

Campus Master 1041

Chapter 1041

“A martial arts master? Little yakuza? Gongzi brother .....”

Sitting in the car, remembering the guy who drove the silver sports car earlier, Ji Feng couldn't help but shake his head slightly, “How come these people, it's as if they all have a sense of superiority that looks down on all beings, where the hell do they get these feelings of superiority from! How can they be more noble than others?!”

Ji Feng couldn't help but shake his head and sigh lightly, such people are really remarkable, as if they are more noble than others from birth, other people in their eyes, they are all like ants, simply insignificant, as if the world revolves around them, without them, the world has no meaning to exist anymore!

—What an asshole!

To this kind of asshole who didn't know the sky was high, but who acted like he was above the world, Ji Feng simply didn't have any temper to speak of.

He thought that he really did not know how to communicate with such an asshole.

In people's eyes, he was just a minion, no, a mole that was worse than a minion, and they thought they were aristocrats and felt superior, so what else was there to say?

Therefore, when Ji Feng heard only a few words from that guy, the fire in his heart immediately rose up, and without saying a word, he directly rammed that guy's car out of the way. He used practical action to directly shut that person up and also clear his ears.

As for the consequences of doing so .....

Ji Feng didn't think that any consequences brought about by such an asshole were something that he couldn't bear.

“Consequences .....” Ji Feng couldn't help but chuckle, if that guy really came looking for trouble, he'd know what consequences meant!

This kind of golden jade is not the only thing that Ji Feng has never put in his eyes, but it is the identity of this guy, and the relationship between him and Shen Jingyi that makes Ji Feng think a little.

It is obvious that Shen Jingyi has some concerns about the guy driving the sports car, moreover, the relationship between the two is not simply an acquaintance, otherwise, that guy could not just pull Shen Jingyi's hand directly. Who has ever seen a man just pull a woman's hand just because they are familiar with each other?

So Ji Feng could have guessed many possibilities, for example, the two were childhood friends who grew up together, and that guy liked Shen Jingyi, which is why this scene happened today.

For example, Shen Jingyi had been in love with that guy before, and now that guy wants to rekindle his love with Shen Jingyi .....

etc. There are really many possibilities that anyone with a bit of brain can

guess. But the problem is that all of these possibilities, without exception, are very detrimental to the relationship between Zhang Lei and Shen Jingyi.

Whether Shen Jingyi and that man were childhood friends or former lovers, the presence of this man would certainly give Zhang Lei some ideas.

Especially, Shen Jingyi has to conceal the relationship between her and that man, which can be troublesome.

“Perhaps ..... things aren’t as bad as one imagines, and it’s also possible that the situation isn’t that bad!” Ji Feng couldn’t help but secretly deliberate.

The fact that Shen Jingyi was still prepared to hide it from Zhang Lei now proved that she still cared a lot about what Zhang Lei thought.

Then, there was still room for manoeuvre between the two.

In fact, Ji Feng knew very well that sometimes there was often just a little conflict between two people, but once someone else was involved, especially if a third party was involved, then it would definitely turn into a big conflict, and the matter would not pass so quickly and would leave a lump in the hearts of both people.

If this is really the case, then it will be somewhat troublesome.

“I hope this guy Zhang Lei will be more open-minded!” Ji Feng said to himself, “However, if that high and mighty guy, dares to come and cause trouble on purpose .....”

“Humph!”

What the consequences would be, he didn’t continue, except that he couldn’t help but coldly snort, and a cold light flashed in his eyes.

Obviously, Ji Feng was moved to anger.

“Now I just hope, that guy will be smarter!” Ji Feng slammed on the accelerator, the car roared away and soon disappeared in the rolling traffic.

.....

About forty minutes later, Ji Feng drove to the entrance of the Jiangzhou Military District and called Xiang Yongzhan.

“Register with the guards and then drive straight in!” Xiang Yongzhan said.

Ji Feng followed his arrangement and registered first, before meeting Xiang Yongzhan at the barracks. This time, however, he was met in the above-ground barracks instead of going to the underground base.

Ji Feng then had an idea in his mind that this fellow Xiang Yongzhan was indeed looking for himself today for something, but the matter was not too important, or rather, did not need that high level of secrecy. Otherwise, he would definitely be waiting for himself at the underground base.

“You kid finally gave up to come?!” Seeing Ji Feng, Xiang Yongzhan couldn’t help but hum.

Ji Feng laughed, opened the car door and jumped down, couldn't help but laugh, "How can you say that, it's not because I'm afraid you're busy with work, I didn't dare to come and disturb you!"

"Humph!"

Of course Xiang Yongzhan wouldn't believe Ji Feng's bullshit, he cursed with a laugh, "You kid is more slippery than a loach anyway, I won't believe anything you say ..... come with me, the white spider is still waiting for you in the barracks in front!"

"The white spider is also here?" Ji Feng harrumphed, "Old Xiang, you kid finally give up and let go? Not bad, that's what ....."

"Letting go of what?!"

Xiang Yongzhan snorted and squinted at him, "Can you stop thinking about beautiful things in your head, when did I say that I would give you the white spider?"

"You just said that the White Spider is waiting for me in the barracks .....", Ji Feng said.

"That was someone out of courtesy, you, the savior, are here, of course she wants to meet, but that doesn't mean she has to go with you." Xiang Yongzhan waved his hand and said mockingly, "Kid, before you speak, go through your head first!"

"Sorry, bad brains, born that way!" Ji Feng said indifferently, "I've been hit by you so much, my brain is even worse, don't be offended if I forget something later!"

"You guy ....." Xiang Yongzhan suddenly shook his head and laughed bitterly, with Ji Feng, if you want to take advantage of him, it's too difficult.

The two walked side by side towards the barracks, both were tall and sturdy young men, and both had a special aura when they walked, Xiang Yongzhan was tall and imposing, looking very hard, his military temperament was undoubtedly highlighted.

Ji Feng, on the other hand, was hard-hearted with a kind of wisdom, looking like a big boy next door with a smile, but in reality, he did not dare to be underestimated.

When he arrived at the barracks, Ji Feng met the white spider who had already been waiting here.

In fact, when I say barracks, I would rather say office, because this dormitory building and office, that is connected to one another.

This was the place where Xiang Yongzhan rested, outside was the office and inside was the bedroom.

The room was simply furnished, with a long wooden sofa, a desk and a few chairs, apart from a coat rack and some other small furnishings, which looked better than this even in the most ordinary farmhouse.

Ji Feng couldn't help but secretly nod his head as he watched, it was obviously very good that Xiang Yongzhan could make it this far. You know, Xiang Yongzhan came from a big family, but now he was able to adapt to this kind of environment and was still very happy with it, this was not something that ordinary people could compare to.

"Young Ji!"

When Bai Spider saw Ji Feng, she immediately stood up and greeted him, her pretty face was filled with a smile, if it was the first time they met her, I'm afraid no one would have thought that this woman had a nickname that made people shudder.

Ji Feng nodded his head in greeting and casually pulled a chair over and sat down.

The white spider immediately poured water for Ji Feng, who took it and said thank you before asking with a smile, "Old Xiang, calling me here in such a hurry, you're not just inviting me to have tea, are you?"

"Of course not!" Xiang Yongzhan said.

Ji Feng immediately laughed, "Then ..... White Spider, is it that you've thought about it and are planning to come to my side to experience life?"

The white spider then pursed her lips and smiled lightly without saying anything.

"You just don't think about that good thing." Xiang Yongzhan said beside him, "You better put that thought to rest once and for all, or you'll be disappointed all the time."

"A good thing is certainly something that anyone would want!" Ji Feng laughed, "If you old Xiang didn't want good things, you wouldn't be so eager to hand me over, would you? Don't sell yourself short, tell me, what exactly is the matter?"

Xiang Yongzhan pondered for a moment before asking, "Ji Feng, last time when we came back from the southeast, you said you had found a way to deal with the reformers, correct?"

"That's right, didn't I also demonstrate it to you?" Ji Feng raised his eyebrows and couldn't help but laugh.

The southeast that Xiang Yongzhan was talking about was actually the deserted island that Ji Feng had gone to when he had rescued him, in the southeast of China. And as soon as he asked this, Ji Feng immediately understood that it looked like the suspicion of the white spider was completely ruled out, otherwise, Xiang Yongzhan would definitely not have asked this in front of the white spider.

After all, the method of dealing with the transformers was too important and the matter was so important that even if Xiang Yongzhan thought highly of Bai Spider, he would not have let her know.

The principle of secrecy is that sometimes things that are confidential cannot be mentioned even in front of one's own family, not even when one is talking in one's sleep at night. How could Xiang Yongzhan, as the chief of the special operations brigade, not understand this principle?

So Ji Feng was absolutely certain that the suspicion of the white spider had been completely ruled out!

Of course, how exactly was the suspicion of the white spider ruled out, Ji Feng does not know yet, he intends to ask about it afterwards, to see if there is still any oversight in Xiang Yongzhan .....

"Could there be any more problems? At that time, you saw it with your own eyes, I did not fool you, right?" Ji Feng frowned and asked.

“There are definitely problems, but it’s not that you’re fooling me, but .....” Xiang Yong strategy paused slightly before saying, “It’s that the kind of method you’re talking about, we’re not very skilled at it yet, and it’s not too comprehensive , so we intend to discuss it thoroughly and comprehensively with you!”

“Ha!” Ji Feng instantly laughed, “A thorough and comprehensive discussion? Are you kidding?”

Chapter 1042

“Ha!” Ji Feng instantly laughed, “A thorough and comprehensive exploration? You’re kidding, right?”

What this fellow Xiang Yongzhan was thinking, Ji Feng immediately understood completely after hearing his words.

In fact, Ji Feng knew very well that Xiang Yongzhan had not yet mastered this method.

Therefore, instead of talking about discussing, it was more like asking for advice from himself.

It was clear that he wanted to teach this method to them, but this guy Xiang Yongzhan said it in a very grand way instead, and said something about exploring?

The only thing is that in terms of the method of dealing with reformers, how many people in the world are qualified to discuss with Ji Feng? At least as far as Ji Feng knows, there is no one who can compare with him in this regard so far.

Because I am afraid that the only person in the world who possesses bio-currents right now is Ji Feng, and those people around him.

If, according to those guys from the Xuan Yin Sect, the bio-current in Ji Feng’s body was the innate true qi they were talking about, then Ji Feng was willing to believe that there should still be ‘innate martial artists’ in China, as the martial artists called them, and they might indeed be able to deal with transformers as well.

However, if we talk about the control of bio-currents, Ji Feng dared to say that if he thought he was second, then absolutely no one in this world would dare to admit that he was first!

This was definitely not his arrogance, nor was it the so-called sitting on the fence.

Since entering the third training stage, the only person who knew what kind of difficult training Ji Feng had undergone was himself.

Ji Feng absolutely did not believe that there was anyone else in this world who would use his kind of training method, unless there was another intelligent brain in this world, such as intelligent brain number two or three, or something like that, but this possibility was not much different from the probability of a comet hitting the earth!

Even if there were many innate martial artists, but in terms of bio-current control and application, Ji Feng could simply ignore them!

Because he knew his level of bio-current control best!

At least for the time being, Ji Feng could easily destroy all the items in Xiang Yongzhan's office instantly, or move them around at will, he didn't even need to move his fingers, those innate martial artists were definitely no match for him in this regard!

—not to mention the power in terms of attacks!

So that is why, as soon as Xiang Yongzhan said that he wanted to explore, Ji Feng laughed, this guy was clearly pouring the donkey out of the frame, and had to say it so grandly, just to be afraid of getting more benefits for himself .....

