Chapter 1011

“You may not understand too well, but the Wu family’s demand for all the shares of the Rong Peng Group was originally an imposition.”

Rong Suyan explained, “When the Rong Peng Group was first established, our family and the Wu family both participated in the shareholding, only that, in order to avoid bad influence, so the Wu family put all the shareholding under my father’s name, in fact, my father took up thirty percent of the shares.”

“Thirty percent?!” Ji Feng couldn’t help but be a bit staggered, this thirty percent was definitely not a small amount, the tens of billions of Rongpeng Group, thirty percent of the shares would be over ten billion ah.

“Do you have any basis for saying that your family takes up 30% of the shares?” Ji Feng asked, “Both sides should have an agreement or something to prove your share split, right?”

“Yes, when the Rong Peng Group was first established, there was indeed a private agreement that stated the share of shares occupied by both sides, which was made by the Wu family to prevent my father from getting greedy.” Rong Suyan said, “But I never thought that now, that agreement has become a catalyst!”

“What does that mean?”

Ji Feng frowned and asked, “Does the Wu family really want to poison you guys just for that 30% equity stake?”

“The Wu family went to deliver the equity stake to my father a few days ago and proposed to take back that private agreement, saying that it was not legally valid, and more importantly, that it was a bad influence on the Wu family and had to be taken back.” Rong Suyan said, “You don’t know my father, he’s ambitious, but he’s also hard-natured, he won’t hand over that agreement unless the Wu family gives back 30% of his shares!”

Ji Feng then nodded slightly, this is ultimately, the dispute between the two sides is still out of money, tens of billions of huge amount of money, and indeed enough to make many people’s eyes red, and even fight for more than blood.

However, according to common sense, Ji Feng felt that Rong Peng was a bit insensitive to do so, because he was after all a businessman, and if he fought with the Wu family, there would be no good result in the end.

How could he not even give up his life for money?

The first time I saw Ji Feng’s thoughtful expression, Rong Suyan’s heart was a bit uncertain, Ji Feng was too deep, she simply could not understand what Ji Feng was thinking in his heart.

So, Rong Suyan followed and explained: “In fact, my dad doesn’t have to be greedy for money, the money I have in my hand now is enough for us to live very loosely for the rest of our lives. What my dad is angry about is the Wu family’s attitude towards us. In fact, when the Rongpeng Group was first

established, the registered capital was only less than twenty million dollars, how many times have the assets doubled in the past ten years or so?"

Ji Feng couldn't help but nod his head, that was true. Anyone who has worked hard for more than ten years to single-handedly build a huge business empire, but then has to be taken back by others, even their own old capital, would be surprised if they were comfortable in their heart!

The company's daughter is a young girl, and when she is not happy, she is treated in this way.

Ji Feng understands Rong Peng's thinking, if it were himself, he would never compromise, even if he couldn't do anything to the Wu family, he would still have to disgust them, even if he is a small person, he still has a backbone, let alone a business tycoon like Rong Peng.

"Actually, what I'm most worried about is not my dad's hard resistance to the Wu family, but ....." Rong Suyan said with some concern, "I spoke to my dad this morning and he told me to take my mum out of the country, and also said he would find a way to get my brother get out and go together as well ....." I heard his tone, it seems that he was explaining the aftermath ....."

Ji Feng was taken aback: "What do you mean?"

"If ....." I mean if, right now all of Rongpeng Group's equity is under my dad's and my name, if my dad is suddenly gone, then the Wu family might not get a single penny!" Rong Suyan said in a soft voice.

Ji Feng drifted off, at the same time, he couldn't help a chill rise in his heart, this Rong Peng, really determined!

Imagine, all the properties of Rong Peng Group are under the name of Rong Peng's father and daughter, while the agreement he signed with the Wu family at the beginning is simply private in nature and does not have legal effect, if this is the case, then once Rong Peng is gone, no matter how strong the Wu family is, they will definitely not be able to snatch away the Rong Peng Group.

At that time, all the property will be automatically inherited by Rong Suyan's wife, and the Wu family will not be able to say anything!

I have to admit, this move of Rong Peng's is ruthless!

With one's own life, but in exchange for the entire Rong Peng Group, so that the Wu family can only dry eyes ....."

This is a very strong character of Rong Peng!

I have to admit, for the sake of my own children, for the sake of fighting for breath, Rong Peng, the father, is a good man!

Ji Feng could not help but be silent, to be honest, things had developed to this point, he really had no good solution for a while, unless Rong Peng was willing to give up the Rong Peng Group, otherwise, there was no way to talk about things.

Because Rong Peng would rather die than compromise with the Wu family, this made people very helpless, people are not even afraid of death, what else do they dare not do?

“Can’t convince your father to change his mind?” Ji Feng asked, “Money can be earned again without it, this person can lose everything without it, Rong Peng Group may not be able to develop as well without you and your father, besides since your father can create a Rong Peng Group, then he can create a second one in the future .....”

The company’s main business is to provide a wide range of products and services to the public. It’s just a pity that my father’s character is too hard and no one can persuade him. Besides, this time the Wu family has also bullied people too much, my father definitely can’t swallow this anger.”

“We have to persuade even if we can’t, we can’t just stand by and watch him do something, right?” Ji Feng mused, “How about this, you go back first and persuade your dad face to face, if it really doesn’t work, I will also go over and talk to him then, there is always a solution to things, there is no need to rush.”

“You go?” Rong Suyan couldn’t help but be stunned.

“I will definitely go when necessary.” Ji Feng laughed, “You can tell your father that the Rongpeng Group was taken away, there is nothing to fear, how his Wu family took away the Rongpeng Group today, they will make them spit it out again later!”

Rong Suyan immediately gave him a white look and snapped, “You are talking so easily, I know the strength of the Rong Peng Group best, not to mention the Wu family, how can we make them spit it out?”

“If we can bring down the Rongpeng Group, does that count as the Wu family spitting it out?” Ji Feng asked with a smile.

Rong Suyan then covered her face as she said in a good-natured and amused manner, “Why are you talking nonsense on net? Now Rong Peng Group’s framework has all been set up, the foundation is very strong, want to collapse, this is simply impossible, unless when the time comes Rong Peng Group’s senior management will do some faint tricks .....”

Ji Feng, however, laughed: “If the Rongpeng Group had you and your father in it, I would have to think about that when I say this, but if you guys are sidelined, then I’d have quite a bit of courage to say that!”

“Ji Shao, just don’t ease my mind .....,” said Rong Suyan. For the Rong Peng Group, no one knew it better than she did.

Both the roots and the current business expansion of the Rong Peng Group were very sound, especially the long-term development plan that she had spearheaded, which had established the tone of the Rong Peng Group of seeking speed in stability, which was tantamount to making the Rong Peng Group already invincible.

What’s more, Rong Peng Group’s subsidiaries, as well as other groups’ equity participation, are so intricate and complex, yet so solid, that it’s impossible to even think about bringing down Rong Peng Group.

The company's business is a very important part of its business.

Ji Feng shook his head and said, "I'm not consoling you, Suyan, if you don't believe me, then we can make a bet, I guarantee that I can squeeze the Red Light Company under the Rong Peng Group out of the way within a year, do you believe me?"

"Oh?" Rong Suyan was a little surprised, "What, do you already have any plans, Ji Shao?"

"Red Light Company is building a factory in Huahe County, preparing to take down the De Xing Electronics Factory and pull my cousin Ji Shao Hong down from his position as the county head, they might not be able to steal the chicken but lose the rice." Ji Feng laughed lightly, "Soon you will know that this step taken by Red Light is actually not even half a threat to De Xing Electronics Factory!"

"Are you really sure that you can make the Red Light Company return in Huahe County in defeat?" Rong Suyan asked with some hesitation.

"Eighty percent sure!" Ji Feng said.

Rong Suyan couldn't help but be shocked, she knew that Ji Feng rarely boasted about his words, when he said he was 80% sure, he was probably completely sure.

"Ji Shao, this time the Red Light Company almost drew a large amount of liquidity and went to great lengths to prepare to build an electronic component production base in Huahe County ..... If you can really make the Red Light Company return in defeat, that's enough to break the Red Light Company's spirit!" Rong Suyan said.

Her heart was secretly surprised, originally in her opinion, the establishment of an electronic components production base in Huahe County, although it was somewhat not quite in line with the development plan of Rongpeng Group, however, there was no harm in it, because no enterprise could pose a threat to Red Light Company, so, at that time, this plan was also her default.

But now, after listening to Ji Feng, she suddenly realized that, as it turned out, Ji Feng already had a way to deal with it, and it looked like he still had a plan in mind, which was really surprising.

"Young Ji, can you tell us about your solution?" Rong Suyan asked.

Chapter 1012

"The method is actually very simple, start from two aspects."

Ji Feng did not hide anything and smiled, "The first aspect is to beat down that electronic component production base that Red Light invested in in terms of products, and the second aspect is to break the back of Red Light and cut off its partners, so Red Light will not break itself."

See Rong Suyan that is still some doubtful look, Ji Feng smiled: "Tengfei Group developed a product, think will certainly shock the market, then De Xing Electronics Factory not only back from the dead, and will form a strong competitive edge, this side if again with your help, want to cut off Red Light's sales, sources of goods and other channels, that is an easy matter!"

Rong Suyan then understood that Ji Feng must have a very unique product in his hands, otherwise, he would definitely not have such a grasp of it.

However, Ji Feng's hands on the specific products, but Rong Suyan is not to ask, now the two sides are still some separation, some words can not be asked, otherwise, Ji Feng will be very difficult, answer her, may not be good, do not answer, both sides of the face and some can not pass.

The first thing you should do is to ask a question.

Ji Feng waved his hand and laughed: "It's still too early to say all this, but you can convey my words to your father, the group was snatched away by others, then destroy it with your own hands!"

"I will definitely pass on your original words to my father!" Rong Suyan nodded her head.

"That's right, since your dad was able to create a Rong Peng Group, he must also be a smart person and know what to do to make the best choice."

Ji Feng smiled: "In addition, the new products developed by the Tengfei Group, in terms of promotion funds, may be lacking, and the channels are not very smooth, these, may also need your help ..... wait for you to persuade your father, we can then talk about cooperation, what do you think?"

"If we can persuade him, then of course the cooperation matter is no problem!" Rong Suyan immediately said.

Ji Feng then nodded in satisfaction, if he could get Rong Suyan and her father and daughter to join in, then the strength of the Tengfei Group would grow explosively, this was definitely a very happy good news!

After talking about business, the two of them then chatted. Since they had met, they had to have a casual chat, they couldn't just leave after talking about things.

Rong Suyan was not too talkative, and Ji Feng did not say much either, so it was reasonable to say that the two of them would often be cold.

Ji Feng and Rong Suyan had so much to talk about, from shopping malls to life, and even about Rong Suyan's university days.

When it comes to these, it is inevitable to talk about Wu Zhihe, because this is the most frequent and important person in Rong Suyan's experience in the past few years, unless she does not look back on the past, then this person's name will always appear.

However, Rong Suyan was not the least bit evasive, and she did not feel embarrassed at all when talking about Wu Zhihe. Although a hint of sadness could still show in her eyes from time to time, she was still more calm and sensible.

It was as if she was talking about a stranger, and there was no more of the fluttering in her heart that she used to feel.

