### Chapter 137

A Friend In Need

JUDE POV

“Who’s your Master, pet?”

“You are, Master Jude.”

“And who tells you when you can come?”

“You do, Master Jude.”

“Did I tell you that you could come while Beth was peg ging you?”

“No, Master Jude.”

“That’s right. Do you know what’s going to happen now?”

“I’m going to be punished, Master Jude. Please, I’ve been naughty...”

“What do you suggest as a punishment, pet?” | caress Madison’s face as she kneels before me, thinking. She’s a good pet, but stubborn as hell and still comes when she isn’t supposed to.

“I think a good figging should suffice.” She says barely above a whisper.

“What was that pet?”

I don’t know what it is, but with Madi son, her ass is what I want every chance I get. It’s so fucking tight, and maybe it’s because it was a virgin when I took it for the first time, but I’ll choose fucking it over fucking

I’m in, it’s balls to the wall and I fuck her fast and hard. She loves it when I use her like this; always urging me to go faster. Beth comes in and watches for a moment, before showing me the root in her hand, wanting my approval. Once

themselves or making others hurt her. Yeah, I can be a nice guy but if you fuck with something or someone that means something to me, you're fucked, I don't care who you are! This Nessa bitch just messed with the wrong girl. Ella may not be mine, but I care for her, a lot,

this, regardless of what the boss man says. I just need to make sure that Beth is taken care of while I'm gone and then I'll take off. Jace and I talk for a few more

they will be on standby if needed. I may do a lot of shit, but like I've said before, I don't personally hurt women but these men, these men don't care about what sex you are...a job is a job. In case you have forgotten, I'm all about an eye for an eye. Speaking of which, I should be hearing back from another contact of mine who just so happens has a friend of a friend who works at a certain county jail back east. A favor that I happened to call

Smiling at her, I lift my arm and motion her to come to me, "Of course, I always have time for my girl."

She straddles my lap, "Madison keeps asking for us to collar her. I don't know what to tell her, though."

I sigh, "I know you love having her to play with, but I don't want to collar her. I'm not sure of the future yet."

"Is this because of Precious, Master?"

I furrow my brow, "What about Precious?"

"Well, I know you like her, but she's Master Jace's. I didn't know if you are holding off in hopes that he will finally share her with you."

"Even if that was the case, it has nothing to do with our pet. She was only supposed to be temporary, and you know this." I watch as her mouth forms a slight pout.

"I know, Master, but I really want to keep her."

“Hm, how about I think it over while I’m gone. Master Jace needs my assistance on something, so I will be gone for a little bit.”

“How long is a little bit, Master, and will you be fucking Precious while your there?” | sense a tinge of jealousy in Beth’ s voice and I’m not liking it one bit.

“Beth, I don’t appreciate being questioned like this, this trip isn’t about me going to fuck anyone. I will be gone as long as it takes me to settle a matter. I will let Madison stay with you here, if you would like, but don’t ever question me the way you just did. I grip her chin, “I think a punishment is in or der, and since I haven’t cleaned myself yet, I think you can have the honors...with your mouth.”

“But Master, you just fucked...”

push her down to her knees, “Either safe word or get to cleaning...your choice.”

“Yes, Master, I’m sorry.” She then proceeds to clean me off like the good girl that she is.
