

Campus Master 1111

Chapter 1111

“Let’s talk about it when the time comes!”

Zhang Lei laughed, “I might go straight home with Leilei after dropping off Shen Jingyi, or I can just go to your place, there’s still a few days left, there’s no need to be so nervous!”

“That’s fine!” Ji Feng nodded his head and said.

“I think you’re still too nervous, right?” Zhang Lei waved his hand and laughed indifferently, “There’s no need to get yourself all nervous over a so-and-so young master who doesn’t know how high the sky is, it doesn’t matter if you get beaten up, it’s not like you’ve never been beaten up before, unless he can kill me on the spot, when I get my momentum back, I’ll definitely kill him!”

After saying that, he waved his hand and said, “All right, hurry up and go back, don’t let Lei Lei and Yu Xuan wait at home and worry, I’m going up too ……”

“I knew it, you guy is this stinky temper, not willing to give in at all!” Ji Feng nodded and smiled and said, “Alright then, this is still a few days away anyway, I’ll come pick you up when the exams are done ……”

“Fine!” Zhang Lei waved his hand indifferently.

“You guy ……” Ji Feng then smiled and got into the car and quickly left the school.

On the way back, Ji Feng but the more he thought about it, the more he felt that something was wrong, based on that Tan Tianfeng’s arrogant character, he found someone to spy on Zhang Lei, there must be nothing good, the possibility of wanting to lay hands on Zhang Lei is extremely high.

A cold aura could not help but flash in Ji Feng’s eyes as he sneered darkly, “As long as you dare, I will make you regret coming into this world!”

They would not take the initiative to attack others, but as long as the other party dared to come and mess with them, then their methods would not be so gentle. Of course, if it was just a general minor transgression, then it didn’t matter, and Ji Feng and Zhang Lei wouldn’t be ordinary with those people.

However, someone like Tan Tianfeng would be particularly annoying, and, moreover, he might be going after Zhang Lei directly, which is not something Ji Feng can tolerate!

But defensiveness is defensiveness, Ji Feng did not think that with his and Zhang Lei’s names, he would be able to intimidate people, he never thought he was that great, nor would he think that his and Zhang Lei’s names had any deterrent effect.

So when faced with such an evil young man who didn’t know the sky was the limit, Ji Feng felt that it was better to make his defences.

After a moment of careful deliberation, Ji Feng took out his mobile phone and dialed Du Shaofeng’s number.

“Ji Feng?” Du Shaofeng picked up the phone.

“Old Du, I remember that our department’s exams will probably end the day after tomorrow, right?” Ji Feng asked with a smile, “Are you staying in Jiangzhou after the exams, or do you plan to go home?”

“Stay in Jiangzhou for a month, and then go home the month after that.” Du Shaofeng said, “It just so happens that the network company over there is training the newly recruited security personnel, and with only Brother Tiger there, it might be a bit too busy.”

Now that Tengfei Network had started to cooperate with Tengfei Group’s headquarters, the program they had written would be cooperated with Tengfei Group’s upcoming 3d TV, at this time, a certain number of security personnel would be needed, so training had to be done in advance now, this matter was mainly handled by the duo of Du Shaofeng and Wang Hu.

Ji Feng then nodded, now Du Shaofeng has also gradually trained out and can be on his own, this is very good ah.

“Since that’s the case, then Old Du, after you finish your exams, don’t go to the company yet, you contact me then, there’s something I need your help with.” Ji Feng said.

“Okay!” Du Shaofeng didn’t ask what the matter was, as long as it was arranged by Ji Feng, then he would definitely try his best to complete it.

The two chatted for a few more minutes, and Ji Feng asked about the situation of Tengfei Network Company, and only then did he close the line.

He didn’t expect that, after not going to Tengfei Network for a while, there had actually been a lot of changes. Under Wang Xin’s management, the network company had also started to expand and recruited quite a few people, moreover, Han Zhong had also given Tengfei Network quite a few experts in computer, which made both Wang Xin and Yang Yu very happy.

However, Du Shaofeng is only the deputy director of the security department now, and he doesn’t know too much about personnel matters, so he can’t say too much about it.

However, Ji Feng could imagine, because some of the computer experts, which he got from Rongpeng Group, were some of those technicians, and Han Zhong was assigning them to various companies according to their various specialties, and should have also left some of them as reserve talents.

After arranging for Du Shaofeng, Ji Feng then put his mind at ease.

He had just called Du Shaofeng to actually ask him to follow Zhang Lei for a few days after the exam, in order to prevent that guy called Tan Tianfeng from making a move on Zhang Lei. Although they weren’t afraid of this guy, it was always right to be prepared, otherwise, it would be too late to regret if the gutter capsized!

In fact, if it is to Ji Feng’s temper, he does not want to be so forbearing and retreating, and to take a hundred precautions, but considering Shen Jingyi this matter, it is better to let Zhang Lei to solve it himself, the last to defeat Tan Tianfeng, should be Zhang Lei only!

Ji Feng is confident that as long as Zhang Lei insists on practicing aerobics, after half a year, he will definitely have an extremely remarkable improvement!

.....

“..... Bang!”

Tan Tianfeng fiercely slapped his hand on the table as he angrily stared at the skinny boy in front of him and asked in an angry voice, “Warn me? What exactly did they say?”

“Yes, young Tan, that Ji Feng just told me to tell you that if you dare to harass them again, he will deal with you if you bully someone”

“So what if you’re bullying people? Say ah!”

“If, if you bully people, he, he’ll destroy your whole family”

“Bang!”

Tan Tianfeng was instantly furious and slapped another slap on the table, which instantly fell apart with a loud boom.

“Arrogance!”

Tan Tianfeng couldn’t help but snort coldly and laughed fiercely, “What kind of things are they, how dare they warn me? Ha! This is really a big joke!”

“What else did they say?” After a slight pause, Tan Tianfeng asked again.

The skinny boy immediately shook his head, “Nope, didn’t say anything else.”

“The person who said this is called Ji Feng?” Tan Tianfeng asked again, “He has a good relationship with Zhang Lei?”

The skinny boy nodded, “Yes Young Tan, I have inquired, in the school, it seems that this Ji Feng has the best relationship with Zhang Lei, moreover, I heard that this person is very powerful, he once swept the entire Taekwondo gym and defeated all of Kerry’s black belt masters.”

“Humph! What bullshit black belt masters, the Kerry people are all bullshit! Their kung fu, it’s all just fancy kung fu, and they think it’s great just because they defeated a black belt master?” Tan Tianfeng snorted disdainfully, “This bastard called Ji Feng, thinks that just because he defeated a black belt master, he thinks he can be invincible?”

The skinny boy opened his mouth, wanting to say something but then stopping.

In fact, he wanted to say that Ji Feng should be very powerful, and that Ji Feng didn’t seem to be bragging when he spoke. However, seeing Tan Tianfeng’s scowl, the boy didn’t dare to say anything under.

“Get lost, and tell me promptly if you have any news!” Tan Tianfeng waved his hand and said impatiently. He didn’t see the boy’s demeanour, and in fact, he didn’t care to pay much attention to such a small person. If it wasn’t for the fact that he could use this guy right now, Tan Tianfeng wouldn’t even have the inclination to look at him!

The skinny boy rushed out at once, leaving only Tan Tianfeng with a fierce smile on his face.

“Going to deal with me? To exterminate my whole family?” Tan Tianfeng laughed coldly, “What a big mouth, if you look at the entire martial world, even those old monsters would never dare to say such words, this Ji Feng is really as rampant as can be!”

“Hmph!”

Tan Tianfeng sneered, “Want to deal with me? That’s fine, I’ll give you that chance!”

In this instant, Tan Tianfeng’s hatred for Ji Feng even surpassed his hatred for Zhang Lei.

“Ee?”

Suddenly, Tan Tianfeng was slightly stunned, “Wait a minute, Ji Feng, Ji Feng why do I find this name familiar?”

Pondering slightly for a moment, he immediately took out his phone and flipped out a message.

On it, there happened to be Ji Feng’s name!

A cold smile immediately appeared on Tan Tianfeng’s face, “Sure enough! I said why do I find this name so familiar, so it’s you humph! We can be considered old enemies, last time we crashed my car, I still haven’t settled the score with you, but this time you actually came out to cross me again?”

“Hmph”

Tan Tianfeng sneered, “Fine, since you are so eager to find death, then I will make it happen!”

Thinking of this, he immediately dialed a number and instructed, “It’s me, from today onwards, apart from keeping an eye on Zhang Lei’s whereabouts, keep an eye on that Ji Feng’s movements, his activity patterns and so on, tell me all about it!”

After saying that, he hung up the phone, a cold aura flashed in his eyes, “Ji Feng”

.....

At this time, Ji Feng did not know that he had already fallen into the eyes of others, and, was listed as a target alongside Zhang Lei, they, both of them, were the people Tan Tianfeng wanted to deal with!

The actual fact is that you can find a lot of people who are not able to get a good deal on the subject.

During this period, he received a call from Rong Peng, who informed him that the verdict of the case in Yuezhou had been announced, and Hou Youde and his two thugs were sentenced to death, while Tension Qin was sentenced to 20 years because some previous cases were turned up.

Apart from that, Ji Feng asked about the situation of Rongpeng Group.

Rong Peng said that the Rong Peng Group, now, was no longer called by that name, but was officially renamed as the South Guangdong Brilliant Group.

Ji Feng then laughed, the Wu family’s people wanted to be brilliant again?

But, the Rong Peng Group, oh, now should say the South Guangdong Brilliant Group, inside the talent was Rong Peng poaching over a large number of not to mention, inside the technical staff also left

almost, this kettle bottom of a move, definitely let the Brilliant Group vitality is greatly wounded, they still want to be brilliant again, this can be difficult

Chapter 1112

Three days passed in a flash.

During these three days, the final exams of the United University were held as scheduled.

Although Ji Feng hadn't attended many classes in school this semester, this exam was something that he couldn't skip.

It was a good thing that Ji Feng's major, which was only his first year into the professional curriculum, plus he was usually engaged in business matters and had more exposure to it, so he could easily answer those things by rote, and those comprehension questions, such as giving an economic case for analysis, he was also able to analyse in a logical manner.

Therefore, the exams in the past few days were considered very easy for Ji Feng.

After the exams were over, Ji Feng immediately called and found Zhang Lei, ready to go directly with the white spider and drive to pick up Zhang Lei and Shen Jingyi and take her to the station first so that she could go home.

However, Zhang Lei refused.

He said over the phone, "Crazy, I'm not that delicate, am I? Besides, he Tan Tianfeng isn't that scary, I'm not so scared to even leave the door for him, I'm not comfortable with you guys protecting me like this!"

Ji Feng then said, "Lei Zi, this is not a question of being delicate or not. Just because Tan Tianfeng dares to find someone to spy on you, that proves that he really wants to get at you. Now is not the time for you to play the hero, after all, your strength is still progressing and sooner or later you will reach a certain height. But now you're not careful, if things do happen, won't you have suffered in vain then?"

"It's not like stealing a girlfriend is about who has the harder fist!" Zhang Lei said, "Besides, if it's between getting beaten up and having your nerves strained for protection, I'll definitely choose the former."

Ji Feng then frowned, Zhang Lei's stubbornness made him a little helpless.

In fact, he understood Zhang Lei's thoughts very well, this kid had always had this stinky temper, and more crucially, Zhang Lei didn't want to choose to back down, even though he knew that if after some time, as long as he kept practicing body building exercises, he might be able to beat Tan Tianfeng head on.

However, he just wasn't willing to do so, preferring to take a beating rather than back down!

This was not a show of bravado, but a kind of persistence on Zhang Lei's part. Although this kind of persistence might seem a bit silly to outsiders, in reality, it was one of the most obvious characteristics of Zhang Lei's character.

