

Campus Master 1081

Chapter 1081

Looking at the bland smile on Ji Feng's face and the cold look in his eyes, Hou Youde was so frightened that his body was trembling and his lips couldn't stop shivering, this thin, middle-aged man was really frightened.

In fact, Hou Youde was truly terrified to the extreme.

He had never seen such a terrifying person before, and he didn't know what he had done to make himself unable to move or speak. Moreover, this young man's methods were so poisonous that just by looking at his cold eyes, Hou Youde detailed that if he resisted again, this young man would really kill himself!

In Hou Youde's memory, since he had been in the industry for the past few years, he had never really encountered such a terrifying character.

"Say!" Rong Peng had originally sat down, and when he saw Hou Youde dazed, he instantly became angry again, fiercely got up and picked up his electric baton and struck him.

Hou Youde was so scared that he almost pissed his trousers, he didn't know where he got the strength from, as soon as he saw Rong Peng coming over, he nodded his head again and again, his mouth kept making 'uh-uh' sounds, desperately indicating to Rong Peng and Ji Feng that he reason to say.

"Slap!"

Ji Feng slapped over and hit Hou Youde's face fiercely.

"Ah...!" Hou Youde screamed miserably, the whole person directly fell to the ground on his back, being hit with stars in his eyes, quite a bit dizzy. But then, in a whirlwind, he snapped and subconsciously touched his throat.

"Ah~~ah~~"

Hou Youde couldn't help but rejoice at once, he could actually speak again?

But remembering his situation, he was frightened again and sat up in a panic, looking at Ji Feng and Rong Peng in a panic, saying repeatedly, "I'll tell, I'll tell you all, I'll tell you whatever you ask me."

"Okay then, let me ask you, who actually sent you here?" Ji Feng asked in a cold voice, "You can not tell the truth, but I have ways to make you tell me everything, if you don't believe me, you can try!"

"I don't dare, I don't dare!" Hou Youde said in a panic, he was really scared by Ji Feng, this young man don't look aloof, the whole person is masculine and handsome, but if he wants to launch a ruthless, that kind of ruthlessness, simply can make people want to die, Hou Youde has just learned.

"Hmm!"

Ji Feng nodded his head and coldly snorted, "Say it!"

“Little Feng .....” Rong Peng next to me touched Ji Feng’s arm and said in a hateful voice: “Why waste words with this kind of person, just use the method you just used to confuse him and then ask him, that way there is no fear of him lying. Wouldn’t it be better?”

Ji Feng’s method was so effective that Rong Peng thought of applying it to this Hou Youde, the tragic death of several bodyguards really made him hate him to the core.

However, when Hou Youde heard this, he was so frightened that his body was cold and his teeth were fighting, so there was this horrible method?

The first thing that happened to him was that he had to take a look at the two old men in front of him, and he became even more scared.

This time, Hou Youde was scared again, he said in a panic: “I will tell the truth, I will tell the truth, really, I really say .....

“All right! What howling!” Ji Feng glared, immediately Hou Youde scared hurriedly shut up, then, Ji Feng only said to Rong Peng: “Uncle Rong, using which method is not impossible, but, after all, this guy did not kill with his own hands, the crime is not yet to death, we will give him a chance, but if he does not tell the truth, then it is not too late to confuse him!”

Hou Youde was immediately scared to death, but did not dare to say much, for fear of angering Ji Feng and being killed by him.

“..... This is okay, right? Ask away.” Rong Peng could only nod helplessly, but still looked very reluctant, yet it was not good enough to strip Ji Feng of his face, so he could only agree.

Only then did Ji Feng look at Hou Youde and said indifferently, “Hou Youde, you heard all my questions just now, right? Say it, who actually sent you guys here!”

“This, this big brother, my little brother, my little brother just joined the industry just a few years, before is honest peasant origin, this time is also ghostly to come here to do bad things, really, you do not .....  
“Hou Youde words have not finished, then saw the cold light in Ji Feng’s eyes He was so frightened that he swallowed the words that followed into his stomach.

“I see that you don’t want to get well!” Ji Feng said coldly.

“No no no .....” Hou Youde hurriedly waved his hands and said in a panic: “Big brother, big brother I said, but ..... but I don’t know exactly who made us to come ah!”

“Little Feng, this beast is not honest, beaten to death and thrown out!” Rong Peng said in a cold voice.

“I really don’t know who sent us here. If I lie to you, I will be beaten to death by lightning!” Hou Youde was so anxious that he almost cried out, “The ones looking for me are two people, a man and a woman, both young men, but I don’t know either of them ah, nor do I know what their names are .....”

Ji Feng frowned slightly: “Do not know?”

“It’s true, big brother, even if you give me ten more guts, I wouldn’t dare to lie to you.” Hou Youde said in a panic: “They were calling to ask me to meet, and then gave me a stack of information, and also gave

a deposit of one million in advance, so that I could take care of all the people on the information ..... according to their instructions .....

“How to deal with it?!” Ji Feng asked in a cold voice.

“That is, that is .....” Hou Youde carefully glanced at Rong Peng, and hurriedly averted his gaze in fear.

“Anxious to die?” Ji Feng asked.

“Nope! No!”

Hou Youde was so scared that he swallowed his saliva, “Big brother, I, I don’t dare to say it .....”

“Humph!” Ji Feng sneered, “You’ve done it all, say actually still dare not? Less nonsense, quickly say how to deal with it!”

“It is ..... to find a way to teach the Rong family a lesson, to deal with all the people of the Rong family ..... but to, to keep Rong Peng’s life, must. If necessary, it can be done to his wife and daughter .....” Hou Youde’s face was pale when he said this, obviously he realized what the consequences would be after saying this.

Bang!

As expected, before Hou Youde had finished his words, Rong Peng could no longer hold back the anger in his heart, he stood up violently, raised his hand and smashed the baton over, while letting out a violent shout!

“Bastard!”

The baton smashed into Hou Youde’s body, but he didn’t dare to say a word, he didn’t even dare to scream, he just took it, yet he was in a lot of pain.

“Who is it! Who told you to do this?!” Rong Peng asked with a roar.

Hou Youde said with a bitter face, “Big brother, I really don’t know, I don’t know them either, I really don’t .....”

“Then what?” Ji Feng asked in a deep voice.

“Then ..... after the matter was completed, those two people promised to pay another five million and could arrange for us to leave Southern Guangdong, or even leave China .....” Hou Youde said cautiously. “I took a look at their offer so generous, a handful is a million, that five million can certainly not be reneged on ..... so I just .....”

“So you agreed, right?!” Ji Feng sneered, “I think you’re really impatient to live.”

“Big, big brother, we just eat this line of work ah, except this, we will not do anything else, you must have mercy ah!” Hou Youde immediately sensed the murderous intent in Ji Feng’s words, he was instantly terrified and hurriedly begged for mercy.

“So, how come this beast is also with you guys?” Ji Feng pointed at Tension Qin, who was also beaten beyond recognition, and asked.

“This, this is our old fourth, he, he deals with women most .....”

Ji Feng’s expression grew colder and colder, staring coldly at Hou Youde for a long time, straight to Hou Youde’s liver, before he slowly asked, “Where are the materials those people gave you? Also, do you still remember what they looked like?”

“..... Those materials were in the car.” Hou Youde was all scared to the point of being in a bit of a trance, at this time, where he had any semblance of a boss, he was simply a downed dog, and a downed dog with its hair removed, every time Ji Feng opened his mouth, he would be scared to the point that his heart would jump wildly a few times and his body would tremble.

“What about those two people, do you still remember?” Ji Feng asked.

“I only remember the female, she had long hair, some red hair, and was about one meter six and a half .....” Hou Youde immediately described the woman’s appearance.

Ji Feng just quietly listened, but in his mind, he was constantly sketching the woman’s appearance along with Hou Youde’s narrative.

Gradually, the general appearance of this woman took shape in Ji Feng’s mind, but .....

Ji Feng was slightly shaking his head, Hou Youde’s description was already considered very careful, but it was still a bit general, there were just too many women with long hair and that kind of head.

“That’s right!” Hou Youde was saying when he suddenly remembered something, “On the left side of that man’s nose, there is a black mole that is not too big!”

Ji Feng instantly glared at Hou Youde and simply wanted to slap the bastard to death. He was sketching the woman’s appearance, when this bastard called out this time, he directly interrupted Ji Feng’s thoughts, and now he had to reconstruct his ideas.

However, just at this moment, the white spider who had not spoken up suddenly asked, “The man you mentioned, is he around thirty years old, with short hair and thick and short eyebrows? And also wearing glasses?!”

“Yes!” Hou Youde nodded, “He was wearing dark glasses, and the rest was the same as what you said, big sister .....”

Rong Peng immediately asked, “Miss Bai, do you know who this beast is talking about?”

“If I remember correctly, I should have seen this person!” White Spider nodded, “And you’ve seen it too, Mr. Rong, and so has young Ji .....”

Chapter 1082

“Miss Bai, the person you’re talking about, who exactly is that?!” Rong Peng immediately gritted his teeth and asked.

White spider actually met that hidden behind-the-scenes person, which let Rong Peng heart more than one expectation, their whole family almost by the other side’s despicable means to the victim, this

revenge, can not not not fear not deep, but if even the opponent is who do not know, that is really have revenge do not know to find who to revenge!

Ji Feng waved his hand and said, "Uncle Rong, this thing this thing we will talk about later, the police are about to arrive, let's prepare first."

Ji Feng had already heard the sound of sirens coming from the distance, and apparently there was more than one police car, it should be a convoy, it must be coming this way. Before this Rong Suyan had already called the police, counting the time, the police should have arrived too.

"What about this person? Should we ....." Rong Peng looked grim as he swept a glance at Hou Youde on the ground and made a neck-wiping motion, that meant, obviously, to finish Hou Youde off.

"Don't, don't ah! I shouldn't have taken this order for money, you mustn't ....." Hou Youde was trembling with fear, "Besides, the police will be here soon, you guys, if you kill me, it won't be easy to explain... .."

"Humph!"

Rong Peng said coldly, "Killing you can be completely said to be self-defence, I just don't believe that I, Rong Peng, can't even settle this matter?"

Hou Youde was terrified, "Mr. Rong, Mr. Rong, I know I was wrong, please don't be merciful, I beg you ....."

"Uncle Rong, wait for the police to come, at this juncture, don't make any more trouble." Ji Feng said.

Hou Youde immediately looked at Rong Peng with blearily eyes, afraid that he would insist on doing away with himself, if that were the case, this would be a real death sentence. The influence of Rong Peng in Yuezhou, Hou Youde naturally also heard of it, if it wasn't because the money given by that man and woman was too much, Hou Youde would definitely not dare to take this order!

Rong Peng's face was cloudy, and only after a long time did he let out a long sigh and said angrily, "This is really a tiger being bullied by a dog in a flat sun, look, just such a dog-like thing, how dare it bully me like this!"

Ji Feng couldn't help but shake his head, patted his shoulder and said, "Uncle Rong, don't worry, it will definitely get better in the future, for sure!"

Only then did Rong Peng nodded, looked at Hou Youde and couldn't help but curse, "Hou Youde ....., you still have virtue? You're just sorry your father gave you this name!"

He snorted coldly before he turned around and went to comfort his wife and daughter.

