Chapter 71 Shame on the Lewis Family

Elena handed the video and left the magazine office. She looked at the sunny weather and smiled.

“Amara, I have fought back after being oppressed by you for so long. I will return all the grievances I have suffered over the years to you one day.”

Elena returned to her villa. Today was a great day for her and she was especially happy.

She returned to her bedroom and looked at the bed. Suddenly the fragments of last night appeared in front of eyes and her face turned red. She turned around saw herself in the mirror. There were streams hickeys all over her neck to downwards. The pain between her legs was yet to be healed.

Elena never thought that one day this would also happen with her. She and Ryan actually would develop such an intimate relationship, it was out of her imagination.

Sometimes many things happens unexpectedly just like the relationship between her and Ryan.

In less than half an hour, this video was posted online by Landon. It was said that it came from Landon’s magazine, but it did not have a signature. Even if the people from Lewis family found out Landon, he could say that his account was stolen and use this matter to make the magazine famous and at the same time, they could safely take care of themselves.

One arrow to kill two birds at the same time.

Landon was a cunning man. He could not let his magazine be destroyed in the hands of the Lewis family.

“Pa!”

At this moment, a slap was heard from the living room of the Lewis family.

Mason looked at Amara angrily. “How could I have a grandchild like you? I thought you knew the big picture. Look at what you’ve done. Where will the face of the Lewis family be put?”

“Dad, since this has happened, don’t blame Amara anymore. It must be that salesperson who spoke rudely first that made our Amara angry.” Jonathan still stood from Amara’s perspective and spoke up for her.

“Grandfather, I had already suppressed this matter at that time. How could there be any videos? There must be someone who wanted to frame me. Grandpa, you must make the decision for me. You must not let Roman see this. Please, grandpa, you have to help me.” Amara did not expect that someone would want to post this video even if it meant offending the Lewis family.

“Framed? If you didn’t do such a thing, how could you let others take advantage of you? You can only blame yourself for this.”

He had told Amara not long ago to maintain the image of a good woman. It had only been a short period of time before such a video had appeared. Wasn’t this a direct slap to Mason’s face?

Mason sat on the sofa and panted heavily. “Are you still afraid that Roman will see you? Nowadays, such a video has already been forwarded on the Internet for tens of thousands of times. How could Roman not see it?”

“Grandpa...” Amara looked at Mason pitifully and did not know how to deal with this matter.

“You better apologize to Roman’s parents. You have to pretend to be virtuous and noble. Don’t let Roman’s parents think that you are also an arrogant and domineering woman.”

The marriage between Monor family and Lewis family was imminent. If something were to happen at this critical moment... He was afraid that it would make the people of the Monor family feel that the Lewis family wasn’t a good marriage partner. At that time, his plan would be finished.

Although Adeline usually protected her daughter very much, she couldn’t say anything about such a shameful matter. After all, what Mason cared about the most was reputation.

“Dad, I also feel that this matter is very strange. We must investigate who was behind the scenes and why didn’t they post the video after recording it? Why did they have to wait until this critical moment to post it? Isn’t it obvious that they want to tarnish Amara’s reputation?”

After Adeline finished speaking, Mason immediately fell into deep thought.

“You are saying that someone deliberately framed us.”

“That’s right, Dad. You should send someone to investigate what is going on. If what Amara said is true, she was framed by someone, we absolutely cannot let that person go. They actually dared to provoke our Lewis family. That person must pay the price.”

“We can’t find out. Don’t you know that although the poster was published by Landon’s magazine, it was anonymous? That person must be trying to take advantage of this.” Mason sighed. “This time, we can only suffer a loss. The only thing we need to do is to buy that video at a high price. If we keep this video, Amara’s reputation will be ruined.”

After Mason finished speaking, his eyes suddenly turned cold as he looked at Amara again. “I have already made you face the wall and think about it yesterday. I never thought that something like this would happen today. You are not allowed to go out for the next two days. Even if someone wants to ask you to go out, you have to bear with it. I want to see who else wants to frame you, if you don’t come out.”

“Grandpa, this matter has nothing to do with me. You shouldn’t blame me. If I continue to wait here for the result, what will happen to the date between Roman and me? If I don’t show myself, if Roman is remembered by others, then what should I do?”

