

Campus Master 1051

Chapter 1051

While Ji Feng and Xiao Yuxuan were making out in the bedroom upstairs, the White Spider in the guest room downstairs was sitting alone at the head of the bed, curled up with her body, her eyes flickering in the darkness, very obvious.

However, if there was light, one could see that there was no joy in these eyes of the White Spider, and even a faint sadness, but more than that, there was indifference. Her face was also inexplicably sad, as if she had been forgotten somewhere in the world.

It is not because she is naturally sentimental, but because when it is late at night, the unhappiness hidden in her heart cannot stop rising up.

People who have loved ones around them and who have something to worry about in their hearts can never understand the feeling of loneliness and helplessness late at night.

This was the case with the white spider, who was doubly lonely in the dead of night.

Especially when all the lights are shining in the city, White Spider subconsciously thinks of other people's family reunion scenes, and then thinks about her current situation, lonely and helpless, and it's impossible to even find someone to hang on to, because she's all alone, even if she doesn't even have a slightly related person .....!

The whole world was laughing, but she couldn't find anyone to talk to herself.

In the past, as an assassin, she needed to be alone and keep to herself, not even daring to tell anyone what she did or say a word to them for fear that some of her features would be remembered by others.

Later on, after joining Dynasty, she was constantly worrying about the biological bomb inside her and pondering how she could break away from Dynasty as an underground organisation.

Under such circumstances, she was even less likely to tell anyone what she really thought.

Perhaps, after entering the barracks, White Spider's mind was a little better. However, she knew that she would never be able to gain complete trust, and as for friends or relatives ..... don't even think about that!

And now .....

"Ugh!"

White spider can't help but cicada lightly shake her head, now here, perhaps even better than in the military camp. Because here, Ji Feng's attitude is cloudy, she can't grasp, and that girlfriend of Ji Feng's is her own former target, she naturally has no good feeling towards herself.

Living under the hateful eyes of others all day long, although Bai Spider pretended to be fine on the surface, inside, she was obviously very uncomfortable.

"I also don't know, when will this kind of day end." The white spider shook her head slightly and couldn't help but sigh softly, "But I also don't know, when exactly will Ji Feng be willing to let himself go ....."

Thinking of what Ji Feng said to himself on the road earlier, Bai Spider couldn't help but smile bitterly, she rested her chin on her knees, sighed softly and murmured softly, "You're right, with my status and experience, where can I go? Even if you were willing to let me go, however, would others ....."

.....

In Jiangzhou First People's Hospital, in Wu Zhihe's ward, a guest came.

"Da, big brother ....." Wu Zhihe looked at the visitor cautiously, "You, why are you here?"

The person who came was no other than the leading figure of the third generation of the Wu family, that is, Wu Zhihe's elder brother – Wu Zhiyong!

Wu Zhiyong's face was ugly, especially when he saw his brother Wu Zhihe's injuries, his face became even more gloomy, and a strong chill flickered in his eyes, appearing extremely angry.

It was no wonder that Wu Zhiyong was so angry. At this time, Wu Zhihe's injuries had already been eased compared to before, the gauze on his head had all been removed, and the bruises and swelling on his face had also subsided considerably. But because of this, without the gauze covering Wu Zhiyong's face, the red potion and purple ointment on his face was even more obvious, it was like a big flower face!

In this way, Wu Zhiyong looked even more miserable.

"What, still don't want me to come?" Wu Zhiyong's voice was gloomy as he coldly snorted, "Do I have to wait until you're crippled and killed by someone before I can come over?"

"It's all because of that bastard Ji Feng, he actually dared to lay a hand on me, I won't let him go ....."

"All right!"

Wu Zhiyong was instantly furious and rebuked, "Still have the face to talk about others, what have you done yourself?! Didn't you say you were going to Southern Guangdong to get all the equity from Rong Peng's hands, why did you suddenly come to Jiangzhou?"

Wu Zhihe then shrank back in fear, not daring to speak.

"What do you want me to say about you, you're simply a fool!" Wu Zhiyong couldn't help but rebuke angrily, "You said that it's not good for you to go for something, but you have to use such underhanded tactics, do you think Ji Feng is really that easy to deal with?!"

"Him, he's not much other than a great fighter and kicker!" Wu Zhihe said somewhat unconvincingly.

"Muddlehead!"

Wu Zhiyong angrily rebuked, "If Ji Feng was just great at fists and kicks, could he single-handedly bring up a Tengfei Group? Besides, even if he is really good at fists and kicks but not brains, then you can use such underhanded tactics? The more he is like this, the less you can resort to such dirty tricks! Otherwise, if he beats you up and you still can't say anything, the reason is still on his side!"

“What’s wrong with me laying hands on Qin Shujie? Ji Feng’s nominal girlfriend is Tong Lei, and that Xiao Yuxuan, Qin Shujie has nothing to do with him, so how come he beat me up and the reason is still on his side?” Wu Zhihe said somewhat indignantly.

“Bullshit! What do you know!” Wu Zhiyong scolded angrily.

Wu Zhihe instantly shrank his head in fear and no longer dared to speak.

He usually learned all those gentle and elegant outward gestures from his elder brother, Wu Zhiyong, who usually acted like a nice gentleman, not to mention hearing a foul word from his mouth, even glaring at him was rarely seen.

But now, Wu Zhiyong was foul-mouthed, so it was clear how angry he had become.

In fact, Wu Zhiyong was indeed furious, this brother of his, that was really stupid to a certain extent, it was difficult for him not to be angry!

“I see, that brain of yours is full of mush!”

Wu Zhiyong said gloomily, “Qin Shujie and Ji Feng seem to be eight sticks away from each other on the surface, but they had contact before, so whether or not there is a relationship between them, at least in the eyes of the outside world, Qin Shujie is Ji Feng’s lover. What you’re doing now, in the eyes of outsiders, that’s laying hands on someone’s lover ..... Do you think he’s justified in hitting you?!”

Wu Zhihe’s mouth moved, but he didn’t speak.

“You are simply an idiot ..... I don’t even tell you!” Takeshi courageously even said his usual mantra.

It was really because, what Takeshi and did was so stupid.

Two parties fighting each other, each with a strange plan, this is originally a matter without right or wrong, whoever wins, who is the winner. But when Wu Zhihe stirred things up, it immediately changed the nature .....

The second young master of the Wu family actually came to Jiangzhou and used underhanded methods to steal the lover of the third young man of the Ji family and drugged him ..... What kind of reputation is this?

This kind of underhanded tactics out, others can watch no longer this dragon fight, but directly as watching the show!

The reason is that in these big families, it is too normal to have a few lovers, especially these young gentry, who have lovers is the most common. If anyone did not have a few lovers when they were young, they would be embarrassed to be in the circle.

Of course, here we are talking about those dudes who mainly eat, drink and have fun.

However, these people also make up a large part of the sons of the families, which means that although they are not the core of the families, they are at least a huge force.

In some cases, these dudes are able to influence the big picture!

Who dares to say that some of the big names from the older generation didn't come from the ranks of the playboys in the first place?

This is why, generally, when these people fight with each other, they will each come up with a strange plan, or join forces, or play all the tricks. But no matter how they want to fight, there is almost an unwritten rule that they won't lay a hand on a woman!

What's more, even in the jianghu world, there is the saying that woe to the family.

Anyone who dares to lay a hand on someone else's woman or family just because they're fighting with each other is likely to cause public outrage, because everyone has lovers, or families, and they don't have what it takes to lay a hand on them, it's not honourable!

Besides, if you can do it to this man's family today, you can do it to other people's families tomorrow, what power do women have? What power do women have? We all have people in our hands, so if you send two people to arrest your women, you can do whatever you want.

But then things would be in complete chaos, and the family would have no security at all, which is something that everyone cannot tolerate.

"The reputation of the Wu family has been ruined by you!" Wu Zhiyong said angrily.

The seriousness of this matter could be described as big or small, and if one mistake was made, the sons and daughters of the Wu family would be despised by everyone.

Even if you are the top son, if you don't follow the rules, people may not dare to do anything to your face, but behind your back, can they not scold you? Besides, the top gentry are not only from the Wu family. Just because those second and third-rate gentry don't dare to speak up doesn't mean that everyone else does.

The Ji family, the Xiang family, the He family and other such top families in various fields, their sons and daughters are no easy characters to mess with, and it just so happens that Ji Feng actually has good friendships with the third generation leaders of the Xiang and He families!

Xiang Yongzhan, He Hongwei .....

When Wu Zhiyong thought of the ridicule the Wu family could potentially face, and the cross-examination of certain people, he couldn't help but have fire in his heart, he simply wanted to give Wu Zhihe, this stupid pig, a few slaps in the face, to show him what kind of impact this stupid thing he had done would have on the family!

Chapter 1052

Wu Zhihe lowered his head and listened to his big brother's constant reprimand, and instead of reflecting on his mistake, he became more and more bitter towards Ji Feng in his heart.

If Ji Feng hadn't suddenly appeared at that time, then now he would have long ago gone to get away with Qin Shujie in his arms, and he could even taunt Ji Feng with a few words, "Look, your woman is being ridden by Laozi, she's not an ordinary slut in bed, haha ....."

Robbing someone else's woman is not something to be ashamed of, it's the guy being robbed who is ashamed, who made you incapable of even watching your own woman!

As long as Wu Zhihe does it in the shade, then surely no one will know that he got Qin Shujie through underhanded means such as drugging, in that case, others will not laugh at him, but will instead think he has the means and charm .....

The first thing you need to do is to get a good idea of what you're doing.

That way, he would not be despised and could even mock Ji Feng.

But now, the person who was being sarcastic and mocked by others could only be him, Wu Zhihe. Since this matter had already spread, then he, Wu Zhihe, was destined to become a laughing stock in the eyes of all the gentry in Yanjing.

In the future, if Wu Zhihe wanted to appear in Yanjing, he would need to muster up the courage to do so!

And the culprit for all this was this bastard Ji Feng! If he hadn't suddenly appeared at the Spring River Moonlight Club, how would he have ended up in this situation?

It was only one step away!

But just this one step difference turned out to be the difference between heaven and hell, so how could Wu Zhihe not hate in his heart?

But he had never thought that if he hadn't gotten the wrong idea and hadn't wanted to get at Qin Shujie, how would there have been the subsequent conflict?

If Wu Zhihe wanted to lay his hands on Qin Shujie, then Ji Feng would definitely resist, and would even fight back harshly. He was not a loser who let others bully him, and it was already very good that he did not kill Wu Zhihe on the spot in the face of his underhanded tactics.

After being angry for half a day, when Wu Zhiyong saw his brother's head lowered, his heart couldn't help but soften: "It's useless to say anything now, now that it's happened, it's time to think about how to undo the negative effects on us .....

By the way, how are your injuries?"

Naturally, he did not know that this lovely brother of his kept his head down, not because he was admitting his mistake, let alone because he was weak-minded, but because he was cursing Ji Feng in his heart and even thinking about how he should retaliate.

"I, my injuries are all almost healed, it's the broken bones .....

that still need a month or so to grow back!" Mentioning his broken sternum and ribs, Wu Zhihe seemed to feel the pain again, he subconsciously touched his chest and couldn't help but grin.

Wu Zhiyong's face then turned a few shades uglier as he snorted coldly, "You deserved it! You brought this on yourself!"