Ji Feng observed the environment and the scene and found nothing wrong, and then, his gaze fell on Tension Qin's body, and his gaze suddenly went cold again.

He immediately went forward and slapped each of the four men on the head of Tension Qin hard.

When he slapped Hou Youde, this thin monkey-like man, almost did not paralyze in fear on the ground, looking at Ji Feng straight frown, just so little courage, actually still the boss of this gang, and also dare to take such a single against the Rong family .....

Looking at these four guys, Ji Feng couldn't help but give a secret cold hum. If according to his true thoughts, he really wanted to settle all four of these bastards at once.

However, considering that this is a critical period for Rongpeng, once he is caught in the pain by Zheng Yuxiu and the Wu family, Rongpeng will have to be completely passive by then. Therefore, it was not the best option to finish off Hou Youde and the police would be the most sensible one.

However, although the four Hou Youde are now saving their lives, but, Ji Feng is leaving a bio-current in their bodies, just no one knows it .....

The first thing you need to do is to get a good idea of what you're doing. What happened afterwards was actually a violation of the law.

Although Hou Youde and the others were really not worthy of death, but after all, we can't let the truth be known, so it is necessary to prepare a good speech.

The two of them discussed a little, then Rong Peng said, "Little Feng, this matter will be done according to our discussion, you do not need to worry about anything else, although I Rong Peng has now fallen into disgrace, but such a situation, but still able to cope with it."

Ji Feng then nodded his head and said, "Then I'll leave everything to Uncle Rong!"

Not long after, the police arrived, and when they saw the situation at the scene, these police officers were shocked.

The policeman at the head seemed to be very familiar with Rong Peng, and Ji Feng and the white spider didn't say anything, they just let Rong Peng deal with those policemen.

The death of four people is not a small matter, those police officers attach great importance to it, but seeing how seriously the three Tension Qin were injured, they could only send them to the hospital first, only to take away the skinny monkey boss Hou Youde.

At the same time, Rong Peng also followed to make a statement, and Ji Feng followed along with the white spider, because Hou Youde reported on the spot that it was Ji Feng who had beaten them up!

"He's tired of living!" Rong Peng laughed coldly.

This beast was really ..... scared to death just now, but now he was baring his teeth again.

Ji Feng, however, smiled lightly, "It's alright, he doesn't have many days left ....."

"What?" Rong Peng was slightly stunned.

Ji Feng laughed: "Nothing, by the way Uncle Rong, since Hou Youde has already involved me and the White Spider, then just leave it mainly to the White Spider later."

"That way ....." Rong Peng was a bit hesitant, it was more or less bad to leave this matter to a girl to carry.

A policeman next to them looked at them and whispered, "Mr. Rong, you may be suspected of collusion in this way, it's better not to say anything!"

Rong Peng also did not rely on his identity to say anything, just nodded, but still some do not understand Ji Feng's behavior, no matter how to say, this is also a serious criminal case, how can a girl to carry it, if Ji Feng to come forward, with his identity, then certainly will not have anything .....

The actual fact is that you can find a lot of people who are not able to get a lot of information on the subject.

The first thing you need to do is to get a good idea of what you are getting into.

The statement was not complicated, just a recounting of what happened, and then the police asked a few key questions, and after answering them all, it was over.

"Mr. Rong, you can't leave yet!" The policeman in charge said.

Because the nature of this case was too serious, especially because Hou Youde had also suffered a lot of injuries, so this matter could not be just let go, and the policeman who knew Rong Peng well could not be so obvious even if he wanted to show favouritism.

"How so?" Rong Peng frowned slightly: "Is this matter still not clear? We were acting in self-defense, those bastards were intruders, they came up and killed a few of my bodyguards before we combined our efforts to restrain them ..... Is there anything in between that is not clear?"

"Mr. Rong, the process you have described is more or less different from what the suspects have confessed about what happened!" The policeman at the head of the group could not help but glance at Ji Feng as he spoke, before saying, "This is Mr. Ji, right, the only suspect who was not injured confessed that you not only instigated Mr. Rong to assault him, but you yourself also beat him with special means, is that right?"

Ji Feng smiled and glanced at the white spider.

"Pa!"

White Spider put his ID on the table and said indifferently, "I am his guard, I was involved in this matter from beginning to end, if there is anything, you can contact me directly."

Because White Spider's organizational ties were still with the Special Warfare Brigade of the Jiangzhou Military Region, her identification was that of the Special Warfare Brigade.

The policeman in charge took a look and knew that this matter was beyond his control, so he could only let people go first, and as for what happened later, naturally the Special Combat Brigade would have to explain to the police, and this policeman in charge would have to report it upwards. This case, in which four people died, and also involved the special forces of the Jiangzhou Military Region, had to be handled carefully.

What's more, one of the special warriors of the Jiangzhou Military Region's Special Warfare Brigade was such a beautiful woman not to mention that she was actually the young man's guard .....

The first thing you need to do is to get a good idea of what this means.

Therefore, the police officer in charge had to discuss with the leaders above before deciding whether to ask the special warfare brigade .....

And at this time, Rong Peng, also finally dawned on him. No wonder Ji Feng said to just leave it to the white spider, it turned out that this girl, who looked so pretty and unbelievable, actually had this special identity.

He couldn't help but look at Ji Feng in amazement, but thinking back he was relieved, as Ji Feng was the son of the Ji family, the guards around him were naturally of extraordinary status, even if he used the guards of the CPS, that was only natural!

But in reality, Rong Peng did not know that even the white spider, a soldier of the special combat brigade, was actually not sent to him from above, but he managed to get it from that stingy fellow Xiang Yongzhan.

These policemen had already given face to Rong Peng, and now with the documents issued by the White Spider, they naturally sent Rong Peng and the others back with great pleasure.

The police officer in charge personally sent them back.

It was because of this that Ji Feng heard about the origin of Hou Youde's gang of four through the mouth of the policeman.

It turned out that Hou Youde's previous statement that he was just an honest farmer was really reliable. However, it was true that this guy was originally a farmer, but to say that he was an honest man was something that no one believed.

#### Chapter 1083

"This Hou Youde, has been on record at the police station for a long time. This man was originally a farmer, but because he was not honest in the village and his hands and feet were not clean, he could not stay any longer, so he came to the city to work." The policeman in charge said, "Because this guy had a good mouth, he did a good job on the construction site, and it was at that time that he met the two thugs who were originally following the boss of the engineering company."

"It was those two burly men?" Rong Peng asked, frowning.

"That's right, it's them." The policeman in charge nodded and said, "The three started doing some illegal activities, and that was when they came into the police's attention, but because those two men under Hou Youde were quite powerful and did things cleanly, basically leaving little evidence, that's why they weren't arrested."

"Later on, they met Tension Qin, and the four of them formed a gang, and they made a name for themselves on the roads of Yuezhou!" The police officer in charge said, "They are similar to temporary workers, whoever pays, they will help whoever works, in fact, there are quite a few cases related to them, but there is just no evidence ....."

"Now there's finally evidence!" Rong Peng couldn't help but snort coldly and said in an unkind tone, "This gang killed a few of my bodyguards, you guys have finally taken credit for it, right?"

The policeman in charge smiled awkwardly and said, "Mr. Rong, it's difficult for us as policemen too, so please understand more."

Rong Peng then grunted twice and stopped talking.

It was true that it was difficult to be a police officer. The top level of the police had to manoeuvre between the major forces, while the police officers at the bottom could only turn a blind eye to some cases due to the energy of certain people.

However, this can never be used as an excuse to avoid their responsibilities!

Since they have put on this uniform, they must first be able to stand up to their conscience, and then they must also stand up to the uniform!

Just .....

I'm afraid it's hard to see a police officer who can really do that nowadays!

.....

Because the Rong family now can no longer live, at least until it has been cleaned up, this ground is littered with blood, that certainly can not be lived in. So, Rong Peng also had to take his wife and daughter and move to a hotel owned by the Rong Peng Group and live there temporarily.

Of course, before he left, he took a safe in the villa, with him, all his documents and some important papers, were in this safe .....

When everything was settled, Rong Peng first arranged for his wife and daughter to go and rest, and only after that he couldn't wait to find the white spider.

"White girl, the man you said was around thirty years old, the beast that is going to deal with my whole family, who exactly is that?!" Rong Peng asked in a low voice, "Since Miss Bai has seen this beast, then I guess he must be someone who has come from something too?"

Ji Feng also looked at Bai Spider, earlier in Rong Peng's villa, Bai Spider said that she had seen that man and said that she had seen him too, which made him feel very strange too. Because in Ji Feng's impression, he didn't seem to have seen such a man, especially when he was sure he didn't remember wrong .....

This is a bit strange!

"White spider, the man you're talking about, when have I seen it before?" Ji Feng asked, puzzled.

White Spider said, "Young Ji, if I remember correctly, we met that man just yesterday morning, right in Mr. Rong's office."

"What?" Rong Peng was instantly shocked.

Ji Feng was also slightly stunned, "In Uncle Rong's office? White Spider, are you sure you're not remembering wrong?"

They were all very clear about what exactly this statement from the white spider meant. Once what White Spider said was true, it meant that the one who had spent money to ask Hou Youde to deal with the Rong family was most likely ..... Zheng Yuxiu!

The reason is that yesterday morning in Rong Peng's office, in addition to Rong Peng father and daughter, there is only a female receptionist, as well as the people brought by Zheng Yuxiu, in addition to these people, no longer see anyone in and out of Rong Peng's office.

At least, Ji Feng did not see it.

"Young Ji, among the people that lady brought at that time, there was a person whose facial features were almost no different from what Hou Youde described." White Spider said, "It was a bodyguard who was standing behind that lady!"

"Bodyguard ....." Ji Feng pondered for a long time before frowning and saying, "That's not right, Hou Youde once said that the two people who met with him at that time were a man and a woman, but according to his description of the woman's height and appearance, there was a big difference between her and Zheng But according to his description of the woman's height and appearance, there was a big difference between her and Zheng Yuxiu.

"Young Ji, don't forget, when Zheng Yuxiu came here, he still had a female assistant with him!" Rong Peng's eyes, flickering with thick anger, he immediately took out his phone, dialed a number and ordered, "This is Rong Peng, immediately send me the surveillance video from the headquarters lobby ....."

He quickly stated the address and instructed in a deep voice, "Be quick!"

After closing the line, Rong Peng's face became extremely gloomy, just gritting his teeth and grunting coldly, "Zheng Yuxiu ..... Zheng Yuxiu ....."

Ji Feng, however, frowned slightly and carefully recalled the situation yesterday morning, but after thinking about it for half a day, he could not come up with a reason. Because in his impression, yesterday morning his attention was only on Zheng Yuxiu's body, for the people behind her, Ji Feng also just a glance swept, after finding nothing unusual, he did not pay too much attention.

What's more, yesterday Zheng Yuxiu was too arrogant, the kind of rampant that is simply unbeatable, completely attracting Ji Feng's attention, so that he did not take into account the situation of other people.

Ji Feng couldn't help but secretly shake his head, as the saying goes, a hundred secrets and one oversight, even the most powerful people will have times of negligence ah.

It was because he was usually too confident that he had made such an oversight. If the man and woman who went to look for Hou Youde were really the ones who followed Zheng Yuxiu, as the white spider had said, then for Ji Feng, this matter would definitely be a lesson!