“Madman, it’s like you said, if I give in today, even if I’m even more powerful in the future, but whenever I think of the present, I will feel a sense of shame, I don’t want my face to be on fire when I think of it in the future, that’s not what I want!”

Zhang Lei said seriously, “There is no shame in getting beaten up, if you are not as strong as others, then you must be beaten up. But after being beaten up, I will find a way to fight back and I will practice gymnastics hard! But if I’m scared in my heart, I won’t be able to be strong again in this life, and whenever I see Tan Tianfeng again in the future, I’ll be the laughing stock of him!”

“What kind of bullshit reasoning are you talking about!”

Ji Feng was speechless at this statement of Zhang Lei’s, he said helplessly, “You also put your eyes on it, which person in power would carry a knife with personally go fight with others? You have all of us around you, this is all your resources, why don’t you use them?”

“I’m not a superior person in the first place!” Zhang Lei chuckled, “On top of other things, I might choose to avoid first and then fight back, but, now that I’m stealing a girlfriend and a wife, I definitely won’t back down!”

This guy

Ji Feng helplessly waved off his hand, but in his heart he could more or less agree with Zhang Lei’s idea, in other things he could choose all kinds of ploys, he could circumvent and encircle, he could play the Thirty-six Stratagems

However, now that we are in the process of stealing a girlfriend, we have to rely on our real skills!

Although this idea seemed more or less silly, Ji Feng still agreed, and he nodded his head and said, “Well then, since you are so insistent, then I won’t go there, but there is a condition you must agree to, otherwise, I will send you and Shen Jingyi home separately now!”

“Say it, what’s the condition?” Zhang Lei asked with a smile.

“I’ll let Old Du go with you, so the two of you can take care of each other as well!” Ji Feng said.

“Crazy, I see

Before Zhang Lei could finish his words, he was interrupted by Ji Feng.

“You kid don’t need to chatter with me here again, if you keep talking so much nonsense, I’ll go find Tan Tianfeng here and beat him back!”

Ji Feng grunted, “The reason I didn’t move Tan Tianfeng was because I was saving you the opportunity! Listen, now I’m giving you two choices, the first, let Old Du accompany you to send Shen Jingyi. The second choice is that I will go to Tan Tianfeng and beat him so badly that he won’t even recognize his mother, so that he will never dare to go near Shen Jingyi again, your choice!”

“Fine, fine!”

Zhang Lei instantly laughed bitterly, “I promise, I promise you still can’t! You kid is really

“Fuck off!” Ji Feng couldn’t help but scold: “I’m only convinced of you, not that strength, but also must be swollen face fat must be kung fu powerful to be a man? Dare to take charge with courage, that is the man!”

“.....” Zhang Lei was listening on the other end of the phone, with a bitter smile on his face.

“Okay, I don’t bother to say more about you, you and Jingyi wait at school first, Old Du is also at school now, let him go over to you!” Ji Feng finished speaking and hung up the phone.

Afterwards, he called Du Shaofeng again, “Old Du, contact Zhang Lei, accompany him to send Shen Jingyi there might be a little trouble on the way, pay attention to it, don’t let that Zhang Lei guy commit an ass temper!”

Du Shaofeng instantly understood, he smiled and said, “Don’t worry, I will keep an eye on Zhang Lei.”

After arranging for Du Shaofeng, Ji Feng then put away the phone, he rubbed his temples and muttered secretly, “Should I go to Tan Tianfeng and give him some warning first?”

To be honest, despite Shen Jingyi’s words about how powerful the innate experts were, Ji Feng really didn’t take them seriously, because those so-called martial arts experts he had come into contact with were all so unbearable that in his eyes, they were not considered experts at all!

That Tian Guodong of the Xuan Yin Sect was powerful enough, right? Those two elders were also powerful enough, weren’t they?

What was the final outcome?

He was still unable to withstand his three punches and two kicks?

That was why Ji Feng didn’t take those martial arts experts seriously, even those Xiantian experts.

Therefore, when Shen Jingyi said that there were several Xiantian experts in the Tan family, Ji Feng did not even take it to heart.

A Xiantian expert was nothing remarkable!

He was just the son of a martial arts family, and he was so arrogant as to do so!

But after a long time of consideration, Ji Feng still didn’t go to Tan Tianfeng, Zhang Lei was also getting up soon, this guy, let’s leave it to Zhang Lei to clean up!

It was like he said, now it was a girlfriend snatcher, this kind of thing was certainly not good to pretend to be someone else.

The fact that Du Shaofeng is accompanying Zhang Lei should not be a problem, Du Shaofeng has been practicing aerobics for some time, his body has improved greatly, so I believe he should be able to deal with that Tan Tianfeng.

Therefore, Ji Feng did not bother with this matter, but took the white spider with him and went to Rong Suyan’s Rong venture capital.

.....

Du Shaofeng followed Ji Feng's words, found Zhang Lei, and the three of them drove Ji Feng's original Audi to Jiangzhou airport.

"Zhang Lei, since you insist on practicing the aerobics that Ji Feng taught you, then do it properly." At the entrance of the airport, Shen Jingyi took out a tissue, wiped Zhang Lei's sweat for him and said gently, "I'm going home this time, first and my parents through, don't worry, whether you're a master or not, it won't affect the relationship between us, also be too desperate"

Zhang Lei harrumphed and said, "That can't be, since I said I want to become an expert, then I absolutely can't talk without counting. But it's good for you to explore your parents first, if they agree then naturally better, if not, then I will break into your house and snatch you away directly!"

"You"

Shen Jingyi can't help but purse her lips and laugh lightly: "No matter what time it is, you always have to be poor, well, I won't talk to you anymore, it's time to board the plane"

"Don't worry, when you come back, you will find that I have changed greatly!" Zhang Lei said with a smile.

Shen Jingyi nodded slightly and said, "I'm leaving then."

Watching Shen Jingyi pull her luggage and walk into the boarding gate, Zhang Lei then turned his head to Du Shaofeng and said, "Old Du, let's go."

The duo drove their car and had just left the airport when they suddenly saw a silver and white sports car rushing over to the intersection in front of them.

Zhang Lei, who was driving the car, suddenly turned pale as he slammed a sharp brake.

"Zee-!"

Zhang Lei and Du Shaofeng both couldn't help but jerk forward, Zhang Lei's chest even hit the steering wheel at once, and he couldn't help but let out a stifled cry. The silver and white sports car in front of them also stopped, but there was no movement inside.

"Shit! How is the car in front of you driving?!" Du Shaofeng was instantly furious.

Zhang Lei also frowned tightly, he couldn't help but lower the car window, peeked out and bellowed, "What are you doing? Driving so carelessly! It will hurt others know?!"

However, to Zhang Lei's and Du Shaofeng's surprise, the person in the silver-white sports car also poked his head out of the window, but instead of apologising to them, or cursing in an aggressive manner, the person inside the car made an action that made Zhang Lei and Du Shaofeng extremely annoyed.

He looked at Zhang Lei and Du Shaofeng, and then at their car, and a cold smile appeared on his face.

And then, this young man suddenly grinned, stretched out his hand, and then, he raised his middle finger

This is a very insulting gesture, normally if anyone does this for no reason, it will still cause others to resent it, let alone now when the two sides are slightly in conflict?

Tengdi!

Zhang Lei and Du Shaofeng's anger bubbled up, and their faces, too, turned gloomy!

Chapter 1113

"Bastard!"

Zhang Lei instantly cursed angrily, "This motherfucker is too arrogant!"

"Owns a beating!" Du Shaofeng also said coldly.

The two looked at each other, opened the door and got out of the car at the same time, and walked towards the silver and white sports car with big steps.

Buzz~~~!

However, just as they were about to walk in front of the silver and white sports car, the sports car suddenly started up, and the loud roar of the engine came out, showing that the driver in the car was frantically adding gas to the door.

"Trying to run?!" Du Shaofeng's face suddenly turned cold and he was about to go up to chase after him.

Zhang Lei, however, pulled him back and shouted lowly, "Be careful, this guy may not be trying to run!"

Because through the windscreen of the silver-white sports car, he saw the young man inside smiling at them, that smile was very unkind, obviously the other party should not want to run, otherwise, this guy would not be so provocative just now.

As expected, Zhang Lei and Du Shaofeng had just stood still when the silver and white sports car suddenly roared and came over like lightning. Looking at the appearance of the silver-white sports car, it was actually rushing directly towards Zhang Lei and Du Shaofeng and hit them directly!

"Damn it!" Zhang Lei's face was gloomy and frightening as he just stood there in place without the slightest intention of dodging, "I'll see how bold you really are!"

Buzz ~~~~!

The silver and white sports car, however, had no intention of stopping at all, and rushed straight over. Originally, the distance between this silver and white sports car and Zhang Lei and them was not even ten meters, but now with this violent rush, it was at their heels in the blink of an eye.

"Get out of the way!" Du Shaofeng was quick and grabbed Zhang Lei and rolled to the side to see if he could avoid the silver and white sports car that was coming straight at him.

"Squeak-!"

The sports car suddenly braked sharply, at a place that was only a few dozen centimeters away from the Audi that Zhang Lei was driving, the brakes stopped, and a very handsome looking young man stuck his head out from that silver and white sports car kind of, looking at Zhang Lei and Du Shaofeng who were rolling over on the ground with a mocking smile flashing across the corner of his mouth.

“You don’t want to die!” Du Shaofeng, however, helped Zhang Lei up and roared, “Why didn’t you dodge out of the way when you saw him crashing over? How can you be so stupid and bold!”

Zhang Lei was not the least bit flustered as he laughed, “Even if you didn’t push me, I could have dodged I just wanted to see if this beast had the guts to do so. However, when he hit it like that, I do know who this beast is!”

“Who is it?!” Du Shaofeng was suddenly slightly stunned, he suddenly remembered something and asked, “When Ji Feng asked me to come, he said that there might be danger on the way, is this it?”

“Apart from this brute, who else could dare to do this to me?!” Zhang Lei couldn’t help but sneer, sticking out his thumb at the young man who was sitting in the silver and white sports car, and smiling faintly and coldly, “Good job, kid, you’ve really pissed me off! You’re something!”

As he spoke, Zhang Lei’s eyes flickered with an icy murderous look. In fact, he was truly shaken with rage. Just now, if it wasn’t for the fact that he and Du Shaofeng were both very nimble and could still dodge, if it was an ordinary person, with the speed of this silver and white sports car, they would have been crushed to death just now!

However, the young man in that silver-white sports car was not the least bit scared, let alone half-remorseful for his actions, he also had a smile on his face and also extended a thumbs up to Zhang Lei.

“You’re Zhang Lei, right? That lai donkey roll just now was very well done, wonderful and very lai donkey-esque!” The young man got down from the car, he was half sitting on the roof and looked at Zhang Lei derisively, “Well, it was really wonderful, can you do another one for me to see?”

“Go home and watch your mother!” Du Shaofeng immediately became furious and cursed, “Son of a bitch! I’ve seen many brutes, but this is the first time I’ve seen one as brutal as you!”

“You want to die too?”

The young man’s face instantly turned incomparably gloomy as he fiercely looked at Du Shaofeng, “If you dare to curse half a word again, I will let you die here today!”

“Humph!” Du Shaofeng sneered, “Fine, motherfucker, I really don’t deserve to die! You”

“Old Du!”

Zhang Lei interrupted him, “Let me handle this matter!”

After saying that, Zhang Lei looked at the young man again, he slowly took a few steps forward and asked indifferently, “Tan Tianfeng?”

“Oh? Know my young man’s name?” Tan Tianfeng asked with a wry smile, “What, are you planning to fight me and teach me a lesson? Or are you going to make amends with me and apologize, then get lost immediately?”

“You really dare to think” Zhang Lei shook his head and laughed, his face was full of smiles, but his heart was surging with killing intent, and the cold light in his eyes was constantly flashing.