"I, I'm just angry, Ji Feng, he was able to snatch that bitch Rong Suyan away from me, so I wanted to snatch his woman .....

who knew that this bastard would actually hit so hard, he really dared!" Wu Zhihe gritted his teeth and said.

“Humph!”

Wu Zhiyong coldly snorted and said, “All right, don’t think about these useless things now, you first stay here to recuperate well, in addition to think about how to get back all the shares of Rongpeng Group, I can tell you, if you fail to do this matter again, you will be forever in the northern Shaanxi, don’t want to go anywhere!”

Wu Zhihe was terrified and he said in a panic, “No, big brother, don’t! I will definitely get this thing done for the Rong Peng Group, and I definitely won’t let you down. Now I have already arranged for Yuxiu to hold discussions with that old man Rong Peng there, ten days at most, I will definitely get it done.”

“Mm!”

Wu Zhiyong nodded and said, “This arrangement of yours is very good, since it has collapsed, then from now on both of us are on opposite sides, you tell Yuxiu that now is not the time to take care of any relative’s face, otherwise, 30% of Rongpeng Group will fall into Ji Feng’s hands, tell her to take all of it no matter what! ”

“Don’t worry big brother, I will definitely arrange for Yuxiu!” Wu Zhihe immediately nodded his head and said.

“That’s good!” Wu Zhiyong said, “Through this matter, you have to learn a lesson, if you do things without thinking again in the future, see if I can get around you!”

“I won’t dare, I won’t dare!” Only then did Wu Zhihe let out a sigh of relief, he suddenly remembered something and asked in a panic, “Right big brother, I heard what you said, you still want me to stay here?”

“You haven’t recovered from your injuries, where do you want to be if not here? Still want to go back to Yanjing, huh?” Wu Zhiyong glared at him, “Now you’ve become a joke in Yanjing, you still have the face to go back? It’s better to recuperate here at ease and go directly to Southern Guangdong or to Northern Shaanxi when you’re well.”

“But I’m here, with that bastard Ji Feng’s style of action, if he goes crazy again one day and suddenly rushes here to lay his hands on me ……” Wu Zhihe was really a bit scared in his heart when he remembered Ji Feng’s crazy-like look.

“He dares!”

Wu Zhiyong’s eyes glared as he proudly said, “At that time, he was justified in hitting you, and if he dares to do it to you again at this time, I will be the first to not let him off! Besides, now that he hasn’t pursued the matter any further, it means that he already wants to put things to rest and won’t lay a hand on you again, so you can just stay here and recuperate from your injuries.”

Only then did Wu Zhihe put his mind at ease, and then he said with some indignation, “Big brother, I can’t just get beaten up for nothing, you must find a way to give that bastard Ji Feng a severe beating, otherwise, I can’t swallow this anger!”

“You don’t have to worry about that, take down the Rongpeng Group first, this will be more difficult for Ji Feng than any lesson.” Wu Zhiyong said.

“Right!” Wu Zhihe was instantly pleased, “Ji Feng is desperately trying to snatch Rong Suyan away, obviously for the Rongpeng Group as well, humph, since that’s the case, then I’ll let him not get a dime out of it!”

Wu Zhiyong added, “Move on your side first, make sure to ensure that the electronics production base in Huahe County advances smoothly, as for the rest, I’ll do it.”

“Mm!” Wu Zhihe nodded vigorously and said, “I knew it, big brother must have a way to deal with Ji Feng.”

“A little Ji Feng can’t afford to turn much of a tide.” Wu Zhiyong shook his head slightly and said, “Generally people who are great at boxing and kicking don’t like to use their brains much, so this person Ji Feng is not enough to worry about, what I want is to make the whole Ji family pay, this matter of father being sniped will not be dismissed so easily!”

“That’s right, we can’t just let it go!” Wu Zhihe immediately followed and nodded vigorously, “Better be able to snipe Ji Zhenhua as well, and Ji Zhen Guo ..... is that old, immortal old man of the Ji family, living too long, it’s really irritating ..... ”

Wu Zhiyong but a slight frown: “Be careful what you say, such words are not allowed to be said outside in the future!”

Even if the two families are hostile, but the prestige and influence of the Ji family’s old man, but can not be underestimated, the younger generation between a few moves is fine, but once the words insult each other’s old man, this spread out, can cause a big storm.

The company’s main business is to provide a wide range of products and services to the public.

Wu Zhiyong nodded his head and left the ward.

However, on the way to drive away from the hospital, Wu Zhiyong was making several phone calls and making some arrangements, all of which were directed at Ji Feng and the Ji family.

.....

Time always passes particularly quickly when there is something to do.

In order to allow Xiao Yuxuan and the white spider to have more time with each other, and also to allow the white spider to adapt to the current life as soon as possible, the next few days, Ji Feng simply did not go to school, every morning he took the white spider, together with Xiao Yuxuan, to the headquarters of the Tengfei Group.

Because he wanted to clear his relationship with Tengfei Group as much as possible, so when he arrived at the headquarters, he sat down in Xiao Yuxuan’s office, played with the computer or read the newspaper, and the day passed.

After a few consecutive days, the relationship between Xiao Yuxuan and the White Spider was finally considered to have eased.

In fact, there were only a few people in the office, Xiao Ying was quiet and didn't talk much, and Ji Feng was always on the computer, so Xiao Yuxuan could only call on the white spider when she had something to do.

Fortunately, after listening to Ji Feng's explanation, although Xiao Yuxuan did not like the white spider, at least she did not hate it anymore, so she could deal with it as an ordinary colleague.

The attitude of the white spider has also changed, no longer like the previous tit-for-tat with Xiao Yuxuan, but seriously abide by their duties, and also to Xiao Yuxuan ordered down the things without any discount resolutely implement.

As a result, there was no problem between the two women.

However, it would take time for them to become friends, and this could definitely not be achieved overnight.

In fact, they can maintain the current relationship, Ji Feng is already very satisfied, give them enough time, will certainly deepen their understanding of each other, when the time comes, if they can get along together, then they are friends, but if they can not be friends, this can not be forced, after all, to be friends is not something that can be determined by a word.

What is needed then is a similar personality or similar temperament.

Ji Feng privately mused, estimating that the possibility of Xiao Yuxuan and the White Spider becoming friends ..... was pitifully small!

Although Ji Feng does not yet understand the character of the white spider, he does know that the white spider is actually still somewhat repulsed about staying, with this mentality, they are unlikely to become friends for any longer!

However, it was good enough to be able to live in peace with each other, and after a long time, they would get used to this kind of life.

In this way, for four or five days in a row, Ji Feng maintained such a regular life, and the time that the white spider spent with Xiao Yuxuan, also became longer and longer .....

It was not until the weekend morning that Ji Feng suddenly received a phone call from Rong Suyan that this regular life of his was considered broken.

#### Chapter 1053

On Saturday morning, Ji Feng had planned to continue to take the White Spider to the headquarters of the Tengfei Group, but he had just finished his breakfast when he received a call from Rong Suyan.

"Ji Shao ....." Rong Suyan's voice sounded somewhat cautious, "The Wu family has no intention of letting go of their stake at all, they insist on wanting the entire stake, and, now the date given is even shorter, only three days. Zheng Yuxiu threatened that if my father did not sign the equity transfer agreement within three days, he would be responsible for the consequences!"

"Zheng Yuxiu also went to ..... consequences at his own peril?"

Ji Feng couldn't help but snicker and couldn't help but shake his head and laugh: "It seems that this cousin of yours is really doing the right thing, with such a relative, I wonder if your family's ancestors burned high incense ..... By the way, what kind of cousins are you and Zheng Yuxiu?"

Frankly speaking, relatives do not get along with each other, this kind of thing is also very common, especially in this materialistic society nowadays, for the sake of money, for the sake of reputation ..... but wherever there are interests, there will definitely be conflicts, this is the same no matter what place, relatives can also turn against each other.

But the problem is, like Zheng Yuxiu so flip-flopping unrecognizable extreme, Ji Feng is really the first time to see.

If the Rong family is useless then it is better to say that Zheng Yuxiu may be snobbish, look down on the Rong family, do not deal with the Rong family, or help others to bully the Rong family, this is understandable.

However, the Rong family is not that kind of small family, in this case, Zheng Yuxiu still so coldly turn the other cheek, this kind of person, really let people can not help but staggering.

What a superb person!

Ji Feng couldn't help but secretly shake his head in his heart, how many lifetimes of bad deeds did he have to do to be related to such a person!

"We're aunts and sisters!" Rong Suyan laughed bitterly, "I also didn't expect that Zheng Yuxiu had actually turned out like this, it seems that I really underestimated her before."

"Auntie sisters are a bit better, thirteen is not close." Ji Feng smiled and said, "You don't need to be too angry, after all, there are all kinds of birds in a big forest, she Zheng Yuxiu dares to treat you guys like this, then sooner or later there will be a day of regret in the future."

"I'm not angry, I just feel a little sad ....." said Rong Suyan, "For the sake of money and profit, relatives are no longer relatives, sisters are no longer sisters... since people are no longer treating us as relatives, then I won't go and stick my hot face on their cold asses, I'm just worried about my dad now."

Ji Feng couldn't help but frown slightly and asked, "You didn't pass on my words to your dad?"

"I relayed it, at that time my dad was just thinking about it, but now when Zheng Yuxiu comes and says something untoward, my dad is her aunt's husband, being reprimanded by a junior pointing at his nose, how do you think he can swallow this anger? The fire that hadn't even been suppressed, now it's bubbling up again, and it's even angrier than before!"

Ji Feng couldn't help but nod his head, actually think about it, as an elder, not only watched his own relatives and also his junior, helping others against him, but also being reprimanded by the junior pointing at his nose, no matter who else, I'm afraid he couldn't swallow this grievance.

In fact, apart from respecting the elderly and loving the young, there are many other good traditions in China, among which the word filial piety can definitely be ranked at the top.

Filial piety does not only mean being filial to one's own parents, but also to other elders, who should also have a filial heart.

Now, not only did Rong Peng not enjoy the filial piety of Zheng Yuxiu, a junior, but he was also pointed at her nose and said some unpleasant things, and probably got spittle splashed all over his face.

He didn't die of anger, that's considered very good.

"This Zheng Yuxiu, it's just a death wish!" Ji Feng couldn't help but cursed, he didn't know what benefits the Wu family had given her to allow her to go to Southern Guangdong and point her nose at Rong Peng with a clear conscience, he wasn't afraid of retribution!

Perhaps, Zheng Yuxiu was used as a gun by Wu Zhihe.

Ji Feng secretly pondered that generally as long as one was not forced to do so, or some heartless person, even if they were as bad as they were, they would not be able to do this to their loved ones. After all, people like Rong Peng and Rong Suyan weren't too bad and didn't do anything that was deeply offensive, right?

Of course, if one were to look at the absolute degree of the Wu family, then the Rong family is indeed unforgivable, but you, Zheng Yuxiu, are not a member of the Wu family, are you?

"Suyan, do you mean to say that now your father is just sticking to his original idea?" Slightly settled, Ji Feng could not help but ask with a frown, "The more furious he is, the more he should bide his time and prepare to rise again, why should he be so thoughtless?"

"I've talked about all these reasons, but he doesn't listen, just mentioning it all day long makes his face blue with anger, he can't listen to anything else!" Rong Suyan laughed bitterly, "That's why I called you, Ji Shao, if it's convenient, can you please come out and help me persuade my dad?"

