

Spoiled By My Bossy CEO Husband - Chapter 71 I'm the Old Man You're Talking About

Claudia was stunned and her face turned red.

She just wanted to ambush Lottie, but she didn't expect to be seen by Ralph!

Claudia looked at Ralph's face and said, "Ralph, please... please listen to me..."

Claudia still had illusions about Ralph and did not want to leave a bad impression of him.

Thinking of this, Claudia forced a smile, "I'm joking with Lottie."

"How can I really hit my sister!"

After saying that, Claudia pretended to be shy and looked at Ralph, "Ralph, this is the second time we meet. Can I..." Ralph put Claudia's hand down and turned to look at Lottie, "Go in."

Lottie pursed her lips and looked at the road.

Mr. Chapman said that he would be there soon. Why did she still not see him?

However, it was not good to stand at the door all the time. Lottie took a deep breath and nodded, allowing Ralph to hold her shoulder and enter the door.

They walked around Claudia and strode into the restaurant.

As if Claudia was invisible, they didn't see her at all.

Claudia felt very angry.

Lottie Green!

She would snatch Ralph back sooner or later!

Thinking of this, Claudia took out her mobile phone and called Isobel, "I can keep on helping you." Isobel was overjoyed, "Really?"

"Claudia, I know you are the best!"

Claudia watched Lottie's back, and then she angrily narrowed his eyes, "I can buy you the Best Female Newcomer of Taurus Awards, but you have to fulfill my request."

"No problem!" Isobel smiled, "I will try my best to get Lottie and Luke together!"

After saying, Isobel hung up the phone.

Bring Luke and Lottie together? Is she crazy? It was just a trick against Claudia.

When she got the award and the movie resources, what could Claudia do to her, even if she could not complete Claudia's task?

"Why are you here?"

After following Ralph into the restaurant, Lottie asked as she walked, "Do you have business to discuss with?" Ralph paused slightly.

How stupid Lottie was. She couldn't guess out Ralph was Mr. Chapman.

But Ralph was not in a hurry.

He smiled faintly and took her forward, "I have an appointment."

"What a coincidence."

Lottie took a deep breath and stopped, "Mr. Chapman just told me that he would arrive soon, but he hasn't come for so long..." As Lottie spoke, she sent a message to Mr. Chapman.

And Ralph's phone rang.

He put the phone on silent mode, "Sit down."

Lottie frowned, "I'd better wait at the door..."

Ralph narrowed his eyes slightly and looked at her beautiful neck and sexy collarbone.

... How bad Fabian was.

Fabian was only five years old. How could he dress Lottie up so seductively?

When Ralph saw Lottie's dress on the opposite road, he was amazed.

Now they were closer, and the closer, she was more attractive.

Ralph frowned and took off his suit jacket to cover her collarbone and neck.

While Lottie was in a daze, he pulled her into a private room and closed the door, "Wait here."

"I asked Sean to guard outside. If Mr. Chapman comes, he will inform you."

Lottie still felt it was not good to do that.

Looking at her anxious face, Ralph bent down and pinned her between him and the door, "Lottie."

He lowered his head, looked at Lottie's fair face, leaned close to her ear, and whispered, "Don't wanna listen to me?" Lottie was stunned, and her face quickly turned red, "It's... fine."

After saying, she quickly got out of his arms and sat down on the chair.

Unexpectedly, Ralph also sat down.

She was puzzled, "Aren't you going to see your friend?"

Ralph elegantly leaned against the chair and glanced at Lottie, "My friend is late, like your Mr. Chapman." Lottie replied with an "well" and did not feel anything wrong.

Sitting in a chair, Lottie thought for a while, and decided to send a message to Mr. Chapman.

“Mr. Chapman, Ralph and I are waiting for you in the private room. I will pick you up when you come!”
Ralph, sitting opposite Lottie, looked at his phone and smiled, typing, “Who is Ralph?”

“He’s...”

Lottie’s face turned red. She glanced at Ralph secretly and replied, “He is my husband.”

“I told you before, Mr. Chapman.”

“Well, the man who loves you very much?”

“Yes, he loves me very much. It took him a long time to catch up with me!”

As Lottie peeked at Ralph, she replied to Mr. Chapman.

Ralph and Mr. Chapman didn’t know each other. They might never have a chance to meet in their life!
So it didn’t matter even if Lottie told lies!

Lottie had once dreamed of being pursued by a handsome man.

After meeting Ralph, the one in her dream suddenly became clear.

Therefore, facing Mr. Chapman’s vague love, Lottie tried hard to express her love with Ralph, hoping that Mr. Chapman would know the difficulty and give up.

Thinking of this, Lottie continued to make a lie, “When you come later, I will introduce my husband to you!”

“You can introduce him now.”

As soon as Lottie finished sending the message, Ralph’s deep and cold voice sounded.

“It would be better to wait you come!”

Lottie replied without any thinking.

When she finished speaking, she suddenly felt that something was wrong.

Lottie suddenly raised her head and looked at Ralph, “What... what do you say?”

Ralph elegantly poured a glass of juice and pushed it to her, “Don’t you say when I come, you tell me something about us?” Ralph looked at Lottie with a smile, “You can tell me now.”

“I really want to know how I pursued you.”

Lottie,

Lottie opened her eyes wide in shock and stared at Ralph, “You...”

With a bad feeling coming up, Lottie quickly took a sip of juice and said, “Ralph, what do you mean?”
Ralph smiled faintly, took out his mobile phone, and showed her the chat record.

“Mrs. Chapman.”

Ralph leaned lazily on the chair, with a smile on his lips, "I'm the old man you mentioned, Mr. Chapman."

Lottie, "..."

Spoiled By My Bossy CEO Husband - Chapter 72 Are You Confessing to Me

The air in the private room seemed to freeze.

Lottie felt so shocked that could not even speak clearly.

Ralph picked up the cup and took a sip, "Are you surprised?"

Lottie quickly nodded.

She did feel very surprised!

She felt as if she was struck by lightning.

For countless times!

How pitiful she was being struck by this news!

Lottie could not think at the moment.

"Have a cup of coffee and calm down."

Ralph poured Lottie a cup of tea thoughtfully, "You don't have to feel embarrassed." He smiled faintly, "In fact, I've been misunderstood a lot."

"I am ugly, disfigured, and abused his wife. I am abnormal."

Ralph poured himself another cup of tea and said, "Compared with this..." "I'm old."

"An old man."

"I love you very much."

"I madly pursue you."

Every time Ralph said a word, Lottie's face flushed a little more awkwardly.

Until Ralph finished speaking, Lottie felt extremely embarrassed.

"However, some of these things may be realized."

Lottie was stunned for a moment, and then she carefully thought about it.

She told Ralph that he was old, loved her, and...

Lottie quickly picked up the cup to disguise her anxiety.

What Ralph said must be about age!

Yes, it must be a matter of age. Everyone would grow old.

Certainly... Lottie was sure Ralph didn't mean that he loved her so much...

After drinking the warm coffee, Lottie calmed down a lot.

She took a deep breath and looked up at Ralph with an embarrassed smile. "Well, I... I thought the big shot Natalia introduced to me should be an old man..."

"So..." Ralph looked at Lottie, "Isn't it because I don't understand the emoji and speak very stiffly that you recognize me as an old man?" Lottie, "..."