“Ya Ya a pooh, this kid as a special warfare brigade's captain, and is the third generation of the Xiang family's leader, how can not be more generous!” Ji Feng secretly slandered.

Xiang Yongzhan, on the other hand, had a calm face, as if it wasn't him that Ji Feng had just mocked.

“What, do you kid think this is ridiculous?” Xiang Yongzhan asked.

Ji Feng heatedly laughed: “It's not ridiculous, it's quite ridiculous! Old Xiang, don't you forget that I was the one who told you how to deal with reformers, is there anyone else who knows better than me? And you want to discuss it with me?”

“Kid, you think I'm taking advantage of you, brother?” Xiang Yongzhan snorted, “Even if you are powerful, how many transformers can you deal with alone? In the end, you still have to rely on the military to carry it out? Do you understand that we are cooperating? This is the same as you providing the technology and we providing the manpower .....”

“Okay, okay .....” Ji Feng directly interrupted him, “I understand what you mean, let's stop here, I also do not need to rely on you to carry out, if the dynasty dares to come to my trouble, stretching claws I will give him chopped, the other I don't care about the rest .....”

After saying that, Ji Feng then directly stood up and waved his hand: “In the future, don't look for me if you have nothing to do, and don't look for me if you have something to do!”

The company's main business is to provide a wide range of products and services to the market.

He knew that Ji Feng wasn't that easy to fool, but he didn't expect this guy to really put up a fight!

“Young Ji, please stay.” The white spider immediately understood and spoke softly.

Ji Feng turned his head and asked with a smile, “How?”

White Spider laughed lightly, “Young Ji, you might have misunderstood what Captain Xiang meant, he was saying that what the Special Combat Brigade lacks the most now is a way to deal with the reformers, if you can give them guidance in this area, then when they fight with the reformers again in the future, they definitely won't suffer such a big loss, don't you think so?”

“I didn't hear him say that he wanted my guidance, I thought you guys had completely mastered the way to deal with the reformers!” Ji Feng chuckled.

Xiang Yongzhan then glared in anger, this guy's sarcasm was even better than his fists and kicks!

“Ji Feng, tell me straight, what do you kid plan to want!” Xiang Yongzhan finally softened, there was no way, the initiative was now in Ji Feng’s hands, no matter how tough he was, he couldn’t be tougher than him!

“That’s right!” Ji Feng grinned, “Old Xiang, I think the white spider has much better eyes than you.”

“You kid don’t feel comfortable without trolling people, do you?” Xiang Yongzhan hummed sullenly.

Ji Feng harrumphed, “Alright, no more nonsense, where exactly are you still lacking, tell us.”

Only then did Xiang Yongzhan’s face ease up a bit and he said in a deep voice, “Frankly speaking, there are still many areas where we are lacking, the most important ones are two.

Ji Feng was slightly stunned, “What do you mean? I didn’t understand!”

There was a living Transformer in Xiang Yongzhan’s hands, this Ji Feng knew, that Transformer was still captured by him!

But what was the connection between experimenting on a Transformer and researching ways to deal with them?

“At the beginning, you just said that to deal with the transformers, bio-currents were used, but we don’t have a standard to measure what strength of bio-currents and how much damage they can do to the transformers.”

Xiang Yongzhan said, “The Transformer that was captured is currently very weak and cannot be used for testing. Because the bottle of transformer food we obtained has not been analysed so far, let alone manufactured, so we can only give him a drop a day to barely keep him alive, so naturally it is impossible to use it for testing!”

“Well, there isn’t a specific standard, that’s the first problem.” Ji Feng nodded slightly, he understood, “Are there any other questions?”

“The second problem, how to apply the bio-current you mentioned!” Xiang Yongzhan said, “Now the warriors under my special combat brigade, basically all have the bio-current you mentioned generated in their bodies, but how to use it is unknown, this is the same as when we go to battle, we have a gun, but we don’t know how to use it, and there is no way to destroy the enemy ..... ”

Ji Feng pondered for a moment before saying, “In fact, these two problems you mentioned can be completely summarized into one problem, that is, how to precisely control the bio-current, as to what kind of bio-current strength to deal with what level of transformation human ..... this more participation in a few battles will all know. ”

“If you want to boil it down like that, it’s fine!” Xiang Yongzheng nodded slightly, “Then how do you say, how to precisely control the bio-current in the body?”

He knew then that the main topic would come next.

This Ji Feng kid would definitely lionize this opportunity, he might ask for some kind of benefit!

“This well .....” As expected, not in the slightest was Xiang Yongzhan’s expectation, once Ji Feng heard this, he immediately pondered, with a difficult look on his face, “Old Xiang, I really don’t know how to explain this issue to You explain! To put it simply, trying to control biological currents doesn’t happen overnight.”

“Then how did you learn how to do it?” Xiang Yongzhan asked, frowning.

“Me?” Ji Feng harrumphed, “It took me a full three years and barely a day of restful sleep to get to this point today .....”

“Really?” Xiang Yongzhan asked with some skepticism.

“Nonsense, do I have to lie to you?” Ji Feng said without good humour. In fact, in the past nearly three years, he indeed did not have any nights where he slept until dawn, and rarely even slept for more than five hours, and he would insist on training in the training space every night, which led to his current achievement.

“Then how should my warriors be trained to master the ways of dealing with the transformers?” Xiang Yongzhan asked.

“Frankly speaking, it’s not realistic to completely master the methods of dealing with the transformers in a short period of time.” Ji Feng laughed, “On the one hand, training is all in stages, it’s not like you can master it just by training all at once, it requires guidance. On the other hand, I don’t always have the time .....”

“Then what do you think should be done about it?” Xiang Yongzhan frowned and asked, “Ji Feng, you can’t lie to me on this matter.”

“Have I ever lied to you?”

Ji Feng couldn’t help but hum and said, “As far as my personal arrangement is concerned, I think that you should send a few people to my side, and I can always instruct them as well. Once these few people have all learned, then we can promote it.”

“About how long will it take?” Xiang Yongzhan asked.

“Judging from how long you guys have been practicing aerobics, it will probably take half a year.” Ji Feng smiled, “Of course, this exact time depends on how qualified the people you send here are.”

Speaking here, Ji Feng looked at Bai Spider standing next to him and smiled, “I do think that Bai Spider’s enlightenment is just fine, although she hasn’t studied aerobics for a long time, but with her qualifications, half a year shouldn’t be too much of a problem.”

The face of Xiang Yongzhan darkened, “I knew it, you still want to hit on the idea of White Spider!”

Ji Feng heatedly laughed, “Old Xiang, I’m doing this for your own good, although White Spider has good qualifications, she has already started a bit late herself, if she delays any longer, her achievements may not be as high, you might want to think about it.”

Chapter 1043

“That won’t do!” Xiang Yongzhan didn’t even think about it and shook his head outright to refuse, “White Spider is now a supernumerary member of our Special Combat Brigade, it’s impossible for her to just come over.”

“Cut the bullshit with me.” Ji Feng instantly cursed with a laugh, “Oh, White Spider is a supernumerary and can’t just come over? What about the other soldiers in your special combat brigade, can they just come over? Do you still want me to go directly to the barracks and instruct them?”

The white spider was a supernumerary, but those soldiers were on the staff, how could there be any reason why supernumeraries were managed more strictly than those on the staff?

Ji Feng naturally way, this was Xiang Yongzhan’s excuse, this guy just didn’t want to let go anyway.

“Old Xiang, I say you are really like a landlord, you have so many experts under you, and to say that there is a lot of talent is a bit flattering, why do you still have to cling to the white spider and not let go?”

Ji Feng said helplessly, “I can tell you, White Spider does have the potential to continue to improve, but without my guidance, unless you can find a martial arts expert to teach her by hand, otherwise, she is really a waste of time to stay by your side! Because White Spider is not the kind of person who is suitable for large-scale combat, and you understand very well that she is actually best suited for going it alone, which is not in line with the characteristics of your special operations brigade, so why do you have to waste a talent!”

Xiang Yongzhan couldn’t help but be silent, Ji Feng’s words did make sense, and they were also very sincere, sort of hollowing out his heart.

Moreover, it was undeniable that the White Spider was definitely a talent, with commanding ability, combat experience, very talented in many aspects, and also very good in its own strength.

But the White Spider itself was not a reformer, and if one were to go purely by personal cultivation, it would be almost difficult to make any significant improvements.

And the body-building exercises that Ji Feng taught, one had to admit that it was indeed an extremely powerful training method.

Previously, because there were still suspicions about Bai Spider’s identity and her suspicions had not been completely ruled out, so Xiang Yongzhan did not let Bai Spider practice body-building exercises. But now it was different, as Bai Spider’s suspicions had been completely ruled out, so there would be no problem for her to practice gymnastics.

However, as Ji Feng said, White Spider had started a little late, and even, because of her previous kung fu practice, her body had been somewhat stereotyped. In this way, it was a bit more difficult for White Spider to practice gymnastics than anyone else.

But if Ji Feng was around to guide her, it would be a different story.

For Ji Feng’s strength, Xiang Yongzhan had never had any doubts, if Ji Feng personally guided, then the white spider’s advancement would definitely be frighteningly fast, there is no doubt about it.

But the question is ..... just with the virtue of that guy Ji Feng, if the white spider came to him, he would still let the white spider back?

But don't think about that beautiful thing, let the white spider to Ji Feng to study, that can really be a meat bag to beat the dog, never to return. The fact is that the company's business is not a business.

This is the difficult part for Xiang Yongzhan, now Ji Feng clearly wants the white spider, and the words have come to this point, if he does not spit, I am afraid that even if he sends a few more warriors to Ji Feng's side, Ji Feng will directly swallow them up, none of them will come back!

Ji Feng, this kid, has never been a virtuous person who eats people without spitting out bones!

And at this time standing next to the white spider, but a face of indifference, quietly listening to Ji Feng and Xiang Yongzhan talk, hear the funny place, occasionally will purse her lips lightly laugh, but the vast majority of the time, she is a breezy look.

It's as if ..... Ji Feng and Xiang Yong Zhan were fighting over something other than her!

But if you look carefully you can find that the white spider's pair of eyes are flashing with a different look .....

"Let's do it this way old Xiang ....." Seeing that Xiang Yongzhan had been hesitant, Ji Feng suddenly laughed: "Anyway, now that the white spider is also following, then we might as well let the white spider choose for herself, what do you think?"

Xiang Yongzhan nodded slightly and said, "That's fine."

The white spider was shaking her head with a small cicada and said, "Captain, young Ji, you are putting me in a difficult position, my life was saved by the two of you, no matter who I follow, I will repay you with all my heart, but if I were to choose ..... I really have no choice."

"It seems that it's my proposal that sucks." Ji Feng nodded and laughed, at this time the white spider was indeed in a difficult position, it was not good for her to choose who to follow.

"Ji Feng, I think it would be better to do this instead!" Xiang Yongzhan said, "It's no problem to let White Spider follow you, but her identity in the military can't be eliminated. Moreover, while she is following you, if there is any emergency on my side that needs to use her, you can't block it, you see ....."

"Of course no problem!" Ji Feng was instantly pleased and laughed: "Old Xiang, if I may say so, you kid has finally figured it out, that's wise!"

Xiang Yongzhan held his breath in his heart, but he just grunted, not paying any attention to what he was saying.

"In addition to the white spiders, I will also send a few warriors to your side, you have to use the shortest time to let them master the way to deal with the transformers, otherwise, I will have to throw your kid into the cesspit!" Xiang Yongzhan added.

Ji Feng laughed and didn't think anything of it, he just laughed and said, "No problem, no problem!"

