Chapter 1031

Ji Feng handed over the bottom, so that Ji Shaolei also followed and rested his heart, then he went to arrange the following things, such as, how to quickly in this night, the nature of the case to determine, so that the Wu family even if they are holding back in their hearts can not say anything.

You know, this matter Ji Feng is not going to pursue, but, whether the Wu family will stop, this is not something they can decide.

Therefore, it is now necessary to put things into practice as soon as possible and get the evidence in hand, such as the drug ingredients in the wine glass, the surveillance video obtained from the surveillance room, which comprehensively captured the entire process of Zheng Haoyu's drugging, when Wu Zhihe was present, he could not get away with it!

In addition, there is another more important thing, that is, the treatment of Zheng Haoyu.

This is what made Ji Shaolei the most vain. In fact, before this, although Ji Shaolei beat him up severely, he did not really want to deal with him severely, therefore, he only greeted the police, arrested Zheng Haoyu, taught him a lesson, and then the matter was settled.

It was precisely for this reason that Ji Shaolei did not allow Ji Feng to see Zheng Haoyu later on, it was really because Ji Feng's eyesight was too poisonous, this kid would know when he took a look with his eyes, although Ji Shaolei hit hard and hit harder, in reality, he hit all the thick parts, such as the back, chest and such places.

As long as they were not hit with weapons, they were basically just superficial injuries, and it was difficult to even break the bones. Of course, the only time Zheng Haoyu was beaten was when Ji Feng collided with him when he went upstairs and Ji Shaolei grabbed him and punched him a few times.

At that time, Ji Shaolei really did not show mercy, Ji Feng was watching, Ji Shaolei naturally would not show mercy, otherwise, once Ji Feng himself, then Zheng Haoyu will not be a matter of a few beatings, but a matter of how long he can survive!

Another reason was that Ji Shaolei was really furious at that time.

The two of them were good friends before Zheng Haoyu and Qin Shujie divorced.

But because Zheng Haoyu did that disgusting thing, actually in order to make money, to give his wife to others, such a person, Ji Shaolei can not afford, or not to be friends with this kind of person, or maybe one day will also be sold by him.

Now Ji Shaolei let him off the hook, just to return the favor he did at the beginning.

Of course, in this process, can no matter how can not let Ji Feng know, or who knows this guy will not suddenly change his mind, directly Zheng Haoyu again what wait for the end of death, that can be a laugh .....

.....

For the second brother Ji Shaolei's mind, Ji Feng also did not bother to think much about it, in fact, even if it is known that the second brother in this play of small means, Ji Feng will not have the slightest mind.

If a person doesn't even remember the love, then there's not much point in living.

At this point in time, only Ji Feng and Qin Shujie were left in the car, the atmosphere could not help but be a bit strange, Qin Shujie's beautiful eyes had a touch of shyness and a touch of shame, to name a few.

The atmosphere inside the car was even a little stagnant.

Ji Feng saw Qin Shujie's complicated expression in the rearview mirror, and with a secret sigh, he lit up a cigarette and smoked it.

Only when a cigarette was finished did Ji Feng open the passenger door and said, "Sit in the front."

"Huh?!" Qin Shujie was slightly stunned.

Ji Feng laughed: "What, you were never a strong woman in the past, why are you still dumbfounded now?"

Qin Shujie suddenly blushed slightly, but she didn't know what to say, she couldn't say, "I'm a bit nervous in front of you, that's why I'm like this!"

However, Qin Shujie still opened the car door and sat on the passenger seat.

Ji Feng smiled and said, "Where do you live? Let me give you a ride back."

"Ah?!" Qin Shujie's pretty face instantly flushed again and her heart trembled, "Send, send me home?"

"Did you drive yourself here?" Ji Feng asked.

"No, not .....,," Qin Shujie immediately shook her head, generally when she came out to socialize, she would either bring a driver or take a taxi out, because she would inevitably drink when socializing, and she always paid great attention to these details.

"So, you don't want me to drive?" Ji Feng asked again.

Qin Shujie's cicada shook lightly.

Ji Feng then smiled, "In that case, then I'll send you back directly, I remember, your home is in the villa area in the southern suburbs, right?"

He remembered that it was when Qin Shujie had taken him to a villa in the southern suburbs and had a drink together. It was also after that time that Ji Feng gradually distanced himself from Qin Shujie, because that time, something charming happened between the two of them and Qin Shujie showed some hints of something not quite right, which made Ji Feng not dare to mess with her recklessly anymore.

Because, he owed enough love debts already.

Ji Feng started the car and drove out of the underground car park of Spring River Moonlight Night.

He did not notice that when he said the southern suburban villa, Qin Shujie's complexion changed slightly and one of her hands subconsciously trembled, a flash of shame flashed in her eyes, but more than that, she was still hesitant.

"Ji Shao, you ....." A moment later, Ji Feng drove onto the main road, Qin Shujie suddenly spoke up.

"What do you want to say?" Ji Feng turned his head and asked with a smile.

Qin Shujie's pretty face became even redder, and she hesitated for a moment before saying, "Young Ji, can we, can we not go to the southern suburbs villa? I ..... Yao Yao is still at home, if I don't go back, she will definitely be scared alone ....."

"What the hell are you talking about?" Ji Feng couldn't help but laugh, "How come today you are speaking vaguely, I can't even understand, isn't the southern suburbs villa your home? Yao Yao is not at your home?"

"Not ....." Qin Shujie shook her head.

Ji Feng then laughed bitterly, he parked the car at the roadside, turned his head to look at Qin Shujie and asked, "Shujie, can you tell me clearly, what's wrong with you, if you have something difficult to say or something inconvenient to say it's okay, just say a place and I'll send you there!"

"Then, then I'll go home!" Qin Shujie said with some hesitation, "My home is in the Lake District ....."

Ji Feng then nodded and smiled, "Alright then, I'll send you there now."

He restarted the car and rushed over to the address Qin Shujie had said.

Qin Shujie was a bit apprehensive, her beautiful eyes looked at Ji Feng who was driving from time to time, but she wanted to say something again.

This strange state of hers made Ji Feng wonder, so he asked, "Shu-jie, do you have something to tell me?"

"You, you're not angry, are you?" Qin Shujie asked with some hesitation.

Ji Feng lost his smile and said, "What am I angry about?"

Qin Shujie then nodded and stopped talking, only looking sideways at the window, not knowing what she was thinking about.

When Ji Feng saw her strange appearance, he didn't say much because she didn't say anything even when asked before, so Ji Feng assumed that it was because she was a bit embarrassed, right?

After all, when the two of them talked on the phone at the Spring River Flower Moon Night Club, Qin Shujie's meaning had already been revealed, and now that the two of them were alone together, it was normal for a woman to be a little shy.

The time is now around 9pm and there are slightly less cars on the road at this time, but there is still some congestion, so Ji Feng is slowing down the car.

Seeing that Qin Shujie kept looking out of the car, Ji Feng smiled slightly, casually took a cigarette out of his pocket and asked with a smile, "Shujie, is it okay if I have a cigarette?"

"Mm!" Qin Shujie nodded and picked up the lighter from Ji Feng's hand, and with a snap, the flame danced.

Ji Feng gave her a surprised look, then smiled and let Qin Shujie light the cigarette for him, then he took a beautiful drag, and lowered the car window again, so the smell of smoke in the car was not so strong.

"Don't smoke so much in the future, it's bad for your health." Qin Shujie suddenly said in a soft voice.

Ji Feng was slightly stunned, then nodded and smiled, throwing the cigarette he had just lit out, "No more smoking."

Qin Shujie pursed her lips and smiled lightly, turning her head away again.

After a long time, she suddenly turned her head and said, "Ji Feng, I, I'm not disagreeing either, it's just ..... just that I'm not mentally ready for this, although, although I like you a lot, but ..... let's get together some more time, can we?"

"....." Ji Feng was silent for a long time, in fact, he really didn't understand Qin Shujie's words, but this time he was not pursuing the question, just slowly pondering in his heart, Qin Shujie suddenly became so strange and weird, and in her words, it seemed to reveal some meaning .....

The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet.

Once he thought about it, Ji Feng remembered something .....

The first time he and Qin Shujie had a drink at the southern suburbs villa, Qin Shujie seemed to have said that she did not live in that villa, that it seemed to be a certain rich man who was interested in her, because Zheng Haoyu wanted to give her to that rich man's matter was known by Ji Shaolei, and as a result, that rich man was so frightened that he gave that villa to Qin Shujie as compensation for the apology.

What's more, Qin Shujie only thought of the villa as a temporary station, it wasn't really her home!

However, this is where the problem lies.

The first time in the southern suburbs of the villa between him and Qin Shujie happened, they all know, just Ji Feng did not know that Qin Shujie was not actually drunk at that time, but this does not prevent the two had some charming ideas between them .....

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

—This is clearly to go to a room with Qin Shujie!

No wonder Qin Shujie had that reaction! Ji Feng was sweating furiously in his heart, sweating profusely .....

At the same time, seeing Qin Shujie's slightly shy and flirtatious stunning face, his heart couldn't help but jump wildly a few times, what Qin Shujie just said, she didn't disagree ..... If you can really have something with such a stunning beauty, it's definitely a great enjoyment ah... ..

## Chapter 1032

In the end, Ji Feng still sent Qin Shujie to his home in the Lake District, and although it was still extremely attractive to spend the night in the southern suburbs, Ji Feng squashed the idea.

He was not an animal that knew how to think with his lower body alone!

At the downstairs of Qin Shujie's house, Ji Feng looked at Qin Shujie's pretty face with a complicated expression and couldn't help but smile, "Go up! Yao Yao is waiting for you at home."

"Mm!" Qin Shujie nodded slightly and gave Ji Feng a deep look before turning around and going upstairs.

Ji Feng then smiled frankly and watched Qin Shujie go upstairs.

Only when Qin Shujie's figure was out of sight did Ji Feng turn around and get into his car, open the door and prepare to drive away. However, just at this time, Qin Shujie's voice suddenly sounded behind him.

"Ji Feng!"

"Eh?!"

Ji Feng jerked his head around, but he saw Qin Shujie standing at the entrance of the stairs, looking at himself slightly shyly, "Ji Feng, do you want to go up and have a seat?"

Ji Feng was slightly stunned and looked up at the one lit window upstairs, he hesitated for a moment before asking, "Would it be too intrusive? Yaoyao should be resting already, right?"

"It's fine, the little one should still be playing now, she usually doesn't go to bed this early." Qin Shujie said softly.

"Then ..... is fine." Ji Feng nodded his head.

In his heart, he was more or less apprehensive, going to a single woman's house at such a late hour, and there had been a little misunderstanding and a little ambiguity between the two just before this ..... wasn't this a little too that?

However, when Ji Feng saw Qin Shujie's slightly shy and flirtatious face, as well as the nervousness and some anticipation in her gaze, Ji Feng still nodded his head and agreed.

As long as he could hold himself well, then there was nothing to worry about.

Although Ji Feng doesn't think he is a willow who sits on his hands, but, at least his determination is not bad!

The community where Qin Shujie is located is of quite a good grade, and it is basically all high-rise buildings, with no multi-storey or small high-rise, which is a characteristic of many places in Jiangzhou.

As Jiangzhou's economy continues to develop, property prices are also soaring, and in a place where every inch of land is gold, there are high-rise houses everywhere!

When you walk into the entrance of the building, you can see an entrance lobby, and Qin Shujie pressed the lift.

In the lift, Qin Shujie's beautiful eyes flickered a little, not quite daring to look at Ji Feng, just lowering her head, just like a shy little girl, her gaze falling on the floor, not knowing what she was thinking.