She raised her hands to surrender, "I'm narrow-minded, and self-righteous!"

"Don't be so nervous."

Ralph interrupted Lottie indifferently.

Lottie pursed her lips and looked at him timidly without saying a word.

It was indeed her fault. She really didn't think about that maybe the man was Ralph... Now that the truth was unveiled, she felt dumb and awkward.

Ralph was her husband, and she could not always hide from him.

They shared the same bed every day, and even planned to have a daughter...

Looking at Lottie's flushed face, Ralph smiled helplessly and said, "I'm not here to blame you."

Ralph said in a low voice, "Since I was a child, I knew what should do."

"I don't care about anything else except what I'm interested in."

"I marry you, as Elijah and Fabian like you."

Lottie's hands were tightly twisted under the table.

She knew that he was telling the truth.

But...

Lottie felt a little uncomfortable when Ralph put it so casually.

"I'm 28, five years older than you."

"My life is very different from yours."

"In the past, I never felt that five years was a matter, and I didn't think the difference between our lives would have any impacts." As Ralph spoke, he looked up at Lottie, "But now, I feel that there is a deep gap between us."

The light in Lottie's eyes also gradually dimmed.

Very... Deep?

In fact, it was all right...

Lottie always tried her best to narrow their gap and adapt to being Mrs. Chapman...

“So in the future.”

Ralph said solemnly, “I will try my best to find time to understand emoji and the internet language, as well as the acting industry.” Lottie raised her head in shock.

Ralph raised his thin lips slightly, “I’m older and smarter than you.”

“So, let me narrow the gap between us.”

Lottie stared blankly at him, feeling every cell in her body lightly tremble.

She said with a trembling voice, “I... I don’t understand what you mean.”

“I want to understand you.”

Ralph looked at her, “I marry you because of Elijah and Fabian.”

“But I do want to understand and get close to you.”

Lottie felt very excited.

Ralph’s words made her feel as if she was stepping on the clouds. It was a little erratic and unreal. She never dreamed that Ralph would speak to her like that.

Ralph was not ambiguous, but his deep voice, affectionate eyes, and every word he said...

Made her feel happy and excited.

However, this was not enough!

Lottie pursed her lips and looked up at him fearfully, “Ralph, ...”

“Are you confessing to me?”

Ralph smiled, “Are you still nervous now?”

Lottie was stunned.

She seemed... She was really not nervous anymore.

His words still lingered by her ears. How could she be nervous? “Well.”

Ralph put down the cup, “Let’s continue to talk that you slander me as an old man.”

Lottie,

So that Ralph said these words was to ease the awkward atmosphere?

But what he said... His words were sincere.

Lottie almost believed it.

Thinking of this, Lottie lowered her head dejectedly, “Well, it’s my fault.”

“I shouldn’t guess Mr. Chapman is an old man as he doesn’t know how to use emoji, and speaks stiffly.”

After saying, Lottie looked up at Ralph and said, "Mr. Chapman, calm down."

"I'm not angry."

"I still want to know how I chase you."

Lottie, "..."

Why did he come back again?

Lottie took a deep breath and pursed her lips, "Well, Mr. Chapman, in order to express my apology,

I promise you a request, okay?"

Ralph raised his brows, "Really?"

"Really."

Lottie nodded seriously, "But it must be something I can do."

"If you ask me to give you a gift worth millions dollars, I can't afford it."

After saying, Lottie suddenly thought of something, "And Having a daughter. It's uncertain. I can't guarantee that." Ralph smiled lightly and said, "Don't worry."

"You've already signed an agreement about giving birth to a daughter. I won't ask for something you promised." Lottie, "..."

Ralph looked at Lottie's blushing face and narrowed his dark eyes slightly, "I do have something to ask you to do." "What?"

"In five years, win the best actress award."

"Can you do that?"

"Deal!"

Spoiled By My Bossy CEO Husband - Chapter 73 My Name Is Lottie Green, I Likes Stars

Lottie agreed directly, which surprised Ralph, "You are very confident in yourself." "Of course, I'm professional." Lottie proudly raised her head, "If I don't have confidence in the field you're good at, I can't do anything."

Her proud look made Ralph laugh. "Since you are so confident in your ability, why have you never formally played a role after graduating from college and being a stand-in for five years?"

Lottie's face turned pale.

She lowered her head and faltered, "Luke doesn't want me to do that..."

"Just because of this?"

Ralph obviously did not believe it. "Ralph's girlfriend, Isobel, is also an actress." "Moreover, Luke is trying his best to help Isobel develop her career."

Luke was just a excuse. Obviously, it was not enough to convince Ralph.
Lottie's face turned paler.

Her fingers intertwined helplessly under the table.

Forgive me not being able to tell you my worries.

Ralph's status and wealth were far beyond that of ordinary people.

He shouldn't have a wife with a stain.

Just as the atmosphere in the private room gradually became awkward, someone knocked on the door.

The head waiter led a group of waiters in, "Haven't I disturbed you?"

"No."

Ralph's deep voice was filled with displeasure.

Lottie heaved a long sigh of relief.

"Sir, Madam, the dishes are ready."

Two minutes later, the waiter bowed respectfully to them and said, "I wish you a happy meal."

After waiters left, Lottie was afraid that Ralph would bring up the previous topic, so she quickly served him food, "I'm so hungry."

"Let's eat!"

Ralph looked at her and his dark eyes narrowed slightly.

But he did not continue to talk about the previous topic.

After the meal, Ralph took Lottie to watch a movie at the suggestion of Elijah and Fabian.

The movie was a comedy. In the middle of the movie, the heroine lost her memory and forgot all previous things with the hero. A good comedy turned into a tragedy.

Lottie lay prone on the seat, crying bitterly.

In the past, she felt the plots about losing memory was very vulgar.

But a car accident five years ago made Lottie lose about half a year's memory.

When she lost her memory, she found that it was so painful without it.

Looking at the movie's FL who forgot her past with the ML, and even forgot their child, Lottie's tears were pouring down.

"It's fake."

When Lottie was out of breath from crying, Ralph pressed her head directly into his warm arms, "Don't be sad." Ralph's deep and gentle voice made Lottie shed tears even harder.

Ralph had no choice but to wipe her tears with his fingers.

Again and again.

Ralph was surprised that he had such a good temper.

At the end of the movie,

The FL remembered everything, and they had a happy ending.

However, Lottie was not happy at all.

She knew that the FL's memory was restored.

But her lost half-a-year of memory would never come back.

The doctor had said that Lottie's brain was seriously injured, and those memories might never come back. He told her not to be bored any more.

On the way to home, Lottie was unhappy.

"Mommy and Daddy are back!" As soon as they entered the door, Fabian greeted them with a smile, "Daddy, Mommy, are you happy on a date?"

Lottie smiled bitterly, "Sure."

"Daddy bullies you?"

Seeing Lottie was in a bad mood, Elijah frowned and looked at Ralph behind Lottie warily.

"No."

Lottie took a deep breath and squatted down to pinch Fabian's face, "You already know Mr. Chapman is your daddy, don't you?" Fabian pursed his lips and nodded. "Yes..."

"Does Elijah also know?"

Elijah looked at Lottie with a frown and did not speak.