"In fact, Wu Zhihe is not a man of ambition in essence, but his origin makes him want to show as much as possible his elegant grace and his great wisdom in strategizing all the time."

Rong Suyan said, "But in reality, he's just an ordinary man, and doesn't have the kind of great wisdom and courage to conquer the world, especially compared to people like you, he's even worse!"

“What kind of words are those!” Ji Feng burst out laughing, “I am also just an ordinary person, I just had some unusual encounters by chance, but that’s all. In fact, if I were to swap my origins with Wu Zhihe, I might be even worse than him!”

“Encounters in life are also one of the ways in which a person can accumulate experience and grow in wisdom.”

Rong Suyan laughed lightly, “Wu Zhihe is from a noble background, but he is mediocre, but he doesn’t want to be a playboy, he wants to be the kind of person who calls for the rain and reigns over the clouds, this predestines him to be unsuccessful, a person, the most important thing is self-positioning. What kind of material you are in yourself is what you can become. A piece of wood, no matter how much it is refined, will only end up being charcoal, not fine steel.”

“I’m not fine steel either!” Ji Feng shook his head and laughed, “It’s not that I’m modest, but it’s the truth, as I said, everything I have, I have by chance, of course, I can’t explain it clearly to you, but in fact, I am indeed an ordinary person.”

Rong Suyan then pursed her lips and laughed lightly, not arguing with him anymore, how a person is, everyone has a scale to measure in their heart.

“Actually, it’s okay to say that I’m better than Wu Zhihe. At least, I’m not as thin-skinned as he is, other than that, we should also be half a catty, each other. ....” Ji Feng laughed.

Rong Suyan then giggled, “Ji Shao, this is the first time I’ve seen you not be modest.”

Ji Feng laughed and joked, “This can’t be helped, modesty has always been my innate characteristic, it’s hard to change!”

Rong Suyan laughed even harder, and when she laughed, the pair of lofty bosoms on her chest were trembling continuously, and under the wrapping of her professional dress, they were about to break out, almost blinding Ji Feng’s eyes.

When she saw Ji Feng sweep a glance at her breasts, Rong Suyan suddenly blushed slightly.

She hurriedly sat upright and gave Ji Feng an angry white glance, “Young Ji, I now believe what you said, you are just like Wu Zhihe, an ordinary person!”

“That’s what .....” Ji Feng smiled sarcastically, “Everyone has a love for beauty.”

Rong Suyan’s pretty face became even redder, her beautiful eyes glanced at Ji Feng, but she did not speak again.

And Ji Feng just said this sentence regretted, now say this, how to see all have other meaning in it, this in case of misunderstanding, it is not good .....

Dry cough, Ji Feng hurriedly changed the topic: “Right, Suyan, recently your Rong’s venture capital, business is still okay, right?”

Seeing his wretched appearance, Rong Suyan couldn’t help but laugh lightly: “Up to now, I haven’t made any investment, I’m still waiting for a meal from Ji Shao!”

Sweat!

Ji Feng laughed bitterly, "That's too hurtful to say!"

Ji Feng's gaze hurriedly looked away, this Rong Suyan was so full of charm, he didn't dare to look at her anymore for fear of causing any misunderstanding.

But in his heart, he was secretly shaking his head, Wu Zhihe, this idiot, not to mention Rong Suyan's business ability, just such an outstanding woman, embracing in his arms to love is not enough, he actually .....

The actual fact is that you can't be able to get a lot more than a few of these.

And Rong Suyan's heart, but don't have some strange emotions, beautiful eyes looked at a sitting Ji Feng, puffed and smiled, so happy .....

The two of them agreed to go back to Southern Guangdong first, to persuade Rong Peng, if there is no effect, then Ji Feng will personally go over to discuss with Rong Peng, and try to make Rong Peng change his mind as much as possible.

In fact, in Ji Feng's heart, what he hopes for most is for Rong Peng to come over directly, so that we can join hands with each other. Even if the Wu family takes over the Rong Peng Group, there is absolutely nothing much they can do, and even the Rong Peng Group may be swallowed up!

Since he knew that Rong Suyan and the Wu family had collapsed, Ji Feng had already started to move this idea, only that he did not show it.

If you want to eat fat in one bite, you might choke on it.

When the sun went down and twilight was falling, Ji Feng left the cafe and rushed straight back home.

Although he had left home for just over two days and less than three days, Ji Feng was eager to see Tong Lei and Xiao Yuxuan. He was sure that in the dozens of hours that he left home to rescue Xiang Yongzhan, Tong Lei and Xiao Yuxuan must have been worried sick.

As expected, when Ji Feng returned home, he saw Xiao Yuxuan and Tong Lei, as well as Han Zhen and Xiao Ying, sitting on the sofa in the living room watching TV, but the focus of their eyes was not on the TV.

As soon as they heard the sound of a car coming from the yard, the four girls turned their heads to look out and saw Ji Feng driving into the yard, and a look of relief and joy appeared on their pretty faces.

Tong Lei and Xiao Yuxuan even hurriedly stood up and walked out, the beautiful eyes of the two girls contained a strong sense of affection.

"Back!" Xiao Yuxuan said in a soft voice.

Although Ji Feng had just arrived in Jiangzhou and called them to report his safety, see yes, they were still a bit uneasy, and now that they saw Ji Feng come back, they were naturally overjoyed in their hearts.

Tong Lei stood next to Xiao Yuxuan, her beautiful eyes also contained affection and delight, her tall figure and that clear and beautiful temperament made her look as if she was a fairy who originally did not belong to the earth, but now had a hundred kinds of tenderness .....

The actual fact is that you can find a lot of people who have been in the business for a long time, and they've got a lot of people who have been in the business for a long time.

No matter how far you go, the thought of having loved ones waiting for you at home is a blessing, a tug of war.

"Did you miss me?" Ji Feng embraced the two daughters and asked with a smile.

"Mmm!" Tong Lei answered softly, her voice pleasant and melodious, as if wind chimes were singing.

Xiao Yuxuan, however, leaned directly into Ji Feng's embrace, answering his question with her actions, she missed Ji Feng a lot!

Ji Feng heatedly smiled, "I miss you guys too, tonight, let's sleep together?"

Saying that, his big hands squeezed each of the two girls' plump and round buttocks, which immediately made their pretty faces flush red at the same time, but they didn't dodge shyly like they did before.

Tong Lei only protested in a small voice, "Xiao Ying and Zhen Zhen are both here ....."

#### Chapter 1013

Ji Feng laughed, slapped the two women on their rounded buttocks and laughed in a low voice, "What's the point, can't we have a normal life with them watching? It doesn't make sense!"

That said, ever since Han Zhen and Xiao Ying had arrived at home, Xiao Yuxuan and Tong Lei had hardly ever agreed to sleep with themselves again. It was better when Xiao Ying was here, because they had slept together once or twice after they had gradually gotten acquainted.

But especially after Han Zhen came, Xiao Yuxuan and Tong Lei became shy and refused to sleep with Ji Feng anymore. Even when there were pleasurable moments, they were still separate. Moreover, whenever it was pleasurable, the two girls were biting their lips tightly and just refused to make a sound.

This was hard for Ji Feng, the original intention of male and female love had gone completely off the rails, and it was intolerable!

Therefore, from time to time, Ji Feng tried every possible way to make Xiao Yuxuan and Tong Lei put aside their reserve and be able to do the same as before, but to little avail, the two women were too shy.

The two girls were too shy. Tong Lei was better because she was originally of a cool nature, except when she was with Ji Feng, she would be joyful, but at other times she rarely showed that really happy smile, not that she had a bad time, but her personality was like that.

But Xiao Yuxuan was different, she was a flirtatious personality in her own right, if Tong Lei was a cold beauty, then Xiao Yuxuan was a passionate flame, her spirited enthusiasm could almost make Ji Feng melt.

But this is only in front of Ji Feng she is like this, with Han Zhen and Xiao Ying around, she can't let go. Her flirtatiousness only blossomed for Ji Feng alone.

According to Xiao Yuxuan's words, once Xiao Ying and Han Zhen knew that they were living such a ridiculous life, they would inevitably look down on them, so even though Xiao Yuxuan wanted very much to be embraced by Ji Feng and fall asleep happily, she forced herself to hold back the stirring in her heart and chose to sleep alone in the bedroom.

This would not do!

This time, Ji Feng was trying to break this reserve in their hearts and smooth out their shyness.

Because Han Zhen and Xiao Ying were obviously going to stay at home for a long time, and Ji Feng knew that he was already being watched, it was obvious that Xiao Yuxuan and Tong Lei's safety was very important.

Under such circumstances, Han Zhen and Xiao Ying's protection would be crucial.

In this way, the two women would definitely stay for a long time, which is why Ji Feng had to find a way to gradually let them both go.

If you can't be ridiculous in your own home, then there's really no point in living this life.

It's just that Ji Feng was thinking this way.

Today is a good opportunity, he has been separated from Xiao Yuxuan and Tong Lei for two days, whether he, or Xiao Yuxuan two women, are missing a lot.

This time was the best time to break the reserve in their hearts, so Ji Feng seized the opportunity and made the request to sleep under the same blanket, thinking that if he did some more work, the two girls would gradually let go.

"Yu Xuan, Lei Lei, actually you guys don't have to mind at all." One of Ji Feng's hands kept stroking the two women's arse, causing their pretty faces to blush and their charming but shy eyes, because Xiao Ying and Han Zhen were in the living room, and they both hurriedly stood up to prepare to greet Ji Feng when they saw him return.

Being stared at by the two female guards like this, and with one of Ji Feng's hands playing tricks on such a shy part of them, it would be strange for them not to be shy.

"Little rascal, stop it, if you want to, let Lei Lei go with you at night, okay, save some face for us, otherwise how else can we meet Xiao Ying and Zhen Zhen tomorrow?"

Ji Feng's hand was constantly stroking and kneading Xiao Yuxuan's plump buttocks, making her unable to help but be weak, her legs involuntarily clenching, only feeling a hot stream coming from that humiliating place, her red lips slightly open, exhaling like an orchid as she murmured softly in Ji Feng's ear, wanting to resist but being very powerless.

Tong Lei was also very uncomfortable, her body was so limp that she was leaning against Ji Feng's arms, the weight of her body was pressed against Ji Feng's shoulders and arms, if not for Ji Feng's arm around her, I'm afraid she would have fallen limp on the floor by now.

"Pop!"

Ji Feng slapped on Xiao Yuxuan's fat arse and asked, "Letting Lei Lei keep me company? Don't you want to?"

"Then, then I'll accompany you tomorrow .....", Xiao Yuxuan exhaled, her wintry eyes like silk, and she only felt a burning sensation in her body.

"No, both of you have to accompany me today!" Ji Feng said domineeringly. Saying that, he slapped Xiao Yuxuan's arse again.

"Mmm!"

Xiao Yuxuan was hit by him and her body went violently soft, she bit her lips so tightly that she almost didn't moan out loud, her pretty face was red and she didn't dare to say a word, afraid that Ji Feng would make any further moves, if that happened, it would all fall into the eyes of Xiao Ying and Han Zhen, how could she still have the face to see them?

"No more words? Then I'll take that as your default!" Ji Feng laughed heatedly.

"You're so overbearing, so how dare I speak, or you'd still be tossing me to death!" Xiao Yuxuan charmingly ranted, that also ranting and charming appearance, looked at Ji Feng's heart a hot, almost could not hold it.