“Tan Tianfeng, today’s matter, I’ll make a note with you.” Zhang Lei said indifferently, “Just now you drove a car to hit me and my friend, with the speed of the car just now, that is equal to murder, but I will not sue you either Please remember, this account, I will personally settle with you!”

“Is that so?”

That Tan Tianfeng coldly laughed, suddenly his face changed and he slapped his face violently, this slap went straight to Zhang Lei’s face, it could be said to be extremely humiliating, Tan Tianfeng was clearly trying to smash Zhang Lei’s face, to humiliate him extremely!

Hoo~~!

However, to Tan Tianfeng’s surprise, Zhang Lei dodged the slap, and he also backhanded a punch towards his lower ribs.

Tan Tianfeng immediately twisted his body to avoid Zhang Lei’s punch, and then slapped Zhang Lei’s face once again. Said

“Slap!”

A crisp sound rang out under this blazing sun, but it was not Tan Tianfeng’s slap that hit Zhang Lei’s face, rather, his slap had only just landed when it was blocked by Du Shaofeng who had come up at some point, and it even shook his arm a little.

“Do you really think that you can just bully people because you know some kung fu?” Du Shaofeng stared angrily at Tan Tianfeng, “Grandson, if you want to beat up my brother, first ask grandpa if his fist is a yes!”

“Hehe”

Tan Tianfeng laughed disdainfully, “I should be the one to say this to you, with your three-legged kung fu, you dare to show off in front of me? You don’t know how to live or die!”

As he spoke, his face sank, and he took an arrow step forward and attacked.

He immediately pulled Zhang Lei back and fought with Tan Tianfeng. Tan Tianfeng was extremely fast and hit Du Shaofeng repeatedly, while Du Shaofeng was extremely powerful, and every time he hit Tan Tianfeng, he would make him retreat two steps. In this extremely short period of time, the two fought on an even footing.

“Yo-ho?”

Tan Tianfeng jerked back a step and separated from Du Shaofeng, he gave Du Shaofeng a surprised look, “You silly donkey, you actually have some ability, but let me tell you, having strength may not necessarily be powerful, young master I only used a third of my strength just now, now, I’ll let you feel what real strength is!”

Hoo~~!

In the next moment, Zhang Lei suddenly blocked in front of Du Shaofeng, his face was frighteningly cold as he stared straight at Tan Tianfeng, a cold chill flickering in his eyes.

“Tan Tianfeng, you’re very powerful, you’re really something!” Zhang Lei said coldly, “Say it, what exactly do you want today!”

He had already seen that Du Shaofeng was not Tan Tianfeng’s opponent, although his own kung fu had not reached that stage, he could still tell which was higher or lower between Du Shaofeng and Tan Tianfeng’s kung fu.

Therefore, he didn’t let Du Shaofeng and Tan Tianfeng fight any further, he wasn’t afraid of Tan Tianfeng in the first place, so now he naturally stood out directly.

“Yo-ho?”

Tan Tianfeng laughed derisively, “Acting like a hero, huh? Let me tell you, today you can’t protect him and he can’t protect you, he scolded me and you have angered me, both of you, I will clean up!”

“Is that so?” Zhang Lei smiled faintly, “You have the ability, but please remember, what you gave me today, I will pay back ten times a hundred times more in the future!”

Hoo~~!

Tan Tianfeng didn’t put Zhang Lei in his eyes at all, he never considered Zhang Lei as an opponent, so in the face of Zhang Lei’s toughness, he simply ignored it and punched straight through.

Zhang Lei’s reaction wasn’t slow either, he backhanded a punch and met it as well.

Bang!

The two of them hit each other’s bodies, and Tan Tianfeng’s figure swayed slightly, while Zhang Lei took two steps backwards.

In this way, the gap was evident, the current Zhang Lei was not yet a match for Tan Tianfeng.

However, Zhang Lei did not show the slightest sign of weakness, he did not care that he had received a punch at all, he just stared coldly at Tan Tianfeng.

This Zhang Lei had taken a punch from himself and was still able to stand, he was quite capable! Although Tan Tianfeng did not use his full strength in this punch, the power of this punch was not small either.

His brow furrowed and he sneered, “So you know a bit of kung fu too! I was worried about killing you with my full power, but now I can have a good time!”

Tan Tianfeng stared at Zhang Lei as if he had found a very interesting toy, he took a step forward and kicked out quickly.

Zhang Lei also showed no weakness and immediately fought with him.

However, Zhang Lei himself did not know any fighting skills, so after two rounds, he was hit with a punch and staggered back two more steps, and his face turned red.

“Cough” Zhang Lei coughed and immediately forced himself to suppress it.

He gave a thumbs up, "Awesome! But it seems like your fist doesn't have much power, I can still take a few hits!"

"How dare you talk tough!" Seeing his mocking expression, Tan Tianfeng was furious and stepped forward to slap him, "I'll let you talk tough, I won't hit you today, I'll just slap you in the face!"

Zhang Lei, however, was not afraid and punched out with his backhand.

Bang!

Zhang Lei blocked Tan Tianfeng's slap, but a sharp pain came from his hand, and he couldn't help but take two steps back again.

Chapter 1114

"Doggone thing, I'll get you to death!" Du Shaofeng also roared in anger and joined Zhang Lei to battle Tan Tianfeng.

The addition of Du Shaofeng immediately reduced Zhang Lei's pressure and also made Tan Tianfeng not dare to tease Zhang Lei so much anymore. As the saying goes, once a connoisseur strikes, one can tell if there is any. When Tan Tianfeng had fought with Du Shaofeng before, he knew that this big man had practised kung fu and was quite good at it.

Therefore, Tan Tianfeng did not dare to be careless. He immediately used all his strength and activated his internal force to fight with Du Shaofeng and Zhang Lei.

The fight between the three was very intense, mainly between Du Shaofeng and Tan Tianfeng, but Zhang Lei was at the side. Although Du Shaofeng's kung fu was slightly inferior to Tan Tianfeng's, the difference between them was not too big and in a short time, Tan Tianfeng could not defeat Du Shaofeng quickly.

Although Zhang Lei did not know kung fu, he was exceptionally agile because he had been practising aerobics for a long time, and if not for that, he would not have been able to dodge Tan Tianfeng's highly insulting attacks in succession before.

So with Zhang Lei by his side, pulling Tan Tianfeng's energy, the three actually fought evenly for a while!

However, Tan Tianfeng's kung fu was ultimately superior, so after the three fought fiercely for a moment, Tan Tianfeng seized an opportunity to shake back Du Shaofeng with a punch, and then, with a cold light flashing in his eyes, he slapped a palm on Zhang Lei's shoulder.

Stomp, stomp, stomp!

Zhang Lei could only feel a painful drilling on his shoulder, and at the same time, there was a huge force pushing in, making him unable to help but take a few steps back.

The three men stopped, only for both sides to look at each other warily.

"Zhang Lei, it's not good to be beaten by me, is it? You won't be able to keep your face today, I'll smash your face!" Tan Tianfeng laughed mockingly.

"As long as you have that ability, feel free to come!" Zhang Lei said indifferently.

There was still a burst of sharp pain coming from his shoulder, making it a little difficult to lift his arm, but he didn't even frown, he just stared coldly at Tan Tianfeng, in front of him, Zhang Lei would never lower his head!

Just then, a bellowing sound suddenly came from the distance, "Hey, what are you guys doing!"

Several people immediately turned their heads to look, but they saw two people in police uniforms running over quickly, it turned out that the fight between the three of them just now had attracted the attention of the airport police, and now the police officers had come over to stop it.

"Hey! Zhang Lei, count yourself lucky today, if the police hadn't come over, you would really be dead!" Tan Tianfeng sneered as he glanced at Zhang Lei and said mockingly.

Zhang Lei, however, just smiled lightly and said, "Some people say that you are arrogant and don't know how high the sky is, and I think that is indeed the case. The one who is really lucky today is you. You should be glad that I was willing to fight you in my own way, otherwise, you would have been in jail by now!"

"Is that so?" Tan Tianfeng harrumphed, "I'm really scared! I'm scared to death!"

Zhang Lei shook his head noncommittally and stopped paying attention to him.

It was naturally impossible for this Tan Tianfeng to know that if Zhang Lei wanted to use underhanded tricks against him, even if he had a hundred lives, he would have given up in Jiangzhou long ago.

Not to mention anything else, just because Tan Tianfeng attacked Du Shaofeng and Zhang Lei for no reason today, he is qualified to go to the detention center for a few days to reflect on himself. And in a few days in the detention center, he doesn't know how many times he can die!

So it was definitely not bragging when Zhang Lei said that it was Tan Tianfeng who was lucky today and he told Tan Tianfeng to celebrate.

However, Tan Tianfeng thought that Zhang Lei was dead set on saving face and was still talking tough, and did not take it to heart at all. In fact, he simply did not put Zhang Lei in his eyes.

In his opinion, Zhang Lei was just a student, at most his family had some money, but that was all, not worth paying attention to at all.

Zhang Lei gave him a cold look, and he took it to heart for this arrogant bastard.

"You three, what are you doing?" By this time, the policeman had walked over and bellowed, "Why were you fighting here just now?"

"Nothing, just fooling around!" Tan Tianfeng said with a smile, "It's fine, it's fine!"

"Really nothing?" The policeman asked suspiciously, his eyes looking towards Du Shaofeng and Zhang Lei who were standing opposite Tan Tianfeng.

"It's fine, just a little clash, it'll be fine now." Zhang Lei said.

His words were more sincere and the policemen saw that none of them were hurt, so they said, "But no fighting, what's wrong with doing something in such a hot day that you have to fight? Hurry up and separate, or else you'll come with me to the police station!"

"Zhang Lei, you're lucky today! From today onwards, you'd better stay away from Jingyi, or else next time I meet hum! See how I play you, I'll smash your face in!" Tan Tianfeng sneered, turned and pulled open the door of his sports car, and was ready to drive away.

"What are you talking about!" One of the policemen barked, "Is it true that you want to go to the police station!"

Tan Tianfeng sneered, and without further ado, he started the car.

"Wait a minute!"

Zhang Lei suddenly called out to him.

"What, still not convinced?" Tan Tianfeng asked with a sneer.

"Oh" Zhang Lei sneered and stared straight at Tan Tianfeng, saying seriously and solemnly, "Tan Tianfeng, what you gave me today, I have proceeded and taken it to heart. As I said, I will return what you have given me ten times a hundred times over, for sure! So, please remember my words too!"

"Ha!"

Tan Tianfeng was as if he had heard the funniest joke in the world, he pointed at Zhang Lei and sneered, "Kid, as long as you have that ability, I'll be ready to accompany you, just in case you're a loser for the rest of your life, only worthy of being hit in the face by me, tsk"

After saying that, he stepped on the accelerator and directly reversed the car and left.

Watching the scene of that silver and white sports car leaving, Zhang Lei stood in place with a calm face. Only, if one paid attention one would see that in his eyes, a cold light that sent chills down one's spine was flickering.

"My face, it's not that easy to hit!"

Zhang Lei faintly said to himself, "No one is qualified to hit me except my parents and elders, today you gave it to me, I remember it, I really remember it"

"But I hope you also remember my words!"

Zhang Lei couldn't help but shake his head and laugh again, "Just a bastard like you, how could Jing Yi possibly look at you?! It's really"

"Hey, what are you still doing here, hurry up and leave, remember, no trouble in the future, do you hear me?!" The policeman saw that both Zhang Lei and them, and Tan Tianfeng before them, were driving nice cars, so they thought this was some rich kid causing trouble, so they didn't ask too much about it, but just gave a warning.

"Zhang Lei, are you alright?" Du Shaofeng asked. He knew that Zhang Lei had been hit on the shoulder by Tan Tianfeng earlier, so he asked.