"In the future, no matter where you go or what kind of environment you're in, you can't let your guard down!" Ji Feng secretly said to himself, "Otherwise, this time it might just be a little negligence, but next time, it might be a big mistake that will kill you, or even cause irreparable and serious consequences!"

When he thought about it carefully, Ji Feng was horrified.

He found that he didn't know when he had actually become a bit motherly. If he had taken down the old man directly after he realized that something was wrong yesterday morning, then things would have become much simpler, and there would not have been the bad consequences of Rong Peng's bodyguard being killed.

More importantly, in this matter, Ji Feng found that he had made too many oversights and ..... too many concerns.

Just because this is Yuezhou, the backyard of the Wu family, that's why Ji Feng was all careful and tried not to let his mistakes fall into the hands of the Wu family, so he became fearful in doing things .....

Even if you make a few mistakes, what can that be?

Bang!

Ji Feng slammed his thighs and coldly snorted, "If this matter was really done by Zheng Yuxiu, then she won't be able to live in peace!"

After realizing his mistake, Ji Feng's mentality, began to shift.

You can't be so conservative and cautious anymore, since it's a struggle, you always have to throw heavy punches to hurt and scare your opponents, in order to make them not dare to bother you anymore, otherwise, what awaits you will be endless trouble, they will come out and bounce around a few times from time to time, although they can't cause you any big damage, but they can make you distracted!

If you want to avoid such an unbearable situation, the best way is to just slap them to death!

At this moment, Ji Feng started to become murderous .....

"Young Ji, if it's really Zheng Yuxiu who did this, then I hope that I will personally take revenge for this!" Rong Peng said, "But, I also hope that Ji Shao can give me help!"

From 'Little Feng' to 'Ji Shao', Rong Peng's address to Ji Feng changed, which meant that he was very serious about talking to Ji Feng, or rather, he was asking Ji Feng to assist him and could give him this chance to take revenge personally!

Ji Feng nodded his head and said, "Uncle Rong, don't worry, there will definitely be this day, but before that, we always need to collect some interest first!"

To seek revenge on Zheng Yuxiu was easier said than done, but it would be a bit difficult to do. After all, Zheng Yuxiu's status was there, so naturally she could not just be moved, and even if Ji Feng was the eldest grandson of the Ji family, there were still some implications to consider.

However, not moving her now does not mean that she will be allowed to be so wild. At least, this time, if it was really Zheng Yuxiu who instructed Hou Youde and the others to come against the Rong family, then Zheng Yuxiu would definitely have to pay for it!

Even though Hou Youde and the others wanted to deal with the Rong family, not Ji Feng, but this is something that Ji Feng really had to take care of.

As the saying goes, the enemy of an enemy is a friend, and this time is the same, to be able to catch her Zheng Yuxiu's pain, naturally we must make good use of it, not to mention that doing so can also make Rong Peng more return to his heart .....

About ten minutes later, Rong Peng's mobile phone suddenly rang, he answered the phone and said a few words, and then closed the line: "Xiao Feng, Miss Bai, you guys rest first, now there is still some time before dawn!"

"Is the video arriving?" Ji Feng asked.

Rong Peng nodded and said, "That's right, the duty manager of the group's security department sent the video, I'm going to go to the police station again and have that Hou Youde identify ....."

"I'll go with you!" Ji Feng deliberated slightly and said, "It's not even dawn yet, it's safer to go together!"

Rong Peng waved his hand and said, "Little Feng, you hurry up and rest, I'll just go with the security guard."

Saying that, he couldn't wait and hurriedly opened the door and went out. In fact, Rong Peng really couldn't wait, he really wanted to know right away whether the person behind Hou Youde was related to Zheng Yuxiu or not.

This relative of his is really hard to find even with a lantern .....

#### Chapter 1084

When the sky in the east was white with fish belly, Ji Feng also woke up from his sleep habitually. When he finished washing up, he saw that Rong Peng was already sitting on the living room sofa in the suite, his eyes were full of blood, but his eyes were full of hatred.

His whole body sat motionless in the sofa, as if he was frozen in place.

"Uncle Rong, when did you come back?" Ji Feng walked over and sat down on the sofa next to him.

"Just came back not long ago ....." Rong Peng then let out a long breath, moved his body slightly, and smiled mockingly: "I really didn't expect that I, Rong Peng, had really mixed up to this point."

Ji Feng asked at once: "So, it's really Zheng Yuxiu?"

"I don't know!" Rong Peng shook his head slightly and casually took out a PDA from his bag and pulled out a few photos before handing them over to Ji Feng, "Little Feng, take a look at it."

Ji Feng took them with some confusion, he looked down and saw that the photos on this PDA seemed to be screenshots of the surveillance video, although they were taken from a higher distance, you could still see clearly that the person in the video was indeed Zheng Yuxiu, this was the scene where she walked in with her people.

This was followed by several other screenshots, again all of which were images of Zheng Yuxiu and her group taken from different angles, and they all looked very clear as well.

Ji Feng immediately looked carefully and immediately found that the few people who were following behind Zheng Yuxiu, one of the men, was exactly as Hou Youde had described, with a black mole next to his nose and thick eyebrows ..... all the same features, and he was also \*\*\*\*\*!

“Uncle Rong, this is the footage from the surveillance video yesterday at Rong Peng Group headquarters?” Ji Feng looked up and asked.

Rong Peng nodded: “I gave these screenshots to the police, and they went to interrogate Hou Youde, guess what Hou Youde said?”

“What did he say?” Ji Feng asked.

“He said that the man and woman who went to look for him were indeed the two people in this image, and the man was so obvious that you should be able to tell right away.” Rong Peng said, “And the other woman ..... look at the woman behind Zheng Yuxiu!”

“The woman who was looking for Hou Youde, that’s her? Is it this assistant of Zheng Yuxiu?” Ji Feng asked, frowning.

Rong Peng nodded and said, “At least, that’s what Hou Youde said, in addition to Zheng Yuxiu and that assistant of hers in this image, there are also several receptionists in the lobby of our group, but Hou Youde recognized at once that the woman who was looking for him was the one behind Zheng Yuxiu ..... ”

“So, it was really Zheng Yuxiu who did it?” Ji Feng’s brow was furrowed.

“Humph!” Rong Peng couldn’t help but sneer, “I should have thought long ago that this woman is not only arrogant and unbeatable, but also has a vicious and incomparable snake heart.”

Ji Feng pondered for a long time, put the PDA in his hand on the coffee table and said, “Uncle Rong, just leave this matter to me for now! Although I’m afraid I can’t slap Zheng Yuxiu to death in one go this time, it’s still possible to make her shed her skin.”

Since this matter had already involved Zheng Yuxiu, it would take a lot of effort for her to get rid of it, and it was definitely not that easy.

There was only one reason, Ji Feng only needed one reason and it would be enough to make Zheng Yuxiu anxious about it, and I’m afraid that even the Wu family would have to be put in a passive position, unless they didn’t want to save Zheng Yuxiu! But then, between the Wu and Zheng families, I’m afraid there will be a disagreement.

His reasoning was this – Ji Feng was attacked in Yuezhou for no reason, and the murderer explained that the mastermind behind the attack was actually Zheng Yuxiu’s assistant, and her bodyguard.

This alone was something Zheng Yuxiu could not explain even if she was covered in mouths, and besides, no one would listen to her explanation. The reason is that anyone with a discerning eye could see at a glance that it was Zheng Yuxiu who must have done this. Because if she didn’t give the nod, her assistant and bodyguard wouldn’t have taken the matter into their own hands!

What’s more, this matter doesn’t need any explanation at all, as long as it involves you, you can’t get rid of it that easily!

“What do I need to do?” Rong Peng immediately asked.

“Uncle Rong, since it has been found out that this matter is inextricably linked to Zheng Yuxiu, should Uncle Rong not urge the police to hurry up and enter the examination process?” Ji Feng said indifferently, “In addition, I will also take the white spider with me and report to the police again that we have suffered an attack by a killer .....

Rong Peng instantly lit up, and immediately nodded: “That’s right, that’s how it’s going to be done!”

“Tomorrow is the deadline given to you by Zheng Yuxiu, don’t you wish to see what kind of expression she will have by then?” Ji Feng asked with a smile.

“I want to see it more than anyone else.”

Rong Peng gritted his teeth and said, “I’ve been waiting to see this day since the moment Zheng Yuxiu pointed his finger at my nose and cursed!”

“So we’ll start now?” Ji Feng asked.

“Yes!”

Rong Peng slapped his thigh and said in a hateful voice, “Let’s begin!”

.....

“Ding .....

Before it was fully light, in the family compound of the Yuezhou Municipal Party Committee, Qian Hongda, a high-ranking municipal official, was sleeping soundly at home when suddenly, a shrill ringing sound woke him up from his slumber.

Qian Hongda’s eyebrows immediately wrinkled slightly, as the hand of Yuezhou, and at the same time the Standing Committee of the Provincial Party Committee of Southern Guangdong, the Deputy Secretary of the Provincial Party Committee, generally if there is no major event, few people dare to wake him up at this time, and, moreover, directly on this private phone in the bedroom .....

It is obvious that there must be something extremely important happening.

Qian Hongda immediately picked up the receiver and said, “Hello, this is Qian Hongda.”

“Secretary Qian, this is Xiao Hu .....” The person who called was Qian Hongda’s secretary Xiao Hu, and his voice seemed urgent: “Secretary, something big has happened!”

Qian Hongda’s brow immediately furrowed and he said in a deep voice: “What’s wrong? Speak slowly, the sky is not falling!”

“Secretary, the Municipal Bureau just called me, there was a murder case in a suburban villa complex last night .....” Secretary Xiao Hu hurriedly recounted the case briefly.

“Four people lost their lives?!” Qian Hongda said angrily at once, “These rampant thugs should be dealt with severely!”

“Secretary, the city bureau called to say that among those who were attacked, there was a man named Ji Feng, who claimed to be Minister Ji’s son, and he was accompanied by a soldier from the Jiangzhou Military Region Special Combat Brigade as a guard .....

Before Xiao Hu could finish his words, Qian Hongda sat up with a startled voice and asked, “Who did you say it was?!”

The old companion lying next to him was also startled, no matter how big things happened before, but never saw Qian Hongda so out of shape, obviously this time it was really something big!

As expected, Qian Hongda had just hung up the phone and hurriedly dressed.

“Old Qian, what’s wrong?” The old companion asked.

Qian Hongda, whose hair was already white, couldn’t help but shake his head and said, “This time it’s a really big deal, if it doesn’t work out ..... you should rest first!”

.....

At the same time, throughout Yuezhou, I don’t know how many important leaders, have received calls, and all of them got the same news.

— The first grandson of the eldest house of the Ji family, the grandson of Elder Ji, the son of Minister Ji Zhenhua, had been attacked and killed in Yuezhou!

This news, in just half an hour, shook the whole of Southern Guangdong!

All those who received the news could not help but be stunned beyond measure, while being shocked. The eldest grandson of the Ji family had been attacked in Yuezhou, not to mention the outcome or the cause, but this alone was enough to arouse the Ji family’s anger!