"Well, I'm not angry with you."

Lottie smiled helplessly, "Don't only help him, and maybe help me occasionally."

What a shame today!

Lottie stood up and stretched, "I'm a little tired. I have to rest."

After saying, regardless of the expressions of Ralph and her two sons, she went upstairs directly.

"Well..."

Fabian stared at Lottie who was going upstairs, "Why do I feel like Mommy isn't happy at all..."

Elijah looked at Ralph, "Daddy, you tell me the truth."

Ralph said helplessly, "The movie you recommended was very sad. After watching, your mom was in a bad mood until now." "Really?"

Fabian looked puzzled, "I roughly scanned the content of the movie. Although it was very complicated, the ending was good."

"Why is Mommy so unhappy?"

"And..."

Elijah placed the book on his knees, "Mommy is an actress. She knows better than anyone that movies are fake." "There is only one possibility that she is so unhappy..."

Ralph nodded and said, "Maybe a detail of the movie arouses her unhappy memory."

"That's right."

Elijah took a deep breath and took out his mobile phone, "I buy the ticket now. Tomorrow, I'll go to see it with Fabian and analyze it carefully."

Ralph smiled, "You care so much about your mom?"

"Don't you care about her?"

Elijah curled his lips, "I guess Sean must be working overtime to check the information about Mommy." Ralph did not say a word and turned to go upstairs.

In the bedroom upstairs, Lottie already cleaned up and fallen asleep.

She had a very strange dream.

In her dream, Lottie became the mother of two babies.

Lying on the hospital bed, she was very weak.

The two babies were lying in the compartment outside her ward.

The ward was firing with lots of smoke.

Lottie was anxious to get up, but she couldn't.

In the raging fire, she saw a man rushing toward her.

"Leave me alone and send the child out!"

Through the thick smoke, Lottie could not see the man's face clearly, but she was sure that he wanted to save her.

So Lottie shouted anxiously, "Save the children first!"

"I can't move. You can't save me!"

The man stood in the fire, seemingly hesitating for a moment.

After a while, he picked up the two children on the baby bed and rushed out quickly.

The man's voice was hoarse, "Wait, I will come back to save you!"

"Don't come back!"

Lottie looked at the heavy fire and knew it would be difficult for him to come in again.

So Lottie tried her best to tell him, "Let the children forget me and find a new mother for them."

"My name is Lottie Green!"

Spoiled By My Bossy CEO Husband - Chapter 74 It Was An Unusual Evening

Lottie woke up from her nightmare with cold sweat soaking her pillow.

She looked out of the window. It was the next morning.

It's sunny outside.

Lottie wiped her sweat, heaved a long sigh of relief, and lay back on the bed.

She did not know why she had such a dream.

She never happened to such things.

But everything in her dream was very real, as if she had really experienced it.

Moreover, the fire was so heavy. If it was real, she would be burned to death.

Lottie took a deep breath and told herself that she was messed up by the movie, so she had such an inexplicable dream.

Lottie just closed her eyes when her phone rang.

Arthur Bell, her biological father, called.

"Do you want money?"

Lottie said lazily with her close eyes, "Dad, don't drink too much every day."

"Even if you used to be a special forces soldier, you are ageing now. Your body will get worse if you continue drink too much." "You should go out to find a job..."

"Lottie."

Before Lottie finished her words, Arthur interrupted her, "I'm calling you to say goodbye."

Say goodbye?

Lottie suddenly opened her eyes and sat up, "Where are you going?"

"Didn't I tell you after I retired from the special forces, I worked as a bodyguard for several years." "The former employer found me and asked me to protect her."

"I am at the airport now and it is in a hurry. I won't say goodbye to you face to face."

Lottie's hand, which was holding the phone, trembled slightly, "Dad, I ... what I just say is because I am worried about you."

"Please... don't leave."

"I can give you money."

"Don't leave..."

No matter how healthy Arthur was, he was now an old man in his fifties. Lottie did not want him to work as a bodyguard.

Although she always said that she disliked Arthur, she knew that Arthur was the best person in the world for her.

He did not participate in the first 18 years of her life.

But in the past five years after they met, Arthur had taken good care of her.

He taught her martial arts, fighting, and how to protect herself.

Without him, she would not have been so good as a martial stand-in.

"Good girl."

On the other end of the phone, Arthur sighed. "I'm not going back for money, but for returning a favor."

"I am afraid that I will retard you for the past five years, so I dare not contact you too much. In the future, when I go abroad, we will have less contact than before."

"Lottie, you have to take good care of yourself."

Lottie bit her lip, and her tears dropped down silently. "Then you have to be careful abroad." "I will."

Arthur smiled.

After a while, he seemed to think of something. "You have to keep the jade pendant that I gave you last time. Don't let anyone see it. Do you hear me?"

Lottie's heart sank when she heard him mention the jade pendant.

"That jade pendant... I lost it."

After she came out of Arthur's house, she was kidnapped by Luther Miller's men and was busy from then on .

By the time she thought of the jade pendant, she could no longer find it.

She had also returned to the alley where she was being attacked and inquired about the police who had investigated the case that day, but she still could not find them.

"I'm sorry, Dad."

Lottie did not mention that she had been attacked. "I was careless..."

On the other end of the phone, Arthur was silent for a long time.

“Maybe this is fate.”

Arthur sighed. “You don’t have to blame yourself. That jade pendant is not worth much money.” “In fact, I don’t know whether it’s good or bad to give you that jade pendant...”

Perhaps it was destined that Lottie would not reunite with that family.

Maybe it was not a bad thing.

“Forget it.”

“Protect yourself, hide your birthmark, and live a good life in the future.”

Lottie pursed her lips. “Dad, do you have a photo of that jade pendant?”

“I’m actually blaming myself for losing my mother’s relic. During this period of time, I posted a reward post on the Internet, but there were no photos. I only saw it once, so I can’t describe it...”

“No photos!”

Arthur’s voice suddenly became serious. “I told you not to look for it!”

“Even if you don’t have photos, you’re not allowed to look for it anymore. This is the end of the matter!” After that, he sighed. “It’s time to board the plane. I’m leaving.”

“Remember, stop looking for it!”

Lottie frowned. She still wanted to say something, but the phone had been hung up.

She sighed doubtfully. When she called again, Arthur’s phone had been turned off.

Helplessly putting down her phone, Lottie turned on the computer.

There were already a few people who had replied to the reward that she had sent to look for the jade pendant. Even some private detectives had left her contact information and asked her to find them.

Lottie took a deep breath and deleted the post.

She did not understand why her father would react so angrily.

That jade pendant was just her mother’s relic. Why was it so mysterious? Lottie couldn’t figure it out, so she gave up.

At this time, an email arrived.

She opened it. It was a new script from the chief screenwriter.

Lottie glanced over it roughly and found the contents were still greatly changed.

The second female lead, who was swoon over her boyfriend, had become a career star, and the relationship between Luke Berry and her had become unimportant.

Because of the great reduction of love scenes, Lottie didn’t even filmed an scene with Luke in the following days.

When they were filming together again, it was the day of the Taurus Awards Ceremony.

The ceremony was held at night.

Luke's assistant started to shout in the crew early in the morning, "Hurry up and make up for Luke!"

"He is going to prepare for the award ceremony tonight!"