Ji Feng also followed and looked down, and then looked at Qin Shujie's feet, and could not help but laugh: "The shoes are also very ordinary, why are you always looking down at the shoes?"

"No ....."

Qin Shujie's pretty face reddened slightly and she shook her head in a panic, "Ji Shao, just don't laugh at me, or I really won't have the face to see you ....."

Ji Feng then laughed, now this face shy look Qin Shujie, but rarely seen.

The Qin Shujie that I saw in the past was a mature 'woman' who was elegant and competent as well as slightly English, the Qin Shujie of that time, where would she be shy now?

The first time he met Qin Shujie, he was finishing his military training from the barracks and came out early, when he was molested by a pervert on the bus.

Later, the real pervert was punished by Ji Feng, and Qin Shujie knew that she had misunderstood Ji Feng, and after that, the two of them were considered to have officially met.

Subsequently, when Qin Shujie's daughter was bullied in the kindergarten, Qin Shujie again showed an incomparably tough attitude, not even caring that the other party was one of Ji Shaolei's people, and insisted on getting justice for her daughter, which let Ji Feng see the image of a mother who could do whatever she wanted for her daughter.

Later on, Ji Feng came into contact with Qin Shujie again, at that time she was, again, the boss of a jewellery company, the whole person was full of spirituality and wisdom, and of course, not less flirtatious and unparalleled charm.

Of course, there is later because of emotional bitterness, relatives snobbishness and make Qin Shujie incomparably miserable, drunk in front of Ji Feng .....

The only thing that is unique is that the current Qin Shujie is something that Ji Feng has never seen before.

Today's Qin Shujie is wearing a very simple dress, because summer has arrived, now Qin Shujie is wearing a white women's shirt, outside a crimson vest with some simple decorations, the lower body is wearing a pair of pencil trousers.

This simple dressing made Qin Shujie's voluptuous figure perfectly outlined, especially under that white shirt, there was a faint fragrance, as well as that plump bosom bulging high, propping up the shirt as well, it was almost as if it was about to break out, simply making it impossible to take one's eyes off it.

The bottom of her outfit was equally sexy and sophisticated in its simplicity.

Under the light-colored pencil trousers, there is no trace of the round, plump buttocks are tightly wrapped, arousing the imagination .....

This is clearly a full city stunner!

The only difference is that underneath the unbelievably beautiful appearance of this stunning woman, there is a sexy aura that can easily arouse men's desire!

This was the first time that Ji Feng had seen Qin Shujie in this form!

Frankly speaking, when faced with such a woman, no man can be unmoved at all, unless he is not a normal man.

Of course, Ji Feng was a normal man, therefore, his heart was also a little stirred.

This kind of plump and delicate body of Qin Shujie, if wrapped in the arms of wanton love and pity ..... that will definitely be a wonderful feeling enough to make people go crazy.

The actual fact is that in order to avoid yourself from doing anything embarrassing, Ji Feng changed the subject, although he has confidence in his own self-control, but that also depends on who the object is, like Qin Shujie such a body is full of temptation of the most beautiful woman, Ji Feng can not guarantee that he can sit in the womb without disturbance.

The actual fact is that you will be able to get a lot more than just a few of these.

What's more, Ji Feng to Qin Shujie, is not completely unmoved .....

But more than that, she was still shy.

After all, Ji Feng had previously proposed to go to the southern suburbs villa, and now it was just her and Ji Feng in this lift .....

"If Ji Feng makes any more affectionate gestures or actions, then will one refuse, or will one cater to?" To say that Qin Shujie's mood was also extremely complicated, she had already refused Ji Feng once, if Ji Feng made some moves again, what would Ji Feng think if she refused again?

The two of them would probably think that he had made a fool of himself and that Qin Shujie didn't mean it at all, and if they were rejected twice in a row, I'm afraid there would be no more possibilities between them.

What is Ji Feng's status? He is also a dignified and respectful person, and an excellent man, being rejected twice in a row by a woman in such an embarrassing situation, I am afraid he will never see Qin Shujie again in his life!

"But if you cater to ..... yourself" Qin Shujie couldn't help but be secretly distressed, "would that be a bit too shameless? A person, especially a woman, doesn't always have the courage to express her feelings, and may not have the courage after her pent up energy has given out ....."

In fact, Qin Shujie has another concern that keeps her from taking the initiative to stick it to Ji Feng again.

—she was a divorced woman with a child.

If she acted too active, or even a little slutty, would this evoke Ji Feng's association?

"If you're this active with me, a man you just got together with, then I'm afraid you were even more 'slutty' in bed with your ex-husband before ....., right?" Qin Shujie thought that it was possible for Ji Feng to think this way.

"But if I act conservative, what will he think?" Qin Shujie couldn't help but rub the corners of her eyes in distress, "I'm afraid he'll think, you even have a child, what kind of chaste and martyred woman are you still pretending to be in front of me? Am I that unworthy of your eyes?"

..... No matter what she did, it was not good!

But she really didn't want to miss such a destiny, it's really hard for a woman to meet a good man!

Qin Shujie, who has been emotionally traumatized, knows how to cherish it more, yet she is also a bit at a loss .....

"Shu-jie, what's wrong?" The first thing you need to do is to get a good idea of what's going on in your mind, and when he saw Qin Shujie rubbing the corners of her eyes, he thought she wasn't feeling well, "Shujie, did you get scared at the Spring River Flower and Moon Night Club earlier? Or is it that you are not feeling well?"

"No, it's not ....." Qin Shujie shook her head in a panic, but she didn't know how to explain.

"Dingdong~~!"

Fortunately, the lift arrived at Qin Shujie's floor, she then let out a sigh of relief and said in a panic, "Here it is, my house is just ahead ....."

Looking at Qin Shujie hurrying out of the lift, Ji Feng couldn't help but shake his head and smile bitterly, it looks like he might have really made a mistake in agreeing to come up and sit down, Qin Shujie might just be a polite word too .....

Or, he had made her too nervous.

"Please come in!" Qin Shujie opened the door to her room and let Ji Feng in, "I'm sorry, I don't have any men's slippers here, so you can make do with mine."

Ji Feng nodded and followed Qin Shujie into her home.

As soon as he entered, Qin Shujie took out a small and delicate compromise pair from the shoe cabinet and squatted down to take off and change Ji Feng's shoes.

Ji Feng hurriedly squatted down to stop her and said, "Shu-jie, it's better for me to do it myself."

"It's all the same!" Qin Shujie said in a soft voice, while skillfully untying Ji Feng's leather laces, putting on his slippers again, putting his leather shoes together and placing them in the shoe cabinet .....

## Chapter 1033

Looking at Qin Shujie gently changing her shoes for herself, Ji Feng had an inexplicable warm feeling in his heart, he even had an illusion as if the woman squatting in front of him was a family member who had lived with him for years .....

“Go sit on the sofa.” Qin Shujie put her shoes away for Ji Feng and couldn’t help but smile tenderly, “What’s to drink?”

Only then did Ji Feng come back to his senses, he coughed lightly and laughed, “Plain water is fine.”

“Have some tea.” Qin Shujie said softly, “Strong tea boosts your energy, you have to drive at night, you have to stay awake.”

Ji Feng nodded and smiled, “That’s fine, thank you very much.”

In fact, refreshing or not, it doesn’t mean anything to Ji Feng, even if he stays up for a few days and nights, he definitely won’t have any discomfort and his spirit will be just as good.

While Qin Shujie was pouring tea, Ji Feng took a look around.

He found that Qin Shujie’s house was not very large, it was a simple three bedroom house, but the arrangement was very warm, especially on the walls, sofa and coffee table, there were some cartoon images appearing from time to time, one could tell at a glance that there were children in the house.

Moreover, Qin Shujie obviously doted on her daughter, and this was a cosy little world for their mother and daughter.

Ji Feng’s gaze fell on the kitchen door again, through the woolen glass he could see that there were lights in the kitchen and there seemed to be some movement, there should be someone inside.

He couldn’t help but be stunned, there was someone else in Qin Shujie’s house?

“Creak-” a slight sound rang out, immediately afterwards, the door in the kitchen was pulled open and a middle-aged woman came out, seeing Ji Feng sitting on the sofa, she was slightly stunned and immediately became alert.

“This gentleman, you, who are you?” The middle-aged woman asked warily.

“Zhang Ma, this is my friend.” Qin Shujie walked over from the restaurant and smiled lightly, “Zhang Ma, is Yao Yao asleep?”

“Asleep, I’ve just cooked a snack for Yoyo, it’s warming up in the pot, so she can eat it when she wakes up in the middle of the night.” The middle-aged woman named Zhang Ma said.

“Zhang Ma, it’s really hard for you, it’s getting late now, you should also go and rest early.”

Qin Shujie said softly, “I’ll just take care of Yao Yao later.”

“Alright then.” Zhang Ma nodded her head and nodded at Ji Feng again before going to the guest room to rest.

Qin Shujie carried two cups of tea to the living room and brought a cup of tea and placed it in front of Ji Feng before explaining with a smile, "Zhang Ma is the family's nanny, from the countryside, she is very nice, very honest and generous, also very diligent, and very good to Yao Yao. Usually when I'm busy at work, Zhang Ma takes care of Yao Yao!"

"Finding a good nanny is indeed very important for the child." Ji Feng nodded and smiled. He had also heard that some nannies were bad-hearted, especially when the child was fussy, the nanny was impatient and could do anything.

It was not uncommon for nannies to abuse their children, or even kill them by accident.

This is especially true of babies who cannot speak and whose parents do not even know they are being abused.

This is why people who hire nannies usually try to find women from the countryside to be their nannies, because in comparison, rural people are still very generous and there are relatively few bad people.

"Actually, strictly speaking, it's better for children to stay with their parents, who can love their children more than their parents?" Qin Shujie shook her head helplessly, "Unfortunately, my work is just too busy and I rarely have time to spare to take care of Yaoyao, fortunately, Zhang Ma is very nice ....."

Qin Shujie's words were filled with apologies.

Ji Feng nodded and said, "Money can't be earned, it's better to spend more time with your child when you have time, you earn so much money, in the end, it's not to leave her a good foundation, right?"

"Also ....." Qin Shujie nodded and smiled lightly, "Ji Feng, you seem to have a lot of experience, huh?"

Ji Feng lost his smile and said, "What experience do I have, that is just a personal experience, in the past my family was poor, my mother had to earn money to support me and pay for my schooling, but no matter how busy she was, she would often take time to chat with me, when I was small she would play games with me, to this day I still have vivid memories!"

Qin Shujie's head nodded lightly, she hadn't heard Ji Feng talk about these things, but she hadn't thought that Ji Feng actually had such a past.

"By the way, how old is Yao Yao now?" Ji Feng suddenly asked.

"She'll be four years old after the New Year." Qin Shujie said.

"That means it's now three and a half years old .....", Ji Feng nodded slightly and smiled, "Little kids at this age are actually the most pestering to their parents, so take more time to spend with her."

Qin Shujie almost blurted out, "It's a pity that Yao Yao only has a mother and no father ....."

However, the words didn't come out in the end and she could only nod her head.

"Mom~~" just then, a faint call suddenly came, Qin Shujie immediately stood up and said apologetically to Ji Feng, "My daughter is awake, I'll go check."

Ji Feng also followed suit and stood up, and immediately afterwards, he saw a little dot come out of the bedroom. This little girl was wearing a pair of pajamas covered with flower dots and a pair of cartoon

style slippers on her feet, what made people laugh was that the little girl's slippers were the left shoe wearing the right foot and the little pajamas were also crumpled.