After taking a deep breath, Ji Feng turned his head again and asked, "Lei Lei, what do you say!"

Tong Lei was also lightly giggling from his touch, and when she saw that Ji Feng had asked herself, she hurriedly said, "Then I'm as good as sister Yu Xuan."

Both of them were afraid of him, they both realized that they definitely could not escape today, if they still refused now, then they would have to be tossed hard by him when the night came, they loved and feared Ji Feng's strong ability in that area.

They love the wonderful feeling of being in Ji Feng's arms, as if their souls are trembling, which is indescribably soothing and wonderful. The thing they are afraid of is that Ji Feng is too long-lasting. Sometimes the two women combined their efforts and were unable to satisfy him, and eventually they could only use their small mouths to meet .....

In fact, are they really afraid?

Perhaps, not really .....

When Ji Feng saw that they hurriedly agreed, he laughed and embraced the two girls towards the living room.

The two of them were already shy and red in the face, panic and shyness in their hearts.

Even Han Zhen, who had never had a good feeling about Ji Feng, was also flushed at this time, but this time, her heart was not slandering Ji Feng, instead, she was just endlessly shy.

In fact, ever since Xiao Yuxuan and Han Zhen had a deep conversation that night, Han Zhen had started to pay attention to Ji Feng. Of course, it was not that she had a crush on Ji Feng, but an observation.

As Xiao Yuxuan said, we can't say what kind of person Ji Feng is, but the result you get from your own attentive observation is the most real.

Han Zhen did indeed do so, and from then on, she began to pay attention to Ji Feng's behaviour and his attitude towards people every time.

As a result, Han Zhen's impression of Ji Feng slowly began to change.

Ji Feng was usually easy-going, without any of the fancy and rotten aura of those worldly children and so on, and was very stable, mature, and also very wise.

What's more, Ji Feng is a man with a great sense of justice and a great sense of righteousness, all these advantages, are very surprising to Han Zhen, but Ji Feng has these advantages, also let Han Zhen's heart slightly relieved, the bad impression of Ji Feng, also gradually improved.

And later, during the trip to Huahe County, Ji Feng personally ended the child snatching den in a fit of rage, beating all the people inside and sending them to the hospital. Looking at the injuries, a few of the guys might have to spend their lives in wheelchairs or hospital beds, and they couldn't even enter prison.

This time, Ji Feng did not care about the danger and went to rescue Xiang Yongzhan after he received the call, so even as an outsider, one should feel great admiration for such a person.

Therefore, Han Zhen had a good feeling towards Ji Feng. Of course, this kind of good feeling was only an acknowledgement of an acquaintance or a friend, and not the kind of love between a man and a woman.

But this is enough, at least, Han Zhen is very willing to continue to work as a guard beside Ji Feng, continue to stay to protect Tong Lei, moreover, once her heart determines a thing, it will not be easily changed, as long as Ji Feng does not kick her out, she will stay all the time.

Therefore, at this time, when Ji Feng made that humiliating move towards Xiao Yuxuan and Tong Lei, Han Zhen, who was a girl, instinctively felt shy, and her heart was beating so fast that she didn't dare to look up at Ji Feng.

However, she did not hate this almost hooligan-like behavior of Ji Feng at this time, which made herself very strange, but could not say a reason, she could only lower her head, her little face was red and even a little hot .....

The three of them were also shy, she was standing with Han Zhen, and after Ji Feng came in, they hurriedly hid on the sofa to one side and sat side by side, their eyes glancing at the TV, but their hearts were flying off to who knows where.

The dinner was prepared by Xiao Yuxuan and Tong Lei together. Xiao Ying and Han Zhen sat in the living room, stealing glances at Ji Feng from time to time, seeing him with a bad smile on his face, they

panicked so much that they eventually dared not stay in the living room and rushed to the kitchen, following Xiao Yuxuan to learn how to cook .....

At night, after eating dinner, Ji Feng chatted with Xiao Yuxuan and the girls for a few minutes, and after that, he said, "It's getting late, let's rest early."

Xiao Yuxuan and Tong Lei were still only slightly blushing, while the two girls, Xiao Ying and Han Zhen, were both blushing to the roots of their ears.

Ji Feng gave them a strange look, smiled slightly in his heart, and didn't care, so he pulled Xiao Yuxuan and Tong Lei upstairs, to let Xiao Yuxuan and Tong Lei throw away the reserve in their hearts, and at the same time, to let Xiao Ying and Han Zhen get used to this kind of life.

Their young master, who was originally a ridiculous guy, will definitely lead such ridiculous days in the future as well .....

#### Chapter 1014

The villa at night seemed very quiet and peaceful, the woods were lush and green in early summer, and the crisp insects chirping from time to time in the lawn outside was very timid.

However, at this time, Xiao Ying and Han Zhen were sitting in the living room, but they were fidgeting, not even in the mood to watch TV.

Because shortly after Ji Feng pulled Xiao Yuxuan and Tong Lei upstairs, a delicate moan, if any, came from upstairs, either flirtatious, or like a sob, or a whisper, causing both Xiao Ying and Han Zhen to shiver in their hearts and their pretty faces to turn red .....

The two women looked at each other, both saw the shyness in each other's eyes, as well as a complex look, they hurriedly looked away, both very flustered, as if they had done something wrong, that look, it was really cute.

"I, I'll go out and check the alarm device ....." Little Shadow said in some panic, hurriedly stood up and headed out.

"Then, then I'll go out and park the eldest young man's car in the garage." Han Zhen also hurriedly stood up and said.

Xiao Ying was instantly a little surprised as she turned her head to look at Han Zhen, "Zhen Zhen, since when did you follow suit and address the Eldest Young Master? I remember, you used to call Big Young Man by his first name ....."

"I didn't ....." Han Zhen immediately said, immediately, she seemed to realize that she really did call Ji Feng by his name before, so she was quite vain, and said in a naughty voice, "I, I changed my mouth, can't I, stinky little shadow. You also made fun of me."

Xiao Ying suddenly pursed her lips and laughed lightly, "Zhen Zhen, you're blushing, are you in love with Young Master?"

“Xiao Ying, don’t talk nonsense!” Han Zhen was startled and looked around in a panic, she then realised that no one was eavesdropping, Big Shao was pulling Xiao Yuxuan and Tong Lei upstairs to do something bad, that low moaning sound came over again, Han Zhen’s pretty face suddenly turned red.

“I, I don’t like Big Shao, I just, just .....” she saw Xiao Ying’s teasing eyes, her pretty face reddened even more, she couldn’t help but stomp her feet and snapped, “Xiao Ying, you’re still laughing at me, don’t you like Big Shao? Don’t you like Young Master?”

She subconsciously glanced at the first floor, her ears heard that delicate moaning sound, her face flushed and a look of loss flashed in her beautiful eyes.

“I’m off to check the alarm device.” Little Shadow, who was rendered speechless by the question, went out in a panic.

Because her heart was so flustered, Xiao Ying did not notice that Han Zhen’s words had, however, revealed her complicated mind.

The two girls, each with something on their minds, fled the place where they were blushing, and hurriedly went about their business.

But they didn’t realize that just because they were joking with each other about a question, it made their hearts flutter .....

.....

And at this time, Ji Feng, likewise unaware of Han Zhen and Xiao Ying’s thoughts, his mind, were on the two stunning beauties in front of him.

In the bedroom, Xiao Yuxuan and Tong Lei are half undressed, their scarlet skin is flushed with red tide, their pretty faces are scarlet, and their beautiful eyes also carry a wisp of delicacy and desire that makes the heart and soul tremble.

Because it was already early summer and the weather was neither hot nor cold, Xiao Yuxuan and Tong Lei were both wearing silk pajamas, the soft and smooth silk fabric just draped down, allowing their bumpy and concave figures to be perfectly displayed, especially since they had just had a passionate kiss with Ji Feng, making their pajamas untidy and the suspenders were pulled down, revealing the knife-like fragrant shoulders, soft and thrilling.

Their beautiful eyes were bewildered and their red lips were lightly opened in a delicate manner, which even made Ji Feng forget to even move and just stare at them in awe, unable to stop gulping.

“Goo dong!”

Although this was not the first time he had seen them like this, but once again, seeing these two human beauties sitting side by side on the bed, their pretty faces flushed and looking at themselves, their wintry eyes like silk, Ji Feng still received a great shock.

“What are you doing dumbfounded, dummy!” Xiao Yuxuan pouted.

Ji Feng’s breathing suddenly sharpened, and he laughed, and then he quickly pounced on her.

Both Xiao Yuxuan's and Tong Lei's clothes were removed, and their extremely seductive and hot bodies were completely displayed in front of Ji Feng's eyes.

He took a deep breath and took in one of the grapes, a faint fragrance reached his nostrils, it was Xiao Yuxuan's body fragrance, Ji Feng's body was all heated up, he gently sucked it up .....

"Oooh ....." Xiao Yuxuan whimpered softly and delicately, her hands couldn't help but hook around Ji Feng's neck, as if she wanted to melt him into her body.

And at the same time, Ji Feng's hands were not idle, he embraced Tong Lei into his arms as well, and a pair of strange hands, climbed up .....

When Ji Feng and Tong Lei were intimately united, Tong Lei finally couldn't help but whisper softly in a delicate voice, while at this time Xiao Yuxuan, also by Ji Feng's skillful technique of teasing can't help herself .....

The three of them were entwined together to their heart's content, and the bedroom was filled with infinite spring light .....

"It's really nasty!" In the two downstairs bedrooms, Han Zhen and Xiao Ying both covered their ears separately, flustered and overwhelmed, their pretty faces almost dripping blood.

Although the soundproofing of the rooms in the villa was very good, Xiao Yuxuan and Tong Lei had both lost themselves under Ji Feng's fierce attack, and they only wanted to shout as much as they could to give vent to the pleasure they felt in their hearts and bodies, which made Xiao Ying and Han Zhen always hear those blushing sounds.

Xiao Ying hid under the blanket, covering her ears, but her beautiful eyes were full of shyness, seemingly curious and a little lost, indescribably complicated.

Han Zhen was no better, she could not stop the sound from penetrating her ears, so she simply covered herself with the blanket and tried to sleep as soon as possible, but the sound could not be stopped, making her body a little hot .....

"Oooh...!"

With Xiao Yuxuan's high voice, which seemed like a chirp or a whimper, her delicate body trembled violently, and her two slender legs tightly coiled around Ji Feng's tiger waist, as if she was using up all her strength.

Half a long time later, the room finally calmed down.

Xiao Yuxuan and Tong Lei were lying side by side, their eyes bewildered, and their jade bodies, which made people's hearts pound, were not covered in any way, but they both seemed to have been oblivious, they only felt as if their whole bodies had flown, and they did not even have the strength to move a finger.

The two women's jade bodies were flushed red and sweat made their hair stick to their foreheads, looking lazy and seductive.

Ji Feng kissed each of the two women on their red lips, and only then did he get off Xiao Yuxuan's body, and when she separated, she couldn't help but let out another soft cry.

Ji Feng pulled over the quilt and covered the two women and himself, he embraced the two delicate women separately and lay quietly on the bed.

It had been nearly half an hour before Xiao Yuxuan and Tong Lei both let out a long breath, seemingly to bring out the complete relief in their hearts.