Everyone could not help but feel their scalps tingling when they thought of that powerful family in Yanjing that almost overshadowed the sky. Even the Martial Family, which they relied on, was slightly inferior to the Ji Family if they were to speak in terms of political power alone. Imagine the consequences of such a family’s wrath!

Especially the Ji family’s old man, who had faded into obscurity but had grown in prestige, if he became angry, even the Wu family would have to retreat!

In a flash, the whole of Yuezhou was shaken, and even the top echelons of the province were alarmed and were paying close attention to the matter.

And because of this, the phones of the main leading cadres in Yuezhou were almost bursting at the seams!

A few of the main leaders, are quickly rushing to the city bureau, heart in the rapid deliberations, how to deal with, this matter can be said to be a hot potato, who will not be good to take, but not to take and can not .....

About an hour before this, he had only ended his call with his father.

There were some things he could do, but he couldn't do them alone, otherwise the great opportunity that might have been created might have been missed for nothing like that.

In fact, originally, Ji Feng intended to leave this matter so gently uncovered, because he knew that this matter was directed at Rong Peng. However, now is different, the mastermind behind this matter, is actually Zheng Yuxiu, this is really ..... dozing off to send pillow ah!

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

The only thing that you have to do is to tightly grasp this handle and chase after it, and Zheng Yuxiu will have trouble that can't be erased, and the Zheng family, the Wu family, will all have a headache.

Therefore, before Ji Feng and Rong Peng came to the police station to officially report the case, he first sought his father's permission before he came to the police station once again, shaking the entire police station with the identity of a victim.

And then, the news spread throughout the entire officialdom of Yuezhou in a very short period of time with great speed.

Now all he needed to do was to wait for the Yuezhou City Bureau to investigate the case in the most impartial manner and according to the evidence he and Rong Peng had provided, in accordance with the law.

That would be enough!

#### Chapter 1085

Ji Feng wasn't an important person, if he wasn't Elder Ji's grandson or Ji Zhenhua's son, then he wasn't anything!

And because of this, Ji Feng did not intend to put up much of a show at all. In fact, he was originally just a student, a commoner. That was his true identity, nothing more.

However, when a commoner was attacked and killed by a killer, especially if the killer was sent by Zheng Yuxiu, it would not be worth taking seriously in the eyes of the officials in Yuezhou.

A normal case is just a few more lives, so let the police investigate it slowly and give Ji Feng an explanation when they find out. If you can't find out, then let Ji Feng wait, there is always a process to handle the case!

The final result can be figured out even with the heels of the feet if the Zheng family is involved.

Therefore, Ji Feng had to bring out the identity of the old man and his father, to let certain people in Yuezhou know that the person who committed the crime was not an ordinary person, it was the fiancée of Wu Zhihe, the second son of the Wu family, and must be taken seriously. However, the identity of the person who was attacked and killed was likewise not that simple!

In this way, certain people in Yuezhou who want to take sides, who want to distort the facts, or who want to make a big deal out of a small one, will need to think long and hard about it.

Before they do so, they will first consider whether what they do will fall into the hands of the people, and once they are caught in the act, the consequences may not be something they can afford. If they are caught in the act, they may not be able to bear the consequences. They may have their caps removed, or they may even be held legally liable!

The Ji family is not that easy to bully, especially since Ji Feng still has some evidence in his hands, which makes it even more important to be careful.

Therefore, handling the case according to the law became an inevitable choice for certain people. They had to do it even if they were unwilling to do so, otherwise, someone else would take their place.

If you don't do it, or if you can't do it well, then don't stand in a thatched pit without shitting, give up your position and let someone who can handle this matter sit!

This, is the result Ji Feng wants.

As long as certain people in Yuezhou can act according to the law, then for Ji Feng, that is the best result. Zheng Yuxiu, on the other hand, would definitely be deep in this quagmire and would not be able to get out of it.

Secondly, Ji Feng raised the identity of the old man and his father, there is another intention, that is to let the people above know that the Zheng family and the Wu family stink not to mention that they even used such despicable means against the children of the Ji family, this is bullying too much!

Of course, the words, that was still for the old man and his father to say.

The Zheng family had to give an explanation for doing such a thing, otherwise, it would be too much to put the Ji family in the eyes!

How they operate from above and what kind of statement they can give depends on how the trial is conducted below and how deeply this case is entangled with Zheng Yuxiu.

If it could be found out that Zheng Yuxiu did have a great deal to do with this matter, then the Zheng family would not be able to put this matter to rest without some bloodshed this time. However, even if it is found that Zheng Yuxiu is not very deeply involved in this matter, as long as there is a slight connection, the Ji family will definitely hold on to it.

Therefore, the deeper the investigation goes in Yuezhou, the more obvious the advantage the Ji family has on top, and it can even bring the Wu family along with it.

Therefore, there is a deep connection between the Guangdong side and the operation of the Yanjing top brass. The results of the investigation in Yuezhou will directly affect the operation of the Yanjing side.

The big name of the Ji family can guarantee the impartiality of the case in Yuezhou, while at the same time, the outcome of the investigation of the case by the police in Yuezhou is also influencing the game at the top. In other words, Yanjing and Yuezhou have now become two places where they are both involved and influenced by each other.

The first and most important thing to look at now is what the Guangdong police will find out!

Ji Feng brought out the identity of the old man and his father, and it was precisely this point that he had in mind.

“Uncle Rong, you took the screenshot of the video to the police this morning and asked Hou Youde to identify it, did this process pass a formal interrogation?” Ji Feng asked in a low voice.

Rong Peng nodded slightly and said, “That’s right, it went through a normal interrogation, that captain is a friend of mine, I had previously considered not to give others any leverage, so I let him go through the normal process of interrogation, he just revealed some of the interrogation results to me.”

“Mm!” Ji Feng nodded, “It’s good that it’s normal procedure. ....”

If it was normal procedure, then the police had a record of it, which meant that from that time in the morning, the case had already been linked to Zheng Yuxiu, and next even if some people wanted to change the tone, it was absolutely impossible.

“But ....” Rong Peng hesitated for a moment before saying, “That captain asked me where I got this screenshot from after revealing the results of the interrogation to me, but, I didn’t tell him ..... only just now when I was making the statement again.”

“Uncle Rong, well done!” Ji Feng said in a low voice.

Before Rong Peng did not tell anyone about the origin of that screenshot, the police would not have thought of Zheng Yuxiu for a while, and Zheng Yuxiu would not have been on guard. Now that the news had spread, it was too late for Zheng Yuxiu to make any moves. The Guangdong police had already sent someone to arrest Zheng Yuxiu’s female assistant and her bodyguard.

Rong Peng, however, waved his hand with a smile and said, “It can’t be helped, now that I’m in such a downward spiral, I can only habitually keep a hand on me, otherwise, when the time comes, once people flip out with me, I won’t be too passive.”

Ji Feng could not help but nod, Rong Peng’s words he could understand, because before this the duo was not thinking about going through the police for Zheng Yuxiu, they just needed to know, spend money to hire Hou Youde four people is actually who, also enough.

But it did not occur to them that the man and woman were really people around Zheng Yuxiu, so the matter had nothing to do with Zheng Yuxiu.

The company’s main business is to provide a wide range of products and services to the public.

But then Ji Feng suddenly revealed his identity and wanted to take the legal route, which caught Rong Peng a little off guard, but made his previous concealment from the police, seem necessary.

So this coincidence gave Ji Feng and Rong Peng a big advantage at once.

“Now that the police have sent someone to bring people in, I want to see just how much more rampant Zheng Yuxiu can be!” Rong Peng snorted coldly, and his original irritated and depressed mood was relieved a little. This time Ji Feng has stepped in, that Zheng Yuxiu’s trouble, will not be small!

Thinking about when Zheng Yuxiu first called to reprimand himself, and later pointed at his nose and scolded him, that unbearable arrogance, Rong Peng could not help but shake his head slightly.

“This person na, when you are disillusioned you cannot sink, you have to believe that things will turn around, as long as you are willing to try and work hard for it!” Seeing Zheng Yuxiu go from being unbeatable to being in trouble now, and then seeing himself go from his original glory, to his humiliating downfall, to the turnaround that has occurred today, Rong Peng could not help but feel a lot of emotions in his heart.

“And when you are proud, you must not be complacent and forgetful, or else you might plant your heels ..... at some point.”

If Zheng Yuxiu’s heart was not too ruthless, too much did not put Rong Peng in the eyes, she would never have done such a thing, naturally, there would not be much trouble, then even if Ji Feng intervened, that one-fifth of the equity, I’m afraid it would be very difficult to fight for.

But now .....

Rong Peng shook his head and snorted, Zheng Yuxiu even if he wanted to give away another fifth of the equity, I’m afraid Ji Feng would not even stop, right?

“Lesson learned ah .....”

.....

In Yuezhou, a villa area, a luxurious villa, a servant heard the sound of a car honking, he hurriedly ran over to open the gate, soon, a red luxury sports car and a black Mercedes sedan, one after the other, entered the villa.

The two cars were parked in the courtyard and the servant immediately ran over and opened the door of the sports car. A fashionable woman, dressed extremely flamboyantly with sunglasses, got down from the sports car, took off her sunglasses and gave the servant an appreciative look before pointing to the black car behind her.

This woman was no other than Zheng Yuxiu, who had returned from shopping.

The sedan that followed behind her was her bodyguard, and her assistant, which was actually equivalent to being her servant.

Seeing that there are still two days left for her to take back the Rongpeng Group, she relaxed completely, so she went around, shopping and enjoying the petty life .....

In fact, it’s not that she hasn’t been shopping before, but the problem is that this is Yuezhou, the place where Rong Suyan grew up. When Rong Suyan was the eldest Miss of the Rong family, she might have gone shopping and enjoyed life when she had the time.

Zheng Yuxiu, on the other hand, felt that she was definitely not inferior to Rong Suyan, so she also planned to go shopping in the attractions of Yuezhou, the main street .....

This time, it is the same.

Yesterday, after giving Rong Peng an ultimatum, Zheng Yuxiu spoke to Wu Zhiyong on the phone again, and after that, after she made simple arrangements for her men, she drove out and had a good day out.

Last night, she even played the role of a young lady, pretending to be innocent and attracting men in the bar.

And when those 'ungrateful' men came up to talk to her or make a move, they would be beaten up by Zheng Yuxiu's bodyguards.

That feeling is really good!

Zheng Yuxiu had found the feeling of being a lady who could do whatever she wanted, so her sense of urgency to get the Rong Peng Group was even stronger.

But she didn't know that huge trouble was coming .....

Chapter 1086

"You two, come here."

Zheng Yuxiu looked elegant as she lay on the sofa, blowing cold air and eating grapes in her mouth, and waved her hand slightly to call her assistant and bodyguard over.

"Second Miss, may I ask what you want?" A man and a woman walked over quickly.

"Pfft!"

Zheng Yuxiu spat out the grape skins, that slender eyebrow raised, and asked, "Has there been any result on the matter given to you guys?"

"Second Miss, there are no results yet, the news has not yet come back ....." the female assistant said, with a very respectful demeanor, "Second Miss, don't worry, the person we are looking for, is on the road in Yuezhou Although it is only a small name, but they have never failed to do anything!"

"Yes, Second Miss, this team of Skinny Monkey and the others, they are very tough, to deal with Rong ....." Before the male bodyguard could finish his words, he saw Zheng Yuxiu's brow frown slightly.