Ji Feng pondered for a moment, then nodded and said, "No problem, I happen to have nothing going on right now ..... where are you?"

"I'm in Guangdong, South Guangdong." Rong Suyan said.

"That's good, I'll book a ticket to Yuezhou, I'll call you when I'm ready, try to persuade your father first, so that he doesn't get too impulsive and never do anything that will make his relatives hurt and his enemies hate him." Ji Feng admonished.

"It's okay now, he won't do anything yet until my brother and I leave the country, after all, he has to make sure that my brother and I can inherit the Rong Peng Group!" Rong Suyan said, "But I won't be able to last much longer because he's pushing me to leave the country right now!"

"I'll book the fastest tickets, don't you worry ....."

After closing the line, Ji Feng couldn't help but be silent, he couldn't help but shake his head with a smile, "This Rong Peng, he's really a violent temper, the group he worked so hard for so many years to create with his own hands is about to be snatched away by some people who didn't work for it, he definitely won't feel good in his heart ..... but using a means like suicide, will it be too extreme Some?"

He was more or less puzzled, according to reason, since Rong Peng was able to create a large conglomerate of tens of billions of dollars, then he was obviously not a fool.

To say that such a person would commit suicide in a fit of rage, Ji Feng was somewhat unconvinced.

Because Rong Peng should understand that even if he really committed suicide, there were still many ways for the Wu family to deal with Rong Suyan and the others.

At least, if Rong Suyan's siblings wanted to succeed the Rong Peng Group, there would certainly not be no difficulties at all in between.

Then he also insisted on choosing to commit suicide .....

"Ji Feng, are you still going to the company with me today?" Xiao Yuxuan asked as she cleaned up the dishes and walked over.

Ji Feng shook his head and said, "I can't go today, I have some things to do, I might have to go out for a few days, you guys should be safe at home!"

"Going out again? Where are you going?" Xiao Yuxuan couldn't help but ask.

"Southern Guangdong." Ji Feng said.

"Then I'll go help you pack your bags first." Xiao Yuxuan didn't ask Ji Feng what he was going for, she knew very well that if he had nothing to do, Ji Feng would definitely not run around.

Ji Feng nodded: "A simple packing of a few changes of clothes will do ....."

At this time, the white spider standing next to him, however, also turned to leave.

Ji Feng immediately called out to her and said, "Bai Spider, you don't need to go, you should stay at home, I shouldn't be in any danger."

Right now, there was just a bit of détente between White Spider and Xiao Yuxuan, if he took White Spider away, then the efforts he made before might be in vain. Besides, Ji Feng didn't need protection, someone following him might even become a burden to him if he encountered danger, so it was better for him to be alone and free.

"It's better to let the white spider follow you." Xiao Yuxuan, who had just walked up the stairs, heard this and said at once, "You don't have to worry about our safety with Xiao Ying and Zhen Zhen at home. But you're alone in Southern Guangdong and you're unfamiliar with the place, you definitely can't do it without a helper by your side."

"Yes, Young Ji, I know what you're worried about, there will definitely be no more conflicts between Xiao and I!" Bai Spider also said.

After a slight hesitation, Ji Feng nodded, "Alright then, go pack your things!"

Hearing Ji Feng's promise, Xiao Yuxuan then continued upstairs to pack her things, and Bai Spider also turned around and left.

Ji Feng couldn't help but rub his forehead, it was fine to let the white spider follow, just, hopefully, there wouldn't be any more conflicts between the white spider and Xiao Yuxuan.

“Rong Peng ..... what kind of a character is this?” Ji Feng secretly said, “To be able to create such a large group, it should be a very wise character .....”

Ji Feng couldn't help but think of this upcoming trip to South Guangdong, where the Wu family's stronghold, or even their backyard, and he was going there alone, he really needed a helper around him, maybe, it could really come in handy .....

The two of them are really fearless in Southern Guangdong, no matter what tricks the Wu family plays, they are not enough to be feared!

Soon, everything was packed up, Ji Feng kissed both Tong Lei and Xiao Yuxuan on their pretty cheeks respectively and smiled, “You guys don't need to worry, I'm just going to Nan Yue for fun, if it's quick, I'll probably be back in a few days.”

“Little one, just don't worry, White Spider and I won't have any more conflicts, let her take care of you by your side first, when you guys come back, I'll continue to try to get along with her ..... as long as she doesn't have bad intentions, then we can definitely get along with each other.”

Xiao Yuxuan reached out and tidied up Ji Feng's clothes for him and said gently, “On the other hand, you must pay attention to your safety, there are still me and Lei Lei waiting for you at home!”

Ji Feng smiled faintly, “Don't worry, I'll be back as soon as possible!”

From afar, the white spider saw this scene, and her beautiful eyes could not help but flash a look of envy, as if she was envious of this warm scene .....

#### Chapter 1054

When the plane shot into the clouds, Ji Feng and the White Spider were already in the skies over Jiangzhou. The plane they took was the nearest one, flying directly to the Yuezhou International Airport.

As the capital of the largest economic province in China, South Guangdong is also the pearl of the East, and is extremely developed in terms of economy, transportation and other aspects. So, of course, there is no shortage of international airports in Yuezhou with direct access to other countries.

While Jiangzhou is a pearl of China, Yuezhou is also a pearl of the South, and the two can be said to be intertwined, adding much to the glory of China.

In fact, it only takes about two hours to arrive between these two pearls if you take a flight.

Taking advantage of these two hours, Ji Feng carefully went through all the possible things that could happen during this trip to Southern Guangdong in his mind, from beginning to end, and came up with ways to deal with them one by one.

Only afterwards did he start to think about whether there was any other intention behind Rong Peng's insistence on committing suicide.

At first glance, it seemed logical, except that Rong Peng seemed to be a bit more rigid, and only wanted to leave his family business to his children, so that they would not have to worry about their future lives.

But if you think about it carefully, something seems wrong with the matter.

Not to mention, if Rong Peng really wanted to commit suicide, then he should have tried everything to get his son Rong Baogang out of prison and then send Rong Baogang and Rong Suyan out of the country regardless of everything, so that his plan could be executed smoothly.

But Ji Feng did not hear anything from Rong Suyan about Rong Peng's rescue plan for Rong Baogang, which was obviously something wrong.

Of course, perhaps Rong Peng had other methods and did not necessarily have to let his daughter Rong Suyan know, which was understandable.

But if we take another angle, things are again a little strange.

Rong Peng wouldn't be unaware of the power of the Wu family, so killing himself isn't really the best option, it doesn't fit the mindset of a big boss who has been able to generate tens of billions of dollars, he has that drive, but he may not do it .....

"Passengers ....." Just then, the voice of the flight attendant came over the radio on the plane, in alerting that the plane had flown smoothly.

And then, a flight attendant came to ask the passengers what services they needed.

Ji Feng could not help but open his eyes slightly and smiled, "These people have a better service attitude? I remember when I used to fly, I used to order whatever I needed, after all, it's not time to eat yet."

"Maybe it's because they saved a meal!" White Spider said suddenly.

"..... It's possible!" Ji Feng lost his smile at once.

He didn't expect that White Spider could actually say such humorous words as well. He couldn't help but glance at White Spider, and saw that White Spider was also leaning back in her seat with her arms clasped, with a bemused look on her face, as if the words she had just said weren't hers.

"Hehe ....." Ji Feng couldn't help but laugh, this was the first time since before White Spider came to his side that he had joked. This meant that White Spider was in a much better mood than when she first arrived.

"White spider, you're in a good mood today, it's not because you feel so relaxed because you're finally out, is it?" Ji Feng asked with a smile.

"Young Ji is overly worried."

White Spider shook her head and smiled lightly, "I just feel ..... less depressed lately."

"Good phenomenon!" Ji Feng then raised an eyebrow and laughed, "Later on, you will find out that Yu Xuan's personality is actually quite good, but only if you get along with her sincerely."

"Young Ji, I understand." White Spider nodded slightly.

"Hello sir and miss, may I ask if you need any drinks?" At this time, the flight attendant came to the next aisle and asked politely.

“White Spider, what would you like to drink?” Ji Feng asked with a smile.

“No need.” White Spider shook her head lightly, “It’s just two hours, it’ll pass quickly.”

“Ee? This beauty has a point!” Ji Feng was just about to speak when he suddenly heard a voice suddenly ring out next to him, he was slightly stunned and turned his head to see a well-dressed young man on the seat across the aisle, looking at Bai Spider with a smile on his face and a look of amazement flashing in his eyes.

The man was about thirty years old, wearing a checkered shirt, black tie, shiny leather shoes and a neatly shaped head, he looked like a successful man.

The only thing he lacked was a general belly, otherwise he would have looked more like a leader or a big boss.

At this moment, the man was staring straight at the white spider, his face full of warm smile, but his eyes flashed with some kind of lust, although well concealed, but could not escape Ji Feng’s eyes.

In fact, it is no wonder, with the beauty of the white spider, it is enough to make any normal man’s heart flutter.

At this time, the white spider, wearing a white casual shirt on top, jeans on the bottom, and a pair of sneakers ..... under her feet, is such an ordinary dress, but it allows her exquisite and convex figure to show up without missing a beat.

Especially when the white spider is holding her arms, the \*\*\*\*\* soft flesh is tightly stretched and is simply about to break out of her clothes, enough to shake the eyes of others.

Ji Feng couldn’t help but shake his head and laughed lightly, “White Spider, I find that having you as a bodyguard is simply a mistake.”

Bai Spider also realised the man’s gaze and she said softly, “Young Ji, if you’re not happy, then I’ll go to the bathroom and change a set of clothes.”

Ji Feng immediately smiled and waved his hand, “Don’t be nervous, I’m just joking.”

Speaking here, he suddenly lowered his voice and asked, “I’m curious, with your looks, even if you hide deeper others can recognize you at once, so how did you get into that business?”

Ji Feng was referring to the fact that White Spider had been in the business of being a killer, being a killer, although there were no special requirements for looks, but if a killer wanted to live longer, it was best not to be too striking, otherwise, it would either be difficult for you to win or you would become a target for others to hunt down and kill.

A killer who had a distinctive look and could live a relatively long life was either someone who rarely struck or someone who had a great deal of skill.

Ji Feng guessed that the white spider would belong to the second type.

Bai Spider pursed her lips and was just about to speak when she was suddenly interrupted by a voice coming from the side: "This beauty, isn't it a bit impolite to ignore someone when they're talking to you?"

Ji Feng and the two of them turned their heads to look and found that it was the same young man who had just spoken, he was looking at Bai Spider with a smile on his face, when he saw Bai Spider turn her head to look, he nodded his head in greeting, at the same time took out a flat metal box from the bag he was carrying, opened it and took out a business card and handed it over.

"Beauty, introduce yourself, my name is Tension Qin, this is my business card ....." The young man named Tension Qin, handed over his business card and asked with a smile on his face, "I wonder what the beauty's name is?"

Who knows, the white spider is not even pay attention to him, even just glanced at him, then turned his head away again.

Ji Feng said indifferently, "Sorry, my friend doesn't like to talk."

The smile on that Tension Qin's face remained unchanged and he only nodded slightly as a greeting, but after he turned around and sat upright again, Ji Feng couldn't help but grunt coldly in his heart and frowned darkly.