This little girl's white and tender hands rubbing her eyes, beaming her little mouth, wobbling out, sleepy-eyed and cute.

Ji Feng couldn't help but laugh dumbly, such a little girl, really endearing.

Qin Shujie hurriedly went over and picked her daughter up, kissing her twice: "Yao Yao, are you hungry?"

But the little girl shook her head and muttered, "I saw daddy, he said he would take me to the zoo, but suddenly he disappeared again ....."

Qin Shujie's body stiffened for a moment, and the smile on her face froze.

A moment later, she coaxed her daughter and said, "Yao Yao, you were dreaming, daddy went to a very distant place and it will take him a long time to come back ....., Yao Yao, Auntie Zhang cooked your favorite snack for you, will mommy feed you?"

"But I miss daddy, all the kindergarten children have daddy, but Yao Yao doesn't ....." the little girl's voice was clear and crisp, but in Qin Shujie's ears, it was so heartbreaking to her.

"Ee, daddy?" Yaoyao saw Ji Feng standing in the living room, immediately her little face was happy and her eyes widened at once, "Daddy is back!"

Sweat!

Ji Feng couldn't help but laugh bitterly, this little girl was sleepy-eyed and misread!

Qin Shujie was also quite a bit embarrassed, she hurriedly said, "Yao Yao, this is Uncle Ji Feng. Hurry up and call someone."

"Good Uncle Ji Feng." The little girl still knew how to be polite and called out sweetly.

"You too." Ji Feng smiled.

Qin Shujie then apologetically said to Ji Feng, "Ji Feng, my daughter likes to get up in the middle of the night and have a drink, so you wait for a while."

"You don't have to mind me." Ji Feng nodded and smiled, "I'm leaving here too."

"I'm really sorry about today, usually she wakes up after eleven o'clock, I didn't expect to wake up so early today." Qin Shujie said.

Ji Feng waved his hand and smiled, "It's okay, children, they may wake up at some point ....., you go ahead and get busy, it's getting late, I'm going back now."

"Uncle Ji Feng~~~" the little girl suddenly called out to Ji Feng, "Can you feed me something?"

"This child!" Qin Shujie immediately didn't know what to say, "Yao Yao, uncle has things to do, you can't pester uncle like this, understand?"

The little girl then pouted, "But I want uncle to feed me ....."

Ji Feng was instantly happy: "Okay, I'll feed you."

"Ji Feng, this ....." Qin Shujie could really be a bit at a loss, "You see this is really ....."

"What's the point, there's nothing to do anyway!" Ji Feng laughed. In fact, he also quite likes this little girl, very cute, look at that little nose and mouth, it is simply a shrunken version of Qin Shujie.

"Then ..... then I'll trouble you." When Qin Shujie saw that Ji Feng had agreed, she no longer insisted and placed Yoyo on the floor, went to the kitchen and served a bowl of congee and placed it on the dining table.

Ji Feng smiled as he picked up the little girl and placed her directly on the chair next to him, but who knew that the little girl would say, "Uncle, I want to sit here!"

The place she pointed to was Ji Feng's leg.

"Yao Yao, no fooling around." Qin Shujie scolded.

"Okay, no problem!" Ji Feng, however, laughed and held Yoyo on his lap, using a spoon to scoop up a bit of porridge.

"Uncle, you have to blow on it, otherwise it will be hot." The little girl said.

Ji Feng was really amused, this little girl really knew everything, "Okay, blow on it."

Sure enough, after blowing, the little girl ate very well. Qin Shujie was watching Ji Feng holding her daughter and feeding her just one bite at a time, and for a while, she was actually obsessed.

The bowl of congee was quickly fed, and Yao Yao patted her little tummy, "I'm full!"

Ji Feng laughed, "It's good that you're full."

Only then did Qin Shujie hurriedly go to wash the bowl, while taking advantage of this, Yao Yao was suddenly struggling to stand on Ji Feng's lap, with her little head leaning right on Ji Feng's shoulder.

"Uncle, can I ask you a question?" The little girl leaned next to Ji Feng's ear and asked in a small voice.

"Sure." Ji Feng smiled, "What kind of question?"

"Are you really not my daddy?" Little girl asked.

"Uh ....." Ji Feng hesitated for a moment, or shook his head, "No."

"You're lying, you are daddy." The little girl hummed petulantly, looking adorable, "On mommy's bed, there's still a picture of you, it's said on TV that mommy and daddy's pictures are together!"

"What?" Ji Feng was stunned, "What pictures?"

"Uncle, wait a minute!" Yao Yao climbed down from Ji Feng's lap again, stomped back to the bedroom, and ran out again a moment later, this time, she was holding a frame about two palms big, and handed it to Ji Feng.

“Uncle, look.”

Ji Feng was a little surprised as he took the frame, and when he saw the picture on it, he froze.

The little girl was beside him with her little face tilted up, staring at Ji Feng, and when she took a look at him, the little girl immediately said happily, “You are daddy!”

Chapter 1034

The little girl happily hugged Ji Feng’s leg and shook it for a while, “Daddy, you’re really daddy!”

Ji Feng was confused, looking at the photo in his hand, he likewise couldn’t help but have his eyes glazed over, and he didn’t know what he felt in his heart.

When Qin Shujie divorced Zheng Haoyu, I’m afraid Yao Yao couldn’t even remember anything, so it was understandable that she was mistaken, and Ji Feng wouldn’t think otherwise just because of the little girl’s name.

However, the photo in Ji Feng’s hand is something that Ji Feng can’t let go of, and even has an indescribable feeling.

The frame in Ji Feng’s hand is actually a folding frame, if you fold the frame up, it looks just about the same size as a folded up wallet, and there is a small steel ring at the fold, so it is very convenient whether you carry it around or hang it anywhere.

What made Ji Feng unable to look away was the photo inside the frame.

In fact, there were two photos inside the frame, one on each of the two folded sides.

On the photo, Qin Shujie was holding Yao Yao in her hands, and both mother and daughter were smiling brightly, which was just an ordinary life photo.

The key lies in that one photo placed on the other folio ..... that is actually Ji Feng’s photo!

This is what surprised Ji Feng the most and it is hard to explain, when did Qin Shujie have a photo of herself? What’s more, why did she put a photo of herself, opposite to the photo of her and her daughter?

In fact, there was no need to say much about what this meant, everyone knew what was going on.

Ji Feng looked at this photo of himself and was silent. Looking at the background of this photo, it seemed to be at a jadeite raw stone trade fair in Jiangsu and Zhejiang, where he seemed to be talking, and it was not taken directly opposite to each other, but slightly sideways.

Obviously, when this photo was taken, Ji Feng was not aware of it.

Ji Feng couldn’t help but shake his head and smile bitterly, secretly saying, “If this little girl Yao Yao hadn’t taken it out, I’m afraid I wouldn’t have seen this photo myself, and I wouldn’t ..... have understood Qin Shujie’s mind.”

He rubbed his forehead and sighed lightly, not really knowing what it was like in his heart.

Frankly speaking, he really didn't think that Qin Shujie, in private, would actually act in such a way, just such a photo was already enough to show Qin Shujie's heart!

"Daddy~~~!" The little girl stood on the floor, a pair of little hands clinging to Ji Feng's little legs, her little face full of joy, a pair of watery eyes, almost curved into a pair of crescent moon, looking adorable.

But what touched Ji Feng the most was the joy and anticipation on the little girl's face, the feeling of finally returning to her parents' embrace after a long absence, which immediately touched the softest place in Ji Feng's heart.

"Oh ....." Ji Feng smiled faintly, his body hand pinched the little girl's armpit, picked her up and let her sit on his lap.

"Daddy!" The little girl very happily snuggled in Ji Feng's arms, looking very happy, "Daddy, Yao Yao misses you so much oh, did you miss Yao Yao too, that's why you came back to see Yao Yao?"

Listening to her clear childish voice, Ji Feng couldn't help but laugh, reached out and scratched the little girl's little nose, laughing lightly, "Yao Yao, I'm not your daddy, didn't mommy tell you just now, I'm your Uncle Ji Feng, don't you remember?"

All of a sudden, the little girl's beautiful big eyes, which were originally curved into a crescent moon, were suddenly covered with tears, and her little nose was also red, a pair of little hands immediately tightly grabbed Ji Feng's clothes, and her little mouth was also skewed up, looking like she was about to cry, that little appearance, looked really aggrieved and lost.

Ji Feng hurriedly said, "Yao Yao, don't cry your nose, although I'm not your father, but I also love you the same."

But the little girl kept twitching her nose, her little mouth skewed, and only after a long time did she say, "Then can you be a daddy? Yaoyao misses her daddy a lot!"

"....." Ji Feng was a bit dumbfounded, and half a day he didn't know what to say.

The little girl's big beautiful eyes started to tear up, but a pair of little hands were clinging to Ji Feng's sleeves, refusing to let go of them.

"Yao Yao, do you really want me to be your daddy so badly?" Seeing the little girl's aggrieved and lost look, Ji Feng was more or less unbearable in his heart and finally opened his mouth to ask.

The little girl nodded her head vigorously, just like a little chicken pecking rice.

Ji Feng smiled: "Then how about this, if your mother agrees later, then I will recognize you as my daughter, do you think it's okay?"

The little girl, however, flashed her big eyes, as if she didn't understand what exactly Ji Feng's words meant.

"Squeak-!" The kitchen door was pushed open and Qin Shujie walked out while wiping her hands, casually asking, "What kind of recognition of a daughter, okay or something like that?"

Ji Feng laughed, "It's like this ....."

Who knows, before he finished his words, he saw Qin Shujie's face change violently, and then exclaimed, "Ah!"

Qin Shujie's pretty face was red, all the way to the roots of her ears, almost dripping with blood. Her gaze was fixed on the frame in Ji Feng's hand, her beautiful eyes were filled with shame and she looked so embarrassed that if it was possible, she really wanted to find a crack in the ground and burrow in!

"You, you guys ....." Qin Shujie's pretty face was red, her speech was not very sharp, stammering, "this photo how did you ....."

Ji Feng coughed lightly and laughed, "This is what Yao Yao took to me to see."

"This child, is really too naughty." Qin Shujie red pretty face, deliberately change the topic, "that what, I this also just home up no photo frame, last time is also suddenly came to the mood before some photos in the phone are washed out, just casually put inside ....." Yao Yao, eat a snack also don't pester uncle again, mum send you to to bed, OK?"

"I don't want to!"

The little girl pouted and gave a petulant hum.

"Disobedient again aren't you?!" Qin Shujie instantly glared at her beautiful eyes, "If you don't listen mommy won't like you anymore."

"I want daddy!" The little girl said in a delicate voice, but her little hand was clinging to Ji Feng's arm and just wouldn't let go.

Ji Feng smiled, "Shu-jie, I have something to discuss with you, it might be a bit presumptuous, I still hope you don't mind, of course, if you don't agree, then just forget I said it, okay?"

"What is it?" Qin Shujie couldn't help but be slightly stunned.

"It's like this ....."

Ji Feng hugged Yao Yao and smiled, "If you don't object, I plan to recognize Yao Yao as my daughter, I don't know if you agree?"

"What?!" Qin Shujie was stunned, she then realized that when she just came out of the kitchen, she heard something about recognizing her daughter and so on, it turned out that Ji Feng was talking about this!

"Of course, as I said earlier, I just think that Yao Yao is cute and I like her a lot, but if you don't agree, then just forget I said that." Ji Feng said.

"Of course I have no opinion!" Qin Shujie's face instantly showed joy, "It's a blessing for Yao Yao to be able to acknowledge you as her godfather."