"Who doesn't know that our dear Luke will be the movie king this year? Be careful! This is the movie king-to-be!"

"Wooooow! So what?"

The dresser who put on Lottie's makeup whispered, "It's not yet time for the award ceremony, but now she looks like he has won the prize. She's so annoying!"

After that, she looked at Lottie and curled her lips. "And I heard that his ex-girlfriend who had been disqualified from being the Best Female Newcomer Award was qualified again a week ago."

"It is said that she has still a high chance of winning."

She nudged Lottie with her arm. "Do you think they will argue when they meet tonight?" Lottie frowned and thought for a moment before smiling. "Tonight we'll see."

But it wasn't like the scene where an ex-boyfriend met his ex-girlfriend.

After all, Lottie knew very well that Luke and Isobel had not actually broken up at all.

The scene she meant... was another kind.

Spoiled By My Bossy CEO Husband - Chapter 75 She Thinks She Had Been humiliated

After putting on her make-up, Lottie entered the set as usual to prepare for filming with Luke.

"Lottie, we meet again."

Luke stood in front of Lottie in high spirits with a smug smile. "Do you know what's going to happen today?" Lottie glanced at him indifferently. "Sure, the Taurus Awards Ceremony."

'I wonder how you will react when you find out your dear girlfriend is cheating on you!'

"That's it."

Luke proudly stuffed an invitation into Lottie's hand. "According to the rules, a newbie like you will never have the chance to attend such a grand event without an invitation from the crew."

"This invitation was specially for you. A favor from Isobel." "By the way, you don't know yet. Tonight, Isobel will also be here." "She will definitely get the Best Female Newcomer Award of this year."

With that, he sighed and moved closer to Lottie, lowered his voice and said, "You've spent so much effort to steal the female lead role from Isobel. So what?"

“After she gets the award tonight, there will be more and more better roles for her in the future.” Lottie took a step back and looked at Luke with a fake smile. “It’s too early to say this now.” “Not until the last moment, no one knows who’s the winner tonight, right?”

She stuffed the invitation back into Luke’s hand. “Don’t worry, I will definitely show up tonight .”
“Without your invitation.”

After that, she turned and left.

Luke looked at her back and snorted.

He knew that Lottie must be jealous!

Of course, he didn’t expect her to bless him and Isobel. As long as Lottie stayed in this circle for a day, he would have plenty of opportunities to embarrass her!

Thinking of this, he turned to look coldly at the staff behind him. “When will the auction begin?” “I’m in a hurry to finish filming in the morning. I’m going to sleep for a while and prepare for the award ceremony tonight!” The staff quickly put on a smile. “Right away!”

The crew’s schedule was very busy in that morning.

Even though there was no mistake, Lottie and Luke still managed to end it up till half past one in the afternoon.

After work, Lottie stood at the entrance of the set and waited for the car.

A red BMW stopped beside her.

Lottie recognized this car...

It was Claudia’s car.

She frowned. “Why did Claudia come to the crew?”

Just as she was full of doubts, the window rolled down.

Wearing sunglasses and masks, Isobel waved to Luke.

Luke quickly said something to his assistant. Then he walked up, opened the door, and got into the car. Lottie suspected that she may recognized a wrong person.

After the car left, she thought about it carefully.

The red BMW was indeed Claudia’s.

When did Claudia become so familiar with Isobel?

“She even lent her a car?”

Just as Lottie was confused, a black Maserati stopped beside her.

The window of the back seat was rolled down, revealing a smiling face. “Mommy, get in the car!”

Lottie opened the car door and got in.

To her surprise, there were not only Fabian in the car, but also Elijah, who usually didn't like to go out. At this moment, Elijah was sitting in the passenger seat like a little adult, seriously reading a book.

Sitting next to Lottie, she rested her head on Lottie's thigh and looked at her with her big bright eyes. "Mommy, Brother and I will take you to dinner. After dinner, we'll buy a dress for you!"

Lottie frowned. "A dress?" "Yes."

The little fellow nodded seriously. "Mommy, aren't you going to attend the Taurus Awards tonight?"

"I checked your wardrobe, Mommy. You don't even have a suitable dress."

"So I took out the card with two hundred thousand dollars to buy you clothes."

Lottie was stunned. "Two hundred thousand?"

It was just to buy a dress. There was no need to take so much money, was there?

"These are not what we earn by good means."

Elijah, who was reading a book in the front, raised his head indifferently. "No need to be afraid." The money was spent by Isobel to the internet market company on hyping up herself.

It was almost all of Luke's belongings.

Lottie still felt it was not good to do that.

"Oh, Mommy."

Fabian rolled his eyes. "This is that jerk's money."

Lottie was even more confused. "Whose money?"

"Luke's money!"

Fabian took a deep breath and explained where the money came from to her.

Lottie, "..."

"So, the internet market company... was run by you two?"

"No, the boss of the company knows Kayden."

"Later, Kayden wrote some useful procedures for him. They owed Kayden a favor, so they helped us."

Lottie swallowed in shock.

"What awesome sons!"

That day, Elijah had asked her to buy some fruits for him. She didn't know except for Ralph, they also helped her! And even more surprisingly, these two little guys took the lead.

She looked at them. "Are you...geniuses?"

Elijah looked at her as if he was looking at a fool and did not speak.

Fabian chuckled. "Guess."

Lottie, "..."

She felt that she had been insulted.

Fortunately, these two little guys were not her biological children. If she was the real mother of such two geniuses, she would be so grateful and excited!

However, the money of the jerk Luke still needed to be spent.

After a simple meal in the restaurant, they began shopping in the mall.

In order to impress everyone with Lottie at night, Elijah and Fabian chose a dress worth forty thousand dollars for her, together with bags, shoes, and accessories, and more than half of the money was spent at last.

After shopping, Fabian glanced at the balance and complained, "Mommy, you're too conservative."

In his opinion, he wanted Lottie to spend all the money on a dress with which she would later on show up in front of Luke and Isobel. That's pretty cool.

Lottie smiled helplessly. "There's no need to waste."

"Here you are."

Elijah grabbed the bank card and stuffed it into Lottie's hand. "This is all for you."

"You can do whatever you want."

Lottie hesitated for a moment before accepting it.

After coming out of the shopping mall, Lottie was led to a hair salon by the two little guys and got her makeup done.

Sitting on the chair, Lottie sent a message to Arthur.

"Dad, have you gotten off the plane? Have you arrived yet?"

"Be careful over there."

"I remitted ten thousand dollars to your bank account. Take care of yourself."

At the airport on the other end of the earth, Arthur looked at the message on his phone with a heavy heart.

"Move on."

The man on the side shouted coldly, "What are you waiting for? Don't think you're enjoying yourself here!"

Spoiled By My Bossy CEO Husband - Chapter 76 Don't Set the Role

This year's Taurus Awards was held at the Spectrum Hotel.

The Spectrum Hotel was the largest hotel in Rexwell. The boss was so mysterious that even the general manager had never seen him.

But half an hour before the Taurus Awards began, the boss of the hotel called the general manager.

"Go to the parking lot and pick up a woman named Lottie. Invite her to the venue. Arrange a good seat for her and treat her well." "Yes!"

The general manager was very attentive and agreed. "Boss, how could I recognize her?"