"Humph!" Xiang Yongzhan couldn't help but hum and waved his hand, "That's it then, I'll contact you on exactly who to send!"

Ji Feng hummed, "What, is this a plan to get rid of me?"

“Then what else do you want? I don’t have any wine for you in this military camp!” Xiang Yongzhan said without good humour.

“Then, no wine, just some random food is fine!” Ji Feng laughed.

Xiang Yongzhan gave him a look before saying, “Alright then, as long as you can eat!”

Saying that, he turned to White Spider and said, “White Spider, you go back and pack your things first, call me when you’re done.”

“You can still use the phone in the military camp?” Ji Feng asked in a somewhat strange manner.

“Why can’t we use it?” Xiang Yongzhan hummed, “That’s other field units you’re talking about, if I don’t have a phone here, I don’t know how much I’ll be delayed!”

The duo said as they walked out.

Bai Spider watched the duo’s backs from behind, a complex look flashed across her beautiful eyes, seemingly somewhat hesitant and frustrated, but she eventually just let out a soft sigh before walking out as well, ready to pack her bags!

.....

“Ji Feng, you kid this thousand ways, but finally asked the white spider away!” Walking in the barracks’ playground, Xiang Yongzhan said in a good-natured manner, “I am preventing every day and every day, but after all, I have not been able to prevent you, you kid ..... are too treacherous.”

This was what Ji Feng wanted to know the most, it wasn’t difficult to pass on the method of controlling biological currents to the soldiers of the special operations brigade and the white spider, but if the white spider was suspected, then it would require some careful consideration.

Moreover, even after the white spider came to him, she was to protect Xu Yuan, so naturally there couldn’t be any slip-ups in between, or else Ji Feng could really regret it all over again.

“If I say there is suspicion, then do you still use her?” Xiang Yongzhan asked.

“What do you think?” Ji Feng hummed.

If White Spider was suspected, then it wouldn’t be too late to put her by his side to observe her for a while, and then send her to protect Xu Yuan when he was sure that there really wasn’t any suspicion anymore.

So, whether or not White Spider’s suspicions were really ruled out, Ji Feng wanted her.

Xiang Yongzhan then gave him a contemptuous look and said, “When we were in Yanjing, we organised a comprehensive physical examination of her by experts and found that her physique was very different from that of ordinary people, to put it simply, her physique was very strong, and according to our understanding, she should have taken some kind of medicine in the first place!”

“Was it some kind of drug that was injected into her when the dynasty loaded her with the biological bomb?” Ji Feng asked with a frown, “Or perhaps, the dynasty wanted to modify her and made some changes to her body, but it hasn’t been finalized yet .....”

“Who’s to say, anyway, White Spider’s physique has been changed.” Xiang Yongzhan said.

“Does White Spider herself have an explanation for this physical condition of hers?” Ji Feng suddenly asked.

“No!”

Xiang Yongzhan shook his head and said, “She just said that when she joined the dynasty at that time, she just drank a cup of something and passed out, and when she woke up, she was already off the operating table, and what exactly happened in between, she herself wasn’t sure.”

“You mean to say that the White Spider’s strong constitution is why she wasn’t poisoned on the desert island in the first place?” Ji Feng asked, “This is the same as my initial guess!”

“That’s right. But according to the examination, we found that her physique can really resist the poison that we were poisoned with!” Xiang Yongzhan said, “However, the White Spider’s physique ..... seems to be somewhat unstable!”

“Unstable?”

Ji Feng frowned slightly at once, “That means that the current White Spider, basically, is no longer suspect, but, her body seems to have some problems, so to speak?”

“Yes!”

Xiang Yongzhan nodded and added: “Ji Feng, joking aside, although my side has ruled her out of suspicion, but after all, there may be exceptions to everything, and her physique ..... wants to clear things up thoroughly, you still need to keep an eye out for more!”

“I just said it, when did you kid so generous ..... made half a day, you let her come to my side, or want my help!” Ji Feng laughed and cursed.

Xiang Yongzhan laughed: “Kid, risk and opportunity go hand in hand, let alone such a small risk, in exchange for such a talent, you think you’re losing money?”

Ji Feng then chuckled, he pondered for a moment before nodding, “Alright then, I’ll keep an eye out!”

“Seriously, I really don’t want White Spider to go to your side, but as you know, there are many things in the army .....”

“Totally understand.” Ji Feng smiled and nodded his head.

He hugged his arms, but he was secretly deliberating, what was odd about the White Spider’s physique?

Chapter 1044

Soon after, White Spider packed his luggage and arrived at the gate of the military camp.

Ji Feng and Xiang Yongzhan were already waiting here. When Ji Feng said he wanted Xiang Yongzhan to treat him to dinner, it was naturally a lie, it was only after four in the afternoon, so it wasn't even time for dinner.

The result made Ji Feng very satisfied, at least on the issue of the poisoning of Xiang Yongzhan and the others last time, the white spider was almost free of suspicion.

The only thing was that the white spider's physique seemed unstable as mentioned by Xiang Yongzhan, which made Ji Feng more or less unsure, how unstable was it?

Ji Feng decided that he would have to find an opportunity to conduct a thorough and comprehensive examination on the white spider. Of course, this could not be done within a short period of time, as Ji Feng was not a doctor, and if he were to carry out an examination, he would have to use bio-currents, which would definitely come into contact with the white spider's body.

The two of them couldn't be considered too familiar with each other right now, and they needed to bond for a while first.

At the main entrance, Ji Feng drove the car over and Xiang Yongzhan was giving an account of the white spider.

"White Spider, you personally no longer belong to the Special Combat Brigade, but your file and connections are still here." Xiang Yongzhan said, "If Ji Feng treats you badly, then you can come back again, you are always welcome here."

"Many thanks, First Captain!" White Spider nodded slightly, pursing her lips and smiling lightly. Of course she knew that Xiang Yongzhan was joking, but the concern in Xiang Yongzhan's words still made Bai Spider very grateful.

Ji Feng didn't say anything beside him, how he treated Bai Spider, that still needed time to verify. If Bai Spider is really a talent, then he will certainly not bully her for no reason, but if she has any second thoughts, then Ji Feng will definitely not be soft.

There was nothing that was more important than the safety of the people around Ji Feng, and Ji Feng would rather suffer himself than let the people around him get hurt.

"Alright, there's nothing else I can say."

Xiang Yongzhan waved his hand and admonished again, "Ji Feng, be nice to Bai Spider, but don't bully her!"

Ji Feng shook his head and laughed: "Alright, you don't need to worry about these things ..... and get in touch again."

Xiang Yongzhan laughed and nodded his head.

Ji Feng then pulled open the car door and put the white spider's luggage in first, and then the two of them got in, he waved his hand at Xiang Yongzhan, stepped on the gas and roared away.

“This kid, he picked up a big bargain .....” Xiang Yongzhan watched Ji Feng and the two of them leave, couldn’t help but shake his head slightly, his heart more or less disappointed. White Spider’s excellence had been fully proven in these times of action.

In combat, she was calm, composed, and extremely good at both reaction and combat, even though many of the soldiers in the special operations brigade had been practicing body-building exercises for some time, but if we are talking about life and death combat, under certain specific circumstances, they may not be able to match Bai Spider.

It could be said that this woman, White Spider, was born with a talent for combat.

And if she were to be a guard, she would be equally very good at it. This is because she can withstand loneliness, which is probably related to her previous experience as an assassin.

If she was left alone, she would have no problem sitting there all day without eating, drinking or moving.

After all, even if she is calm, she is still a human being and can feel lonely.

But even so, it was already very good.

“If there weren’t some situations in the military that were not suitable for Bai Spider to understand, how could she be allowed to work with that Ji Feng kid .....” Xiang Yongzhan bristled, more or less resigned in his heart, but some situations in the military were also more complicated, and many things were not something that Xiang Yongzhan alone could The decision.

For example, because the white spider was once Wang Chao’s person, then, even if she is no matter how good, she will definitely not be reused, I’m afraid to be able to join the special combat brigade, is already the result of Xiang Yongzhan’s efforts to fight. It would be almost impossible to move up further.

This is not to say that the military is suspicious, it is because the identity of the white spider is very sensitive, Xiang Yongzhan understands the white spider, but others do not.

The military would not easily put such an uncertain person in an important position, especially if they were responsible for a division, an army or even a military region.

For example, the last time Xiang Yongzhan was in danger, if there was really something wrong with the white spider, I’m afraid that not only Xiang Yongzhan but even Ji Feng was trapped at that time.

So the thoughts of those top brass, Xiang Yongzhan also very much understand, and likewise can not say anything.

At this moment, when Xiang Yongzhan was worried about the way to deal with the transformers, he thought of Ji Feng, a guy who had no interest in the future.

Therefore, Xiang Yongzhan intended to exchange the white spider for a way to deal with the transformers.

Frankly speaking, this could not be considered a trade, but only an exchange between the two sides. The reason was that, whether it was the method of dealing with the transformers or the white spider, the value of both could not be measured in terms of money.

The white spider left the army to follow Ji Feng, so that Xiang Yongzhan is considered a stone in his heart to put down, although reluctantly, but the white spider should have a good future, and he also got the way to deal with the transformers, both sides can be said to be happy, this is the best result!

“It’s just ..... such a talent as the White Spider, it’s a pity that he can’t serve in the army!” When Xiang Yongzhan thought about it, he still felt very sorry, and at the same time secretly felt indignant for that Ji Feng guy’s good luck, that can be a really greedy guy, simply scraping the earth, but it happens that he has many good things on him!

As a result, Ji Feng also developed better and better.

“Such a cunning and greedy guy can actually develop so well, where can I justify this!” Xiang Yongzhan couldn’t help but give a sullen hum.

.....

“White spider, directly you from Xiang Yongzhan, the heart will not have any opinion, right?” On the way back, Ji Feng turned his head while driving and asked White Spider who was sitting in the passenger seat.

Bai Spider shook his head slightly and said softly, “Ji Shao, you are worrying too much.”

Ji Feng then smiled, Bai Spider was indeed a smart person, and she understood what she meant as soon as she opened her mouth.

A talent like Bai Spider was indeed too much to stir people’s hearts.

In fact, from Ji Feng’s point of view, the fact that he had asked Bai Spider to come from Xiang Yongzhan was like a kind of deal, when Bai Spider was present, at least from her point of view, this might be a deal.

In that case, there was no guarantee that the white spider would not have any thoughts in her heart, after all, she was a living human being and not a thing.

But now it seems that Ji Feng was really over-worried.

Even if White Spider had any opinions in her heart, it was probably because she had come out of the special combat brigade and followed Ji Feng instead, not because Xiang Yongzhan had exchanged her with Ji Feng for a way to deal with reformers.

To put it simply, it was possible that the white spider was not willing to follow Ji Feng, but would definitely not have a problem with the exchange itself.

In fact, in Bai Spider’s heart, she had no problem with whoever she was told to follow, because she knew that both Xiang Yongzhan and Ji Feng were competing for her, and that was actually a way of valuing herself, rather than buying and selling her like a cargo.

Xiang Yongzhan and Ji Feng had never treated her like a cargo. Otherwise, they wouldn’t have talked to themselves several times in succession.

In fact, what White Spider really had in mind was her identity, and her fate!

From the very beginning when she really stepped into the business of assassination, White Spider knew that she feared that she would not get a good end, and that sooner or later she would be buried in the process of assassinating others.

Later, when she joined Dynasty, she understood even more that she would never want to come back to shore in this life.

Because at that time she already knew how ambitious the organization, Dynasty, really was and, moreover, how they treated people who betrayed the organization and how they punished them .....