"Rong what? What Rong or not Rong!" Zheng Yuxiu's face instantly sank, "Remember, be careful what you say in the future, don't mention what you shouldn't mention, got it?"

"Yes, Second Miss, we remember." The two hurriedly said.

"Well, go, if there is any news over there, come and tell me in time, got it?" Zheng Yuxiu made an effort to put on a majestic look, trying to look more like a high and mighty superior who was not angry.

"Yes!" The two hurriedly responded.

Looking at their respectful and somewhat cautious appearance, Zheng Yuxiu could not help but nod in satisfaction and waved his hand and said, "Go and do your work!"

Zheng Yuxiu's appearance seemed to give people an illusion – if the luxurious decoration of the villa was changed into an ancient pavilion, and the sofa was changed into an ancient bed, then the current Zheng Yuxiu was definitely not the second young lady of the villa, but like the ancient palace maiden... ..

Especially the way she was dressed, it was like nothing else!

Zheng Yuxiu was so satisfied that she took another grape candy and gently put it in her mouth, slowly tasting it. When she bit through the skin of the grape, the sweet juice flowed into her mouth, giving her a sensation of comfort all over her body!

She didn't know whether it was the deliciousness of the grapes that made her feel so good, or whether it was the respectful way the man and woman treated her as if they were their masters that made her feel so good.

It was only after a long time that Zheng Yuxiu opened her eyes slightly and gave a secret praise: "It seems that power and money are the best things in this world, power can make people afraid, make people respectful, and make people willingly serve you as a slave ..... while money, on the other hand, can let you squander it to your heart's content! "

Zheng Yuxiu leaned back on that soft sofa, blowing the cold air, and her whole body was almost about to sink into that sofa.

She stretched out, all feeling a wonderful noble aura emanating from her body, she couldn't help but feel, "This money and power if they are all concentrated in one person's hands, it's enough to make any person to bow down in front of you."

"Power I already have, the Zheng family's second young lady ..... Wu Zhihe's fiancée ....."

Zheng Yuxiu murmured softly with an intoxicated look, "The only thing I lack now is money, but I will soon have that too ..... Moreover, I can see the miserable end of Rong Suyan ..... including the entire Rong family! "

It was because of too much gold worship that Zheng Yuxiu became even more aware of how much the Rong Peng Group's equity was really worth. Then, she is even more unconvinced that Rong Peng will be willing to give up all the equity of Rong Peng Group.

Even if ..... Rongbogang was in her hands!

It was precisely for this reason that Zheng Yuxiu wanted to make sure that nothing could go wrong and that Rong Peng would have to hand over the entire equity of Rong Peng Group, so she instructed the people below her to do something ..... against the Rong family!

In her mind, she imagined the miserable appearance of the Rong family, and then imagined the kind of happy life she would have after she got the Rong Peng Group .....

"Woo wah~~ woo wah~~~!"

However, before Zheng Yuxiu could intoxicate herself for much longer, an extremely ear-piercing siren sound suddenly came from outside, instantly waking her up from that wonderful feeling, Zheng Yuxiu was furious and stood up violently.

"Bastard!" Zheng Yuxiu scolded angrily as she strode out with a grim face, "Don't you know your surname in that skin? How dare you sound the siren in front of my house ....."

As she spoke, she had already walked out of the lobby and arrived at the door of the living room.

However, when she looked clearly at the scene in the courtyard, her cursing could be said to have come to an abrupt end, and a stunned look even appeared on her face.

It turned out that several police cars had actually come straight here, and had parked in front of the main door without any permission at all, and several police officers had not even pressed the doorbell, they had simply gone over the wall and rushed in with weapons in hand .....

A few of Zheng Yuxiu's bodyguards immediately reacted and met them. Her female assistant also quickly followed, asking the reason for these wonderful coming.

At this time, however, Zheng Yuxiu turned around and went back to the living room. In her opinion, with her status, these police officers were not qualified to ask her to intervene, or at least, they should have come to see her, instead of her welcoming them herself.

However, Zheng Yuxiu waited left and right, but did not wait for those police officers, instead, she heard the sound of an argument outside.

"What are you doing?"

"Who are you to just arrest people, stop it quickly, do you know what place this is?!"

"This is ....." Zheng Yuxiu immediately heard that the person speaking was one of her bodyguards, as well as that assistant of hers, their voices were in a hurry and they appeared to be in a state of exasperation.

Zheng Yuxiu was sitting peacefully on the sofa waiting for the police to 'pay their respects', but now, she realized that something was wrong, so she immediately stood up and hurried out of the living room, only to see that the police were handcuffing her female assistant, as well as one of her bodyguards, and were escorting them outside, looking like they were about to leave the villa the main door.

"Stop!"

Zheng Yuxiu shouted and immediately walked out quickly, asking in an aggressive manner, "Where are you from, how dare you arrest people in my place?"

"This lady, we are in the middle of a case, please don't obstruct us in the execution of our duties!" A police officer said coldly.

Meanwhile, those few policemen who were escorting Zheng Yuxiu's female assistant and bodyguard didn't even look back at her for a second, they didn't know who Zheng Yuxiu was, they only knew that the order given to them by the chief was that they must arrest the suspect in the shortest possible time and conduct a surprise interrogation in order to close the case as soon as possible.

"You, you guys ....."

Zheng Yuxiu was infuriated, these stinking policemen actually dared not to put her in their eyes, it was simply against the sky!

"What crime have they committed, what gives you the right to arrest people indiscriminately?!" Zheng Yuxiu asked angrily, "Where are you policemen from?!"

“We are from the Yuezhou City Bureau, this man and woman, they are related to a murder case, we also have the exact evidence before we come to arrest them!” That policeman looked at Zheng Yuxiu’s dress and then looked at this villa, he also knew that Zheng Yuxiu was not an ordinary person, so this gave an explanation.

“Buying a murderer?!” Zheng Yuxiu’s face instantly changed, she thought of something and instantly asked, “Killed who?”

“Sorry, the case is under trial, so we can’t reveal the information for now!” The policeman said, and then, he simply turned around and went out of the gate, getting into his car and leaving in a huff.

“Buying a murder?!” Zheng Yuxiu stood on the steps of the living room door, his face could be described as changing again and again, but there was more than a hint of panic in his eyes.

In fact, how could she not know about this so-called buying and killing?

But she didn’t order them to kill anyone, she just asked them to do something to the Rong family .....

“Is Rong Peng in the middle of it?” Zheng Yuxiu suddenly moved in her heart, she was clear about Rong Peng’s energy in Yuezhou, especially now that the Rong family and the Wu family had not completely torn apart on the surface, at least outsiders did not know that the two families had separated, then, Rong Peng’s words might also work well .....

Thinking of this, Zheng Yuxiu was instantly furious, she gritted her teeth and said, “It’s really unbearable, the Rong family has really grown in ability ..... to actually dare to fight back?!”

With a hateful grunt, Zheng Yuxiu immediately turned around and went back to her room to change her clothes, after which she immediately greeted the remaining few bodyguards to follow her, and together with her, drove straight to the city bureau. Rong Peng has some power in Yuezhou, but she, Zheng Yuxiu, is also not a soft persimmon, in this Yuezhou, she can also say something!

She didn’t believe it, a small businessman could still turn the sky upside down?

However, Zheng Yuxiu did not know that she had just sent herself to the door!

The fact is that stupid people are not necessarily arrogant, but arrogant people are certainly stupid, especially in certain situations, their stupidity is undoubtedly highlighted.

.....

Guangdong City Bureau.

When several police vehicles entered the compound and several police officers escorted the man and woman out of the car, Ji Feng and Rong Peng could not help but look at each other and smile, saying at the same time, “Here we go!”

“Uncle Rong, you immediately go and urge the person in charge of the city bureau again, so that they can interrogate the results as soon as possible .....” Ji Feng said, “Remember to ask those few police officers what the situation was when they arrested the man, and whether Zheng Yuxiu said anything .....”

These circumstances are very important, and now must be scrambled to first take the initiative completely in their hands, this is the most important!

Rong Peng naturally understood these, he immediately nodded and said, "I'm going over there."

Looking at Rong Peng's back, Ji Feng stood by the window of the parlour, his hands clasped around his arms, his fingers tapping his arms gently, this was his habitual way of thinking.

"White spider, come on, let's go over there too, we must find a way to sit on the evidence of that man and woman's guilt!" Ji Feng said.

It was absolutely crucial to be able to disprove the crimes of these two people around Zheng Yuxiu.

#### Chapter 1087

This time a man and a woman were arrested, one was Zheng Yuxiu's personal assistant, in fact, to be frank, it was also her most personal servant. The other one is Zheng Yuxiu's bodyguard, although not a 24-hour personal bodyguard, but that relationship is only second to the female assistant.

It can be said that these two people have the word 'Zheng' on their heads, they are Zheng Yuxiu's people and are considered Zheng Yuxiu's right hand man!

There is no doubt about this.

Then, in order to implicate Zheng Yuxiu, just proving that this man and woman were suspect, that was not enough.

You know, these two guys can completely deny flat out that they were never involved in this matter, that Hou Youde is framing them, or they simply keep their mouths shut, as long as you can't find any evidence that they instructed Hou Youde, which would be a problem.

The reason is that this will only prove that these two guys are suspected, but they cannot be convicted of the crime.

The Zheng family and the Wu family will naturally speak from above, which will put Ji Feng in a passive position.

The first thing you should do is to make sure that you don't get involved with Zheng Yuxiu, that's not even possible!

If they can't even convict the bodyguard and the assistant, and if they don't even have any evidence, then how can they talk about pursuing them?

It's a joke!

Therefore, the most crucial thing now is to find the evidence that made the female assistant and the bodyguard instructed Hou Youde.

In this regard, Ji Feng already had a plan in mind.

He quickly walked out of the meeting room together with the white spider, and after that, they arrived at the director's office.

The director of the Guangdong City Bureau, a middle-aged man with a serious face, saw Ji Feng and Bai Spider enter, but a smile appeared on his serious face.

“Mr. Ji, Miss Bai, please have a seat!”

Bai Spider, however, opened the door and said, “Comrade Director, I request to see Hou Youde!”

“This .....” That director could not help but be stunned, and then hesitated, saying, “Miss Bai, according to the regulations, you, as the person in question, are actually not allowed to see the suspect at this time .....”

“I’m not acting as the person in question, but as a soldier of the Jiangzhou Military Region’s Special Warfare Brigade, as well as Mr. Ji’s bodyguard, both of which are my own identities, to conduct my own investigation!” White Spider said, “If Comrade Director still feels apprehensive, then I can ask the head of the Jiangzhou Military Region, or ask a comrade leader of the Central Police Department, to come and talk to you, don’t you think?”

This director couldn’t help but frown slightly, frankly speaking, there was more or less a threat in White Spider’s words, while this director, however, was also a deputy department level cadre, and his rank was already not low. The police and the military are two different systems, and he may not be afraid of the head of the Jiangzhou Military Region.

However, the other place mentioned by the white spider gave him a shock – the Central Police Station!

The super guards around the chiefs in Yanjing were all sent from this place, and not only that, in terms of rank, this place was higher than him, and in terms of power, it was even higher than him!

