### 121. Babysitting Our Pups

#### Bonus Chapter – Babysitting Our Pups

LIAM

“Damon, watch it!” I growled as he kicked the thermos over. Yes, it was closed, but it fell, making a loud sound that made Theo, who had just fallen asleep, wake up with a start.

“Fuck guys, can you two not even mind six pups?” Zack asked, raising an eyebrow as he stepped into Damon’s lounge from the kitchen area eating a fucking sandwich.

“Make yourself useful and feed Carter.”

He raised an eyebrow.

“I don’t know how.”

Damon, who was currently rocking Artemis and Ares, raised an eyebrow.

"Seriously, Zack?"

Zack simply smirked, dropping onto the sofa.

"I'm only here because Tay said to help you two, but I have no clue about kids." He switched the TV on, only for the volume to disturb the two pups who were sleeping on the sofa. Jayce became completely fresh as he stared around him.

Our mates had gone for a spa day out and here we were with these six, plus

Azura... Help me , Goddess .. " Fuck man , just go , I feel like kicking your ass . " Damon growled . Zack smirked , I knew he could see we were damn stressed out . " Just think , this is what your mates deal with . " " Hey , we help a lot , just not used to doing this alone ... " I shot back . " Has Raven been with them alone ? " He asked me as I tried to reign in my alpha aura . " Yeah ... " 11 " My point exactly . " Zack replied . Cocky shit . " Taylor loves kids . " Damon said you suddenly , " What will do , because I'm sure he'll want one ? " Zack shrugged munching on his sandwich as I finally managed to make Theo fall back to sleep . " That's for when the time comes ... not right now and we probably adopt I guess . " "

" Not planning to use your own sperm and a surrogate ? " I asked surprised . " Na , I'm good without , I think there's plenty of orphan kids who could use a good home . " Zack said , and I almost forgot about his cocky attitude from moments earlier . " That's true . " I said quietly . " Something stinks . " Zack scrunched his nose , me and Damon exchanged looks .

For fucks sake , don't tell me one of these lot has done a shit . I swear , the amount of diapers they go through is so fucking much . It's diapers day in and day fucking out ... " It's not these two . " Damon replied with relief . " Oh , fucking hell . " I glanced around , realising the smell was coming from Jayce , He stared back at me with a look that I swear was saying ' serves you right Dad ' " Diaper

duties , huh ? " Zack smirked . " Where the hell are the Omegas ? " " Well , they would be here if Damon didn't

say that minding kids wasn't too fucking hard and then your damn mate suggested we mind them . " I growled . " So Damon should change the diaper . " Zack offered . " " Hell no , your pup . " Damon replied .. Besides , I've only changed Artemis . Aren't boys like , harder ? " " What the fuck man ? You're a guy with a damn dick . " Zack replied . " " Yeah , well his shit's going to be all over . I sighed listening to them both . Fuck . Azura came over , holding out a diaper and wipes .

" Here Wiyam , now change Jaycy Waycy's nappy . " She commanded . Was I really the fucking Alpha ? I was not so fucking sure anymore .... Changing a diaper doesn't make me any less of an Alpha , but fuck I hated this job ... We sat down on the ground and I placed Jayce on the changing mat then undid the nappy . Fuck Raven , I need you ... or Mom .... Why wasn't Mom here ?

" Wiyam , what's that ? Azura asked , pointing at Jayce's bits . I narrowed my eyes , I'm sure she asked Raven and Mom the same question .... What they replied though , I have no fucking clue . " It's just something wrong with him . " I said , making Zack and Damon look at me like I was a fool . But what the fuck did they expect me to explain to Azura about guy bits ? " Oh no , Jayce has something wong with him ?! " " Don't be so dramatic . Didn't you ask Mom and Raven ? What did they say ?

" I asked , flinching as I grabbed several wipes , wiping this brat's ass . " Mama said it's because he's a boy . Boys are so strange . Why do they have an extra toe there ? " a " Toe . I'm dead . " Zack snickered . " They just do . The goddess made them like that . " I replied . Why was I having this conversation with my sister ? " Oh dear , the goddess made boys so ugly . Wiyam , do you have an extra toe there ? " The boys cackled like fucking hags , and I glared at them . " No , I don't .

" I have way more than a fucking thumb . " But Damon and Zack do . " " Oh , so are you a girl then , Liam ? " Fuck , that backfired ... The boys couldn't stop their fucking snickering as I glared at Azura before looking away , not wanting to fucking make her cry . " I'm not a girl . " " Then you have a toe ? " Azura persisted .

I swear she knew she was messing with me " Yes , I have a damn toe . " I gave in , displeased . " Now did Mama not teach you not to talk about things like that ?