Especially since there was a biological bomb inside her, which left her with no freedom ever again!

Even when Ji Feng later helped her to defuse the biological bomb inside her body, she still didn't have any reason to be happy, because she had merely gone from one side, to the other, only one of them was the dynasty and the other was the Chinese military, that's all.

In fact, her life no longer belonged to her and she was at the mercy of it. Although she wanted to fight, she knew that it would be futile. Because, from the moment she joined the dynasty, she could only choose to belong to the dynasty, or any other power, but only there would be no freedom.

Now that she had come to Ji Feng, it was the same, just another change of master.

Only, this master had once saved her life and defused the biological bomb inside her, but I'm afraid he only saw her abilities or ..... body!

To really treat himself well, the white spider does not believe that, even to Yongzhan that cared for himself, is not the same with some utilitarian ideas?

If he was not so powerful and did not know something about the dynasty, would he still treat himself so well?

That was obviously impossible!

"This is one's own pathetic fate ....." The white spider couldn't help but shake her head slightly and secretly sighed softly, "When will I be able to have true freedom? Go live an ordinary life, no need to be in such a storm all day, a rare moment of peace ....."

"What, in a bad mood?" Ji Feng suddenly asked.

The white spider was slightly stunned, then shook her head, "No, just a little tired."

"We'll be home soon." Ji Feng said with a smile, while in his heart he knew clearly that this was just an excuse for White Spider, she was in a bad mood, Ji Feng could clearly feel it!

"Mm!" White Spider nodded her head and stopped talking.

"It looks like she's still a bit unhappy to come to her side!" Ji Feng secretly mused, "But it doesn't matter, as long as the contact time is long, some of her thoughts will slowly change, wasn't Han Zhen at the beginning also very unhappy to come to her side? And now, she's on the verge of fully integrating into the family ..... White Spider will do the same!"

Ji Feng took White Spider back home, Xiao Yuxuan and Tong Lei and the girls hadn't returned yet.

"White Spider, it's okay to put you in the guest room downstairs, do you think it's okay?" Ji Feng asked, "I usually have very few people staying here, and there are many rooms, so basically you won't be disturbed, what do you think?"

"It's okay!" Bai Spider nodded slightly, she basically had no requirements for accommodation and some external conditions.

Ji Feng then nodded and brought Bai Spider to the guest room, first letting her pack her luggage. Only after that did he make a cup of tea for Bai Spider and sat on the sofa in the living room, lighting up a cigarette and smoking it.

In fact, Ji Feng was thinking.

Now that White Spider had come from Xiang Yongzhan, it was a big question of how to arrange her.

Although nominally, White Spider is here to follow herself to learn how to deal with reformers, her relationship and files and some other things are still left in the military camp, and it seems that she will only stay here for a little while, but in fact, everyone knows very well that this is just a formality.

In fact, right now, the white spider was already tantamount to following Ji Feng.

Unless there was a shortage of manpower or an emergency, the White Spider would be used, but under normal circumstances, even if the White Spider's files were still at the barracks, Xiang Yongzhan could not easily move the White Spider.

In a word, from the moment Bai Spider followed Ji Feng to the car, she was already Ji Feng's person.

Even if Xiang Yongzhan wanted to use her, he would need to go through Ji Feng's consent!

In this way, then, Bai Spider's arrangement might have been arbitrary, but that was actually not the case.

This was because there was still a layer of concern in Ji Feng's heart; Bai Spider's physique was unstable, and it had been impossible to truly determine, until now, whether Bai Spider was truly following him or not.

Therefore, his original intention of letting the white spider go to protect Xu Yuan could not be arranged for the time being.

The only way to do this is to let the white spider stay by Ji Feng's side and act as his escort for the time being. This is the most secure way to ensure that the white spider does not pose a possible threat, but also to facilitate Ji Feng's instruction in practicing body-building exercises for the white spider.

It's just that .....

The actual fact is that you can't help but scratch your head and secretly smile bitterly: "I'm still a student, but I have a gorgeous beautiful bodyguard with me, if I go to school, it's really too eye-catching. Not to mention that I don't fit in, I'm afraid that second uncle and father won't agree with them, it's too ostentatious!"

“Ji Shao .....” White Spider finished packing up and came to the side, “May I ask if there are any orders?”

Ji Feng pointed to the sofa next to him and smiled, “Have a seat.”

White Spider nodded and took a seat on the sofa to Ji Feng’s right.

Ji Feng pondered for a moment and said, “White Spider, you know everything now, from today onwards, you will follow me first, tomorrow I will take you to the headquarters of the Tengfei Group, make some connections and hang a position of deputy manager in the security department of the Tengfei Group, the salary and treatment will be according to the standard of the deputy manager, what do you think?”

“All at the disposal of young Ji.” Bai Spider nodded and said.

Ji Feng gave a hint and didn’t say anything else, of course he could hear that although Bai Spider was respectful to him, no matter what he said, she nodded her head in agreement. But in reality, there was a sense of distance in Bai Spider’s words, which made Ji Feng somewhat uncomfortable.

Therefore, Ji Feng was not going to say anything else now, he could only wait until he and Bai Spider became more familiar with each other, then perhaps they would have something in common.

After thinking about it, Ji Feng said, “White Spider, if you’re tired, go and rest, I’ll call you if there’s anything.”

However, this time Bai Spider shook his head and refused, “Young Ji, I am your bodyguard, my duty is to protect you in every shape and form!”

Ji Feng laughed: “This is at home, so there’s no need for that.”

The white spider, however, was unmoved and simply said, “This is my duty!”

Ji Feng was slightly stunned, then he nodded and smiled and said, “Alright then, just treat this place as your own home, don’t be restrained.”

“I will!” White Spider nodded.

Ji Feng then smiled, reclined half on the sofa, took out his mobile phone and casually tapped on the screen to check some of the guard devices arranged at home.

In reality, his heart was secretly frowning.

White Spider was doing well, absolutely impeccable, but the more this happened, the more it proved that White Spider was treating her bodyguard status as a job, rather than treating herself as family.

Which meant that she hadn’t, or wasn’t going to, integrate into the family at all!

“This won’t do!” Ji Feng secretly said, “If you don’t integrate into this family, you’ll never become the most caring bodyguard, and it looks like it might be more difficult to change White Spider than it is to change Han Zhen! Take your time .....”

At around half past six, Tong Lei and Han Zhen returned home first.

Seeing an extremely gorgeous young woman sitting in the living room, Tong Lei and the girls were stunned in unison at the same time.

Ji Feng smiled: "Let me introduce you, this is White Spider, the new bodyguard of our family ..... These two are Tong Lei, my girlfriend. This is Han Zhen, Lei Lei's bodyguard."

The white spider politely greeted Tong Lei and the two women, and Tong Lei and Han Zhen were somewhat amazed.

It had to be said that the White Spider was so beautiful that even the beautiful Han Zhen was slightly inferior in front of her, and only Tong Lei could match the White Spider in terms of looks.

"Such a beautiful female bodyguard ....." Han Zhen secretly glanced at Ji Feng, thinking: "What a flamboyant young man, Ji Shao is good at everything, has a sense of justice and is generous, but he is just a bit too philandering, with two flamboyant girlfriends at home Two flowery girlfriends not to mention, now find a bodyguard are looking for such a beautiful ....."

But what amazed Tong Lei was also the appearance of the white spider. It wasn't because White Spider was too beautiful, but she recognized that the gorgeous female bodyguard in front of her was a former teacher at the United University!

Moreover, Tong Lei remembered that White Spider seemed to have acted unfriendly to Xiao Yuxuan once!

Why had Ji Feng suddenly asked her to be his bodyguard?

Although her heart was shocked, Tong Lei still greeted Bai Spider politely, no matter what, the person was also led back by Ji Feng, and in the future she would have to work as a bodyguard in the house, so she would definitely see each other with her head down and her head up, although Tong Lei was cold in nature, it didn't mean that she didn't understand human feelings.

"You guys sit down first, I'm going to send the books to the room ....." Tong Lei said softly and headed upstairs, Han Zhen hurriedly followed behind.

"Big young man is so philandering oh ....." vaguely, Ji Feng heard Han Zhen who had gone up the stairs whispered, he choked and laughed bitterly in his heart.

The reason for this is that it is difficult not to misunderstand.

The white spider, however, had a bland look on her face, as if she hadn't heard.

The corners of Ji Feng's eyes could not help but flutter a few times, now that Han Zhen had said so, then when Xiao Yuxuan returned, with her playful personality, she might not be able to tell how she was going to tease herself.

God forbid, I really didn't have anything in mind for the white spider!

However, this girl Han Zhen has become so bold now, she actually dares to sarcastic the male master of the house?

Gotta find a chance to clean her up properly! Ji Feng gritted his teeth and thought like this.

.....

Inside the campus of United University, Zhang Lei was walking with Shen Jingyi in the playground. It was just after dinner time, and many students were moving around the playground, either playing or exercising, and it was very lively.

Zhang Lei was relaxed and happy, while Shen Jingyi was a bit dazed and confused.

Looking at the playground where someone was playing basketball, Zhang Lei couldn't help but laugh, "Speaking of playing basketball, it's one of the things I regret the most."

"Oh!" Shen Jingyi subconsciously responded, and then raised her head again and asked, "How so?"

"As you know, my dad is from the system, and there were quite a few students in high school who knew my identity, plus I wasn't a good student myself, so very few people were willing to play basketball with me." Zhang Lei didn't realise that something was wrong with Shen Jingyi as he laughed, "As a result, ah, I'm also too lazy to play with them, so as long as it's a group sport, there's basically nothing I'm proficient in!"

"Oh!"

Shen Jingyi nodded and said, "Actually, playing basketball is also just a sport designed to strengthen the body, but it's not as effective as martial arts, and I don't really like watching ....."

Zhang Lei laughed, "Then there's always a sport you like besides martial arts, right?"

"I like sports with a strong sense of power or a bit more skill, but I don't like both very much." Shen Jingyi said.

Zhang Lei laughed, "Then isn't martial arts also both strength and skill?"

"That's right too!" Shen Jingyi nodded her head slightly.

Zhang Lei couldn't help but frown slightly, and soon stretched again as he hesitantly asked, "Jing Yi, do you have something on your mind?"

"Ah?" Shen Jingyi was stunned for a moment and shook her head, "No."

"But you're a bit strange now!" Zhang Lei said, "Remember? I just asked what sports you like besides martial arts, but I denied your answer and you didn't realize the question ....." With your reaction and thinking, you shouldn't have made such a mistake!"

"I'm really fine ....." it's just that I was watching other people play sports just now, so I got a bit carried away." Shen Jingyi said.

Zhang Lei's brow furrowed, "Really?"

"What am I lying to you for." Shen Jingyi said, she hesitated for a moment and suddenly asked, "By the way, has Ji Feng contacted you recently?"

"Crazy?" Zhang Lei shook his head, "No, what's wrong?"

"I'm just casually asking ....." Ji Feng didn't contact you, he must be studying hard, Zhang Lei, you should also work hard oh! Whether it's in terms of study, or martial arts, you have to work hard!" Shen Jingyi

said, raised her hand to look at her watch and said, “Zhang Lei, it’s getting late, I’m going to go to my evening study, let’s see you tomorrow.”

“..... is fine!” Zhang Lei nodded his head.

Chapter 1046

Looking at Shen Jingyi’s back, Zhang Lei’s brow was furrowed and a thoughtful look appeared in his eyes, he could be sure that there must be something that Shen Jingyi had not let herself know.