Zhang Lei laughed, "It's fine, let's go!"

The duo got back into the car, still with Zhang Lei driving, and left the airport.

"Zhang Lei, are you alright?" In the car, Du Shaofeng asked with concern, "Brother, don't be ordinary with that beast, that guy is a mad dog like character"

"Don't worry old Du, I'm fine!" Zhang Lei laughed.

"That's good, it's not worth getting angry with such a person, if you really can't get angry, just call someone, press this animal to death in Jiangzhou, throw it into the Pu River to feed the fish, brother I'll be the first to help you fight!" Du Shaofeng said.

Zhang Lei couldn't help but smile: "Old Du, it's really okay, your good intentions, my brother appreciates it!"

Du Shaofeng, however, was still a little worried, but it was just not good to continue asking.

He knew very well that on the surface, this matter seemed to have come to an end. However, Zhang Lei had suffered a loss.

Although he had not been hit in the face by Tan Tianfeng, however, from the beginning to the end, it could be said that Zhang Lei had been pressed and beaten by Tan Tianfeng. Especially in the face of Tan Tianfeng's almost humiliating attack, Zhang Lei was barely able to put up much resistance.

It was even more humiliating than being beaten!

Du Shaofeng also knew Zhang Lei's temper, and he was really afraid that Zhang Lei would do something stupid if he held his anger in his heart.

"Zhang Lei, or you can call someone and let's screw him!" Du Shaofeng said, he is a person with a naive character, can't think of any better way to fight and can't beat others, so he can only think of dealing with Tan Tianfeng through the official power.

"Hehe"

Zhang Lei laughed, "Old Du, to be honest with you, to say that I am not angry in my heart, that is certainly a lie. But from the very beginning, I never thought of using other methods to deal with him, otherwise, he would have been thrown into the river to feed the fish. I wasn't being cheap and deliberately looking for a beating, it's just that ah, I wanted to use him to motivate me and also to prove myself"

Du Shaofeng was a little confused by what he heard, but he understood that as long as Zhang Lei didn't think anything too drastic.

"But ah, the humiliation I suffered today, I will definitely pay him back a hundred times!" Zhang Lei said in a loud voice, "When the time comes, we brothers will fight together and go to his home, we can also open our eyes and see what kind of family can produce such beastly things!"

Du Shaofeng nodded, but his face was still a bit unpleasant, that brute Tan Tianfeng had humiliated them so much, Du Shaofeng simply hated it so much that he gnashed his teeth!

.....

Rong's Venture Capital Company, Ji Feng was chatting with Rong Peng, listening to his future plans.

"Ding"

Just then, Ji Feng's phone suddenly rang, he gave an apologetic look to Rong Peng, took out his phone to look at the caller ID and found that it was Du Shaofeng calling, so he picked it up.

"Hey, Old Du, what's up?" Ji Feng asked.

"Ji Feng, Zhang Lei has been injured!"

Du Shaofeng said, "Today we dropped off Shen Jingyi and ran into a man called Tan Tianfeng at the airport"

He quickly told what happened in today's encounter, especially explaining how arrogant Tan Tianfeng was and how Zhang Lei was hit in the shoulder.

"Bang!"

Ji Feng was instantly furious as he viciously slammed his fist on the desk, instantly startling Rong Peng, who was even more stunned and froze looking at the desk in front of him.

That solid solid wood desk had actually been smashed out of a big hole by Ji Feng's fist!

"Bastard! Tan Tianfeng bullies people too much!" Ji Feng was shaken with rage!

Chapter 1115

In the villa, Ji Feng was sitting on the sofa, his face incomparably gloomy.

Opposite him, Zhang Lei and Du Shaofeng were also sitting on the sofa, next to Tong Lei and Han Zhen, who were both looking at Zhang Lei with concern.

"Simply an asshole!" Ji Feng grimaced and coldly snorted, "He actually ran to the airport to intercept it, he really couldn't wait a minute!"

"How did that guy know we were at the airport?" Du Shaofeng asked in confusion.

Within this matter, Du Shaofeng was not too clear about the causes and consequences, so for what happened today, he thought it was one of Zhang Lei's old enemies.

"How do you know? That's not someone watching Zhang Lei!"

Ji Feng said in a cold voice, "I'm afraid that as soon as you guys left the school, Tan Tianfeng was already following behind, and he only appeared when Shen Jingyi went back!"

Seeing Du Shaofeng's puzzled look, Ji Feng said, "That Tan Tianfeng, is Zhang Lei's love rival, good at kung fu, always looking for an opportunity to deal with Zhang Lei, never thought that this time he would really catch up!"

"Damn it, this bastard thing!" Du Shaofeng was instantly furious, "I said why that beast has been deliberately humiliating Zhang Lei, so that's what's going on! Motherfucker, even if you're a love rival,

there's no way to humiliate someone like that, right? Let's just go with our own abilities, whoever can catch up then it's his!"

"If he's really as reasonable as you say, then he's not a brute!"

Ji Feng sneered, he paused and pointed a finger at Zhang Lei: "You too, Lei Zi, you kid are just a bitch! You don't know how much power and resources around you can use, official, feel free to use, civilian power, we have the same, to say force, as long as it's your business, you say where to fight I fight, if I can't, I spell this face to invite the troops, what bullshit martial arts family, it's not how you want to get rid of them, why do you have to go suffer this?!"

Looking at Ji Feng's furious look, his face red with anger, Zhang Lei couldn't help but feel a warmth in his heart.

He nodded heavily, "Crazy, without saying anything else, it's worth it for me, Zhang Lei, to have a brother like you! Really, I'm most fortunate to have a brother like you!"

"Since you still know that we are brothers, then this time you will listen to me!" Ji Feng said, "First, send this Tan Tianfeng to prison, I'll give him a chance to show his martial arts skills, I'll go to the prison and fight him, whoever loses, whoever dies!"

"Secondly, you immediately contact Shen Jingyi and ask for the Tan family's address, situation, and personnel as well as some social connections and so on!" Ji Feng said, "Isn't he relying on his family's power, and his own martial arts skills? Well then, whatever he relies on, I'll knock his reliance off, I'll make him have nothing!"

"If he just beat you up, then I won't say anything, but now that he's completely humiliating you, I can't just sit back and do nothing!" Ji Feng said forcefully.

As soon as Du Shaofeng described to him the scene of the three of them doing it today, Ji Feng immediately understood that Tan Tianfeng was deliberately humiliating Zhang Lei, simply playing with him like a thing, and slapping him in the face every time, what was that?

What about beating the dog?

And what's all this talk about smashing Zhang Lei's face in?

"Simply damn!" Ji Feng was still in a heated rage even now.

When he thought back to when he was in high school, he was bullied by an official's son named Xu Mo who liked Tong Lei at that time, Zhang Lei stood up for him several times, and now that Zhang Lei was also in this situation, Ji Feng was instantly reminded of the situation and became even more furious in his heart.

As soon as he remembered this, he wanted to smash that doggone Tan Tianfeng to death right now!

"Crazy, I understand your feelings very well." Zhang Lei looked at Ji Feng and said with a serious expression, "In fact, I'm just as angry in my heart, but yet, I won't use this way to deal with the Tan family, and Tan Tianfeng!"

“Then what method do you want to use? Trying to stick your face out for people to hit, so that they end up being too embarrassed to hit anymore and shame them to death?” Ji Feng asked with a sneer.

Zhang Lei laughed bitterly, “Crazy, take it easy first, we won’t be able to communicate when you’re in a fit of anger.”

“Humph!”

Ji Feng snorted coldly and couldn’t help but glare at him, “I get angry when I see you, how else can I take the edge off? You’re usually such a shrewd person, how come you’ve become so confused when you encounter such things? You and Tan Tianfeng are not on the same level, so why do you have to create a straitjacket for yourself?”

“At least in front of Shen Jingyi, the two of us are on the same level!”

Zhang Lei said, “Even though Jing Yi has chosen me, I have yet to gain the approval of her family, so I have to do so. Actually, this is just one of the factors, anyway, no matter what, this matter, let me decide how to solve it by myself, alright?”

“You solve it yourself?”

Ji Feng snorted coldly, “How do you plan to solve it?”

“Follow what you said, use half a year to reach the middle Houtian stage” However, before Zhang Lei could finish his words, he was interrupted by Ji Feng.

“Don’t you dare, I can’t wait that long!” Ji Feng said bluntly, “I don’t want my brother to be recklessly humiliated by others again, I’ve never been one for the saying that a gentleman’s revenge is never too late!”

He held up two fingers, “Listen carefully, Lei Zi, I only give you two months! And, it’s two months at most! During these two months of summer vacation, I will personally teach you kung fu, teach you to practice gymnastics, hand in hand! After two months, we’ll go to the Shen family together and pick up Shen Jingyi!”

Looking at Zhang Lei’s stunned expression, Ji Feng smiled coldly, “Lei Zi, if you fail to meet my requirements in these two months, then don’t blame me, when the time comes, I will strike directly and crush or even destroy the Tan family! Snatch Shen Jingyi back for you!”

“Crazy, this” Zhang Lei was dumbfounded as he listened, Ji Feng was really ruthless to the bone!

“There’s no such thing as this and that, it’s settled!” Ji Feng said, “You stay at my place, our training, will officially start from early tomorrow morning! Unless you want to endure today’s humiliation again, then don’t talk so much nonsense!”

“..... Good!” Zhang Lei nodded heavily, but his heart was full of warmth, Ji Feng did all this for him? Zhang Lei is not a fool, of course he understands Ji Feng’s good intentions!

“Well then, let’s stop here today, there’s no need to say anything.” Ji Feng waved his hand and stood up, grabbing Zhang Lei’s arm with one hand.

“Hiss...!”

Zhang Lei immediately sucked in a breath of cold air in pain, and his face changed.

Ji Feng, however, instantly turned blue and a strong anger flashed in his eyes, “Damn it! That’s really ruthless!”

He stared at Zhang Lei’s shoulder and his face was very unpleasant.

Because the weather was now very hot, he directly pulled Zhang Lei’s t-shirt away and immediately saw that Zhang Lei’s shoulder was already bruised and had some bruises.

However, what Ji Feng was angry about was not because of this. What he was shocked with was that in Zhang Lei’s arm, he felt a strange energy flowing, although this energy was very weak, it was enough to destroy the cells and tissues on Zhang Lei’s arm

“This is true qi?!” Ji Feng’s eyebrows tightened and he was secretly infuriated beyond measure: “Tan Tianfeng obviously didn’t have good intentions when he punched Zhang Lei with this punch, he’s simply trying to ruin this arm of Zhang Lei’s!”

It was no wonder that Ji Feng was furious, Tan Tianfeng was too vicious, he really didn’t show any mercy!

If it wasn’t for Tan Tianfeng’s lack of strength, this energy he left in Zhang Lei’s body, whether it was pure or the strength of the energy, it was all very weak.

“How ruthless!”

Ji Feng secretly smiled fiercely, his heart rising with murderous intent, but on his lips he said, “Lei Zi, your arm doesn’t work, does it?”

“It’s a bit!” Zhang Lei gritted his teeth and said.

“Humph!” Ji Feng snorted coldly, “You’re still saying that, if you hadn’t found it early, I’m afraid your arm would have been ruined! Tan Tianfeng left a little something in your arm, he’s trying to ruin you”

“What is it?!” Zhang Lei asked in a deep voice at once.

“Internal power!”

Ji Feng said, “Don’t say anything, I’ll clear it out for you, see you kid still insist on using equal levels to solve this matter, this time the injury is the arm, next time I’m afraid it’s your life root”

“You guy!” Zhang Lei instantly cursed with laughter.

Next to Tong Lei and Han Zhen, both couldn’t help but blush slightly on their pretty faces, the two of them glanced at each other and hurriedly turned around and both went upstairs.