The boss on the other end of the phone was silent for a while. "She is very beautiful."

After that, he hung up the phone directly.

The general manager, "..."

What? Is he kidding?

Which female star who attended the awards ceremony tonight was not beautiful?

How could he find someone like that!

In desperation, the general manager could only search for information about Lottie online while hurriedly taking the elevator to greet her in the parking lot.

What shocked him was that Lottie, whom the boss had asked him to take care of, used to be a martial arts stand-in!

It was not because there was no news about Lottie on the Internet, but for some reason, every photo was blurred and he could not recognize what she looked like!

Just as the general manager was anxiously looking for her in the parking lot, a black Maserati stopped. Lottie, who was wearing a navy blue backless dress, got out of the car slowly.

It was her first time wearing such an exposed dress. She was not used to it.

Putting on a white coat, she said goodbye to the two little guys in the car with a smile, "See you home, dear."

Fabian leaned against the car window with grievance, his big puppy-like eyes full of reluctance. "If only I could attend the party with Mommy."

It was not that the Chapman family had never held cocktail parties or evening parties before.

However, the two little guys, Elijah and Fabian, were completely uninterested in this kind of occasion. Thus, they never take part in.

But now, looking at the beautiful and dignified Lottie in front of him, Fabian suddenly wanted to accompany her.

He wanted to take her hand and stand in front of everyone, proudly announcing that this beauty was his mommy! "Good boy."

Lottie rubbed his head helplessly. "Tonight is the award ceremony of the entertainment circles. There are many reporters and media."

"They will see you."

"Your daddy doesn't want you to be exposed. He's afraid that your life will be disturbed by irrelevant people." "So be good and go back. Mommy will take care of myself. Don't worry!"

Fabian pursed her lips and pulled her little head back into the car. "Go home early!"

After that, the car started.

Lottie's figure was getting further and further away from the window.

It was not until the woman's figure turned to a small blue dot that Fabian sighed and sat back in the car. "Elijah." "Should we call Kayden and ask him to take care of Mommy?"

Elijah raised his head and looked at Fabian, like looking at a fool. "It's not his turn yet."

"What do you mean?"

The little fellow rolled his eyes at Fabian. "Didn't you notice that Daddy had been disappeared all the afternoon?" Fabian was still confused. "Sean said that Daddy was busy with meeting in the company this afternoon."

"He is trying his best to finish the work in order to make time for the night."

After that, he glanced at Fabian indifferently. "You're so stupid. You are born to be single."

Fabian, "..."

Was his brother thinking about this at such a young age?

After sending off Elijah and Fabian, Lottie slowly walked out of the parking lot holding her skirt. However, the parking lot was so large that Lottie couldn't find the exit for a while.

Many people in the parking lot were busy, as if they were looking for someone.

"She used to be a stand-in, so she was not beautiful or arrogant. Be careful and don't let go of any ordinary-looking woman!" The leader reminded them coldly.

The security guards responded and began to look for her separately.

Everyone ignored her.

Lottie frowned and waited for the guards to leave before carefully walking to the lead man. "Excuse me, where is the exit?" The man pointed in a direction irritably. "Just walk straight here."

"Thank you."

Lottie nodded. Just as she was about to turn around and leave, she recalled something and turned around.

"Well."

She looked at the general manager seriously. "I wanna tell you..."

"Many of the stand-ins are very beautiful and elegant. They are not ordinary at all."

For example, her.

However, Lottie didn't say it.

After saying that, she turned around and strode away.

The general manager looked in the direction where the woman left and rolled his eyes. "Idiot."

When Lottie got out of the parking lot, Natalia Ross's assistant, Noel Davidson, had been waiting for her at the door for a long time.

Seeing that Lottie was here, Noel quickly rushed over and stuffed an invitation into Lottie's hand.

"Natalia has already entered."

"She is one of the heroines tonight, so people payed more attention on her." "That's right."

Lottie accepted the invitation with a smile and followed Noel into the venue.

It was very lively.

Before the award ceremony began, actors, directors, and producers gathered together in twos and threes to chat.

Lottie casually found a corner and sat down.

"Oh, you're really here."

Before she could sit down, a sarcastic female voice sounded behind her.

It was Isobel.

Lottie subconsciously turned around.

Behind her, Isobel was holding Luke's arm and walking toward her.

She was dressed in a long white gauze dress, looking like a fairy. And Luke was dressed in a white suit decorated with gold border, looking elegant and decent.

They were well-matched.

Lottie's lips curled into a smile. "I remember telling you before I found out about your relationship that whether you won or not, I'll come and see you personally."

Isobel sneered. "You are kind of honest."

"Of course."

Lottie continued to smile in a dignified manner. "Unlike those douchebags, I always keep my promises" Isobel's face changed. "What did you say?"

"Nothing."

Lottie still leaned elegantly against the seat with a fake smile. "Don't match yourself with that."

“Or, do yo admit that you are...douchebags?”

Isobel looked angry and awkward.

“Don’t take it seriously.”

Luke snorted and hold Isobel’s hand. “She can do nothing but curse now.”

“After all, after tonight’s award ceremony, our social status will be different. Why should we be angry with such a nobody?” Isobel narrowed his eyes. “You’re right.”

“Lottie, no matter how eloquent you are, you can’t change your fate. You will be always stepped on by us, forever.”

Spoiled By My Bossy CEO Husband - Chapter 77 Aren’t You Jealous

Looking at Isobel’s proud face, Lottie smiled helplessly.

“It’s good to be confident.”

“But...”

She smiled slightly. “You haven’t won the award yet. Isn’t it too early to start talking about the future?”

“Is it still early?”

Luke sneered. “I’ll get the award in less than an hour.”

“Are you sure that there won’t be any changes in this hour?”

Isobel rolled his eyes. “Lottie, you still can’t accept the fact that Luke and I will win the award, can you?”

There would be no suspense about tonight’s award.

Not only did Mr. Watts spend money on her, but Claudia also helped her a lot.

Before coming here, Isobel even opened the envelope with the winner’s name.

Tonight, the movie king would be Luke, and she would be the best newcomer actress. There was no suspense at all! “Whatever you think.”

Lottie yawned. “But since you’re sure that you’ll win the award, why don’t you show off after you win?”

“You only make me laugh at you now.”

“You!”

Isobel glared at her angrily and then smiled. “Lottie, remember what you said.”

“Don’t leave after that!”

Lottie smiled. “Don’t worry, I’ll be here.”

After that, Lottie didn’t bother to look at them again and began to close her eyes to rest.

In fact, she did not know who the movie king tonight was. Maybe it was Luke or someone else.

But she knew that the best newcomer actress tonight was definitely not Isobel.

It was not because she knew something, but because...

Mr. Watts was one of the judges of the best newcomer actress, and he played a major role in it.

Soon, people came into the venue one after another.

Because Lottie was a newcomer in the entertainment circle, she had no chance to talk with others or walk on the red carpet. But she was also happy to be free, watching like a viewer while taking videos to share with Connie.

Until Alfred Barton appeared in her camera.

Lottie was stunned. "Why are you here?"

If she remembered correctly, Alfred had openly announced that he would not participate in this year's Taurus Awards.

After all, he had almost won all the awards in recent years.

In order to give others a chance to win a prize, he took the initiative to give up the selection.

