Chapter 1121

“Little Feng?!”

The phone was connected and the voice of little uncle Ji Zhenping came through, “I knew it, you kid will definitely call me this number.”

Ji Feng then couldn't help but chuckle and said, “Little Uncle, either how to say we are uncle and nephew, what I am going to do, surely I can't escape your eyes, huh Little Uncle, I won't beat around the bush with you, I want details about the Tan family!”

Some time ago, Ji Feng asked his second brother, Ji Shaolei, to help investigate the Tan family, and the second brother approached his younger uncle, Ji Zhenping. However, Ji Feng didn't get detailed information and, moreover, Ji Shaolei told Ji Feng to go directly to his younger uncle.

At that time, Ji Feng knew that this was because Little Uncle did not intend to let himself go to the Tan family's trouble. Although Ji Feng did not intend to listen to their advice, seeing that Zhang Lei had made such rapid progress, he had not contacted Second Uncle, but had been teaching Zhang Lei with all his heart.

Now that Zhang Lei had finally become slightly successful, Ji Feng was finally at ease. With Zhang Lei's current strength, it would definitely not be a problem if he wanted to defeat Tan Tianfeng, or even, if he wanted to trample him under his feet, it would not be too difficult.

The reason why Ji Feng was so sure was not because he felt too good about himself, nor was it because he thought that bodybuilding might be invincible under the sun. Rather, it was because, from the strength of the trace of true qi that Tan Tianfeng had left on Zhang Lei's shoulder at the beginning, one could tell how strong Tan Tianfeng was.

Frankly speaking, for Ji Feng, that trace of true qi was too weak.

Even for Zhang Lei, the trace of Tan Tianfeng's true qi was not worth mentioning. After Ji Feng's devilish training, the strength of the bio-current in Zhang Lei's body was now definitely far stronger than Tan Tianfeng's true qi.

Under such circumstances, Zhang Lei had also learned fighting techniques and methods of using bio-current, how could Tan Tianfeng be his opponent?

You know, after being beaten up by Ji Feng countless times, Zhang Lei has now almost completely integrated the fighting techniques and the method of using bio-current that Ji Feng taught him into his bones, that feeling is like an instinct to eat and drink, as soon as he encounters a fight, Zhang Lei will subconsciously use bio-current!

When he reached his current level, it would definitely not be a problem for him to deal with Tan Tianfeng!

Although these thoughts were complicated to say, they actually only flashed through Ji Feng's mind before he heard the voice of his younger uncle, Ji Zhenping.

“Little Feng, I heard Shao Lei say that you want to move the Tan family?” Ji Zhenping, however, did not rush to answer Ji Feng’s question, but instead asked rhetorically.

“Yes Little Uncle, the Tan family is too rampant!” Ji Feng admitted frankly.

Between him and his younger uncle Ji Zhenping, they were more like friends in general, so Ji Feng had nothing to hide in front of Ji Zhenping and said whatever he had.

“Little Feng, I know you must have your reasons for wanting to move the Tan family.” Ji Zhenping said, “However, it’s not good for you to make enemies everywhere, so I think you should be more cautious and not act too impulsively.”

Ji Feng couldn’t help but be moved in his heart and asked, “Little Uncle, is there someone who said something?”

“There are definitely some whispers, mainly because you’ve been making too much of a splash recently, first beating up the Wu family’s second kid, Wu Zhihe, and then making a scene in Yuezhou, leaving both the Zheng family and the Wu family in the dust, and some people have been gossiping about it.” Ji Zhenping said, “Although this is not something important, but it is better to keep a low profile if you can, after all, your status is there, it is better not to go too far!”

Ji Feng then understood, and he laughed, “Little Uncle, it seems that someone has been hit by me to the point of pain. Since we’ve taken advantage of it, we can’t even let people say anything.”

“You brat” Ji Zhenping couldn’t help but shake his head with a smile and said, “Anyway, you just pay attention to yourself, and I’ll also remind you of one thing, when you want to move the Tan family, you should likewise be careful, after all, this is a martial arts family and be careful about stability!”

“What do you mean?” Ji Feng frowned and asked.

“The Tan family is a martial arts family, families like this have sons and daughters in the military or in the military or police, don’t make a big mess of it, it won’t affect well!” Ji Zhenping said.

“Little Uncle, I understand what you mean.” Ji Feng said.

What Ji Zhenping meant was that these people from martial arts families were more or less powerful. In this situation, if one posed as if one was specifically targeting martial arts families, it would definitely give the other martial arts families a feeling of a rabbit dying and even resisting the Ji Family

Ji Feng laughed: “Little Uncle, just rest assured, since this martial arts family is so bullish, then this time, I will go and play with them on my own behalf!”

“You yourself should also be more careful, those martial arts families also have quite a few experts inside, don’t be careless, in case something happens then, I can’t explain to the old man” Ji Zhenping reminded.

Ji Feng nodded with a smile and said, “Little Uncle, don’t worry, I have my own way!”

“Mm! Then I won’t say much more, you open the computer and pick it up, I’ll send you that information in the form of an email.” Ji Zhenping said, “Remember, after you read the information, delete it all, just keep it in your head.”

“I got it!” Ji Feng said.

After closing the line, Ji Feng immediately went upstairs to his study and turned his computer on

.....

“This Tan family actually has an inside and outside distinction?!” In the study, Ji Feng looked at the computer display in front of him in consternation and muttered, “It seems that this martial arts family, one really knows too little about it”

According to the information about the Tan family provided by his younger uncle Ji Zhenping, Ji Feng then learned that the Tan family, a large family, actually had an internal and external distinction, which was like the difference between a side line and a full line.

According to the information, the members of the Tan family’s direct lineage occupied the vast majority of shares in the Tan Group, moreover, their kung fu was also the best in the family, yet, these people hardly held any positions in the group, at most, they were titular managers, supervisors and the like.

However, these people are very relaxed and rarely go to work for the company.

Those members of the side line, on the other hand, are going to great lengths to work for the group, but take up a pitiful amount of shares.

“This gap between the first line and the side line is just too big, isn’t it?” Ji Feng couldn’t help but shake his head, “The Tan family’s side lines are just like working for the first line, no wonder Tan Tianfeng is so unaware of the sky’s high ground, it turns out that he’s used to being arrogant since he was a child”

According to the information, this Tan Tianfeng, is one of the Tan family’s direct descendants.

“The group with the best kung fu?” Ji Feng couldn’t help but sneer, “Then I’d like to see just how good your kung fu is to allow you to be arrogant to this extent!”

“Knock knock knock!”

Ji Feng was watching in fascination when there was a sudden knock on the door, he immediately said, “Come in!”

Zhang Lei immediately pushed the door in and said with some urgency, “Crazy, just now I received a message from Jingyi, she’s in trouble!”

Ji Feng was instantly shocked and immediately asked, “What’s going on?”

“Look for yourself!” Zhang Lei immediately took out his phone and handed it to Ji Feng, “I was taking a short break after cutting a spar with the White Spider when I received this text message.”

Ji Feng immediately opened the message and saw that it read, “Zhang Lei, are you my prince charming? If so”

“..... What does this mean?” Ji Feng was a little confused, “This message doesn’t even say everything.”

“That’s why I said Jing Yi was in trouble, she never said anything like that to me before.” Zhang Lei said, “Crazy, I can’t wait any longer, I have to go find Jingyi now! Whether she’s really in trouble or not, I have to go!”

“Do you know where his house is?” Ji Feng asked.

“Jingyi mentioned it to me, we can definitely find it!” Zhang Lei said immediately.

Ji Feng then smiled, “It seems like you still don’t know too well. Let’s do it this way, you immediately go and book a flight to Lanjiang City in Xijiang Province recently, I’ll pack up on my side, we’ll set off immediately!”

“Good!”

Zhang Lei immediately nodded his head and went out to call and book tickets.

Ji Feng nodded thoughtfully and turned his head to read the information about the Tan family. Since he was going to find Shen Jingyi now, it was inevitable that he would have to get in touch with the Tan family.

At three o’clock that afternoon, Ji Feng took the white spider with him and boarded a flight to Lanjiang City with Zhang Lei.

As it was already the end of July, Tong Lei had already gone home and Han Zhen had also followed him to the Tong family, so there was usually only Xiao Yuxuan and Xiao Ying left in the villa, so Ji Feng said hello to them.

Xiao Yuxuan had also heard Ji Feng talk about Zhang Lei and Shen Jingyi, so naturally she was very supportive of what Ji Feng was doing, but only urged him to be careful.

“Crazy, I still think that something must have happened to Jingyi, she probably couldn’t finish the message before something happened, so she sent it to me in a hurry.” Zhang Lei said.

“It will only take an hour for us to reach Lanjiang City, so rest easy!” Ji Feng laughed, “Now even if you’re anxious, you can’t arrive in an instant, so I suggest you close your eyes for now, if something really happens to Shen Jingyi, then there will be a few nasty battles waiting for you then!”

“Humph! No matter who it is, if he dares to harm Jing Yi, I will definitely not let him go!” Zhang Lei said in a cold voice.

.....

Since the plane took off, it only took a few minutes more than an hour for the plane to land at the airport in Lanjiang City, and Ji Feng and Zhang Lei, the three of them, finally set foot in Xijiang Province.

“Lei Zi, let’s go, the conquest might be about to start!” The three of them walked out of the airport, Ji Feng patted Zhang Lei’s shoulder and said with a smile.

“Let’s put down the conquest or not, we need to find Jingyi first!” Zhang Lei said.

Ji Feng then laughed: “I’m afraid it will be a bit difficult for you to find Shen Jingyi if there is no conquest. Brother, get ready for the conquest!”

“Go!”

Chapter 1122

West River Province, Lanjiang City.

“Shen’s Group is here!” Looking up at the four big words on the wall of the building, Zhang Lei still asked with some uncertainty, “Crazy, can you be sure this is the place?”

“It’s definitely here, I just don’t know what position Shen Jingyi’s parents hold here” Ji Feng said with a smile, “A thousand calculations, I forgot to investigate the Shen family, I only know that the Tan family has a good relationship with the Shen family, this Shen’s Group The Shen family is the industry of the Shen family! Other than that, I don’t know much about it.”

“Alright, since this is the Shen family’s property, let’s go in quickly.” Zhang Lei said with great impatience.

Ji Feng couldn’t help but shake his head with a smile and followed quickly with White Spider.

The three of them strided into the Shen Group’s building and when they arrived at the reception desk, Zhang Lei immediately asked, “This lady, we’re here to find Shen Jingyi’s father!”

The receptionist lady at the reception desk was slightly stunned and had some confusion on her face, “You are talking about our general manager’s daughter, Miss Shen Jingyi?”

“So Jing Yi’s father is the general manager!”

Zhang Lei couldn’t help but be stunned, then he nodded and smiled, “That’s right, I’m looking for your general manager!”

“May I ask if you are”

“He’s your general manager’s future son-in-law, in short, Shen Jingyi’s boyfriend.” Ji Feng pointed at Zhang Lei and said with a smile.

“Sorry, our general manager is not in”

“Then you should contact him quickly, we are here to see him on an important matter!” Zhang Lei got a little impatient, “The boss of this big group is bigger than the spectrum of those leaders in Yanjing!”

That receptionist hesitated for a moment before he hurriedly picked up the phone and contacted the general manager, Shen Jiucheng.

.....

The Shen family today was quite lively, with a dozen of the Shen family’s sons and daughters gathered together, all talking in low voices to each other.

Of course, the Shen family mentioned here is not Shen Jingyi’s home, but the villa where the Shen family’s old man is located.

These people were sitting in the living room of the villa, talking in low voices and letting out bursts of laughter from time to time, as if they were all having a very happy conversation, almost everyone had a smile on their faces, except for one or two of the middle-aged people, who looked a little depressed.

“This is good, our Shen family and Tan family are about to become a family, the cooperation between the two families before will definitely become closer in the future, this is also a great opportunity for us.”

“Yes!”

“But don’t be too happy, I’ve heard that Shen Jingyi is unwilling to get engaged to Tan Tianfeng, the fourth youngest of the Tan family, and the second master is very angry!”