“Amara is right. Our Lewis family must suppress this matter. Amara must also explain this to Roman and not let Monor family misunderstand.”

The Lewis family had suffered a huge loss in this matter. They had to minimize the impact of the accident. Or else, their planning would be in vain all once.

Mason thought for a while and sighed helplessly. “This is the only thing we can do now.”

Today, Lewis family had suffered a great loss. If he knew who was behind this, he would definitely tear that person into pieces.

Elena looked at the crazily forwarded videos on her phone and laughed.

“Amara, Amara, you are gone today. If you dare to provoke me in the future, I will definitely let you suffer a hundred times more pain than this.”

As she was thinking, Elena’s phone suddenly rang. Elena picked up the phone and a gentle smile hung on her face.

“Ryan, why did you call me at this time?”

“I have seen the news on the Internet. You are very smart. This will only make Lewis family suffer.”

Ryan’s tone was full of praise.

“Of course, If Amara dares to disrespect you in the future, I will make her feel a hundred time more painful than this.” Elena said complacently.

Ryan suddenly felt a trace of warmth in his heart. So she did all this for him.

These days, Amara had indeed been ridiculing and disrespecting him. She did not think that this would be the last straw that broke the camel’s back. It became the fuse that caused Elena to explode.

“Thank you.”

Ryan’s face was full of smiles. It had been a long time since he smiled after the car accident. After marrying Elena, Ryan found that there was suddenly a ray of sunlight in his dark world. This woman was the one who lit up his world and warmed his heart.

“You must come back early tonight. I will make something delicious for you.” Elena was in a very good mood today. She wanted to reward her and Ryan’s stomach.

After hanging up the phone, Elena turned on her phone again and found that the video had been removed.

It seemed like the Lewis family also made their move. It had only been half an hour and the video was removed. They underestimated the power of Lewis family.

It seemed like she had to keep a low profile during this period of time.

On the other hand, Amara had made her move.

Amara came to the place where two of them agreed to meet and looked at the man in front of her, who had an unhappy expression on his face. Amara immediately wrapped her arms around his waist. “Roman, you have already seen that video, right?”

“Amara, you need to know that you are a public figure. Your actions would be magnified infinitely. If you do not pay attention to your words and actions outside, it will affect you greatly.”

Roman’s words were very subtle. His words seemed to be reminding Amara that if such an incident happened again, Monor family would not want such a problematic daughter-in-law.

“Roman, I was wrong. I promise that such a thing will never happen again in future. I also don’t know why the video was leaked. I will definitely find out who it was that wanted to frame me.”

When Amara said this, a trace of malice appeared on her face. Roman happened to see this expression of hers and a trace of shock appeared on his face. Was this still the Amara he knew?

Seeing the shock on Roman’s face, Amara immediately softened her attitude. “Grandfather has already surpassed this matter. There will definitely not be any other side effects. I also promise that such a thing will never happen in the future again.”

“Since you have already said so, then I will believe you this time. You must pay attention to your own image. Don’t let other people take advantages of loopholes.”

Roman looked at the time and then turned to Amara, “I have some things to do in the company, so I won’t be here with you. You can go back first.”

“Roman, do you really plan on leaving me behind like this? Don’t you want...” Amara went forward and wrapped her arms around Roman’s neck.

Amara took the initiative to throw herself in Roman’s arms but Roman pushed her away.

“I have reminded you before that if the two of us not married, we will not do such a thing.”

Roman hated trouble most. He had no interest in this kind of thing. If the two of them could get married in future, it would not be too late for them to do this.

It was not difficult for Roman to guess what Amara was thinking in her heart, but he did not want to fulfill this woman’s wish.

Amara had long known that this man was clean and self-righteous, but she had her own plans. If she was really pregnant, she would definitely marry into Monor Family.

Therefore, Amara always wanted to have a chance to be alone with this man, but every time she would be rejected by Roman.

“Roman, are you still blaming me?” Amara’s face revealed a trace of grievance.

Seeing Amara like this, Roman could not beat it anymore. “I know what you are thinking in your heart. This matter will not affect us, you can go back in peace.”

