked someone for help when Natalia was in trouble.

Then all these troubles wouldn't happen.

"It's not your fault."

The man pulled her into his arms. "She'll be fine."

"I promise."

The familiar smell from Ralph's body and his firm voice struck Lottie's heart.

Tears welled up on her cheeks. She clutched at Ralph's shirt tightly. "Even though I don't get along with Natalia." "But she has always been my favorite actor."

"When I was bullied by Isobel and Luke, she took the initiative to help me out by asking me to be her stand-in..." "I don't want anything happen to her."

"She deserves a better future..."

The woman's trembling voice and tears made Ralph's heart beat.

The man pursed his lips. "Don't worry."

"Kayden won't let anything happen to her."

Spoiled By My Bossy CEO Husband - Chapter 108 I Know Who Did It

Ralph didn't bring Lottie home. Instead, he took her to the east of the city.

There were only a man and a few dummy models on the van with Natalia's mobile phone.

When Lottie and Ralph arrived, the man had already been beaten by Kayden. He was being guarded by several bodyguards.

Kayden had already brought his men to look for Natalia.

"Mr. Chapman."

Seeing that Ralph had brought Lottie with him, the guard quickly walked up to him. "This man didn't say anything." "Kayden originally wanted to ask him about Natalia's position, but he didn't say anything."

"He didn't say anything even after he was beaten up like this."

Hearing the bodyguard's words, Lottie subconsciously glanced at the man.

His face was covered in bruise and blood, and his clothes were torn off.

But this face...

Lottie frowned and walked closer to take a look.

Suddenly, she remembered the scene she saw when she entered the elevator in Hotel!

"Isn't this man one of the two who talked to Claudia at the end of the corridor?"

At this moment, Lottie felt fearful!

She was trembling and walked up to the man. "Did Claudia make you do this?"

The man glanced coldly at Lottie. "I don't know what you're talking about."

Lottie's hand was clenched into a fist by her side.

She closed her eyes and everything that had happened in the hotel appeared in her mind.

When she was at the door, she met Claudia and Alice.

Alice sneered and warned her that something would happen if the crew got drunk during the dinner party.

Later, she sneered at Alice and entered the door.

Then she was driven out of the room by Natalia.

Later, she saw Claudia talking to this man.

In the end, Natalia, who was already drunk, was taken away.

And given Claudia's flattering attitude toward Alice...

Lottie felt a chill run down her spine.

Claudia and Alice knew that tonight the banquet was for celebrating that Lottie finished the shooting, but they didn't know that Natalia had arranged hers together with her.

Therefore, those people took away Natalia.

What if she hadn't been driven away by Natalia before?

If he couldn't find her now, who would be in danger?

It stunned Lottie.

She thought that Alice and Claudia were just threatened her, but she didn't expect... How dare they!

And Natalia was implicated by her!

Their real target was actually her!

Thinking of this, Lottie turned her head and grabbed Ralph's hand with tears. "I must find Natalia."

"I won't allow anything happen to Natalia."

Otherwise, she would be guilty for the rest of her life!

Natalia had blocked the disaster for her!

Ralph held her hand back and said, "Nothing will happen."

But in fact, he was not sure.

Natalia was beautiful and drunk. No one could guarantee that...

Just as Lottie was crying in Ralph's arms, the bodyguard on the other side received the news, "I've found her!" The bodyguard reported excitedly to Ralph, "Mr. Chapman, they said they found it in an abandoned factory!" "Shall we go now?"

Ralph nodded and carried Lottie into the car.

The car ran for a long time and finally went to a deserted factory.

The factory was dilapidated and old, covered with rust everywhere.

As soon as the car stopped, Lottie couldn't wait to run in.

But the scene in the factory stunned her instantly and she couldn't say a word.

The whole factory was filled with the smell of blood.

Several disheveled middle-aged men had been pressed to the ground by the bodyguards.

Natalia was held in Kayden's arms, with blood winding down on her legs.

Her body was wrapped in Kayden's coat, but even so, she could clearly see her injuries.

Lottie's legs went limp and she almost collapsed to the ground.

Fortunately, Ralph supported her from behind.

Even Ralph, who was calm and composed, felt shocked by what he saw.

After a while, he lowered his voice. "How is she?"

"She fainted away."

Kayden held Natalia in his arms and gently stroked her bruised face. "The ambulance is on its way."

"I don't know where she was hurt. I'm afraid to move her."

His voice trembled. "It's all my fault."

“I shouldn’t have quarreled with her...”

In the face of Kayden, Lottie wanted to say something. She opened her mouth, but couldn’t utter a word.

Something really happened to Natalia.

It was really shocking...

Ralph hugged Lottie and didn’t know what to say.