Ji Feng saw very clearly that the moment the young man named Tension Qin, turned back, a grim look flashed in his eyes, while at the same time, he stared fiercely at the white spider, with a strong flash of lust in his eyes. Obviously, this Tension Qin had taken a fancy to the White Spider.

What's more, through a single look from that Tension Qin for a short moment, Ji Feng could conclude that this guy was definitely not a good guy and, moreover, he was likely to bring trouble.

Therefore Ji Feng immediately decided to ignore this guy, now go to Rongpeng Group to persuade Rongpeng is the most important, other things ..... better not to cause trouble, after all, no matter what, this South Guangdong is the place where the Wu family has been operating for a long time, here to be extra careful, once planted, then it is likely to be reduced to a laughing stock, and even make The reputation of the Ji family would be affected.

Suddenly, that tension Qin turned around again and asked with a smile, "How rude, I still don't know how to address you sir?"

Ji Feng smiled lightly and said, "My name is ..... Ji San."

Ji Feng did not intend to get involved with him much at all, so he just casually said a name, which was not a fake name, he was the third oldest in the Ji family, so it was not bad to be called Ji San.

"Ji San?" That tension Qin asked with a smile again, "Is that pretty lady your girlfriend?"

Ji Feng grinned and didn't say anything.

"Are you two going on a trip to Yuezhou?" Zhang Liqin asked again.

However, Ji Feng simply didn't even bother to pay attention to him and leaned back in his seat with his eyes closed, turning a deaf ear to Zhang Liqin's question, as if he hadn't heard it.

This time, Tension Qin felt that his face was a bit embarrassed.

He looked at Bai Spider, whose body was full of the kind of seduction that makes people impulsive and has a unique charm, and then looked at Ji Feng, who was resting his eyes, and there was a strong colour of lust in his eyes, and at the same time, there was a bit of hostility.

And at this time, both Ji Feng and the white spider both slightly turned their heads sideways at the same time, and the two of them slightly opened their eyes.

“Killing Qi!” The white spider’s lips moved and made a gesture.

Ji Feng nodded without a trace, he also felt a killing aura from this Tension Qin’s body, it was obvious that this guy was definitely not a good man or woman, on his hands, it was likely that he had really seen blood!

At this time, that tension Qin but spoke, he said in a deep voice: “two if it is the first time to go to Yuezhou, I suggest that you should find someone to lead the way is better, Yuezhou although prosperous, but also quite chaotic, at that time in case to encounter some unenlightened guys, and there is any loss, it will not be good ..... “

Chapter 1055

At this moment, that tension Qin but spoke, he said in a deep voice: “two if you are going to Yuezhou for the first time, I suggest that you should find someone to lead the way is better, Yuezhou although prosperous, but also quite chaotic, at that time in case to encounter what is not open-minded guys, and there is any loss, it will not be good .....”

Ji Feng instantly frowned and glanced at Tension Qin, he saw that this guy was staring at himself and White Spider with a gloomy face, seemingly very sure that he and White Spider would definitely encounter some kind of trouble in Yuezhou!

“Hehe .....”

Ji Feng gave a non-committal smile and said indifferently, “Yuezhou is no longer chaotic, but since others can live here, it’s not as bad as the two of us, so don’t bother!”

“This gentleman, that’s not the way to say it, what suits others may not necessarily suit you.” Zhang Liqin said meaningfully, “Maybe other people just don’t like the way you look and have to teach you a lesson or something, it’s not impossible, don’t you think?”

Ji Feng smiled and shook his head slightly, but didn’t continue to make conversation.

Naturally, he could tell that this Tension Qin was obviously not a good guy, and this guy definitely had his eye on the White Spider. He was worried about not having a chance to talk to the white spider, if he talked to him again, this guy would definitely follow the snake and might even come over and get close.

It is better to be less close to such people!

At least, Ji Feng does not want to have anything to do with this guy, he did not come to Yuezhou for pleasure, but to find a way to win over Rong Peng, a good hand in the market, if possible, Ji Feng is even

willing to fund and provide all the facilities that can be provided, so that Rong Peng can start up again and strive to create a group more brilliant than Rong Peng Group!

But this is only Ji Feng's wish, at least up to now, it is still necessary to persuade Rong Peng to change his mind, or at least not to do anything stupid, this is the most important thing.

As for the matter of whether or not to start a family again, that would have to wait until later.

After about half an hour or so, the white spider suddenly got up and whispered in Ji Feng's ear, "Ji Shao, I'm going to the bathroom ....."

Ji Feng nodded slightly, certainly not because Bai Spider had to report everything to him, but because he was sitting outside in his seat, and if Bai Spider wanted to go out, Ji Feng would have to move aside to do so.

However, the moment the white spider walked out, Ji Feng's eyes flinched.

He noticed that the tension Qin on the opposite side of the aisle seemed to have a bright light in his eyes when he saw the white spider go out, the feeling was as if ..... he had seen his prey.

The company's main business is to provide a wide range of products and services to its customers. Or was it because he didn't read the calendar when he went out?

"This little brother, your girlfriend is very pretty!" Zhang Liqin suddenly said.

Ji Feng glanced at him and then withdrew his gaze.

Zhang Liqin then couldn't help but give a secret grim smile, he simply also unbuckled his seat belt and stood up, shaking his head and muttering, "What bad luck, I should have known not to drink so much water before getting on the plane ....."

A cold light flashed in Ji Feng's eyes, such an excuse could only fool fools, earlier this guy had no intention of going to the toilet at all, now when he saw the white spider go, he also found a random excuse to want to go over ..... bastard!

"Pop!"

Ji Feng also directly unbuckled his seat belt and stood up, striding in the direction of the restroom.

Soon, Ji Feng's face sank.

He found that Tension Qin was leaning against the door of one of the restrooms, his hand was stuck in his trousers pocket, and there was a white corner of cloth showing, which looked like a handkerchief. In his other hand, he had just capped a dark brown glass bottle and hadn't had time to put it back in his pocket.

Enchanting `pill!

This word immediately came to Ji Feng's mind, waiting at the door of a bathroom or other public facility, waiting for someone to come out, and then using ecstasy to charm them, or control them, and then committing a crime!

This is an extremely typical modus operandi, but Ji Feng did not expect that this tension Qin would be so bold as to dare to play this hand on the plane .....

The actual fact is that you can't be sure that you're going to be able to get a good deal on your own. The actual fact is that you can't be afraid of it.

"Mr. Zhang!" Ji Feng suddenly spoke from behind as he said in a deep voice, "There is still a restroom over here, that one my girlfriend is using."

In a flash, Tension Qin, who was leaning against the door of one of the washrooms, his face suddenly changed, he stared at Ji Feng fiercely, his eyes didn't look vicious, but they had a grim feeling.

Ji Feng, however, swept him a glance and said indifferently, "Mr. Zhang, it's better to behave in a proper manner! Otherwise, you might fall one day!"

"Humph!"

Zhang Liqin couldn't help but snort coldly, his face was ugly, he gave Ji Feng a deadly stare, then turned around and went to his seat.

Ji Feng looked at his back and thought about it .....

Carrying around things like ecstasy's, and having that sinister aura on his body, so bold ..... this guy is either a vicious thief or a big rogue with no fear!

If it's the former kind, then it's an outlaw, fierce, and if it's the latter kind, then it's obviously a guy with some background, such a person, usually a local snake.

No matter which one it is, it's not a good guy anyway, and it's definitely not too good to mess with.

Ji Feng felt that it seemed that his trip to Southern Guangdong this time would not be that smooth.

Bang!

The door of the washroom was opened, and as soon as Bai Spider came out, she saw Ji Feng standing in the doorway, she was slightly stunned: "Young Ji, what are you doing here?"

Ji Feng nudged his mouth in the direction of the seat side and laughed: "Holding the door for you, otherwise, I'm afraid you'll run into trouble at the top once you come out ....."

"Young Ji, do you want me to go finish him off?!" The moment the white spider heard this, her pretty face immediately became gloomy.

Ji Feng, however, was stunned at hearing this, and then laughed bitterly: "We are law-abiding citizens, not bandits and bullies, not to mention murderous and arsonistic bandits, how can we say that we can kill people ..... just be careful."

He could not help but secretly staggered, white spider really deserves to be called 'black widow' this nickname ah, this open mouth to do away with people .....

The first thing you need to do is change your mind for the white spider.

He couldn't help but turn his head and sweep a glance at that tension Qin, who was already sitting on his seat, and secretly said, "You guys can't come over here again without opening your eyes to look for trouble, and don't open your eyes to see exactly what kind of people you're messing with, you really don't know how to write the word dead ....."

However, when Ji Feng and the white spider returned to their seats, that tension Qin still stared at the white spider fiercely for a while, and then gave Ji Feng a grim look, before he coldly snorted and turned his head away.

Bai Spider's eyes flashed with murderous intent and her pretty face was incomparably gloomy.

But Ji Feng couldn't help but shake his head slightly, this guy really mustn't die to hold his breath!

.....

The two hours passed in the blink of an eye, and soon, the sweet voice of the stewardess came over the aeroplane radio, the plane was about to land, and the stewardess was reminding the passengers to fasten their seat belts .....

Ji Feng also joined the white spider and consciously fastened his seat belt, at the same time, his gaze swept another glance at the one across the aisle, Tension Qin.

In this part of the trip, tension Qin did not say anything more, but Ji Feng could clearly feel the occasional glance of his grim eyes, this guy just seemed to be brewing some kind of plot and scheme, making Ji Feng more or less alert.

However, all the way to the next plane, that tension Qin did not say anything else, as if he was really ashamed of what Ji Feng said before.

However, Ji Feng knew that this guy would definitely not give up. From his cold eyes, he could see that this guy was very unhappy and unconvinced.

Ji Feng secretly snorted coldly and followed behind Tension Qin.

To deal with such a fellow, ordinary lectures were not at all effective, it was better to teach him a lesson, so that he would be honest and save himself from coming back to find trouble. Only a profound lesson could make him learn his lesson!

Therefore, just after leaving the passage entrance, Ji Feng clasped Tension Qin's wrist.

The latter was suddenly startled and was about to struggle, but the huge force coming from his wrist made it impossible for him to struggle.

"Mr. Zhang, when we go out, we don't want to cause trouble, but you'd better not bully people, otherwise, I wouldn't mind sending you back home ....." Ji Feng said in a calm tone, while at the same time, his hand gave a violent push.

In a flash, Tension Qin only felt a pain that went down his arm and spread all over his body in the blink of an eye, causing his body to start spasming, a face that was red, cold sweat on his forehead, and his lips turning blue, so you can imagine how painful the pain really was.

However, Tension Qin wanted to scream in pain, but he could not do so, his body seemed to have no strength at all and he could not exert himself. In his desperation, Tension Qin didn't know where he got the strength from, so he took a sharp breath and roared out in unbearable pain.

"Ah...!"

The voice seemed incomparably harsh, as if the owner of the voice was experiencing great pain, and for a moment, all the passengers could not help but turn their heads to look at him.

However, when they looked at Tension Qin again, he was clenching his fists, and his whole body took on an almost cramped appearance as he stood outside the exit and roared with vigour. If they hadn't seen his face was not right, his lips were blue and he looked in great pain, I'm afraid everyone would have thought that he was doing a victory pose!