"What godfather!" Ji Feng immediately let out a laugh, "That title also sounds too that, I'm not that old yet, in fact I just recognize her as my daughter, of course it's fine to say godfather."

"No problem no problem, as long as Yaoyao herself agrees, I can't be more happy!" Qin Shujie said joyfully.

“Good then!”

Ji Feng nodded and said, “From today onwards, Yao Yao is also my daughter. Of course, the formality is a bit simpler now, so when we find a suitable time, I will officially recognize Yao Yao as my daughter!”

“It’s not in the way, there’s no need to care about what’s formal or not.” Qin Shujie was overjoyed, she looked at her daughter Yaoyao who was leaning in Ji Feng’s arms and couldn’t help but say, “Yaoyao, from now on Uncle Ji Feng will be your godfather, hurry up and call someone.”

“Hello daddy!” Yao Yao said in a tender voice.

“Yao Yao, you have to call Godfather!” Qin Shujie said in a panic.

“What godfather or not, since Yao Yao likes it, then call it daddy!” Ji Feng harrumphed.

Qin Shujie immediately said anxiously, “How can this be, if your family hears about it later, it will be .....

“I recognized Yao Yao as my daughter, that was meant to be known to everyone.” Ji Feng waved his hand and smiled, “Since I’ve adopted Yao Yao, then you shouldn’t have so many worries, I know what I’m doing!”

Qin Shujie then stopped talking, and could only sigh lightly in secret, her heart filled with mixed emotions.

“Daddy!” The little girl also seemed to see that her mother had agreed, and immediately called out sweetly, while struggling up on Ji Feng’s body, standing on Ji Feng’s lap and giving him a peck on the cheek, looking very happy.

“Hey!” Ji Feng hugged Yao Yao and laughed, “So good!”

This little girl then giggled happily, but she didn’t know that after she called out this ‘daddy’, she would have a reigning godfather, and she would live her whole life under the shelter of this powerful arm of her newly recognized godfather!

And then, with Yao Yao as the happy girl, both Ji Feng and Qin Shujie laughed out loud from time to time, and the three of them talked until the early hours of the morning, before the little girl started yawning and got sleepy again.

Ji Feng also got up and said goodbye, refusing to let Qin Shujie see him off as he smiled and left in stride.

Watching from the window as Ji Feng drove away downstairs, Qin Shujie’s eyes flashed with a complex look and she couldn’t help but murmur, “What kind of a heart are you .....

For Ji Feng’s action, Qin Shujie was touched, Yao Yao had lacked fatherly love since she was young, every time she picked her up from kindergarten, listening to her little mouth muttering that other children’s dads came to pick them up, Qin Shujie couldn’t help but feel her heart like a knife, but there was nothing she could do about it.

At least, there was no longer any relationship between her and Zheng Haoyu, and it was impossible for them to get back together.

But if we talk about finding a new father for her daughter .....

## Chapter 1035

Qin Shujie couldn't help but slightly want her head, if she wanted to find a new father for Yao Yao, it would be too easy.

Although she has now had a child while divorced, however, there are definitely not a few men who have chased her, and some have even outright said that they like children very much and that she is better off with a child .....

Of course, there are definitely some of these people who have other intentions, but there are indeed some very sincere ones among them.

As for whether they really like children, Qin Shujie is not in a position to say right now.

So, first of all, even if it was just for the sake of Yao Yao's future life, Qin Shujie would not find a man so easily. After all, nowadays, people's hearts are separated from their bellies, and no one knows what kind of purpose he actually has in mind.

Of course, there are also some big bosses who think they are very rich, and even say to Qin Shujie directly, "Isn't it just you two mothers? I'll support you!"

To such people, Qin Shujie simply ignored them.

However, no matter how strong Qin Shujie's backbone and how self-reliant she was, the fact that her daughter had no father was unchangeable.

Therefore, when her daughter asks from time to time when her father will return, Qin Shujie does not know how to answer, and can only find a random excuse or think of an excuse to trick her daughter.

But in reality, why would she not want her daughter to grow up quickly in a sound family?

But the reality of the situation made her hope only a hope.

Qin Shujie's feelings for Ji Feng are conflicted in this area. She can express her feelings by using her body as bait to give Ji Feng a reason to deal with Wu Zhihe and Zheng Haoyu.

However, when Ji Feng really proposed to go to the southern suburbs villa together, Qin Shujie was a bit conflicted and did not dare to agree to it in one breath.

The reason is that she is not alone now, but is dependent on her daughter. She cannot just consider herself, but also her daughter's feelings and the way Ji Feng treats her daughter.

A young and talented young handsome man like Ji Feng, who also comes from an extremely noble background, would accept himself because he is still considered to be of outstanding appearance. But could he still accept himself with a daughter?

These were all factors that Qin Shujie had to think about, and they were also the things she was most worried about.

But just now, Ji Feng's heartfelt love for Yao Yao made Qin Shujie's heart breathe a long sigh of relief and her heart was touched.

She could clearly feel that Ji Feng genuinely liked Yao Yao, and this was evident from the way Ji Feng looked at Yao Yao.

This time, Qin Shujie was really relieved.

However, at the same time as she was relieved, she had some feelings of worry in her heart, whether her previous rejection of Ji Feng would make him think something else in his mind.

For example, he thought that he didn't really like him, but only .....

.....

At this time Ji Feng is unaware of Qin Shujie's complicated feelings, he drove on the road, his heart is still a little embarrassed, because before he took the liberty of proposing to go to the southern suburbs villa with Qin Shujie, in fact there was actually another layer of meaning in those words, it was really embarrassing.

If Ji Feng really wanted to have an intimate relationship with Qin Shujie this evening and was rejected by Qin Shujie, then he wouldn't be so embarrassed, wanting to do something bad but failing to do so.

But the problem is, Ji Feng really didn't think in that direction!

It was precisely because of this that Ji Feng was embarrassed.

However, when he thought about the fact that he had recognized a daughter, Ji Feng's mood got better. Thinking about that cute little girl, he couldn't help but smile, and actually felt a sense of being a father.

In the twinkling of an eye, he felt that he had grown up and become a real adult!

In fact, it was only until this time that Ji Feng felt like a real man and, moreover, he felt that the responsibility on his shoulders had grown a few points heavier.

If it was Ji Feng's responsibility as a boyfriend to give Xiao Yuxuan and the girls happiness, then now, he had a responsibility to enable his children to live a better life in the future and how to be able to shelter them from the rain.

These were two completely different feelings that people who didn't have children couldn't really experience.

"I've become a father too ....." Ji Feng couldn't help but shake his head and smile as he took out his mobile phone and dialed his second brother Ji Shaolei's number.

"Hey, San'er, why are you calling at this time?" Ji Shaolei felt a little strange, it was already 1am, he had slept through the night, but Ji Feng had never called at this time before.

"I've become a father!" Ji Feng said.

"What?!"

Ji Shaolei was so surprised that he almost didn't bite his tongue, he instantly lost all his sleepiness and sat up from the bed: "San'er, what did you just say? Am I dreaming, or are you just talking nonsense because you've fallen asleep?"

“Nothing!”

Ji Feng harrumphed and said, “It’s you who’s dreaming ..... So what, how is Wu Zhihe’s place being handled?”

“What’s your kid’s name, why are you being quaint today?” Ji Shaolei asked strangely.

“You heard wrong!” Ji Feng said.

Ji Shaolei laughed, “Okay, okay, I won’t talk to you anymore, Wu Zhihe has been sent to the hospital, the doctor has examined him and said that there is nothing serious, it’s just a superficial injury, just a few broken ribs and sternum, it will take about two months to heal.”

“Two months?” Ji Feng couldn’t help but frown slightly, “The time is too tight, isn’t it?”

“What do you mean?” Ji Shaolei was stunned.

Ji Feng laughed, “It’s nothing, I just said it casually, right, how is Zheng Haoyu’s place being handled?”

“How else could it be handled, it was also sent to the hospital, however, that kid has nothing too serious injuries, he will be cast to prison in a few days.” Ji Shaolei frankly admitted that he had sheltered Zheng Haoyu, there were some things that Ji Feng would know sooner or later anyway, it was better to say it sooner than later.

The only reason why Ji Shaolei didn’t say it before was because Ji Feng was angry at that time, if Ji Shaolei said it at that time, he was really afraid that Ji Feng would just destroy Zheng Haoyu in a fit of anger, then this favor that he owed Ji Shaolei would never be repaid.

Saying it now would be nothing, and I thought that now Ji Feng’s anger had subsided, he would definitely be able to think calmly.

“Humph! That’s cheap for that kid!” Ji Feng couldn’t help but coldly snort, “If it wasn’t for the sake of you and Qin Shujie, I’d put that ..... forget it now, let’s not talk about that, second brother, Wu Zhihe there as long as he doesn’t pester anymore, just leave him alone, this matter will be treated as if it never happened, I think how much more capable the Wu family is, they I don’t think the Wu family will dare to spread the word!”

“They dare not!” Ji Shaolei coldly snorted, “Unless the Wu family is really shameless, otherwise, they will find a way to suppress this matter, or at least try to eliminate the impact ..... I think that other than Wu Zhihe, other people from the Wu family should not be so stupid, right?”

Wu Zhihe ran to Jiangzhou to set up Ji Feng, and then was beaten by Ji Feng, if the Wu family still pestered, it would be a bit of a stomp, the Ji family is not a weak lamb that is at the mercy of others!

In fact, if the Wu family was smart, they would have reprimanded Wu Zhihe, not to mention pestering him. After all, although the Wu family and the Ji family are at loggerheads and no one can say anything about the tactics used, using such tactics to drug someone’s woman would definitely be a huge blow to the Wu family’s reputation if word got out.

To steal someone’s woman, you have to be able to do it!

What's more, robbing someone's woman and wearing someone's broken shoes, in fact, if this is put in the context of a struggle, it is also considered an underhanded tactic.

If Wu Zhihe was smart enough, he shouldn't have used this underhanded way of drugging, he could have studied Ji Feng's tactics and diverted Ji Feng's relationship with his woman to distract him from his energy .....

Unfortunately, Wu Zhihe's arrogance and ignorance made him not think of this at all.

"Second brother, you should still try to send someone to keep an eye on Wu Zhihe, and once he is discharged from the hospital, you should inform me immediately!" Ji Feng said.

"Don't worry, I have it in mind." Ji Shaolei complained, "You called in the middle of the night and talked a lot of nonsense, I still need you to dictate these things, huh? All right, I'm going to bed!"

Ji Feng laughed, "Second brother, remember to stick to practicing aerobics."

"Don't worry, in order to marry your sister-in-law home sooner, I'll stick to practicing too!" Ji Shaolei laughed harshly.

After closing the line, Ji Feng couldn't help but ponder, "Wu Zhihe's sternum and ribs are broken, it will take another two months to heal?"

He frowned slightly, this was something he had not expected. At that time in the Spring River and Moonlight Night Club, he was really almost faint with anger before he beat up Wu Zhihe severely, but he didn't expect that he had actually broken his bones!

However, in that case, it would take two months for Wu Zhihe to recover, and he had only just recovered, and the bio-current that was hidden in his body would explode, and by then anyone with a little bit of brain would think that Wu Zhihe's death was definitely inseparable from Ji Feng.

This was where Ji Feng had been negligent!

So what he could do now was to monitor Wu Zhihe's every move, as long as Wu Zhihe's recovery took too long, then Ji Feng would immediately change his strategy or find a way to contact Wu Zhihe once in order to prolong the time the bio-current was hidden in his body .....