Ji Feng urged the bio-current in his body to dissolve all the true qi inside Zhang Lei’s arm, those true qi were too weak and were instantly forced out when they encountered the bio-current, without any ability to resist at all.

From this, it could be seen that Tan Tianfeng’s strength and Ji Feng’s were not at all in the same class!

Ji Feng, on the other hand, had thus gained an understanding of true qi.

“Slap!”

Ji Feng slapped Zhang Lei on the shoulder, “Alright, rest for the night, practice body building exercises, and you’ll be fine.”

“Hiss...!” Zhang Lei winced in pain, “You kid, be gentle!”

.....

When everything was taken care of, Ji Feng then walked out of the villa and came next to the garage, he dialed his second brother Ji Shaolei’s phone number.

“Third son, what do you want from me?” Ji Shaolei asked.

“Second brother, there’s something for you to help.” Ji Feng said, “Check something out for me, there seems to be a Tan family in the southwest, quite a big family, a martial arts family, help me find out what they are”

“Tan family? A martial arts family?” Ji Shaolei was a little surprised, “San’er, what’s the point of checking this out?”

“I want to move the Tan family!” Ji Feng said straightforwardly.

Zhang Lei could choose to work hard to win the understanding of Shen Jingyi’s parents and family, and Ji Feng could also understand his thoughts, many words the two brothers did not need to both say.

However, Ji Feng will not watch his brother being humiliated and remain indifferent, he will also use his way to take a stand for his brother!

Chapter 1116

“San’er, from what you say, it seems that this Tan family has a great grudge against you, huh?” Ji Shaolei laughed, “What’s going on? Tell me, I can help you out!”

“It’s just a bit of crap about stealing a girlfriend, and I ran into an idiot who doesn’t know how high the sky is,” Ji Feng gave a rough account of what happened, “Not for anything else, just the fact that Tan Tianfeng humiliated Zhang Lei. I can’t possibly let him go!”

“This guy is a bit unaware of the sky!” Ji Shaolei could not help but say even after hearing this.

It was fine to snatch a girlfriend, and occasionally get into a conflict and fight, that wasn’t impossible either. But the problem was, that guy named Tan Tianfeng, what he did was just too much, that could no longer be considered a conflict at all, but a deliberate attempt to humiliate Zhang Lei!

“Alright, I’ll check it out for you!” Ji Shaolei said, “But San’er, you shouldn’t get your hopes up, the martial arts family you mentioned, I haven’t come into contact with it, so it’s best to ask Little Uncle to help investigate this matter, using the military’s intelligence department is the most convenient and quickest!”

Ji Feng said, "No matter who you are looking for, anyway, you have to help me find out the details of this Tan family as soon as possible."

"Just don't worry, I'll help you find out!" Ji Shaolei said, "But this should take some time, don't be in a hurry!"

Ji Feng nodded and ended the call with Ji Shaolei, he dialed another number, "Hey, Uncle Zheng, this is Ji Feng, please check a license plate for me, it's a silver and white sports car right, you help find out where that person is now... .."

Check the Tan family, check that Tan Tianfeng

Ji Feng had already made up his mind that he had to find this Tan Tianfeng, he absolutely could not just let his brother suffer for nothing.

.....

"Well--"

"Ah~~"

The sky was only just hazy, and even the sky in the east had not yet turned fish-belly white, when a low moaning sound came from inside Ji Feng's villa, the owner of this sound appeared to be in great pain, as if he was going through some painful ordeal.

In fact, it was indeed so.

At this moment, Zhang Lei was pressing his legs apart, splitting them on the floor, and his upper body was pressing straight ahead, while his hands were wrapped around his back and clasped to each other, creating an extremely strange look.

Ji Feng, on the other hand, was sitting on a chair not far in front of him, holding a magazine in his hand and looking at it leisurely.

"Mmm~~!"

Zhang Lei's body was already drenched in sweat, his t-shirt clinging to his body, and his head was constantly puffing and dripping down with sweat.

Ji Feng took away the impurities, glanced at him and said indifferently, "No screaming, otherwise, the training volume will be increased!"

Zhang Lei's body instantly trembled, clenched his teeth, and no longer dared to make another half-hearted sound.

It was now the 3rd of July, the third day of the official holiday.

During these three days, Zhang Lei had been receiving special training from Ji Feng, and because of this, he had sort of seen what kind of special training Ji Feng was talking about. This kind of special training, that was simply not for human beings!

Previously, in order to meet the requirements of Shen Jingyi's family, Zhang Lei had trained to his heart's content, and he thought that he was already extremely desperate. However, now he realised that his previous training was nothing but child's play! The amount of training that Ji Feng had set for him was several times more than the amount of training he had set for himself!

Moreover, the strictness of Ji Feng's training had sent chills down Zhang Lei's spine.

This was not training, this was clearly torturing people by all means. But Zhang Lei gritted his teeth and persevered. Although the process was extremely painful, when he remembered Tan Tianfeng's insulting actions outside Jiangzhou Airport a few days ago and his own wretchedness, Zhang Lei gritted his teeth and continued to persevere!

In fact, this was also one of Zhang Lei's intentions.

He wanted to use his own methods to gain the approval of Shen Jingyi's parents and family, and wanted to spare Shen Jingyi any aggravation, which was why he was playing hard to train and trying to get himself to the Middle Houtian stage, which was one of his intentions.

However, the reason why he chose not to rely on his family background to do anything to Tan Tianfeng, but instead to confront him head-on without fear, that was actually because he wanted to make use of this kind of fanaticism of Tan Tianfeng to give himself more fighting spirit, to give him a goal to catch up, and the motivation to move forward!

He wasn't really a cheapskate who had to look for a beating!

So, even when Ji Feng was almost training him to death, he didn't even flinch or complain, no words, just two words, persist!

Even if he had to die, he still had to persist!

Zhang Lei's training continued, gradually, he felt that his body was a bit numb, the muscles under his body were no longer obedient, so unconsciously, Zhang Lei's body couldn't help but tremble

"Zap!"

A strong wind suddenly struck his body, shadowless and invisible, unseen and untouchable.

But all of a sudden, Zhang Lei's eyes suddenly opened wide, his eyes were staring deadly, his eyes almost protruding out seemingly. The veins on his forehead were even higher, and his body trembled violently.

"To keep!"

Ji Feng's faint voice came out, "Remember, even if your whole body is numb, you have to hold on, and moreover, you have to be conscious to hold on. Because this numbness you have is very normal, at this time, you need to use your willpower to let this numbness pass and find a way to feel every part of your body more importantly, to feel the changes inside you!"

Zhang Lei was drenched in sweat, his whole body almost seemed to be fished out of the water, and the expression on his face was even more painful.

But when he heard Ji Feng's words, he was slightly stunned, and then, as if he was thinking, his brows were furrowed as if he was thinking. A moment later, he actually closed his eyes straight away and continued to hold the pose.

When Ji Feng saw him like this, he couldn't help but smile slightly, "Still very talented and enlightened!"

In fact, this special training that Ji Feng had given to Zhang Lei was entirely a direct copy of the training he had gone through in the training space, which he had copied onto Zhang Lei's body.

In the training space, how the intelligent brain trained him as a demon, Ji Feng copied it onto Zhang Lei's body.

In any case, since we are brothers, what I have suffered, you also follow to taste?

Ji Feng thought of this with a rather vicious sense of humour.

Of course, this was just a joke, in fact, Ji Feng did not just want to let Zhang Lei taste the pain he had suffered, but because this devilish training method was indeed very effective.

Ji Feng himself, on the other hand, acted as the wise brain.

As long as Zhang Lei dared to move even half a muscle or make a half-hearted move that was not up to par, Ji Feng would immediately strike a bio-current that would cause Zhang Lei to suffer all over his body.

It could be said that this was the real devilish training.

In fact, Ji Feng was helpless in doing so. Although Zhang Lei had practiced up to the second set of body-building exercises, after all, he had practiced on his own by feeling his way around, so his foundation was not too well laid. Therefore, although he had practiced to the second set of aerobics, however, his strength was actually not as strong as Ji Feng's strength at the late stage of practicing the first set of aerobics!

It was also because of this that Ji Feng had to train him so brutally. In fact, it was not impossible to make Zhang Lei progress quickly.

However, Zhang Lei's foundation had not been firmly established, so if he were to make rapid progress now, it would be like pulling up seedlings, which would not be good for Zhang Lei's future development, and would even make him stronger on the outside and unable to bring out the strength corresponding to his rank at all.

This extremely hard training now, on the other hand, allows Zhang Lei to progress while building a solid foundation!

Of course, with such a steady and steady exercise, the progress wasn't as fast as Ji Feng had expected, but it was much faster than Zhang Lei fumbling around and practicing on his own.

"Ding"

At this time, Ji Feng's phone suddenly rang, it was Zheng Yuanshan calling.

Ji Feng glanced at Zhang Lei and said indifferently, "Keep practicing, kid, if you can't meet my requirements today hehehe!"

Zhang Lei then closed his eyes and did not say a word, Ji Feng looked just nodded and smiled, this guy is now really enlightened, he is feeling the changes in his body, feeling the bio-current

Ji Feng then walked out and picked up the phone, "Hello, Uncle Zheng, this is Ji Feng."

"Little Feng, the car you're looking for, I've found it." Zheng Yuanshan said, "The car belongs to a company in Xijiang, it is currently attributed to this company's office in Jiangzhou, but the person you are looking for is not in Jiangzhou right now, according to our investigation, he went back to Xijiang"

"Gone? And went to Xijiang?!" Ji Feng couldn't help but frown, "The company that the car belongs to, does it have anything to do with the Tan family?"

"This can't be found out for the time being, but from the looks of it, that's just an ordinary company, it should have nothing to do with the Tan family!" Zheng Yuanshan said, "Little Feng, what do you intend to do by checking them out?"

This private investigation of others was already against the rules, so Zheng Yuanshan had to ask Ji Feng about his intentions and purpose.

"Nothing, I just want to find someone, this guy owes me a debt!" Ji Feng said with a smile, "I just couldn't imagine that he ran away Uncle Zheng, it's hard for you, I'll visit you and your aunt at your home some day!"

"That's great!" Zheng Yuanshan instantly laughed.

"I can't believe I ran away" After closing the line, Ji Feng couldn't help but give a cold smile, "Running away is the end of the story? Since you've gone back to Xijiang, that's just right, as long as we wait for Zhang Lei's strength to reach a certain level, we'll go after you!"

He snorted coldly, a cold light flickering in his eyes.

It didn't matter if the person ran away, as long as he could find a little clue, he would definitely be able to find this person, insulting Zhang Lei, Ji Feng wouldn't let him get away with it so easily, Tan Tianfeng, as well as the Tan family, would have to pay the price!

Chapter 1117

In fact, Ji Feng also knew that Tan Tianfeng should not have run away because he was afraid. Just look at his wild appearance, this is a guy who doesn't know how high and thick the sky is, he would be afraid?

At least, Tan Tianfeng wouldn't know how to be afraid until he knew Zhang Lei's family history.

So Ji Feng was sure that this Tan Tianfeng must have left because of something else.

But it didn't matter, he had left, but he couldn't stop Ji Feng from going to him!

Ji Feng would rather Tan Tianfeng had beaten up Zhang Lei than see Zhang Lei humiliated. However, Zhang Lei was not as skilled as others, yet there was nothing to say.

Therefore, Ji Feng played hard to train Zhang Lei, and at the same time, he decided to use his own way to get justice for his brother!

Time thus passed for a few more days, and information came from the side of the second brother, Ji Shaolei, who had found out about this Tan family, through his younger uncle in Yanjing.

The Tan family is located in Xijiang province and is a large family in the area. The Tan family has a large group under its name, the Tan Group, with assets of tens of billions of dollars and is involved in many industries, including real estate, education and trade.