But soon, the onlookers noticed that something was wrong, they saw that the two fists that Tension Qin was clenching, one was holding a white handkerchief, while the other hand, it seemed, was also holding something .....

Zhang Liqin also realized that something was wrong, he reacted with a jolt, and was suddenly shocked, panicked and turned his head to look around, but there was no sign of Ji Feng.

Feeling something in his hand, Zhang Liqin then looked down, but suddenly found that the original 'common tool' in his pocket was actually held in his hand, which is simply looking for death .....

#### Chapter 1056

Zhang Liqin was immediately frightened and hurriedly put the small bottle and handkerchief away. He subconsciously looked around, but found that everyone was looking at him with an extremely strange gaze.

With a weak heart, the tough natured Zhang Liqin immediately shouted, "What are you looking at? What's there to see!"

Only then did the others disperse, but in their hearts they were very contemptuous. This man looked like he was dressed like a man, but to think that he was so vulgar.

Especially when he was roaring, he looked exactly the same as those hooligans who are so angry after being taught a lesson!

However, most of the people were not too keen on minding their own business, and with the thought that more trouble is better than less, they all left as well.

Only then did Zhang Liqin look around, but he didn't see Ji Feng, or even spot his shadow. Zhang Liqin couldn't help but grunt coldly, his face very ugly.

"Son of a bitch, you dare to backstab Laozi and actually ran away ....., This time count yourself lucky, next time if you fall into my hands again, I will definitely not let you go!" Zhang Liqin couldn't help but gnash his teeth and say.

He did not realize that when Ji Feng was dealing with him, he did not even have the ability to resist halfway, so how could he mess with such a person?

On the contrary, he thought that Ji Feng had backstabbed him and made him lose face in front of the public, and even almost revealed his horse's foot, so he hated him immensely.

How could such a person think about his own mistakes?

Zhang Liqin coldly snorted in indignation, before taking out his mobile phone and dialing a number: "Boss, I'm back, where are you guys? ..... Good, then I'll see you in the car park!"

After closing the line, he couldn't help but curse, "Damn, what bad luck, it was so hard to meet an excellent girl, but I actually got backstabbed by someone ....."

After saying that, he shook his head, indignantly carried his luggage, quickly out of the passage, and then went straight to the airport's car park. But in his heart, he was still mulling over the delicate appearance of the white spider, and couldn't help but feel foolish. But thinking about such a superb woman missing out right in front of his eyes, his hatred for Ji Feng deepened another layer.

"Young Ji, why did you let that person go so easily?" After leaving the airport, White Spider, who hadn't been saying much, couldn't help but ask.

Ji Feng smiled and said, "We just came to Guangdong, it's better not to cause trouble for the time being, look at that person just now, he's obviously not an ordinary person, he's either someone with some background, or, he's a vicious guy. Don't tangle with such a person for now, let's get down to business!"

The white spider nodded slightly, but was desperate to say something.

"Just say what you have, you can say whatever you want here, there are no such rules." Ji Feng saw White Spider's demeanor and couldn't help but laugh.

"If that person is really vicious, I think what you're doing, Ji Shao, might not do much good, instead it will make him even more vicious and hate us even more ....." said White Spider, "The best way to deal with this kind of person, is to make him afraid!"

"Is this how you dealt with people like this when you encountered them before?" Ji Feng asked with a smile.

White Spider nodded, "Yes."

Ji Feng lost his smile, "Then how effective was it when you did that?"

"All those people don't dare to pester me anymore!" White Spider said, "Of course there are exceptions, but just deal with it directly."

"What you said happened in the course of the mission, right?" Ji Feng asked.

"Yes!" White Spider nodded.

Ji Feng laughed: "Still, ah, you were on a mission, coming and going as you pleased, and after you got into trouble, you could just walk away and not care about whatever background people had, but we are different now, for us, the Rongpeng Group's matter is the most important mission."

"But ..... does this conflict with cleaning up those hooligans?" White Spider had some doubts, but didn't say it.

Ji Feng also just couldn't make Bai Spider accept his idea with just one or two words, so he just shook his head and smiled, and then walked with Bai Spider outside the airport.

In fact, how could Ji Feng not know the truth that an evil man needs an evil man to grind?

Of course he knew it very well, but reason is reason, but it also depends on the actual situation to deal with.

For example, if he had cleaned him up at the airport, he would have delayed the incident and might have brought the police here .....

The actual fact is that, although the intention is not good, but after all did not do anything, now they have given him a small lesson, is also enough. It is not possible to have to kill people because they have mischievous intentions, right?

Ji Feng wasn't that domineering!

After this time, I'm afraid that they and Tension Qin will never meet again, so why should they care so much?

More importantly, how would the white spider know that Ji Feng had only taught Tension Qin that 'little' lesson?

The way Ji Feng is using, if he doesn't want others to see it, then no one will notice!

Unless ..... Tension Qin himself sensed that something was wrong, but by that time, I'm afraid it would have been too late.

The two of them walked out of the airport, but the one who had a little friction with them, the tension Qin, had already arrived in the car park of the airport and met with the people who came to pick him up.

The people who came to pick up Tension Qin were two big, burly men and a middle-aged man with a slightly slimmer head. This man was not too short, he was about 6'5", but in front of the two big, tall men, he looked too small, just like a small monkey, small and thin.

However, both Tension Qin and the two big, burly men were in awe of this little monkey-like middle-aged man.

"Big brother!"

As soon as he saw this middle-aged man, Zhang Liqin hurriedly took two quick steps forward and said respectfully, "Big brother, why have you personally come to pick me up? And Second Brother, Third Brother, you're all here!"

"Eh!"

That skinny monkey laughed heatedly and patted Tension Qin's arm ..... He had wanted to pat Tension Qin's shoulder, but he was too short and he could only hold Tension Qin's arm.

"Old four, you kid once out is so long, I do brother of course to be the first to greet you." That skinny monkey laughed, "How's it going, Lao Si, still comfortable out there?"

“Not bad, but foreign pussies taste too slutty, not as good as our Chinese women .....” Tension Qin laughed, “I stayed in Jiangzhou for a few days, I really had a good time, haha! ”

The other three all laughed as well, and one of them, a big brawny man, said, “I haven’t seen you for over a year, but Lao Si is still good at this.”

“Yeah.” Another big man followed suit, “Old Fourth, you kid really have the same taste for several years in a row!”

Zhang Liqin laughed: “I can’t help it, I just like this taste, or our women here have a taste ..... By the way, I met a superb woman on the plane just now, that look ..... tsk! ”

“Ready to get your hands on it?” One of the big men asked with a lewd smile on his face.

“What a hand, I get angry at the mention of it.” Zhang Liqin couldn’t help but grimace, “When I got off the plane, I got shagged by that woman’s boyfriend, mother fucker, I’m pissed off at the old man!”

“Oh?”

The other three couldn’t help but be slightly stunned, and that skinny monkey boss couldn’t help but ask, “What, Lao Si, you missed this time?”

“Mm!”

Zhang Liqin nodded and said, “That woman’s boyfriend looks like a white boy, I didn’t take it seriously, but I didn’t expect to be set up by that guy, when I find him, I’ll see if I don’t kill him! By the way boss, is there something wrong with you calling me back in such a hurry?”

That skinny monkey boss nodded and said in a deep voice, “Old Fourth, this time I called you here, there is indeed something important to do, so at this time, don’t make any more trouble, you also know what you left China because of in the first place, you fell on a woman in the first place, you can’t repeat the same mistake now, everything must be careful.”

Zhang Liqin’s expression also became cautious, he nodded and couldn’t help but ask, “I know. Boss, what’s the matter this time?”

The skinny monkey boss turned his head and looked around before lowering his voice and saying something.

But because his voice was suppressed so low, outsiders could not hear it at all.

However, after hearing this, Tension Qin’s face instantly changed, “What did you say, Boss? Someone wants us to deal with .....”

“Keep your voice down!” The skinny monkey boss shouted lowly.

Only then did Zhang Liqin react, he hurriedly lowered his voice and asked carefully, “Boss, the Rong family is not that easy to deal with, they are black and white, ah, with our strength, in front of the Rong family can not be enough ..... exactly who wants us to deal with the Rong family ah? ”

The skinny monkey boss said, “Of course I know that we are no match for the Rong family, so following the usual method simply won’t work, that’s why I called you back!”

“Me?” Zhang Liqin couldn’t help but be slightly stunned.

The skinny monkey boss turned his head and looked around before lowering his voice and saying, “This is not the place to talk, let’s go back and talk.”

The other three immediately nodded and immediately got into a black car and quickly left the airport.

If Ji Feng was here, he would have noticed these words spoken by Tension Qin. It turned out that this trip back by Tension Qin was actually to deal with the Rong family, if he knew that, I’m afraid he would have to be especially cautious, and at the same time, he would also realize that this trip to Guangdong would definitely not be that calm!

## Chapter 1057

After arriving in Yuezhou, Ji Feng was not so eager to call Rong Suyan, he first stopped a car and asked the master driver to bring himself near the headquarters of Rongpeng Group, and after that, he found a hotel nearby and stayed there.

Ji Feng didn’t really like his actions being arranged by others, just like the last trip to Jiangsu and Zhejiang where he stayed in Fei Fei Zhou’s villa, his actions were basically no secret to Fei Fei Zhou. Fortunately, that time it was him and Fei Fei Zhou who joined forces, and this did not cause any major problems.

However, his every move was exposed under the eyes of others, which Ji Feng disliked, and this was very, very unsafe.

This time is also the same, since it is to a strange place, and what to do and what people to contact are still unknown, then in this way, Ji Feng must ensure that his actions are hidden, or at least not let everyone know his whereabouts.

So, this is why Ji Feng booked a room outside, of course, he booked a suite, the white spider and he lived in two rooms of the suite respectively.

After doing all this, Ji Feng then took the white spider with him and wandered around the headquarters of the Rongpeng Group. He had thus seen the prosperity of Yuezhou, which was not much worse than Jiangzhou even.

.....

Meanwhile, at the headquarters of the Rong Peng Group, Rong Suyan was painstakingly persuading her father, Rong Peng.

“Dad, if it really doesn’t work out, let’s give up that 30% stake and give this Rongpeng Group all to the Wu family, as long as we are safe, won’t that be enough?”

Rong Suyan looked at her father who was smoking across the desk and could not help but advise him in a good voice, “I think you should know better than I do about the power of the Wu family, we are just businessmen, so we can separate from the Wu family, they can’t tie us to their side, but if we go against the Wu family ..... we don’t have that qualification ah!”

“I didn’t say I wanted to go against the Wu family, I just can’t swallow this!”

Rong Peng couldn't help but snort coldly, "Not to mention how much we masters have given to the Wu family, just talking about you alone, Suyan, you've been with that kid Wu Zhihe for years, right? Well, they said that we were businessmen and that it was inappropriate for you to marry Wu Zhihe, and you put up with it, only for that woman Zheng Yuxiu to take advantage of the situation and get engaged to Wu Zhihe, but did we say anything? Nothing, right?"

"And then look at how Wu Zhihe treated you, you also said that there was really nothing between you and Ji Feng, but Wu Zhihe still bullied you, we separated from them and he still wasn't going to let us go, he wanted to take the last of our family money!"