This was definitely something he could not afford to offend!

“Comrade Director, do you have any other requests?” White Spider asked again, “If necessary, I can ask the leader of the Central Police Station right now .....”

This chief was really hesitant, he didn’t know that White Spider actually didn’t know any leaders of the CPS at all, but Ji Feng’s identity was clear to him, such a gentry was surrounded by guards of the CPS, that was nothing unusual, even, a direct phone call from him might go straight to the heavens ah!

“Fine! Since Miss Bai is here in another capacity to participate in the investigation, then please do the formalities first!” The Director finally nodded his head.

Bai Spider, however, nodded with an expressionless face, “Thank you!”

Ji Feng couldn’t help but laugh as he watched from the side, not expecting Bai Spider to lie without changing her face and heart, that level of calmness was simply more powerful than those old greasers.

In fact, Ji Feng came up with this solution, is also extremely helpless thing, since he knew that this matter and Zheng Yuxiu is involved, things have changed beyond his expectations, so the following in the end what to do, he just take a step and see, depending on how well the ability to improvise!

But now it seems that everything is going in the direction Ji Feng had expected, and it’s going quite well!

“Miss Bai, it’s certainly fine for you to participate in the investigation, but .....” that director suddenly said again, “but please keep a handle on it!”

“Of course, I will!” White Spider nodded her head.

Only then did that director nod, then called a police officer and led White Spider to the interrogation room, Ji Feng also nodded at that director in greeting, ready to turn around and leave.

“Mr. Ji .....” That director, however, suddenly called out to him.

“Is something wrong?” Ji Feng turned around and asked.

“It’s like this, Secretary Qian has also heard about this case, but since he’s out of town right now, he can’t make it over in time, so he asked me to pass on his words!”

The director said, “Secretary Qian said that no matter if it is a big case or a small case, it must be investigated and dealt with according to the law, and whoever should be responsible will never be tolerated, Secretary Qian asked us, the Municipal Bureau, to enforce the law impartially, and there must be absolutely no favoritism! Otherwise, there will definitely be an investigation to the end!”

Ji Feng then smiled, nodded and said, “Thank you, Secretary Qian, for your concern about this case, and many thanks to the officers of the Yuezhou Police for their hard work!”

Ji Feng knew that the Secretary Qian he was talking about was Qian Hongda, a senior city official in Yuezhou, who was a powerful member of the Wu family and a very difficult person to deal with.

Moreover, father also reminded Ji Feng over the phone that if there was no need, he should not mess with this Qian Hongda. After all, although Ji Feng is powerful, but Qian Hongda is also an old fox, immersed in the officialdom for decades, is it that simple?

The most important thing is to avoid the enemy’s back and try not to fight on two fronts, to contract the forces, to make a heavy punch, to strike an enemy first, to break each other, this is the best strategy.

Besides, the most important thing is that right now, whether it’s Qian Hongda or the Guangdong police, I’m afraid they don’t know that the man and woman they’ve captured are actually Zheng Yuxiu’s people.

Therefore, Ji Feng still had not a short time to prepare for something.

Only, this director is now relaying Qian Hongda’s original words, but not to indicate his bent for impartiality, especially the sentence ‘there can’t be any favoritism ..... or we have to investigate to the end .....’, that meaning couldn’t be clearer.

Qian Hongda is saying, we don’t show favoritism on our side, you Ji Feng must also tighten up a bit here, or else do whatever you want .....

Ji Feng couldn’t help but smile faintly and said, “If there’s nothing else, then I’ll take my leave first.”

“Mr. Ji!” A smile appeared on that director’s face as he said, “This case trial is also quite troublesome and the case is also being heard, so you should first please go to the parlor for a temporary rest.”

“This means I’m not allowed to go?” Ji Feng’s brow couldn’t help but frown, he couldn’t help but nod slightly and smile, “That’s fine, let’s do that first!”

The people of Yuezhou are not cooperating!

Ji Feng had long guessed that this would happen, and he wasn't much surprised; this Qian Hongda, as a powerful general of the Wu family, would certainly not let himself, a member of the Ji family, mess around here at will.

When he returned to the parlour, Ji Feng casually sat down on a chair, lit a cigarette and smoked leisurely.

The White Spider went to trial Hou Youde, Rong Peng also secretly made efforts, the final result will be what, I'm afraid it will not take long to be clear.

As for the situation of not being very popular in Southern Guangdong, Ji Feng didn't take it to heart at all. With the relationship between the Ji family and the Wu family, one can't expect people to smile cheerfully and welcome them, right?

It's normal!

.....

In contrast to Ji Feng's leisure, at this time Zheng Yuxiu was anxious.

The actual truth of what happened to the Rong family is more clear to her than to anyone else, of course, she does not know exactly what happened, she ordered her assistant and a bodyguard to do this together, but the more this happens, the more anxious she is.

Because the process in between was not clear to her, then she was not sure how much evidence against her was in Rong Peng's hands.

Now Zheng Yuxiu does not yet know that Ji Feng has been involved in this matter, what she is worried about is that once Rong Peng seizes this evidence, he will pursue it, and once it is implicated in her, it will inevitably affect the Wu family's opinion of her, and will even make Wu Zhiyong have an opinion of her.

If that were the case, Zheng Yuxiu would not dare to guarantee that she would be able to get the Rongpeng Group in her hands after helping the Wu family win it over.

This is what Zheng Yuxiu is most worried about, as to whether he will take any responsibility for what happened to the Rong family ..... Zheng Yuxiu has never thought about it, but all the sons of the family, who are not just looking for a scapegoat after something has happened?

Except for the intervention of an extremely powerful figure, where can anything hurt the sons of the family?

The most important thing that needed to be done now was to rush to the Yuezhou City Bureau as soon as possible and block the mouth of Rong Peng's continued pursuit, or at least, not to let the matter of the Rong family implicate the assistant and bodyguard.

If it is not possible, she should let the assistant and bodyguard carry the matter down, and definitely not implicate herself!

As long as she could clear up the matter herself, then everything would be fine.

Zheng Yuxiu believed that with her own status, Rong Peng could not afford to make any waves in front of her.

Buzz~~!

Zheng Yuxiu slammed on the accelerator, and the sports car's engine roared to life, rushing towards the Yuezhou City Bureau .....

Chapter 1088

In the meeting room of the Guangdong Municipal Bureau, Ji Feng sat quietly in his chair, flicking the cigarette ash in his hand into the ashtray, other than that, he hardly made any extra movements, just waiting.

In fact, it would be an absolute lie to say that there was no tension in his heart at all.

As he had said before, Guangdong and Yanjing were two game fields, interrelated and influencing each other. Most importantly, the outcome of the game in Yuezhou will directly affect the outcome of the game in Yanjing!

The time in between is so short, I think Zheng Yuxiu's side should also react.

In this case, what Ji Feng can do is to get the evidence that Zheng Yuxiu's assistant, and her bodyguard are involved with Hou Youde as soon as possible.

And ..... was a must to get it!

So, Ji Feng's heart is more or less drummed.

But he couldn't get into the interrogation room, that director had just made it very clear that if he insisted on entering the interrogation room, he would just be asking to be embarrassed.

A son of the Ji family might not have such a big face in Yuezhou.

Fortunately, the white spider was already interrogating Hou Youde, and now, one could only pin their hopes on the white spider. At least, Ji Feng had already taught the method of dealing with Hou Youde to the white spider, as to what the final result would be, it would only be possible to see how far the white spider could play.

Ji Feng slowly took a puff of his cigarette, exhaling smoke rings one by one, while his eyes looked dazed and unfocused.

In fact, his mind was quickly calculating the situation in front of him, the problems that might arise, and what approach to take to deal with it .....

"How the outcome of this game will directly determine the outcome of the game between the Ji family and the Wu family, and also, will determine in what way the shareholding dispute of the Rongpeng Group will actually end."

The first time I saw the company, I believed that the company would be able to take a fifth of the shares of the Rong Peng Group, and in addition to that, there should be other compensation, which is the price that both the Wu and Zheng families have to pay!”

“In this way, the strength of the Wu family in terms of economy will be greatly injured, and their intention to financially crush several generals of the Ji family will also become a failure.” Ji Feng’s fingers tapped on the tabletop and secretly mused, “But if we can’t catch Zheng Yuxiu’s pain, the situation will become a bit complicated!”

Whether it is success or failure, depends on the game in front of us, who can laugh to the end .....

The door of the parlor was pushed open.

The door of the meeting room was pushed open and Rong Peng walked in with big steps and a hint of joy on his face.

He quickly stepped to Ji Feng and said in a low voice, “Little Feng, you’ve got everything you want, this is the original copy of the statement, I’ve also taken photos of the original, and the original interrogation records are now in our hands!”

As he spoke, Rong Peng raised his briefcase and slapped it on his hand a few times, his face full of smiles, “This time, the two people around Zheng Yuxiu will definitely not get away. I’ll see how Zheng Yuxiu can get rid of this trouble!”

“Hehe .....

Ji Feng, however, shook his head with a smile and said, “Uncle Rong, what if those two people suddenly retract their confessions?”

“Retract their confessions?” Rong Peng also couldn’t help but shake his head and laugh, saying, “Little Feng, you asked me to get these things and urged the police to review them as soon as possible, I think, you wouldn’t have no backhand, right? What about Miss Bai? I guess she also has a similar mission to mine, right?”

Ji Feng instantly smiled, “Uncle Rong, ginger is still hot as ever!”

He really admired Rong Peng’s mind and this incomparably meticulous thinking, in the morning Rong Peng was still incomparably shaken by the death of a few of his most personal bodyguards, but even so, he could still calm down and think about the problem, this alone, Ji Feng asked himself that he could not compare.

If something goes wrong with the people around himself .....

The first thing you need to do is to think about it, and you will not be able to think so calmly at that time, or at least, you will have to vent your anger for a while first.

The fact that Rong Peng, worthy of being the lord of the business world, he can go from nothing to now reigning in the business world as a private enterprise giant in southern Guangdong, the leader, although there are also factors of the Wu family in it, but his own ability, definitely accounts for the vast majority of the reasons.

“Little Feng, what else do you need me to do?” After laughing, Rong Peng asked again.

Those few bodyguards around him had all been with him for a few years or even longer, so naturally they wouldn't be without any feelings at all. In addition, Zheng Yuxiu had been pressing hard and bullying people too much before, this long-suppressed anger of Rong Peng had finally exploded.

So now he has no other idea at all, he just wants to deal with Zheng Yuxiu, not only for himself, but also for his bodyguards who were killed by Zheng Yuxiu's men.

Ji Feng, however, shook his head and said, “What comes next, we are not in a hurry for now, we must wait until the White Spider returns.”

If there was no result from White Spider's side, there was no way for Ji Feng to start the following actions. Right now, whether or not he could get the most crucial evidence was already the top priority of the whole situation.

Rong Peng also realized what was going on, so he stopped asking questions and just pulled over a chair and sat down, accompanying Ji Feng to smoke.

.....

The first thing you need to do is to take a look at the table.

“How, how could it be you .....” Hou Youde swallowed her saliva with difficulty, how could she have not expected that this woman she saw at Rong Peng's home would actually be seen again in the interrogation room, moreover, she still appeared as an interrogator, which could have scared Hou Youde to scared out of his wits.