At the same time, the Tan family also has great power in the local area, many of the family's sons are in politics, the police, although not very high position, but this together, the energy is not small, also can be considered black and white eaten.

In addition, the Tan family itself is a martial arts family, its own strength should not be underestimated.

"Second brother, then which city in Xijiang is this Tan family actually in?" Ji Feng asked, "Apart from that, are there any more details? For example, how many innate martial artists does the Tan family have, how many descendants do they have, where are they all branching out, and so on"

"I know some of these situations in general, but because time is too short, so what I know is not too specific." Ji Shaolei said, "If you want to know the specifics, you can ask junior uncle to pass a document to you, but you still need to come forward in this matter."

"Why?!"

Ji Feng was slightly stunned, "Isn't it just a matter of asking for some information, as if there's any difficulty, huh?"

"Just kidding, it's not because you're too fussy!" Ji Shaolei laughed, "Little Uncle knew that you wanted to deal with the Tan family, so he didn't give me detailed information either, he said if you wanted it, you should talk to him personally."

"So that's how it is"

Ji Feng smiled, he then understood that this was because Little Uncle did not want him to do anything impulsive, "Well then, Second Brother, hard work, I will talk to Little Uncle about this matter."

"Third child, there's something I have to remind you of."

Ji Shaolei said, "What you said about martial arts, I also know some, according to the information I learned, but all those martial arts family out of the experts, are extremely powerful, even the leaders above, also have such guards around, their skills are not covered, you kid want to make a move, think well beforehand, can not just rely on fists to talk, to be strategic, what If you can't handle it, remember to talk to me!"

"Don't worry, I've got a plan!" Ji Feng laughed.

"Actually, I'm just reminding you, even the people from the Xuan Yin Sect are not your opponents, those martial arts families, they may not be able to turn up much of a storm." Ji Shaolei laughed, "That's all for now, I have to go meet a client, feel free to contact me if anything happens."

Ji Feng smiled and nodded, then he closed the line.

“Xijiang province ah” Ji Feng pondered for a moment before he remembered with dismay that his second brother had not explained to himself just now exactly which city the Tan family was in!

“Got it!”

Ji Feng slapped his head and laughed bitterly, “Looks like I still have to contact my little uncle”

He couldn't help but shake his head helplessly, found out the phone number of his younger uncle from the phone book again and dialed it, but the phone was busy at the other end.

The first time I saw it, it was only eight o'clock, I'm afraid my uncle was busy, so I'd better wait until the evening to call.

When Ji Feng returned to the villa, he found that Zhang Lei was still practicing that one move with his eyes closed. Ji Feng didn't bother him, so he sat straight down on the chair, picked up the magazine again, and looked down at it.

Whew~~!

It wasn't until two hours later that Zhang Lei opened his eyes and exhaled a long breath of foul air, a look of amazement flashed across his eyes and he looked down at his body, a smile appearing on his face.

“Crazy, this method of yours really works, I can feel my body now!” Zhang Lei said in surprise, “The body isn't numb anymore either, moreover, I seem to feel a hot current flowing around in my body”

“Hmm! That's bio-current!” Ji Feng nodded and smiled, “You kid didn't have a solid foundation, otherwise, back when you were practicing the first set of body building exercises towards the end, you should have been able to clearly feel the bio-current and even be able to perform simple applications!”

“Then I'll continue practising!” Zhang Lei was suddenly in high spirits.

“Of course you are going to continue practicing, however, you actually opened your mouth and distracted yourself without me saying to stop, you have to be punished” Ji Feng smiled wickedly.

“What?!”

Zhang Lei's face instantly changed, “This also needs to be punished?”

Hoo~~!

A bio-current struck Zhang Lei's body, followed by Ji Feng's cold laugh, “How dare you talk back, an added crime! Remember, I'm the instructor here, whatever I tell you to do, you have to do! What I say, is what I do!”

“..... ah!”

Zhang Lei's miserable and piteous scream came from far away from the villa

And with it, was Ji Feng's cheerful laughter.

In fact, Ji Feng was surprised in his heart that Zhang Lei was able to feel the changes in his body and the bio-current in his body in such a short time, which was somewhat out of Ji Feng's expectation.

Originally, he thought that it would take a few days for Zhang Lei to feel the bio-current because of his poor foundation, but he did not expect that in just two hours, Zhang Lei would be able to feel the bio-current clearly!

This potential really exceeded Ji Feng's expectations.

And after Ji Feng discovered that Zhang Lei possessed full potential, he instantly changed his mind.

Perhaps, there was no need for him to do it himself, Zhang Lei might break through to a certain level of strength in a very short period of time, and at that time, the two of them could go to that so-called martial arts family and break through!

Ji Feng hesitated for a while and finally decided that he would not call his little uncle first and see how Zhang Lei was progressing with his aerobics practice before deciding what to do.

Looking at Zhang Lei's ruthlessness in his desperate training, Ji Feng couldn't help but secretly deliberate.

To say the least, Zhang Lei could really bring himself a surprise, but of course, to Tan Tianfeng, that would be a complete shock.

"This kid really has a ruthless streak and enough potential!" Ji Feng couldn't help but smile slightly, "Maybe it can really be like what he said, what Tan Tianfeng gave him, he'll give back ten times a hundred times!"

"Lei Zi, go for it!" Ji Feng looked at Zhang Lei's sweaty appearance and secretly said something.

Ji Feng decided to wait and observe Zhang Lei's situation before making a decision, but he did not know that he had waited for ten days.

With Ji Feng's personal guidance, Zhang Lei's progress was really too fast, so fast that Ji Feng felt a little surprised, Zhang Lei's progress speed was simply comparable to his own progress speed in the training space at the beginning.

But the problem was, Ji Feng never felt that his teaching could be compared to that of a wise brain.

When Ji Feng taught Zhang Lei, apart from telling Zhang Lei roughly what he felt during practice, he had only one method – Strict!

When it came to Zhang Lei's training, Ji Feng had no other method but to be strict. Apart from being strict, he was still strict.

If Zhang Lei could do it, then he would continue to train, if he couldn't do it, then he would be punished, it was as simple as that!

But Ji Feng didn't expect that this method of his had actually made Zhang Lei's progress so fast, which made him all amazed, and his heart grew even more expectant.

He really wanted to see just how far Zhang Lei would grow after these two months of summer vacation had passed!

If Zhang Lei could personally solve the trouble that was Tan Tianfeng, then Ji Feng was really happy to see this happen. Thinking about Zhang Lei's ruthless abuse of Tan Tianfeng, Ji Feng was looking forward to it more and more.

Moreover, he was not in a hurry to deal with the Tan family and Tan Tianfeng, since Zhang Lei had the potential to do so, let's leave it to him to solve it.

The first thing you need to do is to get rid of the obstacles that are not necessary.

.....

But both Ji Feng, who is quietly waiting for Zhang Lei to have success in his training, and Zhang Lei, who is playing hard to train, do not realize that very often, things do not develop according to one's will.

Just when they were all full of expectations, in another place, Shen Jingyi was in trouble!

Xijiang Province, Lanjiang City, Shen Family.

Shen Jingyi was looking at her parents in front of her with a helpless face, helplessness and a bitter smile written all over her pretty face.

"Dad, mum, it's fine that the second master is forcing me to be good with Tan Tianfeng, but how can you" Shen Jingyi looked at her parents helplessly, "Tan Tianfeng is just a dude, I'm tired of seeing him!"

Shen Jingyi is really very helpless, and, what she was most worried about, has finally happened.

When she returned home from vacation, her parents immediately asked her about what happened at school, and Shen Jingyi had always made excuses, either by digressing from the topic or not answering at all, which muddled her way through.

However, today she was pulled over by her parents again, and looking at their attitude, I'm afraid she couldn't get past them today.

As expected, as soon as Shen Jingyi sat down, her parents brought up the matter of her and Tan Tianfeng.

Chapter 1118

"Mom, let me tell you the truth, a person like Tan Tianfeng is simply spoiled from childhood, such a person, I definitely can't get together with him, so don't bother with this, okay?" Shen Jingyi said helplessly.

How could she possibly like a person like Tan Tianfeng? Even if his talent was as superb as it was, and his strength as great as it was, what could be done about it!

"What a load of nonsense!" The middle-aged man sitting opposite him spoke up, and immediately rebuked. This man was no other than Shen Jingyi's father, Shen Jucheng.

“Jingyi, I don’t want to hear such words again in the future!” Shen Jucheng coldly snorted and reprimanded his daughter, “This marriage was set by your grandfather and your second master personally with the Tan family, no one can change it!”

“I don’t agree!” Shen Jingyi huffed, “Now is long past your time, if you don’t respect my opinion, then I’ll be the one who suffers in the end!”

“Jingyi, how can you talk to your father!” Shen Jingyi’s mother hurriedly said.

“Humph!”

Shen Jingyi said firmly, “I just don’t agree anyway, you guys don’t know Tan Tianfeng’s bad behaviour, so if you’re thinking about my happiness, think about it carefully!”

“Go back to your room immediately!” Shen Jucheng glared, “Without my consent, you are not allowed to set half a step outside the house!”

“..... just go back!” Shen Jingyi stomped her foot in anger and turned around to go upstairs.

Only Shen Jiucheng and his wife were left in the living room, and only after watching his daughter enter the room did Shen Jiucheng shake his head and say, “This girl, she has really grown in temper now, she actually dares to talk back to me!”

“That’s because you’re usually spoiled!” Shen Jingyi’s mother said, “If you didn’t spoil her so much, she would dare to talk to you like that?”

“Yes, only I spoil her, you don’t!” Shen Jucheng hummed.

The couple looked at each other and both could not help but laugh. Both of them, husband and wife, which one of them loved their daughter a million times over, were spoiling.

“Jiucheng, what Jing Yi said is right, although Tan Tianfeng is the young master of the Tan family, we don’t know too much about what kind of character he has after all.” Shen Jingyi’s mother said, “I think, is it better to think about it more carefully.”

Shen Jiucheng couldn’t help but shake his head and said, “That’s true, but this is something that the old man and second uncle have decided, so what use is it for us to think about it again?”

“Then

“In fact, I also know that Tan Tianfeng’s kid has a very bad character, and this matter has been pressed into my heart.” Shen Jiucheng said, “But I can’t change it, after all, this marriage is set by the old man, and it is related to the relationship and cooperation between the Shen family and the Tan family, so I can’t say anything!”

“How do you know that Tan Tianfeng has a bad character?” Shen Jingyi’s currently couldn’t help but ask.

“Humph! I am Jing Yi’s father, so of course I will pay extra attention to her affairs.” Shen Jiucheng said, “I once investigated Tan Tianfeng, and some of his actions were just too unlikeable!”

“Then you” Shen Jingyi’s mother was a bit puzzled, “Jiucheng, we can’t just push Jingyi into the fire for the sake of the family, can we? Why don’t you go and plead with the old man to see if there’s any room to ease things up, what do you think?”

“No way!”

Shen Jiucheng couldn’t help but shake his head, “It’s not that easy to talk about this matter, you don’t know what’s going on on the second uncle’s side, they are already very dissatisfied with me as the general manager of Shen’s group, they have been trying to seize power, now if something goes wrong with this matter of Jingyi, they will definitely make trouble immediately. I reckon ah, they’re just waiting for this opportunity!”

“These people are also really, betrothal betrothal, why don’t they let their daughters go for betrothal?!” When Shen Jingyi’s mother heard this, she was furious: “You did your best for Shen’s group, they never thanked you half a word, but they still think about how to seize power”

“In fact, it’s not just seizing power ah, the subtlety of it, it’s hard to explain.” Shen Jiucheng couldn’t help but shake his head, “If Jing Yi got together with Tan Tianfeng, it would be extremely beneficial to many people on second uncle’s side!”

