Chapter 51  
Chapter 51 Showing Affection

The four of them sat at the table without saying a word.

Elena had been helping Ryan set up the tableware by the side. She was very virtuous.

On the other hand, Amara still had a look of disdain, "Elena, you are the second young lady of our Lewis family. How can you do such a thing like serve people?"

Hearing Amara say this, the three of them were dissatisfied. Even Roman had been paying attention to his words and actions outside. After all, people's words were fearful. It was indeed a big mistake for Amara to say such words today.

Elena put all the bowls and chopsticks in her hands to the side and looked up at Amara.

"Isn't it natural for me to take care of my husband or do you look down on Ryan, the Second Young Master Monor's identity?"

"You!" Amara angrily slammed the table and stood up. She really did not think that Elena would dare to speak to her like this.

In the past, Elena had always been timid. Today, she only dared to speak to her in such a cold manner because Ryan was by her side.

"Hahahaha." Seeing Amara's angry look, Ryan laughed out loud.

"What are you laughing at?" Amara frowned.

Ryan did not respond to Amara but looked at Roman. "Big brother, everyone says Amara is your fiancée. I did not expect that your taste is getting worse and worse. You actually took a fancy to such a woman."

"It's just a rumor."

As soon as Roman finished speaking, Amara immediately looked at Roman in disbelief.

What did this man mean? He had previously said that he would marry her, but why did he go back on his word in front of Ryan today?

"Roman?" Amara asked doubtfully.

“Let’s eat. I ordered your favorite salmon.” Roman did not continue this topic.

Marriage with the Lewis family was the best choice. Right now, the entire Lewis family was controlled by Mason. The family property would surely fall into Amara’s hands.

However, he didn’t know why he denied it.

In order to not make Amara worry, he could only change the topic.

Amara originally wanted to ask what Roman meant. But seeing that he still treated her gently, she dispelled her original concerns.

Ryan lowered his head and sneered.

Idiot!

Elena looked at the man beside her. “Are you cold? Should I get you a blanket?”

Elena knew that Ryan’s legs did not feel anything. That was why he could not do many things by himself. As his wife, she had to think about everything for him.

“No need. Let’s eat.”

The waiters had already served most of the dishes.

Elena was the first to start eating. She picked up the food and placed it in Ryan’s bowl.

“I have been to this restaurant before to eat. The taste is really good. You should try it too.”

The two of them exchanged words, but the few simple words revealed a deep warmth.

Amara could not help but feel jealous in her heart. She looked at Roman who was beside her. “Roman, can you add a serving of cooking for me?”

Roman had been stimulated by the scene in front of him. He did not expect Amara to bump into him at this critical moment.

“The things are right in front of you. Help yourself.”

Amara could only put her favorite food in the bowl awkwardly. When she saw Elena and Ryan looking after each other, her heart was filled with resentment.

Elena and Ryan could see that they were in a bad mood. After eating, they left first.

Amara usually liked eating salmon slices but today she felt that the food was tasteless.

During this period of time, she felt that Roman did not care about her as much as before. Could it be that Roman had changed his mind?

If that was really the case then wouldn't there be no chance of a marriage alliance with Monor family?

Thinking of this, Amara suddenly exerted her strength. The chopsticks in her hand fell to the ground. Roman immediately raised his head, feeling displeased in his heart. "What's going on? Why did the chopsticks fall off after eating?"

Amara immediately came back to her senses and her face revealed a trace of embarrassment but she forcefully suppressed her emotions and said, "I still have things to do before I leave."

"Where are you going?" Roman asked.

"It has nothing to do with you, right?" Amara was not a fool. If she continues to chase under such circumstances, it would definitely make this man think that she was cheap.

Amara wanted to let him know that in the entire Hai City, only she, Amara, was worthy of him.

Chapter 52 Don't Cause More Trouble

After Amara left, Roman could not help but feel angry. He swept all the things on the table to the ground. "How dare you throw your face in front of me? You don't know what's good for you."