"I went back on my word."

Alfred sat down next to Lottie and looked at the front. He said lightly, "I have seen the works of these candidates this year." "No one is really good at acting."

With that, he turned his head and glanced at Lottie. "The only qualified actor is Luke."

"But his performance was not very stable."

"Although he did a relatively good job in the previous acting, but in the past month, everything seemed to be different." "He performed worse, and I think he should have changed his guide teacher."

Alfred sighed. "After all, I have won the Taurus Awards for a few years. I don't want this award to lose its prestige, so a week ago, I submit my work to the panel."

After that, he glanced at Lottie. "Are you surprised?"

Lottie nodded. "Yes, pretty much."

If she was not certain whether Luke could get the movie king before, now she believes that he can't!

"We had some misunderstandings before."

Alfred changed into a comfortable position and sat on the chair next to Lottie. "When I went back that day, Stella explained everything to me in detail."

"I apologize for my attitude that day."

"We may have cooperation someday. I don't want any misunderstandings left." Lottie was stunned.

She didn't expect that a man like Alfred would come to apologize to her in public.

She smiled awkwardly. "Actually, I didn't remember that."

"But I did."

Alfred looked at the reporters in the distance with a smile. "Now I'm sitting by your side. It is enough for you to make the headlines tonight."

"Take it as an apology gift for you."

Lottie, "..."

She didn't notice that there were so many reporters around taking photos of her and Alfred! No wonder she always felt chilly.

She took a deep breath and continued to chat with Alfred.

In a private room on the second floor of the venue, a man in black was holding a goblet and looking coldly at the woman in a navy blue dress.

"Ralph, what are you doing?"

Seeing that he had been leaning there without moving, Edward Grant frowned and walked over. At a glance, he saw Lottie downstairs talking cheerfully with Alfred.

"No wonder you are here."

Edward patted Ralph on the shoulder and teased, "It seems that they are just talking about work. Don't they have a movie to cooperate with?"

"You were the one who helped Lottie find the opportunity."

"There's no need to be jealous."

Ralph squinted his eyes and looked up at him. "I am not jealous" "Then why are you standing still here?"

Edward curled his lips. "Don't forget, we're not here for fun tonight."

Ralph turned to look at him. "Then what are we doing here?"

Edward, "..."

They came to the awards ceremony tonight to investigate a commercial spy.

They had received the news that the commercial spy would be a guest at this award ceremony, so they came to wait for him.

Unexpectedly, after coming here, Ralph had no intention of investigating the spies at all.

He had put his whole mind on Lottie!

"Stop looking."

Edward raised a hand to block his sight. "She's your wife. Why don't you take a good look at her at home?"

Ralph narrowed his eyes and patted Edward's hand away. He was really concentrated on Lottie and Alfred, with his eyes full of jealousy..

This...

Edward rolled his eyes, "Do you still investigate the spy?"

"You can do that."

Ralph glanced at Edward lightly and said, "Go ahead."

Edward was speechless.

Did the Chapman Group belong to Ralph or him?

Why should he investigate this?

However...

Edward sighed.

In fact, this counts not a lot of money to Ralph.

Edward was surprised that Ralph did it in person.

And he didn't expect that Ralph, who usually worked hard every day, would come here to investigate an insignificant spy.

Perhaps, from the beginning, Ralph's purpose was to visit Lottie...

Thinking of this, Ralph Edward was about to leave, and then he heard Ralph's voice.

"What do you think if I want to be an actor?"

Edward almost fell to the ground.

He turned around and asked, "Why?"

Ralph looked in Lottie's direction seriously, "Seeing Lottie chatting with Alfred, I feel uncomfortable." Edward, "..."

Aren't you jealous?

Spoiled By My Bossy CEO Husband - Chapter 78 I Help You for My Wine

Alfred did not stay beside Lottie for a long time.

Because Alfred was a big shot, all the media present paid attention to him. Lottie could not adapt to it. So Alfred got up and left after a brief chat with Lottie.

Not long after, Isobel took Luke's arm and walked onto the red carpet.

They had a high-profile breakup before, but now appeared again, which caused a stir in the venue. All the reporters' cameras were aimed at them.

“Mr. Berry, don’t you break up with Isobel not long ago? Why do you suddenly appear together?”

“Is the previous breakup fake?”

“Or is there something else behind what happened before?”

In the face of the reporters’ harsh questions, Luke said with a faint smile, “Don’t think too much. We did break up before, but we can be friends after breaking up, right?”

“So, you are friends now, right?”

Luke nodded, “Of course, I’m pursuing Ms. Mitchell.”

“I misunderstand that Isobel is a heinous woman for previous things, so I break up with her in anger.”

“But later, I find that Isobel has her own difficulties, but now she doesn’t want to reunite with me, so I have to pursue her again.” “I beg for a long time before she agree to attend tonight’s party.”

Isobel also smiled generously, “This is our private affair. Don’t pay too much attention to it. The key tonight is the award.”

The two of them earned enough attention.

Many media reporters present already knew that the two of them would win the prize tonight, so they spared no effort to focus the camera on Luke and Isobel.

Lottie looked at Luke and Isobel standing in the middle of the red carpet and looked down to check the time.

Isobel saw Lottie sitting in a corner and looking down at her phone afar.

She curled her lips and smirked.

She knew that Lottie was stubborn just now!

Now when Lottie saw her and Luke catching all the attention, she must be jealous.

Isobel snorted in her mind while the smile on her face became sweeter.

She had prepared for a long time for tonight’s party.

Isobel dressed herself up perfectly and even controlled the length and curve of every eyelashes.

She was going to welcome the first award in the entertainment industry in her life with her most beautiful appearance.

After tonight, she would thoroughly step on Lottie, and she would never win her for the rest of her life!

“Ringing!”

Suddenly, the prompt sound of new e-mails came around.

Almost all the reporters present received a new email.

Everyone looked down to check it.

The atmosphere in the venue was still warm, but when reporters looked up again, their eyes were full of mockery.

Luke, who didn't know what happened, was still smiling and confessing his love to Isobel, "Isobel and I were together before. It's just a matter of time before I win her heart again."

The reporters who surrounded them fell silent.

Didn't Luke know the truth?

At this time, a female reporter coughed softly, "Ms. Mitchell, and Mr. Berry, do you know Mr. Watts?"

"Of course."

Isobel said with a smile, "Mr. Watts takes good care of me, and I almost became the heroine of his new play." "Just a little bit?"

The female reporter sneered and clicked on the photo on the phone, "Ms. Mitchell, you already had an affair with Mr. Watts, but you don't even get the heroine?"

Hearing the female reporter mention Ms. Mitchell, Isobel felt flustered, but she still wore her fake smile, "I don't know what you are talking about..."

Before she finished her words, her delicate face turned pale in an instant! The female reporter was holding a private photo of her and Mr. Watts! Isobel saw the photos, and so did Luke.

Luke's face suddenly changed.

"Mr. Berry, are you aware of the relationship between Ms. Mitchell and Mr. Watts?"

"Ms. Mitchell, how long have you maintained this relationship with Mr. Watts? Do you cheat, or does Mr. Berry allow you to do this?"

"Mr. Berry, I heard that you have worked with Mr. Watts recently. Do you get it because you sacrifice your girlfriend?"