“Humph!”

Shen Jingyi’s mother was then furious, “These people are really over the top too, my daughter isn’t a cargo, she can’t be used for exchange just because they say so!”

“So ah, I have to find the right opportunity to do so!”

Shen Jiucheng said, “Anyway, Jing Yi is still in school and is not yet old enough to get married, so we still have time to mediate. I drove Jingyi into her room and didn’t let her go out, just because I didn’t want her to talk nonsense outside and let people on Second Uncle’s side catch on taking advantage of this opportunity, I will think of a way!”

Shen Jingyi’s mother was then relieved, she said joyfully, “So it’s like this, I thought”

“You thought I was also someone who would disregard Jing Yi’s life for the sake of the family, right?” Shen Jiucheng shook his head and said, “You, Jing Yi is my daughter, can I not care about her?”

“Then you have to think of a way as soon as possible, I heard from Jingyi that Tan Tianfeng had gone to Jiangzhou to look for her!” Shen Jingyi’s mother said with some anxiety.

“Don’t worry, I will come up with a solution as soon as possible!” Shen Jiucheng nodded, “However, on Jing Yi’s side, you must keep an eye on her, you must not let her go out this summer, let alone talk nonsense in front of other people, got it?”

“Then isn’t that like putting Jingyi in solitary confinement?”

“Just shut her up!”

Shen Jiucheng gritted his teeth and said with a ruthless heart, “Let’s get through this summer first. If it’s not possible, let Jingyi go live at her grandmother’s house for a while You should also talk to Jingyi more and find out what she thinks. I think ah, now she suddenly mentions the matter of Tan Tianfeng,

not necessarily because Tan Tianfeng went to Jiangzhou to look for her, I am afraid she has a boy in mind!"

"Ah?!"

Shen Jingyi's mother couldn't help but be slightly stunned, and then she nodded, "Then it's time to talk to her properly."

"Ugh!"

Shen Jiucheng couldn't help but shake his head and let out a soft sigh as he said, "That's what I'm most worried about, once the matter reaches Second Uncle's side, I really don't know how this will end up!"

Upstairs, Shen Jingyi's bedroom.

"Sigh looking at dad and mum's meaning, things are really a bit troublesome!" Shen Jingyi sat on the chair in her room, dragging her chin, thinking helplessly, "No, I must find a chance to talk to them about Zhang Lei, so that they can be psychologically prepared!"

In fact, Shen Jingyi had previously told Zhang Lei that her family already knew about them, and that was all a lie to Zhang Lei, in order to motivate him to advance, hoping that he would agree to learn the internal martial arts that she had taught him.

But Shen Jingyi had not expected that Zhang Lei would be so stubborn that he would not learn her internal martial arts.

So in reality, Shen Jingyi's parents did not know about her and Zhang Lei's affair yet.

Shen Jingyi had also wanted to take this opportunity to probe her parents, but she found out that her parents' attitude was very strong, which made her not dare to say anything about Zhang Lei easily, otherwise, in case her parents went to Zhang Lei then, it would be troublesome.

"What should I do" Shen Jingyi was distressed.

.....

When Shen Jingyi was full of distress, a young man came to her home, this person was no other than Tan Tianfeng.

"Uncle Shen, auntie, is Jingyi here?" Tan Tianfeng asked politely.

When Shen Jiucheng saw Tan Tianfeng's visit, he could not help but be slightly stunned, and his heart was more or less displeased. To be honest, he didn't really want his daughter to get together with this fop, but since Tan Tianfeng was here, it was not good enough to kick him out.

So, Shen Jiucheng said, "Jing Yi is tired and is resting upstairs."

With these words, he was telling Tan Tianfeng that it was not suitable for my family to see you today, so you should go back.

However, Tan Tianfeng seemed not to understand, and just smiled, "It's alright, I'll go up to see her, Uncle Shen, Auntie, you guys go ahead, I'll go up!"

Shen Jiucheng's eyebrows furrowed, Tan Tianfeng didn't even put them in his eyes, he simply treated this place as his own home!

"There's no need to go up, Jing Yi is resting, it's not convenient for you, a boy, to go up there!" Shen Jucheng said indifferently.

"Yes, Tianfeng, you shouldn't go up there either." Shen Jingyi's mother also said from the side.

Tan Tianfeng laughed, "What's wrong with that, Uncle Shen, as Jing Yi and I will be together sooner or later anyway, there's nothing wrong with me going up to see her now!"

Shen Jiucheng's brows were furrowed, this Tan Tianfeng was indeed a bit too arrogant!

To act so recklessly in front of Shen Jingyi's parents, in spite of their obstruction, that could no longer be described as arrogant, it was simply reckless!

"Little Tan, you'd better go back first, I'll tell Jing Yi when she's rested!" Shen Jiucheng didn't bother to talk nonsense to Tan Tianfeng and said bluntly. He didn't have any good feelings towards this fop, let alone this Tan Tianfeng was actually so reckless!

Tan Tianfeng's face then sank as he frowned and asked, "Uncle Shen, why do I see that you are not very satisfied with me?"

"Humph!"

Shen Jiucheng's face sank as he said indifferently, "Little Tan, where did you start with that? If there are some words you don't understand, you can go back and ask your parents!"

"If Uncle Shen says these words, then he is saying that I have no upbringing?" Tan Tianfeng asked with a smirk, "Uncle Shen, there is one thing I want to remind you of, the marriage between me and Jingyi, that was decided by my grandfather and Jingyi's grandfather Shen together, before you stop me from seeing Jingyi, I hope you can now consider this!"

"Get out!"

Shen Jucheng's face was cold as he pointed at the door and said in a low voice, "Get out of here immediately!"

Chapter 1119

"I can go out of course, but I hope that Uncle Shen can seriously consider my words." Tan Tianfeng stood up and said with a smile on his face, "To be honest, Uncle Shen, although I am a man of good birth, my nature is not bad. Besides, after Jing Yi and I get married, after all, we are only a family, don't you think so?"

With that, he smiled broadly, greeted Shen Jiucheng and Shen Jingyi's mother, and took his leave.

Looking at Tan Tianfeng's departing back, Shen Jiucheng's face was terribly gloomy.

In his heart, however, a strange feeling rose up, as if something was going to happen in general?

You know, every time Tan Tianfeng came to his house before, but never like this, before Tan Tianfeng always acted courteously, like today such an attitude, that is really unprecedented!

“You’ve grown up!” Shen Jiucheng said in a low voice.

Shen Jingyi’s mother even said indignantly, “This Tan Tianfeng is too arrogant, does he really think that our family Jingyi must marry him?”

“He has no fear!” Shen Jiucheng but see a little more clearly, at the same time many things he is more clear than his wife, also more understanding, “the reason why he dares to be so arrogant, is that he thinks that our Shen family will not be able to back out, he must have something in his grasp, that’s why he is so bottomed out hum!”

“Jiucheng, then what do you think we should do?” The wife asked.

“Stay still for now and see what the reaction is from the Tan family and second uncle’s side.” Shen Jiucheng had already sensed something, although Tan Tianfeng was also very arrogant before, but in front of them, was acting very polite, but today, Tan Tianfeng is suddenly a departure from the norm

The company’s main business is to provide a wide range of products and services to the market.

“I, Shen Jiucheng, will definitely not watch my daughter fall into the fire and not care, much less be indifferent!” Shen Jiucheng secretly said, “Even if even if I put my life on the line, I will definitely not let my daughter fall into the fire!”

“I say, you go and talk to Jing Yi, listen to her real thoughts, such as whether she has friends at school or something like that, make sure you ask” Since Shen Jiucheng got up on the defensive, it was natural for him to start acting immediately: “I’m going out for a little something to arrange”

.....

One day, two days, three days

This passage of time, silent and invisible and shadowless, has quietly slipped away without people being aware of it.

Originally, Ji Feng was planning to wait for some time to see what kind of progress Zhang Lei could make with his potential. However, he did not expect that this wait would be the passage of most of a month.

In the blink of an eye, the time had already entered the second half of July.

When Ji Feng realised that this July was all about to pass, he froze a little.

The speed of Zhang Lei’s progress really stunned Ji Feng. He found that under his high pressure and devilish training, Zhang Lei’s strength could simply be said to have improved by leaps and bounds. It had only been less than twenty days, and he had actually taken the second set of body-building exercises from less than a third of the original set, until now, he had actually learnt half of the second set of body-building exercises.

Don’t underestimate these improvements, and don’t think that this is just a tiny bit of progress.

In fact, it had taken Ji Feng a full year to master this second set of aerobics, and that was only under the oppression of the intelligent brain, which insisted on training in the training space every night, that he had made such progress.

But then look at Zhang Lei, apart from Ji Feng's oppression, what else did he have?

Yet even under these circumstances, Zhang Lei still made such rapid progress, which really surprised Ji Feng.

What's more, Zhang Lei's foundation was gradually being built up, and when he had learned half of the second set of body-building exercises, this guy was actually able to activate the bio-current!

This meant that at this point, Zhang Lei was considered to have Innate True Qi and had become an Innate Martial Artist!

Although there was still a huge gap between Zhang Lei's strength as an Innate Martial Artist and that of an Innate Martial Artist like Ji Feng, if Zhang Lei was compared to himself twenty days ago, it would be a world of difference!

The power of bio-currents, needless to say!

Therefore, when Ji Feng found out that Zhang Lei had grown to this point, he only said one thing: "Lei Zi, if we only go by realm, you must have been considered a mid Houtian martial artist by now"

Swish!

Zhang Lei's eyes instantly widened as he stared straight at Ji Feng, stunned with ecstasy and a bit of disbelief.

"Crazy man, you, what did you just say?!" Zhang Lei even stammered a little when he spoke.

"You've reached the middle Houtian realm, quite unexpectedly!" Ji Feng's face wore a gratified expression as he laughed, "But strictly speaking, you're not strictly a mid Houtian martial artist right now."

"Why?!" Zhang Lei asked in consternation.

"Because you've only reached this realm, but yet, you don't have that strength yet!" Ji Feng laughed, "To put it in layman's terms, it's like, you have the power, but, you don't know how to use that power!"

"What you mean is that what I lack is the method and technique to use the power, right? Then what should I do?" Zhang Lei hurriedly asked.

Previously, he had thought that it would take half a year to reach the middle Houtian stage, but now, in just twenty days, he had actually reached it, so Zhang Lei was overjoyed. But what about now, the realm was reached, but actually it wasn't enough?!

"Actually, it's very simple if you want to solve this problem." Ji Feng laughed, "Just one of the simplest methods will allow you to have the strength corresponding to the realm in the shortest time possible!"

"What method?!" Zhang Lei hurriedly asked.

Ji Feng smiled heatedly and extended a finger, "Actually, the method is very simple to get beaten up!"

"What?!" Zhang Lei thought he didn't hear clearly.

"Take a beating!" Ji Feng said it again.

Zhang Lei just wanted to speak, but he suddenly heard Ji Feng drink, "Open now!"

Whew~~!

In the next moment, Ji Feng kicked out with lightning speed, right on Zhang Lei's stomach, and in a flash, sent his whole body flying.

"Bang~~!"

Zhang Lei fell heavily to the ground, his whole body fell with a muffled cry, baring his teeth and lying on the ground barely able to get up.

"Tsk" Ji Feng shook his head and said, "See, you can't even block a single kick from me, Lei Zi, this middle Houtian strength of yours really doesn't live up to its name!"

"..... Shit!"

Zhang Lei gritted his teeth and got up from the ground, his face turning red, "You're stealing!"

"Bang Bang Bang!" Ji Feng patted his chest, "Since you don't believe me, you come sneak attack me, sneak attack me any way you want!"

"Really let me sneak attack?!" Zhang Lei looked at Ji Feng and asked hesitantly.

Ji Feng nodded and smiled, "As long as you have that ability!"