Tong Lei slightly turned over and leaned sideways in Ji Feng's arms, pillowing his arm and resting one leg on Ji Feng's stomach, finding a comfortable position, before she blushed and looked at Ji Feng.

"You've got us killed, Little Shadow and Zhen Zhen must have heard it, how can we see them tomorrow!" Tong Lei softly snapped.

Ji Feng heatedly laughed in a low voice, "What's wrong with that, it's perfectly normal for men to have sex with women, how come we can't see anyone?"

"You still say that!"

Next to her, Xiao Yuxuan also came back from that drifting feeling, and she said in a scolding manner, "Male and female love, is this normal male and female love for us? You big bad egg, Lei Lei and I can't even accompany you alone, we have to accompany you together ....."

"Whatever others think, I treat you all the same anyway." The actual fact is that you'll be able to get a lot more than just a few of these. In turn, if I stay with you all the time, Lei Lei will also be lost, isn't it good for us to be together like this? As for Xiao Ying and Han Zhen, just pretend they don't exist."

"You're justified in everything!" Xiao Yuxuan couldn't help but say in anger, her hand slid violently to the side of Tong Lei's leg and her small hand grabbed a soft thing, "It's all because of this bad thing, next time you make a bad move like this, I'll pinch it off!"

Ji Feng instantly sweated, "You can't do that, it's not yours alone, if you dare to pinch it off, Lei Lei will be looking for you to settle the score!"

"Yuck!" Tong Lei blushed and spat, "I won't, Sister Yu Xuan, I support you to pinch off that bad thing, see how he will torment us again!"

"Fine, it's still against you guys!" Ji Feng suddenly gritted his teeth and said viciously, "Lei Lei, you've followed the bad example too?"

"You're the one who brought me down!" Tong Lei giggled softly.

"Well then, since you said so, I'll bring you down completely!"

Tong Lei suddenly lost her colour and panicked, "You, what are you going to do? I, I can't, don't toss me, Sister Yu Xuan, hurry up and save me ....."

Xiao Yuxuan but the same pretty face slightly changed: "Lei Lei, that bad thing is up again!"

"No one can save you today!" Ji Feng grunted, grabbed her beautiful legs that were resting on his stomach and lifted them upwards, while pushing his waist sideways, entering Tong Lei once again.

“Oooh .....” Tong Lei’s resistance immediately became feeble, and the room once again resounded with her delicate and delicate cries .....

When all the clouds had closed and the rain had stopped, Tong Lei really didn’t even have the strength to turn over, she was so limp and half lying in Ji Feng’s arms, pouting.

“Bad egg, I’m about to be killed by you ....., you’re still all inside ....., I didn’t take safety measures, what if I get pregnant?”

Next to her, Xiao Yuxuan’s pretty face also instantly changed and she panicked, “Bad, I, I didn’t do any safety measures either .....”

## Chapter 1015

The two women’s appearance of panic, Ji Feng was slightly stunned, then asked: “What, do you usually do any measures before that with me?”

The two women had been living together for a short period of time, but their stomachs had not moved at all, even because they practiced body-building exercises, which made their periods very regular and seemed to be healthy.

However, this kind of health made Ji Feng a bit strange.

How come their stomachs didn’t react at all? Could ....., it be that something was wrong with their own bodies?

Thinking of this, he instantly got worried.

“Of course there’s nothing!” Xiao Yuxuan gasped, “But didn’t you always used to be in our mouths ....., so we weren’t so worried, but this time is different .....”

She was so ashamed that she couldn’t say any more and could only give Ji Feng a white glance and softly scolded. This bad guy, is really too bad, his lasting degree are long scary, tossing himself and Lei Lei round and round, he may not even vent out, in the end still need herself and Lei Lei to use her mouth to be able to let him vent out.

As a result, this bad thing said that men’s essence is good, the most essential part of the human body, saying that it contains protein and so on and so forth, so that both himself and Tong Lei have to swallow it .....

The taste is obviously not very good, but also said so much, I am at least a graduate of a famous university, is a teacher, okay, still can not understand this?

This bad guy is clearly trying to satisfy the bad taste in his heart .....

The actual fact is that you can find a lot of people who have been in the business for a long time, and that is why they have been able to get used to it.

This was Xiao Yuxuan and Tong Lei’s conclusion, but from this, they could also see that they had a heart for Ji Feng.

“That’s strange!” Ji Feng squeezed a hand on both the two girls’ arse and said with a frown, “It wasn’t all venting in your mouths before, besides so many times, there would always be a hit or two, right? How come you guys didn’t react at all?”

Xiao Yuxuan and Tong Lei were slightly stunned, immediately, they also reacted, Ji Feng said this problem, when you think about it, it’s really true!

In the past, although many times, it was because they couldn’t bear Ji Feng’s prolonged torment anymore that they used their mouths to help Ji Feng vent out, however, there were quite a few times when Ji Feng was spurting inside their bodies, and it was also true that they hadn’t done any safety measures in between.

However, their stomachs did not react .....

“Could it be because, in the past, it was all during the safe period?” Tong Lei also realized that something was wrong and she couldn’t help but say.

Xiao Yuxuan but said, “Leilei, in fact, the safety period of women now said, this is only a more general statement, safety period, not really absolutely safe, just the probability of ovulation is very, very small, but it is not impossible .....”

At this point, she could not go on, if their speculation was true, it would also mean that Ji Feng’s body, it seemed, had problems, at least, in terms of his fertility .....

“Ji Feng, don’t worry, there definitely won’t be any problems.” Xiao Yuxuan leaned in Ji Feng’s arms and said softly, “Maybe it was just because small probability events didn’t happen before, this possibility is also great, after all, getting pregnant during the safe period, this probability is too small, let’s not scare ourselves either.”

You used the word ‘scare’ as well!

Ji Feng couldn’t help but sigh slightly in his heart, from these words of Xiao Yuxuan you can hear that she actually hopes very much to have a child, if it doesn’t matter whether she can have a child or not, then why does she need to use the word ‘scare’?

So just say, “It’s okay, it’s not a big deal, what’s the point of thinking about it .....”

This is a really open-minded attitude, and now, she and Tong Lei are just comforting themselves, for the two women know so well, how can Ji Feng not hear it?

“Ji Feng, then how about this, I am not a safe period today, I also do not do any follow-up measures, see if I can get pregnant ..... if this time can not, then in the future we all do it during the danger period, as long as I can get pregnant, it proves that your body is okay, right?” Tong Lei said softly as she held back the shyness in her heart.

“Me too, hubby, don’t scare yourself, it might really just be a small probability event then, I’m also the same as Lei Lei, from now on we’ll specifically pick the dangerous period to do it .....”

“What nonsense!” Ji Feng was exasperated by them, he slapped each of the two women on their arse and said, “Are you still planning to use this as an experiment or what? You can just use this as an experiment, right? What if Lei Lei is still in school and she gets pregnant? You know better than me the

damage to your body if you scrape off the baby, right? If you don't scrape it off, how can you go to school?"

He turned his head to look at Xiao Yuxuan and said, "And you, you are still on the rise, your life and career are just starting, if you get pregnant at this time, then you will be tied up in the future, can you do it willingly?"

"But ....." Xiao Yuxuan wanted to say something else, but was interrupted by Ji Feng.

"Don't what but can't be, this matter is up to me." Ji Feng said: "Even today, can not take the pill, that is not small damage to the body, especially afterwards the pill, the impact on the body is even worse, may really affect fertility, this can not be messed with. In the past, I was the one who didn't pay attention, I want to apologize to you guys, but when I do it again in the future, I will be ready to take some measures."

"As for my body, wait for some time, if you both don't win this time, then I'll go to the hospital for a checkup." Ji Feng said.

"Then what if because of this time, someone of the two of us gets pregnant?" Xiao Yuxuan asked.

"If it's really pregnant, that's something that can't be helped, I definitely won't agree to scrape the baby off, when the time comes, no matter which one of you is really pregnant, give birth to it, it's my child, it's also a descendant of the Ji family, I'll personally go and talk to the old man, I won't treat my child badly! What's more, I won't treat you guys badly!"

Ji Feng said seriously, "When the time comes, first give the child to my mother, or put it by the old man's side, but there are two points that must be noted, firstly, it must not be harmful to your bodies, and secondly, the child must not be scraped off! If it is Yu Xuan who is pregnant, then I will go and talk to your parents, when the time comes they will beat or scold, I will bear all the burden, if it is Lei Lei ..... then we will get married!"

"Of course, I'm talking about doing this only if you get pregnant. If you can't conceive ..... then it might really be something wrong with my body and I'll go to the hospital for a checkup!" Ji Feng said.

This is rightfully so, first of all can't cause any harm to Yu Xuan and Lei Lei, he Ji Feng is not the kind of bastard who eats dry and doesn't admit it, especially for Xiao Yuxuan, giving birth to a child without getting married and still giving someone else a little wife, this is definitely a good thing to say and not a good thing to hear, when the time comes Xiao Changhe couple's face may have no place to put.

Therefore, if Xiao Yuxuan is really pregnant, Ji Feng will definitely go to the door to kowtow and admit his guilt, and let the Xiao Changhe couple do as they please.

But more importantly, if it was really Ji Feng's body that was in trouble, then this matter would be somewhat troublesome. A woman must have a child before she can be called a woman. From Xiao Yuxuan's words, we can hear that she actually wants a child, but the timing is just not right.

Then, since they want a child, Ji Feng naturally has to do his duty, so there is no shame in this.

Only .....

The only thing that makes Ji Feng strange is that, according to reason, there should not be anything wrong with his own body, ah, or even say, should be healthier and stronger than the vast majority of people, how could there be anything wrong!

Besides, his own bloodline was normal, to say that the old man had three sons and a daughter, and in his father's generation, all three of their brothers had children, which proved that there was nothing wrong with them, so when it came to his own generation, it should be normal too!

Anyway, genetic problems have been ruled out and so has physical health, so .....

Is it because of the practice of aerobics? Ji Feng was somewhat unsure, he couldn't help but shake his head slightly, thinking about this now was asking for trouble.

After all, it's not certain that it's your own body that's wrong yet, what if it's like what Xiao Yuxuan said, it's really because a small probability event didn't happen?

This is also a possibility!

So Ji Feng also did not worry too much, now thinking more is just asking for trouble, do not think about it .....

The first thing you need to do is to get a good idea of what you are getting into.

Ji Feng was immediately taken aback, he hurriedly asked: "Yu Xuan, what's wrong? Is it because of what I said about getting married to Lailai? This ..... actually you know, mainly because of that what ....."

Xiao Yuxuan this cry, Ji Feng can really panic, he can deal with the vicious and powerful transformation people, can go against the strong dynasty, but only do not know how to deal with women's tears, especially the tears of the women around him.

However, it was fine if he didn't say anything, but when he did, Xiao Yuxuan suddenly cried even harder, lying in her arms and whimpering.

Tong Lei, on the other side, actually followed suit and burst into tears, and Ji Feng suddenly got a big headache.

"I say, what's wrong with you guys here? Did I say something wrong?" Ji Feng hurriedly asked, "If I said something wrong, it was inadvertent, there's something to talk about ..... Okay, I'm wrong, don't all cry, okay?"