After all, the two of them had been getting along for a few months now, and they knew more or less everything about each other’s personalities and habits.

“What could she have going on?” Zhang Lei secretly wondered.

“Has Ji Feng contacted you recently?”

“You have to work hard, whether it’s in terms of studies or martial arts!”

.....

In Zhang Lei’s mind, the words that Shen Jingyi had just said came to mind, especially her demeanor when she spoke, as well as the unnaturalness of the subtleties, all fell into Zhang Lei’s eyes.

“There must be something wrong with Shen Jingyi, and it doesn’t seem to be a small matter!” Zhang Lei was very sure, otherwise, she definitely wouldn’t be so out of shape.

“So ..... what exactly is the matter?” Zhang Lei secretly mulled it over, his hands in his trouser pockets as he skipped around the playground while pondering.

The first time I saw her, I was in the middle of the classroom, and she didn’t go to study in the classroom like she said she would, but went straight back to the dormitory and sat on her bed alone, in a very low mood. In fact, her heart was even more troubled and frustrated.

She was very agitated, but she didn’t know who to talk to because it was very troublesome and she didn’t dare to talk to anyone for fear that it would get to Zhang Lei’s ears, especially not to Zhang Lei.

If Zhang Lei knew about it, then the matter would really be a big deal, and he would definitely be the one who would suffer, which is a situation Shen Jingyi does not want to see.

However, recalling what Ji Feng had said in the afternoon, Shen Jingyi could not help but shake her head and sigh lightly.

There was no way to conceal it!

Shen Jingyi certainly understood this, there was no impermeable wall in this world, not to mention, there was another guy like a fly beside her that couldn’t be driven away, and she was meeting with Zhang Lei on a regular basis, sooner or later, they would run into each other, and then it would be even more troublesome!

“It’s really annoying!” Shen Jingyi kept a large rag doll, which was a puppy.

Shen Jingyi pinched the puppy's nose and said in annoyance, "What should I do..... you too, I told you to work hard on your kung fu, but you had to go practice some kind of body building exercise, will that body building exercise enable you to reach the middle Houtian stage?! Now that guy is coming to my door, and my family is urging ..... you can't even help me!"

As soon as this matter was mentioned, Shen Jingyi was angry in her heart.

It was a dead rule of the Shen family that the family's martial arts were not allowed to be passed out, and no one was allowed to violate it.

However, in order for Zhang Lei to be approved by the elders of the family, Shen Jingyi risked being heavily punished for trying to teach Zhang Lei kung fu, but who knew that this guy would not appreciate it and insisted on practicing some kind of body-building exercises, saying that it was even better than her kung fu!

Shen Jingyi wanted to persuade Zhang Lei again, but she was blocked by a few questions in a row, so that she could not say a word.

At that time, Shen Jingyi was trying to persuade, but as a result, Zhang Lei suddenly asked, "Jingyi, is the kung fu you are going to teach me the one you are practising?"

Shen Jingyi nodded, "Yes, what I'm teaching you are the most authentic heart techniques and mantra ....."

"Then how long have you been practicing?" Zhang Lei asked again.

"..... I've been practicing since I was eight years old."

"More than ten years, right?" Zhang Lei asked.

Shen Jingyi nodded, and by careful calculation, she had indeed been practicing for more than ten years.

"Then if you follow the kung fu you taught me, how long would it take to practice to the point I am at now?" Zhang Lei asked.

"It will probably ..... take three or four years, after all, you are older now and still need to lay the foundation ....."

"If I told you that I've only been practicing aerobics for about a year and I've reached the point I'm at now, would you believe me?" Zhang Lei asked with a smile.

"....." Shen Jingyi then understood that Zhang Lei had decided that the aerobics taught to him by Ji Feng was even better than his own kung fu, so it would be useless to say anything about himself.

As expected, Zhang Lei laughed, "Look, it turns out that the gymnastics I practice now is not necessarily better than your kung fu, but it is the most suitable for me!"

Shen Jingyi then had nothing more to say.

Thinking about that scene now, Shen Jingyi still stomped her feet in hatred.

That stinky guy, how come he didn't know that internal martial arts, is originally difficult at the beginning, but as long as the foundation is well laid, later on the power will become more and more powerful, and the progress will also gradually accelerate, only after a certain degree will it become difficult .....

"If you can't practice for one year, I'll wait for you for one year, if you can't practice for five years, I'll wait for you for five years, since I'm with you, then I won't change my mind ....." Shen Jingyi vigorously pinched the puppy's nose and gasped: "As long as you can prove your potential, my family definitely won't be too hard on you, but why don't you just listen to advice! Bastard ....."

"Ugh ....."

Shen Jingyi lost her temper on that puppy for a while and sat down on the bed again, her pretty face full of sadness, "If that guy knows that I got a boyfriend at school and didn't practice kung fu, he will definitely run back and complain, what can I do then ....."

Shen Jingyi is very distressed, in fact, this matter to tell Zhang Lei or not, are a big trouble, this is also her most distressed.

Zhang Lei did not practice internal martial arts, want to reach the Houtian middle stage before the two of them get married, that is simply impossible.

If he didn't have the strength, then there was no need to talk about their marriage, and their families would definitely not agree. But even if he told Zhang Lei now, he would not have time to prove himself, so how useful would a temporary hug be?

What's more, if Zhang Lei is told about this, with his violent temper, he will definitely clash with that guy within a few words.

If Zhang Lei went up against him, wouldn't it be obvious that he would suffer a big loss?

But even if he wanted to hide it from Zhang Lei, how long would he be able to hide it?

Sooner or later, he would find out!

Moreover, if Zhang Lei waited until later to find out, I'm afraid he would misunderstand even more by then, and it would be hopeless between them!

"Stinky guy, what should we do ....."

Shen Jingyi, who was always quiet and gentle like water, couldn't help but bury her head under the pillow, distressed.

"Work hard ..... work hard ....." Zhang Lei skipped around the playground, but in his heart he was constantly pondering, the few words that Shen Jingyi said before she left, seemed to be very intriguing ah.

Suddenly, Zhang Lei's feet beat, "Ji Feng?"

Shen Jingyi mentioned Ji Feng for no reason, obviously not just a simple concern, could it be that Ji Feng knew something?

Thinking of this, Zhang Lei immediately took out his mobile phone, found out Ji Feng's number and dialed it.

.....

"White spider, eat more, just treat this place as your own home, don't ever be polite!" At the table, Xiao Yuxuan said to Bai Spider with a smile, "We used to work together, I never thought we would actually live under the same roof now, what a surprise!"

"You're too polite, actually I didn't expect it either." The white spider smiled lightly.

Xiao Yuxuan then turned her head and said to Ji Feng with a smile like a flower, "Little fellow, don't bully White Spider in the future, otherwise, I won't be able to spare you, remember?"

The three girls, Tong Lei and Xiao Ying, also had beautiful eyes that kept glancing at Ji Feng's face, making him really sweat.

He could only nod with a bitter smile, then he honestly lowered his head and plucked rice into his mouth, not daring to say a word.

The white spider was much more relaxed and didn't think anything of it, but she even chatted with Xiao Yuxuan from time to time, which was really an eye-opener for Ji Feng. The fact is, even if women have hatred for each other, if they are hypocritical, you really can't see it at all!

I have to be convinced!

Although he had expected that Xiao Yuxuan would react, he did not expect that her reaction would be much greater than he had imagined.

Ji Feng felt that he had to have a good talk with Xiao Yuxuan in the evening; there were many things in between that she did not know and it was normal for her to be hostile towards the White Spider.

For example, from the time the White Spider left United University, Xiao Yuxuan didn't know anything about it. In fact it was from that time onwards that the white spider did nothing more against herself, or against those around her.

But now well ..... Ji Feng felt that it was better to hurry up and get out of here.

"Ding ....."

Just at this time, Ji Feng's phone suddenly rang, and he took it out to see that it was Zhang Lei calling.

The first thing that happened to him was that he thought of the guy in the silver sports car that he met today, did something really happen?

Without hesitation, Ji Feng picked up the phone, "Hey, Lei Zi, something wrong?"

"Crazy, I'm asking you, is there something wrong with Jingyi?" Zhang Lei asked directly.

Ji Feng gestured to Xiao Yuxuan and the others before leaving the dining table and coming into the living room, "Lei Zi, why are you suddenly asking this?"

“Just now Jing Yi and I came out for a walk, she seemed to have something on her mind, and she said a bunch of strange things, and mentioned you .....,” Zhang Lei quickly told the conversation he had with Shen Jingyi at that time, “I was a bit puzzled understand, that’s why I asked you if you knew what was going on!”

Ji Feng could not help but ponder for a moment before he said, “Lei Zi, about Shen Jingyi’s matter, I do know a little, but not in detail, and I can’t tell you clearly. I think it’s better for you to ask Shen Jingyi directly, so I won’t get involved in the middle.”

“Something is really wrong?” Zhang Lei’s voice sank at once, “Crazy, from what I hear from you, it doesn’t seem to be anything serious, does it? Could it be something related to feelings?”

Ji Feng had to praise a word, Zhang Lei this kid don’t look normally big-hearted, but his brain, is really too smart, there is something often just a wind blowing, he was able to guess almost everything!

When he heard Ji Feng’s silence, Zhang Lei understood, he said, “Crazy, come out and find a place to sit, if I don’t understand, I can’t sleep today!”

#### Chapter 1047

Ji Feng pondered for a long time before saying, “Lei Zi, I still say that I’m not too sure about this matter, you should go ask Shen Jingyi.”

It wasn’t that Ji Feng didn’t want to get involved in this matter, fearing that he might get into trouble if he got involved. In fact, there was nothing that he and Zhang Lei, as brothers, could not say, and even if there was really any conflict between Ji Feng and Shen Jingyi, I believed that Zhang Lei might not even side with Shen Jingyi.

The relationship between the two of them was gradually built up through one thing after another and that one storm after another.

Therefore, Ji Feng was not afraid of getting himself into trouble because of this matter, even if he said a few bad words about Shen Jingyi in front of Zhang Lei, what could it be?

What Ji Feng really hesitated about was the relationship between Shen Jingyi and the young man in the silver sports car.

During the day in the school car park, I saw Shen Jingyi and the young man arguing in the car. From this scene alone, Ji Feng could be sure that the relationship between Shen Jingyi and the young man in the silver sports car was definitely not an ordinary one.

Otherwise, with Shen Jingyi’s character, firstly, she would definitely not get into a stranger’s car.

Secondly, that young man was a master, at least compared to ordinary people, that was definitely a master, which could be seen from the few simple moves he made with Shen Jingyi, that man’s skills were more powerful than Shen Jingyi’s. This was already remarkable!

That was already remarkable!

Then, for someone like that, anyone with a little bit of brain could think that such a person must not be small in origin, and should be a son of a martial arts family or have an extremely powerful master anyhow.

And based on all these possibilities, it was clear that Shen Jingyi's relationship with that young man was somewhat complicated.

At this time, if Zhang Lei were to get involved directly, it might be a mess.

If Zhang Lei heard that someone was pestering Shen Jingyi, this guy would probably go crazy and storm out immediately.

Before the matter was clarified, once Zhang Lei got angry, he might make things worse.

"Lei Zi, I do know a little bit about Shen Jingyi's affairs, but my knowledge is also limited." Ji Feng said, "Besides, I'm not too sure what exactly is going on, I think it's better for you to play it safe, don't be impulsive."

"Oh ....." Zhang Lei suddenly laughed, "Crazy, I'm calling for you first now, that means I've already considered it carefully. Otherwise, I would have already run to Jing Yi's dormitory and asked her!"

"That's true!"