After calming down, Roman sat on the chair and thought. If I lose the support of Lewis family, I'm afraid I won't be able to find a second family that can help me in a short period of time.

Roman suppressed the anger in his heart and called his secretary. "Prepare a bouquet of roses and a delicate gift for me. Send it to my office later."

"Yes." The other party replied.

Amara returned to home and angrily throw her bag onto the sofa.

Jonathan and Adeline were originally sitting on the sofa drinking afternoon tea. Seeing their daughter so angry, they went up and asked, "What's wrong? Who provoked our precious daughter?"

"It's still that damned Elena. If it wasn't for her, why would Roman be so cold to me today?"

No matter what, Elena was married to the Monor family, and Ryan and Roman were brothers. It was inevitable that some rumors would spread to Roman's ears, causing him to feel estranged.

Jonathan frowned, "What's going on?"

Although he did not like Elena, he more or less understood her character. She should avoid unnecessary troubles. Moreover, her mother was still unconscious in the hospital. How could she dare to offend the Lewis family so rashly?

"Do you think she is still the same Elena who was at the mercy of others in the past? She is now married to Ryan Monor. Relying on the support of the Monor family, she doesn't put me in her eyes at all."

After that, she sat beside Jonathan and said with dissatisfaction. "Dad, you have to make the decision for your daughter. You have to call her back and teach her a good lesson!"

Jonathan frowned. He knew there was a barrier between his daughter and Elena, but he did not expect Elena to do such a thing.

Before Jonathan could say anything, Adeline flew into a rage, "What did you say? She actually dares to look down on you."

"Yes, Mom. You must make the decision for me. In a while, you will call her back and confront her face to face. Look at her. Did she mock me on purpose today?"

Did that woman really think she was some Phoenix? It was nothing more than a pheasant that had taken off its fur.

"Don't cause any more trouble here. Do you think she is still a member of our Lewis family? If you teach Elena a lesson, it will only make the Monor family and the Lewis family become enemies. It is not worth it do this for the sake of a little Elena."

Jonathan attached more importance to the Lewis family and the Monor family's interests.

Amara, however, did not give up. "Dad, you can't just watch me get bullied, can you? You didn't see Roman's attitude towards me. It must be because of Elena. You have to make the decision for me."

"Jonathan, are you Elena's father or Amara's father? She even dared to look down on Amara now. What would happen in future? Don't forget how she married into the Monor family."

"Since you have said that, don't forget that it was because Amara didn't want to marry Ryan that she let Elena marry him on behalf of her. If we continue to investigate this matter, it will only cause estrangement between the Monor family and Lewis family."

After saying that, Jonathan fell into a deep thought. This matter was indeed very troublesome. If he started with Elena, he was afraid that they would find out the truth about Elena marrying Ryan on Amara's behalf. If he started with Ryan, they currently didn't have the ability to do so.

Chapter 53 Roman Apologized

"Are you afraid of Ryan?"

Adeline saw Jonathan's hesitant look and was very dissatisfied. As a father, shouldn't he stand up for his daughter?

"What do you know about the benevolence of a woman? Although Ryan doesn't have any real power right now, five years ago, he was the CEO of Monor's Group. Do you really think that his current situation is irresistible?"

All these years, Ryan had laid down his own power and position in the company, which was unshakable.

"You shouldn't have watched your own daughter being bullied like this. If you don't stand up for her, I will personally ask Elena what is going on."

"Can you stop causing trouble for me? The problem now is why Roman suddenly neglected our daughter."

"What time is it now? Why are you still concerned about the interests of these two families? Is our daughter more important or is the interests more important?"

Adeline was very dissatisfied. Back then, she was with this man because of a marriage alliance. She did not want her daughter to follow her own path.

“Your daughter’s happiness is based on the benefits of our Lewis family. If she doesn’t have anything, based on her looks, which family can she stand firmly in?”

