

## Bully Love 131

### Chapter 131

and I know that I couldn't just sit at home, waiting for tonight to come. I'm ner vous as it is about the show at Shameless, and sitting around wouldn't have helped, so I decided to work instead. Unfortunately, I'm now wishing that I hadn't because after being up half the night while Jace made good on his promise and made love to every part of me last night, I'm dragging just a little bit.

Looking back to a few months ago when he was being a dick and bullying me, I never would have thought that he had a soft side to him, not like the one he showed me throughout the night. I don't know how he seems to be so worldly when it comes to pleasing a woman, not at the age of nineteen, but damn, he's definitely got the gold medal where lovemaking is concerned.

My phone buzzes in my pocket and since I'm not busy at the moment, I check the text that pops up from Jace.

JP: Hey, baby. How's work going?

ME: Boring as usual...

JP: I may not be home when you get there, I have to go grab my books from the college in a bit.

I glance at the time and realize that I only have about forty-five minutes left of my shift.

| ME: Okay, I will see you when you get home then.

JP: I will leave you a little something to eat, and then I want you to take a bath and relax. Pamper yourself before tonight, Precious.

ME: So, demanding, Sir... I like it!

JP: I'll show you demanding... just do as I ask, please, and I will bring you a gift.

Me: Okay, Sir. I love you...

JP: Love you too, babe.

He leaves me an emoji blowing a kiss, and I smile at it before pocketing my phone once again. Sighing, I start to stock up the front display case with fresh pastries and let my co worker man the counter. It's the time of day that is usually pretty dead anyway, so at least everything will be stocked by the time we leave for the day.

I follow Jace's orders exactly as he left them, and when I say left them, I mean he left me a little note, telling me about the grilled chicken salad he left for me in the fridge, along with a list of how he wants me to relax. I don't mind doing any of the things he's instructed me to do, but when I get to the last one; I blush. He's instructed me to just lay and soak for the first ten minutes, and then I'm to wash myself, and then he wants me to get into the shower and wash my hair and shave. After he commands this of me, he tells me that before getting out of the tub I am to pleasure myself while still in the tub.

**"Now that's fucking hot! We are going to have to use this baby quite often." Jace chuckles and watches me as I pant while trying to catch my breath, "You may go to the shower whenever you're ready and finish getting ready. I'll be home in about ten minutes."**

**"Okay, Sir."**

**"You were a very good girl, Precious, thank you." He winks through the screen.**

**"Anything for you, Sir..."**

I'm just stepping out of the shower when Jace comes in and leans against the door frame with his arms crossed in front of his chest, watching me. Normally, I wrap a towel around my body but this time, I hold it out by my fingers and then drop it as I walk towards him. I run my fingers across his abs and keep walking right past him. I don't make it far though, only about two steps before he grabs me from behind and bends me over the vanity.

**"You think you can be a tease after that little show you put on?" I hear rustling, and then a zipper just before he thrusts inside of me, "You already had me hard, but I was going to let you be since I planned on fucking you good on stage, but no, you had to go and be a cock tease."**

I grin as he takes me the way he does, rough and hard; fucking me like I'm nothing but a hole for him to use. His hand is tangled in my hair as he holds me down against the wood while he pounds into me. I know I won't be coming again; this is just for him, and I am perfectly fine with that. When he starts to grunt and fucks me even harder, I know he's about to let loose, and he doesn't disappoint. Gripping my hip, he unloads inside of me, filling me to the brim with his baby batter.

**"Fuck baby, look at the mess you made me do?" He chuckles and then grabs my discarded towel and cleans me up. He then helps me to stand, "Are you okay? I wasn't too rough, was I?"**

I shake my head, **"No, it was perfect."** I lift up onto my toes and press my mouth to his. Lifting me up off the floor, I wrap my legs around him as he walks us over to the bed and he sits down before pulling away.

**"Are you nervous about tonight?" He pushes some damp hair away from my eyes.**

**"Not as much as I thought I would be, but then again, I've had other things on my mind this afternoon." I grin.**

He chuckles, "That was my intention, but if at any time, you are uncomfortable and want out, make sure you tell me. I won't make you go through with something if you're that scared."

"I think I'll be okay, as long as I'm with you, Sir."

"That's my girl." He presses another kiss to my lips and then lifts me up to set me on my feet.

"Didn't I say I would have a surprise for you?" He hands me a big flat clothing box, "Good girls always get rewarded."

With all the feedback that I have been receiving along with certain requests, I have decided to take the story a little bit further. I will be finishing Book 2 next week and starting with Book 3. Thank you to all of you who have been supporting me and reading Ella & Jace's story. I appreciate every single one of you! =)