"Ms. Mitchell, is Mr. Watts your first director with hidden relationship? Is there anyone else?"

In an instant, the reporters' questions were fired at Luke and Isobel like cannonballs.

Both of them instantly felt panicked.

The enthusiastic and joyful interview suddenly became tense.

Luke grabbed the phone from the reporter.

Looking at photos on the phone, they are all the evidence that slapped him hard on the face!

In these photos, Isobel and Mr. Watts was kissing by the sea, showing great intimacy...

"I'm sorry, the photos are all synthetic. I will investigate this matter later. Please don't make excessive guesses!"

Isobel's face was pale, and she tried her best to defend herself, "The woman's expression in the photo is so awful. It can't be me."

"Is that impossible?"

Luke gritted his teeth and glared at Isobel, "I know you well!"

Luke grabbed Isobel's collar and said angrily, "Isobel, I don't expect you to betray me!" "Last time, in order to help you make the trending topic, I give all my money to you!"

"You betray me..."

"Luke, listen to me. There must be a misunderstanding..."

Isobel explained anxiously to Luke while raising her hand to stop the reporters who was taking photos of her, "These photos must be synthetic..."

"The photos are synthetic, but the video can't be combined, can it?"

At this time, Natalia, who was wearing a pink dress, walked over with Kayden's arm in her hand and said lightly.

Natalia's words made the noisy venue silent.

Everyone looked at Natalia in a daze.

With an ominous feeling welling up, Isobel looked up at Natalia in a daze, "What do you mean..."

Natalia smiled faintly and pointed to the big screen on the stage in the distance, "Parents, leave with your children quickly." Hearing of this, the parents of a few child stars hurriedly went out with their children.

Everyone knew what was about to happen.

Isobel secretly grabbed Natalia's clothes with her pale face, "Natalia..."

"Now you know to beg me?"

Natalia laughed, "Have you forgotten? You spread rumors that I relied on men to get my current position before?" "Isobel, just wait for my lawyer's letter."

After saying, the big screen in the distance lit up.

Everyone was too shocked to speech.

Sitting in the corner, Lottie watched the video with a frown.

What was going on?

Lottie just wanted the photos out. Why did the video come out?

"I ask someone to take photos secretly."

A deep male voice sounded beside Lottie.

Lottie was stunned and turned her head. Ralph was sitting in the seat where Alfred sat before. He put it calmly, "A few photos are not convincing enough."

"Silly girl. If they fight back against you, I have to handle it for you again."

Ralph's lips curled, "So, I decide to help you."

Spoiled By My Bossy CEO Husband - Chapter 79 Throw Them out

"But..." Lottie looked at the screen questioningly, "How do you know..."

Lottie planned to expose Isobel's relationship with Mr. Watts at the award ceremony tonight. Only Connie knew about it. How did Ralph know?

"I know very well what you're doing."

Ralph crossed his legs and leaned elegantly against the chair as what Alfred do next to Lottie, "You want to be the heroine of Azeroath and take the initiative to participate in tonight's award ceremony."

Lottie felt shocked.

Ralph...

Only based on these two actions, Ralph could guess what she was going to do tonight!

He even specially added evidence to help her...

Lottie's heart was trembling with excitement, but she could only say "thank you".

"No worries."

Ralph raised his hand and placed it on Lottie's seat. Looking from afar, it seemed he was hugging Lottie. Edward, who was arranging people to find the spy, rolled his eyes coldly.

This jealous man really went to the place where Alfred sat.

After watching the video on the big screen, Luke was totally stunned for a minute.

Then he came to his senses and rushed over crazily, shouting,

"Stop, stop!"

"Stop!"

Luke stretched out his arm angrily, trying to cover the naked Isobel on the big screen, but the screen was too big for him to cover.

"Stop it!"

"It's all fake, all fake!"

"Isobel has been with me for five years. For her, I even give up Lottie, who loves me the most. It's impossible for her to betray me."

“The photos, the video, and the sound, everything is synthetic!”

The reporters aimed their cameras at him, “Luke, what’s your relationship with Lottie?” Only then did Luke realize that he said something wrong.

He glared at the reporter with his pale face, “I have nothing to do with her!”

At this time, the big screen turned dark, and the video was over.

Luke heaved a long sigh of relief, thinking the torture was over.

Unexpectedly, after two seconds, another video was played.

It was still Isobel Mitchell.

But this time, Isobel was having sex with another person.

He was another director who cooperated with Isobel.

Isobel collapsed on the ground and did not even have the strength to stand up.

How could it be...

How could it be discovered ...

Isobel did it very secretly!

“Ms. Mitchell...”

“Ms. Mitchell!”

The reporters hurriedly approached and surrounded Isobel and Luke.

Isobel and Luke, who were originally exquisite and noble, were now like rats.

Isobel’s make-up was totally a mess and the train of her skirt was covered with the footprints of reporters.

Luke was not much better either. His face was flushed like an angry lion.

If it was only Mr. Watts, he could tell himself that it was synthetic, and Isobel was forced by him. But now, there was another one!

Luke didn’t know how many people had an affair with Isobel!

In the past five years, Luke was careless about Lottie for Isobel.

Even though Luke knew that Lottie sacrificed everything for him, he was still attracted by Isobel. It was because he thought that Lottie was unchaste but Isobel was pure!

But now, Isobel made him the biggest joke!

Luke abandoned Lottie who was wholeheartedly devoted to him and thought that he could be with Isobel forever.

But what was the result?

Surrounded by reporters, Luke staggered and stopped his step in front of Isobel.

“Luke.”

The makeup on Isobel’s face was ruined. She looked at Luke with tears in her eyes and turned to fall into his arms, “Luke, I’m so scared, I...”

Slap!

With a loud sound, Isobel was slapped hard by Luke and fell to the ground.

“Isobel Mitchell!”

Luke glared at her with anger, “You betrayed me!”

“You tell me Lottie is unchaste. And you are purer than her!”

“You are disgusting!”

“You make me sick!”

Isobel, was on the floor pale as a ghost, “Luke, listen to me...”

“I don’t want your explanation!”

Luke rushed up and grabbed Isobel’s arms, “I lose my beloved woman and spend all my money on you!”

“I’ll kill you!”

As Luke spoke, he choked Isobel crazily.

The reporters were at first watching the farce, but seeing someone was about to die, they all rushed and pulled Luke away.

“Stop it!”

Alfred, who had been silent, stood out and stopped his crazy move, “Call the police and send them to the hospital.” “The award ceremony needs to continue.”

Natalia frowned and unhappily asked someone to turn off the big screen.

Obviously, Natalia wanted to see more.

Ten minutes later.

Isobel was taken away by an ambulance.

And Luke was taken away by the police.

“Lottie!”

When Luke was escorted to the door by the police, he suddenly turned around and smiled at Lottie, “I know you must still love me.”

“Help me out Lottie. I will treat you well!”

"I dislike you and even hate you as you are not pure, but Isobel was worse than you. Give me a chance, and let me back to your side..."

Before Luke finished his words, Ralph glared at him, making Luke's words stuck in his throat.

It was Ralph again!

It was Ralph that changed the script for Lottie last time!

"Hey, don't expect you can seduce my girlfriend!"

"I will take Lottie back sooner or later..."