After Jonathan finished speaking, he angrily shook his hand away. In the next second, the door rang. The butler went to open the door, but he didn’t expect it to be Roman.

“Old master and madam, the young master of Monor family is here.”

The few of them were still troubled by this matter, but they didn’t expect that Roman would come in this time.

“Quickly invite him in.”

Seeing Roman holding roses and a gift box, Amara knew what was going on.

“Nephew, you haven’t visited our house recently. Is it because you are too busy?” After Jonathan finished speaking, he gave Amara another look.

Amara did not intend to pay attention to Roman. When Roman saw Amara like this, he frowned again.

But he immediately suppressed his emotions and walked to Amara’s side. “I know it was my fault today. Don’t be angry with me. Didn’t I come specially to apologize to you?”

“You even know that you made me angry. Who does that Elena think she is? How can you make me sad because of her?” Amara was extremely dissatisfied.

“Elena married my brother. Even if I don’t care about Elena, I still have to care about my brother’s face.”

Even though Roman didn’t like Ryan anymore, he knew that Ryan had a lot of secrets about the Monor family. If he got rid of Ryan, Monor Group would suffer a great loss.

He could only slowly exploit Ryan’s power.

“It seems like everything is a misunderstanding. Amara, don’t be so petty anymore. You have to take the bigger picture into consideration.” Although Jonathan felt sorry for his daughter, the interests at hand were still the most important.

Roman smiled and handed the bouquet of roses to Amara. “Alright, Amara, don’t be angry with me anymore. I won’t bother with her in the future.”

“Really?” Amara looked at Roman in disbelief.

“If I didn’t care about my brother’s face, why would I care about Elena?” Roman knew that he had to calm Amara’s emotions first.

Although Monor family seemed to have a lot of glory on the surface, there were many hidden dangers. Therefore, they needed to find a family that could fill in the loopholes. In the entire Hai City, only the Lewis family could do it.

Chapter 54 I Am Your Husband

Amara heard what Roman said and smiled. She threw herself into the man’s arms. “I knew you cared about me.”

“Alright, you guys have settled things now. Stop quarreling. Roman, it’s not your uncle who said that. It’s better to be careful about these things in the future. If people with ulterior motives see this, it will inevitably affect the interests of our two families.”

“Uncle is right. Such a thing will never happen again in the future.”

Roman then walked back to Amara’s side. “Amara, my parents told me to take you home for dinner tonight. I don’t know if you have time to come back with me.”

“I...”

“How could she not have time? Go quickly.”

Without waiting for Amara to speak, Jonathan opened his mouth and made a decision for Amara.

Seeing Jonathan’s attitude, Roman understood. He knew that Lewis family was facing some economic crisis recently, so they would definitely hold onto the Monor family tightly.

“Sorry to bother you then.” A shy smile appeared on Amara’s face.

Therefore, Roman brought Amara back to the Monor family’s old residence.

Just as Amara left, Adeline called Elena, “Elena, I have something to talk to you about. You should come home now.”

Elena was at work and forcefully held back the unhappiness in her heart, "I am currently at work and do not have time. Let's meet another day."

"Elena, don't forget that your mother's life is still in my hands. If you don't come back... Hmph, you know the consequences." Adeline threatened.

"Adeline Lewis, you are still so shameless. If you dare to threaten me again, I will kill you first." Elena roared angrily.

"Then let's see which one of us is faster."

When Jonathan heard Adeline's words, a trace of dissatisfaction appeared on his face. "I already told you not to find trouble with Elena again."

"So what? She bullied our daughter. As an aunt, shouldn't I teach her a lesson?"

Elena hung up the phone and smashed the phone to the ground. Ryan, who was still working inside, heard the sound and walked out in a wheelchair.

"What's wrong?" Ryan asked gently.

"Nothing." Elena did not want Ryan to know about this. He was already busy with so much.

Ryan walked to Elena's side and picked up the phone and put it back on the table. "Don't forget that I am your husband."

