Bride of the Mysterious CEO

Chapter 46

Chapter 46 Inexplicably Uncomfortable

“I think you have misunderstood. I have nothing to do with Mr. Hall. I hope you don’t spread rumors here.” This woman was clearly deliberately looking for trouble. Elena did not want to bother with her at all.

Seeing Elena looking down on her like this, Elsa became even angrier and suddenly pulled Elena’s cloths. “What, you don’t dare to admit it? Let me tell you, Jackson is the Second Young Master of Hall family. He can’t be with you.”

Elena frowned. Was this woman delusional?

Elena broke free from Elsa’s grip and lifted her finger to point at the woman in front of her. “Elsa, let me tell you, the last few times I did not want to cause trouble so I did not bother with you. But I did not expect you to go too far. There is a limit to human tolerance. If you continue to slander me, I will not let you off.”

Perhaps Elena’s voice was too cold but Elsa was actually somewhat frightened.

Elena pushed Elsa away and walked into her office. Elena’s office and Ryan’s office were only separated by a glass window.

“This ... This woman actually dared to treat me like this.” Elsa was very angry and her voice was trembling as she spoke.

Nova saw the situation and quickly went up to persuade, “Older sister Elsa, don’t be calculative with this woman. Master Hall will not take a fancy to her. You are the supervisor here and it will easy to chase her away.”

“What can I do? Now that Ryan had returned, no matter how wrong that wretched girl was, she would still be working for Ryan. If she really reported to Ryan, it would not end well for us.”

Although Elsa followed Roman’s instructions, she knew that Ryan was Second Young Master of Monor family. She didn’t have the courage to provoke Ryan.

Nova gave a strange smile and whispered a few words in Elsa’s ear.

Elsa praised, “Your method is still the best. I don’t believe that there is no chance.”

As she spoke, Elsa and Nova returned to their jobs.

Elena was still focusing on the information from before and did not even notice that the door of her office was opened. It was only when Roman coughed that Elena reacted.

Elena stood up in a panic, "Director Monor."

"Yes." Roman replied.

"Are you looking for Ryan? He is inside. I will inform him."

Elena was about to walk into Ryan's office when Roman stopped her. "I am looking for you. I heard that you had a fever the night before yesterday. Is that true?"

Elena smiled. "It's no longer a big problem. Thank you for your concern, Director." Her tone was distant.

Seeing Elena like this, Roman suddenly felt a trace of irritation in his heart.

Roman suppressed his emotions and looked at Elena. "Since there is nothing wrong, then I am relieved. If something happens, I really can't explain to my brother. When there's no one else, you could call me Big Brother but you said Director Monor. It seems like you have made our relationship far apart."

"The company has its rules. It's better to follow the company's rules and regulations in the company." Elena took a step back and kept a distance from Roman. She did not want to have any more gossip with this man.

Ryan, who was working inside, saw Roman and Elena chatting for a long time outside. He sat in a wheelchair and walked out.

"Brother, since you actually have time to come and inspect my work. Why don't you come into my office?"

Ryan looked at Elena meaningfully, then looked at Roman.

"I heard that sister-in-law had a high fever and didn't have time to visit the hospital. So I came over to take a look. But seeing that sister-in-law is fine now, I feel relieved."

Roman turned to look at Ryan. "Recently, the work you handled overseas is very good. I will tell father that this is your credit."

"Of course. It is all because of me. Does big brother want to keep it all to himself?" Ryan said coldly.

Roman frowned and looked a little unhappy. "Ryan, I am your big brother. You better be polite to me when you speak."

Ryan, on the other hand, was enjoying it. "It's precisely because you are my big brother that I speak to you like this. If it was an ordinary person, do you think I would say so much to him?"

Elena, who was standing by the side, did not have any intention of interrupting. This was a matter between brothers and she was not in a position to interfere.

Roman held back his anger. "Since there is nothing else, I will leave first. Ryan, the company wants to talk about a big project during this period of time. I hope you can do this plan well."

"You don't need to trouble me with this matter. Big brother just needs to find some powerful people." After saying that, Ryan returned to his office.

Roman, on the other hand, knew that it was boring and left.

Elena was about to sit down and continue with her work when Ryan unexpectedly walked out again. "Come in. I have something to say to you."

Elena was a little puzzled. She put down the work in her hand and went to Ryan's office.

"Is something the matter?"

"What did he say to you?" Ryan felt a little sour when he thought about the way this woman and Ryan chatted.

Elena understood when she heard this. She smiled faintly. "Big brother just asked me about the fever that night. He did not ask about anything else."

"I didn't think that my big brother would care about you." Ryan narrowed his eyes and looked at Elena with dissatisfaction.

"I didn't feel it." Elena did not want to talk about this topic anymore.

"It's fine. Let's go out." This woman denied it verbally, so Ryan did not want to continue asking. Furthermore, nothing too much had happened between the two of them outside. Even if he was angry, he could not find a reason to do so.

Elena went out and looked at the time. She was about to go to the washroom.

When Nova and Elsa saw Elena leave for the washroom, they also quietly followed.

In the washroom, Elena was just about to push open the door and go out when Nova and Elsa, who were outside, actually lifted a bucket of water and poured it on Elena.

"Ah!" Elena shouted loudly and the bucket of water was completely poured onto Elena's body.

Elena wanted to go out to check but found that the door was locked.

"Who is outside? Hurry up and let me out. Don't make this kind of silly joke again." Elena shouted loudly but Nova and Elsa were laughing loudly outside.

