

## Bride Of The Mysterious CEO Chapter 95

Ryan glanced at him, turned around and continued to play with the plants and flowers in the balcony.

“Big Brother, look at the flowers and plants in the balcony. Even after experiencing the wind and rain, they can still live so brightly. A setback might not be a bad thing. You look down on me and humiliate me. But every time, it is me who takes the initiative, right?”

“Ryan, don’t think that I don’t know what you want to do. These few days, there have been problems in the company. Are you one behind all this?” Roman was too lazy to beat around the bush with him and directly questioned him.

These problems made him anxious and could not be solved in short period of time. It was a headache.

After a careful investigation, he found that it was Ryan who dug the pit for him.

“You have been managing the company all this time, but when there is a problem, you blame me?” Ryan looked at him with disdain, “If it spreads out, aren’t you afraid of being laughed at?”

Seeing the he did not care, Roman was even more furious. He was even more certain that Ryan was behind all these.

“Ryan, I am warning you, don’t play tricks on me!”

Roman went forward and grabbed Ryan’s collar. He wanted to lift him up from the wheelchair but he was suddenly pushed back and missed.

“Big Brother, fighting with a person with crippled legs like me doesn’t suit your status, right?” Ryan’s voice was calm as usual. There was no trace of panic in it.

On the contrary, Roman was a little embarrassed. If he did not catch the later once, it would not be good to attack again.

Outside the door, when Elena saw Roman approaching Ryan, she had already rolled up her sleeves and prepared to run in to save her man.

But when she saw Ryan pushing Roman away, she stopped and thought she should wait there and watch if anything went wrong.

“Ryan, you better not do anything behind my back. If I found out, I will definitely not let you go!”

After saying this, he glanced at Ryan’s legs. The warning and threat were very strong.

He had people investigate the cause of company’s problem and found out that some of the company’s database information was encrypted. The company’s technical staff could not open it and did not know what was hidden.

Other than Ryan, no one would be able to tamper with company’s database without anyone knowing.

When Ryan was the president five years ago, he had already proved his strength. Even if he was retired now, he could not be underestimated.

At least, Roman wouldn’t be able to gain any advantages in front of him.

Fortunately, Ryan’s legs were now crippled and the former no longer had the chance to threaten his position. Otherwise, it would be a huge threat to Roman.

Back then, Roman had taken a risk and became the president of the Monors in a disgraceful way. Others might not know, but he knew that although the elders of the boards of directors were respectful to him, they still respected Ryan in their hearts.

He did not know how Ryan did it. The later had been removed from his position as president for five years yet those people were still respectful to him.

“Ryan, you have to know your own limitation. Since you are disabled, you should take good care of yourself. Don’t have those thoughts that you shouldn’t have. Otherwise, it won’t do you any good.”

“Big Brother, the Monor family is already yours. Why are you still staring at me? I’m just an ordinary manager. I’m not a threat to you. If you’re still worried it only means that, you are too timid.”

A man like him was destined to not achieve any great things if he was too ambitious and did not have the corresponding strength to match him.

At the door, Elena’s heart was hanging on a rock. Ryan was not bullied by Roman. It was she who worried too much.

It was pity that Ryan’s legs had already become like this. He could not compete with Roman anymore. Otherwise, he would definitely be chased out of the company.