"Wu Zhihe ....." Ji Feng's arm was resting on the car window, playing with his phone, and then he shook his head slightly, "No matter what, I won't let you leave Jiangzhou alive!"

Ji Feng secretly cold hum, Wu Zhihe this person seems to be gentle and elegant, but in reality, this guy is a mad dog general character, specializing in doing some stupid things, and it is such a person that can spoil big things at critical times!

Even this time, he had fallen in Jiangzhou and was definitely not willing to do so, so it was not possible for him to come back to cause trouble again in a short time.

Ji Feng didn't have the patience to keep pestering him!

Chapter 1036

Clatter~~!

A mirror was shattered to the ground in a ward of Jiangzhou First People's Hospital.

"Take it away, take it all away ..... cough cough!" Wu Zhihe's eyes were red and he gasped violently, which in turn tugged at the wounds and broken bones in his chest, causing him to burst into a violent cough of pain.

The two little nurses next to him were so frightened that they hurriedly gathered up the broken mirror on the floor, and then one nurse said, "Take a good rest first, your bones are broken, you can't do strenuous exercise, you must be careful, otherwise it's not good for the bones to regenerate and heal."

After saying that, the two little nurses hurriedly and quickly left.

When they walked out of the ward, there were two policemen guarding the entrance, of course, it would be more appropriate to say guarding. Because these two policemen, were the ones who came over to watch over Wu Zhihe.

Although Ji Feng does not intend to pursue Wu Zhihe's responsibility anymore, but Ji Shaolei still wants to disgust the Wu family, or at least let the Wu family know that their old Wu family, Wu Lao Er, is actually legally responsible, we do not pursue, that is our generosity, not that Wu Zhihe is not responsible!

"This man is really fierce, he should be a felon!" After walking out of the ward, a nurse patted her chest and whispered.

"Exactly!"

Another young nurse also said with contempt, "He looks so good-looking and so young, but he turns out to be a big hooligan. It seems that you should never look for a boyfriend like this in the future, you have to look at the character before you do."

The two policemen at the door looked at each other and both could not help but smile.

One of the policemen said, "You don't have to be afraid, with us here on guard, he wouldn't dare to mess around! If he loses his temper with you guys again, then you tell him that if he doesn't rest properly, his bones won't be able to heal and there's a good chance that he'll be left with after-effects in the future!"

The two little nurses lit up and nodded their heads at the same time.

This was indeed a good idea, if the bones grew crooked, let's see how he can still be arrogant!

"It's still you cops who have more ways to deal with bad guys." A young nurse said admiringly.

"Yes, you guys are awesome!" Another little nurse also said.

The two policemen were instantly delighted by the compliment. In the past, all they had heard were bad remarks about the police, something about how having a good dog was much better than them and so on, but now that they were praised by two pretty little nurses, they were naturally very happy.

"Don't worry guys, we'll definitely keep an eye on that rascal inside, and we definitely won't let him mess around again." The two policemen instantly felt a sense of pride.

But they did not know that the door of the ward was not too soundproof, and their conversation was clearly heard by Wu Zhihe on the hospital bed inside.

Forced to hold back the anger and suffocation in his heart that was about to vomit blood, Wu Zhihe couldn't help but grit his teeth and secretly said, "Ji Feng, Ji Shaolei, and that bitch Qin Shujie ..... you actually dare to do this to me, I will definitely not let you go, I want you all to die!"

Thinking about when he looked in the mirror just now and saw that his face actually looked like that, Wu Zhihe simply wanted to eat Ji Feng alive!

At this moment, Wu Zhihe's appearance was indeed very odd and comical, and could even be said to be very ugly.

His face, which was originally gentle and clean-shaven, was now swollen like a pig's head, and Ji Feng had hit his face so hard that the swelling would not go down in a short time!

What's more, the injuries on Wu Zhihe's face could not be left unattended, as Ji Feng's force was too great, and almost all of the muscles on Wu Zhihe's face were badly damaged. In this way, the hospital would have to take some treatment measures if he wanted to avoid the kind of long-term bruises and scars on his face in the future.

As a result, the current Wu Zhihe was coated with all kinds of ointments, red, yellow and purple ..... At this moment, his face was simply more wonderful than those big flower faces singing on the stage!

After Wu Zhihe woke up from his coma, he felt that something was wrong with his face, but after looking around, he did not find a mirror in the room, so he held back his anger and asked the nurse to bring him a mirror, because at that time when he was beaten, he was aware of how badly his face was beaten.

However, he didn't expect that the face he saw in the mirror was even more miserable than he had imagined, and the guy in the mirror, who looked like he had a ghostly face and was swollen like a pig's head, was actually him!

In a flash, Wu Zhihe slammed the mirror on the ground, he was so angry, he was about to explode!

Usually, he was most satisfied with his looks and his smile. But who knew how long he had practiced just to learn his big brother's smile and to make himself look less like a playboy, before he developed this smile and habit?

But now, under Ji Feng's violent fist, his face and his smile were turned into a joke!

What Wu Zhihe was most proud of had been broken alive by Ji Feng, so how could he not hate?

But the angrier he became, the more easily he tugged at his broken ribs and sternum, which made him both painful and extremely atmospheric, a stifling feeling that could not be described in words.

It can be said that Wu Zhihe, as a person, was actually living a very empty life, or even sad.

Because that outward poise and gentle smile, the thing that Wu Zhihe valued most apart from his status, was now ruined in Ji Feng's hands!

This was like Ji Feng personally destroying Wu Zhihe's spiritual pillar, and now all that was left of Wu Zhihe was such an identity as the second son of the Wu family. If even this identity was gone, Wu Zhihe wouldn't know how to live!

From this, it seems that apart from his external appearance, manners and the identity he was born with, Wu Zhihe has nothing on the inside, which cannot be said to be a sadness.

But while Takeshi and Takeshi are not currently aware of this, he knows that he is extremely angry.

So, in his full fury, Takeshiwa gritted his teeth and demanded revenge!

"Well!"

Takeshi and turned slightly sideways, and at once the pain in his chest and ribs made him stifle a cry, but he gritted his teeth and picked up the mobile phone that was placed by his pillow and dialed a number.

"Chiho?" A woman's voice came over the phone, "How are things going? Is that old thing Rongpeng willing to hand over all his shares?"

"Yuxiu, I'm in Jiangzhou now!" Wu Zhihe let out a muffled cry.

"Huh? Zhihe, why have you gone to Jiangzhou?" Zheng Yuxiu was slightly stunned, "Didn't you go to negotiate with Rong Peng? I'm still in the hotel in Nan Yue ....."

"Let's not talk so much about that first!"

Wu Zhihe gritted his teeth and said, "I had a little clash with Ji Feng in Jiangzhou, this son of a bitch actually dared to make a move on me ..... This way, I can't conveniently go back now, you immediately contact Rong Peng and tell him that I only give him a week's time, so that he can get all the equity transfer agreement are ready, remember, is all the equity, if he agrees to hand it over, then he and his family can live in peace, if not ..... his son can still be in jail!"

Zheng Yuxiu was suddenly taken aback: "Zhihe, is something wrong? Didn't I say before that I wouldn't step in? How come ....."

Some time ago, Zheng Yuxiu and Wu Zhihe and several other people went to Nan Yue together, looking for Rong Peng to negotiate about the handover of equity. But because Zheng Yuxiu and Rong Peng are still related, no matter how she treats Rong Peng, but Rong Peng's wife is her aunt after all, she doesn't want to go looking for scolding.

This is why Wu Zhihe let Zheng Yuxiu play around in Nan Yue while he took his men to negotiate with Rong Peng.

Now that Zheng Yuxiu was suddenly asked to go and negotiate with Rong Peng, it made her a little reluctant.

"If you don't step in who else can step in?! I'm now lying in the hospital after being beaten by that bastard Ji Feng, should I still get up from my hospital bed to negotiate with Rong Peng?" Wu Zhihe cursed angrily, and the intense pain caused by the wound caused his face to twist a bit, "Just tell Rong Peng directly as I just said, it's only a week's time!"

“Huh? Zhihe, you, you’re in the hospital?” Zheng Yuxiu instantly panicked, and was just about to say something when he was interrupted by Wu Zhihe.

“Don’t talk so much nonsense, do as I say!” Wu Zhihe said angrily.

“Fine, fine, I, I’ll go now!” Zheng Yuxiu hurriedly said, but in her heart she was furious beyond measure, her position in Wu Zhihe’s heart was still not as good as Rong Suyan’s!

When Rong Suyan was still by Wu Zhihe’s side, Wu Zhihe had never yelled at her.

But now, he can yell at himself any time he wants .....

“Rong Suyan, even if you leave me you are still no better than you!” Hate was thick in Zheng Yuxiu’s heart, “Since that’s the case, then I’ll let stomp you out for eternity!”

And this side, after Wu Zhihe hung up the phone, there was a cold glint in his eyes, “Ji Feng, when I take over the Rong Peng Group, see how I will cure you!”

.....

“Ah-choo!”

Ji Feng, who was in class, couldn’t help but touch his nose and couldn’t help but mutter secretly in his heart, “Who’s talking about me behind my back again?”

He didn’t think he had caught a cold, he really hadn’t known what it was like to catch a cold since he started practicing aerobics. So it was obvious that someone must be talking about himself behind his back now.

Ji Feng thought about it and wrote a few names on the paper: Qiao Gakai, Qiao Rong, Wu Zhihe .....

He deliberated for a moment more and wrote down another name: “There’s also a little gongzi!”

Classes are also idle and boring, so Ji Feng mulled over some of his current opponents, as well as those few enemies, things that need to be sorted out properly!

Chapter 1037

Ji Feng carefully thought about it for a while, as far as he was concerned, the opponents he had to face were really quite a lot.

For example, the Wu family and the Rongpeng Group, two forces, one in the political world and one in the business world, together can explode with energy that is absolutely frighteningly large, which is a powerful opponent.

The Wu family in the political world, with Ji Feng’s current strength is not yet able to deal with, after all, he is not enough power in the political world, he can only through his father and second uncle them, to circumvent the Wu family. Of course, if we talk about the power of the political world alone, the Ji family would have more than enough to deal with the Wu family.

Then, the Wu family would definitely use an absolutely sharp sword – the Rong Peng Group!

The Rongpeng Group is in the business world, and many of the rules of the system have no effect on it. It's a huge thing, and it's not easy to deal with it, and with the Wu family at the top, the Ji family can't really go too far against the Rongpeng Group!

Therefore, strictly speaking, the Rongpeng Group is the opponent that Ji Feng can confront head-on, and it is also a powerful opponent that he must confront, a behemoth!

However, Ji Feng is not very worried, after all, the Rongpeng Group is in the open, the Rongpeng Group's every move, their financial movements, that can not be completely secret, as long as the intention to investigate, it can always be investigated.

If they go too far, it will definitely cause discontent among all the people, and the Ji family will definitely not forgive them then.

As for the two brothers, Wu Zhihe and Wu Zhiyong, Ji Feng is also not afraid of them. Wu Zhihe is a straw man, this is the conclusion that Ji Feng has reached after several contacts. This was the conclusion that Ji Feng had reached after several contacts. On the contrary, Wu Zhiyong was said to have some ability.

But no matter what, they are also in the clear, there is no need to be afraid at all, it is enough to take them seriously.

Compared to them and the Rongpeng Group, the enemy that Ji Feng was most worried about was still the dynasty that was hiding in the shadows, and the young duke who was staring at him from the shadows.

Until now, Ji Feng still remembered the threatening phone call that was made to him, the person who called, that spiteful tone, seemed to have a hatred for himself that was engraved in his bones, as if he had an unbreakable grudge against him.