"Hahahaha, Elena, you deserved it. This is the consequence of offending the two of us." Nova laughed loudly as she spoke, as if she was watching a joke.

"Elena, I advise you to quickly cut off contact with Jackson. Otherwise, I am not sure what else I will do." Elsa threatened.

Elena did not expect that these two women's vengeful heart would be so strong. She was immediately angered and lifted her leg to kick open the toilet door. The two women were still laughing.

When they saw Elena come out, Elsa and Nova smiles stopped and their faces turned pale with fright. "You ... You ... Why did you come out?"

The corner of Elena's mouth rose slightly, forming a perfect arc.

"Humph, of course I am returning the favor with my own way." As she spoke, before the two of them could react, Elena quickly grabbed Nova's hair and pushed into the bathroom. She then locked the toilet door at lightning speed.

Elsa was shocked by Elena's actions, "Elena, this is the company. You, you better not mess around."

Elsa was so scared that she started to step back, but because they wanted to tease Elena just now, they had already locked the bathroom door. Now that Elsa wanted to escape, she was unable to open it for a moment.

“What is it? Now you know fear? When you locked me just now, why didn’t you know fear?” Elena approached step by step and Elsa accidentally fell to the ground.

Nova, who was inside, heard the sound of felling but there was no response.

Elena went forward and slapped Elsa’s face.

When the slap landed, Elsa felt a burning pain on her face and instantly shouted, “Elena, you actually dare to hit me ...”

“What? Could it be that you think that I am just eating dry rice?”

Elena stood up. Her entire body was drenched with water and her cloths were already wet. She did not have mood to play with them here anymore.

Elena looked down at Elsa. “I’m warning you, if there is a next time, don’t blame me for being rude to you. Today, I just taught you a lesson.”

After saying that, Elena opened the door of the toilet and walked out. Those colleagues looked at Elena, who was completely drenched, and discussed animatedly by the side. Elena glared at them coldly and they immediately kept quiet.

Not long after, Nova and Elsa supported each other as they walked out. This was the first time that the other colleagues saw these two women in such a sorry state.

Chapter 48 The Leader

After Elena returned to her office, she used a tissue to wipe her face and hair, but there was a smell coming from her body.

“Damn it, it looks like I have to change my cloths.” Elena took out her phone and planned to call Mrs. Baker.

Unexpectedly, Ryan walked out of the office and saw Elena in such a sorry state. He frowned and asked, “What happened?”

“It’s fine.” Elena did not want to give Ryan any trouble.

“Those people bullied you.” Ryan said with certainty.

"It doesn't matter. I have already dealt with them. But I have to go back and change my cloths." Elena said as she wiped her cloths. The water on her body had dirtied the floor.

"Ask Mrs. Baker to bring it to you." He took out his phone and called Mrs. Baker. After that, he held Elena's hand and was about to leave.

When they reached the door, Elena broke free of Ryan's hand. "There are a lot of people outside."

A trace of displeasure appeared in Ryan's eyes. "What? Do you think I am embarrassing you?"

"..."

Elena blushed with shame. How could she not hold his hand? It was clearly because she did not want to cause unnecessary trouble for this man.

"You think too much." Elena said as she wiped off the dirty water on her face once again.

Ryan saw this and took the handkerchief from his shirt and put it in Elena's hands.

After the two of them walked out, the people who were working looked up at them. A male colleague said to the person beside him. "There will be a good show this time. No matter what, this Elena is Ryan's personal secretary. Isn't bullying her just slapping Ryan's face?"

"That's right. Nova and Elsa are probably going to be in trouble this time."

The crowd discussed animatedly. Nova and Elsa, on the other hand, hid at the side and did not dare to make a sound.

Although Roman was the CEO of the company, they did not have the courage to make Ryan their enemy.

Ryan looked coldly at Nova and Elsa who were hiding in the corner. Both of them immediately shivered.

"What? You dare not to accept it?" Ryan said coldly.

Nova looked at Elena and felt some resentment in her heart. Immediately, the evil person complained first, "Mr. Monor, you don't know. Just now in the bathroom, Elena locked both of us in and didn't let us out. We only fought back because we were angry. This is all Elena's fault."

"That's right. General Manager, you can't wrongly accuse us."

Preemptive attack might be able to suppress Elena's spirit. Don't think that you can do whatever you want just because you have Ryan's support.

"Huh, is that so?" Seeing their unrepentant look, Ryan became even angrier.

"General Manager ..."

"Shut up and apologize to her."

According to Ryan's knowledge, these two women relied on Roman's backing to bully the newbies.

It was fine for him to turn a blind eye to their harmless behavior before. But today, these two women actually dared to bully his woman. They did not want to live anymore.

"General Manager, it was clearly her who bullied us first. Look at how my face has been slapped by her." Elsa was still in a daze and did not regret it.

"It seems that I did not have the strength to speak in this company anymore. How about this, ask your CEO to come down and see how he deals with this matter." Ryan spoke slowly.

Hearing Ryan say this, Elsa and Nova became more confident.

If this matter was really handed over to Ryan, they really would not get any benefits. But if it was Roman, perhaps they could still luckily escape.

Nova and Elsa didn't speak anymore and waited proudly for Roman to come down.

In less than five minutes, Roman walked down.

He saw Elena's wet body and frowned. He also saw Ryan sitting in a wheelchair with an ugly expression. Nova and Elsa in front of them were not any better.

"What happened?" Roman's face suddenly became gloomy.