Rong Peng took two strong puffs of his cigarette, as soon as he mentioned the Wu family, his face was full of anger, "Besides me, from the time I first cooperated with the Wu family and created the Rong Peng Group, I have been fighting hard, all these years, just the money that the Wu family people withdrew from me but didn't account for, it was several hundred million, I didn't say a single word of no!"

"But what about now?"

Rong Peng couldn't help but sneer: "The Wu family is even taking away our capital, and even threatening me with your safety ..... the Wu family taking advantage of me, I can put up with it, who made me eager to make a career, but this time the Wu family actually did this to you, how can I put up with it?!"

"But ....." Rong Suyan laughed bitterly, "Dad, the situation is here now, we are simply no match for the Wu family, if they want to rob, we simply can't stop them, why do you have to insist on hitting the stone with an egg!"

The Wu family's behaviour also made Rong Suyan very cold-hearted, especially Wu Zhihe's heartless action, and Zheng Yuxiu dared to point at her father's nose and scold him, such behaviour, how could Rong Suyan not be annoyed?

But irritation is irritation, one has to face reality, right?

If she was alone, Rong Suyan would have fought the Wu family to the death, or at least she wouldn't have held her tongue.

But no. ....

If she were to go toe to toe with the Wu family, what would they have to do to defend themselves once the Wu family turned their spearheads on her family?

Therefore, although Rong Suyan was incomparably angry in her heart, she could only break her teeth and swallow it in her stomach, unable to say anything.

There was nothing she could do, it was her own choice and she could not blame anyone.

If she had to blame herself, she could only blame herself for being blind and seeing the wrong person, not expecting Wu Zhihe to be such a wolf-hearted person, nor did she expect Wu Zhiyong to be so vicious!

However, Rong Peng did not think so.

"I have to block even if I can't!" Rong Peng coldly snorted, "Not fighting for buns but fighting for breath!"

"What if you can't even fight for this breath?" Rong Suyan asked with a bitter smile, "Dad, don't forget, we are in Southern Guangdong, there are people from the Wu family everywhere here, we are still really fighting?"

"I admit, the Wu family's power is, indeed, huge, we businessmen, even if we are big, are indeed not enough in their eyes!" Rong Peng nodded his head, frankly admitting his inferior position, "However, just because we are not good enough, doesn't mean that others are not a match for the Wu Family either!"

"What?" Rong Suyan couldn't help but be stunned.

"We are unable to stop the Martial Family, however, the Ji Family is able to stop them!" Rong Peng said, "As long as Ji Feng intervenes, then there is still room for manoeuvre in this matter."

"Ji Feng intervened?" Rong Suyan was stunned, "Dad, how could you think of Ji Feng's head?"

"Isn't it right? You also said that Ji Feng is an extremely important member of the third generation of the Ji family, he still carries a lot of weight." Rong Peng said, "I've also done some understanding of this Ji Feng, some of the things he's done are commendable and definitely much better than Wu Zhihe, if he intervenes, then the Wu family, no matter how rampant they are, will definitely have to give it some thought!"

"Dad, what exactly are you trying to say?" Rong Suyan said with some confusion.

"What I mean is that I can't stand by and watch the fruits of my own hard work for more than ten years being taken away by others like this, not to mention watching you being bullied." Rong Peng said seriously, "More importantly, I want to see what kind of position you occupy in Ji Feng's mind!"

"What?!" Rong Suyan was stunned, she felt that the meaning of her father's words seemed to be somewhat .....

.....

Ji Feng casually wandered around, together with the white spider, walking around the Rong Peng Group, memorizing the surrounding terrain in his mind.

"White Spider, where do you think we should start if we want to enter the Rongpeng Group and still not alert anyone?" Ji Feng suddenly asked.

Bai Spider was slightly stunned as her beautiful eyes swept around before she said, "Young Ji, I think we can take advantage of the commute and enter directly through the front door, or take advantage of the night to enter through the back window! This kind of building is easy to enter if it's not deliberately protected."

Ji Feng looked up at the Rongpeng Group's building and nodded and smiled, "Yes, it's easy to get in, but if we want to get in without alerting anyone, it will be difficult. ..."

“Young Ji, do we have to make a move on the building?” White Spider asked, while her slightly wary gaze swept around, as if she was guarding against someone eavesdropping.

“Of course not!”

Ji Feng shook his head and laughed, “I’m just talking casually.”

He looked up at the building, which was several dozen storeys high, and couldn’t help but shake his head slightly, the Rongpeng Group was really powerful and amazing, Yuezhou was also a place where every inch of land was gold, having such a building here was enough to show the strength of the Rongpeng Group.

It may sound scary to say that the Rong Peng Group has tens of billions of dollars in assets, but in reality, if you just hear about it, you really don’t have any substantial concept.

However, if one sees the headquarters of the Rong Peng Group with one’s own eyes, and then looks at that kind of aura, one can understand what kind of huge a large group with tens of billions of assets really is. I am afraid that anyone would be enamoured of such a group and would want to own it for themselves!

And this is just the headquarters of the Rong Peng Group, if all of the group’s assets were brought together, it could simply make people dizzy!

“Such huge assets, no wonder the Wu family is not even willing to leave 30% of the equity to the Rong family .....” Ji Feng couldn’t help but shake his head slightly in admiration.

There are many things that can only be more visually impressive and shocking if you go and see them with your own eyes!

He then took out his phone and dialed Rong Suyan’s number.

Soon, the call was answered, and Rong Suyan’s voice came through the phone, “Hello, Young Ji, you’ve arrived in Yuezhou?”

“Here, I’m downstairs at Rong Peng Group’s headquarters.” Ji Feng smiled.

“Ah?!”

Rong Suyan couldn’t help but exclaim softly, “You’re down there?”

“..... Yes, I’m down there!” Ji Feng rubbed the corner of his eyes and secretly said, “Why does this sound so awkward, I’m down here .....

“Suyan, could it be that you’re at Rongpeng Group headquarters right now?” Ji Feng steadied his emotions and asked with a smile.

“Young Ji, wait for a moment, I’m coming down.” Rong Suyan said hurriedly, and then hung up the phone straight away.

Ji Feng looked up at the building in front of him and couldn’t help but shake his head with a smile, “This group is about to be snatched up all by others, and he’s actually in the mood to come here?”

More and more, he felt that this matter of Rong Peng wanting to commit suicide seemed to make some sense.

Shaking his head slightly, Ji Feng also stopped thinking about it, no matter what Rong Peng was actually doing, everything would be clear after seeing it, no matter how he thought about it now, it was only his personal assumption.

At this time, in the chairman's office of Rong Peng Group headquarters, Rong Suyan hung up the phone and said helplessly, "Dad, Ji Feng is here!"

Rong Peng, who was sitting behind his desk, immediately laughed and said meaningfully, "Ji Feng is here? Not bad, coming so soon, it looks like he really has a heart for you ....."

Chapter 1058

"Dad, what are you talking about!" Rong Suyan couldn't help but blush and complained, "It's all because of you, you had to make it so scary, not only did you trick me, this also made Ji Feng come all the way from Jiangzhou, how are you going to explain to people later!"

"Explain what?" Rong Peng laughed, "Suyan, what do we have to explain?"

"Yeah, I really don't know how to explain to Ji Feng." Rong Suyan said helplessly, "What I told him before was that you were very shaken up and might want to do something, but now I just know ....."

Rong Peng laughed harshly, "Silly girl, I see, ah, you are also really caught up in it, it seems that Ji Feng's kid is definitely much better than Wu Zhihe, making my baby daughter, who has always been smart, become a bit troubled."

"Dad~~~" Rong Suyan said helplessly in shame and anger, "What are you talking nonsense about, when did I become afflicted?"

"You look like this, you're still suffering from something, aren't you?" Rong Peng laughed happily, "Girl, seeing you like this, I am relieved, to be able to make you like this, that Ji Feng should be very good, hmm, I am looking forward to meeting him."

Rong Suyan could really cry and laugh and was a bit shy, she said helplessly, "Dad, Ji Feng is downstairs right now, of course it's easy for you to meet him, but after meeting him, what should I tell him?"

"The truth of course, let him know how the Wu family is bullying us and see what he says." Rong Peng laughed.

"That's not what I'm talking about, I mean ....." Rong Suyan shook her head helplessly, "Gee, I don't know what to say, Dad, you're really... ..I've been killed by you."

"Girl, you're worried that if Ji Feng learns that I wasn't going to kill myself, it will make him feel like he's been duped and thus have something in mind, right?"

Rong Peng lit a cigarette and said smilingly, "In fact, you don't need to have such a worry at all, what I'm going to do, you don't know in the first place, you also said just now that what you told Ji Feng was all your own guess, now that he's here, then you can totally tell him that it was your wrong guess, can't you?!"

“Can a wrong guess explain it away?”

Rong Suyan laughed bitterly, “Dad, you don’t understand Ji Feng, although this person is young, he and Wu Zhihe are simply two completely different types of people. Wu Zhihe is too hypocritical, he doesn’t have much goods in his stomach, yet he wants to pretend to be a person of substance, so even if he knows he’s been cheated, he’ll probably pretend as if nothing is wrong, but Ji Feng is different!”

Rong Suyan couldn’t help but have a bit of a headache, she really didn’t think that the kind of rage her father had been feeling actually had a pretend element in it!

Just a moment ago, Rong Peng told Rong Suyan himself that it turned out that he had always known about his worries, yet he really didn’t intend to kill himself, but only hoped that through his own mouth, he would make Ji Feng mistakenly think that he wanted to kill himself .....

“What can I do about this, yo!” Rong Suyan helplessly shook her head lightly, after thinking for half a day, she still couldn’t think of any good excuse to explain to Ji Feng, but Ji Feng was now waiting downstairs, where would she have time to think of a countermeasure?

“Girl ah, in fact, with your brain, you shouldn’t not understand what exactly is the intention of dad’s approach, the reason why you are so nervous is actually just because you are too nervous about Ji Feng, you care too much about his opinion, right?” Looking at his daughter’s anxious look, Rong Peng couldn’t help but say with a smile.

“It’s not that I’m nervous about him either, but it’s always not good for you to lie to him like this, right?” Rong Suyan shook her head in distress.

“What’s good and bad about it?”

Rong Peng gently exhaled a mouthful of smoke and laughed, “Girl, don’t think that dad’s anger is all feigned, the Wu family is going to take away all the fruits of our struggle for more than ten years and not even leave a single dazi behind, is dad really not angry? No! I’m more angry than anyone, even if it’s possible, I want to carry a sword and go fight with the Wu family, they’re playing with me like a monkey!”

Speaking of this, Rong Peng’s expression had gone completely gloomy, his eyes flickering with bearish anger, even gnashing his teeth in hatred.

“However, reality does not allow me to do so.”

Rong Peng shook his head slightly and said, “If all three of you mothers were abroad, then I would definitely take that path, absolutely no half-hearted hesitation, I would make the Wu family’s basket empty! But now, you siblings and your mother are all in the country again, if I really do this, the Wu family also has plenty of ways to deal with you, without me, you even have no one to rely on, moreover, you can only let people bully you .....”

“The Wu family’s people are powerful, I asked for connections to get your brother out, but when the people I sent arrived at the prison, only to find that your brother had already been confined long ago for fighting with other inmates in the prison, and in the recent period of time, our people don’t even want to see your brother!”