This made Ji Feng puzzled, he never remembered that he had such a hatred with anyone.

Ji Feng could only think of one possibility, and that was the Qiao family!

But Ji Feng also knew something about the Qiao family, Qiao Rong had not been in contact with Dynasty for too long, her husband, Wang Wengao, had no status in the Qiao family, and even if he played with women outside all day, it was only in secret.

Although Ji Feng suspected that this person was very good at holding back and should not be simple, but there was no evidence that he had done anything out of the ordinary.

As for Qiao Gakai .....

Ji Feng did have some suspicions that this guy could have been in contact with the dynasty like his mother.

However, Ji Feng did not think that Qiao Gakai would be the young male hiding in the shadows.

The reason for this was that, according to Ji Feng's understanding, the Qiao family had not been in contact with the dynasty for very long, so even if the Qiao family had later leaned towards the dynasty, Qiao Gakai would not have been able to occupy too high a position in the dynasty.

However, when Ji Feng was rescuing Xiang Yongzhan at that time, he could hear from the tone of those two senior reformers that the so-called young grandson, who was hiding in the shadows, should not have a low status, otherwise, he could not have mobilised so many forces to lay out.

For example, mobilising two senior reformers, mobilising quite a few armed forces, and of course, the military forces of several surrounding countries.

But don't forget, when Ji Feng was rescuing Xiang Yongzhan, there were quite a few warships cruising around that deserted island, and Ji Feng wasn't even able to reach the deserted island directly by ship, but was forced to take a submarine to get there.

Although taking a submarine is also for the sake of secrecy on the one hand, but on the other hand, but also because the surrounding countries' warships are cruising around, this is definitely one of the factors.

Then, with Qiao Gakai's energy, he might not be able to mobilize so much power.

That's why Ji Feng thought that it was impossible for Qiao Gakai to be the young duke, or at least, the possibility was so small that it could be said to be almost non-existent!

But what happened to give Ji Feng a headache was that the little grandson, who was hiding in the shadows, actually knew everything about the relationship between himself and Xiang Yongzhan, as well as much of the situation in the country!

"Little Gongzi ....." Ji Feng couldn't help but frown slightly and secretly muse, "Who are you anyway? The word little grandson, does it mean that you are really a grandson, or is this just a code name?"

Ji Feng was somewhat unsure, so he made a wavy line under the name of Little Gongzi and wrote a question mark after it.

This person, very dangerous!

This was the definition Ji Feng had given to this little male.

Not for anything else, just the fact that the young male knew so much about himself, and that he was hiding in the shadows and had so much energy, was enough to make him an extremely dangerous character!

He was so dangerous that I was afraid he could be ranked alongside the dynasty!

A cold light flashed in Ji Feng's eyes, he must find a way to find out this young male, otherwise, one day this person might come out and strike again in the future.

This guy was no match for the likes of Wu Zhihe. People like Wu Zhihe, with their tactics, in Ji Feng's opinion, were at most just out to cause trouble, and could not be called a real opponent at all. But Little Duke was different, just looking at that guy's 'surround the point and beat the help' layout on the desert island was enough to make people marvel.

It was just that Little Duke had not expected that Ji Feng would be so powerful, and had saved Xiang Yongzhan cleanly.

In fact, if anyone else had gone to save Xiang Yongzhan, it would have all turned out to be an absolute death for nothing, after all, just those two advanced transformers alone, even Gu Chao and the others had no way to deal with them, instead they suffered a big loss under each other, thus it could be seen that ordinary warriors could not deal with such monsters at all!

It was also fortunate that Ji Feng had bio-currents that could just restrain the transformers, which I'm afraid was something that that young male had completely failed to anticipate beforehand.

However, after this lesson, that little male would definitely learn his lesson, and next time if the two sides had a fight again, it would really be hard to say who would win and who would lose.

And that was what Ji Feng was most worried about!

After marking Little Duke's name, Ji Feng's gaze, again, fell on Qiao Gakai's name.

"That's a character too!" Ji Feng couldn't help but secretly sneer.

What exactly was Qiao Gakai's ability in person, Ji Feng didn't know much about until now, because every time he fought with Qiao Gakai, it was completely pure violence, between them, it could really be said that they fought each other once they saw each other.

As a result, they were just fighting and didn't know much about each other.

But what was most puzzling and surprising to Ji Feng was that Qiao Gakai had actually gotten better under those serious injuries, and was still alive and well, running to Rice to find trouble with Duan Peng.

"That's really infuriating!" Ji Feng couldn't help but shake his head slightly and muttered secretly, "Who actually cured him? The kingdom? Or was it an expert from the Xuan Yin Sect? ..... Is there also some intrinsic connection between the dynasty and the Xuan Yin Sect?"

"Being able to cure Qiao Gakai also means that someone was able to decipher my means ....."

Ji Feng was mindlessly spinning his pen while but his brain was spinning quickly, "Being able to crack bio-currents, that's a problem ....."

Originally, Ji Feng had always thought that bio-current should be unique, especially after he fought with the Xuan Yin Sect's people, he became even more determined in this idea of his, both that Tian Guodong and his master brothers, after noticing that he was using bio-current, they all acted very frightened, and said something about innate true qi .....

Now it seems that whether bio-current is invincible or not, there are two more things to say!

Ji Feng rubbed his eyes, but his heart was welling up with a high fighting spirit: "Whether it's Little Gongzi or Qiao Gakai or Wu Zhihe's stream, as long as you dare to come, then we'll have a good time, what we're afraid of is that you don't dare to show your face and can only hide your head ....."

Ji Feng has such a fighting spirit, that also has the bottom line.

Now Xiao Yuxuan and Tong Lei two women have been practicing the second set of body-building exercises, Ji Feng from time to time will practice fighting with them, the two women although now the actual combat experience is not very rich, but the strength is also considered good.

You know, when Ji Feng first practiced his first set of gymnastics, he could deal with a few hooligans, and when he started practicing his second set of gymnastics, he was already quite powerful, even Tian Guodong and the two elders of the Xuan Yin Sect couldn't even fight him head on.

Although Xiao Yuxuan's two daughters were slightly inferior to him, with the aerobics as a foundation and Ji Feng guiding them, they couldn't be any worse.

What's more, the two women are now accompanied by Han Zhen and Xiao Ying, and now all four of them are practicing gymnastics, so Ji Feng is basically not too worried about their safety. After all, it's not like they need to go to war, and in this bustling metropolis, even if the dynasty were to strike, it would have to be careful.

So Xiao Yuxuan and the others are basically in no danger at the moment.

What was left now was that Xu Yuan still did not have a personal guard around her, and naturally, Ji Feng thought of the White Spider.

"White spider ....."

Ji Feng mused, Xiang Yongzhan side does not intend to let go, the white spider also seems to have some ill will towards himself, want to let her come over to protect Xu Yuan ..... at least now seems to be a bit difficult.

Of course, what exactly is in the mind of the white spider, Ji Feng does not know yet, but according to the last time Ji Feng looked for the white spider to talk, her tone of voice revealed the meaning can be seen, she is not willing to come for the time being.

"Whatever!" Ji Feng threw the pen on the table and secretly said, "No matter what, we must find a way to get White Spider over, and if Xiang Yongzhan is not willing to let go, then we should at least get a female warrior from him that is similar to Han Zhen!"

Buzz~~~!

Ji Feng was thinking when the mobile phone in his pocket suddenly vibrated, he took it out and saw that it was Xiang Yongzhan calling.

Ji Feng couldn't help but smile slightly, this is really a coincidence, he just thought of looking for him, and he ended up calling, it seems that this time it might work .....

Chapter 1038

Since it was still during class time, Ji Feng simply hung up the phone.

After looking at the lecturer who was rambling on the podium, Ji Feng looked for an opportunity to turn around and sneak out.

In fact, in universities, there were definitely not a few students who did this. In some big courses, for example, when it was a major or several classes together, because the classroom was so big, students slipped out from the back and the teachers in front of them could not even see them or did not care even if they saw them.

As a result, in some unimportant courses, almost half of the students in a classroom are gone, and the teacher at the lectern is oblivious.

In the university, students learn mainly by self-awareness, so those teachers do not deliberately bother about students, their lessons are for those students who sit in the front row and study seriously.

Therefore, when Ji Feng quietly slipped out from the back row, the teacher on the podium had not yet noticed.

Walking out of the teaching building, only then did Ji Feng take out his phone and dialed Xiang Yongzhan.

“Hey, Ji Feng, why didn’t you answer the phone just now?” As soon as he was connected, Xiang Yongzhan asked, “Was it a bad time for me to call?”

Ji Feng laughed, “Of course it’s not the right time, I’m in the middle of a class!”

“You’re still in class?” Xiang Yongzhan was suddenly surprised, “I thought you kid had long since cut ties with the school, why did you suddenly remember to pretend to be a good student?”

Ji Feng couldn’t help but laugh and curse, “Fuck off, I’m not like you guys, don’t talk too much nonsense, what do you want to see me about?”

Xiang Yongzhan laughed: “You kid ..... have to have something to find you ah.”

Ji Feng hummed and said, “If you have something to say, if not I’ll hang up, it’s still class time!”

“When did you kid learn to be so impatient?”

Xiang Yongzhan cursed with a laugh, “No need to go to class, come out and sit down?”

“What’s there to sit on?” Ji Feng couldn’t help but shake his head and said, “No, I want to go to class, unless you say there’s something.”

Since Xiang Yongzhan took the initiative to call, it must be something, at this time, Ji Feng naturally had to put up a fight, to grind Xiang Yongzhan out of temper, and then only next could he talk about the matter of the white spider. Even if he couldn’t get the white spider, he still had to find a way to get a female warrior from Xiang Yongzhan.

As expected, once Xiang Yongzhan heard this, he immediately said, “Brat, can’t I treat you to dinner? Hurry up and come over!”

“Hey!”

Ji Feng laughed disdainfully and said, “I say old Xiang, do you take me for a caller? And invite me to dinner ..... am I that short of your meal? I don’t want to be invited to dinner, even if you invite me to a sauna and bath, as long as there is no business I will not go!”

The phone side of Xiang Yongzhan is a bit speechless, Ji Feng’s words of course he heard the meaning, this guy always focus on whether he has ‘business’, what does this mean?

What the hell is the meaning of this? This guy is asking himself what the benefits of going there are!

If there was no benefit, then he would definitely not come.

If there is no benefit, then he will definitely not come. This guy is still the first grandson of the Ji family, so he is obviously a treacherous businessman, and he wants to get benefits for everything, which is simply too hateful.

But even if he understood Ji Feng's thoughts, Xiang Yongzhan could not do anything about it, after all, he really had something to find Ji Feng, and now he had to beg, so he had to stoop to the lowest level, people are poor and short of will, horses are thin and long!

Thinking of this, Xiang Yongzhan couldn't help but grit his teeth and say, "There is business, you should hurry and come over."

"Oh?" Ji Feng chuckled, "Let's hear it first."

"Kid, don't get ahead of yourself, if I don't see you within an hour, then don't say I don't give you face, then I'll pat myself on the back and leave, from now on neither of us will look for anyone, and you kid don't beg me for anything in the future!" Xiang Yongzhan said.

"That's great!"

Ji Feng laughed, he knew Xiang Yongzhan's character very well, how could he be threatened by this guy?

He snorted, "Since that's the case, then I'll continue to go to class, anyway, besides you, in the future, even if the military is used, isn't there still the Red Arrow Brigade? Other military regions also have special forces, less Zhang Butcher, I still have to eat pigs with hair, huh?"