Once he saw the white spider, Hou Youde couldn't help but think of Ji Feng who was with the white spider, that horrible young man who simply gave him the most frightening nightmare.

Hou Youde was all glad that he had been interrogated from the time he was caught last night until now, he was afraid that he wouldn't dare to sleep whenever he was free, because as soon as he slept, that handsome looking young man with a demonic smile on his face might appear, that would really torture people to death!

And now, the white spider had appeared.

Hou Youde's heart lifted again, and he felt that the White Spider had come to settle accounts with him. Because when he was arrested last night, he testified to the police that it was Ji Feng and White Spider who beat them up and put all three of his brothers in hospital, and that they had abused lynching .....

Now that White Spider appeared as an interrogator, how could he be spared?!

“Hou Youde, let me ask you, you said that the ones who paid you to hire you to deal with the Rong family were the two people in the photo you were shown today, correct?” The white spider's voice suddenly rang out, immediately scaring Hou Youde's body, and he nodded his head in a panic.

“Yes, yes, yes .....” Hou Youde was honest, the last remaining trace of luck in his heart was shattered and vanished cleanly when White Spider's identity changed.

“So, what evidence do you have to prove that the two people in the photo ordered you to do this?” White Spider asked, “Like, did anyone see them looking for you, or anything else?”

“No, no .....” Hou Youde said carefully, “We met alone.”

The white spider’s beauty suddenly tightened up, and her face sank.

When Hou Youde took a look, he could not help but feel a tightening in his heart and said in a panic, “By the way, I have proof!”

“What evidence?” White Spider immediately asked.

“Dry, dry our business, the risk is not small, I, I am a person who is timid, afraid that afterwards will be silenced by the employer, so ..... so I usually leave a video of the meeting, or a telephone recording .....”

The white spider asked at once: “Then what did you leave behind this time?”

“Left a video recording, it’s in, it’s in my phone, I secretly recorded it, those two people don’t know .....” Hou Youde kept his gaze on White Spider’s face as he spoke, afraid that his answer would make her unsatisfied and thus draw the young man to re to do something to himself.

When he thought of how terrible that young man was, Hou Youde became even more afraid.

When he saw that the white spider’s face had slightly eased, he was slightly relieved and said, “Finally, I don’t have to face that horrible young man anymore!

This change in his demeanour was all seen by White Spider without a trace, and she couldn’t help but secretly shake her head, just this kind of cowardly person could still manage to master those two strong men, as well as that rascal Tension Qin, and still manage to make a living on the road?

She used to be an assassin and was in a similar profession to Hou Youde. She knew that if one was timid, one was not suitable for this profession.

This Hou Youde was a strange one.

In fact, the white spider does not know that although Hou Youde is as timid as a mouse, he is also quite smart, and every time he acts, he waits outside and does not step into the scene easily .....

“Take out your mobile phone!” The white spider said immediately.

“It was, it was taken away by them .....,” Hou Youde cautiously glanced at the policeman sitting next to the White Spider.

White Spider immediately turned her head and said, “This comrade, let’s go get his phone together!”

“Okay, all those things are in the evidence room, please follow me!” This policeman was originally sent by the bureau to cooperate with White Spider and also to keep an eye on her to prevent her from messing around, now that White Spider was leaving, he was relieved.

.....

“Uncle Rong, after this matter is over, you can start all over again, have you thought about what industry you want to be in?” Inside the parlour, Ji Feng was chatting with Rong Peng.

“Ugh! What else can we do, we can only merge our funds with Suyan’s venture capital company into one place first, then we can slowly choose an industry.” Rong Peng shook his head slightly, “I’ve already reached this age, but I can’t imagine that I have to start all over again, all because I don’t know the right people!”

Ji Feng smiled faintly and was just about to speak when he heard a bang and the door of the parlour was pushed open.

The white spider walked in quickly, and his originally indifferent face took on a hint of joy: “Young Ji, we got the stuff, it’s a video!”

Chapter 1089

“Oh?!”

Ji Feng and Rong Peng were both delighted, and the two of them stood up abruptly, Rong Peng even more impatiently asked, “Is it the most crucial evidence?”

Bai Spider nodded and took out his phone, quickly pulling out the video and placing it on the table.

Ji Feng and Rong Peng immediately looked at it, only to see that the video was shot with some wavering, but they could still see that the man and woman beside Zheng Yuxiu were sitting opposite Hou Youde, and looking at the furnishings in that room, the three seemed to be in a teahouse, but they couldn’t be sure.

What was important was that, as the video played, a voice actually came from inside.

“You’re Hou Youde, aren’t you? I heard that you’re still quite famous on the Yuezhou Road, specialising in taking on jobs of a hired nature?” The one who spoke was Zheng Yuxiu’s female assistant.

Hou Youde nodded and asked, “That’s right, all that fame, it’s all earned back by our fists and feet .....

Then, it was Hou Youde bragging about how strong and famous their group was and so on, listening to Ji Feng and Rong Peng could not help but frown a little, this guy is afraid that he only lives a mouth, here verbose .....

After Hou Youde bragged a great deal, the key part finally arrived.

That male bodyguard of Zheng Yuxiu’s threw over a stack of papers straight away, that female assistant followed, “Hou Youde, since this team of yours is so powerful, then you better not let us down, this is the target you need to deal with, it has all the information on it, take a look.”

Hou Youde picked up the information with some suspicion, after just a few glances, his face changed dramatically, “Want me to deal with the Rong family?!”

“If you don’t speak, no one will take you for a mute!” The woman glared at him.

Only then did Hou Youde whisper, “Then, how far should I go? Is it to put them all .....

He made a motion to wipe his neck.

“Teach Rong Peng some lessons and don’t kill him for now. As for his family ..... especially his daughter, do as you please, it’s best not to kill him either, but you’d better get me something to bring them down .....”

The woman’s voice was getting lower and lower, but intermittently, more or less audible, she was instructing Hou Youde not to kill Rong Peng, but to teach him a lesson, while Rong Peng’s daughter, Rong Suyan, was to get evidence that would bring her disrepute.

Hu~~hu~~!

Rong Peng’s face instantly turned iron blue, even though he had already known the contents of these, but at this moment, seeing Zheng Yuxiu’s personal officer instructing Hou Youde with such carelessness, seemingly not treating his Rong family members as human beings at all, Rong Peng still felt an unbearable anger and humiliation.

“Then ..... what if I encounter resistance?” Hou Youde asked.

“What do you think?”

The woman smiled disdainfully, “Apart from these few key personnel who can’t be killed, the others well ..... you can totally kill a chicken and scare the monkeys!”

“Kill the chicken to scare the monkey!” Hou Youde’s voice was a bit strange, “I know.”

Ji Feng knew that Hou Youde had a nickname just like Skinny Monkey, and this personal female assistant of Zheng Yuxiu’s had a sentence about killing a chicken to make an example of a monkey, stimulating Hou Youde’s nerves.

Afterwards, Zheng Yuxiu’s female assistant gave Hou Youde a few more words of advice before getting up and leaving.

As soon as the video played, it started to shake violently, and then there was darkness, and a few seconds later, the video ended.

“Bang!”

Rong Peng slammed his fist on the table fiercely, causing the cups, ashtrays and other things on the table to tremble a few times, and White Spider’s mobile phone was all shaken off at once.

Swish!

Ji Feng was quick with his hand and grabbed the phone, laughing, “Uncle Rong, even if you’re angry, you can’t destroy such important evidence, if you destroy it, then you’ll only be sulking!”

“Humph!”

Rong Peng gritted his teeth and said, “Zheng Yuxiu, deceiving people too much!”

Ji Feng patted his shoulder and laughed, “Uncle Rong, actually there’s no need to be so angry, we haven’t lost anything after all, it’s not us who should be jumping up and down, it’s her Zheng Yuxiu!”

“That’s right!” Rong Peng took a deep breath, forcing down the anger in his heart, he held Ji Feng’s hand and said solemnly, “Little Feng, now that things have come to this point, I’m afraid I can’t use my strength anymore, don’t look at me, I’ve been operating in Yuezhou for so many years, but once Zheng Yuxiu steps in, I’m definitely not as powerful as she is, because she now has the Wu family on her back!”

“So, I’m asking you to do me this favour.” Rong Peng said seriously, “Help me stomp this heartless woman Zheng Yuxiu to death!”

“Uncle Rong ……” Ji Feng just wanted to speak, but was interrupted by Rong Peng.

“Little Feng, I know that this request of mine will be difficult and unrealistic for you.” Rong Peng said, “So I’m not expecting to stomp her to death right now, but I hope that in the future, if possible, you can help me make this wish come true! Definitely, let her die!”

Ji Feng immediately nodded and said, “That’s certainly no problem, Uncle Rong, I promise you that as long as it’s possible in the future, I’ll let you have this opportunity to do it yourself! But now, it’s still too early to talk about all this, we can’t do things that make the enemy quick and the relatives painful!”

“I understand, I’m not confused to that extent either! Young Ji, thank you!” Rong Peng said seriously, “With those words from you, I’m going to thank you!”

“Uncle Rong, saying this now would be too out of the ordinary, right?” Ji Feng laughed.

“That’s right!”

Rong Peng also let out a long breath and said, “We indeed don’t need to be too formal, Little Feng, if there’s anything you need me to do, just ask, as long as it’s something I can do, I’ll do it!”

Ji Feng nodded with a smile and laughed, “Uncle Rong, now we don’t need to do anything because we’ve done everything that needs to be done, now, just wait and watch the show!”

“Good! Watch the show!” Rong Peng also perked up, “I’m eager to see what kind of expression Zheng Yuxiu looks like when he’s wrapped up in trouble!”

Now that they were in a position to win, it was time for Zheng Yuxiu to have a headache.

Zee…!

As they were talking, a piercing sound suddenly came from the police station compound, a sound produced by the tyres rubbing against the ground, obviously, someone was braking in a hurry.

Ji Feng raised his head and looked out through the window, and instantly smiled, “It’s really saying Cao Cao, Cao Cao will arrive.”

“Is it Zheng Yuxiu?” Rong Peng was slightly stunned, then he quickly walked to the window, and he really saw a luxury sports car was parked in the police station’s compound, and Zheng Yuxiu had just gotten out of the car and walked quickly towards the police station’s office building.

“That bitch!” Rong Peng couldn’t help but snort coldly.

……

And at this moment, the police station was all shook up.

The murder case that took place at the Rong family last night, the murderer behind it was actually the female assistant beside Zheng Yuxiu, as well as her bodyguard!

With this news, the top brass of the police station who knew Zheng Yuxiu's identity were dumbfounded!

They never thought that the case would end up in Zheng Yuxiu's head, even though she was not directly investigated, but the fact that her assistant and bodyguard were the masterminds of the case was enough to explain the problem.

What should we do next? Should we continue the investigation or call it quits?

The director of the Guangdong City Bureau knew Zheng Yuxiu's identity. This woman was not only the thousand-year-old daughter of the Zheng family in Yanjing, but she was also the fiancée of the second young master of the Wu family, Wu Zhihe. When they were first betrothed, the news of that had long been spread in the official circles of Southern Guangdong.