Chapter 1016

Looking at the two women whimpering, Ji Feng was confused by them, how come he was crying properly? Are you really worried that you can't have children?

Who knows, Xiao Yuxuan and Tong Lei were amused by his bewildered look.

Xiao Yuxuan hit him lightly and broke into laughter, "Nasty! Why are you so nice to us?"

Ji Feng was stunned: "I should be nice to you guys, but the problem is, now I really don't know where to be nice to you guys ..... Do you mean that I made you all fly into the sky with pleasure?"

“Bah!” The two women spat at him in unison, “Rascal.”

Ji Feng then laughed, “I really don’t know what you guys are talking about, can you make it clearer so that I also know what I’m good at and what’s wrong?”

“Forget it if you don’t know!” Xiao Yuxuan hummed delicately.

“That’s right!” Tong Lei also said from the other side.

Ji Feng was helpless, he shook his head slightly and laughed bitterly, “What the hell are you guys singing about?”

Xiao Yuxuan and Tong Lei’s pretty faces, both pressed against his chest, the two women glanced at each other and both saw the laughter in each other’s eyes, they instantly smiled heartily and buried their heads at the same time at Ji Feng’s neck, not speaking either.

Ji Feng couldn’t help but smile bitterly as he shook his head and said, “Alright, alright, let’s not talk about these unhappy things, it’s time to practice gymnastics.”

He was confused as to why Xiao Yuxuan and Tong Lei were crying and why they were laughing, but now that the two girls were not crying anymore, it was naturally no better.

“Didn’t we practice just now!” Xiao Yuxuan said.

Tong Lei also nodded beside her, “As long as you stick to it every day, you don’t always have to be so hard, right?”

“When did you practice just now, why don’t I know?” Ji Feng asked with a bad smile.

“Rascal!” Xiao Yuxuan pouted.

“You’re a big bad egg!” Tong Lei also followed suit. Both girls’ faces were scarlet and their beautiful eyes were filled with shame.

Ji Feng couldn’t help but heave a smile, of course he knew what Xiao Yuxuan and Tong Lei meant when they said that they had practiced aerobics just now. It was because when they were making love, Ji Feng would activate the bio-current in his body and guide the bio-current in their bodies, so that the bio-current would flow through their bodies, which was also equivalent to them practicing.

Only, that kind of guidance was guided through a specific part of the union between the three, that was the place where they were most intimate in contact.

It was for this reason that the two women were so intensely stimulated that they had no control over their bodies and could not help but let out loud moans of pleasure, for the biological currents flowing through the most intimate part of the union between them could be so soothing as to drive one mad!

If it wasn’t like this, with Han Zhen and Xiao Ying outside, they wouldn’t have screamed so loudly!

Now Ji Feng is deliberately pretending not to know, obviously molesting them ..... this bad egg!

However, that feeling, really comfortable oh!

Since the two women are not willing to continue to practice, then Ji Feng also do not force them, anyway, today is equal to practice, as long as the daily persistence.

The three of them then talked quietly, Xiao Yuxuan chatted about what she had learned at work, and Tong Lei also occasionally talked about some interesting things in school, but also very pleasant.

But in fact, what made the two women happiest was what Ji Feng had said before, and in their hearts, they were all looking back on it with great happiness.

In fact, what Ji Feng had said before really touched the softest part of the two women's hearts.

Especially what Ji Feng said, no matter which of the two of them was actually pregnant, they should first ensure that no harm was done to their bodies, and as for the other times, he bore it all, and moreover, he was genuinely heartbroken for them.

This kind of simple words from Ji Feng without any flowery words, from the heart, can move people the most.

Xiao Yuxuan and Tong Lei were so moved that they actually cried just now, not because Ji Feng had said something wrong that made them sad, but because they were touched by Ji Feng's words.

Perhaps in Ji Feng's view, it is only natural for a man to bear the consequences of anything, it is a responsibility and an obligation.

However, Xiao Yuxuan and Tong Lei knew that how many men could do such a thing nowadays? Anyone can say the words, but how many men can really do what they say?

But Ji Feng would do so because Xiao Yuxuan and Tong Lei knew his character.

In fact, if one really got pregnant, it would be Xiao Yuxuan who would be under the most pressure instead. She was neither married, nor was she acting as a mistress in the eyes of others in front of Ji Feng. If she really got pregnant, she wouldn't even know how to face her parents.

But Ji Feng's words made the pressure in her heart disappear without a trace, following such a man, what was there to worry about?

There was nothing to worry about!

Ji Feng had already taken everything into consideration for them and did not need them to have any worries at all, and the consideration was very meticulous, which was what touched them the most.

In fact, Ji Feng really just did what he should have done, I should say, he hadn't done it yet, he just considered it, but Xiao Yuxuan and Tong Lei were already touched to the core.

Because women are sensual creatures, their minds are very delicate. So, sometimes what women need is not necessarily the kind of life of gold and silver, but often a little sincere concern is enough to make their hearts cocoa and their bodies full of happiness.

As for the question of whether or not Ji Feng is fertile, it is not really in the consideration of Xiao Yuxuan and Tong Lei.

Although it may be a pity if Ji Feng really has problems in giving birth, what Xiao Yuxuan and Tong Lei focus on most is the care that Ji Feng gives to them, which is nothing compared to anything else.

However, Ji Feng didn't think so, if he really couldn't have children, then this life would be too fucked up, he decided to find out!

Therefore, as the night grew late and Xiao Yuxuan and Tong Lei fell asleep in happiness, Ji Feng's eyes were still wide open as he pondered over the issue of fertility.

When he thought about it, it seemed that he used to make love to the two women during their safe period, and if it was a dangerous period, they would seem to avoid that period on their own initiative. And recently, after Han Zhen and Xiao Ying both came, they made love much less often, so Ji Feng didn't pay attention to this aspect.

However, there was still some doubt in Ji Feng's mind, he would like to hope that it was really a small probability event that hadn't happened and that it was just a coincidence that Xiao Yuxuan and Tong Lei's stomachs hadn't reacted for so long.

But no matter what, there were still some doubts.

So, after half a day of fruitless pondering, Ji Feng simply closed both eyes and entered the training space.

"Master, welcome back." Ji Feng had just entered the training space when the intelligent brain greeted him, "Excuse me master, you have successfully broken through the training in the forest, do you want to start the next level of training now?"

"I'm not here for training today!" Ji Feng waved his hand and asked directly, "Wisdom Brain, there's a question for you."

"Master, please speak!" Wisdom Brain immediately said, it was becoming more and more human.

"Wise Brain, in the Gamma Galaxy, are there many people who practice bodybuilding gymnastics?" Ji Feng asked, and after thinking about it, he added: "I mean, how many people practice to my current level?"

"Yes master, according to the information in the database, all the super agents in the Gamma Galaxy are far above master in terms of training level." The intelligent brain said, "The number of such agents, there is no specific number shown, but according to inference, it should not be a few!"

"Yoo-hoo, you can even extrapolate? And should?" Ji Feng couldn't help but be amused, "Well then, based on your extrapolation, are there a hundred people in the Gamma Galaxy that are similar to my level of training, or exceed me?"

"Much more than that!" The intelligent brain said.

Only then did Ji Feng nodded and continued to ask, "Then, among those people, how many of them have children?"

"Almost all of them!" The wise brain said, "Their children, a lot!"

“..... What does that mean?” Ji Feng didn’t really react for a moment, “You mean, those people basically have children?”

“Yes, master.” The intelligent brain said, “According to the laws of the Gamma Galaxy, but anyone who is a super agent, or who has reached the third stage of practicing bodybuilding and above, can have multiple wives.”

“There’s such a good thing?” Ji Feng was stunned, and then said, “No, I’m asking about their children, what are you telling me about their wives for!”

“Master, after reaching the third stage and above, the human body’s genes will change, and the Gamma Galaxy calls this change, genetic optimization. People with optimized genes can have multiple wives because their offspring, too, will inherit this same excellent gene.” The intelligent brain said.

Ji Feng instantly lit up, “You mean to say that not only does practicing bodybuilding gymnastics not affect fertility, but it can also be eugenic?”

“Strictly speaking, yes!”

The intelligent brain explained in detail, “When genetically evolved people have multiple wives, their offspring will also increase, and these offspring have an advantage over ordinary people, they will be very good and practicing aerobics will be very easy, in the future they will likewise have multiple wives, in this way, as time goes on, the entire human genes will evolve! ”

“So that’s how it is .....” Ji Feng couldn’t help but be overjoyed, it seems that practicing bodybuilding gymnastics is not only not bad for procreation, but has many benefits, “What about the females?”

“Females can only have one mate!” The intelligent brain said.

“..... Who cares about having several spouses!”

Ji Feng’s face darkened, “What I’m asking is, if girls practice bodybuilding, it won’t affect fertility either, right? What I’m saying is that this woman who practices bodybuilding gymnastics has not reached the third stage and supports just stepping into the second stage, will this have an effect in terms of fertility?”

Chapter 1017

“Females and males are exactly the same, except that, according to the laws of the Gamma Galaxy, females can only have .....” Ji Feng interrupted before the intelligent brain could finish his words.

“Alright, alright, you don’t need to talk to me about the laws of the Gamma Galaxy, the laws there don’t govern me.” Ji Feng waved his hand with a smile and asked again, “Then with my current situation, there shouldn’t be any problems in terms of fertility either, right?”

“Master, your genes are already being optimised and have entered the third stage, your offspring will likewise inherit your excellent genes.” The intelligent brain said.

Ji Feng repeated the question a few more times, and only then did he finally feel completely at ease, according to the wise brain, practicing body building exercises only had benefits, not any disadvantages, and would not have any bad effects on fertility at all. It seemed that he had been overly worried before.

“It seems that the reason why Yu Xuan and Lei Lei didn’t get pregnant was indeed because the small probability event didn’t happen, and when they did it before, it was either during a safe period or it erupted in their mouths .....” Having gotten the desired answer, Ji Feng was overjoyed.

“Actually can also eugenics, this bodybuilding exercise is still a good thing, this time, buddy can really be rich .....” Ji Feng haha a smile, secretly said: “In the future, my children, will be the most excellent! ”

He himself was practicing aerobics and had already reached a certain level, which was considered very good. And Xiao Yuxuan and Tong Lei were also practising aerobics, and their progress wasn’t bad either, they had already started practising their second set of aerobics at the moment, so their children, how bad could they be?

“However, I don’t know how the practice is going at Xu Yuan’s place either.” It suddenly occurred to Ji Feng that he had taught the first set of aerobics to Xu Yuan before, but he didn’t care too much about it at the time, he just told her to practice it properly, now it seemed that it was time to take the time to go and take a look.

For Xu Yuan, Ji Feng had more than just sympathy, in fact, for this strong woman, Ji Feng was very fond of her. Moreover, since Xu Yuan had already followed him, they would definitely come together for real in the future, and Ji Feng would find a way to make Tong Lei and Xiao Yuxuan accept Xu Yuan.

Under such circumstances, it would be very necessary to let Xu Yuan practice gymnastics. In the future, they will likewise have children, which is Ji Feng’s intention, and then their children, likewise, must be very good to do, at least not worse than Xiao Yuxuan’s or Tong Lei’s children.

If not, then in the future, when these little ones are together, what will Xu Yuan feel in her heart when she has to see that her children are inferior to other children?