“But your parents...”

“I will explain this to my parents. They are not unreasonable people.”

“Roman, I really have to thank you very much. Otherwise, I really don’t know how to face your parents.” After finished speaking Amara once again threw herself at Roman and gave him a big hug.

Roman frowned. He did not know why but he felt some rejection towards this woman’s hug.

“I will leave first. I will not be good if those people take pictures of us being alone here. You have not married me, I am also thinking about your reputation.”

After saying that, Roman turned around and left without looking back. Although Amara knew this man was good to her, she was afraid that she wouldn’t be able to control this man’s heart if she did not keep him in her hands.

Amara’s brows tightly knitted together. She must think of a way to solve this problem.

Thinking of this, Amara suddenly thought of something. Last time she heard her friend Linda say that her brother was going to hold a wedding at the beginning of June. At that time, all the reputable people would go to Wright family to congratulate him.

She might be able to use this wedding to create an opportunity for herself and Roman.

When she returned home, Amara picked up her phone and dialed Linda’s number. Linda was talking to her brother Henry when she picked up Amara’s call. “What’s wrong? Is there something you need from me?”

Amara immediately smiled when she heard the chaotic voice. “You don’t have time to go shopping with me during this period of time. What are you busy with?”

“It’s about my brother’s wedding. They had already contracted the best hotel in Hai City. But my brother is still not satisfied. He just had to give my sister-in-law a grand wedding. I really don’t know what’s so good about that woman.”

Linda’s tone was extremely dissatisfied because the woman who married her brother was just a very ordinary person. Other than her appearance being a little better and

more cultured, what else was good about her? It was simply not right to be part of their family.

“When your brother gets married, I want to ask you to help me with something.”

They are good friends, this woman will definitely not want to help me.

“Okay, we have been friends for so many years. If there is anything, just let me know.”
Linda had a generous look.

Amara revealed a smile that showed that she had gotten what she wanted. “This matter is actually very simple. As long as you help me, I will give you the pair of diamond earrings that you took fancy to the last time you came to my house.”

“Really? Then let’s talk face to face.” Linda hung up the phone excitedly.

The corner of Amara’s mouth rose slightly. One day, Roman will definitely become mine.

...

Elena did not go to work today and Ryan had also returned home early. Elena was slightly stunned when she saw Ryan.

“Why did you come back so early? It is only 4 o’ clock now.”

“I want to come back and see how happy my little wife is.”

Ryan praised Elena without any hesitation. This woman was very smart, and she did things cleanly without any delay. Today’s incident had made it impossible for people to find out the details, and it had also caused the people of Lewis family to suffer a loss. It was rare for her to have such a strategy.

“What’s wrong? Is there anything dirty on me? Why are you looking at me with such a strange expression?” Elena felt uncomfortable when she felt Ryan’s strange look at her.

“I just feel that it is a pity to be a woman when you are so smart.” Ryan did not hide his thoughts, but he was glad that this capable woman was his wife. If she was his opponent, he would have to put in a lot of effort.

“What’s wrong with a woman? There were many successful women in history who were equal to men. So you must not look down on a woman. If you let her grow up... You men are not a match for her at all!”

Elena slowly walked forward and lifted Ryan’s chin with her hand.

“Have you never heard of a saying called the most poisonous thing is a woman’s heart?”

Chapter 74 Elena’s Mother Woke Up

In the next second, Ryan pulled Elena into his arms and held her chin.

“Are you playing with fire again?”

Thinking about what happened last night, Elena’s face turned red. She pushed the man away. “Smelly hooligan, don’t touch me.”

Ryan held Elena’s hand and did not let her escape. Instead, he slowly approached Elena.

Just as Ryan’s lips about to touch Elena’s, the phone in Elena’s pocket suddenly rang, interrupting their movements.

Elena smiled awkwardly and took out her phone to see that it was Director Scott calling.

“Director Scott, did something happen to my mom?”

“It’s a good thing. When the doctor in our hospital drew your mother’s blood today, he found that your mother’s finger moved. I suggest you come to the hospital to take a look.”

Elena immediately stood up excitedly. “Okay, okay, okay. I’ll go over right now.”