“Hmph!”

A man laughed disdainfully, “If she says she doesn’t agree, then she doesn’t agree? Not to mention her, even her father wouldn’t dare to say no. You know, this marriage was originally decided by the eldest and second master with the Tan family’s old man, they dare to disobey?”

“That may not be the case, as you know, Boss Shen has always been a sight for sore eyes, he doesn’t look at us people at all, he doesn’t even look at Second Master in the eyes, maybe he will really disagree!”

“Hey, if he doesn’t agree, our Shen family’s family rules, that’s for them!”

“That’s right, it’s no longer up to him to agree or disagree, the family rules are there, whoever dares to violate them will be punished according to the family rules!”

“Do you think that Shen Jingyi’s refusal to get engaged to Tan Tianfeng is because she has a boyfriend outside?”

For a moment, the whole audience was in an uproar, all shocked.

If Shen Jingyi really had a boyfriend outside, then there was no doubt that she had violated the family rules, and the family would have to hand over the management of Shen’s group.

This was a great opportunity!

In a flash, everyone in the living room quickly made their own calculations to see what they could gain from this matter. Although everyone’s shareholding in the group was fixed, there was a lot of money to be made in the management of the group.

The Shen Group’s huge size and assets, even a little digging, that is a few lifetimes of incomplete words!

.....

The actual fact is that the two of them have never seen each other before, they will definitely be able to tell at a glance that there is a blood relationship between this old man and Shen Jiucheng!

In fact it was true, this old man was no other than Shen Jiucheng’s father, Shen Wanzhen, who was also the head of the Shen family, the eldest of the Shen family.

The marriage between Shen Jingyi and Tan Tianfeng, the son of the Tan family, was decided by Shen Wanzhen together with his second brother, Shen Wanhe, with the Tan family. Shen Wanzhen's prestige was so high that it could be said that he was akin to the emperor in the Shen family, and no one dared to disobey him when he spoke.

Even if Shen Wanhe, Shen Wanzhen's second brother, had been fighting with Shen Wanzhen, once Shen Wanzhen decided on something, Shen Wanhe would not dare to stop him too much.

It is also because Shen Wanzhen's prestige in the Shen family is so high and his power so great that Shen Jiucheng has found his way here to beg the old man, hoping to absolve his daughter

"Father, do you see any room for manoeuvre in the matter of Jing Yi" Shen Jiucheng said cautiously, "After all, she is still a child, it is understandable that she is a bit stubborn for a while, but, the second uncle's side"

Shen Jiucheng's heart was very angry because his daughter Shen Jingyi refused to go out with Tan Tianfeng, and as a result, Tan Tianfeng went straight to his second uncle Shen Wanhe.

As a result, Shen Wanhe actually ordered Shen Jiucheng to lock Shen Jingyi up and confiscate her mobile phone as well

In this way, Shen Jingyi has anger in her heart and no longer has a smile for him, her father, and even when she sees him coming back, that is only a simple greeting and then she goes straight to her room.

..... this damn Tan Tianfeng!

"Jiucheng, the relationship between our Shen family and the Tan family, you should know very well, Jing Yi is married to the Tan family's boy, this is not a bad thing, in this way, our Shen family and the Tan family can definitely cooperate on a larger scale." Shen Wan Zhen said, "Besides, the Tan family boy is also very talented, he is only in his early twenties, but I heard that he has already broken through to the late Houtian stage, such talent is more than enough to match Jing Yi."

"Father, but Tan Tianfeng's character" Shen Jiucheng couldn't help but shake his head, "If his character is not good, what's the use of his talent, and if Jingyi follows him, she will still be unhappy in the future?"

"Young people, it is normal to be a little wild, when he is older, it will be fine." Shen Wanzhen said.

Shen Jiucheng could not help but be silent, and did not know what to say. It was obvious that his father was unwilling to change his mind.

In fact, Shen Jiucheng knew better than anyone that girls were not given much importance in martial arts families, and since Tan Tianfeng's talent was indeed very good, coupled with the strength of the Tan family, it was even more unlikely that the old man would agree to break the marriage contract between Jingyi and Tan Tianfeng.

"Jiucheng, you know very well the situation of our Shen family, your second uncle's side is not at ease all day long and has been keeping an eye on this family property, and you are the eldest, you can't take the lead in breaking the family rules." Seeing his son's silence, Shen Wanzhen said.

"Father, is there really no room for manoeuvre at all?" Shen Jiucheng asked reluctantly.

He could not stand by and watch his daughter fall into the fire.

“There is not no room for manoeuvre.” Shen Wanzhen said, “Remember what your second uncle told you before, if Jing Yi wants to not marry Tan Tianfeng, that’s fine, but she must find a husband who meets the requirements!”

“Mid Houtian?” Immediately, Shen Jiucheng was slightly stunned, and then he laughed bitterly, “Father, that is clearly Second Uncle deliberately making things difficult for Jing Yi, where can one find such a handsome young man!”

Of course, Shen Jiucheng knew that a few years ago, Shen Jingyi had raised her unwillingness to be with Tan Tianfeng and had pouted to the old man in the hope that the engagement could be broken off. At that time, second uncle Shen Wanhe was also present, and after he heard Shen Jingyi’s pouting, he said one condition.

That was, it was not impossible to break the engagement with Tan Tianfeng, but Shen Jingyi had to find a handsome young man as her husband first.

Her husband could not be from a martial arts family, but had to be from outside, and he had to have at least a middle Houtian cultivation and be able to defeat Tan Tianfeng!

This is simply a deliberate attempt by second uncle Shen Wanhe to make things difficult for Jingyi by not allowing her to break off her marriage contract with Tan Tianfeng!

The reason for this was that although there were not too many young handsome people in the Middle Houtian stage, if one wanted to find them, one could still find them. If one looked at those martial arts families, there would always be outstanding sons and daughters, so it wasn’t too difficult to find a son of a family in the middle Houtian stage.

But the problem was that they were not allowed to find them from these martial arts families!

However, in this modern era, where martial arts had fallen into decline, apart from martial arts families, people from other places simply did not know internal martial arts, let alone any Mid Houtian!

Where would one go to find one?!

“Father, it’s simply impossible to find someone like that!” Shen Jiucheng said helplessly.

“Then there is nothing I can do, Jiucheng, you also have to think more about the family, moreover, your second uncle’s side, will definitely not agree, I can only condescend to Jing Yi for the sake of the family’s unity and stability!” Shen Wanzhen said with a sigh.

Shen Jiucheng was disappointed, he nodded helplessly, “Then, I will go back and persuade Jingyi again!”

In his heart, he was a little chilled.

He had gone to great lengths for the sake of the Shen family, but in the end, he could not even save his own daughter.

In fact, Shen Jiucheng also thought of taking his family and fleeing from the family, but the severity of the family law was there, and with the power of the Shen and Tan families, it was not too difficult to find them.

Shen Jiucheng gritted his teeth, got up and went out!

“Ding” Just then, Shen Jiucheng received a strange phone call, “..... What did you say? Jing Yi’s boyfriend is here?!”

Campus Master

Chapter 1123

Shen Jingyi’s boyfriend had come, and he had even found his way straight to the Shen Group!

This news, within a very short period of time, passed through the mouths of some employees of the Shen Group and reached the mouths of certain members of the Shen family within the group, instantly spreading throughout the entire Shen family, causing everyone in the Shen family to be shocked.

This was especially true for the Second Master’s line of the Shen family.

No one knew that Shen Jingyi, who already had a marriage contract with Tan Tianfeng and was about to get engaged precisely, actually had a boyfriend outside!

In a flash, Shen Wanzhen, the elder of the Shen family, and Shen Wanhe, the second master, were both furious!

If this kind of thing were to spread to the Tan family, then the Shen family would really have no face to be a man, and with this kind of thing happening, it would definitely affect the relationship between the two families, and the impact of this matter on the Shen family would definitely not be small!

“All news about this matter, no one is allowed to spread it outside!” Shen Wanzhen, the old man of the Shen family, spoke up, his face was gloomy, “Bring the boy who posed as Jing Yi’s boyfriend, I want to see him!”

This is the first time I’ve ever seen a woman who has been in a position to be a part of a family.

..... Zhang Lei was posing as Shen Jingyi’s boyfriend!

This also means that the Shen family does not acknowledge this boyfriend of Shen Jingyi at all and only considers him to be impersonating. Even looking at their stance, not only did they not acknowledge Zhang Lei’s identity, but they also wanted to punish Zhang Lei

However, at this time, Zhang Lei was unaware that his arrival was really too unwelcome.

Now he is sitting in the reception room of Shen’s group, checking his watch from time to time, his heart is very anxious, wanting to see Shen Jingyi sooner.

The text message that Shen Jingyi had sent to him earlier had really worried Zhang Lei. According to his thoughts, that text message from Shen Jingyi was most likely a distress message, but Shen Jingyi was conflicted in her mind, which was why she didn’t directly ask for help, and in a very uncertain tone, as if she wanted herself to come to her rescue!

Of course, it could also be that Shen Jingyi still had a kind of uncertainty in her heart about the future, which is why she asked Zhang Lei if he was her Prince Charming.

But whichever it was, there was no doubt that Shen Jingyi was definitely in trouble now, otherwise, she wouldn't have had so many complicated thoughts!

Ji Feng, on the other hand, was completely different, as he sat on the sofa, blowing on the air conditioning, leisurely surveying the arrangements in this reception room, while he casually took out a colourful page from the stand next to him, which was a brief introduction of the Shen Group.

"Shen Group, formed twenty years ago Chairman, Shen Wanzhen, General Manager Shen Jiucheng!" Ji Feng pointed to this colorful page and said with a smile, "Lei Zi, your future father-in-law is called Shen Jiucheng!"

Zhang Lei, however, frowned and said, "How come half an hour has passed and no one has come yet?"

"I'm afraid our arrival is a bit less than welcome!" Ji Feng laughed, "After all, you're here to steal your daughter-in-law, the Tan family is not happy, someone in the Shen family is likewise not happy, or, even Shen Jingyi's parents, may not be happy either."

A cold light flashed in Zhang Lei's eyes, "I understand what you mean, but I don't care who's happy or not, it's Jingyi I want to see! If in the end, I really have to do it then I definitely won't be ambivalent either!"

"That's good!"

Ji Feng chuckled, "What I'm most afraid of is that you guy is afraid of offending Shen Jingyi's parents and will be afraid to do so when the time comes."

"If that was really the case, my name wouldn't be Zhang Lei anymore!" Zhang Lei said.

At this time, the door of the reception room was pushed open and the receptionist from before walked in, followed by a young man behind him.

Ji Feng and the three of them looked over at once, they knew that things should have come to an end.

"Three, this is our group's driver, he will take you to see our general manager!" The female receptionist said politely.

"Please follow me, three of you!" The young man said with a smile on his face.

Ji Feng and the three of them got into the Shen Group's car and were led by that young man, heading straight for the Shen family.

.....

"Jiucheng, how's the talk going?"

At Shen Jingyi's house, Shen Jucheng's gloomy face got down from the car, which immediately made his wife's heart couldn't help but sink, looking at her husband's appearance she could guess that things were afraid to be a bit bad.

“Humph!”

Shen Jucheng shook his head and couldn't help but snort coldly, “None of them agree.”

“Does the old man disagree too?” His wife asked.

“He also has to think about the whole family, or did he say the same condition as before” Shen Jiucheng couldn't help but shake his head slightly, “The most annoying thing is that this girl, Jing Yi, actually found a boyfriend from somewhere! ”

“Ah?!”

Shen Jingyi's mother couldn't help but be shocked and hurriedly asked, “Really? Jucheng, has this girl really found a friend outside?”

“How can that be false?” Shen Jucheng laughed bitterly, “The young man has already found her. I just received a phone call, and the young man has gone straight to the Shen Group.

“Then, what then?” Shen Jingyi's mother panicked.

Speaking of which, this was kind of sad.

If it was another ordinary family's daughter who had met a friend, then the parents would usually be very happy, very eager to meet their daughter's boyfriend, even if it was just to help their daughter keep an eye on her, or whatever else, but they were still in a very happy mood.