Rong Peng couldn't help but sneer, "What fighting with other inmates, that's all bullshit! I still don't know your brother's character? Once he loses his power outside, with his guts, he wouldn't dare to fight with others, just like that, how can he fight with others? It's more like they beat him up!"

"It was the Wu family's people who did this?" Hearing what happened to her brother in prison, Rong Suyan's pretty face also came to be gloomy, "They're ..... not wanting us to get Bao Gang out?"

"Other than that, I can't think of any other reason." Rong Peng said in a deep voice, "After I asked someone to inquire, I learned that the prisoners who fought with your brother were all prisoners who were transferred to your brother's prison cell only a few days ago, this is clearly meant to deal with your brother!"

"Bang!"

Rong Suyan violently slapped the table and said in a hateful voice, "Wu Zhihe! Wu Zhiyong!"

"How else do you think I can take that step in this situation? I can only break my teeth and swallow them in my stomach!" Rong Peng shook his head and sighed softly, "Actually you're right, we can't really fight with the Wu family, it's not a hard fight, the difference in strength is too great."

"So how is Baogang doing now?" Rong Suyan asked with concern.

"What else can we do? As long as we don't hand over all the shares of Rongpeng Group, your brother will always be confined. If we continue to resist, I'm afraid Baogang will be ....." Rongpeng shook his head slightly and said, "So ah, I can't die, if I die, then your brother will have nothing to half rely on ....."

The fact is that the two of them are the only ones who have any conscience.

But she also knew that her thoughts were too naive, and what could she do if she asked?

Since the Wu family people had already done so, it proved that they didn't care about that bit of face anymore, not to mention that they weren't afraid of hating them!

"So from the moment I found out about your brother's situation, I knew that we had to find another way out, and moreover, find a way to save your brother's life!" Rong Peng said, "Rong Peng Group's equity, this is the only bargaining chip we have in our hands, I can only drag it out first, and scare you, in order to let Ji Feng know all this through your mouth."

"But what good can it do if he knows? At most, he can only guarantee that Baogang won't be murdered, but I'm afraid that he won't be able to keep the equity of Rong Peng Group!" Rong Suyan said, "Although he is the son of the Ji family, but this is Southern Guangdong, so he can't do anything about it."

"No, Suyan, from the day we separated from the Wu family, I never thought we could keep our shareholding." Rong Peng shook his head slightly and said, "All I asked for was for your brother to come out safely, and for our whole family to be safe and sound, and not to be subjected to the Wu family's retaliation after handing over our shareholding!"

Rong Suyan could not help but shake her body and did not say anything for a long time.

Her father's words had shattered the last vestiges of hope in her heart. She originally thought that no matter what, she and Wu Zhihe always had a few years of affection, and even if the Wu family took away all the equity of the Rong Peng Group, they would not be able to lay their hands on their Rong family members.

But now, it really seems that she was too naive.

What Rong Peng knew was a little too much, and it would be strange if the Wu family didn't deal with him.

"It seems that you also understand ....."

When Rong Peng saw his daughter's expression, he knew what she was thinking, "So, I want to know clearly what kind of attitude Ji Feng has towards you, towards our Rong family! If he does value you and thinks that our Rong family is still useful, then after he knows something from you, he should come out and come over, then also, our family is still saved."

"But if he doesn't come .....", Rong Suyan smiled bitterly, "we'll just have to wait for death, right?"

"Right!"

Rong Peng nodded, "In Huaxia, the only person who can fight against the Wu Family and is willing to give it a fight for us is Ji Feng, if he doesn't come, we only have a death sentence! Then there's no point in us resisting any longer."

"Now Ji Feng is downstairs!" Rong Suyan suddenly spread a smile, "He's here."

"That's right, he's here." Rong Peng also nodded in relief and laughed, "With Ji Feng here, our family is basically saved, as for the Rong Peng Group ..... what can we do even if we give it all to the Wu family? That's better than having a broken home, right?"

The smile on Rong Suyan's pretty face was also all over the place, and she nodded vigorously, "That's right."

"So girl, now you know how to explain to Ji Feng, right?" Rong Peng chuckled, "Moreover, if this young man Ji Feng is really good, then, papa would love to see you two come together ..... Alas, this might just be your fate too!"

Chapter 1059

Rong Suyan's pretty face was slightly red, her eyes flashed for a moment and she couldn't help but say, "Dad, let's not talk about this first, okay, I'll go pick Ji Feng up first, you can talk to him then, but don't say anything about me!"

After saying that, she hurriedly turned around and went out, but her heart was in turmoil.

On the one hand, Rong Suyan hated the ruthlessness of the Wu family members, especially the two brothers, Wu Zhihe and Wu Zhiyong, one was ruthless, the other turned his face away and was cold and ruthless, which simply made her hate them to her bones.

She had never imagined that he would be so cold and heartless that he would just leave behind the years of love he had with him. He is so ruthless and treacherous that Rong Suyan has seen it all.

The Rong family has just separated from the Wu family, but Wu Zhiyong has already taken control of Rong Baogang, and listening to his father's words, Wu Zhiyong intends to strike at the Rong family, and even after taking back the Rong Peng Group, he does not intend to let the Rong family go .....

The actual fact is that you can find a lot of people who have been in the business for many years.

At this moment, Rong Suyan's heart no longer had any feelings for Wu Zhihe, and even the little familiarity that remained no longer existed, what was left was only hatred and strangeness!

However, in Rong Suyan's heart, there was another feeling – panic and confusion.

Especially after listening to her father's words, she was even more panicked. Ji Feng came to Yuezhou this time, whether it was for the Rong Peng Group, or for the Rong family, or ..... for her, Rong Suyan?

The actual fact is that you can't get to the bottom of it, but you can't ask, she can only take this somewhat panicked feeling and quickly go downstairs, Ji Feng has been waiting downstairs for a long time oh!

Looking at his daughter's somewhat panicked footsteps, Rong Peng, who was sitting in his office, could not help but shake his head and laugh lightly.

He secretly said: "silly girl, also said that there is nothing between the two of you, even when you and Wu Zhihe that animal together, also did not see you so flustered shy over ah, also said that it is okay ..... not right, how can say Wu Zhihe is animal, this Wu Zhihe if animal, then my daughter is not also ..... not right not right!"

The ashtray in the hands of the cigarette to extinguish, Rong Peng laughing, "If the silly girl can really with Ji Feng into, then it is a beautiful thing, all happy ah!"

Although he said so, Rong Peng was still a bit uneasy in his heart, afraid that Ji Feng would be a second Wu Zhihe, he felt that he still needed to observe and observe. The most important thing is, what is Ji Feng's attitude towards Su Yan?

.....

"White spider, see, this Yuezhou is even worse than Jiangzhou." Under the headquarters building of Rongpeng Group, Ji Feng was leaning on a stone lion at the entrance and said with a smile.

"I don't quite understand." Bai Spider said.

Ji Feng laughed, "Look, although Jiangzhou is prosperous, the traffic situation is a bit of a headache, with frequent traffic jams. But this Yuezhou is even worse, it's just that the traffic on the road is blocked, even the lifts in this building are also blocked!"

White Spider was amused, of course she knew that Ji Feng was talking about Rong Suyan not coming down all the time.

She pursed her lips and laughed lightly, "Maybe Miss Rong was delayed by something!"

“Oh, we are being left out here.” Ji Feng laughed.

The white spider then laughed lightly, but didn't say anything. As a bodyguard, White Spider naturally did not express her opinion easily, there were some things that were not her place to say.

“Young Ji!”

Just then, a pleasant female voice came, Rong Suyan came down quickly from the steps at the entrance of the building, “I'm really sorry for keeping you waiting.”

“It's not long, it's only half an hour.” Ji Feng smiled.

Rong Suyan said apologetically at once, “Young Ji, I'm really sorry, please understand.”

“It's just a joke.” Ji Feng laughed.

Only then did Rong Suyan let out a slight sigh of relief and said, “Young Ji, this is .....”

“This is my bodyguard, White Spider.” Ji Feng introduced the two, “White Spider, this is Rong Suyan, my friend.”

Rong Suyan greeted Bai Spider warmly before saying, “Come with me, young Ji, my father is waiting for you upstairs.”

“Waiting for us?” Ji Feng raised an eyebrow and smiled lightly.

“Then what, please follow me.” Rong Suyan's heart jumped, afraid that Ji Feng knew that his father was going to commit suicide was a fake and was lying to him. She was aware of Ji Feng's intelligence, and this handsome man, despite his youth, was not so easily fooled.

Led by Rong Suyan, the three of them took the lift to the chairman's office, and Ji Feng met Rong Peng, the business lord, for the first time.

When he saw Rong Peng, Ji Feng just took a quick glance at this powerful figure who once reigned over the business community in Southern Guangdong and could not help but secretly nod his head, this Rong Peng, indeed, had an extraordinary temperament.

Ji Feng extended his hand and smiled, “Mr. Rong, I've always heard a lot about you, now that I've seen you with my own eyes, Mr. Rong is really not an ordinary person.”

Rong Peng also hurriedly came over from behind his desk and smilingly shook Ji Feng's hand, “Young Ji, you are over-complimenting me.”

Ji Feng shook his head and laughed: “Mr. Rong, I really meant what I said, I'm not overpraised at all. Mr. Rong has an extraordinary temperament and is indeed worthy of being the leader of private enterprises in the south.”

Rong Peng couldn't help but laugh, “Ji Shao is really too much ....., Please have a seat.”

When several people sat down, Rong Suyan hurriedly made tea for Ji Feng and the two of them. Rong Peng smiled and said, “I've been hearing about Ji Shao from Suyan before, but I've never had the chance

to meet him. Now that I look at him, Ji Shao really has an extraordinary aura, and he is really worthy of being a young handsome man.”

Ji Feng smiled and waved his hand, “Mr. Rong, we don’t need to brag about each other anymore, do we?”

“Ah ..... haha, not bad, not bad, young Ji is a refreshing man.” Rong Peng was slightly stunned before he nodded and smiled.

The two exchanged a few more pleasantries before Rong Suyan brought up the tea.

Ji Feng was at ease with his tea, but in his heart he was wondering how Rong Peng, with his tone and his manner of speaking, was not someone who would commit suicide, especially not someone who would be forced to do so by others!

Rong Peng, on the other hand, was secretly sizing up Ji Feng, while his evaluation of him was rising in his heart. If he didn’t know that Ji Feng was only in his early twenties, Rong Peng would have thought that he was talking to some leader.

“As expected, he is the son of a big family.” Rong Peng could not help but secretly nod his head, this temperament alone was not comparable to ordinary young people.

Rong Peng couldn’t help but think of Wu Zhihe again. Admittedly, Wu Zhihe was also poised and looked gentle and elegant, but when comparing him with Ji Feng, it was easy to see that Ji Feng was much better than Wu Zhihe in terms of poise.

The kind of poise that Wu Zhihe has appears to be rather vain. To put it bluntly, he doesn’t have any substance, he just puts on a hard face, so he appears to be somewhat lacking in substance.

But Ji Feng is different, this kind of aura of Ji Feng, that is completely from the inside out, he does not need any words, even do not need any action, just to sit there, there is a kind of atmosphere, own aura!

This alone is something that Wu Zhihe can’t even catch up with!

Even Rong Peng, who was used to seeing all kinds of people, was a little unsure of himself when he saw this kind of look.

