Chapter 69 Don't Play With Fire

"I am interested in your plan." Ryan leaned on the wheelchair with a faint smile on his face.

Elena slowly approached the man and gently caressed his cheek. "Do you really want to know?"

Ryan's face turned red. He raised his hand and grabbed the woman's hand.

"Elena, don't play with fire."

"Pff... Hahaha, alright. Alright. I won't tease you anymore."

Elena then took out her phone and turned on the video player inside. In that video Amara following her friends to the shopping mall.

"What is this?" Ryan did not like shopping in the mall. So he naturally did not know about these things.

"It's nothing more than some ornaments that women like. Keep looking. It's very interesting." Amara, who was in the video, for some unknown reason, started to beat and scold the salesperson. She even arrogantly wanted the salesperson to kneel down and apologize to her.

The young ladies of the wealthy families were usually bright and beautiful outside and they were not allowed to make any mistake. Amara have been really angry that she would do such a thing in front of outside.

Coincidentally, Elena happened to pass by and quietly recorded this video.

Ryan nodded and asked again, "Amara is so favored. If you release this video with your hands, I'm afraid it will be suppressed by Lewis family in less than half an hour. This matter has no effect on Amara at all."

Elena put away her phone. "You are right. As long as I send it out myself, I'm afraid that this matter will be suppressed by the Lewis family in less than half an hour. Moreover, there will be a large number of water armies attacking me. But since I dare to record this video, there will definitely be a better way to play the best role."

“Oh? Tell me about it.”

“If I tell you everything so quickly, won't I lose the sense of mystery? Let's just wait and see a good show.”

“This video will at most make people think that Amara is a proud young lady. Other than this, there will not be any other influence.” Ryan thought very carefully about the problem. He was also afraid that Elena would not be able to stop.

Elena was not worried about the result of this matter. “This is just a show of strength. I also did not think that this video would have much an impact on Amara. No matter what, the Lewis family is a wealthy family. If this small video was able to defeat Amara, that Lewis family is really useless!”

“I didn't expect my wife to be so smart.” Ryan praised generously.

“Smart ones are still ahead of us.” Elena originally planned to go to sleep after saying that. She had been tired for the whole day and her whole body was very sore.

However, in the next second, Ryan pulled Elena into his arms and lowered his head to hold her red lips.

Elena was shocked. “You...”

“Do you only intend to light the fire and not extinguish it?”

Ryan looked at this woman. Elena also clearly felt that there was something hard under her body that hurt her.

“Your... Your legs...” Elena's face turned red. How did this man become more and more shameless?

Ryan, however, leaned on the woman's ear and said in a magnetic voice. “My legs are not good, but I have a waist.”

The next second, Ryan threw Elena onto the bed and climbed onto it himself.

Elena was shocked but the next second her lips were shilled by his lips and sucked it hard. Elena did not even have the time to think about what would happen next, before Ryan already skillfully undressed her.

Who said that he could not be a man? Those who said it should be beaten to death!

Under the dim bedside light, Elena's whole body was covered with sweat as if she just came out of shower. Ryan was also breathing heavily. Elena did not dare to look at his eyes.

Seeing Ryan didn't move for a long time, she moved slowly as she silently wanted to escape from his grip and run away.

However, just as she slightly moved she was once again captured by Ryan.

"Ahh... Ryan."

When Ryan heard her cry, he lowered his head and gently wiped away the sweat from her forehead. He slightly kissed her lips and said in very low but sexy voice.

"Good girl. Don't move. I'll be gentler."

It was already late in the morning the next day. Elena slowly opened her eyes.

Her whole body was aching as if it was crushed under a bulldozer. This damn man! I'll be gentler? Huh, one should never believe on a man's words, especially in the bed.

"You're awake?" Ryan was sitting in a wheelchair at the end of the bed looking at the woman. He handed the milk in his hand to Elena.

"You must be tired last night. Have a cup of milk to replenish your health."

"Ryan..."

"Don't you know that you should not call your man by his name in the morning? Otherwise, it will get out of hand."

Ryan raised his hand and caressed her smooth and delicate skin. Her whole body was filled with pink and purple marks. Of course these were his craftsmanship. And he was proud of that.

Elena was speechless.

"Alright, after drinking the milk, wash up and put on your clothes. Don't forget what you told me last night." Ryan reminded Elena.

Elena got out of bed to wash up, but she did not expect to fall on the carpet as soon as her feet touched the ground. She looked up at Ryan pitifully.

"My back hurts..."

Ryan held back his laughter and carried Elena on his body like he was carrying a child. He pushed her into the bathroom. After carefully washing her up, he carried Elena downstairs again.

Jackson and Isaac, who were playing in the living room downstairs, immediately covered their eyes when they saw the two of them walk down in such a posture.

“Oh my god, it’s over. I have needles in my eyes.”

