

## Bride Of The Mysterious CEO Chapter 110

After feeling the warmth, Ryan revealed a smile that he had not shown for a long time. Ryan buried his face in Elena's neck and inhaled her sweet smell.

"You were not around during this period of time, and I was not in the mood to go to work. So I thought I might as well stay in the villa and enjoy myself."

"No wonder, Tina said she did not see you. She was kept saying, don't misunderstand, don't misunderstand! With her appearance, those who did not know would think that you had another new lover." Elena gritted her teeth when she thought about that woman's appearance.

"Back then, I didn't agree to let you bring her into the company. Now, you have caused so much trouble for yourself."

Ryan knew what that woman was thinking. He had clearly rejected Elena many times, but she still did what she wanted. This made Ryan very helpless.

"Back then, I hoped that she would be able to work for me and not cause any trouble. I didn't expect that she would dare to seduce my husband under my nose. Don't let me grab her pigtailed, otherwise, I'll make her look good."

Elena originally intended to be gentle and kind in front of Ryan, but that woman had already stepped on her nose and face. Then what was there for Elena to pretend about? Could it be that she really wanted to plot to develop into the original couple and change into a mistress?

Elena sighed and looked up. The bruise on Ryan's face was really too scary. She wondered how he knocked on his face in such a way.

Elena gently caressed the bruise. "I'll go and get the medical kit."

Elena went upstairs and took the medical kit down. She smeared some iodine on Ryan's face and gently blew some air.

"The contract has been signed. Roman will definitely not do anything to you in the future." Elena spoke as she put the medicine box away.

Elena worked so hard to help Ryan. She did not want Ryan's parents to treat him as a burden, and she also did not want Roman to treat him as a waste and kick him out.

"Thank you." Ryan looked at her deeply and said from the bottom of his heart.

Ryan knew how hard Elena worked. If it wasn't for him, Elena would never go to Western Europe alone.

Elena laughed and wrapped her hands around Ryan's neck. "Why are you saying thank you to me? We are husband and wife."

Then Elena took out the contract from her bag and handed to Ryan, "I have signed the contract."

Ryan took the contract and saw the words Leonardo Reynolds written on it. He smirked.

"I am curious how you signed the contract."

"Of course it's because I'm beautiful and he likes my beauty very much... Do you have a sense of crisis?" Elena smiled playfully and replied him.

Hearing this, Ryan pulled Elena over. "You actually used beauty. Elena, do you really not want to live anymore?"

“Why are you in such a hurry? Are you jealous?”

Elena smiled and got up from Ryan’s arms. She then took the contract and went to the study upstairs. She placed the contract on Ryan’s table.

When she turned around, she was attracted by the jewelry box on the table.

Elena curiously picked up the box and opened the box. What came in her eyes was a beautiful necklace.

Looking at the necklace, Elena was stunned on the spot. “Why is this necklace here?”

Ryan, who had just walked in, happened to see it. He panicked and quickly said, “This necklace... Actually... That...”

When Ryan faced Elena’s gaze, he actually felt that he could not speak at all.
