

## Bride Of The Mysterious CEO Chapter 101

“My name is Michelle. I am the CEO’s assistant. Please follow me in.”

Elena and Jasper looked at each other and followed Michelle in.

“Mr. Michelle, I have something to ask you. Is it you or Mr. Leonardo Reynolds who talked to us about cooperation today?”

“It’s our boss. Usually, the boss will take responsibility for the bigger cooperation plan.”

Elena nodded in acknowledgement. She was more and less nervous and excited about this cooperation.

In the meeting room, Elena sat in her seat and waited for Leonardo to come.

While waiting, she looked around. The meeting room was very big and everything present here were expensive and had a sense of superiority. She did not know how rich this Leonardo Reynolds was.

After waiting for a long time, Leonardo did not come in. The more Elena waited the more nervous she got. If he did not come at all, then what would she do?

Just as Elena was thinking, the door of the meeting room was finally pushed open and a man in a suit walked in.

Elena looked at the man curiously. He was a very tall man about 1.88 meters with a well-built body. But unfortunately, he wore a mask on his face and his appearance could not be seen clearly.

Elena now understood why this man did not have a photo. She was afraid that no one would dare to take off this Leonardo’s mask openly and take a photo of him.

Elena mustered up her courage and looked at the masked man, "Hello, Mr. Leonardo. I am..."

"I do not want to talk about work today."

Leonardo interrupted her and looked over. "I came here to see if a small company dares to talk about cooperation with me is because your appetite is too big or your courage is too big?"

Leonardo sat opposite of the two of them. His aura was as steady as Mount Tai. He was like a person who had experienced countless bloody storms. He was calm and unfathomable.

Elena smiled. "Mr. Leonardo is right. Our company is not big, but it has been rising. If you sign a contract with us, you will definitely earn a lot of money."

Negotiating with merchants, directly saying about earning money is more reliable.

Leonardo, on the other hand, laughed out loud. "Do I look like a person who needs money? If I want to, I can buy this city at any time."

Elena took a deep breath and softly muttered, "Buying a city, your appetite is really big. You are not afraid of choking to death."

"Miss Elena, what are you talking about?" There was a trace of sharpness in Leonardo's eyes.

Elena looked at the man in front of her with her eyes widened. Her voice was already soft enough. She did not expect this man to be able to hear her. "It's nothing. It's nothing. I just feel that you... You have a personality!"

Jasper lowered his head slightly and the corner of his mouth could not help but twitch.

This was the first time he had come into close contact with Elena. He did not think that it would be so interesting. No wonder Mister liked it.

“I know the purpose of your visit. You all do not need to waste time.” Leonardo stood up. “You all can go back. I am not interested in working with a small company. It will not be good for my reputation if it is spread out. It will be shameful.”

After he finished speaking, he turned around to leave.

Seeing that he was about to turn around and leave, Elena immediately stood up and grabbed his sleeve.

“Mr. Leonardo, you can think about it again.”

Leonardo frowned and said with a displeasure tone, “Miss Elena, please behave yourself.”

Elena awkwardly loosened her hands.

“I’m sorry. I just want to sign a partnership with you. I know Monor’s is a small company and is not in your eyes. But I really need this partnership. I don’t want my husband to be bullied by others.”

After Leonardo heard this, he turned to look at Elena, his eyes sizing her up.

“I didn’t expect Miss Elena to be married. From what you said, your husband must be a man who relies on women. I don’t have a good impression of this kind of man who relies on woman.”

“No! My husband is not a man who relies on women!”

There was a trace of displeasure in Elena’s eyes. This man’s words were unpleasant and his character was unpredictable. Sometimes he had an aura and sometimes he was like a child.

Leonardo did not even bother to answer her. He turned around and left.

Elena still did not give up. She stood behind him and shouted, “Mr. Leonardo Reynolds, this matter may not be important to you, but it is very important to me. If I cannot sign today, I will come back tomorrow until you sign the contract.”