But here, whether it was Shen Jiucheng or his wife, neither of them was in any happy mood when they heard the news, instead they were very worried.

Shen Jingyi had a private boyfriend outside, this is not allowed, how will this matter end, yo!

“So what else can we do? The old man has already spoken, let me bring that young man over, I reckon, when the time comes, this matter will be handled internally in a low key manner!” Shen Jiucheng couldn't help but shake his head slightly, he was really too aware of some of this stuff, and this was how it was handled in the past if such a situation arose in the family.

“Alas” Shen Jingyi's mother couldn't help but sigh, “Jingyi shouldn't have been born into such a family!”

“You should first talk to Jingyi about this matter, go up and watch her, I've asked someone to bring that young man straight here” Shen Jiucheng admonished, but before he could finish his words, he heard the sudden sound of a car honking outside the courtyard.

“Tic-tac-!”

Shen Jiucheng and his wife immediately turned their heads to look, and saw a black car pull up at the entrance of their villa, and then two young boys, and a young woman who wore sunglasses and was beautiful beyond words, got out of the car.

“General manager, I've brought the man!” That driver also got down and brought Ji Feng and Zhang Lei into the courtyard with the three of them, and said to Shen Jucheng.

Ji Feng then understood that the man in front of him was the general manager of the Shen Group and also Shen Jiucheng, Shen Jingyi's father.

Zhang Lei likewise realised, he smiled slightly, went forward and extended his hand and said, "Hello Uncle Shen, I am Zhang Lei, I have taken the liberty to visit, if there is any rudeness, I would like to ask Uncle Shen to understand!"

Shen Jiucheng could not help but be slightly stunned in his heart, he indeed did not expect that this person who claimed to be his daughter's boyfriend would actually have such an extraordinary poise.

That kind of demeanor, poise, and every move showed that this young man must have been well educated. Moreover, the calm and easy smile on his face, without any trace of nervousness at all, also showed that he must have seen a lot of big world.

This young man, should not be simple!

Shen Jiucheng originally thought that this young man who had ventured to Shen's group to find himself should be a very unreliable fellow, but he didn't expect it to be like this!

However, Shen Jiucheng was not an ordinary person after all, so he slightly extended his hand, shook hands with Zhang Lei symbolically and said, "Zhang Lei, right? You said you are Jing Yi's boyfriend?"

Without the slightest bit of nervousness, Zhang Lei nodded his head and smiled, "Yes."

He turned his head to greet Shen Jingyi's mother again, "This is auntie, right, how are you?"

Shen Jingyi's mother only nodded slightly and then looked at Shen Jiucheng, who still needed her husband to make the decision on this matter.

Shen Jiucheng couldn't help but frown and said, "Zhang Lei, whether you and Jingyi are boyfriend and girlfriend, we'll leave that aside for now, but there's one thing I have to tell you in advance, your arrival is not welcome."

"It's okay, there must be a reason for not being welcome, as long as you explain it clearly it will be fine." With a smile on his face, Zhang Lei said, "Of course, what is more crucial is the opinion of both of you, Uncle Shen and Auntie, besides, I am here this time, one is to visit the two elders, at the same time, I am also fighting to make the people who do not welcome me change their opinion!"

"You are very confident!" Shen Jiucheng couldn't help but frown, "But confidence that goes too far can turn into arrogance, young man, keep that in mind!"

"Uncle Shen's teaching, I remember it!" Zhang Lei nodded his head and said.

Shen Jiucheng could not help but feel an extremely strange feeling, as if the person standing in front of him was not a young man in his early twenties, but a mature man who had been honed by society, and, moreover, a very confident and wise man.

It was too strange for such a feeling to appear on a young man's body!

Shen Jiucheng decided to hold off for a while, he then turned his head to look at Ji Feng and White Spider and asked, "These two are"

“Oh, I’m Ji Feng, and this is my friend, White Spider.” Ji Feng said with a smile, “Uncle Shen, you don’t have to mind us!”

Shen Jiucheng’s feeling became even stranger, he found that this young man named Ji Feng was likewise so calm and composed, even more stable than Zhang Lei, especially when he exuded a feeling of equal conversation in these few simple words.

Obviously, this young man, from the bottom of his heart, wasn’t afraid of himself and only politely treated himself as an elder!

What two strange young people!

Shen Jiucheng nodded and said, “Zhang Lei, since you’re here, I can’t kick you out, how about this, you come with me to meet with Jingyi’s grandfather, how exactly the matter between you and Jingyi will be handled, Jingyi’s grandfather will talk to you.”

Chapter 1124

“Let me go see Jing Yi’s grandfather?”

Hearing Shen Jiucheng’s words, Zhang Lei couldn’t help but frown slightly as he glanced at Ji Feng and then at Shen Jiucheng, and couldn’t help but smile, “Uncle Shen, I understand somewhat. If I’m not wrong, the one who really doesn’t welcome me here should be Jingyi’s grandfather, right? Or, is it someone related to Jing Yi’s grandfather?!”

Shen Jiucheng couldn’t help but be slightly stunned, he didn’t expect that this kid had such a keen eye.

Usually young people who came to visit their future in-laws for the first time would definitely show a very willing face when they heard that they had to meet their elders, even if they were reluctant in their hearts. Moreover, they would just guess that it was the elders who wanted to take a look at him and act as a gatekeeper for the younger generation.

But Zhang Lei had said it all in one word, which showed even more that he was extraordinary.

“Lei Zi, it seems that things are really hitting me up, not only is our arrival unwelcome, but it’s likely that we are making certain people like enemies!” Ji Feng said with a bad smile, “The pressure you kid is going to face is not small, even, there might be even more powerful experts who are going to take a shot at you!”

Zhang Lei laughed and said to Shen Jiucheng, “Uncle Shen, can I see Jingyi now? It seems a bit rude to visit grandpa without Jing Yi tagging along.”

Shen Jiucheng’s heart could not help but feel an unspeakable strange feeling, this young man knew that this time to visit the old man was not as simple as paying a visit to the elders, but he still proposed as if nothing had happened, to let Jing Yi accompany him, this is no different from other young people going to their girlfriend’s home

He was really treating this visit as meeting his parents, not as being interrogated

“Zhang Lei?!”

Just then, a voice suddenly came from the living room door, and several people immediately turned their heads to look, only to see Shen Jingyi standing on the steps outside the living room with a look of surprise on her pretty face.

Immediately, Shen Jingyi immediately ran over quickly and asked in surprise, "Zhang Lei, you're really here?"

"My girlfriend is almost gone, so of course I had to come!" Zhang Lei laughed.

Shen Jiucheng looked at his daughter and Zhang Lei standing together, they were indeed a good match, he couldn't help but sigh lightly in his heart, if the two of them could really be together, then they would really be an enviable little couple as well.

But

"Ji Feng, Miss Bai" Shen Jingyi then greeted Ji Feng and White Spider, and then said, "Dad, Mom, let me introduce to you"

"There's no need for introductions, I already know them." Shen Jiucheng waved his hand, "Jingyi, your grandfather wants to meet Zhang Lei, it just so happens that you are also out, so follow along!"

As he spoke, he glanced at his wife without a trace, this was to blame her for not going back to keep an eye on his daughter, how could he let her meet with Zhang Lei.

Shen Jingyi's mother, however, seemed to have not seen her husband's gaze. Shen Jingyi was her daughter, and she certainly did not want to see her daughter living an unhappy life. More importantly, she knew her husband's mind. If Shen Jiucheng did not want Zhang Lei to meet his daughter, how could he have asked the driver to bring Zhang Lei directly to the house?

Now Shen Jiucheng was only trying to find a way to talk in front of outsiders when he did this. It was nothing that a wife should indeed be the one to take the blame for this kind of thing!

"See grandpa?!" Shen Jingyi, however, was slightly stunned, and then said, "Dad, I think it's the Second Master and the others who want to see Zhang Lei, right?"

"No matter who it is, they are all elders!" Shen Jiucheng said, "Let's go, your grandfather is still waiting for us at home, Zhang Lei, these two friends of yours"

"Oh!"

Ji Feng chuckled, "I am also unfamiliar here, and there is no place to go, if Uncle Shen does not mind, I also plan to follow Zhang Lei to see the world!"

Shen Jiucheng was a little dissatisfied with Ji Feng's manner of speaking, this kid had no sense of restraint at all, it was really like he was talking to his peers

But Shen Jiucheng also did not say anything, Ji Feng is not his daughter's boyfriend after all, he can not say anything.

"Then let's go together!" Shen Jiucheng said.

So, Shen Jiucheng's family of three took one car, and Ji Feng and Zhang Lei's trio still took the same car they came in. The two cars went out of Shen Jingyi's family's courtyard one after the other, and then they drove fast.

The two cars went out of the courtyard of Shen Jingyi's house one after the other, and then drove fast. On this journey, Zhang Lei's expression was very calm, and Ji Feng nodded and smiled as he watched, and did not speak. From Zhang Lei's demeanor, you can tell that this guy is really full of confidence now and, moreover, has enough determination. I believe that it should not be that easy for the Shen family to stop him from being with Shen Jingyi.

While in the car where Shen Jiucheng was sitting, he was frowning and seemed to be in deep thought.

"Jingyi, this Zhang Lei, where is his hometown from?" After a moment, Shen Jiucheng suddenly asked in a voice.

He always felt that this kid was extraordinary, he shouldn't be a child of an ordinary family.

"This" Shen Jingyi said, "Actually I'm not too sure, I only know that his family is in Yanjing, and I've also heard him say that his family members seem to be in the officialdom, but I don't know exactly what positions they hold."

"You child!"

Shen Jingyi's mother sat next to her, holding her daughter's hand, somewhat dotingly scolding: "You've fallen in love with someone, they've found us at home, but you're so good, how come you don't even know what his family does yet? Silly girl, I think that young man is not simple, don't let him sell you out!"

"Mom, how could you?" Shen Jingyi said, "He certainly wouldn't lie to me, he didn't tell me about his family, that proves, he has something to hide"

"Perhaps" Shen Jiucheng deliberated slightly, but the following words he did not say, "Perhaps, this Zhang Lei is really a person of extraordinary origin!"

"What exactly is his origin?!"

Shen Jiucheng hugged his arms and sat on the passenger seat to deliberate secretly, "There's also that Ji Feng, who also has an extraordinary temperament, and that girl beside him, who is obviously an expert"

.....

Shen Jingyi's home, is not too far from the villa where Elder Shen lives, about half an hour or less, Ji Feng found that the car had entered a villa.

Actually, it is said to be a villa, but the scale of this villa, can be more than the usual villa, this can simply be said to be a manor!

Ji Feng couldn't help but smile slightly when he looked at it, this martial family's people really knew how to enjoy themselves, living in such an elegant manor with such an elegant environment, those who knew they were a martial family, those who didn't know, would think they were some kind of hidden rich family.

This is a far cry from the legends where the real masters are practising in the deep woods!

“What kind of bullshit martial arts family”

Ji Feng couldn't help but secretly shake his head, with some disdain in his heart, these lineage families had obviously all abandoned that kind of austerity tradition and style, yet, they were still abiding by some old traditions, boasting that they were the heirs of the Chinese orthodoxy, it was really a bit ridiculous.

After the car entered the estate, it had not driven too far when a man in a flowery shirt stopped the car.

This man was probably in his thirties, and his appearance bore some resemblance to that of Shen Jiucheng.

Ji Feng could then be sure that this was definitely someone from the Shen family!

As expected, Ji Feng soon saw Shen Jiucheng get down from the car, and Shen Jingyi and her mother also got down, then Ji Feng and Zhang Lei and the others naturally couldn't just sit in the car with a big grin, they also followed them down.

“Big brother, second uncle's side also somehow heard the wind and all came over, and is now sitting in the lobby talking to the old man!” The man with the flowered shirt said, “You have to be careful today, when I came out, I saw that the people on Second Uncle's side all had smiles in their eyes, quite a bit of gloating!”

“Humph!”

Shen Jiucheng couldn't help but snort coldly, but didn't say anything more.