" " Oh no , Mama said it's good to talk about everything . " Azura nodded fervently . " Yeah Liam , it's good to talk about everything . " Damon smirked " Jayce has an ugly toe . She shook her head as I closed the damn diaper . Next time : No fucking changing diapers in front of her . Why the hell did Mom entertain her ? " Chill out , dude you're so fucking old school .

" Zack smirked as I dunked Jayce in his arms and went to soap my hands . Kids sure were gross , " Wiyam is very old school . " Azura agreed . " Do you even know what that means , pumpkin ? " I asked , drying my hands and returning to the lounge area . It was a fucking tip ... How the fuck did it get messy when these kids can't even walk yet ? " I don't know . " Azura shrugged , raising her hands before kissing Theo , who was meant to stay asleep ! " Azura , let him sleep . Come on , pumpkin . I almost begged . " He's awake now , Wiyam . " Obviously , you just woke him up ...

" Zack , why the hell and you leave that empty can there .... ? " I growled , spotting the one on the table . " He's worse than a fucking woman . " Zack remarked as Damon snickered , slowly trying to lower Artemis into her Moses basket . " Fuck , she just puked .... " He groaned . " Shit , didn't you burp her ? " Zack asked , grabbing a wipe . I looked at them frowning as Damon just wiped her up , it was a lot ... " She needs changing ... " " I can't fucking change her man . " Damon complained . I sighed , you can't leave a kid with sick on their clothes ... That's gross . " I'll do it . " And that was how I ended up having to change the little doll . She seemed more fragile than the boys but she sure was a fat little thing with leg and arm rolls . She was damn cute .

She had been bigger at birth , but now the boys were definitely bigger Once she was all dressed , I began cleaning the lounge , putting both Damon and Zack on feeding duties . I swear if this place stayed a mess and Robyn saw it , she'd cry . Two hours , six diapers and three vomit projectiles later , the pups were all asleep , whilst Azura was watching Ben and Holly on TV .

I dropped onto the sofa with a mug of coffee . " You're pretty good at this ... " Damon remarked . " He is , I guess three months of minding five helps . " Zack agreed . " I don't think we'll ever become pros ... but our mates went through hell and back to birth them ... they gave up a lot and carried them for the entire pregnancy , the least we can do is let them have a getaway and know that the house won't be a fucking mess and that the pups are clean , fed and safe in their

absence . " I said , gulping down my coffee and placing my mug down before closing my eyes . " Good point ... " Damon agreed .

I think it's ok if I shut my eyes for a few moments .... The moment I was about to doze off Jayce's loud cry erupted in the air , and like a domino effect , every single pup began crying . I opened my eyes , exhaling deeply as both Zack and Damon got up , grabbing two pups each . I got up , picking up the last two . Here we go again ... Just an hour left ...

RAVEN " We need to do this again . " I commented , feeling so good after that massage . " Oh definitely , those facials were the best . " Taylor said brushing his finger along his cheek . " I just hope we can ... The men didn't even complain ... " Robyn added , uncertain as she passed me the pizzas . " I'm sure that's because they didn't want to worry us . " I replied as Robyn unlocked her apartment door .

I was a little scared too What were we going to see inside . Was it going to be a mess ? I peered around the pizza boxes as Taylor held the drinks and paper bags , Robyn took a few boxes from me as we all stared inside ... To our shock , the place was sparkling , the light aroma of oils from the diffuser scented the air . The place was spotless and each man held one baby whilst three were playing on the carpet , with Azura sat colouring . " Wow . " Robyn said , she was the first to speak and I felt sorry for her knowing that she had been the most worried . " Babe .

" Damon was up and came over , pulling her into his arms and kissing her hard as she tried to balance the boxes she was holding . placed the pizza boxes on the kitchen worktop as Liam slowly placed Renji down and came over to me , lifting me off my feet and kissing me passionately . ' Baby ! ' I exclaimed through the link , my core throbbing as his tongue slipped into my mouth , his hand squeezing my ass . I moaned against his lips trying to suppress it , failing as I tangled my hand into my handsome man's hair and I kissed him back harder . Oh , goddess ... ' "

I fucking missed you , love . " " I missed you too . " I whispered when we broke apart , praying no one could smell how turned on I was right now . " So , we got pizzas and it seems you boys managed the kids perfectly . " Taylor remarked , as he broke away from Zack . " By the way , babe , you looked gorgeous holding a kid . " Zack simply raised an eyebrow ; I don't think he was ready to be a dad yet

but when they were ready , I'm sure they were going to be amazing parents ! ”  
Well as the kids are settled , shall we eat ? ” Robyn suggested . ” But I'm surprised  
the place is clean ... ” ” Thank Liam for that , he is a clean freak . ” ” It's a good  
thing . ” Both Liam and Robyn said at the same time , they smiled at each

other as I walked over to greet the kiddies . Our perfect life ...