"Good!"

Zhang Lei immediately rubbed his stomach, gritted his teeth and endured the pain, and went around behind Ji Feng, "Kid, no looking back, aren't you great, I'll see if you have eyes behind you"

Before the words fell, Zhang Lei slammed a fist over.

However, Ji Feng's back seemed to have really grown eyes, he slightly bent over and dodged Zhang Lei's fist, at the same time, he fiercely padded back a step, his shoulder carried on Zhang Lei's waist, instantly exploding out a terrifying force.

Bang!

Zhang Lei was once again thrown out by him and landed heavily on the floor.

"Umm...!" Zhang Lei's face changed in pain, he sucked in a breath of cold air, shaking in pain, and barely stood up: "..... me, I say you kid is beating me to death ah, hiss you can really dodge it ah? "

"Want to not hurt ah? It's very simple, urge the bio-current to the place where it hurts!" Ji Feng said.

Zhang Lei was slightly stunned, then immediately followed what Ji Feng said, "Ee? It really doesn't hurt anymore!"

"Hmph!" Ji Feng smiled wickedly, "Know the method? Well then, from now on, I will teach you fighting techniques and the way to use bio-currents It's starting!"

"Hey! Wait a minute, I shit" Zhang Lei's words had not finished, was on Ji Feng suddenly came forward to clasp the neck, then threw his hand to throw out, until fell to the ground, Zhang Lei counted to react.

The pain was so intense that Zhang Lei hurriedly activated the bio-current to relieve the pain, and at the same time, he hurriedly climbed up, afraid that Ji Feng would stomp down again.

"If you want to learn to hit someone, you have to learn to take a beating first!" Ji Feng walked over with big steps, "Beating you is to make you grow a memory so that you can learn faster, and if you want to relieve the pain, push the bio-current so that you can become more skilled at using it"

"That makes a lot of sense!" Just as Zhang Lei said that, his entire body was instantly knocked away again.

"Ah...!"

A miserable scream rang out as Zhang Lei hurriedly activated his bio-current

Thus, in Ji Feng's villa, a miserable scream kept coming out, showing that something tragic seemed to be happening inside.

Zhang Lei was beaten down again and again, and again and again, he used the bio-current to alleviate that excruciating pain, his ability to resist blows, was rapidly strengthening, and more importantly, as Zhang Lei was beaten again and again, under the compulsion of that intense pain, he began to try to dodge Ji Feng's attacks.

Zhang Lei did not realise that Ji Feng's attacks were all very methodical and were being deliberately directed at him.

And it was in this constant dodging that Zhang Lei's skills were improving

"Lei Zi, step it up, if you can meet my requirements today, we'll go to the Tan family tomorrow!" Ji Feng said with a smile as he blasted Zhang Lei away with another punch.

"Good!"

Zhang Lei stood up at once and shouted excitedly, "Again!"

Chapter 1120

"Bang~~!"

Zhang Lei was once again kicked by Ji Feng, however, this time, before his body even hit the ground, he almost reflexively applied bio-current and ran it around the part of himself that was kicked, the pain was instantly much lighter, and with Zhang Lei's thick skin, the little pain that was left didn't care.

“Pop!”

Immediately, Zhang Lei’s body twisted in the air and his waist folded violently as he landed firmly on the ground.

Ji Feng couldn’t help but shake his head slightly, “What are you up to, brat? This kick of mine didn’t come out fast, can’t you dodge it?”

Zhang Lei hemmed and hawed, “I just wanted to try out how strong my resistance to blows really is!”

“Is that so?” Ji Feng sneered and said indifferently, “Then fine, come over here, I’ll let you know know how strong your resistance to blows is

“..... 那啥 · 我现在才发现了 · 我的抗击能力不是不太强 · 就不要再试了！” As soon as Zhang Lei took a look at Ji Feng’s expression, his sweat hairs stood up and he said in a panic, “Let’s continue!”

“Pause for a moment!”

Ji Feng, however, shook his head to stop Zhang Lei as he said, “Lei Zi, now your use of bio-current, although in my opinion it’s still too far off, but after all, you can quickly activate it and use it to attack or defend, and you’re strong enough, so

“Not enough, it’s still much worse!” Before Ji Feng could finish his words, he was interrupted by Zhang Lei.

Ji Feng couldn’t help but lose his smile, “I say, is your kid addicted to masochism? What, you still want me to keep beating you up?”

Who knew that Zhang Lei was nodding straight up at his words and said, “That’s right, let’s continue sparring. Crazy, what I want is not to be able to fight Tan Tianfeng on equal footing, but to trample him directly under my feet, I want to trample him down in front of me one foot at a time!”

As he spoke, Zhang Lei’s face flashed with a touch of ruthlessness.

In fact, ever since the encounter at the airport at the beginning of the month, Zhang Lei had been holding his anger in his heart, he was a very strong tempered person, when had he ever suffered that kind of humiliation?

But Tan Tianfeng had given it to him!

Therefore, Zhang Lei must do as he said, what Tan Tianfeng had given him, he must return it tenfold and a hundredfold!

If he had said it, then he would do it!

This was also the reason why Zhang Lei could still grit his teeth and persevere under this kind of devilish training from Ji Feng. He was holding a breath in his heart, and if this breath couldn’t come out, he would grit his teeth and push through, absolutely no ambiguity!

Ji Feng couldn’t help but nod his head and said, “Lei Zi, I can understand your feelings, and I also understand your thoughts, but then, how to train now, is up to me!”

“That’s for sure!” Zhang Lei immediately nodded his head and said.

“In fact, you have to learn fighting skills now, because as of now, if you want to have rapid improvement again, relying on sparring like us is actually no longer enough, what is more crucial, is that you have to master fighting skills. Let this fighting skills into your bones, as soon as you make a move, then you can immediately run bio-current as if by reflex, only then, you can be considered a real expert!”

Ji Feng said, “In the future, if you want to improve again, you must continue to practice bodybuilding exercises, and strive to learn all of the second set of bodybuilding exercises in the shortest possible time!”

“Then I am now

“What is your situation now? Let me tell you an analogy, if you were a little baby before, now you have grown into a big boy, at this time, you have to start practicing martial arts, otherwise when you are a little older and your bones are all set, it will be much more difficult to practice martial arts again. When I say this, you can understand, right?” Ji Feng asked.

Zhang Lei deliberated slightly for a moment, he then immediately nodded his head and said, “Crazy, I understand what you mean.”

Ji Feng then smiled, this guy was just smart.

In fact, right now, Zhang Lei’s situation was the same as if he had a certain realm, but, did not have the fighting skills to go with it, so now if he had to continue to raise his realm, by then he would learn fighting skills and simply coordinate.

If Zhang Lei’s realm is compared to a small baby, then the fighting skills he has to learn are his fists. However, if this baby alone grows up, but his fists don’t change at all, then when he becomes an adult, but still has the fists of a baby, how will he be able to hit people even if he has strength?

Even if he had the strength, how would he be able to fight? His little arms and legs would break at the first touch!

Therefore, letting him learn fighting skills now was very necessary and was the most urgent task at hand.

In fact, there was one more thing that Ji Feng did not tell Zhang Lei, and that was, now, if we talk about strength alone, this guy should already be no worse than Tan Tianfeng.

The power of bio-current was truly extraordinary, so from the moment Zhang Lei learned to use it, he was already among the experts. It was only that he lacked the method to defeat his enemy, and that method, was fighting skills!

There was also the fact that Zhang Lei had been able to reach this step really because he had been beaten up by Ji Feng too many times!

“Lei Zi, you have to watch out, I’m not a martial artist, so those routines they have, ah, this punch and that punch, I don’t know them all!”

Ji Feng took two steps back, stood casually and said, "The fighting techniques I'll teach you below are basically one move at a time, it's all about killing with one move, basically there are no coherent big moves, at most it's just a few small moves stacked on top of each other!"

What he had learnt in the training space were all methods of fighting for one's life, which was very different from those martial arts.

Zhang Lei, however, opened his eyes wide and said, "Then what are you waiting for, hurry up and teach it to me!"

"Watch it!" Ji Feng smiled.

Zhang Lei immediately nodded his head, "I'm watching"

Before he could finish his words, he suddenly felt a pain coming from his neck, and the next moment he realized that Ji Feng's palm knife was stopping in front of his throat, while his other hand, however, was blocking his chest, as if he was defending himself against a counterattack.

"There are no more than a few vital parts of a person, and with your current realm, it's not hard to master them." Ji Feng's hand was removed from Zhang Lei's neck, "Now, we'll start taking it step by step, you have to watch carefully!"

Zhang Lei's progress was obvious, especially when he had enough realms and then learned fighting techniques, the speed of his progress yes didn't even need to be mentioned. The current Zhang Lei was simply like a sponge, greedily absorbing all kinds of knowledge about fighting, and his strength, too, was improving by leaps and bounds.

At the beginning, Zhang Lei was not too skilled in fighting techniques, so he fought with Ji Feng after learning one move, but the result was naturally self-explanatory, other than being abused, Zhang Lei had no other choice!

However, as time went on, Zhang Lei was surprisingly able to walk up to Ji Feng a few times, even though Ji Feng did not use his full strength, this was definitely a huge improvement for Zhang Lei.

Of course, because the fighting techniques that Ji Feng had learnt were not set in stone and were all about killing with a single blow, he and Zhang Lei would not have much of a tangle at all when they fought, and basically they would just go two rounds before the winner was decided.

The number of rounds between two experts, like those in novels or on TV, is simply a joke to Ji Feng.

Super agents, generally act alone to carry out some difficult missions, so they usually face a large number of enemies by themselves. Under such circumstances, if there was any question of how many rounds to fight, it would only be waiting for death.

So it was the same when Ji Feng fought with Zhang Lei, three moves at most, and the winner was decided.

And this harsh and strong fighting style of Ji Feng was also gradually learned by Zhang Lei as he fought against him constantly. As a result, Zhang Lei's style also became increasingly harsh and his strength soared.

Of course, in order to let Zhang Lei adapt to different styles of opponents, Ji Feng would also let White Spider fight against Zhang Lei.

And this was the time when Zhang Lei's strength became apparent!

The White Spider's style was also very severe, but I don't know if it was because it had been a killer, which made the White Spider's attacks extremely stealthy, specifically, the White Spider's attacks were more like sneak attacks!

However, when Zhang Lei fought with the white spider, the two of them could fight for several minutes in a row, and the fight was extremely intense.

Later on, it became clear that the white spider was no longer a match for Zhang Lei, and he was even able to fight the white spider with ease.

When he reached this point, Ji Feng stopped letting the two of them fight against each other.

Zhang Lei's style was also very harsh, so he definitely wouldn't tangle with his opponent. The reason he was now going back and forth with the White Spider, that meant that Zhang Lei was letting the White Spider.

So, even if the two of them continued to fight, it wouldn't help Zhang Lei, so Ji Feng decisively stopped them, and then taught Zhang Lei new fighting skills, and also incidentally taught the white spider

.....

Bang Bang Bang~~~!

Listening to the sounds of fighting coming from the courtyard, Ji Feng sat on the sofa in the living room and could not help but smile slightly, Zhang Lei's progress was simply leaps and bounds, while White Spider's progress was likewise not slow.

At this time, Ji Feng knew that the current Zhang Lei was completely ready to leave the division. Although Zhang Lei might still be lacking when facing that kind of first-class expert, it was no longer a problem at all for him to fight Tan Tianfeng.

"Now, it's also time to go to the Tan family for a stroll, Tan Tianfeng beat someone up, both sides should show something!" Ji Feng took out his phone and flipped through the phone book, while sneering, "The Tan family has not reacted much, it seems that they are not going to give a statement, then, we will go and ask for a statement ourselves!"

He directly dialed his younger uncle Ji Zhenping's phone number