“Ee? What's up two handsome lads?” The man with the flowery shirt saw Ji Feng and Zhang Lei, and then saw the white spider, he instantly lit up, “This, which one of these is Jing Yi's date?”

“Lao-san, watch your mouth!” Shen Jiucheng said in a deep voice, “And don't pay attention to the occasion!”

If this was heard by people on Second Uncle's side, it might be another storm, not to mention that it would reach the ears of the Tan family.

“Third Uncle, let me introduce to you.” Seeing that her father did not speak, Shen Jingyi, however, quickly walked over and said with a smile, “Third uncle, this is my boyfriend, Zhang Lei, these two are Ji Feng, the white spider, This is my third uncle, Shen Jiuyuan!”

“Ha!” Shen Jiuyuan instantly laughed and said, “Zhang Lei, right? Sure enough, this kid is good, hmm, later on it might make the two old men change their minds!”

“Good day, Third Uncle!” Zhang Lei said with a smile.

“Alright, let's hurry up and go in, so that no one will gossip again then!” Shen Jiucheng said indifferently.

The group then walked quickly towards the lobby, but before they could enter the lobby, they heard a clamour of voices coming from inside, a few of which were very high and sounded as if they were angry, but contained a hint of joy.

“Eldest uncle, this matter should definitely not be condoned, I heard that the Tan family has now caught wind of what Shen Jingyi has done, this is simply lawlessness, she has no regard for the elders of the family, let alone the family rules!”

“Yes, second brother is right, if you ask me, this girl should not have been sent to school so far away, and as a result, she has learned badly, right?” The one who spoke, was a woman with a rather shrill voice.

“There’s a marriage at home, but you’re actually still out hooking up with other men,” this was also a woman speaking.

Outside the hall, Shen Jingyi’s face turned red with anger when she heard these words.

Zhang Lei, on the other hand, had an iron blue face.

“Let’s go in!” Shen Jucheng’s face was equally ugly, but he forced himself to bear it and said in a deep voice.

“Go!”

Zhang Lei followed in his second big stride, his head held high, his aura was extraordinary, his whole person surprisingly had a soul-teasing verve and aura, looking at Shen Jiuyuan, Shen Jingyi’s third uncle, he couldn’t help but brighten up before his eyes.

“Good boy, not a mortal!”

Chapter 1125

A group of people walked into the lobby of the Shen family villa in stride, Shen Jiucheng and his wife walked in the front, Zhang Lei and Shen Jingyi were slightly behind, while Ji Feng and Bai Spider were walking at the end.

However, Shen Jingyi was very nervous, and she secretly decided that even if she had to endure the family law today, she must protect Zhang Lei.

As soon as the group of people entered, they immediately attracted everyone’s attention.

Ji Feng and the others were also observing the people sitting in the lobby. Sitting in the main hall were two old men with white hair, both of whom had sharp gazes and a sense of essence coalescing all over their bodies, clearly two experts.

Looking at the others, they were also different from ordinary people in terms of their essence and energy, and were obviously all practitioners.

The layout of the lobby was a little different from the other villas, with solid wooden chairs and a large four-sided table, which looked very rustic.

Apart from these two old men sitting in the main seats, there were quite a few people sitting on either side, a dozen of them, both men and women.

The most striking thing was the few women sitting on the left, some middle-aged women and a few young women, but without exception, there was a strong look of disdain in the gaze of these women.

However, in the face of these gazes, Zhang Lei's face was open, since he had come today, he had enough psychological preparation, what's more, he was clear about his purpose, he was not here to be viewed today, but specifically to rob his daughter-in-law!

"Father, second uncle!" After entering the lobby, Shen Jiucheng greeted the two old men sitting on the main seats, and then, together with his wife, he sat down at the bottom of one of them.

Ji Feng and the others then saw that that old man should be the current head of the Shen family, as well as the chairman of the Shen Group, Shen Wanzhen.

Immediately afterwards, Shen Jingyi secretly touched Zhang Lei and the two of them went forward together, greeting the two old men.

"Grandpa, second master, this is Zhang Lei, he's my boyfriend!" Shen Jingyi's tone seemed more or less nervous as she turned her head to Zhang Lei and said, "Zhang Lei, quickly greet grandpa and second master!"

Zhang Lei nodded and was just about to speak when he heard the old man next to Shen Wanzhen say, "No need!"

Ji Feng was just behind him and frowned slightly, sure enough, as soon as this came, certain people showed bad intentions.

"Your name is Zhang Lei, right?" Just then, a middle-aged woman spoke up, "Did Jing Yi tell you that she is already married? It's a bit inappropriate for you to be in a relationship with her, isn't it?"

"Hehe"

Zhang Lei chuckled, sure enough, this had only just begun and already someone was impatient to jump out.

He said indifferently, "Jing Yi's marriage contract was only verbally mentioned, and it can't just be taken as a golden rule, right? If Jing Yi and I are in love, then naturally we are two lovers, and I am here today to visit all the elders."

He didn't say anything about him and Shen Jingyi having true feelings for each other, something about how times are different now and that we shouldn't observe any old traditions like that anymore. Because Zhang Lei knew very well that it was useless to say all that, because these people had no intention of giving themselves a chance, otherwise they wouldn't be so eager to jump out.

Therefore, Zhang Lei only did what he had to do in terms of etiquette, as far as asking these elders to agree to him and Shen Jingyi being together and such

He didn't even think about it, even if he kneeled down and prayed, it certainly wouldn't do any good and he would be ridiculed instead. So Zhang Lei had no intention of asking for anything from the start, to fight, then rely on his own strength!

"Visiting the elders?" The middle-aged woman snorted, "There is no one here who is your elder, we haven't even agreed to what you and Jingyi are doing!"

"You're Jing Yi's mother?" Zhang Lei asked with a smile.

The middle-aged woman was slightly stunned, then shook her head and said, "No!"

"Then you are Jingyi's grandmother?" Zhang Lei asked again.

"..... What are you trying to say?!" The middle-aged woman also heard that something was wrong with Zhang Lei's words, and she couldn't help but ask in a sharp voice.

Zhang Lei smiled and said, "I know that the Shen family is a martial arts family, a family that follows the old traditions of China, and I likewise abide by the old traditions of China. However, even if it is an old tradition, the marriage of those two people is about the order of their parents, you are not Jing Yi's mother or grandmother, I am afraid you are just some eight-legged seventh aunt, Jing Yi's marriage, you still need to agree to it?!"

"You" The middle-aged woman's face turned red as she pointed at Zhang Lei, unable to speak in anger.

While Zhang Lei seemed not to see it, he laughed lightly, "Besides, there is still Jing Yi's grandfather here, his old man hasn't even spoken yet, yet you can't wait to jump out and speak, I think, the Shen family should be a very family-oriented family, you should admit your mistake to the old man!"

"You you bastard!" The middle-aged woman was shaking with anger, Zhang Lei's tone was flat, but every sentence was reasonable, so that she couldn't pick a single fault, and couldn't even say anything in return.

But to be called uncultured by a brat, this, this was simply infuriating!

Not only the middle-aged woman, but almost everyone in the lobby was very angry, this kid, he was really too wild, look at what he said about the presence of the old man and so on, he simply did not put everyone in his eyes!

However, there were also people who looked at Zhang Lei with a hint of surprise in their gaze.

This young man, who was smiling when he spoke, didn't seem to carry the slightest bit of fire, but the harshness of his words left people at a loss for words, it was as if he had slapped the middle-aged woman in the face.

This man is not simple!

There were a few people who understood, and they couldn't help but have this thought in their hearts.

Of course, no matter where they were, people who understood were a very small minority, so at this moment, the lobby could be described as being filled with anger.

"Zhang Lei, stop it!" Shen Jingyi was also incredibly nervous, and she hurriedly pulled Zhang Lei for a moment, fearing that he would say something else that was too much, which would only make things more stagnant and even force the others to use force, which would be troublesome then.

However, Zhang Lei only patted her hand and said with a light smile, "Don't worry, I have everything."

Unable to help, Shen Jingyi only felt her nose get a little sour.

This was something Zhang Lei had said to her before, but there had never been a time when she felt like this today, when Zhang Lei was really standing in front of her, shielding her from the wind and rain.

It's just that

Zhang Lei has little strength ah, he is so high profile and rampant, that will only lead to greater backlash

However, Zhang Lei only smiled faintly and stopped paying attention to the middle-aged woman who was trembling with anger, since she was so impatient to jump out and attack him, she would have to suffer the price of being hit back!

"Humph!"

Another person snorted coldly, "If you have upbringing, you wouldn't do such a cross-eyed thing, not to mention, Jing Yi is still married" and I don't know how her parents were taught!"

The person who spoke was a man of about thirty years old, this person sat limply on a chair and looked just a bit runny, and spoke with a face full of mockery.

"Huh"

A burst of laughter suddenly rang out, and the crowd immediately turned their heads to look, only to see a young man standing near the door, with a face full of derisive smiles.

This young man was, naturally, Ji Feng who had come with Zhang Lei.

"Kid, what are you laughing at?!" The man who spoke before asked in a cold voice.

"I just think what you said is a bit funny!" Ji Feng said with a wry smile, "What Zhang Lei said before was right, with the old man around, the others should stop jumping up and down so much, don't lose the Shen family's face!"

"Bang!"

The young man slapped the table violently and stood up with a swish.

"Don't don't!"

Ji Feng hurriedly waved his hand, pointed at Zhang Lei in front of him and laughed, "If you want to make a move, don't look for me, look for him!"

Zhang Lei took over and laughed, "This gentleman, my friend is as frank in character as I am, so if he has offended in any way, I'll take it all on!"

"Then you just want to try?!" The young man sneered.

"..... It's fine to try!" Zhang Lei laughed.

"All right!"

At this time, an old man sitting on the main seat finally spoke up, he said indifferently, "Zhang Lei, Jing Yi already has a marriage contract, there is no need to talk about the two of you, but the visitor is a guest, you can eat here before you leave, if you lack the travel expenses" "

"I'm not short of that money yet!"

Zhang Lei interrupted him directly, "I came today to visit Jing Yi's parents and grandfather, as for other irrelevant people" "

"Bastard! How dare you talk to my father like that!"

The straggly man from before stormed out in anger and kicked Zhang Lei directly with a fierce kick.

Hoo~~!

The white spider's body surged, instantly stopping the man and kicking him in the leg, instantly causing the latter to stagger back a few steps with a muffled cry.

"It's not too good to just do it straight away, is it?" Ji Feng said with a faint smile.

"How dare you be rude to my father, such a person deserves to be beaten!" The man grimaced and snorted coldly.

"That's enough!"

The other old man, Shen Wanzhen, spoke in a deep voice, "All this bickering and arguing, what's it like!"

He looked at Zhang Lei and said indifferently, "Zhang Lei, it is true that Jing Yi is already married, and between you, there is no possibility of being together. Of course, we are not unaware of human feelings, so as long as you can reach the middle Houtian realm, you can also be given a chance!"

"What chance? How can I give it?" Zhang Lei asked.

"To give you a chance to compete with Jing Yi's fiancé!" Shen Wan Zhen said, "As long as you can defeat him, then the other party will have nothing to say, but only if you reach the middle Houtian stage, the son-in-law of our Shen family can't be a waste!"

"Mid Houtian stage? I am." Zhang Lei smiled faintly, "In a few days ago, I just reached this realm!"

"You? Mid-Hind Heaven?!" The man from before snorted, "Kid, you actually came to our Shen family to brag? Haha" "

The others in the lobby also snorted, there was no sign of kung fu on Zhang Lei's body, and he was still in the middle Houtian stage? Does being big mean being an expert?

However, the old man sitting next to Shen Wanzhen had a cold light in his eyes and said indifferently, "You've reached the Middle Houtian stage? Well then, there is no proof for your words, since you said you have reached the Middle Houtian stage, then let's try!"

"I'll do it!"

The man who spoke before immediately stepped forward and sneered, "Zhang Lei, as long as you can catch three of my punches, I will admit that you are an expert of the Middle Houtian stage!"

Chapter 1126

“Three punches?!”

Zhang Lei was slightly stunned, then shook his head and laughed, “That’s not good, is it?”

