Bride of the Mysterious CEO

Chapter 29

Chapter 29 Accident

At this moment, on the top floor of the building across the mall, a man was looking down at them.

When the man behind him saw him, he immediately knelt down. "Lord, they entered that shopping mall again."

"I know." The man standing had his eyes fixed on the department store opposite to him and his eyes were filled with greed.

"It has been a few years. I did not expect Ryan to have married. It was beyond my expectation. I thought he could not have sex with a woman and could not get married."

At this point, the man who was standing threw the cup in his hand onto the coffee table. The cup exploded instantly, as if it had been penetrated by a bullet.

The people behind heard the sound and were shocked.

"Get out of here." The man shouted angrily and all the subordinates behind him ran out in a hurry.

After Elena and Mrs. Baker finished buying the things, they returned to the villa and started to arrange everything in the house. Elena saw that the room was finished and took a picture of it with her phone.

Elena sent the photo to Ryan and then added, "This room is almost ready. Only our photo is missing."

However, she had waited for a long time and had not seen Ryan reply. She guessed that because of the time difference, Ryan was still sleeping.

Ryan was in a meeting when his phone suddenly rang. Everyone looked at Ryan. He picked up his phone and looked at the picture, but did not say anything.

Just as Ryan was about to continue his explanation, his phone rang again. Everyone in the meeting room started to worry. After all, no one dared to disturb Ryan during the meeting. They guessed that the person who sent him the message would be very miserable.

Only Xavier remained calm as he looked at the projector in front of him and started to analyze the pros and cons of this business.

Ryan did not reply Elena's message. He coughed lightly and continued to assign tasks.

After the meeting ended, Ryan sat in a wheelchair and went to his exclusive room.

Xavier looked at Ryan. "Was it from Madam? Do you want to call her?"

"No need." Ryan put his phone back into his pocket. Just as Xavier was about to push Ryan away, his phone rang again. Two words appeared on the screen.

'Good Night'

Ryan did not refuse again. Instead, he dialed the video number.

Elena was very surprised when she received Ryan's video invitation. "I thought you were asleep. I was afraid I would disturb you."

"I was in a meeting just now, so I didn't reply to your message. You arranged the room well. If you want a photo of us, we can take it after I go back."

They really didn't have a photo taken in the real sense. Even the marriage poster was photo shopped.

"Alright, then you have to be careful when you're outside." Elena reminded him kindly.

It was just a simple greeting. But after Elena said this sentence, Ryan felt very happy.

"Ryan, the plan over there has been started." Jackson ran in with the things in his hands. He saw Ryan sitting in a wheelchair in a daze. He could not help looking at Xavier curiously.

"What happened to Ryan?" Jackson dared to swear. He had been with Ryan for so many years, but he had never seen him like this.

Xavier pointed at his head, then shrugged and said nothing.

Jackson came to Ryan's side. "Ryan, are you listening to me or not?"

Ryan reacted and asked, "What do you want?"

"The plan over there has been initiated. We are now waiting for your orders. Are you going to kill or keep those people?" Jackson reminded.

“Let them carry on with the plan. We cannot let our guard down. Once they reveal any clues, I will make them pay a hundred times the price.” Ryan’s tone was somewhat cold and hard.

Jackson nodded, indicating that he understood.

“Second Young Master, Mrs. Baker called just now.” Xavier said.

“Is there something wrong with her?” Ryan held the information in his hand and started to flip through it.

“Today, when Mrs. Baker and Madam went shopping, an out-of-control car flew towards Madam. A man saved Madam at the last moment!”

Ryan was very anxious after hearing that. He directly wanted to stand up from the wheelchair. “Have you found out the cause of the matter?”

“Mrs. Baker said it was indeed a little strange. That car did not hit anyone else, but it flew towards her and Madam. It could be seen that someone did it on purpose.” Xavier conveyed the message.

Chapter 30 Uninvited Guest

“We can’t stop observing the situation in Hai city.” He had said that he would protect Elena well and definitely not let her suffer any harm.

He had only left for two days and she had already been threatened like this. Now that Xavier wasn’t in Hai City, he didn’t know much about the situation there.

“Second Master, if they want to use the young madam to threaten you, the young madam must be in a very dangerous situation right now.”

Although Elena had just married to Ryan not long ago, many people already knew that Elena was Ryan’s wife. Although they were married through arranged marriage, it was also the face of the two families.

If someone kidnapped Elena, they would definitely threaten Ryan.

“Where is Black Wolf?” Ryan asked.

“You sent Black Wolf to Syria to investigate the situation. He won’t be able to come back for a short period of time.” Xavier roughly understood what Ryan wanted to do.

“Then let the White Tiger come over. Let him back from Huaxia and go to Hai city to protect Elena. Remember to investigate in secret. Do not give him away.”

Roman was very careful. If he found out that Ryan did not go to the branch company, he would definitely investigate thoroughly. At that time, it would be very unfavorable to Ryan.

“Yes.” Xavier turned around and left, continuing to give orders.

Ryan frowned. After spending some time with Elena, he had a rough understanding of her. She was very simple. Ryan would not allow anyone to bully her.

On the other side, Elena was woken up by the sunlight early in the morning the next day. She stretched her body and sat on the balcony to enjoy the baptism of the sunlight.

Then she heard the sound of knocking on the door.

Elena rarely wanted to rest for a day and when she opened the door and saw Mrs. Baker, she could not help but ask curiously, “Mrs. Baker, what is it?”

“Madam, Eldest Young Master is here. You should come down and meet him.” Mrs. Baker’s expression did not look good. She knew that Eldest Young Master and Second Young Master had always been at odds.

The young master must have had bad intentions by coming here when Second Young Master was not home.

What did he come here for?

Mrs. Baker did not know what Elena was thinking and could not help but remind, “Madam.”

“You can go down first. I will go and change my cloths.”

Elena went downstairs and saw Roman sitting on the sofa and openly eating the fruits on the table.

Elena frowned. Although she was impatient, she forced a smile. “Big Brother, why didn’t you tell us beforehand when you came over? We would have prepared.” Elena walked in front of Roman and sat down.

Roman raised his head and looked at Elena.

Compared to Amara, she was much prettier. Such a pure appearance was rare in the world.

Elena was somewhat unnatural from being stared at by him. She combed her hair. "Big Brother, why are you staring at me like this? Is there something dirty on my face?"

Roman reacted and immediately revealed an awkward smile. "Did you rest well last night?"

"Big brother, why are you here?" Elena did not want to beat around the bush with Roman.

"Since you are asking me directly, then I will not hide it anymore. Do you know why my brother went to a foreign company?"

Roman leaned against the sofa. He looked like a playboy.

"Of course he is going to deal with official business. But I do not know about the company and do not want to know. I do not want to interfere in his business."

Elena could vaguely feel that Roman seemed to be trying to sow discord.

"I didn't expect you to be so tolerant. Don't you want to know who my brother met overseas, or what he's doing now?"

"Big Brother, I believe I have made it very clear just now. Does it mean that Ryan has to report to me every time he does anything in the future? We are husband and wife. What he wants to do is his freedom. I don't need to keep restricting him."

Elena did not care about Roman's painstaking persuasion.

Roman frowned. He did not expect Elena to be so stubborn.