Then Elena turned to Ryan and hurriedly explained. “There’s a call from the hospital. It said that my mother’s finger moved a little. I need to go over and take a look.”

Seeing Elena being so happy like a child, Ryan also became happy. He said, “I’ll go with you.”

After coming to the ward, Elena saw that Director Scott was checking on her mother. Elena hurriedly asked. “How is my mother, Director Scott?”

“Don’t worry, your mother’s heart rate is normal. He just saw your mother’s fingers moving. You still have to stay here and accompany your mother to see if you can wake

her up.” After all, this was a person that had been unconscious for five years. It was not easy to wake her up. It had to be done step by step.

“I know. Thank you, Director Scott.”

“Then I won’t disturb you. Call me if you need anything.” Director Scott left the spatial zone for the three of them.

Elena immediately went to her mother’s side and held her hand.

“Mom, can you hear me? I am Elena. I am your daughter.”

After Elena said that, her eyes turned red and her voice was choked with sobs. She did not know how excited she was right now. If she knew that her mother could still wake up now, she could pay any price.

“Elena, don’t worry. Take your time. Mom can hear you.” After saying that, Ryan held Elena’s other hand.

Suddenly, Eleanor’s finger moved again.

Elena was stunned. She looked at her mother hand that was slowly moving again and shouted. “Mom, can you hear me? Mom, can you hear me?”

Elena shouted excitedly, but the person on the bed did not move again.

Director Scott frowned and then looked at Ryan. “Mr. Monor, it was because she heard you voice that the patient responded like this. I wonder if you can call her a few more times.”

Ryan also understood what he meant. He slowly said the Elena’s mother on the bed.

“Mom, I am Elena’s husband and your son-in-law. If you can hear me, can you move your fingers a little more? Elena is eating and drinking in the hope that you will wake up one day. So you should wake up a little faster. You did not even attend our wedding. Don’t you think it’s a pity?”

Sure enough, after Ryan said that, Elena’s mother moved her fingers again. Even the numbers on the instrument had changed.

Elena saw the numbers on the instrument slowly rising. She looked at Director Scott. “What’s going on?”

Director Scott immediately reminded her, “Don’t stop. Your mother is showing signs of waking up.”

Ryan and Elena seized the opportunity to talk to the woman on the bed.

The hard work paid off. Elena's mother slowly opened her eyes. Her pupils slowly became focused. When Elena saw it, she immediately cried out in excitement. Her voice was trembling as she said. "Mom... You are finally awake."

Seeing her daughter crying in front of her, Eleanor raised her hand and caressed her daughter's hair.

"Elena... Why... Why are you crying?"

Because she did not speak for a long time, Eleanor's voice was already hoarse. She spoke as if there was some sand in her mouth.

"Mom, this is great. You have woken up. You have finally woken up. Your daughter is no longer alone." Elena could not help but cry as she tightly held Eleanor's hand.

Director Scott, who was standing beside her, had a glimmer in his eyes. The smile on his face gradually disappeared.

It was a medical miracle that a vegetable who had been unconscious for five years could still wake up. It was unknown whether she could again wake up.

Eleanor looked around and looked at Director Scott who was standing behind her. She seemed to remember something and her head felt as if it had been crushed by a car.

"Mom, don't think too much. You just woke up. You should take a good rest first." Seeing her mother in such a pain, Elena quickly comforted her,

Eleanor recalled the car accident back then and frowned as she looked at Elena.

"Elena, where is your father?"

"Dad... Mom, I will tell you where he went after you rest, okay?" Elena could not bear to tell her mother that her father had already passed away. It had been five years and many things had already changed.

Eleanor slowly nodded her head and felt that her eyelids were getting heavier and heavier. In the end, she closed her eyes.

Elena burst into tears. Her mother fell asleep again.

She stood up and said. "Director Scott, thank you. If it weren't for you, my mother would never have woken up."

Director Scott politely said, "What are you talking about? I have been observing your mother's condition. I didn't expect her to wake up so soon. This is a miracle to our medical world."

Director Scott let Elena and Ryan go back first. There was a nurse in the hospital to take care of Eleanor.