“What, are you afraid?” The man gave a mocking smile, “You’re not planning to have someone else help you, are you?”

Just now he had kicked Zhang Lei that kick, but was stopped by the white spider, so he realised that the white spider should not be simple, although he was confident that he could defeat the white spider, what he wanted to do most now was to abuse Zhang Lei.

Don’t look at that Zhang Lei’s head is quite tall, but in his opinion, Zhang Lei doesn’t look like a person who knows kung fu, his head is big but also not good at dodging, his movements are very meaty, such a person is more enjoyable to fight!

“Alright, I’ll try with you, but there’s no need to limit it to three punches, a loss is a loss, a win is a win!” Zhang Lei nodded his head.

After almost a month of devilish training, Zhang Lei’s self-confidence had also exploded, especially when he saw that even White Spider could easily stop this guy’s attack just now, Zhang Lei understood that this man was no match for himself!

And Zhang Lei himself was not a person who liked to pretend, his character was just very violent, so that’s why he would not agree to this guy letting him.

“No need, just say three punches, as long as you can still stand after three punches, I’ll be considered a loser!” The man said with a cold smile, he looked confident and was obviously going to eat Zhang Lei up.

“..... Alright then.” Zhang Lei nodded his head.

At this time, the other people in the lobby were all talking, with different expressions.

Those who were hoping to see Zhang Lei get ruthlessly abused were all overjoyed and whispered with unbridled excitement.

“Hey, this guy is out of his mind, right? How dare he answer the battle? He’s desperate for death, isn’t he?”

“Maybe he really is a martial arts master! Hehehe”

“Bullshit martial arts masters, apart from people from our martial arts family, where are there any martial arts masters in this society nowadays? Even if there are, they are impostors, they don’t have any authentic martial arts heritage at all, I think this guy is just pretending to be fat with a swollen face!”

“Humph! This fat man is not that easy to pretend to be, later on his face will really be swollen!”

.....

For a while, the people in the lobby were talking and many were gloating. In particular, the middle-aged woman who had been squeezed out of speech by Zhang Lei earlier was even more excited.

This is great, this little brute has actually agreed to the competition, let's see how he will still be arrogant later!

"This little beast" The middle-aged woman sneered and turned her head to the man and said in a low voice, "Remember, make sure you teach this little beast a hard lesson later!"

"Don't worry about it, second sister!" The man gave a contemptuous smile.

On the other hand, Shen Jingyi's parents, as well as her third uncle, could not help but frown.

"Big brother, how come this object of Jing Yi's is a rash young man, so presumptuous to answer the battle?" Shen Jiuyuan frowned and said, "Isn't it obvious that this is going to seek abuse? What's more, Shen Jiuming himself is a mid Houtian expert, and is about to break through to the late Houtian stage, this"

Shen Jiucheng also couldn't help but shake his head and said, "If you don't measure yourself, you'll only be asking for trouble" Lao San, later on if you see that the situation is not right, stop them, although that kid came at a bad time, but after all, the visitor is a guest, don't let him get hurt."

"I can only try to ah, I am about the same strength as Shen Jiuming, if the second uncle's side speaks again, it will be difficult for me to stop", Shen Jiuyuan said, shaking his head.

Shen Jingyi's mother was even more distraught: "But if that young man is injured, Jingyi will definitely be sad!"

"Who can be blamed for that?"

Shen Jucheng shook his head helplessly and said in a good-natured manner, "That boy wants to be a hero himself, what can we do? What's more, there's still Second Uncle and the others watching!"

"Alright, let's not talk about it, let's go to the backyard and wait!" Shen Jiuyuan said.

At this time, everyone else in the lobby also came out and walked together towards the backyard of the villa, the two old men, Shen Wanzhen and Shen Wanhe, both followed along too.

On the way, Zhang Lei took Shen Jingyi's hand without any scruples and laughed, "Jingyi, I really didn't expect that your family was still a big group, and your father is still the general manager of the group"

"You're still in the mood to talk about this now!" Shen Jingyi said without good grace, "Zhang Lei, how can you really answer the battle, the one who is going to compete with you, is called Shen Jiuming, he is from the second master's side, he is now a mid Houtian peak expert, you, you are not looking for death!"

"Don't worry, he's no match for me!"

Zhang Lei reassured, "I'll prove to all of them later that apart from martial arts families, there are just as many experts elsewhere!"

“You, even now you are still bragging” Shen Jingyi shook her head helplessly, her mind turning quickly, hoping that she could find a good way to help Zhang Lei get through this hurdle. She even regrets sending Zhang Lei a text message now, otherwise, there would be no more of this!

The people each arrived at the backyard of the villa with their own tumultuous moods.

It was a yard of great extent, with nothing on the ground but dirt and potholes, with footprints everywhere, obviously the place had been trodden around a lot.

In the middle of the courtyard, a few people had drawn a huge prototype, four or five metres in diameter.

“Zhang Lei, you and Shen Jiuming will spar in this circle, whoever gets out of the circle first, or whoever falls down first, will be considered a loser!” Shen Wanzhen said.

“No problem! Totally understand!” Zhang Lei nodded and smiled.

“Zhang Lei, you must be careful!” Shen Jingyi said worriedly.

Ji Feng laughed beside him, “Jing Yi, just don’t worry, this month Zhang Lei has been training for his life, just waiting for this day to come, he will definitely win!”

When he spoke, he didn’t lower his voice, so many people around him heard it and let out disdainful laughter.

Ji Feng also ignored them, how strong Zhang Lei really was, they would see later, and by then, I’m afraid they would have to drop their jaws in shock!

At this moment, Zhang Lei and the man called Shen Jiuming were already standing opposite each other in the circle, and the match between the two of them was about to begin.

“Kid, I heard that you’ve still been training for a month?”

Shen Jiuming looked at Zhang Lei, “One punch, I only need one punch and you will get the hell out!”

Ji Feng looked at him helplessly, “Isn’t it” you’ll die if you don’t feel so superior?!”

“You” Shen Jiuming gritted his teeth, “Good!”

Hoo~~!

His words just fell, the whole person suddenly an arrow step forward, a harsh and incomparable fist instantly smashed towards Zhang Lei’s chest, that fist is extremely fast, and the power is so great that there is actually a vague air-breaking sound!

Zhang Lei’s face remained unchanged, and his whole body fiercely bullying forward, he went straight towards Shen Jiuming’s fist.

At the same time, his fist, also smashed over, the target is exactly Shen Jiuming’s fist!

..... did not evade!

Shen Jiuming was instantly delighted, this fool actually dared to fight with him for strength?!

He instantly pushed his inner strength, deciding that this punch would break Zhang Lei's arm and knock him out!

Bang!

The next moment, their fists clashed together.

In a flash, both sides felt a huge force coming from the other's fist pair, instantly impacting them to stomp backwards two steps.

A look of amazement flashed across Shen Jiuming's face.

This fool had actually blocked his fist? Moreover, he had even shaken him back?

The onlookers were also a little stunned, they all knew kung fu, so naturally they could see that the two of them had just clashed hard with each other with that punch, but Shen Jiuming, who had initiated the attack, hadn't actually taken half an advantage!

That kid is really a mid Houtian expert?

Zhang Lei, however, moved his fist and smiled, "First punch!"

"Hmph!"

Shen Jiuming's face sank, a cold light flashed in his eyes as he shouted, "Watch out, the second punch!"

The next moment, Shen Jiuming's left hand clenched his palm into a fist and struck Zhang Lei's lower ribs with lightning speed and power.

Zhang Lei also did not give an inch and immediately stepped forward to block. However, as soon as he made contact with Shen Jiuming's fist, he realised that his opponent's fist did not seem to have any force.

"This is a false move, go to hell!"

Shen Jiuming shouted in his heart, and at the same time, his right fist had already appeared in front of Zhang Lei's chest.

"Ah!"

Shen Jingyi exclaimed beside her, just wanting to warn Zhang Lei to be careful, and immediately, a scene that left her extremely stunned, and equally shocked the whole audience, appeared.

It was as if he didn't even see his opponent's fist, and he crashed straight into it! At the same time, Zhang Lei turned his palm into a knife, and his hand knife had already appeared at Shen Jiuming's throat!

Zhang Lei's hand knife was frighteningly fast, and his movements were amazing!

For, he actually used the momentum of blocking Shen Jiuming's fist to slash at the latter's neck without any defence!

Bang!

Shen Jiuming was instantly shocked, he only felt a wave of extreme danger sweeping through him, but it was too late to block it, so he could only suddenly bend his legs and use the momentum to kneel down, while his head was thrown backwards, his whole body rushed to Zhang Lei's crotch.

Only then did he manage to dodge Zhang Lei's hand slash!

However, Zhang Lei easily stepped over his head!

"Attacking him to save his life! Outside the field, everyone was stunned at the same time, and the way they looked at Zhang Lei changed.

"It's time for the third punch oh!" Zhang Lei looked at Shen Jiuming who rolled on the ground and stood up.

"Go to hell!"

Shen Jiuming was instantly furious, he had just been straddled over the head by Zhang Lei, this was simply a great humiliation, Zhang Lei had forced him, he actually could only take that humiliating way to barely dodge it.

The hatred in Shen Jiuming's heart was so strong that he didn't care about the three-punch contract, his whole body fiercely rose up and kicked Zhang Lei extremely harshly, at the same time, his fist was also ready to be launched.

–Continuous attack!

All of a sudden, everyone subconsciously held their breath!

"Good!"

Zhang Lei, however, also shouted out loud, but he made an extremely bizarre move – he bent down fiercely, propped himself up on one hand, and his whole body rose upside down, and his two legs were like two thick iron pillars, instantly striking upwards viciously!

These two kicks of Zhang Lei's contained an extremely terrifying force, while at this moment Shen Jiuming happened to rise up in the air Instantly, Zhang Lei's two kicks hit Shen Jiuming fiercely and accurately!

"Ah...!" Shen Jiuming cried out with a miserable cry.

However, Zhang Lei's body was folded at the waist and landed firmly on the ground. In the next moment, he also rose up fiercely, and his whirlwind back swinging leg, once again like a dragon swinging tail, struck Shen Jiuming who had not yet landed on the ground.

Whoosh~~Bang!

At this moment, Shen Jiuming, surprisingly like a sandbag, was actually fiercely smashed away by Zhang Lei's kick, and then heavily crashed into the villa's wall

"Third punch Third kick!" Zhang Lei stood in the circle and said indifferently.

In a flash, the whole room was shocked and silent!

Chapter 1127

“Well

In the backyard of the Shen family, all the people present were in a sudden shock, each with a face full of shock and a look of disbelief in their eyes as they looked at the tall figure in the middle of the field.

In their ears, on the other hand, were the low and painful moans of Shen Jiuming from time to time.

The scene in front of them was unbelievable to all of them. Even when Shen Jiuming was sent flying by Zhang Lei's move of the Dragon Swinging Tail and fell to the ground unable to get up, just moaning in pain continuously, no one actually reacted, as if everyone had forgotten that there was still a sent flying Shen Jiuming under the wall.

The eyes of all these people were fixed dead on the tall figure in the middle of the field, their gazes filled with shock!

It was this young man, who was not even looked up to by them, who had actually used only two punches and one kick to whip Shen Jiuming, who was already at the peak strength of the middle Houtian stage, away!

This is really too subversive!

It made the crowd simply couldn't believe their eyes!

Where was Shen Jiuming's internal strength? He was an expert at the peak of the Middle Houtian stage, how could he be beaten so miserably by this brat like Zhang Lei?

The people present couldn't help but recall Zhang Lei's words from before, “Middle Houtian stage? I am!”

Now it seemed that this young man was definitely much more than a mid Houtian cultivation level, he was so strong that he was already at the late Houtian stage!

The reason for this was that Shen Jiuming himself was already at the peak of Middle Houtian strength, although he was a man who was usually brave and ruthless, he was not really too experienced in actual combat, after all, in modern society, there were not many times when one could really throw open their arms and fight furiously.

In addition, the second master is more sheltered to this son, so generally speaking, no one has fought with him.

So strictly speaking, Shen Jiuming's actual combat strength should be slightly lower than his realm, which means that he is probably at mid-Hind Heaven strength, and not at his peak.