Ji Feng nodded and smiled at once, thinking carefully, it was indeed the same, with Zhang Lei's previous violent temper, he must have been unable to resist asking Shen Jingyi a long time ago.

It seemed that this guy was gradually growing up too!

"Crazy, you don't have to worry, I just want to find out what happened, Jing Yi is my girlfriend, I always have to find out what happened to her, right?" Zhang Lei said, "Whether it's a good thing or a bad thing, you always have to face it!"

"When did you kid become so reasonable?" Ji Feng was amazed.

"Nonsense, I've always been like this, right!" Zhang Lei laughed and scolded, "Crazy, you don't have anything urgent to do now, do you? Hurry up and come out and sit down!"

Ji Feng then nodded and said, "Alright then, I'm going over there."

"Then come straight to the school, I'll wait for you at the entrance." Zhang Lei said, "It just so happens that it's been a long time since I've had a drink, let's have a couple of drinks together."

Putting away the line, Ji Feng couldn't help but shake his head and smile, "This guy has really grown up ....."

He put away the phone and hesitated for a moment before turning around and returning to the restaurant, smiling, "So what, I have to go out for something, you guys ..... should rest early if you are tired, if you have anything to say, wait until I come back."

Swish!

The white spider stood up and immediately came to Ji Feng's side, as Ji Feng's bodyguard, now that Ji Feng was going out she naturally had to go along for protection.

Xiao Yuxuan's pair of beautiful eyes glanced over Ji Feng's body with a smile, and nodded slightly, "Well, go ahead, be careful on the way."

She turned her head to look at Bai Spider again and said softly, "Miss Bai, his safety falls on you, thanks for your hard work."

"This is what I should do!" White Spider said.

Ji Feng said, "White Spider, I'm just going to meet a friend, there's no danger, no need for special protection, you can just rest at home."

"It's my duty to protect you." White Spider said in a soft voice.

Ji Feng immediately frowned slightly and said he was surprised to look at Bai Spider, but saw that she just had a calm face, with a faint smile at the corner of her mouth, she couldn't see the slightest abnormality at all. This time, Ji Feng can't help but some big head, how white spider also took the initiative to pinch up with Xiao Yuxuan?

Could it be that during the time he was on the phone with Zhang Lei in the living room just now, something else happened between them?

Xiao Yuxuan also gave Bai Spider a faint look and waved her hand, "Go on!"

This atmosphere was really a bit weird!

Ji Feng wanted to say something, but considering that it was too late to elaborate, he could only say hello to Xiao Yuxuan and Tong Lei and the others, and then took the white spider away with him.

As for what Xiao Yuxuan and the others thought in their hearts, it was too late for Ji Feng to think about it, so he could only wait until he came back and explain it to them in detail. As long as Xiao Yuxuan and the girls knew what was going on, they would definitely change their attitude.

When he went to the school, White Spider took the initiative to take up the driver's duty. Originally, Ji Feng was worried that she might not be able to adapt to the car when she first drove it, but when he saw White Spider's skillful operation and her calm demeanor, he was relieved that White Spider's driving skills were really good.

"Go to the west gate of United University." Ji Feng sat in the back row and said indifferently.

The white spider nodded slightly, and after skillfully operating the car, he stepped on the accelerator and the car roared away.

Walking on the road, Ji Feng slightly closed his eyes and leaned back against the backrest to close his eyes.

After a long time, he suddenly said with a light sigh, "White spider, in the past you had other thoughts about Xiao Yuxuan after all, so she has some views on you, I believe you can also understand, I will explain the misunderstanding between you clearly, there is no need to be so tit-for-tat in the future!"

Ji Feng is not a fool, just now in the villa, the white spider said to Xiao Yuxuan that ‘this is what I should do!’ That was undoubtedly telling Xiao Yuxuan that although you are his girlfriend, I am also his bodyguard, so I will abide by my duties, and as for between us, it’s better if we don’t cross river water!

This is why Ji Feng had to explain a little to the white spider. You know, strictly speaking, Xiao Yuxuan did not have a good impression of Bai Spider, which was quite normal.

I was afraid that no one would have too good an impression of someone who had once tried to kill them, and Xiao Yuxuan was naturally even less of an exception. What’s more, this person who tried to kill herself is now actually going to live under the same roof as herself and has become her boyfriend’s bodyguard .....

Although Xiao Yuxuan has the measure, she also has seven emotions and six desires, as well as the usual human likes and dislikes!

Therefore, from a more fair point of view, Ji Feng believes that today’s fault does not lie with Xiao Yuxuan’s body, her behavior, at most, can only be described as not having too much regard for the face of the white spider.

Rather, it was how White Spider ..... was somewhat unusually tough in front of Xiao Yuxuan, which made Ji Feng frown a little.

“Young Ji, I’m just stating a fact!” The white spider said.

Ji Feng’s eyebrows then tightened as he said in a deep voice, “Are you really just stating the facts?”

“Yes!” White Spider said without looking back as he drove on.

“Stop the car!” Ji Feng suddenly shouted violently.

White Spider was slightly stunned.

“I told you to stop the car, didn’t you hear me?!” Ji Feng said in a cold voice with a sullen face.

Squeak—!

White Spider slammed on the brakes and stopped the car at once.

“Pull over.” Ji Feng said indifferently, “Don’t be in the middle of the road, it will affect the traffic.”

White Spider didn’t say a word, just followed Ji Feng’s instructions and drove the car forward some distance and stopped at the side of the road.

Bang!

Ji Feng opened the car door and said, “Get out!”

Looking at Bai Spider who got down from the car, Ji Feng’s gaze looked straight at her and said in a deep voice: “Bai Spider, I have a few words to say to you, originally I wasn’t going to say them, but ..... now I still think it’s better to say them.”

“Please speak, young Ji.” White Spider said calmly.

“The first thing I want to tell you is that my family’s safety and their feelings are above everything else!” Ji Feng’s expression was extremely solemn, “If you come to me as a bodyguard, you must obey this principle all the more, you must never cause them any half harm, otherwise, return to me where you came from, and if you go beyond my bottom line, I don’t mind letting you know the consequences of doing that!”

The breeze on the road made Ji Feng’s low and majestic voice carry a long way out.

He glanced at Ji Feng and said in a deep voice, “If you have a conflict and the fault lies with Xiao Yuxuan and the girls, then I can apologize to you, and if they bully you and make you unbearable, you can also choose to leave, you can come and go as you please in my place, and you will definitely not be restricted in your freedom of movement.”

“But!”

Ji Feng’s words snapped in his voice, “But in front of them, you have to give me whatever grievances you have to endure, use your heart eyes less to deal with them, if I can’t accommodate you here, you can leave!”

The white spider just listened quietly, not saying a word.

“That’s all I ask of you, you didn’t make a choice at that time in the Jiangzhou military district, so now I’m giving you a chance to choose.” Ji Feng held out a finger, “First, stay, try to get out on good terms with Xiao Yuxuan and the girls, do what you have to do, and play less with your mind, otherwise, you will know my methods!”

“Second, now I’ll send you back to Jiangzhou Military District, from now on, the grudge between us is written off, just pretend that you and I never knew each other!” Ji Feng’s expression grew colder and colder, a pair of sharp eyes stared straight at the white spider, “You choose yourself!”

Chapter 1048

Ji Feng looked straight at the white spider, his face was cold and frightening.

In fact, he hadn’t really planned to say these words, he had come into contact with Bai Spider a few times before and knew that her character wasn’t exactly flamboyant, and that she didn’t talk much a lot of the time and was often silent.

But he didn’t expect that not only did Bai Spider go toe-to-toe with Xiao Yuxuan at home, but now that she was out, she actually didn’t even show any weakness in front of herself!

This was something Ji Feng absolutely could not tolerate. He would never allow a bodyguard to appear in his house who would be tit-for-tat with Xiao Yuxuan all day long, instead of that, he would rather just train another female guard himself, although it would take a short time, but it was still much better than now.

What’s more, the root cause of Xiao Yuxuan’s bad impression of the white spider was still the white spider, after all, she really had bad thoughts about Xiao Yuxuan at first!

Under such circumstances, it was normal for Xiao Yuxuan to be a little emotional.

But Ji Feng believed that even if her heart was not happy, Xiao Yuxuan would never go too far, not to mention that Xiao Yuxuan did not understand what had happened and the original reason, so once she was explained to her, it would naturally be fine.

In fact, Xiao Yuxuan's character is still very good, at least, she definitely does not have any superiority over others and is considered to be very good to get along with.

Therefore, what Ji Feng was most concerned about now was what the White Spider thought.

If White Spider still insisted on fighting hard with Xiao Yuxuan, even if there was indeed a misunderstanding in the middle, Ji Feng would not tolerate it.

There is a misunderstanding so that can be so tit-for-tat?

If this is the case, then in case there are any small conflicts in life in the future, if the white spider holds a grudge in her heart, once Xiao Yuxuan is in danger, the white spider still dares to see death and not save her?

Any big mistake is accumulated by a little bit of small problems, Ji Feng must beat down this bad seeds, to prevent the smallest and eliminate the smallest.

Therefore, Ji Feng gave the white spider two choices. If you can do what I want, then we can still get along. The actual fact is that you'll be able to get a lot more than just a few of these.

Even if you are talented, but I can't handle you, then I won't want you.

There are not too many talented people in this world, but without you, I can't collapse!

Although if the white spider left, then Ji Feng would definitely have some pity in his heart, but he would not be able to let go, rather than leaving her to have problems in the future, it would be better to let her leave now.

Long pain is better than short pain!

"Have you thought about it?"

Seeing that no answer had come from White Spider after a long time, Ji Feng frowned a little, and he asked in a light voice.

The white spider nodded her head lightly.

Ji Feng asked, "So, is your decision to stay or leave?"

"Young Ji, do you want to hear the truth, or do you want to hear a lie?" White Spider sighed lightly and raised her head to look directly into Ji Feng's eyes as she couldn't help but ask.

"Of course it's the truth!" Ji Feng said.

"Then good ....., " White Spider nodded and said, "Frankly speaking, I neither want to stay nor go back ....., If possible, I want to really and truly leave and go to the most ordinary days of ordinary people, because I'm too tired."

"Leave?" Ji Feng was slightly stunned, "Where do you want to go?"

“Anywhere is fine, it doesn’t matter where I go as long as it’s something that allows me to have true freedom.” White Spider faintly shook her head and softly said, “Since I entered the profession of assassin, I have never lived unrestrained and free, all these years, I am really tired .....

Ji Feng gave a non-committal smile, “So, where do you think you can go?”

“Yes .....” White Spider sighed at once, “I can’t go anywhere .....”

She had been an assassin, and the head of the Xixia branch of the dynasty, and just before that, he was a supernumerary member of the special operations brigade .....

Just by virtue of these identities of hers, she could not go anywhere, the military needed her, and the dynasty likewise needed her, as she knew more or less both sides.

..... Even if she really doesn’t know anything at all, but just by the fact that she has had contact with both sides, she won’t have any freedom in the future.

The reason why she was now able to follow Ji Feng’s side and have this freedom of bodyguard status, that was still her own desperate fight, as well as Xiang Yongzhan’s fulfillment of her. If it wasn’t for the two of them, White Spider believed that she would still be honestly staying in the barracks right now!

“Let’s not talk about those impracticalities now, the two choices I gave you are now the best place for you to go.” Ji Feng said indifferently, “Whether to leave or stay, make a decision, I don’t have that much time to spend with you!”

Bai Spider sighed lightly, “I choose to stay!”

Ji Feng faintly glanced at her, “Then, can you agree to all the conditions I mentioned?”