The close relationship between the Rong family and the Wu family was a well-known matter, and Zheng Yuxiu's origins were also known to many people. However, it was so strange that Zheng Yuxiu's sidekick and bodyguard had bought a murder against the Rong family.

What's more, among those who were assassinated, there was actually the son of the Ji family, Ji Feng!

In this way, things became incredibly complicated. Some of the top brass of the police department, who were nimble and had a keen sense of smell, realised that there was something extraordinary about it, and that it was likely to involve the gaming of several parties. If this is really the case, then it is definitely a fight between the gods.

One bad move and I'm afraid it would be a disaster for the fish in the pond.

Some people in the police station have a heavy boulder in their hearts, how can this case ..... still be investigated?

But if we don't pursue the case further ....., how can the Ji family give up?

The problem was handed over to the director, the sky is falling, there is a big one to cover, encounter this kind of case like a dynamite bag, it is natural that no one dares to reach out recklessly, only to the boss of the bureau, who makes you the biggest!

However, the director is also in a difficult position, things have developed beyond his expectations, and he is now beginning to regret allowing the white spider to participate in the interrogation of Hou Youde's case.

But it was useless to regret any more now, he had to deal with the gloomy-faced woman in front of him first.

"Comrade Director, I am curious to know why the Municipal Bureau is arresting my assistant and bodyguard?" Zheng Yuxiu asked angrily, "And before this, no one even informed me?!"

With a bitter smile, the director said helplessly, "Miss Zheng, this is actually a long story, and the case is still under further examination, look, why don't you wait for a while, and when we have a decision, we will give you an explanation, is that okay?"

"What?!"

Zheng Yuxiu immediately stood up as if his tail had been stepped on, "You want me to wait? And give me an explanation after you've decided? What does this mean?"

"Miss Zheng, frankly speaking, from the evidence we have so far, that personal assistant and bodyguard of yours, they do have serious suspicions!" The Director said, "And ..... Miss Zheng, the one who suffered the attack and killed, there is also a more important person."

"Who?!" Zheng Yuxiu immediately asked, and in her heart, she got a bad feeling.

"Ji Feng!" The director said.

Chapter 1090

Swish!

Zheng Yuxiu stood up sharply, her eyebrows knitted tightly, as if she didn't believe her ears, and asked, "Who did you just say?"

"Ji Feng!"

That director said, "Miss Zheng, originally, according to the rules, I was not allowed to reveal anything about this case to you, but you are not an outsider after all, that's why I advised you, think of something as soon as possible."

"Chief, what do you mean by that?" Zheng Yuxiu frowned.

"What I mean is that we did arrest your people, but they also do have major criminal suspicions, and we currently have quite a lot of evidence!" That director said in a low voice.

"Then Ji Feng ....." Zheng Yuxiu was a bit flustered in her heart, she had met this director before, only that she hadn't looked at him squarely at first, but she believed that what he had said to her should be the truth. But what she was most concerned about was what connection Ji Feng had with this matter!

"Miss Zheng, all I can say is that Ji Feng is also one of the victims!" That director said vaguely, not daring to explain too clearly.

Now was a critical period, and a sensitive time as well, and at this time, any small mistake could be swept up in the fight between several major powers, and although he was not low in rank and was the director of the Guangdong City Bureau, he was nothing in front of the Ji and Wu families. Therefore, it was better not to ask for trouble.

It was already kind of him to be able to provide Zheng Yuxiu with some information.

"Ji Feng is actually involved with this matter as well?" Zheng Yuxiu frowned and muttered to herself, then she smiled disdainfully, "What victim, I think this bastard just wants to take advantage of the

opportunity to make waves, but he seems to have forgotten that this isn't Jiangzhou, it's Southern Guangdong, it's not his turn to run wild here!"

"Miss Zheng, you'd better ....." The chief wanted to say something but eventually shook his head, too many words will make you lose!

"Chief, thank you for the information, but Ji Feng is nothing but a dog with power, all he relies on is the Ji family, without the shelter of that family, he means nothing!" Zheng Yuxiu said disdainfully, "How about this, you let me meet my people, I have a few words to say to them."

Although Zheng Yuxiu was rampant, she was not stupid, on the contrary, she was very shrewd, just often too shrewd.

Now, she knew her own affairs, and she was naturally very clear about what her personal assistant and bodyguard went to do, so as soon as she heard that Ji Feng was also involved in this matter, her first reaction was to first arrange for her people to keep their mouths shut.

As long as they don't speak up, then the rest of the matter will be easy to handle.

It was as if she had just said that this was Southern Guangdong, not Jiangzhou, and that she could set things right here no matter what happened.

"Miss Zheng, this ..... this is a bit inappropriate, I'm afraid!" The director said, "Right now those two people are both under review, no one is allowed to see them."

"What do you mean? I can't see them?" Zheng Yuxiu's eyebrows knitted together, "Director, I think you've been sitting in the office for too long and your brain is a bit confused, right? Do you have to ask me to call your Secretary Qian before you'll let me go see my people?"

Zheng Yuxiu's rampage made even this director frown a little darkly, was this woman stupid or what?

Now that the grandson of the Ji family had been involved, how could she dare to casually break the rules herself? In case he was caught in the crosshairs, it would be impossible to get out of it even if he wanted to.

Moreover, Zheng Yuxiu's comment about Ji Feng also made this director secretly shake his head, Ji Feng is a dude who only relies on his family, whether or not this is not easy to say, but if Zheng Yuxiu does not rely on her family, can she have the bottom line now?

"Miss Zheng, I do not want to stop you, but the situation now is a bit special, so ....." the director's words had not finished, was interrupted by Zheng Yuxiu.

"Don't you play official with me, and don't talk about other things, I just want to hear a positive word from you, I want to see my people now, yes, or no?!" Zheng Yuxiu's face also turned gloomy as he asked.

"I'm sorry, I really can't, but Miss Zheng if you have anything to say to them, I can pass it on for you!" The Director shook his head.

"Okay, very well!" Zheng Yuxiu's face was ugly, she didn't expect that this director really still dared to not give herself any face at all, but she really couldn't do anything to them, she could only nod with an ugly face, turn around and leave.

The director shook his head and was even more glad that he had been right to reject Zheng Yuxiu this time. With her wild nature, I'm afraid that even good things would have been turned into bad things by her wildness.

What's more, the situation was already unfavourable to Zheng Yuxiu?

"Chief!"

Zheng Yuxiu walked to the office door, then suddenly turned around again and said, "Please tell them that I have everything outside, I will take care of anything, and tell them that they can say what they should say, but if they shouldn't, don't say anything, I will let them out soon!"

"..... Okay, I'll pass it on for you!" The Director nodded.

"Humph!"

Zheng Yuxiu then snorted coldly and strode out.

"Aiya ....." The director couldn't help but shake his head slightly and snorted, "These grandsons and young ladies of the great families, they are really arrogant enough, this begging for a job and actually flaunting her authority so much, is she Is she asking for help or is she just ordering her minions around?"

"..... is out of her mind!"

The director couldn't help but shake his head slightly, pondering for a long time, he still picked up the phone and dialed the number of Qian Hongda, a senior city official: "Hello, Secretary Qian ....."

Now the development of things, has exceeded the original expectations, all the deputy directors below, none of them are willing to go over this matter, all of them have pushed this hot potato to him. However, he can't carry it either, so he can only upload it upwards.

.....

"..... Dad, I remember, well, I know what to do ....."

Snap!

Inside the parlor, Ji Feng ended the call with his father and hung up the phone, a cold smile could not help but appear on his face, this time, there is really a show to watch!

In the call with his father, Ji Zhenhua, Ji Feng reported all the latest developments to his father, especially the fact that he had obtained the most crucial evidence and could already convict Zheng Yuxiu's two men, and he talked about it in detail.

Ji Zhenhua, on the other hand, only said two words: "Little Feng, first of all, you have to be safe over there and don't force your way out. Since you already have the evidence, wait for the time being, I'll take care of the rest."

Just these two words revealed the strong care of his father, and Ji Feng's original mood, which was still a bit apprehensive, settled down.

As for what happened next, Ji Feng didn't need to ask much, his father would naturally have his modus operandi.

But there was one thing Ji Feng was sure of, the Zheng and Wu families, this time it would not be too easy.

"Little Feng, I'm afraid things will change when Zheng Yuxiu comes here!" Seeing Ji Feng hanging up the phone, Rong Peng couldn't help but frown and say, "As far as I know, although she doesn't have a lot of influence in Southern Guangdong, if she has Wu Zhihe behind her, I believe it will be easy for her to set this matter right. Although we say we have tangible evidence, I am worried that she will advance ....."

"Uncle Rong, I know what you're worried about, in fact there's nothing to worry about!" Ji Feng couldn't help but waved his hand and laughed, "The more Zheng Yuxiu does something stupid, the more passive she will be, and the more advantageous it will be for us."

"That's true!" Rong Peng could not help but nod his head and smile.

Indeed, Rong Peng was originally worried that Zheng Yuxiu would use her influence to play some bad role in the middle, such as threatening Hou Youde to change his confession, or making Zheng Yuxiu's people deny it or something like that .....

But now think about it, all the strong evidence is in the hands of themselves and Ji Feng, and at this time, the more those people change their confessions, the more it proves that they are being threatened.

The Ji family is not a poseur, they naturally won't just sit back and watch!

"I'm a little bit in trouble here!" Rong Peng laughed to himself.

Ji Feng laughed: "Uncle Rong, you're not suffering from loss, but you've been under pressure for too long, you need to relax properly. .... Let's go back, you haven't slept all night either, go back and have a good rest!"

"Go back now?" Rong Peng was slightly stunned, "Not waiting for the results of the trial?"

Ji Feng shook the white spider's phone in his hand and smiled, "It doesn't matter if there are interrogation results now, moreover, Zheng Yuxiu's people won't admit it that easily, let's go back and wait!"

Seeing that Ji Feng had a point, Rong Peng also headed out together, he laughed, "I just can't wait a bit, I want to see Zheng Yuxiu's exasperated look ....."

However, his words had only just fallen, as soon as he left the meeting room, he saw a slender figure in the corridor was walking out in a furious manner, and almost didn't run into them, Ji Feng and the others scrambled back and dodged, the figure was also startled.

"Don't walk with eyes!" A rebuke rang out at once.

When several people stood still, they were stunned that the figure standing in front of them at this moment was no other than Zheng Yuxiu, whom Rong Peng had just mentioned!

“It’s you guys?!” Zheng Yuxiu also saw Ji Feng and the others, her face was slightly stunned, but immediately, she gave Ji Feng a fierce glare, and then turned to Rong Peng, coldly said: “Rong Peng, don’t forget, if you don’t count today, you only have one day left, is the equity ready?”

“Humph!”

Rong Peng stared at her coldly, he could not wait to slap this woman’s face in the face right now, he said coldly, “Whether I’m ready or not, it has nothing to do with you anymore!”

“What do you mean by that?” Zheng Yuxiu’s face instantly turned gloomy.

“What do you mean?” Rong Peng sneered, “A person who is about to go to jail, what’s the point of talking about equity?”

“Jail?”

Zheng Yuxiu instantly laughed mockingly, “Rong Peng, I think your brain is really broken, you’re saying I’m in jail? It’s a joke!”

“Whether it’s a joke or not, we’ll see!” Rong Peng said with a strong sense of hatred.