As Luke shouted, he was led away by the police.

Lottie, "..."

Luke, you did not know that it was me that sent you in prison.

It was impossible for me to help you out.

"Let's go."

Ralph frowned slightly and said.

Lottie was stunned, "Where are we going?"

"Luke is very smart."

Ralph pointed to the reporters who were swarming, "What he just said was not for you, but for those reporters." Lottie pursed her lips. Only then did she realize that Luke tried to drag people's attention to her! Luke deliberately said Lottie was unchaste in order to arouse everyone's curiosity.

He wanted to reveal her past to public and destroyed her!

Thinking of this, Lottie was terrified.

Ralph grabbed her hand and led her upstairs.

The security guards followed stopped reporters to come in.

"Ms. Green, is what Luke just said true?"

"What is the relationship between you and Luke before?"

"Luke says that he disliked you because you are unchaste, so did you do same things as Isobel?" The reporters were getting more and more outrageous.

Ralph paused and looked back at the general manager beside him, "Throw them out."

After the general manager arranged people to deal with the reporters, he still followed Ralph, "Mr. Chapman, my men do not find Lottie..."

Lottie was shocked by the general manager's words.

Lottie turned around.

Wasn't this the one who looked for someone in the parking lot?

So...

Lottie frowned, "You said before that you were going to find a stand-in with ordinary face..."

"Do you mean me?"

Spoiled By My Bossy CEO Husband - Chapter 80 Help You without Reasons

Only then did the general manager notice Lottie beside Ralph.

Lottie was dressed in a blue dress. Her skin was as white as snow, and her makeup was light but elegant. Her facial features were exquisite.

He was so shocked that he could not recover for a long time, "You... you're Lottie Green?" "It's her."

Seeing the general manager staring at Lottie, Ralph took off his coat and draped it over Lottie. Then, he took her into his arms aggressively and said, "Do you think my wife should be ordinary?"

The general manager was so shocked that his eyes widened! He now knew something that he shouldn't know! Lottie Green was Ralph Chapman's wife!

The general manager quickly lowered his head and did not dare to look at Lottie again, "It's my fault for being biased against the stand-in."

"I just don't expect that Mr. Chapman's wife is so pure and beautiful, and she is willing to be a substitute in the entertainment industry..."

"You and your wife are really a perfect match..."

The general manager racked his brains to search for the beautiful words. Lottie wanted to laugh at the contrast in his attitude.

But she felt it was not good to do that in front of the general manager. So she turned her face away, "Daring, let's go upstairs."

Lottie's words made Ralph slightly stunned.

Ralph looked down at her, "What do you call me just now?"

Lottie was stunned. "Darling..."

Only then did she realize that she blurted out the word "Darling". Lottie's face suddenly turned red, "Ralph..., let's go upstairs."

She must be woolly-minded by the general manager's words!

How dare she call Ralph darling in public!

Ralph took a deep look at Lottie before holding her shoulder.

Until Ralph left the general manager behind him far behind, he lowered his voice and said dotingly, "It sounds nice to call me that."

Lottie felt very shy and embarrassed!

She bit her lip tightly, feeling that her face was very hot.

"But..."

Ralph leaned close to Lottie's ear and said softly, "Call me like that at home."

"I'm afraid others would hear that."

After saying, Ralph continued to hold with Lottie and walk forward.

Lottie felt as if she was strolling in the clouds.

Her head was rumbling, and she felt her body was heavy and her feet were light.

Ralph...

What did Ralph mean?

Lottie was confused for a long time.

When she came back to her senses, Ralph already took her to the booth on the second floor.

In the hall on the first floor, the award ceremony begun.

Because of the farce of Luke and Isobel, the ceremony was delayed for half an hour than scheduled.

There was no suspense about the result.

Because of the matter between Luke and Isobel, the best actor was awarded to Alfred, the best actress was to a newer.

Lottie heard of this newcomer before. She was an actress under the charge of Alfred's workshop, and her name was Helen Swift.

Lottie frowned slightly and felt something was wrong when she saw Alfred and Helen standing in the middle of the stage to receive the award.

Ralph picked up the wine and took a sip, "My men found that Alfred has been investigating you recently." Lottie was stunned, "Are you sure?"

"Of course."

Ralph narrowed his eyes, "Why do you think he suddenly decided to participate in the award ceremony?" "This female newcomer have no talent at all. Even if Isobel was not here, she won't win."

"When something happens to Luke and Isobel, Alfred stood out to ease the embarrassment of the organizers, the organizers have to show him some respect."

Ralph's words immediately made Lottie rigid.

"So... Alfred have known what will happen today..."

“That’s right.”

Ralph put down the wine glass elegantly and said, “He should have a purpose for sitting beside you just now.” Lottie’s heart was chilled.

She thought that Alfred really came to apologize to her...

Looking at Lottie’s expression, Ralph smiled and said, “Stay away from him.”

“No one will help for no reason.”

“That’s right.”

Lottie nodded vigorously.

Perhaps... Lottie was too naive.

She really didn’t expect that Alfred had such a purpose.

However...

Lottie turned to look at Ralph, “Since no one will help for no reason, what about you?”

“What about you? Why do you help me?”

Although Lottie had her own plan tonight, without Ralph’s help, everything might not go so smoothly.

“Do I need a reason to help you?”

Ralph turned around and looked at Lottie, “You are my wife.”

“Is this enough?”

Lottie’s face flushed red.

After a while, she carefully reached out her hand and gently hooked Ralph’s finger.

“Thank you, my husband.”

Lottie’s skin was cold and tender. The smooth touch was like a stone thrown into Ralph’s calm heart, stirring up layers of ripples.

And Lottie’s words stirred up Ralph’s calm and stability.

Ralph was no longer in the mood to watch the awards ceremony downstairs.

He got up and said with a cold face, “Let’s go home.”

“Are we going back now?”

Lottie was a little confused, “Aren’t we going to wait until the end?”

“Let’s go now.”

Ralph suppressed his surging thoughts and grabbed Lottie’s arm, pulling her out.

Because Lottie wore high heels, she walked extremely slowly. When Ralph dragged her, Lottie staggered, as if she might fall at any time.

After a few steps, Ralph stopped.

“Well.”

Ralph frowned and suddenly carried her in his arms.

“oh-”

Suddenly being carried, Lottie reached out her hand in panic to wrap around Ralph’s neck.

Lottie’s body fragrance came in an instant.

Ralph hugged her tightly and walked even faster.

Ralph didn’t bring her home. Instead, he went straight to the suite on the top floor of the Spectrum Hotel.

Ralph kicked the door open.

When Lottie was thrown onto the bed, she finally understood what Ralph wanted to do next.

She struggled to resist, “Well... I’d better take a shower first.”

“Let’s go together.”

Ralph pulled open his tie and took Lottie into the bathtub.

Lottie felt like she was breathless.

“My clothes...”

Even if the atmosphere was romantic, she did not forget her dress that was worth hundreds of thousands dollars! It can’t be broken!

It was very troublesome to take off her clothes in the water. She accidentally rubbed off the waterproof sticker on her hip.

“This is...”

Ralph pinched the sticker and frowned.

Lottie pursed her lips.

Now that she had such an intimate relationship with Ralph, if she told him... Is that alright?”