“Ryan, can you two pay attention? The two of us are still here. You started to show off your affection early in the morning. Is this really good?”

Elena only remembered that there were outsiders in the house when she heard their voices. She instantly wanted to get off from Ryan’s lap and looked embarrassed. “Sorry, I didn’t think that the two of you were still here.”

But just as she got off, she again fell in Ryan’s arms. She looked painful.

“It’s fine. Don’t move. Just treat them as cabbages and carrots.”

Ryan glared at the two of them. His wife had her the first time last night. She still didn’t recover from the pain and these two monkeys were making noises in his house early in the morning. They didn’t want to live anymore, did they?

Jackson “...” Hello, everyone. I have become a cabbage.

Isaac “...” Hello, everyone. I have become a carrot.

Chapter 70 Working with the Magazine

“That... Ryan... The two of us will be leaving first as we still have things to do. The two of you can continue. If there is nothing, then don’t call us. If there is anything, then also don’t call us. We are very busy.”

After Isaac finished speaking, he immediately pulled Jackson, who was standing at the side and left.

The two of them were undoubtedly the lightbulbs of a thousand watts here. In order to avoid a war, it was better to leave as soon as possible.

Elena laughed out loud. “Hahaha, I didn’t think that the two of them would be so interesting. I’m afraid you won’t be so lonely with them by your side.”

“Now that I have you, I won’t be lonely anymore.”

Elena lowered her head slightly after hearing that. She thought that this man was a straight man made of steel, but she didn't expect him to be a master at flirting. Who knew if this man had said such words to other women before.

"I have never said such words to other girls. I have only said it to you."

Elena was stunned on the spot. Did he have mind reading skills?

"Madam, come over and eat something. This morning when Young Master woke up, he asked me to make chicken soup for you to nourish your body." Mrs. Baker saw that the two of them were still talking and quickly reminded them to come over and eat.

Elena saw the expression on Mrs. Baker's face that had seen through everything.

Ryan knew that this woman was thin-skinned so he did not continue to say anything. "I will go to the company to work first. If there is anything in the afternoon, just call me."

Elena nodded and did not say anything.

In the afternoon, Elena came to a magazine company and found their chief editor, Landon.

Landon's face revealed a formal smile.

"I don't know why Madam Monor is here?" Landon even poured a cup of tea for Elena as he spoke.

Elena did not pretend to be reserved and went straight to the point.

"Mr. Landon, I came this time because I have a video that needs to be handed to you. I believe you will be very interested in this matter."

Hearing this, Landon immediately became spirited. Their magazine's ultimate goal was to satisfy the masses gossip.

"Madam, if you have this matter, you can just call me. You even specially come over. I really have to trouble you." Landon naturally knew that the videos in Elena's hands belonged to a heavyweight that made Elena personally come over.

Perhaps there would be unexpected gains this time.

Elena took out her phone and opened the video player page and placed it in front of Landon. On it was the video of Amara making the saleswoman at the counter kneel down and apologize to her. After seeing it, Landon could not help but reveal a troubled expression.

“Mrs. Monor, this is the Young Miss of Lewis family. This... It might not be convenient for us. Furthermore, we do not dare to offend the Lewis family.”

Elena leaned on the chair and the corner of her mouth slightly rose.

“I think there is nothing that Mr. Landon would not dare to report in Hai City. After all, this kind of thing can make your magazine one of the top magazines. This is a profitable business.”

Elena could hear that they did not dare to offend Lewis family. The key was the word “some.”

“But you also know the strength of the Lewis family. After all, I can’t bear the consequences of this. You gave me this video. In the end, they are after the person who distributed this video.”

Landon was in a dilemma. After all, the people of the Lewis family were not be trifled with.

Elena stepped forward and looked at the man in front of her. “Does your magazine still lack spammers? The internet era would not be able to wipe out this matter so easily. All you need to do is to spread this video on the Internet.”

“You mean...”

“The various magazine agencies in Hai City will have their own water army to judge and cover up the truth of certain facts. So I believe that your magazine society will have even more powerful water army. When the time comes, even if they climb out, Lewis family will take care of their face and not cause trouble for your magazine. After all, this matter is ultimately Amara’s fault.”

Hearing Elena’s explanation, Landon suddenly came to realization and immediately revealed a smile that he had not seen for a long time. “Mrs. Monor’s brilliant move, I admire it.”

“I will first wish the magazine to become popular here.”

“I don’t know if you can continue to work with our magazine in the future.”

Elena smiled. She did not expect this Landon to be even more greedy than she had imagined. There was once when the Lewis family would not say much about this matter. If there was another time, they would definitely investigate thoroughly. At that time, the magazine would be in danger.

“Since Mr. Landon has already said so, if I have any bigger gossip news in the future, I will naturally vote for your magazine. We will have a pleasant cooperation.”