In fact, Ji Feng did not think about it, he himself has already reached the third stage, Xu Yuan even if she does not practice gymnastics at all, in the future their children will not be any worse, after all, the child will inherit his excellent genes.

After thinking about it, he asked again, “By the way, the children of those super agents you mentioned are better, how good can they be? Born as little superheroes?”

“Little superheroes?” The intelligent brain was stunned, seemingly not understanding the meaning of this term, it explained, “The offspring of super agents, with excellent genetic genes, they will be smarter than ordinary people, their bodies are more perfect and healthier ..... they will reach impact the third stage within a year, if they practice body building exercises. impact the fourth stage within three years .....”

“Okay, okay .....” Ji Feng hurriedly waved his hand and interrupted the intelligent brain’s words, frankly speaking, he was a bit struck, within a year to impact the third stage, what does that mean?

That is to say, the offspring of those super agents, that is, those little ones who have inherited excellent genes, can completely master the first and second sets of body-building exercises within a year, and master them very skillfully!

Only then would they be considered to have started hitting the third stage, and they would be capable of hitting the third stage!

“Poor me!” Ji Feng couldn’t help but secretly shake his head, but he had spent a whole year, dying of pain every day, suffering that inhuman torture under the compulsion of the intelligent brain, before he managed to master the first set of body-building exercises.

It took him another year to learn the second set of gymnastics, and that was because he had the first set as a foundation.

But isn’t it a bit too much of a blow for those little ones to be able to complete all of these in a year?

“Wise Brain, we’re not training today, I’ve already practiced while I was outside, so it’s kind of consolidating the foundation.” Ji Feng shook his head slightly and said, “When my physique is better again, I’ll come back to hit the next level of the third stage.”

“Okay, master!”

“Don’t send me off.” Ji Feng said humorously before he exited the training space, and after that, he exited the training space and returned to reality again.

Xiao Yuxuan and Tong Lei were sleeping soundly in his arms, but he had his eyes open and was vaguely excited.

Earlier, he was worried that his body would have problems in terms of fertility, but now he learned that his child would be great, and this contrast was indeed a bit big, sort of a big ups and downs.

Now Ji Feng, on the contrary, wanted a child!

Only, considering that neither Xu Yuan nor Xiao Yuxuan nor Tong Lei were suitable for having a child right now, Ji Feng still dismissed the idea.

“I don’t know if Xu Yuan wants it or not, but the two of them are only holding hands now, they haven’t even kissed, so if they want to talk about a child so early, will they be misunderstood as desperately wanting to sleep with someone?” Ji Feng thought about it and finally dismissed his intention to ask Xu Yuan if she wanted to have a child.

This was not a good question to ask.

But in the blink of an eye, Ji Feng suddenly thought of another question.

It is true that practicing gymnastics does not have a bad effect on fertility, but could it be that there are already problems with one’s own body?

Although I know that this is not very likely, but Ji Feng still decided, wait for time out, must go to the hospital to do a full body check, instantly check again check this aspect, do not have everything ready, but the body has problems, then really have no place to cry!

You know, if there is a real health problem, it’s not just a pity, it’s a great pity!

The actual fact is that if you’ve got a healthier, smarter, healthier and more powerful child than an ordinary person ....., who wouldn’t want that?

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

This night, Ji Feng had a dream, he dreamed that he had a group of children, all smart and cute, the daughter looked like her mother, beautiful as a fairy in the sky, the son looked like him, all bad boys .....

.....

The next morning, Ji Feng woke up early as a matter of habit. The two women's slippery and soft skin really made him not want to get up.

In the end, he gritted his teeth and got up.

It's not easy to form a good habit, but it's too easy to break a good habit. Ji Feng didn't want to live up to the saying 'A gentle place is a hero's grave', early to bed and early to rise is good for the body!

However, to Ji Feng's surprise, he had just finished washing up and walked downstairs when he saw Han Zhen and Xiao Ying busy making breakfast in the kitchen, which really surprised him.

How come in a trance, he seemed to be seeing Xiao Yuxuan and Tong Lei busy in the kitchen?

"Ah!"

At this time, Han Zhen suddenly let out a low cry as she saw Ji Feng and instantly her pretty face turned red with shame, panicking as she hurriedly turned away and pretended to continue making breakfast as if nothing was wrong.

However, her stiff body and that mechanical movement revealed her nervousness and shyness.

Xiao Ying next to Han Zhen also saw Ji Feng, and she likewise instantly tensed up, just a little better than Han Zhen, because she was already well acquainted with Ji Feng and the others, as if they were family, and now she was nervous and shy, just out of girl's instincts, but not embarrassed.

After all, no matter which girl it is, after listening to someone's living spring's palace in the middle of the night, there is no way that nothing will happen at all. If there really is a woman like that, she is either a seasoned veteran, or, she is trying to disguise herself as much as possible, or else she is just cold!

Ji Feng, however, just smiled slightly, it was okay for them to be shy now, when time went on, then they would slowly get used to it, and then it would be fine.

He just wanted to let Han Zhen and Xiao Ying know that this was his original face, neither too despicable, but not a completely decent man either. However, no matter what kind of person he was, he would certainly still treat them like family.

Only, he only did so in the hope that Han Zhen and Xiao Ying could get used to it, not wanting to make him have to make love with Xiao Yuxuan and Tong Lei in secret because of the arrival of the two of them, then what was the point of being at home too?

It was as if there were two guests living in the house!

"Get used to it slowly!" Ji Feng raised his eyebrows and secretly said in his heart.

Soon, Xiao Yuxuan and Tong Lei also got up, and when they ate breakfast, the atmosphere at the table was weird.

Xiao Yuxuan and Tong Lei pretended to look as if nothing was wrong as much as possible, but their faces, which were slightly red from time to time, still let them show their shyness inside.

The two of them ate some haphazardly and then hurriedly left the table, shyly not even daring to look at Ji Feng and the three of them, it was really hard for them.

Ji Feng looked secretly happy, while Xiao Yuxuan and Tong Lei gave him a shy and fierce white glance, and finally they were also happy.

Han Zhen and Xiao Ying, the two girls, were so cute.

Afterwards, Ji Feng drove to school with Han Zhen and Tong Lei, while Xiao Yuxuan still went to work with Xiao Ying at the headquarters of the Tengfei Group, and eventually they would have to meet, so Ji Feng knew very well that this shyness of Han Zhen and Xiao Ying should disappear soon.

The day seemed uneventful, at school it was still classes and dismissal.

However, at the end of the school day, Ji Feng received a call from his second brother, Ji Shaolei: "Third son, are you free? Come to the Spring River Moonlight Night, there are old friends waiting for you!"

Chapter 1018

"An old friend? What old friend?" Ji Feng couldn't help but be slightly stunned, "Second brother, say it more clearly."

"You'll know when you come." Ji Shaolei laughed, "Waiting for you to have dinner together in the evening, remember the address, don't go to the wrong ....."

"Remember, it's not just the Spring River Flower Moon Night Club, I'll be there!" Seeing that Ji Shaolei was not willing to say more, Ji Feng also stopped asking questions, but said with a smile, "Second brother, let's say it first, I don't come to any strange and weird things."

"Just don't worry, brother I'm not that kind of person, let's talk about it when you come." Ji Shaolei laughed.

Ji Feng hung up the phone with a smile, and only then was he relieved.

Of course he knew that his second brother Ji Shaolei was not that kind of dude, but now the problem was that with any old friends around, this socializing thing, that was really hard to say, there was no guarantee that a few people would end up raising any issues when their brains got hot, it was impossible to say.

A lot of wrongdoings, in fact, end up being because of a hotheadedness in the end, causing a situation that ends up being difficult to clean up, there are just too many such things.

So Ji Feng had to explain it in advance, otherwise it would be more or less unsightly to refuse it then.

The first thing you need to do is to say hello to Xiao Yuxuan and Tong Lei, and then Ji Feng sent Tong Lei and Han Zhen home, and then drove straight to the Spring River Flower and Moon Night Club.

The girls were slightly relieved, they were afraid that Ji Feng would ask to sleep with them again today, which would have been a real shame. They were still very shy when they thought about it all day.

While Ji Feng was out, they must go to bed early today so that he could only go to his own bedroom when he returned. Xiao Yuxuan and Tong Lei both secretly thought.

The first thing that happened was that Ji Feng wanted to continue the ridiculous life today, so that he could also let Xiao Yuxuan and Tong Lei leave their reserve behind as soon as possible, and also let Han Zhen and Xiaoying stop being so shy and adapt to the ridiculous life as soon as possible.

But Ji Shaolei's phone call undoubtedly made this plan of his a change of heart. Ji Feng decided that he must not stay out much longer today and come back early to save Xiao Yuxuan and Tong Lei both going to bed early .....

.....

The first time I came to this club, I was very familiar with it.

It was in this club called Spring River Moonlight Night that Ji Feng and Ji Shaolei met for the first time, and also, met Qin Shujie's ex-husband, who seemed to be called something like Zheng Haoyu or something, and Ji Feng didn't even want to remember his name.

Later on, when he heard Qin Shujie talk about some of Zheng Haoyu's doings, he was even more disgusted with this person, who was said to be a university classmate with Ji Shaolei and Qin Shujie, but later on Ji Feng didn't hear Ji Shaolei mention it, and he didn't bother to ask. After all, for that kind of rotten person, he really couldn't raise half an interest to pay attention.

But now when the Spring River Flower Moon Night Club was mentioned, Ji Feng subconsciously remembered Qin Shujie, that charming and mature woman who had a great attraction for men.

It is also from Qin Shujie that Ji Feng got his first bucket of gold through gambling stones, and more importantly, the subsequent meetings, when the Jardine House encountered robbers, Ji Feng helped out.

Especially Qin Shujie's sister-in-law, it is even more frowned upon, and Qin Shujie was also involved. Because of the bad behaviour of her sister-in-law and her elder brother, it caused Qin Shujie to get drunk in front of Ji Feng and pour out the bitterness in her heart, and the two of them even had a bit of an aromatic experience because of that one.

Of course, in the end, Ji Feng held it together, but that was an experience after all, and it was something that could not be erased in any way. So when you count carefully, there was quite a bit of entanglement between him and Qin Shujie.

"I don't know, that mature as if peach-like woman, what is she doing now, how is it ....." Ji Feng drove, couldn't help but shake his head slightly, his heart surprisingly rose a trace of melancholy, "at this time, Qin Shujie is it still spending all of her thoughts on her daughter and the company?"

He hadn't seen Qin Shujie for a long time, almost several months, and frankly speaking, he really missed her.

"Forget it!"

Once Ji Feng thought of this, he hurriedly shook his head again, "You already have three girlfriends now, so stop thinking about other things, now it's better to think about what can be done to get Xiao Yuxuan and Tong Lei to accept Xu Yuan ....."

Now Ji Feng is not doing nothing, in fact he has to do quite a lot of things.

For example, the powerful dynasty still exists, and, someone has their eyes on him, it looks as if they have to get rid of him before they can do so, and then again, the Wu family is still causing trouble everywhere, the matter of Rongpeng Group has not been solved, there are still almost two years to go before the change of term, will his father be able to take the throne smoothly, and then there is the question of how the Tengfei Group will develop, how it should be laid out in the future, and how it can realize its plans .....

And so on and so forth .....