"Adeline asked me to go back to the Lewis family and said she wanted to find me for something, but I don't want to go back. She threatened me with my mother's life." Elena frowned.

Such a thing was not a problem in Ryan's eyes. "Don't worry. I will go back with you."

"But..." Elena hesitated. She still had to trouble Ryan with such a small matter. How could she be independent in the future?

"Have you forgotten what I told you before? Don't forget that Jonathan and Adeline are not the only ones in Lewis family." Ryan reminded.

Elena seemed to understand what he meant when she heard his words.

"You mean you want grandpa to go home too?"

"Right now, the Lewis family is still under Mason Lewis's control. How can Jonathan and Adeline cross Mason and attack you directly?"

When Elena heard this, her originally sad expression immediately became calm, "In that case, I will call grandpa and tell him that I will go back tonight."

When the two of them arrived at the villa of Lewis family, the housekeeper saw that it was Ryan and Elena, so he did not dare to be neglectful and directly opened the door.

Chapter 55 Grandpa's Dignity

When Adeline saw Ryan and Elena return together, she immediately became unhappy.

"Elena, do you think that our family will bully you when you come back? You actually brought Ryan back with you." Adeline's tone was very harsh. Looking at Ryan and his crippled legs, her face was filled with impatience.

Elena did not pay attention to this woman and pushed Ryan to side of the sofa. She picked up the apple on the table and started to peel it.

"Elena, did you not hear what I said to you? This is the attitude you have when you talk to your elders?"

"Auntie is wrong. I haven't spoken anything to you just now. Why would I have a bad attitude?"

Elena did not continue to endure and contradicted Adeline. She did not want to be threatened by this person anymore.

"You!" As she spoke, Adeline stepped forward and raised her arm to hit her.

Suddenly, Ryan snatched the fruit knife from Elena's hand with lightning speed and stabbed it into the table made to red Nanmu wood.

Adeline was shocked by his actions and froze on the spot. "What? What do you want?"

"I want to see what you want to do to Elena." Ryan looked at Adeline with a threatening gaze.

Adeline was so scared by Ryan that her face turned pale.

"What are you guys doing?" Mason, who had rushed back after work, scolded when he saw the scene.

A trace of panic flashed across Adeline's face. She walked in front of Adeline and complained first, "Dad, you must help me make the decision. This Elena does not take me seriously at all. And Ryan, he used our family's fruit knife to kill me. Is this what the Monor family taught him?"

"Elena, Ryan and the others are not people who cause trouble. You must have provoked them first. That's why they are like this."

Mason frowned. If it wasn't for the benefits, he wouldn't have allowed this woman to marry into the Lewis family.

"Dad..."

"Go back to your room."

Adeline angrily left the living room.

"Did you call me today to ask me to come back for this matter?" Mason looked at Elena who was at the side.

Elena shook her head and walked to Mason's side. "Grandfather, you misunderstood me. I originally wanted to come and see you today, but I didn't expect Auntie to come and denounce you when I came in."

Mason looked at Ryan, who was eating fruits with a smile on his face. "Is what she said true?"

"Yes, but let me remind you that your daughter-in-law is not someone to be trifled with."

Ryan gave a fake smile, as if he really wanted to give Mason a reminder.

"Thank you for the reminder." Mason had his own conclusion in his heart.

"Mr. Lewis, as far as I know, today's matter was because your eldest granddaughter suffered some grievances at my brother's place, and your daughter-in-law blamed all the mistakes on my wife. Isn't it a bit too much?"

Ryan used his brain to think and also knew why Adeline would do this today.

"What do you mean?" Mason looked confused.

Ryan sneered. "I believe I have made my point clear."

"Elena, come here." Mason was calm for a while and looked at Elena. He had to solve this matter in front of Ryan.

Elena had suffered a lot of grievances in the past few years, but as the patriarch of Lewis family, he had to take care of the big picture.