This is not only a young man with a great spirit, but also a strong guy ah, Rong Peng can not help but secretly nod, can have this kind of aura of young people, Rong Peng these years have never seen, even Wu Zhiyong, that is only grim, and Ji Feng a comparison, also fell behind .....

The more you look at it, the more satisfied you are.

Just as Rong Peng was sizing up Ji Feng, Ji Feng was also sizing him up.

In fact, the moment he saw Rong Peng, Ji was somewhat surprised.

Originally, he thought that Rong Peng should be a middle-aged man with a big belly and fat head, if not that, then at least somewhat obese, which is what big bosses generally look like!

But now that he saw Rong Peng, Ji Feng realised that sometimes preconceived impressions are very inaccurate.

Rong Peng was about fifty years old, but he didn't have that fat feeling at all.

In fact, Rong Peng was indeed slightly blessed, or obese, but as soon as he stood up, he did not look obese at all, but rather had a kind of sturdy feeling, reflecting his tall stature.

If you use the words of Ji Feng's old family to describe it, it would be ..... very pie!

Meaning that this is a very imposing, and handsome, man with a great deal of talent!

Indeed, even now that he is middle-aged, Rong Peng still looks imposing, and I think he was a super handsome man when he was young.

To say that the only drawback was that Rong Peng was a bit sheepish, but it wasn't too serious.

Ji Feng couldn't help but secretly say, "No wonder he could give birth to such a stunning daughter as Rong Suyan, so it's because of the excellent genes of the previous generation!"

Apart from a few pleasantries at the beginning, both of them fell silent next, neither of them opened their mouths to speak, and both seemed to be sizing each other up, but in reality, they were waiting for the other to speak first.

The purpose of Ji Feng's visit to Yuezhou was clear to both of them: Ji Feng had come to persuade Rong Peng that he must not do anything stupid.

However, this was not the case. Although Rong Peng had thought about going down that road, after thinking it over, that road would not work. So, Rong Peng has given up the idea of killing himself in exchange for a lifetime of peace and well-being for his family, and now he is only thinking about whether he should lean over to the Ji family, or rather, how he should lean over.

He also thought about how to set things up between his daughter and Ji Feng. Of course, if his daughter Rong Suyan really did not have this intention, then Rong Peng would never have moved this idea. But now he could see that his daughter did have that kind of interest in Ji Feng.

Chapter 1060

"Mr. Rong, the economic situation in this Southern Guangdong is getting better and better, it has been the number one economic province in China for so many years, and Mr. Rong is able to stand out in this economic atmosphere and become the leader of private enterprises in Southern Guangdong, seriously, I admire that." Ji Feng said with a smile as he picked up his cup of tea and gently took a sip.

Upon hearing this, Rong Peng couldn't help but smile lightly and said, "Ji Shao is overpraised, I am also taking advantage of the environment, if there wasn't such a good business environment in Southern Guangdong, it wouldn't be that easy to develop."

"Mr. Rong is right, no matter what, there must be a suitable soil for survival before anything can prosper, and in this regard, Nan Yue has done the best." Ji Feng nodded and smiled.

Rong Suyan sat on the sofa at the side, watching Rong Peng and Ji Feng chatting with each other, she always felt strange in her heart.

How can I put it ..... at this moment, the atmosphere seems a bit weird!

The two people are also talking with smiles on their faces, but how Rong Suyan always feel that they are very careful in what they say, a sentence said three minutes to stay seven minutes, it is really very strange.

In fact, it was also true that both Ji Feng and Rong Peng were reserved when they spoke, but this was for a special reason.

First of all, Rong Peng, although he himself has the intention of leaning towards the Ji family, but he will not make such a hasty decision. At the very least, he would have to listen to Ji Feng's ideas first.

The first thing that I would like to do is to observe the reaction of Rong Peng.

The first time I saw that Rong Peng was going to kill himself, Ji Feng began to ponder in his mind what was odd in the middle, and what was Rong Peng's intention.

He said that he could not see any trace of lying from Rong Suyan's expression, and he could not see any suspicion of making it up, so Ji Feng could be sure that Rong Suyan should not have lied to himself. If Rong Suyan had also told a lie at that time, then Ji Feng would really have to admire her.

If you can tell a lie in front of Ji Feng with ease and calmness, so that no one can see the slightest fault, that kind of acting skills, it is too bad not to become an actor.

Therefore, Ji Feng was certain that Rong Suyan did not know too much about this matter, so the problem should lie with Rong Peng. The man who once reigned over the business world in Southern Guangdong must have other plans.

However, Ji Feng could not guess exactly what his plans were. Plus, he wanted very much to bring this business lord over, so he had to find out what Rong Peng really thought, or what his real intentions were, before he could speak, otherwise, if what he said was not right, or not to Rong Peng's liking, there might be no chance of cooperation between the two sides.

Ji Feng had to be cautious!

Not to mention anything else, just Rong Peng's ability, as well as his means of operation and vision in business, that is an absolutely valuable asset, that can't be exchanged for any amount of money spent.

Although the fact that Rong Suyan took over the Rong Peng Group and made it take off once again shows that Rong Suyan's ability is also extraordinary, but never forget that when Rong Suyan took over, the Rong Peng Group was already the leader of private enterprises in Southern Guangdong.

From scratch, from small to large, Rong Peng Group's initial start and reach the stage of glory, that can be brought out by Rong Peng single-handedly.

Without the good foundation laid by Rong Peng, Rong Suyan would definitely not have been able to make such achievements in such a short period of time, so that Ji Feng, while valuing Rong Suyan's ability, actually valued Rong Peng's ability even more!

So frankly speaking, if Ji Feng had to choose between Rong Suyan and Rong Peng, then he would definitely choose Rong Peng without hesitation. The reason is very simple, in terms of the Rong Peng Group, Rong Peng himself is the one who is fighting the mountain, while Rong Suyan is only learning to sit on the mountain with the support of her father, and has made a little achievement.

If her achievements are compared with others, they may be very dazzling, but to compare with Rong Peng ..... Ji Feng feels that she is still close to the fire.

Therefore, Ji Feng is not in a hurry to speak, but intends to wait for Rong Peng to speak first, after understanding his mind and ideas, Ji Feng can take the words, that can also be in and out of the way .....

This is why a very interesting situation has now been created.

The first thing you need to do is to get a good idea of what you want to do.

The first thing you need to do is to take a look at the situation and see if you can find out what the other side is thinking, especially in front of Rong Peng, a business tycoon.

However, in this way, both sides fell silent, each quietly sipping tea, occasionally exchanging pleasantries and saying some non-nutritious words. However, no one had any intention of moving on to the main topic, and both sides were carefully testing the waters.

Next to her, Rong Suyan was a bit restless, and her heart was even more apprehensive.

This is because her father, Rong Peng, had no intention of committing suicide, which she herself already knew very well, and Ji Feng had come to Guangdong to dissuade her father from doing something stupid, which Rong Suyan also knew.

But now, her father did not show that extremely shocked look, while Ji Feng, however, did not discourage him in a good manner either, they were like two friends in a good mood who had met and were chatting together, none of them actually mentioned the current situation of the Rongpeng Group, nor did they mention the Wu family's step-by-step approach.

Of course, this scene did not seem odd.

But .....

"It shouldn't be like this!" Rong Suyan secretly said. Ji Feng should have taken the initiative to steer towards the main topic after exchanging a few pleasantries and dissuade his father, Rong Peng, from ever thinking about it, as if he had to say all those words he had asked himself to help convey back in Jiangzhou to his father, ah, otherwise how else could he call it persuasion?

"Could ....."

Rong Suyan suddenly changed her face, "Could it be that Ji Feng already knows that father did not intend to commit suicide?"

If this is really the case, Rong Suyan but really do not know how to face Ji Feng, in front of Ji Feng, she is really rather weak hearted.

The most crucial issue was that she could not grasp what kind of temperament Ji Feng had.

The most important thing is that Ji Feng is an important person in the Ji family, a real son of a big family, although he looks very good, but who knows what kind of temper he has, in case he thinks that he and his father have teamed up to trick him, will he be furious?

In fact Rong Suyan is not conscious of whether Ji Feng will be angry and will have other ideas ..... his attitude has become a matter of greater importance to Rong Suyan.

Although there are elements of weakness within this, however, more or less a bit too much .....

“Thump!”

Ji Feng put the tea cup in the tea tray, after some time of pleasantries, he decided to get to the point.

“Mr. Rong, I heard Su Yan say that the Wu family wants to take all the shares of the Rong Peng Group?” Ji Feng asked with a smile.

“Yes, they are a big family, so their appetite is naturally not small.” Rong Peng said indifferently.

Ji Feng nodded and smiled, although Rong Peng’s words were plain, he could still hear the anger and dissatisfaction in Rong Peng’s heart from them.

“Then how does Mr. Rong plan to respond?” Ji Feng smiled, “It’s like this, I’m friends with Su Yan, so I’m concerned, if Mr. Rong doesn’t feel comfortable answering, just pretend I didn’t ask.”

“It’s not a problem.”

Rong Peng waved his hand and shook his head, “Frankly speaking, I don’t have any way to deal with it, I can only let people do whatever they want ah. Bao Gang has been confined in prison, and if I continue to confront them, I’m afraid I’ll just end up with a broken family.”

“Wu Zhiyong’s idea?” Ji Feng was stunned.

“Apart from him, who else could be so vicious?” Rong Suyan sneered beside her, “Wu Zhihe doesn’t have this kind of heart, and this could only have been arranged by Wu Zhiyong.”

“Perhaps ..... Zheng Yuxiu is also involved.”

Rong Suyan said in a hateful voice, “This good cousin of mine is not a frugal light either.”

“No matter who did the tampering, it doesn’t matter now.”

Rong Peng shook his head and sighed softly, “What matters is that our Rong family has no way out now, we can either hand over all our shares or wait for our family to be destroyed! To think that I, Rong Peng, have spent my whole life climbing up and down the ladder, this old age has actually been forced to this point ..... this dog days world!”

His words were filled with a sense of depression.

In fact, Ji Feng can also understand, anyone after working hard for most of his life, the fruits of his hard work have to be taken away by others all, and can not resist ..... this kind of taste, really very unpleasant!

“Mr. Rong, you don’t have to worry about your son there, I will react with the relevant people after I go back, serving a sentence is serving a sentence, but it’s not like anyone who wants to murder can do so!” Ji Feng said indifferently, but in his words, there was an unquestionable majesty.

Rong Peng was immediately overjoyed and said gratefully, “Young Ji, thank you very much.”

“Mr. Rong doesn’t need to be polite, although Rong Baogang has done some intolerable things, he has been in prison after all, and has been punished, he doesn’t deserve to be murdered again!” Ji Feng said, “Besides, Su Yan and I are friends, and it’s only right to help with such matters.”

Rong Peng nodded gratefully, for Ji Feng to say this was undoubtedly to have made his position clear that he was on his side. Now, it was also time for him to take a stand.

“Since Ji Shao has said so, then words of gratitude, I won’t .....

“Knock knock knock!”

Before Rong Peng could finish his words, he was suddenly interrupted by a knock on the door, he instantly frowned slightly, “Come in!”

The door to the office was pushed open, and a girl dressed in professional attire walked in quickly, with a hint of nervousness on her face, “Chairman, those very fierce people from last time, are here again .....

Swish!

Rong Peng’s face instantly sank, “It’s Zheng Yuxiu again?!”