“Even if you don’t agree, what can be done?” White Spider asked rhetorically.

“What I want, is an affirmative answer!” Ji Feng, however, was not moved in the slightest and said indifferently.

“That’s right, I agree to all your conditions, I choose to stay!” The white spider could only nod her head.

Ji Feng’s eyebrows once again slightly wrinkled, and then, his eyebrows slowly relaxed, just a heartfelt sigh, but he didn’t say anything else.

In fact, now, this gesture of the white spider speaking was still playing with her heart. Or rather, she was making a gesture, pretending to look as if she had no choice but to accept her own conditions, appearing as if she was somewhat churlish and pitiful .....

The actual fact is that there is no point in going overboard with the conditions that Ji Feng put forward. The most that can be said is that Ji Feng’s tone of voice is not too friendly, but that’s all.

The actual fact is that there is absolutely no need for the white spider to make such a pretence, and the eyes of Ji Feng are not so easily fooled. He wanted to say a few more words about the white spider, but when he thought that it seemed to be a subconscious act, he was relieved.

In fact, if he thought about White Spider’s previous state of life, he might be able to understand why she was different from ordinary women.

Perhaps it was past experiences that had caused the White Spider to develop this habitual disguise to protect herself.

“Since we’ve decided to stay, then I don’t want to see that kind of scene at home tonight once again.” Ji Feng said, “Get in the car!”

The duo got back into the car and White Spider started the car to rush towards Union University. Although Bai Spider still didn’t like words much and was silent for a long time, Ji Feng didn’t bother with her.

There are some habits that she needs to slowly adapt to on her own, the result of not being able to adapt is being eliminated, it’s as simple as that!

As for why White Spider chose to stay instead of going to Xiang Yongzhan, Ji Feng was still more or less puzzled, but now was not the time to ask her, we could only wait until later.

However, all in all, this conversation tonight was a success.

At least in the future, the white spider is no longer dare to glare with Xiao Yuxuan and a few of them, in addition to that, also let her recognize her own position .....

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

“Fortunately, I hadn’t planned to keep her around for a long time, but intended to let her go to protect Xu Yuan’s .....” Ji Feng said darkly.

.....

Because it was now dark, but just in time for the rush hour after work, the road was somewhat congested.

It took almost forty minutes for the white spider to drive to the west gate of the United University. From a distance, Ji Feng saw Zhang Lei, with a cigarette in his mouth, skating back and forth in front of the bus stop on the south side of the gate, raising his hand from time to time to check his watch.

He then shook his head and smiled, “With this kid’s violent temper, it’s really hard for him to wait here for so long! White Spider, drive straight through.”

White Spider immediately nodded and drove the car over.

Ji Feng peeked his head through the car window and shouted, “Lei Zi, get in!”

“..... Shit!” When Zhang Lei saw that it was Ji Feng coming over, he couldn’t help but laugh and curse, pulling open the back car door and sitting in, “How dare you come a little slower? I’ve been waiting for you for almost an hour!”

Ji Feng laughed, “There was traffic on the road, so we couldn’t just fly over, right?”

“You guys?” Only then did Zhang Lei react, “By the way, why are you sitting in the back, that’s .....

the one driving.”

When he saw the white spider sitting in the driver's seat, he froze, opened his mouth wide and stammered, "Crazy, you ..... you this ....."

"This is my bodyguard, White Spider, get to know him!" Ji Feng laughed.

"Hello!" The white spider nodded slightly, as a greeting to Zhang Lei.

"..... Hello hello!"

Zhang Lei hurriedly nodded in greeting, his heart was stunned, Ji Feng this guy's peach blossom luck that is really nothing to say, every now and then you can see a stunning beauty appear around him ..... this guy messed up, I really have less and less confidence as a great uncle!

"Okay, where are we going?" Ji Feng asked with a smile.

"Just go to the front and find a restaurant." Zhang Lei waved his hand and said, "It's just for drinks anyway, as long as it's clear, no need to be so elaborate."

Afterwards, for the sake of parking convenience, Ji Feng asked Bai Spider to park the car in the parking space in front of the school, and the three of them walked to a small restaurant, casually ordered a few dishes and asked for a few bottles of beer.

The small restaurant was opened with the feeling of a big stall, and sitting here, that was a very good feeling.

The white spider was sitting next to him, silent, as if he didn't exist.

Zhang Lei was also quick to see the strange, he opened two bottles of beer, handed one to Ji Feng and said, "Want to get some barbecue to try?"

Ji Feng shook his head and laughed, "Just some wine, I've already eaten."

Zhang Lei didn't insist, he just drank a few glasses with Ji Feng before asking, "Crazy, tell me everything you know, in its original form, I have a hunch that this matter seems to be very troublesome!"

Chapter 1049

"Whether it's trouble or not, I'm not too sure, but I have something I can be sure of ....." Ji Feng lit a cigarette, took two puffs, and also took the opportunity to ponder for a long time before he said, "Someone is pestering Shen Jingyi!"

"Pestering?!"

Zhang Lei was suddenly slightly stunned, and then he laughed, "Then you mean to say that it's just wishful thinking on the other side, and Jing Yi doesn't have anything else in mind, right?"

"I said ....." Ji Feng was instantly surprised, "How come you kid didn't seem surprised at all when you heard this news?"

"What's so surprising about it?" Zhang Lei heatedly smiled, "Jing Yi is so beautiful, if there is no one pursuing her, that really makes me wonder, you also said, just someone is pestering her, it's not a big deal, what am I surprised about?"

"I really haven't seen that you're actually so generous when it comes to such things!"

Ji Feng couldn't help but laugh, "So, if I tell you that the man pestering Shen Jingyi is very uncomplicated, and that Shen Jingyi has a headache for him, are you still laughing?"

"Giving Jing Yi a headache?" Zhang Lei pondered for a moment and couldn't help but nod, "That's a real possibility, I see that Jingyi is a bit distracted today ..... Is that man very powerful? Or is there something else special about him?"

"I don't know exactly what he's from, but he's very good at it." Ji Feng said, "As far as I can see, just in terms of physical skills, Shen Jingyi should not be that man's opponent."

At this, Zhang Lei's brow couldn't help but frown slightly, and he pondered for a long time before saying, "Tell me carefully what's going on."

"Today I went to the school car park to pick up my car and inadvertently saw Shen Jingyi ....." Ji Feng gave a detailed account of what he had seen, especially about the scene where Shen Jingyi wanted to leave but was stopped by that man and the two ended up exchanging blows, and it was precisely through that scene that he saw that the man was very skilled .....

"In that case, Jing Yi and that man not only know each other, but they should also be very familiar with each other?" Zhang Lei's fingers tapped on the tabletop and mulled it over, "I'm afraid that what Jing Yi is having a headache about is not how good that man is at fighting, but his identity, or rather, the relationship between them?"

Ji Feng spread his hands and said, "I really don't know about that, you can only ask Shen Jingyi. But as far as I can see, Shen Jingyi should be very repulsed by that man, but doesn't have that ability to refuse, that's why she's being pestered by him!"

"Can you speculate what the man's origin is?" Zhang Lei asked, "He can afford to drive a sports car at such a young age, so he's obviously not from an ordinary family. Other than that, Jing Yi is no match for him ....."

Speaking of this, Zhang Lei snapped his head up and seemed to suddenly think of something: "Crazy, do you think ..... that man could be from the same place as Jingyi?"

"You mean, they are both from martial arts families?" Ji Feng was slightly stunned.

"Isn't there that possibility?" Zhang Lei asked rhetorically, "You know how Jing Yi is, anyway, as of now, I'm not even a match for her yet, but I'm definitely considered powerful among ordinary people. That man, on the other hand, is even better than Jing Yi, and that's not something that an ordinary master can teach!"

"So, you think both he and Shen Jingyi come from martial arts families?" Ji Feng also mused, "It's really possible!"

"That's right!"

Zhang Lei said, "You can tell from his hands and family status alone that his origins must be extraordinary. Besides, you know more or less Jing Yi's character, she generally seldom gets too close to

strangers, not to mention getting into people's cars, so Jing Yi and that man must have known each other before, and the relationship is not ordinary ..... All this is in line with my guess!"

Ji Feng thought a little, but it is indeed true, Zhang Lei analysis of this possibility is the most, in addition, of course, there are also some other possibilities, but those possibilities are very small.

The two of them looked at each other and said in unison, "A childhood friend!"

"Very likely!" Ji Feng nodded his head and said.

"Then ..... that's interesting."

Zhang Lei smiled faintly, "Originally, they were all plots that could only be seen on TV or in novels, but I never thought it would actually happen in my case. However, in TV it seems that outsiders like me are usually part of the decent characters, right? It's usually the heroine who falls for the outsider, and then her childhood friend will become ashamed and jealous, and finally turn into the big villain and be defeated by me, the main character ....."

Ji Feng was dumbfounded, this guy can really associate ..... But when you think about it, there are many dramas that are like this, until the heroine's childhood friend comes to her death, then she will repent .....

"What are you going to do?" Ji Feng shook his head, put aside all those out of tune thoughts and asked with a smile.

"What else can I do?" Zhang Lei shook his head and laughed, "I'm not going to do anything right now, so I'll pretend that I don't know anything, or I'll wait for Jingyi to take the initiative to tell me. The reason she's not taking the initiative to tell me now is that she doesn't want me to know."

"What about when she tells you?" Ji Feng asked again.

As soon as he heard Ji Feng's words, the smile on Zhang Lei's face faded away and he shook his head, "If we wait until Jingyi takes the initiative to tell me, then it will prove that she really can't carry it anymore, then it's time for me to carry this matter!"

"But you're not as strong as that guy!" Ji Feng reminded, "If you want to solve the problem simply by force, I'm afraid it won't work!"

Zhang Lei laughed, "Let's take one step and see, just because we are not strong doesn't mean we can't do the same in other aspects, who said I must confront him in force? Who says I have to confront him in force? Isn't that attacking the enemy's strengths with our weaknesses? I'm not going to do something that stupid!"

"Then how do you want to deal with him?" Ji Feng laughed, "Don't tell me that you won't do anything even if you're bullied in the face, that's not your character!"

This guy Zhang Lei's temper, Ji Feng really knew it too well, this guy was never a character who was hit in the right face by others and he himself then stuck his left face out for others to hit. He was the kind of person who would punch others if they cursed him, or kick others twice if they hit him!

What's more, someone is now trying to steal his girlfriend, in such matters, Zhang Lei has even less patience!

The reason why Zhang Lei didn't say anything now and didn't ask Shen Jingyi was that he was only looking after Shen Jingyi's face, so that he wouldn't be caught in the middle too much and wouldn't have to be too embarrassed.

But if Shen Jingyi is unable to solve this trouble, Zhang Lei will not just ignore it.

And when that time comes, if Zhang Lei faces challenges from others in terms of force, what should he do?

This is the question that Ji Feng is most concerned about.

Zhang Lei shrugged: "Then what can I do? I'm not as strong as others, so I can't just stand there and take a beating, right? It's easy to find a way to mess with him!"

Ji Feng lost his smile and raised an eyebrow, "You want to use the official power to oppose him?"

"What else can we do?" Zhang Lei said, "Can you make me become an expert in the shortest possible time, so that cleaning up that guy is like beating a dead dog?"

Ji Feng shook his head, "I can't!"

"Then it's still ah....." Zhang Lei stretched his hands, and then he gritted his teeth and said, "Since we can't do it with our strength, then we'll find a way to get it! No matter what, if someone wants to steal my girlfriend, I'll fight him to the death! Whoever dares to come, I'll fight him to the death!"