Then, if Zhang Lei was able to defeat Shen Jiuming so neatly, he should obviously be at least at the peak of the Middle Houtian stage, or even the Late Houtian stage!

For a moment, everyone looked at Zhang Lei a little differently, an expert in his early twenties at the peak of the middle Houtian stage, or even at the late Houtian stage of cultivation, this was enough to show how amazing his potential was!

To say that the happiest among these people, it would definitely be Shen Jingyi.

Previously, she had been very worried, fearing that Zhang Lei would be harmed by Shen Jiuming, but now, she was pleasantly surprised that Zhang Lei had really defeated Shen Jiuming, and that he had done so cleanly, showing such extraordinary strength!

Zhang Lei's such strength had really given Shen Jingyi a great surprise!

"He did it, he really did it" Shen Jingyi looked at Zhang Lei standing in the middle of the field with a face full of joy and couldn't help but murmur to herself, her nose sore, tears then swirled in her eyes.

From the time she was with Zhang Lei, Shen Jingyi had some hidden pressure in her heart because the future situation left her with no bottom in her heart at all, especially since she returned from vacation, she felt that this time she and Zhang Lei, might have to face great tribulations.

But did not expect

"You gave me such a big surprise, but, we've only been apart for a month, and you've already reached such a state" In this month's time, how much suffering have you suffered?!" Looking at Zhang Lei's magnificent figure, Shen Jingyi's tears rustled down.

Shen Jingyi was such a smart girl, she certainly knew how hard it was to have this kind of strength, not to even mention that Zhang Lei had only used a short month's time!

When she thought of all the hardships Zhang Lei had suffered for herself, Shen Jingyi was both happy and heartbroken!

As for Shen Wanzhen, the old man of the Shen family, he was equally astonished.

It wasn't because of this great strength of Zhang Lei's, but the kung fu he had displayed, and his ability to react

Just now he watched the entire process of Zhang Lei and Shen Jiuming's fight. The first punch they exchanged, Zhang Lei did not dodge or block, but chose to clash hard with Shen Jiuming, which he did obviously to test how strong Shen Jiuming really was.

When he knew the approximate strength of Shen Jiuming, the second move, which almost killed Shen Jiuming, made Shen Jiuming scared to death, using the method of drilling through Zhang Lei's crotch, before he could dodge Zhang Lei's terrifying attack.

As for the third

Shen Wanzhen couldn't help but shake his head and marvel in his heart, "The latter is fearsome!"

"Ah" Shen Jiuming's miserable scream came once again, and it was not until then that everyone present reacted, and Shen Wanhe, the second master of the Shen family, hurriedly bellowed, "What are you all still standing around for, hurry up and go see how Jiuming is doing! "

Several people immediately ran over and helped Shen Jiuming up.

At this time, Zhang Lei had already walked back, and he arrived in front of Shen Wanzhen, the old man of the Shen family, and asked with a faint smile, "Grandpa Shen, I think my strength has met the requirements, right? I wonder about me and Jing Yi"

"Humph!"

Before Zhang Lei could finish his words, he was suddenly interrupted by a cold snort, only to see that second grandfather of the Shen family looking over coldly, his eyes flickering with a cold and gloomy aura, as if he wanted to eat Zhang Lei alive.

"Little beast, this is just a sparring match between each other, how dare you do this, with such a malicious heart, you still want to talk about your affair with Jingyi?" Shen Wanhe, the second master of the Shen family, laughed heartily.

"Then what do you expect!" Zhang Lei asked in a deep voice, his brow furrowed, this second master of the Shen family opened his mouth and called him a little beast, this made Zhang Lei very angry, but for the sake of Jing Yi's face, he held back and didn't have a fit for the time being.

"What?"

The second master of the Shen family snorted coldly, "Since you have struck so viciously, then, today, I will teach you a good lesson, so that you will know what it means to be outside the sky, don't think that you are unscrupulous because you have some strength, so what if you are in the late Houtian stage?"

He waved his hand violently and shouted angrily, "Break both legs and throw them out!"

"Yes!"

Hula~~!

Four or five young men stood out and instantly surrounded Zhang Lei, about to take action.

"Second Uncle, calm down!" Shen Jiucheng took a look and hurriedly stepped forward to dissuade him, "Zhang Lei is also because he is young and does not know what to do, you old man first calm down"

"Second master, have mercy!" Shen Jingyi also panicked, not to mention the strength of these few people surrounding Zhang Lei, more importantly, the second master, his old man is an absolute expert ah! If the Second Master was determined to teach Zhang Lei a lesson, then how could he stop him?

Shen Jiuyuan also stepped forward to plead for mercy: "Second uncle, Jiuming also did not hurt much well, lying in bed to recuperate a few days will be fine, this despicable cut, which does not hurt, you say so"

"Humph!"

Shen Wanhe, the second master of the Shen family, had a sullen face: "No one needs to say more, today this little beast, I am teaching a lesson for sure, the more you guys beg for mercy, the harder he will be taught! all get out of the way!"

“Wan He!” Shen Wan Zhen, the old man of the Shen family, spoke up, “This is just a sparring match between children, let’s not interfere, right? Besides, if this little fellow can have this kind of strength, that’s something to be happy about!”

“Big brother, that’s not the way to put it, even if this little beast defeated Jiuming, he actually didn’t know to show mercy, and even forced Jiuming to actually drill through his crotch, this is simply humiliating our Shen family!” Shen Wanhe said gloomily, “Besides big brother, if word of today’s incident reaches the Tan family, do we really want to tear our faces off with the Tan family?”

Shen Wan Zhen frowned slightly, but did not say anything else.

Shen Jiucheng and the others, however, looked at the old man, Shen Wanzhen, expectantly, hoping that he would say something for Zhang Lei.

Shen Jingyi, in particular, was incredibly nervous as she said in a panic, “Grandpa, don’t punish Zhang Lei, come at me with any punishment

“Shen Jingyi, you shut up!”

A middle-aged woman said in a sharp voice: “You’re already married, yet you’re still in love with another man outside

“You’re the one who should shut up!” An angry shout suddenly came out, directly interrupting this woman’s words.

Zhang Lei coldly looked at this woman, the cold light in his eyes flashed: “You were the one who was chirping in the lobby before, and now you are desperate to jump out again, are you a bitch?!”

“You, what are you saying?!” The middle-aged woman looked at Zhang Lei in shock, not even reacting for a moment.

“I said you’re a cheapskate!”

Zhang Lei said in a cold voice, “You can say anything about me, but, as an elder of Jing Yi, you shouldn’t say that about her! Those words of yours, are they what an elder should say?”

Looking at the middle-aged woman’s face turned red from the scolding, Zhang Lei gritted his teeth and laughed coldly, “Since I arrived, I have been tolerating, but some of you are getting more and more outrageous, getting more and more aggressive! I’m telling you, in the matter of me and Jing Yi, except for Jing Yi’s parents and her grandfather who are qualified to speak, everyone else, keep your mouths shut!”

He pointed at those people and shouted coldly, “I don’t think it’s a good idea for Jing Yi to stay away from such a family! If you piss me off, I’ll sweep all of you trash away!”

Everyone was frozen by the scolding, all of them looked at Zhang Lei in disbelief, this young man, actually dared to point his finger at their noses and scold them, even, he had just pointed at the Second Master!

..... Where did he get the guts to do that, to actually dare to scold a Xiantian expert?!

“Zhang Lei, stop going crazy and apologize quickly!” Shen Jingyi was however terrified, “Hurry up, Zhang Lei, I beg you, hurry up and apologise to these elders!”

Shen Jingyi knew better than anyone what would happen to Zhang Lei if he pissed off the Second Master!

The Second Master was an innate expert, if he wanted to kill Zhang Lei, it would really be no different from crushing a bug, what kind of madness was Zhang Lei in?

“Apologize? You don’t have that chance!” The second master of the Shen family’s face was steeply gloomy.

“That’s right, still apologizing? Today this little beast can’t even call his ancestors!” The middle-aged woman from before was also scolding.

“Give me a beating!” Shen Wanhe, the second master of the Shen family, bellowed.

Chapter 1128

“Hold it!”

Just when those Shen family members who surrounded Zhang Lei wanted to make a move, but not far away suddenly came a loud shout, that voice was not too loud, but it was full of mid-air, the sound of the shout clearly and incomparably reached everyone’s ears, so that those few people who were ready to make a move could not help but be stunned.

The crowd immediately turned their heads to look, but saw that the young man who had arrived with Zhang Lei, seemed to be called something There were quite a few people who did not know this young man’s name, but at this moment, they saw that this young man was slowly stepping to the centre of the field, with a smiling look on his face, sweeping a circle, before shaking his head and smiling.

“This is the famous martial arts family, I really didn’t expect it!”

Ji Feng shook his head and laughed, “Bullying people out of power is not to mention that this is originally something that the big families like to do. What’s funny is that this so-called martial arts family of yours, which itself is not good at martial arts, just started to talk wildly about defeating my friend with three punches, but it turned out to be my friend who was sent flying with a kick and fell like a dead dog”

The first thing you need to do is to get a good idea of what you’re doing. But yet, you can’t afford to lose, and you’re actually making some bullshit excuse about insulting your Shen family I wonder, what did Zhang Lei insult you about? That thing called Shen Jiuming is not good at kung fu himself but still speaks wildly, that’s what insults the Shen family!”

“How dare you!”

Shen Wanhe, the second master of the Shen family, snorted coldly and shouted, “Someone, beat this little brute who speaks wildly out of his mouth!”

“Old dog!” Ji Feng shouted violently and stared coldly at Shen Wanhe as he said in a deep voice, “I’ll make a note of this little brute of yours, I’ll settle the score with you later! Now, I have a few words to say to my friend and Shen Jingyi.”

After saying that, he no longer paid any attention to that old man at all, but came directly to Shen Jingyi and smiled, "Jingyi, you are Zhang Lei's girlfriend, so, we are considered friends, right? You are very smart, and I believe you should be able to see the situation in front of you clearly, with such a bullshit family, is it still worthwhile for you to stay here? Talk to your parents and take you away with you!"

"Ah?!" Shen Jingyi looked at him in shock, surprisingly not realising what he was saying for a moment, she just hurriedly said, "Ji Feng, let's not talk about anything else now, hurry up and persuade Zhang Lei, don't let him talk nonsense anymore, they, they will really beat him to death!"

"Beat Zhang Lei to death?!"

Ji Feng laughed harshly, "Just this little Shen family has the ability to do that? Jing Yi, think about my words, if you think what I say doesn't make sense, then consider me talkative, if what I say makes sense, when we finish our business later, come with us, and of course, your parents, too!"

"This, this kid is crazy, right?" Shen Jiuyuan looked at Ji Feng with a smile on his face in shock, and couldn't help but turn his head to his elder brother Shen Jiucheng and say, "Big brother, hurry up and say something, they'll cause a big problem like this!"

"What can I say? Can't you see, this kid doesn't even put our Shen family in his eyes!" Shen Jiucheng said helplessly.

Next to her, Shen Jingyi's mother was worried badly, things had taken a sudden and drastic turn, the situation immediately got out of control, based on these words spoken by Zhang Lei and this Ji Feng, they couldn't even stay in the Shen family anymore, moreover, this matter definitely couldn't be settled ah!

And at this time, Ji Feng had already arrived in front of Zhang Lei, and as for those who were surrounding Zhang Lei, they were pushed aside by Ji Feng with a handful of necks.

"Lei Zi, you've seen the situation, you've repeatedly tolerated, but in return, people are pressing harder and harder." Ji Feng laughed: "In fact, there are many ways to solve things, and the best way to deal with their type of people is"

"Beat them until they are afraid! Beat away their sense of superiority and that so-called martial arts master's demeanor!" Zhang Lei took the words over.

"Right on the money!" Ji Feng nodded at him and laughed harshly.

Zhang Lei laughed, "Actually, I've already seen it, these people are too shameless crazy, you protect Jing Yi and the others, since someone wants to break my legs, I can't help but give them that chance!"