The actual fact is that there are too many things that Ji Feng has to do, so he definitely won't allow himself to be so confused and get caught up in a personal relationship with a child, and, moreover, a personal relationship that is not at all certain.

Sometimes, one has to learn to be content and never be overly greedy, or else one day sooner or later, one will be propped up or choked to death!

Just .....

Although forcing myself to stop thinking about Qin Shujie, but in Ji Feng's heart, but always vaguely will think of this mature and beautiful woman, this feeling, it is really difficult to describe, but even more difficult to forget.

It's like, maybe you liked a certain girl when you were young, or you didn't talk about liking a certain girl, but you had a good feeling about her, or, you were rejected by any girl .....

The actual fact is that you'll be able to think of that girl's name, her face, and even the words she used to say, her lively and lovely nature, and her silly ways.

And, whenever you think of this, your heart will always ache vaguely. It's the kind of helplessness that comes with not being able to be together for whatever reason, and the heartbreak that comes with fate.

Of course, perhaps there are also people who will be at first hurt by a girl, or by a girl looked down upon, and then soar, but the heart will also occasionally remember, back then she was so high and mighty, eyes on the head, almost all look at people with nostrils, now she knows that she mixed so glamorous, will not regret?

..... This kind of as if venting thoughts, however, is completely different from Ji Feng's mentality at this moment.

Now, even if he sees Hu Xuehui again, he definitely does not have any vindictive thoughts, not because of open-mindedness, but because as one grows older, one's thoughts and mentality will change with it, and this is a kind of growth.

The company's main business is to provide a wide range of products and services to the public.

The first thing to do is to get a good grip on what's in front of you and then think about other things.

But Ji Feng didn't realize that when these thoughts flashed through his mind, it had actually indicated his attitude towards Qin Shujie!

During the time when he was thinking, Ji Feng also drove to the entrance of Spring River Moonlight Night, and after he parked his car, he quickly walked into the clubhouse. At the same time, he called Ji Shaolei again and asked for the box number, and then he arrived outside the box under the guidance of the waiter.

"San'er!"

As soon as Ji Feng knocked on the box, Ji Shaolei came out laughingly and patted him on the shoulder as they walked in together, "Look who's here!"

At this time, Ji Feng also got a clear look inside the box, only to see a handsome young man standing in the box looking at himself, full of smiles and looking very happy.

"Duan Peng?!" Ji Feng was slightly stunned, "You've come back from abroad?"

The man in front of him was no other than Ji Shaolei's former hairdresser, a Yanjing man who had also dealt with Ji Feng, Duan Peng!

Ji Feng remembered that Duan Peng had left the country a long time ago because he had offended the Qiao family, and he had sold all his properties in Mainland China, and finally gave himself a nice car, but he had rejected it.

This can be said to be almost a year old, right?

Ji Feng couldn't help but feel a little strange, Duan Peng was staying well abroad, why did he suddenly come back, did ..... something happen again?

"Young Ji!"

Duan Peng said with a smile on his face, "We meet again!"

"Yes, I never thought I'd see you again, to the point where it's really a bit of a surprise." Ji Feng smiled, sat down on the sofa next to him and asked with a smile, "Why are you back all of a sudden? Is it to visit your family, or ....."

"It's hard to say everything!" Duan Peng let out a long sigh.

Ji Shaolei smiled, "San'er, what to eat? Let's eat first and talk about anything later."

"I'll eat whatever I want, you and Duan Peng watch what you want!" He basically had no requirements for food, as long as he could eat and fill his stomach, that would be enough, as for whether the food was good or bad, that was just a different taste.

"Well then, I'm too lazy to order, just ask them to serve the set menu." Ji Shaolei smiled and threw the menu onto the table, casually ringing the service bell.

Soon, a waiter walked in, "May I ask what the few of you would like us to make?"

Ji Shaolei smiled and said, "Just a set meal."

The waiter immediately went out. In clubs like this, there are actually special methods to deal with difficult guests. In many restaurants, the biggest fear is that the customer will say, "Just a few dishes, as long as they are tasty," which is a problem.

What dishes are good? What is not good?

Guests like to eat what kind of taste, and people do not know .....

So generally when it comes to this kind of situation, the chefs in the club will bring out their best craftsmanship and will do it carefully, even though the guests may not really be difficult!

After a few people had chatted idly, the waiters had already started to serve the food with unspeakable speed.

Ji Feng, on the other hand, had been pondering about Duan Peng's sudden return and specifically looking for himself ..... What exactly did he have going on?

Chapter 1019

During the meal, Ji Shaolei finally spoke up, "San'er, in fact, this time Duan Peng came back, there is something to deal with, I thought about it, this still needs your help ah!"

Sure enough, there is still something!

Ji Feng couldn't help but secretly said, I told you, Duan Peng was staying abroad, now without a sign suddenly came back, and just came back to find Ji Shaolei and himself, there must be something, otherwise, even if he wanted to get together with friends, it should be to find Ji Shaolei, and should not call himself out in such a hurry.

Obviously, as second brother Ji Shaolei said this, Duan Peng had something to do, and it should also be related to himself.

"If I can help, then I will definitely try to help." Ji Feng smiled faintly, swept a glance at Duan Peng and said, "I wonder what exactly Old Duan has to do with?"

"Young Ji, let's not talk about anything else, I haven't thanked you for what happened last time, today I finally have the chance to thank you in person ....." Upon hearing Ji Feng's words, Duan Peng said to Ji Feng quite gratefully, "In the past, if it wasn't for you, I I'm afraid that if it wasn't for you, I would have been thrown into prison by some people for a reason, I was able to get to where I am today, thanks entirely to the help of young Ji."

Duan Peng knew very well that the reason he was able to leave the country safely was because Ji Feng had blocked the Qiao family's people, so that they didn't have the effort to deal with him.

If it wasn't for Ji Feng, the Qiao family's people would have made a move on him long ago.

He knew that the Qiao family had been eyeing his property for more than a day or two, and there was no reason for the Qiao family not to take a bite out of this fatty meat that was on the edge of their mouth.

Therefore, for Ji Feng, Duan Peng was indeed very grateful.

Although he understood in his heart that Ji Feng could help him because of Ji Shaolei's relationship, this gratitude was indispensable.

Ji Feng immediately waved his hand and laughed, "That's too much, friends should help each other, there's nothing to say."

In his heart, he was wary, he and Duan Peng were not too good friends, only that Ji Shaolei was involved in the middle, so he and Duan Peng could get involved, therefore, Duan Peng's thanks should be counted on Ji Shaolei's body.

It was just that the words had to be said in a better way.

"Old Duan, tell us about your problem, this is something that San'er might really be able to help with." Ji Shaolei said from the side.

Duan Peng then nodded and said, "Since Ji Shao is so righteous, then I'll talk about it ..... Actually, things have to start after I arrived abroad ....."

Ji Feng was quietly listening to Duan Peng's account, and gradually he understood the original story.

The actual fact is, Duan Peng was forced to do nothing at home because of the people of the Qiao family, and at that time, because the old man also protected the Qiao family, so that Ji Shaolei and others did not dare to do anything to the Qiao family, which left Duan Peng with no way back, and finally could only grit his teeth and leave and go abroad.

But to Duan Peng's surprise, when he arrived abroad, he found that it was a completely different world from the one at home.

There, there were some other rules, either explicit or implicit, but compared to his home country, he seemed to be more adapted to the rules abroad and was doing very well.

Although there are also forces that can cause problems, such as local gangs charging protection fees, official discrimination against Chinese and other problems. However, as long as you master the rules, it is not too difficult to get along.

Hearing this, Ji Feng couldn't help but shake his head slightly and said, "Actually, it's not quite true if you put it that way. The rules of any place are set up by people, so no matter which place you are in, as long as you understand the character and habits of the people in that place, and then understand the rules, you can basically mix it up ..... Of course, want to understand the rules, understand people's hearts and personalities, this is not an easy thing, this is not something that ordinary people can do. So the ones who can mix it up are ultimately the minority!"

"This is indeed the truth!" Next to him, Ji Shaolei immediately nodded and said, "This kid Duan Peng is a talent, he can make it anywhere."

"Shao Lei, you shouldn't laugh at me."

Duan Peng waved his hand with a bitter smile and said, "In fact, everyone understands the rules, the people over there, if you get along for a long time, then you can feel the heart and personality and so

on. The most crucial thing is to have the capital to start with, especially for us Chinese, it is even more important to have the original capital, otherwise, you don't have any say at all, and it is too difficult to mix up. If I hadn't taken a lot of capital with me from home, I'm afraid I would still be a poor man now!"

"Old Duan, you keep saying we Chinese ..... Which country did you go to anyway? Are Chinese so discriminated against?" Ji Feng frowned and asked.

"I went to Rice, the situation over there, if you guys don't go over there and see it for yourselves, you don't even understand it at all."

Duan Peng shook his head and said, "If you want me to say it, the Chinese are actually discriminated against in a good way, to put it in a more difficult way, our Chinese status is just a little bit better than those blacks, but it's just that little bit. So we can't even say we are being discriminated against, we are on a completely different level compared to those white people!"

"For example, if there's a dispute in business and their judicial authorities take a look at one of the parties is Chinese, then you'll have a lot of trouble with the lawsuit, either because there's not enough evidence or the conditions are not valid or something like that, there's a lot of reasons anyway, they just won't let you have your way so easily."

Duan Peng sneered: "In the perception of the rice people, we Chinese are still a bunch of yellow-skinned monkeys and a bunch of big fools, or rather, cash machines. The foreigners you see hanging around in our country all look like human beings, but in fact they all came to China to suck up money because they couldn't make it in their home countries anymore! People like them don't mean a damn thing in their own country!"

"Well, I've heard of that!"

Ji Shaolei nodded and said, "Frankly speaking, there is still a big gap between our country and those developed countries, even though our country's status in the international arena is gradually rising, but the gap is still big. It's also true that many of those foreigners who come to China to make a living can't make it in their country."

"The most annoying thing is that when people here see foreigners, it's as if they've seen their own fathers, and they're almost like praising them to the sky! They don't even think about what people are doing here!"

Duan Peng laughed coldly, "After seeing the outside world, I realised how fawning many people in our country are towards foreigners! But if you turn around and look at other people, they treat us just a little bit better than pigs and dogs, they treat us barely as human beings, but they are only a little bit better than pigs and dogs!"

With these words spoken, all three were silent for a moment. Jiangzhou is the pearl of China, an international metropolis, there are all kinds of people here, and everyone has seen them before, so they could understand what Duan Peng said and how he felt.

Imagine, people treat you like a dog, but you are licking your face in front of them, that kind of huge contrast, indeed makes people feel very uncomfortable.

“Although a part of the country has a serious mentality of pandering to foreigners, there are many people who are sober.”

Ji Shaolei said, “Frankly speaking, we can’t help but admire the kind of pioneering and adventurous spirit of foreigners, people may just be a small-time gangster, they dare to cross the ocean to fight, and then look at our people, there is indeed some gap compared to them, this is an indisputable fact!”

“Yes, as much as I don’t want to admit it, I want to say that our people are better and better than people from any country, but the facts are there, so that you have nothing to say, but to hold your breath in your heart!” Duan Peng shook his head and said.

“This is just a process of the country’s development, as our country’s status in the international arena continues to rise, this situation will gradually get better, look at the past, foreigners came to our country are plundering, then simply stopped coming, and now they are starting to come to make a living again, what does this show?”