After a while, the man turned to look at the people who were pressed to the ground. “Cut off what they shouldn’t have.” The bodyguards looked at each other and instantly understood what Ralph meant.

“Spare me, please!”

The middle-aged men who were pressed against the ground began to wail.

“Someone told us that we could play at will, so we came here!”

“Yes, she said that this woman is an unknown married actress. There is nothing to be cared!”

“We haven’t had time to fuck her yet, please! Okay! I’ll tell you! We...we used a knife, a whip...and candles!”

“I have family! We can pay the money back!”

“I don’t have a child yet!”

Their wailing irritated Kayden even harder.

“Drag them out and chop their things up!”

“Yes!”

The bodyguards answered and dragged them away.

Not long after, the screams of men came from outside.

Lottie bit her lip tightly. “I probably know who did it.”

In the Green’s Villa.

Claudia was happy tonight and drank a lot.

Before returning home, she received a message from the man saying that everything went well. The woman she wanted to deal with had been thrown into the abandoned factory and received by a group of middle-aged men.

Claudia was lying on the bed, her head completely drenched in alcohol.

“Hah!”

Looking at the ceiling, she laughed out.

Finally.

Finally!

She finally taught Lottie a lesson!

How dare her steal Mr. Chapman!

Now let her know what's payoff!

So what if Mr. Chapman didn't care that she had a child before?

Lottie had been pregnant before she met Mr. Chapman. What's past is past, and he could let go of it.

But what about this time?

After tonight, Lottie, will be a slut that everyone disdained!

No man could bear to be cuckolded!

He will definitely divorce Lottie!

At that time-

"Bang! Bang! Bang!"

Even when Claudia started to imagine the happy life between Ralph and her, there was a rough knock on the door downstairs.

"Who is it?"

Eira was irritated by the knock on the door and opened the door impatiently. "It's so late. Can't we talk about it tomorrow?"

When the door opened, the man outside stunned her.

Spoiled By My Bossy CEO Husband - Chapter 109 Why Should I Help Her

Under the luminous moonlight, a group of tall and strong bodyguards stood outside the Green's Villa. By the light from the room, Eira saw the tall and straight figure standing in the crowd at a glance.

It was Ralph Chapman!

Eira was so excited that she couldn't control herself.

She smiled warmly and looked up at Ralph. "Mr. Chapman, it's so late..."

"I'm here to find Claudia."

Ralph did not say anything else and went straight to the point.

Eira was immediately overjoyed.

Sure enough!

Claudia really did a good job. How could Lottie who had once had a baby with someone else be comparable to her? Was Ralph looking for Claudia at this time for a date? Or what else purpose could he have!

Thinking of this, Eira quickly made way for him excitedly. "You can go in and wait first. Claudia just washed up and really to sleep. I'll call her downstairs."

"Okay." Ralph paused and walked into the room.

The, bodyguards behind him also followed in.

He sat down on the sofa with crossed legs, with languid elegance. "Ask her out." "Okay!"

Eira went upstairs excitedly .

"Don't tell her that I'm looking for her."

When Eira hurried up the first step, the man warned her coldly.

"I see, I see!"

Mr. Chapman definitely wanted to give Claudia a surprise!

'I know it', Eira thought.

The young loved to play some strange lovely tricks.

In the bedroom upstairs, Claudia was still proudly sending a message to Alice. "Alice, after tonight, Lottie will be extremely shameful!"

As soon as she finished sending the message, Eira knocked on the door anxiously.

"Claudia, are you asleep?"

Claudia frowned. She put away her phone and got up to open the door. "What's the matter?" At this time, her cell phone vibrated.

Claudia ignored it because she was distracted by Eira's appearance.

So she didn't see the message from Alice. "You idiot, you caught the wrong person!" "Someone's looking for you!"

Eira grabbed Claudia's hand. "A guests are looking for you!"

"A very distinguished guest!"

Eira blinked at her. "Follow me downstairs!"

"Wait."

Claudia frowned and looked down at her thin nightdress. "I'll change my clothes..."

"What else do you want to change? This dress is just right!"

Eira glared at her in disappointment. "You still don't know what he means as he comes to you so late at night?" Claudia paused for a moment, but she did not insist on going back and changing clothes.

"Who is it?"

"You'll know when you get downstairs!"

Eira pushed Claudia down the stairs. "Don't let him wait too long!"

From upstairs, Claudia saw the distinguished man sitting on the sofa at a glance.

Ralph! ?

Why would he come to see her at this time?

A bad feeling welled up in her heart...

Almost instinctively, Claudia took a step back.

Her intuition told her the reason for Ralph's visit to her was definitely not what Eira thought! The man on the sofa saw her.

"Ms. Green."