Zhang Lei was originally a fiery temper, from the moment he first came to the Shen family, he had been pressured at every turn, and after what he had just experienced, his patience was instantly worn to the bone.

"Well, settle these little minions early, we still have to go to the Tan family!" Ji Feng nodded, "It's best to break all their legs!"

After saying that, he walked back next to Shen Jingyi with his hands behind his back, and smiled at her, "Jingyi, next you'll see how Lei Zi is a powerhouse, you have a boyfriend with amazing potential!"

“.....” Shen Jingyi was already too irritated by them to say anything, these two guys, they really didn’t think that things had gotten big enough, huh?

The second master of the Shen family, Shen Wanhe, could not hold his anger any longer, and he roared, “Break their legs and throw them out! If they dare to resist, they will die or live!”

“Yes!”

The dozens of men present shouted at the same time, and at the same time, another ten or twenty young men came from outside, leaving only those six or seven middle-aged men still standing behind Shen Wanzhen and Shen Wanhe without moving.

Those dozens of men, respectively, pounced on Zhang Lei and Ji Feng.

“Haha! Good to come, I’m holding my breath, today I’ll have a painful fight!” Zhang Lei shouted, and immediately let go of his fists and feet, and fought furiously with the dozens of men who pounced on him.

“Swish!”

Over here, White Spider also attacked directly, blocking part of the men for Ji Feng.

In a flash, the entire backyard was caught up in an unbelievably fierce melee, and, it was an extremely strange melee, with Zhang Lei and the white spider each taking on a dozen men and tangling with them, while the remaining few men, stood outside and watched.

“Ji Feng, do something quickly” Shen Jingyi was horrified, so many people were surrounding Zhang Lei

“Don’t be in a hurry, watch patiently, such a good opportunity to hone your skills doesn’t come around very often!” Ji Feng laughed: “Zhang Lei will surprise you again!”

“No self-respect!” Looking at the melee, apart from Shen Jiucheng’s family who were in shock and worried, almost everyone looked disdainful and felt ridiculous.

Just two people, and they wanted to deal with these dozens of martial arts grips?

You know, there were still a few masters among them!

But after just a few moments, their eyes gradually widened and shock was written all over the faces of many of them.

Oh my God, what did they see!

The one that stood out the most was the tall Zhang Lei. He was surrounded by a dozen people, his body constantly moving and dodging, and with so many people, he couldn’t even take him down!

And his counterattack was so severe.

Hoo~~ Bang!

Zhang Lei lightning grabbed the hair of one of the men and yanked it violently, that man instantly side his head in pain, immediately, Zhang Lei smashed his fist heavily on that man's neck, in a flash, the man fainted

This happens far too often, Zhang Lei's speed is incredibly fast, while his attacks are terrifying to the extreme.

Zhang Lei's pair of fists, two legs, knees, elbows, shoulders, both feet

His entire body seemed to become the most terrifying weapon, along with his lightning fast movements, every time he made contact with his opponent, he would directly hit them and instantly lose their combat power!

Bang!

When the last man was directly grabbed by Zhang Lei's neck and thrown out with an over-the-shoulder slam, none of the dozen or so martial arts masters who had originally surrounded him, and even a few experts, were even left standing!

Those people, all lying on the ground, either moaning in a low voice, or screaming in a muffled voice the whole courtyard, a miserable look!

"Phew~~!"

Zhang Lei panted slightly, he let out a long breath and shouted, "It hurts! Who else, just come at me!"

In this instant, Zhang Lei's entire aura changed, he was like a sword that had been sheathed, sharp and compelling. And there was a kind of enlightened pressure on his body that made people somewhat afraid to look at him directly!

Ji Feng couldn't help but secretly nod his head as he watched, Lei Zi finally had the aura

However, the other people in the courtyard, the Shen family, were watching in shock and amazement, all standing there dumbfounded, staring blankly at Zhang Lei.

This young man, is really too terrifying, this is only how long, only two or three minutes ah, a dozen martial arts generals, and a few experts, just so cleanly put down by him, not even any of them can stand up!

"This, this" Shen Jiuyuan looked at the scene in front of him and was so shocked that he couldn't even speak clearly, "Big brother, if it was you, could you have done this?"

Shen Jiucheng did not say anything, except that the stunned look on his face was a sign of how appalled he was inside.

This was too amazing!

Bang!

With a single leg, the White Spider chopped the last guy straight down and stepped on his feet, so far, dozens of martial artists from the Shen Clan had been destroyed by Zhang Lei and the White Spider just like that, dozens of martial artists, none of them could stand up!

–The group was exterminated!

“Ha! This is the so-called martial arts family, bullshit!” Zhang Lei patted the mud on his body and laughed, striding towards Shen Jingyi’s side.

However, in the next moment, she saw Shen Jingyi suddenly change her complexion and exclaimed, “Zhang Lei, be careful–!”

In an instant, Zhang Lei sensed a feeling of danger coming rapidly, but he was too late to react when a strong wind suddenly came from behind him and he was already at his heels.

In front of him was Shen Jingyi, so Zhang Lei had nowhere to hide, and he couldn’t hide either.

In a flash, Zhang Lei gritted his teeth and stiffly blocked in front of Shen Jingyi, ready to block the sneak attacker with his body!

Snap!

In the next moment, a crunching sound could be heard suddenly, and then, the courtyard was silent.

Everyone, staring dumbfounded at the scene before them, was filled with a look of shock and dumbfoundedness, even more stunned than when they saw Zhang Lei and the White Spider trample those dozens of Martial Handlers under their feet just now!

Not far behind Zhang Lei, an old man’s face was blue, his eyes resentful and incomparably cold, and a bright red five-finger mark floated up on the left side of his face. This meant that he had received a raw slap on this old face of his!

“Old immortal dog, this Shen family is so shameless, it’s you, the upper beam is not right, the lower beam is only crooked, a big age and still engaging in sneak attacks?!” Ji Feng stood behind Zhang Lei and sneered, “Your opponent, is me!”

Chapter 1129

The Second Master has been beaten up!

And was given a vicious slap to the face!

For a moment, all the Shen family members present were stunned, except for those lying on the ground who were still moaning in pain, everyone else froze.

The second master, Shen Wanhe, who had always spoken with great prestige in the Shen family, had actually been slapped in the face!

A sense of humiliation rose up in everyone’s heart, feeling suffocated and humiliated, their faces all burning and uncomfortable!

In the Shen family, the old man, Shen Wanzhen, and the second master, Shen Wanhe, were the face of the Shen family, the pillars of the Shen family. With them around, all other martial arts families had to give a few points of respect. Because

Because, the old man, Shen Wanzhen, and the second master, Shen Wanhe, they were both Xiantian masters!

But now, the Second Master had been slapped fiercely in the face by that young man, and everyone felt as if the slap had hit them in the face, it was really hot and spicy!

What's more, with the Second Master's prestige, someone actually dared to slap him in the face?

All the people present were stunned and humiliated, but they didn't realise how amazing it was that Second Master Shen Wanhe, being an innate expert, was able to accurately stop Zhang Lei when he was sneaking up on him, and even managed to slap him!

Of course, there was also a side that stemmed from the fact that it happened so suddenly that they didn't even see the movements of the second master and Ji Feng clearly, so they were all in shock and didn't even think in that direction.

However, not everyone was unaware of it.

When he saw Ji Feng's fierce slap flung at Second Master Shen Wanhe's face, Old Master Shen Wanzhen's eyes, then, snapped open wide as a sharp awning flashed past.

Shen Wanhe's movements were all so fast, otherwise, Zhang Lei wouldn't have even had a chance to fight back. However, Ji Feng's movements were even faster than Shen Wanhe's, he actually came after him and directly stopped Shen Wanhe!

..... Innate expert?!

This word flashed through Shen Wan Zhen's mind, and the next moment, he was stunned by his own guess.

An innate expert in his early twenties?

This, how could this be possible!

However, at this moment, Second Master Shen Wanhe's heart was filled with shock and humiliation, his face was incomparably blue and his eyes were gradually turning red.

To be slapped by a spearheaded kid in front of a group of juniors, this was simply humiliating for Shen Wanhe, and it left his entire being in a state of violent anger.

"Little beast!"

Shen Wanhe shouted angrily and lunged forward, "I will kill you! I will kill you!"

"Old dog, your mouth just owes you!" Ji Feng also shouted angrily and met him.

In a flash, the two of them battled in one place.

Bang!

Ji Feng's fist smashed against Second Master Shen Wanhe's fist, and both of their bodies shook slightly, swaying slightly.

They were evenly matched in their first encounter!

At this moment, the furious Second Master Shen Wanhe didn't realise this, he was only intent on killing this little beast in front of him, he had actually hit his own face, he must die, he must die!

Therefore, Second Master Shen Wanhe even forgot to preach any rules and regulations, he just attacked Ji Feng with one punch and one kick, each of his strikes contained violent internal force, with a swishing wind sound, just like the sound of a feathered arrow shooting out and cutting through the long sky.

One could imagine how powerful the Second Master's attacks were!

Ji Feng's attack, on the other hand, was similarly without any rules and regulations, as he sincerely wanted to find out how strong a real martial arts expert was.

So, the two of them were completely punching and kicking each other, punching against punching and kicking against kicking, completely hard hitting each other hard!

Bang! Bang! Bang! Bang!

Ji Feng and Shen Wanhe's fists kept clashing together, and the intensive clashing sound stirred the eardrums of everyone present, and also shook everyone, including the other sons and daughters of the Shen family who heard the commotion and received the wind and rushed over.

However, when they saw the scene before them, they were instantly stunned.

"Oh my, oh my! He, he he actually dared to shake hard with the Second Master?!"

"Yes, yes, I saw it too!"

"This, who the hell is this? How come it's so strong?"

"Look, how many punches have they actually exchanged? This, this young man was actually able to even the score with the Second Master!"

"Could it be that this young man is also an Innate Master?"

"How can you be sure he's a young man? Did you get a clear look?"

.....

Everyone's mouth grew up, stunned beyond measure as they looked at the two people in the field who were fiercely exchanging blows, but both of their movements were so fast that the others couldn't see their movements clearly at all, they could just see their figures constantly rushing

In fact, Ji Feng is still sincere to have a hard fight with Shen Wanhe, to test his strength, so the two are basically moving in a very small range, if the two are really vicious fight, then the surrounding people may only see the shadow of the two!

Also shocked were the Shen Jiucheng brothers, and Shen Jingyi.

As they watched the fight between Ji Feng and Second Master Shen Wanhe in full swing, they all subconsciously couldn't help but rub their eyes, as if they couldn't believe what their eyes were seeing!

“Lao, boss I didn’t see it wrong, did I?” Shen Jiuyuan cold sweat on his forehead straight up, “Jing Yi what kind of friends do you know here? A twenty-something innate expert?”

Shen Jiucheng was even more stunned and inexplicable, watching Ji Feng and the second master fighting back and forth, again stunned and incredulous, but thinking that this is his daughter’s friend, he felt happy

At this moment, he had really mixed feelings.

“No wonder I felt he was extraordinary from the start, no wonder is has been so calm and collected” Shen Jiucheng finally understood, this young man is not arrogant, nor is he unaware of the high ground, this is really an absolute expert ah!

As for Shen Jingyi, she was even more shocked, looking at the fierce battle in the field, she clutched Zhang Lei’s hand tightly and murmured, “He, he’s really an innate expert! He’s not bragging”

Thinking back to the time when she was eating a big stall near Jiangzhou United University, Ji Feng said that he himself might also be an innate expert, but Shen Jingyi and Zhang Lei listened to that as a joke, but now she realized that Ji Feng’s words were actually true!

Looking at the women again, and Shen Jiuming who had been sent flying by Zhang Lei’s kick earlier, they had all been stunned long ago by now, and their faces were all green.

There was no doubt that Ji Feng was an innate expert, but what they had done before had offended this innate expert to death.

But after thinking about it, they felt a little better.

Although this young man was an innate expert, at most he could only be an even match for the Second Master, but the Shen family had two innate experts, and the First Master was more powerful than the Second Master, right?

So, even if this young man was powerful, he would not be able to fight against two Xiantian masters, so he could not make any waves.

