

## Bride Of The Mysterious CEO Chapter 94

After listening to her, Roman raised his brows with some doubts, "Why don't I remember that I have a cousin like you?"

Tina was stunned for a moment and looked up at him.

The Monor Family knew that Ryan had saved his grandfather's adopted daughter and family, but Roman was not interested in that.

"This is the daughter of the foster daughter that your grandfather acknowledged. According to seniority, she should call you cousin." Elena stood at the side and reminded.

Roman instantly understood.

"Since that's the case, you can call me whatever you want."

Roman remembered that this woman had come to find him many times, but he didn't have to pay attention to her at that time. So he asked someone to chase her away.

But he didn't expect this woman to be so scheming. She actually turned around and hugged Ryan's thigh.

Since that's the case, he would not give a good face to someone who was on the wrong side.

Seeing that Roman didn't have a good expression, Tina could only stand awkwardly at the side, lowering her head and not saying anything. This time she overestimated herself. Roman did not take her seriously at all.

Roman went to Ryan's office with a fake smile on his face.

Elena did not follow him in. when she saw Roman open the door and walk in, she quickly went over to lie at the door and put her ears on the door.

This scene was coincidently seen by Tina.

Tina was stunned for a moment and did not understand the meaning of Elena's posture.

"Sister-in-law, what are you doing?"

Elena was caught by someone while eavesdropping and felt awkward. Three black lines appeared on her face.

This woman did not care about what she should do but what she should not do!

She just wanted to hear what the two brothers were talking about. At the same time, she wanted to prevent Roman from bullying her man.

"It has nothing to do with you. Go and do your work!" Elena ignored her and continued to listen to the wall.

If Roman dared to bully her man, she would immediately rush in and beat him up!

The office was tidy and there were no abnormalities.

"It looks like you are very busy. I will leave this case to you. It represents the expectations of all the directors of the company. I hope you will not disappoint us."

Ryan looked up and put the things in his hands on the table.

“Since this matter is handed over to me, I will handle it well. Don’t worry, Big Brother. Besides, how could I miss such a big opportunity to rope in a senior member of the board of directors?”

The corners of Ryan’s mouth rose slightly. Looking at the unpredictable expression on Roman’s face, he knew that this man must be concerned about this matter.

Monor Group was a family business and there were many shareholders in it. They were relatives of the Monor family.

Although they didn’t show off their power, they secretly held power in their hands.

Now, most of the people were standing on Ryan’s side, making his position even more stable. This had become Roman’s biggest worry.

“Ryan, don’t be so proud of yourself. Your legs are already crippled. You will never be the heir of Monors!”

Roman stepped forward and placed both of his hands on the table. A vicious expression appeared on his face, as if he wanted to tear Ryan’s bones and skin apart.

Ryan did not get angry, instead he smiled. He slowly sat on the wheelchair and went to the window to water the plants and flowers on the balcony.

“What happened to my legs, I believe Big Brother knows it better than anyone, right?”

Ryan suddenly turned around and glanced at him. "Don't do so many bad things. There will be retribution."

"Don't talk nonsense. What does your accident have to do with me? How can you blame it on me? This is slander!"

Roman did not know why Ryan suddenly brought this topic up, nor did he know if there was a listening device or something like that in the room.

Only by refusing to admit it could he ensure that there was nothing wrong with it, so as to avoid getting caught.