Sitting in the car, Elena gently wiped the tears from the corners of her eyes.

"When mother wakes up again, I can ask what happened in the car accident back then. Was it my uncle and aunt who did this?"

She must seek justice for her deceased father and sick mother. And the only person who could solve this mystery was her mother herself.

"Where did your parents get into the car accident?" Ryan was a little confused.

"At a corner of South Downtown Bridge."

"What did you say, South Downtown Bridge?" Hearing these words, Ryan's tone became somewhat stiff.

"Yes, it was 4th December five years ago. The brakes of my father's car were damaged and they ended up chasing the car in front of them."

When Ryan heard these words, he was startled.

4th December at South Downtown Bridge...

Seeing him like this, Elena suddenly had a thought.

"Could it be..."

Seeing Elena's expression of disbelief, Ryan nodded.

"That's right. The car that collided with my car was your parent's car."

"Oh my God, how could there be such a coincidence?" Elena could not believe it.

“You just said that your father’s car malfunctioned because of the brakes, which led to a car accident?” Ryan asked again.

“Yes, although the car was badly damaged, we can still find that the brakes have malfunctioned. The speed of the car that hit them was very fast. This matter has not been reported, so... I’m not very clear about the specifics either.”

Back then, Elena wanted to investigate clearly, but her grandfather actually got someone to suppress this matter, and it was left unresolved.

“Hehe, I didn’t expect that your parent’s car would also be malfunctioned. It seems like ever our family can’t accommodate us.”

Ryan’s eyes were filled with ruthlessness. Every time he thought of that night, he would feel some lingering fear. If he had not jumped out of the car in time, he would have met the King of Hell long ago.

“You mean someone tampered with your car back then?” Elena asked.

“Yes...” One word but it was an endless stream of the man’s sorrows over the years.

Elena held his hand. “I’m sorry.”

“You shouldn’t say it. You should let the murderer who deliberately hurt us say it.”

“If you had gone to investigate that year, you might have had a chance to find out the truth.” Five years ago, Ryan’s power was extraordinary. To him, it was as easy as flipping his hand to find out who the murderer was.

“After the car accident, I fell into a coma for a month. During that period of time, my share price plummeted. My strength was not as good as before. It was not easy to find this person.”

Everyone thought that he would die, but he relied on his strong willpower to survive. It was a pity that his legs were disabled.

“We all lost the most precious things, whoever did it, I will make him pay a hundred times even more painful price than this!”

Ruthlessness flashed through Ryan’s eyes. He would definitely not let that person off!

Too many things had happened today. When they returned home, both of them were exhausted.

Elena lay on the bed and fell into a deep sleep. She bent her body and there were still tears on her face. Her fragile appearance made people’s heart ache.

Ryan sat in the wheelchair and looked at her with deep affection. He only stood up slowly when he heard the even breathing sound. He walked out with his straight and long legs and paced around the room.

Ryan did not expect Elena's parents to be sitting in the car that collided with his car back then. He also did not expect that the accident that happened in the car would cause a tremendous change in his and Elena's life.

There was a knock on the door. Ryan walked over and opened the door.

Out of the door, Mrs. Baker was shocked, "Young Master, you..."

"She is sleeping."

Mrs. Baker only relaxed when she heard Ryan's words. Then, she thought about the reason for her arrival. "Mr. Young is downstairs waiting for you. He said that he has something important to report to you."

"Yes."

When Isaac saw Ryan actually walked down from the second floor, he was shocked and anxiously said.

"What are you doing? What if others see you?"

"Elena is asleep."

"Even so, you should be careful. After all, she is still at home. If she suddenly wakes up, your current condition will be exposed." Although Elena and Ryan were married, Isaac did not know if Elena would always stand on Ryan's side.

Ryan did not say anything. He sat on the sofa with a solemn expression.

Isaac frowned. "Did something happen?"

"I accompanied Elena to the hospital today. Her mother showed signs of waking up." Ryan lowered his head and said in a serious tone.

"This is a good thing. Your wife must be very happy to see her mother who has been in a coma for five years wake up." Isaac did not know why Ryan did not seem very happy.

"The car that hit my car was Elena's parents' car!"