With such a thought, their hearts settled down a little.

However, the most shocked person in the room was the old man of the Shen family, Shen Wanzhen.

Amongst those present, I am afraid no one knew better than him what a Xiantian martial artist in his early twenties really meant!

There were only two possibilities, firstly, this young man definitely came from some super great family, or a great sect, and only a place like that could produce such a terrifying figure.

Either that, or this young man was just frighteningly talented!

But whichever it was, it was not good news for the Shen family, because, what they were about to face in the future was such a supreme master!

Bang~~!

With another muffled sound, Ji Feng and Shen Wanhe's fists once again clashed together without reservation, and then, Ji Feng took two violent steps back and separated from Shen Wanhe.

At that moment, more than ten minutes had passed since he had first fought with Shen Wanhe!

This meant that the two of them had actually fought hard for more than ten minutes, and their kind of hard-fought fighting style made everyone present's scalps explode.

"You're an innate expert, right?" Ji Feng stood still with a faint smile on his face, having fought for such a long time, he was only slightly out of breath, but there wasn't even a drop of sweat on his forehead, so it was clear that he hadn't exerted much at all.

Shen Wanhe, however, looked at him with an incomparably gloomy face, and a coldness flashed in his eyes.

He had already realized that this young man in front of him was also an innate expert who was not afraid of his internal force strikes at all.

Ji Feng, however, smiled as he said indifferently, "Since you are an innate expert, then bring out your crushing strength, you are no match for me if you fight hard!"

An angry look flashed across Shen Wanhe's face, with a resentful look in his eyes, he said in a gloomy voice, "Bring out your crushing strength, I'm afraid you won't be able to withstand it!"

"Hoo~~!"

Ji Feng no longer talked to him at all and directly pounced on him, while shouting, "Take out your unconventional kung fu, or I'll waste you!"

As soon as he said this, everyone present couldn't help but feel a fried feeling in their scalp instantly spread throughout their body, what was this young man just saying? He wanted to annul the Second Master?

However, the second master in the field, Shen Wanhe, was simply too late to think about anything else.

The next moment, he immediately counterattacked with all his might, his palms striking out fiercely and ruthlessly, no longer daring to shake hard with Ji Feng.

Swish!

In an instant, the crowd seemed to feel a wave of Qi stirring in the field, and the next moment, they saw that Ji Feng actually had one hand behind his back and only his right hand turned into a palm into a sword, standing a few dozen centimeters away from the Second Master and fiercely slashing at him!

How could he hit from such a distance?

As soon as this thought flashed through the minds of the onlookers, they saw that the Second Master's face suddenly changed drastically and his eyes widened, as if he had encountered something extremely dangerous, subconsciously panicking and dodging!

And at the same time, an alarming cry from the old master, Shen Wanzhen, came from the field, "Old Second, be careful! This is a Super True Qi Whip, you can't stop it!"

Chapter 1130

The so-called True Qi Whip is actually just a rather general term.

In fact, the so-called True Qi Whip is a way for an Innate Master to strike an opponent with his True Qi across the air after he has reached the realm of True Qi release. But since it is difficult to control this true qi after it has been released, and even for the most powerful Innate experts, the most they can do is to form a stream of true qi that looks like a whip!

But don't underestimate the power of this whip, it is much more powerful than the power of a martial artist who uses his fist to channel his true qi!

What's more, there is a difference between high and low Innate martial artists.

Even if an ordinary innate martial artist could channel his true qi outwards, it was still far from enough to form a powerful enough attack. Shen Wanzhen had only seen those Innate Martial Artists with extremely profound cultivation use this kind of True Qi whip!

That kind of power was simply not something that ordinary Innate Martial Artists could match.

Although Shen Wanhe, the second master of the Shen family, was also an Innate Martial Artist, he was still far from being able to block this True Qi Whip!

That was why Shen Wanzhen subconsciously exclaimed to warn Shen Wanhe.

If Shen Wanhe was really hit by this True Qi whip, he would lose his skin even if he didn't die!

In fact, without even waiting for Shen Wanzhen to warn him, Shen Wanhe, the second master of the Shen family, already felt an extreme danger sweeping through his body instantly, so he subconsciously dodged sideways, his heart shocked beyond measure.

How could such a small young man, who hadn't even grown up yet, give him such a dangerous feeling?

What was wrong with this world?

Swoosh~~!

A sharp sound flashed, and with a mere poof, a deep trench instantly appeared on the ground where Shen Wanhe was originally standing, and mud flew up!

In a flash, the back of Shen Wanhe, the second master of Shen, was drenched in cold sweat.

This

He couldn't help but gulp his saliva as he watched this scene, his heart was horrified beyond measure, this hit on the ground caused such a huge damage, if this strike from Ji Feng had hit his body

Shen Wanhe almost didn't dare to think about it, he thought to himself that he absolutely couldn't carry such a fierce blow!

The others were also stunned beyond belief as they heard the old man Shen Wanzhen's cry of shock and saw the shocked look on the second master Shen Wanhe's face!

This young man could actually make even the second master so scared?

Everyone was so shocked by this scene in front of them that they were dizzy, their scalps tingling, and they couldn't even believe their eyes!

It was such a young man that no one had put in their eyes at the beginning, actually was actually much more powerful by the second master, even the grand master was shocked beyond belief at this young man's methods, this was too unbelievable!

However, Ji Feng is simply do not care what other people's reactions are, not to mention how scared the second master Shen Wanhe is.

With a cold laugh, he fiercely stepped forward, not giving Second Master Shen Wanhe any chance to catch his breath at all as his hand knife once again slashed towards Shen Wanhe in a bolt of lightning.

"Wait a minute!" Outside the field, Shen Wan Zhen shouted, "Wait and do not make a move!"

Swish!

Ji Feng, however, simply ignored his shout and arrived in front of Shen Wanhe in one step. At this moment, he brought his speed to the extreme, so that Shen Wanhe did not even have time to react before he directly slashed at his head.

All of a sudden, Shen Wanhe's soul went straight up and he could only subconsciously rush to turn his head sideways. Ji Feng's hand knife, slashed down tightly against his face, making his ears all on fire.

Bang!

Shen Wanhe flew backwards as a result of Ji Feng's hand slash, and his whole body screamed miserably as he fell heavily to the ground, and the tremendous impulse caused him to flip backwards several times before he finally landed on his back, miserable and wretched!

The whole crowd was shocked!

Everyone looked at the second master, Shen Wanhe, who was muffled on the ground, their minds were blank, and they were struck by lightning.

It was indeed everyone, including Shen Jiucheng's family and even Shen Wanzhen, the old man of the Shen family!

The second master, Shen Wanhe, had actually lost to Ji Feng, and moreover, he had actually failed to even catch one of Ji Feng's moves!

It was really too incredible!

"Haha"

However, there was one person who laughed haha when he saw this scene, but it was Zhang Lei!

Seeing that the second master of the Shen family had been cleaved away by Ji Feng with just one palm, he watched that Shen Wanhe, who had previously looked like a towering old master, was now lying on

the ground as if he was a dead dog, gritting his teeth and trying not to moan out, but the pain seemed too great for him to hold back at all, and he could only keep muffling his words.

Zhang Lei was in a really happy mood, he laughed out loud: "Crazy, well done!"

Ji Feng, however, shook his head and smiled, "This is also considered an innate expert?"

As soon as he said that, all the Shen family's faces became embarrassed, the second master wasn't considered an innate expert? Then who was?

This young man called Ji Feng was too abominable, but he was also too terrifying, he actually defeated the Second Master in just one move?

It only took one move!

Only Shen Wanzhen was staring at Ji Feng with a glittering gaze, this young man was so strong that it was beyond everyone's imagination and beyond his expectation.

Only the top innate powerhouses were able to use outgoing true qi to strike a true qi whip, and this young man was clearly the top innate powerhouse in the Jianghu region!

He was only in his early twenties, but he was already the top Innate powerhouse

This is too shocking!

"Go away! All of you, go away!" At this time, several of the Shen family's children hurriedly ran over to help up the second master, Shen Wanhe, only to be pushed away by the latter.

"Well!"

Shen Wanhe got up from the ground with great difficulty, his eyes looked at Ji Feng with incomparable resentment and gritted his teeth, "Little beast, I never thought you would have such physical skills"

Swish!

Ji Feng's face instantly sank, he immediately turned his head to look at Zhang Lei, said "Lei Zi, you have not yet fought with a Xiantian expert, right? Give me a fight!"

"Hehe"

Zhang Lei laughed heatedly and looked at Shen Wanhe with an unkind gaze, sneering as he walked over step by step, "Old thing, you have a mouthful of little beasts, treating everyone else like a beast, so what are you? Old dog, huh? What a disgrace, when I first treated you with courtesy, you dragged your feet like a human being, so now, this young master is not going to be polite with you anymore!"

"Stop it!"

When Shen Wanzhen saw this, he immediately shouted out, trying to stop Zhang Lei.

"You don't have to drink and yell here!" Ji Feng suddenly shouted coldly and interrupted him, "You can't get away with treating Zhang Lei like that in the Shen family! Why didn't you say anything when that old dog told someone to break our legs and throw us out just now?"

Ji Feng came in front of Shen Wanzhen and sneered, "Elder Shen, don't think that if you don't beat up Zhang Lei anymore, that's the greatest gift, my brother, is not that easy to bully! Today, I am going to take revenge for my brother, step on this so-called martial arts family of yours, and trample those of you who are so-called high and mighty, underfoot!"

"You"

Shen Wanzhen's face was incomparably gloomy, "This little brother, leave a line of sight in your work, so that you can meet again in the future! Anyway, that young man, Zhang Lei, is also boyfriend and girlfriend with Jingyi"

"Less bullshit!"

Ji Feng sneered, "How do you guys not know to leave a line in the sand when you do something? Shen Wanzhen, I know your kung fu is definitely more powerful than that old dog, if you want to save the Shen family's face today, stand up and fight me!"

"Ji Feng" Shen Jingyi hurriedly pulled Ji Feng, "Stop it, Ji Feng, calm down, stop it ok"

She hurriedly ran to Zhang Lei again and pulled him back, "Zhang Lei, don't make any more noise!"

"Shen Jingyi!"

Who knows, the second master Shen Wanhe but shouted angrily, "You get out of my way! I don't need you to beg for mercy yet, humph! A brat wants to ride on my head and shit and piss on me, he doesn't have that qualification yet!"

The fact that he was beaten by Ji Feng before he could get up on the ground was a great humiliation for Shen Wanhe.

But now, Zhang Lei, this little brute, actually dared to provoke him, and even said he wanted to teach him a lesson, this was simply intolerable!

How could Shen Wanhe possibly bow down to such a little beast?

If he couldn't beat Ji Feng, an Innate expert, he could still beat you, a Houtian martial artist?

Zhang Lei was instantly exasperated, he pulled Shen Jingyi away and snorted, "You're really leaning on your old age, you're still an old man" I think you're just an old dog!"

"Jing Yi, this matter you should leave alone, your good intentions, by some people as a donkey's liver and lungs!" Zhang Lei pushed Shen Jingyi away, "Let's see how I can help you out!"

Since we've made a scene today, let's throw open our arms and make a fuss, there's no such thing as seeing the good in it!

Over here, Ji Feng also smiled faintly as he listened and said, "Elder Shen, see, how some people still appreciate it!"

Shen Wanzhen's face became somewhat gloomy, and a moment later, he nodded his head, "Good! Since your Excellency is pushing so hard, then I have no choice but to sacrifice my life to accompany you!"

“Bullshit! You’re the one who’s been forcing me, so don’t say it in such a grand way!” Ji Feng sneered, “If you want to fight, just fight, where’s the nonsense!”

Shen Wanzhen then nodded, “Fine! Please do!”

The first thing you need to do is to get a good idea of what you’re doing.

At this time, on the other side, Zhang Lei and Shen Wanhe had also set up their stance, Zhang Lei’s expression was also very cautious, he knew that the opponent this time was very different, even if Shen Wanhe was injured, it was still an Innate expert, far more powerful than him!

But this was also a rare opportunity to practice, Zhang Lei wanted to test his true strength, just how strong he was!