After saying that, Ji Feng directly hung up the phone.

Now is not the time for Xiang Yongzhan to tug on his authority, he has to let him distinguish who is actually taking the initiative.

.....

"This guy actually ..... he actually hung up on me?" Inside the Jiangzhou military district, Xiang Yongzhan looked at his mobile phone in dismay as a beeping busy tone came from it, showing that the call had been hung up.

Xiang Yongzhan's face was wonderfully incomparable, a blue burst of white, and from time to time, he gritted his teeth, that hatred in his heart, this Ji Feng guy was really too dragged, he kind of figured out his temper, and ate up the fact that he was looking for him for something.

"Don't you fall into my hands!" Xiang Yongzhan gritted his teeth in hatred, he thought for a long time, but in the end, he did not intend to dial the phone again.

He guessed that now Ji Feng must be waiting for his call too, if he called now, he would be playing right into Ji Feng's hands, such a stupid thing was not something he could do.

Even if he really had to call, he would still have to delay him, otherwise he would still be able to curry favor in front of him in the future?

At this moment, the white spider, who was sitting on the sofa next to him, was frowning slightly and asked, "Captain, is it Ji Feng who won't answer your call?"

"Humph!"

Xiang Yongzhan was so angry that he couldn't help but coldly snort, "What's not answering my call, this kid is now waiting for an advantage, this is a guy who doesn't care about profit, if you're a little lax on your side, he can exploit an opening to get something back from you, dealing with him, that really needs to be careful and careful again."

"So that's how it is .....,," the white spider couldn't help but laugh lightly.

"This kid is just too hateful!" Xiang Yongzhan hummed, "In the future, I absolutely can't get too close to this guy, otherwise, I am designated to suffer, how can we soldiers calculate over businessmen?"

White Spider, however, laughed lightly, "Captain, why do I see that you are not very angry?"

"Hehe .....,,"

Xiang Yongzhan finally couldn't help but laugh, he shook his head slightly and said, "It can't be helped, from the moment I started dealing with Ji Feng, I never got any advantage from him, this guy is just too shrewd, and so shrewd that people don't even really hate him, he's really shrewd!"

"It doesn't look like the captain doesn't hate him, he likes him a lot!" The white spider laughed lightly.

"Humph! I like him?" Xiang Yongzhan hummed disdainfully, "It's strange that I don't hate him to death! But ....., then again, apart from being shrewd, Ji Feng is a good friend to make, both in his dealings with the world and his own personality."

Perhaps because of each other's special identity, making to Yongzheng and Ji Feng between, there is both competition and interest relationship, but on the contrary, they have the strongest friendship between men, which is indeed very strange.

It is also because of such a wonderful relationship that when Ji Feng needed a guard, he thought of Xiang Yongzhan and was not the least bit embarrassed. The same is true for Xiang Yongzhan, when he was in trouble, the first person he thought of was Ji Feng, and again there was no feeling of overwhelm.

"Then how do you plan to communicate with Ji Feng about this matter, Captain?" White Spider asked.

Xiang Yongzhan pondered for a long time before saying, "Definitely we still need to find Ji Feng, the way to deal with the transformers is really too important and we must have Ji Feng's personal guidance before we can do so. However, if we look for him now, this shrewd fellow will definitely ask for a price, wait a little longer, now we'll see who has better patience!"

The white spider couldn't help but find it amusing to watch from the side, such an overwhelming relationship between Xiang Yongzhan and Ji Feng, yet they were still calculating each other.

In White Spider's opinion, perhaps this kind of mutual calculating way of getting along with each other was also a kind of competition between these two excellent men, and this kind of competition also did not hurt the peace, and could be mutually beneficial, and also could enhance the relationship between the two, it was really a very unique relationship.

“Wait .....” Xiang Yongzhan looked at his watch, sat down on the sofa, and couldn’t help but shake his head slightly: “This time, I’m afraid I’ll have to suffer another loss .....” that too To try to eat less losses!”

.....

After hanging up the phone, Ji Feng then skipped around the campus haphazardly, his hands in his pockets, wandering around. From the entrance of the school building, he wandered all the way to the library and finally walked towards the parking space.

Because Ji Feng could be sure that Xiang Yongzhan would definitely call himself, this was a kind of tacit contest between the two sides, anyway, it was idle, it was nothing to play.

Since he definitely had to go there, Ji Feng simply came to the car first and waited.

When he arrived at the parking space, he saw at a glance a silver and white sports car parked diagonally behind his car, with a very gorgeous and cool body shape, which obviously cost a lot of money.

I wonder which gentry’s car it was again!

Ji Feng shook his head slightly and didn’t care, so he directly pulled open the door and sat down in his car.

He slightly adjusted the rear view mirror of the car, but was stunned to find that the two silver and white sports cars at the back were sitting in a young man and a young woman, and the attitude of the young man seemed very intimate.

What surprised him was that the young girl sitting in the passenger seat among them was actually someone he knew.

This girl was no other than Zhang Lei’s girlfriend, Shen Jingyi!

Ji Feng was stunned, his gaze was fixed on the rear view mirror, after thinking about it, he continued to look, after all, Zhang Lei was his brother, he found out something himself, then he should help his brother to see it clearly.

As for whether to tell Zhang Lei, now Ji Feng had not decided, but before that, it was always necessary to know what was going to happen to Shen Jingyi!

Just at this time, Ji Feng suddenly found that the young man sitting in the driver’s seat, actually reached out towards Shen Jingyi’s side, although there was the front of the car in the way, but based on the position of their arms, Ji Feng could deduce that the young man, it seems, was holding onto Shen Jingyi’s hand!

Chapter 1039

Seeing a scene in that silver sports car behind him, Ji Feng’s brow couldn’t help but frown slightly, the situation looked .....” as if something wasn’t right!

Shen Jingyi is Zhang Lei’s girlfriend, but that doesn’t mean she can’t get in touch with other men. A person’s life exists in this society, that is definitely not isolated, certainly all need to have relatives and friends, also need to have strangers. It is this variety of people that makes up a society.

But the problem is, as a woman who already has a boyfriend, it would be bad if she were to act intimately with another man.

At least in this country of China, basically no man would want to see that his girlfriend is such a woman. It's not that it's not possible to have contact with other men, such as shaking hands with men, or expressing some emotions like welcome or gratitude, it's fine.

But this kind of intimate contact is a bit beyond the ordinary.

Especially when two people are in the same car, and in such a small space, such intimate actions will inevitably arouse suspicion.

Therefore, even someone like Ji Feng, who has never been very suspicious, looked a bit off.

However, Ji Feng did not say anything, but sat in the car and continued to pay attention to the actions between Shen Jingyi and the young man.

Because Ji Feng's car was just diagonally in front of the silver sports car, he could see every move of the two men in the car behind him clearly in the rearview mirror.

The company's main business is to provide a wide range of products and services to the public.

He was very quiet and gentle, and she treated her boyfriend with the same dedication. The main general of the Taekwondo Association, Wang Lei, who was also her ex-boyfriend, did not treat her too well, but she put up with it all.

Shen Jingyi is no easy bully. If she wanted to fight back, Wang Lei might not be her opponent.

This shows what kind of character Shen Jingyi is.

According to reason, a girl with such a personality should not act out of character, or at least she would not do such a thing.

"Could it be that he had misunderstood?" Ji Feng deliberated secretly, and he felt that it was very likely.

Therefore, he continued to read on, trying to find out.

It was good to have more suspicion in one's mind, but one should not be too suspicious, one should always give enough trust to one's friends.

Through the windscreen of the two silver sports cars, one could see that although their arms were blocked by the front of the car below, the direction of their arm extensions were crossed, which meant that even if their hands were not held together, at least their arms were placed together.

A man and a woman in a car with their arms crossed and not holding hands ..... This is a bit of a stretch and no one would believe it!

Then look at the young man's face, with an affectionate smile, it looks as if he is facing his girlfriend in general, and that closeness between his eyebrows is not something that can be faked.

However, what made Ji Feng feel slightly comforted was that Shen Jingyi's face seemed to carry a faint distancing, a sense of distance. After the man's hand had just moved over, Shen Jingyi's arm immediately jerked, and then the two seemed to separate their hands.

Moreover, Shen Jingyi didn't seem too happy.

Ji Feng then saw something. It seemed that Shen Jingyi hadn't done anything wrong to Zhang Lei.

If he was right, it should be that this young man had some thoughts about Shen Jingyi, but Shen Jingyi did not seem to have any inclination in this regard, but there must be some relationship between the two of them, otherwise, with Shen Jingyi's character, it would be impossible for her to sit alone in the car with a man and talk like this.

Moreover, when the man tried to take her hand, she didn't turn her head and leave, but also just drew her hand back .....

The first thing you need to do is to get a good idea of the identity of this strange man, and he looked at it with interest.

In the car, the strange man said something to Shen Jingyi, but Shen Jingyi's response seemed to be very bland, and the man became a little unnatural.

About a moment later, Shen Jingyi's lips suddenly moved, and then the man became excited all of a sudden and seemed to be saying something angrily. Unfortunately, Ji Feng was not too proficient in lip-speak, and as the two men were talking with their heads slightly sideways, Ji Feng had no idea what they were actually saying.

But one thing was for sure, Shen Jingyi must have said something that made the man very angry, otherwise, it was impossible for the guy who had a smile on his face just now to suddenly become so angry.

After a few more moments, Shen Jingyi seemed to say another word, and then she simply pulled open the car door and prepared to get out.

At that moment, the man suddenly pulled Shen Jingyi, looking agitated, with one hand still waving, and through the windscreen you could see that the man's face seemed to have turned red.

Shen Jingyi struggled a few times, and then the two of them suddenly moved their hands.

Ji Feng was slightly stunned, the young man's kung fu also seemed to be very good, and Shen Jingyi fought several times in a row, he only defended, but Shen Jingyi attacked several times in a row, but he blocked it, and blocked it very easily.

So obviously, that man's kung fu should be even better than Shen Jingyi's!

A master!

Ji Feng couldn't help but be interested, such a gent driving a luxurious sports car was actually a master, really a man cannot be seen. In fact, the narrower the range of space, the more one's kung fu attainment can be seen.

In that kind of space, for example, if two people are fighting in an open space, perhaps even if one of them is a bit inferior in kung fu, but has better stamina, they can boil the other one out of strength and eventually have to bow down and admit defeat. Or perhaps one of them is more experienced in combat and can take his time with the other .....

In any case, in this kind of open space, there are plenty of ways and time to tangle with each other and play slowly.

The same can be said for the car.

For one thing, the space is very small, just a tiny bit of space in the cab, sometimes you can't even stretch your arms out, so to say it's space is an exaggeration.

In this way, it means that in this small space, how well a person reacts is absolutely relevant to success or failure in the next second. For example, if one of them throws a punch, I am afraid that it will hit the other person in an instant and there is no room to even dodge.

Secondly, the people in the car are stationary.

Both those in the driver's seat and the passenger seat are sitting in their seats, which greatly limits the means of attack that the two can bring to bear.

At most, they can only attack with small movements such as hands, elbows and fists, which cannot be compared to the kind of wide open movement stances outside.

Therefore, the gold content of a fight in the car is even higher and more difficult than a fight outside.

It goes without saying that Shen Jingyi's strength was such that several big, brawny men were no match for her, but now, her attack did not pose much of a threat to the young man, and was easily defended by him.

This showed just how strong that man was!

These things were complicated to say, but in reality, it was only a matter of a few breaths, and then the man hurriedly raised his hands in surrender, and a smile returned to his face.