Ralph's voice was cold and devoid of warmth. "Come with me."

Claudia bit her lips and subconsciously wanted to run away. However, before she could run, Ralph's bodyguard had already caught her.

She was escorted to Ralph by two bodyguards.

"It seems that you know why I came to see you."

The man's deep voice was full of prestige that was hard to be ignored.

Claudia raised her head. "I don't know what you're talking about."

"You've been cuckolded. You can't get even with me, can you?"

"Lottie is unchaste. Didn't you know long ago?"

"Didn't you delete the video and photos of her pregnancy yourself? I thought you didn't care!" She sneered and deliberately said everything she thought was perfect.

On the one hand, she had belittled Lottie's personality.

On the other hand, she also used this method to provoke Ralph, didn't she?

However, Claudia did not expect that Ralph is not angry after she said that.

He was just fiddling with the teacup on the tea table, with a cold and sarcastic smile on his face. "I haven't told you why I'm here.

Why did Ms. Green tell me so much?"

"You know that something will definitely happen to Lottie tonight, right?"

Claudia rolled her eyes. "Mr. Chapman, you've wronged me."

"Someone saw that Lottie was taken away by three men at the hotel tonight."

"I was just thinking about it."

“Didn’t Mr. Chapman come here so late at night to look for trouble?”

“Yes, I did.”

Ralph took a sip of his tea and looked up at his watch. “It’s time.”

As soon as he finished speaking, an ear-piercing siren sounded outside the Green’s Villa.

Claudia’s eyes widened. “You called the police?”

“I didn’t. It’s the Thunder Pictures Entertainment calling the police.”

The Thunder Pictures Entertainment is where Natalia works.

Kayden is the biggest invisible shareholder of the company.

Claudia was stupefied.

Even if she was not involved in the entertainment circle, she had heard of the company.

As the most influential agency in the entertainment industry, it had cultivated a group of artists with great influence.

The movie queen, Natalia, was the major actress of Thunderbolt Management Company.

However, what does it matter to Lottie?

The man stood up elegantly from the sofa. “You may not know yet.”

“The woman you destroyed tonight isn’t Lottie, but Natalia.”

Claudia raised her head in shock. “How is this possible? The next second, the police rushed in.

“Ms. Green, you’re suspected of a kidnapping case. Please come with us.”

Under Eira’s shocked gaze, Claudia was cuffed.

Claudia, dressed in pink pajamas, was taken away by the police just like that. She didn’t even have time to change her clothes.

When the sound of siren faded away, Eira came to her senses.

She rushed to Ralph and asked, “Mr. Chapman, what’s going on?”

“Claudia...”

“She will be in prison.”

The man stood up and glanced coldly at Eira’s anxious face. “Thank you for your hospitality.”

“By the way, the tea tastes terrible, and I won’t come again.”

After that, he left with his bodyguards.

Eira was stunned for a second before she understood what Ralph meant.

She rushed up again and stretched out her arms to stop Ralph in the front. "Mr. Chapman, it must be a misunderstanding!" "You have to help Claudia!"

"Why should I help her?"

"Because..."

Eira bit her lips. She knew that Ralph didn't care about Claudia.

In a moment of desperation, she tried to persuade him with the so called family. "Because you're Lottie's husband, I'm Lottie's adoptive mother!"

"Let Lottie come to see me! I've raised her for more than 20 years. She'll agree to my request!"

Ralph paused his steps. "Didn't she already repay your care and support the moment she married me?"

Spoiled By My Bossy CEO Husband - Chapter 110 I Want to Marry Natalia

In the Central Hospital of Rexwell.

Lottie sat on the bench, staring at the words "Operating" anxiously.

Beside her, Natalia's assistant, Noel Davidson was squatting on the ground, grabbing his hair with his fingers.

"I shouldn't let her go."

"She gave me a half-day off this afternoon. I should have noticed that something was wrong with her..."

"But the only thing in my mind was the date with my girlfriend at night..."

"If anything happens to Natalia, I will never forgive myself for my whole life..."

Noel, a 180-centimeter-tall man, cried at the present.

Lottie pursed her lips and raised her hand to pat him on the shoulder. "Natalia will be fine."

"It's all my fault."

Noel cried and buried his head in his arms. "I shouldn't have let her out today. I shouldn't have let her see Kayden. I shouldn't have..."

Halfway through his words, he seemed to realize something. He looked up at Kayden, who was standing by the window in the distance without saying a word, and stopped talking.

Lottie pursed her lips.

At the beginning, she had guessed that Natalia's bad mood must have something to do with Kayden.

However, she was not so familiar with Kayden and Natalia, and she didn't know much about their relationship, so she couldn't say anything.

Soon, the elevator arrived.