Ji Feng nodded and smiled, saying, "If it's not necessary, it's better not to use the official power, if there's something we discuss, there's always a way to solve it. The most crucial thing is Shen Jingyi's attitude towards you, if she doesn't leave you, then we're not afraid of anyone coming, it's useless to oppose anyone, but ....."

"You don't have to worry about that!" Zhang Lei said confidently, "I know Jing Yi's character, she definitely won't back down."

"What if she really backs out?" Ji Feng asked.

"Then ....." Zhang Lei took two puffs of his cigarette and smiled, "Then I can only be blamed for being blind, nothing else can be blamed!"

Ji Feng then understood, Zhang Lei this is indeed become much more stable, and, his approach is also very solid, so that Ji Feng also put down his heart, do not have to worry about Zhang Lei again any impulsive behavior.

"Don't worry, there's nothing that can't be solved, no matter what, this side is also our home turf, no matter if that guy is from a martial arts family, or some rich second generation, official second generation or whatever, he can't be too arrogant when he comes here!" Ji Feng smiled and patted Zhang Lei's shoulder, laughing.

"This matter, try to let me solve it myself!"

Zhang Lei said, "A man, if he can't even protect his own girlfriend, then Laozi isn't a bandwagon anymore!"

Ji Feng was dumbfounded and laughed: "How can you say that? Don't take the bull by the horns, as long as you can solve the problem, that's good, why should we care so much about this between brothers?"

"Then, if I really can't carry it anymore, I'll ask you for help, is that okay?" Zhang Lei laughed.

"That's more like it!" Ji Feng laughed, "Come on, drink!"

Zhang Lei also picked up a glass of beer and clinked it with Ji Feng, but in his heart he was secretly going to head: "Actually came here to steal my girlfriend in such a big way ..... bullshit childhood friend!"

In fact, although that guy may be very strong, but still not really put in mind by Zhang Lei and Ji Feng, they look at, only Shen Jingyi to Zhang Lei exactly how. As Ji Feng said, if Shen Jingyi's heart was always in Zhang Lei's body, then it was useless for anyone to object!

But if Shen Jingyi's heart is not in Zhang Lei's body, even if no one comes to steal it, then they can't make it!

As for that so-called childhood friend of Shen Jingyi's ..... he was insignificant!

However, whether it was Ji Feng or Zhang Lei, they did not expect that such a guy, who was not even in their eyes, would cause them great trouble, and even made Ji Feng annoyed enough to fight .....

## Chapter 1050

After he returned home, Ji Feng finally let out a sigh of relief.

Tong Lei had already gone to the bedroom to rest, so Ji Feng didn't have to worry that Xiao Yuxuan would clash with the white spider. He also took this opportunity to explain to Xiao Yuxuan about the white spider.

In fact, Ji Feng did not expect that the white spider would come over so quickly, mainly because Xiang Yongzhan's call was so sudden that Ji Feng did not even have the opportunity to explain to Xiao Yuxuan in advance, which resulted in the current misunderstanding.

Ji Feng believed that as long as he explained things clearly, with Xiao Yuxuan's character, he shouldn't make things too difficult for the White Spider.

"White spider, you go and rest." Ji Feng first locked the gate villa's main door and took the white spider to check the villa's security devices, after making sure that everything was fine, he then let the white spider go to rest.

In fact, from now on, Ji Feng had already planned to let the white spider officially integrate into the family, otherwise, it would have been impossible for him to let the white spider know the orientation of the villa's guard device arrangement.

The importance of the guard devices was self-evident. Several times when people tried to infiltrate the villa, they were detected in advance by these guard devices.

White Spider also understood what Ji Feng meant, so she followed behind him and looked very carefully.

This satisfied Ji Feng, no matter what was in Bai Spider's mind, as long as her attitude started to change, that was good.

After explaining to Bai Spider, Ji Feng also went upstairs to rest.

But when he went to Xiao Yuxuan's bedroom, he found that the door was still open, but there was no one inside.

Ji Feng looked around and found that the light in the study was actually still on. He couldn't help but shake his head slightly, since the establishment of the Tengfei Group, Xiao Yuxuan had simply become a workaholic, every day was all about work, if she hadn't practiced aerobics, she wouldn't have been able to keep up!

Pushing open the door to the study, sure enough, Xiao Yuxuan was sitting in front of the computer, her eyes fixed on the computer monitor, seemingly reading a document.

Ji Feng silently wrapped his arms around her from behind and smiled, "It's so late, why aren't you resting?"

Xiao Yuxuan's body jerked stiffly, then when she heard it was Ji Feng's voice, she relaxed and half leaned on Ji Feng's arm, rubbing her brow.

"Can't help it, now the group is just on the right track, there are still many new businesses to be carried out, if we don't work harder, it's easy to make mistakes, when the time comes, said loss can be a big loss that hurts the bones!" Xiao Yuxuan said softly, "I have no experience again, I can only seize the time to learn."

Ji Feng wrapped her in his arms, rubbed her soft and smooth pretty face, and smiled, "Yu Xuan, in fact, until now, you have not yet mastered the know-how of doing business, especially the know-how of doing large-scale business, you have not mastered it."

"Then what do you say, what are all the tricks?" Xiao Yuxuan's beautiful eyes asked playfully.

Ji Feng laughed: "If it's just running a small company, then, this does require you to fight on your own, such as to build some network of relationships, to personally run some business, and to entertain ..... especially with a beauty like yours, you may also be subject to harassment from some lustful people , that's really tired!"

"And what if it's running a big company?" Xiao Yuxuan pursed her lips and smiled lightly, "It sounds like you're well versed in this!"

Ji Feng laughed: "I'm not proficient, I just used my free time to read more books and summed up some tricks myself ..... In fact, the most important thing to say about running a big business, especially as a boss, is not how capable you are, but to have a long-term vision and to be able to control the big picture. Put the right people, in the most suitable position, while then develop a reasonable system of reward and punishment ....."

"In fact, ah, these are all clichés." Ji Feng smiled and said all of his ideas, including of course some of his own summarized experiences.

And only after that, he said, "But the more such a clichéd issue, the easier it is to say and the harder it is to do, because many operators, often not too comfortable with others, like to do everything personally, afraid that they are cheated by the people below because they do not understand, or are worried that the people below do not contribute ..... In fact, these are all completely unnecessary worries!"

"How so?" Xiao Yuxuan was somewhat puzzled.

"As long as there are reasonable rules and regulations, including a reward and punishment system, a supervision system and so on ..... the people below won't not work hard, unless they really don't want to get ahead."

Ji Feng laughed: "But what about you, think about it, you only need to grasp the general direction, what are you going to do the rest of the time? Of course it's to learn some professional aspects or gather some information so that you can make accurate judgments for the development of the business!"

"So in simple terms, your usual job is to read books, read newspapers, sign autographs and so on." Ji Feng smiled, "Of course, take time to communicate more with the department managers below and the supervisors of other departments, and that's about it!"

"That's what I do too!" Xiao Yuxuan said.

Ji Feng shook his head and laughed: "You are not, for example, what you are looking at now, what is this? The classification of transistors ..... Do you need to understand these things so well? You just need to know what kind of technology is more advanced and the trend of the market, that's enough."

"After getting half a day, I'm actually wasting my efforts?" Xiao Yuxuan pouted.

"That's not true!" Ji Feng laughed: "If you have enough time, if you are bored in your spare time, you can also delve into some things you are interested in, but the problem is, you don't have much time, so don't be so tired ..... these things are not much help to you in running your business, now ah, a good rest is the most important of all!"

"Ah!" Xiao Yuxuan suddenly let out a light cry, it turned out that she had been directly carried horizontally by Ji Feng, her pretty face was scarlet: "You ridiculous guy, today you can't ..... white spider down there, I don't want to lose face in front of her!"

Ji Feng heatedly laughed: "Yu Xuan, I only said to let you go rest, where did you think?"

A blush surfaced on Xiao Yuxuan's pretty face as she pouted, "It's not because you guys are usually too absurd!"

Ji Feng couldn't help but laugh and said, "I'm not being ridiculous, that's normal married life, if I didn't have that ability, I'm afraid you guys would be complaining again!"

"Bah!"

Xiao Yuxuan was really ashamed and angry by this cheeky guy, but when she remembered the soul-crushing and wonderful taste of being on Ji Feng's body, she was a bit soft, but still said with a stiff mouth, "Little rascal, don't be reckless, there are outsiders in the house!"

"White Spider will live in our house from now on, she doesn't count as an outsider!" Ji Feng laughed.

When Ji Feng mentioned the white spider, Xiao Yuxuan's eyebrows immediately knitted together and she asked, "Ji Feng, why would the white spider come to our house? Isn't she a member of the dynasty? Could it be that you still want to come up with some kind of ploy like luring a snake out of a hole?"

"You ah ....." Ji Feng couldn't help but shake his head and laugh: "Even if I really wanted to play those ploys, I wouldn't be stupid enough to really bring such a dangerous person to the house, right?"

"That ....."

Looking at Xiao Yuxuan's puzzled look, Ji Feng smiled faintly and carried her back to the bedroom, and the two of them sat on the bed.

And only then did Ji Feng say, "Yu Xuan, it's true that the White Spider used to be a member of the dynasty and also had thoughts of laying hands on you, but that was all in the past. In fact, the current White Spider has long since left the dynasty and joined the military ....."

He roughly told the story of White Spider from the time she first encountered the assassination of a senior reformer at the school, all the way to later following Xiang Yongzhan around in combat, and now when he himself asked her to come over as a bodyguard. Of course, Ji Feng was selective in his introduction, and some things that were irrelevant but might cause misunderstandings were left out.

For example, he had once seen the body of a white spider, but at that time, he was there to help the white spider remove the biological bomb from her body. But this was something that could not be said to Xiao Yuxuan!

Therefore, when talking about this matter, Ji Feng only vaguely said that he had saved the white spider's life.

"In that case, the White Spider will be the same as Little Shadow and Zhen Zhen in the future?" Xiao Yuxuan was astonished, "This is really strange, before it was an enemy and in the blink of an eye it's going to become a family?"

Ji Feng smiled, "If you don't like her, then I will arrange for her to leave as soon as possible and let her go to the Tengfei Group, is that okay?"

"That's better not ....." Xiao Yuxuan shook her head slightly and said, "As soon as you encounter danger, you like to take action yourself, so you need someone around to help you steer and also take care of you... ..However, I will observe the white spider, if she is not qualified, when the time comes, I may ask our family's great grandmother to step in and clear her out!"

"..... Great Grandma?" Ji Feng didn't even react for a moment.

"It's Lei Lei ah." Xiao Yuxuan giggled, "Lailai is the first house, so of course she's the first grandmother! So of course it's only appropriate for her to arrange things in this family, and I listen to her in this regard anyway."

Ji Feng could really cry and laugh: "That's ....." still the first grandmother ....."

He is more or less sarcastic feeling, this thing is good to say not good to hear ah, the family actually appeared first grandmother second grandmother, how their own is like the ancient landlord old money, actually have a few aunts seem to be?

Ji Feng's face is really some hot feeling, because when you think about it, he really looks like a big rich man in ancient times, at home there are Tong Lei and Xiao Yuxuan, and two personal guards Xiao Ying and Han Zhen, while outside, there is Xu Yuan, and a somewhat ambiguous relationship ..... Qin Shujie!

"Dude has finally fallen too,.....," Ji Feng couldn't help but shake his head with a long dark sigh, with a bitter smile, happiness, and some guilt in his heart.

But more, still feel lucky ..... to be able to have these women, three lives lucky ah!