But Shen Jingyi didn't buy it at all, her expression returning to blandness as she pulled open the door and got out of the car.

The young man looked at Shen Jingyi's back, his face couldn't help but show a gloomy look, but he didn't say anything.

Ji Feng couldn't help but smile slightly, it looked like he had really come across something very interesting today, the relationship between this young man and Shen Jingyi, it was worth studying!

"Ding ....."

Just at this moment, Ji Feng's phone suddenly rang, and he secretly said, "Bad.

Sure enough, Shen Jingyi, who had just gotten off the car and hadn't taken a few steps, immediately heard Ji Feng's mobile phone ringing, she turned around violently and instantly saw Ji Feng sitting in the car.

Ji Feng coughed dryly and gave her a faint smile before picking up the phone and answering it.

“Hey, Old Xiang, say the address.” Ji Feng said with a smile. The call was from none other than Xiang Yongzhan, and since people had already given in, Ji Feng wouldn’t keep putting up a fight and softened his tone a bit.

“Brat, count on you to be sensible ..... come directly to the military camp, call me when you arrive!” Xiang Yongzhan is still a bit indignant.

Ji Feng then smiled, it seems that the white spider thing is still up for discussion .....

After closing the line, Ji Feng immediately found the light outside the car window dim, he immediately turned his head and saw Shen Jingyi standing outside with a slightly red face, staring at himself.

Buzz~~!

Ji Feng lowered the car window and smiled warmly, “Yo! Jing Yi, why are you here, what a coincidence .....”

“Yeah, it’s indeed a real coincidence!” Shen Jingyi stared at Ji Feng and hummed.

Of course Ji Feng knew what was going on, but he pretended to know nothing and asked, “What’s wrong, seems like you’ve taken gunpowder ah? What’s with the smell of gunpowder?”

Shen Jingyi turned around and walked away without even saying a word.

Ji Feng couldn’t help but be stunned, when did Shen Jingyi become such a windy and fiery nature, this is not like her!

But the next moment, Ji Feng understood, only to see Shen Jingyi bypassed the car, directly pulled the passenger door open and sat in, she was going to get in the car ah.

“Where do you want to go, I’ll give you a lift!” Ji Feng laughed.

“Did you see all of it just now?” Shen Jingyi asked.

Ji Feng knew that it was impossible to muddle through now, Shen Jingyi seemed to take this matter very seriously. However, it was a little too embarrassing to be caught spying by the person concerned.

“So what, I just saw a little .....” Ji Feng coughed dryly.

“I want you to promise me one thing.” Shen Jingyi didn’t listen to Ji Feng’s blind explanation and said straight away.

“..... what?” Ji Feng was thinking of what to say when suddenly Shen Jingyi spoke, which made him not really react for a moment and could not help but be a little stunned.

Chapter 1040

“Can you keep what you saw today a secret for me, and most importantly ..... don’t tell Zhang Lei!” Shen Jingyi stared at Ji Feng and said.

“Don’t tell Zhang Lei?”

Ji Feng couldn't help but be slightly stunned, and then frowned and asked, "It's ..... not too good if you don't tell Zhang Lei, right? Shen Jingyi, you are also a smart person, then you should understand that some things can't be kept hidden forever, especially this kind of thing, Zhang Lei will know sooner or later ....."

Shen Jingyi was silent, just a soft sigh.

I can see that that man won't just find you this time and forget about it, he will definitely find you again in the future, even if things are more serious than I thought, that person may also find Zhang Lei ..... If that guy says something in the middle to ruin your relationship with Zhang Lei, you think Zhang Lei The relationship between you and Zhang Lei, what do you think Zhang Lei will think?"

"Ji Feng!"

Shen Jingyi's eyebrows knitted slightly, interrupting Ji Feng's words, she was silent for a moment more before saying, "Things are not as you think, I will take care of this matter!"

"That's good!"

Ji Feng nodded noncommittally, and then, he said in a solemn, deep voice, "If you can really handle it, then what I saw today, I can help you hide it and not tell Zhang Lei, but I also hope you can promise me one thing, no matter what happens in the future, and no matter what time it is, you can't hurt Zhang Lei, I don't have many friends, and my brothers are Not many, Zhang Lei is considered one, so I won't allow him to be hurt by anyone ..... you, understand what I mean?"

Shen Jingyi can't help but feel a bit of pain in her heart, although Ji Feng's words are light, but the threatening meaning of these words is extremely strong.

In particular, Ji Feng's last sentence was full of murderous intent.

Shen Jingyi believed that if she really hurt Zhang Lei, given Ji Feng's character, he would really strike at her!

"Ji Feng, this kind of attitude you have towards your friend, I agree with it." Shen Jingyi was silent for a moment, finally nodded and said, "Moreover, I'm happy that Zhang Lei can have a friend like you who has the courage of his liver. It's just that ....."

"Only what?" Ji Feng asked.

"Ji Feng, I remember telling you before that in our China, martial arts, and martial arts families, don't actually exist just in novels and TV, they are real even in reality, do you still remember?" Shen Jingyi asked.

"That's right, you did say that, I remember!" Ji Feng nodded his head.

Ji Feng remembered very clearly that at that time, he and Zhang Lei met Hu Xuehui at the entrance of the pedestrian street, and after things were taken care of, they were ready to go back to school, and at that time, Shen Jingyi said something about martial arts and martial arts families and such. And at the hotel on the pedestrian street, which had quite a background, she also met a master who looked like he was also a martial artist .....

These things did not pass too long, and with Ji Feng's memory, he naturally remembered every detail very clearly.

"Only, the martial arts family you mentioned, is there any connection with this matter today?" Ji Feng couldn't help but ask. He suddenly remembered that the young man who drove the silver sports car also seemed to be very powerful, and his skills were even above Shen Jingyi's.

Could it be that ..... that young man had some involvement with the martial arts?

"Of course there is a relationship!" Shen Jingyi's answer kind of explained some of the doubts in Ji Feng's mind, "That young man just now, is someone from the Martial Family ....."

"Oh!"

Ji Feng nodded thoughtfully and asked again, "And then?"

"And then? What then?" Shen Jingyi couldn't help but be slightly stunned by the question.

"You only said that the man was from a martial arts family, what was his identity, what was his relationship with you and so on and so forth, but you didn't say anything!" Ji Feng laughed.

"That is not important, moreover, even if I had said it you wouldn't know ....." Shen Jingyi shook her head slightly and said, "Ji Feng, I didn't tell Zhang Lei about this matter, that is for his own good, his current strength is still too poor and it is still It's not appropriate to get involved in such matters, so I hope you can help me keep it a secret."

"Won't I know if you tell me?" Ji Feng smiled indifferently and asked, "Zhang Lei's strength isn't bad anymore, right? Do you have to get to that Pre-Ten Houtian or whatever you said before you can intervene?"

"Ji Feng, you don't know anything at all about martial arts families and things in the martial world because you live in an environment that makes you have no knowledge of this, and that's normal!"

Shen Jingyi said, "Martial arts families are not as weak as you think, the experts in them, their strength is extremely terrifying, not to mention the strength like Zhang Lei, even I, in the eyes of those people are no different from ants! I think even you can't get into their eyes, if I tell Zhang Lei now, it would be like hurting him, do you understand?"

"Whatever you want!" Ji Feng shook his head slightly and said, "Martial artists may not be as powerful as you think, and others are not necessarily as weak ..... I think, you'd better listen to my advice, it's better to tell Zhang Lei about this matter in its original form, in that case, anything can still be discussed."  
"

Shen Jingyi shook her head slightly and did not speak.

Ji Feng smiled: "If you have to wait for things to get to the point of no return, and then with Zhang Lei's bottom, I'm afraid that by then it will also be too late, perhaps, at that time, the feelings between the two of you, there will be some changes ..... I'm done with this, you take your time to consider it yourself. "

"I will seriously consider it!" Shen Jingyi nodded seriously and said solemnly.

“Well then, I still have some things to do, do you want me to drop you off at the dormitory building?” Ji Feng asked.

Shen Jingyi shook her head and said, “Classes are almost over, I need to go back to the dormitory ..... I will consider your suggestion, but until then, I hope you can keep it a secret for me, goodbye!”

Ji Feng nodded and said, “Don’t worry, but you shouldn’t drag it out too long because I don’t want to see Lei Zi get hurt.”

Shen Jingyi then got out of the car and left, but it seemed that she did not want to pass in front of the silver sports car again, Shen Jingyi chose to go straight through the car park, that is, the opposite direction from the silver sports car.

The first time I saw her, I couldn’t help but shake my head slightly, remembering what Shen Jingyi said, he couldn’t help but be secretly happy, “With your own strength, you’re actually not enough in the eyes of those experts? I’m just afraid of scaring those so-called experts who think they are above the world!”

He snorted and started the car, ready to back it out.

“Tic-tac-!”

Ji Feng’s car had only just backed up a few meters when the silver sports car behind him suddenly jerked the steering wheel forward and directly blocked Ji Feng’s way, while honking the horn a few times.

Ji Feng couldn’t help but frown, this was clearly meant to be a provocation.

“Teehee...!” The silver sports car honked its horn again, and then the young man in the car directly got down from the car, clinging to the car door, and just looked at Ji Feng with a smirk, as if the meaning was saying, I’ll stay right here, I’ll see how you can reverse!

“What a good boy!” Ji Feng sneered as he poked his head out of the car window and said indifferently, “So what, please give way, I want to get out!”

“No one is not letting you out, right?!”

The young man said with a smirk, “I’ve left a gap here, get in here!”

He pointed to the little gap in front of his car, it would be good if one person could get away, the car could not get through at all, this is clearly to make things difficult for Ji Feng.

Ji Feng, however, smiled: “It’s convenient for you to be with others, let’s give way!”

The young man snickered and came to Ji Feng’s car with a condescending look on his face: “Kid, do you really think driving a BMW X6 is great? Brother, if I remove a wheel from my car, I can buy you a car .....”

“So impressive?” Ji Feng asked indifferently, “A good car can just get in the way of others?”

“Kid, your mouth is still tough!” The young man snickered, and immediately, his face turned gloomy: “Little Beavis, remember this, in this world, there are many people you can’t afford to mess with, don’t think that having a few dollars makes you great!”

He jerked a step forward and came face to face with Ji Feng, with only twenty centimeters between them, "Remember, I don't care who you are, you better stay away from Shen Jingyi in the future, or else you might not be able to drive in the future!"

Buzz~~~!

Ji Feng didn't say anything, he directly blasted the throttle to the bottom, the BMW X6 roared backwards, startling the guy. But that wasn't all, Ji Feng had no intention of stopping, the bumper at the back directly hit the silver sports car, emitting an ear-splitting scraping sound.

Bang~!

Immediately afterwards, that silver sports car had no fighting edge at all in front of the tall BMW x6, and was directly knocked away.

Buzz~~~!

Before the guy could react, Ji Feng turned the car around violently, stepped on the accelerator and took off. The first time I saw him, I was in the middle of a fight.

The young man looked at this wild scene of Ji Feng and didn't even react for a while.

He seemed to be unable to believe that a guy who was threatened and despised by himself, actually dared to ram his car so recklessly?

A long time later, the young man suddenly turned blue, and a blazing rage shot out of his eyes as he shouted, "Bastard! How dare you hit my car, I don't care who you are, I'll find you out ..... you're dead!"

He roared twice with hatred, looking at the car door that had been deeply dented by the impact, his chest heaving violently.

The young man then immediately took out his mobile phone and dialed a number: "It's me, help me find a car and a person ..... who is a student of the United University ....."