The tall man came down from the elevator and walked to Lottie. He raised his hand to pull her into his arms, sitting next to her.

“Have you dealt with it?”

The woman raised her head and asked in a muffled voice.

“Yes.”

Ralph nodded lightly and said, “I saw her taken away by a police car.”

If the injured tonight were Lottie, Ralph would make Claudia pay with her life.

However, it was Natalia who was hurt tonight.

Although Natalia had a special relationship with Kayden, she was not a member of Chapmans. Ralph had no right to punish Claudia for this.

Moreover, Natalia had her company and her family’s support. So sending Claudia to the police station was the best way to deal with it now.

“Yes.”

Lottie closed her eyes and helplessly buried her head into Ralph’s arms.

She wanted to go to the Green family with Ralph, but he stopped her.

He said that Natalia might come out soon. When she came out, she need a female friend.

Hearing Ralph’s words, Lottie decided to wait here.

But now an hour had passed.

Ralph had returned, but Natalia still did not come out.

Wouldn’t she...

“Is that something wrong?”

“Uncle.”

In the distance, Kayden, who had been staring at the window, pretended to be calm.

The man looked at Ralph firmly and said, “Help me.”

“I want to marry Natalia.”

There was a dead silence in the entire corridor.

Ralph frowned and looked at him. “Have you decided?”

“Yes.”

Kayden, who had always been careless, said seriously, “I’ll be responsible for her.” “What the fuck are you responsible for!”

Sitting on the ground, Noe directly stood up and rushed to Kayden. He punched him in the face and said, “If it’s not for you, would Natalia suffer this?”

“The biggest mistake that Natalia has made is to know you!”

“You are a jinx!”

The more he scolded, the angrier he became. He punched him again. “What Natalia needs now is a person who loves her!” “You don’t love her at all. You married her just to make yourself feel at ease, but what about Natalia?”

“She has been hurt by you, and if you marry her because of your guilt, she will suffer more than ever!”

“Kayden, you bastard!”

Noel punched Kayden in the face.

Kayden didn’t dodge either.

He stood where he was and received the two fists.

After a long while, the man raised his head and glared at Noel indifferently. A crazy smile appeared on his face. “Continue.” Noel didn’t hesitate to punch angrily at him again.

Kayden staggered a few steps backwards.

But there was still a provocative smile on his face.

“Again!”

“Enough.”

Ralph stopped him coldly.

Lottie also hurried forward to stop Noel. “Stop fighting.”

Noel glared at Kayden before returning to bench and sitting down.

Later, the door of the emergency room opened.

The doctor shook his head and came out. “We’ve tried our best.”

“But she received great the damage and shock. It seems she has no will to survive, so she is still in a coma.” “Maybe she will wake up soon, or she will never wake up.”

Hearing the doctor’s words, Lottie was stunned. She couldn’t move at all.

How could it be...

How could Natalia have no will to survive?

She was so beautiful and charming.

She had been the most popular actress for two years.

She still had a promising future.

How could it be...

“I see.”

Kayden took a deep breath and walked towards the emergency room. With the help of the other doctors and nurses, he pushed Natalia out to the ward.

On the hospital bed, Natalia seemed to be asleep. The blood on her face had been wiped clean, and the wound was covered with bandage.

She lay quietly, as if she was having a dream.

Looking at her pale face, tears finally welled up in Lottie's eyes.

If she had not left tonight, would these misery happen to Natalia?

If she hadn't met Claudia and Alice at the door, would everything be different? "Slap!"

Beside her, Noel slapped himself, causing an abrupt sound.

He raised his hand again, and was about to slap himself in the other side.

Ralph grabbed his hand in time.

"What you should do now is not blaming yourself."

"You should go to the company and make decisions."

"Announce her current situation or continue to hide it? How to solve her arranged work? When will you contact her family? You need to address all these stuff."

"She will wake up. If you wanna help, go and help her deal with what you could do." "Don't let her see everything she has was destroyed when she woke up."

Noel looked at Ralph's face in a daze.

After a while, the man nodded and turned to leave.

Looking at Noel leaving, Lottie bit her lip tightly.

She turned around and looked at Ralph's face helplessly. "I was the one who should have been injured tonight..." Ralph sighed helplessly and pulled her into his arms. "It's not your fault."

"You can't tell when those who have evil intentions will attack you."

"If you were the one who got hurt tonight, Natalia would blame herself."

The man took a deep breath. "Come back to the Chapmans' villa with me tomorrow." "Since Kayden wants to be responsible for her, I will help him."

Lottie hesitated. "But... does Kayden like Natalia?"

"She likes him. It's enough."

"Since Kayden wants to marry her, whether he likes her or not no longer counts."