Ji Feng laughed: “It shows that our country still has something to attract them! No matter if they come here, whether they are cheating or struggling, at least, it proves that our country is making progress year by year, then sooner or later, foreigners will come to our country and be so rushed that they can’t even be driven away, just wait and see, sooner or later there will be that day!”

“That’s right!”

Ji Shaolei laughed, “Anyway, I believe that sooner or later, our country will eventually become a place where everyone wants to be, and then we will discriminate against them too. ...”

The three of them burst out laughing, and the stifling atmosphere they had just felt was suddenly lifted. In fact, the three of them were a bit uncomfortable in their hearts, after all, the scenarios that Duan Peng said were too stifling.

“Alright, alright, let’s not be aq and masturbating here.” Ji Feng smiled and waved his hand, “We’ve been talking for half a day, but we haven’t even gotten to the main topic yet, Old Duan, go on with your story!”

Only then did Duan Peng realize that the topic had gone too far!

He immediately said, “I almost forgot the main matter ..... this year or so, I also considered to have established a foothold over there, business is slowly developing, once over there to participate in a chamber of commerce, I inadvertently ran into some people, the result is that the trouble began!”

“Oh?” Ji Feng could not help but ask: “Is it the rice people looking for trouble with you?”

“No. .... There were two or three Mi Guos and also two Asians.” Duan Peng shook his head and said, “But the most important thing is that one of the Asians, technically speaking, he is a Chinese, and you all know each other.”

“Who?!” Ji Feng asked at once.

“Qiao Gakai!” Duan Peng said, “Do you guys think I’m unlucky? It’s bad luck!”

However, Ji Feng's face changed abruptly and asked in a deep voice, "Old Duan, can you really be sure that the person you ran into is Qiao Gakai?"

Chapter 1020

"Old Duan, can you really be sure?" Ji Feng couldn't help but ask in a deep voice once more.

Duan Peng nodded slightly and said, "I might be wrong about others, but the Qiao family has driven me to the brink, that bastard Qiao Gakai, how would I not know him? Besides, back in Yanjing, we all hung out in the same circle, so although it's not that we had a good relationship, we definitely knew each other."

"In that case, the Chinese guy you met in Rice was really Qiao Gakai?" Ji Feng's eyebrows tightened.

"I'm completely sure that it must be him."

Duan Peng said with certainty, "At that time, I ran into him at a chamber of commerce in New York, and he was followed by a few foreigners and two or three other Asian faces, those few people I was not sure which country they were from, but Qiao Gakai, I couldn't be more certain."

"It seems that it should really be him .....", Ji Feng whispered to himself, his brows furrowed.

"At that time, after I ran into him at the Chamber of Commerce, although neither of us opened our mouths, that wolf-like gaze he had when he saw me could not have been more obvious." Duan Peng said with a gloomy expression, "Obviously, he recognized me too!"

Ji Feng nodded slightly and said, "Yes, when they tried to plot to take your property without success, but didn't expect to see you again a year later across the ocean, ten thousand miles away, it would be strange for him not to be moved ....."

"So that's when my troubles started!" Duan Peng said.

Ji Feng nodded thoughtfully, but his face was very unattractive.

Duan Peng had actually run into Qiao Gakai in Rice?

This news revealed by Duan Peng's words really took Ji Feng by surprise, and he couldn't even believe it a little.

If it wasn't for the fact that Duan Peng said it with such certainty and cited examples, Ji Feng would have really doubted if Duan Peng had mistaken the person!

But now he knew that Duan Peng was right, for an enemy who had once driven himself to the brink, how could he possibly be mistaken? I'm afraid that even if he didn't know himself, he wouldn't forget the face of his enemy!

Then, the person Duan Peng saw in New York should be Qiao Gakai!

"Why did Qiao Gakai go to New York in Rice again?" Next to him, Ji Shaolei couldn't help but ask.

“I don’t know!” Duan Peng shook his head and said, “But what is certain is that Qiao Gakai seems to be doing very well, those few people following him seem to be his men, or bodyguards. And he himself is also very pushy, he knows a lot of big rich people, and seems to have a good relationship!”

“This is really a salty fish .....,” Ji Shaolei sneered.

Ji Feng was thinking about something else, how in the end did Qiao Gakai get better?

Until now, Ji Feng still remembered very clearly that Qiao Gakai was injured by him and should be in the hospital now, how did he get to New York and still mix well?

You know, at the beginning, before Duan Peng left the country, he was worried that the Qiao family would make a move against him, making it impossible for him to even get on a plane, let alone leave the country. Therefore, Duan Peng sent word to Ji Feng through Ji Shaolei to ask him to escort him to the plane with a nice car and a portion of his estate as a reward.

It was also the night before Duan Peng left the country that Ji Feng took the initiative and really found Qiao Gakai, as well as the two elders of the Xuan Yin Sect.

As a result, those two elders of the Xuan Yin Sect were cleanly put down by Ji Feng, and Qiao Gakai was likewise seriously injured by Ji Feng. What’s more, Ji Feng had also left a backhand, and had cast some means on Qiao Gakai’s body, making it absolutely impossible for him to stand up again.

This was because before that, he had used bio-current to attack Qiao Gakai’s mother, Qiao Rong. According to the information obtained by Ji Feng, Qiao Rong had been lying in the hospital for a long time without being cured, and even after inviting many domestic and foreign experts, nothing could be done about it.

But then, somehow, Qiao Rong actually appeared alive and well again. Although Ji Feng and the others later speculated that this was because those two elders of the Xuan Yin Sect were both internal masters and it was by their hands that Qiao Rong was saved, but this was only speculation and had never been confirmed.

However, there was no doubt that Qiao Rong was healthy again, and it was an indisputable fact that Ji Feng’s previous tactics had not had the desired effect.

It was also because of this lesson that Ji Feng did not even hold back when dealing with Qiao Gakai and the two Xuan Yin Sect elders that time. On the premise of not taking their lives, Ji Feng used the interrogation methods of the Gamma Galaxy and injected bio-currents into their bodies, so that they could only be ravaged by bio-currents in their bodies for the rest of their lives!

Eventually, various parts of their bodies, as well as various functions, would be slowly destroyed, and they would only be able to die in pain.

Anyway, as far as Ji Feng knew, there was currently no technology, or any means to save them.

This result was also what Ji Feng wanted to see. It wasn’t that he was ruthless, but Qiao Rong had done something that had to be punished, and so did Qiao Gakai.

If it wasn’t for Qiao Rong, Ji Feng’s mother and son wouldn’t have been separated from their father, Ji Zhenhua, for more than ten years, and this pain, how could Ji Feng easily forget it?

Therefore, Ji Feng dealt a heavy blow to Qiao Gakai, who, according to reason, was still waiting for death on his hospital bed!

Instead of lying in a hospital bed, Qiao Gakai appeared in the New York Chamber of Commerce alive and kicking.

He had his minions with him and was familiar with the tycoon .....

The tactics Ji Feng had used on him didn't seem to have worked at all!

"San'er, there's something strange about this, didn't Qiao Gakai say he was seriously injured in the first place? How come it's still becoming a spirit now?!" Ji Shaolei asked strangely.

At the beginning, when Ji Feng made a move against Qiao Gakai and the two elders of the Xuan Yin Sect, he was the one who gave the information to Ji Feng to know where the three Qiao Gakai lived, so he was very clear about this matter, saying that they were 'seriously injured' was actually just a cover up, in fact they were injured by Ji Feng.

"Second brother, is there something you still remember, after Qiao Rong was injured by me at first, she was lying on the hospital bed for a long time, and then suddenly she was alive and well!" Ji Feng mused, "At that time, we didn't even know exactly what method she used to heal ....."

"Such a comforting thing, how could I possibly forget!" Ji Shaolei said, "But it's strange to say, she was lying on the hospital bed for so long, how many experts failed to make a move, how come she suddenly got well ....."

"What about the two Xuan Yin Sect elders?" Ji Feng suddenly asked.

Ji Shaolei shook his head and said, "I don't know. Ever since they were injured, they seem to have been picked up, and Qiao Gakai is also unknown, I heard that he was sent somewhere for treatment .....

Are you saying that our guess is correct and Qiao Rong's injuries were cured by that so-called Xuan Yin Sect?"

"That possibility can't be ruled out!" Ji Feng said.

It was already certain that the Qiao family and the Xuan Yin Sect had a very close connection, and when two elders from the Xuan Yin Sect came before, Qiao Rong, who had been lying on a hospital bed for so long, suddenly got better.

No one would believe it if they were to say that there was no connection in between.

"Then, in that case, Qiao Gakai was also cured by someone from the Xuan Yin Sect?" Ji Shaolei asked with a frown.

Ji Feng shook his head thoughtfully, "It's all hard to say right now, but we can't rule out this possibility .....

If their mother and son were really cured by the experts of the Xuan Yin Sect, then that means that the Xuan Yin Sect has capable people who can break my methods!"

"In that case, wouldn't the Qiao family have an incredibly powerful helper?" Ji Shaolei frowned, "But those two elders of the Xuan Yin Sect were both injured by you, they shouldn't possess such strength ah .....

no!"

Speaking of this, he suddenly remembered something and snapped his eyes towards Ji Feng, only to see that Ji Feng also looked over at the same time.

The two of them looked at each other and both thought of a possibility – this matter, could there be some connection with the dynasty?

Qiao Rong had an extremely deep relationship with the dynasty, that was already certain, and if the experts of the Xuan Yin Sect were also incapable of breaking Ji Feng's methods, then that only left the possibility that the dynasty had come to the rescue of their mother and son!

Ji Feng and Ji Shaolei exchanged a quick glance and both understood each other's meaning, the Xuan Yin Sect, the dynasty, and the one who saved Qiao Rong's mother and son, there must be one of these two!

Since the dynasty was involved, the topic could not continue now, the occasion was not right.

Therefore, Ji Feng immediately changed the topic, he laughed: "Sorry, the topic went off again ..... that what, old Duan, go on with your matter!"

Duan Peng was such a shrewd person, as soon as he saw the look on Ji Feng and Ji Shaolei's faces, he immediately realized that some words were not suitable for him to hear, so he immediately pretended as if nothing was wrong and continued to talk about the problems he had encountered.

"That is, after I met Qiao Gakai, my business suddenly ran into difficulties, not only were there more punks looking for trouble, but also the local triads, who suddenly increased their protection fees, and many of the clients I originally worked with, also defaulted on their contracts, however, they didn't compensate for the breach of contract either, I sued them, and the court pulled the wool over my eyes... .."

Duan Peng said, "I realised that the problem lies with Qiao Gakai! It just so happens that I contacted Shao Lei via email some time ago and learnt that the Qiao family has now completely fallen into ruin, so I wondered if I could come back."

"Of course you can come back, what's the trouble with that?" Ji Feng laughed, "The Qiao family is just an empty shelf now, you come back and do your voice, they can't do anything to you, what's the problem? Is it your nationality, or something else?"

"Coming back is easy, I'm holding a green card from Rice, but my nationality is still in China, this is all fine." Duan Peng said, "What I am worried about is that although the Qiao family has fallen, however, the people who want to deal with me are not reduced!"

"Oh?"

Ji Feng asked at once, "How so?"
